For immediate release

### ACQUISITION OF EDISON MISSION ENERGY INTERNATIONAL ASSETS

Mitsui & Co., Ltd. ("Mitsui") announces that in Los Angeles (USA) on 29 July 2004 local time, in partnership with International Power plc ("International Power") (a large U.K. electric utility company), it has entered into a share purchase agreement with Edison Mission Energy (USA) to acquire all of the shares of MEC International BV, Holland (excluding Contact Energy in New Zealand) which owns all of the international generation portfolio of Edison Mission Energy (the "BV") for a total purchase price of \$2.3 billion (Yen253 billion), resulting in a net total cash consideration of approximately \$2.2 billion (Yen242 billion) after certain purchase price adjustments prior to closing. Mitsui's ownership share in the partnership is 30% and Mitsui will invest approximately US\$600 million (Yen66 billion) in the partnership to fund the acquisition of the BV. Mitsui intends to close the deal by the end of this year, subject to conditions precedent for each asset.

The BV's assets comprise a portfolio of international power generation assets in 13 locations around the world namely in Europe (UK, Spain, Italy and Turkey), Asia (Thailand, Indonesia and the Philippines), Australia and Puerto Rico. Fuel type of power generation likewise varies from gas and coal to hydro and wind. BV's assets constitute an excellent portfolio with the assets operating under long-term power purchase agreements and contracts. A total power generation capacity of the 13 power stations on a net share basis is approximately 5,400MW with Mitsui's share being approximately 1,600MW.

Mitsui and International Power have been working together in power business of Pakistan and Abu Dhabi and the project this time will further their strong relationship.

Mitsui intends to promote this project together with International Power while fully taking into consideration environmental and socio-economic matters.

## Edgar Filing: MITSUI & CO LTD - Form 6-K

Mitsui regards participation into power generation business as one of its core business areas in its Mid-term Business Plan "Global Growth 2006" and will expand its generation portfolio with quality assets in the future. This project is the first of the above-mentioned business strategy and will greatly contribute to expanding Mitsui's business portfolio and profit basis.
