## Item 11. Executive Compensation

### Compensation Discussion and Analysis

The Compensation Committee of our Board, comprised entirely of independent directors, administers our executive compensation program. The role of the Compensation Committee is to oversee our compensation and benefit plans and policies, administer our stock plans and review and approve annually all compensation decisions relating to all executive officers.

The compensation programs are intended to provide a link between the creation of stockholder value and the compensation earned by our executive officers and has been designed to:

Attract, motivate and retain superior talent;

Encourage high performance and promote accountability;

Align compensation with our performance and stockholder returns;

Provide performance awards for the achievement of financial and operational targets and strategic objectives that are critical to our long-term growth; and

Ensure that the executive officers have financial incentives to achieve substantial growth in stockholder value.

To achieve these objectives, the Compensation Committee has implemented and intends to maintain compensation plans that tie a portion of the executives' overall compensation to key financial and operational goals. The Compensation Committee establishes individual executive compensation at levels the Committee believes are comparable with those of executives in other companies of similar size and stage of development operating in retail industries, taking into account our relative performance and our own strategic goals.

The compensation of our executive officers is composed of base salaries, an annual corporate incentive bonus plan and long-term equity incentives in the form of restricted stock and stock options. In determining specific components of compensation, the Compensation Committee considers each officer's performance, level of responsibility, skills and experience, and other compensation awards or arrangements. The

## Edgar Filing: PRICESMART INC - Form 10-K/A

Compensation Committee reviews and approves all elements of compensation for all of our executive officers taking into consideration recommendations from management. The Compensation Committee reviews and approves all annual bonus awards for executives and restricted stock awards and stock option grants for all employees.

Our President, in consultation with our Chief Executive Officer, sets salaries and bonus opportunities for employees below the level of Executive Vice President and makes recommendations with respect to restricted stock awards and stock option grants to people at these levels. He likewise makes recommendations with respect to salary, bonus eligibility and restricted stock and stock option awards for our Executive Vice Presidents. Our President and Chief Financial Officer also gather information and provide compensation recommendations in response to requests from the Compensation Committee. After gathering this input and receiving these recommendations, the Compensation Committee determines the compensation of our executive officers in executive session.

Management and the Compensation Committee historically have not used market surveys and competitive data gathered internally in making decisions affecting compensation. Instead, in the case of executive officers, the Compensation Committee takes into account the individual's prior position, salary, bonus opportunity and equity participation level at his or her previous employer and the compensation of PriceSmart executives with comparable experience and seniority.

Except as described below, our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of compensation. This is due to the small size of our executive team and the need to tailor each executive's award to attract and retain that executive.

### Elements of Compensation

Executive compensation consists of the following elements:

**Base Salary.** Base salaries for our executives are generally established based on the scope of their responsibilities, level of experience and individual performance, taking into account both external competitiveness and internal equity considerations. The goal for the base salary component is to compensate employees at a level that approximates the salaries of individuals in comparable positions and markets. Base salaries are reviewed annually, and adjusted from time to time to address inflation and to take into account individual responsibilities, performance and experience.

**Annual Management Bonus Program.** The Company emphasizes pay-for-performance through an annual management bonus program. All PriceSmart employees with at least six months of service who meet a minimum level of acceptable performance are eligible to participate in the program. Under the program, the Compensation Committee sets targets for each participant, which are awarded if the Company achieves budgeted operating income. Mr. Laparte's target bonus amount for 2007 was \$100,000, and his target bonus for 2008 is \$100,000. The target bonuses for executive vice presidents were 15% of base salary for 2007 and remain at the same level for 2008. In 2007, executive vice presidents and a percentage of each executive officer's total compensation contingent upon the Company's achieving budgeted operating income levels established at the beginning of the fiscal year. Minimum performance of 90% of budgeted operating income was required for any payouts under the 2007 program, with performance between 90% and 100% of budgeted operating income resulting in bonuses at 25% of target for operating income at 90-94% of budget, 50% at 95-96% of budgeted operating income and 75% at 97 to 99% of budgeted operating income. For achievement of greater than 100% of budgeted operating income, additional bonus amounts are earned on a linear basis of up to a maximum of 133% of an executive's target bonus for 120% of budgeted operating income achievement.

Under the 2008 program, for every 1% by which operating income exceeds budget, participants will earn additional bonuses of 2.5% of their target bonus amounts up to a maximum of 150% of target bonus amounts upon achievement of 120% of budgeted operating income. At the end of the year, upon an evaluation of these factors, the Compensation Committee uses discretion in determining whether to grant a bonus to each executive officer. The 2008 program also requires achievement of 90% of budgeted operating income to trigger payment and provides for the same sliding scale between 90% and 100% that the 2007 program used.

The Compensation Committee reserves the right to apply its judgment to the year-end bonus pool funding based on factors that may affect reported operating income, both positively and negatively, and specifically approves the payments made to the Company's executive officers. For example, in fiscal year 2007, the Company took a \$5.5 million provision for settlement of pending litigation. The Compensation Committee determined that for management bonus payout, this provision would not be included in the calculation of operating income.

***Long-Term Incentive Compensation.*** We believe that long-term incentives are an integral part of the overall executive compensation program and that the Company's long-term performance will be enhanced through the use of equity awards that reward our executives for maximizing stockholder value over time. While we previously used stock options as the primary long-term equity incentive vehicle, in January 2006 we began using restricted stock awards instead. We have not adopted stock ownership guidelines.

*Restricted Stock.*

In fiscal 2007, our named executive officers were awarded restricted stock in the amounts indicated in the section entitled *Grants of Plan-Based Awards*. The restricted stock awards typically vest on an annual basis based upon continued employment over a five-year period.

We expect to continue to use restricted stock as our primary long-term incentive vehicle because:

restricted stock and the related vesting period help attract and retain executives;

the value received by the recipient of a restricted stock award can be enhanced by the growth of the stock price; therefore, restricted stock enhances the executives' incentive to increase our stock price and maximize stockholder value; and

restricted stock helps to provide a balance to the overall executive compensation program as base salary and our annual bonus plan focus on short-term compensation, while stock options reward executives for increases in stockholder value over the longer term.

In determining the number of shares of restricted stock to be granted to executives, we take into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the value of restricted stock in relation to other elements of the individual executive's total compensation. All awards of restricted stock are made by the Compensation Committee, except that our full Board will take action with respect to any equity awards made to our non-employee directors. The Company does not have equity ownership requirements or guidelines.

Executive officers recognize taxable income from restricted stock awards when and as shares vest. On each vesting date, we repurchase a portion of the shares vesting on such vesting date from the participant to cover the tax obligations triggered by the vesting. We repurchase the shares at their fair market value on the date of vesting. We pay the purchase price for the shares we repurchase directly to the taxing authorities. We generally receive a corresponding tax deduction for compensation expense in the year of vesting. The amount included in the participant's wages upon such vesting, and the amount we may deduct, is equal to the common stock price when the shares vest multiplied by the number of shares vesting.

***Other Benefits.*** Our executives are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, long and short-term disability and life insurance, in each case on the same basis as our other employees. We also offer to our President a housing allowance and travel benefits in accordance with his employment agreement described below. The Compensation Committee believes that these perquisites are no greater than our competitors' practices.

**Employment Contracts**

The Company has employment agreements with each of its executive officers other than Mr. Price, Mr. Heffner and Mr. McGrory. Each agreement specifies a term and a base salary amount. Each agreement states that the executive is eligible to participate in the Company's bonus plan and to receive all other benefits offered to officers under the Company's standard company benefits practices and plans. Under the agreements, the executive may terminate the agreement at any time on 90 days' prior written notice. The Company may terminate the agreement for cause upon immediate notice thereof, or upon the death or disability of the executive. The executive may not engage in any activities, with or without compensation, that would interfere with the performance of his duties or that would be adverse to the Company's interests, without the Company's prior written consent. In the event that the Company terminates the agreement for any reason other than cause, death or disability, the executive will be entitled to the continuation of his base salary for one year, payable in conformity with the Company's normal payroll period. If the agreement expires and is not renewed by the Company upon expiration of the employment term with at least the same base annual salary or does not thereafter continue upon other mutually agreeable terms, the executive will be entitled to the continuation of his base salary for one year, reduced by any compensation he may receive from another employer during that year. Except as noted below, the foregoing severance

benefits are the exclusive benefits that would be payable to the executive under his agreement by reason of his termination, and the Company is not obligated to segregate any assets or procure any investment in order to fund such severance benefits. The agreements also contain confidentiality provisions and other terms and conditions customary to executive employment agreements.

#### **The Retirement Plan of PriceSmart, Inc.**

In 1998, the Company established a retirement plan. The retirement plan is designed to be a qualified plan under applicable provisions of The Internal Code of 1986, as amended, covering all employees who have completed three months of service, as defined in the retirement plan. Each year, participants may contribute up to 15% of their pre-tax annual compensation (as defined in the retirement plan) up to the maximum allowable by The Internal Revenue Code of 1986, as amended. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution equal to 100% of the participant's elective deferral up to an annual maximum of 4% of base compensation. Although the Company has not expressed any intent to do so, the Company has the right under the retirement plan to discontinue its contributions at any time and to terminate the retirement plan, subject to the provisions of Employee Retirement Income Security Act of 1974, as amended.

All participants in the retirement plan are fully vested in their voluntary contributions and earnings thereon. With regard to the remainder of a participant's account, sums contributed prior to August 15, 2005 are 50% vested after the completion of two years of service and 100% vested after the completion of his or her third year of service (such vesting based upon the participant's years of service with the Company, Price Enterprises, Costco, The Price Company and certain affiliated parties). All sums contributed after August 15, 2005 are immediately 100% vested. A participant becomes fully vested in his or her entire account upon retirement due to permanent disability, attainment of age 65 or death. In the event of a termination of the retirement plan by the Company, participants will become fully vested in their accounts.

### **Pension Benefits**

We do not have any plan that provides for payments or other benefits at, following, or in connection with, retirement.

### **Nonqualified Deferred Compensation**

We do not have any plan that provided for deferred compensation.

### **Director Compensation**

Each non-employee director receives \$20,000 per year for serving on the Board of Directors. In addition, non-employee directors who serve on committees of the Board of Directors (in a capacity other than chairman of a committee) receive \$500 for each meeting attended. The chairmen of the committees of the Board of Directors each receive \$5,000 per year in addition to their other compensation as directors, except that effective November 2002 the chairman of the Audit Committee receives \$35,000 per year. Each director is eligible to receive stock grants and stock options pursuant to the Company's 1997 Stock Option Plan, 1998 Equity Participation Plan, 2001 Equity Participation Plan and 2002 Equity Participation Plan. Under the 1997 Stock Option Plan, the 2001 Equity Participation Plan or the 2002 Equity Participation Plan, as then in effect, non-employee directors are entitled to receive initial grants of non-qualified stock options to purchase 3,000 shares of Common Stock upon becoming directors and additional grants of options to purchase 1,000 shares of Common Stock on the date of each annual meeting of stockholders at which the director is re-elected to the Board. Non-employee directors joining the Board after July 1998 also are eligible to receive grants of non-qualified options under the 1998 Equity Participation Plan upon purchases of shares of Common Stock. For each such director who has purchased at least an aggregate of 500 shares of Common Stock on or after September 1, 1997, on the date such person purchases additional shares of Common Stock (other than upon the exercise of stock options), such person automatically will be granted a non-qualified stock option to purchase a number of shares of Common Stock equal to the difference between (1) three times the number of such shares of Common Stock actually purchased and (2) the number of shares of Common Stock subject to options previously granted to such director under the 1998 Equity Participation Plan. No director, however, may receive options under the 1998 Equity Participation Plan that are exercisable for more than 8,146 shares of Common Stock. The 1998 Equity Participation Plan further provides that each person who is initially elected to the Board after the adoption by the Board of the plan and who is an independent director at the time of such initial election automatically shall be granted on the date of such initial election the right to purchase 2,716 shares of Common Stock at a purchase price equal to the fair market value on the date the shares are purchased.

Directors also receive reimbursement for travel expenses incurred in connection with their duties as directors.

### Severance and Change in Control Payments

We have entered into agreements and maintain plans that may require us to make payments and/or provide certain benefits to our named executive officers in the event of a termination of their employment or a change of control. The following tables summarizes the potential payments to each named executive officer assuming a termination of the executive officer. In the event that the Company terminates the employment of one of our executive officers for any reason other than cause, death or disability, the executive will be entitled to the continuation of his base salary for one year, payable in conformity with the Company's normal payroll period. If the agreement expires and is not renewed by the Company upon expiration of the employment term with at least the same base annual salary or does not thereafter continue upon other mutually agreeable terms, the executive will be entitled to the continuation of his base salary for one year, reduced by any compensation he may receive from another employer during that year. Mr. Gans' agreement provides that in the event that the Company terminates the agreement for any reason other than cause, Mr. Gans will be entitled to the continuation of his base salary for one year, payable in conformity with the Company's normal payroll period, and will be entitled to participate in the 401(k) Plan, and the Company's medical plans for the remainder of the term of the agreement. Mr. Price, Mr. Heffner and Mr. McGrory are covered by our standard severance policy. Under the policy, if they are terminated for other than cause, death or disability, they will be entitled to the continuation of their base salary for a period equal to two weeks per completed year of service up to a maximum of 26 weeks, payable in conformity with the Company's normal payroll period.

The 2001 Equity Participation Plan and 2002 Equity Participation Plan provide that in the event of a Change in Control or a Corporate Transaction, each as defined in the 2002 Plan, each outstanding award shall, immediately prior to the effective date of the Change in Control or Corporate Transaction, automatically become fully vested, exercisable or payable, as applicable, for all of the shares of Common Stock at the time subject to such award and, as applicable, may be exercised for any or all of those shares as fully-vested shares of Common Stock.

**Item 13. Certain Relationships and Related Transactions, and Director Independence**

**Relationships with the Price Family, the Price Group, Directors Galinson and McGrory, and Former Director Cahill**

As of October 31, 2007, Sol Price beneficially owned approximately 39.5% of the outstanding Common Stock. Sol Price is the father of Robert E. Price, the Company's Chairman of the Board and Chief Executive Officer. As of October 31, 2007, Robert E. Price beneficially owned approximately 47.1% of the Company's outstanding Common Stock, including shares that may be deemed to be beneficially owned by Sol Price. As of October 31, 2007, Sol Price and Robert E. Price were members of a group that beneficially owned approximately 51.0% of the Company's outstanding Common Stock.

Relationships with PS Ivanhoe and the Price Group. On October 24, 2005, the Company borrowed \$12.5 million from PS Ivanhoe, LLC, a California limited liability company (PS Ivanhoe), which is managed by the Price Group pursuant to a Promissory Note (the Note). The Note bears interest at a rate of 8% per annum and has a term of two years. All unpaid principal and accrued interest was due and payable in full on October 23, 2007 (the Maturity Date). Any amounts outstanding under the Note from and after the Maturity Date bear interest at a rate equal to the lesser of 12% per annum or the maximum interest rate allowed by law. To secure the Company's obligations under the Note, the Company and PS Ivanhoe entered into a Pledge and Security Agreement pursuant to which the Company granted to PS Ivanhoe a security interest in all of the issued and outstanding shares of stock (and all ownership rights with respect thereto) in PriceSmart Real Estate, S.A., the Company's wholly owned Panamanian subsidiary. On June 13, 2006, the promissory note entered with PS Ivanhoe was repaid. The Company paid approximately \$642,000 in interest on the promissory note.

Use of Private Plane. From time to time, members of the Company's management used a private plane owned in part by PFD Ivanhoe, Inc. to travel to business meetings in Central America and the Caribbean. The Price Group owns 100% of the stock of PFD Ivanhoe, and Sol Price is an officer of PFD Ivanhoe. The Price Group's members include Sol Price, Robert E. Price, Murray Galinson and Jack McGrory (Board member and current employee of the Company). If the passengers are solely Company personnel, then the Company reimburses PFD Ivanhoe for a portion of the fixed management fee and additional expenses PFD Ivanhoe incurred as a result of the hours flown, including direct charges associated with the use of the plane, landing fees, catering and international fees. The Company reimbursed PFD Ivanhoe based on the amounts the passengers would have paid if they had flown a commercial airline if one or more of the passengers is a Director of The Price Group (including Robert E. Price). This Agreement was in place through February 23, 2007. The Company paid approximately \$158,000, \$205,000 and \$159,000 for fiscal years ended August 31, 2007, 2006 and 2005, respectively. On February 23, 2007, the Company entered into an agreement with PFD Ivanhoe to purchase their 6.25% undivided interest in a Citation XLS Aircraft for approximately \$658,000. This entitles the Company to 50 hours of flight time per year. The Company still maintains an agreement to reimburse PFD Ivanhoe for use of other aircraft based on the amounts the passengers would have paid if they had flown a commercial airline if one or more of the passengers is a Director of the Price Group (including Robert E. Price).

*Settlement of Suit.* In connection with the settlement of a Complaint filed against Sol Price as well as the Company, as nominal defendant, alleging that Sol Price violated Section 16(b) of the Securities Exchange Act of 1934, in relation to an alleged purchase and subsequent sale of shares of the Company's Common Stock, an affiliate of Sol Price purchased an aggregate of \$1,500,000 of the Company's Common Stock directly from the Company at a price of \$8.90 per share, which was \$0.50 above the closing price of the Company's Common Stock at the date that price was established. Additionally, Mr. Price reimbursed the Company the sum of \$125,000, which was paid by the Company to Plaintiff's counsel as part of this settlement.

**Relationships with Edgar A. Zurcher**

## Edgar Filing: PRICESMART INC - Form 10-K/A

Edgar A. Zurcher, a director of the Company since November 2000, is a partner in a law firm that the Company utilizes in certain legal matters. The Company incurred legal expenses with this entity of approximately \$64,000, \$167,000 and \$313,000 during fiscal years 2007, 2006 and 2005, respectively.

Mr. Zurcher also is President and a director of PSC, S.A., and he owns 13% of Capital and Advice, Inc., which is the sole shareholder of PSC, S.A. PSC, S.A. owns 40% of Payless ShoeSource Holdings, Ltd., which rents retail space from the Company. PSC, S.A. also owns 49% of PSMT Nicaragua (BVI), Inc. and previously had owned 49% of PSMT Caribe, Inc. The Company recorded approximately \$808,000, \$762,000 and \$748,000 in rental income from Payless ShoeSource Holdings, Ltd. during fiscal years 2007, 2006 and 2005, respectively. Mr. Zurcher is also a director and 9.1% owner of Banco Promerica, from which the Company has recorded approximately \$276,000, \$265,000 and \$266,000 of rental income for fiscal years 2007, 2006 and 2005, respectively, for space leased to it by the Company. The Company also received approximately \$647,000, \$938,000 and \$747,000 in incentive fees on a co-branded credit card the Company has with Banco Promerica in fiscal years 2007, 2006 and 2005, respectively. The Company received a one-time refund of approximately \$500,000, \$400,000 and \$0 for an accumulated marketing fund related to the co-branded credit card with Banco Promerica in the fiscal years 2007, 2006 and 2005, respectively. On March 22, 2007, the Company informed certain entities with which Mr. Zurcher is affiliated that the Company was not renewing the Company's credit card relationship with those entities (with the exception of the Dominican Republic) because the Company had determined that another credit card provider, Credomatic, was more suitable for the future needs and expectations of its members. In response, PSC, S.A. and related entities have disputed the Company's right to terminate and not renew the credit card services relationships between the parties notwithstanding expiration of the credit card services agreements by their terms, and threatened to take legal action if the Company proceeded with the terminations. Legal proceedings then commenced, by and against the Company. The Company is engaged in settlement discussions with PSC, S.A. and Promerica. Under terms currently being discussed, the Company would purchase interests in PSMT Nicaragua (BVI), Inc. and certain real property rights from, and make payments to, PSC, S.A., Promerica and Portafolio Inmobiliario, S.A. (aka PINSMA), another entity of which Mr. Zurcher is a 9.1% owner.

The Board of Directors has determined that the Company is a controlled company within the meaning of the Nasdaq Global Market's listing standards. The basis for the Board of Directors' determination that the Company is a controlled company is the beneficial ownership of approximately 51.2% of the Company's Common Stock, as of October 31, 2007, by a group comprised of Sol Price, Robert Price, Jack McGrory, Murray Galinson, Keene Wolcott, Jose Luis Laparte and their affiliates including Price Charities and The Price Group, LLC. As a controlled company, the Company is exempt from certain Nasdaq listing standards. Specifically, the Company is not required to have: 1) a board of directors comprised of a majority of independent directors; 2) a compensation committee comprised of independent directors; or 3) director nominees selected, or recommended for selection by the board of directors, by a majority of the independent directors or a nominating committee comprised of independent directors. In fulfilling its oversight responsibilities, the committee reviewed and discussed with management the audited financial statements in the Annual Report, including a discussion of the quality, and not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Company's independent auditors, Ernst & Young LLP, are responsible for expressing an opinion on the conformity of its audited financial statements with generally accepted accounting principles. In addition, Ernst & Young discussed the auditors' independence from the Company and from the Company's management and delivered to the committee those matters to be set forth in written disclosures as required by Independence Standards Board Standard No. 1.

The committee discussed with the Company's independent auditors the overall scope and plan of their audit. The committee meets with the independent auditors, with and without our management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the committee has recommended that the audited financial statements be included in the Annual Report on Form 10-K for the year ended August 31, 2007 for filing with the SEC.

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.
