**Results of Operations and Financial Condition**

The Company's earnings as previously reported in our quarterly earnings release furnished under cover of Form 6-K dated March 4, 2008 for the fourth quarter and the full year 2007 have been revised in our annual report filed under Form 20-F for the year ended December 31, 2007 to account for certain year-end audit adjustments. The effect of these adjustments was to increase net income by US\$1.6 million and US\$3.1 million for the fourth quarter of 2007 and the year ended December 31, 2007, respectively, compared to previously reported amounts. These revisions include, among others, unrealized foreign exchange gain of US\$3.1 million arising from translating certain U.S. dollar-denominated long-term debts into Renminbi using the exchange rate at the balance sheet date. Included in these differences are US\$0.7 million and US\$0.8 million that relate to the second and third quarters of 2007, respectively.
