EARNINGS RELEASE

DELTA GALIL ANNOUNCES \$0.40 EPS, \$7.3 MILLION NET PROFIT FOR FIRST QUARTER 2003;

EPS \$0.23, NET PROFIT \$4.2 MILLION, EXCLUDING NON RECURRING ITEMS

TEL AVIV, ISRAEL - MAY 13, 2003 - DELTA GALIL INDUSTRIES LTD. (NASDAQ: DELT), the global provider of private label intimate apparel, men's underwear, socks, baby wear and leisurewear, today reported that first quarter sales increased 10 percent to \$136.9 million, compared to \$124.8 million in the first quarter of 2002. North America accounted for 60 percent of total first quarter sales, Europe for 34 percent and Israel for 6 percent.

Net profit and earnings per share for the first quarter increased 297 percent and 300 percent respectively, to \$7.3 million or \$0.40 per share, compared to \$1.8 million or \$0.10 per share for the same period last year. Net profit and earnings per share for the first quarter, before non-recurring items, increased 61 percent and 64 percent respectively to \$4.2 million or \$0.23 per share compared to \$2.6 million or \$0.14 per share for the same period last year.

In the first quarter of 2003, Delta recognized non-recurring gains of \$3.1 million or \$0.17 per share, compared to non-recurring losses of \$0.8 million or \$0.04 per share in the first quarter of 2002. The Company believes that the separate presentation of this information will allow investors to

compare the performance of its continuing operations in the first quarter of 2003 with the performance of its continuing operations in the first quarter of 2002. A table is attached below detailing these non-recurring items.

Delta's sales in North America increased 27 percent for the first quarter, totaling \$81.8 million compared to \$64.5 million in the first quarter of 2002.

Sales to the US mass market increased 53 percent to \$61.0 million compared to \$39.8 million in the first quarter last year. This improvement is attributed to increased sales to Wal-Mart and Target.

Dov Lautman, Chairman of Delta, commented: "We continue to grow in the US mass market and we are examining every opportunity for further increases."

Delta's North American sales to specialty and department stores dropped 16 percent in the first quarter, totaling \$20.8 million compared to \$24.7 million in the first quarter of 2002.

Delta's sales to its largest customer, UK chain Marks & Spencer, decreased 11 percent in the first quarter, totaling \$33.5 million, compared to \$37.6 million in the first quarter of 2002.

Arnon Tiberg, Delta's President and CEO, stated: "The increase in sales in the first quarter was according to the Company's annual sales plan, however sales distribution in the first quarter was not reflective of the Company's annual sales plan. The increase in sales to the US mass market was better than anticipated, while sales to Marks & Spencer were lower than projected. The decrease in sales to Marks & Spencer for the quarter was affected by the customer's decision to increase inventory in the fourth quarter, which resulted in a 30 percent increase in sales at the time, in addition to an overall decrease in Marks & Spencer's sales to its customers in the first quarter".

Operating profit for the first quarter increased 304 percent to \$10.6 million compared to \$2.6 million in the first quarter of last year. Operating profit for the first quarter, before non-recurring items, increased 52 percent to \$7.6 million compared to \$5.0 million in the same period in 2002.

Operating cash flow for the first quarter totaled \$17.7 million compared to \$1.9 million in the first quarter of 2002.

The Board of Directors of the Company announced the distribution of a dividend of approximately \$2.6 million, or \$0.14 per share, for the first quarter of 2003, payable to shareholders of record on May 20, 2003.
