See Notes to Consolidated Financial Statements

Table of Contents**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*****Nature of Business***

Live Nation was incorporated in Delaware on August 2, 2005 in preparation for the contribution and transfer by Clear Channel of substantially all of its entertainment assets and liabilities to the Company. The Company completed the Separation on December 21, 2005 and became a publicly traded company on the New York Stock Exchange trading under the symbol *LYV*. Prior to the Separation, Live Nation was a wholly-owned subsidiary of Clear Channel.

As of January 25, 2010, in connection with the Merger with Ticketmaster, the Company changed its name from Live Nation, Inc. to Live Nation Entertainment, Inc. Ticketmaster's results of operations are included in the Company's consolidated financial statements beginning January 26, 2010. Prior year results have not been restated as a result of the Merger.

As a result of the Merger, the Company reorganized its business units and the way in which these businesses are assessed and therefore changed its reportable segments to Concerts, Artist Nation, Ticketing, Sponsorship and eCommerce. The Concerts segment involves the promotion of live music events globally in the Company's owned and/or operated venues and in rented third-party venues, the production of music festivals and the operation and management of music venues. The Artist Nation segment provides management services to artists and other services including merchandise, artist fan sites and VIP tickets. The Ticketing segment principally involves the management of the Company's ticketing operations including providing ticketing software and services to clients. The Sponsorship segment manages the development of strategic sponsorship programs in addition to the sale of national and local sponsorships and placement of advertising including signage and promotional programs. The eCommerce segment provides online access for customers relating to ticket and event information and is responsible for the Company's primary websites, *www.livenation.com* and *www.ticketmaster.com*.

Seasonality

Due to the seasonal nature of shows at outdoor amphitheaters and festivals, which primarily occur May through September, the Company experiences higher revenue for the Concerts segment during the second and third quarters. The Ticketing segment's sales are impacted by fluctuations in the availability of events for sale to the public, which may vary depending upon scheduling by its clients. Generally, the first and second quarters of the year experience the highest domestic ticketing revenue, earned primarily in the concerts and sports categories. Generally, international ticketing revenue is highest in the fourth quarter of the year, earned primarily in the concerts category. The Artist Nation segment's revenue is impacted, to a large degree, by the touring schedules of the artists represented by the Company. Generally, the Company experiences higher revenue in this segment during the second and third quarters as the period from May through September tends to be a popular time for touring events. This seasonality also results in higher balances in cash and cash equivalents, accounts receivable, prepaid expenses, accrued expenses and deferred revenue at different times in the year.

Preparation of Interim Financial Statements

The consolidated financial statements included in this report have been prepared by the Company pursuant to the rules and regulations of the SEC and, in the opinion of management, include all adjustments (consisting of normal recurring accruals and adjustments necessary for adoption of new accounting standards) necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods are not necessarily indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's 2009 Annual Report on Form 10-K as amended by the Company's Form 10-K/A filed with the SEC on April 30, 2010.

The consolidated financial statements include all accounts of the Company, its majority-owned subsidiaries and variable interest entities for which the Company is the primary beneficiary. Significant intercompany accounts among the consolidated businesses have been eliminated in consolidation. Net income (loss) attributable to noncontrolling interests is reflected for consolidated affiliates in which the Company owns more than 50%, but not all, of the voting common stock and also variable interest entities for which the Company is the primary beneficiary. Investments in nonconsolidated affiliates that are not variable interest entities in which the Company owns 20% to 50% of the voting common stock or otherwise exercises significant influence over operating and financial policies of the nonconsolidated affiliate are typically accounted for using the equity method of accounting. Investments in nonconsolidated affiliates that are not variable interest entities in which the Company owns less than 20% of the voting common stock are accounted for using the cost method of accounting.

Table of Contents***Gross versus Net Revenue Recognition***

The Company reports revenue in its Ticketing segment on a gross or net basis based on management's assessment of whether the Company acts as a principal or agent in the transaction. To the extent the Company acts as the principal in a transaction, revenue is reported on a gross basis. The determination of whether the Company acts as a principal or an agent in a transaction is based on an evaluation of whether the Company has the substantial risks and rewards of ownership under the terms of an arrangement. The Ticketing segment's revenue, which primarily consists of convenience charges and order processing fees from ticketing operations, is recorded net of the face value of the ticket as the Company acts as an agent in these transactions.

Contract Advances

Ticketing contract advances, which can be either recoupable or non-recoupable, represent amounts paid in advance to the Company's clients pursuant to ticketing agreements. Recoupable ticketing contract advances are generally recoupable against future royalties earned by the clients based on the contract terms over the life of the contract. Non-recoupable ticketing contract advances are fixed additional incentives sometimes paid by the Company to secure exclusive rights with certain clients and are normally amortized over the life of the contract on a straight-line basis. Amortization of non-recoupable ticketing contract advances is included in depreciation and amortization in the consolidated statements of operations. For the three and six months ended June 30, 2010, the Company amortized \$3.6 million and \$4.7 million, respectively, related to nonrecoupable ticketing contract advances. There were no such amounts in the first six months of 2009.

Accounts Payable, Client Accounts

Accounts payable, client accounts consist of contractual amounts due to ticketing clients which includes the face value of tickets sold and the clients' share of convenience and order processing charges.

Reclassifications

The Company has reclassified \$14.5 million in the 2009 consolidated statement of cash flows as an increase to cash paid for purchases of property, plant and equipment and a decrease to cash used for accounts payable, accrued expenses and other liabilities. This reclassification is related to accrued capital expenditures. The Company has reclassified \$1.3 million in the 2009 consolidated statement of cash flows as a decrease to cash used for accounts payable, accrued expenses and other liabilities with an offset to the effect of exchange rate changes on cash and cash equivalents. This reclassification is related to the change in fair value of the Company's cash flow hedges. The Company has reclassified \$7.4 million in the 2009 consolidated statement of cash flows as an increase to payments for deferred and contingent consideration and a decrease to cash paid for acquisitions. This reclassification is related to a deferred payment on an acquisition of a business.

Recent Accounting Pronouncements***Recently Adopted Pronouncements***

In June 2009, the FASB issued ASU 2009-17, *Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities*, codified in ASC topic 810, *Consolidations* (ASC 810). This pronouncement amends portions of ASC 810 relating to variable interest entities. Among other accounting and disclosure requirements, the pronouncement replaces the quantitative-based risks and rewards calculation for determining which enterprise has a controlling financial interest in a variable interest entity with an approach focused on identifying which enterprise has the power to direct the activities of a variable interest entity and the obligation to absorb losses of the entity or the right to receive benefits from the entity. The Company adopted the relevant provisions of ASC 810 on January 1, 2010 and is applying the requirements prospectively. The Company's adoption of the variable interest entity guidance did not have a material impact on its financial position or results of operations.

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*, codified in ASC topic 820, *Fair Value Measurements and Disclosures* (ASC 820). This pronouncement amends portions of ASC 820 to require: (i) disclosure of significant transfers in and out of Level 1 and Level 2 fair value measurements and (ii) presentation of activities within the Level 3 rollforward reconciliation on a gross basis. In addition, the pronouncement amends portions of ASC 820 to provide the following clarifications regarding existing disclosures: (i) a reporting entity should provide fair value measurement disclosures for each class of assets and liabilities and (ii) a reporting entity should provide disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements that fall in either Level 2 or Level 3. With the exception of the amendment related to presentation of the activities within the Level 3 rollforward reconciliation, which is effective for fiscal years beginning after December 15, 2010, the Company adopted the relevant provisions of ASC 820 on January 1, 2010 and has included the required disclosures in Note 7 Fair Value Measurements.

Recently Issued Pronouncements

In October 2009, the FASB issued ASU 2009-13, *Multiple-Deliverable Revenue Arrangements* (ASU 2009-13), which requires an entity to allocate consideration at the inception of an arrangement to all of its deliverables based on their relative selling prices. This consensus eliminates the use of the residual method of allocation and requires allocation using the relative-selling-price method in all circumstances in which an entity recognizes revenue for an arrangement with multiple deliverables.

Table of Contents

ASU 2009-13 is effective for fiscal years beginning on or after June 15, 2010. The Company will adopt ASU 2009-13 on January 1, 2011 and apply it prospectively. The Company is currently assessing the impact its adoption will have on its financial position or results of operations.

NOTE 2 LONG-LIVED ASSETS***Property, Plant and Equipment***

The Company tests for possible impairment of property, plant and equipment whenever events or circumstances change, such as a significant reduction in operating cash flow or a significant change in the manner in which the asset is intended to be used which may indicate that the carrying amount of the asset may not be recoverable.

During 2010 and 2009, the Company reviewed the carrying value of certain property, plant and equipment that management determined would, more likely than not, be disposed of before the end of their previously estimated useful lives or had an indicator that future operating cash flows may not support their carrying value. It was determined that those assets were impaired since the estimated undiscounted cash flows associated with those assets were less than their carrying value. These cash flows were calculated using the estimated sales value for the assets being sold, in addition to operating cash flows, all of which were used to approximate fair value. The estimated sales value and operating cash flows used for these non-recurring fair value measurements are considered Level 2 and Level 3 inputs. The fair value hierarchy levels are discussed in more detail in Note 7 Fair Value Measurements. For the three and six months ended June 30, 2010, the Company recorded impairment charges of \$0.1 million related to an amphitheater in the Concerts segment and \$0.4 million related to an order management system project that was no longer being pursued in the Artist Nation segment. For the three and six months ended June 30, 2009, the Company recorded impairment charges of \$1.9 million and \$9.6 million, respectively, related to two theaters, two clubs and a theater development project that was no longer being pursued in the Concerts segment. The impairment charges were recorded as a component of depreciation and amortization expense.

Definite-lived Intangible Assets

The Company has definite-lived intangible assets which are amortized over the shorter of either the respective lives of the agreements or the period of time the assets are expected to contribute to the Company's future cash flows. The amortization is recognized on either a straight-line or units of production basis. The following table presents the gross carrying amount and accumulated amortization of definite-lived intangible assets as of June 30, 2010 and December 31, 2009:

	June 30, 2010		December 31, 2009			
	Gross Carrying Amount	Accumulated Amortization	Net	Gross Carrying Amount	Accumulated Amortization	Net
Revenue-generating contracts	\$ 456,777	\$ (69,195)	\$ 387,582	\$ 285,145	\$ (52,576)	\$ 232,569
Non-compete agreements	163,165	(55,946)	107,219	132,912	(45,568)	87,344
Venue management and leaseholds	112,658	(26,887)	85,771	112,044	(23,354)	88,690
Trademarks and naming rights	26,217	(10,108)	16,109	21,925	(8,525)	13,400
Client/vendor relationships	308,704	(16,191)	292,513	19,276	(3,930)	15,346
Technology	77,438	(3,802)	73,636	-	-	-
Other	6,941	(2,619)	4,322	7,536	(2,244)	5,292
Total	\$ 1,151,900	\$ (184,748)	\$ 967,152	\$ 578,838	\$ (136,197)	\$ 442,641

During 2010, the Company recorded additional definite-lived intangible assets totaling \$591.3 million, primarily related to revenue-generating contracts, non-compete agreements, trademarks and naming rights, client/vendor relationships and technology resulting from \$523.3 million in additions from the January 2010 Merger with Ticketmaster (see further discussion in Note 3 Business Acquisitions) along with \$64.4 million in additions in non-compete agreements, venue management and leaseholds and client/vendor relationships resulting from the April 2010 acquisition of the remaining 49% interest in Live Nation Haymon Venues, LLC. The 2010 additions to definite-lived intangible assets have a weighted average life of approximately nine years in total and approximately nine years for revenue-generating contracts, four years for non-compete agreements, 17 years for venue management and leaseholds, seven years for trademarks and naming rights, nine years for client/vendor relationships and eight years for technology. In addition, the definite-lived intangible assets were impacted by approximately \$16.3 million of decreases from foreign exchange rate changes.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

The Company tests for possible impairment of definite-lived intangible assets whenever events or circumstances change, such as a significant reduction in operating cash flow or a dramatic change in the manner in which the asset is intended to be used which may indicate that the carrying amount of the asset may not be recoverable. During 2010 and 2009, the Company reviewed the carrying value of certain definite-lived intangible assets that management determined would not be renewed or that had an indicator that future operating cash flows may not support their carrying value. It was determined that those assets

Table of Contents

were impaired since the estimated undiscounted cash flows associated with those assets were less than their carrying value. These cash flows were calculated using operating cash flows which were used to approximate fair value. The operating cash flows used for these non-recurring fair value measurements are considered Level 3 inputs. The levels of the fair value hierarchy are discussed in more detail in Note 7 Fair Value Measurements. For the three and six months ended June 30, 2010 and 2009, the Company recorded impairments related to definite-lived intangible assets of \$1.0 million and \$0.9 million, respectively, which are included in depreciation and amortization expense in the Company's Concerts segment.

Total amortization expense from definite-lived intangible assets for the three months ended June 30, 2010 and 2009 was \$29.7 million and \$11.5 million, respectively, and total amortization expense for the six months ended June 30, 2010 and 2009 was \$56.9 million and \$25.8 million, respectively. The increase in amortization expense is primarily driven by incremental amortization expense related to the definite-lived intangible assets associated with the Merger.

The following table presents the Company's estimate of future amortization expense for the remainder of 2010 and through 2014 for definite-lived intangible assets that exist at June 30, 2010:

	<i>(in thousands)</i>
2010	\$ 74,369
2011	\$ 130,822
2012	\$ 110,605
2013	\$ 127,687
2014	\$ 114,655

As acquisitions and dispositions occur in the future and the valuation of intangible assets for recent acquisitions is completed, amortization expense may vary.

Indefinite-lived Intangible Assets

The Company has indefinite-lived intangible assets which consist primarily of the intangible value related to trade names which are reviewed for impairment at least annually. These indefinite-lived intangible assets had a carrying value of \$382.0 million and \$28.2 million as of June 30, 2010 and December 31, 2009, respectively. As part of the Merger, the Company recorded \$354.0 million relating to the Ticketmaster trade name.

Goodwill

In 2009, the Company's reportable operating segments were North American Music, International Music and Ticketing. In 2010, subsequent to the Merger, the Company reorganized its business units and the way in which these businesses are assessed and therefore changed its reportable segments to Concerts, Artist Nation, Ticketing, Sponsorship and eCommerce. The Company's businesses formerly reported as North American Music and International Music are now allocated primarily to the Concerts segment with a portion allocated to the Company's Sponsorship segment. The Artist Nation segment is primarily made up of Ticketmaster's artist management business and the Company's artist services business which was previously reported as a component of the North American Music segment. The Company's remaining business formerly reported as Ticketing remains in the Ticketing segment in 2010 with the exception of the allocation to the Company's eCommerce segment of a fee per ticket for every ticket sold online along with online advertising. As a result of this reorganization, goodwill related to specific acquisitions was attributed to the respective new reporting units directly. The table below includes detail of the allocations from the old reportable segments to the new reportable segments.

The Company tests goodwill for impairment at least annually using a two-step process. The first step, used to screen for potential impairment, compares the fair value of the reporting unit with its carrying amount, including goodwill. The second step, used to measure the amount of any potential impairment if the first step fails, compares the implied fair value of the reporting unit with the carrying amount of goodwill. For each reportable operating segment, the reporting units were determined to be either the operating segment or the components thereof in accordance with ASC topic 350, *Intangibles-Goodwill and Other* (ASC 350).

Table of Contents

The following table presents the changes in the carrying amount of goodwill in each of the Company's recasted segments for the six months ended June 30, 2010:

	2009 Segments			2010 Segments				Total
	North American Music	International Music	Other	Concerts	Artist Nation	Ticketing	eCommerce	
<i>(in thousands)</i>								
Balance as of December 31, 2009 (1):								
Goodwill	278,987	204,672	13,037					496,696
Accumulated impairment losses	(278,987)	-	(13,037)					(292,024)
	-	204,672	-					204,672
Recast balances (2):								
Goodwill	(278,987)	(204,672)	(13,037)	448,068	35,591	-	-	13,037
Accumulated impairment losses	278,987	-	13,037	(243,396)	(35,591)	-	-	(13,037)
Acquisitions - current year				-	208,490	563,763	227,477	-
Acquisitions - prior year				298	-	-	-	-
Foreign currency				(40,145)	-	-	-	-
Balance as of June 30, 2010 (1):								
Goodwill	-	-	-	408,221	244,081	563,763	227,477	13,037
Accumulated impairment losses	-	-	-	(243,396)	(35,591)	-	-	(13,037)
	\$ -	\$ -	\$ -	\$ 164,825	\$ 208,490	\$ 563,763	\$ 227,477	\$ -
								\$ 1,164,555

(1) As of June 30, 2010 and December 31, 2009, the Sponsorship segment had no goodwill balance. As of December 31, 2009, the Ticketing segment had no goodwill balance.

(2) The beginning balance for each segment has been recast to record goodwill related to a segment that was previously not included in the allocation. The total consolidated amount remains unchanged.

Included in the current year acquisitions amount above is \$1.0 billion of goodwill related to the Merger. See Note 3 Business Acquisitions for further discussion of the Merger.

The Company is in the process of finalizing its acquisition accounting for recent acquisitions which could result in a change to the relevant purchase price allocations including goodwill.

Other Operating Assets

The Company makes investments in various operating assets, including artist rights agreements and rights related to assets for DVD production and distribution. These assets are reviewed for impairment or collectability whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. During 2010, it was determined that certain artist advances may not be recoverable since the estimated future undiscounted operating cash flows associated with those advances were less than their carrying value. These operating cash flows were also used to approximate fair value. The operating cash flows used for these non-recurring fair value measurements are considered Level 3 inputs. The fair value hierarchy levels are discussed in more detail in Note 7 Fair Value Measurements. For the six months ended June 30, 2010, the Company recorded an allowance in direct operating expenses of \$13.4 million in its Concerts segment related to these advances.

Long-lived Asset Disposals

In connection with the Merger, the Company reached an agreement with the DOJ that Ticketmaster would divest its Paciolan ticketing business and, in March 2010, the Company completed this sale to Comcast. The fair value assigned to the Paciolan business by the Company in January

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

2010 in its acquisition accounting was \$30.0 million. Upon completion of the sale, the Company recorded a loss of \$5.2 million in its Ticketing segment. As the Company is in the process of finalizing the acquisition accounting, the fair value of Paciolan's net assets are preliminary and the loss on sale is subject to change if any adjustments are made to the fair value of Paciolan's net assets.

During the first six months of 2009, the Company did not sell any significant assets that were part of its continuing operations.

NOTE 3 BUSINESS ACQUISITIONS

Merger with Ticketmaster

Description of Transaction

In January 2010, Live Nation completed the merger of Ticketmaster with and into a wholly-owned subsidiary of Live Nation pursuant to the Merger Agreement. In connection with the Merger, each issued and outstanding share of Ticketmaster

Table of Contents

common stock was cancelled and converted into the right to receive 1.4743728 shares of Live Nation common stock plus cash in lieu of any fractional shares such that Ticketmaster stockholders received approximately 50.01% of the voting power of the combined company.

Ticketmaster operates in 19 global markets, providing ticket sales, ticket resale services, marketing and distribution through www.ticketmaster.com, numerous retail outlets and worldwide call centers. Established in 1976, Ticketmaster serves clients worldwide across multiple event categories, providing exclusive ticketing services for leading arenas, stadiums, professional sports franchises and leagues, college sports teams, performing arts venues, museums and theaters. Ticketmaster's business also includes the operations of Front Line, one of the world's leading artist management companies. Through Live Nation's merger with Ticketmaster, it is expected the combined company will have the tools to develop new products, expand access and deliver artists and fans more choices.

The combination of Live Nation and Ticketmaster was structured as a merger of equals. For accounting purposes, however, one of the combining enterprises must be identified as the acquirer in accordance with the guidance of ASC topic 805, *Business Combinations* (ASC 805). Additionally, under ASC 805, in a business combination affected primarily by exchanging equity interests, the accounting acquirer usually is the entity that issues its equity interests. ASC 805 specifies the factors to be considered in determining which combining company to treat as the acquirer for accounting purposes. Based on the Company's analysis of these factors as applied to the Merger, Live Nation was the deemed accounting acquirer of Ticketmaster for accounting purposes.

Fair Value of Consideration Transferred

(in thousands except exchange ratio, share and per share amounts)

Ticketmaster common stock outstanding on acquisition date	57,389,598
Final Exchange Ratio per share	1.4743728
Number of converted shares of Live Nation common stock	84,613,662
Less: fractional shares	(1,312)
Number of shares of Live Nation common stock issued in the Merger	84,612,350
Per share price of Live Nation common stock on January 25, 2010	\$ 10.51
Fair value of shares of Live Nation common stock issued in the Merger	\$ 889,276
Fair value of exchanged equity and liability awards (1)	\$ 40,841
Cash paid for fractional shares	\$ 13
Total consideration transferred	\$ 930,130

- (1) Represents the fair value, including the tax impact, of Ticketmaster stock option, restricted stock and restricted stock unit replacement awards for precombination services provided, as well as for the precombination service portion of the outstanding shares of Ticketmaster Series A preferred stock exchanged for a note. Certain holders of restricted stock units have the right to receive cash in exchange for these instruments pursuant to the terms of those awards. The fair value of outstanding awards which immediately vested at the time of the Merger has been attributed to precombination service and included in the consideration transferred. The fair value of the awards attributed to postcombination services of \$80.4 million will be recorded as compensation cost in the postcombination financial statements of Live Nation. The fair value of the stock options exchanged related to precombination service is included in the calculation of purchase consideration and was determined using the Black-Scholes option pricing model.

Recording of Assets Acquired, Liabilities Assumed and Noncontrolling Interests in Ticketmaster

The Company has not finalized the valuation of assets acquired and liabilities assumed and the recorded amounts are subject to further revisions and such revisions could be material.

The Merger is accounted for as a business combination under the acquisition method of accounting in accordance with GAAP.

Table of Contents

The following table summarizes the preliminary acquisition-date fair value of the identifiable assets acquired, liabilities assumed and noncontrolling interests including an amount for goodwill:

	<i>(in thousands)</i>
Fair value of consideration transferred	\$ 930,130
Plus: Fair value of noncontrolling interests	145,008
Less: Recognized amounts of identifiable assets acquired and liabilities assumed	
Cash and cash equivalents	575,579
Accounts receivable	137,772
Prepaid expenses	49,736
Other current assets	31,125
Asset held for sale (Paciolan)	30,000
Property, plant and equipment	64,839
Intangible assets	877,340
Investments in nonconsolidated affiliates	25,574
Other long-term assets	49,573
Accounts payable, client accounts	(390,557)
Accounts payable	(23,741)
Accrued expenses	(130,029)
Deferred revenue	(26,641)
Other current liabilities	(20,648)
Long-term debt	(837,329)
Long-term deferred income taxes	(250,655)
Other long-term liabilities	(86,530)
Goodwill	\$ 999,730

Goodwill represents the future economic benefits arising from other assets acquired that could not be individually identified and separately recognized. The goodwill arising from the Merger consists largely of the synergies expected from combining the operations of Live Nation and Ticketmaster. The anticipated synergies primarily relate to redundant staffing and related internal support costs, redundant locations, redundant systems and IT costs, purchasing economies of scale and expanded sponsorship revenue opportunities as well as an assembled workforce and reduced public company costs. Of the total amount of goodwill recognized in connection with the Merger, approximately \$41.4 million is expected to be deductible for tax purposes. Goodwill of \$208.5 million, \$563.7 million and \$227.5 million has been allocated to the Artist Nation, Ticketing and eCommerce segments, respectively, as a result of the Merger.

Below is a summary of the methodologies and significant assumptions used in estimating the fair value of intangible assets and noncontrolling interests.

Intangible assets The fair value of the acquired intangible assets was determined using a variety of valuation approaches. In estimating the fair value of the acquired intangible assets, the Company utilized the valuation methodology determined to be most appropriate for the individual intangible asset being valued as described below. The acquired intangible assets include the following:

Table of Contents

	Valuation Method	Estimated Fair Value <i>(in thousands)</i>	Estimated Useful Lives (1) <i>(years)</i>
Revenue-generating contracts	Multi-Period Excess Earnings (2); Incremental Income Method (3)	\$ 181,000	3 to 9
Non-compete agreements	With & Without (4)	29,840	1 to 5
Technology	Relief-from Royalty (5)	78,000	5 to 8
Trademarks and trade names (definite-lived)	Relief-from Royalty (5)	5,300	3 to 8
Client/Vendor relationships	Multi-Period Excess Earnings (2)	229,200	4 to 15
Total acquired definite-lived intangible assets		523,340	
Trade name (indefinite-lived)	Relief-from Royalty (5)	354,000	N/A
Total acquired intangible assets		\$ 877,340	

- (1) Determination of the estimated useful lives of the individual categories of intangible assets was based on the nature of the applicable intangible asset and the expected future cash flows to be derived from the intangible asset. Amortization of intangible assets with definite lives is recognized over the shorter of the respective lives of the agreement or the period of time the assets are expected to contribute to future cash flows.
- (2) The multi-period excess earnings method estimates an intangible asset's value based on the present value of the prospective net cash flows (or excess earnings) attributable to it. The value attributed to these intangibles was based on projected net cash inflows from existing contracts or relationships. Specifically, the revenue-generating contracts intangibles relate to contracts the Company has in place with various promoters, sports teams, venue locations and domestic and international ticketing outlets to distribute tickets on the clients' behalf. The client/vendor relationships intangibles relate to relationships the Company has in place with ticketing brokers, artists and customers. For artist relationships, the Company estimated that the touring cycle is generally three years from the release of a new album. At the conclusion of each three-year cycle, there is a possibility that the individual artist will elect to end the relationship with the artist's manager based on whether the artist has a continuing interest in touring, or simply would prefer alternative representation. The artists were grouped into three categories by age and then an estimated artist renewal rate was applied after each three-year cycle to account for the declining probability of the relationship continuing into the next cycle. For customer relationships, projected net cash inflows relate to three separate revenue streams: providing automated ticketing technology, selling VIP ticketing packages to concertgoers and selling merchandise through retail channels.
- (3) The incremental income method compares existing contractual arrangements to market comparable terms and develops incremental income representing the difference to market terms related to the contracts, if any. The value attributed to certain of the revenue-generating contracts was based on projected net cash inflows from contracts in place with specific customers.
- (4) The with & without method is a specific application of the discounted cash flow method that compares the present values of the debt-free net cash flows with and without the asset being valued and treats the difference as the asset's fair value. The value attributed to the non-compete agreements was based on projected net cash inflows from agreements with certain key executives or individuals not to enter into, or consult on behalf of, any business venture in competition with their existing business.
- (5) The relief-from royalty method estimates an intangible asset's value based on the cost savings realized by its owner as a result of not having to pay a royalty to another party for using the asset. For technology intangibles, the value attributed was based on projected net cash inflows from royalty savings realized by Ticketmaster as a result of developing its own proprietary ticketing applications, printing technology and website technology. The value attributed to trade names was

Table of Contents

based on projected net cash inflows from royalty savings realized by Ticketmaster from the name recognition associated with the respective entities. The Company projected earnings attributable to the acquired trade names and then applied a royalty rate of 2% to 3% to these earnings.

Some of the more significant estimates and assumptions inherent in determining the fair value of the identifiable intangible assets are associated with forecasting cash flows and profitability. The primary assumptions used were generally based upon the present value of anticipated cash flows discounted at rates ranging from 10% to 15%. Estimated years of projected earnings generally follow the range of estimated remaining useful lives for each intangible asset class.

Noncontrolling interests The fair value of the noncontrolling interests of \$145.0 million was estimated by applying the income approach. The fair value estimates are based on (i) an assumed discount rate range of 12% to 15%, (ii) a terminal cash flow growth rate of 3%, and (iii) adjustments of 0% to 30% to account for lack of marketability that market participants would consider when estimating the fair value of the individual noncontrolling interests.

Actual and Pro Forma Impact of Acquisition

The revenue, income from continuing operations and net income of Ticketmaster included in the Company's consolidated statements of operations since the Merger date are as follows:

	For the Three Months Ended June 30, 2010	From the Merger Date through June 30, 2010
	<i>(in thousands)</i>	
Revenue	\$ 311,408	\$ 554,249
Income from continuing operations	\$ 15,394	\$ 12,013
Net income attributable to Live Nation Entertainment, Inc.	\$ 15,834	\$ 14,695

The following unaudited pro forma information presents the consolidated results of Live Nation and Ticketmaster for the three and six months ended June 30, 2010 and 2009, with adjustments to give effect to pro forma events that are directly attributable to the Merger and have a continuing impact, as well as to exclude the impact of pro forma events that are directly attributable to the Merger and are one-time in nature. The unaudited pro forma information is presented for illustrative purposes only and is not necessarily indicative of the results of operations of future periods or the results of operations that actually would have been realized had the entities been a single company during the periods presented or the results that the combined company will experience after the Merger. The unaudited pro forma information does not give effect to the potential impact of current financial conditions, regulatory matters or any anticipated synergies, operating efficiencies or cost savings that may be associated with the Merger. The unaudited pro forma information also does not include any integration costs, dis-synergies or remaining future transaction costs that the companies may incur related to the Merger as part of combining the operations of the companies.

The unaudited pro forma consolidated results of operations, assuming the acquisition had occurred on January 1, 2009, are as follows:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2010	2009	2010	2009
	<i>(in thousands)</i>			
Unaudited pro forma consolidated results:				
Revenue	\$ 1,247,640	\$ 1,365,608	\$ 2,020,951	\$ 2,183,973
Loss from continuing operations	\$ (26,568)	\$ (525)	\$ (107,965)	\$ (87,722)
Net income (loss) attributable to Live Nation Entertainment, Inc.	\$ (28,513)	\$ 6,375	\$ (108,523)	\$ (74,895)

The Company has incurred a total of \$45.4 million of acquisition transaction expenses to date relating to the Merger, of which \$1.5 million and \$14.9 million are included in the results of operations for the three months ended June 30, 2010 and 2009, respectively, and \$10.5 million and \$18.6 million are included in the results of operations for the six months ended June 30, 2010 and 2009, respectively. The Company has incurred a total of \$2.7 million of equity issuance costs to date which have been recorded as a charge to additional paid-in capital, as a reduction of the otherwise determined fair value of the equity issued.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

In connection with the Merger, the Company has accrued severance costs of \$0.9 million, \$2.8 million, (\$0.2) million and \$0.5 million as a component of selling, general and administrative expenses in its Artist Nation, Ticketing, Sponsorship and eCommerce segments, respectively, and \$0.6 million as a component of corporate expenses for the three months ended June 30, 2010 and \$1.1 million, \$6.5 million, \$0.1 million and \$0.7 million as a component of selling, general and administrative expenses in its Artist Nation, Ticketing, Sponsorship and eCommerce segments, respectively, and \$4.7 million as a component of corporate expenses for the six months ended June 30, 2010.

Table of Contents**NOTE 4 DISCONTINUED OPERATIONS**

In October 2009, the Company sold its remaining theatrical venues and operations in the United Kingdom for a gross sales price of approximately \$148.7 million to The Ambassador Theatre Group Limited. After fees, expenses, an adjustment to replace the show cash of the theatrical business that was previously removed from the operations and utilized by the Company and a working capital adjustment, the Company received approximately \$111.3 million of net proceeds. The sale of the U.K. theatrical business resulted in a tax-free gain of \$56.6 million in the fourth quarter of 2009. For the three and six months ended June 30, 2010, the Company reported an additional \$0.4 million and \$0.7 million of related expense, respectively.

The Company has reported the U.K. theatrical business as discontinued operations in accordance with ASC topic 205, *Presentation of Financial Statements*. During 2009, the Company also sold its 33% interest in Dominion Theatre Investments Limited which was part of the U.K. theatrical business. Accordingly, the results of operations for all periods presented have been reclassified.

Summary operating results of discontinued operations are as follows:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2010	2009	2010	2009
	<i>(in thousands)</i>			
Revenue	\$ -	\$ 15,799	\$ -	\$ 30,145
Operating expenses	-	11,099	-	21,621
Gain on sale of operating assets	-	-	-	(4)
Other income net	-	(200)	-	(625)
Income from discontinued operations before income taxes	-	4,900	-	9,153
Income tax expense	-	1,402	-	2,691
Income from discontinued operations before loss on disposal	-	3,498	-	6,462

Income (loss) from discontinued operations, net of tax	(377)	3,498	(680)	6,462
Income (loss) from discontinued operations attributable to noncontrolling interests	-	-	-	-
Income (loss) from discontinued operations attributable to Live Nation Entertainment, Inc.	\$ (377)	\$ 3,498	\$ (680)	\$ 6,462

NOTE 5 LONG-TERM DEBT

Long-term debt, which includes capital leases, at June 30, 2010 and December 31, 2009, consisted of the following:

	June 30, 2010	December 31, 2009
	<i>(in thousands)</i>	
May 2010 Senior Secured Credit Facility:		
Term loan A	\$ 98,750	\$ -
Term loan B, net of unamortized discount of \$3.9 million at June 30, 2010	794,105	-
Revolving credit facility	-	-
December 2005 Senior Secured Credit Facility:		
Term loan	-	343,483
Revolving credit facility	-	101,335
8.125% Senior Notes due 2018	250,000	-
10.75% Senior Notes due 2016, plus unamortized premium of \$24.8 million at June 30, 2010	311,783	-

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

2.875% Convertible Senior Notes due 2027, net of unamortized discount of \$48.0 million at June 30, 2010 and \$52.8 million at December 31, 2009	171,954	167,217
Other long-term debt	112,058	128,034
	1,738,650	740,069
Less: current portion	46,522	41,032
Total long-term debt, net	\$ 1,692,128	\$ 699,037

Table of Contents

Future maturities of long-term debt at June 30, 2010 are as follows:

	<i>(in thousands)</i>
2010	\$ 41,228
2011	37,394
2012	35,741
2013	27,710
2014	262,826
Thereafter	1,360,889
Total	1,765,788
Debt discount	(51,941)
Debt premium	24,803
Total including premium and discount	\$ 1,738,650

All long-term debt without a stated maturity date is considered current and is reflected as maturing in the earliest period shown in the table above. See Note 7 Fair Value Measurements for discussion of fair value measurement of the Company's long-term debt.

May 2010 Senior Secured Credit Facility

In May 2010, the Company replaced its existing senior secured credit facilities, including the Ticketmaster senior secured credit facility, by entering into a Credit Agreement dated as of May 6, 2010 that provides for \$1.2 billion in credit facilities. As a result, the Company recorded a loss on extinguishment of debt during the second quarter of 2010. This new senior secured credit facility consists of (i) a \$100 million term loan A with a maturity of five and one-half years, (ii) an \$800 million term loan B with a maturity of six and one-half years and (iii) a \$300 million revolving credit facility with a maturity of five years. In addition, subject to certain conditions, the Company has the right to increase such facilities by up to \$300 million in the aggregate. The five-year revolving credit facility provides for borrowings up to the amount of the facility with sublimits of up to (i) \$150 million to be available for the issuance of letters of credit, (ii) \$50 million to be available for swingline loans and (iii) \$100 million to be available for borrowings in foreign currencies.

The interest rates per annum applicable to loans under the senior secured credit facility are, at the Company's option, equal to either LIBOR plus 3.0% or a base rate plus 2.0%, subject to stepdowns based on the Company's leverage ratio. The interest rate for the term loan B is subject to a LIBOR floor of 1.5% and a base rate floor of 2.5%. The Company is required to pay a commitment fee of 0.5% per year on the undrawn portion available under the revolving credit facility and variable fees on outstanding letters of credit.

During the first five and one-quarter years after the closing date, the Company will be required to make quarterly payments on the term loan A at a rate ranging from 5% of the original principal amount in the first year of the facility to 40% in the last half-year of the facility. During the first six and one-quarter years after the closing date, the Company will be required to make quarterly amortization payments on the term loan B at a rate of 0.25% of the original principal amount thereof. The Company is also required to make mandatory prepayments of the loans under the Credit Agreement, subject to specified exceptions, from excess cash flow, and with the proceeds of asset sales, debt issuances and specified other events.

At June 30, 2010, the outstanding balance on the term loans, excluding the debt discount, and revolving credit facility were \$896.8 million and zero, respectively. Based on the Company's outstanding letters of credit of \$43.7 million, \$256.3 million was available for future borrowings.

8.125% Senior Notes

In May 2010, the Company issued \$250 million of 8.125% senior notes due 2018. Interest on the notes is payable semi-annually in cash in arrears on May 15 and November 15 of each year, beginning on November 15, 2010, and the notes will mature on May 15, 2018. The Company may redeem some or all of the notes at any time prior to May 15, 2014 at a price equal to 100% of the principal amount, plus any accrued and unpaid interest to the date of redemption, plus a "make-whole" premium using a discount rate equal to the Treasury Rate plus 50 basis points. The Company may also redeem up to 35% of the notes from the proceeds of certain equity offerings prior to May 15, 2013, at a price equal to 108.125% of their principal amount, plus any accrued and unpaid interest. In addition, on or after May 15, 2014, the Company may redeem some or all of the notes at any time at redemption prices that start at 104.063% of their aggregate principal amount. The Company must also

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

offer to redeem the notes at 101% of their principal amount, plus accrued and unpaid interest to the repurchase date, if it experiences certain kinds of changes of control.

Table of Contents***10.75% Senior Notes***

As part of the Merger, the Company acquired 10.75% senior notes due 2016, which were originally issued by Ticketmaster in a \$300 million aggregate principal amount. Interest is payable semi-annually in cash in arrears on August 1 and February 1 of each year. These notes are guaranteed by existing and future domestic restricted subsidiaries of Ticketmaster. Prior to the Merger, Ticketmaster repurchased and retired \$13 million aggregate principal amount of the 10.75% senior notes, such that \$287 million in aggregate principal amount is currently outstanding.

The notes are redeemable by the Company, in whole or in part, on or after August 1, 2012 at the following prices (expressed as percentages of the principal amount), plus accrued and unpaid interest, on August 1 of the following years: 105.375% (2012), 102.688% (2013) and 100.00% (2014 and thereafter). At any time and from time to time prior to August 1, 2012, the notes are redeemable by the Company at a redemption price equal to 100% of the principal amount plus the greater of (i) 1% of the principal amount of such note; and (ii) the excess, if any, of: (A) an amount equal to the present value of (1) the redemption price of such note at August 1, 2012, plus (2) the remaining scheduled interest payments on the notes to be redeemed (subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date) to August 1, 2012 (other than interest accrued to the redemption date), computed using a discount rate equal to the Treasury Rate plus 50 basis points; over (B) the principal amount of the notes to be redeemed. In addition, up to 35% of the notes may be redeemed by the Company with proceeds from certain equity offerings before August 1, 2011 at a price equal to 110.75% of their principal amount, plus accrued and unpaid interest. The Company must also offer to redeem the notes at 101% of their principal amount, plus accrued and unpaid interest, if it experiences certain kinds of changes of control. Due to its legal structure, the Merger was not considered a restricted transaction under these covenants and did not meet the requirements of a change of control. Lastly, if certain of the Company's subsidiaries (specifically, those that are designated restricted subsidiaries under the indenture governing the notes) sell assets and do not apply the sale proceeds in a specified manner within a specified time, the Company will be required to make an offer to purchase the notes at their face amount, plus accrued and unpaid interest to the repurchase date.

Debt Extinguishment

The December 2005 senior secured credit facility and the Ticketmaster senior secured credit facility were paid in full in May 2010 with proceeds from the May 2010 senior secured credit facility and the issuance of the 8.125% senior notes. In addition, the interest rate swap agreements affiliated with the December 2005 senior secured credit facility were settled in conjunction with the termination of the prior credit facility. Please refer to Note 6 Derivative Instruments for further discussion of the interest rate swap settlements. Also, the Company converted the existing preferred stock of one of its subsidiaries into the right to receive a cash payment of the outstanding principal and a make-whole payment to compensate the holders for their interest through maturity. Finally, the Company expensed the deferred debt issuance costs associated with the December 2005 senior secured credit facility and preferred stock. The Company recorded a total of \$21.2 million for the loss on extinguishment of debt in the second quarter of 2010.

December 2005 Senior Secured Credit Facility

The Company had a senior secured credit facility that was entered into in December 2005 which consisted of term loans totaling \$550 million and a \$285 million revolving credit facility. Under the senior secured credit facility, revolving loans bore interest at an annual rate of LIBOR plus 2.25%, subject to stepdowns based on the Company's leverage ratio at the time of borrowing, and term loans bore interest at an annual rate of LIBOR plus 3.25%.

The interest rate paid on the Company's \$285 million, multi-currency revolving credit facility depended on its total leverage ratio. In addition to paying interest on outstanding principal under the credit facility, the Company was required to pay a commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments. The Company was also required to pay customary letter of credit fees, as necessary.

Ticketmaster Senior Secured Credit Facility

As part of the Merger, the Company acquired the Ticketmaster senior secured credit facility, which consisted of a \$100 million term loan A with a maturity of five years, a \$350 million term loan B with a maturity of six years and a \$200 million revolving credit facility with a maturity of five years.

The interest rates per annum applicable to loans under the senior secured credit facility was, at the Company's option, equal to either a base rate or LIBOR plus an applicable margin, which in the case of the term loan A and the revolver would vary with the total leverage ratio of Ticketmaster. The applicable margin for the term loan B was 4.5% per annum for LIBOR loans and 3.5% per annum for base rate loans. The

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

base rate means the greater of (i) the prime rate as quoted from time to time by JPMorgan Chase Bank, N.A. or (ii) the Federal Funds rate plus 0.5%.

Table of Contents

Debt Covenants

The Company's senior secured credit facility, which was entered into in May 2010, contains a number of covenants and restrictions that, among other things, require the Company to satisfy certain financial covenants and restrict the Company's and its subsidiaries' ability to incur additional debt, make certain investments and acquisitions, repurchase its stock and prepay certain indebtedness, create liens, enter into agreements with affiliates, modify the nature of its business, enter into sale-leaseback transactions, transfer and sell material assets, merge or consolidate, and pay dividends and make distributions, (with the exception of subsidiary dividends or distributions to the parent company or other subsidiaries on at least a pro-rata basis with any noncontrolling interest partners). Non-compliance with one or more of the covenants and restrictions could result in the full or partial principal balance of the credit facility becoming immediately due and payable. The senior secured credit facility agreement has two covenants measured quarterly starting June 30, 2010 that relate to total leverage and interest coverage. The consolidated total leverage covenant requires the Company to maintain a ratio of consolidated total debt to consolidated EBITDA (both as defined in the senior secured credit facility agreement) of less than 4.9x over the trailing four consecutive quarters. The total leverage ratio will reduce to 4.5x on September 30, 2011, 4.0x on September 30, 2012, 3.75x September 30, 2013 and 3.5x on March 31, 2015. The consolidated interest coverage covenant requires the Company to maintain a minimum ratio of consolidated EBITDA to consolidated interest expense (both as defined in the senior secured credit facility agreement) of 2.5x over the trailing four consecutive quarters. The interest coverage will increase to 2.75x on September 30, 2011, and 3.0x on September 30, 2012.

The indentures governing the 10.75% senior notes and the 8.125% senior notes contain covenants that limit, among other things, the Company's ability and the ability of its restricted subsidiaries to incur certain additional indebtedness and issue preferred stock; make certain distributions, investments and other restricted payments; sell certain assets; agree to any restrictions on the ability of restricted subsidiaries to make payments to the Company; merge, consolidate or sell all of the Company's assets; create certain liens; and engage in transactions with affiliates on terms that are not arm's length. Certain covenants, including those pertaining to incurrence of indebtedness, restricted payments, asset sales, mergers and transactions with affiliates will be suspended during any period in which the notes are rated investment grade by both rating agencies and no default or event of default under the indentures has occurred and is continuing. The 10.75% senior notes and the 8.125% senior notes each contain two incurrence-based financial covenants, as defined, requiring a minimum fixed charge coverage ratio of 2.0 to 1.0 and a maximum secured indebtedness leverage ratio of 2.75 to 1.0.

As of June 30, 2010, the Company believes it was in compliance with all of its debt covenants. The Company expects to remain in compliance with all of its debt covenants throughout 2010.

NOTE 6 DERIVATIVE INSTRUMENTS

The Company is required to recognize all of its derivative instruments as either assets or liabilities in the consolidated balance sheet at fair value. Refer to Note 7 Fair Value Measurements for fair value measurement of derivative instruments. The accounting for changes in the fair value of a derivative instrument depends on whether it has been designated and qualifies as part of a hedging relationship, and further, on the type of hedging relationship. For derivative instruments that are designated and qualify as hedging instruments, the Company must designate the hedging instrument, based upon the exposure being hedged, as a fair value hedge, a cash flow hedge or a hedge of a net investment in a foreign operation. The Company formally documents all relationships between designated hedging instruments and hedged items, as well as its risk management objectives and strategies for undertaking various hedge transactions. The Company formally assesses, both at inception and at least quarterly thereafter, whether the derivatives that are designated in hedging transactions are highly effective in offsetting changes in either the fair value or cash flows of the hedged item. If a derivative ceases to be a highly effective hedge, the Company discontinues hedge accounting. The Company accounts for its derivative instruments that are not designated as hedges at fair value with changes in fair value recorded in earnings to the same line item associated with the forecasted transaction. The Company does not enter into derivative instruments for speculation or trading purposes.

For derivative instruments that are designated and qualify as a cash flow hedge (i.e., hedging the exposure to variability in expected future cash flows that is attributable to a particular risk), the effective portion of the gain or loss on the derivative instrument is reported as a component of OCI and reclassified into earnings in the same line item associated with the forecasted transaction in the same period or periods during which the hedged transaction affects earnings (for example, in interest expense when the hedged transactions are interest cash flows associated with floating-rate debt). The remaining gain or loss on the derivative instrument in excess of the cumulative change in the present value of future cash flows of the hedged item, if any, is recognized in other expense (income) net in current earnings in the consolidated statements of operations during the period of change.

In May 2010, in conjunction with the debt extinguishment discussed in Note 5 Long-Term Debt, the Company settled three interest rate swap agreements, one of which was designated as a cash flow hedge for accounting purposes, that were associated with the term loans under the Company's December 2005 senior secured credit facility. The Company recognized expenses of \$2.2 million and \$2.3 million for the settlement of the designated and undesignated interest rate swap agreements, respectively, as a component of loss on extinguishment of debt.

Table of Contents

In May 2010, the Company entered into an interest rate cap agreement which is designated as a cash flow hedge for accounting purposes. The interest payments being hedged are the LIBOR-based interest payments for term loan A, under the senior secured credit facility, which has an outstanding balance of \$98.8 million as of June 30, 2010, declining on a quarterly basis to \$75.0 million as of June 30, 2013. The purpose of the interest rate cap agreement is to limit the Company's cash flow exposure to the variable LIBOR rate to a maximum interest rate of 4% per annum. That is, if the LIBOR-based interest rate exceeds 4% per annum during the quarter, the counterparty will pay the Company an amount equal to the LIBOR interest payment in excess of 4% per annum. The Company will reclassify the unrealized gain from accumulated OCI into earnings when interest expense is recognized on its variable-rate debt. The Company expects no gain or loss to be reclassified into earnings within the next 12 months. Approximately 11% of the Company's outstanding term loans under the senior secured credit facility had their interest payments designated as the hedged forecasted transactions against the interest rate cap agreement at June 30, 2010.

Additionally, the Company has two interest rate swap agreements that have not been designated as hedging instruments. The Company has an interest rate swap agreement to convert a portion of AMG's long-term debt from floating-rate debt to a fixed-rate basis with a notional amount of \$16.5 million. Also, in connection with the financing of the redevelopment of the O₂ Dublin, the Company has an interest rate swap agreement to convert a portion of long-term debt from floating-rate debt to a fixed-rate basis with a notional amount of \$15.1 million. Any change in fair value is recorded in earnings during the period of the change.

The Company's 2.875% convertible senior notes issued in July 2007 include certain provisions which are bifurcated from the notes and accounted for as derivative instruments. At the date of issuance and as of June 30, 2010 and December 31, 2009, the fair value of these provisions is considered de minimis.

The Company uses forward currency contracts to reduce its exposure to foreign currency risk. The principal objective of such contracts is to minimize the risks and/or costs associated with short-term artist fee commitments. The Company also enters into forward currency contracts to minimize the risks and/or costs associated with changes in foreign currency rates on short-term intercompany loans payable to certain international subsidiaries and on forecasted operating income. At June 30, 2010 and December 31, 2009, the Company had forward currency contracts outstanding with notional amounts of \$145.9 million and \$5.9 million, respectively. These forward currency contracts have not been designated as hedging instruments. Any change in fair value is reported in earnings during the period of the change.

The fair value of derivative instruments in the consolidated balance sheets as of June 30, 2010 and December 31, 2009 was as follows:

NOTE 7 FAIR VALUE MEASUREMENTS

The Company currently has various financial instruments carried at fair value such as marketable securities, derivatives and contingent consideration, but does not currently have nonfinancial assets and nonfinancial liabilities that are required to be measured at fair value on a recurring basis. The Company's financial assets and liabilities are measured using inputs from three levels of the fair value hierarchy as defined by ASC 820. For this categorization, only inputs that are significant to the fair value are considered. The three levels are defined as follows:

Level 1 Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that can be accessed at the measurement date.

Level 2 Inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e., interest rates, yield curves, etc.) and inputs that are derived principally from or corroborated by observable market data by correlation or other means (i.e., market corroborated inputs).

Level 3 Unobservable inputs that reflect assumptions about what market participants would use in pricing the asset or liability. These inputs would be based on the best information available, including the Company's own data.

In accordance with the fair value hierarchy described above, the following table shows the fair value of the Company's financial assets and liabilities that are required to be measured at fair value on a recurring basis, as of June 30, 2010 and December 31, 2009, which are classified as other current assets, other long-term assets, other current liabilities and other long-term liabilities:

	Fair Value Measurements at June 30, 2010				Fair Value Measurements at December 31, 2009			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total

Other liabilities	3,487	-	-	3,487	3,431	-	-	3,431
Total	\$ 3,487	\$ 2,160	\$ 21,140	\$ 26,787	\$ 3,431	\$ 9,480	\$ -	\$ 12,911

Cash equivalents consist of money market funds and commercial paper that are quoted in an active market. Forward currency contracts are based on observable market transactions of spot and forward rates. Investments in rabbi trusts include exchange-traded equity securities and mutual funds. Fair values for these investments are based on quoted prices in active markets. Fair values for the interest rate swaps are based upon inputs corroborated by observable market data with similar tenors. Other liabilities represent deferred compensation obligations to employees under certain plans. The liabilities related to these plans are adjusted based on changes in the fair value of the underlying employee-directed investments and therefore are classified consistent with the investments.

The Company has certain contingent consideration obligations related to acquisitions which are measured at fair value using Level 3 inputs. The amounts due to the sellers are based on the achievement of agreed upon financial performance metrics by the acquired companies. The Company records the liability at the time of the acquisition based on management's best estimates of the future results of the acquired companies compared to the agreed-upon metrics. The most significant estimate involved in the measurement process is the projection of future cash flows of the

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

acquired companies. By comparing these estimates to the agreed upon metrics, the Company estimates the amount, if any, anticipated to be paid to the seller on the agreed upon future date. For obligations payable at a date greater than twelve months from the acquisition date, the Company applies a discount rate to present value the estimated obligations. The discount rate is intended to reflect the risks of ownership and the associated risks of realizing the stream of projected cash flows. Subsequent to the date of acquisition, the Company updates the original valuation to reflect updated projections of future cash flows of the acquired companies and the passage of time. Refer to Note 8 Commitments and Contingent Liabilities for additional information related to the contingent payments.

Table of Contents

The following table summarizes the changes in fair value of the Company's Level 3 liabilities for the six months ended June 30, 2010:

	Contingent Consideration <i>(in thousands)</i>
Balance as of December 31, 2009	\$ -
Total losses (realized/unrealized) :	
Included in earnings (or changes in net assets)	4,555
Included in other comprehensive income (loss)	-
Purchases	20,760
Issuances	-
Settlements	(4,175)
Transfer in and/or out of Level 3	-
 Balance as of June 30, 2010	 \$ 21,140

The amount of total losses for the period included in earnings (or changes in net assets) attributable to the change in unrealized gains or losses relating to assets still held at June 30, 2010	\$ 4,555
---	----------

Changes in the valuations of the contingent consideration were reported in acquisition transaction expenses for the three and six months ended June 30, 2010.

Due to the short maturity, the carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximated their fair values at June 30, 2010 and December 31, 2009.

The Company's outstanding debt held by third-party financial institutions is carried at cost, net of premiums or discounts. The Company's debt is not publicly-traded and for the Company's debt that accrues interest at a variable rate, the carrying amounts typically approximate their fair value. The estimated fair values of the 8.125% senior notes, the 10.75% senior notes and the 2.875% convertible senior notes were \$242.2 million, \$307.8 million and \$181.5 million at June 30, 2010, respectively. The estimated fair value of the 2.875% convertible senior notes was \$176.0 million at December 31, 2009. The estimated fair value of our third-party fixed-rate debt is based on third-party quotes, which are considered to be level 2 inputs.

The Company has fixed rate debt with a noncontrolling interest partner of \$28.5 million and \$31.9 million at June 30, 2010 and December 31, 2009, respectively. The Company is unable to determine the fair value of this debt.

NOTE 8 COMMITMENTS AND CONTINGENT LIABILITIES

The Company has leases that contain contingent payment requirements for which payments vary depending on revenue, tickets sold or other variables.

Certain agreements relating to acquisitions that occurred prior to the adoption in January 2009 of the new accounting guidance in ASC 805 provide for purchase price adjustments and other future contingent payments based on the financial performance of the acquired companies. The Company will accrue additional amounts related to such contingent payments, with a corresponding adjustment to goodwill, if and when it is determinable that the applicable financial performance targets will be met. The aggregate of these contingent payments, if performance targets are met, would not significantly impact the financial position or results of operations of the Company.

The Company has certain contingent obligations related to acquisitions made of various artist management companies and a concert promotion company. In accordance with the current guidance for business combinations, contingent consideration must be accrued at the time of the acquisition. The contingent consideration is generally subject to payout following the achievement of future performance targets and some may be payable in 2010. As of June 30, 2010, the Company has accrued \$9.2 million in other current liabilities and \$11.9 million in other long-term liabilities representing the fair value of these estimated earn-out arrangements. Refer to Note 7 Fair Value Measurements for further discussion related to the valuation of the earn-out payments.

CTS Arbitration

CTS filed a request for arbitration with the International Court of Arbitration of the International Chamber of Commerce in April 2010. CTS asserts that the Company has breached its obligations under the terms of its agreement with CTS and failed to allocate the proper number of tickets to CTS's system in the United Kingdom, and that the Merger with Ticketmaster and the Company's subsequent actions have breached the implied covenant of good faith and fair dealing. CTS seeks a declaration that the Company is in breach of the agreement and of the implied covenant of good faith and fair dealing, unspecified damages resulting from such breaches and specific performance of the Company's obligations under the agreement. In June 2010, the Company terminated its agreement with CTS, based on CTS' multiple, material failures to perform its obligations under the agreement. The Company intends to vigorously defend the action.

Table of Contents

Live Concert Antitrust Litigation

The Company was a defendant in a lawsuit filed by Malinda Heerwagen in June 2002 in U.S. District Court. The plaintiff, on behalf of a putative class consisting of certain concert ticket purchasers, alleged that anti-competitive practices for concert promotion services by the Company nationwide caused artificially high ticket prices. In August 2003, the District Court ruled in the Company's favor, denying the plaintiff's class certification motion. The plaintiff appealed to the U.S. Court of Appeals. In January 2006, the Court of Appeals affirmed, and the plaintiff then dismissed her action that same month. Subsequently, twenty-two putative class actions were filed by different named plaintiffs in various U.S. District Courts throughout the country, making claims substantially similar to those made in the *Heerwagen* action, except that the geographic markets alleged are regional, statewide or more local in nature, and the members of the putative classes are limited to individuals who purchased tickets to concerts in the relevant geographic markets alleged. The plaintiffs seek unspecified compensatory, punitive and treble damages, declaratory and injunctive relief and costs of suit, including attorneys' fees. The Company has filed its answers in some of these actions and has denied liability. In April 2006, granting the Company's motion, the Judicial Panel on Multidistrict Litigation transferred these actions to the U.S. District Court for the Central District of California for coordinated pre-trial proceedings. In June 2007, the District Court conducted a hearing on the plaintiffs' motion for class certification, and also that month the Court entered an order to stay all proceedings pending the Court's ruling on class certification. In October 2007, the Court granted the plaintiffs' motion and certified classes in the Chicago, New England, New York/New Jersey, Colorado and Southern California regional markets. In November 2007, the Court extended its stay of all proceedings pending further developments in the U.S. Court of Appeals for the Ninth Circuit. In February 2008, the Company filed with the District Court a Motion for Reconsideration of its October 2007 class certification order. A ruling by the District Court on the Company's Motion is pending. The Company intends to vigorously defend all claims in all of the actions.

UPS Consumer Class Action Litigation

In October 2003, a purported representative action was filed in the Superior Court of California challenging Ticketmaster's charges to online customers for UPS ticket delivery and alleging that its failure to disclose on its website that the charges contain a profit component is unlawful. The complaint asserted a claim for violation of California's Unfair Competition Law (UCL) and sought restitution or disgorgement of the difference between (i) the total UPS delivery fees charged by Ticketmaster in connection with online ticket sales during the applicable period, and (ii) the amount that Ticketmaster actually paid to UPS for delivery of those tickets. In August 2005, the plaintiff filed a first amended complaint, then pleading the case as a putative class action and adding the claim that Ticketmaster's website disclosures in respect of its ticket order-processing fees constitute false advertising in violation of California's False Advertising Law. On this new claim, the amended complaint seeks restitution or disgorgement of the entire amount of order-processing fees charged by Ticketmaster during the applicable period. In April 2009, the Court granted the plaintiff's motion for leave to file a second amended complaint adding new claims that (a) Ticketmaster's order processing fees are unconscionable under the UCL, and (b) Ticketmaster's alleged business practices further violate the California Consumer Legal Remedies Act. Plaintiff later filed a third amended complaint, to which Ticketmaster filed a demurrer in July 2009. The Court overruled Ticketmaster's demurrer in October 2009.

The plaintiff filed a class certification motion in August 2009, which Ticketmaster opposed. In February 2010, the Court granted certification of a class on the first two causes of action, which allege that Ticketmaster misrepresents/omits the fact of a profit component in its UPS and order processing fees. The class consists of California consumers who purchased tickets through Ticketmaster's website from 1999 to present. The Court denied certification of a class on the third and fourth causes of action, which allege that Ticketmaster's UPS and order processing fees are unconscionably high. In March 2010, Ticketmaster filed a Petition for Writ of Mandate with the California Court of Appeal, and plaintiffs also filed a motion for reconsideration of the Superior Court's class certification order. In April 2010, the Superior Court denied plaintiffs' Motion for Reconsideration of the Court's class certification order, and the Court of Appeal denied Ticketmaster's Petition for Writ of Mandate. In June 2010, Ticketmaster filed its Motion for Summary Judgment on all causes of action in the Superior Court. Later that month, the Court of Appeal granted the plaintiffs' Petition for Writ of Mandate and ordered the Superior Court to vacate its February 2010 order denying plaintiffs' motion to certify a national class and enter a new order certifying a nationwide class on the first two causes of action or show cause why a peremptory writ with that order should not issue. Later that month, the Court of Appeal granted the plaintiffs' Petition for Writ of Mandate and ordered the Superior Court to vacate its February 2010 order denying plaintiffs' motion to certify a national class and enter a new order granting plaintiffs' motion to certify a nationwide class on the first two claims, or show cause why the Court of Appeal should not direct the Superior Court to do so. The Company intends to vigorously defend the action.

Canadian Consumer Class Action Litigation Relating to TicketsNow

In February 2009, five putative consumer class action complaints were filed in various provinces of Canada against TicketsNow, Ticketmaster, Ticketmaster Canada Ltd. and Premium Inventory, Inc. All of the cases allege essentially the same set of facts and causes of action. Each plaintiff purports to represent a class consisting of all persons who purchased a ticket from Ticketmaster, Ticketmaster Canada Ltd. or TicketsNow from February 2007 to present and alleges that Ticketmaster conspired to divert a large number of tickets for resale through the TicketsNow website at prices higher than face value. The plaintiffs characterize these actions as being in violation of Ontario's Ticket

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

Speculation Act, the Amusement Act of Manitoba, the Amusement Act of Alberta or the Quebec Consumer Protection Act. The Ontario case contains the additional allegation

Table of Contents

that Ticketmaster and TicketsNow's service fees run afoul of anti-scalping laws. Each lawsuit seeks compensatory and punitive damages on behalf of the class. The Company intends to vigorously defend all claims in all of the actions.

United States Consumer Class Action Litigation Relating to TicketsNow

From February through June 2009, eleven purported class action lawsuits asserting causes of action under various state consumer protection laws were filed against Ticketmaster and TicketsNow in U.S. District Courts in California, New Jersey, Minnesota, Pennsylvania and North Carolina. The lawsuits allege that Ticketmaster and TicketsNow unlawfully deceived consumers by, among other things, selling large quantities of tickets to TicketsNow's ticket brokers, either prior to or at the time that tickets for an event go on sale, thereby forcing consumers to purchase tickets at significantly marked-up prices on TicketsNow.com instead of Ticketmaster.com. The plaintiffs further claim violation of the consumer protection laws by Ticketmaster's alleged redirecting of consumers from Ticketmaster.com to Ticketsnow.com, thereby engaging in false advertising and an unfair business practice by deceiving consumers into inadvertently purchasing tickets from TicketsNow for amounts greater than face value. The plaintiffs claim that Ticketmaster has been unjustly enriched by this conduct and seek compensatory damages, a refund to every class member of the difference between tickets' face value and the amount paid to TicketsNow, an injunction preventing Ticketmaster from engaging in further unfair business practices with TicketsNow and attorney fees and costs. In July 2009, all of the cases were consolidated and transferred to the U.S. District Court for the Central District of California. The plaintiffs filed their consolidated class action complaint in September 2009, to which Ticketmaster filed its answer the following month. In July 2010, Ticketmaster filed its Motion for Summary Judgment. The Company intends to vigorously defend all claims in all of the actions.

Litigation Relating to the Merger of Live Nation and Ticketmaster

Ticketmaster and its Board of Directors were named as defendants in a pair of lawsuits filed in February 2009 in the Superior Court of California challenging the merger of Live Nation and Ticketmaster. These actions were consolidated by court order in March 2009. The consolidated complaint, as amended, generally alleges that Ticketmaster and its directors breached their fiduciary duties by entering into the Merger Agreement without regard to the fairness of its terms to the Ticketmaster stockholders and in return for illicit payments of surplus Live Nation stock. It also alleges that the joint proxy statement/prospectus of Live Nation and Ticketmaster contained material omissions and misstatements. The plaintiffs moved for a preliminary injunction barring the completion of the Merger in December 2009, which motion was denied at a hearing held later that month. The Ticketmaster and Live Nation stockholders each approved the Merger in January 2010, and the Merger was consummated later that same month. The plaintiffs continue to prosecute the case, now seeking compensatory damages, attorneys' fees and expenses. The Ticketmaster defendants have answered the complaint, denying its allegations and asserting defenses. In April 2010, the parties reached a settlement which the Court approved in July 2010.

Other Litigation

From time to time, the Company is involved in other legal proceedings arising in the ordinary course of its business, including proceedings and claims based upon violations of antitrust laws and tortious interference, which could cause the Company to incur significant expenses. The Company also has been the subject of personal injury and wrongful death claims relating to accidents at its venues in connection with its operations. As required, the Company accrued its estimate of the probable settlement or other losses for the resolution of any outstanding claims. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings. In addition, under the Company's agreements with Clear Channel, it has assumed and will indemnify Clear Channel for liabilities related to its business for which they are a party in the defense.

NOTE 9 RELATED-PARTY TRANSACTIONS

Transactions with Clear Channel

The Company has one non-employee director as of June 30, 2010 that is also a director and executive officer of Clear Channel. From time to time, the Company purchases advertising from Clear Channel and its subsidiaries in the ordinary course of business. For the three months ended June 30, 2010 and 2009, the Company recorded \$1.0 million and \$1.8 million, respectively, and for the six months ended June 30, 2010 and 2009, the Company recorded \$1.7 million and \$3.3 million, respectively, as components of direct operating expenses and selling, general and administrative expenses for these advertisements.

Transactions with IAC

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

The Company has two non-employee directors as of June 30, 2010 that are also directors and executive officers of IAC.

Table of Contents

For purposes of governing certain of the ongoing relationships between IAC and Ticketmaster at and after the spin-off of the Spincos from IAC, and to provide for an orderly transition, IAC, Ticketmaster and the other Spincos entered into a separation agreement and a tax sharing agreement, among other agreements.

The tax sharing agreement governs the respective rights, responsibilities and obligations of IAC and Ticketmaster after the spin-off with respect to taxes for the periods ended on or before the spin-off. Generally, IAC agreed to pay taxes with respect to Ticketmaster's income included on its consolidated, unitary or combined federal or state tax returns, including audit adjustments with respect thereto, but other pre-distribution taxes that are attributable to Ticketmaster, including taxes reported on separately-filed returns and all foreign returns and audit adjustments with respect thereto were agreed to be borne solely by Ticketmaster. The tax sharing agreement contains certain customary restrictive covenants that generally prohibit Ticketmaster (absent a supplemental IRS ruling or an unqualified opinion of counsel to the contrary, in each case, in a form and substance satisfactory to IAC in its sole discretion) from taking actions that could jeopardize the tax free nature of the spin-off. Ticketmaster agreed to indemnify IAC for any taxes and related losses resulting from its non-compliance with these restrictive covenants, as well as for the breach of certain representations in the spin-off agreements and other documentation relating to the tax-free nature of the spin-off.

Ticketmaster currently occupies office space in a building in Los Angeles that is owned by IAC. Related rental expense charged to Ticketmaster by IAC for the Los Angeles office space totaled \$0.6 million and \$1.0 million for the three months ended June 30, 2010 and from the Merger date through June 30, 2010, respectively. These charges are recorded as components of selling, general and administrative expenses.

Agreements with Liberty Media

In connection with the Merger Agreement, in February 2009 the Company entered into a Stockholder Agreement with Liberty Media and Liberty USA Holdings, LLC (the Liberty Stockholder Agreement) regarding certain corporate governance rights, designation rights and registration rights with respect to the Company's common stock to be received by Liberty Media in the Merger. The Liberty Stockholder Agreement became effective upon consummation of the Merger. Among other things, subject to certain restrictions and limitations set forth in the Liberty Stockholder Agreement, Liberty Media has exercised its right to nominate two directors to serve on the Company's board of directors. The Liberty Stockholder Agreement also contains provisions relating to limitations on the ownership of the Company's equity securities by Liberty Media and its affiliates following the Merger and on transfers of the Company's equity securities and rights and obligations under the Liberty Stockholder Agreement following the Merger.

Transactions Involving Executives

ATC, which is owned by Irving Azoff, our Executive Chairman and a director of the Company, owns both an aircraft and a fractional interest in a different aircraft. Executive Jet Management, an aircraft management and charter company unrelated to either the Company or ATC, manages and operates the fully-owned aircraft on ATC's behalf and charges the Company market rates for the use of the fully-owned aircraft when used by Mr. Azoff or other executives on company business, a portion of which is paid to ATC. In addition, ATC is reimbursed by the Company for expenses incurred from the use of its fractional interest when used by Mr. Azoff or other executives for company business. The Company made payments totaling approximately \$0.1 million and \$0.1 million for the three months ended June 30, 2010 and from the Merger date through June 30, 2010, respectively, to ATC and Executive Jet Management pursuant to the foregoing arrangements.

The Azoff Trust is a party to the Amended and Restated Stockholders' Agreement of Front Line (the Front Line Stockholders' Agreement). The Front Line Stockholders' Agreement governs certain matters related to Front Line and the ownership of securities of Front Line. Under the Front Line Stockholders' Agreement, the Azoff Trust has the right to designate two of the seven members of the Front Line board of directors, the Company has the right to designate four of the seven members of the Front Line board of directors and the other noncontrolling interest holder has the right to designate the remaining director. Under the Front Line Stockholders' Agreement, specified corporate transactions require the approval of both a majority of the directors designated by the Company and a majority of the directors designated by the Azoff Trust and the other noncontrolling interest holder. The Front Line Stockholders' Agreement contains certain restrictions on transfer of shares of stock of Front Line, as well as a right of first refusal to Front Line and then to other stockholders of Front Line in the event of certain proposed sales of Front Line stock by stockholders of Front Line and a tag-along right allowing the Azoff Trust to participate in certain sales of Front Line stock by certain stockholders of Front Line, as defined in the agreement.

In connection with Ticketmaster entering into the Merger Agreement, Ticketmaster entered into a letter agreement with Mr. Azoff, pursuant to which Ticketmaster agreed, upon consummation of the Merger, to amend the Front Line Stockholders' Agreement such that the Azoff Trust would have a put right that would allow the trust to sell 100% of its shares and stock options to Live Nation at fair value, at any time during the 60-day period following October 29, 2014. Upon consummation of the Merger, Ticketmaster amended the Stockholders' Agreement under the terms of the letter agreement with Mr. Azoff. Similarly, Live Nation has a call right, exercisable during the same period as the Azoff Trust's put right, to purchase all (but

Table of Contents

not less than all) of the trust's Front Line shares and stock options. The Front Line Stockholders Agreement also provides that, as soon as reasonably practicable after the end of each fiscal year of Front Line, Front Line will pay an annual pro rata dividend to the stockholders consisting of all of Front Line's Excess Cash (as defined in the agreement).

In March 2010, the board of directors of Front Line declared a dividend in the amount of \$115.74844 per share of Front Line common stock payable in cash to the holders of record of Front Line common stock. This dividend totaled \$20.6 million and was paid in March 2010. The Azoff Trust received a pro rata portion of this dividend totaling \$3.0 million with respect to the 25,918,276 shares of Front Line common stock held by the trust. Mr. Azoff, pursuant to the terms of a restricted share grant agreement, also may be entitled to certain gross-up payments from Front Line associated with distributions made on the unvested portion of his restricted Front Line common shares for the difference between ordinary income and capital gains tax treatment. Such payments to Mr. Azoff were \$0.7 million related to the March 2010 Front Line dividend. The amount of the pro rata dividend paid to the Company was \$15.0 million. Prior to the payment of the dividend, FLMG made a loan to Front Line in the amount of \$21.3 million principally to fund the dividend, evidenced by a promissory note from Front Line to FLMG with a principal amount of \$21.3 million and bearing interest at a rate of 4.5%, payable no later than November 30, 2010.

Other Related Parties

During the six months ended June 30, 2010 and 2009, the Company paid \$6.9 million and \$6.6 million, respectively, for deferred consideration due in connection with an acquisition of a company owned by various members of management of one of the Company's subsidiaries. The acquired company held the lease of a venue.

During the six months ended June 30, 2009, the Company received \$10.0 million as a deposit for the September 2009 sale of an interest in three venues to an entity partially owned by an employee of one of the Company's subsidiaries.

The Company conducts certain transactions in the ordinary course of business with companies that are owned, in part or in total, by various members of management of the Company's subsidiaries or companies over which the Company has significant influence. These transactions primarily relate to venue rentals, concession services, equipment rentals, ticketing, marketing and other services and reimbursement of certain costs. The following table sets forth expenses incurred and revenue earned from these companies for services rendered or provided in relation to these business ventures.

	Three Months Ended June 30,		Six Months Ended June 30,	
	2010	2009	2010	2009
	<i>(in thousands)</i>			
Other related parties revenue	\$ 58	\$ 220	\$ 421	\$ 1,080
Other related parties expenses	\$ 1,972	\$ 3,453	\$ 8,369	\$ 7,125

None of these transactions were with directors or executive officers of the Company.

NOTE 10 INCOME TAXES

The Company customarily calculates interim effective tax rates in accordance with ASC topic 740, *Income Taxes* (ASC 740). As required by ASC 740, the Company applies the estimated annual effective tax rate to year-to-date pretax income (loss) at the end of each interim period to compute a year-to-date tax expense (or benefit). ASC 740 requires departure from customary effective tax rate computations when losses incurred within tax jurisdictions cannot be carried back and future profits associated with operations in those tax jurisdictions cannot be assured beyond any reasonable doubt. Accordingly, the Company has calculated an expected annual effective tax rate of approximately 20% (as compared to 27% in the prior year), excluding significant, unusual or extraordinary items, for ordinary income associated with operations, which are principally outside of the United States, for which the Company currently expects to have annual taxable income. The significant decrease in the expected annual effective tax rate is driven by the change in composition of earnings in lower-taxed foreign jurisdictions, primarily driven by the acquisition of Ticketmaster. The effective tax rate has been applied to year-to-date earnings for those operations for which the Company currently expects to have taxable income. The Company has not recorded tax benefits associated with losses from operations for which future taxable income cannot be reasonably assured. As required by ASC 740, the Company also includes tax effects of significant, unusual or extraordinary items in income tax expense in the interim period in which they occur.

The net income tax expense from continuing operations is \$11.3 million and the net income tax benefit from continuing operations is \$4.0 million for the three and six months ended June 30, 2010, respectively. The components of tax expense that contributed to the net income tax benefit for the six months ended June 30, 2010 included state and local taxes of \$2.6 million, tax reserve accruals and settlements of uncertain

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

tax positions of (\$0.1) million, income tax expense based on the expected annual rate pertaining to income for the six month period ending on June 30, 2010 of \$2.0 million

Table of Contents

, withholding taxes of \$1.8 million, federal tax benefit of (\$1.7) million attributable to the carryback of net operating losses and other discrete items of (\$8.6) million. Other discrete items include (\$6.1) million of reversals of valuation allowances recorded against U.S. federal and state deferred tax assets driven by deferred tax attributes attributable to the acquisition of Ticketmaster, (\$1.6) million related to impairment charges and other items of (\$0.9) million.

As of June 30, 2010 and December 31, 2009, the Company had unrecognized tax benefits of approximately \$9.6 million and \$4.1 million, respectively. During the six months ended June 30, 2010, the unrecognized tax benefits increased by approximately \$5.6 million for acquired unrecognized tax benefits of Ticketmaster and decreased by approximately \$0.1 million for tax reserve accruals and settlements of uncertain tax positions. If unrecognized tax benefits as of June 30, 2010 are subsequently recognized, approximately \$9.1 million, net of related deferred tax assets and interest, would reduce the income tax provision from continuing operations.

The Company has U.S. federal net operating loss carry forwards that, if not used, will expire between calendar years 2010 and 2029. The amount of U.S. net operating loss carryforwards that will expire if not utilized in 2010 is \$4.3 million. The Company's federal net operating loss carry forwards are subject to statutory limitations on the amount that can be utilized in any given year.

Historically, the Company has reinvested all foreign earnings in its foreign operations. The Company currently believes all undistributed foreign earnings will be indefinitely reinvested in its foreign operations.

The Company recognizes a tax benefit associated with an uncertain tax position when the position is more likely than not to be sustained upon examination by taxing authorities. The amount recognized is measured as the largest amount of benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The Company recognizes interest and penalties related to uncertain tax positions in income tax expense.

The tax years 2002 through 2009 remain open to examination by the major tax jurisdictions to which the Company is subject.

NOTE 11 STOCKHOLDERS' EQUITY

Common Stock

Subsequent to the Merger, each issued and outstanding share of Ticketmaster common stock was exchanged for the right to receive 1.4743728 shares of common stock of Live Nation plus cash in lieu of any fractional shares. The Merger resulted in the issuance of 84.6 million shares of common stock.

Redeemable Noncontrolling Interests

The Company acquired fair value put arrangements with respect to the common securities that represent the noncontrolling interests of certain non wholly-owned Ticketmaster subsidiaries. These put arrangements are exercisable at fair value by the counterparty outside of the control of the Company and are classified as mezzanine equity. Accordingly, to the extent the fair value of these redeemable interests exceeds the value determined by normal noncontrolling interests accounting, the value of such interests is adjusted to fair value with a corresponding adjustment to additional paid-in capital. In accordance with ASC 805, the redeemable noncontrolling interests were recorded at their fair value as of the consummation of the Merger on January 25, 2010. The currently redeemable put arrangements held by the noncontrolling interests of certain subsidiaries of Ticketmaster had an estimated redemption fair value of \$2.4 million as of June 30, 2010.

Upon consummation of the Merger, all of the 27,821 shares of Front Line common stock held by noncontrolling interests include put arrangements that are not currently redeemable as of June 30, 2010. These shares had an estimated fair value as of the Merger date of \$69.4 million. As of June 30, 2010, 17,279 shares are redeemable on October 29, 2011 and 10,542 shares are redeemable on October 29, 2014; these shares had estimated redemption fair values of \$43.1 million and \$26.3 million, respectively, as of June 30, 2010. The carrying value of the Front Line common shares with put arrangements was \$69.4 million as of June 30, 2010.

Additionally, Mr. Azoff and the Azoff Trust hold options and shares of restricted Front Line common stock that are redeemable on October 29, 2014, subject to vesting. The options and restricted Front Line common stock had a total estimated redemption fair value of \$40.6 million as of June 30, 2010. From the Merger date through June 30, 2010, the Company accreted \$2.5 million of the change from book value to the redemption fair value using the interest method. The carrying value of the options and restricted stock, including the recorded accretion, was \$20.7 million as of June 30, 2010.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

The common stock of two subsidiaries of Front Line held by noncontrolling interests also includes put arrangements. The first put arrangement does not have a determinable redemption date, but is considered to be currently redeemable based on the terms of redemption. The stock held by the noncontrolling interest had an estimated redemption value of \$16.0 million as of

Table of Contents

June 30, 2010. The second put arrangement, redeemable on August 23, 2012, had an estimated redemption fair value of \$11.5 million as of June 30, 2010. The carrying value for these interests was \$27.5 million as of June 30, 2010.

Noncontrolling Interests

The following table shows the reconciliation of the carrying amount of total stockholders' equity, stockholders' equity attributable to Live Nation Entertainment, Inc. and stockholders' equity attributable to noncontrolling interests:

	Redeemable Noncontrolling Interests	Live Nation Entertainment, Inc. Noncontrolling		Comprehensive	Total
	Interests	Stockholders	Equity	Income (Loss)	Stockholders
	<i>(in thousands)</i>			<i>(in thousands)</i>	Equity
Balances at December 31, 2009	\$ -	\$ 652,317	\$ 73,124	\$ -	\$ 725,441
Non-cash compensation	20	31,811	-	-	31,811

Unrealized loss on cash flow hedges	-	(225)	-	(225)	(225)
Currency translation adjustment	-	(71,826)	-	(71,826)	(71,826)
Total comprehensive loss				\$ (208,641)	(208,641)
Balances at June 30, 2010	\$ 120,207	\$ 1,388,512	\$ 100,293		\$ 1,488,805

For certain non-wholly-owned subsidiaries of Front Line, the common securities held by the noncontrolling interests do not include put arrangements exercisable outside of the control of the Company. The noncontrolling interests that do not include such put arrangements are recorded in equity, separate from the Company's own equity. In accordance with ASC 805, the noncontrolling interests were recorded at their fair value as of the consummation of the Merger.

Earnings per Share

The Company computes net income per common share in accordance with ASC topic 260, *Earnings per Share*. Under the provisions of ASC topic 260, basic net income per common share is computed by dividing the net income applicable to common shares by the weighted average number of common shares outstanding during the period. Diluted net income per common share adjusts basic net income per common share for the effects of stock options, restricted stock and other potentially dilutive financial instruments only in the periods in which such effect is dilutive. The Company's \$220 million of 2.875% convertible notes are considered in the calculation of diluted net income per common share, if dilutive.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

Selling, general and administrative expenses	\$ 6,515	\$ 1,154	\$ 15,513	\$ 2,285
Corporate expenses	3,862	1,956	16,973	4,464
Total non-cash compensation expense from continuing operations	\$ 10,377	\$ 3,110	\$ 32,486	\$ 6,749

In June 2010, the Company granted 0.3 million shares of restricted stock and 2.5 million stock options to certain employees under the Company's stock incentive plans. In January 2010, the Company granted 2.8 million shares of restricted stock to certain employees subsequent to the Merger date, of which 0.2 million were performance-based awards and 0.4 million will begin to vest based on achieving a specified stock price. These awards will all vest over four years with the exception of the performance-based awards which will vest within two years if the performance criteria are met. Also in January 2010, the Company registered an additional 4.9 million shares to service the Live Nation stock incentive plan, 1.5 million shares to service the Live Nation stock bonus plan and 16.7 million shares to service the Ticketmaster stock and annual incentive plan.

Table of Contents

Upon the Merger, the Company issued replacement awards to Mr. Azoff of 1.5 million shares of restricted Live Nation common stock with a guaranteed minimum value of \$15.0 million when the awards cliff vest in 2013. Stock-based compensation of \$0.9 million and \$1.4 million related to the restricted Live Nation common stock was recorded for the three months ended June 30, 2010 and from the Merger date until June 30, 2010, respectively, as a component of corporate expenses.

As part of the Merger Agreement, all Ticketmaster stock options, restricted stock awards and restricted stock units that were outstanding immediately before the Merger were exchanged for Live Nation stock options, restricted stock awards and restricted stock units. The Live Nation awards have the same vesting periods, terms and conditions as the previous Ticketmaster awards, with the exception of the Live Nation restricted stock award held by the Azoff Trust which now has a guaranteed minimum value of \$15.0 million at the end of the vesting term described above. In connection with the Merger, outstanding awards held by employees and directors of Ticketmaster were exchanged based on the final exchange ratio of 1.4743728 for 13.0 million stock options, 1.5 million shares of restricted stock (as described above) and 0.9 million restricted stock units. Outstanding awards held by employees of Spinco's other than Ticketmaster were exchanged for 2.5 million stock options and 0.2 million restricted stock units. The stock-based awards issued by Front Line were not exchanged or modified as a result of the Merger. As discussed in Note 3 Business Acquisitions, the value of these awards which related to services already rendered as of the date of the Merger was included as part of the consideration transferred.

As part of the Merger, a note was issued to the Azoff Trust replacing the Azoff Trust's shares of Ticketmaster's series A convertible redeemable preferred stock (the Preferred Stock) that were issued when Ticketmaster obtained a controlling interest in Front Line. The note accrues interest equal to 3.00% of the outstanding principal balance. Subject to Mr. Azoff's continued employment with the Company as a senior executive officer or as a senior executive with Front Line, the note vests on the first day of each month commencing on February 1, 2010 through and including October 1, 2013 (each such date, a Vesting Date). With the exception of the first installment of \$1.7 million paid in February 2010, the note is payable in equal monthly installments of \$0.8 million due on each of the remaining Vesting Dates. In the event of a termination of Mr. Azoff's employment with the Company without cause or for good reason or due to death or disability, the note immediately will vest and the balance of the note will be due and paid in a cash lump sum. Upon any other termination of Mr. Azoff's employment, the Azoff Trust will forfeit the balance of the note. For the three months ended June 30, 2010 and from the date of the Merger through June 30, 2010, the Company recorded \$1.6 million and \$2.7 million, respectively, related to these payments as a component of selling, general and administrative expenses.

The Company accounts for the note in accordance with the guidance for stock-based compensation as the issuance of the note is considered a modification of the Preferred Stock previously granted to the Azoff Trust, which had been accounted for as a share-based award. Because the Preferred Stock was exchanged for the note in connection with the Merger, in accordance with the guidance for business combinations, the Company recorded the initial carrying value of the note as \$14.4 million in other current and other long-term liabilities. This amount is equal to the fair value of the note of \$34.6 million, as determined by the Company, multiplied by the ratio of the pre-combination service period to the total service period. The Company will recognize a total of \$24.0 million of stock-based compensation expense, which is the difference between the total cash payments due under the note of \$38.4 million and the initial carrying value of \$14.4 million, on a straight-line basis over the remaining service period ending October 1, 2013.

In the first six months of 2010, the Company accelerated the vesting of 1.2 million shares of unvested outstanding share-based equity awards granted to certain employees of Ticketmaster effective upon termination, all of which had been converted to Live Nation equity awards in the Merger. The Company also accelerated 1.1 million shares of unvested outstanding share-based equity awards as a result of the Merger based on employment contract change of control provisions for certain employees. As a result of these accelerations, the Company recognized \$1.1 million and \$14.7 million of stock-based compensation expense for the three and six months ended June 30, 2010, respectively. Of this amount, zero and \$8.3 million was recorded in corporate expenses for the three and six months ended June 30, 2010, respectively, and \$1.1 million and \$6.4 million was recorded in selling, general and administrative expenses for the three and six months ended June 30, 2010, respectively.

NOTE 13 SEGMENT DATA

As a result of the Merger, the Company reorganized its business units and the way in which these businesses are assessed and therefore changed its reportable segments to Concerts, Artist Nation, Ticketing, Sponsorship and eCommerce.

The Concerts segment involves the promotion of live music events globally in the Company's owned and/or operated venues and in rented third-party venues, the production of music festivals and the operation and management of music venues. The Artist Nation segment provides management services to artists and other services including merchandise, artist fan sites and VIP tickets. The Ticketing segment principally involves the management of the Company's ticketing operations including providing ticketing software and services to clients. The Sponsorship segment manages the development of strategic sponsorship programs in addition to the sale of national and local sponsorships and placement of advertising including signage

Table of Contents

and promotional programs. The eCommerce segment provides online access for customers relating to ticket and event information and is responsible for the Company's primary websites, *www.livenation.com* and *www.ticketmaster.com*. The Company's U.K. theatrical business was sold in October 2009. It was previously included in other operations and is now reported as discontinued operations.

The Company has reclassified all periods presented to conform to the current period presentation. Revenue and expenses earned and charged between segments are eliminated in consolidation. Corporate expenses and all line items below operating income (loss) are managed on a total company basis.

The Company manages its working capital on a consolidated basis. Accordingly, segment assets are not reported to, or used by, the Company's management to allocate resources to or assess performance of the segments, and therefore, total segment assets have not been disclosed.

Table of Contents**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Live Nation (which may be referred to as the Company, we, us or our) means Live Nation Entertainment, Inc. and its subsidiaries, or one of our segments or subsidiaries, as the context requires. You should read the following discussion of our financial condition and results of operations together with the unaudited consolidated financial statements and notes to the financial statements included elsewhere in this quarterly report.

Special Note About Forward-Looking Statements

Certain statements contained in this quarterly report (or otherwise made by us or on our behalf from time to time in other reports, filings with the SEC, news releases, conferences, internet postings or otherwise) that are not statements of historical fact constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Exchange Act of 1934, as amended, notwithstanding that such statements are not specifically identified. Forward-looking statements include, but are not limited to, statements about our financial position, business strategy, competitive position, potential growth opportunities, potential operating performance improvements, the effects of competition, the effects of future legislation or regulations and plans and objectives of our management for future operations. We have based our forward-looking statements on our beliefs and assumptions based on information available to us at the time the statements are made. Use of the words may, should, continue, plan, potential, anticipate, believe, estimate, expect, intend, outlook, could, predict, or variations of such words and similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements.

Forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties that could cause actual results to differ materially from those in such statements. Factors that could cause actual results to differ from those discussed in the forward-looking statements include, but are not limited to, those set forth below under Item 1A. Risk Factors, as well as other factors described herein or in our annual, quarterly and other reports we file with the SEC (collectively, cautionary statements). Based upon changing conditions, should any one or more of these risks or uncertainties materialize, or should any underlying assumptions prove incorrect, actual results may vary materially from those described in any forward-looking statements. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the applicable cautionary statements. We do not intend to update these forward-looking statements, except as required by applicable law.

Executive Overview

In January 2010, we completed our merger with Ticketmaster which we believe will allow the combined company to capitalize on strategic advantages and other opportunities created by combining a global concert business, global ticketing operations and a leading artist management company, including lowering costs and developing new distribution platforms and new revenue streams (through sponsorships and increased sales and distribution opportunities, among others). The Merger has produced a combined company that we believe is well-positioned to address the challenges of better serving artists and fans through improved ticketing options.

For the Concerts segment, we began the busier part of our year in the second quarter, as our festivals and amphitheater shows have begun and will continue primarily through the third quarter. During the second quarter, we have seen signs that the concert industry is experiencing an overall decline in the volume of ticket sales. Our total events that occurred in the second quarter were 5,553, down slightly by 2.7% compared to the same period of last year. Our total attendance in the second quarter of 2010 was 12.4 million which is 5.7% less than the same period of last year. These declines compare to an overall industry ticket sale decline of 12% for the top 100 touring acts in the first half of 2010, according to *Pollstar*. Partially offsetting these declines, however, are increased amounts of spending per attendee as demonstrated in the increase in amphitheater ancillary revenue per attendee during the quarter and first half of the year.

Our Ticketing segment has seen similar declines in overall ticket sales, primarily in concert tickets, compared to prior-year sales by Ticketmaster, as our Ticketing clients are experiencing declines similar to those of the overall industry. Our Sponsorship segment has continued to show growth for the first half of the year increasing both total revenue recognized and average sponsorship per client with fairly consistent results in Sponsorship for the second quarter compared to 2009.

Throughout the second quarter, we have continued to focus on integrating the two companies and have now completed the majority of our anticipated staffing reductions. Despite the current challenges of the decline in ticket sales, we remain focused on driving our model, which includes four main levers of the business surrounding the concert ticketing/e-commerce, artist management, sponsorship and onsite ancillary spend and we are focused on expanding these levers in key markets where we currently do not have all four elements of the model. Our strategy also includes growing our database in order to drive increased ticket sales and sponsorship growth, selling more tickets through effective marketing and pricing and redefining the growth potential in our ticketing business.

Table of Contents

Our History

We were incorporated in Delaware on August 2, 2005 in preparation for the spin-off of substantially all of Clear Channel's entertainment assets and liabilities. The Separation was completed on December 21, 2005, at which point we became a publicly traded company on the New York Stock Exchange trading under the symbol *LYV*.

Our Merger with Ticketmaster

On January 25, 2010, we and Ticketmaster completed our Merger following the receipt of regulatory clearances from the DOJ and the Canadian Bureau of Competition (having previously received clearance from all other government authorities required under the Merger Agreement), and the approval of Live Nation and Ticketmaster stockholders. As part of the Merger, Ticketmaster stockholders received 1.4743728 shares of Live Nation common stock for each share of Ticketmaster common stock they owned. Effective on the date of the Merger, Ticketmaster became a wholly-owned subsidiary of Live Nation named Ticketmaster Entertainment LLC and Live Nation, Inc. changed its name to Live Nation Entertainment, Inc.; subsequently, in connection with certain financing transactions completed on May 6, 2010, Ticketmaster was merged into the Company and the separate corporate existence of Ticketmaster ceased.

Under the terms of the agreement reached with the DOJ, we agreed to divest our ticketing subsidiary, Paciolan, and to license the Ticketmaster Host technology to Anschutz Entertainment Group, Inc., in addition to other terms intended to protect competitive conditions in ticketing and promotions. In March 2010, the Company entered into an agreement with Comcast whereby Comcast purchased 100% of the issued and outstanding shares of common stock of Paciolan.

Segment Overview

In 2009, our reportable operating segments were North American Music, International Music and Ticketing. In 2010, subsequent to the Merger, we reorganized our business units and the way in which these businesses are assessed and therefore changed our reportable segments to Concerts, Artist Nation, Ticketing, Sponsorship and eCommerce. Our businesses formerly reported as North American Music and International Music are now allocated primarily to the Concerts segment with a portion allocated to our Sponsorship segment. The Artist Nation segment is primarily made up of Ticketmaster's artist management business and our artist services business which was previously reported as a component of the North American Music segment. Our remaining business formerly reported as Ticketing remains in the Ticketing segment in 2010 with the exception of the allocation to our eCommerce segment of a fee per ticket for every ticket sold online along with online advertising. These changes have been made to be consistent with the way we are now managing the business after our merger with Ticketmaster.

The segment results for all periods presented have been reclassified to conform to the current year presentation.

Concerts

Our Concerts segment principally involves the global promotion of live music events in our owned and/or operated venues and in rented third-party venues, the operation and management of music venues and the production of music festivals across the world. While our Concerts segment operates year-round, we experience higher revenue during the second and third quarters due to the seasonal nature of shows at our outdoor amphitheaters and festivals, which primarily occur May through September.

To judge the health of our Concerts segment, we primarily monitor the number of confirmed events in our network of owned and/or operated and third-party venues, talent fees, average paid attendance, total revenue per fan and advance ticket sales. In addition, at our owned and/or operated venues, we monitor attendance, ancillary revenue per fan and premium seat sales. For business that is conducted in foreign markets, we look at the operating results from our foreign operations on a constant dollar basis.

Artist Nation

The Artist Nation segment primarily provides management services to music recording artists in exchange for a commission on the earnings of these artists. Our Artist Nation segment also sells merchandise associated with musical artists at live musical performances, to retailers, and directly to consumers via the internet and also provides other services to artists. Revenue earned from our Artist Nation segment is impacted to a large degree by the touring schedules of the artists we represent. Generally, we experience higher revenue during the second and third quarters as the period from May through September tends to be a popular time for touring events.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

To judge the health of our Artist Nation segment, we primarily review the average annual earnings of each artist represented, commissions earned by individual managers, planned album releases and future touring schedules.

Table of Contents

Ticketing

The Ticketing segment is primarily an agency business that sells tickets for events on behalf of our clients and retains a convenience charge and order processing fee for our services. We sell tickets through a combination of websites, telephone services and ticket outlets. Our ticketing sales are impacted by fluctuations in the availability of events for sale to the public, which may vary depending upon scheduling by our clients. Generally, the first and second quarters of the year experience the highest domestic ticketing revenue, earned primarily in the concerts and sports categories. Generally international ticketing revenue is highest in the fourth quarter of the year, earned primarily in the concerts category.

To judge the health of our Ticketing segment, we primarily review the number of tickets sold through our ticketing operations, the percentage of visitors to our websites that buy tickets, the number of clients and the average royalty rate paid to clients who use our ticketing services.

Sponsorship

Our Sponsorship segment employs a sales force that creates and maintains relationships with sponsors, through a combination of strategic, international, national and local opportunities for corporations to reach customers through our concert, venue, artist relationship and ticketing assets.

To judge the health of our Sponsorship segment, we primarily review the number of sponsors, the average revenue per sponsor and the total revenue generated through sponsorship arrangements.

eCommerce

Our eCommerce segment manages our online, or eCommerce, activities including enhancements to our websites, execution of paperless tickets, bundling product offerings and online advertising at our websites. Through our websites, we sell tickets to our own events as well as tickets for our ticketing services clients and disseminate event and related merchandise information online. This segment records a fee per ticket that is paid to it by the Ticketing segment on every ticket sold online via *www.ticketmaster.com* in the United States and Canada.

To judge the health of our eCommerce segment, we primarily review the number of unique visitors to our websites, the overall number of customers in our database and the online revenue received from sponsors advertising on our websites.

Note: Events generally represent a single performance by an artist for both promotions and third-party rentals. Attendance generally represents the number of fans who were present at an event. Festivals are counted as one event in the quarter in which the festival begins but attendance is split over the days of the festival and can be split between quarters. The metrics reported are estimated each quarter. Adjustments to previously reported quarters, if any, are only included in the year-to-date events and attendance metrics. Promotions listed above include events in our owned and/or operated venues as well as events we promote in third-party venues. Excluded from the table above are events and attendance that occurred in our United Kingdom theatrical business that was sold in October 2009.

The number and gross value of tickets sold are inclusive of primary and secondary tickets.

Table of Contents

Revenue

Our revenue increased \$219.4 million, or 21%, during the three months ended June 30, 2010 as compared to the same period of the prior year. Excluding the decreases of approximately \$15.0 million related to the impact of changes in foreign exchange rates, revenue increased \$234.4 million, or 22%. Overall increases in revenue were primarily due to increases in our Ticketing and Artist Nation segments of \$247.0 million and \$27.1 million, respectively, partially offset by a decrease in our Concerts segment of \$65.3 million. These overall increases are primarily driven by the incorporation of the Ticketmaster results after the completion of the Merger.

Our revenue increased \$457.4 million, or 30%, during the six months ended June 30, 2010 as compared to the same period of the prior year. Excluding the increases of approximately \$3.1 million related to the impact of changes in foreign exchange rates, revenue increased \$454.3 million, or 30%. Overall increases in revenue were primarily due to an increase in our Ticketing and Artist Nation segments of \$447.0 million and \$54.8 million, respectively, partially offset by a decrease in our Concerts segment of \$70.3 million. These overall increases are primarily driven by the incorporation of the Ticketmaster results after the completion of the Merger.

More detailed explanations of these changes are included in the applicable segment discussions below.

Direct operating expenses

Our direct operating expenses increased \$58.3 million, or 7%, during the three months ended June 30, 2010 as compared to the same period of the prior year. Excluding the decreases of approximately \$12.5 million related to the impact of changes in foreign exchange rates, direct operating expenses increased \$70.8 million, or 8%. Overall increases in direct operating expenses were primarily due to an increase in our Ticketing segment of \$122.9 million partially offset by a decrease in our Concerts segment of \$67.4 million. These overall increases are primarily driven by the incorporation of the Ticketmaster results after the completion of the Merger.

Our direct operating expenses increased \$170.4 million, or 14%, during the six months ended June 30, 2010 as compared to the same period of the prior year. Excluding the increases of approximately \$1.5 million related to the impact of changes in foreign exchange rates, direct operating expenses increased \$168.9 million, or 14%. Overall increases in direct operating expenses were primarily due to increases in our Ticketing and Artist Nation segments of \$221.0 million and \$22.2 million, respectively, partially offset by a decrease in our Concerts segment of \$68.4 million. These overall increases are primarily driven by the incorporation of the Ticketmaster results after the completion of the Merger.

Direct operating expenses include artist fees, ticketing client royalties, show-related marketing and advertising expenses along with other costs.

More detailed explanations of these changes are included in the applicable segment discussions below.

Selling, general and administrative expenses

Our selling, general and administrative expenses increased \$97.8 million, or 63%, during the three months ended June 30, 2010 as compared to the same period of the prior year. Excluding the decreases of approximately \$1.3 million related to the impact of changes in foreign exchange rates, selling, general and administrative expenses increased \$99.1 million, or 64%. Overall increases in selling, general and administrative expenses were primarily due to increases in our Ticketing and Artist Nation segments of \$68.8 million and \$16.1 million, respectively. These overall increases are primarily driven by the incorporation of the Ticketmaster results after the completion of the Merger.

Our selling, general and administrative expenses increased \$188.1 million, or 64%, during the six months ended June 30, 2010 as compared to the same period of the prior year. Excluding the increases of approximately \$2.5 million related to the impact of changes in foreign exchange rates, selling, general and administrative expenses increased \$185.6 million, or 63%. Overall increases in selling, general and administrative expenses were primarily due to increases in our Ticketing, Artist Nation and Concerts segments of \$131.2 million, \$26.6 million and \$16.3 million, respectively. These overall increases are primarily driven by the incorporation of the Ticketmaster results after the completion of the Merger.

Selling, general and administrative expenses for the three and six months ended June 30, 2010 include \$4.0 million and \$8.4 million of severance cost associated with the reorganization of our business units subsequent to the Merger, primarily in the Ticketing segment.

More detailed explanations of these changes are included in the applicable segment discussions below.

Table of Contents

Depreciation and amortization

Our depreciation and amortization expense increased \$27.5 million, or 77%, during the three months ended June 30, 2010 as compared to the same period of the prior year. Excluding the increases of approximately \$0.2 million related to the impact of changes in foreign exchange rates, depreciation and amortization expense increased \$27.3 million, or 77%. Overall increases in depreciation and amortization expense were primarily due to an increase in our Ticketing segment of \$22.5 million. These overall increases are primarily driven by the incorporation of the Ticketmaster results after the completion of the Merger.

Our depreciation and amortization expense increased \$44.7 million, or 58%, during the six months ended June 30, 2010 as compared to the same period of the prior year. Excluding the increases of approximately \$0.8 million related to the impact of changes in foreign exchange rates, depreciation and amortization expense increased \$43.9 million, or 57%. Overall increases in depreciation and amortization expense were primarily due to an increase in our Ticketing segment of \$39.2 million. These overall increases are primarily driven by the incorporation of the Ticketmaster results after the completion of the Merger.

More detailed explanations of these changes are included in the applicable segment discussions below.

Loss (gain) on sale of operating assets

The loss on sale of operating assets for the six months ended June 30, 2010 was \$3.9 million primarily due to the \$5.2 million loss resulting from our sale of Paciolan in the first quarter of 2010. There were no significant sales in 2009.

Corporate expenses

Corporate expenses increased \$9.5 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to \$0.6 million of severance cost associated with the reorganization of our business units subsequent to the Merger and \$9.3 million in incremental corporate expenses related to the Merger with Ticketmaster.

Corporate expenses increased \$33.1 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to \$11.2 million of incremental non-cash compensation expense primarily associated with equity awards exchanged and accelerated in connection with the Merger, \$4.7 million of severance cost associated with the reorganization of our business units subsequent to the Merger and \$17.5 million in incremental corporate expenses related to the Merger with Ticketmaster.

Acquisition transaction expenses

Acquisition transaction expenses decreased \$8.5 million and \$3.3 million, respectively, during the three and six months ended June 30, 2010 as compared to the same period of the prior year primarily due to the completion of the Merger in January 2010 and changes in the fair value of contingent consideration.

Interest expense

Interest expense increased \$14.0 million, or 88%, during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental interest expense of \$10.0 million related to our Merger with Ticketmaster along with higher debt balances and higher average interest rates.

Interest expense increased \$23.2 million, or 70%, during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental interest expense of \$21.4 million related to our Merger with Ticketmaster along with higher debt balances and higher average interest rates.

Our debt balances and weighted average cost of debt, excluding the debt discount on convertible senior notes and the debt premium on the 10.75% senior notes, were \$1.766 billion and 6.01%, respectively, at June 30, 2010 and \$888.8 million and 5.53%, respectively at June 30, 2009.

Loss on extinguishment of debt

We recorded a loss on extinguishment of debt of \$21.2 million during the three and six months ended June 30, 2010, relating to the replacement of our existing senior secured credit facilities with a new credit agreement that provides for \$1.2 billion in credit facilities in May 2010.

Income Taxes

We customarily calculate interim effective tax rates in accordance with ASC topic 740, *Income Taxes*, or ASC 740. As required by ASC 740, we apply the estimated annual effective tax rate to year-to-date pretax income (loss) at the end of each interim period to compute a year-to-date tax expense (or benefit). ASC 740 requires departure from customary effective tax

Table of Contents

rate computations when losses incurred within tax jurisdictions cannot be carried back and future profits associated with operations in those tax jurisdictions cannot be assured beyond any reasonable doubt. Accordingly, we have calculated an expected annual effective tax rate of approximately 20% (as compared to 27% in the prior year), excluding significant, unusual or extraordinary items, for ordinary income associated with operations, which are principally outside of the United States, for which we currently expect to have annual taxable income. The significant decrease in the expected annual effective tax rate is driven by the change in composition of earnings in lower-taxed foreign jurisdictions, primarily driven by the acquisition of Ticketmaster. The effective tax rate has been applied to year-to-date earnings for those operations for which we currently expect to have taxable income. We have not recorded tax benefits associated with losses from operations for which future taxable income cannot be reasonably assured. As required by ASC 740, we also include tax effects of significant, unusual or extraordinary items in income tax expense in the interim period in which they occur.

The net income tax expense from continuing operations is \$11.3 million and the net income tax benefit from continuing operations is \$4.0 million for the three and six months ended June 30, 2010, respectively. The components of tax expense that contributed to the net tax benefit for the six months ended June 30, 2010, included state and local taxes of \$2.6 million, tax reserve accruals and settlements of uncertain tax positions of (\$0.1) million, income taxes expense based on the expected annual rate pertaining to income for the six months ending June 30, 2010 of \$2.0 million, withholding taxes of \$1.8 million federal tax benefit of (\$1.7) million attributable to the carryback of net operating losses and other discrete items of (\$8.6) million. Other discrete items include (\$6.1) million of reversals of valuation allowances recorded against U.S. federal and state deferred tax assets driven by deferred tax attributes attributable to the acquisition of Ticketmaster, (\$1.6) million related to impairment charges and other items of (\$0.9) million.

As of June 30, 2010 and December 31, 2009, we had unrecognized tax benefits of approximately \$9.6 million and \$4.1 million, respectively. During the six months ended June 30, 2010, the unrecognized tax benefits increased by approximately \$5.6 million for acquired unrecognized tax benefits of Ticketmaster and decreased by approximately (\$0.1) million for tax reserve accruals and settlements of uncertain tax positions. If unrecognized tax benefits as of June 30, 2010 are subsequently recognized, approximately \$9.1 million, net of related deferred tax assets and interest, would reduce the income tax provision from continuing operations.

We have U.S. federal net operating loss carry forwards that, if not used, will expire between calendar years 2010 and 2029. The amounts of net operating loss carry forwards that will expire in 2010 if not used is \$4.3 million.

Discontinued Operations

In October 2009, we sold our remaining theatrical venues and operations in the United Kingdom for a gross sales price of \$148.7 million to The Ambassador Theatre Group Limited. After fees, expenses, an adjustment to replace the show cash of the theatrical business that was previously removed from the operations and utilized by us and a working capital adjustment, we received \$111.3 million of net proceeds. The sale of the U.K. theatrical business resulted in a tax-free gain of \$56.6 million in the fourth quarter of 2009. In 2010, we reported an additional \$0.7 million of expense.

Concerts Results of Operations

Our Concerts segment operating results were, and discussions of significant variances are, as follows:

	Three Months Ended June 30,		% Change	Six Months Ended June 30,		% Change
	2010	2009		2010	2009

Table of Contents

Three Months

Concerts revenue decreased \$65.3 million, or 7%, during the three months ended June 30, 2010 as compared to the same period of the prior year. Excluding the decrease of \$12.9 million related to the impact of changes in foreign exchange rates, revenue decreased \$52.4 million, or 6%, primarily due to an overall decrease in the number of events and attendance for amphitheaters, stadiums and arena shows along with a reduction in revenue of \$2.6 million related to the effect of our divestiture of two theaters and a club in September 2009. Offsetting these decreases was an increase in overall revenue of \$2.3 million related to our acquisition of Parcolimpico in November 2009 and also the number and timing of global tours.

Concerts direct operating expenses decreased \$67.4 million, or 9%, during the three months ended June 30, 2010 as compared to the same period of the prior year. Excluding the decrease of \$11.2 million related to the impact of changes in foreign exchange rates, direct operating expenses decreased \$56.2 million, or 7%, primarily due to lower expenses associated with the decreased number of events and attendance and overall show cost decline along with \$1.6 million less expense related to the divestiture noted above. Partially offsetting these decreases were incremental direct operating expenses of \$0.2 million related to the acquisition noted above and the number and the timing of global tours.

Concerts selling, general and administrative expenses increased \$3.9 million, or 3%, during the three months ended June 30, 2010 as compared to the same period of the prior year. Excluding the decrease of \$1.2 million related to the impact of changes in foreign exchange rates, selling, general and administrative expenses increased \$5.1 million, or 4%, primarily due to \$1.9 million incremental expense related to the acquisition noted above partially offset by decreases in selling, general and administrative expenses of \$0.8 million relating to the divestiture noted above.

Concerts depreciation and amortization expense decreased \$1.3 million, or 4%, during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to an impairment of \$2.8 million recorded during 2009 related to two theaters, four clubs and a theater development project that was no longer being pursued.

The increase in operating loss for Concerts was primarily related to a reduction in overall show expenses.

Six Months

Concerts revenue decreased \$70.3 million, or 5%, during the six months ended June 30, 2010 as compared to the same period of the prior year. Excluding the increase of \$3.9 million related to the impact of changes in foreign exchange rates, revenue decreased \$74.2 million, or 6%, primarily due to an overall decrease in the number of events and attendance for amphitheaters, stadiums and arena shows along with a reduction in revenue of \$6.4 million related to the effect of our divestiture of two theaters and a club in September 2009. Offsetting these decreases was an increase in revenue of \$6.8 million related to our acquisitions of Brand New Live in February 2009, Tecjet in March 2009 and Parcolimpico in November 2009 and also the number and the timing of global tours.

Concerts direct operating expenses decreased \$68.4 million, or 6%, during the six months ended June 30, 2010 as compared to the same period of the prior year. Excluding the increase of \$2.2 million related to the impact of changes in foreign exchange rates, direct operating expenses decreased \$70.6 million, or 6%, primarily due to lower expenses associated with the decreased number of events and attendance along with \$3.7 million less expense related to the divestiture noted above. Partially offsetting these decreases were incremental direct operating expenses of \$1.2 million related to the acquisitions noted above, a \$13.4 million allowance recorded related to certain artist advances and also the number and the timing of global tours.

Concerts selling, general and administrative expenses increased \$16.3 million, or 7%, during the six months ended June 30, 2010 as compared to the same period of the prior year. Excluding the increase of \$2.4 million related to the impact of changes in foreign exchange rates, selling, general and administrative expenses increased \$13.9 million, or 6%, primarily due to annualization of new hires and other overhead cost increases including consulting, marketing and legal costs, severance expense of \$1.0 million resulting from a reorganization of the division along with \$4.6 million incremental expense related to the acquisitions noted above. Partially offsetting these increases were decreases in selling, general and administrative expenses of \$1.9 million relating to the divestiture noted above.

Concerts depreciation and amortization expense decreased \$7.4 million, or 12%, during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to an impairment of \$10.5 million recorded during 2009 related to two theaters, four clubs and a theater development project that was no longer being pursued.

The increase in operating loss for Concerts was primarily related to the allowance recorded related to certain artist advances as discussed above.

Table of Contents**Artist Nation Results of Operations**

Our Artist Nation segment operating results were, and discussions of significant variances are, as follows:

	Three Months Ended June 30,		% Change	Six Months Ended June 30,		% Change
	2010	2009		2010	2009

* Percentages are not meaningful.

** Adjusted operating income (loss) is discussed in more detail and reconciled to operating income (loss) below.

Three Months

Artist Nation revenue increased \$27.1 million, or 44%, during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental revenue of \$42.4 million related to our Merger with Ticketmaster partially offset by a decline in tour merchandise revenue driven by the timing of tours for our artists.

Artist Nation direct operating expenses increased \$5.5 million, or 11% during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental direct operating expenses of \$18.7 million related to our Merger with Ticketmaster partially offset by a decline in tour merchandise expense driven by the timing of tours for our artists.

Artist Nation selling, general and administrative expenses increased \$16.1 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental selling, general and administrative expenses of \$16.5 million related to our Merger with Ticketmaster.

Artist Nation depreciation and amortization expense increased \$8.3 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental amortization expense of \$7.6 million related to definite-lived intangible assets resulting from our Merger with Ticketmaster.

Six Months

Artist Nation revenue increased \$54.8 million, or 53%, during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental revenue of \$68.8 million related to our Merger with Ticketmaster partially offset by a decline in tour merchandise revenue driven by the timing of tours for our artists.

Artist Nation direct operating expenses increased \$22.2 million, or 27%, during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental direct operating expenses of \$34.3 million related to our Merger with Ticketmaster partially offset by a decline in tour merchandise expense driven by the timing of tours for our artists.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

Artist Nation selling, general and administrative expenses increased \$26.6 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental selling, general and administrative expenses of \$29.2 million related to our Merger with Ticketmaster partially offset by lower costs resulting from the reorganization of our merchandise businesses.

Artist Nation depreciation and amortization expense increased \$13.2 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to incremental amortization expense of \$13.4 million related to definite-lived intangible assets resulting from our Merger with Ticketmaster.

Table of Contents**Ticketing Results of Operations**

Our Ticketing segment operating results were, and discussions of significant variances are, as follows:

Three Months

Ticketing revenue increased \$247.0 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$254.2 million increase resulting from our Merger with Ticketmaster. Revenue related to ticketing service charges for our events where we control ticketing is deferred and recognized as the event occurs.

Ticketing direct operating expenses increased \$122.9 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$125.5 million increase resulting from our Merger with Ticketmaster.

Ticketing selling, general and administrative expenses increased \$68.8 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$65.0 million increase resulting from our Merger with Ticketmaster.

Ticketing depreciation and amortization expense increased \$22.5 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$21.4 million increase resulting from our Merger with Ticketmaster along with \$1.1 million related to the acceleration of depreciation expense for the CTS ticketing platform assets.

Ticketing had operating income of \$32.0 million during the three months ended June 30, 2010 as compared to an operating loss of \$0.2 million during the same period of the prior year primarily due to the addition of the Ticketmaster ticketing operations.

Six Months

Ticketing revenue increased \$447.0 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$455.5 million increase resulting from our Merger with Ticketmaster. Revenue related to ticketing service charges for our events where we control ticketing is deferred and recognized as the event occurs. We sell tickets online, through independent sales outlets and call centers. During the six months ended June 30, 2010, we sold 78%, 14% and 8% of primary tickets through these channels, respectively.

Ticketing direct operating expenses increased \$221.0 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$225.3 million increase resulting from our Merger with Ticketmaster.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

Ticketing selling, general and administrative expenses increased \$131.2 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$129.0 million increase resulting from our Merger with Ticketmaster.

Ticketing depreciation and amortization expense increased \$39.2 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$34.2 million increase resulting from our Merger with Ticketmaster along with \$4.5 million related to the acceleration of depreciation expense for the CTS ticketing platform assets.

Table of Contents

Ticketing loss on sale of operating assets of \$5.2 million during the six months ended June 30, 2010 is primarily due to the sale of Paciolan in March 2010.

Ticketing had operating income of \$44.2 million during the six months ended June 30, 2010 as compared to an operating loss of \$6.2 million during the same period of the prior year primarily due to the addition of the Ticketmaster ticketing operations partially offset by the loss on sale of Paciolan in the first quarter of 2010.

Sponsorship Results of Operations

Our Sponsorship segment operating results were as follows:

	Three Months Ended June 30,		% Change	Six Months Ended June 30,		% Change
	2010 <i>(in thousands)</i>	2009 <i>(in thousands)</i>		2010 <i>(in thousands)</i>	2009 <i>(in thousands)</i>

Three Months

The Sponsorship operating results for the three months ended June 30, 2010, were not significantly different as compared to the same period of the prior year. Sponsorship direct operating and selling, general and administrative expenses in total decreased \$0.1 million during the three months ended June 30, 2010 as compared to the same period of the prior year. In 2010, we have changed the pay structures of many of our sponsorship sales people from a commission structure to a salary plus bonus structure in order to properly align sales incentives with the overall growth drivers and goals of the Company. This has caused a decrease in direct operating expenses and an increase in selling, general and administrative expenses but in total, the expenses are essentially unchanged.

Six Months

The Sponsorship operating results for the six months ended June 30, 2010, were not significantly different as compared to the same period of the prior year with an overall growth in operating income of \$1.8 million, or 5%, driven by increased sponsorship sales. Sponsorship direct operating and selling, general and administrative expenses in total decreased \$0.5 million during the six months ended June 30, 2010 as compared to the same period of the prior year. In 2010, we have changed the pay structures of many of our sponsorship sales people from a commission structure to a salary plus bonus structure in order to properly align sales incentives with the overall growth drivers and goals of the Company. This has caused a decrease in direct operating expenses and an increase in selling, general and administrative expenses but in total, the expenses are essentially unchanged.

Three Months

eCommerce revenue increased \$15.2 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to a \$14.7 million increase resulting from our Merger with Ticketmaster.

eCommerce direct operating expenses increased \$3.3 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$2.5 million increase resulting from our Merger with Ticketmaster.

eCommerce selling, general and administrative expenses increased \$7.7 million during the three months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$6.4 million increase due to our Merger with Ticketmaster.

The increased operating income for eCommerce was primarily a result of our Merger with Ticketmaster.

Six Months

eCommerce revenue increased \$31.4 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to a \$29.9 million increase resulting from our Merger with Ticketmaster along with increased online sponsorship revenue.

eCommerce direct operating expenses increased \$5.2 million during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$4.4 million increase resulting from our Merger with Ticketmaster.

eCommerce selling, general and administrative expenses increased \$11.5 million, or 128%, during the six months ended June 30, 2010 as compared to the same period of the prior year primarily due to the \$9.3 million increase due to our Merger with Ticketmaster.

The increased operating income for eCommerce was primarily a result of our Merger with Ticketmaster.

Reconciliation of Segment Adjusted Operating Income (Loss)

AOI is a non-GAAP financial measure that we define as operating income (loss) before acquisition expenses (including transaction costs, changes in the fair value of accrued acquisition-related contingent consideration arrangements, merger bonuses, payments under the Azoff Trust note and merger-related severance), depreciation and amortization (including goodwill impairment), loss (gain) on sale of operating assets and non-cash compensation expense. We use AOI to evaluate the performance of our operating segments. We believe that information about AOI assists investors by allowing them to evaluate changes in the operating results of our portfolio of businesses separate from non-operational factors that affect net income, thus providing insights into both operations and the other factors that affect reported results. AOI is not calculated or presented in accordance with GAAP. A limitation of the use of AOI as a performance measure is that it does not reflect the periodic costs of certain amortizing assets used in generating revenue in our business. Accordingly, AOI should be considered in addition to, and not as a substitute for, operating income (loss), net income (loss), and other measures of financial performance reported in accordance with GAAP. Furthermore, this measure may vary among other companies; thus, AOI as presented herein may not be comparable to similarly titled measures of other companies.

Table of Contents

The following table sets forth the computation of adjusted operating income (loss) as a supplemental measure to GAAP:

Table of Contents

Liquidity and Capital Resources

Our working capital requirements and capital for our general corporate purposes, including acquisitions and capital expenditures, are funded from operations or from borrowings under our senior secured credit facility described below. Our cash is currently managed on a worldwide basis.

Our balance sheet reflects cash and cash equivalents of \$1.0 billion at June 30, 2010 and \$237.0 million at December 31, 2009. Included in the June 30, 2010 cash and cash equivalents balance is \$308.7 million of funds representing amounts equal to the face value of tickets sold on behalf of clients, or client funds. The Company does not utilize client funds for its own financing or investing activities as the amounts are payable to clients. Our balance sheet reflects current and long-term debt of \$1.739 billion at June 30, 2010, and \$740.1 million at December 31, 2009. Our weighted average cost of debt, excluding the debt discount on our term loan convertible notes and debt premium on our 10.75% senior notes, was 6.01% at June 30, 2010.

Our available cash and cash equivalents are held in accounts managed by third-party financial institutions and consist of cash in our operating accounts and invested cash. Cash held in operating accounts in many cases exceeds the Federal Deposit Insurance Corporation insurance limits. The invested cash is invested in interest-bearing funds managed by third-party financial institutions. While we monitor cash and cash equivalent balances in our operating accounts on a regular basis and adjust the balances as appropriate, these balances could be impacted if the underlying financial institutions fail. To date, we have experienced no loss or lack of access to our cash or cash equivalents; however, we can provide no assurances that access to our cash and cash equivalents will not be impacted by adverse conditions in the financial markets.

We may need to incur additional debt or issue equity to make other strategic acquisitions or investments. There can be no assurance that such financing will be available to us on acceptable terms or at all. We may make significant acquisitions in the near term, subject to limitations imposed by our financing documents and market conditions.

The lenders under our revolving credit facility and counterparties to our interest rate cap agreement consist of banks and other third-party financial institutions. While we currently have no indications or expectations that such lenders and counterparties will be unable to fund their commitments as required, we can provide no assurances that future funding availability will not be impacted by adverse conditions in the financial markets. Should an individual lender default on its obligations, the remaining lenders would not be required to fund the shortfall, resulting in a reduction in the total amount available to us for future borrowings, but would remain obligated to fund their own commitments. Should any counterparty to our interest rate cap agreement default on its obligations, we could experience higher interest rate volatility during the period of any such default.

For our Concerts segment, we generally receive cash related to ticket revenue at our owned and/or operated venues in advance of the event, which is recorded in deferred revenue until the event occurs. With the exception of some upfront costs and artist deposits, which are recorded in prepaid expenses until the event occurs, we pay the majority of event-related expenses at or after the event.

We view our available cash as cash and cash equivalents, less ticketing-related client funds, less event-related deferred revenue, less accrued expenses due to artists and for cash collected on behalf of others for ticket sales, plus event-related prepaids. This is essentially our cash available to, among other things, repay debt balances, make acquisitions, repurchase stock and finance capital expenditures.

Our intra-year cash fluctuations are impacted by the seasonality of our various businesses. Examples of seasonal effects include our Concerts and Artist Nation segments, which report the majority of their revenue in the second and third quarters, whereas our Ticketing segment generally reports higher domestic ticketing revenue in the first and second quarters. Cash inflows and outflows depend on the timing of event-related payments but the majority of the inflows generally occur prior to the event. See *Seasonality* below. We believe that we have sufficient financial flexibility to fund these fluctuations and to access the global capital markets on satisfactory terms and in adequate amounts, although there can be no assurance that this will be the case, and capital could be less accessible and/or more costly given current economic conditions. We expect cash flow from operations and borrowings under our senior secured credit facility, along with other financing alternatives, to satisfy working capital, capital expenditures and debt service requirements for at least the succeeding year.

Sources of Cash

May 2010 Senior Secured Credit Facility

In May 2010, we replaced our existing senior secured credit facilities, including the Ticketmaster senior secured credit facility, by entering into a Credit Agreement dated as of May 6, 2010 that provides for \$1.2 billion in credit facilities. This new senior secured credit facility consists of (i) a \$100 million term loan A with a maturity of five and one-half years, (ii) an \$800

Table of Contents

million term loan B with a maturity of six and one-half years and (iii) a \$300 million revolving credit facility with a maturity of five years. In addition, subject to certain conditions, we have the right to increase such facilities by up to \$300 million in the aggregate. The five-year revolving credit facility provides for borrowings up to the amount of the facility with sublimits of up to (i) \$150 million to be available for the issuance of letters of credit, (ii) \$50 million to be available for swingline loans and (iii) \$100 million to be available for borrowings in foreign currencies.

The interest rates per annum applicable to loans under the senior secured credit facility are, at our option, equal to either LIBOR plus 3.0% or a base rate plus 2.0%, subject to stepdowns based on our leverage ratio. The interest rate for the term loan B is subject to a LIBOR floor of 1.5% and a base rate floor of 2.5%. We are required to pay a commitment fee of 0.5% per year on the undrawn portion available under the revolving credit facility and variable fees on outstanding letters of credit.

During the first five and one-quarter years after the closing date, we will be required to make quarterly payments on the term loan A at a rate ranging from 5% of the original principal amount in the first year of the facility to 40% in the last half-year of the facility. During the first six and one-quarter years after the closing date, we will be required to make quarterly amortization payments on the term loan B at a rate of 0.25% of the original principal amount thereof. We are also required to make mandatory prepayments of the loans under the Credit Agreement, subject to specified exceptions, from excess cash flow, and with the proceeds of asset sales, debt issuances and specified other events.

Borrowings on the May 2010 senior secured credit facility were primarily used to repay the borrowings under ours and Ticketmaster's existing credit facilities, convert existing preferred stock of one of our subsidiaries into the right to receive a cash payment, pay related fees and expenses and for general corporate purposes. During the six months ended June 30, 2010, we made principal payments totaling \$3.3 million on these term loans. Our revolving credit facility had not been drawn on as of June 30, 2010. Any borrowings on the revolving credit facility would be used to fund working capital requirements during the period. At June 30, 2010, the outstanding balances on the term loans and revolving credit facility were \$892.9 million and zero, respectively. Based on our letters of credit of \$43.7 million, \$256.3 million was available for future borrowings.

8.125% Senior Notes

In May 2010, we issued \$250 million of 8.125% senior notes due 2018. Interest on the notes is payable semi-annually in cash in arrears on May 15 and November 15 of each year, beginning on November 15, 2010, and the notes will mature on May 15, 2018. We may redeem some or all of the notes at any time prior to May 15, 2014 at a price equal to 100% of the principal amount, plus any accrued and unpaid interest to the date of redemption, plus a "make-whole" premium using a discount rate equal to the Treasury Rate plus 50 basis points. We may also redeem up to 35% of the notes from the proceeds of certain equity offerings prior to May 15, 2013, at a price equal to 108.125% of their principal amount, plus any accrued and unpaid interest. In addition, on or after May 15, 2014, we may redeem some or all of the notes at any time at redemption prices that start at 104.063% of their principal amount. We must also offer to redeem the notes at 101% of their aggregate principal amount, plus accrued and unpaid interest to the repurchase date, if we experience certain kinds of changes of control.

Borrowings on the 8.125% senior notes were primarily used to repay the borrowings under ours and Ticketmaster's existing credit facilities, convert existing preferred stock of one of our subsidiaries into the right to receive a cash payment, pay related fees and expenses and for general corporate purposes. During the six months ended June 30, 2010, we made no principal payments on these senior notes. At June 30, 2010, the outstanding balances on the 8.125% senior notes were \$250.0 million.

Debt Covenants

Our senior secured credit facility, which was entered into in May 2010, contains a number of covenants and restrictions that, among other things, requires us to satisfy certain financial covenants and restricts our and our subsidiaries' ability to incur additional debt, make certain investments and acquisitions, repurchase our stock and prepay certain indebtedness, create liens, enter into agreements with affiliates, modify the nature of our business, enter into sale-leaseback transactions, transfer and sell material assets, merge or consolidate, and pay dividends and make distributions, (with the exception of subsidiary dividends or distributions to the parent company or other subsidiaries on at least a pro-rata basis with any noncontrolling interest partners). Non-compliance with one or more of the covenants and restrictions could result in the full or partial principal balance of the credit facility becoming immediately due and payable. The senior secured credit facility agreement has two covenants measured quarterly starting June 30, 2010 that relate to total leverage and interest coverage. The consolidated total leverage covenant requires us to maintain a ratio of consolidated total debt to consolidated EBITDA (both as defined in the senior secured credit facility agreement) of less than 4.9x over the trailing four consecutive quarters. The total leverage ratio will reduce to 4.5x on September 30, 2011, 4.0x on September 30, 2012, 3.75x September 30, 2013 and 3.5x on March 31, 2015. The consolidated interest coverage covenant requires us to maintain a minimum ratio of consolidated EBITDA to consolidated interest expense (both as defined in the senior secured credit facility agreement) of 2.5x over the trailing four consecutive quarters. The interest coverage will increase to 2.75x on September 30, 2011, and 3.0x on September 30, 2012.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

The indentures governing the 10.75% senior notes and the 8.125% senior notes contain covenants that limit, among other things, our ability and the ability of our restricted subsidiaries to incur certain additional indebtedness and issue preferred stock; make certain distributions, investments and other restricted payments; sell certain assets; agree to any restrictions on the ability of restricted subsidiaries to make payments to us; merge, consolidate or sell all of our assets; create certain liens; and engage in transactions with affiliates on terms that are not arm's length. Certain covenants, including those pertaining to incurrence of indebtedness, restricted payments, asset sales, mergers and transactions with affiliates will be suspended during any period in which the notes are rated investment grade by both rating agencies and no default or event of default under the indentures has occurred and is continuing. The 10.75% senior notes and the 8.125% senior notes each contain two incurrence-based financial covenants, as defined, requiring a minimum fixed charge coverage ratio of 2.0 to 1.0 and a maximum secured indebtedness leverage ratio of 2.75 to 1.0.

As of June 30, 2010, we believe we were in compliance with all of our debt covenants. We expect to remain in compliance with all of our debt covenants throughout 2010.

Guarantees of Third-Party Obligations

As of June 30, 2010, we guaranteed the debt of third parties of approximately \$3.8 million primarily related to maximum credit limits on employee and tour-related credit cards and guarantees of bank lines of credit of a nonconsolidated affiliate and a third-party promoter.

Uses of Cash

Acquisitions

During the six months ended June 30, 2010, our cash increased by \$763.0 million from acquisitions in our Concerts, Artist Nation, Ticketing and eCommerce segments, primarily due to the stock for stock merger with Ticketmaster in January 2010. When we make acquisitions, the acquired entity may have cash on its balance sheet at the time of acquisition. All amounts discussed in this section are presented net of any cash acquired.

Table of Contents**Capital Expenditures**

Venue operations and ticketing services operations are capital intensive businesses, requiring continual investment in our existing venues and ticketing software in order to address audience and artist expectations, technological industry advances and various federal, state and/or local regulations.

We categorize capital outlays between maintenance capital expenditures and revenue generating capital expenditures. Maintenance capital expenditures are associated with the renewal and improvement of existing venues and information systems, web development and administrative offices. Revenue generating capital expenditures generally relate to the construction of new venues or major renovations to existing buildings or buildings that are being added to our venue network or the development of new online or ticketing tools or technology enhancements. Revenue generating capital expenditures can also include smaller projects whose purpose is to add revenue and/or improve operating income. Capital expenditures typically increase during periods when venues are not in operation since that is the time that such improvements can be completed.

Our capital expenditures, including accruals, consisted of the following:

	Six Months Ended June 30,	
	2010	2009
	<i>(in thousands)</i>	
Maintenance capital expenditures	\$ 22,623	\$ 8,661
Revenue generating capital expenditures	7,193	15,976
Total capital expenditures	\$ 29,816	\$ 24,637

Maintenance capital expenditures during the first six months of 2010 increased from the same period of the prior year primarily due to our Merger with Ticketmaster.

Revenue generating capital expenditures during the first six months of 2010 decreased from the same period of the prior year primarily due to the 2009 development and renovation of various venues including a *House of Blues* club in Boston, the Gibson Amphitheater in California and the AMG venue expansion in Birmingham.

We currently expect capital expenditures to be approximately \$100.0 million for the full year 2010, with approximately half of that amount expected to be spent on maintenance capital projects.

Summary

Our primary short-term liquidity needs are to fund general working capital requirements and capital expenditures while our long-term liquidity needs are primarily acquisition related. Our primary sources of funds for our short-term liquidity needs will be cash flows from operations and borrowings under our senior secured credit facility, while our long-term sources of funds will be from cash from operations, long-term bank borrowings and other debt or equity financing.

Cash Flows

	Six Months Ended June 30,	
	2010	2009
	<i>(in thousands)</i>	
Cash provided by (used in):		
Operating activities	\$ 168,279	\$ 338,726
Investing activities	\$ 557,351	\$ (34,198)
Financing activities	\$ 79,166	\$ (60,551)

Operating Activities

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

Cash provided by operations was \$168.3 million for the six months ended June 30, 2010, compared to \$338.7 million for the six months ended June 30, 2009. The \$170.4 million decrease in cash provided by operations resulted primarily from changes in the event-related operating accounts which are dependent on the timing of ticket sales along with the size and number of events for upcoming periods partially offset by the increase in the cash-related portion of net income. During the first six months of 2010, we had less deferred revenue and paid more accrued event-related expenses partially offset by lower payments of prepaid event-related expenses as compared to the same period of 2009 resulting in a decrease to cash provided by operations.

Table of Contents

Investing Activities

Cash provided by investing activities was \$557.4 million for the six months ended June 30, 2010, compared to cash used in investing activities of \$34.2 million for the six months ended June 30, 2009. The \$591.6 million increase in cash provided by investing activities is primarily due to cash acquired in the Merger.

Financing Activities

Cash provided by financing activities was \$79.2 million for the six months ended June 30, 2010, compared to cash used in financing activities of \$60.6 million for the six months ended June 30, 2009. The \$139.8 million increase in cash provided by financing activities was primarily a result of net proceeds received in 2010 from the issuance of \$250 million of 8.125% senior notes and our new senior secured credit facility, after repayment of the borrowings under the Live Nation and Ticketmaster credit facilities, payment of debt issuance costs as well as the redemption of preferred stock, as compared to net paydowns on our previous revolving credit facility in the same period of the prior year.

Seasonality

Our Concerts and Artist Nation segments typically experience higher operating income in the second and third quarters as our outdoor venues and international festivals are primarily used or occur during May through September, while domestic ticket sales for concerts and sporting events are generally earned in the first and second quarters of the year. Generally, international ticketing revenues and operating income are highest in the fourth quarter of the year, earned primarily through concert ticket sales. In addition, the timing of tours of top-grossing acts can impact comparability of quarterly results year over year, although annual results may not be impacted. Our Ticketing segment sales are impacted by fluctuations in the availability of events for sale to the public, which vary depending upon scheduling by our clients.

Cash flows from our Concerts segment typically have a slightly different seasonality as payments are often made for artist performance fees and production costs in advance of the date the related event tickets go on sale. These artist fees and production costs are expensed when the event occurs. Once tickets for an event go on sale, we generally begin to receive payments from ticket sales in advance of when the event occurs. We record these ticket sales as revenue when the event occurs.

Market Risk

We are exposed to market risks arising from changes in market rates and prices, including movements in foreign currency exchange rates and interest rates.

Foreign Currency Risk

We have operations in countries throughout the world. The financial results of our foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we operate. Currently, we do not operate in any hyper-inflationary countries. Our foreign operations reported an operating loss of \$3.3 million for the six months ended June 30, 2010. We estimate that a 10% change in the value of the United States dollar relative to foreign currencies would change our operating income for the six months ended June 30, 2010 by \$0.3 million. As of June 30, 2010, our primary foreign exchange exposure included the Euro, British Pound and Canadian Dollar. This analysis does not consider the implication such currency fluctuations could have on the overall economic conditions of the United States or other foreign countries in which we operate or on the results of operations of our foreign entities.

We use forward currency contracts to reduce our exposure to foreign currency risk. The principal objective of such contracts is to minimize the risks and/or costs associated with short-term artist fee commitments. In certain limited instances, we also enter into forward currency contracts to minimize the risks and/or costs associated with changes in foreign currency rates on short-term intercompany loans payable to certain international subsidiaries and on forecasted operating income. At June 30, 2010, we had forward currency contracts outstanding with a notional amount of \$145.9 million.

Interest Rate Risk

Our market risk is also affected by changes in interest rates. We had \$1.739 billion total debt, net of unamortized discounts and premiums, outstanding as of June 30, 2010. Of the total amount, taking into consideration existing interest rate hedges, we have \$917.7 million of fixed-rate debt and \$820.9 million of floating-rate debt.

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

Based on the amount of our floating-rate debt as of June 30, 2010, each 25 basis point increase or decrease in interest rates would increase or decrease our annual interest expense and cash outlay by approximately \$2.1 million. This potential increase or decrease is based on the simplified assumption that the level of floating-rate debt remains constant with an immediate across-the-board increase or decrease as of June 30, 2010 with no subsequent change in rates for the remainder of the period.

Table of Contents

At June 30, 2010, we have one interest rate cap agreement that is designated as a cash flow hedge for accounting purposes. The interest rate cap had a notional amount of \$98.8 million at June 30, 2010, to limit our cash flow exposure to an interest rate of 4% per annum. This agreement expires on June 30, 2013. The fair value of this agreement at June 30, 2010 was an asset of \$0.2 million. This agreement was put in place to reduce the variability of a portion of the cash flows from the interest payments related to the May 2010 senior secured credit facility. The original terms of the May 2010 senior secured credit facility require one or more interest rate protection agreements, with an effect of fixing or limiting the interest costs, for at least 50% of the consolidated total funded debt at the closing date for at least three years. Upon the execution of this interest rate cap agreement, the existing interest rate protection agreements fully met this requirement.

As part of the acquisition of AMG, we have an interest rate swap agreement with a \$16.5 million aggregate notional amount that effectively converts a portion of our floating-rate debt to a fixed-rate basis. This agreement expires in January 2015. Also, in connection with the financing of the redevelopment of the O₂ Dublin, we have an interest rate swap agreement with a notional amount of \$15.1 million that expires in December 2013 effectively converting a portion of our floating-rate debt to a fixed-rate basis. These interest rate swap agreements have not been designated as hedging instruments. Therefore, any change in fair value is recorded in earnings during the period of the change.

In July 2007, we issued \$220.0 million of 2.875% convertible senior notes due 2027. Beginning with the period commencing on July 20, 2014 and ending on January 14, 2015, and for each of the interest periods commencing thereafter, we will pay contingent interest on the notes if the average trading price of the notes during the five consecutive trading days ending on the second trading day immediately preceding the first day of the applicable interest period equals or exceeds 120% of the principal amount of the notes. The contingent interest payable per note will equal 0.25% per year of the average trading price of such note during the applicable five trading-day reference period, payable in arrears.

Ratio of Earnings to Fixed Charges

The ratio of earnings to fixed charges is as follows:

Six Months Ended June 30,		Year Ended December 31,			
2010	2009	2009	2008	2007	2006
*	*	*	*	*	*

* For the six months ended June 30, 2010 and 2009, fixed charges exceeded earnings from continuing operations before income taxes and fixed charges by \$151.3 million and \$128.6 million, respectively. For the years ended December 31, 2009, 2008, 2007 and 2006, fixed charges exceeded earnings from continuing operations before income taxes and fixed charges by \$116.5 million, \$358.6 million, \$45.8 million and \$30.0 million, respectively.

The ratio of earnings to fixed charges was computed on a total enterprise basis. Earnings represent income from continuing operations before income taxes less equity in undistributed net income (loss) of nonconsolidated affiliates plus fixed charges. Fixed charges represent interest, amortization of debt discount and premium and the estimated interest portion of rental charges. Rental charges exclude variable rent expense for events in third-party venues.

Stock-Based Compensation

As of June 30, 2010, there was \$119.2 million of total unrecognized compensation cost related to unvested stock-based compensation arrangements for stock options, restricted stock awards and restricted stock units. This cost is expected to be recognized over the next four years.

Recent Accounting Pronouncements**Recently Adopted Pronouncements**

In June 2009, the FASB issued ASU 2009-17, *Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities*, codified in ASC topic 810, *Consolidations*. This pronouncement amends portions of ASC topic 810 relating to variable interest entities. Among other accounting and disclosure requirements, the pronouncement replaces the quantitative-based risks and rewards calculation for determining which enterprise has a controlling financial interest in a variable interest entity with an approach focused on identifying which enterprise has the power to direct the activities of a variable interest entity and the obligation to absorb losses of the entity or the right to receive benefits from the

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

entity. We adopted the relevant provisions of ASC topic 810 on January 1, 2010 and are applying the requirements prospectively. Our adoption of the variable interest guidance did not have a material impact on our financial position or results of operations.

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*, codified in ASC topic 820, *Fair Value Measurements and Disclosures*. This pronouncement amends portions of ASC topic 820 to require: (i) disclosure of significant transfers in and out of Level 1 and Level 2 fair value measurements and (ii) presentation of

Table of Contents

activities within the Level 3 rollforward reconciliation on a gross basis. In addition, the pronouncement amends portions of ASC topic 820 to provide the following clarifications regarding existing disclosures: (i) a reporting entity should provide fair value measurement disclosures for each class of assets and liabilities and (ii) a reporting entity should provide disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements that fall in either Level 2 or Level 3. With the exception of the amendment related to presentation of the activities within the Level 3 rollforward reconciliation, which is effective for fiscal years beginning after December 15, 2010, we adopted the relevant provisions of ASC topic 820 on January 1, 2010 and have included the required disclosures in our consolidated financial statements.

Recently Issued Pronouncements

In October 2009, the FASB issued ASU 2009-13, *Multiple-Deliverable Revenue Arrangements*, or ASU 2009-13, which requires an entity to allocate consideration at the inception of an arrangement to all of its deliverables based on their relative selling prices. This consensus eliminates the use of the residual method of allocation and requires allocation using the relative-selling-price method in all circumstances in which an entity recognizes revenue for an arrangement with multiple deliverables. ASU 2009-13 is effective for fiscal years beginning on or after June 15, 2010. We will adopt ASU 2009-13 on January 1, 2011 and apply it prospectively. We do not believe the adoption of this pronouncement will have a material impact on our financial position or results of operations.

Critical Accounting Policies and Estimates

The preparation of our financial statements in conformity with GAAP requires management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of expenses during the reporting period. On an ongoing basis, we evaluate our estimates that are based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. The result of these evaluations forms the basis for making judgments about the carrying values of assets and liabilities and the reported amount of revenue and expenses that are not readily apparent from other sources. Because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such difference could be material.

Management believes that the accounting estimates involved in the allowance for doubtful accounts, impairment of long-lived assets and goodwill, revenue recognition, litigation accruals, stock-based compensation and accounting for income taxes are the most critical to aid in fully understanding and evaluating our reported financial results, and they require management's most difficult, subjective or complex judgments, resulting from the need to make estimates about the effect of matters that are inherently uncertain. These critical accounting estimates, the judgments and assumptions and the effect if actual results differ from these assumptions are described in Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations of our Annual Report on Form 10-K filed with the SEC on February 25, 2010 and as amended by our Form 10-K/A filed with the SEC on April 30, 2010.

There have been no changes to our critical accounting policies during the six months ended June 30, 2010.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Required information is within Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Market Risk.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We have established disclosure controls and procedures to ensure that material information relating to our company, including our consolidated subsidiaries, is made known to the officers who certify our financial reports and to other members of senior management and our board of directors.

Based on their evaluation as of June 30, 2010, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) are effective to ensure that (1) the information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (2) the information we

Edgar Filing: Live Nation Entertainment, Inc. - Form 10-Q

are required to disclose in such reports is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls and procedures or internal controls will prevent all possible errors and fraud. Our disclosure controls and procedures are, however, designed to provide reasonable assurance of achieving their objectives, and our Chief Executive Officer and

Table of Contents

Chief Financial Officer have concluded that our financial controls and procedures are effective at that reasonable assurance level.

Changes in Internal Control Over Financial Reporting

Except as noted below, there has been no change in our internal control over financial reporting during the period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

In January 2010, we completed our merger of Ticketmaster with and into a wholly-owned subsidiary of Live Nation. We are currently integrating policies, processes, technology and operations for the combined company and will continue to evaluate our internal control over financial reporting as we develop and execute our integration plans. Until the companies are fully integrated, we will maintain the operational integrity of each company's legacy internal controls over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings **CTS Arbitration**

CTS filed a request for arbitration with the International Court of Arbitration of the International Chamber of Commerce in April 2010. CTS asserts that we breached our obligations under the terms of our agreement with CTS and failed to allocate the proper number of tickets to CTS's system in the United Kingdom, and that the Merger with Ticketmaster and our subsequent actions have breached the implied covenant of good faith and fair dealing. CTS seeks a declaration that we are in breach of the agreement and of the implied covenant of good faith and fair dealing, unspecified damages resulting from such breaches and specific performance of our obligations under the agreement. In June 2010, we terminated our agreement with CTS, based on CTS's multiple, material failures to perform its obligations under the agreement. We intend to vigorously defend the action.

Live Concert Antitrust Litigation

We were a defendant in a lawsuit filed by Malinda Heerwagen in June 2002 in U.S. District Court. The plaintiff, on behalf of a putative class consisting of certain concert ticket purchasers, alleged that anti-competitive practices for concert promotion services by us nationwide caused artificially high ticket prices. In August 2003, the District Court ruled in our favor, denying the plaintiff's class certification motion. The plaintiff appealed to the U.S. Court of Appeals. In January 2006, the Court of Appeals affirmed, and the plaintiff then dismissed her action that same month. Subsequently, twenty-two putative class actions were filed by different named plaintiffs in various U.S. District Courts throughout the country, making claims substantially similar to those made in the *Heerwagen* action, except that the geographic markets alleged are regional, statewide or more local in nature, and the members of the putative classes are limited to individuals who purchased tickets to concerts in the relevant geographic markets alleged. The plaintiffs seek unspecified compensatory, punitive and treble damages, declaratory and injunctive relief and costs of suit, including attorneys' fees. We have filed our answers in some of these actions and have denied liability. In April 2006, granting our motion, the Judicial Panel on Multidistrict Litigation transferred these actions to the U.S. District Court for the Central District of California for coordinated pre-trial proceedings. In June 2007, the District Court conducted a hearing on the plaintiffs' motion for class certification, and also that month the Court entered an order to stay all proceedings pending the Court's ruling on class certification. In October 2007, the Court granted the plaintiffs' motion and certified classes in the Chicago, New England, New York/New Jersey, Colorado and Southern California regional markets. In November 2007, the Court extended its stay of all proceedings pending further developments in the U.S. Court of Appeals for the Ninth Circuit. In February 2008, we filed with the District Court a Motion for Reconsideration of its October 2007 class certification order. A ruling by the District Court on our Motion is pending. We intend to vigorously defend all claims in all of the actions.

UPS Consumer Class Action Litigation

In October 2003, a purported representative action was filed in the Superior Court of California challenging Ticketmaster's charges to online customers for UPS ticket delivery and alleging that its failure to disclose on its website that the charges contain a profit component is unlawful. The complaint asserted a claim for violation of California's Unfair Competition Law, or UCL, and sought restitution or disgorgement of the difference between (i) the total UPS delivery fees charged by Ticketmaster in connection with online ticket sales during the applicable period, and (ii) the amount that Ticketmaster actually paid to UPS for delivery of those tickets. In August 2005, the plaintiff filed a first amended complaint, then pleading the case as a putative class action and adding the claim that Ticketmaster's website disclosures in respect of its ticket order-processing fees constitute false advertising in violation of California's False Advertising Law. On this new claim, the amended complaint seeks restitution or disgorgement of the entire amount of order-processing fees charged by Ticketmaster during the applicable period. In April

2009, the Court granted the plaintiff's motion for leave to file a second

Table of Contents

amended complaint adding new claims that (a) Ticketmaster's order processing fees are unconscionable under the UCL, and (b) Ticketmaster's alleged business practices further violate the California Consumer Legal Remedies Act. Plaintiff later filed a third amended complaint, to which Ticketmaster filed a demurrer in July 2009. The Court overruled Ticketmaster's demurrer in October 2009.

The plaintiff filed a class certification motion in August 2009, which Ticketmaster opposed. In February 2010, the Court granted certification of a class on the first two causes of action, which allege that Ticketmaster misrepresents/omits the fact of a profit component in its UPS and order processing fees. The class consists of California consumers who purchased tickets through Ticketmaster's website from 1999 to present. The Court denied certification of a class on the third and fourth causes of action, which allege that Ticketmaster's UPS and order processing fees are unconscionably high. In March 2010, Ticketmaster filed a Petition for Writ of Mandate with the California Court of Appeal, and plaintiffs also filed a motion for reconsideration of the Superior Court's class certification order. In April 2010, the Superior Court denied plaintiffs' Motion for Reconsideration of the Court's class certification order, and the Court of Appeal denied Ticketmaster's Petition for Writ of Mandate. In June 2010, Ticketmaster filed its Motion for Summary Judgment on all causes of action in the Superior Court. Later that month, the Court of Appeal granted the plaintiffs' Petition for Writ of Mandate and ordered the Superior Court to vacate its February 2010 order denying plaintiffs' motion to certify a national class and enter a new order certifying a nationwide class on the first two causes of action or show cause why a peremptory writ with that order should not issue. Later that month, the Court of Appeal granted the plaintiffs' Petition for Writ of Mandate and ordered the Superior Court to vacate its February 2010 order denying plaintiffs' motion to certify a national class and enter a new order granting plaintiffs' motion to certify a nationwide class on the first two claims, or show cause why the Court of Appeal should not direct the Superior Court to do so. We intend to vigorously defend the action.

Canadian Consumer Class Action Litigation Relating to TicketsNow

In February 2009, five putative consumer class action complaints were filed in various provinces of Canada against TicketsNow, Ticketmaster, Ticketmaster Canada Ltd. and Premium Inventory, Inc. All of the cases allege essentially the same set of facts and causes of action. Each plaintiff purports to represent a class consisting of all persons who purchased a ticket from Ticketmaster, Ticketmaster Canada Ltd. or TicketsNow from February 2007 to present and alleges that Ticketmaster conspired to divert a large number of tickets for resale through the TicketsNow website at prices higher than face value. The plaintiffs characterize these actions as being in violation of Ontario's Ticket Speculation Act, the Amusement Act of Manitoba, the Amusement Act of Alberta or the Quebec Consumer Protection Act. The Ontario case contains the additional allegation that Ticketmaster and TicketsNow's service fees run afoul of anti-scalping laws. Each lawsuit seeks compensatory and punitive damages on behalf of the class. We intend to vigorously defend all claims in all of the actions.

United States Consumer Class Action Litigation Relating to TicketsNow

From February through June 2009, eleven purported class action lawsuits asserting causes of action under various state consumer protection laws were filed against Ticketmaster and TicketsNow in U.S. District Courts in California, New Jersey, Minnesota, Pennsylvania and North Carolina. The lawsuits allege that Ticketmaster and TicketsNow unlawfully deceived consumers by, among other things, selling large quantities of tickets to TicketsNow's ticket brokers, either prior to or at the time that tickets for an event go on sale, thereby forcing consumers to purchase tickets at significantly marked-up prices on TicketsNow.com instead of Ticketmaster.com. The plaintiffs further claim violation of the consumer protection laws by Ticketmaster's alleged redirecting of consumers from Ticketmaster.com to Ticketsnow.com, thereby engaging in false advertising and an unfair business practice by deceiving consumers into inadvertently purchasing tickets from TicketsNow for amounts greater than face value. The plaintiffs claim that Ticketmaster has been unjustly enriched by this conduct and seek compensatory damages, a refund to every class member of the difference between tickets' face value and the amount paid to TicketsNow, an injunction preventing Ticketmaster from engaging in further unfair business practices with TicketsNow and attorney fees and costs. In July 2009, all of the cases were consolidated and transferred to the U.S. District Court for the Central District of California. The plaintiffs filed their consolidated class action complaint in September 2009, to which Ticketmaster filed its answer the following month. In July 2010, Ticketmaster filed its Motion for Summary Judgment. We intend to vigorously defend all claims in all of the actions.

Litigation Relating to the Merger of Live Nation and Ticketmaster

Ticketmaster and their Board of Directors were named as defendants in a pair of lawsuits filed in February 2009 in the Superior Court of California challenging the Merger. These actions were consolidated by court order in March 2009. The consolidated complaint, as amended, generally alleges that Ticketmaster and its directors breached their fiduciary duties by entering into the Merger Agreement without regard to the fairness of its terms to the Ticketmaster stockholders and in return for illicit payments of surplus Live Nation stock. It also alleges that the joint proxy statement/prospectus of Live Nation and Ticketmaster contained material omissions and misstatements. The plaintiffs moved for a preliminary injunction barring the completion of the Merger in December 2009, which motion was denied at a hearing held later that month. The Ticketmaster and Live Nation stockholders each approved the Merger in January 2010, and the Merger was consummated later that same month. The plaintiffs continue to prosecute the case, now seeking compensatory damages, attorneys' fees and expenses. The Ticketmaster defendants have answered the complaint, denying its allegations and asserting defenses. In April 2010, the parties reached a settlement which the court

approved in July 2010.

Table of Contents

Other Litigation

From time to time, we are involved in other legal proceedings arising in the ordinary course of our business, including proceedings and claims based upon violations of antitrust laws and tortious interference, which could cause us to incur significant expenses. We have also been the subject of personal injury and wrongful death claims relating to accidents at our venues in connection with our operations. As required, we accrued our estimate of the probable settlement or other losses for the resolution of any outstanding claims. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. In addition, under our agreements with Clear Channel, we have assumed and will indemnify Clear Channel for liabilities related to our business for which they are a party in the defense.

Item 1A. Risk Factors

While we attempt to identify, manage and mitigate risks and uncertainties associated with our business to the extent practical under the circumstances, some level of risk and uncertainty will always be present. Item 1A of our Quarterly Report on Form 10-Q for the quarter ended March 31, 2010, which amended and restated Item 1A of our 2009 Annual Report on Form 10-K as amended by our Form 10-K/A filed with the SEC on April 30, 2010, describes some of the risks and uncertainties associated with our business which have the potential to materially affect our business, financial condition or results of operations. We do not believe that there have been any material changes to the risk factors previously disclosed in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2010.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities
