Bennett Environmental Announces Voluntary Delisting From AMEX and Termination of SEC Reporting

OAKVILLE, ONTARIO November 22, 2006 Bennett Environmental Inc. (the Company) (TSX:BEV)(AMEX:BEL) announced today that as part of its restructuring and cost reduction strategy it has submitted a written notice to the American Stock Exchange (AMEX) of its intention to file a Form 25 with the United States Securities and Exchange Commission (the SEC) in order to voluntarily delist its common shares (Shares) from AMEX and deregister its Shares under the Securities Exchange Act of 1934, as amended (the Exchange Act). The Company has requested that the delisting become effective on December 14, 2006. Following the delisting of the Company s Shares from AMEX, and the deregistration of the Company s Shares under Section 12(b) of the Exchange Act, the Company intends to file a Form 15 with the SEC. Immediately upon filing of the Form 15, the Company s obligation to file certain reports, including Form 40-F and 6-K, with the SEC will be suspended.

David Williams, the Company s Chairman of the Board, commented that the complexity of securities regulatory compliance in the United States and the administrative burdens and increasing costs associated with being a United States reporting company have significantly increased in the past few years, particularly in light of new SEC Sarbanes-Oxley requirements. Overall, these complexities and administrative burdens and their associated costs far outweigh any benefits derived from our AMEX listing.

The Company s Board of Directors unanimously approved the delisting and deregistration of the Shares, noting that the Toronto Stock Exchange (the TSX) is the more significant trading market for the Shares, with the TSX trading volume exceeding the trading volume of the Shares on AMEX based on the cumulative trading volume for the period from March 2002 through October 2006.

The Company does not believe that its shareholders in the United States will be materially prejudiced by a voluntary delisting from AMEX and the termination of the registration of the Shares under the Exchange Act since the nature and scope of publicly available information about the Company required by Canadian securities laws is substantially the same as the information such shareholders are currently receiving under the U.S./Canada Multijurisdictional Disclosure System, and such U.S. shareholders will continue to be able to trade the Shares through the facilities of the TSX.
