Item 1.01 Entry into a Material Definitive Agreement.

On March 9, 2009, Solta Medical, Inc. (the Company), entered into a Loan and Security Agreement (the Loan Agreement) with Silicon Valley Bank (the Lender), providing for a \$6.0 million secured revolving loan facility, with availability to be subject to a borrowing base formula, and a \$3.0 million secured term loan. On March 9, 2009, the Company drew down \$3.0 million as a term loan.

Borrowings under the revolving loan facility accrue interest at a per annum rate equal to the Lender's prime rate as in effect from time to time plus 1.00%, subject to a minimum per annum rate of 5.00%. Interest on borrowings under the revolving loan facility is payable monthly. The Company may borrow, repay and reborrow funds under the revolving loan facility until March 9, 2011, at which time the revolving loan facility matures and all outstanding amounts under the revolving loan facility must be repaid. In the event the Company elects to terminate the revolving loan facility on or before the maturity date, the Company is required to pay a fee in the amount of \$60,000.

Borrowings under the term loan accrue interest at a per annum rate equal to 6.39%. The term loan is payable in 33 equal monthly payments of principal and interest. All outstanding amounts under the term loan, plus a final payment of \$105,000, will be due and payable on the maturity date of December 1, 2011. In the event the Company elects to prepay the term loan prior to the maturity date, the Company is required to pay a fee in the amount of \$60,000.

All obligations under the Loan Agreement are secured by substantially all of the personal property of the Company.

In connection with the Loan Agreement, the Company's subsidiary, Reliant Technologies, LLC (Reliant), entered into an Unconditional Guaranty, dated as of March 9, 2009 (the Guaranty), in favor of Lender, pursuant to which Reliant guaranteed all of the obligations of the Company under the Loan Agreement, and a Security Agreement, dated as of March 9, 2009 (the Security Agreement), with Lender, pursuant to which Reliant granted a security interest in substantially all of its personal property to secure its obligations under the Guaranty.

The Loan Agreement contains customary covenants for a revolving loan facility of this size and type that include, among others, covenants that limit the Company's and its subsidiaries' ability to dispose of assets, enter into mergers or acquisitions, incur indebtedness, incur liens, pay dividends or make distributions on the Company's capital stock, make investments or loans, and enter into certain affiliate transactions, in each case subject to customary exceptions for a credit facility of this size and type. The Loan Agreement also contains financial covenants requiring the Company to maintain a minimum liquidity ratio, a minimum tangible net worth, and beginning with the quarter ending December 31, 2009 positive EBITDA.

The Loan Agreement contains customary events of default for a revolving loan facility of this size and type that include, among others, non-payment defaults, covenant defaults, a default in the event a material adverse change occurs, defaults in the event the Company's assets are attached or the Company is enjoined from doing business, bankruptcy and insolvency defaults, cross-defaults to certain other material indebtedness, material judgment defaults, inaccuracy of representations and warranties and a default in the event of a change of control. The occurrence of an event of default could result in an increase to the applicable interest rate of 5.0%, an acceleration of all obligations under the Loan Agreement, an obligation of the Company to repay all obligations in full, and a right by the Lender to exercise all remedies available to it under the Loan Agreement and related agreements including the Guaranty and Security Agreement.

A copy of the Loan Agreement, the Guaranty and the Security Agreement are attached as Exhibits 10.1, 10.2 and 10.3, respectively, to this Current Report and are incorporated by reference herein.
