**Item 8.01 Other Events**

During its financial close process for the year ended December 31, 2009, the Company discovered certain errors in its previously issued condensed consolidated statements of cash flows for the six months ended June 30, 2009 and nine months ended September 30, 2009, included in its Quarterly Reports on Form 10-Q for the quarters ended June 30, 2009 and September 30, 2009. Specifically, these errors overstated the line item Other changes in assets and liabilities other accrued expenses, a cash flow operating activity, and overstated the line item Advances from affiliates, a cash flow financing activity, for the six months ended June 30, 2009 and nine months ended September 30, 2009. The offsetting adjustments to these errors were reported in the line item Effect of foreign exchange rate changes on cash for both the six months ended June 30, 2009 and nine months ended September 30, 2009. These errors in the condensed consolidated statements of cash flows do not affect the Company's condensed consolidated balance sheets, condensed consolidated statements of operations, condensed consolidated statements of comprehensive income (loss), cash and cash equivalents, or earnings (loss) per share as of and for the six months ended June 30, 2009 and as of and for the nine months ended September 30, 2009.

Management does not consider these errors to be material to the Company's previously issued condensed consolidated financial statements in relation to its full fiscal year results of operations or the trend of its operating results. However, the errors pertaining to the Company's 2009 condensed consolidated statements of cash flows for the six months ended June 30, 2009 and nine months ended September 30, 2009 will be corrected prospectively when its Quarterly Reports on Form 10-Q for the quarters ended June 30, 2010 and September 30, 2010 are filed with the Securities and Exchange Commission.

Following is a summary of the effects of the errors identified on the Company's condensed consolidated statements of cash flows for the six months ended June 30, 2009 and nine months ended September 30, 2009 (in thousands):
