Memo to IES Employees

I am very pleased to announce that on March 13, 2013, we entered into a definitive agreement to acquire Miscor Group, Ltd., a leading provider of integrated mechanical and electrical products and services with locations in Indiana, Alabama, Ohio, West Virginia, Maryland and California.

Miscor provides maintenance and repair services to industrial customers, operating in electric utility, wind power, transportation, energy, pulp and paper, and mining. It is engaged in both on-site and off-site electrical and mechanical repair and remanufacture of industrial equipment including electric motors, transformers, switchgears, magnets, overhead cranes and generators. Miscor also manufactures and provides repair services for key components in large transportation related motors and engines. We view Miscor's offerings as complementary to our several of our own services and therefore do not see any major customer or competitive overlaps with IES' businesses.

What Does This Mean for You?

Miscor is expected to make our company stronger. Miscor's approximately \$50 million in annual revenues is expected to strengthen our cash flow, diversify our revenue streams and position us for future advancement and growth.

Miscor will operate as an independent and standalone entity within IES. Miscor's headquarters will remain in Massillon, Ohio and there are no layoffs planned as a result of the transaction. With respect to IES employees, except for those employees involved in the transaction, this acquisition will not likely impact your day to day duties.

In the meantime, please continue to focus on your current responsibilities, particularly your focus on the customer and project execution. Taking care of our customer's needs and providing exemplary project execution has never been more important.

What's Next?

We expect to close the transaction by the middle of 2013. As such, when essential information becomes available, we will provide all with necessary updates. Any questions you may have should be directed to your Divisional President, Bobby Lewey or me. As always, if you receive any inquiries from the media or other third parties, please forward them to Bobby Lewey or me.

It is an exciting time to be part of IES and this announcement is another positive step in our efforts to position IES for long-term, sustainable growth and profitability.

I look forward to updating you as we complete the acquisition and integrate Miscor.
