**Item 1.01. Entry into a Material Definitive Agreement.**  
**Additional 8.5% Senior Notes Due 2019**

On April 20, 2011, CDW Escrow Corporation (the *Escrow Issuer*), a newly-formed wholly owned subsidiary of CDW Corporation (the *Company*), completed the sale of an additional \$450 million aggregate principal amount of 8.5% Senior Notes due 2019 (the *New Notes*) at an issue price of 100% of the principal amount of the New Notes plus accrued interest from April 13, 2011, in a private placement to qualified institutional buyers as defined in Rule 144A under the Securities Act of 1933, as amended (the *Securities Act*), and outside the United States pursuant to Regulation S under the Securities Act. The New Notes were issued as additional notes under the indenture dated as of April 13, 2011, under which CDW Escrow Corporation, a newly-formed Delaware corporation that has since been dissolved, previously issued, and CDW LLC ( *CDW* ) and CDW Finance Corporation ( *CDW Finance*, and together with CDW, the *Issuers* ) subsequently assumed, \$725.0 million aggregate principal amount of 8.5% senior notes due 2019 (the *Original Notes* ). The New Notes constitute a further issuance of, and form a single series with, the Original Notes. The New Notes mature on April 1, 2019 and bear interest at a rate of 8.5% per annum, payable semi-annually on April 1 and October 1 of each year. Interest will accrue from April 13, 2011, and the first interest payment date will be October 1, 2011.

The Escrow Issuer deposited the gross proceeds from the sale of the New Notes into a segregated escrow account subject to the satisfaction of the escrow condition. The escrow condition was satisfied as over \$412,844,000 in aggregate principal amount of 11.00% Senior Exchange Notes due 2015 (the *Existing Senior Cash Pay Notes* ) and 11.50% / 12.25% Senior PIK Election Exchange Notes due 2015 (the *Existing Senior PIK Election Notes*, and together with the Existing Senior Cash Pay Notes, the *Existing Senior Notes* ) were validly tendered in the tender offer. Upon satisfaction of the escrow condition, all of the Escrow Issuer's obligations under the New Notes were assumed by the Issuers. In connection with such assumption, the Escrow Issuer was released from any obligation under the New Notes.

All of the proceeds from the offering were used to pay the consideration in the Issuers' concurrent tender offer (the *Tender Offer* ) for up to \$412,844,000 aggregate principal amount of Existing Senior Notes.

A copy of the press release announcing the closing of the offering is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

***Second Supplemental Indenture***

The New Notes were issued pursuant to a second supplemental indenture (the *Supplemental Indenture* ), dated as of May 20, 2011, among the Escrow Issuer, the Issuers, the Company, certain other guarantors named therein (the *Guarantors* ) and U.S. National Bank Association, as trustee (the *Trustee* ). Upon satisfaction of the condition for the release of the New Notes from escrow, the Issuers, the Company and the Guarantors assumed all of the Escrow Issuer's obligations under the New Notes and the Escrow Issuer was released from any obligation under the New Notes. The terms of the New Notes are governed by the indenture (as amended or supplemented, the *Indenture* ), dated as of April 13, 2011, among the Issuers, the Company, the Guarantors and the Trustee, and the New Notes and Original Notes constitute a single series of notes under the Indenture.

The Issuers may redeem the New Notes, in whole or in part, at any time prior to April 1, 2015 at a redemption price equal to 100% of the principal amount of the Notes, plus accrued and unpaid interest to the redemption date, plus the applicable *make-whole* premium, as described in the Indenture. The Issuers may redeem the New Notes, in whole or in part, at any time on or after April 1, 2015 at a redemption price equal to 100% of the principal amount of the New Notes, plus accrued and unpaid interest to the redemption date, plus a premium declining over time as set forth in the Indenture. In addition, at any time prior to April 1, 2014, the Issuers may redeem up to 40% of the aggregate principal amount of the notes issued under the Indenture with the proceeds of certain equity offerings, as described in the Indenture, at a redemption price equal to 108.5% of the principal amount of the notes, plus accrued and unpaid interest to the redemption date. If CDW experiences certain change of control events, holders of notes may require CDW to repurchase all or part of their notes at 101% of the principal amount of the notes, plus accrued and unpaid interest to the repurchase date.

As previously disclosed, the Indenture contains covenants that, among other things, restrict the ability of CDW and the Guarantors to, among other things, incur or guarantee additional indebtedness or issue preferred stock;

pay dividends and make other restricted payments; incur restrictions on the payment of dividends or other distributions from restricted subsidiaries; create or incur certain liens; make certain investments; transfer or sell assets; engage in transactions with affiliates; and merge or consolidate with other companies or transfer all or substantially all of its assets. The Indenture also contains certain restrictions on the business activities, assets and liabilities of CDW Finance. These covenants are subject to a number of other limitations and exceptions set forth in the Indenture.

The Indenture also provides for customary events of default, including failure to pay any principal or interest when due, failure to comply with covenants and cross acceleration provisions. In the case of an event of default arising from specified events of bankruptcy or insolvency, all outstanding notes will become due and payable immediately without further action or notice. If any other event of default under the Indenture occurs or is continuing, the Trustee, acting at the written direction of the holders of at least 25% in aggregate principal amount of the then outstanding notes, may declare all of the notes to be due and payable immediately.

The description of the New Notes and the Supplemental Indenture contained in this Current Report on Form 8-K is qualified in its entirety by reference to the complete text of the Supplemental Indenture, which is filed herewith as Exhibit 4.1, which is incorporated herein by reference. The description of the New Notes is also qualified in its entirety by reference to the Indenture, which is incorporated herein by reference.

#### ***Registration Rights Agreement***

The New Notes are entitled to registration rights pursuant to a registration rights agreement, dated as of May 20, 2011 (the Registration Rights Agreement), among the Issuers, the Company, the Guarantors and the initial purchaser of the New Notes. The Issuers are required to use commercially reasonable efforts to file an exchange offer registration statement with the Securities and Exchange Commission (the SEC), have such registration statement declared effective by the SEC and complete the exchange offer by February 7, 2012, and in certain limited circumstances, to file a shelf registration statement. If the Issuers breach certain of their obligations under the Registration Rights Agreement (including any obligations related to the requirement to complete the exchange offer), the interest rate for the New Notes will increase by 0.25% per annum so long as the registration default continues, increasing by an additional 0.25% per annum if such default continues for any subsequent 90-day period, up to a maximum of 0.50% per annum.

The description of the Registration Rights Agreement contained in this Current Report on Form 8-K is qualified in its entirety by reference to the complete text of the Registration Rights Agreement, a copy of which is filed herewith as Exhibit 4.4, which is incorporated herein by reference.

#### **Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

The information set forth under Item 1.01 above is incorporated by reference into this Item 2.03.

#### **Item 8.01. Other Events.**

On May 20, 2011, the Company announced the expiration and final results of the Tender Offer to purchase for cash up to \$412,844,000 aggregate principal amount of the Existing Senior Notes. The Tender Offer expired at 8:00 a.m., New York City time, on May 19, 2011 (the Expiration Date). As of the Expiration Date, the Issuers had received tenders with respect to \$452,859,825 aggregate principal amount of Existing Senior Notes (approximately 84% of the outstanding aggregate principal amount of Existing Senior Notes) pursuant to the Issuers' Offer to Purchase, dated April 20, 2011. Because more than \$412,844,000 aggregate principal amount of Existing Senior Notes were validly tendered, the Issuers accepted for payment and paid for \$412,844,000 aggregate principal amount of such validly tendered Existing Senior Notes on a pro rata basis on May 20, 2011.
