This report will not be deemed an admission as to the materiality of any information in the report that is required to be disclosed solely by Regulation FD.

This current report on Form 8-K includes certain statements that may be deemed to be forward looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on the Company s expectations and involve risks and uncertainties that could cause the Company s actual results to differ materially from those set forth in the statements. Such risks and uncertainties include, but are not limited to, the residual effect with customers and vendors from the bankruptcy process, the delayed effect of less new projects awarded to the company during the bankruptcy and its effect on future financial results, the lowered efficiency and higher costs associated with projects at subsidiaries that the company has determined to wind down or close, the loss of employees during the bankruptcy process and the winding down of subsidiaries, distraction of management time in winding down and closing subsidiaries, high costs associated with exit facilities and exiting bankruptcy, the Securities and Exchange Commission investigation of the Company and the Well s notices received by the Company and one of its officers in connection therewith. You should understand that the foregoing important factors, in addition to those discussed in our other filings with the Securities and Exchange Commission, including those under the heading Risk Factors contained in our annual report on Form 10-K for the fiscal year ended September 30, 2005 and our quarterly reports on Form 10-Q for the quarters could affect our future results and could cause results to differ materially from those expressed in such forward-looking statements. We undertake no obligation to publicly update or revise the Company s borrowing availability, its cash position or any forward-looking statements to reflect events or circumstances that may arise after the date of this report.
