FOR THE THREE-MONTH AND NINE-MONTH PERIODS

ENDED SEPTEMBER 30, 2004 AND 2003

AND INDEPENDENT ACCOUNTANTS' REVIEW REPORT

**Table of Contents**

**Independent Accountants' Review Report**

**To the Board of Directors and Shareholders of**

**Woori Finance Holdings Co., Ltd.**

We have reviewed the accompanying non-consolidated balance sheet of Woori Finance Holdings Co., Ltd. (the Company) as of September 30, 2004 and the related non-consolidated statements of operations and cash flows for the three-month and nine-month periods ended September 30, 2004 and 2003, all expressed in Korean won. These financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these financial statements based on our reviews.

We conducted our reviews in accordance with standards for review of interim financial statements in the Republic of Korea. These standards require that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus, provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that such non-consolidated interim financial statements are not presented fairly, in all material respects, in accordance with the financial accounting standards in the Republic of Korea.

We have previously audited, in accordance with auditing standards generally accepted in the Republic of Korea, the non-consolidated balance sheet of the Company as of December 31, 2003 and the related non-consolidated statements of income, appropriations of retained earnings and cash flows for the year then ended (not presented herein) and in our report dated February 17, 2004, we expressed an unqualified opinion on those non-consolidated financial statements. The accompanying non-consolidated balance sheet as of December 31, 2003 comparatively presented does not differ, in material respects, from such audited non-consolidated balance sheet.

Our reviews also comprehended the translation of the Korean won amounts into U.S. dollar amounts and nothing has come to our attention that causes us to believe that such translation is not made in conformity with the basis stated in Note 2 to the accompanying non-consolidated interim financial statements. Such U.S. dollar amounts are presented solely for the convenience of readers outside of the Republic of Korea.
