PROSPECTUS**

**SUBJECT TO COMPLETION, DATED DECEMBER 14, 2012**

**\$40,000,000**

**CIS ACQUISITION LTD.**

**4,000,000 Units**

CIS Acquisition Ltd. is a newly formed company established under the laws of the British Virgin Islands. We were formed to acquire, through a merger, stock exchange, asset acquisition, stock purchase or similar acquisition transaction, one or more operating businesses. Although we are not limited to a particular geographic region or industry, we intend to focus on operating businesses with primary operations in Russia and Eastern Europe. We are an emerging growth company, as defined in the Jumpstart Our Business Startups Act.

This is the initial public offering of our units. Each unit has a public offering price of \$10.00 per unit and consists of one callable Class A Share, par value \$0.0001, and one redeemable warrant. Each redeemable warrant included in the units entitles the holder to purchase one ordinary share at a price of \$10.00. Each redeemable warrant will become exercisable on the later of the consolidation of each class of our ordinary shares into one class of ordinary shares and [\_\_\_\_\_], 2013 **[one year from the date of this prospectus]**, and expire on the earlier of [\_\_\_\_\_], 2017 **[five years from the date of this prospectus]** or the date of our dissolution and the liquidation of the trust account, unless redeemed by us as described below.

We have granted the underwriters a 45-day option to purchase up to 360,000 additional units at the public offering price less underwriting discounts and commissions (in addition to the 4,000,000 units referred to above) solely to cover over-allotments, if any. We have also agreed to sell to Chardan Capital Markets, LLC, the representative of the underwriters of this offering, for \$100, as additional compensation, an option to purchase up to a total of 280,000 units at \$12.00 per unit. The underwriters' option is exercisable at any time, in whole or in part, from the later of (i) the consolidation of each class of our ordinary shares into one class of ordinary shares, or (ii) [\_\_\_\_\_], 2013, and expiring on the earlier of [\_\_\_\_\_], 2017 **[five years from the effective date of the registration statement of which this prospectus forms a part]** and the day immediately prior to the day on which we and all of our successors have been dissolved. The units issuable upon exercise of this option are identical to those offered by this prospectus, except that the warrants underlying the unit purchase option will not be redeemable by us. We have also agreed to sell to the underwriters of this offering, including Maxim Group LLC, the qualified independent underwriter, as additional compensation, an aggregate of 136,000 Class A Shares for \$2,720. Such shares will be placed in escrow until two years from the effective date of the registration statement of which this prospectus forms a part, and the underwriters have agreed to waive their rights to participate in any distribution from the trust account.

Our founding shareholders and their designees have committed to purchase 4,500,000 warrants at a price of \$0.75 per warrant, for an aggregate purchase price of \$3,375,000, in a private placement that will occur immediately prior to the

closing of this offering. We refer to these warrants as the placement warrants. All of the proceeds we receive from the purchases will be placed in the trust account described below. The placement warrants will be identical to the redeemable warrants being offered by this prospectus, except for certain differences in redemption rights, transfer restriction and exercise rights as described in this prospectus.

There is presently no public market for our units, callable Class A Shares, or redeemable warrants. We have applied to list our units, callable Class A Shares and redeemable warrants on the NASDAQ Capital Market under the symbols CISAU, CISAA and CISAW, with the units to be listed on the NASDAQ Capital Market on or promptly after the date of this prospectus. The callable Class A Shares and warrants comprising the units will begin separate trading on the earlier of the 90<sup>th</sup> day after the date of this prospectus or the announcement by the underwriters of the decision to allow earlier separate trading, subject, however, to our filing a Report of Foreign Private Issuer on Form 6-K with the Securities and Exchange Commission containing an audited balanced sheet reflecting our receipt of the gross proceeds of this offering and issuing a press release announcing when such separate trading will begin. We anticipate that once separate trading commences, the callable Class A Shares and redeemable warrants will be listed on the NASDAQ Capital Market. However, we cannot assure you that our application to list our units, callable Class A Shares and redeemable warrants on the NASDAQ Capital Market will be approved or that, if approved, our units, callable Class A Shares or redeemable warrants will continue to be listed on the NASDAQ Capital Market.

**Investing in our securities involves a high degree of risk. See Risk Factors beginning on page 23 for a discussion of information that should be considered in connection with investing in our securities. Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.**

	Per Unit	Total Proceeds
Public offering price	\$10.00	\$40,000,000
Underwriting discounts and commissions	\$0.18	\$720,000 <sup>(1)(2)</sup>
Proceeds, before expenses, to us	\$9.82	\$39,280,000

(1) The underwriters will receive an underwriting discount equal to 1.8% of the gross proceeds from the sale of units in the firm commitment offering, and 1.75% of the gross proceeds from the sale of units pursuant to an exercise of the over-allotment option. No part of the underwriting discount will be held in the trust account or be distributable to our shareholders.

(2) Does not include other items of value payable to the underwriters. See Underwriting for a description of all compensation payable to the underwriters.

As of the date hereof, Chardan Capital Markets, LLC, an underwriter of this offering and a member of the Financial Industry Regulatory Authority, or FINRA, beneficially owns greater than 10% of our share capital. Chardan Capital Markets, LLC, is, therefore, deemed to have a conflict of interest under the applicable provisions of Rule 5121 of FINRA. Accordingly, this offering will be made in compliance with the applicable provisions of FINRA Rule 5121, which requires that a qualified independent underwriter, as defined by the FINRA rules, participate in the preparation of the prospectus and exercise the usual standards of due diligence in respect thereto. Maxim Group LLC is acting as the qualified independent underwriter. We have agreed to indemnify Maxim Group LLC in its capacity as the qualified independent underwriter against liabilities under the Securities Act, or contribute to payments that it may be required to make in that respect.

We will deposit into a trust account at J.P. Morgan, with American Stock Transfer & Trust Company, LLC as trustee, \$41,600,000 (or \$10.40 per share sold to the public in the offering, or approximately \$10.35 per share in the event the over-allotment option is exercised in full). Such amount includes the proceeds that we will receive from the purchase of placement warrants described above. Prior to an acquisition transaction, the completion of a post-acquisition tender

offer, our liquidation if we are unable to consummate an acquisition transaction or the liquidation of our trust account if we fail to commence or complete an issuer tender offer within the allotted time, amounts in trust may not be released, except for (i) interest earned on the trust account that may be released to us to pay any taxes we incur, (ii) interest earned by the trust account that may be released to us from time to time to fund our working capital and general corporate requirements (any amounts in the trust account in excess of \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full) and (iii) a pro rata share of the trust account that may be released to us for each callable Class A Share converted to a Class C Share upon completion of an acquisition transaction.

We are offering the units on a firm commitment basis. The underwriters expect to deliver the units to purchasers on or about , 2012.

## CONVENTIONS THAT APPLY TO THIS PROSPECTUS

Unless the context requires otherwise, all references to the Company, we, us, our company and our refer to CIS Acquisition Ltd.

All share and per share amounts reflect the contribution by our founders of: (i) an aggregate of 1,437,500 shares of our outstanding ordinary shares to our capital at no cost to us and our subsequent cancellation of such shares on October 18, 2012, (ii) an aggregate of 75,000 of our outstanding ordinary shares to our capital at no cost to us and our subsequent cancellation of such shares on November 30, 2012 and (iii) an aggregate of 272,500 of our outstanding ordinary shares to our capital at no cost to us and our subsequent cancellation of such shares on December 14, 2012.

Unless otherwise indicated, our financial information presented in this prospectus has been prepared in accordance with United States Generally Accepted Accounting Principles, or U.S. GAAP. All references to U.S. dollars and \$ are to the legal currency of the United States. Any discrepancies in the tables included in this prospectus between the total and sum of constituent items are due to rounding. Unless otherwise indicated, the information in this prospectus assumes that the underwriters have not exercised their over-allotment option.

Our shareholders prior to this offering are: Kyle Shostak, our Chief Financial Officer, Secretary and a director, Levan Vasadze, a director, David Ansell, a director, CIS Acquisition Holding Co. Ltd., an entity controlled by Zelda Finance Ltd. and SPAC Investments Ltd., which in turn are controlled by Anatoly Danilitskiy, our Chairman and Chief Executive Officer, and Taras Vazhnov, a director, respectively, Chardan Capital Markets, LLC, the representative of the underwriters of this offering, The PrinceRidge Group LLC, an underwriter, Euro Pacific Capital, Inc. an underwriter, and Maxim Group LLC, the qualified independent underwriter. We refer to these shareholders collectively as our initial shareholders. We refer to our initial shareholders, together with Messrs. Danilitskiy and Vazhnov, but excluding Chardan Capital Markets, LLC, The PrinceRidge Group LLC, Euro Pacific Capital Inc. and Maxim Group LLC, as our founders, and the ordinary shares and warrants our founders collectively own prior to this offering as the founders shares and placement warrants, respectively. We collectively refer to the founders shares and placement warrants as the founders securities. We refer to the shares acquired by Chardan Capital Markets, LLC, The PrinceRidge Group LLC, Euro Pacific Capital Inc. and Maxim Group LLC in a private placement that will occur immediately prior to the closing of this offering as the underwriter shares.

A number of individuals may from time to time, serve on our Advisory Board to advise and assist us in our search for a target business. We collectively refer to the members of our Advisory Board as our special advisors. As of the date of this prospectus, Alexey Chuykin serves as a special advisor.

We refer to holders of units and underlying securities sold in this offering (whether purchased in this offering or in the aftermarket) as public shareholders or public warrant holders, as the case may be. We refer to the units and underlying securities being sold in this public offering as the public units, public shares (including the callable Class A Shares and the callable Class B and Class C Shares into which the callable Class A Shares may convert) and public warrants, as the case may be. Our founders may acquire public units or the underlying securities (whether purchased in this offering or in the aftermarket) and would, with respect to such securities only, be public shareholders or public warrant holders, as the case may be. The Class C Shares issuable upon conversion of the Class A Shares are not being offered and are not being registered in connection with this offering.

Unless the context requires otherwise, all references to the trust account refer to the trust account at J.P. Morgan with American Stock Transfer & Trust Company, LLC as trustee, into which we will deposit \$41,600,000 (or \$10.40 per share sold to the public in the offering). If the over allotment option is exercised in full, an aggregate of \$45,137,000

(or approximately \$10.35 per share sold to the public in the offering) will be deposited into the trust account. Such amounts include the aggregate proceeds of \$3,375,000 that we will receive from the purchase of the placement warrants referenced above.

All references to a pro rata portion of the trust account refer to a pro rata share of the trust account determined by dividing the total amount in the trust account as of two business days prior to the liquidation of the trust, including accrued but undistributed interest, net of (i) interest earned on the trust account that may be released to us to pay any taxes we incur, (ii) interest earned by the trust account that may be released to us from time to time to fund our working capital and general corporate requirements (any amounts in the trust account in excess of \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full) and (iii) a pro rata share of the trust account that may be released to us for each callable Class A Share converted to a Class C Share upon completion of an acquisition transaction, by the

number of callable Class A or Class B Shares outstanding as of such date. We estimate that the amount of interest we will earn on the trust account will be negligible (between \$6,500 for 18 months and \$8,000 for 21 months at current interest rates), and will therefore not be a significant source of working capital for us.

References to an FPI or FPI status are references to a foreign private issuer as defined by and determined pursuant to Rule 3b-4 of the Exchange Act.

## PROSPECTUS SUMMARY

This summary highlights certain information appearing elsewhere in this prospectus. For a more complete understanding of this offering, you should read the entire prospectus carefully, including the information under Risk Factors and our financial statements and the related notes and schedules thereto included elsewhere in this prospectus.

### Overview

We are a newly formed company established under the laws of the British Virgin Islands that has conducted no operations and has generated no revenues to date. Until we complete an acquisition transaction, we will have no operations and will generate no operating revenues. We are an innovated public acquisition company, or IPAC<sup>SM</sup>, formed to acquire, through a merger, share exchange, asset acquisition, share purchase or similar acquisition transaction, one or more operating businesses. An IPAC is a blank check company that permits the company to return funds from the trust account to redeeming shareholders after the acquisition transaction is completed, as described further below, which is different from most other blank check companies that are required to return funds from the trust account prior to, or at the time, the acquisition transaction is completed. IPAC is a service mark of Loeb & Loeb LLP.

Although our Amended and Restated Memorandum and Articles of Association do not limit us to a particular geographic region or industry, we intend to focus on operating businesses with primary operations in Russia and Eastern Europe. We do not have any specific acquisition transaction under consideration or contemplation, and we have not, nor has anyone on our behalf, contacted any prospective target business or had any discussions, formal or otherwise, with respect to such a transaction. We have not, in any capacity (nor has any of our agents or affiliates) been approached by, any candidates (or representative of any candidates), with respect to a possible acquisition transaction with our company. Additionally, we have not, nor has anyone on our behalf, taken any measure, directly or indirectly, to identify or locate any suitable acquisition candidate, nor have we engaged or retained any agent or other representative to identify or locate any such acquisition candidate.

The foregoing notwithstanding, in the course of their other business activities, our management team has had contact with or gained familiarity with many businesses that may meet our investment criteria and, therefore, could be a target business. However, any such discussions were in the ordinary course of the business activities of the members of our management team, and no discussions of any kind have taken place with any such business, whether directly or indirectly, regarding the potential for a transaction between us and such business.

We are an emerging growth company, as defined in the Jumpstart Our Business Startups Act, or the JOBS Act, and will continue to be an emerging growth company until: (i) the last day of our fiscal year following the fifth anniversary of the date of this prospectus, (ii) the date on which we become a large accelerated filer, or (iii) the date on which we have issued an aggregate of \$1 billion in non-convertible debt during the preceding 3 years. As an emerging growth company, we are entitled to rely on certain scaled disclosure requirements and other exemptions, including an exemption from the requirement to provide an auditor attestation to management's assessment of its internal controls as required by Section 404(b) of the Sarbanes-Oxley Act of 2002. We have elected to use the extended transition period for complying with new or revised accounting standards under Section 7(a)(2)(B) of the Securities Act of 1933, as amended, or the Securities Act, and we may continue to utilize such extended transition period for as long as we qualify as an emerging growth company, or until such time as we affirmatively and irrevocably opt out of such extended transition period. See the risk factor entitled We have elected to use the extended transition period for complying with new or revised accounting standards under Section 7(a)(2)(B) of the Securities

Act, which allows us to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As a result of this election, our financial statements may not be comparable to companies that comply with public company effective dates.

TABLE OF CONTENTS

## **Management Expertise**

Our management team has a track record of finding, valuing, operating, consolidating, acquiring, restructuring, building, and disposing of various operating businesses in multiple industries in Russia and Eastern Europe.

We believe our management is uniquely positioned to source, execute, operate and exit large and middle-market business opportunities and possesses the experience needed to meet the unique reporting and relational demands of the investors in an IPAC. We consider middle market companies to be businesses that have reached a scale of at least \$150 million of revenue and at least \$20 million of earnings before interest, taxes, depreciation and amortization.

Our management team expects to bring value to a target company by selecting and supporting effective leadership, providing strategic guidance, and assisting with enterprise improvement, sales and marketing.

The team is led by Mr. Anatoly Danilitskiy, who has a track record of establishing and building successful businesses. From 2004 to 2009, Mr. Danilitskiy established and led National Reserve Corporation, or NRC, consolidating its strategic non-banking investment assets and building it into what became one of Russia's largest private holding companies with assets totaling over \$5 billion. While at NRC, Mr. Danilitskiy oversaw all major investments and the asset management business. He was also responsible for the group's investments in energy companies such as Gazprom and transportation companies (including a 30% stake in Aeroflot International Airlines) and various debt restructurings and distressed workouts. From 2006 to 2009, Mr. Danilitskiy served as a member of the board of directors of Aeroflot, where he was instrumental in launching and implementing its fleet modernization program.

Mr. Danilitskiy has served as a foreign diplomat, initially to the Soviet Ministry of Foreign Affairs and later to the Russian Ministry of Foreign Affairs, having been posted at the embassies in India, Australia and Great Britain. He retired in 1993 with a rank of Senior Counselor.

Since 2007, Mr. Danilitskiy has served as Chairman and Member of the Board of Energobank and is a majority shareholder of the bank. Mr. Danilitskiy has also served as Chairman of the Board of RETN, an international telecommunications network, since 2010. In addition, other members of the management team, Mr. Kyle Shostak, Mr. Taras Vazhnov, Mr. Levan Vasadze and David Ansell, are experienced investment banking and management professionals, with track records of deal origination, structuring and execution as well as business management.

Each member of the our management team has experience identifying and acquiring or financing businesses of similar scale as the middle-market companies that we will target; however, our management does not have prior blank check company experience, and the prior experience of our management is not a guarantee that we will be able to successfully complete an initial business combination. Furthermore, our executive officers and directors are not required to, and will not, commit their full time to our affairs. If our executive officers and directors other business affairs require them to devote time in excess of their current commitment levels to such affairs, it could limit their ability to devote time to our affairs, which may have a negative impact on our ability to consummate our initial acquisition transaction.

## **Business Objective**

Based on the collective business and acquisition experiences of our management team, our management will seek to identify and target businesses in Russia or Eastern Europe in which our management can assist in the growth and development. Our management intends to acquire a target cash-positive operating business or businesses that it believes can achieve long-term appreciation. Given our management team's collective track record of transactions and

industry contacts, we believe we can identify potential targets and successfully negotiate and consummate our initial acquisition transaction, although we cannot provide any assurance that an acquisition transaction will be consummated.

While we intend to focus on potential acquisition targets with primary operations in Russia and Eastern Europe, we are not committed to do so. We may attempt to acquire an acquisition target in another region if an attractive acquisition opportunity is identified in such other region prior to the time we identify an acquisition opportunity in Russia or Eastern Europe and if we believe that such opportunity is in the best interest of our shareholders.

TABLE OF CONTENTS

## **Business Philosophy**

We currently intend to target our search in the following manner:

We will seek to acquire one or more businesses that have the potential for significant revenue and earnings growth through a combination of new product development, increased production capacity, increased operating leverage, expense reduction and synergistic follow-on acquisitions;

We will seek to acquire one or more businesses that have the potential to generate strong, stable, and increasing free cash flow. We will focus on one or more businesses that have predictable revenue streams and definable working capital and capital expenditure requirements. We may also seek to leverage cash flow from a target business by obtaining external sources of financing, such as a credit line secured against this cash flow, in order to enhance shareholder value in the post-acquisition company;

We intend to only acquire a company that will benefit from being publicly traded and can effectively utilize the broader access to capital and public profile that are associated with being a publicly traded company;

Although we are not limited to acquiring a target business from such regions, markets or industries, we intend to focus on operating businesses with primary operations in Russia and Eastern Europe and on markets and industries in which our management team and our board of directors have first-hand experience. Notwithstanding the foregoing, we will review any attractive opportunity presented to us; and

We currently expect that some members of our management team will become a part of the management of the combined entity, or that we will work with existing management to augment the management team in areas where additional capabilities are required.

## **Business Insight and Competitive Advantage**

We will look for businesses that have one or more of the following characteristics:

Motivated owners that are seeking liquidity as a result of having their stock in a public company;

Businesses that are ready to be public;

Businesses that can effectively use the additional capital that a transaction with us will provide;

Companies that are being divested by conglomerates or multinational companies; and

Under-valued public companies that can benefit from our management's experience and expertise.

## **Potential Disadvantages**

Although our management has a number of competitive advantages in acquiring businesses through blank check companies, we cannot assure you that an investment in our units will not ultimately prove to be less favorable to investors in this offering than a direct investment, if an opportunity were available, in a target business if, for example, no member of our management remains with the combined company after an acquisition transaction.

Since 2008 and through October 15, 2012, a total of 46 blank check companies have completed their initial public offering, but only 16 (or approximately 35%) have completed an initial acquisition transaction. Of the remaining 30, 21 (or approximately 46%) are still seeking to complete an acquisition transaction and 9 (or approximately 20%) have dissolved and liquidated their trust to public shareholders.

While we believe that acquiring a target business in Russia and Eastern Europe presents significant opportunities, there are significant potential disadvantages and risks to acquiring a target in this region, including the greater vulnerability of emerging markets to economic crises, political and governmental instability in the region, lack of necessary infrastructure, uncertainty resulting from a developing legal system, concerns associated with bribery and

corruption, restrictions on foreign ownership, and difficulty in enforcing judgments, among others. While we will seek to minimize the potential impact of these factors in identifying a target business, many of these risk factors are inherent in our proposed business or beyond our control.

## TABLE OF CONTENTS

Accordingly, no assurance can be given that these factors will not significantly negatively impact our business and results of operations. For a full discussion of these potential disadvantages and risks, please see Risk Factors Risks associated with acquiring and operating a target business in Russia or Eastern Europe.

## **Our Acquisition Transaction Plans**

We do not have any specific acquisition transaction under consideration, and we have not (nor has anyone on our behalf) contacted any prospective acquisition target or had any discussions, formal or otherwise, with respect to such a transaction with us. From the period prior to our formation through the date of this prospectus, there have been no communications or discussions between any of our officers and directors and any of their potential contacts or relationships regarding a potential acquisition transaction with us. Additionally, we have not, nor has anyone on our behalf, taken any measure, directly or indirectly, to identify or locate any suitable acquisition candidate, nor have we engaged or retained any agent or other representative to identify or locate any such acquisition candidate.

The foregoing notwithstanding, in the course of their other business activities, our management team has had contact with or gained familiarity with many businesses that may meet our investment criteria and, therefore, could be a target business. However, any such discussions were in the ordinary course of the business activities of the members of our management team, and no discussions of any kind have taken place with any such business, whether directly or indirectly, regarding the potential for a transaction between us and such business. We will not, therefore, automatically disregard any such potential target solely on the basis that a member of our management team was previously aware of the target or had some level of contact with it prior to the effective date of our prospectus. To do so would only be to the disadvantage of our shareholders by depriving them of the opportunity to consummate what might be an attractive acquisition transaction. Should we propose a transaction with such a business to our shareholders, we will disclose any such prior knowledge or contacts, and we will reaffirm that no discussion of an acquisition transaction with us occurred prior to the effective date of this prospectus.

If we are unable to consummate an acquisition transaction within the allotted time (18 months, or 21 months pursuant to the automatic extension period described herein, from the consummation of this offering), we will liquidate and distribute our trust account, as well as any remaining net assets, to the holders of shares sold in this offering, or the public shareholders. Following the liquidation of our trust account, our corporate existence will cease.

## **Risks**

We are a newly formed company established under the laws of the British Virgin Islands that has conducted no operations and has generated no revenues. Until we complete an acquisition transaction, we will have no operations and will generate no operating revenues. In deciding whether to invest in our securities, you should take into account not only the background of our officers and directors, but also the special risks we face as a blank check company, including:

Reliance on our management's ability to choose an appropriate target business, either conduct due diligence or monitor due diligence conducted by others and negotiate a favorable price;

Existing and possible conflicts of interest of our directors and officers described under Management Conflicts of Interest below;

If we do not consummate an acquisition, you will only be entitled to receive the amount in trust on our liquidation, which may be 18 months, 21 months pursuant to the automatic period extension, or longer after the termination event;

If third parties bring claims against us, the amount in trust may be reduced;

We have a redemption threshold of 87.5%, which means that a significant portion of the trust account could be returned to shareholders even if we consummate an acquisition transaction and the liquidity of our shares could be significantly reduced;

We may engage in an acquisition transaction with a target business in any industry;

6

---

## TABLE OF CONTENTS

We currently have limited resources outside of the trust account and may expend significant amounts of money pursuing transactions that do not close, which may leave us with limited resources to continue seeking a target business;

The offering price of our units was set in an arbitrary fashion; and

You will experience immediate and substantial dilution from the purchase of our securities.

In addition, this offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act, in order to give us greater flexibility in structuring an acquisition transaction and to avoid the restrictions associated with Rule 419. Accordingly, you will not be entitled to protections afforded to investors in Rule 419 blank check offerings. You should carefully consider these and the other risks set forth in the section entitled **Risk Factors** beginning on page 23 of this prospectus.

## **Effecting an Acquisition Transaction; Shareholder Redemption Rights**

Unlike many other blank check companies, we are not required to have a shareholder vote to approve our initial acquisition transaction, unless the nature of the acquisition transaction would require shareholder approval under applicable British Virgin Islands law. Accordingly, we will have a high degree of flexibility in structuring and consummating our initial acquisition transaction, and currently intend to structure our initial acquisition transaction so that a shareholder vote is not required. Notwithstanding, our Amended and Restated Memorandum and Articles of Association provide that public shareholders will be entitled to redeem or will have their shares automatically redeemed for cash equal to the pro rata portion of the trust account (initially \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full) in connection with our initial acquisition transaction, regardless of how it is structured.

To consummate an acquisition transaction we may need to issue additional equity securities and/or incur additional debt financing. The mix of debt or equity would be dependent on the nature of the potential target business, including its historical and projected cash flow and its projected capital needs and the number of our shareholders who exercise or may exercise their redemption rights. It would also depend on general market conditions at the time including prevailing interest rates and debt to equity coverage ratios. For example, capital intensive businesses usually require more equity and mature businesses with steady historical cash flow may sustain higher debt levels than growth companies.

The manner in which public shareholders may redeem their shares or will have their shares automatically redeemed will depend on the structure of the transaction. We intend to structure our initial acquisition transaction and shareholder redemption rights in one of the following ways:

*Pre-acquisition tender offer:* If we structure the acquisition transaction in this manner, then prior to the consummation of such an acquisition transaction, we would initiate a tender offer for all outstanding callable Class A Shares at a price equal to a pro rata share of the trust account. Public shareholders will be entitled to tender all or a portion of their callable Class A Shares in a pre-acquisition tender offer, and we will not pro-rate any shares tendered.

*Post-acquisition tender offer:* If we structure the acquisition transaction in this manner, we will file a Report of Foreign Private Issuer on Form 6-K with the SEC disclosing that we have entered into a definitive acquisition transaction agreement, that we intend to consummate the transaction without a shareholder vote or a pre-acquisition tender offer. After such Form 6-K is on file with the SEC, we would close the acquisition transaction upon satisfaction of all closing conditions and within 30 days of the closing, commence a tender offer for all outstanding callable Class B Shares by filing tender offer documents with the SEC in accordance with Rule 13e-4 and Regulation 14E of the Exchange Act. The tender offer documents would include the same information about the target business

as was contained in the Form 6-K discussed above. Public shareholders will be entitled to tender all or a portion of their callable Class B Shares in a post-acquisition tender offer, and we will not pro-rate any shares tendered. In addition, in order to ensure that we maintain the 87.5% redemption threshold, we may seek that certain shareholders (holders of 5% or more of the public shares who are also accredited investors) elect to convert all of their callable Class A Shares into Class C Shares on a one-for-one basis, with any remaining callable Class A Shares other than founders' shares and the underwriter shares automatically converting to callable Class B Shares immediately following

7

---

## TABLE OF CONTENTS

consummation of the acquisition transaction. The founder's shares and the underwriter shares will also automatically convert into Class C shares on a one-for-one basis immediately following consummation of an acquisition transaction. We will contact the accredited investors to seek conversion of our Class A Shares through contacts that investment bankers or other service providers that we engage have. It is not anticipated that such accredited investors will receive any information greater than that released to the public unless such accredited investors sign a non-trading and non-disclosure agreement with us. We will determine who we can solicit by examining a non-objecting beneficial owner list and public filings relating to beneficial ownership in order to determine the stockholders who own greater than 5% of our ordinary shares. Unlike the Class A Shares, the Class C Shares would not be eligible to participate in any post-acquisition tender offer and would not be redeemable for a pro rata portion of the trust account. If we (i) fail to commence the post-acquisition tender offer within 30 days of consummation of the acquisition transaction, (ii) fail to complete the post-acquisition tender offer within 6 months of consummation of the acquisition transaction or (iii) in any event, fail to consummate a post-acquisition tender offer within 21 months of the consummation of this offering, then within 5 business days thereafter, we will automatically liquidate the trust account and release to our public shareholders, except for holders of Class C Shares, a pro rata portion of the trust account. The Class C Shares issuable upon conversion of the Class A Shares are not being offered and are not being registered in connection with this offering.

The way we structure our transaction will be determined by circumstances at the time and the requirements of our target business, so we cannot provide any definitive guidance on which structure we will use, other than that we will use the structure that we believe will allow us to complete a successful acquisition. However, for example, we expect that:

If the target business wanted to complete the transaction quickly, we would try to structure the transaction to make use of a post-acquisition tender offer; or

If the target business wanted to know exactly how much money would remain in trust prior to closing, we would try to structure the transaction as a pre-acquisition tender offer.

If we are no longer an FPI and shareholder approval of the transaction is required by British Virgin Islands law or the NASDAQ Capital Market or we decide to obtain shareholder approval for business reasons, we will:

conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules, and  
file proxy materials with the SEC.

The redemption rights described above are only available to holders of callable Class A Shares or callable Class B Shares, as the case may be. If we are required to offer redemption rights to all holders of our ordinary shares, our founders have agreed to not tender their securities for redemption. For more information about how we may structure our initial acquisition transaction please see Proposed Business Effecting an Acquisition Transaction.

We may be required to obtain shareholder approval in connection with an acquisition transaction if, for example, we are the entity directly participating in a merger or required to amend our Amended and Restated Memorandum and Articles of Association to alter the rights of our shareholders.

We will proceed with an acquisition transaction only if public shareholders owning not more than 87.5% of the shares sold in this offering exercise their redemption rights. The redemption threshold was set at 87.5% so that we would have a minimum of \$5,000,000 in net tangible assets post initial public offering, which permits us to not comply with Rule 419 of the Securities Act. See the section entitled Proposed Business Comparison of This Offering to those Blank Check Companies Subject to Rule 419. In addition, a potential target may make it a closing condition to our acquisition transaction that we have a certain amount of cash in excess of the minimum amount we are required to have pursuant to our organizational documents available at the time of closing.

## TABLE OF CONTENTS

If an acquisition transaction is not consummated, the proceeds held in the trust account, including accrued but undistributed interest, net of (i) interest earned on the trust account that may be released to us to pay any taxes we incur, (ii) interest earned by the trust account that may be released to us from time to time to fund our working capital and general corporate requirements (any amounts in the trust account in excess of \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full) and (iii) a pro rata share of the trust account that may be released to us for each callable Class A Share (excluding the founders' shares) converted to a Class C Share upon completion of an acquisition transaction, will be distributed to our public shareholders. We estimate that the amount of interest we will earn on the trust account will be negligible (between \$6,500 for 18 months and \$8,000 for 21 months at current interest rates), and will therefore not be a significant source of working capital for us.

## **Time to Complete an Initial Acquisition Transaction**

We will have 18 months following the consummation of this offering to consummate our initial acquisition transaction. In addition, if we have entered into a letter of intent, agreement in principle or definitive agreement with respect to an acquisition transaction within 18 months following the consummation of this offering, the time period within which we must complete our initial acquisition transaction will be automatically extended to 21 months following the consummation of this offering (which we refer to as the automatic period extension in this prospectus) if an initial filing with the SEC of a tender offer, proxy, or registration statement is made, but the acquisition transaction is not completed, within 18 months of the consummation of this offering. If we do not consummate our initial acquisition transaction within 18 months (or 21 months pursuant to the automatic period extension) after the completion of this offering, we will promptly dissolve and liquidate and release only to our public shareholders a pro rata share of the trust account, plus any remaining net assets.

## **Conflicts of Interest**

Certain of our officers and directors may in the future become affiliated with entities, including other blank check companies, that are engaged in business activities similar to those intended to be conducted by us. Furthermore, each of our principals may become involved with subsequent blank check companies similar to us. Additionally, our officers and directors may become aware of business opportunities that may be appropriate for presentation to us and the other entities to which they owe fiduciary duties. For a list of the entities to which our officers and directors owe fiduciary duties, see Management Conflicts of Interest. Accordingly, they may have conflicts of interest in determining to which entity time should be allocated or a particular business opportunity should be presented. We cannot assure you that these conflicts will be resolved in our favor. As a result, a potential target business may be presented to another entity with which our officers and directors have a pre-existing fiduciary obligation and we may miss out on a potential transaction.

Our executive officers and directors are not required to, and will not, commit their full time to our affairs, which may result in a conflict of interest in allocating their time between our operations and the search for an acquisition transaction on the one hand and their other businesses on the other hand. We do not intend to have any full-time employees prior to the consummation of our initial acquisition transaction. While each of our executive officers has indicated that they intend to devote approximately 20% of their time to affairs, each of our executive officers is engaged in several other business endeavors for which such officer is entitled to substantial compensation and our executive officers are not obligated to contribute any specific number of hours per week to our affairs. See Management Directors and Executive Officers. If our executive officers and directors' other business affairs require them to devote substantial amounts of time to such affairs in excess of their current commitment levels, it could limit their ability to devote time to our affairs which may have a negative impact on our ability to consummate our initial

acquisition transaction.

## THE OFFERING

In making your decision on whether to invest in our securities, you should take into account not only the backgrounds of the members of our management team, but also the special risks we face as a blank check company and the fact that this offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act of 1933, as amended, or the Securities Act. You will not be entitled to protections afforded to investors in Rule 419 blank check offerings. You should carefully consider these and other risks set forth under Risk Factors beginning on page 23 of this prospectus.

**Securities offered:**

4,000,000 units, at \$10.00 per unit, each unit consisting of:

one callable Class A Share, par value \$0.0001 per share; and

one redeemable warrant to purchase one ordinary share at an exercise price of \$10.00.

**Trading commencement and separation of ordinary shares and warrants:**

The units offered by this prospectus will begin trading on or promptly after the date of this prospectus. The callable Class A Shares and redeemable warrants comprising the units shall begin separate trading on the earlier of the 90<sup>th</sup> day after the date of this prospectus or the announcement by the underwriters of the decision to allow earlier separate trading, subject, however, to our filing a Report of Foreign Private Issuer on Form 6-K with the SEC containing an audited balance sheet reflecting our receipt of the gross proceeds of this offering and issuing a press release announcing when such separate trading will begin. See Description of Securities Units Public Shareholders Units. We will file a Report of Foreign Private Issuer on Form 6-K with the SEC, including an audited balance sheet, within 4 business days after the consummation of this offering. The audited balance sheet will reflect our receipt of the proceeds of this offering, including our receipt of the proceeds from the exercise of the over-allotment option if the over-allotment option is exercised prior to the filing of the Form 6-K. If the over-allotment option is exercised after our initial filing of a Form 6-K, we will file an amendment to the Form 6-K or a new Form 6-K to provide updated financial information to reflect the exercise and consummation of the over-allotment option.

Once the callable Class A Shares and redeemable warrants commence separate trading, holders will have the option to continue to hold units or separate their units into the callable Class A Shares and redeemable warrants.

The callable Class A Shares will continue to trade until we consummate an acquisition transaction, at which time they will either: (i) automatically be consolidated with all our other classes of ordinary shares into one class of ordinary shares, if we have granted shareholders redemption rights prior to, or concurrently with, the consummation of the acquisition transaction; or (ii) automatically separate from the units and convert to callable Class B Shares, if we complete the acquisition transaction prior to a post-acquisition tender offer. Callable Class B Shares will automatically be consolidated with all our other classes of ordinary shares into one class of ordinary shares following consummation of a post-acquisition tender offer or converted into the right to receive a pro rata share of the trust account in the event that we (i) fail to commence the post-acquisition tender offer within 30 days of consummation of the acquisition transaction, (ii) fail to

TABLE OF CONTENTS

complete the post-acquisition tender offer within 6 months of consummation of the acquisition transaction or (iii) in any event, fail to consummate a post-acquisition tender offer within 21 months of the consummation of this offering.

**Warrants:**

**Exercisability:**

Each redeemable warrant is exercisable to purchase one ordinary share.

**Exercise price:**

\$10.00 per share.

**Exercise period:**

The redeemable warrants offered hereby will become exercisable on the later of:

the consolidation of each class of our ordinary shares into one class of ordinary shares; and

one year from the date of this prospectus.

Although the redeemable warrants and the ordinary shares underlying them will be registered pursuant to this prospectus, redeemable warrants will only be exercisable by paying the exercise price in cash if an effective registration statement relating to the exercise of the redeemable warrants covering the ordinary shares issuable upon exercise of the redeemable warrants is effective and a prospectus relating to the ordinary shares issuable upon exercise of the redeemable warrants is available for use by the holders of the redeemable warrants.

In the event that there is no effective registration statement or prospectus covering the ordinary shares issuable upon exercise of the redeemable warrants, holders of the redeemable warrants may elect to exercise them on a cashless basis. We would not receive additional proceeds to the extent the redeemable warrants are exercised on a cashless basis.

The redeemable warrants will expire five years from the date of this prospectus at 5:00 p.m., New York time, on , 2017 or earlier upon redemption by us or our dissolution and liquidation of the trust account in the event we are unable to consummate an initial acquisition transaction.

**Redemption:**

Once the redeemable warrants become exercisable, we may redeem the outstanding warrants (excluding both the placement warrants and the warrants included in the units underlying the underwriters' unit purchase option):

in whole but not in part;

at a price of \$0.01 per warrant;

upon a minimum of 30 days' prior written notice of redemption; and

if, and only if, the last sale price of our ordinary shares on the NASDAQ Capital Market, or other exchange on which our securities may be traded, equals or exceeds \$15.00 per share for any 20 trading days within a 30 trading day period ending on the third day prior to the day on which notice is given.

Callable Class A Shares	1,136,000 <sup>(2)</sup>	5,136,000 <sup>(2)</sup>
Callable Class B Shares	0	0
Class C Shares	0	0
Warrants	4,500,000 <sup>(3)</sup>	8,500,000 <sup>(4)</sup>

(1) Does not include 280,000 units underlying the underwriters' unit purchase option and assumes the over-allotment option has not been exercised. Does not include up to 90,000 Class A Shares sold to our founders that are subject to redemption by us for no consideration to the extent the underwriters' over-allotment option is not exercised in full.

(2) Includes 136,000 Class A Shares to be sold to the underwriters in a private placement that will occur immediately prior to the closing of this offering.

(3)

Consists of 4,500,000 placement warrants.

(4) Consists of (i) 4,000,000 redeemable warrants included in the units offered by this prospectus, and (ii) 4,500,000 placement warrants.

**Founders' shares:**

Our founders own an aggregate of 1,090,000 of our Class A Shares, of which up to 90,000 shares will be redeemed by us for no consideration to the extent that the underwriters do not exercise their over-allotment option in full. See Description of Securities Units Founders' Shares.

**Warrants purchased through private placement:**

Our founders and certain of their designees have committed to purchase 4,500,000 warrants at a price of \$0.75 per warrant for an aggregate purchase price of \$3,375,000 in a private placement that will occur immediately prior to the completion of this offering. The placement warrants will be purchased separately and not in combination with ordinary shares in the form of units. The proceeds from the sale of the placement warrants will be added to the proceeds from this offering to be held in the trust account pending our consummation of an acquisition transaction on the terms described in this prospectus. The placement warrants to be purchased will be identical to the redeemable warrants, except for certain differences in redemption rights, transfer restrictions and that they may be exercised during the applicable exercise period, on a for cash or cashless basis, at any time after the consolidation of each class of our ordinary shares into one class of ordinary shares after consummation of an acquisition transaction or post-acquisition tender offer, as the case may be, even if there is not an effective registration statement relating to the shares underlying the warrants, so long as such warrants are held by the founders or their affiliates. See

Description of Securities Warrants Placement Warrants.

**Underwriters' unit purchase option:**

Concurrently with the closing of this offering, we will sell to Chardan Capital Markets, LLC, the representative of the underwriters, or its designees, for an aggregate of \$100, an option to purchase 280,000 units comprised of 280,000 ordinary shares and warrants to purchase 280,000 ordinary shares (an amount that is equal to 7% of the total number of units sold in this offering). The underwriters' unit purchase option will be exercisable at any time, in whole or in part, from the later of (i) the consolidation of each class of our ordinary shares into one class of

ordinary shares, or (ii) [\_\_\_\_], 2013 [six months from the effective date of the registration statement of which this prospectus forms a part], and expiring on the earlier of [\_\_\_\_], 2017 [five years from the effective date of the registration statement of which this prospectus forms a part] and the day immediately prior to the day on which we and all of our successors have been dissolved at a price per unit of \$12.00 (120% of the public offering price). The units issuable upon exercise of this option are identical to those offered by this prospectus, except that the warrants underlying the unit purchase option will not be redeemable by us.

**Underwriter shares:**

We have agreed to sell to the underwriters, including Maxim Group LLC, the qualified independent underwriter, for \$2,720, as additional compensation, an aggregate of 136,000 Class A Shares in a private placement that will occur immediately prior to the closing of this offering. Such shares will be placed in escrow until two years from the effective date of the registration statement of which this prospectus forms a part, and the underwriters have agreed to waive their rights to participate in any distribution from the trust account.

**Conflict of Interest:**

As of the date hereof, Chardan Capital Markets, LLC, an underwriter of this offering and a FINRA member, beneficially owns greater than 10% of our share capital. Chardan Capital Markets, LLC, is, therefore, deemed to have a conflict of interest under the applicable provisions of Rule 5121 promulgated by FINRA. Accordingly, in order for this offering to be made in compliance with the applicable provisions of FINRA Rule 5121, a qualified independent underwriter, as defined in the FINRA rules, must participate in the preparation of the prospectus and exercise the usual standards of due diligence in respect thereto. Maxim Group LLC is acting as the qualified independent underwriter. We have agreed to indemnify Maxim Group LLC in its capacity as the qualified independent underwriter against liabilities under the Securities Act, or contribute to payments that it may be required to make in that respect.

**Offering proceeds and proceeds from placement warrants to be held in the trust account and amounts payable prior to trust account distribution or liquidation:**

\$41,600,000, or \$10.40 per share (or \$45,137,000, or approximately \$10.35 per share, if the over-allotment option is exercised in full) of the proceeds of this offering and the private placement of placement warrants will be placed in a trust account maintained by American Stock Transfer & Trust Company, LLC acting as trustee. The trust assets will be held in an account located outside of the United States.

Other than as described below, proceeds in the trust account will not be released until (i) the consummation of an acquisition transaction if holders of our callable Class A or callable Class B shares have been given the opportunity to redeem their shares in connection with the acquisition transaction, (ii) the completion of a post-acquisition tender offer, (iii) our

dissolution and liquidation if we are unable to consummate an acquisition transaction within the allotted time, or (iv) liquidation of the trust account if we are unable to commence or complete our post-acquisition tender offer within the allotted time. Prior to an acquisition transaction, the completion of a post-acquisition tender offer, our liquidation if we are unable to consummate an acquisition transaction or the liquidation of our trust account if we fail to commence or complete an issuer tender offer within the allotted time, amounts in trust may not be released, except for (i) interest earned on the trust account that may be released to us to pay any taxes we incur, (ii) interest earned by the trust account that may be released to us from time to time to fund our working capital and general corporate requirements (any amounts in the trust account in excess of \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full) and (iii) a pro rata share of the trust account that may be released to us for each callable Class A Share (excluding the founders' shares) converted to a Class C Share upon completion of an acquisition transaction. We estimate that the amount of interest we will earn on the trust account will be negligible (between \$6,500 for 18 months and \$8,000 for 21 months at current interest rates), and will therefore not be a significant source of working capital for us.

See Use of Proceeds.

**Limited payments to insiders:**

There will be no compensation, fees, reimbursements or other payments made to our officers, directors, or any of their respective affiliates, other than:

the principal and interest pursuant to the unsecured promissory note for \$180,155 to Intercarbo Holding AG, an affiliated company controlled by Taras Vazhnov, our director, to fund a portion of the organizational and offering expenses owed by us to third parties;

the principal and interest pursuant to certain unsecured promissory notes for an aggregate of \$222,000 to Intercarbo Holding AG, an affiliated company controlled by Taras Vazhnov, our director, to fund a portion of the organizational and offering expenses owed by us to third parties;

payment of an aggregate of \$7,500 per month to CIS Acquisition Holding Co. Ltd., an affiliate of our officers and directors, for office space, administrative services and secretarial support until the earlier of consummation of an acquisition transaction and our liquidation; and

reimbursement of out-of-pocket expenses reasonably incurred by our officers, directors, special advisors, consultants, or any of their respective affiliates, in connection with identifying, investigating and consummating an acquisition transaction. There are no limitations on the amount of expenses for which they can seek reimbursement, provided such expenses were incurred for our benefit.

TABLE OF CONTENTS

**All amounts held in the trust account that are not distributed to redeem shares, released to us to pay taxes, fund our working capital or upon conversion of callable Class A Shares to Class C Shares will be released to us on closing of our initial acquisition transaction:**

All amounts held in the trust account that are not released as described above will be released to us on the consolidation of each class of our ordinary shares into one class of ordinary shares after consummation of an acquisition transaction or post-acquisition tender offer, as the case may be.

**Foreign Private Issuer status**

As a new registrant with the SEC, we are required to determine our status as an FPI under Rule 3b-4(d) of the Exchange Act, 30 days prior to the filing of our initial registration statement with the Commission. If we make a determination that we qualify as an FPI, we will be required to comply with the tender offer rules in connection with our initial acquisition transaction. We are required to determine our status as an FPI on an ongoing basis and for the 2012 fiscal year, we will determine our FPI status as of the last day of our most recently completed second fiscal quarter, or April 30, 2012. On such date, if we no longer qualify as an FPI (as set forth in Rule 3b-4 of the Exchange Act), we will then become subject to the U.S. domestic issuer rules as of the first day of our 2013 fiscal year following the determination date, or November 1, 2013. As a result, should we determine on April 30, 2012, that we are no longer an FPI, commencing on November 1, 2013 we will be subject to the U.S. domestic issuer rules and we will have the option of conducting redemptions like other blank check companies in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. In addition, once we fail to qualify as an FPI, we will remain so unless we meet the requirement for an FPI as of the last business day of the second fiscal quarter following the end of the fiscal year that we lost our FPI status. We may voluntarily lose our status as an FPI so that we can avail ourselves of the flexibility provided to U.S. domestic issuers. In determining whether to voluntarily obtain U.S. domestic issuer status, we will consider among other factors, the time required to complete an acquisition transaction pursuant to the proxy rules and tender offer rules and whether we believe we are more likely to consummate an acquisition transaction if we have the flexibility afforded to U.S. domestic issuers.

**Redemption rights for our public shareholders in connection with our initial acquisition transaction:**

Unlike many other blank check companies, we are not required to have a shareholder vote to approve our initial acquisition transaction, unless the nature of the acquisition transaction would require shareholder approval under applicable British Virgin Islands law. Accordingly, we will have a high degree of flexibility in structuring and consummating our initial acquisition transaction, and currently intend to structure our initial acquisition transaction so that a shareholder vote is not required. Notwithstanding, our Amended and Restated Memorandum and Articles of

TABLE OF CONTENTS

Association provide that public shareholders will be entitled to redeem or will have their shares automatically redeemed for cash equal to the pro rata portion of the trust account (initially \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full) all or a portion of their shares in connection with our initial acquisition transaction, regardless of how it is structured.

The manner in which public shareholders may redeem their shares or will have their shares automatically redeemed will depend on the structure of the transaction. We intend to structure our initial acquisition transaction and shareholder redemption rights in one of the following ways:

*Pre-acquisition tender offer:* If we structure the acquisition transaction in this manner, then prior to the consummation of such an acquisition transaction, we would initiate a tender offer for all outstanding callable Class A Shares at a price equal to a pro rata share of the trust account. Public shareholders will be entitled to tender all or a portion of their callable Class A Shares in a pre-acquisition tender offer, and we will not pro-rate any shares tendered.

*Post-acquisition tender offer:* If we structure the acquisition transaction in this manner, we will file a Report of Foreign Private Issuer on Form 6-K with the SEC disclosing that we have entered into a definitive acquisition transaction agreement, that we intend to consummate the transaction without a shareholder vote or a pre-acquisition tender offer. After such Form 6-K is on file with the SEC, we would close the acquisition transaction upon satisfaction of all closing conditions and within 30 days of the closing, commence a tender offer for all outstanding callable Class B Shares by filing tender offer documents with the SEC in accordance with Rule 13e-4 and Regulation 14E of the Exchange Act. The tender offer documents would include the same information about the target business as was contained in the Form 6-K discussed above. Public shareholders will be entitled to tender all or a portion of their callable Class B Shares in a post-acquisition tender offer, and we will not pro-rate any shares tendered. In addition, in order to ensure that we maintain the 87.5% redemption threshold, we may seek that certain shareholders (holders of 5% or more of the public shares who are also accredited investors) elect to convert all of their callable Class A Shares into Class C Shares on a one-for-one basis, with any remaining callable Class A Shares other than founders' shares and the underwriter shares automatically converting to callable Class B Shares immediately following consummation of the acquisition transaction. The founder's shares and the underwriter shares will also automatically convert into Class C shares on a one-for-one basis immediately following consummation of an acquisition transaction. We will contact the accredited investors to seek conversion of our Class A Shares through contacts that investment bankers or other service providers that we engage have. It is not anticipated that such accredited investors will receive any information greater than that released to the public unless such accredited investors sign a non-trading and non-disclosure agreement with us. We will determine who we can

## TABLE OF CONTENTS

solicit by examining a non-objecting beneficial owner list and public filings relating to beneficial ownership in order to determine the stockholders who own greater than 5% of our ordinary shares. Unlike the Class A Shares, the Class C Shares would not be eligible to participate in any post-acquisition tender offer and would not be redeemable for a pro rata portion of the trust account. If we (i) fail to commence the post-acquisition tender offer within 30 days of consummation of the acquisition transaction, (ii) fail to complete the post-acquisition tender offer within 6 months of consummation of the acquisition transaction or (iii) in any event, fail to consummate a post-acquisition tender offer within 21 months of the consummation of this offering, then within 5 business days thereafter, we will automatically liquidate the trust account and release to our public shareholders, except for holders of Class C Shares, a pro rata portion of the trust account. The Class C Shares issuable upon conversion of the Class A Shares are not being offered and are not being registered in connection with this offering.

The way we structure our transaction will be determined by circumstances at the time and the requirements of our target business, so we cannot provide any definitive guidance on which structure we will use, other than that we will use the structure that we believe will allow us to complete a successful acquisition. However, for example, we expect that:

If the target business wanted to complete the transaction quickly, we would try to structure the transaction to make use of a post-acquisition tender offer; or

If the target business wanted to know exactly how much money would remain in trust prior to closing, we would try to structure the transaction as a pre-acquisition tender offer.

If we are no longer an FPI and shareholder approval of the transaction is required by British Virgin Islands law or the NASDAQ Capital Market or we decide to obtain shareholder approval for business reasons, we will:

conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules, and

file proxy materials with the SEC.

The redemption rights described above are only available to holders of callable Class A Shares or callable Class B Shares, as the case may be. If we are required to offer redemption rights to all holders of our ordinary shares, our founders have agreed to not tender their securities for redemption. For more information about how we may structure our initial acquisition transaction please see Proposed Business Effecting an Acquisition Transaction. We may be required to obtain shareholder approval in connection with an acquisition transaction if, for example, we are the entity directly participating in a merger or required to amend our Amended and Restated Memorandum and Articles of Association to alter the rights of our shareholders.

## TABLE OF CONTENTS

We will proceed with an acquisition transaction only if public shareholders owning not more than 87.5% of the shares sold in this offering exercise their redemption rights. The redemption threshold was set at 87.5% so that we would have a minimum of \$5,000,000 in net tangible assets post initial public offering, which permits us to not comply with Rule 419 of the Securities Act. See the section entitled Proposed Business Comparison of This Offering to those Blank Check Companies Subject to Rule 419. A potential target may make it a closing condition to our acquisition transaction that we have a certain amount of cash in excess of the minimum amount we are required to have pursuant to our organizational documents available at the time of closing.

### **Time to complete an initial acquisition transaction:**

We will have 18 months following the consummation of this offering to consummate our initial acquisition transaction. In addition, if we have entered into a letter of intent, agreement in principle or definitive agreement with respect to an acquisition transaction within 18 months following the consummation of this offering, the time period within which we must complete our initial acquisition transaction will be automatically extended to 21 months following the consummation of this offering (which we refer to as the automatic period extension in this prospectus) if an initial filing with the SEC of a tender offer, proxy, or registration statement is made, but the acquisition transaction is not completed, within 18 months of the date of this prospectus.

### **Dissolution and liquidation if no acquisition transaction occurs:**

Pursuant to our Amended and Restated Memorandum and Articles of Association (the article that contains all of the special provisions applicable to us prior to and in connection with our initial acquisition transaction), if we are unable to complete an acquisition transaction within the allotted time, we will automatically go into a voluntary liquidation procedure and as promptly as practicable liquidate the trust account and release only to our public shareholders a pro rata share of the trust account, plus any remaining net assets. If we elect to effect a post-acquisition tender offer and complete an acquisition transaction prior to such time period, but have not completed a post-acquisition tender offer within the applicable period, we will not be required to wind up our affairs; however, the release of the funds to us in the case of a post-acquisition tender offer will be conditioned upon completion of such tender offer. Our founders have agreed with respect to the founders' shares to waive their rights to participate in any distribution from the trust account, but not with respect to any units or callable Class A Shares they acquire in this offering or in the aftermarket.

Prior to consummation of our initial acquisition transaction, we will seek to have all prospective target businesses we enter into agreements with and all vendors and service providers that we contract to provide services to us, which we collectively refer to as the contracted parties, execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public shareholders. If we are unable to complete an acquisition transaction and are forced to wind-up our affairs and liquidate, our founders, by agreement, will jointly and severally indemnify us for all claims of contracted parties, to the extent we fail to obtain valid and enforceable waivers from such parties.

TABLE OF CONTENTS

**Determination of offering amount:**

In determining the size of this offering, our management concluded, based on their collective experience, that an offering of this size, together with the proceeds from the sale of the placement warrants, would provide us with sufficient equity capital to execute our business plan. Although we made this determination assuming a minimal number of redemptions, we believe that this amount of equity capital, plus our ability to finance an acquisition using shares or debt in addition to the cash held in the trust account, will give us substantial flexibility in selecting an acquisition target and structuring our initial acquisition transaction, even if significant redemptions should occur. This belief is not based on any research, analysis, evaluations, discussions, or compilations of information with respect to any particular investment or any such action undertaken in connection with our organization.

**Escrow of the founders' shares and underwriter shares, and transfer limitations of the placement warrants:**

On the date of this prospectus, all of our officers, directors and shareholders will place the founders' shares, and the underwriters will place the underwriter shares, into an escrow account maintained by American Stock Transfer & Trust Company, LLC, acting as escrow agent pursuant to an escrow agreement. Subject to certain limited exceptions for transfers, these securities will not be transferable during the escrow period. The founders' shares and underwriter shares will not be released from escrow until two years after the effective date of the registration statement of which this prospectus forms a part. The placement warrants will not be transferable until the consummation of our initial acquisition transaction or post-acquisition tender offer, as the case may be.

TABLE OF CONTENTS**SELECTED FINANCIAL AND OPERATING DATA**

The following selected consolidated financial data, other than selected operating data, have been derived from our audited financial statements as of October 31, 2012 and for the period from November 28, 2011 (Inception) to October 31, 2012, which are included elsewhere in this prospectus. The financial statements are prepared and presented in accordance with U.S. GAAP. Our results of operations in any period may not necessarily be indicative of the results that may be expected for any future period. See Risk Factors included elsewhere in this prospectus. The selected financial information should be read in conjunction with those financial statements and the accompanying notes and Management's Discussion and Analysis of Financial Condition and Results of Operations included elsewhere in this prospectus.

The as adjusted information gives effect to the sale of the units we are offering, including the application of the related gross proceeds, the receipt of \$3,375,000 from the sale of the placement warrants, the receipt of \$2,720 from the sale of the underwriter shares and the payment of the estimated remaining expenses of this offering.		
The as adjusted working capital and total assets amounts include net proceeds of approximately \$555,000 not held in the trust account and \$41,600,000 of cash to be held in the trust account for the benefit of our public shareholders (not including the exercise of the over-allotment option), which will be distributed (i) to public shareholders pro rata who exercise their redemption rights in connection with our initial acquisition transaction (assuming that our initial acquisition transaction is consummated), and (ii) to us upon the consolidation of each class of our ordinary shares into one class of ordinary shares, in the amount remaining in the trust account following the payment to any public shareholders who exercise their redemption rights. All such proceeds will be distributed from the trust account only as described in this prospectus. If an acquisition transaction is not consummated, the proceeds held in the trust account, including accrued but undistributed interest, net of (i) interest earned on the trust account that may be released to us to pay any taxes we incur, (ii) interest earned by the trust account that may be released to us from time to time to fund our working capital and general corporate requirements (any amounts in the trust account in excess of \$10.40 per		

share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full) and (iii) a pro rata share of the trust account that may be released to us for each callable Class A Share (excluding the founders' shares) converted to a Class C Share upon completion of an acquisition transaction, will be distributed to our public shareholders. We estimate that the amount of interest we will earn on the trust account will be negligible (between \$6,500 for 18 months and \$8,000 for 21 months at current interest rates), and will therefore not be a significant source of working capital for us.

We may effect an acquisition transaction only if public shareholders owning no more than 87.5% of the 5,000,000 ordinary shares sold in this offering (3,500,000 shares, or 3,815,000 shares if the over-allotment option is exercised in full) exercise their redemption rights, except that we may complete an acquisition transaction prior to completing a post-acquisition tender offer if after giving effect to such tender offer (assuming all eligible shares are redeemed) we would satisfy the 87.5% threshold requirement.

TABLE OF CONTENTS

Depending on the number of shareholders who choose to exercise their redemption rights in connection with our initial acquisition transaction, we could be required to redeem for cash up to 87.5% of the shares sold in this offering, or 3,500,000 shares (3,815,000 if the underwriters exercise their over-allotment option in full). The per share redemption price paid to redeeming public shareholders will be \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full, for an aggregate of approximately \$36,400,000 (or approximately \$39,494,875 in the aggregate if the underwriters exercise their over-allotment option in full). The actual per share redemption price will be equal to the aggregate amount then on deposit in the trust account, including accrued but undistributed interest, net of (i) interest earned on the trust account that may be released to us to pay any taxes we incur, (ii) interest earned by the trust account that may be released to us from time to time to fund our working capital and general corporate requirements (any amounts in the trust account in excess of \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full) and (iii) a pro rata share of the trust account that may be released to us for each callable Class A Share (excluding the founders' shares and the underwriter shares) converted to a Class C Share upon completion of an acquisition transaction, as of two business days prior to the liquidation of the trust, divided by the number of shares included in the units sold in this offering. The underwriters are entitled to receive the full underwriting discounts and commissions regardless of the number of ordinary shares that are redeemed.

A potential target may make it a closing condition to our acquisition transaction that we have a certain amount of cash in excess of the minimum amount we are required to have pursuant to our organizational documents available at the time of closing. If so, we will effectively be required to adjust the redemption threshold to reduce the number of shares that can be redeemed (thereby reducing the 87.5% threshold) in connection with such acquisition transaction or obtain an alternative source of funding. If the number of our shareholders electing to exercise their redemption rights has the effect of reducing the amount of money available to us to consummate an acquisition transaction below such minimum amount and we are not able to locate an alternative source of funding, we will not be able to consummate such acquisition transaction and we may not be able to locate another suitable target within the applicable time period, if at all. As a result, public shareholders may have to wait for longer than 18 months (or 21 months pursuant to the automatic period extension) in order to be able to receive a pro rata portion of the trust account in connection with our dissolution and liquidation. See Risk Factors Even though we have a redemption threshold of 87.5%, we may be unable to consummate an acquisition transaction if a target business requires that we have cash in excess of the minimum amount we are required to have at closing, and public shareholders may have to remain shareholders of our company and wait until our liquidation to receive a pro rata share of the trust account or attempt to sell their shares in the open market.

TABLE OF CONTENTS

## **RISK FACTORS**

An investment in our securities involves a high degree of risk. You should consider carefully all of the material risks described below, together with the other information contained in this prospectus, before making a decision to invest in our units. If any of the following events occur, our business, financial condition and operating results may be materially adversely affected. In that event, the trading price of our securities could decline, and you could lose all or part of your investment.

### **Risks associated with our business**

**We are a recently formed blank check company in the development stage with no operating history and no revenues and, accordingly, there is doubt about our ability to continue as a going concern.**

We are a newly formed blank check company in the development stage established under the laws of the British Virgin Islands with no operating results to date. Therefore, our ability to begin operations is dependent upon obtaining financing through the public offering of our securities. The report of our independent registered public accounting firm on our financial statements includes an explanatory paragraph stating that our ability to continue as a going concern is dependent on the consummation of this offering. As of October 31, 2012, we had \$32,438 in cash and a working capital deficit of \$(322,217). Further, we have incurred and expect to continue to incur significant costs in pursuit of our acquisition plans. Management's plans to address this need for capital through this offering are discussed in the section of this prospectus titled Management's Discussion and Analysis of Financial Condition and Results of Operations. We cannot assure you that our plans to raise capital or to consummate an initial business combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern.

The financial statements do not include any adjustments that might result from our inability to consummate this offering or our ability to continue as a going concern.

**We may not be able to consummate an acquisition transaction within the required time frame, in which case we would automatically dissolve and liquidate our assets, and you may not be able to recover your full investment.**

Pursuant to our trust agreement with American Stock Transfer & Trust Company, LLC and our Amended and Restated Memorandum and Articles of Association, we must enter into a letter of intent or definitive agreement to complete an acquisition transaction with a fair market value of at least 80% of the balance of the trust account at the time of the acquisition transaction (excluding taxes payable) within 18 months after the consummation of this offering (or within 21 months pursuant to the automatic period extension). If we fail to consummate an acquisition transaction within the required time frame, we will, in accordance with our Amended and Restated Memorandum and Articles of Association, automatically dissolve, liquidate and wind up. The foregoing requirements are set forth in Article 131 of our Amended and Restated Memorandum and Articles of Association and may not be eliminated without the vote of our board of directors and the vote of at least 80% of the voting power of the total number of ordinary shares that are

issued in this offering. We may not be able to find suitable target businesses within the required time frame. In addition, our negotiating position and our ability to conduct adequate due diligence on any potential target may be reduced as we approach the deadline for the consummation of our initial acquisition transaction. We do not have any specific acquisition transaction under consideration, and neither we, nor any representative acting on our behalf, has had any contacts with any target businesses regarding an acquisition transaction, nor taken any direct or indirect actions to locate or search for a target business. Although \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full, is initially placed in trust, we may incur liabilities which are satisfied from the funds held in trust. If so, you will not be able to recover your full investment in the event we do not consummate an acquisition transaction and are forced to enter into an automatic voluntary liquidation procedure our company and liquidate our trust account.

TABLE OF CONTENTS

**You will not have any rights or interest in funds from the trust account, except under certain limited circumstances, and therefore may not have access to such funds for the duration that they are held in the trust account.**

Our public shareholders will be entitled to receive funds from the trust account only (i) in the event of our liquidation, or (ii) if they seek to redeem their respective shares for cash in connection with an acquisition transaction that is consummated by us. In no other circumstances will a shareholder have any right or interest of any kind in the trust account. Therefore, you may not be able to obtain access to such funds for up to 21 months following the initial public offering. Pursuant to the terms of the trust agreement between us and American Stock Transfer & Trust Company, LLC, the time period that funds would remain in the trust account and not be released could only be extended with the approval of the holders of 80% of the shares sold in our initial public offering. If we elect to effect a post-acquisition tender offer and complete an acquisition transaction prior to such time period, but have not completed a post-acquisition tender offer within the applicable period, we will not be required to liquidate and wind up our affairs; however, the release of the funds to us in the case of a post-acquisition tender offer will be conditioned upon completion of such tender offer. Our Amended and Restated Memorandum and Articles of Association provide that we are required to commence a post-acquisition tender offer within 30 days of consummation of an acquisition transaction, and we are required to use reasonable efforts to complete such tender offer; however, there can be no assurance of how long it will take to complete the post-acquisition tender offer. If we commence a post-acquisition tender offer, but are unable to complete it within the earlier of 6 months of consummation of an acquisition transaction or 21 months of the completion of this offering, then we will be required to complete a post-acquisition trust liquidation, which process may not be commenced until up to 21 months from this offering.

**Under British Virgin Islands law, the requirements and restrictions relating to this offering contained in our Amended and Restated Memorandum and Articles of Association may be amended, which could reduce or eliminate the protection afforded to our shareholders by such requirements and restrictions.**

Our Amended and Restated Memorandum and Articles of Association set forth certain requirements and restrictions relating to this offering that apply to us until the consolidation of each class of our ordinary shares into one class of ordinary shares. Specifically, our Amended and Restated Memorandum and Articles of Association provide that:

if we have entered into a letter of intent, agreement in principle or definitive agreement with respect to an acquisition transaction within 18 months of the completion of this offering, the period of time to consummate an acquisition transaction will be automatically extended by an additional three months;  
we may consummate our initial acquisition transaction only if public shareholders owning no more than 87.5% of the ordinary shares sold in this offering exercise, or may exercise, their redemption rights;  
if we have not completed an initial acquisition transaction within 18 months (or 21 months pursuant to the automatic period extension), we will liquidate the trust account and distribute to public shareholders a pro rata share of the trust account determined by dividing the total amount in the trust account by the number of shares sold in this offering

You will not have any rights or interest in funds from the trust account, except under certain limited circumstances, and

(initially \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full), plus any remaining net assets;

our management will take all actions necessary to distribute our trust account to our public shareholders as part of our plan of liquidation, prior to entering into an automatic voluntary liquidation procedure, if an acquisition transaction is not consummated within the time periods specified in this prospectus;

our public shareholders' rights to receive a portion of the trust account is limited to the extent that they may receive only a portion of the trust account and only upon liquidation of our trust account

TABLE OF CONTENTS

in the event we do not consummate an acquisition transaction within 18 months (or 21 months pursuant to the automatic period extension) following the consummation of this offering or upon the exercise of their redemption rights in connection with the consummation of an acquisition transaction;

following this offering and prior to the time that we liquidate the trust account, we will not issue any securities that participate in the proceeds of our initial public offering that are held in the trust account or that have a vote in connection with any matter related to our initial acquisition transaction;

the board of directors shall review and approve all payments made to our founders, officers, directors, special advisors, consultants, and their respective affiliates with any interested director abstaining from such review and approval, other than the payment of an aggregate of \$7,500 per month to CIS Acquisition Holding Co. Ltd. for office space, administrative services and secretarial support, to begin to accrue immediately after this offering and to be paid at the time of an acquisition transaction, or in the event of our liquidation, only out of interest earned on the trust account or assets not held in trust, if any,

we may not to enter into any transaction with any of our officers, directors or any of our or their respective affiliates without the prior approval by a majority of our disinterested directors, who had access, at our expense, to our attorneys or independent legal counsel, and unless our disinterested directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties; and

we may not (i) consummate an acquisition transaction with a target business that is a portfolio company of, or has otherwise received a financial investment from, our founders or their affiliates, or that is affiliated with our founders or our directors, or officers, or (ii) consummate an acquisition transaction with any underwriter, or underwriting selling group member, or any of their affiliates, unless in each case we obtain an opinion from an unaffiliated, independent investment banking firm that is a member of the Financial Industry Regulatory Authority, or FINRA, that an acquisition transaction with such target business is fair to our shareholders from a financial point of view.

Pursuant to our Amended and Restated Memorandum and Articles of Association, the foregoing provisions may be amended by at least 80% of the voting power of the total number of ordinary shares that are issued in this offering. In addition, the relevant portions of the agreement governing the trust account can only be amended with the consent of 80% of the voting power of the callable Class A Shares or the callable Class B Shares. The agreement governing the trust account does not require consent of 100% of the voting power of the callable Class A Shares or the callable Class B Shares because we believe that it is in the best interest of our shareholders to allow a substantial majority of our public shareholders to amend the terms of the agreement if they so desire. Except for the shares issued immediately prior to this offering and the callable Class A Shares underlying the units issued in connection with this offering, we will not issue securities with voting rights to vote on any proposals to amend our Amended and Restated Memorandum and Articles of Association prior to the time that we liquidate the trust account. These provisions could also be eliminated by our completing a very small acquisition with minimal assets and operations. If any of these provisions are amended or eliminated, our shareholders:

may not have all of the rights they previously had;

might not receive the amount anticipated in connection with a redemption or liquidation; and

might not receive amounts from the trust account in the time frames specified in this prospectus.

In addition, our Amended and Restated Memorandum and Articles of Association provide shareholders with redemption rights only in connection with an acquisition transaction. In the event that a vote is called not in connection with an acquisition transaction to consider other amendments to our Amended and Restated Memorandum and Articles of Association no redemption rights will be granted.

In the recent past, other blank check companies have amended various provisions of their governing charter documents in order to allow or facilitate the consummation of an acquisition transaction. If we amend our

TABLE OF CONTENTS

Amended and Restated Memorandum and Articles of Association in connection with our initial acquisition transaction, it could have the effect of reducing or eliminating the protections afforded to our shareholders contained therein.

**You will not receive protections afforded to investors in blank check companies subject to Rule 419, which results in our having access to the interest earned on the trust and a longer period of time to complete an acquisition transaction.**

Since the net proceeds of this offering are intended to be used to complete an acquisition transaction with a target business that has not been identified, we may be deemed to be a blank check company under the U.S. securities laws. However, since we will have net tangible assets in excess of \$5,000,000 upon the successful consummation of this offering and will file a Report of Foreign Private Issuer on Form 6-K, including an audited balance sheet, demonstrating this fact, we are exempt from rules promulgated by the SEC to protect investors of blank check companies, such as Rule 419. Accordingly, investors will not be afforded the benefits or protections of those rules such as completely restricting the transferability of our securities, requiring us to complete an acquisition transaction within 18 months from the consummation of this offering and restricting the use of interest earned on the funds held in the trust account. Because we are not subject to Rule 419, our units will be immediately tradable, we will be entitled to withdraw a certain amount of interest earned on the funds held in the trust account prior to the completion of an acquisition transaction, and we have a longer period of time to complete an acquisition transaction than we would if we were subject to such rule. For a more detailed comparison of this offering to offerings under Rule 419, see the section entitled Proposed Business Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419.

**As a foreign private issuer, we are exempt from certain rules that are applicable to U.S. companies, and while we have agreed with the underwriters in this offering to comply with certain of these requirements, such agreement can be waived without your consent and you may receive less information about us and our operations than you would receive if such agreements were not waived or we were a U.S. company.**

As a foreign private issuer, we are exempt from the rules of the Exchange Act prescribing the furnishing and content of proxy statements to shareholders, and our executive officers, directors and principal shareholders are exempt from certain of the reporting and short-swing profit recovery provisions contained in Section 16 of the Exchange Act. In addition, we will not be required under the Exchange Act to file periodic reports and financial statements with the SEC as frequently or as promptly as U.S. companies whose securities are registered under the Exchange Act. Therefore you may receive less information about us than you would receive if we were a U.S. company.

**We may lose our status as an FPI if we acquire a business in the United States, which will make us subject to additional regulatory disclosures which may require substantial financial and management resources.**

If we acquire a business in the United States and we determine thereafter that we are no longer an FPI, we will become subject to the following requirements, among others:

The filing of our quarterly reports on Form 10-Q or current reports on Form 8-K with the SEC;  
Preparing our financial statements in accordance with GAAP rather than the ability to use any of GAAP, the International Accounting Standards Board (IASB IFRS) or local GAAP;

Being subject to the U.S. proxy rules;

Being subject to Regulation FD which requires issuers to make public disclosures of any material non-public information that has been selectively disclosed to securities industry professionals (for example, analysts) or shareholders;

Being subject to the Sarbanes-Oxley Act (although the Sarbanes-Oxley Act generally does not distinguish between domestic U.S. issuers and FPIs, the SEC has adopted a number of significant exemptions for the benefit of FPIs in the application of its rules adopted under the Sarbanes-Oxley Act, such as: (1) audit committee independence; and (2) black-out trading restrictions (Regulation BTR)); and

TABLE OF CONTENTS

Being subject to a more detailed executive compensation disclosure.

We may be forced to expend significant management and financial resources to meet our disclosure obligations to the extent we are required to comply with the foregoing requirements.

**Our one-third quorum threshold may make it easier for our founders to influence actions requiring a shareholder vote.**

In accordance with our Amended and Restated Memorandum and Articles of Association, two shareholders representing at least one-third of our issued and outstanding ordinary shares (whether or not held by public shareholders) will constitute a quorum at a shareholders meeting. Following this offering, our founders will hold 20% of the total of the founder shares and the number of shares sold in this offering. Accordingly, if only a small proportion of public shareholders participate in a shareholders meeting and all of our founders participate, the quorum requirement may be satisfied and our founders could cast a majority of the votes at such meeting.

**If third parties bring claims against us, the proceeds held in the trust account may be reduced and the per share liquidation price received by you will be less than \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full.**

Our placing of funds in the trust account may not protect those funds from third-party claims against us. Although we will seek to have all prospective target businesses we enter into agreements with and all vendors and service providers that we contract to provide services to us, which we collectively refer to as the contracted parties, execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public shareholders. There is no guarantee that we will be able to get waivers from the contracted parties and there is no guarantee that even if the contracted parties executed such agreements with us that such waivers will be enforceable or that the contracted parties would be prevented from bringing claims against the trust account. In the event that a potential contracted party were to refuse to execute such a waiver, we will execute an agreement with that person only if our management first determines that we would be unable to obtain, on a reasonable basis, substantially similar services or opportunities from another person willing to execute such a waiver. Although we believe the risk is small because we will have any target business we acquire waive any rights to the trust account, it is possible that creditors from the target business would try to make claims against the trust account. Accordingly, the proceeds held in the trust account may be subject to claims which would take priority over the claims of our public shareholders and, as a result, the per share liquidation price could be less than \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full, due to claims of such creditors. If we are unable to complete an acquisition transaction and are forced to enter into an automatic voluntary liquidation procedure, our founders, by agreement, will jointly and severally indemnify us for all claims of contracted parties, to the extent we fail to obtain valid and enforceable waivers from such parties. Under these circumstances, our board of directors would have a fiduciary obligation to our shareholders to bring a claim against our founders to enforce their indemnification obligations. We have questioned our founders on their financial net worth and reviewed their financial information and believe they will be able to satisfy any indemnification obligations that may arise, although there can be no assurance of this. Our founders are under no obligation to us to preserve their assets or provide us with information regarding changes in their ability to satisfy these obligations. Notwithstanding, if we become aware of a material change in the ability of any of our founders to satisfy such obligations, we will make such information public.

Our one-third quorum threshold may make it easier for our founders to influence actions requiring a shareholder vote.

by filing a Report of Foreign Private Issuer on Form 6-K.

Additionally, if we are forced to enter into an insolvency liquidation, or a petition to wind up the company is filed against us which is not dismissed, the funds held in our trust account will be subject to applicable insolvency law, and may be included in our insolvent estate and subject to claims of third parties with priority over the claims of our public shareholders. To the extent insolvency claims deplete the trust account, we cannot assure you we will be able to return to our public shareholders the liquidation amounts due them. Additionally, a liquidator or a creditor of our company might seek to hold our shareholders liable to contribute to our estate to the extent of distributions received by the shareholders from the trust account, and third parties may seek to recover from our shareholders amounts owed to them by us.

TABLE OF CONTENTS

Creditors may, in a pre-trial, ex-parte action, seek to freeze the distribution of funds from which they may seek payment upon a successful conclusion to a claim. There can be no assurance that the trust account will not become subject to such a freeze action by a creditor or potential creditor of ours.

**Unlike other blank check offerings, we allow up to 87.5% of our public shareholders to exercise their redemption rights. This higher threshold will make it easier for us to consummate an acquisition transaction with which you may not agree and could result in more money from the trust account being used to pay for redemptions than in other blank check offerings, and very little money remaining in trust for the post-transaction company.**

When we seek to consummate our initial acquisition transaction, we will offer each shareholder the right to have his, her or its shares converted to cash if the initial acquisition transaction is consummated. Our founders have agreed not to redeem any founders' shares held by them. We will consummate the initial acquisition transaction only if public shareholders owning no more than 87.5% of the shares sold in this offering exercise their redemption rights. However, regardless of the requirements of our amended and restated memorandum and articles of association, a potential target may make it a closing condition to our acquisition transaction that we have a certain amount of cash in excess of the minimum amount we are required to have at the time of closing. In the past, many blank check companies have had redemption thresholds of between 20% and 40%, which makes it more difficult for such companies to consummate their initial acquisition transaction. Thus, because we permit a larger number of shareholders to exercise their redemption rights and, in the case where redemption rights are given other than through a tender offer, it will be easier for us to consummate an initial acquisition transaction with a target business in the face of strong shareholder dissent. Depending on the number of shares that are redeemed in connection with our initial acquisition transaction, we may have very little money in our trust account with which to consummate our initial acquisition transaction, which may result in our having to obtain additional financing to consummate our initial acquisition transaction, result in less money being available for use as working capital post-acquisition transaction, or result in our failure to consummate an initial acquisition transaction.

**Since we have a redemption threshold of 87.5%, we may be unable to consummate an acquisition transaction.**

A potential target may make it a closing condition to our business transaction that we exceed a certain minimum net asset valuation at the time of closing. If the number of our shareholders electing to exercise their redemption rights has the effect of reducing the amount of money available to us to consummate an acquisition transaction below such minimum net asset valuation, we will not be able to consummate our acquisition transaction and we may not be able to locate another suitable target within the applicable time period, if at all. As a result, public shareholders may have to remain shareholders of our company and wait the full 18 months (or 21 months pursuant to the automatic period extension) in order to be able to receive a pro rata portion of the trust account in connection with our dissolution and liquidation, or attempt to sell their shares in the open market prior to such time, in which case they may receive less than a pro rata share of the trust account for their shares.

Unlike other blank check offerings, we allow up to 87.5% of our public shareholders to exercise their redemption rights.

**Our redemption threshold of 87.5% may reduce the liquidity of our securities in the open market.**

Since we have a redemption threshold of 87.5%, a high number of public shares may be redeemed in connection with our initial acquisition transaction, which would result in significantly fewer shares issued and outstanding, and which would in turn significantly reduce the liquidity of our securities, including our shares that are not redeemed.

**At the time of an acquisition transaction public shareholders will be entitled to redeem up to 87.5% of the shares, as a result of which our public shareholders will have limited information regarding the combined company's capital structure prior to the acquisition transaction.**

Depending on the number of shareholders who choose to exercise their redemption rights in connection with our initial acquisition transaction, we could be required to redeem for cash up to 87.5% of the shares sold in this offering, or 3,500,000 shares (3,815,000 if the underwriters exercise their over-allotment option in full) at an initial per share redemption price of \$10.40 per share, or approximately \$10.35 per share in the event the over-allotment option is exercised in full, for approximately \$36,400,000 in the aggregate (or approximately \$39,494,875 in the aggregate if the underwriters exercise their over-allotment option in full).
