PROXY STATEMENT

The enclosed Proxy is solicited by and on behalf of the management of Dillard s, Inc. (the Company), a Delaware corporation, for use at the annual meeting of stockholders to be held on Saturday, May 17, 2008, at 9:30 a.m. at the Dillard s Corporate Office, 1600 Cantrell Road, Little Rock, Arkansas, or at any adjournment or adjournments thereof.

Any stockholder giving a Proxy has the power to revoke it, at any time before it is voted, by written revocation delivered to the Secretary of the Company. Proxies solicited herein will be voted in accordance with any directions contained therein, unless the Proxy is received in such form or at such time as to render it ineligible to vote, or unless properly revoked. If no choice is specified, the shares will be voted in accordance with the recommendations of the Board of Directors as described herein.

If matters of business other than those described in the Proxy properly come before the meeting, the persons named in the Proxy will vote in accordance with their best judgment on such matters. The Proxies solicited herein shall not confer any authority to vote at any meeting of stockholders other than the meeting to be held on May 17, 2008, or any adjournment or adjournments thereof.

The cost of soliciting Proxies will be borne by the Company. The Company will reimburse brokers, custodians, nominees and other fiduciaries for their charges and expenses in forwarding proxy material to beneficial owners of shares. In addition to solicitation by mail, certain officers and employees of the Company may solicit Proxies by telephone, fax, email or other electronic means, or in person. These persons will receive no compensation other than their regular salaries. The Company has retained Innisfree M&A Incorporated, a professional proxy solicitation firm, to assist in the solicitation of proxies. The fees of such firm are not expected to exceed \$15,000.

OUTSTANDING STOCK; VOTING RIGHTS;

VOTE REQUIRED FOR APPROVAL

The stock transfer books of the Company will not be closed, but only stockholders of record at the close of business on March 31, 2008, will be entitled to notice of, and to vote at, the meeting. At that date, there were 71,249,160 shares of Class A Common Stock outstanding and 4,010,929 shares of Class B Common Stock outstanding. The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock issued and outstanding as of the record date is required to establish a quorum at the annual meeting.

If a quorum is established, each holder of Class A Common Stock and each holder of Class B Common Stock shall be entitled to one vote on the matters presented at the meeting for each share standing in his name except that the holders of Class A Common Stock are empowered as a class to elect one-third of the Directors and the holders of Class B Common Stock are empowered as a class to elect two-thirds of the Directors. Stockholders will not be allowed to vote for a greater number of nominees than those named in this proxy statement. Nominees for director of each class, to be elected, must receive the affirmative vote of a majority of the shares of that respective class outstanding and eligible to vote in the election. Cumulative voting for Directors is not permitted.

The vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and having voting power is required for ratification of the appointment of Deloitte & Touche LLP as Dillard s independent auditors.

Under Delaware General Corporate Law, if shares are held by a broker that has indicated that it does not have discretionary authority to vote on a particular matter without instructions from you under the New York Stock Exchange listing standards (broker non-votes), those shares will not be considered as present and entitled to vote with respect to that matter, but such shares will be counted with respect to determining whether a quorum is present. Abstentions will not be counted as votes cast for election of directors and with respect to the ratification of the appointment of the independent public accountants, abstentions will have the effect of a vote against such proposals.

The last date for the acceptance of Proxies by management is the close of business on May 16, 2008, and no Proxy received after that date will be voted by management at the meeting.

PROPOSAL 1. ELECTION OF DIRECTORS

Class A stockholders are entitled to vote for the election of four Directors and Class B Stockholders are entitled to vote for the election of eight Directors. Directors are to be elected at the annual meeting for a term of one year and until the election and qualification of their successors. Once elected, our Directors have no ongoing status as Class A or Class B Directors and have the same duties and responsibilities to all stockholders. The Proxies solicited hereby will be voted FOR the election as Directors of the 12 persons hereinafter identified under Nominees for Election as Directors if not specified otherwise. Management does not know of any nominee who will be unable to serve, but should any nominee be unable or decline to serve, the discretionary authority provided in the Proxy will be exercised to vote for a substitute or substitutes.

In 1998, the Company adopted a resolution amending its by-laws to provide that nominations to represent Class A stockholders shall be of independent persons only. For these purposes, independent shall mean a

person who: (i) has not been employed by the Company or an affiliate in any executive capacity within the last five years; (ii) was not, and is not a member of a corporation or firm that is one of the Company's paid advisers or consultants; (iii) is not employed by a significant customer, supplier or provider of professional services; (iv) has no personal services contract with the Company; (v) is not employed by a foundation or university that receives significant grants or endowments from the Company; (vi) is not a relative of the management of the Company; (vii) is not a shareholder who has signed shareholder agreements legally binding him to vote with management; and (viii) is not the chairman of a company on which Dillard's, Inc. Chairman or Chief Executive Officer is also a board member.

All of the nominees to represent Class A stockholders listed below qualify as independent persons as defined in the above resolution.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION AS DIRECTORS OF THE 12 PERSONS HEREINAFTER IDENTIFIED.

The business associations of the nominees as shown in the table under Nominees for Election as Directors have been continued for more than five years, except for the following: Mr. Martin retired as Chairman of the Board of Saks Incorporated in May 2007. Prior to January 2007, Mr. Martin was Chairman of the Board and

Chief Executive Officer of Saks. Each nominee for Director was elected to the Board of Directors at the annual meeting of stockholders held May 19, 2007, except for James A. Haslam, III, R. Brad Martin, Frank R. Mori and Nick White.

The Board of Directors met four times during the Company's last fiscal year, on February 24, May 19, August 25 and November 17, 2007.

Audit Committee members are Robert C. Connor, Chairman, John Paul Hammerschmidt, Peter R. Johnson and J.C. Watts, Jr. The Audit Committee held thirteen meetings during the year.

The Stock Option and Executive Compensation Committee members are Robert C. Connor, Will D. Davis, Chairman and Warren A. Stephens. The Stock Option and Executive Compensation Committee held three meetings during the year.

Dillard's, Inc. qualifies as a controlled company under the corporate governance rules of the New York Stock Exchange due to the ownership by W.D. Company of shares of Class B Common Stock allowing it to cast more than 50% of votes eligible to be cast for the election of two-thirds of the Directors of the Company that are elected by Class B Stockholders. In accordance with a provision in NYSE rules for controlled companies, the Company has elected not to comply with NYSE corporate governance rules that provide for (i) a majority of independent directors or (ii) a nominating/corporate governance committee comprised solely of independent directors. However, the Stock Option and Executive Compensation Committee has adopted a written charter and otherwise complies with the requirements of NYSE Rule 303A.05, Corporate Governance Standards for Compensation Committees.

Based on the foregoing exemption for controlled companies, the Company is not required to and does not have a nominating/corporate governance committee.

On March 17, 2008, an affiliate of Barington Capital Group, L.P. (Barington) delivered to the Company a notice of its intention to nominate certain persons for election as directors to the Board. This notice and related SEC filing indicated that Barington, Clinton Group, Inc. and RJG Capital Management, LLC, together with certain of their affiliates (collectively, the Investors), intended to nominate a slate of four individuals (James A. Mitarotonda, Charles M. Elson, Eric S. Salus and Mr. White) to stand for election as Directors by the Class A stockholders of the Company.

On April 1, 2008, the Company and the Investors entered into an agreement (the Agreement) with respect to the election of certain Directors for the 2008 Annual Meeting of Shareholders and certain other related matters. Pursuant to the terms of the Agreement, the Company has nominated Mr. Haslam, Mr. Martin, Mr. Mori and Mr. White (together, the Class A Nominees) for election as Directors by the Class A stockholders. In connection with discussions concerning the Agreement, Mr. Mori and Mr. White were recommended to the Company for nomination as Class A Nominees by the Investors and Mr. Haslam and Mr. Martin were recommended to the Company for nomination as Class A Nominees by Southeastern Asset Management Company. As part of the Agreement, each of the Investors agreed (i) to withdraw its notice of nominations and its demand to inspect certain of the Company's books and records and (ii) to vote in favor of the Class A Nominees at the 2008 Annual Meeting and against any stockholder nominations for director which are not approved and recommended by the Board (provided that the slate of directors nominated and recommended by the Board includes the Class A Nominees). The Company also agreed to propose and support the selection by the full board of at least one of these individuals to serve on the Company's Audit Committee and Stock Option and Executive Compensation Committee. In the event that either Mr. Mori or Mr. White is unable or unwilling to serve as Director, the Agreement provides that the Investors may nominate one or more substitute nominees, provided that such substitute nominee is approved by the Company (such approval not to be unreasonably withheld or delayed). In addition, pursuant to the Agreement, the Company agreed to reimburse the Investors for documented expenses in connection with their nominations, contemplated proxy solicitation and related filings, up to a maximum amount of \$200,000.

Will Davis, John Paul Hammerschmidt, William Sutton and J. C. Watts are not standing for re-election at the 2008 annual meeting.

All of the nominees for Director (except for the Class A Nominees, each of whom is being nominated to the Board of Directors for the first time) attended at least 75% of the aggregate of (1) the total number of meetings of the Board of Directors and (2) the total number of meetings held by all committees of the board on which they served. Dillard's, Inc. has a policy, which encourages each board member to attend the annual stockholders' meeting. Each member of the Board of Directors who was in office at such time was in attendance at the annual meeting of stockholders on May 19, 2007.

The Board has determined that each of the Class A Nominees, as well Robert C. Connor, Peter R. Johnson and Warren Stephens who serve as Class B Directors, qualify as independent directors in accordance with the NYSE corporate governance rules. In making its independence determinations, the Board considered the following relationship with the Company and determined such relationship was not material and would not affect the director's independence: Payments made by the Company for advertising to newspapers owned by Stephens Media Group. These payments were less than 5% of Stephens Media Group's annual revenue.

Inasmuch as 2007 presiding Non-Management Director Will Davis is not standing for election to the Board this year, the non-management directors will decide at their next meeting how they wish to comply with NYSE corporate governance standards relating to executive sessions held by non-management directors. You may contact any Board member, or the entire Board, at any time. Your communication should be sent to the Presiding Member of Non-Management Members of the Board of Directors or Non-Management Members of the Board of Directors at 1600 Cantrell Road, Little Rock, AR 72201.

The Board has adopted Corporate Governance Guidelines, and each of the Audit Committee and Compensation Committee has adopted a written charter. The Board has also adopted a Code of Conduct that applies to all Company employees including the Company's Directors, CEO and senior financial officers. The current version of these corporate governance documents is available free of charge on the Company's Web site at www.dillards.com and are available in print to any shareholder who requests copies by contacting Julie J. Bull, Director of Investor Relations, at 1600 Cantrell Road, Little Rock, AR 72201.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Philosophy

The Stock Option and Executive Compensation Committee (the "Compensation Committee" or the "Committee") of our Board of Directors, which is composed of directors who are independent as defined under the listing standards of the New York Stock Exchange, has responsibility for establishing, implementing and monitoring adherence to our compensation philosophy. The Committee strives to ensure that the total compensation paid to executive officers is fair, reasonable and competitive.

The Committee evaluates both performance and compensation to ensure that we maintain the ability to attract and retain qualified management personnel and that compensation provided to those employees remains competitive relative to the compensation paid by our competitors. The Compensation Committee strives to achieve this objective by providing compensation packages that include a base salary, performance-based incentive bonuses and equity-based compensation.

The Committee annually reviews compensation packages and amounts paid by our primary competitors and other family-founded and family-managed companies in structuring elements to be included in our compensation packages and determining compensation amounts. This review, along with the independent judgment exercised by members of the Committee, guides the Committee's decisions regarding the allocation of compensation amounts between long-term and currently paid compensation, and the allocation between cash and non-cash amounts. The Compensation Committee attempts to devise these allocations along percentages generally comparable to our competitors while adhering to the underlying principles and objectives of our compensation policies.

In administering our compensation package, the Compensation Committee attempts to foster a pay-for-performance culture providing executives with the opportunity to increase their level of overall compensation based on the company's achievement of profitability. The specific aspects of corporate performance that are generally considered when determining our compensation policies include stock performance during the fiscal year, sales growth (both overall sales and same store sales), and growth in margins and pre-tax income. Specifically, the award of annual cash performance bonuses is based on a formula tied to the company's realization of pre-tax income and increases in pre-tax income over the past fiscal year. Performance bonuses were paid under this formula during each of our prior six fiscal years excluding only the 2003 fiscal year.

We believe that our compensation packages, and each individual element included, are competitive in our industry. Our programs are designed to allow our executives the opportunity to both increase their annual cash compensation through performance based bonuses and to capitalize on any increases in our stock price resulting from the company's success.

Our Compensation Committee's Charter is available on our website at www.dillards.com.

Role of Executive Officers in Compensation Decisions

Our chief executive officer, president and chief financial officer provide input to the Compensation Committee regarding Company performance. However, the Committee exercises complete discretion in making all compensation decisions regarding cash compensation and equity awards for all of our executive officers.

Objectives, Purposes and Rewards of Our Compensation Program

Our compensation program is designed to maintain our competitive position in our industry by providing benefits equivalent to those offered by our leading competitors. The program's objectives are to:

Provide compensation opportunities that are equivalent to those offered by comparable companies, thereby allowing the Company to compete for and retain talented executives who are critical to our long-term success;

Motivate executive officers by rewarding them for attainment of profitability of the Company; and

Align the interests of executives with the long-term interests of stockholders by awarding equity-based compensation in the form of stock option grants and participation in retirement, stock option and stock bonus plans encouraging stock ownership by our executives. We have designed our compensation programs to attract, retain and motivate talented individuals and encourage these individuals to engage in behaviors necessary to enable us to succeed in creating shareholder value in a highly competitive marketplace. We choose to pay each separate element of our compensation package with the intent of rewarding certain behaviors believed to be beneficial to the Company and to accomplishing specific purposes, as described below.

Base Salary is designed to:

Reward competencies of our executives relative to skills, position and contributions to the success of our Company; and

Provide a level of annual cash compensation competitive with the marketplace that recognizes contributions to the overall success of the Company and provides the potential to enjoy annual increases reflecting those contributions.

Annual Cash Performance Bonuses are designed to:

Motivate employees to assist in the attainment of profitability; and

Foster a pay for performance culture that aligns our overall compensation programs with our business strategy and rewards employees for their contributions towards our goal of increasing profitability.

Equity-Based Compensation awards are designed to:

Link compensation rewards to the creation of shareholder wealth; and

Encourage our management to work together for the common good by associating a material portion of compensation to the value of our common stock.

Pension Plan benefits are designed to:

Provide competitive incentives to our executive officers to focus on long-term success of the Company; and

Provide a secure retirement after a long and productive career with the Company.

The use of these programs enables us to reinforce our pay for performance philosophy as well as strengthen our ability to attract and retain highly qualified executives. We believe that this combination of programs provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value, and encourages executive recruitment and retention.

Role of Comparable Company Analysis in our Compensation Decisions

In order to develop a competitive compensation package for our executive officers, the Compensation Committee compares our compensation package with those of a comparison group of companies. The comparison group is composed of department stores, specialty stores and other public companies that were family-founded and continue to be family-managed. A complete listing of the companies in the comparison group appear below:

Abercrombie & Fitch Co.	The McGraw-Hill Companies, Inc.	Stein Mart, Inc.
Aeropostale, Inc.	The Men's Wearhouse, Inc.	The Talbots, Inc.
Charming Shoppes, Inc.	Nordstrom, Inc.	The Bon Ton Stores, Inc.
Chico's FAS, Inc.	Restoration Hardware, Inc.	The Gap, Inc.
The Children's Place Retail Stores, Inc.	Retail Ventures, Inc.	The TJX Companies, Inc.
Handleman & Company	SAKS Incorporated	Tiffany & Co.
J.C. Penney Company, Inc	Shoe Carnival, Inc.	Wet Seal, Inc.
Macy's, Inc.	Starbucks Corporation	Williams-Sonoma, Inc.

The Compensation Committee believes that the companies in the comparison group are comparable to the Company in operations, management style and culture. Not all of the companies in our comparison group are included in the Standard & Poor's Supercomposite Department Stores Index. Although the Compensation Committee has made these comparisons, it also has considered that as the Company has grown in size, the number of senior executives has not grown proportionately, so that the number of senior executives retained by the Company is generally lower than the number of senior executives at other companies of similar size.

Specific Elements of Our Compensation Program

Base Salary

Our executive officers receive a base salary established by the Compensation Committee on an annual basis. Base salaries are set at the discretion of the Compensation Committee and are not specifically related to any Company performance criteria, as are both the annual cash performance bonus and equity-based portions of the compensation program, which are discussed below. In establishing base salary levels, the Compensation Committee considers the aggregate compensation and benefits of the executive officers and bases any increase in salary on targets established by a regression analysis of salaries paid versus total revenues for our comparison group. The regression analysis relates each component of compensation expense to total revenue for each company in the comparison group and provides an expected level of aggregate compensation expense based on Dillard's, Inc. total revenue. For fiscal 2007, the salaries set by the Compensation Committee were below the expected level of salaries produced by this analysis.

Adjustments to the base salary level may be made based on various factors, including comparisons to the comparative data and evaluation of the executive's level of responsibility and experience as well as Company-wide performance. The Committee also considers the executive's success in achieving business results, promoting our core values and demonstrating leadership. Previous compensation levels and awards are not taken into account in setting base salary; rather the Committee considers appropriate ranges of compensation given the level of position, and performance of the individual and the Company for the period under consideration. Finally, the Compensation Committee insures that the recommended level of base salary is less than the expected level of base salary produced by the regression analysis described above.

Annual Cash Performance Bonus

Our compensation program includes performance bonuses payable under our Senior Management Cash Bonus Plan to reward executive officers based on our performance and the individual executive's contribution to that performance. Annual performance bonuses reflect a policy of requiring a certain level of financial and operational performance before any cash bonuses are earned by the named executive officers. Specifically, performance bonuses may be paid only if the company realizes positive net income before federal and state income taxes for the fiscal year, which we refer to as pre-tax income. The Compensation Committee, within 90 days after the start of a fiscal year and in its sole discretion, designates those individuals in senior management eligible to receive a cash performance bonus. Bonuses are paid at the conclusion of the fiscal year from a bonus pool, which is equal to the sum of (a) 1 1/2 % of the Company's pre-tax income for the fiscal year, plus (b) 3/2% of the increase in pre-tax income over the prior fiscal year. When the Compensation Committee designates the individuals eligible to participate in the cash performance bonus program, it also designates the maximum percentage of the bonus pool each individual will be entitled to receive. The Compensation Committee retains the discretion to reduce or eliminate any bonuses that might otherwise be due under the terms of the plan. The Compensation Committee cannot, however, increase the amounts payable under this plan. In fiscal 2006, we realized pre-tax income of \$266,226,000, and a bonus pool of \$8,558,000, all of which was paid out. In fiscal 2007, the Company experienced a pre-tax income of \$66,771,000 and no increase in pre-tax income. This resulted in a total available bonus pool of \$1,002,000. However, the Compensation Committee eliminated the bonus award for fiscal 2007.

Equity-Based Compensation

We believe that equity ownership in our Company is important to tie the ultimate level of an executive officer's compensation to the performance of our stock and stockholder gains while creating an incentive for sustained growth. To meet these objectives, each member of our senior management team receives equity-based compensation in the forms described below. In determining the appropriate amounts of equity-based compensation to be granted during any fiscal year, the Compensation Committee considers (1) the compensation practices of our comparison group, and (2) its own judgment as to the appropriate level of equity-based compensation for a company of our size and financial performance.

Stock Option Grants. Stock options may be awarded to our executive officers under our 2000 Incentive and Non-Qualified Stock Option Plan. These grants are used to provide long-term incentive compensation to our executive officers and tie the amount of compensation directly to the market performance of our stock. The exercise price for the options granted is 100% of the fair market value of the shares underlying such options on the date of grant and have value to the executive officers only if our stock price subsequently increases. No options were granted during our 2006 or 2007 fiscal years.

Retirement Plan. We offer a qualified defined contribution retirement plan that permits executives to make elective contributions to the plan of up to the lesser of \$15,500 (\$20,500 if the executive is at least 50 years old) or 75% of eligible pay. Company matching contributions are calculated on the eligible executive's first 6% of elective deferrals with the first 1% being matched 100% and the next 5% being matched 50%. All contributions are used to purchase company stock at market prices.

Stock Purchase Plan. The Dillard's, Inc. Stock Purchase Plan allows executives to make contributions only to the extent that they were prevented from contributing to the Retirement Plan because of the nondiscrimination rules and dollar limitations of the Internal Revenue Code. Company matching contributions are calculated at 100% of eligible executive's first 5% of elective deferrals. All contributions are used to purchase company stock at market prices.

Stock Bonus Plan. The Dillard's, Inc. Stock Bonus Plan provides a stock grant award equal to 6% of each executive's annual total cash compensation in excess of \$15,000 (less applicable withholding) divided by the current fair market value per share on the date that the stock bonus is granted.

Pension Plan

We also maintain a non-qualified defined benefit pension plan for our executive officers. The plan provides an annual award at retirement based upon the level of each officer's salary and bonus during the officer's tenure as well as the total years of service provided to the Company. Specifically, the award is calculated by multiplying each officer's years of service by 1.5% and multiplying the result by the average of the highest three years of each officer's pension earnings. Pension earnings are defined as total salary plus total bonus minus the maximum wage base for FICA withholding in that year.

During 2007, the pension plan was amended to comply with the requirements of Section 409A of the Internal Revenue Code and Treasury Regulations. In addition, in order to provide for more stable retirement planning for the officers, the pension plan was amended to provide that the present value of the annual pension benefit determined as of the date of a change in control would be paid in a lump sum within 60 days of the change in control. All employees with a benefit accrued under the plan up to the date of the change in control are eligible and no further benefits are paid from the plan. For persons not yet eligible for early retirement there is a 2 1/2% reduction in the amount of annual pension benefit for each year or partial year between the person's 65 birthday and the person's attained age on the date of the change in control. The lump sum payment is further reduced if necessary to prevent them from becoming parachute payments under Section 280G of the Internal Revenue Code. Additional information about such lump sum payments, including how the present value would be determined and the estimated lump sum pension benefits that each named executive officer would have received if a change in control were to have occurred on the last business day of the 2007 fiscal year is provided below under Potential Payments upon Termination or Change in Control.

Other Benefits

Health Insurance We provide an enhanced health insurance plan to our executive officers. This plan provides for their physical well being and insures that they are able to devote their energies to the management of the Company.

Company Aircraft Executive officers are allowed access to company owned aircraft for both business flights as well as personal use. This benefit increases the level of safety and security for the executive officers as well as allowing them to make better use of their time by being able to travel more efficiently. The Company reports imputed income for income tax purposes for the value of any personal use based upon the Standard Industry Fare Level (SIFL) in accordance with the Internal Revenue Code and Treasury Regulations. For purposes of the Summary Compensation Table below, the Company reports additional compensation for the executive officers based on the incremental cost for flights constituting personal use.

Relationship Among the Various Elements of Our Compensation Program

We have designed our compensation package in attempting to achieve our primary objectives of (a) attracting and retaining qualified personnel by providing compensation levels equivalent to those offered by comparable companies, (b) motivating our senior officers by rewarding them for attainment of profitability of the company, and (c) aligning the interests of executives with the long-term interests of stockholders by awarding equity-based compensation to executives as part of the compensation provided to them. Our Compensation Committee has determined that the various elements provided in our compensation program compliment one another in achieving these objectives. Specifically, the amount of compensation provided through our retirement, stock bonus and stock purchase plans is tied directly to the aggregate amount of cash compensation paid in the forms of salary and cash bonuses.

Because one of our primary objectives is to provide competitive total compensation packages on a current basis, the Compensation Committee, in establishing current year compensation amounts, does not consider amounts realized or realizable from prior equity-based compensation grants.

Compensation Benchmarking

An important component of setting and structuring compensation for our executive officers is determining the compensation packages offered by our leading competitors. While we do not specifically benchmark our compensation to these or other companies, our Compensation Committee annually performs a compensation regression analysis to companies in our comparable group, as described above, and periodically does surveys the compensation practices of those companies to assess our competitiveness. In doing so, we take into account factors such as the relative financial performance of those companies and various factors that differentiate us from those companies.

Tax Deductibility of Executive Compensation

Within our performance-based compensation program, we aim to compensate our executive officers in a manner that is tax effective, but we do not let tax considerations drive compensation decisions. Section 162(m) of the Internal Revenue Code generally disallows an income tax deduction to publicly-held corporations for compensation in excess of \$1,000,000 paid for any fiscal year to the corporation's chief executive officer or to any of its other three most highly compensated officers other than its chief executive officer or chief financial officer. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The policy of the Compensation Committee in the past has been to attempt to structure the compensation of our executive officers to avoid the loss of the deductibility of any compensation, even though Section 162(m) does not preclude the payment of compensation in excess of \$1,000,000. In fiscal 2007, no executive officer was paid amounts for which Section 162(m) of the Internal Revenue Code would disallow an income tax deduction for the company.

In certain situations, the Compensation Committee may approve compensation that will not meet these requirements in order to assure competitive total compensation for our executive officers.

Other Compensation Considerations

Severance and Change in Control Arrangements. We have not entered into agreements or arrangements to provide severance or change-in-control payments to any of our executives, other than the recent changes to the Company's pension plan described above. Our past practice has not included the payment of severance or change-in-control payments to any executives.

Compensation Recovery Policy. The Compensation Committee does not have a specific policy on seeking reimbursement of compensation awards. However it will evaluate on a case by case basis whether to seek the reimbursement of certain compensation awards paid to an executive officer if such executive engages in material misconduct that caused, or partially caused, a restatement of financial results.

Stock Option Practices

Stock options provide for financial gain derived from the potential appreciation in stock price from the date that the option is granted until the date that the option is exercised. As described above, stock options may be awarded to our executive officers under our 2000 Incentive and Non-Qualified Stock Option Plan. The exercise price for the options granted is 100% of the fair market value of the shares underlying such options on the date of grant and have value to the executive officers only if our stock price increases. The determination of whether to grant these awards to specific individuals, and the amount and timing of any such grants, is made in the sole discretion of the Compensation Committee. We do not backdate options or grant options retroactively. In addition, we do not plan to coordinate grants of options so that they are made before announcement of favorable information or after announcement of unfavorable information. Compensation Committee meetings are held at least once annually. The timing of the grants is determined by the Compensation Committee. There are times when the Compensation Committee may grant stock options after quarter end and quarterly reports are filed with the SEC.

Our executive officers, and primarily our chief executive officer, participate to a limited extent in the granting of stock options by recommending the granting of options to non-executive employees. The decision of whether to grant options, however, is left solely to the Compensation Committee.

Potential Payments Upon Termination or Change-in-Control

Edgar Filing: DILLARDS INC - Form DEF 14A

As discussed in the Pension Plan portion of the Compensation Discussion and Analysis, the Company's pension plan was amended in 2007 to provide for a lump sum payment to be paid to participants within 60 days of a change-in-control of the Company. All employees with a benefit accrued under the plan up to the date of the change in control are eligible and no further benefits would be paid from the plan. The table below details the

benefits that would be paid to the named executive officers, assuming a change-in-control occurred on February 2, 2008, the last day of fiscal 2007. The lump sum payment is equal to the present value of the annual pension benefit determined as of the date of the change in control. As discussed in the Compensation Discussion and Analysis, the amount of the lump sum payment is reduced in particular situations. For purposes of determining the lump sum payment, present value is determined by using the interest rate determined under Section 417(e) of the Internal Revenue Code for the month of December preceding the calendar year in which the change in control occurs and by using for post-retirement mortality the 1994 Group Annuity Reserving Mortality Table projected to 2002 based on a fixed blend of 50% of the uploaded male mortality rates and 50% of the uploaded female mortality rates.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors. Each of the members of the Audit Committee qualifies as an independent director under the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange listing standards relating to audit committees. The Board of Directors has determined that Peter R. Johnson is an audit committee financial expert and is independent of management as defined by rules of the Securities and Exchange Commission. The designation as an audit committee financial expert does not impose any duties, obligations or liabilities that are greater than the duties, obligations and liabilities imposed by being a member of the audit committee or board of directors. The Audit Committee held eleven meetings during the year.

The Audit Committee has reviewed and discussed the audited financial statements for the year ended February 2, 2008 with management and the independent auditors, Deloitte & Touche LLP. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The discussions with Deloitte & Touche LLP included the matters required by Statement on Auditing Standards No. 61 (Communications with Audit Committees), the standards of the Public Company Accounting Oversight Board and Rule 2-07 of regulation S-X of the Securities Act of 1933, as amended. Also Deloitte & Touche LLP provided to the Audit Committee the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee also considered whether the provision of non-audit services by Deloitte & Touche LLP is compatible with maintaining the auditor's independence.

Based upon the reviews and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K to be filed with the Securities and Exchange Commission for the year ended February 2, 2008 and that Deloitte & Touche LLP be appointed independent auditors for the Company for 2008.
