**Item 1.01 Entry into a Material Definitive Agreement**

Effective May 20, 2008, Pennsylvania Real Estate Investment Trust, its operating partnership, PREIT Associates, L.P., and its taxable REIT subsidiary, PREIT-RUBIN, Inc. (collectively, the Company), entered into a fourth amendment (the Fourth Amendment) to their \$500 million credit agreement (the Credit Facility) with the financial institutions signatory thereto. All capitalized terms used in this report have the meanings ascribed to such terms in the Credit Facility, unless otherwise defined in this report.

The Fourth Amendment changes certain definitions and calculation methods, primarily related to the financial covenants set forth in the Credit Facility. In the determination of the Company's Gross Asset Value, the calculation of the amounts to be included in respect of recently completed redevelopment or development projects has been modified. Previously, some or all of the Operating Real Estate Value (trailing four quarter Adjusted NOI divided by a capitalization rate) of certain development and redevelopment properties was excluded while construction was in progress, and the book value of such property, including the development and redevelopment costs incurred, was used in the calculation of Gross Asset Value instead. When construction was complete, the book value and development and redevelopment costs were removed from the determination of Gross Asset Value, leaving only the Operating Real Estate Value of the property, even though it might not have been in operation for the full previous four quarter period. Under the Fourth Amendment, when the Company completes the redevelopment or development of a property and it is Placed in Service, the amount of Construction in Progress of such property included in Gross Asset Value is gradually reduced over a four quarter period.

The Fourth Amendment introduces a category entitled Projects Under Development that more broadly encompasses all of the Company's redevelopment and development projects. There is a covenant that this category may not, on a fully budgeted basis (net of portions Placed In Service), comprise more than 20.0% of Gross Asset Value for periods ending on or before June 30, 2009, and not more than 15.0% thereafter. Previously, only redevelopment projects affecting more than one-third of the net operating income of a property under redevelopment and other development projects were included, and such projects could not, in the aggregate, exceed 10.0% of Gross Asset Value.

The Fourth Amendment also modifies other financial and business covenants of the Company contained in the Credit Facility so that certain of the requirements that the Company must maintain are now stated as follows: (1) a minimum Tangible Net Worth of not less than 75% of the Tangible Net Worth of the Company on December 31, 2007 plus 75% of the Net Proceeds of all Equity Issuances effected at any time after December 31, 2007 (previously, the covenant required a minimum Tangible Net Worth of 80% of the Tangible Net Worth of the Company as of December 31, 2003 plus 75% of the Net Proceeds of all Equity Issuances effected at any time after December 31, 2003); (2) a maximum ratio of Total Liabilities to Gross Asset Value of 0.65:1, provided that such ratio may now exceed 0.65:1 for one period of two consecutive fiscal quarters but may not exceed 0.70:1; (3) a minimum ratio of EBITDA to Indebtedness of 0.0975:1 (previously, the required ratio increased to 0.1025:1 for all periods ending after December 31, 2008), provided that such ratio may now be less than 0.0975:1 for one period of two consecutive fiscal quarters but may not be less than 0.0925:1; (4) maximum Investments in unimproved real estate and predevelopment costs

not in excess of 5.0% of Gross Asset Value; (5) maximum Investments in Persons other than Subsidiaries and Unconsolidated Affiliates not in excess of 5.0% of Gross Asset Value, from 10.0% previously; (6) maximum aggregate Investments in unimproved real estate, predevelopment costs, Persons other than Subsidiaries and Unconsolidated Affiliates and mortgages in favor of the Company and its Subsidiaries not in excess of 10.0% of Gross Asset Value, from 15.0% previously.

The interest rate on the Credit Facility currently ranges from 0.95% to 1.40% per annum over LIBOR, depending on the Company's leverage, and the Facility Fee currently ranges from 0.15% to 0.20% per annum of the total commitments, depending on the Company's leverage and without regard to usage. The Fourth Amendment adds a new interest rate pricing level with an Applicable Margin of 2.00% over LIBOR, and a new Facility Fee level of 0.25%, if the ratio of Total Liabilities to Gross Asset Value is greater than 0.65:1 and/or if the ratio of EBITDA to Indebtedness is less than 0.0975:1.

The Fourth Amendment is attached hereto as Exhibit 10.1 and is incorporated herein by reference. The Credit Facility was filed with the Securities and Exchange Commission as Exhibit 10.1 to the Company's Current Report on Form 8-K filed on December 4, 2003, the First Amendment to the Credit Facility was filed with the Securities and Exchange Commission as Exhibit 10.1 to the Company's Current Report on Form 8-K filed on February 3, 2005, the Second Amendment to the Credit Facility was filed with the Securities and Exchange Commission as Exhibit 10.1 to the Company's Current Report on Form 8-K filed on March 7, 2006, and the Third Amendment to the Credit Facility was filed with the Securities and Exchange Commission as Exhibit 10.1 to the Company's Current Report on Form 8-K filed on February 20, 2007.
