PROXY STATEMENT FOR THE MYRIAD GENETICS, INC.

2007 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Myriad Genetics, Inc., is soliciting your proxy to vote at the 2007 Annual Meeting of stockholders to be held at our offices, 320 Wakara Way, Salt Lake City, Utah 84108, on Thursday, November 15, 2007, at 9:00 a.m., MST, and any adjournments of the meeting. This proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

On October 15, 2007 we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Although not part of this proxy statement, we are also sending along with the proxy statement our 2007 annual report, which includes our financial statements for the fiscal year ended June 30, 2007. You can also find a copy of our 2007 Annual Report on Form 10-K on the Internet through the Securities and Exchange Commission's (SEC) electronic data system called EDGAR at www.sec.gov or through the Investor Relations section of our website at www.myriad.com.

Who Can Vote?

Only stockholders who owned Myriad Genetics, Inc. common stock at the close of business on September 28, 2007 are entitled to vote at the Annual Meeting. On this record date, there were 43,834,441 shares of our common stock outstanding and entitled to vote. Myriad Genetics, Inc. common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. A stockholder may revoke a proxy before the proxy is voted by delivering to our Secretary a signed statement of revocation or a duly executed proxy card bearing a later date. Any stockholder who has executed a proxy card but attends the meeting in person may revoke the proxy and vote at the meeting.

How Many Votes Do I Have?

Each share of Myriad Genetics, Inc. common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. Voting by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, American Stock Transfer and Trust Company, or you have stock certificates, you may vote by mail or in person. If by mail, please complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Table of Contents

If your shares are held in street name (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

By Internet or by telephone. Follow the instructions attached to the proxy card to vote by Internet or telephone.

By mail. Complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you hold your shares through a broker, you will receive instructions from your broker or other nominee explaining how to vote your shares.

In person at the meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

If you properly fill in your proxy card and send it to us in time, your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board of Directors.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

FOR the election of the three nominees for director;

FOR the amendment to our 2003 Employee, Director and Consultant Stock Option Plan to increase the number of shares of our common stock available for issuance under this plan by 1,500,000 shares; and

FOR ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending June 30, 2008.

If any other matter is presented, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before the meeting. You may revoke your proxy in any one of the following ways:

signing a new proxy card and submitting it as instructed above;

if your shares are held in street name, re-voting by Internet or by telephone as instructed above; only your latest Internet or telephone vote will be counted;

notifying our Secretary in writing before the Annual Meeting that you have revoked your proxy; or

Edgar Filing: MYRIAD GENETICS INC - Form DEF 14A

attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

What if I receive More Than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under **How Do I Vote?** for each account to ensure that all of your shares are voted.

Table of Contents

Will My Shares be Voted if I Do Not Return My Proxy Card?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under **How Do I Vote?** If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under **How Do I Vote?**, the bank, broker or other nominee has the authority to vote your unvoted shares on both Proposals 1 and 3 even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a **broker non-vote**.

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1: Elect Directors

The nominees for director who receive the most votes (also known as a **plurality** of the votes) will be elected. Abstentions are not counted for purposes of electing directors. You may vote either **FOR** all of the nominees, **WITHHOLD** your vote from all of the nominees or **WITHHOLD** your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name for the election of directors. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We have adopted a policy on plurality votes for the election of directors which is described in Notice Item 1 **Election of Directors** of this proxy statement.

Proposal 2: Approve Amendment to Increase the Shares Available Under Our 2003 Employee, Director and Consultant Stock Option Plan

The affirmative vote of a majority of the shares voted affirmatively or negatively for this proposal is required to approve the amendment to the Myriad Genetics, Inc. 2003 Employee, Director and Consultant Stock Option Plan. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal; therefore, any shares not voted by a customer will be treated as a broker non-vote, such broker non-votes will have no effect on the results of this vote.

Proposal 3: Ratify Selection of Independent Public Accountants

The affirmative vote of a majority of the shares voted affirmatively or negatively for this proposal is required to ratify the selection of independent public accountants. Abstentions will have no effect on the results of this vote. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent public accountants. However, if our stockholders do not ratify the selection of Ernst & Young LLP as our independent public accountants for the fiscal year ending June 30, 2008, our Audit Committee of our Board of Directors will reconsider its selection.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election examine these documents. Management, other than the Inspectors of Election, will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

Table of Contents

Who Will Bear the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. If a quorum is not represented at the meeting, the meeting cannot take place. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Householding of Annual Disclosure Documents

In December 2000, the SEC adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our shareholders reside, if we or your broker believe that the shareholders are members of the same family. This practice, referred to as householding, benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be householded, the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each shareholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact our transfer agent, American Stock Transfer and Trust Company, by calling their toll free number, 1-800-937-5449. If you do not wish to participate in householding and would like to receive your own set of our annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another Myriad shareholder and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

If your Myriad shares are registered in your own name, please contact our transfer agent, American Stock Transfer and Trust Company, and inform them of your request by calling them at 1-800-937-5449 or writing them at American Stock Transfer and Trust Company, 6201 15th Avenue, 2nd Floor, Brooklyn, New York 11219.

If a broker or other nominee holds your Myriad shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of September 20, 2007 for (a) each stockholder that we know to be the beneficial owner of more than 5% of our common stock, (b) the executive officers named in the Summary Compensation Table on page 21 of this proxy statement, (c) each of our directors and director nominees and (d) all of our current directors and executive officers as a group. We deem shares of common stock that may be acquired by an individual or group within 60 days of September 20, 2007 pursuant to the exercise of options or warrants to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 43,820,361 shares of common stock outstanding on September 20, 2007.

Director Independence

Our Board of Directors has reviewed the materiality of any relationship that each of our directors has with Myriad, either directly or indirectly. Based on this review, our Board has determined that the following members of the Board are independent directors as defined by The Nasdaq Stock Market LLC: Mr. Attiyeh, Dr. Gilbert, Dr. Hayes, Dr. Henderson, Dr. Langer and Dr. Wilson.

Committees of the Board of Directors and Meetings

Meeting Attendance. During the fiscal year ended June 30, 2007 (Fiscal 2007) there were five meetings of the Board of Directors, and the various committees of the Board met a total of 15 times. No director attended fewer than 75% of the total number of meetings of the Board and of committees of the Board on which he or she served during Fiscal 2007, except for Dr. Gilbert, who had scheduling conflicts during one of the Board meetings and three of the eight meetings of committees on which he served. The Board has adopted a policy under which each member of the Board is encouraged but not required to attend each annual meeting of our stockholders. At the time of our 2006 annual meeting of stockholders we had eight board members, seven of whom attended the 2006 annual meeting.

Audit Committee. Our Audit Committee met five times during Fiscal 2007. This committee currently has three members, Mr. Attiyeh (Chairman), Dr. Gilbert and Dr. Wilson. Our Audit Committee's role and responsibilities are set forth in the Audit Committee's written charter and include the authority to retain and terminate the services of our independent registered public accounting firm. In addition, the Audit Committee reviews annual financial statements, considers matters relating to accounting policy and internal controls and reviews the scope of annual audits. Our Board of Directors has determined that all members of the Audit Committee satisfy the current independence standards promulgated by the SEC and by The Nasdaq Stock Market LLC, as such standards apply specifically to members of audit committees. The Board has determined that Mr. Attiyeh is an audit committee financial expert, as the SEC has defined that term in Item 407 of Regulation S-K under the Securities Act of 1933, as amended (the Securities Act). A copy of the Audit Committee's written charter is publicly available on the Investor Relations Corporate Governance section of our website at www.myriad.com.

Please also see the report of the Audit Committee set forth elsewhere in this proxy statement.

Compensation Committee. Our Compensation Committee met three times during Fiscal 2007. This committee currently has three members, Dr. Langer (Chairman), Dr. Gilbert, and Dr. Henderson. Our Compensation Committee's role and responsibilities are set forth in the Compensation Committee's written charter and include reviewing, approving and making recommendations regarding our compensation policies, practices and procedures to ensure that legal and fiduciary responsibilities of the Board of Directors are carried out and that such policies, practices and procedures contribute to our success. The Compensation Committee also is responsible for recommending to the independent members of our Board the compensation of our Chief Executive Officer, and conducts its decision making process with respect to that issue without the Chief Executive Officer present. Our Board of Directors has determined that all members of the Compensation Committee qualify as independent under the definition promulgated by The Nasdaq Stock Market LLC.

The Compensation Committee is charged with establishing a compensation policy for our executives and directors that is designed to attract and retain the best possible executive talent, to motivate them to achieve

corporate objectives, and reward them for superior performance. Our Compensation Committee is also responsible for establishing and administering our executive compensation policies and equity compensation plans. The Compensation Committee meets at least three times per year and more often as necessary to review and make decisions with regard to executive compensation matters. As part of its review of executive compensation matters, the Compensation Committee may delegate any of the powers given to it to a subcommittee of the Committee. A copy of the Compensation Committee's written charter is publicly available on the Investor Relations Corporate Governance section of our website at www.myriad.com.

Further discussion of the process and procedures for considering and determining executive compensation, including the role that our executive officers play in determining compensation for other executive officers, is included below in the section entitled Compensation Discussion and Analysis. In addition, we have retained Radford Surveys + Consulting as our compensation consultant to assist us in providing recommendations for director compensation and determining a peer group of comparable industry companies for our executive officer compensation review.

Please also see the report of the Compensation Committee set forth elsewhere in this proxy statement.

Nominating and Governance Committee. Our Nominating and Governance Committee met seven times during Fiscal 2007 and has three members, Dr. Wilson (Chairman), Dr. Hayes and Dr. Langer. This committee's role is set forth in the Nominating and Governance Committee's written charter and include evaluating and making recommendations to the full Board as to the size and composition of the Board and its committees, evaluating and making recommendations as to potential candidates, and developing and recommending to the Board corporate governance guidelines applicable to Myriad. The committee also oversees the annual Board performance evaluations submitted anonymously by each member of the Board, as well as Myriad's policy on plurality voting for director elections, which is described in Notice Item 1 Election of Directors of this proxy statement. The Board of Directors has determined that all members of the Nominating and Governance Committee qualify as independent under the definition promulgated by The Nasdaq Stock Market LLC.

The Nominating and Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating and Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to nominate a candidate to be considered for election as a director at the 2007 Annual Meeting of Stockholders using the procedures set forth in the Company's Restated By-laws, it must follow the procedures described below and in Stockholder Proposals and Nominations For Director at the end of this proxy statement. If a stockholder wishes simply to propose a candidate for consideration as a nominee by the Nominating and Governance Committee, for each annual meeting, the Nominating and Governance Committee will consider only one recommended nominee from any stockholder or group of affiliated stockholders, and such recommending stockholder or group must have held at least 5% of our common stock for at least one year. All stockholder recommendations for proposed director nominees must be in writing to the Nominating and Governance Committee, care of Myriad's Secretary at 320 Wakara Way, Salt Lake City, Utah 84108, and must be received no later than 120 days prior to the first anniversary of the date of the proxy statement for the previous year's annual meeting. The recommendation must be accompanied by the following information concerning the recommending stockholder:

the name, address and telephone number of the recommending stockholder;

the number of shares of our common stock owned by the recommending stockholder and the time period for which such shares have been held;

Table of Contents

if the recommending stockholder is not a stockholder of record, a statement from the record holder verifying the holdings of the recommending stockholder and a statement from the recommending stockholder of the length of time such shares have been held (alternatively the recommending stockholder may furnish a current Schedule 13D, Schedule 13G, Form 3, Form 4 or Form 5 filed with the SEC, together with a statement of the length of time that the shares have been held); and

a statement from the recommending stockholder as to a good faith intention to continue to hold such shares through the date of the next annual meeting.

The recommendation must also be accompanied by the following information concerning the proposed nominee:

the information required by Items 401, 403 and 404 of Regulation S-K under the Securities Act;

a description of all relationships between the proposed nominee and the recommending stockholder, including any agreements or understandings regarding the nomination;

a description of all relationships between the proposed nominee and any of our competitors, customers, suppliers, labor unions or other persons with special interests regarding Myriad; and

the contact information of the proposed nominee.

The recommending stockholder must also furnish a statement supporting a view that the proposed nominee possesses the minimum qualifications as set forth below for director nominees and describing the contributions that the proposed nominee would be expected to make to the board and to the governance of Myriad and must state whether, in its view, the proposed nominee, if elected, would represent all stockholders and not serve for the purpose of advancing or favoring any particular stockholder or other constituency of Myriad. The recommendation must also be accompanied by the written consent of the proposed nominee (i) to be considered by the Nominating and Governance Committee and interviewed if the committee chooses to do so in its discretion, and (ii) if nominated and elected, to serve as a director.

For all potential candidates, the Nominating and Governance Committee may consider all factors it deems relevant, including the following threshold criteria:

candidates should possess the highest personal and professional standards of integrity and ethical values;

candidates must be committed to promoting and enhancing the long-term value of Myriad for its stockholders;

candidates must be able to represent fairly and equally all stockholders without favoring or advancing any particular stockholder or other constituency of Myriad;

candidates must have demonstrated achievement in one or more fields of business, professional, governmental, community, scientific or educational endeavor, and possess mature and objective business judgment and expertise;

candidates are expected to have sound judgment, derived from management or policy making experience that demonstrates an ability to function effectively in an oversight role;

candidates must have a general appreciation regarding major issues facing public companies of a size and operational scope similar to Myriad, including, governance concerns, regulatory obligations, strategic business planning, competition and basic concepts of accounting and finance; and

candidates must have, and be prepared to devote, adequate time to the Board of Directors and its committees.

In addition, the Nominating and Governance Committee will also take into account the extent to which the candidate would fill a present need on the Board, including the extent to which a candidate meets the independence and experience standards promulgated by the SEC and by The Nasdaq Stock Market LLC.

A copy of the Nominating and Governance Committee's written charter is publicly available on the Investor Relations Corporate Governance section of our website at www.myriad.com.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of our Compensation Committee in establishing and maintaining our executive compensation programs are to attract and retain the best possible executive talent, motivate our executive officers to enhance our growth and profitability and increase long-term shareholder value, and reward the executive officers for their contribution to our growth, profitability, and increased shareholder value through the recognition of individual leadership, initiatives, achievements and other contributions. The specific directives of the Compensation Committee are to provide appropriate short- and long-term compensation and incentives, in the form of cash and equity, that motivate and reward the accomplishment of measurable individual and corporate objectives and which align executive officer compensation with creation of shareholder value. To achieve these objectives, the Compensation Committee has adopted and implements a compensation plan that bases a substantial portion of our executive officers' compensation on our operational performance, including progress in our research, clinical and regulatory programs.

Formulating and Setting Executive Compensation

The Compensation Committee is responsible for formulating, evaluating, and approving the compensation, including the award of equity compensation, for our directors and executive officers. The Compensation Committee also assists the full Board in establishing and administering appropriate incentive compensation and equity-based plans. Historically, the Compensation Committee has utilized publicly available compensation data and subscription compensation survey data for national and regional companies in the biotechnology industry, and in particular, data provided by the Radford Biotechnology Survey. This year, the Compensation Committee retained a consulting firm, Radford Surveys + Consulting (Radford), for the purpose of determining a peer group of companies for the derivation of competitive market data on the compensation of executive officers and to provide the Compensation Committee recommendations for director compensation. We believe that these data provide us appropriate compensation benchmarks because these companies are in our industry, share similar corporate structures, and are in similar development and operational stages.

As recommended by Radford, our peer group of companies for analyzing compensation paid to executives and directors consists of the following: Alkermes, BioMarin Pharmaceuticals, CV Therapeutics, Digene, Enzon Pharmaceuticals, Exelixis, Human Genome Sciences, Isis Pharmaceuticals, InterMune, Medarex, Medicis Pharmaceuticals, MGI PHARMA, Millennium Pharmaceuticals, Nektar Pharmaceuticals, OSI Pharmaceuticals, Pharmion, The Medicines Company, Theravance, United Therapeutics, and Vertex Pharmaceuticals. This peer group was selected on the basis of several factors to achieve a peer group representative of our industry. These factors include: number of employees, market value, revenues, net income, and product pipeline. Based on this peer group we determined an average salary and bonus compensation, as well as the average FAS 123R expense for equity compensation, at each of the executive officer levels. Additionally, we reviewed the 2006 Radford Biotechnology Survey data to determine the executive compensation between the 50th-75th percentile range. The Compensation Committee uses this information to evaluate the competitive nature of the compensation provided to our executive officers, including annual salary, bonus and equity grants.

With input from management, the Compensation Committee has approved a pay-for-performance philosophy for the compensation of our executive officers which is intended to provide base salary, bonus and total compensation within the 50th to 75th percentile of comparable companies in our industry. The comparable group of companies on which we rely for this determination is our peer group of companies as recommended by Radford, and as further corroborated by the 2006 Radford Biotechnology Survey information.

Within the scope of this pay-for-performance philosophy, we have determined the various components of each executive's initial compensation package based on various factors, including: the executive's particular background, training, and relevant work experience; the executive's role and responsibilities and the

Table of Contents

compensation paid to similar persons in comparable companies represented in the compensation data that we utilized; the demand for individuals with the executive's specific talents and expertise and our ability to attract and retain comparable talents; the performance goals and other expectations of the executive for his position; and the comparison to other executives within our company having similar skills and experience levels and responsibilities.

Establishment of Management Business Objectives and Annual Performance Evaluations

The Compensation Committee has implemented an annual management performance program for the purpose of establishing annual performance objectives for our executives to align their performance with the overall goals and objectives for Myriad. This process commences in the fourth quarter of each fiscal year as each executive meets with our President and CEO to propose annual Management Business Objectives (MBOs) for the ensuing fiscal year. After review and discussion, our President and CEO finalizes the executive's MBOs for the ensuing fiscal year. Similarly, our President and CEO meets with the Compensation Committee at the end of each fiscal year to propose his MBOs for the ensuing fiscal year which, after review and discussion, are finalized by the Compensation Committee. All executive MBOs are then reported to, and reviewed by, the independent Board of Directors for comment and approval. At the end of the ensuing fiscal year, each executive's performance for the fiscal year is reviewed, including an assessment by management and the Compensation Committee (including the independent Board of Directors in the case of the President and CEO) of the achievement of these MBOs. At this time, our President and CEO recommends an incentive cash bonus amount and salary adjustment for the executive for the ensuing fiscal year. The Compensation Committee, after further review and discussion with our President and CEO, then determines the annual cash bonus and base salary amount for the executive for the ensuing fiscal year. In the case of our President and CEO, the Compensation Committee makes its review and recommendations to the independent members of the Board of Directors without any compensation recommendations from our President and CEO, who is not present in any meetings of the Compensation Committee where his compensation is reviewed and discussed.

In evaluating compensation for our fiscal year 2007, we considered, among others, the following factors and events that occurred during fiscal year 2007:

the achievement of record quarterly and annual revenues for our predictive medicine products;

improved gross profit and operating margins;

improved net loss and loss per share;

increase in per share price;

progress in our research and development programs, including the introduction of new pharmaceutical product candidates for pre-clinical studies;

progress in our product pipeline, including the anticipated movement of pre-clinical compounds into human clinical trials;

progress of US and European Phase III trials for Flurizan;

progress in development plans for commercialization of Flurizan;

initiation of Phase II trials for Azixa;

the development and anticipated introduction of Theraguide 5-FU product; and

improvements to our manufacturing and laboratory operations measured by productivity metrics.

The individual MBOs for our named executive officers for fiscal year 2007 were as follows:

Peter D. Meldrum, President and CEO manage the company and support the other executive officers to maximize the achievement of their MBOs; manage the company to achieve certain financial targets of total

Table of Contents

revenues, net loss and loss per share; provide training and experience opportunities for the executive officers with respect to management succession; manage the company with a goal to increase our stock price by a certain target percentage during fiscal 2007; and continue execution and development of corporate strategy.

Adrian N. Hobden, Ph.D., President, Myriad Pharmaceuticals, Inc. initiate two Phase 2 clinical trials for Azixa; advance the preclinical development of Vivecon ; complete enrollment of the European Phase 3 trial for Flurizan; and complete the additional Flurizan Phase 1 trials necessary for submission of a New Drug Application to the Food and Drug Administration.

Gregory C. Critchfield, M.D., President, Myriad Genetic Laboratories, Inc. achieve specified targets for predictive medicine revenues for fiscal year 2007; reduce laboratory turn around times and reque rates; achieve target gross profit margin percentage; improve existing diagnostic tests by including additional testing parameters; improve operational goals for equipment and laboratory processes; and continue to improve insurance reimbursement and coverage.

Jay M. Moyes, Chief Financial Officer and Treasurer implement specific cost saving proposals to achieve target cash savings for fiscal year 2007; increase First Call research analyst coverage with the addition of new research analysts; improve outstanding account receivables and days sales outstanding to targeted levels; and manage the company s annual shareholder meeting with the goal of approval of management recommendations to the shareholders.

Mark H. Skolnick, Ph.D., Chief Scientific Officer identify and develop two new potential personalized medicine products and prepare the launch of at least one new product; execute existing research agreements and manage projects to completion; and manage research operations to fiscal year 2007 budget.

Role of Management in Our Compensation Program

Our management, including our President and CEO, supports the Compensation Committee, attends its meetings at its request, and performs various administrative functions at its request. Our President and CEO provides input to the Compensation Committee on the effectiveness of our compensation program and makes specific recommendations as to the base salary amounts, annual bonus amounts and stock option grants for the executive officers, other than for himself. Except for our President and CEO, no executive officer is present when the Compensation Committee discusses and determines the salary, bonus and stock option grants to be made for the executive officers. In addition, our President and CEO is excused from all meetings, and is not present, where matters pertaining to his compensation are discussed and determined for recommendation to the independent members of the Board by the Compensation Committee. Only the independent members of the Board are present for, and take part in, the review, discussion and approval of the compensation awarded to our President and CEO.

In June of each year, our President and CEO evaluates the annual performance of each of our executive officers, including an assessment of the accomplishment of each officer s MBOs, and submits his recommendations to the Compensation Committee which then determines an annual cash incentive bonus amount and the base salary amount for the ensuing fiscal year for each of the executives. In September and February of each fiscal year, our President and CEO also makes recommendations to the Compensation Committee for stock option awards based on the performance of the officer to date, including progress on accomplishing MBOs. Annual bonuses, as well as base salary increases and stock option awards, are granted within the discretion of the Compensation Committee.

In the case of our President and CEO, his individual performance is reviewed and evaluated by the Compensation Committee in June of each year with respect to his annual cash bonus and base salary for the ensuing fiscal year, and in September and February of each year with respect to stock option awards. For the compensation, including the award of equity compensation, of our President and CEO, the Compensation Committee is responsible for (i) reviewing and approving corporate goals and objectives relevant to him,

Table of Contents

(ii) evaluating his performance in light of these goals and objectives, and (iii) recommending to the Board his compensation based on this evaluation. The independent members of the Board of Directors then make the final determination of compensation, including the award of equity compensation, for our President and CEO.

Elements of our Compensation Program

The compensation program for our executive officers consists principally of base salary, an annual cash incentive bonus, long-term compensation in the form of stock options, and certain severance and termination benefits. We believe that these elements of our compensation policy strike an appropriate balance to incentivize and reward our executive officers for ongoing, short-term and long-term performance. An annual base salary provides the foundation of our compensation program and ensures that the executive officer is being paid ongoing compensation which allows us to attract and retain high-quality talent. The annual incentive cash bonus forms an important part of our compensation strategy by providing an incentive to reward short-term performance as measured by management objectives given to the executive officers. Stock option awards also form an important part of our compensation strategy. These equity grants reward our executive officers for the long-term performance of Myriad, and help to ensure that our executive officers have a stake in our long-term success by providing an incentive to improve our overall growth and value as measured by our stock price. This aligns the executive officer's interests with stockholders' long-term interests. Finally, we have entered into retention agreements with each of our executive officers to provide certain severance and termination benefits following a change in control to ensure our executive officers are motivated to stay with us during periods of uncertainty.

Base Salary

Base salaries for executive officers are based on various factors, including the scope of their role and responsibilities and their particular background, training and relevant work experience, taking into account the compensation paid to similar positions in comparable companies represented in the compensation data that we utilized, and also considering the demand for individuals with the executives' specific talents and expertise and our ability to attract and retain comparable talents. We believe that the base salaries for our executive officers should generally be in the 50th to 75th percentile range of salaries for executives in similar positions and with similar responsibilities in comparable companies in our industry as represented in the compensation data we utilized. An executive's base salary is also evaluated together with other components of the executive's other compensation to ensure that the executive's total compensation is in line with our overall compensation philosophy.

Each year we evaluate base salaries as part of our management performance program, and establish each executive's base salary for the ensuing year. In establishing base salaries, we assess the executive officer's performance in each of the areas in which individual management objectives were established, the financial performance of Myriad in the areas of responsibility of the executive officer, the overall financial performance of Myriad and other significant accomplishments and contributions of the executive officer. We also review and determine if there are any significant differences in the compensation of an executive officer compared to similar positions with the comparable companies in our industry as represented in the compensation data we utilized. We increase annual base salaries if we deem such an adjustment is warranted based on differences in comparable market salaries, changes in the scope of responsibilities of the executive officer, or internal pay inequities.

Annual Cash Bonus

An important part of our compensation program for our executive officers is an annual performance based cash bonus. This practice is designed to enable us to attract and retain executive level talent, as well as providing variable compensation to incentivize and reward executives for ongoing performance which provides a contemporaneous benefit to our overall operations and successes. The cash bonus amount is determined annually as part of our management performance program. As a part of this review, we assess the executive officer's

Table of Contents

performance in each of the areas in which individual management objectives were established, the financial performance of Myriad in the areas of responsibility of the executive officer, the overall financial performance of Myriad, and other significant accomplishments and contributions of the executive officer. The actual bonus amount is awarded each year in the discretion of the Compensation Committee without any pre-arranged targets. In fiscal 2007, bonus amounts for our named executive officers ranged from 61% to 81% of the executive's base salary, with the larger bonus percentages following the increased rank of the executive officer. We also review and determine if there are any significant differences in the annual bonus of an executive officer compared to similar positions with the comparable companies in our industry as represented in the compensation data we utilized. We change annual cash bonuses if we deem such an adjustment is warranted based on differences in comparable market data, significant accomplishments for the year, changes in the scope of responsibilities of the executive officer, or internal pay inequities.

Long-Term Incentives

To incentivize and reward long-term performance by our executives, we provide awards of stock options. These equity-based awards help ensure that our executive officers have a stake in our long-term success by providing an incentive to improve the overall growth and value of Myriad. We believe this fosters an executive culture that aligns our executives' interests with the long-term interests of our shareholders. Our 2003 Employee, Director and Consultant Stock Plan, as amended, or the 2003 Option Plan, allows the grant of stock options to our employees, directors and consultants. To date, we have only awarded stock options, but we may amend the 2003 Option Plan to permit the use of other equity-based awards in the future. We typically will make an initial stock option award to new executive officers upon initial hire. We also provide annual stock option awards. We have not adopted stock ownership guidelines. In recent years, we have sought annual shareholder approval for additional shares for options under our 2003 Option Plan. The Compensation Committee determines the terms of all stock option grants for the named executive officers, except for the President and CEO, whose grants of stock options are determined by the independent directors of the Board following a recommendation from the Compensation Committee.

Initial Stock Option Awards

Executives who join us are awarded initial stock option grants. These grants have an exercise price equal to the closing price of our common stock on the date of grant, which is generally the first day of the officer's employment, and a four-year vesting schedule with 1/4th of the shares vesting on each anniversary of the date of grant. The amount of the initial stock option award is determined based on the executive's position with us and analysis of the competitive practices of the companies similar in size to us represented in the compensation data that we review with the goal of creating a total compensation package for new employees that is competitive with other biotechnology companies and that will enable us to attract high quality people.

Annual Stock Option Awards

Our practice is to make annual stock option awards as part of our overall performance management program. The Compensation Committee believes that stock options provide management with a strong link to long-term corporate performance and the creation of stockholder value. Annual stock option awards are made twice a year in connection with the Board of Director meetings in February and September. The Board determines the dates of its meetings for the ensuing year at a meeting of the Board in the preceding year. For example, on September 26, 2007, the Board set the dates of February 27, 2008 and September 10, 2008, as the meeting dates for the Board where stock option grants will be considered. Thus, the dates on which stock options are granted are set well in advance. The Board does not time the grant of stock options with respect to the release of material non-public information, whether or not that information may favorably or unfavorably impact the price of the our common stock. Annual stock option awards are approved by the Compensation Committee in the case of executive officers, and in the case of our President and CEO, by the independent members of our Board of Directors upon recommendation of the Compensation Committee. Annual stock option awards are granted at

Table of Contents

an exercise price equal to the closing price of our common stock on the date of the Board meeting in which they are granted, and generally vest in equal annual installments over a four year period.

We intend that the annual aggregate value of these awards will be set near competitive median levels for companies represented in the compensation data we review, taking into consideration the total number of our outstanding shares of common stock and the relative dilution to shareholders. Individual stock option awards are based on individual accomplishments of each executive as measured by performance and achievement of individual management objectives. The Compensation Committee grants stock option awards primarily to reward performance but also to retain officers and provide incentives for future performance. The size of option grants increases as the rank of the executive officer increases. In determining the amount of stock options to be awarded, the Compensation Committee considers various factors, including, Myriad's financial and operating performance for the applicable period; the executive officer's contribution to Myriad's performance; the anticipated contribution of the executive officer to Myriad's future performance; a review of compensation for comparable positions in our peer group from our benchmarking studies; and the total compensation of the executive officer and the anticipated retentive effect of the grant of additional options.

Other Compensation

We maintain broad-based benefits and perquisites that are provided to all employees, including health and dental insurance, life and disability insurance, and a 401(k) plan. Additionally, we may provide other perquisites to new executive officers such as a signing bonus, relocation package or other related compensation as we determine on a case by case basis.

Termination Based Compensation

We recognize that, as is the case with many publicly-held corporations, the possibility of a change in control of the company exists and that such possibility, and the uncertainty and questions which it may raise among key personnel, may result in the departure or distraction of key personnel to the detriment of Myriad and its stockholders. Therefore, we have entered into a form of retention agreement with each of our executive officers to reinforce and encourage the continued employment and dedication of our executive officers without distraction from the possibility of a change in control of the company and related events and circumstances. We believe that the terms of our retention agreement are consistent with those maintained by others in our industry and therefore are important for attracting and retaining key employees who are critical to our long-term success. The potential benefits provided under the retention agreement are in addition to the current compensation arrangements we have with our executive officers. For the payments each of our named executive officers is entitled to receive upon a change in control, see Potential Payments Upon Termination or Change-in-Control later in this proxy statement.

Conclusion

Our compensation policies are designed and are continually being developed to retain and motivate our senior executive officers and to ultimately reward them for outstanding individual and corporate performance.

Potential Payments Upon Termination or Change-in-Control

On February 17, 2005, we entered into an Executive Retention Agreement, or a Retention Agreement, with each of our named executive officers.

Under the terms of the Retention Agreement, if the employment of an executive officer is terminated without Cause or if the executive officer separates from Myriad for Good Reason within 24 months of a Change in Control (each as defined in the agreement and set forth below), the executive officer will receive: (i) all salary earned through the date of termination, as well as a pro rata bonus and any compensation previously deferred; (ii) an amount equal to three times the executive's highest annual base salary and three times the executive's highest annual bonus at Myriad during the three-year period prior to the Change in Control; (iii) continued benefits for 36 months after the date of termination; (iv) outplacement services in an aggregate amount of up to \$25,000; and (v) a gross-up payment with respect to any excise taxes or penalties due on account of any payments made to the executive under the Retention Agreement. If the employment of an executive officer is terminated by the executive officer for no reason, during the 90-day period beginning on the first anniversary of the Change in Control Date, then the termination shall be deemed to be termination for Good Reason for all purposes of the retention agreement except that the payment of an amount equal to three times the executive's highest annual base salary and bonus shall be reduced by one-half. In addition, upon the occurrence of a Change in Control, all of the executive's stock options shall become fully vested, whether or not the

executive is terminated. On October 12, 2007, each of our executive Retention Agreements was amended to provide that all payments under the agreement are to be made in a lump sum, in cash, six months following the date of termination of employment, unless earlier payment, in whole or in part, following the date of termination of employment is permitted under Section 409A of the Internal Revenue Code of 1986, as amended.

Unless the terms of the Retention Agreement are either satisfied or expire on the date which is 24 months after a Change in Control, the Retention Agreement will continue in effect through December 31, 2015 and thereafter for one year terms unless we provide notice of non-renewal at least 90 days prior to the end of each term.

As defined in the Retention Agreements:

Cause means (a) the Executive's willful and continued failure to substantially perform his or her reasonable assigned duties (other than any such failure resulting from incapacity due to physical or mental illness or any failure after the Executive gives notice of termination for Good Reason), which failure is not cured within 30 days after a written demand for substantial performance is received by the Executive from the Board of Directors of the Company which specifically identifies the manner in which the Board of Directors believes the Executive has not substantially performed the Executive's duties; or (b) the Executive's willful engagement in illegal conduct or gross misconduct which is materially and demonstrably injurious to the Company. No act or failure to act by the Executive shall be considered willful unless it is done, or omitted to be done, in bad faith and without reasonable belief that the Executive's action or omission was in the best interests of the Company.

Good Reason means the occurrence, without the Executive's written consent, of any of the following events or circumstances: (a) the assignment to the Executive of duties inconsistent in any material respect with the Executive's position (including status, offices, titles and reporting requirements), authority or responsibilities in effect immediately prior to the earliest to occur of (i) the Change in Control Date, (ii) the date of the execution by the Company of the initial written agreement or instrument providing for the Change in Control or (iii) the date of the adoption by the Board of Directors of a resolution providing for the Change in Control (with the earliest to occur of such dates referred to herein as the Measurement Date), or any other action or omission by the Company which results in a material diminution in such position, authority or responsibilities; (b) a reduction in the Executive's annual base salary as in effect on the Measurement Date; (c) the failure by the Company to (i) continue in effect any material compensation, pension, retirement or benefit plan or program (including without limitation any 401(k), life insurance, medical, health and accident or disability plan and any vacation program or policy) (a Benefit Plan) in which the Executive participates or which is applicable to the Executive immediately prior to the Measurement Date, unless an equitable arrangement (embodied in an ongoing substitute or alternative plan) has been made with respect to such plan or program, (ii) continue the Executive's participation therein (or in such substitute or alternative plan) on a basis not materially less favorable, both in terms of the amount of benefits provided and the level of the Executive's participation relative to other participants, than the basis existing immediately prior to the Measurement Date or (iii) award cash bonuses to the Executive in amounts and in a manner substantially consistent with past practice; (d) a change by the Company in the location at which the Executive performs his or her principal duties for the Company to a new location that is both (i) outside a radius of 50 miles from the Executive's principal residence immediately prior to the Measurement Date and (ii) more than 50 miles from the location at which the Executive performed his or her principal duties for the Company immediately prior to the Measurement Date; or a requirement by the Company that the Executive travel on Company business to a substantially greater extent than required immediately prior to the Measurement Date; (e) the failure of the Company to obtain the agreement from any successor to the Company to assume and agree to perform this Agreement; or (f) any failure of the Company to pay or provide to the Executive any portion of the Executive's compensation or benefits due under any Benefit Plan within seven days of the date such compensation or benefits are due, or any material breach by the Company of this Agreement or any employment agreement with the Executive.

Table of Contents

Change in Control means an event or occurrence set forth in any one or more of the following (including an event or occurrence that constitutes a Change in Control under one of such subsections but is specifically exempted from another such subsection): (a) the acquisition by an individual, entity or group (within the meaning of Section 13(d) or 14(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) (a Person) of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) 20% or more of either (i) the then-outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (ii) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities); *provided*, however, that for purposes of this subsection (a), the following acquisitions shall not constitute a Change in Control: (i) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (ii) any acquisition by the Company, or (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company; or (b) such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term Continuing Director means at any date a member of the Board (i) who was a member of the Board on the date of the execution of this Agreement or (ii) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; *provided, however*, that there shall be excluded from this clause (ii) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or (c) the consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company in one or a series of transactions (a Business Combination), unless, immediately following such Business Combination, the following condition is satisfied: all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or through one or more subsidiaries) (such resulting or acquiring corporation is referred to herein as the Acquiring Corporation) in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively; or (d) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Change in Control Date means the first date during the Term on which a Change in Control occurs. Anything in this Agreement to the contrary notwithstanding, if (a) a Change in Control occurs, (b) the Executive's employment with the Company is terminated prior to the date on which the Change in Control occurs, and (c) it is reasonably demonstrated by the Executive that such termination of employment (i) was at the request of a third party who has taken steps reasonably calculated to effect a Change in Control or (ii) otherwise arose in connection with or in anticipation of a Change in Control, then for all purposes of this Agreement the Change in Control Date shall mean the date immediately prior to the date of such termination of employment.

The foregoing summary of the Retention Agreement is qualified in its entirety by the full text of the agreement, which we have filed as an exhibit to our Annual Report on Form 10-K.

Table of Contents

The following is a description of the assumptions that were used in creating the above table.

Vesting Acceleration Calculation The value of the vesting acceleration was calculated by multiplying the number of unvested in-the-money option shares as of June 29, 2007 by the spread between the closing price of our stock as of June 29, 2007, which was \$37.19 per share, and the exercise price of such unvested option.

Tax Gross-Up The calculation of the tax gross up was calculated in accordance with Section 280G of the Internal Revenue Code, based upon an excise tax rate of 20%, a 35% federal income tax rate, a 1.45% Medicare tax rate and a 6.98% state income tax rate.

In addition, the options issued to each of our non-employee directors will become fully exercisable upon a change of control of Myriad as provided for under our stock option plans.

The following table shows the total compensation paid or accrued during the fiscal year ended June 30, 2007 to each of our non-employee directors. Directors who are employed by Myriad are not compensated for their service on our Board of Directors.

Director Compensation Policy

The following is a description of the standard compensation arrangements under which our non-employee directors are compensated for their service as directors, including as members of the various committees of our Board.

Cash Fees

For our fiscal year ended June 30, 2007 and for the first fiscal quarter of 2008, we paid each non-employee director the following cash fees:

Annual retainer:	\$25,000 (25% paid following each quarter of service) \$10,000 additional retainer for the Chairman of the Board and Chairman of the Audit Committee (25% paid following each quarter of service)
Attendance:	\$3,000 for each Board meeting \$2,000 for each telephonic Board meeting \$2,000 for each committee meeting or telephonic committee meeting

Based on the recommendations of Radford that our directors be compensated on a role-based model, beginning with the second fiscal quarter of 2008 our non-employee directors will be paid the following annual retainers (25% paid following each quarter of service):

All members	\$50,000
Chairman of the Board	\$35,000 additional retainer
Chairman of the Audit Committee	\$25,000 additional retainer
Chairman of the Compensation Committee	\$15,000 additional retainer
Chairman of the Nominating and Governance Committee	\$15,000 additional retainer
Members of the Audit Committee	\$12,000 additional retainer
Members of the Compensation Committee	\$7,500 additional retainer
Members of the Nominating and Governance Committee	\$7,500 additional retainer

We also plan to pay each non-employee director a per meeting cash fee, in an amount which has not yet been established by the Board, if they are required to attend more than five in-person meetings and four telephonic meetings each fiscal year. All directors are also reimbursed for their out-of pocket expenses incurred in attending meetings.

Stock Option Awards

Our non-employee directors are entitled to receive options under our 2003 Employee, Director and Consultant Stock Option Plan (the "2003 Plan"). The 2003 Plan provides for an automatic annual grant on the date of our annual meeting of stockholders to each non-employee director, other than new non-employee directors appointed within six months of the annual meeting, of a non-qualified option to purchase 15,000 shares of common stock, at an exercise price equal to the closing price of our common stock on the date of grant. In addition, it is our policy to grant a non-qualified option to purchase 15,000 shares of common stock, at an exercise price equal to the closing price of our common stock on the date of grant, to each new non-employee director upon initial election to the Board. Options granted to our non-employee directors are exercisable after the termination of the director's service on the Board to the extent exercisable on the date of such termination for the remainder of the life of the option. All options granted to our non-employee directors will become fully exercisable upon a change of control of Myriad or upon their death as provided for under our stock option plans.

REPORT OF AUDIT COMMITTEE

The Audit Committee of the Board of Directors, which consists entirely of directors who meet the independence and experience requirements of The Nasdaq Stock Market LLC, has furnished the following report:

The Audit Committee assists the Board in overseeing and monitoring the integrity of Myriad's financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This committee's role and responsibilities are set forth in the Audit Committee Charter adopted by the Board, which is available on the Investor Relations Corporate Governance section of Myriad's website at www.myriad.com. This committee reviews and reassesses the Audit Committee Charter annually and recommends any changes to the Board for approval. The Audit Committee is responsible for overseeing Myriad's overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Myriad's independent registered public accounting firm.

In fulfilling its responsibilities for the financial statements for fiscal 2007, the Audit Committee took the following actions:

Reviewed and discussed the audited financial statements for the fiscal year ended June 30, 2007 with management and Ernst & Young LLP, Myriad's independent auditors;

Discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, relating to the conduct of the audit; and

Received written disclosures and the letter from Ernst & Young LLP regarding its independence as required by Independence Standards Board Standard No. 1, as adopted by the Public Company Accounting Oversight Board in Rule 3600T. The Audit Committee further discussed with Ernst & Young LLP their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the Audit Committee's review of the audited financial statements and discussions with management and Ernst & Young LLP, the Audit Committee recommended to the Board that the audited financial statements be included in Myriad's Annual Report on Form 10-K for the fiscal year ended June 30, 2007 for filing with the SEC.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended, were filed on a timely basis. An Annual Statement of Beneficial Ownership on Form 5 is not required to be filed if there are no previously unreported transactions or holdings to report. Nevertheless, we are required to disclose the names of directors, officers and 10% stockholders who did not file a Form 5 unless we have obtained a written statement that no filing is required or if we otherwise know that no Form 5 is required. For the fiscal year ended June 30, 2007, Mr. Meldrum and Dr. Skolnick each filed Forms 5 to report gifts they gave of Myriad stock. We received either a written statement from our directors, officers and 10% stockholders or know from other means that no additional Forms 5 were filed or were required to be filed.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

In April 2001, we announced the formation of Prolexys Pharmaceuticals, Inc. (formerly known as Myriad Proteomics, Inc.), a venture of which, as of September 28, 2007, we own approximately 26%, with Hitachi, Ltd., Oracle Corporation and Peter Friedli Corporate Finance AG. We did not receive any payments from or make any payments to Prolexys in fiscal 2007 and 2006. However, the following officers and directors of Myriad have relationships with Prolexys: (1) Mr. Meldrum, our President and Chief Executive Officer and a Director, serves as a Director of Prolexys; (2) Dr. Gilbert, a Director, served as the Chairman of the Board of Directors of Prolexys until July 15, 2006 and beneficially owns less than 1% of Prolexys stock; (3) Dr. Skolnick, our Chief Scientific Officer and Director, served as a Director of Prolexys until July 1, 2006. Dr. Gilbert received a retainer of \$60,000 per year from Prolexys for his services as Chairman of the Board. Mr. Meldrum does not receive compensation for his service with Prolexys. We reimburse Mr. Meldrum for ordinary business expenses incurred during his service with Prolexys.

Policy on Approval of Related Person Transactions

We have adopted a Policy on Related Person Transactions (the "Policy") under which the Audit Committee reviews, approves or ratifies all related person transactions. Under our Policy, a related person transaction is one in which the Company is a participant, and the amount involved exceeds \$120,000, and in which any of the following persons has or will have a direct or indirect material interest:

executive officers of the Corporation;

members of the Board;

beneficial holders of more than 5% of Myriad's securities;

immediate family members, as defined by Item 404 of Regulation S-K promulgated under the Securities Act, of any of the foregoing persons; and

any other persons whom the Board determines may be considered to be related persons as defined by Item 404 of Regulation S-K promulgated under the Securities Act.

Under the Policy, the Audit Committee shall approve only those related person transactions that are determined to be in, or not inconsistent with, the best interests of Myriad and its stockholders, taking into account all available facts and circumstances as the Audit Committee determines in good faith to be necessary. These facts and circumstances will typically include, but not be limited to, the benefits of the transaction to Myriad; the impact on a Director's independence in the event the related person is a Director, an immediate family member of a Director or an entity in which a Director is a partner, shareholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms of comparable transactions that would be available to unrelated third parties or to employees generally. No member of the Audit Committee shall participate in any review, consideration or approval of any related person transaction with respect to which the member or any of his or her immediate family members is the related person.

Table of Contents

In reviewing and approving such transactions, the Audit Committee shall obtain, or shall direct management to obtain on its behalf, all information that the Audit Committee believes to be relevant and important to a review of the transaction prior to its approval. Following receipt of the necessary information, a discussion shall be held of the relevant factors if deemed to be necessary by the Audit Committee prior to approval. If a discussion is not deemed to be necessary, approval may be given by written consent of the Audit Committee. This approval authority may also be delegated to the Chairperson of the Audit Committee in some circumstances. It is contemplated that no related person transaction shall be entered into prior to the completion of these procedures; however, where permitted, a related person transaction may be ratified upon completion of these procedures.

The Audit Committee may adopt any further policies and procedures relating to the approval of related person transactions that it deems necessary or advisable from time to time. A copy of our Policy on Related Person Transactions is publicly available on the Investors Relations Corporate Governance section of our website at www.myriad.com.

ELECTION OF DIRECTORS

(Notice Item 1)

The Board of Directors currently consists of eight members, classified into three classes as follows: Robert S. Attiyeh and John T. Henderson, M.D. constitute a class with a term ending in 2009 (the Class I directors); Peter D. Meldrum, Mark H. Skolnick, Ph.D., and Linda S. Wilson, Ph.D. constitute a class with a term ending at the upcoming Annual Meeting (the Class II directors); and Walter Gilbert, Ph.D., Arthur H. Hayes, Jr., M.D., and Dennis H. Langer, M.D., J.D. constitute a class with a term ending in 2008 (the Class III directors). At each Annual Meeting of Stockholders, directors are elected for a full term of three years to succeed those directors whose terms are expiring.

On September 26, 2007, the Board of Directors accepted the recommendation of the Nominating and Governance Committee and voted to nominate Peter D. Meldrum, Mark H. Skolnick, Ph.D. and Linda S. Wilson, Ph.D. for election at the Annual Meeting for a term of three years to serve until the 2010 Annual Meeting of Stockholders, and until their successors have been elected and qualified, or until their earlier death, resignation, retirement or removal. Unless authority to vote for any of these nominees is withheld, the shares represented by a validly executed proxy will be voted FOR the election as directors of Mr. Meldrum, Dr. Skolnick and Dr. Wilson. In the event that any nominee should become unable or unwilling to serve, the shares represented by a validly executed proxy will be voted for the election of such other person as the Board of Directors may recommend in his/her place, unless the Board chooses to reduce the number of directors serving on the Board. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

A plurality of the shares voted affirmatively or negatively at the Annual Meeting is required to elect each nominee as a director.

We have adopted a policy on plurality votes for the election of directors. Under this policy, in non-contested elections, if a director receives a greater number of WITHHOLD votes than FOR votes, the Board will decide, through a process managed by the Nominating and Governance Committee and excluding the nominee in question, whether it should request that the director submit his or her resignation, maintain the director but address what the Nominating and Governance Committee believes is the underlying cause of the WITHHOLD votes, or resolve not to re-nominate the director in the future for election. A copy of this policy is publicly available on the Investor Relations Corporate Governance section of our website at www.myriad.com.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF MR. PETER D. MELDRUM, DR. MARK H. SKOLNICK AND DR. LINDA S. WILSON AS DIRECTORS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

INCREASE IN THE AGGREGATE NUMBER OF SHARES FOR WHICH STOCK OPTIONS MAY BE GRANTED UNDER OUR 2003 EMPLOYEE, DIRECTOR AND CONSULTANT STOCK OPTION PLAN

(Notice Item 2)

General

The Myriad Genetics, Inc. 2003 Employee, Director and Consultant Stock Option Plan (the "2003 Plan") was approved by our Board of Directors and stockholders in 2003. As of September 28, 2007, a total of 6,154,917 shares of common stock plus such additional shares as are represented by options previously granted under our 2002 Amended and Restated Stock Option Plan (the "2002 Plan") which are cancelled or expire in the future are reserved for issuance under the 2003 Plan. As of September 28, 2007, options to purchase 5,285,928 shares of common stock are outstanding under the 2003 Plan, 557,196 shares have been issued upon the exercise of options granted under the 2003 Plan and 311,793 options remain available for issuance. As of September 28, 2007, options to purchase 3,450,295 shares of common stock are outstanding under the 2002 Plan and no shares are available for issuance. By its terms, the 2003 Plan may be amended by the Board of Directors, provided that any amendment which the Board of Directors determines requires stockholder approval is subject to receiving such stockholder approval. On September 26, 2007, the Board of Directors voted to approve an amendment to the 2003 Plan to increase the aggregate number of shares of common stock which may be offered under the Plan by an additional 1,500,000 shares. This amendment is being submitted for your approval to ensure continued qualification of the 2003 Plan under the rules of The Nasdaq Stock Market LLC and in order to receive favorable federal income tax treatment for grants of incentive stock options under Section 422 of the Internal Revenue Code.

Material Features of the 2003 Plan

The following paragraphs provide a summary of the principal features of our 2003 Plan and its operation.

The purpose of the 2003 Plan is to attract, retain and motivate employees, directors and consultants through the issuance of stock options and to encourage ownership of shares of common stock by our employees, directors and consultants. The 2003 Plan is administered by our Board of Directors, except to the extent it has delegated authority to a committee of the Board. Subject to the provisions of the 2003 Plan, the Board of Directors determines the persons to whom options will be granted, the number of shares to be covered by each option and the terms and conditions upon which an option may be granted, except that options for our President and Chief Executive Officer are determined by the independent directors of the Board following a recommendation from the Compensation Committee and options to our other executive officers are determined by the Compensation Committee. For new hires, a special committee of the Board determines the persons to whom options will be granted, the number of shares to be covered by each option and the terms and conditions upon which an option may be granted. All employees, directors and consultants of Myriad and its affiliates are eligible to participate in the 2003 Plan. As of September 28, 2006, we had 847 full-time equivalent employees.

Options granted under the 2003 Plan may be either (i) options intended to qualify as incentive stock options under Section 422 of the Code, or (ii) non-qualified stock options. Incentive stock options may be granted under the 2003 Plan to employees of Myriad and its affiliates. Non-qualified stock options may be granted to consultants, directors and employees of Myriad and its affiliates. No participant may be granted, during any fiscal year, options to purchase more than 500,000 shares of common stock. The 2003 Plan also provides for the automatic grant annually of 15,000 non-qualified options to each of our non-employee directors. However, non-employee directors nominated pursuant to a contractual obligation are not entitled to such automatic grants. The automatic grant, which will be issued on the date of each annual stockholders' meeting, has a ten-year term, has an exercise price equal to the closing price of our common stock on the date of grant and for options granted prior to September 26, 2007 vest one-third (1/3) per year, assuming continued membership on the Board. On September 26, 2007, the Board of Directors amended the 2003 Plan to provide that options granted

Table of Contents

to non-employee directors after that date shall vest in full on the first anniversary of the date of grant, subject to continued membership on the Board. In addition, the option will become fully exercisable upon a change of control of Myriad or the death of the director. Options granted to non-employee directors are exercisable after the termination of the director's service on the Board to the extent exercisable on the date of such termination for the remainder of the life of the option.

The aggregate fair market value (determined at the time of grant) of shares issuable to a participant pursuant to incentive stock options which become exercisable in any calendar year under any incentive stock option plan of Myriad may not exceed \$100,000. Incentive stock options granted under the 2003 Plan may not be granted at a price less than to the closing price of our common stock on the date of grant, or 110% of such closing price in the case of employees holding 10% or more of our voting stock. Non-qualified stock options granted under the 2003 Plan may not be granted at an exercise price less than the closing price of our common stock on the date of grant. An option granted under the 2003 Plan is exercisable, during the option holder's lifetime, only by the option holder and is not transferable by him or her except (i) by will or by the laws of descent and distribution, or (ii) as otherwise determined by the Administrator and set forth in the applicable option agreement.

An option granted under the 2003 Plan cannot generally be exercised until it becomes vested. Except as set forth above for automatic director grants, the Compensation Committee establishes the vesting schedule of each option at the time of grant, although the options granted to our employees typically vest in equal annual installments over four years. Options become exercisable at the times and on the terms established by the Compensation Committee. Options granted under the 2003 Plan expire at the times established by the Compensation Committee, but not later than 10 years after the grant date. However, incentive stock options granted under the 2003 Plan may not expire more than five years from the date of grant in the case of incentive stock options granted to an employee holding 10% or more of our voting stock.

In granting any non-qualified stock option, the Board or its committee may specify that such non-qualified stock option shall be subject to such termination or cancellation provisions as the Board or its committee shall determine. Options granted under the 2003 Plan are generally exercisable after the termination of the option holder's employment with us (other than by reason of death, disability or termination for cause as defined in the 2003 Plan) to the extent exercisable on the date of such termination, at any time prior to the earlier of the option's specified expiration date or three months after such termination for incentive stock options and for non-qualified options, for the remainder of the life of the option. Generally, in the event of the option holder's death, all incentive stock options and non-qualified stock options immediately vest and may be exercised by the option holder's survivors at any time until the option's specified expiration date. In the event of the option holder's disability, incentive stock options and non-qualified stock options generally may be exercised, to the extent exercisable on the date of disability (plus a pro rata portion of the option if the option vests periodically), by the option holder at any time prior to the earlier of the option's specified expiration date or one year from the date of the option holder's disability for incentive stock options and for non-qualified stock options until the option's specified expiration date. In the event of the option holder's termination for cause, all outstanding and unexercised options are forfeited.

If the shares of our common stock shall be subdivided or combined into a greater or smaller number of shares or if we shall issue any shares of common stock as a stock dividend on our outstanding common stock, the number of shares of common stock deliverable upon the exercise of an option granted under the 2003 Plan shall be appropriately increased or decreased proportionately, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivision, combination or stock dividend. If we were to be consolidated with or acquired by another entity in a merger, sale of all or substantially all of our assets or otherwise (an "Acquisition"), the Board of Directors or the board of directors of any entity assuming our obligations under the 2003 Plan (the "Successor Board"), shall, as to outstanding options under the 2003 Plan either (i) make appropriate provision for the continuation of such options by substituting on an equitable basis for the shares then subject to such options the consideration payable with respect to the outstanding shares of common stock in connection with the Acquisition or securities of the successor or acquiring entity; or (ii) upon written notice to

the participants, provide that all options must be exercised (either to the extent then exercisable or, at the discretion of the Plan Administrator, all options being made fully exercisable for purposes of such transaction) within a specified number of days of the date of such notice, at the end of which period the options shall terminate; or (iii) terminate all options in exchange for a cash payment equal to the excess of the fair market value of the shares subject to each such option (either to the extent then exercisable or, at the discretion of the Plan Administrator, all options being made fully exercisable for purposes of such transaction) over the exercise price thereof. In the event of a recapitalization or reorganization of Myriad (other than an Acquisition) pursuant to which securities of Myriad or of another corporation are issued with respect to the outstanding shares of common stock, an option holder upon exercising an option under the 2003 Plan, shall be entitled to receive for the purchase price paid upon such exercise the securities he or she would have received if he or she had exercised such option prior to such recapitalization or reorganization.

The 2003 Plan may be amended by our stockholders. The 2003 Plan may also be amended by the Board of Directors, provided that any amendment approved by the Board of Directors which is of a scope that requires stockholder approval as required by the rules of The Nasdaq Stock Market, LLC, in order to ensure favorable federal income tax treatment for any incentive stock options under Code Section 422, or for any other reason is subject to obtaining such stockholder approval.

On September 28, 2007, the closing market price per share of our common stock was \$52.15, as reported by The NASDAQ Global Select Market.

Federal Income Tax Considerations

The following is a description of certain United States federal income tax consequences of the issuance and exercise of options under our 2003 Plan:

Stock options granted under the 2003 Plan may be either incentive stock options, which satisfy the requirements of Section 422 of the Internal Revenue Code, or non-qualified stock options, which are not intended to meet such requirements. The federal income tax treatment for the two types of options differs as follows:

Incentive Stock Options. No taxable income is recognized by the option holder at the time of the option grant, and no taxable income is generally recognized at the time the option is exercised. However, the difference between the fair market value of the shares on the date of exercise and the exercise price will be an item of tax preference includible in alternative minimum taxable income. The option holder will, however, recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of a taxable disposition. For federal tax purposes, dispositions are divided into two categories: qualifying and disqualifying. A qualifying disposition occurs if the sale or other disposition is made after the option holder has held the shares for more than two years after the option grant date and more than one year after the exercise date. If either of these two holding periods is not satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition of the shares, the option holder will recognize long-term capital gain in an amount equal to the excess of the amount realized upon the sale or other disposition of the purchased shares over the exercise price paid for those shares. If there is a disqualifying disposition of the shares, then the excess of the fair market value of the shares on the exercise date (or the amount realized on a disqualifying sale, if less) over the exercise price paid for those shares will be taxable as ordinary income to the option holder; any additional gain or loss recognized upon the disposition will be taxable as a capital gain or loss.

Non-Statutory Options. No taxable income is recognized by an option holder upon the grant of a non-statutory option. The option holder will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the option holder will be required to satisfy the tax withholding requirements applicable to such income.

Table of Contents

An option holder's initial basis in shares so acquired will be the amount paid on exercise of the non-qualified option plus the amount of any corresponding compensation income. Any gain or loss as a result of a subsequent disposition of the shares so acquired will be capital gain or loss.

We will generally be entitled to an income tax deduction equal to the amount of ordinary income recognized by the option holder with respect to the exercise of a non-statutory option or the disqualifying disposition of an incentive stock option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the option holder.

The affirmative vote of a majority of the shares voted affirmatively or negatively for the proposal at the Annual Meeting is required to approve the increase in the aggregate number of shares of common stock available under the 2003 Plan.

THE BOARD OF DIRECTORS RECOMMENDS APPROVAL OF THE ADOPTION OF AN AMENDMENT TO THE 2003 PLAN TO INCREASE BY 1,500,000 SHARES THE AGGREGATE NUMBER OF SHARES FOR WHICH STOCK OPTIONS MAY BE GRANTED UNDER THE PLAN. PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF THE AMENDMENT UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

Table of Contents**INDEPENDENT PUBLIC ACCOUNTANTS****(Notice Item 3)**

The Audit Committee has appointed Ernst & Young LLP, independent public accountants, to audit our financial statements for the fiscal year ending June 30, 2008. The Board proposes that the stockholders ratify this appointment, although such ratification is not required under Delaware law or our Restated Certificate of Incorporation, as amended, or our Restated By-Laws. Ernst & Young LLP audited our financial statements for the fiscal year ended June 30, 2007. We expect that representatives of Ernst & Young LLP will be present at the meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions. KPMG LLP was our independent public accountants for the fiscal year ended June 30, 2006.

Change in Certifying Accountant

On September 8, 2006, the Audit Committee dismissed KPMG LLP as the Company's independent registered public accounting firm. On that same date, the Audit Committee appointed Ernst & Young LLP to serve as our independent registered public accounting firm for our fiscal year ending June 30, 2007.

The audit reports of KPMG LLP on the Company's consolidated financial statements as of and for the fiscal year ended June 30, 2006 did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. The audit reports of KPMG LLP on management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting as of June 30, 2006 did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal year ended June 30, 2006, and through September 8, 2006, there were no (1) disagreements with KPMG LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to KPMG's satisfaction, would have caused KPMG to make reference in connection with their opinion to the subject matter of the disagreement, or (2) reportable events described under Item 304(a)(1)(v) of Regulation S-K.

In deciding to select Ernst & Young LLP, the Audit Committee reviewed auditor independence issues and existing commercial relationships with Ernst & Young LLP and concluded that Ernst & Young LLP has no commercial relationship with the Company that would impair its independence for the fiscal year ending June 30, 2008. During the fiscal year ended June 30, 2006, and through September 8, 2006, the Company did not consult with Ernst & Young LLP regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

The following table presents fees for professional audit services rendered by Ernst & Young LLP and KPMG LLP during the last two fiscal years:

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor, engagement letters describing the scope of service and the anticipated fees are negotiated and approved by the Audit Committee. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The affirmative vote of a majority of the shares voted affirmatively or negatively at the Annual Meeting is required to ratify the appointment of the independent public accountants.

If our stockholders ratify the selection of Ernst & Young LLP, the Audit Committee may still, in its discretion, decide to appoint a different independent auditor at any time during the fiscal year ending June 30, 2008, if it concludes that such a change would be in the best interests of Myriad and our stockholders. If our stockholders fail to ratify the selection, the Audit Committee will reconsider, but not necessarily rescind, the appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT PUBLIC ACCOUNTANTS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH RATIFICATION UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

CORPORATE CODE OF CONDUCT AND ETHICS

We have adopted a Corporate Code of Conduct and Ethics that applies to all of our employees, including our chief executive officer and chief financial and accounting officers, and every member of our Board of Directors. A copy of the Corporate Code of Conduct and Ethics is publicly available on the Investors Relations Corporate Governance section of our website at www.myriad.com. Disclosure regarding any amendments to, or waivers from, provisions of our Corporate Code of Conduct and Ethics that apply to our directors and principal executive and financial officers will be included in a Current Report on Form 8-K within four business days following the date of the amendment or waiver, unless website posting of such amendments or waivers is then permitted by the rules of The Nasdaq Stock Market LLC.

OTHER MATTERS

The Board of Directors knows of no other business which will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, proxies in the enclosed form will be voted in accordance with the judgment of the persons voting the proxies.

Proposals not received in a timely manner will not be voted on at the Annual Meeting. If a proposal is received in a timely manner, the proxies that management solicits for the 2008 Meeting may still exercise discretionary voting authority on the proposal under circumstances consistent with the proxy rules of the SEC. All stockholder proposals must also comply with our Restated By-Laws, a copy of which is available by contacting our Secretary, and the corporate governance policies applicable to nominations for directors, copies of which are available through the Investor Relations Corporate Governance section of our website at www.myriad.com.
