PROXY STATEMENT

Annual Meeting of Shareholders: May 11, 2010

Approximate Mailing Date: April 9, 2010

SOLICITATION OF PROXY

General

THE ENCLOSED PROXY IS SOLICITED BY AND ON BEHALF OF THE BOARD OF DIRECTORS OF LAKELAND BANCORP, INC. (hereinafter called "Lakeland" or the "Company") for use in connection with the Annual Meeting of Shareholders to be held at Perona Farms, 350 Andover Sparta Road, Andover, New Jersey 07821 on Tuesday, May 11, 2010 at 5:00 p.m., and at any adjournments thereof. The matters to be considered and acted upon at such meeting are referred to in the enclosed notice of such meeting and are more fully discussed below.

Only shareholders of record at the close of business on April 7, 2010, the record date fixed by the Board of Directors, will be entitled to notice of, and to vote at, the Annual Meeting. If the enclosed proxy is properly executed and returned to Lakeland and not revoked before its exercise, all shares represented thereby will be voted as specified in the form of proxy. If the proxy is signed but no specification is given, the shares will be voted in favor of the Board's nominees for election to the Board and in favor of Proposals 2 (ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for 2010) and 3 (non-binding approval of the compensation of the Company's executives as described in this proxy statement). The proxy will enable you to assure that your shares are voted and to aid in securing a quorum at the annual meeting.

In order to reduce the number of annual reports being sent to one address, only one annual report is being delivered to multiple security holders sharing an address unless Lakeland has received contrary instructions from one or more of the security holders. This is called "householding". Lakeland will deliver a separate copy of the annual report to any security holder who requests a copy in writing or by telephone. If you wish to receive a separate copy of the 2009 annual report, or if you wish to receive a separate copy of future annual reports, please contact Mr. Harry Cooper at Lakeland Bancorp, Inc., 250 Oak Ridge Road, Oak Ridge, New Jersey 07438 (toll-free telephone 866-284-1291). If you are currently receiving multiple copies of the annual report at the same address, and wish to have one annual report sent to multiple security holders sharing that address in the future, please contact Mr. Cooper at the above address and telephone number.

The entire cost of this solicitation will be borne by Lakeland. Officers and regular employees of Lakeland may also, but without additional compensation, solicit proxies by further mailings, personal conversations, telephone, facsimile or e-mail. Lakeland will make arrangements with brokerage houses, custodians, nominees and fiduciaries for the forwarding of proxy solicitation materials to beneficial owners of shares held of record by these brokerage houses, custodians, nominees and fiduciaries and Lakeland will reimburse these brokerage houses, custodians, nominees and fiduciaries for their reasonable expenses incurred in connection with the solicitation.

All share information, including stock option information, contained in this proxy statement has been adjusted to reflect Lakeland's previously effectuated 5% stock dividends.

Important notice regarding the availability of proxy materials for the annual meeting of shareholders to be held on May 11, 2010: This proxy statement and our 2009 annual report are available at www.lakelandbank.com.

Voting your Shares

Lakeland shareholders will have four alternative ways to vote:

by traditional paper proxy card;

by telephone;

via the Internet; or

in person at the Annual Meeting.

Please take a moment to read the instructions, choose the way to vote that you find most convenient and cast your vote as soon as possible.

Voting by Proxy Card. If proxy cards in the accompanying form are properly executed and returned, the shares represented thereby will be voted in the manner specified therein. If you vote by proxy card but make no specification on your proxy card that you have otherwise properly executed, your shares will be voted FOR the election of the Board's nominees for director and FOR Proposals 2 and 3.

Voting by Telephone. If you wish to vote by telephone and you are a shareholder of record of Lakeland, use a touch-tone telephone to call toll-free 1-800-PROXIES and follow the instructions. If you vote by telephone, you must have your control number and the proxy card available when you call.

Voting by the Internet. If you wish to vote through the Internet and you are a shareholder of record of Lakeland, you can access the web page at www.voteproxy.com and follow the on-screen instructions. If you vote through the Internet, you must have your control number and the proxy card available when you access the web page.

If your shares are registered in the name of a broker or other nominee, the voting form your broker or other nominee sent you will provide telephone and Internet voting instructions.

The deadline for voting by telephone or through the Internet as a shareholder of record of Lakeland is 11:59 p.m., local time, on May 10, 2010. For shareholders whose shares are registered in the name of a broker or other nominee, please consult the voting instructions provided by your broker or other nominee for information about the deadline for voting by telephone or through the Internet.

Voting in Person. If you attend the Annual Meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Changing your Vote

You will be able to change your vote as many times as you wish and the last vote received chronologically by any means will supersede your prior vote(s). Please note, however, that if you vote by the Internet, the maximum number of times that you can access the website using any one control number is limited to five times per day.

Any Lakeland shareholder may revoke a proxy at any time before or at the Annual Meeting in one or more of the following ways:

Delivering a written notice of revocation, bearing a later date than the proxy, at any time prior to the vote at the Annual Meeting to George H. Guptill, Jr., Corporate Secretary of Lakeland; or

Submitting a later-dated proxy card; or

Submitting a new proxy via telephone or the Internet.

A Lakeland shareholder should send any written notice of revocation or subsequent proxy card to Lakeland Bancorp, Inc., Attention: George H. Guptill, Jr., Corporate Secretary, 250 Oak Ridge Road, Oak Ridge, New Jersey 07438, or hand deliver the notice of revocation or subsequent proxy card to Mr. Guptill before the taking of the vote at the Annual Meeting. Attendance at the Annual Meeting will not by itself constitute a revocation of a proxy.

Required Vote

The presence, in person or by proxy, of a majority of the shares of Common Stock outstanding on the record date will constitute a quorum for purposes of the Annual Meeting. Provided that a quorum is present, directors will be elected by a plurality vote (there is no right to vote stock cumulatively) and approval of Proposals 2 and 3 will require the affirmative vote of a majority of the votes cast with respect to each such proposal. For purposes of determining the votes cast with respect to any matter presented for consideration at the Annual Meeting, only those votes cast for or against are included. Abstentions and broker non-votes are counted only for the purpose of determining whether a quorum is present at the Annual Meeting. Broker non-votes occur when brokers who hold their customers' shares in street name submit proxies for such shares on some matters, but not others. Generally, this would occur when brokers have not received any instructions from their customers. In these cases, the brokers, as the holders of record, are permitted to vote on routine matters, which typically include the ratification of the independent registered public accounting firm, but not on non-routine matters. Effective January 1, 2010, brokers are no longer permitted to vote on the election of directors without instructions from their customers.

CAPITAL STOCK OUTSTANDING

At the close of business on April 7, 2010, there were 24,000,775 shares of Lakeland's common stock, no par value (the Common Stock), outstanding and entitled to vote at the Annual Meeting. Each share will be entitled to one vote on all matters properly coming before the meeting.

To Lakeland's knowledge, no person beneficially owned more than 5% of the outstanding voting securities of Lakeland as of the record date.

PROPOSAL 1

ELECTION OF DIRECTORS

Unless a shareholder either indicates withhold authority on his proxy or indicates on his proxy that his shares should not be voted for certain nominees, it is intended that the persons named in the proxy will vote for the election as directors of the five persons named in Table I below to serve until the expiration of their respective terms and thereafter until their successors shall have been duly elected and shall have qualified. If elected, the nominees will serve for three year terms (except for Mr. John Fredericks, who is expected to retire in 2011). Each of the Board's nominees has consented to be named in this proxy statement and to serve as a director of the Company if elected. Discretionary authority is also solicited to vote for the election of a substitute for any of said nominees who, for any reason presently unknown, cannot be a candidate for election.

Table I sets forth the names and ages of the nominees for election to the Board of Directors, the positions and offices presently held by each such person within Lakeland, the period during which each such person has served on Lakeland's Board of Directors, the expiration of their respective terms, the principal occupations and employment of each such person during the past five years, and the number of shares of Lakeland Common Stock which they beneficially owned as of March 1, 2010. Except as otherwise indicated, Table II sets forth comparable information with respect to those directors whose terms of office will continue beyond the date of the Annual Meeting. Unless otherwise indicated, positions have been held for more than five years. Unless otherwise

stated in the footnotes following the tables, the nominees and other directors listed in the tables have sole power to vote and dispose of the shares which they beneficially owned as of March 1, 2010. Shares covered by stock options are included in the tables below only to the extent that such options may be exercised by May 1, 2010.

All of the persons named in both tables have been directors of Lakeland and Lakeland Bank for at least five years, except as follows: (a) Stephen R. Tilton, Sr. was appointed to the Board of Lakeland Bank on February 27, 2007, (b) Paul G. Viall, Jr. was appointed to the Board of Lakeland Bank in July 2007, (c) Messrs. Guptill, McCracken and Ms. Hendershot were appointed to the Lakeland Bank Board on August 13, 2008, (d) Bruce D. For a description of the attributes of each director that the Board considered in determining that such director should serve on the Company's Board, see "Board Qualifications" below.

Board Qualifications

The Company's Board does not have a formal policy of considering diversity in identifying potential director candidates. However, since the Board believes that its membership should broadly reflect the banking community served by Lakeland, it has an informal practice of considering a nominee's age, race, ethnicity, national origin, gender, and geographic location in addition to such nominee's qualifications for Board service. See Nominating and Corporate Governance Committee Matters-Qualifications and the charter of such committee for a description of the qualifications the Company's directors must possess.

The Board considered the following attributes of its nominees in determining that each is qualified to serve as a director of the Company:

Mr. Bohuny's 16 years of experience in the real estate business, particularly land development and building, and his background in the equity and fixed income markets, led the Board to conclude that this individual should serve as a director of the Company.

Ms. Hendershot has had significant experience in the leadership and management of various corporate entities and operations. She also has experience in managing and controlling risk-taking operations within the insurance industry, and in IT strategy and developments. This experience, as well as her educational background (including a degree in economics from Cornell University) led the Board to conclude that this individual should serve as a director of the Company.

Mr. Tilton's extensive and diverse experience in the financial markets and knowledge of financial instruments, including his current positions as Chairman and Chief Executive Officer of Tilton Securities, LLC, led the Board to conclude that this individual should serve as a director of the Company. This experience also includes serving as Chairman of GovPx, a company organized by dealers and brokers in 1990, which provides financial prices on all U.S. Treasury securities, including MBS securities, playing a significant role in establishing a clearing house for all government securities trading globally, his expertise on interest rates and derivative products and his involvement in establishing various federal funds markets between 1967 and 1985.

Additionally, Mr. Tilton serves as president of Tilton Automotive, LLC, which consists of two automotive dealerships in northern New Jersey.

Mr. John Fredericks' intimate knowledge of the Company and Lakeland, as the founder, a director and Chairman of the Board of both entities since 1969, his over 40 years of experience in the banking industry, the leadership role he has played at Lakeland and in his other endeavors, his reputation in the community and his educational background (including a BS in Business Administration and Chemical Engineering from MIT and participation in a Corporation Board Management seminar at the Harvard Business School) led the Board to conclude that this individual should serve as a director of the Company. Some of Mr. Fredericks' activities have included serving as a director (1977-1991) and chairman of the board (1980-1985) of Association Management Corporation (and his service on the finance and all other board committees of such entity), serving as a trustee (1975-2000) and chairman of the board (1980-1985) of Chilton Memorial Hospital (and service on the finance and all other board committees of such hospital), serving as a trustee, treasurer and member of the finance committee of the Fuel Merchants Association of New Jersey, and being a managing member of a number of family real estate holding companies.

Mr. Mark Fredericks' experience in managing three businesses in the Company's market area, his long service as a director of the Company and Lakeland and his charitable work led the Board to conclude that this individual should serve as a director of the Company. His business experience includes serving as president of Fredericks Fuel and Heating Service, Keil Oil Inc. and F&B Trucking Inc. He is knowledgeable about the real estate industry as a result of his management of a number of real estate partnerships. He has served as a trustee (1998-2008) of Chilton Memorial Hospital (and served as a member of the finance committee during that time) and as president of the West Milford Education Foundation (1996 to present).

Ms. Deacon's over 30 years of extensive experience in the real estate development process, building contracting, property management and sales, her service to a number of community associations, her reputation in the broader business community as well as in the local real estate markets and her dedication to the Company and Lakeland led the Board to conclude that this individual should serve as a director of the Company. Ms. Deacon is responsible for the planning and administration of numerous operating companies, three condominium associations and an equipment leasing entity. Her past participation in the state and local real estate associations includes leadership positions and committee experience in ethics, professional standards, strategic planning and governance. Ms. Deacon is committed to enhancing her professional participation as a director of Lakeland and frequently attends continuing education seminars and institutes applicable to directors of banks and bank holding companies. During her 15 year tenure at Lakeland, she has served on every committee of the Board. In January 2010, she was elected Vice Chairman of the Board of the Company and Lakeland Bank.

Mr. Nicholson's business experience with Eastern Propane Corporation (including his serving as president and CEO of that entity since 1988), his educational background in finance and business management, his experience in buying and selling companies and commercial real estate properties and his reputation in the business and local community led the Board to conclude that this individual should serve as a director of the Company. In 2009, Mr. Nicholson was honored with the Outstanding Citizen of the Year award from Sparta Township and as a Distinguished Citizen by the Boy Scouts of America, Patriots Path Council.

Mr. Bosma's 48 years of banking experience and the breadth of his knowledge in all areas of banking, including asset/liability management, loans and asset quality, retail banking and bank marketing, the audit function and overall bank operations, and his stature in the banking industry, led the Board to conclude that this individual should serve as a director of the Company. Mr. Bosma has an intimate knowledge of Lakeland and the Company after serving as President and Chief Executive Officer from 1999 to April 2008. He has served in many prominent positions in the banking industry, including as chairman of the New Jersey Bankers Association and a member of the Community Bankers Committee of the American Bankers Association. Mr. Bosma has held leadership positions in numerous charitable organizations, including the Chilton Hospital Foundation, the Juvenile Diabetes Research Foundation, the Ramapo College Foundation and Paterson Habitat for Humanity.

Mr. Guptill's knowledge of complex business and financial matters, gained over many years as serving as president of various insurance companies, his current service as Chairman of Franklin Mutual Insurance Group and a member of its Enterprise Risk Management Oversight Committee, and involvement with insurance industry associations, including as a former director, chairman of the board and chairman of the finance committee of the New Jersey Insurance Underwriting Association and former director, president, secretary and treasurer of the New Jersey Association of Mutual Insurance Companies, and as a former director and chairman of the audit committee of Highpoint Financial Corporation, led the Board to conclude that this individual should serve as a director of the Company.

Mr. O Dowd's knowledge of the banking industry, gained through his service as a director of Lakeland for 13 years and for the 12 years prior to his joining Lakeland, as a director of Metropolitan State Bank, his experience and reputation in the business community and his civic service led the Board to conclude that this individual should serve as a director of the Company. He is president of his own advertising company, a partner in two real estate holding companies and the former owner and operator of a food manufacturing business. He is the director of the Montville Chamber of Commerce, a past president of the Montville Kiwanis Club and has served as Deputy Mayor and on the Planning Board of Montville Township.

Mr. Viall's extensive business and board experience, educational background and charitable activities led the Board to conclude that this individual should serve as a director of the Company. His 42-year management career includes 35 years as CEO of five corporations (two of which were subsidiaries of Penn Virginia Corporation and three in which Mr. Viall held or holds controlling interests). His management experience included the energy services, minerals extraction/processing/marketing and retailing industries. Mr. Viall holds a Masters Degree in Business Administration from The Weatherhead School of Case Western Reserve University, and he has been an Adjunct Business Professor in the masters program of Centenary College in New Jersey. His for-profit board experience includes 20 years of service on the boards of Lakeland Bancorp, Inc. and Newton Financial Corporation and 38 years of service with six other organizations. He has also served on the boards of nine non-profit organizations and is past chairman and an emeritus director of the North Jersey Health Care Corporation.

Mr. Shara's over 25 years of experience in the banking industry, his stature and reputation in the banking and local community, and his service as President and CEO of the Company and Lakeland Bank since April 2008 led the Board to conclude that this individual should serve as a director of the Company. His knowledge and understanding of all facets of the business of banking, the leadership he has demonstrated at the Company and at prior institutions and his involvement in charitable and trade organizations make him extremely valuable as a Board member. Mr. Shara serves on the Board of Directors of the Commerce and Industry Association of New Jersey, the Board of Trustees of the Boys and Girls Club of Paterson, New Jersey and the Board of Trustees of Chilton Memorial Hospital Foundation. He also serves on the Board of Governors of the Ramapo College Foundation. Mr. Shara earned a Master's Degree in Business Administration as well as a Bachelor of Science Degree from Fairleigh Dickinson University.

Mr. McCracken's knowledge of the banking industry, his over 13 years of service on the boards of various banks (including serving on the Company's Board since 2004 and Lakeland Bank's Board since 2008), his business experience as an owner and operator of various businesses and real estate within Lakeland's footprint, his reputation in the community as a lifelong resident within Lakeland's footprint, his many long standing relationships with the Company's non-institutional shareholder base and his involvement in many non-profit and local charities (including serving as Chairman of Newton Memorial Hospital and on the boards of other similar organizations) led the Board to conclude that this individual should serve as a director of the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder require Lakeland's directors, executive officers and 10% shareholders to file with the SEC certain reports regarding such persons' ownership of Lakeland's securities. Lakeland is required to disclose any failures to file such reports on a timely basis. Based solely upon a review of the copies of the forms or

information furnished to Lakeland, Lakeland believes that during 2009, all filing requirements applicable to its directors and officers were satisfied on a timely basis, except that Ms. Deacon failed to file on a timely basis a report disclosing a purchase of shares in March 2009 and Mr. McCracken failed to file on a timely basis a report disclosing that he became co-trustee of a trust holding Lakeland's securities in February 2009. The failures to file on a timely basis were inadvertent, and the filings were made promptly after the failures to file were noted.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Compensation Objectives and the Focus of Our Compensation Rewards

Our compensation program is designed to attract highly qualified individuals, retain those individuals in a competitive marketplace for executive talent and motivate performance in a manner that maximizes our corporate performance while ensuring that these programs do not encourage unnecessary or excessive risks that threaten the value of our Company. We seek to align individual performance with our long-term strategic business objectives and shareholder value. We believe that the combination of executive compensation that we provide fulfills these objectives.

Currently, our executive compensation program has three key elements: (i) salary; (ii) long-term equity incentives; and (iii) other executive retirement benefits and perquisites. We annually review our mix of short term performance incentives versus long term incentives and seek a reasonable balance of those incentives. We do not have set percentages of short term versus long term incentives.

Our compensation philosophy is determined by our Board of Directors, based upon the recommendations of the Compensation Committee, which is comprised solely of independent directors. Our Chief Executive Officer makes recommendations to the Compensation Committee concerning the compensation of our other executive officers, but does not participate in establishing his own compensation.

The guiding principle of our compensation philosophy is that the compensation of our executive officers should be based primarily on the financial performance of the Company, and partially on individual performance. While this pay-for-performance philosophy requires the Compensation Committee to first consider the Company's profitability, the Committee does not intend to reward unnecessary or excessive risk taking. These principles are reflected in the specific elements of our compensation program, particularly our incentive bonus program, as described below.

Specific Elements of Our Compensation Program

We have described below the specific elements of our compensation program for executive officers.

Salary. We believe that a key objective of our salary structure is to maintain reasonable fixed compensation costs, while taking into account the performance of our executive officers.

Thomas J. Shara serves as President and Chief Executive Officer of the Company and Lakeland Bank under an employment agreement which provides that Mr. Shara will receive an annual base salary of at least \$400,000. See *Employment Agreements and Other Arrangements with Executive Officers* for a description of Mr. Shara's employment agreement, as well as descriptions of certain other agreements entered into with the other executive officers named in our summary compensation table. (Mr. Shara and the other executive officers named in our summary compensation table are referred to as the *Named Executive Officers*.)

Long-Term Equity Incentive Compensation. The Company's shareholders approved the Lakeland Bancorp, Inc. 2009 Equity Compensation Program (referred to as our *Equity Compensation Program*) at the Company's 2009 annual meeting of shareholders. The 2009 Equity Compensation Program replaced the 2000 Equity Compensation Program, which was scheduled to expire on February 8, 2010.

Our Equity Compensation Program permits the Company to grant stock options, restricted stock awards and restricted stock unit awards. Stock options previously have been granted to our executive officers at an exercise price equal to the then current market price of our Common Stock. Stock options, restricted stock awards and restricted stock unit awards may be recommended by the Compensation Committee and granted by the Board under the Equity Compensation Program on a discretionary basis,

taking into account the Company's financial performance and each executive's contribution to such performance.

Based on the Company's financial results for 2009, the Board of Directors, upon the recommendation of the Compensation Committee, determined that no discretionary awards should be granted to Mr. Shara or any of the other Named Executive Officers for 2009.

Other Incentive Compensation. In 2009, each of the Named Executive Officers had an opportunity to earn other incentive compensation, based on the achievement of specific performance targets. For Mr. Shara, the Company's President and Chief Executive Officer, this incentive compensation was based exclusively on the achievement of Company goals based on increases in the Company's net income. For the Chief Operating Officer, this incentive compensation was based 80% on the achievement of Company goals and 20% on the achievement of individual goals. This incentive compensation for the other Named Executive Officers was based 65% on the achievement of Company goals and 35% on the achievement of individual goals. The individual performance criteria included an assessment of the executive's leadership and contributions to revenue enhancement, cost containment efforts, loan and deposit growth and maintenance of credit quality.

For 2009, the Company's net income performance target was an 8% increase in net income over the prior year before taking into account expenses related to the Company's participation in the TARP Capital Purchase Program (described below). As the Company's net income for 2008 was \$15.2 million, the net income target for 2009 was \$16.5 million before TARP Capital Purchase Program expenses or \$14.6 million after such expenses (the 2009 Net Income Target). Under the 2009 plan, for each full percentage point by which actual 2009 net income fell below the 2009 Net Income Target, the bonus amount payable would decrease by 2%, provided that if actual 2009 net income was less than 80% of the Net Income Target, no incentive compensation would be payable under this portion of the 2009 plan. For each full percentage point by which actual 2009 net income exceeded the 2009 Net Income Target, the incentive compensation amount payable would increase by 3%, up to the maximum amounts set forth in the table below. The Company reported a net loss of \$5.4 million for 2009.

As noted above, Mr. Shara's eligibility for this incentive compensation was based exclusively on the Company's increase of net income, and despite his significant individual contributions to the Company during 2009, the Board of Directors, upon the recommendation of the Compensation Committee, did not grant Mr. Shara incentive compensation. Based on the achievement of individual performance goals for 2009, on January 26, 2010, the Company granted this incentive compensation to the other Named Executive Officers in the form of restricted stock awards. The minimum (threshold), target and maximum bonus amounts that each Named Executive Officer could have received, and the actual amounts paid, are as follows:

Name	Estimated Future Payouts Under Equity Incentive Plan Awards (1)			Restricted Stock Awards
	Threshold (\$)	Target (\$)	Maximum (\$)	Granted January 2010 (1) (\$)
(a)				
Thomas J. Shara	0	186,750	207,500	0
Joseph F. Hurley	0	80,313	125,000	43,748
Robert A. Vandenberg	0	112,520	145,000	29,000
David S. Yanagisawa	0	67,463	105,000	36,747
Jeffrey J. Buonforte	0	68,266	106,250	12,271

- (1) The amounts in the columns above are denominated in dollars, although the payouts were made in grants of restricted stock awards under the Company's 2009 Equity Compensation Program. As described above, Mr. Shara did not receive an award under the Company's 2009 incentive compensation plan. The other Named Executive Officers received the following restricted stock awards on January 26, 2010: Mr. Hurley: 6,093 shares; Mr. Vandenberg: 4,039 shares; Mr. Yanagisawa: 5,118 shares; and Mr. Buonforte: 1,709 shares. Subject to vesting and transferability requirements and

restrictions under the Emergency Economic Stabilization Act of 2008 (EESA), as amended by the American Recovery and Reinvestment Act of 2009 (ARRA), the Interim Final Rule promulgated by the U.S. Department of Treasury on June 15, 2009, as it may be further amended, and the 2009 Equity Compensation Program, the shares of restricted stock subject to each award vest as follows: 45% on January 26, 2012, 45% on January 26, 2013, with the remaining 10% on the later of January 26, 2015 or the date on which the Company repays the Capital Purchase Program investment. The dollar amounts under the caption Restricted Stock Awards Granted January 2010 refer to the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. As these restricted stock awards were granted in 2010, they do not appear in the summary compensation table or the other compensation tables set forth in this proxy statement.

Other Elements of Compensation for Executive Officers. In order to attract and retain qualified executives, we provide executives with a variety of benefits and perquisites, consisting primarily of retirement benefits through our 401(k) and various retirement plans, executive life insurance, and the use of automobiles. Details of the values of these benefits and perquisites may be found in the footnotes and narratives to the summary compensation table. The Company has also entered into Supplemental Executive Retirement Plan Agreements with Mr. Shara and Mr. Vandenberg. See Employment Agreements and Other Arrangements with Executive Officers . Although the Company historically has made contributions to the Lakeland Bank Profit Sharing Plan on behalf of executive officers, as well as all other employees, as a result of the Company s financial performance, no contribution was made to the Lakeland Bank Profit Sharing Plan on behalf of any employees, including the Named Executive Officers, in 2009.

Employment and Other Agreements.

Our agreements with the Named Executive Officers are described later in this proxy statement. See Employment Agreements and Other Arrangements with Executive Officers.

Compliance with Sections 162(m) and 409A of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation exceeds \$1,000,000 for a covered employee. Certain performance-based compensation that has been approved by our shareholders is not subject to this limitation. As a result, stock options granted under our Equity Compensation Program are not subject to the limitations of Section 162(m). However, restricted stock awards granted under our Equity Compensation Program generally will not be treated as performance-based compensation. Restricted stock award grants made to date under the Equity Compensation Program have not been at levels that, together with other compensation, approached the \$1,000,000 limit. Also, since we retain discretion over cash bonuses, those bonuses also will not qualify for the exemption for performance-based compensation.

It is our intention to maintain our executive compensation arrangements in conformity with the requirements of Section 409A of the Internal Revenue Code, which imposes certain restrictions on deferred compensation arrangements.

Effect of our Participation in the Treasury s Capital Purchase Program

In response to unprecedented market turmoil, the Emergency Economic Stabilization Act of 2008 (EESA) was enacted on October 3, 2008. Under EESA, the U.S. Treasury established the Troubled Asset Relief Program (TARP) Capital Purchase Program, pursuant to which the Treasury purchases preferred stock and warrants from financial institutions. In February 2009, the Company received \$59,000,000 under the TARP Capital Purchase Program.

Participants in the TARP Capital Purchase Program were required to accept several compensation-related limitations associated with this Program. In February 2009, five executive officers of the Company (Messrs. Shara, Hurley, Vandenberg, Buonforte and Luddecke) agreed in writing to accept the compensation standards in existence at that time under the Capital Purchase Program and thereby cap or eliminate some of their contractual or legal rights. The provisions agreed to were as follows:

No golden parachute payments. The term "golden parachute payment" under the TARP Capital Purchase Program (as distinguished from the definition under the Stimulus Act referred to below) refers to a severance payment resulting from involuntary termination of employment, or from bankruptcy of the employer, that exceeds three times the terminated employee's average annual base salary over the five years prior to termination. The Company's senior executive officers (the CEO, the CFO and the next three highest-paid executive officers) have agreed to forego all golden parachute payments for as long as they remain senior executive officers of the Company and the Treasury continues to hold the equity securities that the Company issued to it under the TARP Capital Purchase Program (the period during which the Treasury holds those securities is referred to as the "CPP Covered Period").

Clawback of Bonus and Incentive Compensation if Based on Certain Material Inaccuracies. Our senior executive officers agreed to a clawback provision. Any bonus or incentive compensation paid to them during the CPP Covered Period is subject to recovery or clawback by the Company if the payments were based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria. The senior executive officers acknowledged that each of the Company's compensation, bonus, incentive and other benefit plans, arrangements and agreements (including golden parachute, severance and employment agreements) (collectively, "benefit plans") with respect to them was deemed amended to the extent necessary to give effect to such clawback and the restriction on golden parachute payments.

No Compensation Arrangements That Encourage Excessive Risks. The Company is required to review its benefit plans to ensure that they do not encourage senior executive officers to take unnecessary and excessive risks that threaten the value of the Company. To the extent any such review requires revisions to any benefit plan with respect to the senior executive officers, they agreed to negotiate such changes promptly and in good faith.

During the CPP Covered Period, the Company is not permitted to take federal income tax deductions for compensation paid to the senior executive officers in excess of \$500,000 per year, subject to certain exceptions.

On February 17, 2009, the American Recovery and Reinvestment Act of 2009 (the "Stimulus Act") was enacted. The Stimulus Act contains several provisions designed to establish executive compensation and governance standards for financial institutions (such as the Company) that received or will receive financial assistance under TARP. In certain instances, the Stimulus Act modified the compensation-related limitations contained in the TARP Capital Purchase Program; in addition, the Stimulus Act created additional compensation-related limitations and directed the Treasury to establish standards for executive compensation applicable to participants in TARP. The compensation-related limitations applicable to the Company which have been added or modified by the Stimulus Act are as follows:

No severance payments. Under the Stimulus Act, the term "golden parachutes" is defined to include any severance payment resulting from involuntary termination of employment, except for payments for services performed or benefits accrued. Under the Stimulus Act, the Company is prohibited from making any severance payment to its senior executive officers (defined in the Stimulus Act as the five highest paid senior executive officers) and the Company's next five most highly compensated employees during the period that the Company's Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the "Series A Preferred Shares") (the shares issued to the Treasury) are outstanding.

Recovery of Incentive Compensation if Based on Certain Material Inaccuracies. The Stimulus Act contains the clawback provision discussed above but extends its application to any bonus awards and

other incentive compensation paid to any of the Company's senior executive officers and the next 20 most highly compensated employees during the period that the Series A Preferred Shares are outstanding that is later found to have been based on materially inaccurate financial statements or other materially inaccurate measurements of performance.

No Compensation Arrangements that Encourage Earnings Manipulation. Under the Stimulus Act, during the period that the Series A Preferred Shares are outstanding, the Company is prohibited from entering into compensation arrangements that encourage manipulation of the reported earnings of the Company, or that provide incentives to take unnecessary or excessive risks, to enhance the compensation of any of the Company's employees.

Limit on Incentive Compensation. The Stimulus Act contains a provision that prohibits the payment or accrual of any bonus, retention award or incentive compensation to the Company's five most highly compensated employees while the Series A Preferred Shares are outstanding other than awards of long-term restricted stock that (i) do not fully vest while the Series A Preferred Shares are outstanding, (ii) have a value not greater than one-third of the total annual compensation of such employee and (iii) are subject to such other restrictions as are determined by the Treasury. The prohibition on bonuses does not preclude payments required under written employment contracts entered into on or prior to February 11, 2009.

Compensation Committee Functions. The Stimulus Act requires that the Company's Compensation Committee be comprised solely of independent directors and that it meet at least semiannually to discuss and evaluate the Company's employee compensation plans in light of an assessment of any risk posed to the Company from such compensation plans.

Compliance Certifications. The Stimulus Act requires an annual written certification by the Company's chief executive officer and chief financial officer with respect to the Company's compliance with the provisions of the Stimulus Act.

Treasury Review of Excessive Bonuses Previously Paid. The Stimulus Act directs the Treasury to review all compensation paid to the Company's senior executive officers and its next 20 most highly compensated employees to determine whether any such payments were inconsistent with the purposes of the Stimulus Act or were otherwise contrary to the public interest. If the Treasury makes such a finding, the Treasury is directed to negotiate with the Company and the applicable employee for appropriate reimbursements to the federal government with respect to the compensation and bonuses.

Say on Pay. Under the Stimulus Act, the Company is required to have an advisory "say on pay vote" by the shareholders on executive compensation at the Company's shareholder meetings during the period that the Series A Preferred Shares are outstanding. As was the case at last year's annual meeting of shareholders, this requirement pertains to the Company's 2010 annual meeting. See Proposal 3 .

Summary of Cash and Certain Other Compensation

The following table sets forth, for the three years ended December 31, 2009, 2008 and 2007, a summary of the compensation earned by Thomas J. Shara, who has served as our President and Chief Executive Officer since April 2, 2008, Joseph F. Hurley, our Chief Financial Officer, and our three other most highly compensated executive officers for 2009. We refer to the executive officers named in this table as the "Named Executive Officers." The Named Executive Officers did not receive any compensation from non-equity incentive plans with respect to performance during 2009.

Contributions made by the Company on behalf of the Named Executive Officers are included in the table above under All Other Compensation for 2008 and 2007. No contributions were made by the Company to the Profit Sharing Plan for 2009.

Grant of Plan Based Awards

During 2009, our Named Executive Officers did not receive stock awards or stock options under any equity incentive plan. They also did not receive awards in 2009 under any non-equity incentive plan. The following table shows amounts that could have been earned under the Company's 2009 incentive bonus plan. The amounts in the columns under Estimated Future Payouts Under Equity Incentive Plan Awards are denominated in dollars, although the applicable payouts were made in grants of restricted stock awards in January 2010 under the Company's 2009 Equity Compensation Program. As the actual restricted stock awards were made in 2010, they

are not included in the Summary Compensation Table contained herein. For a description of the Company's 2009 incentive compensation plan, including the various performance targets, and the payouts that were made in January 2010, see "Other Incentive Compensation" under the Compensation Discussion and Analysis.

In the table above, we are disclosing:

in column (b), the number of shares of our Common Stock underlying unexercised stock options that were exercisable as of December 31, 2009;

in column (c), the number of shares of our Common Stock underlying unexercised stock options that were non-exercisable as of December 31, 2009;

in columns (e) and (f), respectively, the exercise price and expiration date for each stock option that was outstanding as of December 31, 2009;

in column (h), the aggregate market value as of December 31, 2009 of the stock awards referenced in column (g).

In calculating the market values of restricted stock in the table above, we have multiplied the closing market price of our Common Stock on the last trading day in 2009, which was \$6.39, by the applicable number of shares of Common Stock underlying the Named Executive Officers' stock awards. The stock awards included in the table above for Messrs. Hurley, Vandenberg and Buonforte were granted on December 13, 2006 and December 12, 2007, and vest in four equal annual installments beginning one year after the grant date. The stock award for Mr. Shara was granted on April 2, 2008, and vests in four equal annual installments beginning December 1, 2009. The stock award for Mr. Yanagisawa was granted on November 24, 2008. A total of 4,500 of these shares began to vest in 25% increments beginning November 24, 2009 and 4,500 shares vest on November 24, 2013.

Options Exercised and Stock Awards Vested

The following table sets forth, for each of the Named Executive Officers, information regarding stock options exercised during 2009 and stock awards vested during 2009. The phrase "value realized on exercise" represents the number of shares of Common Stock set forth in column (b) multiplied by the difference between the market price of our Common Stock on the date of exercise and the Named Executive Officer's exercise price. Similarly, the phrase "value realized on vesting" represents the number of shares of Common Stock set forth in column (d) multiplied by the market price of our Common Stock on the date on which the Named Executive Officer's stock award vested.

The National Bank of Sussex County (NBSC) entered into a salary continuation agreement during 1996 with Mr. Vandenberg, its president, which entitled him to certain payments upon his retirement. As part of the merger of the Company and NBSC's parent (High Point Financial Corp.) in July 1999, the Company placed in trust amounts equal to the present value of the amounts that would be owed to Mr. Vandenberg in his retirement. This amount was \$381,000. The earnings for 2009 were \$26,251 and the aggregate balance of the trust at December 31, 2009 was \$253,788. The Company has no further obligation to pay additional amounts pursuant to this agreement. The \$18,661 withdrawn in 2009 was used to pay the premium for additional life insurance and trustee fees for Mr. Vandenberg. In December 2008, the salary continuation agreement with Mr. Vandenberg was amended to comply with Section 409A of the Internal Revenue Code of 1986, as amended.

NBSC also provided Mr. Vandenberg with a split dollar life insurance death benefit, pursuant to which his beneficiary will receive an amount equal to three times his last salary. The one time premium for such insurance was paid prior to 2009.

Employment Agreements and Other Arrangements with Executive Officers

Thomas J. Shara joined the Company as President and Chief Executive Officer of Lakeland and Lakeland Bank on April 2, 2008. On May 22, 2008, Lakeland, Lakeland Bank and Mr. Shara, executed an Employment Agreement (the "Employment Agreement") and a Supplemental Executive Retirement Plan Agreement (the "SERP"). Both the Employment Agreement and the SERP are effective as of April 2, 2008.

The Employment Agreement provides that Mr. Shara will be employed as President and Chief Executive Officer of the Company and Lakeland Bank for a term commencing on April 2, 2008 (the "Effective Date") and expiring on April 1, 2011 (the "Initial Term"). The Initial Term will automatically be extended for an additional

one year period on each anniversary date of the Effective Date, unless on or before each such anniversary date either party provides written notice to the other of its (or his) intent not to extend the then current term, provided, however, that on and after the 15th anniversary of the Effective Date, if Mr. Shara remains employed, his employment will be on an at-will basis. The Initial Term and any renewal period through the 15th anniversary of the Effective Date collectively are referred to as the Term .

The Employment Agreement further provides that Mr. Shara will be nominated for election (i) as a member of Lakeland Bank's Board of Directors at each annual meeting of the sole shareholder of Lakeland Bank occurring during the Term and (ii) as a member of the Company's Board of Directors at each annual meeting of shareholders of the Company at which Mr. Shara's term as a director of the Company expires occurring during the Term. Mr. Shara initially was appointed to the Lakeland Bank Board and the Company Board on April 2, 2008, and was nominated to stand for election at the Company's 2008 annual meeting of shareholders for a term of two years, at which he was so elected. He is nominated for a three year term at the 2010 Annual Meeting.

The Employment Agreement provides that Mr. Shara will receive a base salary of not less than \$400,000 per year. He will participate in the executive bonus program as approved annually by the Company's Board. Upon joining the Company on April 2, 2008, Mr. Shara received a restricted stock award of 60,000 shares. A total of 25% of such restricted shares vested on December 1, 2009, with the balance to vest in 15,000 share increments on each of December 1, 2010, December 1, 2011 and December 1, 2012, provided that Mr. Shara is an employee of the Company or Lakeland Bank on the respective vesting date. The Employment Agreement also provides that Mr. Shara will be entitled to participate in all employee benefit plans or programs, including without limitation the 401(k) Plan and Profit Sharing Plan, and to receive all benefits and perquisites, including without limitation an automobile, which are approved by the Boards of the Company and Lakeland Bank and are generally made available to executive officers of the Company, to the extent permissible under the general terms and provisions of such plans or programs.

The Employment Agreement provides that if Mr. Shara's employment is terminated during the Term by the Company without Cause (as contractually defined) or Mr. Shara resigns for Good Reason (as contractually defined), Mr. Shara will receive a severance payment equal to 36 months of his annual base salary at the rate in effect as of the termination date. In addition, all of Mr. Shara's restricted shares and stock options (to the extent not already vested) will become fully vested, and he will be permitted to exercise any such option for the period specified in the Company's equity compensation plan as in effect at such time. He will also be entitled to the continuation of certain medical benefits. However, if within 90 days following a Change in Control (as contractually defined), Mr. Shara's employment is terminated without Cause or he resigns for Good Reason, then he will receive a severance payment equal to three times the sum of (a) an amount equal to his annual base salary at the rate in effect as of the termination date, plus (b) an amount equal to the highest annual bonus paid to Mr. Shara during the last three years prior to the his termination date.

The Employment Agreement provides that in the event it is determined that any payment or benefit made or provided by the Company or Lakeland Bank pursuant to the terms of the Employment Agreement or otherwise would be subject to the excise tax (the Excise Tax) imposed by Section 4999 of the Internal Revenue Code, then Mr. Shara will be entitled to receive an additional payment from the Company (a Gross-Up Payment) such that the net amount received by Mr. Shara after deduction of such Excise Tax and any federal, state and local income tax, penalties, interest and Excise Tax upon the Gross-Up Payment will be equal to the payments otherwise payable to him under the terms of the Employment Agreement. Mr. Shara also agrees in the Employment Agreement not to compete with Lakeland Bank's business for a 12 month period following termination of employment in a geographic area equal to 20 miles from any of Lakeland Bank's branches at the time of Mr. Shara's termination of employment.

The SERP provides that Mr. Shara will receive a normal retirement benefit of \$150,000 per year for 15 years upon termination of his employment after the normal retirement age of 65. The benefit will be paid in monthly payments of \$12,500 each. The SERP further provides that if, prior to a Change in Control, Mr. Shara resigns his employment with the Company or Lakeland Bank for Good Reason, his employment with the

Company or Lakeland Bank terminates due to disability, or his employment with the Company or Lakeland Bank is terminated by the Company or Lakeland Bank other than for Cause, he will receive the same benefit of \$150,000 per year for 15 years, payable in monthly payments of \$12,500 each, commencing with the month following Mr. Shara's 65th birthday. If Mr. Shara is employed by the Company or Lakeland Bank at the time of a Change in Control, he will receive the same benefit, beginning with the month following his 65th birthday. If Mr. Shara should die while employed, his beneficiary will receive the same monthly payment described above for the period specified, except that such payments will commence within 60 days of receipt of a death certificate. If Mr. Shara should die after the benefit payments have commenced but before receiving all such payments, the Company will pay the remaining benefits to his beneficiary at the same time and in the same amounts they would have been paid to Mr. Shara had he survived. The SERP provides that Mr. Shara is not entitled to any benefit under the SERP if (i) the Company terminates his employment for Cause, or (ii) he resigns his employment with the Company other than for Good Reason prior to the earlier of attaining age 65 or a Change in Control. Amounts payable under the SERP are subject to the same gross up provisions as are applicable under the Employment Agreement. Amounts payable under both the Employment Agreement and the SERP may be delayed in order to comply with Section 409A of the Internal Revenue Code.

Lakeland and Lakeland Bank also entered into agreements, dated March, 2001 and as amended by agreements dated March 10, 2003, with each of Messrs. Hurley, Vandenberg and Buonforte (each, an Executive) providing for certain terms and conditions of their employment in the event of a change in control (each a Change in Control Agreement). Under such Change in Control Agreements, the term of each Executive's employment becomes fixed for a period (the contract period) ending on the earlier of the Executive's death, attainment of age 65, or the second anniversary of the date of such change in control. During the contract period, each Executive is to be employed in the same position as held by him immediately prior to such event, and is entitled to base salary equal to the annual salary in effect immediately prior to the change in control and bonus equal to the highest annual bonus paid during the three most recent fiscal years prior to the change in control. In addition, during the contract period, each Executive is entitled to certain other benefits and perquisites as in effect as of the change in control. If during the contract period, an Executive's employment is terminated without cause, or he resigns for good reason (each as defined in the Change in Control Agreement), he will be entitled to continued life and health insurance benefits for the balance of the contract period and a lump sum cash payment equal to two times the sum of his highest salary and bonus paid to him during any of the three most recent calendar years prior to the change in control. For purposes of each Change in Control Agreement, the term change in control has the same meaning as under the Equity Compensation Plan. Each Change in Control Agreement contains confidentiality and non-compete covenants in favor of Lakeland.

In December 2008, the Change in Control Agreements with each of Messrs. Hurley, Vandenberg and Buonforte were amended to comply with Section 409A of the Internal Revenue Code. The amendments provide for a six month payment delay and interest paid during that six month payment delay period, in accordance with Section 409A.

The Company entered into a Supplemental Executive Retirement Plan (SERP) agreement, dated December 23, 2008, with Mr. Vandenberg. The SERP provides that Mr. Vandenberg will receive a normal retirement benefit of \$90,000 per year for 10 years upon termination of his employment after the normal retirement age of 65. The benefit will be paid in monthly payments of \$7,500 each. The SERP further provides that if, prior to a change in control Mr. Vandenberg resigns his employment with the Company or Lakeland Bank for Good Reason (as defined), his employment with the Company or Lakeland Bank terminates due to disability or his employment with the Company or Lakeland Bank is terminated by the Company or Lakeland Bank other than for Cause (as defined), he will receive the same benefit of \$90,000 per year for 10 years, payable in monthly payments of \$7,500 each, commencing with the month following Mr. Vandenberg's 65th birthday. If Mr. Vandenberg is employed by the Company or Lakeland Bank at the time of a change in control, he will receive the same benefit, beginning with the month following his 65th birthday. If Mr. Vandenberg should die while employed, his beneficiary will receive the same monthly payment described above for the period specified, except that such payments will commence within 60 days of receipt of a death certificate. If Mr. Vandenberg

should die after the benefit payments have commenced but before receiving all such payments, the Company will pay the remaining benefits to his beneficiary at the same time and in the same amounts they would have been paid to Mr. Vandenberg had he survived. The SERP provides that Mr. Vandenberg is not entitled to any benefit under the SERP if (i) the Company terminates his employment for Cause, or (ii) he resigns his employment with the Company other than for Good Reason prior to the earlier of attaining age 65 or a change in control. Amounts payable under the SERP may be delayed in order to comply with Section 409A.

The Company entered into a Change in Control, Severance and Employment Agreement (Employment Agreement) with David S. Yanagisawa, which was executed December 23, 2008 and effective as of November 24, 2008. The Employment Agreement provides for a base salary of \$210,000, a signing bonus of \$27,500 payable after 90 days of employment and a restricted stock award covering 9,000 shares, of which 4,500 shares began to vest in 25% annual increments beginning on November 24, 2009, with the remaining 4,500 vesting on November 24, 2013. The Employment Agreement also provides that, upon Mr. Yanagisawa's termination of employment or significant reduction in duties after a change in control of the Company, he will receive a payment equal to two times the highest sum of his base salary plus the amount of the cash bonus he received during any of the three (3) calendar years immediately prior to the change in control. The Employment Agreement also provides that Mr. Yanagisawa is entitled to participate in all employee benefit plans or programs, including without limitation the 401(k) Plan and Profit Sharing Plan, and to receive all benefits and perquisites, including without limitation an automobile, which are approved by the Boards of the Company and Lakeland Bank and are generally made available to executive officers of the Company, to the extent permissible under the general terms and provisions of such plans or programs.

Had each of the Named Executive Officers terminated employment as of December 31, 2009 in connection with a change in control, either through a termination by the Company (or a successor entity) without Cause or by the executive for Good Reason (as defined in the applicable agreements described above), the estimated amounts that each Named Executive Officer would have been entitled to receive under their respective agreements are as follows: for Mr. Shara: \$3,866,475; for Mr. Hurley: \$616,146; for Mr. Vandenberg: \$1,563,411; for Mr. Yanagisawa: \$594,777; and for Mr. Buonforte: \$505,720. The above amounts for Messrs. Shara and Vandenberg include the aggregate value of the respective SERP payments that each would receive beginning at age 65, which amounts are \$2,250,000 and \$900,000, but which have a present value of accumulated benefit of \$114,974 and \$70,328, respectively. See Pension Plans for a description of the present value of accumulated benefits.

See Deferred Compensation for a description of a salary continuation agreement with Mr. Vandenberg.

See the Compensation Discussion and Analysis Effect of our Participation in the Treasury's Capital Purchase Program for a description of various limitations on the Named Executive Officers' compensation as a result of the Company's participation in the TARP Capital Purchase Program.

Board Leadership Structure and Role in Risk Oversight

The Company currently has, and historically has had, a Chairman of the Board, separate from the Chief Executive Officer. The Board believes it is important to have an independent director in a Board leadership position at all times. The Chairman provides leadership for the Board. In addition, as noted below, in March 2007, the Board created a new position of presiding director, whose primary responsibility is to preside over periodic sessions of the Board of Directors in which management directors do not participate. Having an independent Chairman and/or presiding director enables non-management directors to raise issues and concerns for Board consideration without immediately involving management. The Chairman and presiding director also serve as a liaison between the Board and senior management. The Company's Board has determined that the current structure, an independent Chairman, separate from the Chief Executive Officer, and a presiding director, is the most appropriate structure at this time, as it ensures that, at all times, there will be an independent director in a Board leadership position.

The Audit Committee is responsible for overseeing risk management. The full Board of Directors regularly engages in discussions about risk management and receives reports on this topic from executive management, other officers of the Company and the Chairman of the Audit Committee. While the Board of Directors oversees risk management, management is responsible for the day-to-day risk management process. The Company believes that its Board leadership structure supports this approach to risk management.

During 2009, the Company's Senior Risk Officers (consisting of the Company's Internal Auditor, Director of Human Resources and General Counsel) evaluated all of the compensation plans in which the Company's employees, including executive officers, participate, and reported to the Compensation Committee that none individually, or taken together, was reasonably likely to have a material adverse effect on the Company. No component of compensation was considered to encourage undue risk. The Compensation Committee accepted the Senior Risk Officers report. See Compensation Committee Report.

Board Independence; Committees

Since the adoption of the Sarbanes-Oxley Act in July 2002, there has been a growing public and regulatory focus on the independence of directors. NASDAQ adopted amendments to its definition of independence. Additional requirements relating to independence are imposed by the Sarbanes-Oxley Act with respect to members of the Audit Committee. As noted below, the Board has determined that the members of the Audit Committee satisfy all such definitions of independence. The Board has also determined that the following members of the Board satisfy the NASDAQ definition of independence: Mary Ann Deacon, John W. Fredericks, Mark J. Fredericks, George H. Guptill, Jr., Janeth C. Hendershot, Robert E. McCracken, Robert B. Nicholson, III, Joseph P. O Dowd, Stephen R. Tilton, Sr. and Paul G. Viall, Jr. In March 2007, the Board of Directors created a new position of presiding director, whose primary responsibility is to preside over periodic sessions of the Board of Directors in which management directors do not participate. Mary Ann Deacon was appointed as the first presiding director in 2007, with Joseph P. O Dowd serving as the presiding director in 2008, Stephen R. Tilton, Sr. serving as the presiding director in 2009 and George H. Guptill, Jr. serving as the presiding director in 2010.

During 2009, Lakeland's Board of Directors held 15 meetings. Lakeland's Board of Directors also maintains several Board committees, which include: Audit, Nominating and Governance and Compensation.

The Audit Committee, consisting of Joseph P. O Dowd (Chairman), Stephen R. Tilton, Sr. (Vice Chairman) and George H. Guptill, Jr., is responsible for reviewing the reports submitted by Lakeland's independent registered public accounting firm and internal auditor and for reporting to the Board on significant audit and accounting principles, policies, and practices related to Lakeland. The Audit Committee met four times in 2009.

Lakeland is required to disclose whether the Board of Directors has determined that a member of the Audit Committee is an audit committee financial expert, as that term is defined in rules adopted by the SEC, and, if not, why not. Lakeland's Board has not determined that any of the members of the Audit Committee is an audit committee financial expert. The Board has determined, however, that each member of the Audit Committee has sufficient knowledge in financial and auditing matters to serve on the Audit Committee. The Board does not believe that it is necessary to search for any outside person who meets the definition of audit committee financial expert to serve on the Board and the Audit Committee. The Audit Committee has the authority to hire outside experts and consultants as it deems appropriate in carrying out its responsibilities.

The Nominating and Corporate Governance Committee consists of Robert McCracken (Chairman), Mary Ann Deacon and Robert B. Nicholson, III. This committee is responsible for interviewing potential candidates for election to the Board and for nominating individuals each year for election to the Board. In addition, this committee is responsible for developing, recommending to the Board and reviewing annually the Board's Corporate Governance Guidelines, including the Code of Ethics. This committee met four times in 2009.

The Compensation Committee, consisting of Mary Ann Deacon (Chairman), Paul G. Viall, Jr., and Janeth C. Hendershot, makes recommendations to the Board concerning compensation for Lakeland's executive officers and directors. The Compensation Committee also administers the Company's 2009 Equity Compensation Program. The Compensation Committee met eight times in 2009.

Directors Compensation

The following table sets forth certain information regarding the compensation we paid to each individual who served as a director of Lakeland during 2009, other than Thomas J. Shara. See the Summary Compensation Table for information regarding Mr. Shara. None of our directors received option awards or stock awards during 2009 or any compensation under any non-equity incentive plan.

all other compensation includes for Mr. John W. Frederick s, \$90,000 additional compensation for services as Chairman of Lakeland.

During 2009, each director other than Thomas J. Shara received a fee of \$1,850 for each meeting of Lakeland's Board that he or she attended from January to June, and \$1,600 per meeting from July to December. In addition, each director, other than Mr. Shara, received a \$20,000 retainer, with the exception of Mr. Zande, who received a pro-rated retainer of \$6,667 due to his retirement following the annual shareholders meeting in May 2009. Each director, other than Mr. Shara received committee fees for meetings attended. Members of the Lakeland Board committees (Compensation, ALCO, Nominating and Corporate Governance and Loan Review) received \$750 for each meeting attended from January to June and \$500 per meeting from July to December, with the exception of the Audit Committee, which received \$1,350 per meeting attended from January to June and \$1,100 per meeting from July to December. George Guptill, Jr. received \$5,000 for serving as Chairman of the Audit Committee during 2009. Each member of Lakeland's Board was present for 75% or more of the aggregate of the total meetings of the Board and committees on which he or she served.

The Board of Directors of Lakeland Bank and the Company held combined meetings in 2009 and no additional fees were paid for attending the Lakeland Bank Board meetings. The Loan Committee of Lakeland Bank met, on average, twice a month in 2009. The fee for attending each Loan Committee meeting was \$1,000 from January to June and \$750 per meeting from July to December. Each director of Lakeland Investment Corp., a subsidiary of Lakeland Bank, received \$575 as an annual fee.

The Board of Directors maintains the Directors' Deferred Compensation Plan, which provides that any director having completed five years of service on Lakeland's Board of Directors may retire and continue to be paid for a period of ten years at a rate ranging from \$5,000 to \$17,500 per annum, depending upon years of credited service. This plan is unfunded. In December 2008, the plan was amended to comply with Section 409A of the Internal Revenue Code, and to restrict further participation in the plan only to those eligible directors who became members of the Board on or before December 31, 2008. Despite serving as a director of the Company since April 2008, Mr. Shara has elected not to participate in the Directors' Deferred Compensation Plan.

Lakeland's Equity Compensation Program provides for automatic option grants to directors who are not otherwise employed by Lakeland or its subsidiaries. Upon commencement of service, a non-employee director will receive a stock option to purchase 25,000 shares of Common Stock at an exercise price equal to the fair market value of the underlying Common Stock on the grant date. Options granted to non-employee directors are exercisable in 20% annual installments beginning on the date of grant.

Compensation Committee Interlocks and Insider Participation

Hendershot, makes recommendations to the Board concerning compensation for Lakeland's executive officers and directors. Robert B. Robert B. Nicholson, III, a director of Lakeland, is the President and Chief Executive Officer of Eastern Propane Corporation and the general partner of Eastern Properties of Sussex County Limited Partnership, which collectively own property in Oak Ridge, New Jersey that is leased to Lakeland Bank. Additionally, Eastern Propane Corporation provides propane and related services for some of Lakeland Bank's offices. During 2009, the Company paid \$123,148 to Eastern Propane Corporation and Eastern Properties of Sussex County Limited Partnership for rent, propane and related services.

Lakeland Bank has made, and expects to make in the future, in the ordinary course of business, loans to directors, officers, principal shareholders and their associates. All loans to such persons were made, and will be

made, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Company or Lakeland Bank.

Policies and Procedures Concerning Related Party Transactions

The Audit Committee of the Board of Directors has adopted written procedures governing related party transactions. The procedures provide that:

related party transactions that have been previously approved by the full Board of Directors will not be included in the transactions that are approved by the Audit Committee;

related party transactions over \$10,000 must be approved, prior to payment, by a majority of the members of the Audit Committee. In general, the Audit Committee reviews related party transactions on a quarterly basis. By related party transaction, we mean a transaction between the Company or any of its subsidiaries, on the one hand, and an executive officer, director or immediate family member of an executive officer or a director, on the other hand.

Qualifications. The charter describes the minimum qualifications for nominees and the qualities or skills that are necessary for directors to possess. Each nominee:

must satisfy any legal requirements applicable to members of the Board;

must not serve as attorney for any other financial institution or bank or savings and loan holding company and must not be on the board of any other financial institution or bank or savings and loan holding company in the Company's market area;

must have business or professional experience that will enable such nominee to provide useful input to the Board in its deliberations;

must have a willingness and ability to devote the time necessary to carry out the duties and responsibilities of Board membership;

must have a desire to ensure that the Company's operations and financial reporting are effected in a transparent manner and in compliance with applicable laws, rules and regulations;

must have a dedication to the representation of the best interests of the Company and all of its shareholders;

must have a reputation, in one or more of the communities serviced by Lakeland and its subsidiaries, for honesty and ethical conduct;

must have a working knowledge of the types of responsibilities expected of members of the board of directors of a public corporation and particularly, a bank holding company; and

must have experience, either as a member of the board of directors of another public or private corporation or in another capacity, that demonstrates the nominee's capacity to serve in a fiduciary position.

Identification and Evaluation of Candidates for the Board. Candidates to serve on the Board will be identified from all available sources, including recommendations made by shareholders. The Nominating and Corporate Governance Committee's charter provides that there will be no differences in the manner in which the Nominating and Corporate Governance Committee evaluates nominees recommended by shareholders and nominees recommended by the Committee or management, except that no specific process shall be mandated with respect to the nomination of any individuals who have previously served on the Board. The evaluation process for individuals other than existing Board members will include:

a review of the information provided to the Nominating and Corporate Governance Committee by the proponent;

a review of reference letters from at least two sources determined to be reputable by the Nominating and Corporate Governance Committee; and

a personal interview of the candidate,
together with a review of such other information as the Nominating and Corporate Governance Committee shall determine to be relevant.

Audit Committee Matters

Independence of Audit Committee Members. Lakeland's Common Stock is listed on the NASDAQ Global Select Market and Lakeland is governed by the listing standards applicable thereto. All members of the Audit Committee of the Board of Directors have been determined to be independent directors pursuant to the definition contained in Rule 4200(a)(15) of the National Association of Securities Dealers Marketplace Rules and under the SEC's Rule 10A-3.

Audit Fees and Related Matters

In accordance with the requirements of the Sarbanes-Oxley Act of 2002 and the Audit Committee's charter, all audit and audit-related work and all non-audit work performed by the Company's independent registered public accounting firm, Grant Thornton LLP (Grant Thornton), is approved in advance by the Audit Committee, including the proposed fees for such work. The Audit Committee is informed of each service actually rendered.

Audit Fees. Audit fees billed or expected to be billed to Lakeland by Grant Thornton for the audit of the financial statements included in Lakeland's Annual Reports on Form 10-K, reviews of the financial statements included in Lakeland's Quarterly Reports on Form 10-Q, and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings, for the years ended December 31, 2008 and 2009 totaled approximately \$391,372 and \$433,189, respectively.

Audit-Related Fees. Lakeland was billed \$0 and \$0 by Grant Thornton for the years ended December 31, 2008 and 2009, respectively, for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the caption *Audit Fees* above, such as the audit of employee benefit plans.

Tax Fees. Lakeland was billed an aggregate of \$113,400 and \$121,575 by Grant Thornton for the fiscal years ended December 31, 2008 and 2009, respectively, for tax services, principally advice regarding the preparation of income tax returns.

All Other Fees. Lakeland was billed an aggregate of \$0 and \$0 by Grant Thornton for the fiscal years ended December 31, 2008 and 2009, respectively.

Other Matters. The Audit Committee of the Board of Directors has considered whether the provision of the Audit-Related Fees, Tax Fees and All Other Fees are compatible with maintaining the independence of Lakeland's principal accountant.

Applicable law and regulations provide an exemption that permits certain services to be provided by Lakeland's outside auditors even if they are not pre-approved. Lakeland has not relied on this exemption at any time since the Sarbanes-Oxley Act was enacted.

Code of Ethics

Lakeland is required to disclose whether it has adopted a code of ethics that applies to its principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. Lakeland has adopted such a code of ethics and has posted a copy of the code on its internet website at the internet address: <http://www.lakelandbank.com>. Copies of the code may be obtained free of charge from the Company's website at the above internet address.

Shareholder Communication with the Board

The Board of Directors has established a procedure that enables shareholders to communicate in writing with members of the Board. Any such communication should be addressed to Lakeland's Chairman of the Board and should be sent to such individual c/o Lakeland Bank, 250 Oak Ridge Road, Oak Ridge, New Jersey 07438. Any such communication must state, in a conspicuous manner, that it is intended for distribution to the entire Board of Directors. Under the procedures established by the Board, upon the Chairman's receipt of such a communication, Lakeland's Secretary will send a copy of such communication to each member of the Board, identifying it as a communication received from a shareholder. Absent unusual circumstances, at the next regularly scheduled meeting of the Board held more than two days after such communication has been distributed, the Board will consider the substance of any such communication.

Board members are encouraged, but not required by any specific Board policy, to attend Lakeland's annual meeting of shareholders. Each of the members of the Board attended the Company's 2009 annual meeting of shareholders.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the information provided under the caption "Compensation Discussion and Analysis" set forth above. Based on that review and those discussions, the Compensation Committee recommended to our Board that such "Compensation Discussion and Analysis" be included in this proxy statement.

In addition, in accordance with U.S. Treasury regulations applicable to participants in the TARP Capital Purchase Program, the Compensation Committee of the Company's Board of Directors certifies that:

(1) It has reviewed with Senior Risk Officers the senior executive officer (SEO) compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the Company.

(2) It has reviewed with Senior Risk Officers the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks that the plans pose to the Company.

(3) It has reviewed the employee compensation plans to eliminate any features of these plans that would encourage manipulation of reported earnings of the Company to enhance the compensation of any employee.

The compensation of the Company's SEOs consists of salary payments, performance-based incentive compensation and participation in the Company's 2009 Equity Compensation Program. These components of compensation are incentive-based. The Company's SEOs also participate in the Company's 401(k) plan, medical insurance and life insurance plans and various retirement and pension plans, as well as the Company's Profit Sharing Plan. The Compensation Committee met with the Company's Senior Risk Officers in June and November, 2009 to review these plans, and reached the following conclusions:

The Company's 401(k), retirement, pension and insurance plans do not encourage SEOs or other employees participating in those plans to take unnecessary and excessive risks because those plans are not incentive based and are not tied to the Company's financial performance.

Salaries paid to the SEOs do not encourage the SEOs to take unnecessary and excessive risks because salaries are generally established by the Compensation Committee without regard to financial measures and with an emphasis on the safety and soundness of the Company and Lakeland Bank.

Participation in the performance-based bonus program does not encourage the SEOs to take unnecessary and excessive risks because the award of a bonus is based on the achievement of both Company and individual performance targets, many of which are qualitative in nature.

The grant of awards under the Company's 2009 Equity Compensation Program is discretionary and not based on the achievement of quantitative performance goals. Accordingly, we do not believe that this Program encourages the SEOs to take unnecessary and excessive risks.

We have a clawback policy that allows us to recover all or part of a cash or non-cash incentive award within three years after it is made in certain cases of inaccurate financial statement information that resulted in a restatement of the Company's financial statements.

Our employees who are not SEOs participate in employee compensation plans which include the Profit Sharing Plan, investment, retail banking, residential lending and leasing plans, under which the participating Lakeland Bank employees in these different areas may earn incentive compensation based on performance.

The Company's Senior Risk Officers reviewed all of these plans, and then discussed them with the Compensation Committee. The Senior Risk Officers and the Compensation Committee concluded that none of them, either individually or as a group, presented any material threat to the Company's earnings or capital, encouraged taking undue or excessive risks or encouraged manipulation of financial data in order to obtain or increase the size of an award. In addition to the factors described above, this conclusion was based on the fact that the Company's internal controls are designed to prevent such manipulation.

Charter. Our Board of Directors has defined the duties of its Compensation Committee in a charter. A copy of the current charter of the Compensation Committee is attached to this proxy statement as Annex C.

Authority, Processes and Procedures. Our Compensation Committee is responsible for administering our employee benefit plans, for establishing and recommending to the Board the compensation of our President and Chief Executive Officer and for reviewing and recommending to the Board for approval the compensation programs covering our other executive officers. Our Compensation Committee also establishes policies and monitors compensation for our employees in general. While the Compensation Committee may, and does in fact, delegate authority with respect to the compensation of employees in general, the Compensation Committee retains overall supervisory responsibility for employee compensation. With respect to executive compensation, the Compensation Committee receives recommendations and information from senior staff members. Mr. Shara (our President and Chief Executive Officer) participated in Committee deliberations regarding the compensation of other executive officers, but did not participate in deliberations regarding his own compensation. The Compensation Committee also has the authority to hire compensation consultants to assist it in carrying out its duties.

Consultants. During our fiscal year ended December 31, 2009, the Compensation Committee did not retain any compensation consultants.

PROPOSAL 2

RATIFICATION OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2010

Action will be taken at the Annual Meeting to ratify the selection of Grant Thornton LLP as independent registered public accounting firm of the Company for the fiscal year ending December 31, 2010. Grant Thornton LLP became the independent accountants of Lakeland beginning with the financial statements for the quarter ended March 31, 1999. The Company has been advised by Grant Thornton LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company. We are asking our shareholders to ratify the selection of Grant Thornton LLP as our independent registered public accounting firm. Although ratification is not required by our Bylaws or otherwise, the Board considers the selection of the independent registered accounting firm to be an important matter of shareholder concern and is submitting the selection of Grant Thornton LLP to our shareholders for ratification as a matter of good corporate practice.

Approval of the ratification of Grant Thornton LLP as the Company's independent registered public accounting firm for 2010 will require the affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions and broker non votes will not be counted as votes cast and therefore will not affect the outcome of the voting.

Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting, will be afforded the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR Proposal 2.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Background of the Proposal

Section 111(e) of the Emergency Economic Stabilization Act of 2008, as amended by the American Recovery and Reinvestment Act of 2009 (EESA), sets forth certain requirements for companies participating in the TARP Capital Purchase Program, such as Lakeland, including a requirement to allow shareholders an annual

advisory vote on certain executive compensation matters. As directed by EESA, the SEC has adopted final rules and regulations regarding this advisory vote requirement. Accordingly, shareholders are being asked to approve the compensation of Lakeland's executives as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the various compensation tables and the related narrative disclosures.

Executive Compensation

The Company believes that its compensation policies and procedures, which are reviewed and approved by the Compensation Committee, encourage a culture of pay for performance and are strongly aligned with the long-term interests of shareholders. **Shareholders are encouraged to carefully review the Executive Compensation section of this proxy statement for a detailed discussion of the Company's executive compensation program.**

The proposal set forth below, which is advisory and will not bind the Board, gives Lakeland's shareholders the opportunity to vote on the compensation of Lakeland's executives.

Upon the recommendation of the Board of Directors, Lakeland asks shareholders to consider the following resolution:

Resolved, that the shareholders of Lakeland Bancorp, Inc. approve the compensation of Lakeland's executives, as described in the Company's proxy statement for the 2010 Annual Meeting of Shareholders, including the Compensation Discussion and Analysis, the various compensation tables and the related narrative disclosures.

Vote Required; Effect

Approval of the Company's executive compensation will require the affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions and broker non votes will not be counted as votes cast and therefore will not affect the determination as to whether the Company's compensation of executives is approved. Because this shareholder vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors recommends a vote FOR Proposal 3.

INDEPENDENT ACCOUNTANTS

Relationship with Independent Accountants. Grant Thornton LLP, which became the independent accountants of Lakeland beginning with the financial statements for the quarter ended March 31, 1999, were the Company's independent accountants in 2009, and have been engaged as the Company's independent accountants for 2010. See Proposal 2. It is anticipated that a representative of Grant Thornton will be present at the Annual Meeting and will be available to answer questions.

OTHER MATTERS

Management is not aware of any other business to be brought up at the meeting for action by shareholders at such meeting other than the matters described in the notice. However, the enclosed proxy will confer discretionary authority with respect to matters which are not known to management at the time of printing hereof and which may come properly before the meeting.

SHAREHOLDER PROPOSALS

If a Lakeland shareholder intends to present a proposal at Lakeland's 2011 annual meeting of shareholders, the proposal must be received by Lakeland at its principal executive offices not later than December 10, 2010 in order for that proposal to be included in the proxy statement and form of proxy relating to that meeting, and by February 23, 2011 in order for the proposal to be considered at Lakeland's 2011 annual meeting of shareholders (but not included in the proxy statement or form of proxy for such meeting). Any shareholder proposal which is received after those dates or which otherwise fails to meet the requirements for shareholder proposals established by regulations of the SEC will neither be included in the proxy statement or form of proxy, nor be considered at the meeting. For a description of procedures for nominations to be submitted by shareholders, see Nominating and Corporate Governance Committee Matters.

By Order of the Board of Directors:

George H. Guptill, Jr.

Secretary
