Forward-Looking Statements

This presentation may contain statements, estimates or projections that constitute forward-looking statements as defined under applicable securities laws. In some cases, one can identify forward-looking statements by terminology such as will, expect, plan, lead, anticipate, intend, estimate, project, forecast, goal, target, aim, or other comparable terminology. Forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from Mirant's historical experience and our present expectations or projections. These risks include, but are not limited to, the following:

regulatory initiatives relating to the electric utility industry; (ii) changes in, or changes in the application of, environmental or other laws or regulations that may affect the Company's assets to perform as expected, including due to outages for unscheduled maintenance or repair; (iv) changes in market conditions, including changes in demand, supply, or competition in our markets; (v) the expected timing and likelihood of completion of the proposed merger with RRI Energy, including changes in the terms and conditions of required stockholder, governmental and regulatory approvals that may reduce anticipated benefits or costs of the merger; the ability of the parties to arrange debt financing in an amount sufficient to fund the refinancing contemplated in, and the completion of, the Merger Agreement; the diversion of management's time and attention from our ongoing business during the time we are negotiating the merger; the ability to maintain relationships with employees, customers and suppliers; the ability to integrate successfully the businesses of the Company and RRI Energy, including any synergies and savings and any other synergies; and the risk that credit ratings of the combined company or its subsidiaries may be different from what we expect; and (vi) those factors contained in our periodic reports filed with the SEC, including in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2010. The forward-looking information in this document is given as of this date only, and Mirant assumes no duty to update this information.

Non-GAAP Financial Information

The following presentation includes certain non-GAAP financial measures as defined in Regulation G under the Securities Act of 1933. A schedule is attached hereto and is posted on the Company's website at mirant.com (in the Investor Relations - Presentations section). The non-GAAP financial measures included in the following presentation to the most directly comparable financial measures calculated in accordance with Generally Accepted Accounting Principles. In addition, the Company has included a more detailed description of the non-GAAP financial measures used in this presentation, together with a discussion of the usefulness and purpose of these measures as Exhibit 15 to the Company's Current Report on Form 8-K furnished to the SEC with its earnings press release.

3

Safe Harbor Statement

Additional Information and Where To Find It

This communication does not constitute an offer to sell or the solicitation of an offer to buy any securities or a solicitation of a sale of securities. There shall be no sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration under the securities laws of any such jurisdiction. In connection with the proposed merger between RRI Energy and Mirant, on 11/11/2011, RRI Energy filed with the SEC a Registration Statement on Form S-4 that includes a preliminary joint proxy statement of RRI Energy and Mirant.

also constitutes a preliminary prospectus of RRI Energy. On July 6, 2010, RRI Energy amended these materials. These materials and will be further amended. RRI Energy and Mirant will distribute the final joint proxy statement/prospectus to their respective Energy and Mirant urge investors and shareholders to read the registration statement, and any other relevant documents filed with including the preliminary joint proxy statement/prospectus that is a part of the registration statement, and the definitive joint proxy statement/prospectus, when available, because they contain or will contain important information. You may obtain copies of all the SEC

Participants in The Merger Solicitation

RRI Energy, Mirant, and their respective directors, executive officers and certain other members of management and employees proxies from RRI Energy and Mirant shareholders in favor of the merger and related matters. Information regarding the person rules of the SEC, be deemed participants in the solicitation of RRI Energy and Mirant shareholders in connection with the proposal contained in the preliminary joint proxy statement/prospectus and will be contained in the definitive joint proxy statement/prospectus becomes available. You can find information about RRI Energy's executive officers and directors in its definitive proxy statement on April 1, 2010. You can find information about Mirant's executive officers and directors in its definitive proxy statement filed March 26, 2010 and supplemented on April 28, 2010. Additional information about RRI Energy's executive officers and directors executive officers and directors can be found in the above-referenced Registration Statement on Form S-4. You can obtain free documents from RRI Energy and Mirant as described above.

Energy

Merger Update

Filed Amended S-4 in response to SEC comment letter on July 6, 2010

Entered into agreements with financial institutions

Commitment for \$750 million to \$1.0 billion five-year revolving credit facility

Commercially reasonable efforts to syndicate a \$500 million term loan

Underwrite up to \$1.9 billion of senior unsecured notes

Regulatory approvals

Received New York State Public Service Commission clearance on July 20, 2010

Received Federal Energy Regulatory Commission (FERC) approval on August 2, 2010

Received Hart-Scott-Rodino

second request from the Department of Justice on July 15, 2010

Merger expected to close by the end of 2010

Operational Performance - Cash Generation - Prudent Growth

5

Financial Highlights

(\$millions)

In Q2, change in Adjusted EBITDA principally attributable to

-

Lower realized value of hedges

-

Lower energy gross margins from fuel oil management activities

Higher energy gross margins from Mid-Atlantic generation

For 6 Months, change in Adjusted EBITDA also attributable to

-

Lower energy gross margins from Northeast generation

-

Lower net gains from sales of emissions allowances

Adjusted EBITDA

7

Market Update Since May

Near term (2010)

Natural gas prices increased and currently trade around \$4.85/mmBtu for the balance of the year

Power prices in PJM increased and heat rates expanded as power rose more than natural gas

Northern Appalachian coal prices increased and trade around \$62/ton

On-peak dark spreads increased while off-peak dark spreads decreased

Longer term (2011

2014)

Natural gas prices decreased and currently trade in a range of \$5.20 to

\$5.80/mmBtu

Power prices in PJM decreased but heat rates expanded as power declined less

than natural gas

Northern Appalachian coal prices were relatively unchanged and are quoted in a

range of \$63

\$75/ton

Dark spreads generally declined

Operational Performance - Cash Generation - Prudent Growth

8

Electricity Markets

Reserve Margins

Forecasted reserve margins incorporate the latest information from each ISO

Eastern markets are forecasted to tighten because little generation is being built

Forecast

16

Takeaways

Creation of GenOn

Energy will deliver significant value to stockholders

Hedging cushioned Mirant in Q2 2010 from the effects of relatively low commodity prices

Eastern markets are forecasted to tighten because little generation is

being built

Mirant continues to make progress to permit, finance and commence construction of its Marsh Landing generating facility later in 2010
Operational Performance - Cash Generation - Prudent Growth

Appendix

18

Federal NOL Status

Mirant's estimated Federal NOL balance at December 31, 2009 was \$2.7 billion

An ownership change

requires Mirant to reset the limitation that determines

how much annual taxable income may be offset by its NOLs

in future years

An ownership change occurs if there is an increase of more than 50 percentage points in the ownership of Mirant stock held by large Mirant shareholders from the date of a previous ownership change

New limitation depends on Mirant stock value on the ownership change date and an interest rate determined by the IRS

We expect that Mirant will experience an ownership change for federal

income tax purposes on the closing date of the proposed merger with RRI Energy

RRI Energy has advised us that they expect RRI Energy to experience an ownership change on the closing date of the merger as well

Operational Performance - Cash Generation - Prudent Growth

19

Federal NOL Status (Cont.)

Assuming the shares of Mirant and RRI Energy are at or near current prices on the closing date of the proposed merger, Mirant expects that

The combined company, GenOn

Energy, will be unable to use any pre merger NOLs for the first 5 years following the merger

Thereafter, assuming sufficient taxable income, GenOn will be able to use approximately \$100MM \$125MM per year of pre merger NOLs until such NOLs expire

Based on current commodity price forecasts, Mirant expects that GenOn Energy will pay only federal Alternative Minimum Tax and certain state income taxes

during the 5 years immediately following the merger

Mirant's Board of Directors has extended its stockholder rights plan and the plan was approved at its 2010 Annual Meeting of Stockholders held on May 6, 2010

There is no assurance that the stockholder rights plan will prevent an ownership change prior to the closing date of the proposed merger

Operational Performance - Cash Generation - Prudent Growth

20

Additional Hedge Information

1

Projected as of July 13, 2010

2

Power hedges include hedges with both power and natural gas

3

Realized Value of Hedges are nominal values and do not include certain adjustments required under fair value accounting
