**Item 1.01. Entry into a Material Definitive Agreement**

On August 1, 2008, Thorium Power, Ltd. (the “**Company**”) entered into two separate consulting and strategic advisory services agreements with governmental entities in the United Arab Emirates (“**UAE**”). Under the first agreement, between the Company and the Emirates Nuclear Energy Corporation (“**ENEC**”), an Abu Dhabi entity that, upon formation, would be responsible for implementing the country’s nuclear energy infrastructure, the Company will provide strategic advisory services regarding the development and management of the ENEC (the “**ENEC Agreement**”). Under the second agreement, between the Company and the Federal Authority for Nuclear Regulation (“**FANR**”), which, upon formation, would be the independent nuclear regulatory agency in the UAE, the Company will provide strategic advisory services regarding the development and management of FANR (the “**FANR Agreement**” and collectively with the ENEC Agreement, the “**Agreements**”).

Pursuant to the Agreements, the Company will be paid, at signing, \$8.868 million from ENEC and \$8.54 million from FANR (aggregate of \$17.408 million) for professional fees and services performed during the period from June 23, 2008 through December 31, 2008.

The term of the Agreements is five years, with automatic renewal for one year periods unless otherwise terminated pursuant to the provisions of the Agreements. The Agreements may be terminated (i) upon default of compliance with material provisions of the respective Agreements, (ii) upon default of compliance with material provisions of the ENEC Agreement, in the case of the FANR Agreement, and the FANR Agreement, in the case of the ENEC Agreement; the parties to the Agreements are entitled to thirty (30) days written notice to cure any such default prior to termination. The Agreements may also be terminated by the ENEC or FANR, respectively, upon ninety (90) days written notice to the Company, in which case the Company would be entitled to compensation for all services performed to date as well as a wind-down fee equal to the compensation payable to the Company over a four (4) week period with full-time equivalent resources working under the Agreement.

As of the date of the Agreements, neither the ENEC or FANR are incorporated or formed legal entities. Accordingly, on August 1, 2008, the Company entered into a side letter agreement with the Executive Affairs Authority of the Government of Abu Dhabi (“**EAA**”) to confirm the obligations of ENEC and FANR under the respective Agreements (the “**Side Letter**”). Pursuant to the Side Letter, until the formation of the ENEC and FANR, the Agreements will be deemed to be agreements between the Company and the EAA, and EAA accepts all obligations, liabilities and benefits of ENEC and FANR, respectively, under the Agreements. At such time as the ENEC and FANR are formed, which is expected to be in the near future, the obligations, liabilities and benefits of the Agreements will automatically shift to ENEC and FANR, respectively, and EAA shall cease to have any relation to the Agreements.

Additionally, the Side Letter provides that upon execution of the Agreements, EAA will pay to the Company \$10 million of the aggregate \$17.408 million, with the remaining \$7.408 million due under the agreements to be paid, equally, by ENEC and FANR upon formation. Of the \$10 million payment by EAA, \$5 million will be deemed to be partial payment under each of the Agreements.

---

The foregoing description does not purport to be a complete statement of the parties' rights and obligations under the Agreements or the Side Letter, or the transactions contemplated thereby or a complete explanation of the material terms thereof. The foregoing description is qualified in its entirety by reference to the ENEC Agreement, the FANR Agreement and the Side Letter, attached hereto as Exhibits 10.1, 10.2 and 10.3.
