Item 1 Reports to Stockholders.

Invests primarily in global fixed-income securities

Semi-Annual Report

April 30, 2006

### Letter to Shareholders

June 19, 2006

Dear Shareholder,

We present this Semi-Annual Report which covers the activities of Aberdeen Global Income Fund, Inc. (the Fund ) for the six-months ended April 30, 2006.

#### Amendment to Investment Objective, Investment Policies and Investment Restrictions

At the 2006 Annual Meeting of Shareholders (2006 Annual Meeting), shareholders approved proposals to amend the Fund's principal investment objective, to amend the Fund's fundamental investment policies with respect to the credit quality of the Fund's portfolio securities, and to amend the Fund's fundamental investment restrictions regarding borrowing and concentration of investments. Shareholders also voted to amend and restate the Fund's charter. Shareholders also approved a proposal to amend the Fund's management agreement and investment advisory agreement to provide that fees paid under those agreements will be based on managed assets attributable to common stock, preferred stock and the amount of any borrowings for investment purposes.

The Fund s current principal investment objective is to provide high current income by investing primarily in fixed income securities. As a secondary investment objective, the Fund seeks capital appreciation, but only when consistent with its principal investment objective.

The Fund s investments are now divided into three new categories: investments in Developed Markets, Investment Grade Developing Markets and Sub-Investment Grade Developing Markets. Developed Markets are those countries contained in the Citigroup World Government Bond Index, Luxembourg and the Hong Kong Special Administrative Region. Investment Grade Developing Markets are those countries whose sovereign debt is rated not less than Baa3 by Moody s or BBB- by S&P. Sub-Investment Grade Developing Markets are those countries that are not Developed Markets or Investment Grade Developing Markets. Under normal circumstances, at least 60% of the Fund s total assets would be invested in a portfolio of fixed income securities from issuers in Developed Markets or Investment Grade Developing Markets, whether or not denominated in the currency of such country; provided, however, that the Fund will invest at least 40% of its total assets in fixed income securities of issuers in Developed Markets, whether or not denominated in the currency of such country; provided, however, that the Fund will invest at least 40% of its total assets in fixed income securities of issuers in Developed Markets, whether or not denominated in the currency of such country.

For more information regarding the foregoing amendments, reference is made to the Fund s proxy statement dated January 27, 2006, which is available on the Fund s website and on the SEC s website at http://www.sec.gov.

### Letter to Shareholders (continued)

#### **Net Asset Value Performance**

The Fund s total return based on net asset value ( NAV ) was 2.8% for the six months ended April 30, 2006 and 8.4% per annum since inception, assuming the reinvestment of distributions.

#### **Share Price Performance**

The Fund s share price fell by 0.4% over the six months, from \$13.05 on October 31, 2005 to \$13.00 on April 30, 2006. The Fund s share price on April 30, 2006 represented a discount of 3.8% to the NAV per share of \$13.52 on that date, compared with a discount of 5.9% to the NAV per share of \$13.87 on October 31, 2005. At the date of this letter, the share price was \$12.51, representing a discount of 5.4% to the NAV per share of \$13.22.

#### Credit Quality: 88.3% of Securities Rated or Deemed Equivalent to A or Better

The credit quality of the Fund s investments has been maintained. As of April 30, 2006, 88.3% of the portfolio was invested in securities where either the issue or the issuer was rated A or better, or judged by Aberdeen Asset Management Asia Limited (the Investment Manager) to be of equivalent quality.

#### **Distributions**

Distributions to common shareholders for the 12 months ended April 30, 2006 totaled \$1.06 dollars per share (including a special distribution of 34 cents). Based on the share price of \$13.00 on April 30, 2006, the distribution rate over the 12 months then ended was 8.2% (5.5% excluding the special distribution). Since all distributions are paid after deducting applicable withholding taxes, the effective distribution rate may be higher for those U.S. investors who are able to claim a tax credit.

On June 7, 2006, the Board of Directors authorized a monthly distribution of 6.5 cents per share, payable on July 14, 2006 to common shareholders of record as of June 30, 2006.

The Board s policy is to provide investors with a stable monthly distribution out of current income, supplemented by realized capital gains and, to the extent necessary, paid-in-capital. It is the Board s intention that the monthly distribution of at least 6.5 cents per share be maintained for 12 months, beginning with the July 14, 2006 distribution payment. This policy is subject to regular review at the Board s quarterly meetings, unless market conditions require an earlier evaluation. The next review is scheduled to take place in September 2006.

#### **Portfolio Holdings Disclosure**

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund s Forms N-Q are available on the SEC s website at http://www.sec.gov and may be reviewed and copied at the SEC s Public Reference Room in Washington, DC. Information about the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330. The Fund s schedule of portfolio holdings is part of the Fund s quarterly reports to shareholders, which are

Aberdeen Global Income Fund, Inc.

### Letter to Shareholders (concluded)

available on the Fund s website or upon request and without charge by calling Investor Relations toll-free at 1-866-839-5233.

#### **Proxy Voting**

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities, and information regarding how the Fund voted proxies related to portfolio securities during the twelve months ended June 30, 2005, is available: (i) upon request and without charge by calling Investor Relations toll-free at 1-866-839-5233; and (ii) on the SEC s website at http://www.sec.gov.

#### **Investor Relations Information**

For information about the Fund, daily updates of share price, NAV, and details of recent distributions, contact Aberdeen Asset Management Inc. by:

Yours sincerely,

#### Martin Gilbert

President

All amounts are U.S. dollars unless otherwise stated

Your Board s policy is to provide investors with a stable monthly distribution out of current income, supplemented by realized capital gains and, to the extent necessary, paid-in-capital.

The Fund is subject to U.S. corporate, tax and securities laws. Under U.S. tax accounting rules, the amount of distributable income for each fiscal period depends on the actual exchange rates during the entire year between the U.S. dollar and the currencies in which Fund assets are denominated and on the aggregate gains and losses realized by the Fund during the entire year.

Therefore, the exact amount of distributable income for each fiscal year can only be determined as of the end of the Fund s fiscal year, October 31. However, under the U.S. Investment Company Act of 1940, the Fund may be required to indicate the sources of certain distributions to shareholders.

The Fund estimates that distributions for the fiscal year commencing November 1, 2005, including the distribution paid on June 16, 2006, are comprised entirely of net investment income.

This estimated distribution composition may vary from month to month because it may be materially impacted by future realized gains and losses on securities and fluctuations in the value of the currencies in which Fund assets are denominated.

In January 2007, a Form 1099-DIV will be sent to shareholders, which will state the amount and composition of distributions and provide information with respect to their appropriate tax treatment for the 2006 calendar year.

Aberdeen Global Income Fund, Inc.

# Automatic Dividend Reinvestment and Cash Purchase Plan

Common shareholders are automatically enrolled in the Fund s Automatic Dividend Reinvestment and Cash Purchase Plan (the Plan ), which allows you to automatically reinvest your distributions in shares of the Fund s common stock at favorable commission rates, unless an election is made to receive distributions in cash. Distributions made under the Plan are taxable to the same extent as are cash distributions. The Plan also enables you to make additional cash investments in shares of at least \$100 per transaction, with a maximum of \$10,000 per month, and an aggregate annual limit of \$120,000. Under this arrangement, The Bank of New York (the Plan Agent ) will purchase shares for you on the American Stock Exchange or otherwise on the open market on or before the investment date. The investment date is the 15th day of each month, but if such date is not a business day, the preceding business day.

As a participant in the Plan you will benefit from:

**Automatic reinvestment** - the Plan Agent will automatically reinvest your distributions, allowing you to gradually grow your holdings in the Fund;

Lower costs - shares are purchased on your behalf under the Plan at low brokerage rates. Brokerage on share purchases is currently 2 cents per share;

**Convenience** - the Plan Agent will hold your shares in non-certificated form and will provide a detailed plan account statement of your holdings at the end of each month.

To request a brochure containing information on the Plan, please contact the Plan Agent, The Bank of New York, Shareholder Relations Department, P.O. Box 11258, Church Street Station, New York, NY 10286 or call toll free on 1-800-432-8224.

Aberdeen Global Income Fund, Inc.

### Report of the Investment Manager

#### **Share Price Performance**

On April 30, 2006, the Fund s share price was \$13.00, which represented a discount of 3.8% to the NAV per share of \$13.52. As of June 19, 2006, the share price was \$12.51, representing a discount of 5.4% to the NAV per share of \$13.22.

#### Auction Market Preferred Stock (AMPS)

The Fund s \$30 million of AMPS continued to be well bid at the weekly auctions. The average interest rate paid was 4.54% over the six months ended April 30, 2006, compared with an interest rate of 4.43% for 30-day U.S. commercial paper over the same period. These rates were higher than for the preceding six month period. The key driver of the increase in the AMPS interest rate was a general rise in market interest rates following the U.S. Federal Reserve s tightening of monetary policy on four occasions during the six months ended April 30, 2006 by a cumulative 1.0%.

Over the six months to April 30, 2006, the impact of the AMPS on the net asset value attributable to common shareholders has remained positive. The key to this has been the Fund s ability to lock in fixed rates for 80% of the outstanding AMPS, pursuant to the interest rate swap agreement referred to below, prior to the U.S. Federal Reserve commencing their current monetary policy tightening cycle. This has meant that the differential between the AMPS funding rates and the yields at which the Fund invests remained positive despite the rise in U.S. short-term interest rates.

These factors, in combination, produced a gain due to AMPS of 0.3% over the six months to April 30, 2006.

The Fund has entered into an interest rate swap agreement, based on an aggregate notional amount of \$24,000,000, which represents 80% of the total AMPS outstanding. Under the terms of the agreement, as currently in effect, the Fund receives a floating rate of interest (one month USD-LIBOR BBA rate) and pays fixed rates of interest for the terms and based upon the notional amounts set forth below:

Remaining Term as of		
April 30, 2006	Amount ( in \$ Million)	Fixed Rate Payable (%)
54 months	4.8	4.055
30 months	7.2	3.540
18 months	7.2	3.160
6 months	4.8	2.690

A significant risk associated with interest rate swaps is the risk that the counterparty may default or file for bankruptcy, in which case the Fund would bear the risk of loss of the

### Report of the Investment Manager (concluded)

amount expected to be received under the swap agreement. There can be no assurance that the Fund will have an interest rate swap in place at any given time nor can there be any assurance that, if an interest rate swap is in place, it will be successful in hedging the Fund s interest rate risk with respect to the AMPS. The implementation of this strategy is at the discretion of the AMPS Hedging Committee of the Board of Directors.

# Portfolio Composition

#### **Quality of Investments**

As of April 30, 2006, 88.3% of the Fund s total investments were invested in securities where either the issue or the issuer was rated at least A by Standard & Poor s Corporation or Moody s Investors Service, Inc. or, if unrated, judged to be of equivalent quality by the Investment Manager. The table below shows the asset quality of the Fund s portfolio as of April 30, 2006:

	AAA/Aaa %	AA/Aa %	A %	BBB/Baa %	BB/Ba* %	B* %
Australia	85.9	5.9	4.3	3.9	, <b>c</b>	,.

### **Tax Cost of Investments**

The United States federal income tax basis of the Fund s investments and net unrealized depreciation as of April 30, 2006 were as follows:

Cost	Appreciation	Depreciation	Net Unrealized Depreciation
\$ 145,338,483	\$ 3,204,307	\$ 3,688,319	\$ 484,012

For Federal income purposes, the Fund has a net capital loss carryforward as of October 31, 2005 of \$1,132,559 of which \$1,016,279 expires in 2010 and \$116,280 expires in 2011. Accordingly, no capital gains distributions are expected to be paid to shareholders until net gains have been realized in excess of such carryforward.

# Notes to Financial Statements (unaudited)

Aberdeen Global Income Fund, Inc. (the Fund ) was incorporated in Maryland on June 28, 1991, as a closed-end, non-diversified investment company.

The Fund s principal investment objective is to provide high current income by investing primarily in fixed-income securities. As a secondary investment objective, the Fund seeks capital appreciation, but only when consistent with its principal investment objective. In order to comply with a rule adopted by the Securities and Exchange Commission under the Investment Company Act of 1940 regarding fund names, the Board of Directors has adopted an investment policy that, for as long as the name of the Fund remains Aberdeen Global Income Fund, Inc., it shall be the policy of the fund normally to invest at least 80% of its net assets plus the amount of any borrowings for investment purposes, in debt securities. This 80% investment policy is a non-fundamental policy of the Fund and may be changed by the Board of Directors upon 60 days prior written notice to shareholders. The ability of issuers of debt securities held by the Fund to meet their obligations may be affected by economic developments in a specific industry, country or region.

## **Note 1. Accounting Policies**

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

### Basis of Presentation:

The financial statements of the Fund are prepared in accordance with accounting principles generally accepted in the United States of America using the United States dollar as both the functional and reporting currency. However, the Australian Dollar, Canadian Dollar and British Pound are the functional currencies for Federal tax purposes (see Taxes below).

### Securities Valuation:

The Fund's Board of Directors has adopted Pricing and Valuation Procedures (the Procedures) to be used in determining the value of the assets held by the Fund. In accordance with the Procedures, investments are stated at value. Investments for which market quotations are readily available are valued at the last trade price on the date of determination as obtained from a pricing source. If no such trade price is available, such investments are valued at the quoted bid price or the mean between the quoted bid and asked price on the date of determination as obtained from a pricing source.

Short-term securities which mature in more than 60 days are valued at current market quotations. Short-term securities which mature in 60 days or less are valued at amortized cost, which approximates market value.

Securities for which market quotations are not readily available (including investments which are subject to limitations as to their sale) are to be valued at fair value. As a general rule, whether or not the Fund is required to fair value price an asset is dependent on the ready availability of current market quotes or, even if readily available, the reliability of

such quotes. Any assets for which market quotations are not readily available or for which available prices are not reliable, shall be determined in a manner that most fairly reflects the asset s (or group of assets) fair value (i.e., the amount that the Fund might reasonably expect to receive for the asset upon its current sale) on the valuation date, based on a consideration of all available information.

The Procedures provide that in certain instances, including without limitation, if there is a stale price for a portfolio security, in an emergency situation, or if a significant event occurs after the close of trading of a portfolio security, but before the calculation of the Fund s net asset value, the security may be valued at its fair value.

## Repurchase Agreements:

In connection with transactions in repurchase agreements with U.S. financial institutions, it is the Funds policy that its custodian/counterparty segregates the underlying collateral securities, the value of which exceeds the principal amount of the repurchase transaction, including accrued interest. To the extent that any repurchase transaction exceeds one business day, the collateral is valued on a daily basis to determine its adequacy. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited.

## Foreign Currency Translation:

Foreign currency amounts are translated into United States dollars on the following basis:

(i) market value of investment securities, other assets and liabilities at the exchange rates at the end of the reporting period;

(ii) purchases and sales of investment securities, income and expenses at the rates of exchange prevailing on the respective dates of such transactions.

The Fund isolates that portion of the results of operations arising as a result of changes in the foreign exchange rates from the fluctuations arising from changes in the market prices of the securities held at the end of the reporting period. Similarly, the Fund isolates the effect of changes in foreign exchange rates from the fluctuations arising from changes in the market prices of portfolio securities sold during the reporting period.

Net realized foreign exchange gains/(losses) includes realized foreign exchange gains/(losses) from sales and maturities of portfolio securities, sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions and the difference between the amounts of interest, discount and foreign withholding taxes recorded on the Fund s books and the U.S. dollar equivalent amounts actually received or paid. Net unrealized foreign exchange gains/(losses) include changes in the value of portfolio securities and other assets and liabilities arising as a result of changes in the exchange rate. Accumulated realized and unrealized foreign exchange gains/(losses) shown in the

composition of net assets represent foreign exchange gains/(losses) for book purposes that have not yet been recognized for tax purposes.

Foreign security and currency transactions may involve certain considerations and risks not typically associated with those of domestic origin, including unanticipated movements in the value of the foreign currency relative to the U.S. dollar.

### Securities Transactions and Investment Income:

Securities transactions are recorded on the trade date. Realized and unrealized gains/(losses) from security and currency transactions are calculated on the identified cost basis. Interest income is recorded on an accrual basis. Discounts and premiums on securities purchased are accreted or amortized on an effective yield basis over the estimated lives of the respective securities. Expenses are accrued on a daily basis.

## Derivative Financial Instruments:

The Fund is authorized to use derivatives to manage currency risk, credit risk and interest rate risk and to replicate or as a substitute for physical securities. Losses may arise due to changes in the value of the contract if the counterparty does not perform under the contract. The use of derivative instruments involves, to varying degrees, elements of market risk in excess of the amount recognized in the Statement of Assets and Liabilities.

### Interest Rate Swap:

The Fund may engage in certain interest rate swap transactions to hedge the Fund s AMPS. An interest rate swap is an agreement between two parties, which involves the exchange of floating and fixed rate interest payments for a specified period of time. Interest rate swaps involve the accrual and exchange of interest payments between the parties. These payments are recorded as realized gain/(loss).

During the term of the swap, changes in the value of the swap are recognized as unrealized gains and losses by marking-to-market to reflect the fair market value of the swap. When the swap is terminated, the Fund will record a realized gain/(loss) equal to the difference, if any, between the proceeds from (or cost of) the closing transaction and the Fund s basis in the contract. The Fund is exposed to credit risk in the event of non-performance by the other party to the interest rate swap. However, the Fund does not anticipate non-performance by any counterparty.

## Foreign Forward Currency Exchange Contracts:

A forward currency contract involves an obligation to purchase and sell a specific currency at a future date, which may be any fixed number of days from the date of the contract agreed upon by the parties, at a price set at the time of the contract. The foreign currency contract is marked-to-market daily and the change in market value is recorded by the Fund as an unrealized gain or loss. When the forward currency contract is closed, the Fund

records a realized gain or loss equal to the difference between the value at the time it was opened and the value at the time it was closed. Risks arise from the unanticipated movements in the value of the foreign currency relative to the functional currencies and from potential inability of counterparties to meet the terms of their contracts.

## Financial Futures Contracts:

A futures contract is an agreement between two parties to buy and sell a security for a set price on a future date. Upon entering into a contract, the Fund deposits and maintains as collateral such initial margin as required by the exchange on which the transaction is effected. Pursuant to the contract, the Fund agrees to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contract. Such receipts or payments are known as variation margin and are recorded by the Fund as unrealized gains or losses. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

## Options:

When the fund writes an option, an amount equal to the premium received by the Fund is reflected as an asset and an equivalent liability. The amount of the liability is subsequently marked to market to reflect the current market value of the option written. When a security is purchased or sold through an exercise of an option, the related premium paid (or received) is added to (or deducted from) the basis of the security acquired or deducted from (or added to) the proceeds of the security sold. When an option expires (or the Fund enters into a closing transaction), the Fund realizes a gain or loss on the option to the extent of the premiums received or paid (or gain or loss to the extent the cost of the closing transaction exceeds the premium paid or received). As of April 30, 2006, there were no open option contracts.

## Distributions:

It is the Fund s current policy to pay distributions from net investment income supplemented by net realized foreign exchange gains, net realized short-term capital gains and return of capital distributions if necessary, on a monthly basis. The Fund will also declare and pay distributions at least annually from net realized gains on investment transactions and net realized foreign exchange gains, if any. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to preferred shareholders are accrued on a daily basis and are determined as described in Note 5.

Income distributions and capital and currency gains distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments for foreign currencies, loss deferrals and recognition of market discount and premium.

Taxes:

For Federal income and excise tax purposes, substantially all of the Fund s transactions are accounted for using the functional currencies. Accordingly, only realized currency gains/(losses) resulting from the repatriation of any of the functional currencies (Australian Dollar, Canadian Dollar or British Pound) into U.S. dollars or another functional currency and realized currency gains and losses on non-functional currencies are recognized for U.S. tax purposes.

No provision has been made for United States of America Federal income taxes because it is the Funds policy to meet the requirements of the United States of America Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to shareholders. Under the applicable foreign tax law, a withholding tax may be imposed on interest and discounts earned at various rates.

## Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

## Note 2. Agreements

Aberdeen Asset Management Asia Limited (the Investment Manager ) serves as the investment manager to the Fund and Aberdeen Asset Management Limited (the Investment Adviser ) serves as investment adviser to the Fund, pursuant to a management agreement and an advisory agreement, respectively. The Investment Adviser is an indirect wholly-owned subsidiary of the Investment Manager, which is a direct wholly-owned subsidiary of Aberdeen Asset Management PLC. The Investment Manager has also entered into an agreement with CIBC World Markets, Inc. (the Consultant ).

The Investment Manager makes investment decisions on behalf of the Fund on the basis of recommendations and information furnished to it by the Investment Adviser and the Consultant, including the selection of and the placement of orders with brokers and dealers to execute portfolio transactions on behalf of the Fund.

The management agreement provides the Investment Manager with a fee, payable monthly, at the following annual rates: 0.65% of the Fund s average weekly total net assets of both common and preferred shareholders up to \$200 million, 0.60% of such assets between \$200 million and \$500 million and 0.55% of such assets in excess of \$500 million. The Investment Manager pays fees to the Investment Adviser and the Consultant for their services rendered. The Fund s Investment Manager informed the Fund that it paid \$195,423 to the Investment Adviser and approximately \$2,600 to the Consultant during the six months ended April 30, 2006.

Aberdeen Asset Management Inc., ( AAMI ), an affiliate of the Investment Manager and the Investment Adviser, is the Fund s Administrator. Pursuant to the administration agreement, as in effect prior to January 12, 2006 AAMI received a fee at an annual rate of 0.15% of the Fund s average weekly net assets of both common and preferred shareholders. Effective January 12, 2006, the administration agreement was amended to provide that AAMI receives a fee at an annual rate equal to 0.15% of the Fund s average weekly Managed Assets, which are defined as net assets plus the amount of any borrowings for investment purposes.

Under terms of an Investor Relations Services Agreement, AAMI serves as the Fund s investor relations services provider. This agreement provides AAMI with a monthly retainer of \$4,000 plus out-of-pocket expenses. During the six months ended April 30, 2006, the Fund incurred fees of \$25,094 for the services of AAMI. Investor relations fees and expenses in the Statement of Operations include certain out-of-pocket expenses.

## Note 3. Portfolio Securities

Purchases and sales of investment securities, other than short-term investments, for the six months ended April 30, 2006 aggregated \$23,462,334 and \$20,857,910, respectively.

## Note 4. Common Stock

There are 300 million shares of \$.001 par value common stock authorized. At April 30, 2006, there were 9,305,708 shares issued and outstanding.

On March 1, 2001, the Board of Directors approved a stock repurchase program. The stock repurchase program allows the Fund to repurchase up to 10% of its common stock in the open market during any 12-month period, if and when the discount to NAV is at least 10%. Through April 30, 2006, there have been no share repurchases through this program.

### Note 5. Preferred Stock

There are 100 million shares of \$.001 par value of AMPS authorized. The 1,200 shares of AMPS outstanding consist of one series, W-7. The AMPS have a liquidation value of \$25,000 per share plus any accumulated but unpaid dividends whether or not declared. The AMPS have rights set forth in the Fund s Articles of Amendment and Restatement.

Dividends on the AMPS are cumulative at a rate typically reset every 28 days based on the results of an auction. Dividend rates ranged from 4.20% to 4.85% during the six months ended April 30, 2006. Under the Investment Company Act of 1940, the Fund may not declare dividends or make other distributions on shares of common stock or purchase any such shares if, at the time of the declaration, distribution or purchase,

## Edgar Filing: ABERDEEN GLOBAL INCOME FUND INC - Form N-CSRS

asset coverage with respect to the outstanding AMPS would be less than 200%.

The AMPS are redeemable at the option of the Fund, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated but unpaid dividends. The AMPS are also subject to mandatory redemption at \$25,000 per share plus any accumulated but

unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of the Fund as set forth in the Charter are not satisfied.

The holders of AMPS have voting rights equal to the holders of common stock (one vote per share) and will vote together with holders of shares of common stock as a single class. However, holders of AMPS are also entitled to elect two of the Fund s directors.

## Note 6. Subsequent Events

Subsequent to April 30, 2006, the Fund declared a monthly distribution of 6 cents per common share payable on June 16, 2006 and July 14, 2006 to common shareholders of record on May 31, 2006 and June 30, 2006, respectively.

Subsequent to April 30, 2006, distributions declared and paid on the AMPS totaled \$156,765 for the outstanding preferred share series through June 8, 2006.

Effective June 7, 2006, the manner in which the fees payable by the Fund to the Investment Manager under the management agreement, and by the Investment Manager to the Investment Adviser under the investment advisory agreement, are calculated and paid was amended, in light of changes approved by shareholders to the Fund s use of leverage and the geographic scope of the Fund s investments. The management agreement and investment advisory agreement currently provide that the fees thereunder are calculated and paid based upon Managed Assets, defined as net assets plus the amount of any borrowings for investment purposes.

# Supplemental Information (unaudited)

## **Results of Annual Meeting of Shareholders**

The Annual Meeting of Shareholders was held on Thursday, March 9, 2006 and reconvened on April 6, 2006, at 1735 Market Street, Philadelphia, Pennsylvania. The description of each proposal and number of shares voted at the meeting are as follows:

1. To elect two directors to serve as Class II directors for a three-year term expiring in 2009:

	Votes For	Votes Withheld	
William J. Potter	5,410,552	350,637	
Peter D. Sacks	5,410,952	350,237	

Aberdeen Global Income Fund, Inc.

28

## 2. To elect two directors to represent the interests of the holders of the preferred stock for the ensuing year:

	Votes For	Votes Withheld
Dr. Anton E. Schrafl	982	53
John T. Sheehy	982	53

## 3A. To approve amendment of the Fund s principal investment objectives:

Votes For	Votes Against	Votes Withheld
4,307,117	457,208	264,888

3B. To approve amendment of the Fund s fundamental investment policies with respect to the credit quality of the Fund s portfolio securities:

Votes For	Votes Against	Votes Withheld
3,811,863	931,139	286,210

4A. To approve amendment of the Fund s fundamental investment restriction regarding borrowing:

Votes For	Votes Against	Votes Withheld
4,203,488	524,197	301,526

4B. To approve amendment of the Fund s fundamental investment restriction regarding concentration of investments:

Votes For	Votes Against	Votes Withheld	
4,309,175	419,520	300,517	
5A.	To approve an amendment to the Fund s Management Agreement:		
Votes For	Votes Against	Votes Withheld	

4,166,802 528,999 333,411

5B. To approve an amendment to the Fund s Investment Advisory Agreement:

# Considerations in Approving Renewal of Management Agreement and Investment Advisory Agreement (collectively, Agreements)

In December 2005, at an in-person meeting, the Board of Directors, including all of the directors who are not parties to the Agreements or interested persons (as defined in the Investment Company Act of 1940, as amended) of any such party (Independent Directors), considered and approved the renewal of the Agreements for an additional term of twelve months. At this meeting, the Directors reviewed an extensive report prepared by the Investment Manager and the Investment Adviser (collectively, the Advisers ) in response to a request submitted by the Independent Directors independent legal counsel on behalf of such Directors, and discussed this report with representatives of the Advisers. The Independent Directors also consulted in executive session with counsel to the Independent Directors regarding the renewal of the Agreements. The Directors also considered the recommendation of the Contract Review Committee of the Board (the Committee ), consisting solely of Independent Directors, that the Agreements be renewed, noting that the Committee had discussed, in executive session with independent counsel, the nature, extent and quality of the management and advisory services provided to the Fund by the Advisers, the level of the management and advisory fees, the costs of the services provided and the profits realized by the Advisers, the Fund s expense ratio, its relative and absolute performance, any economies of scale with respect to the management of the Fund, any ancillary benefits received by the Advisers and their affiliates as a result of their relationship with the Fund, and various other matters included within the report of the Advisers. Given the fact that (i) all management fees payable by the Fund are payable only to the Investment Manager, and the Investment Manager pays a portion of those fees to the Investment Adviser, an affiliated entity which is under common ownership by Aberdeen Asset Management PLC, and (ii) the Investment Manager and the Investment Adviser use a team approach to the making of investment decisions, the Board of Directors did not separately consider the renewal of the Management Agreement and the Investment Advisory Agreement, but rather viewed the Investment Manager and the Investment Adviser as providers of a unified service. However, the Board was provided, and did consider, information as to the services provided by each of the Investment Manager and the Investment Adviser, the fees payable by the Fund to the Investment Manager and by the Investment Manager to the Investment Adviser and, as noted below, certain pro forma estimates as to the profitability of each in respect of their services to the Fund. The Board s consideration of investment performance, expenses and economies of scale, as further discussed below, was focused at the Fund level without any separate attribution of those factors to the Investment Manager and the Investment Adviser given the impracticalities inherent in attempting any such attribution.

In approving (or in the case of the Committee, recommending) the renewal of the Agreements, the Committee, the Independent Directors and the entire Board of Directors, concluded that:

The effective annual management fee rate paid by the Fund to the Investment Manager for investment management services was within a reasonable range relative to the effective

advisory fee rates of a comparison group consisting of an eight-fund category of closed-end global income funds compiled by Lipper Inc. at the request of the Fund (the Peer Group ), including Aberdeen Asia-Pacific Income Fund, Inc., another U.S. closed-end fund managed by the Investment Manager (FAX) and was below the weighted average fee rate of six funds within the Peer Group. The Board assumed that the Lipper compilation of funds represented a reasonably comparable group and that the compilation provided a reasonably reliable general indication of relative fees. Additionally, the Board noted that the Fund's effective management fee rate of 0.65% contained in the Lipper data was higher than the annual fee rate of 0.57% paid to the Investment Manager by a non-U.S. fund listed on the Toronto Stock Exchange. However, the Board determined that this disparity was reasonable due to the lower complexity of that fund, which does not have a global investment mandate and is not subject to the same diversification requirements.

They were satisfied with the nature, quality and extent of services provided by the Advisers. In reaching this conclusion, the Committee, the Independent Directors and the Board reviewed, among other things, the Adviser's investment experience, including the positive growth and development of their Far East operations as well as the Aberdeen Group's global activities, especially in North America, the emerging markets and Australia. The Committee, the Independent Directors and the Board received information regarding the Advisers' compliance with applicable laws and SEC and other regulatory inquiries or audits of the Fund and the Advisers. The Committee also received and considered a report from the Chief Executive of Aberdeen Asset Management PLC in regard to, among other matters, the financial capacity of the Advisers' parent company to support the services provided by its subsidiaries to the Fund and the strengthening of the parent company's balance sheet during the last year. The Committee, the Independent Directors and the Board also considered the background and experience of the Advisers' senior management and the qualifications, background and responsibilities of the portfolio managers primarily responsible for the day-to-day portfolio management services for the Fund.

The Fund experienced above-average investment performance, based on an analysis of total return, as compared to the funds within the Peer Group (ranking third out of eight for the year ended October 31, 2005 and first out of eight for the year ended October 31, 2004). The Committee, the Independent Directors and the Board received and considered information regarding the Fund s total return in U.S. dollar terms for each of the last five fiscal years on a gross and net basis and relative to the Fund s benchmark, the Fund s share performance and premium/discount information during the same period and the impact of foreign currency movements on the Fund s performance in U.S. dollar terms. The Committee, the Independent Directors and the Board also received and reviewed information as to the Fund s total return for each of the last five fiscal years as compared with the total returns of each of the funds included in the Peer Group. The Committee, the Independent Directors and the impact of the Fund s preferred

Aberdeen Global Income Fund, Inc.

31

stock on the returns to shareholders, and information as to the Fund s discount/premium ranking relative to the Peer Group for the one, two, five and seven year periods ended October 31, 2005.

The Fund s expense ratio of 1.961% for the fiscal year ended October 31, 2004 was the highest compared to a selected group of funds of relatively comparable asset size within the Peer Group. However, the Committee, the Independent Directors and the Board noted that the Lipper methodology excluded the Fund s assets attributable to its preferred stock. After adjusting to add back such assets, the Fund s ratio decreased, and the Committee, the Independent Directors and the Board believed such adjustment to be appropriate since total expenses included expenses related to the management of such assets. They further noted that the Fund s expenses are charged is relatively small, and that the Fund s size was the smallest within the comparison group.

Any potential economies of scale were being shared between the Fund and the Advisers in an appropriate manner. This determination was based on factors including that the Fund s management fee schedule provided significant breakpoints at higher asset levels, and that profitability of the Investment Manager and the Investment Adviser were determined to be reasonable based upon the Board s review of the Peer Group data and other information provided to the Board.

In light of the costs of providing investment management and advisory services to the Fund, the profits that the Advisers received, individually and on an aggregate basis (based on certain pro forma estimates), with respect to providing investment management and advisory services to the Fund were reasonable, and any ancillary benefits received by the Advisers and their affiliates as a result of their relationship with the Fund were reasonable.

As noted above, the Board reviewed detailed materials received from the Advisers as part of the renewal process. The Board also regularly reviews and assesses the quality of the services the Fund receives throughout the year. In this regard, the Board reviews reports of the Advisers at least in each of its regular quarterly meetings, which include, among other things, a portfolio review and Fund performance reports.

In considering the Agreements, the Committee, the Independent Directors and the Board did not identify any factor as all-important or all-controlling and instead considered these factors collectively in light of the Fund s surrounding circumstances. After considering the above-described factors and based on the deliberations and its evaluation of the information provided to it, the Committee, the Independent Directors and the Board concluded that approval of the renewal of the Agreements was in the best interest of the Fund and its shareholders. Accordingly, the Board, and the Independent Directors voting separately, unanimously approved the renewal of the Agreements.

<sup>1</sup> The Registrant s stock repurchase program was announced on March 19, 2001 and allows the Registrant to repurchase up to 10% of its outstanding shares of common stock, par value \$.001 per share, on the open market during any 12 month period if and when the discount to net asset value is at least 10%.

Item 10 Submission of Matters to a Vote of Security Holders.

During the period ended April 30, 2006, there were no material changes to the policies by which stockholders may recommend nominees to the Fund s Board.

- Item 11 Controls and Procedures.
  - (a) It is the conclusion of the Registrant s principal executive officer and principal financial officer that the effectiveness of the Registrant s current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the Registrant has been recorded, processed, summarized and reported within the time period specified in the Commission s rules and forms and that the information required to be disclosed by the Registrant has been accumulated and communicated to the Registrant s principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.
  - (b) There have been no changes in the Registrant s internal control over financial reporting that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Registrant s internal control over financial reporting.

Item 12 Exhibits.

- (a)(1) Not applicable.
- (a)(2) Certifications pursuant to Rule 30a-2(a) under the Investment Company Act of 1940, as amended, are filed as Exhibit 99.CERT.
- (a)(3) Not applicable.
- (b) Certifications pursuant to Rule 30a-2(b) under the Investment Company Act of 1940, as amended, are filed as Exhibit 99.906CERT.
