PROPOSAL 1

ELECTION OF DIRECTORS

Our bylaws, as amended to date, provide that the board of directors will consist of twelve members, classified into three classes, each class consisting of four directors, the members of which will serve three-year staggered terms. We currently have eleven directors, and there is one vacancy. Two of our current directors, Messrs. R. J. Schumacher and Robert H. Johnson, both of whose terms expire at the 2007 Annual Meeting, are not standing for re-election, and, therefore, there will be three vacancies which will continue after the Annual Meeting. The six directors previously elected to serve until the 2008 and 2009 Annual Meeting of Shareholders will continue to serve out those terms.

The board of directors has nominated the two directors who were elected at the 2004 Annual Meeting of Shareholders and one director who was elected at the September 28, 2006 Board Meeting, each of whose term expires at this year's Annual Meeting, for election to a three-year term expiring at the 2010 Annual Meeting. In order to be elected, a nominee for director must receive a plurality of the votes properly cast at the meeting in person or by proxy. Therefore, the three nominees who receive the most votes will be elected, provided that a quorum is present at the meeting.

Each of the nominees has consented to serve if elected. If for any unforeseen reason a nominee would be unable to serve if elected, the persons named in the accompanying proxy may exercise their discretion to vote for a substitute nominee selected by the board of directors. However, the board has no reason to anticipate that any of the nominees will not be able to serve, if elected. After the 2007 Annual Meeting, the board will have one vacancy among the group of directors whose term expires at the 2008 Annual Meeting, one vacancy among the group of directors whose term expires at the 2009 Annual Meeting and one vacancy among the group of directors whose term expires at the 2010 Annual Meeting.

PROPOSAL 2

SENIOR EXECUTIVE BONUS PLAN PROPOSAL

The proposed Senior Executive Bonus Plan, a form of which is attached hereto as Appendix A (the "Plan"), provides for incentive compensation to key executives based on the achievement of goals relating to the performance of the Company and its business units. We have approved the adoption of the Plan, under which we would grant incentive awards to certain key executives beginning with the 2009 fiscal year. The proposal requires that the holders of a majority of the outstanding shares of common stock present or represented at the 2007 Annual Meeting of Shareholders approve the Plan. We are seeking your approval of the Plan so that payments under the Plan utilizing performance goals set out in the Plan may be eligible for full income tax deductibility under Section 162(m) of the Internal Revenue Code ("Section 162(m)") if all of the requirements of Section 162(m) are satisfied. The plan is designed to supplement our Senior Management Bonus Plan to satisfy Section 162(m) requirements.

Background and Reasons for Adoption

We have historically awarded cash bonuses to certain of our officers under a Senior Management Bonus Plan. Under the Senior Management Bonus Plan, we reward participants with bonuses based on the achievement of certain Company-wide and personal financial and performance objectives. Section 162(m) generally places a \$1 million annual limit on the income tax deductibility of compensation paid to each of our most highly compensated executive officers who are employed by the Company or any of its corporate subsidiaries. However, we may deduct compensation in excess of that amount that qualifies as "performance-based compensation" if all of the requirements of Section 162(m) are satisfied. Accordingly, your approval of the Plan is being sought so that payments of awards made under the Plan may qualify as "performance-based compensation" under Section 162(m) if all of the requirements of Section 162(m) are satisfied. The performance goals and other terms of the Plan are described below.

Description of the Plan

The following paragraphs summarize the principal features of the Plan and its operation. The full Plan document is included as an appendix to this Proxy Statement, and the following summary is qualified in its entirety by reference to the Plan document.

Purpose

The Plan is intended to increase shareholder value and the success of the Company by linking a portion of the key executives' compensation to our financial performance, providing rewards for improving financial performance, and motivating our key executives to perform to the best of their abilities to achieve the Company's objectives.

Administration of the Plan

The board of directors shall appoint a committee to administer the Plan (the "Committee"). At least two members of the Committee must qualify as "outside directors" under Section 162(m) for purposes of qualifying the Plan as performance-based compensation under that section. Subject to the terms of the Plan, the Committee has the sole discretion to determine the officers who will be granted awards, and the amounts, terms and conditions of each award.

Eligibility to Receive Awards

All Company officers will be eligible to participate in the Plan. The Committee will determine, in its sole discretion, which officers will participate in the Plan. The Committee shall designate a fiscal period of the Company (of not less than one fiscal quarter or more than one fiscal year) for which awards will be determined under the Plan (the "Plan Period"). In selecting Plan participants for a Plan Period, the Committee will choose those officers who are likely to have a significant impact on Company performance. We currently expect that the

Committee may designate participants from our senior officer group in 2008, when the Plan would take effect. No designation has been made, however. Our senior officers currently include David H. Dingus, our Chief Executive Officer, and our vice presidents, Dana L. Perry, Senior Vice President & Chief Financial Officer; Fred L. Wright, Senior Vice President-Galvanizing Services; John V. Petro-Senior Vice President-Electrical and Industrial Products Segment; and Clement H. Watson, Vice President-Sales, Electrical Products Group.

Bonus and Performance Goals

Under the Plan, each year the Committee will establish in writing: (i) a target award for each participant, (ii) the performance goals that must be achieved in order for the participant to be paid the target award (the Performance Goals), and (iii) a payout formula to determine the actual amount of the award, which could be less than the target amount, based on a comparison of actual performance to the pre-established Performance Goals.

Such Performance Goals shall be in writing and may be expressed in terms of one or more financial or other objective goals which may be Company-wide, on an individual basis or otherwise. Financial goals may be expressed, for example, in terms of sales, operating earnings, net income, earnings per share, cash flow, return on equity or other return ratios, or stock price. Other objective goals may include the attainment of various productivity and long-term growth objectives, including for example, reductions in the Company's overhead ratio and expense to sales ratios. Any criteria may be measured in absolute terms, as a change from a prior comparable period or periods, or as compared to another company or companies. The Performance Goals established by the Committee may be, but need not be, different for each Plan Period and different Performance Goals may be applicable for different participating officers.

Determination of Actual Awards

Payment of the amount of a bonus for a particular Plan Period shall be made only if and to the extent the specified Performance Goals with respect to such Plan year are attained. A participating officer must continue to be a full-time employee of the Company at the end of the Plan Period to be eligible to receive a bonus under the Plan for such Plan Period unless termination from employment resulted from death, disability, retirement or termination (other than voluntary resignation or termination for cause). In such case, the Participant shall receive a portion of the bonus such Participant would have received if employed by the Company at the end of the Plan Period, prorated to the last completed month of service prior to termination. The Committee may not in any case increase the amount of any bonus payable to any Participant above the amount established in accordance with the relevant Performance Goals.

Payments of any bonus shall be made only after the Committee has certified the achievement of the required Performance Goals. After such certification the Company shall pay in cash or as otherwise determined by the Committee the applicable amount of the bonus to the appropriate Participant. The aggregate bonus paid under the Plan to any Participant shall not exceed \$2,500,000 for any fiscal year of the Company.

Plan Awards

There have been no awards granted under the Plan. The awards that would be granted under the Plan are not now determinable since the awards will be determined based on actual future performance. Since Performance Goals may not be achieved, there can be no assurance that any awards will be paid in any future period.

Amendment and Termination of the Plan

The Board or the Committee may amend or terminate the Plan at any time and for any reason, but in accordance with Section 162(m), certain material amendments to the Plan will be subject to shareholder approval. We also expect to resubmit the Plan to shareholders from time to time as may be deemed necessary to remain in compliance with Section 162(m) requirements.

The Board of Directors recommends you vote FOR the approval of the Company's Senior Executive Bonus Plan.

MATTERS RELATING TO CORPORATE GOVERNANCE, BOARD STRUCTURE,

DIRECTOR COMPENSATION AND STOCK OWNERSHIP

Corporate Governance

The board of directors believes very strongly that good corporate governance is a prerequisite to achieving business success. The board of directors has adopted formal, written Corporate Governance Guidelines designed to strengthen our corporate governance. In 2003, the board amended those guidelines to meet new requirements of the U.S. Securities and Exchange Commission and The New York Stock Exchange. Among other things, the enhanced guidelines contain standards for determining whether a director is independent. The board also adopted a Code of Ethics applicable to all of our directors, officers and employees, and charters for each of the board's committees. The nominating and corporate governance committee is responsible for overseeing and reviewing the Corporate Governance Guidelines and Code of Ethics at least annually, and recommending any proposed changes to the full board for its approval. The AZZ incorporated Corporate Governance Guidelines, Code of Ethics and charters for the audit, compensation and nominating and corporate governance committees are available on our web site at www.azz.com, under the heading Investor Relations Corporate Governance.

Director Independence

It is our policy that the board of directors will at all times consist of a majority of independent directors. In addition, all members of the audit committee, compensation committee and nominating and corporate governance committee must be independent. To be considered independent, a director must satisfy the independence requirements established by the NYSE and the SEC. The board will consider and apply all facts and circumstances relating to a director in determining whether that director is independent. The board has determined that all of the current members of the board of directors are independent except for directors David H. Dingus and Dana L. Perry.

Directors Attendance at Board and Committee Meetings and at the Annual Meeting of Shareholders

Our board of directors met five times during fiscal year 2007. Each director attended at least 75% of the total number of board meetings and meetings of the board committee or committees on which he served during fiscal 2007. Although we have no formal policy on the matter, all directors are encouraged to attend, and typically have attended, our Annual Meeting of Shareholders. All of our directors attended the 2006 Annual Meeting of Shareholders.

Board Committees

There are three standing committees of the board of directors. They are the nominating and corporate governance committee, the audit committee and the compensation committee. A brief description of each committee's function, the number of meetings held last fiscal year and the names of the directors who are members of the committees follows.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee is responsible for considering and making recommendations to the board regarding nominees for election to the board and the membership of the various board committees. The committee is also responsible for establishing and is responsible for overseeing the AZZ incorporated Corporate Governance Guidelines and the AZZ incorporated Code of Ethics described earlier in this proxy statement, as well as the Director Nomination Process which is set forth below. The nominating and corporate governance committee met on three occasions during the last fiscal year. Committee members are Directors Downey (chairman), Rosen and Bowen.

Audit Committee. The audit committee provides assistance to the board in overseeing AZZ's accounting, auditing, financial reporting and systems of internal controls regarding finance and accounting. As part of its

duties, the audit committee is directly responsible for the appointment, compensation, retention and oversight of our independent auditors. The committee also reviews our quarterly and year-end financial statements. The audit committee held five meetings during the last fiscal year. During the last fiscal year, audit committee members were Directors Feehan (chairman), Schumacher, Berce and Johnson. Messrs. Schumacher and Johnson are not standing for re-election at the Annual Meeting. The board of directors has determined that each member of the audit committee is an audit committee financial expert, as defined by the SEC, and has accounting or related financial management expertise within the meaning of NYSE listing standards.

Compensation Committee. The compensation committee establishes, amends and oversees AZZ's incentive-based compensation plans and sets compensation for our chief executive officer, our other executive officers and other senior management. It also oversees the administration of other compensation and benefit plans and recommends to the board compensation of our directors and changes in or the establishment of compensation and benefit plans for our employees. The committee held five meetings during the last fiscal year. Compensation committee members are Directors Downey (chairman), Berce and Joyce.

Meetings of Independent Directors without Management Present

To empower our independent directors to serve as a more effective check on management, our independent directors meet at regularly scheduled executive sessions without members of AZZ's management present. The independent directors met without management present four times during the last fiscal year. Executive sessions ordinarily are held in conjunction with quarterly scheduled board meetings. Dr. Downey, as our independent chairman of the board, presides over these meetings.

DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill-level required by the Company of members of the board.

Fees Paid to Directors (Cash Compensation paid to Board Members)

Each director who was not an AZZ employee received the following cash compensation for services to the board during fiscal year 2007:

a fee of \$18,000;

\$1,500 for each quarterly meeting of the board of directors he attended;

\$500 for each special meeting of the board of directors he attended; and

\$1000 for each nominating and corporate governance committee or compensation committee meeting he attended as a member and \$1,500 for each audit committee meeting.

The chairman of the compensation and nominating committee and corporate governance committee of the board of directors each received additional cash compensation of \$1,500 during fiscal 2007, the chairman of the audit committee received additional cash compensation of \$3,000 during fiscal 2007, and Director Downey received additional cash compensation of \$67,200 for serving as independent chairman of our board of directors.

Under our 1999 Independent Director Share Ownership Plan, each continuing independent director was granted 500 shares of common stock following each annual meeting of the shareholders, beginning with the 1999 Annual Meeting and continuing until the 2004 Annual Meeting, at which time the number of shares granted increased to 1,000.

Additionally, stock appreciation rights (SAR s) have been granted from time to time to our non-employee directors. During fiscal 2007, 4,620 SAR s, adjusted to reflect a two-for-one stock split effected in the form of a stock dividend on May 4, 2007, were granted to each non-employee director except Mr. Hegedus who received no SAR s.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended February 28, 2007, the compensation committee was composed of Directors Downey (chairman), Joyce and Berce, none of whom is an employee of AZZ. No member of the committee served on the board of directors of any other company that either employs an executive who is a director of our company or includes on its board of directors another member of our board.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

During the fiscal year ended February 28, 2007, we did not enter into any transactions with any of our officers, directors or shareholders owning 5% or more of our common stock in which the amount involved exceeded \$120,000. Edgar Filing: AZZ INC - Form DEF 14A

in nominees for director are:

management and leadership experience;

relevant knowledge and diversity of background and experience; and

personal and professional ethics, integrity and professionalism.

The committee also believes that the board should be composed of individuals who have achieved a high level of distinction in business, law, education or public service and who possess one or more of the following specific qualities or skills:

financial expertise;

general knowledge of the electrical and industrial products industry and/or galvanizing services;

legal or accounting experience; and

CEO, CFO or other senior management experience.

Internal Process for Identifying Candidates.

Members of the nominating and corporate governance committee or other AZZ directors or executive officers may, from time to time, identify potential candidates for nomination to our board. All proposed nominees, including candidates recommended for nomination by shareholders in accordance with the procedures described below, will be evaluated in light of the *Board Member Qualification Criteria* and the projected needs of the board at the time. The committee may retain a search firm to assist in identifying potential candidates for nomination to the board of directors. The search firm's responsibilities may include identifying and evaluating candidates believed to possess the qualities and characteristics set forth in the *Board Member Qualification Criteria*, as well as providing background information on potential nominees and interviewing and screening nominees if requested to do so by the committee.

Shareholder Recommendations for Directors

The committee will consider candidates recommended by shareholders for election to our board. A shareholder who wishes to recommend a candidate for evaluation by the committee should forward the candidate's name, business or residence address, principal occupation or employment and a description of the candidate's qualifications to the Chairman of the Nominating and Corporate Governance Committee, care of the Corporate Secretary, AZZ incorporated, University Centre I, Suite 200, 1300 South University Drive, Fort Worth, Texas 76107.

In order for a candidate proposed by a shareholder to be considered by the committee for inclusion as a board nominee at the 2008 Annual Meeting, the candidate must meet the *Board Member Qualification Criteria* described above and must be expressly interested and willing to serve as an AZZ director. In addition, the corporate secretary must receive the request for consideration and all required information no later than 5:00 p.m., local time, on March 14, 2008. Proposals should be sent via registered, certified or express mail. The corporate secretary will send properly submitted shareholder recommendations to the chairman of the committee. Individuals recommended to the committee by shareholders in accordance with these procedures will be evaluated by the committee in the same manner as individuals who are recommended through other means.

Shareholder Nominations of Directors

Section 8 of Article III of our by-laws also permits a shareholder to propose a candidate at an annual meeting of shareholders who is not otherwise nominated by the board of directors through the process described above if the shareholder complies with the advance notice, information and consent provisions contained in the by-laws. You may contact our corporate secretary to obtain the specific information that must be provided with the advance notice.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Program Overview

The Compensation Committee (the Committee) of the Board has responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to the Company's management team is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to members of the management team, including the named executive officers, are similar to those provided to other executive officers.

The individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2007, as well as the other individuals included in the Summary Compensation Table on page 17, are referred to as the named executive officers throughout this proxy statement.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company, and which aligns executives' interests with those of the shareholders by rewarding performance to achieve goals set by the Company, with the ultimate objective of improving shareholder value. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of publicly traded companies with similar characteristics. To that end, the Committee believes executive compensation packages provided by the Company to its executives, including the named executive officers, should include both cash and equity-based compensation that reward performance as measured against established goals.

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions including equity awards for the management team (which includes the named executive officers).

The Chief Executive Officer annually reviews the performance of each member of the management team (other than his own, which is reviewed by the Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Committee. The Committee can exercise its discretion in modifying any recommended adjustments or awards to executives made by the Chief Executive Officer.

Setting Executive Compensation

Based on the foregoing objectives, the Committee has structured the Company's annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. In furtherance of this, the Committee has the authority under its charter to periodically engage an outside human resources consulting firm to conduct a review of its total compensation program for the Chief Executive Officer as well as for other key executives, and did so during fiscal 2007. The human resources consulting firm provides the Committee with relevant market data and alternatives to consider when making compensation decisions for the Chief Executive Officer and on the recommendations being made by the Company's management for executives other than the Chief Executive Officer.

In making compensation decisions, the Committee compares each element of total compensation against a group of publicly-traded manufacturing companies. This group of companies, which is periodically reviewed and updated by the Committee, consists of companies against which the Committee believes the Company competes for talent and for shareholder investment.

The Committee strives to develop compensation packages for our executives made up of a balanced combination of base salary, annual incentive awards, and long term compensation. The compensation of our executive officers, including the employment agreements with our Chief Executive Officer and Chief Financial Officer, each address these forms of compensation. In setting executives' compensation, our committee reviews the total remuneration that each respective officer potentially could receive over the next several years, under scenarios contemplating the executive's continued employment or retirement during the period.

Fiscal Year 2007 Executive Compensation Components

For the fiscal year ended February 28, 2007, the principal components of compensation for named executive officers were:

base salary;

performance-based incentive compensation;

long-term incentive compensation; and

perquisites and other personal benefits.

Base Salary

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for named executive officers are determined for each executive based on his or her position and responsibility by using market data. Base salary ranges are designed so that salary opportunities for a given position will be between 75% and 125% of the midpoint of the base salary established for each range.

During its review of base salaries for executives, the Committee primarily considers:

market data periodically provided by our outside consultants;

internal review of the executive's compensation, both individually and relative to other executive officers; and

individual performance of the executive.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility.

Performance-Based Incentive Compensation

Annual Incentive Compensation

The Senior Management Bonus Plan is an annual cash incentive program. The Senior Management Bonus Plan provides guidelines for the calculation of annual non-equity incentive based compensation, subject to Committee oversight and modification. At its January meeting each year, the Committee considers whether a Senior Management Bonus Plan should be established for the succeeding year and, if so, approves the group of employees eligible to participate in the Senior Management Bonus Plan for that year. The Senior Management Bonus Plan includes various incentive levels based on the participant's accountability and impact on Company operations, with target award opportunities that are established as a percentage of base salary. These targets range from 30% to 50% of base salary for the Company's named executive officers. The maximum award is reached by the named executives by achieving an average performance level of 125% of their performance targets. Award payments under the Senior Management Bonus Plan may not exceed 100% of base salary for Mr. Dingus, 80% of base salary for Messrs. Perry, Wright, and Petro, and 60% of base salary for Mr. Watson.

Each participant in the plan is assigned one or more objective goals taken from AZZ's operating plan for the current fiscal year. Their success in reaching those goals determines the size of the annual cash incentive award received by each participant. For Messrs. Dingus and Perry, whose responsibilities are Company-wide, 70% of the award is based upon the Company's diluted earnings per share and, in the case of Mr. Dingus, 30% of the award is based on the subjective evaluation by the Committee of his individual performance during the year and, in the case of Mr. Perry, 30% of the award is based on the subjective evaluation by Mr. Dingus of Mr. Perry's individual performance during the year. The determining factors for Messrs. Wright, Petro, and Watson, whose responsibilities relate, in the case of Mr. Wright, to AZZ's Galvanizing Service Segment and, in the case of Mr. Petro, to the Electrical and Industrial Products Segment, and in the case of Mr. Watson to the Electrical Products Group of our Electrical and Industrial Products Segment, include not only diluted earnings per share but also revenue, operating income or return on assets for their respective segments.

In February of each year, the Committee sets minimum, target and maximum levels for each component of the Senior Management Bonus Plan. Payments of awards under the Senior Management Bonus Plan are based upon the achievement of such objectives for the current year. Named executive officers participating in the Senior Management Bonus Plan receive:

no payment for the Senior Management Bonus Plan award unless the participant achieves the minimum performance level;

a payment of at least 50% but less than 100% of the Senior Management Bonus Plan award if the participant achieves or exceeds the minimum performance level but does not achieve the target performance level;

a payment of at least 100% but less than the maximum Senior Management Bonus Plan award if the participant achieves or exceeds the target performance level but does not attain the maximum performance level; and

a payment of the maximum Senior Management Bonus Plan award if the participant achieves or exceeds the maximum performance level.

Upon completion of the fiscal year, the Committee assesses the performance of the Company for each of the Senior Management Bonus Plan targets comparing the actual fiscal year results to the pre-determined minimum, target, and maximum levels for each objective and an overall percentage amount is calculated.

Awards made to named executive officers under the Senior Management Bonus Plan for performance in 2007 are reflected in column (g) of the Summary Compensation Table on page 17.

Long-Term Incentive Compensation

Stock Appreciation Rights Program

The Stock Appreciation Rights Program assists the Company to:

enhance the link between the creation of shareholder value and long-term executive incentive compensation;

provide an opportunity for increased equity ownership by executives; and

maintain competitive levels of total compensation.

The compensation packages of our executive officers include long-term compensation in the form of stock appreciation rights. During fiscal year 2007, rights were granted under the AZZ incorporated 2005 Long-Term Incentive Plan, which are to be settled in shares of AZZ incorporated common stock. Each stock appreciation right has a base value equal to the average of the closing price of one share of AZZ common stock on the New

York Stock Exchange for those days on which it trades during the period of thirty-calendar days immediately following the grant date. The stock appreciation rights vest and are exercisable in full on the third anniversary of the grant date and are exercisable for a period of 60 days following the vesting date. During the 60 day period, the participant may exercise the stock appreciation rights with respect to all of the common shares by delivering written notice of exercise to the Committee. The exercise price shall be determined on the date of delivery of such notice, but no later than the 60th day after vesting.

Stock appreciation rights award levels are determined based on market data, vary among participants based on their positions within the Company, and are granted at the Committee's regularly scheduled January meeting.

Perquisites and Other Personal Benefits

The Company provides named executive officers with perquisites and other employee benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

The named executive officers are provided use of company automobiles or are given an automobile allowance and participate in the plans and programs described above.

Attributed costs of the personal benefits described above for the named executive officers for the fiscal year ended February 28, 2007, are included in column (i) of the Summary Compensation Table on page 17.

The Company has entered into employment agreements with two of our key executives, Messrs. Dingus and Perry. Additionally, the Company has entered into Change of Control Severance Agreements with certain key employees, including the named executive officers. The Change of Control Severance Agreements are designed to promote stability and continuity of senior management. Information regarding applicable payments under such agreements for the named executive officers is provided under the heading Potential Payment Upon Termination or Change of Control on page 20.

Retirement and Other Benefits

We do not maintain a defined-benefit retirement program. Instead, all Company employees, including named executive officers, are eligible to participate in the Company's 401(k) and Profit Sharing Plan known as the AZZ incorporated Employee Benefit Plan and Trust.

401(k). The Company maintains a 401(k) plan for all employees. The 401(k) plan is a tax-qualified savings plan pursuant to what all Company employees, including the named executive officers, can contribute a portion of their annual salary on a pre-tax basis to the 401(k) up to certain limits prescribed by the Internal Revenue Service. The Company will match 50% of the first 6% of pay that an employee contributes. All employee contributions to the 401(k) plan are fully vested upon contribution. Company matching contributions vest over the first five years of an employee's service with the Company, and are fully vested for employees who have five or more years of service. Employees may select from among several mutual funds and Company stock when investing their 401(k) account funds.

Profit Sharing. In addition to the 401(k) matching contributions, the Company may make a profit sharing contribution that all Company employees, including named executive officers, are eligible to receive. In the event a contribution is made, each Company employee, including named executives, will receive a portion of the contribution as determined by the following formula:

Participant Eligible Compensation
Eligible Compensation All Participants

X Profit Sharing Contribution

This amount is allocated to the participant's account and is invested in one or more mutual funds as determined by the participant.

The profit sharing contribution made by the Company is subject to the same vesting rules as the matching 401(k) funds.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. The Company believes that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes. However, in certain situations, the Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its executive officers. For fiscal 2007, the Company made no payments to named executive officers in excess of the \$1,000,000 limitation.

Accounting for Stock-Based Compensation

Beginning on March 1, 2006, the Company began accounting for stock-based payments under its Stock Option Program and Stock Appreciation Rights Program in accordance with the requirements of FASB Statement 123(R).

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Payments Made Upon Resignation, Termination, Death or Disability

Dingus Employment Agreement and Management Incentive Plan. In the event that Mr. Dingus' employment is terminated, prior to a change of control, due to disability or death or for Cause, Mr. Dingus, or his estate, shall be entitled to receive (i) all earned but unpaid base salary, (ii) payment for all earned but unused vacation time, and (iii) reimbursement for business expenses incurred prior to the date of termination. He, or his estate, shall also receive a bonus prorated to the last completed full month of service prior to termination. If the Company terminates Mr. Dingus' employment without Cause, he shall be entitled to receive (i) a cash amount equal to his base pay from the date of his termination to the end of the term of his employment agreement but in no event less than his base pay for a 24 month period plus any amounts to which he is entitled under any compensation plan of the Company and (ii) a bonus prorated to the last completed full month of service prior to termination. Mr. Dingus also received Stock Options and Stock Appreciation Rights under the terms of this Agreement. These Stock Options and Stock Appreciation Rights shall vest and become exercisable upon Mr. Dingus' termination as described in each separate Stock Option Agreement and Stock Appreciation Rights Agreement.

In Mr. Dingus' Agreement, Cause is defined as (1) Mr. Dingus being convicted of a crime involving moral turpitude or a crime providing for a term of imprisonment in a federal or state penitentiary or (2) Mr. Dingus commits any willful malfeasance or gross negligence in the discharge of his duties to the Company or any of its subsidiaries, having a material adverse effect on the Company or any of its subsidiaries, their business or reputations or (3) Mr. Dingus fails to correct within five days after written notice, any specific failure in performance of the duties of his position with the Company.

Mr. Dingus' Employment Agreement contains provisions requiring him to hold in strict confidence and not to disclose any Confidential Information, as defined therein, to any person except those engaged by the Company to further the business of the Company, without the prior written consent of the Company. Mr. Dingus is also prohibited from using the Confidential Information for any purpose other than the pursuit of the business of the Company without the prior written consent of the Company. These obligations of confidentiality and non-use shall remain in effect during Mr. Dingus' employment and indefinitely thereafter.

Mr. Dingus' Employment Agreement also contains provisions requiring him not to, without the prior written consent of the Company, solicit for employment any person who was employed by the Company at the time of Mr. Dingus' termination of employment with the Company. After his termination of employment with the

Company, if Mr. Dingus is approached by an employee of the Company concerning prospective employment he will inform such employee that he cannot discuss matters further with such employee without the consent of the Company. This non-solicitation provision shall remain in effect during the course of Mr. Dingus' employment with the Company and for a period of 12 months after termination of such employment at any time and for any reason.

Mr. Dingus' Employment Agreement also contains a provision requiring that for a period of twelve months following his termination he may not directly or indirectly solicit any person, who at the time of his termination was a client, customer, vendor, consultant, or agent of the Company to cease doing business in whole or in part with the Company. If such a client, customer, vendor, consultant, or agent should contact him about ceasing to do business with the Company he will inform such person that he cannot discuss the matter further without the consent of the Company.

Perry Employment Agreement and Management Incentive Plan. Mr. Perry's Employment Agreement and Management Incentive Plan contain provisions identical to those described above with respect to Mr. Dingus' Employment Agreement and Management Incentive Plan.

Payments made upon a Change In Control

Dingus Change Of Control Agreement. If Mr. Dingus remains in the service of the Company for a period of one year following a change in control of the Company, (i) he shall be entitled to a payment equal to 2.99 times his base amount, as defined in Section 280G(b)(3) of the Internal Revenue Code and (ii) all Options and Stock Appreciation Rights shall fully vest and become exercisable.

If Mr. Dingus is terminated during a period in which a potential change in control is in effect or before one year following a change in control as a result of (i) his death (ii) his total disability (iii) his termination by the Company for any reason other than cause or (iv) voluntary termination by him for good reason, (a) the Company shall pay him, in addition to the amount indicated above his full base salary through his date of termination plus any amounts to which he is entitled under any compensation agreement at the time such payments are due, and (b) all Stock Options and Stock Appreciation Rights shall fully vest and become immediately exercisable.

If Mr. Dingus' employment is terminated before one year following a change in control of the Company (i) by Mr. Dingus for any reason whatsoever other than as a result of his death, total disability or for Good Reason or (ii) by the Company for Cause, the Company shall pay him his full base salary through the date of termination plus any amounts to which he is entitled under any compensation plan of the Company at the time such payments are made, but he will not be entitled to the payment of 2.99 times his base amount.

The Company shall also reimburse Mr. Dingus all legal fees and expenses he might incur in seeking to obtain or enforce any right or benefit provided by the Change of Control Agreement.

Cause as used in this Change of Control Agreement has the same meaning as Cause contained in the *Dingus Employment Agreement* as shown above.

Good Reason is defined, as used in this Change of Control Agreement, as follows:

(A) The assignment of duties to Mr. Dingus inconsistent with his present status as President and Chief Executive Officer of the Company (or such other title or titles as he may be holding immediately prior to the change in control of the Company) or a substantial adverse alteration in the nature or status of his responsibilities from those in effect immediately prior to the change in control of the Company;

(B) A reduction by the Company in his annual base salary in effect on the date of the change in control of the Company;

(C) The relocation of the Company's principal executive offices to a location outside of Tarrant County, Texas (or, if different, the metropolitan area in which such offices are located immediately prior to the change in control of the Company) or the Company's requiring Mr. Dingus to be based anywhere other than a site less than thirty (30) miles from the site where he is now principally based except for (i) required travel on Company business to an extent substantially consistent with his present business travel obligations and (ii) proposed relocations of which he has already been informed in writing on or prior to the date of this Agreement or to which he may hereafter consent;

(D) The failure by the Company, without his consent, to pay to Mr. Dingus any portion of his current compensation, after the same shall have become due and payable and within seven (7) days after receipt by the Company of written notice from Mr. Dingus specifying that such compensation is due and has not been paid;

(E) The failure by the Company to continue in effect any compensation plan in which he participates immediately prior to the change in control of the Company which is material to his total compensation, unless an equitable arrangement (embodied in an ongoing substitute or alternative plan) has been made with respect to such plan, or the failure by the Company to continue his participation therein on a basis not materially less favorable, both in terms of the amount of benefits provided and the level of his participation relative to other participants, as existed at the time of the change in control of the Company;

(F) The failure of the Company to continue to provide Mr. Dingus with benefits substantially similar to those enjoyed by him under the AZZ incorporated Employee Benefit Plan & Trust or under any of the Company's other deferred compensation plans, life insurance, medical, health and accident, or disability plans in which he was participating at the time of the change in control of the Company, the taking of any action by the Company which would directly or indirectly materially reduce any of such benefits or deprive him of any material fringe benefit enjoyed by him at the time of the change in control of the Company, or the failure by the Company to provide him with the number of paid vacation days to which he is entitled on the basis of any employment contract with him or years of service with the Company in accordance with the Company's normal vacation policy for officers in effect at the time of the change in control of the Company;

(G) The failure of the Company to obtain a satisfactory agreement from any successor to assume and agree to perform this Change of Control Agreement; or

(H) Any purported termination of his employment by the Company other than because of total disability, death or for Cause. With respect to clauses (A), (B), (E), (F), (G) or (H) of the immediately preceding sentence, such clauses shall not constitute Good Reason unless the circumstances described in such clauses are not fully corrected within 15 days of the Company's receipt of notice from Mr. Dingus that such circumstances exist.

Perry Change Of Control Agreement. Mr. Perry's Change of Control Agreement contains provisions identical to those described above for Mr. Dingus with respect to Mr. Dingus' Change of Control Agreement, provided that with respect to clause (A) in the definition of Good Reason above, Mr. Perry's Change of Control Agreement references his status as Senior Vice President and Chief Financial Officer rather than President and Chief Executive Officer.

Executive Change-In-Control Severance Agreements. The Executive Change-in-Control Severance Agreements with Mr. Wright, Mr. Petro, and Mr. Watson, provide:

If such executive's employment is terminated within one year following a change in control of the Company for Cause or by such executive for other than Good Reason, the Company shall pay him his full base salary through the date of termination plus all other amounts to which he is entitled under any compensation or benefit plan of the Company at the time such payments are due and the Company shall have no further obligation to him under this Change in Control Agreement.

If such executive's employment is terminated before one year following a change in control (i) by the Company other than for Cause or disability, or (ii) by such executive for Good Reason, he shall be entitled to his base salary through the date of termination plus any other amounts to which he (a) is entitled to under any compensation plan of the Company at the time such payments are due; (b) a severance payment in an amount equal to two times his base amount, as defined in Section 280G(b)(3) of the Internal Revenue Code, and all Stock Options and Stock Appreciation Rights held by such executive shall fully vest and become immediately exercisable and (c) the Company will reimburse such executive for all legal fees and expenses incurred by him in seeking to obtain or enforce any right or benefit provided by the Change in Control Agreement.

Cause as used in such Executive Change-in-Control Severance Agreements has the same meaning as contained in the *Dingus Employment Agreement*.

Good Reason as used in such Executive Change-in-Control Severance Agreements means

(A) the assignment of duties to him inconsistent with his present status or position with the Company (or such other title or titles as he may be holding immediately prior to the change in control of the Company) or a substantial adverse alteration in the nature or status of his responsibilities from those in effect immediately prior to the change in control of the Company;

(B) a reduction by the Company in his annual base salary in effect on the date of the change in control of the Company;

(C) the relocation of the Company's principal executive offices to a location requiring him to be based anywhere other than a site less than thirty (30) miles from the site where he is now principally based except for (i) required travel on Company business to an extent substantially consistent with his present business travel obligations and (ii) proposed relocations of which he has already been informed in writing on or prior to the date of this Agreement or to which he may hereafter consent;

(D) the failure by the Company, without his consent, to pay to him any portion of his current compensation, after the same shall have become due and payable and within seven (7) days after receipt by the Company of written notice from him specifying that such compensation is due and has not been paid;

(E) the failure by the Company to continue in effect any compensation plan in which he participates immediately prior to the change in control of the Company which is material to his total compensation, unless an equitable arrangement (embodied in an ongoing substitute or alternative plan) has been made with respect to such plan, or the failure by the Company to continue his participation therein on a basis not materially less favorable, both in terms of the amount of benefits provided and the level of his participation relative to other participants, as existed at the time of the change in control of the Company;

(F) the failure of the Company to continue to provide him with benefits substantially similar to those enjoyed by him under the AZZ incorporated Employee Benefit Plan & Trust or under any of the Company's other deferred compensation plans, life insurance, medical, health and accident, or disability plans in which he was participating at the time of the change in control of the Company, the taking of any action by the Company which would directly or indirectly materially reduce any of such benefits or deprive him of any material fringe benefit enjoyed by him at the time of the change in control of the Company, or the failure by the Company to provide him with the number of paid vacation days to which he is entitled on the basis of any employment contract with him or years of service with the Company in accordance with the Company's normal vacation policy for employees in effect at the time of the change in control of the Company;

(G) the failure of the Company to obtain a satisfactory agreement from any successor to assume and agree to perform this Change-in-Control Severance Agreement; or

(H) any purported termination of his employment by the Company other than because of total disability, death or for Cause. With respect to clauses (A), (B), (E), (F), (G), or (H) of the immediately preceding sentence, such clauses shall not constitute Good Reason unless the circumstances described in such clauses are not fully corrected within 15 days of the Company's receipt of notice from such executive that such circumstances exist.

POTENTIAL PAYMENTS

The following table reflects the amount of compensation to each of the named executive officers of the Company in the event of termination of such executive's employment. The amount of compensation payable to each named executive officer upon voluntary termination, involuntary not-for-cause termination, for cause termination, termination following a change of control and in the event of disability or death of the executive is shown below. The amounts shown assume that such termination was effective as of February 28, 2007 and that the named executive officers had met requirements under our incentive compensation plans that the executive be employed as of year end to receive benefits related to the year, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company. As of February 28, 2007, each executive had received all of the base salary earned during fiscal 2007, and no portion of the base salary was unpaid at that date.

AUDIT COMMITTEE REPORT

The audit committee during fiscal 2007 was composed of Directors Feehan (chairman), Schumacher, Berce and Johnson. The board has determined that all members are independent as that term is defined in The New York Stock Exchange listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934 and that each member qualifies as an audit committee financial expert as defined in the SEC rules adopted under the Sarbanes-Oxley Act of 2002. Directors Schumacher and Johnson are not standing for re-election and are retiring as directors following the Annual Meeting.

The audit committee has sole authority for the appointment and replacement of the independent auditor and is directly responsible for the compensation and oversight of the work of the independent auditor. The independent auditor reports directly to the audit committee. The audit committee reviews with the auditors the plan and scope of the annual audit. It reviews with management and the independent auditor the annual audited financial statements and recommends to the board whether they should be included in AZZ's annual report. It similarly reviews quarterly financial reports and all earnings press releases. The audit committee also has general oversight of AZZ's accounting, financial reporting and internal audit function. Management is responsible for the preparation, presentation and integrity of AZZ's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. BDO Seidman LLP (BDO Seidman), our independent registered public accounting firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America, commonly referred to as GAAS .

The audit committee members are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management and BDO Seidman. The audit committee serves an oversight role, providing advice, counsel and direction to management and BDO Seidman on the basis of information it receives, discussions with management and BDO Seidman, and the experience of the audit committee's members in business, financial and accounting matters.

The audit committee operates under a written charter, which was adopted in revised form by the board of directors on April 2, 2003. A copy of the full text of the charter is available on AZZ's website at www.azz.com. The audit committee reviews and assesses the adequacy of its charter on an annual basis.

The audit committee has:

reviewed and discussed the audited consolidated financial statements with management;

discussed with BDO Seidman the matters, if any, required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU § 380), as amended; and

received the written disclosures from BDO Seidman required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as amended.

Based on the review and discussions referred to in the preceding paragraph, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in AZZ's Annual Report on Form 10-K for its fiscal year ended February 28, 2007.

Audit Committee:

Daniel R. Feehan, Chairman

R.J. Schumacher

Robert H. Johnson

Notwithstanding anything to the contrary set forth in any of AZZ's previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings, including this proxy statement, in whole or in part, the compensation committee report and the audit committee report shall not be incorporated by reference into any such filings.

OTHER BUSINESS

We do not plan to act on any matters at the meeting other than those described in this proxy statement. If any other business should properly come before the meeting, the persons named in the proxy will vote in accordance with their best judgment.

RELATIONSHIP WITH INDEPENDENT AUDITORS

Independent Auditor Fees

The following table presents fees incurred for professional services rendered by BDO Seidman, our independent auditors for our fiscal year ended February 28, 2007, and Ernst & Young, LLP, our independent auditors for our fiscal year ended February 28, 2006. All services listed below were pre-approved by the Audit Committee.

	February 28, 2007	February 28, 2006
Audit Fees ⁽¹⁾	\$ 402,612	\$ 466,000
Audit-Related Fees	0	0
Tax Fees ⁽²⁾	\$ 144,660	\$ 101,000
All Other Fees		
Total Fees	\$ 547,272	\$ 567,000

- (1) Includes fees for services related to the annual audit of the consolidated financial statements, required statutory audits, and reviews of our quarterly reports on Form 10-Q. Includes fees for services related to assistance with Section 404 internal control reporting requirements.
- (2) Includes fees for services related to tax compliance, tax advice and tax planning.
- (3) The Company changed its independent auditors to BDO Seidman from Ernst & Young, LLP on August 2, 2006. BDO Seidman provided audit-related services for our fiscal year ended February 28, 2007. Ernst & Young, LLP provided tax services for our fiscal year ended February 28, 2007 and provided audit-related and tax services for our fiscal year ended February 28, 2006.

Pre-approval of Nonaudit Fees

The audit committee has adopted a policy that requires advance approval of all audit, audit-related, tax and other services performed by the independent auditor. The policy provides for pre-approval by the audit committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the audit committee must approve the permitted service before the independent auditor is engaged to perform it. The audit committee has delegated to the chairman of the audit committee authority to approve permitted services where the fees for the engagement do not exceed \$25,000, provided that the chairman reports any decisions to the committee at its next scheduled meeting.

SHAREHOLDER PROPOSALS FOR 2008 ANNUAL MEETING

To be included in the proxy statement relating to the 2008 Annual Meeting of Shareholders, shareholder proposals must be received by our secretary no later than 5:00 p.m., local time, February 1, 2008.

In order to bring a matter before the 2008 Annual Meeting of Shareholders that is not contained in the proxy statement, including the nomination of an individual for election as a director, a shareholder must comply with the advance notice provisions of our by-laws. Our by-laws require that we receive notice of the matter no earlier than April 27, 2008, and no later than May 22, 2008. You may contact our secretary to find out what specific information regarding the matter must be included with the advance notice.

PROXY SOLICITATION

We will pay all costs associated with the solicitation, which we expect to be \$5,000 or less, and all mailing and delivery expenses. In addition to solicitations by mail, our officers and employees may solicit proxies personally and by telephone or other means, for which they will receive no compensation in addition to their normal compensation. We may also make arrangements with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of stock held of record by such persons, and we will reimburse them for their reasonable out-of-pocket and clerical expenses.

VOTING SECURITIES

Shareholders of record on May 14, 2007, will be entitled to vote at the meeting. Each share of common stock entitles the holder to one vote on each matter voted on at the meeting. An abstention will not be counted as voting for a matter, and, therefore, will have the same effect as a vote against the matter. Votes withheld, including broker non-votes, will not be counted as a vote either for or against the matter.

AZZ INCORPORATED

SENIOR EXECUTIVE BONUS PLAN

1. *Purpose.* The purposes of the AZZ incorporated Senior Executive Bonus Plan (the Plan) are to provide the Company's senior management with an additional incentive to increase shareholder wealth by contributing to the success of the Company, to encourage superior performance and reward senior management for effective service and to strengthen the ability of the Company to retain and attract highly qualified senior management upon which continued growth and profitability of the Company depends.

2. *Definitions.* For purposes of the Plan, the following terms shall have the meanings set forth below unless otherwise expressly provided or unless the context otherwise requires:

Board of Directors means the Board of Directors of the Company.

Bonus means any incentive bonus award granted pursuant to the Plan, the payment of which shall be contingent upon the attainment of Performance Goals with respect to a Plan Period.

Code means the Internal Revenue Code of 1986, as amended.

Committee means a committee appointed by the Board of Directors, which committee shall be composed of not less than two directors of the Company who each qualify as an outside director under Treasury Regulations Section 1.162-27 promulgated under Section 162(m) of the Code or any successor provisions. The Compensation Committee of the Board of Directors shall be the Committee unless its membership does not qualify hereunder.

Company means AZZ incorporated, a Delaware corporation, or any successor corporation.

Determination Date means as to any Plan Period, (a) the first day of the Plan Period, or (b) if later, the latest date possible which will not jeopardize the Plan's qualification as performance-based compensation under Section 162(m) of the Code.

Participant means an executive officer of the Company specified by the Committee for participation in the Plan, as described in Section 3 hereof.

Performance Goals means the criteria and objectives which must be met during the Plan Period as a condition of the Participant's receipt of payment with respect to a Bonus, as described in Section 4 hereof.

Plan Period means a fiscal period of the Company (of not less than one fiscal quarter or more than one fiscal year) designated by the Committee for which awards are determined under the Plan.

3. *Administration.* The Plan shall be administered by the Committee. Subject to the provisions of the Plan, the Committee shall have the authority to make all determinations necessary or advisable for the administration of the Plan, all of which shall be binding on all persons, including the Company, the Participants (or any person claiming any rights under the Plan from or through any Participant) and any stockholder of the Company. In selecting Participants, the Committee shall choose officers who are likely to have a significant impact on the performance of the Company. A majority of the Committee shall constitute a quorum, and the Committee shall act pursuant to a majority vote or by unanimous written consent. No member of the Board of Directors or the Committee shall be liable for any action taken or determination made in good faith with respect to the Plan or any Bonus granted hereunder.

4. *Performance Goals.* Performance Goals for each Plan Period shall be established by the Committee not later than the latest date permissible under Code Section 162(m) and the Regulations promulgated thereunder. Such Performance Goals shall be in writing and may be expressed in terms of one or more financial or other objective goals which may be Company-wide, on an individual basis or otherwise. Financial goals may be expressed, for example, in terms of sales, operating earnings, net income, earnings per share, cash flow, return on equity or other return ratios, or stock price. Other objective goals may include the attainment of various productivity and long-term growth objectives, including for example, reductions in the Company's overhead ratio and expense to sales ratios. Any criteria may be measured in absolute terms, as a change from a prior comparable period or periods, or as compared to another company or companies. Performance Goals shall include a threshold level of performance below which no Bonus payment shall be made, levels of performance at which specified percentages of the target Bonus shall be paid and a maximum level of performance above which no additional Bonus shall be paid. The Performance Goals established by the Committee may be, but need not be, different for each Plan Period and different Performance Goals may be applicable to different Participants.

5. *Bonuses.* (a) *General.* Payment of the amount of a Bonus for a particular Plan Period shall be made only if and to the extent the specified Performance Goals with respect to such Plan Period are attained. A Participant must continue to be a full-time employee of the Company at the end of the Plan Period to be eligible to receive a Bonus under the Plan for such Plan Period unless termination from employment resulted from death, disability, retirement or termination (other than voluntary resignation or termination for cause). In such case, the Participant shall receive a portion of the Bonus such Participant would have received if employed by the Company at the end of the Plan Period, prorated to the last completed month of service prior to termination. The Committee may not in any case increase the amount of any Bonus payable to any Participant above the amount established in accordance with the relevant Performance Goals.

(b) *Certification and Payment.* Payments of any Bonus shall be made only after the Committee has certified the achievement of the required Performance Goals. After such certification the Company shall pay in cash or as otherwise determined by the Committee the applicable amount of the Bonus to the appropriate Participant.

(c) *Maximum Payment.* The aggregate Bonus paid under the Plan to any Participant shall not exceed \$5,000,000 for any fiscal year of the Company.

(d) *Other Deferral of Bonus.* The Committee may establish one or more programs under the Plan to permit selected Participants the opportunity to elect to defer receipt of Bonuses by entering into a non-qualified deferred compensation agreement in accordance with Code Section 409A and the Treasury Regulations promulgated thereunder. The Committee may establish the election procedures, the timing of such elections, which shall be no later than six months prior to the end of the twelve month period on which the Bonus is based, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts so deferred and such other terms, conditions, rules and procedures that the Committee deems advisable in order to comply with Code Sections 409A and 162(m) and the Treasury Regulations promulgated thereunder.

6. *General Provisions.* (a) *Compliance With Legal Requirements.* The Plan and the granting of Bonuses, as well as the other obligations of the Company under the Plan shall be subject to all federal and state laws, rules and regulations, and to such approvals by any regulatory or governmental agency as may be required.

(b) *No Right To Continued Employment.* Nothing in the Plan or in any Bonus shall confer upon any Participant the right to continue in the employ of the Company or any of its subsidiaries or to be entitled to any remuneration or benefits not set forth in the Plan or to interfere with or limit in any way the right of the Company or any of its subsidiaries to terminate such Participant's employment.

(c) *Withholding Taxes.* The Company or any subsidiary employing any Participant shall deduct from all payments and distributions under the Plan any taxes required to be withheld by federal, state or local governments.

(d) *Amendment and Termination of the Plan.* The Board of Directors may at any time and from time to time alter, amend, suspend or terminate the Plan in whole or in part; provided, however, that no amendment which requires stockholder approval in order for the Plan to continue to comply with Code Section 162(m) shall be effective unless the same shall be approved by the requisite vote of the stockholders of the Company. The Committee may make such amendments as it deems necessary to comply with other applicable laws, rules and regulations. Notwithstanding the foregoing, no amendment shall affect adversely any of the rights of any Participant, without such Participant's consent, under any Bonus previously paid or payable under the Plan or with respect to which the performance criteria have been set previously.

(e) *Unfunded Status of Bonus.* The Plan is intended to constitute an unfunded plan for incentive compensation. Nothing contained in the Plan or any Bonus shall give any Participant any rights with respect to any Bonus payments which at any time have been certified by the Committee but not yet paid to a Participant that are greater than those of a general creditor of the Company and/or its subsidiaries.

(f) *Governing Law.* The Plan and the rights of all persons claiming hereunder shall be construed and determined in accordance with the laws of the State of Texas, without giving effect to the choice of law principles thereof.

(g) *Effective Date.* The Plan shall become effective as of March 1, 2008 with respect to all Plan Periods in the Company's 2009 fiscal year, subject to the approval of a majority of the shares of the Company's common stock which are present in person or by proxy and entitled to vote at the Annual Meeting of Shareholders for fiscal year 2007. As long as the Plan remains in effect, it shall be resubmitted to shareholders as necessary to enable the Plan to continue to qualify as performance-based compensation under Section 162(m) of the Code.

(h) *Interpretation.* The Plan is designed and intended to comply with Section 162(m) of the Code, and all provisions hereof shall be construed in a manner so to comply.

(i) *Nonassignability.* A Participant shall have no right to assign or transfer any interest under this Plan.

(j) *Severability.* If any provision of the Plan is found to be invalid or unenforceable, such provision shall not affect the other provisions of the Plan, and the Plan shall be construed in all respects as if such invalid provision has been omitted.
