State below in reasonable detail the reasons why Form 10-K, 20-F, 11-K, 10-Q, N-SAR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Our primary independent accountants have not received the audit report and audit work papers related to the audit of the financial statements for the year ended December 31, 2003, of our wholly-owned subsidiary, Synbiotics Europe SAS, located in Lyon, France. As a result, our primary independent accountants have not been able to review the audit work papers and perform the audit review procedures necessary to allow them to issue their audit opinion related to our consolidated financial statements for the year ended December 31, 2003. It is our understanding that the independent accountants responsible for the audit of the financial statements of Synbiotics Europe SAS are in the process of finalizing their audit procedures, and that they will shortly be forwarding their audit opinion and audit work papers to our primary independent accountants.

It is our belief that we will be able to file our the completed Form 10-K by April 14, 2004.

Edgar Filing: SYNBIOTICS CORP - Form NT 10-K

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

We reported a net loss of \$14,401,000 in 2002, and we anticipate a net income of approximately \$1,100,000 in 2003. The significant differences in our results of operations are a decrease in net sales during 2003 of \$2,557,000, offset by: 1) impairment losses during 2002 totaling \$10,633,000 related to our goodwill, and there were no such impairment losses in 2003; 2) the non-recurrence of \$3,682,000 of retention bonuses that became payable in the first quarter of 2002; and 3) a cost reduction program, including reductions in headcount, that was implemented at the end of the third quarter of 2002.
