**Statutory results**

The condensed consolidated income statement, condensed consolidated statement of comprehensive income, condensed consolidated balance sheet, condensed consolidated statement of changes in equity, condensed consolidated cash flow statement and related notes presented on pages 173 to 209 inclusive are on a statutory basis and include the results and financial position of ABN AMRO. The interests of the State of the Netherlands and Santander in RFS Holdings are included in minority interests.

**Condensed consolidated income statement****for the year ended 31 December 2009**

In the income statement below, amortisation of purchased intangible assets and integration and restructuring costs are included in operating expenses. Data for 2008 has been restated for the amendment to IFRS 2 'Share-based Payment'.

## **Financial review**

### **Operating loss**

Operating loss before tax for the year was £2,595 million compared with a loss of £40,836 million in 2008.

### **Total income**

Total income increased 50% to £38,690 million in 2009.

**Net interest income** decreased by 12% to £16,504 million.

**Non-interest income** increased to £22,186 million from £7,193 million in 2008. This included a gain on redemption of own debt of £3,790 million. Excluding the gain on redemption of own debt, non-interest income increased by £11,203 million primarily due to the increase in income from trading activities.

### **Operating expenses**

Operating expenses decreased from £54,202 million in 2008 to £21,478 million of which integration and restructuring costs were £1,286 million compared with £1,357 million in 2008. Write-down of goodwill and other intangible assets was £363 million compared with £32,581 million in 2008.

### **Net insurance claims**

Bancassurance and general insurance claims, after reinsurance, increased by 10% to £4,857 million.

### **Impairment losses**

Impairment losses were £14,950 million, compared with £8,072 million in 2008.

### **Taxation**

The effective tax rate for 2009 was 14.3% compared with 5.7% in 2008.

**Earnings**

Basic earnings per ordinary and B share, including discontinued operations, improved from a loss of 146.7p to a loss of 6.4p.

**Capital**

Capital ratios at 31 December 2009 were 11.0% (Core Tier 1), 14.1% (Tier 1) and 16.1% (Total).

**Condensed consolidated balance sheet****at 31 December 2009**

### Commentary on condensed consolidated balance sheet

Total assets of £1,696.5 billion at 31 December 2009 were down £705.2 billion, 29%, compared with 31 December 2008, principally reflecting substantial repayments of customer loans and advances as corporate customer demand fell and corporates looked to deleverage their balance sheets. Lending to banks also fell in line with significantly reduced wholesale funding activity. There were also significant falls in the value of derivative assets, with a corresponding fall in derivative liabilities.

Cash and balances at central banks were up £39.9 billion to £52.3 billion due to the placing of short-term cash surpluses, including the proceeds from the issue of B shares in December, with central banks.

Loans and advances to banks decreased by £46.4 billion, 34%, to £91.8 billion with reverse repurchase agreements and stock borrowing ('reverse repos') down by £23.7 billion, 40% to £35.1 billion and lower bank placings, down £22.7 billion, 29%, to £56.7 billion largely as a result of reduced wholesale funding activity in Global Banking & Markets.

Loans and advances to customers were down £146.3 billion, 17%, at £728.4 billion. Within this, reverse repos increased by 4%, £1.7 billion to £41.0 billion. Excluding reverse repos, lending decreased by £148.0 billion, 18%, to £687.4 billion or by £141.8 billion, 17%, before impairment provisions. This reflected reductions in Global Banking & Markets of £71.4 billion, and planned reductions in Non-Core of £30.1 billion, including a £3.2 billion transfer to disposal groups in respect of RBS Sempra Commodities and the Asian and Latin American businesses. Reductions were also experienced in US Retail & Commercial, £7.4 billion; UK Corporate & Commercial, £5.4 billion; Ulster Bank, £1.8 billion; and the effect of exchange rate movements, £33.1 billion, following the strengthening of sterling

during the year, partially offset by growth in UK Retail of £9.2 billion, and in Wealth of £1.4 billion.

Debt securities were flat at £267.3 billion and equity shares decreased by £6.8 billion, 26%, to £19.5 billion, principally due to the sale of the Bank of China investment and lower holdings in Global Banking & Markets and Non-Core, largely offset by growth in Group Treasury, in part reflecting an £18.0 billion increase in the gilt liquidity portfolio, and in the RFS Holdings minority interest.

Settlement balances were down £5.8 billion, 33%, at £12.0 billion as a result of lower customer activity.

Movements in the value of derivative assets, down £551.1 billion, 56%, to £441.5 billion, and liabilities, down £547.2 billion, 56%, to £424.1 billion, reflect the easing of market volatility, the strengthening of sterling and significant tightening in credit spreads in the continuing low interest rate environment.

Increases in assets and liabilities of disposal groups reflect the inclusion of the RBS Sempra Commodities business and the planned sale of a number of the Group's retail and commercial activities in Asia and Latin America.

Deposits by banks declined by £115.9 billion, 45%, to £142.1 billion due to a decrease in repurchase agreements and stock lending ('repos'), down £45.7 billion, 55%, to £38.0 billion and reduced inter-bank deposits, down £70.2 billion, 40% to £104.1 billion principally in Global Banking & Markets, reflecting reduced reliance on wholesale funding, and in the RFS Holdings minority interest.

**Commentary on condensed consolidated balance sheet** (continued)

Customer accounts were down £25.3 billion, 4%, to £614.2 billion. Within this, repos increased £10.2 billion, 18%, to £68.4 billion. Excluding repos, deposits were down £35.5 billion, 6%, to £545.8 billion, primarily due to; reductions in Global Banking & Markets, down £43.6 billion; Non-Core, £13.0 billion; including the transfer of £8.9 billion to disposal groups; and Ulster Bank, £1.2 billion; together with exchange rate movements, £21.3 billion, offset in part by growth across all other divisions, up £23.0 billion, and in the RFS Holdings minority interest, up £20.6 billion.

Debt securities in issue were down £32.7 billion, 11% to £267.6 billion mainly as a result of movements in exchange rates, together with reductions in Global Banking & Markets, Non-Core and the RFS Holdings minority interest.

Retirement benefit liabilities increased by £0.9 billion, 46%, to £3.0 billion, with net actuarial losses of £3.7 billion, arising from lower discount rates and higher assumed inflation, partially offset by curtailment gains of £2.1 billion due to changes in prospective pension benefits.

Subordinated liabilities were down £11.5 billion, 23% to £37.7 billion, reflecting the redemption of £5.0 billion undated loan capital, £1.5 billion trust preferred securities and £2.7 billion dated loan capital, together with the effect of exchange rate movements and other adjustments, £2.9 billion, partly offset by the issue of £2.3 billion undated loan capital within the RFS Holdings minority interest.

Equity minority interests decreased by £4.7 billion, 22%, to £16.9 billion. Equity withdrawals of £3.1 billion, due to the disposal of the investment in the Bank of China attributable to minority shareholders and the redemption, in part, of certain trust preferred securities, exchange rate movements of £1.4 billion, the recycling of related available-for-sale reserves to income, £0.5 billion, and dividends paid of £0.3 billion, were partially offset by attributable profits of £0.3 billion.

Owners' equity increased by £18.9 billion, 32% to £77.7 billion. The issue of B shares to HM Treasury in December 2009 raised £25.1 billion, net of expenses, and was offset in part by the creation of a £1.2 billion reserve in respect of contingent capital B shares. The placing and open offer in April 2009 raised £5.3 billion to fund the redemption of the £5.0 billion preference shares issued to HM Treasury in December 2008. Actuarial losses, net of tax, of £2.7 billion; the attributable loss for the period, £2.7 billion; exchange rate movements of £1.9 billion; the payment of other owners dividends of £0.9 billion including £0.3 billion to HM Treasury on the redemption of preference shares, and partial redemption of paid-in equity £0.3 billion were partly offset by increases in available-for-sale reserves, £1.8 billion; cash flow hedging reserves, £0.6 billion; and the equity owners gain on withdrawal of minority interests, net of tax, of £0.5 billion arising from the redemption of trust preferred securities.

## Notes on statutory results

### 1. Basis of preparation

The directors have reviewed the Group's forecasts, projections and other relevant evidence. The directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus, the results for the year ended 31 December 2009 have been prepared on a going concern basis.

### 2. Accounting policies

The annual accounts of the Group are prepared in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB (together "IFRS") as adopted by the European Union ("EU"). It also complies with IFRS as issued by the IASB.

The Group has implemented *Vesting Conditions and Cancellation* amendments to IFRS 2 Share-based Payment. The amendments change the way the cancellation of share schemes by an employee are treated. Previously, cancellations resulted in credits as the charge was trued up to reflect the reduction in the number of shares that vest. Under the amendments, cancellations result in the amount that would otherwise have been recognised over the remainder of the vesting period being charged to profit or loss immediately. Implementation of these amendments has increased the charge for the Group's share schemes in 2009 by £325 million. The Group's income statement, related notes and cash flow statement for the year ended 31 December 2008 has been restated increasing loss before tax by £169 million. There is no effect on the Group's balance sheet at 31 December.

IAS 1 (Revised 2007) *Presentation of Financial Statements* has introduced a number of changes in the format and content of financial statements including a statement of changes in equity (showing the components of changes in equity for the period) as a primary financial statement and a statement of comprehensive income immediately following the income statement.

The Group has adopted *Improving Disclosures about Financial Instruments* (Amendments to IFRS 7 *Financial Instruments: Disclosures*). They expand disclosures required about fair value measurement and liquidity risk.

The Group has extended its accounting policy on derecognition to cover the redemption or settlement of issued debt:

On the redemption or settlement of debt securities (including subordinated liabilities) issued by the Group, the Group derecognises the debt instrument and records a gain or loss being the difference between the debt's carrying amount and the cost of redemption or settlement. The same treatment applies where the debt is exchanged for a new debt issue that has terms substantially different from those of the existing debt. The assessment of whether the terms of the new debt instrument are substantially different takes into account qualitative and quantitative characteristics including a comparison of the discounted present value of the cash flows under the new terms with the discounted present value of the remaining cash flows of the original debt issue.

There are a number of other changes to IFRS that were effective from 1 January 2009. They have had no material effect on the Group's financial statements.

**Notes on statutory results(continued)****3. Restatements**

Divisional results for 2008 have been restated to reflect the Group's new organisational structure that includes a Non-Core division comprising individual assets, portfolios and lines of business that the Group intends to run off or dispose. The Non-Core division is reported separately from the divisions which form the Core Group. In addition, separate reporting of Business Services (formerly Group Manufacturing) and Centre results has changed and, with the exception of certain items of a one off nature, costs incurred are now allocated to the customer-facing divisions and included in the measurement of the returns which they generate. The changes do not affect the Group's results. Comparatives have been restated accordingly.

The statutory results for 2008 have been restated for the amendment to IFRS 2 'Share-based Payment'. This has resulted in an increase in staff costs amounting to £169 million in 2008.

**4. Goodwill**

	<b>2009</b>	2008
	<b>£m</b>	£m
Amortisation and write-down of goodwill and other intangible assets	<b>363</b>	32,581

The write-down of goodwill for the year ended 31 December 2009 principally relates to ABN AMRO and NatWest goodwill allocated to Non-Core businesses.

**5. Pensions**

	<b>2009</b>	2008
	<b>£m</b>	£m
<b>Net pension deficit/(surplus)</b>		
At 1 January	<b>1,996</b>	(115)
Currency translation and other adjustments	<b>(114)</b>	144

Income statement		
- Curtailment gains	<b>(2,148)</b>	-
- Pension cost	<b>659</b>	490
Net actuarial losses	<b>3,665</b>	2,287
Contributions by employer	<b>(1,153)</b>	(810)
At 31 December	<b>2,905</b>	1,996
Net assets of schemes in surplus	<b>(58)</b>	(36)
Net liabilities of schemes in deficit	<b>2,963</b>	2,032

Curtailment gains of £2,148 million have been recognised in 2009 arising from changes to pension benefits in the main UK scheme and certain other subsidiaries schemes due to the capping of future salary increases that will count for pension purposes to the lower of 2% or the rate of inflation in any year.

## Notes on statutory results(continued)

## 5. Pensions (continued)

	<b>2009</b>	2008
<b>Pension costs (excluding curtailment gains)</b>	<b>£m</b>	£m
Defined benefit schemes	<b>659</b>	490
Defined contribution schemes	<b>126</b>	148
	<b>785</b>	638

Excluding curtailment gains, total pension costs for the year ended 31 December 2009 amounted to £785 million (2008 - £638 million). Defined benefit schemes charges are based on the actuarially determined pension cost rates at 31 December 2008.

At 31 December 2009, increased benefit obligations, reflecting lower discount rates and higher assumed inflation, have been partially offset by increased asset values. This has resulted in net actuarial losses for the year of £3,665 million (2008 - £2,287 million) and net defined benefit pension liabilities of £2,905 million at 31 December 2009 (2008 - £1,996 million).

The most recent funding valuation of the main UK scheme, as at 31 March 2007, showed a surplus of assets over liabilities of £0.7 billion. The next valuation is due as at 31 March 2010 and the Group expects this valuation to show that liabilities exceed the value of the assets. Following this valuation, the Group and scheme Trustees will agree the level of contributions to be paid to the scheme. This could result in the amount of contributions payable in 2010 and subsequent years being materially different from the current rates based on the previous valuation.

**Notes on statutory results**(continued)**6. Loan impairment provisions**

Operating loss is stated after charging loan impairment losses of £14,134 million (2008 - £7,091 million). The balance sheet loan impairment provisions increased in the year from £11,016 million to £17,283 million and the movements thereon were:

	<b>2009</b>	2008
	<b>£m</b>	£m
At beginning of year	<b>11,016</b>	6,452
Transfers to disposal groups	<b>(324)</b>	(767)
Currency translation and other adjustments	<b>(530)</b>	1,441
Disposals	<b>(65)</b>	(178)
Amounts written-off	<b>(6,939)</b>	(3,148)
Recoveries of amounts previously written-off	<b>399</b>	319
Charge to income statement	<b>14,134</b>	7,091
Unwind of discount	<b>(408)</b>	(194)
	<b>17,283</b>	11,016

The provision at 31 December 2009 includes £157 million (2008 - £127 million) in respect of loans and advances to banks. The charge to the income statement in the table above excludes £816 million (2008 - £981 million) relating to available-for-sale securities.

**7. Taxation**

The credit for taxation differs from the tax credit computed by applying the standard UK corporation tax rate of 28% (2008 - 28.5%) as follows:

	<b>2009</b>	2008
	<b>£m</b>	£m
Loss before tax from continuing operations	<b>(2,595)</b>	(40,836)
Expected tax credit at 28% (2008 - 28.5%)	<b>(727)</b>	(11,638)

Edgar Filing: ROYAL BANK OF SCOTLAND GROUP PLC - Form 6-K

Non-deductible goodwill impairment	<b>102</b>	8,292
Unrecognised timing differences	<b>(274)</b>	274
Other non-deductible items	<b>508</b>	378
Non-taxable items:		
- gain on redemption of own debt	<b>(693)</b>	-
- other	<b>(410)</b>	(491)
Taxable foreign exchange movements	<b>(1)</b>	80
Foreign profits taxed at other rates	<b>320</b>	203
Losses in year not recognised	<b>780</b>	942
Losses brought forward and utilised	<b>(94)</b>	(11)
Adjustments in respect of prior periods	<b>118</b>	(352)
Actual tax credit	<b>(371)</b>	(2,323)

## Notes on statutory results(continued)

**8. Profit/(loss) attributable to minority interests**

	<b>2009</b>	2008
	<b>£m</b>	£m
Trust preferred securities	<b>39</b>	65
Investment in Bank of China	<b>359</b>	78
Sempra	<b>234</b>	164
ABN AMRO	<b>(295)</b>	(11,153)
Other	<b>12</b>	14
Profit/(loss) attributable to minority interests	<b>349</b>	(10,832)

**9. Other owners' dividends**

	<b>2009</b>	2008
	<b>£m</b>	£m
Preference shareholders		
Non-cumulative preference shares of US\$0.01	<b>342</b>	293
Non-cumulative preference shares of €0.01	<b>201</b>	183
Non-cumulative preference shares of £1		
- issued to UK Financial Investments Limited (1)	<b>274</b>	-
- other	<b>61</b>	60
Paid-in equity holders		
Interest on securities classified as equity, net of tax	<b>57</b>	60
	<b>935</b>	596

Note:

(1) Includes £50 million redemption premium on repayment of preference shares.

**Notes on statutory results**(continued)**10. Earnings per ordinary and B share**

Earnings per ordinary and B share have been calculated based on the following:

	<b>2009</b>	2008
	<b>£m</b>	£m
<b>Earnings</b>		
Loss from continuing operations attributable to ordinary and B shareholders	<b>(3,535)</b>	(24,220)
Gain on redemption of paid-in equity	<b>200</b>	-
Adjusted loss from continuing operations attributable to ordinary and B shareholders	<b>(3,335)</b>	(24,220)
Add back finance on dilutive convertible securities	-	-
Diluted loss from continuing operations attributable to ordinary and B shareholders	<b>(3,335)</b>	(24,220)
Loss from discontinued operations attributable to ordinary and B shareholders	<b>(72)</b>	(86)
<b>Number of shares (millions)</b>		
Ordinary shares in issue during the year	<b>51,494</b>	16,563
B shares in issue during the year	<b>1,397</b>	-
Weighted average number of ordinary and B shares in issue during the year	<b>52,891</b>	16,563
Effect of dilutive share options and convertible securities	<b>438</b>	-
Diluted weighted average number of ordinary and B shares in issue during the year	<b>53,329</b>	16,563
<b>Basic loss per ordinary and B share from continuing operations</b>	<b>(6.3p)</b>	(146.2p)
<b>Diluted loss per ordinary and B share from continuing operations</b>	<b>(6.3p)</b>	(146.2p)
<b>Basic loss per ordinary and B share from discontinued operations</b>	<b>(0.1p)</b>	(0.5p)
<b>Diluted loss per ordinary and B share from discontinued operations</b>	<b>(0.1p)</b>	(0.5p)

**11. Dividends**

The Group has undertaken that, unless otherwise agreed with the European Commission, neither the company nor any of its direct or indirect subsidiaries (excluding companies in the ABN AMRO Group) will pay external investors any dividends or coupons on existing hybrid capital instruments (including preference shares, B shares and upper and lower tier 2 instruments) from a date starting not later than 30 April 2010 and for a period of two years thereafter ("the Deferral period"), or exercise any call rights in relation to these capital instruments between 24 November 2009 and the end of the deferral period, unless there is a legal obligation to do so. Hybrid capital instruments issued after 24 November 2009 will generally not be subject to the restriction on dividend or coupon payments or call options.

## Notes on statutory results(continued)

**12. Discontinued operations and assets and liabilities of disposal groups**

<b>(Loss)/profit from discontinued operations, net of tax</b>	<b>2009</b>	<b>2008</b>

<b>Business acquired exclusively with a view to disposal:</b>		
Loss after tax	<b>(99)</b>	(251)
<b>(Loss)/profit from discontinued operations, net of tax</b>	<b>(99)</b>	3,971

Discontinued operations for 2008 reflect the results of Banco Real sold to Santander on 24 July 2008.

Businesses acquired exclusively with a view to disposal comprise those ABN AMRO businesses, including Banca Antonveneta, Asset Management and Private Equity, classified as disposal groups on the acquisition of ABN AMRO on 17 October 2007. The Asset Management business was sold to Fortis on 3 April 2008. Banca Antonveneta, excluding its subsidiary Interbanca, was sold to Banca Monte dei Paschi de Siena S.p.A. on 30 May 2008.

## Notes on statutory results(continued)

Liabilities acquired exclusively with a view to disposal	-	51	51	859
	10,993	7,897	18,890	859

At 31 December 2009, disposal groups comprise the assets and liabilities of:

- RBS Sempra Commodities;
- the Group's retail and commercial businesses across Asia and wholesale banking business in Vietnam, the Philippines, Taiwan and Pakistan;
- certain of the Group's commercial lending business in Latin America; and
- the remaining ABN AMRO business, primarily Private Equity, classified as disposal groups on the acquisition of ABN AMRO.

At 31 December 2008, disposal groups related principally to the assets and liabilities of the remaining ABN AMRO business, primarily Private Equity, classified as disposal groups on the acquisition of ABN AMRO.

**Notes on statutory results**(continued)**13. Financial instruments** (continued)**Valuation of financial instruments carried at fair value**

Certain aspects relating to the valuation of financial instruments carried at fair value are discussed below.

**Valuation reserves**

When valuing financial instruments in the trading book, adjustments are made to mid-market valuations to cover bid-offer spread, liquidity, credit risk and future administrative costs.

Valuation reserves and adjustments comprise:

	<b>2009</b>	2008
	<b>£m</b>	£m
Credit valuation adjustments:		
Monoline insurers	<b>3,796</b>	5,988
CDPCs	<b>499</b>	1,311
Other counterparties	<b>1,588</b>	1,738
	<b>5,883</b>	9,037
Bid-offer and liquidity reserves	<b>2,814</b>	3,260
	<b>8,697</b>	12,297
Debit valuation adjustments:		
Debt securities in issue	<b>(2,331)</b>	(2,373)
Derivatives	<b>(467)</b>	(450)
Total debit valuation adjustments	<b>(2,798)</b>	(2,823)
Total reserves	<b>5,899</b>	9,474

Credit valuation adjustments (CVA) represent an estimate of the adjustment to fair value that a market participant would make to incorporate the credit risk inherent in counterparty derivative exposures. The Group makes such credit adjustments to derivative exposures it has to counterparties, as well as debit valuation adjustments (DVA) to liabilities issued by the Group. CVA is discussed in Risk and capital management - Market turmoil - Credit valuation adjustments (page 157). Bid-offer, liquidity reserves and own credit are discussed below.

### **Bid-offer and liquidity reserves**

Fair value positions are adjusted to bid or offer levels by marking individual cash based positions directly to bid or offer or by taking bid-offer reserves calculated on a portfolio basis for derivatives exposures.

Bid-offer and liquidity reserves reduced during the year, driven mainly by the tightening of spread across all asset classes in the first half of the year and risk reductions in the second half of the year, most notably in the interest rate trading business, partly off-set by additional reserves reflecting the implementation of a revised derivative discounting approach.

## Notes on statutory results(continued)

**13. Financial instruments** (continued)**Own credit**

In accordance with IFRS, when valuing financial liabilities recorded at fair value, the Group takes into account the effect of its own credit standing. The categories of financial liabilities on which own credit spread adjustments are made are issued debt, including issued structured notes, and derivatives. An own credit adjustment is applied to positions where it is believed that counterparties would consider the Group's creditworthiness when pricing trades.

For issued debt and structured notes, this adjustment is based on independent quotes from market participants for the debt issuance spreads above average inter-bank rates, (at a range of tenors) which the market would demand when purchasing new senior or sub-debt issuances from the Group. Where necessary, these quotes are interpolated using a curve shape derived from CDS prices.

The reserve movement between periods will not equate to the reported profit or loss for own credit. The balance sheet reserves are stated by conversion of underlying currency balances at spot rates for each period, however the income statement includes intra-period foreign exchange sell-offs.

The table below shows the own credit spread adjustments on liabilities recorded during the year ended 31 December 2009.

	Debt securities in issue Designated at fair		Total £m	Derivatives (2) £m	Total £m
	Held-for -trading (1) £m	value through profit and loss £m			
Cumulative own credit adjustment:					
<b>2009</b>	<b>1,237</b>	<b>1,094</b>	<b>2,331</b>	<b>467</b>	<b>2,798</b>
2008	1,346	1,027	2,373	450	2,823

	£bn	£bn	£bn	£bn	£bn
Book value of underlying liabilities:					
<b>2009</b>	<b>36.6</b>	<b>13.3</b>	<b>49.9</b>	<b>16.8</b>	<b>66.7</b>
2008	25.5	16.9	42.4	43.5	85.9

Notes:

- (1) The held-for-trading portfolio consists of wholesale and retail note issuances.
- (2) The effect of changes in foreign exchange rates, new issues and redemptions are not captured separately.

## Notes:

- (1) Level 1: valued using quoted prices in active markets, examples include G10 government securities listed equity shares, certain exchange-traded derivatives, and certain US agency securities.

Level 2: most government agency securities, investment-grade corporate bonds, most traded loans, repos and reverse repos, less liquid listed equities, state and municipal obligations, certain MBS, including CDOs and CLOs, most physical commodities, investment contracts issued by the Group's life assurance businesses and certain money market securities and loan commitments and most OTC derivatives.

Level 3: includes cash instruments which trade infrequently, certain syndicated and commercial mortgage loans, unlisted equity shares, certain residual interests in securitisations, super senior tranches of high grade and mezzanine CDOs, other mortgage-based products and less liquid debt securities, certain structured debt securities in issue, and OTC derivatives where valuation depends upon unobservable inputs such as certain credit and exotic derivatives. No gain or loss is recognised on the initial recognition of a financial instrument valued using a technique incorporating significant unobservable data.

- (2) Sensitivity represents the reasonably possible favourable and unfavourable effect respectively on the income statement or the statement of comprehensive income due to reasonably possible changes to valuations using reasonably possible alternative inputs to the Group's valuation techniques or models. Totals for sensitivities are not indicative of the total potential effect on the income statement or the statement of comprehensive income.
- (3) Primarily includes debt securities issued by banks and building societies.
- (4) Comprise subordinated liabilities and write downs relating to undrawn syndicated loan facilities

## 13. Financial instruments (continued)

## Reclassification of financial instruments

During 2008, as permitted by amended IAS 39, the Group reclassified financial assets from the held-for-trading and available-for-sale categories into the loans and receivables category and from the held-for-trading category into the available-for-sale category. There were further reclassifications from the held-for-trading category to the loans and receivables category during 2009. The following tables detail the effect of the reclassifications and the balance sheet values of the assets.

## Reduction in profit or loss as a result of reclassifications for the year ended 2009

	Total £m	Reclassified in:	
		2009 £m	2008 £m
From held-for-trading to:			
Available-for-sale	1,280	-	1,280
Loans and receivables	1,705	37	1,668
	2,985	37	2,948

Edgar Filing: ROYAL BANK OF SCOTLAND GROUP PLC - Form 6-K

	<b>1,995</b>	<b>20,562</b>	<b>18,273</b>	32,821	28,675
From available-for-sale to:					
Loans and receivables	-	<b>869</b>	<b>745</b>	1,016	956
	<b>1,995</b>	<b>21,431</b>	<b>19,018</b>	33,837	29,631

Note:

(1) 31 December 2008 amounts have been restated

During the year ended 31 December 2009, the balance sheet value of reclassified assets reduced by £12.4 billion. This was primarily due to disposals and repayments of £12.1 billion across a range of asset backed securities and loans including disposals through restructures of £3.4 billion on real estate and leverage financed positions. Other movements include impairment charges of £1.7 billion, foreign exchange rate losses of £2.0 billion offset by gains taken to the available-for-sale reserve of £1.1 billion, and reclassifications of £2.0 billion in 2009.

For assets reclassified from held-for-trading to available-for-sale, net unrealised losses recorded in equity at 31 December 2009 were £0.6 billion (2008 - £2.2 billion).

**Notes on statutory results**(continued)

**15. Derivatives** (continued)

The Group enters into master netting agreements in respect of its derivatives activities. These arrangements, which give the Group a legal right to set-off derivative assets and liabilities with the same counterparty, do not result in a net presentation in the Group's balance sheet for which IFRS requires an intention to settle net or to realise the asset and settle the liability simultaneously as well as a legally enforceable right to set off. They are, however, effective in reducing the Group's credit exposure from derivative assets. The Group has executed master netting agreements with the majority of its derivative counterparties resulting in a significant reduction in its net exposure to derivative assets. Of the £441 billion derivatives assets shown above, £359 billion (2008 - £834 billion) were subject to such agreements. Furthermore the Group holds substantial collateral against this net derivative asset exposure.

**16. Available-for-sale reserves**

Available-for-sale financial assets are initially recognised at fair value plus directly related transaction costs and subsequently measured at fair value with changes in fair value reported in shareholders' equity until disposal, at which stage the cumulative gain or loss is recognised in profit or loss. When there is objective evidence that an available-for-sale financial asset is impaired, any decline in its fair value below original cost is removed from equity and recognised in profit or loss.

Impairment losses are recognised when there is objective evidence of impairment. The Group reviews its portfolios of available-for-sale financial assets for such evidence which includes: default or delinquency in interest or principal payments; significant financial difficulty of the issuer or obligor; and it becoming probable that the issuer will enter bankruptcy or other financial reorganisation. However, the disappearance of an active market because an entity's financial instruments are no longer publicly traded is not evidence of impairment. Furthermore, a downgrade of an entity's credit rating is not, of itself, evidence of impairment, although it may be evidence of impairment when considered with other available information. A decline in the fair value of a financial asset below its cost or amortised cost is not necessarily evidence of impairment. Determining whether objective evidence of impairment exists requires the exercise of management judgment. The unrecognised losses on the Group's available for sale debt securities are concentrated in its portfolios of mortgage-backed securities. The losses reflect the widening of credit spreads as a result of the reduced market liquidity in these securities and the current uncertain macro-economic outlook in US and Europe. The underlying securities remain unimpaired.

During 2009 impairment losses of £816 million (2008 - £981 million) were charged to profit or loss and net unrealised gains of £1,202 million (2008 - £6,808 million loss) were recognised directly in equity on available-for-sale financial assets. Available-for-sale reserves at 31 December 2009 amounted to net losses of £1,755 million (2008 - net losses £3,561 million).

**Notes on statutory results**(continued)**17. Capital resources**

The Group's regulatory capital resources at 31 December in accordance with Financial Services Authority (FSA) definitions were as follows:

<b>Composition of regulatory capital</b>	<b>2009</b> <b>£m</b>	<b>2008</b> <b>£m</b>
<b>Tier 1</b>

## Notes on statutory results(continued)

**18. Analysis of contingent liabilities and commitments**

	<b>2009</b>	2008
	<b>£m</b>	£m
<b>Contingent liabilities</b>		
Guarantees and assets pledged as collateral security	<b>40,008</b>	49,262
Other contingent liabilities	<b>14,012</b>	22,275
	<b>54,020</b>	71,537
<b>Commitments</b>		
Undrawn formal standby facilities, credit lines and other commitments to lend	<b>291,634</b>	352,398
Other commitments	<b>6,007</b>	9,326
	<b>297,641</b>	361,724
<b>Total contingent liabilities and commitments</b>	<b>351,661</b>	433,261

Additional contingent liabilities arise in the normal course of the Group's business. It is not anticipated that any material loss will arise from these transactions.

**19. Litigation**

As a participant in the financial services industry, RBS Group operates in a legal and regulatory environment that exposes it to potentially significant litigation risks. As a result, RBS plc and other members of RBS Group are involved in various disputes and legal proceedings in the United Kingdom, the United States and other jurisdictions, including litigation. Such cases are subject to many uncertainties, and their outcome is often difficult to predict, particularly in the earlier stages of a case.

Other than as set out below in this section - "Litigation", so far as RBS Group is aware, neither RBS plc nor any member of RBS Group is or has been engaged in or has pending or threatened any governmental, legal or arbitration proceedings, which may have or have had in the recent past (covering the 12 months immediately preceding the date of this document) a significant effect on RBS Group's financial position or profitability.

*Unarranged overdraft charges*

In common with other banks in the United Kingdom, RBS plc and NatWest have received claims and complaints from a large number of customers in the United Kingdom seeking refunds of unarranged overdraft charges (the "Charges"). The vast majority of these claims and complaints have challenged the Charges on the basis that they contravene the Unfair Terms in Consumer Contracts Regulations 1999 (the "Regulations") or are unenforceable under the common law penalty doctrine (or both).

**Notes on statutory results** (continued)

**19. Litigation** (continued)

*Unarranged overdraft charges (continued)*

In July 2007, the Office of Fair Trading ("OFT") issued proceedings in a test case in the English High Court against the banks which was intended to determine certain issues concerning the legal status and enforceability of contractual terms relating to the Charges. The test case concluded in November 2009 with a judgment of the Supreme Court in favour of the banks. As a result of the court rulings made in the test case, RBS Group expects substantially all of the customer claims and complaints it has received relating to the Charges to fail. RBS Group cannot at this stage predict with any certainty the final outcome of all customer claims and complaints. It is unable reliably to estimate any liability that may arise as a result of or in connection with these matters or its effect on RBS Group's consolidated net assets, operating results or cash flows in any particular period.

*Shareholder litigation*

RBS Group and a number of its subsidiaries and certain individual officers and directors have been named as defendants in a class action filed in the United States District Court for the Southern District of New York. The consolidated amended complaint alleges certain false and misleading statements and omissions in public filings and other communications during the period 1 March 2007 to 19 January 2009, and variously asserts claims under Sections 11, 12 and 15 of the Securities Act 1933, Sections 10 and 20 of the Securities Exchange Act 1934 and Rule 10b-5 thereunder.

The putative class is composed of (1) all persons who purchased or otherwise acquired RBS Group securities between 1 March 2007 and 19 January 2009; and/or (2) all persons who purchased or otherwise acquired RBS Series Q, R, S, T and/or U non-cumulative dollar preference shares issued pursuant or traceable to the 8 April 2005 SEC registration statement and were damaged thereby. Plaintiffs seek unquantified damages on behalf of the putative class.

RBS Group has also received notification of similar prospective claims in the United Kingdom and elsewhere but no court proceedings have been commenced in relation to these claims.

RBS Group considers that it has substantial and credible legal and factual defences to these claims and will defend them vigorously. RBS Group is unable reliably to estimate the liability, if any, that might arise or its effect on RBS Group's consolidated net assets, operating results or cash flows in any particular period.

**Notes on statutory results** (continued)

**19. Litigation** (continued)

*Other securitisation and securities related litigation in the United States*

RBS Group companies have been named as defendants in a number of purported class action and other lawsuits in the United States that relate to the securitisation and securities underwriting businesses. In general, the cases involve the issuance of mortgage backed securities, collateralised debt obligations, or public debt or equity where the plaintiffs have brought actions against the issuers and underwriters of such securities (including RBS Group companies) claiming that certain disclosures made in connection with the relevant offerings of such securities were false or misleading with respect to alleged "sub-prime" mortgage exposure. RBS Group considers that it has substantial and credible legal and factual defences to these claims and will continue to defend them vigorously. RBS Group cannot at this stage reliably estimate the liability, if any, that may arise as a result of or in connection with these lawsuits, individually or in the aggregate, or their effect on RBS Group's consolidated net assets, operating results or cash flows in any particular period.

**World Online International NV.**

In November 2009 the Supreme Court in the Netherlands gave a declaratory judgment against World Online International NV, Goldmans Sachs International and ABN AMRO Bank NV in relation to claims arising out of the World Online initial public offering of 2000. It held that these Defendants had committed certain wrongful acts in connection with the initial public offering. The judgment does not establish liability or the amount of any loss. RBS Group does not believe that any final liability or loss will have a significant effect on RBS Group's financial position or profitability.

*Summary of other disputes, legal proceedings and litigation*

Members of RBS Group are engaged in other litigation in the United Kingdom and a number of overseas jurisdictions, including the United States, involving claims by and against them arising in the ordinary course of business. RBS Group has reviewed these other actual, threatened and known potential claims and proceedings and, after consulting with its legal advisers, does not expect that the outcome of these other claims and proceedings will have a material adverse effect on RBS Group's financial position or profitability in any particular period.

**20. Investigations**

RBS Group's businesses and financial condition can be affected by the fiscal or other policies and other actions of various governmental and regulatory authorities in the United Kingdom, the European Union, the United States and elsewhere. RBS Group has engaged, and will continue to engage, in discussions with relevant regulators, including in the United Kingdom and the United States, on an ongoing and regular basis informing them of operational, systems and control evaluations and issues as deemed appropriate or required. It is possible that any matters discussed or

identified may result in investigatory actions by the regulators, increased costs being incurred by RBS Group, remediation of systems and controls, public or private censure or fines. Any of these events or circumstances could have a material adverse impact on RBS Group, its business, reputation, results of operations or the price of securities issued by it.

**Notes on statutory results** (continued)

**20. Investigations** (continued)

In particular there is continuing political and regulatory scrutiny of the operation of the retail banking and consumer credit industries in the United Kingdom and elsewhere. The nature and impact of future changes in policies and regulatory action are not predictable and are beyond RBS Group's control but could have an adverse impact on RBS Group's businesses and earnings.

***Retail banking***

In the European Union, regulatory actions included an inquiry into retail banking initiated on 13 June 2005 in all of the then 25 member states by the European Commission's Directorate General for Competition. The inquiry examined retail banking in Europe generally. On 31 January 2007, the European Commission announced that barriers to competition in certain areas of retail banking, payment cards and payment systems in the European Union had been identified. The European Commission indicated that it will consider using its powers to address these barriers and will encourage national competition authorities to enforce European and national competition laws where appropriate.

***Multilateral interchange fees***

In 2007, the European Commission issued a decision that while interchange is not illegal per se, MasterCard's current multilateral interchange fee ("MIF") arrangement for cross border payment card transactions with MasterCard and Maestro branded consumer credit and debit cards in the European Union are in breach of competition law. MasterCard was required by the decision to withdraw the relevant cross-border MIFs (i.e. set these fees to zero) by 21 June 2008.

MasterCard appealed against the decision to the European Court of First Instance on 1 March 2008, and the Group has intervened in the appeal proceedings. In addition, in Summer 2008, MasterCard announced various changes to its scheme arrangements. The EC Commission was concerned that these changes might be used as a means of circumventing the requirements of the infringement decision. In April 2009 MasterCard agreed an interim settlement on the level of cross-border MIF with the European Commission pending the outcome of the appeal process and, as a result, the European Commission has advised it will no longer investigate the non-compliance issue (although MasterCard is continuing with its appeal).

Visa's cross-border MIFs were exempted in 2002 by the European Commission for a period of five years up to 31 December 2007 subject to certain conditions. On 26 March 2008, the European Commission opened a formal inquiry into Visa's current MIF arrangements for cross border payment card transactions with Visa branded debit and consumer credit cards in the European Union and on 6 April 2009 the European Commission announced that it had issued Visa with a formal Statement of Objections. At the same time Visa announced changes to its interchange levels and introduced some changes to enhance transparency. There is no deadline for the closure of the inquiry.

**Notes on statutory results** (continued)

**20. Investigations** (continued)

*Multilateral interchange fees* (continued)

In the UK, the OFT has carried out investigations into Visa and MasterCard domestic credit card interchange rates. The decision by the OFT in the MasterCard interchange case was set aside by the Competition Appeal Tribunal (the "CAT") in June 2006. The OFT's investigations in the Visa interchange case and a second MasterCard interchange case are ongoing. On 9 February 2007, the OFT announced that it was expanding its investigation into domestic interchange rates to include debit cards. In January 2010 the OFT advised that it did not anticipate issuing a Statement of Objections prior to the European Court's judgment, although it has reserved the right to do so if it considers it appropriate.

The outcome of these investigations is not known, but they may have an impact on the consumer credit industry in general and, therefore, on RBS Group's business in this sector.

*Payment Protection Insurance*

Having conducted a market study relating to Payment Protection Insurance ("PPI"), on 7 February 2007 the OFT referred the PPI market to the Competition Commission ("CC") for an in-depth inquiry. The CC published its final report on 29 January 2009 and announced its intention to order a range of remedies, including a prohibition on actively selling PPI at point of sale of the credit product (and for 7 days thereafter), a ban on single premium policies and other measures to increase transparency (in order to improve customers' ability to search and improve price competition). Barclays Bank PLC subsequently appealed certain CC findings to the Competition Appeal Tribunal ("CAT"). On 16 October 2009, the CAT handed down a judgment quashing the ban on selling PPI at the point of sale of credit products and remitted the matter back to the CC for review. The CC's current Administrative Timetable is to publish a supplementary report by Summer 2010 and give further consideration to its full range of recommended remedies and a draft order to implement them during Autumn 2010.

The FSA has been conducting a broad industry thematic review of PPI sales practices and in September 2008, the FSA announced that it intended to escalate its level of regulatory intervention. Substantial numbers of customer complaints alleging the mis-selling of PPI policies have been made to banks and to the FOS and many of these are being upheld by the FOS against the banks.

In September 2009, the FSA issued a consultation paper on guidance on the fair assessment of PPI mis-selling complaints and, where necessary, the provision of an appropriate level of redress. The consultation also covers proposed rules requiring firms to re-assess (against the new guidance) all PPI mis-selling complaints received and rejected since 14 January 2005. A policy statement containing final guidance and rules is expected in early 2010. Separately, discussions continue between the FSA and RBS Group in respect of concerns expressed by the FSA over certain categories of historical PPI sales.

*Personal current accounts*

On 16 July 2008, the OFT published the results of its market study into personal current accounts in the United Kingdom. The OFT found evidence of competition and several positive features in the personal current account market but believes that the market as a whole is not working well for consumers and that the ability of the market to function well has become distorted.

**Notes on statutory results** (continued)

**20. Investigations** (continued)

*Personal current accounts (continued)*

On 7 October 2009, the OFT published a follow-up report summarising the initiatives agreed between the OFT and personal current account providers to address the OFT's concerns about transparency and switching, following its market study. Personal current account providers will take a number of steps to improve transparency, including providing customers with an annual summary of the cost of their account and making charges prominent on monthly statements. To improve the switching process, a number of steps are being introduced following work with BACS, the payment processor, including measures to reduce the impact on consumers of any problems with transferring direct debits.

On 22 December 2009, the OFT published a further report in which it stated that it continued to have significant concerns about the operation of the personal current account market in the United Kingdom, in particular in relation to unarranged overdrafts, and that it believed that fundamental changes are required for the market to work in the best interests of bank customers. The OFT stated that it would discuss these issues intensively with banks, consumer groups and other organisations, with the aim of reporting on progress by the end of March 2010.

*US dollar clearing activities*

In connection with a previously disclosed investigation of ABN AMRO's New York Branch by US regulatory authorities, ABN AMRO and members of ABN AMRO's management continue to provide information to the United States Department of Justice relating to ABN AMRO's dollar clearing activities, United States Department of Treasury compliance procedures and other Bank Secrecy Act of 1970 compliance matters. ABN AMRO has reached an agreement in principle with the United States Department of Justice that would resolve all presently known aspects of the ongoing investigation, although no written agreement has yet been reached and negotiations continue. Under the terms of the agreement in principle, ABN AMRO and the United States would enter into a deferred prosecution agreement in which ABN AMRO would waive indictment and agree to the filing of information in the United States District Court charging it with certain violations of federal law based on information disclosed in an agreed factual statement. ABN AMRO would also agree to continue co-operating in the United States' ongoing investigation and to

settle all known civil and criminal claims currently held by the United States for the sum of US\$500 million. The precise terms of the deferred prosecution agreement are still under negotiation.

***Securitisation and collateralised debt obligation business***

The New York State Attorney General has issued subpoenas to a wide array of participants in the securitisation and securities industry, focusing on the information underwriters obtained as part of the due diligence process from the independent due diligence firms. RBS Securities Inc. has produced documents requested by the New York State Attorney General, principally related to loans that were pooled into one securitisation transaction and will continue to cooperate with the investigation. More recently, the Massachusetts Attorney General has issued a subpoena to RBS Securities Inc. seeking information related to residential mortgage lending practices and sales and securitisation of residential mortgage loans. These respective investigations are in the early stages and therefore it is difficult to predict the potential exposure from any such investigation. RBS Group and its subsidiaries are co-operating with these various investigations and requests.

**Notes on statutory results**(continued)

**20. Investigations** (continued)

***Other investigations***

In the UK, the OFT has been investigating RBS Group for alleged conduct in breach of Article 101 of the Treaty on the Functioning of the European Union and/or the Chapter 1 prohibition of the Competition Act 1998 relating to the provision of loan products to professional services firms. RBS Group is co-operating fully with the OFT's investigation.

In April 2009 the FSA notified RBS Group that it was commencing a supervisory review of the acquisition of ABN AMRO in 2007 and the 2008 capital raisings and an investigation into conduct, systems and controls within the Global Banking & Markets division of the Group. RBS Group and its subsidiaries are cooperating fully with this review and investigation.

In November 2009, the FSA informed RBS Group that it was commencing an investigation into certain aspects of the policies of, and training and controls within, certain of RBS Group's UK subsidiaries relating to compliance with UK money laundering regulations during the period from December 2007 to December 2008. RBS Group and its subsidiaries are cooperating fully with this investigation.

In January 2010, the FSA informed RBS Group that it intended to commence an investigation into certain aspects of the handling of customer complaints. The scope of the proposed investigation (including which businesses and subsidiaries are affected) is not yet clear. RBS Group and its subsidiaries intend to co-operate fully with this investigation.

In the United States, RBS Group and certain subsidiaries have received requests for information from various governmental agencies, self-regulatory organisations, and state governmental agencies including in connection with sub-prime mortgages and securitisations, collateralised debt obligations and synthetic products related to sub-prime mortgages. In particular, during March 2008, RBS Group was advised by the US Securities and Exchange Commission that it had commenced a non-public, formal investigation relating to RBS Group's United States sub-prime securities exposures and United States residential mortgage exposures. RBS Group and its subsidiaries are cooperating with these various requests for information and investigations.

**Notes on statutory results(continued)**

**21. The Financial Services Compensation Scheme**

The Financial Services Compensation Scheme (FSCS), the UK's statutory fund of last resort for customers of authorised financial services firms, pays compensation if a firm is unable to meet its obligations. The FSCS funds compensation for customers by raising management expenses levies and compensation levies on the industry. In relation to protected deposits, each deposit-taking institution contributes towards these levies in proportion to their share of total protected deposits on 31 December of the year preceding the scheme year (which runs from 1 April to 31 March), subject to annual maxima set by the Financial Services Authority (FSA). In addition, the FSCS has the power to raise levies ('exit levies') on firms who have ceased to participate in the scheme and are in the process of ceasing to be authorised for the amount that the firm would otherwise have been asked to pay during the relevant levy year.

FSCS has borrowed from HM Treasury to fund the compensation costs associated with Bradford & Bingley, Heritable Bank, Kaupthing Singer & Friedlander, Landsbanki 'Icesave' and London Scottish Bank plc. These borrowings are on an interest-only basis until September 2011. The annual limit on the FSCS management expenses levy for the three years from September 2008 in relation to these institutions has been capped at £1 billion per annum.

The FSCS will receive funds from asset sales, surplus cash flow, or other recoveries in relation to these institutions which will be used to reduce the principal amount of the FSCS's borrowings. Only after the interest only period, which is expected to end in September 2011, will a schedule for repayment of any remaining principal outstanding (after recoveries) on the borrowings be agreed between the FSCS and HM Treasury. It is expected that, from that point, the FSCS will begin to raise compensation levies (principal repayments). No provision has been made for these levies as the amount is not yet known and is unlikely to be determined before 2011.

**22. Related party transactions**

Full details of the Group's related party transactions for the year ended 31 December 2009 are included in the Group's 2009 Annual Report and Accounts.

**23. Date of approval**

This announcement was approved by the Board of directors on 24 February 2010.

**24. Filings with the US Securities and Exchange Commission (SEC)**

A report on Form 20-F will be filed with the Securities and Exchange Commission in the United States.

**Average balance sheet - statutory**

<b>Net interest margin of banking business</b>		
	<b>1.79</b>	2.05

Notes:

- (1) Interest receivable and interest payable on trading assets and liabilities are included in income from trading activities.
- (2) Interest-earning assets and interest-bearing liabilities exclude the Retail bancassurance long-term assets and liabilities, attributable to policyholders, in view of their distinct nature. As a result, interest income has been increased by £20 million (2008 - £84 million).
- (3) Changes in the fair value of interest-bearing financial instruments designated as at fair value through profit or loss are recorded in other operating income in the consolidated income statement. In the average balance sheet shown above, interest includes increased interest income and interest expense related to these instruments of £46 million (2008 - £332 million) and £350 million (2008 - £860 million) respectively and the average balances have been adjusted accordingly.

**Statutory results**

Financial information contained in this document does not constitute statutory accounts within the meaning of section 435 of the Companies Act 2006 ('the Act'). The statutory accounts for the year ended 31 December 2009 will be filed with the Registrar of Companies following the company's Annual General Meeting. The auditors have reported on these accounts: their report was unqualified and did not contain a statement under section 498(2) or (3) of the Act.
