## Meetings and Committees of the Board

The business and affairs of the Company are managed under the direction of the Board of Directors. Members of the Board keep informed of the Company's business and activities by reports and proposals sent to them periodically and in advance of each Board meeting and reports made to them during these meetings by the President and other Company officers. The Board is regularly advised of actions taken by the Executive Committee and other committees of the Board, as well as significant actions taken by management. Members of management are available at Board meetings and other times to answer questions and discuss issues. During the Company's fiscal year ended April 30, 2009, the Board of Directors held eleven meetings.

Currently, the standing committees of the Board of Directors of the Company are the Executive Committee, Audit Committee, Compensation Committee, Financial/Planning Committee, and Nominating Committee. The functions and membership of the committees are described below.

The Executive Committee, consisting of Messrs. James Rhind (Chairman), Campbell, Manchester and Shumaker and Ms. Pyle, exercises the authority of the Board between meetings of the full Board, subject to the limitations of the Delaware General Corporation Law. The Executive Committee met one time during the Company's last fiscal year.

The Audit Committee consisted during fiscal year 2009 of Messrs. Keehn (Chairman), Campbell, David Rhind, and James Rhind. Mr. McCrory was appointed to the committee upon his election as a director on May 27, 2009, replacing Mr. James Rhind. The committee performs the responsibilities and duties described in the Company's Audit Committee Charter, and is responsible for annually appointing the independent auditor for the Company, approving services to be performed by the independent auditor, reviewing the independent auditor's reports, and reviewing the Company's quarterly and annual financial statements before release to the public. In accordance with Audit Committee Charter guidelines, the Audit Committee is responsible for reviewing and approving all related party transactions. The Board of Directors has determined that Mr. Keehn, the Chairman of the Audit Committee, is a financial expert within the meaning of the current rules of the Securities and Exchange Commission. A copy of the Company's Audit Committee Charter was included as Appendix A to the Company's Proxy Statement for its annual meeting of stockholders held on August 22, 2007. The Audit Committee met four times during the Company's last fiscal year.

The Compensation Committee, consisting during fiscal year 2009 of Messrs. Caldwell (Chairman), Keehn and James Rhind and Ms. Pyle, each an independent director, considers and provides recommendations to the Board of Directors with respect to the compensation (salaries and bonuses) of executive officers of the Company; short- and long-range compensation programs for officers and other key employees of the Company; benefit programs for all employees of the Company; and stock option grants to key employees. The Compensation Committee also acts as the Stock Option Committee, administering and interpreting the stock option plans for officers and other key employees. The Compensation Committee does not have a written charter. The Compensation Committee met two times during the Company's last fiscal year.

The Financial/Planning Committee consisted during fiscal year 2009 of Messrs. Manchester (Chairman), Caldwell, Keehn, David Rhind, and Shumaker and Ms. Pyle. Mr. McCrory was appointed to the committee upon his election as a director on May 27, 2009. The committee reviews and provides recommendations to the Board of Directors with respect to the annual budget for the Company, the Company's strategic plan and the annual budget for capital expenditures. The Financial/Planning Committee also reviews the investment results of the assets of the Company's retirement plans. The Financial/Planning Committee met four times during the Company's last fiscal year.

The Nominating Committee, consisting during fiscal year 2009 of Messrs. James Rhind (Chairman), Campbell, Keehn, and Ms. Pyle, each an independent director, makes recommendations to the full Board with respect to candidates for Board membership, officers of the Company, and Board committee membership. The Nominating Committee will consider as prospective Board nominees persons brought to its attention by officers, directors and stockholders. Proposals may be addressed to the Nominating Committee at the address shown on the cover of this Proxy Statement, attention of the Corporate Secretary. The Nominating Committee does not have a written charter. At a minimum, a candidate for the Board must have demonstrated significant accomplishment in his or her field, the capacity and experience to understand the broad business operations of the Company, and the vision to assist the Company in its development and expansion. The Nominating Committee is responsible for assessing the appropriate balance of criteria required of Board members. The Nominating Committee met one time during the Company's last fiscal year.

Executive sessions of independent directors are held in connection with each regularly scheduled Board of Directors and Audit Committee meeting and at other times as necessary. The Board of Directors' policy is to hold executive sessions without the presence of management, including the chief executive officer and other non-independent directors. The Board of Directors has determined that each of Messrs. Caldwell, Campbell, Keehn, McCrory, David Rhind, and James Rhind and Ms. Pyle are independent within the meaning of the rules of the Nasdaq Global Market.

The Company does not have a formal policy regarding attendance by members of the Board of Directors at the Annual Meeting of Stockholders, although all directors are expected to attend. All members of the Board of Directors attended the Company's 2008 Annual Meeting of Stockholders. In the Company's last fiscal year, no director attended less than 75% of the aggregate of all meetings of the Board and all meetings held by committees of the Board on which such director served.

#### **Stockholder Communications with the Board of Directors**

The Board of Directors recommends that any communications from stockholders be in writing and addressed to the Board in care of the Corporate Secretary, 2700 West Front Street, Statesville, North Carolina 28677-2927. The name of any specific Board member to whom a communication is intended to be addressed should be noted in the communication. The Corporate Secretary will forward such correspondence only to the intended recipient if one is noted; however, the Corporate Secretary, prior to forwarding any correspondence, will review the correspondence, and in his discretion, will not forward certain items if they are deemed frivolous, of inconsequential commercial value or otherwise inappropriate for Board consideration.

### Audit Committee Report

The Audit Committee is composed solely of independent directors and is responsible for overseeing the Company's financial reporting process and other duties as described in the Audit Committee Charter. In fulfilling its oversight responsibilities, the Committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended April 30, 2009 with management and the Company's registered independent public accounting firm. Management of the Company is responsible for these financial statements and the Company's financial reporting process, including the Company's system of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of these financial statements with accounting principles generally accepted in the United States. The Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit. The Committee has received the written disclosures and the letter from Cherry, Bekaert & Holland, L.L.P. required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Cherry, Bekaert & Holland, L.L.P. their independence. The Audit Committee also

considered whether the provision of non-audit services by Cherry, Bekaert & Holland, L.L.P., if any, was compatible with maintaining its independence. Based on the Committee's review of the audited financial statements and the review and discussions described in this paragraph, the Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended April 30, 2009 be included in the Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2009 for filing with the Securities and Exchange Commission. **Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services**

The Audit Committee’s policy is to pre-approve all audit and non-audit services to be provided by the Company’s independent auditors on a case-by-case basis. In making such determination, the Audit Committee considers whether the provision of non-audit services is compatible with maintaining the auditor’s independence. All of the audit and non-audit services provided by the Company’s independent auditors on behalf of the Company in 2009 and 2008 were pre-approved in accordance with this policy.

Total	\$ 122,000	\$ 103,500

Audit services consisted of the audit of the Company’s annual consolidated financial statements and the review of the Company’s quarterly financial statements. Audit-related services consisted of fees for audits of financial statements of employee benefit plans.

**COMPENSATION DISCUSSION AND ANALYSIS**

Executive compensation is administered by the Compensation Committee of the Board, which is composed solely of independent directors.

The objective of the Company’s executive compensation program is to attract, motivate, reward and retain management talent critical to the Company’s achievement of its objectives. Salaries and other compensation for the Company’s executive officers are based on each executive officer’s responsibilities, level of experience, and performance over time, as well as on the recommendation of the Chief Executive Officer. In order to assure that salaries and compensation remain competitive, the Company subscribes to and consults various published surveys on executive compensation.

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the deduction for federal income tax purposes of certain compensation paid by any publicly-held corporation to its chief executive officer and its four other most highly compensated executive officers to \$1 million per year for each such executive. Because the levels of compensation of executive officers traditionally have been well below the deduction limit, the Company has not adopted a formal policy with respect to Section 162(m).

## **Executive Officer Compensation**

The four principal components of the Company's compensation program for executive officers are discussed below.

### *Base Salary*

The Compensation Committee annually reviews the base salaries of executive officers. Prior to the meeting at which the annual review occurs, the Committee is provided (i) information furnished by the Company's human resources department on historical data about the base and total compensation for each executive, and marketplace compensation data, including both base and incentive compensation data, for comparable positions at other manufacturing and service companies with generally similar annual sales volume, and (ii) individual performance appraisals and recommended base salary adjustments from the Chief Executive Officer for each executive officer, except himself. The human resources department also provides a base salary range based on class for each executive officer, which shows a minimum, mid-point, and maximum salary, and the position of the executive officer's base salary in this range. The base salary range is established using marketplace comparison data and the individual responsibilities of the executive officer's position, and is updated each year for inflation. The Company typically targets base salaries at the mid-point of the Company's established range for a position. The Committee further considers, on a subjective basis, the executive officer's particular qualifications, level of experience, and sustained performance over time. These same factors are also considered in determining an adjustment to the salary of the Chief Executive Officer. Base salaries are traditionally adjusted as of July 1 of each year.

### *Annual Incentive Compensation*

All of the Company's executive officers are eligible to participate in an annual incentive bonus plan, pursuant to which each executive officer is eligible to earn a cash bonus for each fiscal year of the Company, based primarily on the attainment of earnings goals established in the incentive bonus plan and, to a lesser extent, on the executive officer's achievement of established personal objectives to the degree determined by the Board of Directors upon the recommendation of the Chief Executive Officer and the Compensation Committee.

At the beginning of each fiscal year, the Board of Directors approves earnings goals for the Company for such year and, upon recommendation of the Compensation Committee, establishes specified percentages of each executive officer's base salary that will be available for bonuses if the Company and/or its operating businesses achieves specified earnings goals and the executive officer achieves his or her personal goals. The Board of Directors generally attempts to establish annual earnings goals at target levels it believes are challenging, but achievable, with earnings above target levels considered to be relatively difficult to achieve. In determining the level of available bonuses for each executive officer, many of the same factors considered in determining an executive officer's base salary are also considered by the Committee and the Board of Directors.

For fiscal year 2009, the specified bonus percentages for executive officers other than the Chief Executive Officer ranged from 1.0% of an executive officer's base salary, if the Company achieved 80% of targeted earnings for the year, increasing to a maximum of 44% of an executive's base salary, as earnings reached 120% of targeted earnings. The corresponding specified percentages for the Chief Executive Officer were from 1.5% to a maximum of 54%.

### *Long-Term Incentive Plans*

In fiscal years 2009 and 2008, the Company used stock options as its long-term incentive plan for executive officers. Stock option awards are normally made annually in August by the Board of

Directors, based on the recommendations of the Chief Executive Officer, with respect to all stock options other than his own, and the Compensation Committee. The exercise price of the granted stock options is the fair market value of the Company's common stock on the date of the grant. Individual awards are based on an individual's performance, his or her comparative base salary level and the number of stock option grants previously made to him or her. In August 2008 and 2007, the Company granted stock options on a total of 11,500 and 16,100 shares, respectively, of the Company's common stock to the Chief Executive Officer and named executive officers under the Company's stock option plans.

In fiscal years 2006, 2005, and 2004, the Company used performance-based long-term incentive plans instead of stock options as its long-term incentive plan for its executive officers. Under these plans, performance stock appreciation rights (PSARs) were normally granted annually in May by the Board of Directors to participating employees. These plans provided executive officers an opportunity to receive awards in the form of cash payments at the end of a three-year performance period based upon the occurrence of both (i) the Company's attainment of specified annual financial goals established by the Board of Directors and (ii) an increase in the market price of the Company's stock from the beginning to the end of the three-year period. Based on the Company's financial performance in fiscal year 2008, one-third of the PSARs under the fiscal year 2006 long-term performance incentive plan were earned. No PSARs or stock options were granted in fiscal year 2007. There were no outstanding PSARs at April 30, 2008.

#### *Other Compensation Plans*

Executive officers of the Company who met eligibility requirements as of April 30, 2005, participate in the Company's Pension Plan. The Plan provides retirement benefits for participating employees. The annual benefit amount is calculated as 40% of the 10-year final average annual compensation (salary and bonus) minus 50% of the primary social security benefit, all multiplied by a fraction, the numerator of which is the number of years of credited service up to 30 years, and the denominator of which is 30. Participants in the Plan may elect among several payment alternatives. As of April 30, 2005, the Company froze the benefits under the Plan. As a result, no further benefits will be earned under the Plan after that date and no additional participants will be added to the Plan. To the extent ERISA rules restricted the amount otherwise payable under the Plan, the benefit amount in excess of the restrictions will be paid by the Company under the provisions of the Company's non-qualified Pension Equalization Plan.

The Company has a 401(k) Incentive Savings Plan (the 401(k) Plan) which covers substantially all salaried and hourly employees, including all of the executive officers. The plan provides benefits to all employees who have attained age 21, completed three months of service, and who elect to participate. Under terms of the plan, the Company makes matching contributions equal to 100% of the employee's qualifying contribution up to 3% of the employee's compensation, and makes matching contributions equal to 50% of the employee's contributions between 3% and 5% of the employee's compensation, resulting in a maximum employer contribution equal to 4% of the employee's compensation. Additionally, the Company makes a non-matching contribution for participants employed by the Company on December 31 of each year equal to 1% of the participant's qualifying compensation for that calendar year.

The Company also has a non-qualified 401 Plus Executive Deferred Compensation Plan (the 401 Plus Plan), which supplements the 401(k) Plan. The 401 Plus Plan was adopted to provide highly compensated employees an alternative retirement plan because income tax laws restrict the amount of contributions executives may otherwise have contributed to the 401(k) Plan. The 401 Plus Plan operates similarly to the 401(k) Plan, in that the Company makes matching credits to the participant's account in an amount equal to 50% of the compensation deferred by the participant up to 3% of the participant's compensation. Amounts deferred under the plan will be distributed to the participant after

the participant's termination of employment with the Company in cash in a lump sum or installments at a time previously elected by the participant. All of the named executive officers participated in the 401(k) Plan and the 401 Plus Plan in fiscal year 2009.

#### **Chief Executive Officer Compensation**

The Compensation Committee considers the Chief Executive Officer's leadership an important factor in the future success of the Company. The compensation of the CEO has traditionally included base salary, annual incentive compensation, long-term incentive compensation, and benefits under various group plans. In establishing Mr. Shumaker's base salary for each fiscal year, the Compensation Committee considers operating results for the prior year and the outlook for the current year, continued development of the management team, operational improvements, compensation of chief executive officers of other companies with comparable sales, a review of his base salary in relation to the range for his position proposed by the human resources department, and the price of the Company's common stock. The CEO's annual incentive compensation and long-term incentive compensation are determined pursuant to the Company's incentive plans for executive officers. Mr. Shumaker earned a cash bonus in the amount of \$96,731, or 28% of his fiscal year 2009 base salary, under the annual incentive bonus plan for fiscal year 2009. The bonus amount was based on the level of earnings attained for the year and his achievement of established personal goals during the year. In August 2008, Mr. Shumaker was granted stock options on 7,500 shares of the Company's common stock with an exercise price at the fair market value of the common stock on that date.

**PROXIES AND VOTING AT THE MEETING**

The expense of solicitation of proxies is to be paid by the Company. The Company will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in sending proxies and proxy material to the beneficial owners of the Company's common stock. This Proxy Statement and the 2009 Annual Report to Stockholders are available at <http://bnymellon.mobular.net/bnymellon/kequ>. At the close of business on July 6, 2009, the record date for determination of stockholders entitled to vote at the annual meeting, there were 2,556,202 shares of common stock of the Company outstanding and entitled to vote.

Each share of common stock is entitled to one vote. Any stockholder giving a proxy has the power to revoke it at any time before it is voted, by written notice to the Secretary, by delivery of a later-dated proxy or in person at the meeting.

The holders of a majority of the total shares of common stock issued and outstanding, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the meeting. The vote of a plurality of the shares represented at the meeting, in person or by proxy, is required to elect the three nominees for director. Approval of any other matter submitted to the stockholders for their consideration at the meeting requires the affirmative vote of the holders of a majority of the shares of common stock represented at the meeting, in person or by proxy, and entitled to vote. Abstentions, directions to withhold authority, and broker non-votes are counted as shares present in the determination of whether the shares of stock represented at the meeting constitute a quorum. Abstentions, directions to withhold authority, and broker non-votes are not counted in tabulations of the votes cast on proposals presented to stockholders. Thus, an abstention, direction to withhold authority, or broker non-vote with respect to a matter other than the election of directors, may have the same legal effect as a vote against the matter. With respect to the election of directors, an abstention, direction to withhold authority or broker non-vote will have no effect. An automated system administered by the Company's transfer agent will be used to tabulate votes.

A stockholder entitled to vote for the election of directors can withhold authority to vote for any of the nominees.
