PRO FORMA FINANCIAL INFORMATION

The accompanying Pro Forma Consolidated Unaudited Financial Statements have been prepared by recording pro forma adjustments to the historical consolidated financial statements of the Company. The Pro Forma Consolidated Unaudited Balance Sheet as of December 31, 2002 has been prepared as if the March 2003 agreement for the redemption of the VAW-IMCO shares had been consummated as of December 31, 2002. The Pro Forma Consolidated Unaudited Statement of Operations for the year ended December 31, 2002 has been prepared as if the March 2003 agreement for the redemption of the VAW-IMCO shares had been consummated as of January 1, 2002. The VAW-IMCO historical financial statements as of December 31, 2002, were converted to US Dollars (USD) using the Federal Reserve Bank of New York rate on December 31, 2002, which was EUR 1.000 to USD 1.046.

The Pro Forma Consolidated Unaudited Financial Statements are not necessarily indicative of the financial position or results of operations that would have occurred had the transaction been effected on the assumed dates. Additionally, future results may vary significantly from the results reflected in the Pro Forma Consolidated Unaudited Statement of Operations due to normal fluctuations in operating levels, changes in prices, future transactions and other factors.

NOTES TO PRO FORMA CONDENSED CONSOLIDATED UNAUDITED FINANCIAL STATEMENTS

- A) Property, plant and equipment was reduced by \$918,000 to adjust the value of furnace assets deemed acquired. In previous years, the Company had recorded technology fee income for furnaces sold to the then 50-percent-owned joint venture; the previous offset to this entry was the Company's investment in a non-consolidated subsidiary account;
- B) Goodwill of approximately \$941,000 was recorded resulting from organizational costs incurred by the Company in negotiating and evaluating the redeemed shares;
- C) A purchase price adjustment to goodwill for \$750,000 was recorded to recognize half of the unrecognized loss in VAW-IMCO's pension liability as of December 31, 2002;
- D) The Company recognized approximately \$32,300,000 in redemption liability payable to Hydro Aluminium Deutschland GmbH (HAD), where two payments of approximately \$6,460,000 were due in less than one year, and are reflected as current maturities. In addition, the Company eliminated its investment in a non-consolidated subsidiary and eliminated all previous equity from VAW-IMCO. The consideration described above and the obligations assumed were allocated to the following assets at their fair value: approximately \$20,500,000 to cash, \$28,400,000 to accounts receivable, net of an allowance for doubtful accounts, approximately \$23,600,000 to inventories, and approximately \$29,900,000 to property, plant and equipment. In conjunction with an insignificant amount assigned to other assets, these asset additions caused total assets of the Company to increase by approximately \$104,000,000. The Company also assumed all of the obligations of VAW-IMCO which were recorded at their fair value. These included accounts payable and other accrued liabilities totaling approximately \$32,500,000, approximately \$22,300,000 in current maturities of long-term debt and approximately \$500,000 in long-term debt. The Company also assumed a \$10,400,000 liability for accrued pension costs and a deferred tax liability of approximately \$4,000,000. The purchase price allocation described above resulted in the Company recording approximately \$15,200,000 in goodwill.
- E) Interest expense of \$555,000, net of tax, was accrued to be paid to HAD with the initial payment to be made as per the redemption agreement;
- F) To reflect an adjustment for shipping costs that VAW-IMCO identified as selling, general and administrative costs in their 2002 audited financial statements, that are classified as cost of goods sold for the Company;
- G) Interest expense on the redemption liability to HAD for the redemption price for its redeemed shares in the joint venture;
- H) Reversal of equity income the Company recorded in 2002;
- I) Represents the tax effect of the additional interest expense for the redemption liability;
- J) Reclassification of current deferred taxes.
