Important Notice Regarding the Availability of Proxy Materials for the 2010 Annual Shareholders Meeting. This year, we will be taking advantage of the rules of the Securities and Exchange Commission that allow us to furnish our proxy materials over the Internet. For the first time, we are mailing to many of our shareholders a notice of availability of the proxy materials over the Internet, rather than mailing a full paper set of the materials. The notice of availability contains instructions on how to access our proxy materials on the Internet, as well as instructions on obtaining a paper copy of the proxy materials. All shareholders who do not receive such a notice of availability, including shareholders who have previously requested to receive a paper copy of the materials, will receive a full set of paper proxy materials by U.S. mail. This new process will reduce our costs to print and distribute our proxy materials.

Voting by the Internet or telephone is fast and convenient, and your vote is immediately confirmed and tabulated. If you receive a paper copy of the proxy materials, you may also vote by completing, signing, dating and returning the accompanying proxy card in the enclosed return envelope furnished for that purpose. By using the Internet or telephone you help the Company reduce postage and proxy tabulation costs.

**Please do not return the enclosed paper ballot if you are
voting over the Internet or by telephone.**

PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD

January 28, 2010

SOLICITATION AND REVOCATION OF PROXY

Proxies in the form furnished are solicited by the Board of Directors of Costco Wholesale Corporation (the Company) to be voted at the annual meeting of shareholders to be held on January 28, 2010, or any adjournments (the Annual Meeting). The individuals named as proxies are Jeffrey H. Brotman and James D. Sinegal. A Notice of Internet Availability of Proxy Materials was first sent to shareholders and the accompanying notice of meeting, this Proxy Statement and the form of proxy are being first being made available to shareholders on or about December 18, 2009.

All shares represented by proxies received will be voted in accordance with instructions contained in the proxies. The Board of Directors unanimously recommends a vote:

FOR the nominees for director listed in these materials and on the proxy;

FOR the amendment of the Company's 2002 Stock Incentive Plan; and

FOR the ratification of the selection of the Company's independent auditors.

In the absence of voting instructions to the contrary, shares represented by validly executed proxies will be voted in accordance with the foregoing recommendations. A shareholder giving a proxy has the power to revoke it any time before it is voted by providing written notice to the Secretary of the Company, by delivering a later-dated proxy, or by voting in person at the Annual Meeting.

Only shareholders of record at the close of business on November 23, 2009 (the Record Date) will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 439,325,429 shares of common stock outstanding, which represent all of the voting securities of the Company. Each share of common stock is entitled to one vote. Shareholders do not have cumulative voting rights in the election of directors.

Edgar Filing: COSTCO WHOLESALE CORP /NEW - Form DEF 14A

A majority of the common stock entitled to vote at the Annual Meeting, present either in person or by proxy, will constitute a quorum. With respect to the election of directors, the four directors receiving the highest number of votes will be elected. Other than for the election of directors, the affirmative vote of a majority of the votes cast at the Annual Meeting on each proposal, either in person or by proxy, is required for the approval of each proposal. Shareholders who abstain from voting on any or all proposals will be included in the number of shareholders present at the meeting for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be included in the total of votes cast and will not affect the outcome of the vote.

If your shares are held by a broker on your behalf (that is, in street name), and you do not instruct the broker as to how to vote these shares on the ratification of the selection of auditors, the broker may exercise its discretion to vote for or against that proposal. If, however, you do not instruct the broker as to how to vote your shares on the election of directors or the proposal to amend the 2002 Stock Incentive Plan, the broker may not exercise discretion to vote for or against those proposals. This would be a broker non-vote and these shares will not be counted as having been voted on the applicable proposal. **Please note that this year the rules that guide how brokers vote your shares have changed. Brokers may no longer vote your shares on the election of directors in the absence of your specific instructions as to how to vote. Please vote your proxy so your vote can be counted.**

In addition to mailing the Notice of Internet Availability of Proxy Materials to shareholders, the Company has asked banks and brokers to forward copies of the Notice of Internet Availability of Proxy Materials, and upon request paper copies of the proxy materials, to persons for whom they hold stock of the Company and to request authority for execution of the proxies. The Company will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. Officers and employees of the Company may, without being additionally compensated, solicit proxies by mail, telephone, facsimile or personal contact. All proxy-soliciting expenses will be paid by the Company in connection with the solicitation of votes for the Annual Meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors is divided into three classes. Directors are elected by class, for three-year terms. Successors to the class of directors whose term expires at any annual meeting are elected for three-year terms. Each of Benjamin S. Carson, Sr., M.D., William H. Gates, Hamilton E. James and Jill S. Ruckelshaus is nominated as a member of Class II, to serve for a three-year term until the annual meeting of shareholders in 2013 and until his or her successor is elected and qualified. All nominees are current directors.

Each nominee has indicated a willingness and ability to serve as a director. If any nominee becomes unable or unwilling to serve, the accompanying proxy may be voted for the election of such other person as will be designated by the Board of Directors. The proxies being solicited will be voted for no more than four nominees at the Annual Meeting. Each director will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting, assuming a quorum is present.

The Board of Directors unanimously recommends that you vote FOR Proposal 1.

Committees of the Board

The Board of Directors has determined that each member of the Audit, Compensation and Nominating and Governance committees meets the NASDAQ Global Select Market listing standards regarding independence and that each member is free of relationships that would interfere with the individual exercise of independent judgment. Each committee has a written charter, which may be viewed at our website at <http://phx.corporate-ir.net/phoenix.zhtml?c=83830&p=irol-irhome>. Members deemed independent are Mses. Decker and Ruckelshaus and Messrs. Carson, Evans, Gates, James, Munger and Raikes.

Audit Committee. The functions of the Audit Committee include (among others):

providing direct communication between the Board of Directors and the Company's internal and external auditors;

monitoring the design and maintenance of the Company's system of internal accounting controls;

selecting, evaluating and, if necessary, replacing the external auditors;

reviewing the results of internal and external audits as to the reliability and integrity of financial and operating information and the systems established to monitor compliance with the Company's policies, plans and procedures and with laws and regulations; and

reviewing the relationships between the Company and the external auditors to ascertain the independence of the external auditors.

The members of the committee are Messrs. Munger (chair), Evans and James. The Board of Directors has determined that Mr. Munger is an audit committee financial expert as defined by the rules of the Securities and Exchange Commission (SEC). The Audit Committee met eight times during fiscal year 2009. A report of the Audit Committee is set forth below.

Compensation Committee. The Compensation Committee's function is to review the salaries, bonuses and stock-based compensation provided to executive officers of the Company and to oversee the overall administration of the Company's compensation and stock-based compensation programs. Except with respect to setting the compensation of the chief executive officer, the committee may delegate its authority to a subcommittee of the committee (consisting either of a subset of members of the committee or any members of the Board who would be eligible to serve on the committee). In addition, to the extent permitted by applicable law, the committee may delegate to one or more officers of the Company (or other appropriate personnel) the authority to grant stock options and other stock awards to employees who are not executive officers or members of the Board. The committee has delegated certain authority to Messrs. Sinegal and Brotman with respect to such awards not involving executive officers. See Compensation Discussion and Analysis below for a further description of the role of the committee. The members of the committee are Messrs. Carson (chair), Munger and Ms. Ruckelshaus. The committee met once during fiscal year 2009. A report of the committee is set forth below.

Nominating and Governance Committee. The functions of the Nominating and Governance Committee are to identify and approve individuals qualified to serve as members of the Board of the Company, select director nominees for the annual meeting of shareholders, evaluate the Board's performance, develop and recommend to the Board corporate governance guidelines, and provide oversight with respect to corporate governance and ethical conduct. The members of the committee are Messrs. Evans and Gates (chair) and Mses. Decker and

Ruckelshaus. The committee is authorized by its charter to engage its own advisors. The committee approved the nomination of the candidates reflected in Proposal 1. The committee met six times in fiscal year 2009.

The Board is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of shareholders. The committee is responsible for identifying, screening and recommending to the Board candidates for Board membership. When formulating its recommendations, the committee will also consider advice and recommendations from others as it deems appropriate.

The committee will consider shareholder recommendations for candidates to serve on the Board. The name of any recommended candidate, together with pertinent biographical information, a document indicating the candidate's willingness to serve if elected, and evidence of the nominating shareholder's ownership of Company stock should be sent to the Secretary of the Company. Nominees for director will be selected on the basis of, among other things, knowledge, experience, skills, expertise, integrity, diversity, ability to make independent analytical inquiries, and understanding of the Company's business environment, all in the context of an assessment of the perceived needs of the Board at the time. Nominees should also be willing to devote adequate time and effort to Board responsibilities. Formal nomination of candidates by shareholders requires compliance with section 2.1 of the bylaws. There is otherwise no formal process prescribed for identifying and evaluating nominees, except as described in the Corporate Governance Guidelines.

Corporate Governance Guidelines. The Board of Directors has adopted Corporate Governance Guidelines, which may be viewed at www.costco.com through the Investor Relations page.

Compensation of Directors

The following table summarizes information regarding director compensation for the non-employee directors of the Company for fiscal 2009.

Name	Fees Earned or Paid in Cash (\$) ⁽¹⁾	Stock Awards (\$) ⁽²⁾	All Other Compensation (\$) ⁽³⁾	Total (\$)
Benjamin S. Carson, Sr., M.D.	35,000	235,289		270,289
Susan L. Decker	38,000	175,865		213,865
Daniel J. Evans	47,000	182,365	294	229,659
William H. Gates	41,000	182,365		223,365
Hamilton E. James	39,000	172,144		211,144
Richard M. Libenson	35,000	172,144	321,037 ⁴	528,181
John W. Meisenbach	35,000	172,144		207,144
Charles T. Munger	43,000	172,144		215,144
Jeffrey S. Raikes	25,500	27,207		52,707
Jill S. Ruckelshaus	42,000	172,144		214,144

(1) Represents the amount of cash compensation received for fiscal 2009 for Board service.

(2) Represents the aggregate amounts the Company recognized for financial statement reporting purposes in fiscal 2009 for the portions of the fair value of equity awards granted to the non-employee directors in fiscal 2009 and prior years that vested during fiscal 2009, computed in accordance with U.S. generally accepted accounting principles. These amounts thus do not reflect the amount of compensation actually received by the non-employee directors during the fiscal year. For a description of the assumptions used in calculating the fair

value of equity awards, see Note 7 of our financial statements in our Form 10-K for year ended August 30, 2009. While each director received an equal number of restricted stock units in fiscal 2009, the amount recognized differs because of the five and ten year retirement eligibility features of our restricted stock units. If, at the time of grant, a director has obtained five years of service, 50% of the grant date fair value is expensed on the date of grant, and the remainder is recognized over the remaining vesting term. If a director has obtained ten years of service, 100% of the grant date fair value is expensed on the date of grant.

- (3) Directors, their families, or invited guests occasionally fly on corporate aircraft as additional passengers on existing business flights. In those cases, any incremental cost to the Company is de minimis, and as a result, no amount is reflected in the table. Internal Revenue Service rules attribute taxable value to such transactions. The amounts for Mr. Evans and Mr. Libenson reflect compensation for the associated income tax obligation.
- (4) Mr. Libenson is a consultant to the Company. See page 6. Amount includes a gross-up as described in Note 3.

Each non-employee director earns \$30,000 per year for serving on the Board and \$1,000 for each Board and committee meeting attended. Directors are reimbursed for travel expenses incurred in connection with their duties as directors.

Each non-employee director receives an annual grant of 3,000 restricted stock units (RSUs) near the beginning of the fiscal year. These RSUs vest one-third annually, beginning on the first anniversary of the date of grant. RSUs granted after September 29, 2006, are subject to accelerated vesting upon the director's retirement: 50% after five years of service and 100% after ten years of service. Mr. Raikes received a pro-rated grant when he joined the Board in December.

In 2006 the equity portion of the director compensation program was revised to replace stock options with RSUs, consistent with the change made for employees. The compensation for non-executive directors was last adjusted in fiscal 2006 and was not reevaluated this fiscal year. In fiscal 2009, the Board adopted guidelines requiring non-executive directors to own and maintain at least 6,000 shares of Company stock (by April 2014 or within five years of joining the Board).

The grant date fair value of each RSU award granted during fiscal 2009 is set forth in the following table. Recipients are not entitled to vote or receive dividends on unvested shares. Accordingly, the fair value of RSUs is the quoted market value of the Company's common stock on the date of grant less the present value of the expected dividends forgone during the vesting period.

Name	Grant Date	Shares	Value
Each Director*	10/22/2008	3,000	\$ 156,480
Jeffrey S. Raikes	12/15/2008	2,250	\$ 115,472

* Each non-employee director on the Board, on the day of grant, other than Mr. Raikes, who joined the Board in December 2008.

As of the end of fiscal 2009, non-employee directors held the following shares and outstanding equity awards:

Name	Stock Options	Restricted Stock Units	Shares Owned Outright	Shares Owned Indirectly	Total
Benjamin S. Carson, Sr., M.D.	60,000	6,000	4,500		70,500

Charles T. Munger	72,000	6,000	188,268	19,565	285,833
Jeffrey S. Raikes		2,250	6,000		8,250
Jill S. Ruckelshaus	72,000	6,000	6,566		84,566

Richard M. Libenson has been engaged as a consultant to the Company. For such services, a corporation owned by Mr. Libenson was paid \$300,000 during fiscal 2009. In addition, the Company paid premiums in the amount of \$4,771 for term life insurance for the benefit of Mr. Libenson under a split-dollar endorsement plan, premiums on long-term disability insurance in the amount of \$6,226, and premiums for health care insurance in the amount of \$9,424. These transactions were reviewed and approved by the Audit Committee.

Pursuant to indemnification agreements previously approved by the Company's shareholders, in connection with the grand jury investigation (now concluded) and derivative actions relating to stock options, and with the approval of the Board, the Company in fiscal 2009 advanced on behalf of non-executive directors and executive officers approximately \$142,000 and \$121,500 respectively, in attorneys' fees and costs, of which approximately \$161,000 related to the derivative actions.

Shareholder Communications to the Board

Shareholders may contact an individual director, the Board as a group, or a specified Board committee or group, including the non-employee directors as a group, at the following address: Corporate Secretary, Costco Wholesale Corporation, 999 Lake Drive, Issaquah, WA 98027 Attn: Board of Directors. The Company will receive and process communications before forwarding them to the addressee. Directors generally will not be forwarded shareholder communications that are primarily commercial in nature, relate to improper or irrelevant topics, or request general information about the Company.

Meeting Attendance

During the Company's last fiscal year, the Company's Board of Directors met five times. Each member of the Board attended 75% or more of the Board meetings and meetings of the committees on which he or she served, except for Mr. James with respect to the Audit Committee meetings and Ms. Decker with respect to the Board meetings. Directors are invited and encouraged to attend meetings of shareholders. Thirteen directors attended the annual meeting in 2009.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of our compensation programs as they apply to our Chief Executive Officer and President, the Chairman of the Board of Directors, the Chief Financial Officer, and the four most highly compensated individuals who were serving as executive officers at the end of the fiscal year (the Named Executive Officers).

Compensation Philosophy and Objectives

Our compensation programs are designed to motivate all our executives and employees to continue to feel part of the Company and to participate in the growth of our business. Historically the Company believes it has been very successful in attracting and retaining quality employees, achieving low turnover in our executive, staff and warehouse

management ranks. In addition, in the judgment of the Compensation Committee (the "Committee"), the Company's compensation programs have historically contributed to the financial and competitive success of the Company. Accordingly, the Committee believes that it has been desirable to continue compensation programs that have been persistent features at the Company for a number of years.

The compensation levels approved by the Committee are not materially changed from those approved last year. The Company's financial performance, measured against the prior year's, was not as strong as historically. The Committee believes, however, that the Company performed well in light of the challenging economic conditions, particularly in retaining sales levels.

Role of the Compensation Committee

The Committee determines the amounts and elements of compensation for our Chairman and Chief Executive Officer. For other executive officers, it reviews the recommendations of the Chief Executive Officer, with which it generally finds approval. The Committee's function is more fully described above, under "Committees of the Board - Compensation Committee".

During fiscal 2009, the Committee consisted of three members, Dr. Carson (chair), Mr. Munger and Ms. Ruckelshaus. All are independent as defined by the NASDAQ Global Select Market listing standards and the applicable tax and securities rules and regulations. The Committee has authority under its charter to engage compensation consultants but has not used consultants of any kind. The Committee's primary activity occurs in the fall, following the close of the fiscal year, when the Committee: (i) approves grants of RSUs and performance targets for the coming fiscal year; (ii) determines whether performance targets have been satisfied for the award of certain prior fiscal year RSU awards; and (iii) approves total compensation levels for executive officers for the fiscal year just concluded, including cash bonuses.

Elements of Compensation

The following discussion generally applies to compensation for all Named Executive Officers. Based largely on historical practices of the Company, the components of our compensation programs are base salary, a discretionary cash-bonus program, equity compensation (since the fourth quarter of fiscal 2006 consisting solely of awards of RSUs), and other benefits (primarily consisting of health plans, a 401(k) plan and a deferred compensation plan) and perquisites. Executive base salaries and cash bonuses are, in the Committee's view, low compared to the other companies in our peer group, and the Company places great emphasis in the compensation packages for the Named Executive Officers on equity incentive compensation. The Committee did not extensively reevaluate this year whether there is an optimal mix of equity, salary, bonus and other compensation components. Rather, it relied upon the fact that the current structure has been utilized successfully in years past and gave more particular attention to the incremental changes in the components of the mix and the value of the total compensation packages.

This year, the peer companies whose data was considered by the Committee included Wal-Mart Stores, Inc., The Home Depot, Inc., Target Corporation, BJ's Wholesale Club, Inc., and Lowe's Companies. These companies were selected because two of them represent the two other major membership warehouse operators; all of these companies are recognized as successful retailers. The Committee recognizes that one of these companies is substantially larger than the Company and has taken this factor into account in utilizing comparative data from that company. The Committee has not used comparable company data to set mid-points or other specific quantitative comparisons - it has used them only for general reference.

The Committee believes that the executive compensation program does not promote unreasonableness in risk-taking behavior. The balance of short-term incentives (including cash bonus awards with caps and performance conditions for awards of RSUs) and long-term incentives (including equity awards that vest over up to five years) and share ownership guidelines reward sustained performance that is aligned with shareholder interests.

Equity Compensation

If fully earned based upon the achievement of performance targets, equity compensation is the largest component of compensation for executive officers. During fiscal 2006, the Board of Directors determined to replace all stock option awards with awards of RSUs. The RSUs generally vest over five years, contingent upon the executive's maintaining employment status at the vest date, except that RSUs granted to executive officers are also subject to performance vesting criteria. These performance-based RSUs vest 20% upon the first anniversary of the grant date (following the determination by the Committee that the criteria have been satisfied) and 20% vest over each of the ensuing four years. The Board of Directors approved the switch to RSU awards because it believed that the awards aligned the interests of employee-grantees and shareholders. In addition, it is believed that the five-year vesting requirement helps to foster motivation on the part of employees to improve the operations of the Company over the longer term. In fiscal 2007 the Committee adopted a policy setting fixed dates for granting all equity awards (five business days after the announcement of second and fourth quarter earnings). The policy allows for exceptions as approved in advance by the Committee; no such exception has been approved to date except to permit a grant to Mr. Raikes in connection with his joining the Board. Grants beginning in fiscal 2008 are also subject to accelerated vesting for long service, as described below.

In fiscal 2009, RSU grants to all executive officers were subject to attainment of performance criteria described below and time-based vesting. These criteria were established prior to the second quarter of fiscal 2009 and, other than for Mr. Sinegal, consisted of a constant level (versus fiscal 2008) of total sales or pretax income that is 98% of the prior year's (with both measures based on local currency). For Mr. Sinegal, the criteria were a 1% increase in total sales or pretax income that is 99% of the prior year's. The attainment of both when established was deemed to be substantially uncertain (under the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code)). The Company believes that the performance tests meet the standard for performance-based compensation under the Code, so that the restricted stock awards will be deductible compensation if annual compensation exceeds \$1 million. After the end of the fiscal year, the Committee determined that the sales goals were achieved, and that the pretax income goals were not. Accordingly, the executive officers earned all of the RSUs granted, subject to time-based and long-service vesting.

Vesting of RSUs awarded to other officers and employees in fiscal 2009 was based solely on time-vesting and vesting for long service, with no performance test. All officers and employees who receive RSU grants are eligible for accelerated vesting of awards if they have long service with the Company (33% vesting after 25 years of service, 66% vesting after 30 years of service, and 100% vesting after 35 years of service). Prior to vesting of RSU grants there is no right to vote or receive dividends. The Company this year adopted stock ownership requirements for executive officers. By January 2010, all executive officers are required to own and maintain at least 12,000 shares of common stock; all executive officers currently own shares in excess of this amount.

All equity awards are made under the Company's Fourth Restated 2002 Incentive Compensation Plan, approved by the Company's shareholders and the only plan of this type

maintained by the Company. If proposal 2 is approved at the Annual Meeting, future equity awards will be made under the Fifth Restated 2002 Incentive Compensation Plan, which is described below.

Other Compensation

The Company provides the Named Executive Officers with the benefits offered to all other employees in most respects. The cost of these benefits constitutes a small percentage of each executive's total compensation. Key benefits include paid vacation, premiums paid for long-term disability insurance, a matching contribution and a discretionary contribution to the Named Executive Officer's 401(k) plan, and the payment of the Named Executive Officer's premiums for health insurance and basic life insurance. In addition, the Company has a nonqualified deferred compensation plan for the benefit of certain highly compensated employees, including the Named Executive Officers. The plan provides that a certain percentage of an employee's contributions may be matched by the Company, subject to certain limitations. This match will vest over a specified period of time. The Company does not maintain a pension plan or post-retirement medical plan for any Named Executive Officer. The Company also provides the Named Executive Officers with certain perquisites, including a car allowance. The Committee believes the benefits and perquisites are modest and consistent with its overall objective of attracting and retaining highly qualified executive officers.

Compensation of the Chief Executive Officer and the Chairman of the Board

In addition to considering the Company's compensation policies generally, the Committee reviews executive compensation and concentrates on the compensation packages for the Chairman of the Board and the Chief Executive Officer, believing that these roles are critical to the continued success of the Company. Near the beginning of fiscal 2009, the Committee approved a written employment contract for Mr. Sinegal, which was the same as his contract for the prior fiscal year. The contract term was for the fiscal year, unless otherwise terminated earlier in accordance with its terms, but is renewable from year to year. It provides for a base salary of \$350,000. It further provides for a cash bonus of up to \$200,000, determined by the Board or the Committee, and an equity award determined by the Board or the Committee. The Company has the right to terminate Mr. Sinegal for cause, and he has the right to terminate the agreement on 60 days' notice. Mr. Brotman, who is an executive chairman, does not have an employment agreement with the Company. Generally, the Committee has, with the agreement of Messrs. Brotman and Sinegal, treated them similarly for compensation purposes, owing to the similarities in their historical and current contributions to the success of the Company. Apart from the change-in-control provision in the Company's equity plan applicable to all grantees, neither Mr. Brotman nor Mr. Sinegal has any severance or change-in-control arrangement with the Company (nor does any other employee).

For fiscal year 2009, the Committee granted 50,000 performance-based RSUs to each of Messrs. Brotman and Sinegal. The committee determined after the end of the fiscal year that the performance criteria for the awards had been attained. The amounts of the performance-based RSU awards were the same as the awards the prior year. Mr. Sinegal did not request any change in the award versus the prior year, and the Committee did not otherwise believe a change was warranted. The Committee noted that the price of the Company's common stock decreased from fiscal 2008 to fiscal 2009, which reduced the grant date fair value of the awards.

The base salaries of Messrs. Brotman and Sinegal have been set at \$350,000 since fiscal 1999. Cash bonuses have generally been capped at no more than \$200,000 since fiscal 1997. Messrs. Brotman and Sinegal each were awarded cash bonuses of \$75,000 in fiscal 2009. There

are no fixed criteria applied by the Committee in considering these bonuses. Generally, Mr. Sinegal recommends to the Committee the bonus he believes is appropriate. Historically he has recommended modest amounts, seeking to link his bonus (as a percentage of that eligible amount stated in his employment contract) to bonuses earned by employees generally eligible for the bonuses. This year, because the Company did not attain its internal net income goal, no employee was eligible to receive the bonus award component associated with this goal (essentially 50% of the eligible bonus amount). Accordingly, Mr. Sinegal requested a bonus of only \$75,000 of the \$200,000 eligible amount in his employment agreement. The Committee approved this request and approved an equal award for Mr. Brotman. The Committee observed that cash bonuses paid to chief executive officers at some peer companies are substantially higher. The Committee, however, wishes to respect Mr. Sinegal's wishes to receive modest compensation, in part because it believes that higher amounts would not change Mr. Sinegal's motivation and performance. The Committee has indicated in the past and continues to believe that Messrs. Brotman and Sinegal are underpaid. The Committee has also noted that Messrs. Brotman and Sinegal have for many years had direct and indirect economic interests in shareholdings of the Company, which further align their interests with the Company's shareholders.

Compensation of Other Named Executive Officers

As noted above, the most significant component of the compensation of the other Named Executive Officers is the award in fiscal 2009 of performance-based RSUs. RSU amounts awarded to Messrs. DiCerchio, Galanti, Jelinek, Portera and Zook were 30,000, 25,000, 25,000, 25,000 and 25,000 (respectively). The amounts awarded were based on the recommendations of Mr. Sinegal and were the same amounts as awarded in fiscal 2008. The awards are one-third of the amounts that historically were awarded as stock options, which were unchanged from 2000 through 2006. As noted above, the performance criteria were attained and the Named Executive Officers earned all of the RSUs granted, subject to further time vesting as described above.

Salaries for other Named Executive Officers were based upon the recommendation of Mr. Sinegal, who focused on the amount of increase deserved over the prior year's salary level. Salary levels increased around 3-5% over fiscal 2008. The Named Executive Officers (other than Messrs. Brotman and Sinegal) received discretionary cash bonuses ranging from approximately \$24,000 to approximately \$40,000, reduced from the prior year. Bonus criteria were approved by the Committee near the beginning of the fiscal year, based upon the recommendation of Mr. Sinegal. As with all other employees, roughly 50% of the bonus potential was not achieved due to the Company's failure to attain its internal net income target. For fiscal year 2009, eligibility for the bonus portion not associated with the Company's net income target was determined by the Committee based on goals relevant to the executive officer's area of responsibility: for those whose responsibilities are operational, the goals related to sales, controllable expenses, inventory shrinkage, and pretax profit in their areas of responsibility; for those whose responsibilities are primarily buying, the goals related to sales, gross margin, inventory shrinkage, and inventory turns in their areas of responsibility; for those whose responsibilities combine operational and buying functions, the goals related to a combination of those described above; and for those whose responsibilities are staff functions, the goals related to a combination of Company-wide operational and buying goals, in addition to qualitative factors relevant to their areas of responsibilities. To be eligible for the annual bonus, the individual must be employed by the Company at the time bonus checks are issued (generally in November).

Impact of Accounting and Tax Considerations

The Committee examined the equity compensation in light of the impact of Section 162(m) of the Internal Revenue Code, which generally prohibits any publicly held corporation from taking a federal income tax deduction for compensation paid in excess of \$1 million in any taxable year to the Named Executive Officers, subject to certain exceptions for performance-based compensation. RSUs and stock options granted to our Named Executive Officers are intended to satisfy the performance-based exception. In approving compensation types and levels, the Committee considers whether particular elements of that compensation will be deductible for federal income tax purposes. It retains the ability to approve what it believes to be appropriate compensation, even if the Company may not be able to deduct all of that compensation under federal tax laws.

Conclusion

The Committee believes that each element of compensation and the total compensation provided to each of the Named Executive Officers is reasonable and appropriate. The value of the compensation payable to the Named Executive Officers is significantly tied to the Company's performance and the return to its stockholders. The Committee believes that its compensation programs will allow the Company to continue to attract and retain a top-performing management team.

(1) Represents amounts were awarded under the Company's executive cash bonus program.

(2) Represents the aggregate amounts the Company recognized for financial statement reporting purposes in fiscal year 2009 for the portion of the fair value of equity awards granted to the Named Executive Officers in fiscal 2009 and prior years that vested during fiscal 2009, computed in accordance with U.S. generally accepted accounting principles. These amounts thus do not reflect the amount of compensation actually received by the Named Executive Officer during the fiscal year. For a description of the assumptions used in calculating the fair value of equity awards, see Note 7 of our financial statements in our Form 10-K for the year ended August 30, 2009.

(3) Each Named Executive Officer (among certain other employees) is eligible to participate in the Company's Deferred Compensation Program, which allows the employee to defer up to 100% of salary and bonus and to receive a Company match of up to 50% of the deferred amount, up to a maximum match of \$5,000. The minimum deferral period is five years, and the matching credit vests ratably over five years unless the participant has attained a sum of age and years of service totaling 65, in which case the Company match vests in one year. Interest accrues on deferred amounts at the Bank of America prime rate. For contributions made after January 1, 1997, an additional 1% interest is credited upon the participant's attaining a sum of age and years of service totaling 65.

Potential Payments Upon Termination or Change-in-Control

The Company does not have any change-in-control or severance agreements with any executive officer or director. Plans under which stock options and RSUs have been granted contain provisions concerning accelerated vesting upon a change in control. The amounts shown in the following table reflect the potential value to the Named Executive Officers, as of the end of fiscal 2009, of unvested options and RSUs where the vesting may accelerate upon a change in control of the Company. The amounts shown assume that a change in control was effective as of the last business day of fiscal 2009 (August 30, 2009) and that the price of Costco common stock on which the calculations were based was the closing price on August 28, 2009 (\$51.77). The amounts below are estimates of the incremental amounts that would be received upon a change in control; the actual amount could be determined only at the time of any actual change in control.

PROPOSAL 2:

APPROVAL OF AMENDMENTS TO THE 2002 STOCK INCENTIVE PLAN

The Board has approved, subject to shareholder approval, an amendment to the Fourth Restated 2002 Stock Incentive Plan (the "2002 Plan") to increase by 18 million the number of authorized shares authorized for issuance. The Company is also requesting re-approval of the performance criteria under the 2002 Plan to enable the continued use of tax-efficient stock-based incentive awards. By approving the 2002 Plan as proposed to be amended, shareholders will also be approving the existing performance measures for performance-based stock awards under the 2002 Plan that were previously approved by shareholders in 2005. The 2002 Plan as proposed to be amended is referred to as the "Fifth Restated 2002 Plan" and is attached as Appendix A to this Proxy Statement. The 2002 Plan was last amended following approval by the Company's shareholders at the 2008 annual meeting. Through the first quarter of fiscal 2006, the Company granted only stock options under the 2002 Plan and predecessor plans, and since the fourth quarter of fiscal 2006, the Company has granted only RSUs under the 2002 Plan. Stock options and RSUs generally vest over five years and stock options have a ten-year term. The Company issues new shares of common stock upon exercise of stock options and vesting of RSUs. In addition to increasing the shares available for granting, the amendments to the plan: (a) clarify the circumstances under

which issued shares might be subject to regrant, specifically providing that the following shares of stock may not again be made available for issuance as

awards: (i) shares actually issued in a stock option even if repurchased by the Company; (ii) shares not issued or delivered as a result of the net settlement of an outstanding stock appreciation right or option, and (iii) shares used to pay the exercise price or withholding taxes related to an outstanding award; (b) limiting the circumstances under which a change-in-control may be deemed to have occurred. See sections 3.3, 4.2 and 11.4 of the Fifth Restated 2002 Plan.

Approximately 7 million RSUs have been granted since January 29, 2008, when the shareholders authorized an additional 8 million option shares for the 2002 Plan. Under the terms of the 2002 Plan, each share issued in respect of RSUs counts as 1.75 shares toward the total share limits, which translates into approximately 2.0 million shares remaining eligible for future RSU grants as of November 23, 2009. As of December 9, 2009, the fair market value of a share of the Costco common stock was \$58.66, based on the closing price on the NASDAQ Global Select Market on that date.

The following table summarizes RSU transactions during the first quarter of fiscal 2010:

	Number of Units (in 000 s)	Weighted- Average Grant Date Fair Value (\$)
Non-vested at August 30, 2009	8,531	\$ 54.60
Granted	3,114	55.74
Vested	(2,227)	54.44
Forfeited	(28)	54.56
Non-vested at November 22, 2009	9,390	\$ 55.02

At the end of first quarter of 2010, approximately 17.0 million option shares were outstanding. For fiscal year 2009, the ratio of RSUs granted to basic shares outstanding was .9%.

The following description of the Fifth Restated 2002 Plan is a summary and is qualified in its entirety by reference to the complete text of the Fifth Restated 2002 Plan.

Summary Description of the Fifth Restated 2002 Plan. The Fifth Restated 2002 Plan is intended to strengthen the Company by allowing selected employees, directors and consultants to the Company to participate in the Company's future growth and success by offering them an opportunity to acquire stock in the Company in order to retain, attract and motivate them. The Board has ultimate responsibility for administering the Fifth Restated 2002 Plan but may delegate this authority to a committee of the Board or an executive of the Company, subject to certain limitations. The Board has delegated responsibility to the Compensation Committee (the Committee). The Committee has broad discretion to determine the amount and type of grants and their terms and conditions. The Committee has delegated certain authority to Messrs. Sinegal and Brotman with respect to awards not involving executive officers. Individual grants will generally be based on a person's position and present and potential contributions to the Company.

As of December 1, 2009, the Company had approximately 3,500 employees (including over 1,980 warehouse managers and assistant managers), ten non-employee directors and twelve consultants who the Company estimates are eligible to participate in the Fifth Restated 2002

Plan. The Company has not specifically determined the nature and amount of any awards that will be granted in the future to any eligible individual or group of individuals, except that the maximum individual award allowed under the plan is 500,000 shares annually. During fiscal 2009, 9% of the 3.7 million RSUs granted were to directors and executive officers.

Types of Awards. Under the Fifth Restated 2002 Plan, the Company may award (i) options, and (ii) stock awards, consisting of either stock bonus awards or stock units. These awards are described in more detail below. The Company ceased granting options in 2006. Options that have been issued have all been subject to vesting ratably over five years (other than options granted to non-employee directors). The Company's present intention is that any options and stock awards granted under the Fifth Restated 2002 Plan would continue to be subject to this five-year vesting requirement, subject to accelerated vesting for long-term service.

Options. Options may be granted in the form of incentive stock options (ISOs) within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), or nonstatutory stock options (NSOs). The Committee may condition the grant upon the attainment of specified performance goals or other criteria, which need not be the same for all participants. The Fifth Restated 2002 Plan will expire in December 2019, but options outstanding under the Fifth Restated 2002 Plan may extend beyond that date.

The exercise price of any option may not be less than the fair market value of the shares subject to the option on the date of grant (or 110% of the fair market value in the case of ISOs granted to employees who own more than 10% of the common stock). Options will become exercisable in accordance with the vesting schedule determined by the Committee or its delegates. The term of any option granted under the Fifth Restated 2002 Plan may not exceed ten years. In addition, ISOs are subject to certain other limitations in order to take advantage of the favorable U.S. tax treatment that may be available for ISOs.

Options generally may be exercised at any time within 120 days after termination of a participant's employment by, or consulting relationship with, the Company, but only to the extent exercisable at the time of termination or, if such termination occurs after the first anniversary after the grant date, to the extent the option would have vested as of the time of termination if it vested in daily (rather than annual) increments. However, if termination is due to the participant's death or disability, the option generally may be exercised within one year. In addition, upon a participant's death, unvested options granted to that participant will become vested with respect to (i) all unvested shares if the participant is an officer of the Company or has been continuously employed by the Company for ten years at the date of death; and (ii) 50% of the unvested shares for all other participants who are employed by the Company at the date of death. Except as authorized by the Committee or its delegates, no option will be assignable or otherwise transferable by a participant, other than by will or by the laws of descent and distribution, to a grantor trust or partnership for estate planning purposes, or in connection with a qualified domestic relations order.

Stock Awards. Each stock bonus or stock unit award will contain provisions regarding (i) the number of shares subject to such stock award, (ii) the purchase price of the shares, if any, and the means of payment for the shares, (iii) the performance criteria, if any, that will determine the number of shares vested, (iv) such terms and conditions on the grant, issuance, vesting and forfeiture of the shares, as applicable, as may be determined from time to time by the Committee, (v) restrictions on the transferability of the stock award, and (vi) such further terms and conditions, in each case not inconsistent with the Fifth Restated 2002 Plan, as may be determined from time to time by the Committee. In the event that a participant's relationship

with the Company terminates, the Company may reacquire any or all of the shares of common stock held by the participant that have not vested or that are otherwise subject to forfeiture conditions. Stock unit awards may be awarded in consideration for past services. Rights under a stock unit award may not be transferred other than by will or by the laws of descent and distribution unless the stock unit right agreement specifically provides for transferability. Beginning in the fall of 2006, awards are subject to the accelerated vesting for long service as follows: where the years of service equal at least 25, one-third of the then-unvested RSUs will vest; at 30 years of service, two-thirds of the then-unvested RSUs will vest; and at 35 years of service, 100% of the then-unvested RSUs will vest. For awards granted in and after fiscal 2008, employees who attain the specified years of service receive shares under the accelerated vesting provisions on the vesting date rather than upon a qualified retirement.

If the Committee conditions the vesting of a stock bonus award on satisfaction of performance criteria, the Committee will use any one or more of the following performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit, affiliate or business segment, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee for the award: (i) cash flow; (ii) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings); (iii) earnings per share; (iv) growth in earnings or earnings per share; (v) stock price; (vi) return on equity or average shareholders' equity; (vii) total shareholder return; (viii) return on capital; (ix) return on assets or net assets; (x) return on investment; (xi) revenue; (xii) income or net income; (xiii) operating income or net operating income; (xiv) operating profit or net operating profit; (xv) operating margin; (xvi) return on operating revenue; (xvii) market share; (xviii) sales or revenue growth; (xix) overhead or other expense reduction; (xx) growth in shareholder value relative to the moving average of the S&P 500 Index or a peer group index; (xxi) credit rating; (xxii) strategic plan development and implementation; (xxiii) improvement in workforce diversity, and (xxiv) any other similar criteria. The Committee may appropriately adjust any evaluation of performance under objectively determinable performance criteria to exclude any of the following events that occurs during a performance period: (a) asset write-downs; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; and (e) any extraordinary non-recurring items as described in Accounting Standards Codification (ASC) 225-20-45 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year.

General Provisions

The consideration payable upon the exercise of any option and any related taxes must generally be paid in cash or check. The Committee, in its sole discretion, may authorize payment by the tender of common stock already owned by the participant or other methods. The Company generally will not receive any consideration upon the grant of any options.

The Committee may waive in whole or in part any or all restrictions, conditions, vesting or forfeiture provisions with respect to any award (other than an award to an executive officer for which the Board retains authority) made under the Fifth Restated 2002 Plan. The Board may amend, alter or discontinue the Fifth Restated 2002 Plan or any award at any time, except that the consent of a participant is generally required if the participant's rights under an outstanding award would be impaired. The Fifth Restated 2002 Plan requires shareholders to approve an

amendment to the Plan to comply with applicable law, including applicable listing standards. Currently the rules of the Nasdaq Global Selected Market, on which the common stock is listed, require shareholder approval to, among other things, increase the total number of shares available for grant under the Second Restated 2002 Plan. The Board reserves the right in the future to authorize additional shares for issuance under the Fifth Restated 2002 Plan, subject to any applicable requirements concerning shareholder approval.

In the event of any stock split, reverse stock split, recapitalization, combination or reclassification of stock, stock dividend, spin-off, extraordinary cash dividend or similar change to the capital structure of the Company (not including a fundamental transaction or change of control), the Board will make appropriate and equitable adjustments to preserve the value of outstanding and future awards, including adjustments to: (i) the number and type of awards that may be granted under the plan; (ii) the number and type of awards that may be granted to any individual under the plan; (iii) the purchase price of any stock award; and (iv) the option price and number and class of securities issuable under each outstanding option. Subject to the foregoing requirement, the specific form of any such adjustments will be determined by the Board. Unless the Board specifies otherwise, any securities issuable as a result of any such adjustment will be rounded to the next lower whole security. In the event of a fundamental transaction involving the Company, the Board may take one or more of the following actions: (a) arrange for the substitution of options; (b) accelerate the vesting and termination of outstanding options; or (c) cancel outstanding options in exchange for cash payments to participants. The Board is not required to adopt the same rules for each option or each participant. A fundamental transaction is a merger of the Company with another entity in a transaction in which the Company is not the surviving entity or a transaction or other event that results in other securities being substituted for common stock or common stock no longer being issuable. The Fifth Restated 2002 Plan specifies that a change of control will exist upon the occurrence of any of the following events: (i) at any time during any two consecutive year period, at least a majority of the Board shall cease to consist of Continuing Directors (meaning directors of the Company who were directors at the beginning of such two-year period, or who subsequently became directors and whose election, or nomination for election by the Company's stockholders, was approved by a majority of the then Continuing Directors); or (ii) certain persons or groups acquire beneficial ownership of common stock having 30% or more of the voting power of all outstanding common stock, unless such acquisition is approved by a majority of the directors of the Company in office immediately preceding such acquisition; or (iii) a merger or consolidation occurs to which the Company is a party, in which outstanding shares of common stock are converted into shares of another company or other securities (of either the Company or another company) or cash or other property. The Fifth Restated 2002 Plan permits any of the above-described actions in connection with a change of control event. Further, the Board may take similar actions upon a divestiture of any of its affiliates.

The Fifth Restated 2002 Plan constitutes an unfunded plan for incentive and deferred compensation. The Company is not required to create trusts or arrangements to meet its obligations under the Fifth Restated 2002 Plan to deliver stock or make payments.

Plan Benefits

All awards to employees, officers, directors and consultants under the Fifth Restated 2002 Plan are made at the discretion of the Board and its delegates. Therefore, the benefits and amounts that will be received or allocated under the plan are not determinable at this time. However, please refer to the description of grants made to our named Executive Officers in the last fiscal year described in the Fiscal 2009 Grants of Plan-Based Awards table. Grants made to our non-employee directors in the last fiscal year are described in Director Compensation.

Federal Income Tax Consequences of Awards and Option Exercises Under the Fifth Restated 2002 Plan

The following is a general summary of the typical federal income tax consequences of the issuance and exercise of options under the Plan. It does not describe state or other tax consequences of the issuance and exercise of options.

Nonstatutory Stock Options. Generally, no federal income tax is payable by a participant upon the grant of an NSO and no deduction is taken by the Company. Under current tax laws, if a participant exercises an NSO, he or she will have taxable income equal to the difference between the market price of common stock on the exercise date and the stock option grant price. The Company will be entitled to a corresponding deduction on its income tax return.

Incentive Stock Options. The grant of an ISO has no federal income tax effect on the optionee. Upon exercise the optionee does not recognize income for regular tax purposes. However, the excess of the fair market value of the stock subject to an option over the exercise price of such option (the option spread) is includible in the optionee's Alternative Minimum Taxable Income for purposes of the Alternative Minimum Tax. If the optionee does not dispose of the stock acquired upon exercise of an ISO until more than two years after the option grant date and more than one year after exercise of the option, any gain upon sale of the shares will be a long-term capital gain. If shares are sold or otherwise disposed of before both of these periods have expired (a disqualifying disposition), the option spread at the time of exercise of the option (but not more than the amount of the gain on the sale or other disposition) is ordinary income in the year of such sale or other disposition. If gain on a disqualifying disposition exceeds the amount treated as ordinary income, the excess is taxable as capital gain (which will be long-term capital gain if the shares have been held more than one year after the date of exercise of the option). The Company is not entitled to a federal income tax deduction in connection with ISOs, except to the extent that the optionee has taxable ordinary income on a disqualifying disposition.

Stock Awards. Stock Bonus awards will generally be taxed in the same manner as NSOs. However, shares issued pursuant to a stock award are subject to a substantial risk of forfeiture within the meaning of Section 83 of the Code to the extent the shares will be forfeited in the event that the employee ceases to provide services to the Company. As a result of this substantial risk of forfeiture, if applicable, the employee will not recognize ordinary income at the time the shares are issued. Instead, the employee will recognize ordinary income on the dates when the shares are no longer subject to a substantial risk of forfeiture, or when the shares become transferable, if earlier. The employee's ordinary income is measured as the difference between the amount paid for the shares, if any, and the fair market value of the shares on the date the shares are no longer subject to forfeiture. The employee may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of issuance of the shares) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the amount paid for the shares, if any, and the fair market value of the shares on the date the shares are issued, and the capital gain holding period commences on such date. The ordinary income recognized by an employee will be subject to tax withholding by the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as and at the time the employee recognizes ordinary income.

Stock unit awards represent a promise to deliver shares in the future based on the vesting schedule accompanying the award. At the time the shares are delivered, the employee will recognize ordinary income equal to the difference between the amount paid for the shares, if

any, and the fair market value of the shares on the vesting date. The ordinary income recognized by an employee will be subject to tax withholding by the Company (generally in the form of shares). Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction at the time and in the amount the employee recognizes ordinary income.

Section 162(m) Limitations. Section 162(m) of the Code limits to \$1,000,000 per person the amount that the Company may deduct for compensation paid to any of its most highly compensated executive officers in any year after 1993. Under current regulations, compensation received through an award or the exercise of an option will not be subject to the \$1,000,000 limit if the award and the plan meet certain requirements. One such requirement is that the plan must state the maximum number of shares with respect to which award may be made to any employee during a specified period. Accordingly, the Second Restated 2002 Plan provides that no participant may be granted awards to acquire more than 500,000 shares in any year. The Company believes that stock options granted under the Plan can qualify as performance-based compensation and so compensation amounts arising in connection with such awards may not be subject to the loss deduction rule of Section 162(m). Stock awards may also qualify as performance-based compensation so long as they are subject to performance criteria that qualify under the applicable tax rules. If the stock awards so qualify, compensation amounts arising in connection with such awards may not be subject to this loss deduction rule. However, the Company may grant stock awards that are not subject to qualifying performance criteria and so it may not be able to deduct the full amount of compensation related to such stock awards to the extent the amount of compensation arising therefrom, together with other compensation paid to the affected executive officer, exceeds the Section 162(m) limit for the applicable year. Shareholder approval of this proposal will constitute shareholder approval of this limitation for Section 162(m) purposes.

Subject to adjustment under Section 11, the maximum number of Shares that may be granted as awards under the Plan is 18 million plus any Shares covered by Awards granted under these plans prior to the date this plan became effective that are subsequently cancelled or expire unexercised or unvested.

3.2 Limitation on Award of Stock Units. Subject to adjustment as provided in Section 11 below, the maximum number of Shares that may be issued shall be reduced by 1.75 Shares for each Share granted in a Stock Award in which the Participant is issued Shares without tendering to the Company payment of an amount in connection therewith equal to the Fair Market Value of such Shares on the date of the Stock Award; provided however that, to the extent that previously-issued Shares are later forfeited under the terms and conditions of the Stock Award, then any Shares so forfeited shall not count against the limit set forth in this section 3.2.

3.3 Source of Shares. Award Shares may be authorized but unissued Shares. If an Award is terminated, expires, or otherwise becomes unexercisable without having been exercised in full, the unpurchased Shares that were subject to the Award shall revert to this Plan and shall again be available for future issuance under this Plan. The following shares of stock shall not again be made available for issuance as Awards under this Plan: (i) Shares actually issued under this Plan in a Stock Option even if repurchased by the Company; (ii) Shares not issued or delivered as a result of the net settlement of an outstanding stock appreciation right or Option, or (iii) Shares used to pay the exercise price or withholding taxes related to an outstanding Award.

3.4 Term of this Plan

(a) This Plan and any amendment shall be effective on the date it has been adopted by the Board or, to the extent that shareholder approval is required, on the date it has been approved by the shareholders.

(b) Subject to Section 14, this Plan shall continue in effect for a period of ten years from the earlier of the date on which the Plan was adopted by the Board and the date on which the Plan was approved by the Company's shareholders.

4. Administration

4.1 General

(a) The Board shall have ultimate responsibility for administering this Plan. The Board may delegate certain of its responsibilities to a Committee, which shall consist of at least two members of the Board and solely of Outside Directors. The Board or the Committee may further delegate its responsibilities to any Employee of the Company or any Affiliate. Where this Plan specifies that an action is to be taken or a determination made by the Board, only the Board may take that action or make that determination. Where this Plan specifies that an action is to be taken or a determination made by the Committee, only the Committee may take that action or make that determination. Where this Plan references the Administrator, the action may be taken or determination made by the Board, the Committee, or other Administrator. However,

Edgar Filing: COSTCO WHOLESALE CORP /NEW - Form DEF 14A

only the Board or the Committee may approve Awards to Executives, and an Administrator other than the Board or the Committee may grant Options only within guidelines established by

A-5

the Board or Committee. Moreover, all actions and determinations by any Administrator are subject to the provisions of this Plan.

(b) So long as the Company has registered and outstanding a class of equity securities under Section 12 of the Exchange Act, the Committee shall consist of Company Directors who are Non-Employee Directors and who are Outside Directors.

4.2 Authority of Administrator. Subject to the other provisions of this Plan, the Administrator shall have the authority, in a manner that complies with Section 409A of the Code:

(a) to make and determine the types of Awards, provided that no Non-Employee Director may be granted Awards for more than 12,000 shares in any fiscal year (subject to proportionate increase in the event of any share dividends or stock splits);

(b) to determine the Fair Market Value of Shares;

(c) to determine the Option Price;

(d) to determine Objective Determinable Performance Conditions;

(e) to select the Participants;

(f) to determine the times that Awards are granted;

(g) to determine the number of Shares subject to each Award;

(h) to determine the types of payment that may be used to acquire Award Shares and the types of payment that may be used to satisfy withholding tax obligations;

(i) to determine the other terms of each Award, including but not limited to the time or times at which Options may be exercised, whether and under what conditions an award is assignable, and whether an Option is a Nonstatutory Option or an Incentive Stock Option;

(j) to modify or amend any Award, including, without limitation, to extend the period during which an Option may be exercised, but neither the Administrator, the Board, nor the Committee shall have the authority to reduce the Option Price of any outstanding Option without obtaining the approval of the Company's shareholders or to make a modification or amendment under this Section 4.2(j) that results in an Award that was exempt from Section 409A of the Code becoming subject to Section 409A and noncompliant with Section 409A or an Award that is subject to

Edgar Filing: COSTCO WHOLESALE CORP /NEW - Form DEF 14A

Section 409A of the Code becoming noncompliant with Section 409A;

(k) to authorize any person to sign any Award Agreement or other document related to this Plan on behalf of the Company;

(l) to determine the form of any Award Agreement or other document related to this Plan, and whether that document, including signatures, may be in electronic form;

(m) to interpret this Plan and any Award Agreement or document related to this Plan;

(n) to correct any defect, remedy any omission, or reconcile any inconsistency in this Plan, any Award Agreement or any other document related to this Plan;

A-6

(o) to adopt, amend, and revoke rules and regulations under this Plan, including rules and regulations relating to sub-plans and Plan addenda;

(p) to adopt, amend, and revoke rules and procedures relating to the operation and administration of this Plan to accommodate non-U.S. Participants and the requirements of Applicable Law such as: (i) rules and procedures regarding the conversion of local currency, withholding procedures and the handling of stock certificates to comply with local practice and requirements, and (ii) sub-plans and Plan addenda for non-U.S. Participants; and

(q) to make all other determinations the Administrator deems necessary or advisable for the administration of this Plan.

4.3 Scope of Discretion. Subject to the last sentence of this Section 4.3, on all matters for which this Plan confers the authority, right or power on the Board, the Committee, or other Administrator to make decisions, that body may make those decisions in its sole and absolute discretion. Moreover, but again subject to the last sentence of this Section 4.3, in making those decisions the Board, Committee or other Administrator need not treat all persons eligible to receive Awards, all Participants, all Awards or all Award Shares the same way. However, the discretion of the Board, Committee or other Administrator is subject to the specific provisions and specific limitations of this Plan, as well as all rights conferred on specific Participants by Award Agreements and other agreements.

5. Persons Eligible to Receive Awards

5.1 Eligible Individuals. Awards may be granted to, and only to, Employees, Directors and Consultants, including to prospective Employees, Directors and Consultants conditioned on the beginning of their service for the Company or an Affiliate.

5.2 Section 162(m) Limitation.

(a) So long as the Company is a publicly held corporation within the meaning of Section 162(m) of the Code: (a) no Employee or prospective Employee may be granted one or more Stock Awards within any fiscal year of the Company to purchase or receive more than 500,000 Shares, subject to adjustment under Section 11, and (b) Awards may be granted to an Executive only by the Committee (and, notwithstanding Section 4.1(a), not by the Board).

(b) Any Stock Unit that is intended as qualified performance-based compensation within the meaning of Section 162(m) of the Code must vest or become exercisable contingent on the achievement of one or more Objectively Determinable Performance Conditions. Subject to the limitations included in Sections 3.2, the Committee shall have the discretion to determine the time and manner of compliance with Section 162(m) of the Code. Prior to the payment of any compensation under an Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall certify the extent to which any Objectively Determinable Performance Criteria and any other material terms under such Award have been satisfied (other than in cases where such relate solely to the increase in the value of the Common Stock).

(c) Notwithstanding satisfaction of any completion of any Objectively Determinable Performance Criteria, to the extent specified at the time of grant of an Award to covered employees within the meaning of Section 162(m) of the Code, the number of Shares, Options or other benefits granted, issued, retainable and/or vested under an Award on account of satisfaction of such Objectively Determinable Performance Criteria may be reduced by the

A-7

Committee on the basis of such further considerations as the Committee in its sole discretion shall determine.

6. Terms and Conditions of Options

The following rules apply to all Options:

6.1 Price. No Option may have an Option Price less than 100% of the Fair Market Value of the Shares on the Grant Date.

6.2 Term. No Option shall be exercisable after its Expiration Date. No Option may have an Expiration Date that is more than ten years after its Grant Date.

6.3 Vesting.

(a) Options shall be exercisable in accordance with a schedule related to the Grant Date, the date the Participant's directorship, employment or consultancy begins, or a different date specified in the Option Agreement evidencing such Option; provided that no Option shall be exercisable until one year from the Grant Date except as provided below.

(b) For Options granted after October 10, 2003, the Administrator shall have the authority in its discretion to permit the exercise of an Option prior to the expiration of one year from the Grant Date based on the Pro Rata Number of Shares formula in Section 8.4(a) hereof and in an amount not to exceed 20% of the Option Shares granted on that Grant Date. In the event that the Participant, whether voluntarily or involuntarily, experiences a change to an employment status or position in the Company that is not eligible for Option grants or is eligible for a lesser number of Options, except as otherwise determined by the Administrator the Option Shares shall cease to vest at the time of such change, except that the Participant shall be entitled to a vesting of a Pro Rata Number of Shares computed in accordance with Section 8.4(a) using the next anniversary of the Grant Date following the change in status.

(c) Grants to Non-Employee Directors shall be vested and exercisable at the Grant Date.

6.4 Form of Payment.

(a) The Administrator shall determine the acceptable form and method of payment for exercising an Option.

(b) Acceptable forms of payment for all Option Shares are cash, check or wire transfer, denominated in U.S. dollars except as specified by the Administrator for non-U.S. Employees or non-U.S. sub-plans.

Edgar Filing: COSTCO WHOLESALE CORP /NEW - Form DEF 14A

(c) In addition, the Administrator may permit payment to be made by any of the following methods:

(i) other Shares, or the designation of other Shares, which have a Fair Market Value on the date of surrender equal to the Option Price of the Shares as to which the Option is being exercised;

(ii) provided that a public market exists for the Shares, through a same day sale commitment from the Participant and a broker-dealer that is a member of the National Association of Securities Dealers (an NASD Dealer) under which the Participant irrevocably elects to exercise the Option and the NASD Dealer irrevocably commits to forward an amount

A-8

equal to the Option Price, directly to the Company, upon receipt of the Option Shares (a Cashless Exercise);

(iii) any combination of the methods of payment permitted by any paragraph of this Section 6.4.

(d) The Administrator may also permit any other form or method of payment for Option Shares permitted by Applicable Law.

6.5 Nonassignability of Awards. Except as determined by the Administrator, no Award shall be assignable or otherwise transferable by the Participant except (a) by will or by the laws of descent and distribution, (b) to a grantor trust or partnership established for estate planning purposes to the extent permitted by Applicable Laws, or (c) in accordance with a Qualified Domestic Relations Order.

7. Incentive Stock Options

The following rules apply only to Incentive Stock Options and only to the extent these rules are more restrictive than the rules that would otherwise apply under this Plan. With the consent of the Participant, or where this Plan provides that an action may be taken notwithstanding any other provision of this Plan, the Administrator may deviate from the requirements of this Section, notwithstanding that any Incentive Stock Option modified by the Administrator will thereafter be treated as a Nonstatutory Option.

7.1 The Expiration Date of an Incentive Stock Option shall not be later than ten years from its Grant Date, with the result that no Incentive Stock Option may be exercised after the expiration of ten years from its Grant Date.

7.2 No Incentive Stock Option may be granted more than ten years from the date this Plan was approved by the Board.

7.3 Options intended to be incentive stock options under Section 422 of the Code that are granted to any single Participant under all incentive stock option plans of the Company and its Affiliates, including Incentive Stock Options granted under this Plan, may not vest at a rate of more than \$100,000 in Fair Market Value of stock (measured on the grant dates of the options) during any calendar year. For this purpose, an option vests with respect to a given share of stock the first time its holder may purchase that share, notwithstanding any right of the Company to repurchase that share. Unless the Administrator specifies otherwise in the related agreement governing the Option, this vesting limitation shall be applied by, to the extent necessary to satisfy this \$100,000 rule, treating certain stock options that were intended to be incentive stock options under Section 422 of the Code as Nonstatutory Options. The stock options or portions of stock options to be reclassified as Nonstatutory Options are those with the highest Option Prices, whether granted under this Plan or any other equity compensation plan of the Company or any Affiliate that permits that treatment. This Section 7.3 shall not cause an Incentive Stock Option to vest before its original vesting date or cause an Incentive Stock Option that has already vested to cease to be vested.

7.4 In order for an Incentive Stock Option to be exercised for any form of payment other than those described in Section 6.4(b), that right must be stated in the Option Agreement relating to that Incentive Stock Option.

7.5 Any Incentive Stock Option granted to a Ten Percent Shareholder (as defined below), must have an Expiration Date that is not later than five years from its Grant Date, with the result that no such Option may be exercised after the expiration of five years from the Grant Date. A Ten Percent Shareholder is any person who, directly or by attribution under Section 424(d) of the Code, owns stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or of any Affiliate on the Grant Date.

7.6 The Option Price of an Incentive Stock Option shall never be less than the Fair Market Value of the Shares at the Grant Date. The Option Price for the Shares covered by an Incentive Stock Option granted to a Ten Percent Shareholder shall never be less than 110% of the Fair Market Value of the Shares at the Grant Date.

7.7 Incentive Stock Options may be granted only to Employees. If a Participant changes status from an Employee to a Consultant, that Participant's Incentive Stock Options become Nonstatutory Options if not exercised within the time period described in Section 7.9.

7.8 No rights under an Incentive Stock Option may be transferred by the Participant, other than by will or the laws of descent and distribution. During the life of the Participant, an Incentive Stock Option may be exercised only by the Participant. The Company's compliance with a Qualified Domestic Relations Order, or the exercise of an Incentive Stock Option by a guardian or conservator appointed to act for the Participant, shall not violate this Section 7.8.

7.9 An Incentive Stock Option shall be treated as a Nonstatutory Option if it remains exercisable after, but is not exercised within, the three-month period beginning with the Participant's Termination for any reason other than the Participant's death or Disability. In the case of Termination due to death, an Incentive Stock Option shall continue to be treated as an Incentive Stock Option if it remains exercisable after, but is not exercised within, that three-month period provided it is exercised before the Expiration Date. In the case of Termination due to Disability, an Incentive Stock Option shall be treated as a Nonstatutory Option if it remains exercisable after, but is not exercised within, one year after the Participant's Termination.

8. Exercise of Options; Termination

8.1 In General. An Option shall be exercisable in accordance with this Plan, the Option Agreement under which it is granted, and as prescribed by the Administrator.

8.2 Time of Exercise. Options shall be considered exercised when the Company receives: (a) written notice of exercise from the person entitled to exercise the Option, (b) full payment, or provision for payment, in a form and method approved by the Administrator, for the Shares for which the Option is being exercised, and (c) with respect to Nonstatutory Options, payment, or provision for payment, in a form approved by the Administrator, of all applicable withholding taxes due upon exercise. An Option may not be exercised for a fraction of a Share.

8.3 Issuance of Option Shares. The Company shall issue Option Shares in the name of the person properly exercising an Option. If the Participant is that person and so requests, the Option Shares shall be issued in the name of the Participant and the Participant's spouse. The Company shall endeavor to issue Option Shares promptly after an Option is exercised. However, until Option Shares are actually issued, as evidenced by the appropriate entry on the stock books of the Company or its transfer agent, no right to vote or receive dividends or other distributions, and no other rights as a shareholder, shall exist with respect to the Option Shares, even though the Participant has completed all the steps necessary to exercise the Option. No

adjustment shall be made for any dividend, distribution, or other right for which the record date precedes the date the Option Shares are issued, except as provided in Section 11.

8.4 Termination

(a) In General. Except as provided by the Administrator, including in an Award Agreement, after a Participant's Termination, except as otherwise provided in Sections 8.4(b), (c), (d) and (e), the Participant's Options shall be exercisable to purchase, or Awards shall be fully vested as to, (A) the number of Shares for which such Awards have vested on the date of that Termination plus (B) (in the event the Award only vests in annual increments and such Termination occurs after the one year anniversary of the Grant Date) the Pro Rata Number of Shares for which the Award would have become vested on the next anniversary of the Grant Date following Termination. As used in this Section 8, the Pro Rata Number of Shares shall be equal to (a) the additional number of Shares that would have become vested on the next anniversary of the Grant Date following Termination, multiplied by (b) a fraction, the numerator of which shall be the number of days from the anniversary of the Grant Date preceding Termination and the denominator of which shall be 365, rounded to the nearest whole Share. Except as otherwise provided by the Administrator or in the Award Agreement, such Options shall only be exercisable during the period ending 30 days after the Termination for Options granted prior to July 21, 2005 and the period ending 120 days after Termination for Options granted after July 21, 2005, but in no event after the Expiration Date. To the extent the Participant does not exercise an Option within the time specified for exercise, the Option shall automatically terminate.

(b) Leaves of Absence. Unless otherwise provided in the Award Agreement, no Option may be exercised more than 90 days after the beginning of a leave of absence, other than a personal or medical leave approved by the Administrator with employment guaranteed upon return. Unless otherwise determined by the Administrator, Options shall not continue to vest during a leave of absence, other than an approved personal or medical leave with employment guaranteed upon return.

(c) Death or Disability. In the event of the death of a Participant who at the date of death either (i) was an officer of the Company with the title of Assistant Vice President or above or (ii) had been employed by the Company for ten or more continuous years, all Awards that were granted to that Participant with vesting provisions tied to continuation of employment, but are unvested as of the date of the Participant's death shall become vested, effective as of the date of death. In the event of the death of a Participant who at the date of death is an Employee but qualifies under neither clause (i) or (ii) of the previous sentence, 50% of the Awards that were granted to that Participant but unvested on the date of the Participant's death shall become vested, effective as of the date of death. Unless otherwise provided by the Administrator, if a Participant's Termination is due to death or disability (as determined by the Administrator with respect to Nonstatutory Options and as defined by Section 22(e) of the Code with respect to Incentive Stock Options), all Options of that Participant may be exercised for one year after that Termination, but in no event after the Expiration Date. In the case of Termination of an Employee due to death, such Options shall be exercisable to purchase the number of shares for which the Options were vested as of the Termination Date in accordance with the first two sentences of this Section 8.4(c). In the case of Termination due to disability, such Options shall be exercisable to purchase (A) the number of Shares for which such Options have vested as of the Termination Date, plus (B) the Pro Rata Number of Shares (as defined in Section 8.4(a)) for which the Option would have vested on the next anniversary of the Grant Date (in the event the Option only vests in annual increments and such Termination occurs after the one year

anniversary of the Grant Date). In the case of Termination due to death, an Option may be exercised as provided in Section 16. In the case of Termination due to disability, if a guardian or conservator has been appointed to act for the Participant and been granted this authority as part of that appointment, that guardian or conservator may exercise the Option on behalf of the Participant. Death or disability occurring after a Participant's Termination shall not cause the Termination to be treated as having occurred due to death or disability. To the extent an Option is not so exercised within the time specified for its exercise, the Option shall automatically terminate.

(d) Divestiture. If a Participant's Termination is due to a Divestiture, the Board may take any one or more of the actions described in Section 11.3 or 11.4.

(e) Termination for Cause. If a Participant's Termination is due to Cause (as defined below), all of the Participant's Options shall automatically terminate and cease to be exercisable at the time of Termination. Cause means dishonesty, fraud, misconduct, disclosure or misuse of confidential information, conviction of, or a plea of guilty or no contest to, a felony or similar offense, habitual absence from work for reasons other than illness, intentional conduct that could cause significant injury to the Company or an Affiliate, or habitual abuse of alcohol or a controlled substance, in each case as determined by the Administrator.

9. Provisions of Stock Units

Each Award Agreement reflecting the issuance of a Stock Unit shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of such agreements may change from time to time, and the terms and conditions of separate agreements need not be identical, but each such agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(a) Consideration. A Stock Unit may be awarded in consideration for such property or services as is permitted under Applicable Law, including for past services actually rendered to the Company or an Affiliate for its benefit.

(b) Vesting; Restrictions. Shares of Common Stock awarded under the agreement reflecting a Stock Unit award may, but need not, be subject to a Share repurchase option, forfeiture restriction or other conditions in favor of the Company in accordance with a vesting or lapse schedule to be determined by the Board. The Administrator may make provisions for accelerated vesting, including (without limitation) accelerated vesting based on length of service.

(c) Accelerated Vesting; Non Executive Directors. Grants to non-executive directors of Stock Units shall vest upon Termination as follows changes pending:

(1) after five years of service, at Termination 50% of otherwise unvested Stock Units shall vest; and

(2) after ten years of service, at Termination 100% of otherwise unvested Stock Units shall vest.

Edgar Filing: COSTCO WHOLESALE CORP /NEW - Form DEF 14A

(d) Termination of Participant's Continuous Service. In the event a Participant's Continuous Service terminates, the Company may reacquire any or all of the Shares of Common Stock held by the Participant which have not vested or which are otherwise subject to forfeiture or other conditions as of the date of termination under the terms of the agreement.

A-12

(e) Transferability. Rights to acquire Shares of Common Stock under a Stock Unit agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the agreement, as the Board shall determine in its discretion, so long as Common Stock awarded under the agreement remains subject to the terms of the agreement.

(f) Payment Terms. Each Award reflecting the issuance of a Stock Unit shall specify, on the Grant Date, that issuance of Shares with respect to the Stock Unit will be made at a time and/or upon the occurrence of events that comply with Section 409A of the Code, including, without limitation, on a Change In Control event that is defined in Section 409A(a)(2)(A)(v) and shall include, where required in the case of specified employees, the six-month delay in Section 409A(a)(2)(B).

10. Consulting or Employment Relationship.

Nothing in this Plan or in any Award Agreement, and no Award shall: (a) interfere with or limit the right of the Company or any Affiliate to terminate the employment or consultancy of any Participant at any time, whether with or without cause or reason, and with or without the payment of severance or any other compensation or payment, or (b) interfere with the application of any provision in any of the Company's or any Affiliate's charter documents or Applicable Law relating to the election, appointment, term of office, or removal of a Director.

11. Certain Transactions and Events

11.1 In General. Except as provided in this Section 11, no change in the capital structure of the Company, merger, sale or other disposition of assets or a subsidiary, change of control, issuance by the Company of shares of any class of securities convertible into shares of any class, conversion of securities, or other transaction or event shall require or be the occasion for any adjustments of the type described in this Section 11.

11.2 Changes in Capital Structure. In the event of any stock split, reverse stock split, recapitalization, combination or reclassification of stock, stock dividend, spin-off, extraordinary cash dividend or similar change to the capital structure of the Company (not including a Fundamental Transaction or Change of Control), the Board shall make appropriate and equitable adjustments to preserve the value of outstanding and future Awards, including adjustments to: (a) the number and type of Awards that may be granted under this Plan, (b) the number and type of Awards that may be granted to any individual under this Plan, (c) the purchase price of any Stock Award, and (d) the Option Price and number and class of securities issuable under each outstanding Option. Subject to the foregoing requirement, the specific form of any such adjustments shall be determined by the Board. Unless the Board specifies otherwise, any securities issuable as a result of any such adjustment shall be rounded to the next lower whole security.

11.3 Fundamental Transactions. If the Company merges with another entity in a transaction in which the Company is not the surviving entity or if, as a result of any other transaction or event, other securities are substituted for the Shares or Shares may no longer be issued (each a Fundamental Transaction), then, notwithstanding any other provision of this Plan, the Board shall do one or more of the following contingent on the closing or completion of the Fundamental Transaction: (a) arrange for the substitution of options or other compensatory awards of equity securities other than Shares (including, if appropriate, equity securities of an entity other than the Company) in exchange for Stock Awards, (b) accelerate the vesting and termination of outstanding Stock Awards so that Stock Awards can be exercised in full before or otherwise in connection with the closing or completion of the transaction or event but then

terminate or (c) cancel Stock Awards in exchange for cash payments to Participants. The Board need not adopt the same rules for each Stock Award or each Participant.

11.4 Changes of Control. In connection with a Change of Control, notwithstanding any other provision of this Plan (but subject to section 11.8), the Board may take any one or more of the actions described in Section 11.3. In addition, the Board may extend the date for the exercise of Options (but not beyond their original Expiration Date). The Board need not adopt the same rules for each Option or each Optionee. Change in Control shall mean the occurrence of any of the following events: (i) at any time during any two consecutive year period, at least a majority of the Board shall cease to consist of Continuing Directors (meaning directors of the Company who were directors at the beginning of such two-year period, or who subsequently became directors and whose election, or nomination for election by the Company's stockholders, was approved by a majority of the then Continuing Directors); or (ii) any person or group (as determined for purposes of Section 13(d)(3) of the Exchange Act, except any majority-owned subsidiary of the Company or any employee benefit plan of the Company or any trust thereunder, shall have acquired beneficial ownership (as determined for purposes of Securities and Exchange Commission (SEC) Regulation 13d-3) of Shares having 30% or more of the voting power of all outstanding Shares, unless such acquisition is approved by a majority of the directors of the Company in office immediately preceding such acquisition; or (iii) a merger or consolidation occurs to which the Company is a party, in which outstanding Shares are converted into shares of another company or other securities (of either the Company or another company) or cash or other property.

11.5 Divestiture. If the Company or an Affiliate sells or otherwise transfers equity securities of an Affiliate to a person or entity other than the Company or an Affiliate, or leases, exchanges or transfers all or any portion of its assets to such a person or entity, then the Board, in its sole and absolute discretion, may specify that such transaction or event constitutes a Divestiture. In connection with a Divestiture, notwithstanding any other provision of this Plan, the Board may take one or more of the actions described in Section 11.3 or 11.4 with respect to Awards or Award Shares held by, for example, Employees, Directors or Consultants for whom that transaction or event results in a Termination. The Board need not adopt the same rules for each Award or each Participant.

11.6 Dissolution. If the Company adopts a plan of dissolution, the Board may, in its sole and absolute discretion, cause Awards to be fully vested and exercisable (but not after their Expiration Date) before the dissolution is completed but contingent on its completion and may cause the Company's repurchase rights on Award Shares to lapse upon completion of the dissolution. To the extent not exercised before the earlier of the completion of the dissolution or their Expiration Date, Options shall terminate just before the dissolution is completed. The Board need not adopt the same rules for each Option or each Optionee.

11.7 Substitute Awards. The Board may cause the Company to grant Substitute Awards in connection with the acquisition by the Company or an Affiliate of equity securities of any entity (including by merger) or all or a portion of the assets of any entity. Any such substitution shall be effective when the acquisition closes. Substitute Awards that are Options may be Nonstatutory Options or Incentive Stock Options. Unless and to the extent specified otherwise by the Board, Substitute Awards shall have the same terms and conditions as the options they replace, except that (subject to Section 11) substitute options shall be Options to purchase Shares rather than equity securities of the granting entity and shall have an Option Price that, as determined by the Board in its sole and absolute discretion, properly reflects the substitution.

11.8 Compliance with Section 409A. The Board shall take no action pursuant to this Section 11 that would cause an Award that is exempt from Section 409A of the Code to become subject to Section 409A and noncompliant with Section 409A, or an Award that is subject to Section 409A to become noncompliant with Section 409A, unless the Board clearly indicates in writing its intent to take action under this Section 11 that is noncompliant with Section 409A of the Code.

11.9 Cut-Back to Preserve Benefits. If the Administrator determines that the net after-tax amount to be realized by any Participant, taking into account any accelerated vesting, termination of repurchase rights, or cash payments to that Participant in connection with any transaction or event addressed in this Section 11 would be greater if one or more of those steps were not taken with respect to that Participant's Awards or Award Shares, then and to that extent one or more of those steps shall not be taken; provided, however, no such cutback shall be taken in connection with Awards that are subject to Section 409A.

12. Withholding and Tax Reporting

12.1 Tax Withholding Alternatives. To the extent provided by the terms of a Stock Award Agreement, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Shares under a Stock Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment; (ii) authorizing the Company to withhold Shares from the Shares otherwise issuable to the Participant as a result of the exercise or acquisition of stock under the Stock Award; or (iii) delivering to the Company owned and unencumbered Shares.

12.2 Reporting of Dispositions. Any holder of Option Shares acquired under an Incentive Stock Option shall promptly notify the Administrator in writing of the sale or other disposition of any of those Option Shares if the disposition occurs during: (a) the longer of two years after the Grant Date of the Incentive Stock Option and one year after the date the Incentive Stock Option was exercised, or (b) such other period as the Administrator has established.

13. Compliance with Law

The grant of Awards and the issuance and subsequent transfer of Award Shares shall be subject to compliance with all Applicable Law, including all applicable securities laws. Options may not be exercised, and Option Shares may not be transferred, in violation of Applicable Law. Thus, for example, Options may not be exercised unless: (a) a registration statement under the Securities Act is then in effect with respect to the related Option Shares, or (b) in the opinion of legal counsel to the Company, those Option Shares may be issued in accordance with an applicable exemption from the registration requirements of the Securities Act and any other applicable securities laws. The failure or inability of the Company to obtain from any regulatory body the authority considered by the Company's legal counsel to be necessary or useful for the lawful issuance of any Award Shares or their subsequent transfer shall relieve the Company of any liability for failing to issue those Award Shares or permitting their transfer. As a condition to the exercise of any Option or the transfer of any Award Shares, the Company may require the Participant to satisfy any requirements or qualifications that may be necessary or appropriate to comply with or evidence compliance with any Applicable Law.

14. Amendment or Termination of this Plan or Outstanding Awards

14.1 Amendment and Termination. The Board may at any time amend, suspend, or terminate this Plan. On termination of the Plan, the Board may pay out benefits under the Plan in a manner that does not result in a violation of Section 409A of the Code.

14.2 Shareholder Approval. The Company shall obtain the approval of the Company's shareholders for any amendment to this Plan if shareholder approval is necessary or desirable to comply with any Applicable Law, with the requirements applicable to the grant of Options intended to be Incentive Stock Options or if the amendment would materially enhance the benefits available to participants under the Plan. The Board may also, but need not, require that the Company's shareholders approve any other amendments to this Plan. Unless a greater vote is required by Applicable Law, any amendment to the Plan shall be deemed approved if such amendment receives more affirmative votes than negative votes at a shareholders' meeting at which a quorum is present.

14.3 Cancellation and Re-Grant of Options. The Company may not reprice any outstanding Stock Awards under the Plan, including implement any program whereby outstanding Stock Awards will be cancelled and replaced with Stock Awards bearing a lower purchase or exercise price, without first obtaining the approval of the shareholders of the Company; provided however that this Section 14.3 shall in no way limit the Company's ability to adjust Stock Awards as provided under Section 11 above.

14.4 Effect. No amendment, suspension, or termination of this Plan, and no modification of any Award even in the absence of an amendment, suspension, or termination of this Plan, shall impair any existing contractual rights of any Participant unless the affected Participant consents to the amendment, suspension, termination, or modification. However, no such consent shall be required if the Administrator determines in its sole and absolute discretion that the amendment, suspension, termination, or modification: (a) is required or advisable in order for the Company, the Plan or the Award to satisfy Applicable Law, to meet the requirements of any accounting standard or to avoid any adverse accounting treatment, or (b) in connection with any transaction or event described in Section 11, is in the best interests of the Company or its shareholders. The Administrator may, but need not, take the tax consequences to affected Participants into consideration in acting under the preceding sentence. Termination of this Plan shall not affect the Administrator's ability to exercise the powers granted to it under this Plan with respect to Awards granted before the termination, or Award Shares issued under such Awards, even if those Award Shares are issued after the termination.

15. Reserved Rights

15.1 Nonexclusivity of this Plan. This Plan shall not limit the power of the Company or any Affiliate to adopt other incentive arrangements including, for example, the grant or issuance of stock options, stock, or other equity-based rights under other plans or independently of any plan.

15.2 Unfunded Plan. This Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants, any such accounts will be used merely as a convenience. The Company shall not be required to segregate any assets on account of this Plan, the grant of Awards, or the issuance of Award Shares. The Company and the Administrator shall not be deemed to be a trustee of stock to be awarded under this Plan. Any obligations of the Company to any Participant shall be based solely upon contracts entered into under this Plan, such as Award Agreements. No such obligation shall be deemed to be secured by any pledge or other encumbrance on any assets of the Company. Neither the Company nor the Administrator shall be required to give any security or bond for the performance of any such obligation.

16. Beneficiaries

A Participant may file a written designation of one or more beneficiaries who are to receive the Participant's rights under the Participant's Options after the Participant's death. A Participant may change such a designation at any time by written notice. If a Participant designates a beneficiary, the beneficiary may exercise the Participant's Options after the Participant's death. If a Participant dies when the Participant has no living beneficiary designated under this Plan, the Company shall allow the executor or administrator of the Participant's estate to exercise the Option or, if there is none, the person entitled to exercise the Option under the Participant's will or the laws of descent and distribution. In any case, no Option may be exercised after its Expiration Date.

17. Miscellaneous

17.1 Governing Law. This Plan and all determinations made and actions taken under this Plan shall be governed by the substantive laws, but not the choice of law rules, of the State of Washington.

17.2 Determination of Value. Fair Market Value shall be determined as follows:

(a) Listed Stock. If the Shares are traded on any established stock exchange or quoted on a national market system, Fair Market Value shall be the closing sales price for the Shares as quoted on that stock exchange or system for the date the value is to be determined (the Value Date) as reported in The Wall Street Journal or a similar publication. If no sales are reported as having occurred on the Value Date, Fair Market Value shall be that closing sales price for the last preceding trading day on which sales of Shares are reported as having occurred. If no sales are reported as having occurred during the five trading days before the Value Date, Fair Market Value shall be the closing bid for Shares on the Value Date. If Shares are listed on multiple exchanges or systems, Fair Market Value shall be based on sales or bids on the primary exchange or system on which Shares are traded or quoted.

(b) Stock Quoted by Securities Dealer. If Shares are regularly quoted by a recognized securities dealer but selling prices are not reported on any established stock exchange or quoted on a national market system, Fair Market Value shall be the mean between the high bid and low asked prices on the Value Date. If no prices are quoted for the Value Date, Fair Market Value shall be the mean between the high bid and low asked prices on the last preceding trading day on which any bid and asked prices were quoted.

(c) No Established Market. If Shares are not traded on any established stock exchange or quoted on a national market system and are not quoted by a recognized securities dealer, the Administrator will determine Fair Market Value in good faith and consistent with the requirements of Section 409A of the Code to the extent necessary to maintain an exemption from or compliance with Section 409A. The Administrator will consider the following factors, and any others it considers significant, in determining Fair Market Value: (i) the price at which other securities of the Company have been issued to purchasers other than Employees, Directors, or Consultants, (ii) the Company's net worth, prospective earning power, dividend-paying capacity, and non-operating assets, if any, and (iii) any other relevant factors, including the economic outlook for the Company and the Company's industry, the Company's position in that industry, the Company's goodwill and other intellectual property, and the values of securities of other businesses in the same industry.

17.3 Reservation of Shares. During the term of this Plan, the Company will at all times reserve and keep available such number of Shares as are still issuable under this Plan.

17.4 Electronic Communications. Any Award Agreement, notice of exercise of an Option, or other document required or permitted by this Plan may be delivered in writing or, to the extent determined by the Administrator, electronically. Signatures may also be electronic if permitted by the Administrator.

17.5 Escrow of Shares. To enforce any restriction applicable to Shares issued under the Plan, the Board or the Committee may require a Participant or other holder of such Shares to deposit the certificates representing such Shares, with approved stock powers or other transfer instruments endorsed in blank, with the Company or an agent of the Company until the restrictions have lapsed. Such certificates (or other notations representing the Shares) may bear a legend or legends referencing the applicable restrictions.

17.6 Notices. Unless the Administrator specifies otherwise, any notice to the Company under any Award Agreement or with respect to any Awards or Award Shares shall be in writing (or, if so authorized by Section 17.4, communicated electronically), shall be addressed to the Secretary of the Company, and shall only be effective when received by the Secretary of the Company.

17.7 Arbitration. Any dispute arising out of or relating to the Plan or any Award Agreement, including (without limitation) breach, termination or the validity thereof, shall be finally resolved by arbitration by a sole arbitrator in Seattle, Washington in accordance with the CPR Rules of Non-Administered Arbitration, and judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction thereof.
