DEAR STOCKHOLDER:

You are invited to attend the 2007 Annual Meeting of Stockholders of Amgen Inc. to be held on Wednesday, May 9, 2007, at 10:00 A.M., local time, at the Westin Providence, One West Exchange Street, Providence, Rhode Island 02903.

At this year's Annual Meeting you will be asked to: (i) elect four directors; (ii) ratify the selection of our independent registered public accountants; (iii) vote on amendments to the Restated Certificate of Incorporation and the Amended and Restated Bylaws to eliminate the classification of the Board of Directors; and (iv) transact such other business as may properly come before the Annual Meeting or any continuation, postponement or adjournment thereof, including the consideration of two stockholder proposals if such proposals are properly presented at the meeting. The accompanying Notice of Meeting and Proxy Statement describe these matters. We urge you to read this information carefully.

The Board of Directors unanimously believes that election of its nominees for directors, approval of the amendments to declassify the Board of Directors and ratification of its selection of independent registered public accountants are in our best interests and that of our stockholders, and, accordingly, recommends a vote FOR election of the four nominees for directors, FOR the approval of the amendments to declassify the Board and FOR the ratification of the selection of Ernst & Young LLP as our independent registered public accountants. The Board of Directors unanimously believes that the two stockholder proposals are not in the best interests of Amgen and its stockholders, and, accordingly, recommends a vote AGAINST the two stockholder proposals.

In addition to the business to be transacted as described above, management will speak on our developments of the past year and respond to comments and questions of general interest to stockholders.

If you plan to attend the Annual Meeting, you will need an admittance ticket. For instructions on how to obtain an admittance ticket, please read INFORMATION CONCERNING VOTING AND SOLICITATION Attendance at the Annual Meeting in the accompanying Proxy Statement.

It is important that your shares be represented and voted whether or not you plan to attend the Annual Meeting in person. You may vote on the Internet, by telephone or by completing and mailing the enclosed proxy card or the form forwarded by your bank, broker or other holder of record. Voting over the Internet, by telephone or by written proxy will ensure your shares are represented at the Annual Meeting. Voting on the Internet or by telephone may not be available to all stockholders. Please review the instructions on the proxy card or the information forwarded by your bank, broker or other holder of record regarding each of these voting options.

Sincerely,

Kevin W. Sharer

Chairman of the Board, Chief Executive Officer and President

PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

General

The enclosed proxy is solicited on behalf of the Board of Directors (the **Board**) of Amgen Inc., a Delaware corporation (the **Company**), for use at the 2007 Annual Meeting of Stockholders to be held on Wednesday, May 9, 2007, at 10:00 A.M. local time, or at any continuation, postponement or adjournment thereof, for the purposes discussed in this Proxy Statement and in the accompanying Notice of Annual Meeting and any business properly brought before the Annual Meeting. Proxies are solicited to give all stockholders of record an opportunity to vote on matters properly presented at the Annual Meeting. We intend to mail this Proxy Statement and accompanying proxy card on or about March 22, 2007 to all stockholders entitled to vote at the Annual Meeting. The Annual Meeting will be held at the Westin Providence, One West Exchange Street, Providence, Rhode Island 02903.

Who Can Vote

You are entitled to vote if you were a stockholder of record of our common stock, \$.0001 par value as of the close of business on March 12, 2007. Your shares may be voted at the Annual Meeting only if you are present in person or represented by a valid proxy.

Shares Outstanding and Quorum

At the close of business on March 12, 2007, 1,167,113,496 shares of our common stock were outstanding and entitled to vote. A majority of the outstanding shares of our common stock, present in person or represented by proxy, will constitute a quorum at the Annual Meeting.

Proxy Card and Revocation of Proxy

You may vote by completing and mailing the enclosed proxy card. If you sign the proxy card but do not specify how you want your shares to be voted, your shares will be voted by the proxy holders named in the enclosed proxy (i) in favor of the election of all of the four director nominees; (ii) in favor of ratification of the selection of Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2007; (iii) in favor of the amendments to the Restated Certificate of Incorporation to eliminate the classification of our Board; (iv) in favor of the amendments to the Amended and Restated Bylaws, or Bylaws, to eliminate the classification of our Board; and (v) against each of the two stockholder proposals (presuming they are properly presented at the Annual Meeting). In their discretion, the proxy holders named in the enclosed proxy are authorized to vote on any other matters that may properly come before the Annual Meeting and at any continuation, postponement or adjournment thereof. The Board knows of no other items of business that will be presented for consideration at the Annual Meeting other than those described in this Proxy Statement. In addition, other than the two stockholder proposals described in this Proxy Statement, no other stockholder proposal or nomination was received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

If you vote by proxy, you may revoke that proxy at any time before it is voted at the Annual Meeting. Stockholders of record may revoke a proxy by sending to our Secretary at our principal executive office at One Amgen Center Drive, Thousand Oaks, California 91320-1799, Mail Stop 38-5-A, a written notice of revocation

Table of Contents

or a duly executed proxy bearing a later date or by attending the Annual Meeting in person and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy. If your shares are held in the name of a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your bank, broker or other record holder. Please note that if your shares are held of record by a broker, bank or other nominee, and you decide to attend and vote at the Annual Meeting, your vote in person at the Annual Meeting will not be effective unless you present a legal proxy, issued in your name from the record holder, your broker, bank or other nominee.

Voting of Shares

Stockholders of record as of the close of business on March 12, 2007 are entitled to one vote for each share of our common stock held on all matters to be voted upon at the Annual Meeting. You may vote by attending the Annual Meeting and voting in person. You also may vote on the Internet, by telephone or by completing and mailing the enclosed proxy card or the form forwarded by your bank, broker or other holder of record. Voting on the Internet or by telephone may not be available to all stockholders. The Internet and telephone voting facilities will close at 11:59 p.m. Eastern Time on May 8, 2007. Stockholders who vote through the Internet should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers and that these costs must be borne by the stockholder. Stockholders who vote by Internet or telephone need not return a proxy card or the form forwarded by your bank, broker or other holder of record by mail. If your shares are held by a bank, broker or other nominee, please refer to the instructions they provide for voting your shares. All shares entitled to vote and represented by properly executed proxies received before the polls are closed at the Annual Meeting, and not revoked or superseded, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. **YOUR VOTE IS IMPORTANT.**

Counting of Votes

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Shares held by persons attending the Annual Meeting but not voting, shares represented by proxies that reflect abstentions as to a particular proposal and broker non-votes will be counted as present for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received voting instructions from the beneficial owner and does not have discretionary authority to vote the shares. Brokers generally have discretionary authority to vote on each of the following proposals, other than the two stockholder proposals.

In February 2007, the Board amended our Bylaws to adopt a majority voting standard for the election of directors in uncontested elections. Under this majority voting standard, in uncontested elections of directors, such as this election, each director must be elected by the affirmative vote of a majority of the votes cast by the shares present in person or represented by proxy and entitled to vote. A majority of the votes cast means that the number of votes cast FOR a director nominee exceeds the number of votes cast AGAINST the nominee. For these purposes, abstentions will not count as a vote FOR or AGAINST a nominee's election. If a director nominee is an incumbent director and does not receive a majority of the votes cast in an uncontested election, that director will continue to serve on the Board as a holdover director, but must tender his or her resignation to the Board promptly after certification of the election results of the stockholder vote. The Governance and Nominating Committee of the Board will then recommend to the Board whether to accept the resignation, or whether other action should be taken, and the Board's decision will be publicly disclosed within 90 days after certification of the election results of stockholder vote. Abstentions will have no effect in determining whether a director nominee has received a majority of the votes cast. Although brokers have discretionary authority to vote on the election of directors, if a broker submits a non-vote, it will have no effect in determining whether a director nominee has received a majority of the votes cast.

The ratification of the selection of Ernst & Young LLP requires the affirmative vote of a majority of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the matter. Abstentions will have the same effect as votes against the ratification. Although brokers have discretionary authority to vote on the ratification, if a broker submits a non-vote, it will have the same effect as a vote against the ratification.

Table of Contents

The approval of the amendments to the Restated Certificate of Incorporation to eliminate the classification of the Board requires the affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote on the proposed amendments. The approval of the amendments to the Bylaws to eliminate the classification of the Board requires the affirmative vote of the holders of not less than 66-2/3% of the outstanding shares of our common stock entitled to vote on the election of directors. The proposed amendments to the Restated Certificate of Incorporation and the Bylaws to eliminate the classification of the Board of Directors will be effective only if the amendments to both the Restated Certificate of Incorporation and the Bylaws are approved by the required vote of stockholders and a Certificate of Amendment to the Restated Certificate of Incorporation, which includes the amendments to the Restated Certificate of Incorporation approved by stockholders, is filed with the Secretary of State of the State of Delaware. Abstentions will have the same effect as votes against the amendments. Although brokers have discretionary authority to vote on the amendments, if a broker submits a non-vote, it will have the same effect as a vote against the amendments.

The approval of each of the two stockholder proposals, if properly presented at the Annual Meeting, requires the affirmative vote of a majority of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the matter. Abstentions will have the same effect as votes against such proposals, and broker non-votes will have no effect on the result of the votes on such proposals.

Solicitation of Proxies

We will bear the entire cost of solicitation of proxies, including preparation, assembly and mailing of this Proxy Statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of our common stock in their names that are beneficially owned by others to forward to those beneficial owners. We may reimburse persons representing beneficial owners for their costs of forwarding the solicitation materials to the beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, facsimile, electronic mail or personal solicitation by our directors, officers or employees. No additional compensation will be paid to our directors, officers or employees for such services. In addition, we have retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies for a fee of approximately \$9,000, plus reasonable out-of-pocket expenses. A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for any purpose germane to the Annual Meeting during ordinary business hours at our offices at One Amgen Center Drive, Thousand Oaks, California, 91320-1799 for the ten days prior to the Annual Meeting, and also at the Annual Meeting.

Attendance at the Annual Meeting

In order to attend the Annual Meeting, you will need an admittance ticket or proof of ownership of our common stock as of the close of business on March 12, 2007. To receive an admittance ticket, you will need to complete and return the postage-paid reply card attached to this Proxy Statement. If you elected electronic delivery of this Proxy Statement, you will receive an e-mail with instructions for obtaining an admittance ticket. Each stockholder is entitled to one admittance ticket.

ITEM 1

ELECTION OF DIRECTORS

Under our Restated Certificate of Incorporation and our Bylaws, the Board is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, with members of each class serving for a three-year term. Each year only one class of directors is subject to a stockholder vote. Based upon the recommendation of the Governance and Nominating Committee, Mr. Frank J. Biondi, Jr., Mr. Jerry D. Choate, Mr. Frank C. Herringer and Dr. Gilbert S. Omenn are nominees for re-election to the Board. If elected at the Annual Meeting, each would serve until the 2010 annual meeting of stockholders and until his successor is elected and qualified, or until his earlier retirement, resignation, disqualification, removal or death. However, if you approve the proposals in Items 3 and 4 below to eliminate the classification of the Board, then the terms of all directors, including those elected at this Annual Meeting, will end at the next annual meeting of stockholders. Thereafter, all directors will be elected for one-year terms and until their successors are elected and qualified, or until such director's earlier retirement, resignation, disqualification, removal or death.

Vacancies on the Board may be filled only by persons elected by a majority of the directors remaining in office, even though less than a quorum. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the size of the Board) will serve for the remainder of the full term of the class of directors in which the vacancy occurred (or, if the proposals to eliminate the classification of the Board are adopted, until the next annual meeting of stockholders) and until such director's successor is elected and qualified, or until such director's earlier retirement, resignation, disqualification, removal or death. The authorized number of members of the Board is set by resolution of the Board and is currently ten.

Each share of our common stock is entitled to one vote for each of the four director nominees and will be given the option of voting FOR or AGAINST each director, or to ABSTAIN. Cumulative voting is not permitted. It is the intention of the proxy holders named in the enclosed proxy to vote the proxies received by them in favor of the election of the four nominees named below unless the proxies direct otherwise. If any nominee should become unavailable for election prior to the Annual Meeting, an event that currently is not anticipated by the Board, the proxies will be voted in favor of the election of a substitute nominee or nominees proposed by the Board or the number of directors may be reduced accordingly. Each nominee has agreed to serve if elected and the Board has no reason to believe that any nominee will be unable to serve.

A director nominee is elected only if he or she received a majority of the votes cast, which means that the number of votes cast FOR the nominee exceeds the number of votes cast AGAINST the nominee by the shares present in person or represented by proxy and entitled to vote. Abstentions and broker non-votes will not be counted to determine whether a nominee has received a majority of votes cast. Under our Bylaws, any director nominee who is an incumbent director and does not receive a majority of the votes cast must tender his or her resignation to the Board promptly after certification of the election results of the stockholder vote. Any such director will continue as a holdover director under Delaware corporation law until his or her successor has been elected and qualified or until the Board has accepted his or her resignation, if earlier.

Table of Contents

Set forth below is biographical information for each nominee and for each person whose term of office as a director will continue after the Annual Meeting. There are no family relationships among any of our directors or among any of our directors and our executive officers.

ITEM 2

RATIFICATION OF SELECTION OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee of the Board has selected Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2007, and has further directed that management submit this selection for ratification by the stockholders at the Annual Meeting. Ernst & Young has audited our financial statements since our inception in 1980. A representative of Ernst & Young is expected to be present at the Annual Meeting and will have an opportunity to make a statement and respond to appropriate questions.

Stockholder ratification of the selection of Ernst & Young as our independent registered public accountants is not required by our Bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in our best interests and that of our stockholders.

The holders of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this matter must vote **FOR** this proposal in order for the selection of Ernst & Young to be ratified.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ITEM 2.

ITEM 3

AMENDMENTS TO RESTATED CERTIFICATE OF INCORPORATION

ELIMINATING THE CLASSIFICATION OF THE BOARD OF DIRECTORS

The Board has unanimously adopted and now recommends for your approval a proposal to amend Article Fifth of our Restated Certificate of Incorporation to eliminate the classification of our Board. Article Fifth of our Restated Certificate of Incorporation currently provides for the classification of our Board into three classes and, at each annual meeting of stockholders, the members of one class are elected to three-year terms as directors. It also contains provisions relating to such classification concerning the filling of director vacancies.

If the proposed amendments to the Restated Certificate of Incorporation and the proposed amendments to the Bylaws described in Item 4 below are approved by our stockholders, the classification of the Board will be eliminated, the current term of office of each director will end at the next annual meeting of stockholders and directors will thereafter be elected for one-year terms at each annual meeting of stockholders. Furthermore, any director chosen as a result of a newly created directorship or to fill a vacancy on the Board will hold office until the next annual meeting of stockholders.

If the proposed amendments to both the Restated Certification of Incorporation and the Bylaws are not approved by stockholders, the Board will remain classified, and the four directors elected at this Annual Meeting will each serve until the 2010 annual meeting of stockholders and until their respective successors are duly elected and qualified, subject to their earlier retirement, resignation, disqualification, removal or death. All other directors will continue in office for the remainder of their full three-year terms and until their successors are duly elected and qualified, subject to their earlier retirement, resignation, disqualification, removal or death.

The classified Board structure has been in place since the Company was incorporated under the laws of the State of Delaware. The Board believes that the classified Board structure has provided us with certain advantages, including continuity and stability in the Board's leadership and policies. We believe that this structure has facilitated long-term planning and enhanced the ability of the Board to implement business strategies. On the other hand, institutional and other investors note that a classified board of directors can make it more difficult for stockholders to change a majority of directors even where a majority of the stockholders are dissatisfied with the performance of incumbent directors. They believe that the election of directors is the primary means for stockholders to influence corporate governance policies and to hold management accountable for implementing these policies.

The Board examined these arguments, in light of our size and financial strength, and determined that the classification of the Board should be eliminated. The proposed amendments will allow stockholders to review and express their opinions on the performance of all directors each year rather than over a three-year period. Because there is no limit to the number of terms an individual may serve, we do not believe that the continuity and stability of the Board's membership and our policies and long-term strategic planning will be affected.

The text of the proposed amendments to the Restated Certificate of Incorporation is attached as **Appendix A** to this Proxy Statement.

The affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote on the proposed amendments is required to approve the proposed amendments to the Restated Certificate of Incorporation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ITEM 3.

If approved by stockholders, the proposed amendments to the Restated Certificate of Incorporation will be effective only if the proposed amendments to both the Restated Certificate of Incorporation and the Bylaws described in this Item 3 and Item 4 below are approved by the required vote of stockholders and we file a Certificate of Amendment to the Restated Certificate of Incorporation, which includes the amendments to the Restated Certificate of Incorporation approved by stockholders, with the Secretary of State of the State of Delaware.

ITEM 4

AMENDMENTS TO BYLAWS

ELIMINATING THE CLASSIFICATION OF THE BOARD OF DIRECTORS

The Board has determined and now unanimously recommends for your approval a proposal to repeal the provisions of our Bylaws that provide for the classification of our Board. Sections 17 and 18 of Article IV of our Bylaws currently provide for the classification of our Board into three classes, and, at each annual meeting of stockholders, the members of one class are elected to three-year terms as directors.

If the proposed amendments to the Bylaws and the proposed amendments to the Restated Certificate of Incorporation described in Item 3 above are approved by our stockholders, the classification of the Board will be eliminated, the current term of office of each director will end at the next annual meeting of stockholders and directors will thereafter be elected for one-year terms at each annual meeting of stockholders. Furthermore, any director chosen as a result of a newly created directorship or to fill a vacancy on the Board will hold office until the next annual meeting of stockholders. Please refer to Item 3 above for more information concerning the Board's determination to propose to eliminate the classification of the Board, which we incorporate herein by reference.

If the proposed amendments to both the Restated Certificate of Incorporation and Bylaws are not approved by stockholders, the Board will remain classified, and the four directors elected at this Annual Meeting will each serve until the 2010 annual meeting of stockholders. All other directors will continue in office for the remainder of their respective full three-year terms, subject to their earlier retirement, resignation, disqualification, removal or death.

The text of the proposed amendments to the Bylaws is attached as **Appendix B** to this Proxy Statement.

The affirmative vote of the holders of not less than 66 ²/₃% of the outstanding shares of our common stock entitled to vote on the election of directors is required to approve the proposed amendments to the Bylaws.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ITEM 4.

If approved by stockholders, the proposed amendments to the Bylaws will be effective only if the proposed amendments to both the Restated Certificate of Incorporation and the Bylaws described in Item 3 above and this Item 4 are approved by the required vote of stockholders and we file a Certificate of Amendment to the Restated Certificate of Incorporation, which includes the amendments to the Restated Certificate of the Incorporation approved by stockholders, with the Secretary of State of the State of Delaware.

ITEM 5

STOCKHOLDER PROPOSALS

Certain stockholders have informed the Company that they intend to present the proposals set forth below at the Annual Meeting. If the stockholders or their respective representatives, who are qualified under Delaware law, are present at the Annual Meeting and properly submit their respective proposals for a vote, then the stockholder proposals will be voted upon at the Annual Meeting. The affirmative vote by holders of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required for each stockholder proposal to pass.

In accordance with the Federal securities laws, the stockholder proposals and supporting statements are presented below exactly as submitted by the stockholders and are quoted verbatim (including footnotes) and are in italics. The stockholder proposals and supporting statements are presented in the order in which the Company received them from the stockholder proponents. The Company disclaims all responsibility for the content of the proposals and the supporting statements, including footnotes and websites contained in the supporting statements. Any reference to a website is not intended to function as a hyperlink, and the information contained on any such website is not intended to be part of this Proxy Statement.

FOR THE REASONS STATED IN THE BOARD'S RESPONSES, WHICH FOLLOW EACH OF THE STOCKHOLDER PROPOSALS, THE BOARD STRONGLY AND UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST BOTH STOCKHOLDER PROPOSALS #1 AND #2.

Stockholder Proposal #1

Gloria J. Eddie, 1060 Cambridge Ave., Menlo Park, CA 94025, owner of 100 shares of our common stock, has notified the Company that she intends to submit the following proposal at the Annual Meeting:

ANIMAL WELFARE POLICY

This Proposal is submitted by Gloria J. Eddie.

RESOLVED, that the Board adopt and post an Animal Welfare Policy online which addresses the Company's commitment to (a) reducing, refining and replacing its use of animals in research and testing, and (b) providing for the social and behavioral needs of those animals used in such research and testing, both by the Company itself and by all independently retained laboratories. Further, the shareholders request that the Board issue a report to shareholders on the extent to which in-house and contract laboratories are adhering to this policy, including the implementation of enrichment measures.

Supporting Statement:

The Boards of many companies have adopted and prominently published animal welfare policies on their Web sites committing to the care, welfare, and protection of animals used in product research and development. Our Company should be an industry leader with respect to animal welfare issues, and yet it has no publicly available animal welfare policy and is therefore below the industry standard.

However, the disclosure of atrocities recorded at Covance, Inc., an independent laboratory headquartered in Princeton, New Jersey,¹ has made the need for a formalized, publicly available animal welfare policy that extends to all outside contractors all the more relevant, indeed urgent.² Filmed footage showed primates being subjected to such gross physical abuses and psychological torments that Covance sued to enjoin People for the Ethical Treatment of Animals in Europe from publicizing it. The Honorable Judge Peter Langan in the United Kingdom refused to stop PETA from publicizing the film and instead ruled in PETA's favor. The Judge stated in his opinion that the rough manner in which the animals are handled and the bleakness of the surroundings in which they are kept... even to a viewer with no particular interest in animal welfare, at least cry out for explanation.³

Shareholders cannot monitor what goes on behind the closed doors of the animal testing laboratories, so the Company must. Accordingly, we urge the Board to commit to promoting basic animal welfare measures as an integral part of our Company's corporate stewardship.

We urge shareholders to support this Resolution.

¹ *PETA's undercover investigator videotaped the systematic abuse of animals at Covance's laboratory in Vienna, VA over a six month investigation.*

² *In October 2005, Covance's Director of Early Development stated that "We've worked with just about every major company around the world" (<http://www.azcentral.com/arizonarepublic/eastvalleyopinions/articles/1021cr-edit21.html>)*

³ *The case captioned Covance Laboratories Limited v. PETA Europe Limited was filed in the High Court of Justice, Chancery Division, Leeds District Registry, Claim No. 5C-00295. In addition to ruling in PETA's favor, the Court ordered Covance to pay PETA £50,000 in costs and fees.*

Board Response to Stockholder Proposal #1

The Board of Directors recommends a vote AGAINST Stockholder Proposal #1 for the following reasons:

Amgen is supportive of the principles of protecting the welfare of animals that underlie the proposal but believes that the actions proposed by the proponent are unnecessary. Amgen therapeutics have changed the practice of medicine, helping millions of people around the world in the fight against cancer, kidney disease, rheumatoid arthritis, and other serious illnesses. With a broad and deep pipeline of potential new medicines, Amgen remains committed to advancing science to dramatically improve people's lives. We approach all studies involving animals with the highest level of humane concern. Not only is Amgen's record and policy of animal care not below the industry standard, as the proposal claims, the care of all the animals in our studies meets or exceeds relevant local, national and international regulations.

Amgen makes every effort to use in vitro (non-animal) testing wherever possible. In addition, through our affiliations with industry, government and academic groups, we are working with regulators in an effort to increase the use of alternative models where such alternatives can be used appropriately. We are, however, legally obligated to evaluate potential new medicines rigorously to ensure that, to the greatest extent possible, they have been shown to be safe and effective. In vivo (animal) testing is a necessary and legally mandated component of biomedical research because the complexity of the human or animal body cannot yet be modeled adequately by computer or cell culture systems. However, Amgen is fully committed to replacing in vivo testing with other procedures wherever such tests are scientifically valid and do not compromise patient safety or the effectiveness of our medicines.

Amgen currently has an established corporate policy designed to safeguard the welfare of animals involved in studies conducted by Amgen, the protocols and demands of which meet or exceed the standards of care and humaneness set by the National Research Council of the National Academy of Sciences, the National Institutes of Health; and the U.S. Department of Agriculture as mandated under the Animal Welfare Act. When animal studies are deemed necessary, it is Amgen's policy that (1) animals are treated humanely, ethically and in accordance with veterinary practices that meet currently accepted laboratory animal care standards to promote their comfort and well-being; (2) that their use is scientifically justified; and (3) that their care and treatment are carefully scrutinized by an effective institutional animal care and use review process. Further, Company facilities are required to meet currently accepted laboratory animal care standards.

In addition, when Amgen employs contract research organizations to conduct studies on its behalf, such partners are required to demonstrate their compliance with applicable regulations and standards. Not only does Amgen impose oversight over these contractors' conduct of studies, including specific monitoring of animal welfare, but such organizations are also typically held accountable to many regulatory authorities and accrediting agencies, including, among others, the United States Department of Agriculture (USDA), the Food and Drug Administration (FDA), the Public Health Service (PHS) and the Association for Assessment and Accreditation of Laboratory Animal Care International (AAALAC). Moreover, Amgen has taken this practice of oversight a step further, instituting a formal policy that contains standards for animal welfare, both for itself and its contract partners, that exceeds the requirements of law.

Similarly, the Board has oversight over the Company's business operations and, in particular, the Board's Corporate Responsibility and Compliance Committee would be apprised of any significant compliance violations involving the use of animals in the Company's research and development efforts.

Because of Amgen's existing efforts, policies and practices, together with Board and committee oversight, the Board does not believe that this proposal is necessary. The Board believes that the Company's existing program is sufficient to ensure that the highest level of care for animals is used both by us and by our contract laboratories. In addition, the Board believes that publishing an additional report to stockholders would be an inefficient use of company resources that would be better devoted to building on Amgen's tradition of medical breakthroughs.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST STOCKHOLDER PROPOSAL #1.

Stockholder Proposal #2

Calvert Group, LTD, Fund Administration, 4550 Montgomery Avenue, Suite 1000N, Bethesda, MD 20814, owner of 1,087,669 shares of our common stock, has notified the Company that it intends to submit the following proposal at the Annual Meeting:

SUSTAINABILITY REPORT RESOLUTION

2007 Amgen Inc.

Whereas:

Investors increasingly seek disclosure of companies' social and environmental practices in the belief that they impact shareholder value. Many investors believe companies that are good employers, environmental stewards, and corporate citizens are more likely to generate incremental financial returns, be more stable in turbulent economic and political conditions, and enjoy long-term business success.

Mainstream financial companies are seeking tools to understand the links between sustainability performance and capital markets. According to research consultant Innovest, major investment firms including ABN-AMRO, Schroders, T. Rowe Price, and Legg Mason subscribe to information on companies' social and environmental practices to help make investment decisions.

Sustainability refers to endeavors that meet present needs without impairing the ability of future generations to meet their own needs. It includes encouraging long lasting social well being in communities where [companies] operate, interacting with different stakeholders (e.g. clients, suppliers, employees, government, local communities, and non-governmental organizations), and responding to their specific and evolving needs, thereby securing a long-term license to operate, superior customer and employee loyalty, and ultimately superior financial returns. (Dow Jones Sustainability Group)

In 2005, approximately 2045 companies globally produced reports on sustainability issues. (www.corporateregister.com)

Amgen competes internationally, and global expectations regarding sustainability reporting are increasing. The European Commission recommends corporate sustainability reporting, and listed companies in Australia, South Africa and France are required to provide investors with information on their social and environmental performance.

Companies increasingly recognize that transparency and dialogue about sustainability are elements of business success. In his message to stakeholders, Hank McKinnell, Pfizer's Chairman of the Board and Chief Executive Officer, states in the company's 2005 Corporate Citizenship Report, "All our interests are best served when our colleagues think and act not with the next quarter in mind, but the next generation. Acting as a leading corporate citizen is the way to produce sustainable value for our shareholders. That requires integrating citizenship across Pfizer's value chain, through a well-defined framework that guides all that we do."

RESOLVED: Shareholders request that the Board of Directors issue a sustainability report to shareholders, at reasonable cost, and omitting proprietary information, by October 31, 2007.

SUPPORTING STATEMENT

The report should include Amgen's definition of sustainability, as well as a company-wide review of company policies, practices, and metrics related to long-term social and environmental sustainability.

We recommend that Amgen use the Global Reporting Initiative's Sustainability Reporting Guidelines (The Guidelines) to prepare the report. The Global Reporting Initiative (www.globalreporting.org) is an international organization developed with representatives from the business, environmental, human rights and labor communities. The Guidelines provide guidance on report content, including performance on direct economic impacts, environmental, labor practices and decent work conditions, human rights, society, and product responsibility. The Guidelines provide a flexible reporting system that allows the omission of content that is not relevant to company operations. According to GRI, upwards of 1000 organizations around the world report using GRI, including 3M, Intel, Starbucks, and Microsoft.

Board Response to Stockholder Proposal #2

The Board of Directors recommends a vote AGAINST Stockholder Proposal #2 for the following reasons:

The Board believes that the Company's current policies and practices concerning social, environmental and economic issues already address the underlying concerns raised by this stockholder proposal.

The Company requires every individual who conducts business for or on behalf of Amgen to behave ethically and in compliance with all applicable laws and Company policies and to exert due diligence in preventing and detecting violations of such laws and policies.

The Company's operational guidelines require staff members involved with processes that could affect the environment to perform their jobs conscientiously and to mandate proper disposal of waste, accurate monitoring of environmental discharges and emissions and safe handling of hazardous materials. The Company has implemented programs that have demonstrated environmental responsibility in its energy use, water use and hazardous waste generation. LEED (Leadership in Energy and Environmental Design) standards are evaluated in the Company's building designs and applied where appropriate.

The Company has been repeatedly recognized as responding to the needs and well-being of the Company's employees. In 2006, Amgen appeared for the seventh time on Fortune's 100 Best Companies to Work For in America list, and The Scientist ranked Amgen first among large companies in its 2006 Best Places to Work in Industry.

The Company is committed to encouraging social well-being in the Company's local communities and has undertaken a number of initiatives to serve patients and their families and the communities in which Amgen's employees work and live, including the Amgen Foundation, corporate giving and disaster relief programs.

The Company's website at <http://www.amgen.com> already reports on many of these initiatives and policies and how Amgen confronts the issues raised in the proposed resolution. For example, the website contains information with respect to existing reports and policies including codes of conduct for the Board, staff and suppliers, the Board's Corporate Governance Principles, reporting of the minority and female statistical composition of the Company's U.S. workforce, and the Company posts semi-annual reports of the Company's political contributions in the United States.

The Board appreciates that investors have an interest in good corporate citizenship and social responsibility. The Board and the Corporate Responsibility and Compliance Committee maintain oversight and routinely assess the environmental programs and initiatives of the Company. The Board believes, however, that the investment of employee and financial resources required to produce the expansive report demanded in this proposal would be an unnecessary and imprudent use of stockholder assets.

For the foregoing reasons, the Board believes that the proposal is not in the best interests of Amgen or its stockholders and recommends a vote against it.

CORPORATE GOVERNANCE

Board Independence

The Board has determined that each of our non-employee directors, which includes all four nominees for election to the Board at the Annual Meeting, is independent under the listing standards of NASDAQ. Mr. Sharer is not independent based on his service as our Chief Executive Officer and President. In making its independence determinations, the Board reviewed transactions and relationships between the director, or any member of his or her immediate family, and us or one of our subsidiaries or affiliates based on information provided by the director, Company records and publicly available information. Specifically, the Board considered the following types of relationships and transactions: (i) principal employment of and other public company directorships held by each non-employee director, which are set forth in ITEM 1 ELECTION OF DIRECTORS above; (ii) contracts or arrangements that are ongoing or which existed during any of the past three fiscal years between the Company and/or its subsidiaries or affiliates and any entity for which the non-employee director, or his or her immediate family member, is an executive officer or greater-than-10% shareholder; and (iii) contracts or arrangements that are ongoing or which existed during any of the past three fiscal years between the Company and/or its subsidiaries or affiliates and any other public company for which the non-employee director serves as a director. The relationships and transactions reviewed by the Board included the following:

Dr. Baltimore is currently President Emeritus of and Robert Andrews Millikan Professor of Biology at the California Institute of Technology, or Caltech. The following contracts and arrangements exist between the Company or its affiliates and Caltech: (i) the Company has several agreements with Caltech pursuant to which the Company is to pay Caltech for research and research facility-related other services and where the aggregate amount involved for all such agreements is less than \$100,000; and (ii) the Amgen Foundation has approved a \$1 million grant to Caltech in four equal installments from 2006 to 2009 for the Amgen Scholars program, which funds summer science research programs at ten leading universities.
