A CAUTIONARY NOTE ON FORWARD-LOOKING STATEMENTS:

This report contains statements (including figures) regarding Mitsui & Co., Ltd. ("Mitsui")'s views of future developments that are forward-looking in nature and are not simply reiterations of historical facts. These statements are presented to inform stakeholders of the views of Mitsui's management but should not be

Edgar Filing: MITSUI & CO LTD - Form 6-K

relied on solely in making investment and other decisions. You should be aware that a number of important risk factors could lead to outcomes that differ materially from those presented in such forward-looking statements. These include, but are not limited to, (i) change in economic conditions that may lead to unforeseen developments in markets for products handled by Mitsui, (ii) fluctuations in currency exchange rates that may cause unexpected deterioration in the value of transactions, (iii) adverse political developments that may create unavoidable delays or postponement of transactions and projects, (iv) changes in laws, regulations, or policies in any of the countries where Mitsui conducts its operations that may affect Mitsui's ability to fulfill its commitments, and (v) significant changes in the competitive environment. In the course of its operations, Mitsui adopts measures to control these and other types of risks, but this does not constitute a guarantee that such measures will be effective.

Inventories, consisting mainly of commodities and materials for resale, are stated at the lower of cost, principally on the specific-identification basis, or market.

(2) Marketable securities and investments

The companies classify debt and marketable equity securities, at acquisition, into one of three categories: held-to-maturity, available-for-sale or trading under provisions of Statement of Financial Accounting Standards ("SFAS") No. 115.

Trading securities are carried at fair value and unrealized holding gains and losses are included in net income.

Debt securities are classified as held-to-maturity and measured at amortized cost in the Consolidated Balance Sheets only if the companies have the positive intent and ability to hold those securities to maturity. Premium and discount amortized in the period are included in interest income.

Debt and marketable equity securities other than those classified as trading or held-to-maturity securities are classified as available-for-sale securities and carried at fair value with such unrealized holding gains and losses reported as "Unrealized holding gains and losses on available-for-sale securities" in the Shareholders' Equity after income tax effects.

(3) Depreciation

Depreciation of property and equipment (including property leased to others) is computed principally under the declining-balance method for assets located in Japan and under the straight-line method for assets located outside Japan, using rates based upon the estimated useful lives of the related property.

(4) Pension and severance indemnities plans

The companies have pension plans and/or severance indemnities plans covering substantially all employees other than directors. The costs of the pension plans and severance indemnities plans are accrued based on amounts determined using actuarial methods.

(5) Derivative instruments and hedging activities

All derivative instruments are recognized and measured at fair value as either assets or liabilities and changes in the fair value are currently recognized in earnings or reported as "Net unrealized gains and losses on delivatives" in the Shareholders' Equity after income tax effects, depending on the intended use of the derivative instruments and its resulting hedge designation.

III. NEW ACCOUNTING STANDARDS

(1) Business combinations

Effective April 1, 2002, the companies fully adopted SFAS No. 141, "Business Combinations." The cumulative effect of a change in accounting principle on the write-off of any unamortized deferred credit related to an excess of fair value of acquired net assets over cost arising from business combinations for which the acquisition date was before July 1, 2001 and investments accounted for by the equity method acquired before July 1, 2001 was immaterial.

-10-

(2) Goodwill and Other Intangible Assets

Effective April 1, 2002, the companies adopted SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 142 requires that goodwill no longer be amortized but instead tested for impairment at least annually and that identifiable intangible assets with a finite useful life be amortized over their respective estimated useful lives and reviewed for impairment in accordance with SFAS No. 144. Any identifiable intangible asset determined to have an indefinite useful life is not amortized but, instead is tested for impairment in accordance with SFAS No. 142 until its useful life is determined to be no longer indefinite. The companies completed the transitional impairment test for goodwill and identifiable intangible assets determined to have an indefinite useful life at April 1, 2002 and determined that the fair value of these assets was in excess of the carrying amount.

(3) Impairment or disposal of long-lived assets

Effective April 1, 2002, the companies adopted SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144 superseded SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of," and the accounting and reporting provisions of APB Opinion No. 30, "Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions," related to the disposal of segments of a business. This statement creates one accounting model, based on the framework established in SFAS No. 121, to be applied to all long-lived assets, including discontinued operations and, at the same time, broadens the presentation of discontinued operations in the income statement to include a component of an entity (rather than a segment of a business). The effect of the adoption of this statement on the companies' financial position and results of operations was immaterial. However, upon the adoption of SFAS No. 144, the companies now report the results of the discontinued operations (including gain or loss related to subsidiaries that either has been disposed of or is classified as held for sale), less applicable income taxes (benefit), as a separate line item in the Statements of Consolidated Income under "Loss from Discontinued Operations - Net." The figures of the Statements of Consolidated Income and the Statements of Consolidated Cash Flows in the previous year have been reclassified to conform to the current period presentation.
