ITEM 4.02 NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT OR COMPLETE INTERIM REVIEW.

On May 18, 2007, the Board of Directors of Patron Systems, Inc. (the "Company") determined that certain amounts reported in its audited financial statements for the year ended December 31, 2006 need to be restated as described below.

While performing their review of the Company's financial statements for the three months ended March 31, 2007, Marcum & Kliegman LLP ("M&K"), the Company's independent registered public accounting firm, discovered that there may be an error in the Company's accounting for a deemed dividend it recorded during the fourth quarter of its year ended December 31, 2006. M&K informed the Company's management of the possible misstatement. Upon review of this transaction the Company's management specifically determined that there was an error in the accounting for a deemed dividend that was recognized upon a reduction in the conversion price of the Company's Series A Preferred Stock that occurred on November 16, 2006. The reduction in the conversion price occurred upon the Company's issuance of additional convertible securities featuring a conversion price lower than the conversion price embedded in the Series A Preferred. The Company, in calculating the deemed dividend, originally determined that the net loss available to its common stockholders should be increased by \$589,175. The Company reevaluated its computations during the quarter ended March 31, 2007 and determined that the net loss available to its common stockholders should have been increased by \$3,759,059. The nature of the adjustment relates to the Company's use of an incorrect price for the value of its common stock when it computed the intrinsic value of the conversion feature embedded in the Series A Preferred stock at the time of the reduction in the conversion price.

The effect of the restatement on the Company's previously issued audited consolidated financial statements is as follows:

2

As Previously Reported	As Restated

Additional paid in capital	\$ 100,573,227	\$ 103,743,111

Net Loss Per Share - Basic and Diluted

- Discontinued operations	(0.29)	(0.29)
	-----	-----
- Total Net Loss per share available to common stockholders	\$ (1.27)	\$ (1.70)
	=====	=====

The effect on the Company's financial statements for the year ended December 31, 2006 was to increase additional paid in capital, accumulated deficit and net loss available to common stockholders by \$3,169,884, net loss per share for continuing operations by \$0.43 and total net loss per share available to common stockholders by \$0.43. There was no effect on the Company's net loss.

The Company's management and Board of Directors concluded that the previously issued audited financial statements for the year ended December 31, 2006 should no longer be relied upon. The Company will be filing an amendment to its Annual Report on Form 10-KSB for year ended December 31, 2006 to reflect the restatement discussed above as soon as practicable.

The Company's management and the Board of Directors have discussed their findings and conclusions relating to these adjustments with M&K.
