No. 05-061E
October 26, 2005

Compulsory Conversion of Subsidiary Tracking Stock

Sony Corporation ("Sony") decided at today's meeting of its Board of Directors to terminate all shares of Subsidiary Tracking Stock ("TS"), the economic value of which is intended to be linked with Sony Communication Network Corporation's ("SCN") economic value. All shares of TS will be converted to shares of Sony Common Stock on Thursday, December 1, 2005 (the "Compulsory Conversion Date").

1. Purpose for Compulsory Conversion

In light of recent drastic changes in the internet-related industry, Sony Group management desires to enhance SCN's enterprise value. To accomplish this goal, Sony believes that SCN's business operations and strategy must be independent from the Sony Group. Therefore, Sony decided to make shares of common stock of SCN ("SCN Common Stock") publicly available and to terminate all shares of TS.

With respect to the method of termination, Sony reviewed the various options that are stipulated in its Articles of Incorporation, including compulsory retirement in cash and compulsory exchange with shares of SCN Common Stock. In the end, Sony selected compulsory conversion to shares of Sony Common Stock.

2. Conditions for Compulsory Conversion

(2) Compulsory Conversion Ratio

For each share of TS, Sony will allot and deliver 1.114 shares of Sony Common Stock to the registered TS shareholder as at the close of Wednesday, November 30, 2005, the day immediately preceding the Compulsory Conversion Date.

Note 1 Pursuant to Article 10-9 of the Sony's Articles of Incorporation, the number of shares of Sony Common Stock to be issued upon compulsory conversion will be calculated by multiplying the Standard Market Price for shares of TS (3,882.0 yen) by 1.1, and then dividing the result by the Standard Market Price for shares of Sony Common Stock (3,834.0 yen). (Such number will be rounded to the third decimal place, with five ten-thousandths (5/10,000) and greater being rounded upwards.)

Note 2 The Standard Market Prices for shares of TS and Sony Common Stock will be calculated by averaging the closing prices, in regular transactions on the Tokyo Stock Exchange, of shares of TS and Sony Common Stock, respectively, for thirty (30) trading days (from August 19, 2005 to October 3, 2005), commencing forty-five (45) trading days prior to the date on which Sony's Board of Directors approved the compulsory conversion of the shares of TS. (The above average will be rounded to the first decimal place, with five one-hundredths (5/100) and greater being rounded upwards.)

(3) Number of shares of Sony Common Stock to be issued upon compulsory conversion

The number of shares of Sony Common Stock to be issued upon compulsory conversion will be calculated by multiplying the number of shares of TS issued on Wednesday, November 30, 2005, by 1.114.

Based upon the number of shares of TS issued on September 30, 2005, the number of shares of Sony Common Stock that will be issued pursuant to compulsory conversion will be 3,440,032. However, this figure is subject to increase as a result of the exercise of outstanding TS warrants or TS stock acquisition rights.

(4) Commencement date for calculation of dividends

(5) Effects on Warrants and Stock Acquisition Rights for the shares of TS

Warrants and stock acquisition rights were issued for the purpose of giving stock incentives to SCN's directors and employees. On and after the Compulsory Conversion Date, as a result of the termination of shares of TS by way of compulsory conversion to shares of Sony Common Stock, the class of shares to be issued upon exercise of such warrants or stock acquisition rights will be changed to shares of Sony Common Stock. In addition, the exercise prices of such warrants and stock acquisition rights will be adjusted in accordance with the conversion ratio for the compulsory conversion, as follows:
