The presence in person or by proxy of the holders of a majority of the outstanding shares of the common stock is necessary to constitute a quorum at the annual meeting. Each outstanding share of common stock is entitled to one vote. Those nominees receiving a plurality of all of the votes cast at the annual meeting shall be elected to our board of directors. As such, neither abstentions nor broker non-votes (i.e., shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners or persons entitled to vote thereon), if any, will have any effect on the election of directors. All other matters, except where other provision is made by law, our certificate of incorporation or our by-laws, shall be decided by the vote of a majority of the votes cast by the stockholders present in person or by proxy and entitled to vote, a quorum being present. Broker non-votes and abstentions are not considered votes cast for this purpose, and will have the effect of a vote against the proposal.

ELECTION OF DIRECTORS

Our Certificate of Incorporation and By-Laws provide that the number of directors on our board shall be fixed from time to time exclusively pursuant to a resolution adopted by a majority of our board of directors. The number of members constituting our board of directors is currently fixed at nine.

In accordance with our Certificate of Incorporation and By-Laws, our board of directors is divided into three classes, as nearly equal in number as reasonably possible, and members are elected for a term of office expiring at the third succeeding annual stockholders meeting following their election to office or until a successor is duly elected and qualified. Under our by-laws, subject to applicable law and unless our board determines otherwise, newly created directorships resulting from any increase in the authorized number of directors or any vacancies on the board of directors resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled only by a majority vote of the directors then in office, though less than a quorum, and directors so chosen shall hold office until the annual meeting of stockholders next after their election at which time their continuing directorship is subject to stockholder approval. The terms of office of each of the Class I, Class II and Class III directors expire at the annual meeting in 2006, 2007 and 2008, respectively.

Three Class I directors are to be elected at the annual meeting for a term expiring at the annual meeting to be held in 2009, or until their respective successors are duly elected and qualified. If, at the time of or prior to our annual meeting, any of the nominees should be unable or decline to serve, the discretionary authority provided in the proxy may be used to vote for a substitute or substitutes designated by our board of directors. Our board of directors has no reason to believe that any substitute nominee or nominees will be required. No proxy will be voted for a greater number of persons than the number of nominees named herein.

- (a) Dollar amounts are calculated by multiplying the number of shares of common stock awarded by the closing price of our common stock on the business day immediately preceding the date the award is granted, in each case net of the consideration paid to us by the grantee upon his receipt of the award, which consideration is the par value of the awarded shares of restricted stock. Shares generally vest in four equal annual installments, beginning on the first anniversary of the grant date, or in full when the executive retires from his employment with us, unless vesting is accelerated by the occurrence of certain limited events. Messrs. A.R. Ginn, Chambers and Kelly Ginn have received special long-term restricted stock grants that will vest in full only on retirement, as defined in the agreements governing such grants, unless vesting is accelerated by the occurrence of certain limited events. For additional information regarding these special long-term grants, please see Employment and Change-in-Control Agreements Restricted Stock Grants.

Frances R. Powell	\$ 245,752	
Kenneth W. Maddox	\$ 169,942	
William M. Young	\$ 169,942

Employment and Change-in-Control Agreements

Supplemental Retirement Benefits. We maintain a supplemental retirement plan, which is a nonqualified, unfunded benefit plan under which designated key employees are eligible to receive monthly benefits following their retirement with us. If a participating key employee dies before retirement, his designated beneficiary is eligible to receive monthly or annual pre-retirement survivor benefits. Our board of directors determines the amount of retirement benefit to be payable to an eligible employee at the time our board of directors designates the employee as eligible to participate in our supplemental retirement plan. Generally, a participant becomes vested in his retirement benefit under the supplemental plan at the rate of 20% for each year of service with us and becomes fully vested upon his disability or upon the occurrence of a change-in-control of NCI. Messrs. A.R. Ginn and Maddox, among others, are currently participants in our supplemental retirement plan. The benefit payable to Mr. A.R. Ginn, beginning at age 68, is \$200,000 per year for ten years. Mr. A.R. Ginn's benefit under the supplemental plan vests 20% per year over the five years ending December 13, 2007 and currently is 60% vested. The benefit payable to Mr. Maddox following his retirement, which is expected in late 2009 or early 2010, is \$100,000 per year for 10 years. Mr. Maddox's benefit under the supplemental plan vests 20% per year over the five years ending August 26, 2008 and currently is 20% vested. We have acquired life insurance policies for certain participants to be used to discharge our obligations under our supplemental retirement plan. Mr. A.R. Ginn and Mr. Maddox have each agreed not to compete with us during the ten-year periods during which they are to receive the benefits payable under the supplemental retirement plan.

Management Incentive Plan. In connection with our acquisition of MBCI in May 1998, we established trusts under the Metal Building Components, L.P. and Metal Coaters Operating, L.P. Management Incentive Plan and related trust agreements (the Management Incentive Plan) for certain officers of MBCI. The amounts deposited in the trusts represented unvested amounts under one of MBCI's employee benefit plans that was forfeited to us in the acquisition and included \$684,760 for the account of Mr. A.R. Ginn, \$993,370 for the account of Mr. Maddox and \$911,790 for the account of Mr. Kelly Ginn. The amounts held in trust for the participants in the Management Incentive Plan, after taking into account any investment income and losses on those amounts, were held in trust for the account of each participant until May 1, 2003. Each of Messrs. A.R. Ginn, Kelly Ginn and Maddox is 100% vested in his trust account. Mr. Kelly Ginn previously received all distributions owed to him from this account. Messrs. A.R. Ginn and Maddox each exercised an option to defer the distribution of amounts owed to them under their respective accounts, and each received 50% of his respective trust account balance on May 1, 2004 and the remaining amount on May 1, 2005.

Restricted Stock Grants. On May 28, 2004, upon the recommendation of the Compensation Committee, our board of directors approved a special long-term grant of restricted stock for Mr. A.R. Ginn. The restricted stock award was for 75,000 shares. As the holder of the restricted shares, Mr. A.R. Ginn has the right to vote the shares and to receive dividends paid by us, whether in cash or stock, but may not transfer the shares until they are vested. The shares of restricted stock vest on January 1, 2008, which is the anticipated date of Mr. A.R. Ginn's retirement. The shares of restricted stock will vest immediately if Mr. A.R. Ginn dies or becomes disabled while employed by us, is terminated without cause or resigns for good reason (each as defined under the agreement) or if there is a change in control of NCI. Mr. A.R. Ginn will forfeit the shares of restricted stock if his employment with us is terminated for any other reason, including his voluntary termination or resignation without good reason (as defined under the agreement) or termination of his employment by us with cause. In addition, Mr. A.R. Ginn must comply with a covenant not to compete with us for the five years immediately following his receipt of any vested shares under his restricted stock award. If Mr. A.R. Ginn breaches his covenant not to compete, he must either return the 75,000 shares to us, if he still owns them, or pay us the then current market value of the 75,000 shares if he does not then own them. Our board of directors granted this special long-term restricted stock award to Mr. A.R. Ginn in connection with its decision to increase Mr. A.R. Ginn's overall compensation.

On April 26, 2004, upon the recommendation of the Compensation Committee, our board of directors approved a special long-term grant of restricted stock for Mr. Chambers. The restricted stock award was for that number of whole shares having a value of \$2 million based on the closing price of our common stock on April 23, 2004 or 64,516 shares. As the holder of the restricted shares, Mr. Chambers has the right to vote the shares and to receive dividends paid by us, whether in cash or stock, but may not transfer the shares until they are vested. The shares of restricted stock vest when Mr. Chambers retires from his employment with us at or after attaining age 65. The shares of restricted stock will vest immediately if Mr. Chambers dies or becomes disabled while employed by us, is terminated without cause or resigns for good reason (each as defined under the agreement) or if there is a change in control of NCI. Mr. Chambers will forfeit the shares of restricted stock if his employment with us is terminated for any other reason, including his voluntary termination or resignation without good reason (as defined under the agreement) or termination of his employment by us with cause. The special long-term grant to Mr. Chambers is intended to serve as an incentive for Mr. Chambers to remain in our employ until he retires. In addition, Mr. Chambers must comply with a covenant not to compete with us for the five years immediately following his receipt of any vested shares under his restricted stock award. If Mr. Chambers breaches his covenant not to compete, he must either return the 64,516 shares to us, if he still owns them, or pay us the then current market value of the 64,516 shares if he does not then own them.

On August 28, 2003, upon the recommendation of the Compensation Committee, our board of directors approved a special long-term grant of restricted stock for Mr. Kelly Ginn. The restricted stock award was for that number of whole shares having a value of \$1.0 million based on the closing price of our common stock on August 27, 2003, or 54,526 shares. As the holder of the restricted shares, Mr. Kelly Ginn has the right to vote the shares and to receive dividends paid by us, whether in cash or stock, but may not transfer the shares until they are vested. The shares of restricted stock vest when Mr. Kelly Ginn retires from his employment with us at the age of 65. The shares of restricted stock will vest immediately if Mr. Kelly Ginn dies or becomes disabled while employed by us, is terminated without cause or resigns for good reason (each as defined under the agreement) or if there is a change in control of NCI. Mr. Kelly Ginn will forfeit the shares of restricted stock if his employment with us is terminated for any other reason, including his voluntary termination or resignation without good reason (as defined in the agreement) or termination of his employment by us with cause. The special long-term grant to Mr. Kelly Ginn is intended to serve as an incentive for Mr. Kelly Ginn, who has responsibility for the Metal Components Division, which generated approximately 60% of our revenues in fiscal 2005, to remain in our employ until he retires. In addition, Mr. Kelly Ginn must comply with a covenant not to compete with us for the five years immediately following his receipt of any vested shares under his restricted stock award. If Mr. Kelly Ginn breaches his covenant not to compete, he must either return the 54,526 shares to us, if he still owns them, or pay us the then current market value of the 54,526 shares if he does not then own them.

Chambers Employment Agreement. On April 12, 2004 we entered into an employment agreement with Norman C. Chambers, our President and Chief Operating Officer. The term of the employment

Table of Contents

agreement is ten years and provides for Mr. Chambers to receive: (i) a base salary of not less than \$400,000 per year; (ii) an annual bonus calculated pursuant to the terms of our existing bonus program, with Mr. Chambers being considered a Level I participant for purposes thereof; (iii) a lump sum payment of \$250,000 payable upon commencement of Mr. Chamber's employment in consideration for sums he would have been entitled to, but did not receive, from his prior employer; (iv) a grant under our 2003 Long-Term Stock Incentive Plan, as amended (the 2003 Plan) of 200,000 nonqualified options to purchase our common stock at an exercise price of \$31.00 per share, subject to the terms and conditions set forth in a separate Nonqualified Stock Option Agreement; (v) the right to receive semi-annual grants of additional options to purchase our common stock as a Level SE1 participant under the 2003 Plan in the discretion of the compensation committee of our board of directors; (vi) a grant of 50,000 shares of our common stock under the 2003 Plan pursuant to the terms of a separate Restricted Stock Agreement; (vii) a special long-term restricted stock award of a number of shares of our common stock having an aggregate fair market value of approximately \$2 million, subject to the terms of a separate Restricted Stock Agreement; (viii) health insurance and other benefits available to other members of senior management as well as a car allowance plus reimbursement for automobile insurance and mileage incurred which is related to business use; and (viii) four weeks paid vacation per year.

The employment agreement also provides for certain payments to be made upon the termination of Mr. Chambers's employment with us. If Mr. Chambers is terminated for cause or resigns without good reason (each as defined under the employment agreement; the definition of good reason includes the failure to appoint Mr. Chambers Chief Executive Officer after A. R. Ginn ceases to serve in that capacity), then he will be entitled to receive only salary and benefits earned by him or accrued for his account through the date of his termination. If, however, Mr. Chambers is terminated without cause or resigns for good reason, he will continue to receive his base salary for the term of the employment agreement on the same terms as he received it while an employee. If Mr. Chambers is terminated without cause or resigns for good reason within two years after a change in control (as defined in the employment agreement), then he shall receive, within seven days of such termination, a lump-sum payment equal to the present value of all future payments of base salary owed to him under the employment agreement.

Mr. Chambers is subject to certain confidentiality obligations during and after his employment with us. In addition, Mr. Chambers is subject to certain noncompetition and nonsolicitation provisions for a period equal to three years following the longer of (i) the date of his termination of employment with us and (ii) the end of the period during which Mr. Chambers is entitled to receive compensation payments from us under the employment agreement.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of our board of directors is responsible for determining executive compensation. Mr. Breedlove, Mr. Forbes, Mr. Hawk, Mr. Pieper and Mr. Sterling are the only members of the Compensation Committee. None of the Compensation Committee members were at any time during fiscal 2005, or at any other time, an officer or employee of NCI or any of our subsidiaries. No member on the Compensation Committee serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board of directors or compensation committee.

Report of the Compensation Committee

NCI's compensation program for executive officers is designed and administered to attract, retain and motivate highly qualified executives, and to align their interests with the long-term interests of the Company's stockholders, by providing appropriate, competitive compensation and financial rewards. The ultimate goal of NCI's executive compensation program is to increase stockholder value by providing the executives with appropriate incentives to achieve the Company's business objectives. We believe that NCI can best accomplish this goal by structuring an executive compensation program that rewards executives for superior performance, as measured by financial and non-financial factors, including major compensation components that are linked directly to increases in recognized measures of stockholder value.

Table of Contents

The principal elements of compensation provided to executive and other officers historically have consisted of a base salary, supplemented with the opportunity to earn a bonus under our annual cash bonus program (Bonus Program) and long-term incentive compensation awards of stock options and restricted stock. NCI also has provided supplemental retirement benefits to certain of its executives.

In developing NCI's current compensation policies and practices, we have in the past sought and intend in the future to seek input from compensation consultants to measure comparability with industry and other peers. We believe that using outside consultants is an efficient way for us to keep current regarding competitive compensation practices, although we do not believe that we should accord undue weight to the advice of outside professional advisors. Our charter gives us the sole authority to retain our advisors, including compensation consultants. In March 2002, we hired a third-party compensation consultant to conduct a review of NCI's compensation structure for its executive and most senior managers. The consultant reviewed NCI's base salaries, bonus levels and equity compensation program and compared them to the compensation structure of companies in an NCI peer group as well as to benchmarking studies conducted by other compensation consultants. The peer group consisted of a variety of companies in related industries, including some of the companies included in the industry index used in the stock performance chart below. The consultant concluded that NCI's base salary levels were at or near the median for the peer group, but that the then current target levels for minimum bonuses under the Bonus Plan did not provide adequate levels of compensation for good performance. The consultant recommended that NCI continue its practice of paying conservative base salaries, but allow more flexibility under the Bonus Program if NCI performs well. As a result, we amended NCI's bonus program to adjust the minimum required levels of return on assets and increases in earnings per share required for the payment of bonuses, as further described below. We intend to engage a compensation consultant in fiscal 2006 and at periodic intervals thereafter to re-evaluate NCI's compensation practices and policies to assist us in maintaining our compensation goals.

The Compensation Committee has reviewed tally sheets affixing dollar amounts to all components of the named executive officers' compensation over the last four fiscal years including salary, bonus, equity and long-term incentive compensation, realized and unrealized gains on stock option grants, the dollar value to the respective executives and cost to the Company of perquisites and other personal benefits, and the actual projected payout obligations under the Company's retirement plans and executive savings plan, and under several potential severance and change-in-control scenarios. Furthermore, the Compensation Committee has considered internal pay equity—in other words, the relative differences between the CEO's compensation and the compensation of the other named executive officers and other executive officers. Based on this review, we find the compensation for the CEO and the other named executive officers (and, in the case of the severance and change-in-control scenarios, the potential payouts) in the aggregate to be reasonable and not excessive.

Base Salary

We generally set base salaries of NCI's executives at levels that are intended to be at or near the median for the peer group examined in the 2002 compensation study. In addition, we review base salaries annually and make adjustments, in light of past individual performance as measured by both qualitative and quantitative factors and the potential for making significant contributions in the future, to ensure that salary levels remain appropriate and competitive. Individual factors are more significant than overall Company performance in a particular year in determining base salary levels and the rate of any increase in base salary levels.

Annual Bonus

Under NCI's Bonus Program as in effect in fiscal 2005, executive-level participants are eligible for the award of an annual cash bonus equal to a percentage of their respective base salaries, based upon NCI's achievement of both a minimum return on operating assets (ROA) and a minimum increase in earnings per share (EPS Growth) for the fiscal year. No bonuses may be paid unless either (i) ROA is at least 15% (14% for fiscal 2006 and later years) or (ii) EPS Growth is at least 10%. The percentage of base salary payable as a bonus increases proportionately with increases in the ROA and EPS Growth achieved. In calculating ROA and EPS Growth, we generally exclude non-cash non-recurring expenses.

The CEO and

Table of Contents

senior executives receive bonus payout percentages of 2.0 times and 1.5 times, respectively, the payout percentages for other executives. The following are illustrative examples for fiscal 2005 of the effect on the cash bonus payment of varying levels of ROA and EPS Growth:

<u>EPS Growth</u>	<u>ROA</u>	<u>Percentage of Salary for Executives</u>	<u>Percentage of Salary for Senior Executives</u>	<u>Percentage of Salary for CEO</u>
0%	10%	0%	0%	0%
0%	15%	10%	15%	20%
5%	15%	20%	30%	40%
10%	0%	0%	0%	0%
10%	5%	5%	7.5%	10%
10%	15%	25%	37.5%	50%
20%	25%	55%	82.5%	110%
30%	35%	85%	127.5%	170%

There is no cap on the amount of individual bonuses. However, total bonuses for all employees may not exceed 15% of the Company's adjusted pre-tax profit as calculated in accordance with the Bonus Program, before accrual for bonuses.

In addition, under the Bonus Program, middle management participants are eligible for the award of a cash bonus equal to a percentage of their respective base salaries, based upon NCI's achievement of a minimum 15% ROA for the fiscal year (14% for fiscal 2006 and later years). Based on the Company achieving ROA of 26.1% for fiscal 2005 and EPS Growth of 7.1% for fiscal 2005 as compared to fiscal 2004, the Company paid a total of \$1.7 million in bonuses to its executive officers, including the CEO, for fiscal 2005 under the Bonus Program.

We believe that the Bonus Program allows NCI to provide base compensation to its management group at the median range of comparable rates paid by other companies, in exchange for generous bonuses when warranted by NCI's performance. We also believe that including the achievement of earnings per share growth as an additional bonus criteria for top management provides incentives to maximize stockholder value and growth, while retaining the historical ROA incentive to aggressively manage assets in relation to income and expenses.

In December 2005, we approved amendments to the Bonus Program to take into account NCI's adoption in fiscal 2006 of SFAS 123(R), which will require the Company to recognize expense related to the grant of stock options. We amended the Bonus Program to reduce the threshold level of ROA used in the bonus calculation from 15% to 14% for fiscal 2006 and future years, and to provide that, solely for the purposes of the calculation of EPS Growth for fiscal 2006, Adjusted EPS (as defined in the Bonus Program) for fiscal 2005 shall be calculated to reflect the pro forma impact of the Company's stock option grants using the fair value method under SFAS 123(R), as set forth in the Company's audited financial statements for fiscal 2005.

Long-Term Incentive Compensation

As a result of the 2002 compensation study, the Company's board adopted and its stockholders approved the 2003 Long-Term Stock Incentive Plan (the Incentive Plan), an equity based compensation plan that allows us to grant a variety of types of awards, including stock options, restricted stock, stock appreciation rights, performance share awards, phantom stock awards and cash awards. In fiscal 2005, NCI's stockholders approved the amendment and restatement of the Incentive Plan, which, among other things, increased the number of shares of common stock reserved for issuance under the plan by approximately 1,100,000 shares of common stock and allowed us to grant performance awards,

including performance-based cash awards, under the plan. To date the Company's equity awards have been limited to stock options

Table of Contents

and restricted stock. We believe that stock options and restricted stock align the interests of the Company's executives with those of its stockholders by encouraging executives to enhance the value of the Company, and hence, the price of the common stock and each stockholder's return.

In determining the level of equity-based awards, we considered the 2002 compensation study, the number of shares available for distribution under the program and the overall dilutive effect of the equity-based grants. In determining whether to make equity-based awards to executives, we also consider factors including an executive's current ownership stake in the Company, the degree to which increasing that ownership stake would provide the executive with additional incentives for future performance, the likelihood that the grant of those awards would encourage the executive to remain with the Company and the value of the executive's service to the Company. Taking into account those factors, we have adopted a policy of granting equity-based awards valued at \$150,000 for the CEO and with values ranging from \$40,000 to \$100,000 for other senior executives two times per year to provide continuing incentive for future performance. The number of shares subject to the option granted on each grant date is determined by dividing the dollar value to be granted by the exercise price and rounding to the nearest full share. In addition, the most senior executives, including the CEO, have the option of receiving, in lieu of such option award, a restricted stock award for a number of shares equal to one-half of the option award they otherwise would have received. The options and restricted stock awards generally vest over a period of four years from the date of grant, and the options have a term of 10 years. In addition, in fiscal 2005 we approved amendments to the special long-term restricted stock awards granted to Mr. A.R. Ginn, Mr. Chambers and Mr. Kelly Ginn to provide for vesting of the entire award upon termination of employment without cause or by the executive for good reason. In fiscal 2005, we granted a total of 37,538 options to purchase Common Stock and 20,797 restricted shares to executive officers, including our Chief Executive Officer.

Other Compensation

Some members of management also receive benefits under NCI's supplemental retirement plan, the Management Incentive Plan and the various other arrangements described above under Employment and Change-in-Control Agreements. We believe that benefit programs such as these, which address the unique circumstances of executives in light of limitations imposed on benefits payable from qualified welfare, profit-sharing and retirement plans, are critical in attracting and retaining quality executives. In addition, in December 2005 we approved a deferred compensation plan for officers and directors to aid such persons in their financial planning. The deferred compensation allows officers and key employees of NCI to defer up to 25% of their annual salary and up to 90% of their bonus until a specified date in the future, including at or after retirement. The plan also allows NCI's directors to defer up to 100% of their annual fees and meeting attendance fees until a specified date in the future, including at or after retirement. Amounts deferred earn interest at a rate equal to the three-month LIBOR rate plus 3%. The deferred compensation plan will be effective for compensation awarded for fiscal 2006.

CEO Compensation

Compensation for Mr. A. R. Ginn, the Company's Chairman and Chief Executive Officer, is determined in the same manner set forth above with regard to executive officers generally. We are directly responsible for determining the salary level of the CEO and for all awards and grants to the CEO under the Bonus Program and Incentive Plan. We believe that NCI has experienced challenges in recent years caused by depressed economic conditions, increased competition and extreme volatility in the price of steel. Accordingly, the overall compensation package for the CEO is designed to motivate and reward the CEO for driving the Company to strengthen its competitive position in the nonresidential construction market, and a significant portion of the CEO's compensation is incentive-based, providing greater compensation as direct and indirect measures of stockholder value increase. The CEO's overall compensation package has also been set at a level that we believe provides appropriate differentiation between Mr. A.R. Ginn's overall compensation package and the compensation packages of other executive officers hired from time to time.

Edgar Filing: NCI BUILDING SYSTEMS INC - Form DEF 14A

During fiscal 2004, we set base salaries for Mr. A.R. Ginn and Mr. Chambers at \$615,000 and \$415,000, respectively. In December 2004 we approved modest increases in base salary for fiscal 2005 for our other named executive officers and certain other senior managers, other than Messrs. A.R. Ginn and

Table of Contents

Chambers. We did not increase Mr. A.R. Ginn's and Mr. Chambers's base salary for fiscal 2005 because we believed that their base salaries were in line with industry averages. In December 2005 we approved increases in base salaries for fiscal 2006 for Messrs. A.R. Ginn and Chambers to \$650,000 and \$450,000, respectively, as well as modest increases in base salary for fiscal 2006 for our other named executive officers and certain other senior managers.

Deductibility of Compensation

We have taken action, where possible and considered appropriate, to preserve the deductibility of compensation paid to the Company's executive officers. We have also awarded compensation that might not be fully tax deductible when such grants were nonetheless in the best interests of the Company and its shareholders. The Company generally will be entitled to take tax deductions relating to compensation that is performance-based, which may include cash incentives, stock options, restricted stock, and other performance-based awards.

We will continue to review the Company's executive compensation practices to determine if elements of executive compensation qualify as performance-based compensation under the Internal Revenue Code and will seek to preserve tax deductions for executive compensation to the extent consistent with our objective of providing compensation arrangements necessary and appropriate to foster achievement of the Company's business goals. In furtherance of this policy, the stockholders have approved the 2003 Stock Incentive Plan, as amended and restated, to satisfy Section 162(m)'s performance-based compensation requirements.

BOARD OF DIRECTORS

Independence and Meetings

We have a majority of independent directors on our board of directors as required by the listing standards of the New York Stock Exchange. Our board of directors has determined, after considering all of the relevant facts and circumstances, that Messrs. Breedlove, Forbes, Hawk, Lukens, Martinez, Pieper and Sterling are independent from our management, as independence is defined by the rules and regulations of the SEC and the listing standards of the New York Stock Exchange. This means that none of the independent directors have any direct or indirect material relationship with us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us. Other than as disclosed below, none of the directors whom our board has determined are independent have any relationships with NCI. Our Nominating and Corporate Governance Committee has carefully reviewed each of the relationships discussed below, and on its recommendation, the members of our board of directors have unanimously determined (with the directors affected abstaining) that such relationships are not material.

Until May 2004, Mr. Sterling was a general partner in the law firm of Gardere Wynne Sewell LLP, and he served in an of-counsel position with Gardere from May 2004 until his resignation from the firm, which was effective upon his election to our board of directors. Mr. Sterling's spouse is, and was at all times during our 2005 fiscal year, a general partner at Gardere. Gardere has performed legal services for us in each of our last three fiscal years. Our board of directors has determined that our prior and current relationship with Gardere is not material. In making such determination, the board of directors considered the independent nature that Mr. Sterling had exhibited during his many years as outside counsel to the Company, the fact that Mr. Sterling resigned from all positions with Gardere effective upon his election to the board, and the fact that the retirement payments to Mr. Sterling from Gardere are fixed payments not affected by any potential ongoing engagement of Gardere as counsel for the Company, and the fact that the legal fees NCI has paid to Gardere were significantly less than 1% of Gardere's total firm revenues for each of its last three fiscal years.

Mr. Forbes has an equity interest in VeriCenter, Inc., a service provider for NCI's disaster recovery plan. Our board of directors has determined that this relationship is not material. In making this determination, the board considered the fact that Mr. Forbes's ownership interest is approximately 0.03% of VeriCenter's outstanding equity interests, and the payments to be made by NCI over the course of its contract with VeriCenter are anticipated to be less than 0.01% of VeriCenter's annual revenues.

Our board of directors met seven times during the fiscal year ended October 29, 2005. No director attended fewer than 75% of the aggregate of (i) the total number of meetings of the board of directors (held during the period for which he has been a director) and (ii) the total number of meetings held by all committees of the board on which he served (during the periods that he served). It is our policy to schedule a meeting of the board of directors on the date of the annual meeting, and we encourage all of our directors to attend that meeting. All of our current directors attended last year's annual meeting.

Our independent directors meet without the presence of management at regularly scheduled executive sessions. These executive sessions occur before or after regularly scheduled meetings of our board of directors. The presiding director of these executive sessions is the Chairman of the Nominating and Corporate Governance Committee, currently Mr. Pieper. For information on how you can communicate with our non-management directors, please see [Communications With Our Board](#).

Board Committees

Our board of directors has appointed four committees the Executive Committee, the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

Executive Committee

The Executive Committee is generally authorized to act on behalf of our board of directors between scheduled meetings of our board of directors to the fullest extent permitted by Delaware corporate law; provided, however, that the Executive Committee does not have the authority to commit over \$5.0 million of our resources with respect to a single matter or an aggregate of \$10.0 million for all matters between regularly scheduled meetings, approve amendments to our charter or by-laws or approve specified extraordinary corporate transactions. For a complete description of the authority of the Executive Committee and the limits on that authority, please see the Corporate Governance Guidelines adopted by our board of directors, a copy of which is included as Appendix A to this proxy statement and is also available on our website at www.ncilp.com under the heading Investor Relations - Corporate Governance.

During fiscal 2005, the members of the Executive Committee were Mr. Forbes, Mr. Chambers and Mr. A.R. Ginn, with Mr. A.R. Ginn serving as Chairman. The Executive Committee met twenty-one times during the fiscal year ended October 29, 2005.

Audit Committee

The Audit Committee is responsible for engaging and discharging the independent auditors and for monitoring audit functions and procedures. The Audit Committee provides assistance to the board of directors regarding the corporate accounting and reporting practices of NCI and the quality and integrity of its financial reports. The members of the Audit Committee are Mr. Forbes, Mr. Hawk, Mr. Lukens and Mr. Martinez, with Mr. Forbes serving as Chairman. The Audit Committee met six times during the fiscal year ended October 29, 2005.

The Audit Committee is composed solely of directors who are not our officers or employees, have the requisite financial literacy to serve on the Audit Committee, as determined by our board of directors, and whom our board of directors has determined are independent under the standards of the New York Stock Exchange and the rules and regulations of the SEC.

In accordance with the rules and regulations of the SEC, the above paragraph regarding the independence of the members of the Audit Committee shall not be deemed to be soliciting material or to be filed with the SEC or subject to Regulations 14A or 14C of the Exchange Act or to the liabilities of Section 18 of the Exchange Act and shall not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, notwithstanding any general incorporation by reference of this proxy statement into any other filed document.

Our board of directors, after reviewing all of the relevant facts, circumstances and attributes, has determined that Gary L. Forbes, the Chairman of our Audit Committee, is the audit committee financial expert on the Audit Committee.

The Audit Committee operates under an Audit Committee Charter adopted by our board of directors, a copy of which is available on our website at www.ncilp.com under the heading Investor Relations - Corporate Governance.

Compensation Committee

The Compensation Committee is responsible for reviewing and making recommendations to our board of directors on all matters relating to compensation and benefits provided to executive management. The members of the Compensation Committee are Mr. Breedlove, Mr. Forbes, Mr. Hawk, Mr. Pieper and Mr. Sterling, with Mr. Breedlove serving as Chairman. The Compensation Committee met four times during the fiscal year ended October 29, 2005.

The Compensation Committee is composed solely of directors who are not our officers or employees and whom our board of directors have determined are independent under the standards of the New York Stock Exchange and the rules and regulations of the SEC.

The Compensation Committee operates under a Compensation Committee Charter adopted by our board of directors, a copy of which is available on our website at www.ncilp.com under the heading Investor Relations - Corporate Governance.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for reviewing and interviewing qualified candidates to serve on our board of directors and to make nominations to fill vacancies on our board of directors and to select the management nominees for the directors to be elected by our stockholders at each annual meeting. In addition, the Nominating and Corporate Governance Committee is responsible for evaluating, implementing and overseeing the standards and guidelines for the governance of the Company, including monitoring compliance with those standards and guidelines, as well as overseeing succession planning and evaluating the performance of our board of directors. The members of the Nominating and Corporate Governance Committee are Mr. Breedlove, Mr. Lukens, Mr. Martinez, Mr. Sterling, and Mr. Pieper, with Mr. Pieper serving as the Chairman. The Nominating and Corporate Governance Committee met three times during the fiscal year ended October 29, 2005.

The Nominating and Corporate Governance Committee is composed solely of directors who are not our officers or employees and whom our board of directors has determined are independent under the standards of the New York Stock Exchange and the rules and regulations of the SEC.

The Nominating and Corporate Governance Committee operates under a Nominating and Corporate Governance Committee Charter adopted by our board of directors, a copy of which is available on our website at www.ncilp.com under the heading Investor Relations - Corporate Governance. Our Corporate Governance Guidelines adopted by our board of directors, a copy of which is included as Appendix A to this proxy statement, include the criteria our board of directors believes are important in the selection of director nominees.

Our board of directors believes that a nominee for director should be, about to be or have been a senior manager, chief operating officer, chief financial officer or chief executive officer of a relatively complex organization such as a corporation, university, foundation or governmental entity or unit or, if in a professional or scientific capacity, be accustomed to dealing with complex problems, or otherwise have obtained and excelled in a position of leadership. In addition, directors and nominees for director should have the education, experience, intelligence, independence, fairness, reasoning ability, practical wisdom and vision to exercise sound, mature judgments on a macro and entrepreneurial basis and should have high personal and professional ethics, strength of character, integrity and values. Directors and nominees for director also should be free and willing to attend regularly scheduled meetings of our board of directors and its committees and otherwise able to contribute a reasonable amount of time to our affairs, with participation on other boards of directors encouraged to provide breadth of experience to our board of directors. The age at the time of election of any nominee for director should be such to assure a minimum of three years of service as a director.

In identifying and evaluating nominees for director, the Nominating and Corporate Governance Committee first looks at the overall size and structure of our board of directors to determine the need to add or remove directors and to determine if there are any specific qualities or skills that would complement the existing strengths of our board of directors.

The Nominating and Corporate Governance Committee uses multiple sources for identifying and evaluating nominees for directors including referrals from our current directors and management, as well as input from third party executive search firms. The Chairman of the Nominating and Corporate Governance Committee and our Chairman of the Board will then interview qualified candidates. Qualified candidates are then invited to meet the remaining members of the Nominating and Corporate Governance Committee. The remaining directors also have an

Edgar Filing: NCI BUILDING SYSTEMS INC - Form DEF 14A

opportunity to meet and interview qualified candidates. The Nominating Committee then determines, based on the background information and the information obtained in the interviews, whether to recommend to the board of directors that a candidate be nominated to our board of directors.

Table of Contents

The Nominating and Corporate Governance Committee will consider qualified nominees recommended by stockholders who may submit recommendations to the Nominating and Corporate Governance Committee in care of our Chairman of the Board and Secretary at our address set forth on page one of this proxy statement. To be considered by the Nominating and Corporate Governance Committee, stockholder nominations must be submitted before our fiscal year-end and must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve, if elected. Nominees for director who are recommended by our stockholders will be evaluated in the same manner as any other nominee for director.

Nominations by stockholders may also be made at an annual meeting of stockholders in the manner provided in our by-laws. Our by-laws provide that a stockholder entitled to vote for the election of directors may make nominations of persons for election to our board of directors at a meeting of stockholders by complying with required notice procedures. Nominations must be made by written notice and the notice must be received at our principal executive offices not less than 75 or more than 85 days before any annual meeting of stockholders. If, however, notice or prior public disclosure of an annual meeting is given or made less than 75 days before the date of the annual meeting, the notice must be received no later than the 10th day following the date of mailing of the notice of the annual meeting or the date of public disclosure of the date of the annual meeting, whichever is earlier.

The notice must specify:

as to each person the stockholder proposes to nominate for election or re-election as a director:

the name, age, business address and residence address of the person;

the principal occupation or employment of the person;

the class and number of shares of our capital stock that are owned of record or beneficially by the person; and

any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors under Regulation 14A of the Exchange Act; and

as to the stockholder giving the notice:

the name and record address of the stockholder and any other stockholder known to be supporting the nominee; and

the class and number of shares of our capital stock that are owned of record or beneficially by the stockholder making the nomination and by any other supporting stockholders.

We may require that the proposed nominee furnish us with other information as we may reasonably request to assist us in determining the eligibility of the proposed nominee to serve as a director. At any meeting of stockholders, the presiding officer may disregard the purported nomination of any person not made in compliance with these procedures.

Compensation of Directors

Effective for fiscal 2006, directors of NCI who are employees of NCI do not receive compensation as directors. We pay non-employee directors (i) an annual fee of \$30,000 plus expenses incurred to attend and/or participate in meetings, (ii) a board meeting fee of \$3,000 for each meeting of our board of directors attended, (iii) a committee meeting fee of \$1,500 for each committee meeting attended, but only if the committee meeting is held on a day on which there is no meeting scheduled for the entire board of directors,

and (iv) a meeting fee of \$750 for members of the Executive Committee for each meeting of the Executive Committee attended, but only if the committee meeting is held on a day on which there is no meeting scheduled for the entire board of directors. The Chairman of our Audit Committee, Mr. Forbes, receives an additional \$10,000 per annum. The Chairman of our Compensation Committee, Mr. Breedlove, receives an additional \$5,000 per annum, as does the Chairman of our Nominating and Corporate Governance Committee, Mr. Pieper. In addition, each non-employee director receives grants of options to purchase that number of shares having a fair market value of \$30,000 (if the non-employee director serves as the chairman of a committee) or \$25,000 (if the non-employee director does not serve as the chairman of a committee) under our 2003 Long-Term Stock Incentive Plan on June 15 and December 15 of each year, provided, that the non-employee director has served as a director for at least six months. Alternatively, directors who notify us in writing may elect to receive all or part of their semi-annual stock option grants in the form of a restricted stock award at a rate of one share of restricted stock to be issued for every two shares of common stock that otherwise would have been granted to them under the stock option grants. In addition, upon election to our board of directors, each new non-employee director will receive an initial grant of, at his or her election, either (i) options to purchase 3,000 shares of common stock or (ii) 1,500 restricted shares of common stock.

These guidelines provide a framework for our corporate governance initiatives and cover topics including, but not limited to, director qualification and responsibilities, board of director composition, director compensation and management and succession planning. The Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the guidelines and reporting and recommending to our board of directors any changes to the guidelines. The Code of Business Conduct and Ethics is applicable to all of our officers, directors and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller and other persons performing similar functions. The Code of Business Conduct and Ethics covers topics, including but not limited to, conflicts of interest, confidentiality of information and compliance with laws and regulations. AUDIT COMMITTEE AND AUDITORS

Report of the Audit Committee

We have reviewed and discussed the audited financial statements of NCI for fiscal 2005 with management. We also have discussed the audited financial statements with Ernst & Young LLP, NCI's independent registered public accountants. Our discussions with Ernst & Young LLP included, among other things, discussions relating to those topics set forth in the Codification of Statements on Auditing Standards, AU§380, Communication with Audit Committees or Others with Equivalent Authority and Responsibility, including but not limited to, the auditor's responsibility under generally accepted auditing standards, the processes used by our management in formulating accounting estimates, significant adjustments made during the audit, any disagreements with our management and any difficulties encountered by the independent auditors in performing the audit. We also reviewed written disclosures from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*) and relating to any and all relationships between it and NCI, and we discussed with Ernst & Young LLP any relationship that might affect the objectivity or independence of Ernst & Young LLP. Based on those discussions, we are not aware of any relationship between Ernst & Young LLP and NCI that affects the objectivity or independence of Ernst & Young LLP.

Based on those discussions and review, we recommended to the board of directors that the audited financial statements for fiscal 2005 be included in NCI's 2005 Annual Report to Stockholders. We have appointed Ernst & Young LLP as NCI's independent auditors for fiscal 2006, and have submitted the appointment for shareholder ratification.

We also reviewed and discussed the fees paid to NCI's independent auditors during fiscal 2005 for audit and non-audit services, which fees and services are described below under the title *Our Independent Auditors and Fees*, and have determined that the provision of the non-audit services and the fees that we pay for them are compatible with maintaining Ernst & Young LLP's independence.

This report is submitted by the members of the Audit Committee.

Pre-Approval Policies and Procedures for Audit and Non-Audit Services

The Audit Committee has developed policies and procedures concerning its pre-approval of the performance of audit and non-audit services for us by Ernst & Young LLP. These policies and procedures provide that the Audit Committee must pre-approve all audit and permitted non-audit services (including the fees and terms thereof) to be performed for us by Ernst & Young LLP, subject to the de minimus exception for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 that are approved by the Audit Committee before the completion of the audit. In pre-approving all audit services and permitted non-audit services, the Audit Committee or a delegated member must consider whether the provision of the permitted non-audit services is comparable with maintaining the independence of Ernst & Young LLP and its status as our independent auditors.

The Audit Committee has delegated to its members the authority to consider and approve management proposals for the engagement of Ernst & Young LLP to perform certain permitted non-audit services for fees of up to an aggregate of \$100,000 between quarterly meetings of the Audit Committee; provided that those pre-approvals are presented to the entire Audit Committee at its then next regularly scheduled meeting. Management proposals arising between quarterly Audit Committee meetings are presented for pre-approval to the Chairman of the Audit Committee, Gary Forbes, and in the event of his unavailability, to another member of the Audit Committee.

ADDITIONAL INFORMATION

Stockholder Proposals for 2006 Annual Meeting

In order for stockholder proposals to have been properly submitted for presentation at our annual meeting, we must have received notice prior to October 7, 2005 (the 120th day prior to February 4, 2005, the anniversary of the date on which last year's proxy was mailed to you). We received no such notice, and therefore no stockholder proposals will be presented at our annual meeting.

Stockholder Proposals for Fiscal Year 2006 Proxy Statement

If you wish to present a proposal for inclusion in our proxy material for consideration at our annual meeting to be held in 2007, you must submit the proposal in writing to our Secretary at the address shown on the first page of this proxy statement, and we must receive your proposal not later than September 29, 2006 (the 120th day prior to January 27, 2007, the anniversary of the date on which this year's proxy was mailed to you). That proposal must comply with Section 8 of Article II of our by-laws and, if it is to be included in our proxy materials, Rule 14a-8 under the Exchange Act. Our by-laws require our board of directors or the presiding officer of the annual meeting to reject any proposal for that meeting received after September 29, 2006. An untimely or non-complying proposal will be rejected.

Delivery of Proxy Statement

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as householding, potentially means extra convenience for security holders and cost savings for companies. This year, a number of brokers with accountholders who are NCI stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholder. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker or direct your written request to us at NCI Building Systems, Inc., Attention: Investor Relations Administrator, 10943 North Sam Houston Parkway West, Houston, Texas 77064 or call Todd R. Moore at 281-897-7788. The Company will promptly deliver a separate copy to you upon request.

NCI BUILDING SYSTEMS, INC.

Corporate Governance Guidelines

[Amended and Restated as of September 1, 2005]

The Board of Directors (the "Board") of NCI Building Systems, Inc. (the "Company") has adopted these guidelines to promote the effective functioning of the Board and its committees.

1. Director Qualification and Board Composition

- (a) **Independence**: The Board will consist of a majority of non-employee directors who meet the criteria for independence set by the New York Stock Exchange ("NYSE") and any other applicable rules and regulations. The Nominating and Corporate Governance Committee of the Board is responsible for annually evaluating whether members qualify as independent under applicable standards. During the year, directors are expected to inform the Nominating and Corporate Governance Committee of any material changes in their circumstances or relationships that may impact their designation by the board as independent so that it may re-evaluate the director's independent status. The Board will affirmatively determine that a director has no material relationship with the Company.
- (b) **Board Size**: The Board has the authority under the Company's Amended and Restated By-Laws (the "By-Laws") to set the number of directors. The Board believes that six to ten people is an appropriate size based on the Company's present circumstances. The Board will periodically evaluate whether a larger or smaller number of directors would better serve the Company.
- (c) **Board Election and Vacancies**: The Company's Board is divided into three classes who serve staggered terms. One class of directors is elected annually by the Company's stockholders to serve a three-year term, except as noted below. Each year, at the Company's annual meeting of stockholders, the Board recommends a class of directors for election by the stockholders. The Board's recommendations are based on the recommendation of the Nominating and Corporate Governance Committee as to the suitability of each individual to serve as a director of the Company, taking into account the membership criteria set forth herein.

The Board may fill vacancies in existing or new director positions based on the recommendation of the Nominating and Corporate Governance Committee. Such directors elected by the Board serve only until the next election of directors unless elected by the stockholders to a further term at that time.

- (d) **Board Membership Criteria**: The Nominating and Corporate Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics that the Board seeks in Board members, including without limitation, the characteristics attached hereto as Exhibit A, as well as the composition of the Board as a whole. The Nominating and Corporate Governance Committee is responsible for identifying, screening and recommending the Board candidates for membership on the Board. The entire Board shall have formal approval of all Board candidates.

Edgar Filing: NCI BUILDING SYSTEMS INC - Form DEF 14A

- (e) Term Limits: Mandatory Retirement: The Board does not believe it should limit the number of terms for which an individual may serve as a director. Directors who have served on the Board for an extended period of time are able to provide valuable insight into the operations and future of the Company based on their experience with and understanding of the Company's history, policies and objectives. The Board believes that, as an alternative to term limits, it can ensure that the Board continues to evolve and adopt

A-1

APPENDIX A

new viewpoints through the evaluation and nomination process described in these guidelines. Under the Company's By-Laws, no person may stand for election as a director after such person shall have surpassed the age of 73.

- (f) **Limitation on Other Board Service:** The Board does not believe that its members should be prohibited from serving on boards and/or committees of other organizations, and the Board has not adopted any guidelines limiting such activities; provided, however, that members of the Company's Audit Committee may not simultaneously serve on the audit committee of more than two other public companies without prior review and approval of the Board (with proper disclosure of such approval to the fullest extent required by the rules and regulations of the NYSE). The Nominating and Corporate Governance Committee and the Board will take into account the nature of and time involved in a director's service on other boards in evaluating the suitability of individual directors and making its recommendations to Company stockholders. Service on boards and/or committees of other organizations should be consistent with the Company's conflict of interest policies set forth in the Company's Code of Business Conduct and Ethics.

2. Director Responsibilities

- (a) **Responsibilities:** The director's primary responsibility is to provide effective governance over the Company's affairs for the benefit of its stockholders. In all actions taken by a director, the director is expected to exercise his or her business judgment in what he or she believes to be in the best interests of the Company. In discharging this obligation, directors are entitled to rely on the honesty and integrity of the Company's senior executives and its outside advisors and auditors.
- (b) **Attendance at Meetings:** The Board has five regularly scheduled meetings per year. The Chairman of the Board shall distribute to each director a calendar of the regularly scheduled Board meetings before the start of each calendar year. Special meetings are called as necessary. It is the responsibility of the directors to attend the meetings. In addition, members of the Board are expected to attend the Company's Annual Planning Conference, at which long-term strategic and business plans will be reviewed.
- (c) **Executive Sessions:** The independent directors will meet in executive sessions without the Company's management before or after each of the Board's regularly scheduled meetings. The Chairman of the Nominating and Corporate Governance Committee shall serve as the presiding director at each executive session of the independent directors. The name of the presiding director will be disclosed in the manner required by the NYSE and applicable federal securities laws.

The Audit Committee will maintain procedures for interested parties to communicate directly with the non-employee directors, both on a confidential and non-confidential basis. These procedures will be published in the Company's proxy statement for each annual meeting of stockholders and posted on the Company's internet website.

- (d) **Selection of Agenda:** The Chairman of the Board establishes the agenda for each Board meeting, although other Board members are free to suggest items for inclusion on the agenda. Each director is free to raise at any Board meeting subjects that are not on the agenda for that meeting.
- (e) **Distribution of Materials:** In advance of each Board or Committee meeting, an agenda will be distributed to each member. In addition, to the extent feasible or appropriate, information and data important to the members' understanding of the matters to be considered, including background summaries of presentations to be made at the meeting, will be distributed in advance of the meeting. Directors shall also routinely receive internal financial statements, earnings reports, press releases, analyst reports, copies of filings made

with the Securities and Exchange Commission and other information designed to keep them informed of the material aspects of the Company's business, performance and prospects.

- (f) **Board Committees**: The Board has established the following committees to assist the Board in discharging its responsibilities:

Audit Committee

Compensation Committee

Nominating and Corporate Governance Committee

Executive Committee

The Audit, Compensation and Nominating and Corporate Governance Committees each have Charters establishing their authority and responsibilities. The current Charters of these committees shall be published on the Company's website.

During the intervals between Board meetings, the Executive Committee shall, except as otherwise provided by the By-Laws and Delaware corporate law, have and may exercise all the powers and authority of the Board in the management of the Company's business. The Executive Committee is hereby authorized between regularly scheduled meetings of the Board of Directors and in the place and stead of the full Board of Directors as follows:

to consider and act upon any and all matters that do not involve a commitment of more than \$5.0 million for any single matter or an aggregate of \$10.0 million for all matters acted upon between meetings of the full Board of Directors; and within the limits set forth in the immediately preceding clause, to exercise all of the powers and authority of the Board of Directors in the management and affairs of the Company; and

to grant options for up to 25,000 shares of Company common stock under the Company's 2003 Long-Term Stock Incentive Plan (the 2003 Plan) to new or existing employees of the Company who are not designated as Level 1 or Level 2 participants under the Company's Bonus Program and who are not subject to Section 16 of the Securities Exchange Act of 1934, which authority shall be concurrent with, and not in lieu of, the authority of the Compensation Committee to administer the 2003 Plan and grant options thereunder; provided however, that the Executive Committee shall not have the authority to administer the 2003 Plan with respect to the options granted by it.

Notwithstanding the foregoing, the Executive Committee shall not have authority to act upon, approve or declare:

amendments to the Company's charter or by-laws;

mergers (including short-form subsidiary mergers), sales, acquisitions, consolidations or other combinations, or acquisitions or sales of substantially all of the assets, of or with any business enterprise, the Company or any subsidiary or division of the Company, unless such transaction(s) is within the \$5.0 million or \$10.0 million limits set forth above that are applicable to the Executive Committee;

sales of assets of the Company or any of subsidiary or division of the Company, other than in the ordinary course of business;

the issuance or incurrence of indebtedness for borrowed money or capital leases, other than borrowings pursuant to loan or credit arrangements approved by the full Board of Directors;

issuances of capital stock of the Company, or issuances of capital stock or ownership interests of any of its subsidiaries to a person or entity other than the Company or one of its wholly-owned subsidiaries; or

dividends or distributions upon or with respect to capital stock of the Company.

In addition, the independent directors shall adopt such resolutions establishing the key practices of the Executive Committee, including such limitations on the power and authority of the Executive Committee, as the independent directors determine. The independent directors shall annually review the key practices, power and authority of the Executive Committee.

- (g) Committee Members: Each member of the Audit, Compensation and Nominating and Corporate Governance Committees will meet the criteria for independence set by the NYSE and any other applicable rules and regulations. Members of the Audit Committee shall also satisfy any additional legal or NYSE requirements regarding financial literacy and expertise.

Committee meetings will generally be held on the same day as Board meetings. However, during the course of each year, some committee meetings, especially Audit Committee meetings, may be held on days that do not coincide with regularly scheduled Board meetings. At each Board meeting, the Chairman of each committee shall report to the full Board with respect to any meetings held by the Committee since the last Board meeting, if any. In addition, each committee shall distribute to the full Board copies of the minutes of any committee meeting.

3. Access to Management and Outside Advisors

- (a) Access to Management: The Board shall have full and free access to senior management and all other employees of the Company in order to ensure that directors can ask all questions and glean all information necessary to fulfill their duties. Any meetings or contacts that a director wishes to initiate may be arranged through the Chairman of the Board or the Chief Executive Officer of the Company; provided, however, that any director has the right to directly contact the Company's internal auditor (or persons performing the internal audit function) without informing senior management. The Board may specify a protocol for making such inquiries.

Management is encouraged to invite Company personnel to any Board meeting at which their presence and expertise would help the Board have a full understanding of matters being considered.

- (b) Access to Outside Advisors: The Board and each committee of the Board shall have the right to retain such outside advisors, including, without limitation, accountants, legal counsel or other experts or consultants, as the Board and such committee, in its sole and absolute discretion, deems advisable or appropriate. The Company shall pay all of the fees and expenses of any such advisors.

4. Director Compensation

- (a) Non-Employee Directors: The form and amount of director compensation is determined by the Board upon the recommendation of the Compensation Committee in accordance with the policies and principles set forth in its charter and applicable legal and regulatory guidelines. The Compensation Committee will conduct reviews, from time to time, of director compensation. The Compensation Committee will consider that a director's independence may be jeopardized if director compensation and perquisites exceed customary levels, if the Company makes substantial charitable contributions to organizations with which a director is affiliated, or if the Company enters into a consulting contract with (or provides other indirect forms of compensation to) an organization with which the director is affiliated.
- (b) Employee Directors: Employees of the Company who serve as a director do not receive compensation for serving as a director.

5. Director Orientation and Continuing Education

- (a) Initial Orientation: New non-employee directors will receive a comprehensive orientation from appropriate senior management of the Company regarding the Company's business and affairs.

All directors will receive a director fact book, which shall contain such information the Board requests or as the Chairman of the Board deems appropriate, including, without limitation, copies of the Company's organizational documents, equity compensation plans, material agreements and a list of other items that directors may request if they deem it advisable.

- (b) Continuing Education: The Board expects that, at least annually, all directors will participate in a continuing education event (which may coincide with a regular Board meeting) addressing among other things, current developments and best practices in corporate governance. Members of the Company's senior management may also review with the Board from time to time certain aspects of the Company's operations as part of regularly scheduled Board meetings. In addition, the Board will also normally conduct an on-site visit to one of the Company's manufacturing facilities in conjunction with a regular Board meeting at least once every other year.

6. Management Succession Planning

- (a) Annual Performance Review: At least annually, the non-employee directors will, in conjunction with the Compensation Committee, review the performance of the Company's Chief Executive Officer and other senior management in light of the Company's goals and objectives.
- (b) Succession Planning: At least annually, the Board will review succession plans for the Company's Chief Executive Officer and other senior management. The Chairman of the Nominating and Corporate Governance Committee shall chair any Board session called for the purpose of discussing succession issues. Succession planning will address both succession in the ordinary course of business and contingency planning in case of unexpected events. The offices of Chairman of the Board and Chief Executive Officer have been at times combined and at times separated. The Board has the discretion to combine or separate these positions, at it deems appropriate in light of prevailing circumstances. The Board believes that the combination or separation of these offices should be considered as part of the succession planning process. The Board further believes that it is in the best interests of the Company for the Board to make a determination as to the combination or separation of the offices of Chairman of the Board and the Chief Executive Officer each time it elects a new Chief Executive Officer.

APPENDIX A

7. Annual Performance Evaluation

- (a) Board and Committees: The Board will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Nominating and Corporate Governance Committee will receive comments from all directors and report annually to the Board with an assessment of the Board's performance. This report will be discussed at the first Board meeting immediately following the end of the Company's fiscal year. The assessment will focus on the Board's contribution to the Company and specifically focus on areas in which the Board or management believes that the Board could improve.

- (b) Corporate Governance Guidelines: In addition, the Board will conduct an annual review of the corporate governance principles and make such changes, modifications and amendments as the Board determines.

8. Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to the Company's directors, management and all employees. Each director is expected to be familiar with and to follow these policies. In addition, directors must avoid any conflict between their own interests and the interests of the Company in dealing with suppliers, customers and other third parties, and in the conduct of their personal affairs, including transactions in the Company's securities, with any affiliate or with any non-affiliated organization.

The Nominating and Corporate Governance Committee will review any allegation that a director or executive officer may have violated the Code of Business Conduct and Ethics and will report its findings to the full Board.
