Item 1.01 Entry into a Material Definitive Agreement.

On July 26, 2013, Alliance One International, Inc. (the Company or Alliance One) entered into an Amendment and Restatement Agreement dated as of July 25, 2013 (the Amendment and Restatement Agreement) between the Company, its subsidiaries, Intabex Netherlands B.V. and Alliance One International AG, certain lenders listed below and Deutsche Bank Trust Company Americas, as administrative agent. The Amendment and Restatement Agreement provides for the amendment of certain financial covenants (as identified below) effective upon the execution of the Amendment and Restatement Agreement and for the amendment and restatement of the agreement governing the Company's senior secured revolving credit facility to be effective on the date (the Effective Date) of the satisfaction of the following conditions:

the issuance of senior secured second lien notes (the Senior Notes) by the Company in an offering providing gross cash proceeds of no less than a specified amount;

the application of a portion of the net proceeds of such offering of Senior Notes to pay the principal of, and the redemption premium and interest on, the Company's \$635 million in aggregate principal amount of 10% senior notes due 2016 (the Existing Senior Notes) in connection with the redemption of all of the outstanding Existing Senior Notes pursuant to a conditional notice of redemption given on July 1, 2013;

the deposit of the net proceeds of such offering of the Senior Notes not so applied to the redemption of all of the Existing Senior Notes to a segregated account (the Blocked Account) maintained by the lenders to be used solely to purchase any and all of the Company's \$115 million in aggregate principal amount of 5 $\frac{1}{2}$ % Convertible Senior Subordinated Notes (the Convertible Notes) tendered in the Company's cash tender offer for the Convertible Notes commenced on July 17, 2013 (the Tender Offer) and, subject to conditions, to retire any remaining Convertible Notes not purchased in the Tender Offer, including repayment at maturity; and

customary closing conditions.

At the Effective Date, the agreement governing the Company's senior secured revolving credit facility will be amended and restated to provide for a senior secured revolving credit facility with a syndicate of banks of approximately \$303.9 million that will automatically reduce to approximately \$210.3 million in April 2014 and will mature in April 2017, subject to a springing maturity in April 2014 if by that date the Company has not deposited sufficient amounts to fund the repayment at maturity of all then outstanding Convertible Notes. Borrowings under the amended senior secured revolving credit facility will initially bear interest at an annual rate of LIBOR plus 3.75% and base rate plus 2.75%, as applicable, though the interest rate under the senior secured revolving credit facility will be subject to increase or decrease according to a consolidated interest coverage ratio.

The Company's primary foreign holding company, Intabex Netherlands B.V. (Intabex), will continue to be a co-borrower under the amended senior secured revolving credit facility, and the Company's portion of the borrowings under the amended senior secured revolving credit facility will be limited to \$200 million outstanding at any one time. One of the Company's other primary foreign trading companies, Alliance One International AG (AOIAG), will be a

guarantor of Intabex's obligations under the amended senior secured revolving credit facility. Such obligations will also be guaranteed by the Company and such obligations and the obligations of the Company will be guaranteed by any of its material direct or indirect domestic subsidiaries (of which there are none at this time).

The agreement governing the amended senior secured revolving credit facility will permit the issuance of the Senior Notes, the application of the net proceeds from the offering of the Senior Notes to redeem the Existing Senior Notes on the August 2, 2013 redemption date and the purchase of the Convertible Notes in the Tender Offer.

Collateral. Alliance One's borrowings under the amended senior secured revolving credit facility will be secured by a first priority pledge of:

100% of the capital stock of any material domestic subsidiary (of which there are none at this time) and 100% of the capital stock of any domestic subsidiary directly held by Alliance One or by any material domestic subsidiary;

100% of the non-voting capital stock (other than directors' qualifying shares and/or other nominal amounts of shares required to be held by local nationals, in each case to the extent required by law) and 65% of the voting capital stock of any material first tier foreign subsidiaries;

U.S. accounts receivable and U.S. inventory owned by Alliance One or its material domestic subsidiaries (other than inventory the title of which has passed to a customer and inventory financed through customer advances);

intercompany notes evidencing loans or advances made by Alliance One or a material domestic subsidiary;

the real property, fixtures, equipment and other property related to Alliance One's cut rag facility located adjacent to Baldree Road in Wilson, North Carolina; and

the Blocked Account and all funds deposited therein, if any.

In addition, Intabex's borrowings and other obligations under the amended senior secured revolving credit facility will be secured by a first priority pledge of the assets described above and a pledge of 100% of the capital stock of Intabex, AOIAG, and certain of Alliance One's, Intabex's and AOIAG's foreign subsidiaries.
