Forward Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements. All statements other than statements of historical fact contained in this Quarterly Report on Form 10-Q are forward-looking statements. These statements relate to our business strategy, goals and expectations concerning our products, future operations, prospects, plans and objectives of management. In some cases, you can identify forward-looking statements by terminology such as "anticipate", "believe", "continue", "could", "estimate", "expect", "goals", "intend", "likely", "may", "plan", "potential", "predict", "project", "will" or the negative of these terms or other similar terms and phrases.

Our operations involve risks and uncertainties, many of which are outside our control, and any one of which, or a combination of which, could materially affect our results of operations and whether the forward-looking statements ultimately prove to be correct. Forward-looking statements in this Quarterly Report on Form 10-Q include, without limitation, statements reflecting management's expectations for future financial performance and operating expenditures, expected growth, profitability and business outlook, increased sales and marketing expenses, and the expected results from the integration of our acquisitions.

Forward-looking statements are only current predictions and are subject to known and unknown risks, uncertainties, and other factors that may cause our actual results, levels of activity, performance, or achievements to be materially different from those anticipated by such statements. These factors include:

our ability to manage our growth, including acquiring and effectively integrating other businesses into our infrastructure;

our ability to retain our customers, including effectively migrating and keeping new customers acquired through business acquisitions;

our ability to attract and retain key officers and employees, including Mahmud Haq and personnel critical to the transitioning and integration of our newly acquired businesses;

our ability to raise capital and obtain financing on acceptable terms; our ability to compete with other companies developing products and selling services competitive with ours, and who may have greater resources and name recognition than we have;

our ability to maintain operations in Pakistan in a manner that continues to enable us to offer competitively priced products and services;

our ability to keep and increase market acceptance of our products and services;

our ability to keep pace with a changing healthcare industry and its rapidly evolving regulatory environment;

our ability to protect and enforce intellectual property rights; and

our ability to maintain and protect the privacy of customer and patient information.

The foregoing factors are in addition to the other risks described in this Quarterly Report on Form 10-Q, and in our other SEC filings.

Although we believe that the expectations reflected in the forward-looking statements contained in this Quarterly Report on Form 10-Q are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. Except as required by law, we are under no duty to update or revise any of such forward-looking statements, whether as a result of new information, future events, or otherwise, after the date of this Quarterly Report on Form 10-Q.

All references to "MTBC," "Medical Transcription Billing, Corp.," "we," "us," "our" or the "Company" mean Medical Transcription Billing, Corp. and its subsidiaries, except where it is made clear that the term means only the parent company.

2. BASIS OF PRESENTATION

The Company has prepared its unaudited condensed consolidated financial statements under the assumption that it is a going concern. The Company's ability to continue as a going concern is dependent on its ability to generate sufficient cash from operations to meet its future operational cash needs and reduce the cost of U.S.-based employees, subcontractors and certain general and administrative expenses. The Company's ability to meet its contractual obligations and remit payment under its arrangements with its vendors depends on its ability to generate positive cash flow from operations in the future, and/or securing additional financing. The Company has not yet signed any agreement that would provide for additional financing. This condition, along with certain other factors, raises substantial doubt about the Company's ability to continue as a going concern. These condensed consolidated financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

The
