Enders Fire Company Social Hall, Berryville, Virginia, and at any adjournment thereof.

The cost of solicitation of proxies and preparation of proxy materials will be borne by the Company. Solicitations of proxies will be made by use of the United States mail and may be made by direct or telephone contact by employees of the Company. Brokerage houses and nominees will be requested to forward the proxy materials to the beneficial holders of the shares held of record by these persons, and the Company will reimburse them for their reasonable charges in this connection. Shares represented by duly executed proxies in the accompanying form received by the Company prior to the meeting and not subsequently revoked will be voted at the meeting. The approximate date on which this proxy statement, the accompanying proxy card and Annual Report to Shareholders (which is not part of the Company's soliciting materials) are being mailed to the Company's shareholders is April 14, 2006.

The purposes of the meeting are to elect Directors and vote on such other business, if any, that may properly come before the meeting or any adjournment. The Company does not know of any other matters that are to come before the meeting. If any other matters are properly presented for action, the persons named in the accompanying form of proxy will vote the proxy in accordance with their best judgment. Each outstanding share of the Company's Common Stock is entitled to one vote on all matters submitted to shareholders at the meeting. There are no cumulative voting rights.

Where a shareholder directs in the proxy a choice with respect to any matter that is to be voted on, that direction will be followed. If no direction is made, proxies will be voted in favor of the election of the Directors and in the best judgment of Messrs. Lewis M. Ewing, Thomas T. Gilpin and Robert W. Smalley, Jr. on such other business, if any, that may properly come before the meeting or any adjournment. Any person who has returned a proxy has the power to revoke it at any time before it is exercised by submitting a subsequently dated proxy, by giving notice in writing to the Secretary of the Company, or by voting in person at the meeting.

The close of business on April 1, 2006, has been fixed as the record date for the meeting and any adjournment. As of that date, there were approximately 3,075,650 shares of Common Stock outstanding. The Directors and executive officers of the Company beneficially own in the aggregate 486,872 shares of the Company's Common Stock, representing 15.83% of the amount outstanding on the date hereof.

PROPOSAL ONE - ELECTION OF DIRECTORS

The Board of Directors of the Company is structured into three classes (I, II, and III) with one class elected each year to serve a three-year term. If elected, the Class III nominees will serve until the 2009 Annual Meeting of Shareholders. All nominees have consented to be named and have indicated their intent to serve if elected. The Company believes that, during the fiscal year ended December 31, 2005, all filing requirements applicable to its officers and Directors were complied with. The Company is not aware of any person having beneficial ownership of more than 10% of the Company's Common Stock.

CORPORATE GOVERNANCE AND

THE BOARD OF DIRECTORS

General

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with the Chairman of the Board, the President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

Independence of the Directors

The Board of Directors has determined that the following nine individuals of its total ten members are independent as defined by the listing standards of the NASDAQ Stock Market (NASDAQ): Mrs. Glaize and Messrs. Byrd, Ewing, Gilpin, Hardesty, Smalley, Vickers, Vinson and Wilkins. The only Director not considered independent is Mr. Milleson, who serves as the President and Chief Executive Officer of the Company.

Code of Ethics

The Board of Directors has approved a Code of Ethics for directors, officers and all employees of the Company and the Bank. The Board has also approved an addendum to the Code of Ethics applicable to the Company's senior financial management, consisting of the Chief Executive Officer and Chief Financial Officer. The addendum addresses, among other things, standards that are reasonably necessary to promote honest and ethical conduct, including conduct with respect to conflicts of interest, full, fair, accurate, timely and understandable disclosure in the Company's required periodic reports and compliance with applicable governmental rules and regulations. A copy of the addendum to the Company's Code of Ethics may be obtained by visiting the Investor Relations section of the Bank's website at www.bankofclarke.com.

Board and Committee Meeting Attendance

During 2005, the Board of Directors of the Company held six meetings. The Directors of the Company also serve as Directors of its wholly-owned subsidiary, Bank of Clarke County (the Bank). The Bank's Board held twelve meetings in 2005. During 2005 each Director attended greater than 75% of the aggregate number of meetings of both Boards of Directors and meetings of committees on which he or she was a member.

Executive Sessions

Independent Directors meet periodically outside of regularly scheduled Board meetings. The Company has scheduled four executive sessions that include only independent Directors for 2006. These sessions are led by the Chairman of the Board.

Committees of the Board

The Company's only standing committee is the Audit Committee. The Compensation Committee is a committee of the Bank's Board of Directors. Neither the Company's nor the Bank's Board of Directors has a nominating committee. The following sections discuss each of these committees.

Audit Committee. The Audit Committee met four times in 2005. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibility to the shareholders relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements and the qualifications, independence and the performance of the internal audit function. During 2005, the Company outsourced its internal audit function to an independent public accounting firm that specializes in financial institutions. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Audit Committee and the Board of Directors have adopted a written charter for the Audit Committee. This Audit Committee Charter, as adopted, was attached to the Proxy Statement for the 2004 Annual Meeting of Shareholders.

This committee consists of Messrs. Vinson, Byrd and Wilkins and Mrs. Glaize. Each of the members of the Audit Committee is independent as that term is defined in the listing standards of NASDAQ. The Company does not have an audit committee financial expert as defined by Securities and Exchange Commission regulations. The Board of Directors, however, believes that the members of the Audit Committee have the ability to understand financial statements and generally accepted accounting principles, the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves, an understanding of internal controls and procedures for financial reporting and an understanding of audit committee functions. For additional information regarding the Audit Committee, see the section titled "Audit Information - Audit Committee Report" within this Proxy Statement.

Compensation Committee. The Compensation Committee met three times in 2005. The Compensation Committee reviews the CEO's performance and compensation and reviews and sets guidelines for compensation of the other executive officers. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reported to the full Board of Directors. The Compensation Committee consists of Messrs. Smalley, Vickers and Vinson, each of whom is independent as that term is defined by the listing standards of NASDAQ. For additional information regarding the Compensation Committee, see the section titled "Executive Compensation and Related Party Transactions - Compensation Committee Report on Executive Compensation" within this Proxy Statement.

Nominating Process

There is no nominating committee of the Board of Directors. The entire Board performs the functions of a nominating committee. The Board has chosen not to have a separate nominating committee because it is comprised primarily of independent Directors and has the time and resources to perform the function of selecting board nominees. When the Board performs its nominating function, the Board acts in accordance with the Company's Articles of Incorporation and Bylaws but does not have a separate charter related to the nomination process.

In identifying potential nominees, the Board of Directors takes into account such factors as it deems appropriate, including the current composition of the Board, the range of talents, experiences and skills that would best complement those that are already represented on the Board, the balance of management and independent Directors and the need for specialized expertise. The Board considers candidates for Board membership suggested by its members and by management, and the Board will also consider candidates suggested informally by a shareholder of the Company.

The Board of Directors considers, at a minimum, the following factors for potential new Directors or the continued service of existing Directors:

the ability of the prospective nominee to represent the interests of the shareholders of the Corporation;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board.

The process used for selecting new candidates for the Board of Directors involves identifying the need to add a new member with specific qualifications or to fill a vacancy. The Chairman of the Board will initiate a search, which may involve seeking input from Board members and senior management, and considering any candidates recommended by shareholders. A list of candidates which satisfy certain criteria and otherwise qualify for membership is presented to the Board. The Chairman of the Board, along with the President and Chief Executive Officer, conducts interviews with preferred candidates from the list. Afterwards, the Board meets to conduct further interviews of preferred candidates, if necessary, and to approve final candidates for Board membership.

Shareholders may submit candidates for formal consideration by the Company in connection with an annual meeting of shareholders if timely written notice is received, in proper form, for each such recommended Director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the Company. To be timely for the 2007 Annual Meeting, the notice must be received within the time frame set forth in the section titled "Shareholder Proposals for the 2007 Annual Meeting" within this Proxy Statement. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election.

Annual Meeting Attendance

The Company has not adopted a formal policy on Director attendance at its Annual Meeting of Shareholders, although all Directors are encouraged to attend and historically most have done so. All Directors, except Mr. Vickers, attended the Company's 2005 Annual Meeting of Shareholders.

Shareholder Communication

Shareholders may communicate with all members or any member of the Board of Directors by addressing correspondence to Board of Directors or to the individual Director. Such correspondence should be addressed to the Secretary of the Company, P.O. Box 391, Berryville, Virginia 22611. All communications so addressed will be forwarded promptly, without screening, to the Chairman of the Board of Directors (in the case of correspondence addressed to Board of Directors) or to the individual Director.

Director Compensation

In 2005 the Chairman of the Board received a \$10,000 annual retainer and \$500 per Bank Board meeting attended as compensation for services as a Director. All other Directors received a \$5,000 annual retainer and \$500 per Bank Board meeting attended as compensation for services as Director. Members of the Audit and Compensation Committees received \$300 per meeting attended. Members of all other Bank committees received \$100 per meeting attended. The annual retainer amounts and per meeting fees will remain the same during 2006. Each of the independent Directors was awarded 200 shares of restricted stock during 2005, which resulted in approximately \$10,890 in compensation per Director. Members of the Audit and Compensation Committees received \$300 per meeting attended. Members of all other Bank committees received \$100 per meeting attended. The Company's Chief Executive Officer, John R. Milleson, does not receive an annual retainer, Bank Board meeting fees or Bank committee meeting fees.

**EXECUTIVE COMPENSATION AND
RELATED PARTY TRANSACTIONS**

Compensation Committee Report on Executive Compensation

The Compensation Committee, which is composed of the independent Directors listed below, recommends to the Board of Directors the annual salary levels and any bonuses to be paid to the executive officers of the Bank. The Committee also makes recommendations to the Board regarding the issuance of equity compensation and other compensation related matters. Currently, the individuals serving as the Chief Executive Officer and the Chief Financial Officer of the Company also serve in the same capacities, respectively, for the Bank. These officers are presently compensated by the Bank for services rendered, but not by the Company.

The primary objective of the Company's executive compensation program is to attract and retain highly skilled and motivated executive officers who will manage the Company in a manner to promote its growth and profitability and advance the interest of the Company's shareholders. As such, the compensation program is designed to provide levels of compensation that are reflective of both the individual's and the Company's performance in achieving its goals and objectives.

The elements of the Company's compensation program include base annual salary, short-term incentive compensation under the Bank's Executive Bonus Plan, and long-term incentives through equity compensation under the Company's 2003 Stock Incentive Plan.

Compensation for the President and Chief Executive Officer of the Company is determined by the Board of Directors, excluding the President and Chief Executive Officer, based on the recommendation of the Compensation Committee of the Board. The Compensation Committee annually reviews and approves financial performance goals and corporate objectives relevant to the Chief Executive Officer's compensation, evaluates his performance in light of these goals and objectives, and recommends to the Board his compensation level based on this evaluation. In determining the long-term incentive component of his compensation, the Committee considers the Company's performance and relative shareholder return, the value of similar incentive awards to Chief Executive Officers at comparable companies and the awards given to the Chief Executive Officer in past years. The Committee obtains incentive award data for comparable companies from trade association surveys and executive compensation consultants.

Compensation for executive officers other than the President and Chief Executive Officer is determined by the Board of Directors based on the recommendation of the Compensation Committee, with the input of the President and Chief Executive Officer. Compensation levels for all executive officers are determined based on the performance of the Company, performance judgments as to the past and future contributions of the individual officers and compensation paid to executives in similar positions in the industry.

Short-term incentive compensation for executive officers under the Executive Bonus Plan is related to the financial performance of the Company, namely return on equity. The Board establishes return on equity goals and sets the incentive amount as a percentage of annual salary. The amount of short-term incentive compensation increases when financial performance exceeds the approved goals.

Each year, the Committee also considers the desirability of granting long-term incentive awards under the Company's 2003 Stock Incentive Plan. The Committee believes that equity compensation focuses the Company's executive officers on building profitability and shareholder value by offering them ownership in the Company. In fixing the grants of equity compensation to executive officers, the Committee reviews recommended individual awards with the Chief Executive Officer, taking into account the respective scope of accountability and contributions of each executive officer.

The Board and the Compensation Committee establish overall compensation using both objective and subjective criteria based on the factors noted above. With respect to the objective portion of the performance evaluation, the Compensation Committee specifically considers the growth in earnings per share and the relative level of return on equity. The subjective component focuses on the Committee's perception of the performance by the executive officer of his or her individual responsibilities as defined by the Committee and in comparison to the compensation paid to persons in comparable positions within the industry.

Milleson's contract is for an initial two-year term. However, on January 1, 2004 and each day thereafter the term of the agreement is renewed and extended by one year. Mr. Milleson's employment may be terminated by the Bank with or without cause. If he resigns for "good reason" or is terminated "without cause" (as those terms are defined in the employment agreement), then the Company will be obligated to continue to provide the compensation and benefits specified in the agreement until the expiration of its term. If during the twelve months following the change in control, he is terminated "without cause" or resigns for "good reason", he will receive an amount equal to 299% of his base salary, annual bonus and equivalent benefits. In addition, during the Company's three fiscal years ended December 31, 2004 and during the subsequent period preceding March 16, 2005, the Company did not consult with Smith Elliott Kearns & Company, LLC regarding the application of accounting principles to a specified transaction or the type of audit opinion that might be rendered on the Company's financial statements or any other matters or events that are required to be disclosed by applicable securities laws.
