2005 for the specific purpose of determining the exchange ratio of common and preferred shares of the Company to be cancelled for new shares to be issued by TCP, as well as the valuation reports of the shareholders' equity of said companies, valued at market prices. It is proposed hereby that the fractions of shares of TCP, resulting from the exchange ratio, be grouped and sold in an auction (or auctions, if the case may be) at Bolsa de Valores de São Paulo - Bovespa, at the market price, and that the assessed net value be paid to the shareholders of the Company, which, on account of the respective merger of its shares and respective relation of exchange, are entitled to the referred fractions of shares, on a *pro rata* basis as to the fractions held by them, within up to five (05) business days, from the day the auction (or last auction, if the case may be) is held. It was clarified that the shares of TCP to be distributed to the shareholders of the Company shall have the same rights of the outstanding shares issued by TCP. The rights of the shareholders of the Company, related to the interest on shareholders' equity and dividends regarding the fiscal year of 2004, shall remain unchanged, as set forth in the respective general ordinary shareholders' meetings of the Company held on 2005. Such shareholders are also assured the payment of dividends that are at least equal to the minimum mandatory dividends in accordance with the Bylaws, pursuant to the Protocol of Merger approved on this meeting.

Additionally, it was presented to the Directors, for their information, the report prepared by Goldman Sachs & Companhia relating to the preparation of the valuation, confirming that equitable treatment was being given to all the companies involved.

5. To approve the Call Notice of the general shareholders' meeting of the Company regarding the subjects resolved in this meeting and that shall be submitted to its shareholders.

The Directors pointed out that the merger under analysis was approved considering that it is part of the intended Corporate Restructuring, by means of which there shall be the concentration of the shareholders of the Company, and TCO, TLE, and CRTPart in only one publicly-held company, which should enable the shareholders, after the transaction, to count on more liquidity in the Brazilian and international stock exchanges, allowing, at the end, the simplification of the current share and organizational structures, as well as a larger enjoyment of the synergies of TCP and of the other companies involved, in view of the unification, standardization and rationalization of the general management of the businesses carried out by the companies involved in the Corporate Restructuring, which, directly or through their corresponding operating companies controlled by them, use the brand **VIVO**, such being the reasons that the members of the Board of Directors recommend its approval by the general shareholders' meeting of the Company.

There being nothing further to resolve, the meeting was adjourned, these minutes were drawn up, read, found to be in order, approved by all the Directors and signed by all those in attendance. São Paulo, December 4, 2005.
