**Item 2.05. Costs Associated with Exit or Disposal Activities**

On July 31, 2007, we implemented a plan to reduce operating expenses, including the closure of our satellite sales and service center in Yakima, Washington. In connection with this plan, we reduced our workforce by approximately 30%, or about 100 employees. In the third quarter of 2007, we recorded severance charges of \$0.4 million as well as other related charges of \$0.1 million. These charges relate primarily to our sales and marketing group and substantially all of charges were paid during the quarter.

No liability has been recorded related to the Yakima facility lease as we expect that future cash flows received from subleasing the facility would exceed our future rental payments.

We have leasehold improvements at the Yakima facility and other related assets which have been classified as available for sale and are no longer being depreciated. In the third quarter of 2007, we recognized an impairment charge of \$1.2 million to reduce these assets to their estimated fair value less selling costs, resulting in a net book value of \$0.4 million at September 30, 2007. Our calculation of the fair value of these assets is dependent on the assumptions used and may change as we complete disposition of the facility lease and related assets.

This Current Report on Form 8-K/A amends the Current Report on Form 8-K filed with the Securities and Exchange Commission on July 31, 2007

**Item 2.06. Material Impairments**

We hereby incorporate by reference the disclosure under Item 2.05 of this Form 8-K.
