The new lending relationship is an unsecured revolving line of credit that permits borrowings up to \$17,500,000. Interest is at LIBOR, less 95 basis points. On December 20, 2005, Neogen Corporation (together with its subsidiaries, the Company) issued a press release announcing that it had purchased accounts receivable, inventory, certain fixed assets and intangible assets of the dairy antibiotic business of Belgium based UCB. The Company expects to operate the business at its present location in Spain for approximately 60 days at which time it expects to integrate the operation into its USA facilities.
