on
"forward-looking
information
and
involve
risks and uncertainties. Forward-looking statements may be identified by their use of words like "anticipates," "believes,"
"estimates," "expects," "hopes," "targets," "should," "will," "will likely result," "forecast," "outlook," "projects" or other words
similar
meaning.
Such
forward-looking
information
includes,
without
limitation,
the
statements
as
to
the
impact
of the
proposed acquisition on revenues, costs and earnings. Such forward looking statements are subject to numerous
assumptions, uncertainties and risks, many of which are outside of Alcoa's control. Accordingly, actual results and
developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking
statements contained in this communication. These risks and uncertainties include Alcoa's ability to successfully integrate the
operations of Alcan; the outcome of contingencies including litigation, environmental remediation, divestitures of businesses,
and anticipated costs of capital investments; general business and economic conditions; interest rates; the supply and
demand for, deliveries of, and the prices and price volatility of primary aluminum, fabricated aluminum, and alumina produced
by Alcoa and Alcan; the timing of the receipt of regulatory and governmental approvals necessary to complete the acquisition
of Alcan and any undertakings agreed to in connection with the receipt of such regulatory and governmental approvals; the

Forward-Looking Statements

Additional risks, uncertainties and other factors affecting forward looking statements include, but are not limited to, the following:

Alcoa is, and the combined company will be, subject to cyclical fluctuations in London Metal Exchange primary aluminum prices, economic and business conditions generally, and aluminum end-use markets;

Alcoa's operations consume, and the combined company's operations will consume, substantial amounts of energy, and profitability may decline if energy costs rise or if energy supplies are interrupted;

The profitability of Alcoa and/or the combined company could be adversely affected by increases in the cost of raw materials;
Union disputes and other employee relations issues could adversely affect Alcoa's and/or the combined company's financial results;
Alcoa and/or the combined company may not be able to successfully implement its growth strategy;

Alcoa's operations are, and the combined company's operations will be, exposed to business and operational risks, changes in market conditions and events beyond its control in the countries in which it operates;

Alcoa is, and the combined company will be, exposed to fluctuations in foreign currency exchange rates and interest rates, as well as inflation and other economic factors in the countries in which it operates;

Alcoa faces, and the combined company will face, significant price competition from other aluminum producers and end-users of Alcoa products that are highly competitive;

Alcoa
and/or
the
combined
company
could
be
adversely
affected
by
changes
in
the
business
or
financial
condition
of
a
significant
customer or customers;

Alcoa and/or the combined company may not be able to successfully implement its productivity and cost-reduction initiatives;

Alcoa and/or the combined company may not be able to successfully develop and implement new technology initiatives;

Alcoa is, and the combined company will be, subject to a broad range of environmental laws and regulations in the jurisdictions in which it operates and may be exposed to substantial costs and liabilities associated with such laws;

Alcoa's smelting operations are expected to be affected by various regulations concerning greenhouse gas emissions;

Alcoa and the combined company may be exposed to significant legal proceedings, investigations or changes in law; and

Unexpected events may increase Alcoa's and/or the combined company's cost of doing business or disrupt Alcoa's and/or the combined company's operations.

See also the risk factors disclosed in Alcoa's Annual Report on Form 10-K for the fiscal year ended December 31, 2006. Readers are cautioned not to put undue reliance on forward-looking statements. Alcoa disclaims any intent or obligation to update these forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by applicable law.

www.sec.gov. Materials filed with the Canadian securities regulatory authorities also will be available electronically without charge at www.sedar.com. Materials filed with the SEC or the Canadian securities regulatory authorities may also be obtained without charge at Alcoa's website, www.Alcoa.com, or by directing a request to Alcoa's investor relations department at 212 836 2674. In addition, Alcan shareholders may obtain free copies of such materials filed with the SEC or the Canadian securities regulatory authorities by directing a written or oral request to the Information Agent for the Offer,

MacKenzie

Partners, Inc., toll-free at (800) 322-2885 (English) or (888) 405-1217 (French). While the Offer is being made to all holders of Alcan Common Shares, this communication does not constitute an offer or a solicitation in any jurisdiction in which such offer or solicitation is unlawful. The Offer is not being made in, nor will deposits be accepted in, any jurisdiction in which the making or acceptance thereof would not be in compliance with the laws of such jurisdiction. However, Alcoa may, in its sole discretion, take such action as they may deem necessary to extend the Offer in any such jurisdiction.
