Proxies that are not revoked will be voted in accordance with the specifications thereon and, unless specified to the contrary, will be voted FOR the elimination of the fundamental policy governing the Fund's semi-annual repurchase offers.

The close of business on December 6, 2013, has been fixed as the record date for the determination of Stockholders entitled to notice of and to vote at the Special Meeting and any adjournments or postponements thereof. Each Stockholder is entitled to one vote for each full share and an appropriate fraction of a vote for each fractional share held.

On the record date, there were 34,935,115 shares of the Fund's common stock outstanding.

In the event that a quorum is not present at the Special Meeting, the persons named as proxies may propose, without notice other than by announcement at the Special Meeting, one or more adjournments or postponements of the Special Meeting to a date not more than 120 days after the original record date to permit further solicitation of proxies or until a quorum shall attend. Any such adjournment will require the affirmative vote of a majority of those shares represented at the Special Meeting in person or by proxy. The persons named as proxies will vote those proxies that they are entitled to vote FOR, AGAINST, or ABSTAIN from any such proposal at their discretion. Under the By-Laws of the Fund, a quorum is

constituted by the presence in person or by proxy of the holders of record of a majority of the outstanding shares of common stock of the Fund entitled to vote at the Special Meeting.

Votes cast by proxy or in person at the Special Meeting will be tabulated by the inspector of election appointed for the Special Meeting. The inspector of election will determine whether or not a quorum is present at the Special Meeting. The inspector of election will treat abstentions and broker non-votes (i.e., shares held by brokers or nominees, typically in street name, as to which proxies have been returned but (i) instructions have not been received from the beneficial owners or persons entitled to vote and (ii) the broker or nominee does not have discretionary voting power on a particular matter) as present for purposes of determining a quorum. The Fund understands that, under the rules of the NYSE, a broker may not, without instructions from its customers and clients, grant authority to the proxies designated by the Fund to vote on the proposal if no instructions have been received prior to the date specified in the broker firm's request for voting instructions. Therefore, if beneficial owners do not provide proxy instructions or do not return a proxy card that specifies how they wish to vote on the proposal, such action will have the same effect as a vote AGAINST any proposal as to which instructions were not received.

The persons named as proxies will have discretionary authority to vote all shares for which they serve as proxies, including abstentions and broker non-votes, on the adjournment of the Special Meeting, whether or not a quorum is present, to a date not more than 120 days after the original record date to permit further solicitation of proxies.

Stockholders who plan to attend the Special Meeting will be required to provide valid identification in order to gain admission.

The Board of Directors of the Fund knows of no business other than that discussed above that will be presented for consideration at the Special Meeting. If any other matter is properly presented, it is the intention of the persons named in the enclosed proxy to vote in accordance with their best judgment.

The Fund is a closed-end management investment company registered under the 1940 Act. The principal business address of the Fund is 1735 Market Street, 32nd Floor, Philadelphia, PA 19103.

The date of this Proxy Statement is December 11, 2013.

PROPOSAL 1. ELIMINATION OF FUNDAMENTAL POLICY GOVERNING THE FUND'S SEMI-ANNUAL REPURCHASE OFFERS

Background

The Fund has an investment objective of long-term capital appreciation, which it seeks to achieve by investing primarily in the equity securities of Indian companies. In addition to the performance of the Fund's net asset value (NAV) consistent with its stated objective, the Fund has sought to narrow the discount to NAV at which Fund shares have traded on the New York Stock Exchange. Over the last several years, the Board of Directors has persistently explored possible solutions to address the discount at which the Fund's shares may from time to time trade to their NAV. The Board of Directors has regularly considered, and continues to consider, share repurchases, tender offers, and other measures as possible means of reducing the Fund's discount. The Board of Directors has implemented such measures at various points in the Fund's history, under appropriate market conditions and when the Board of Directors has believed such measures would be in the best interest of the Fund and its Stockholders.

In 1999 and 2000, the Board of Directors instituted share repurchase programs, which resulted in the repurchase of over three million shares as of January 31, 2003. Additionally, in September 2002, the Fund completed a tender offer to repurchase up to an additional 10% of the Fund's outstanding shares. These programs had a measurable impact on the Fund's discount, which was reduced to 15.69% as of February 21, 2003. Nevertheless, the Board of Directors concluded that a more ambitious solution was needed to further reduce the Fund's discount and provide liquidity to Stockholders, and approved a fundamental policy (the Policy) converting the Fund to an interval structure, pursuant to Rule 23c-3 under the 1940 Act. The Policy was subsequently approved at a special meeting of Stockholders on April 30, 2003. The Policy requires the Fund to conduct repurchase offers at semi-annual intervals. The Policy, however, is not guaranteed to achieve its intended purpose of addressing the Fund's discount to NAV, or to do so on more than a temporary basis, and, as disclosed in the Fund's proxy statement dated March 18, 2003, the Policy entails risks to the Fund and its Stockholders. Such risks include, among others, the possibility that if a significant number of shares are repurchased on a semi-annual basis, the Fund may be unable to maintain a viable asset base to continue operating efficiently given its limited ability to offer shares and that Fund's reduced net assets would also result in higher relative operating costs.

In the view of the Board of Directors, the Policy is no longer as effective in achieving its intended purpose. Additionally, the Policy restricts the ability of the Fund to pursue other methods that may be more effective at addressing the Fund's discount.

A key feature of the Policy is that the semi-annual repurchases are non-discretionary and are required to be undertaken irrespective of the Fund's discount (including even if the Fund's shares are trading at a premium) or prevailing market conditions. In addition, unlike open market repurchases, the tenders pursuant to the Policy themselves are also costly, requiring the preparation of regulatory filings, the administration and mailing of the transmittal instructions and payments, and the appointment of an information agent.

In addition to the Policy, effective October 30, 2012, the Board of Directors authorized management to make open market repurchases of Fund shares from time to time in an aggregate amount of up to 10% of

the Fund's outstanding shares when Fund shares trade at or above a certain discount to NAV. Acquisition and retirement of shares purchased in the open market at a discount to NAV is accretive to the per share NAV of shares held by non-selling Stockholders with the discount threshold being determined from time to time by the Board of Directors. Further, it is more accretive to NAV to repurchase shares in the open market at a price based on market value because it is more cost-effective than repurchasing shares at 98% of NAV as required by the Policy for the semi-annual repurchase offers.

After monitoring the impact of the Policy on the discount for some time under varying market conditions, the Board of Directors has concluded that eliminating the Policy will allow for greater flexibility to evaluate and pursue in a timely manner other actions that may more effectively reduce the discount at which the Fund's shares have been trading. For this reason, the Board of Directors has proposed that Stockholders eliminate the Policy. The Fund will cease to operate as an interval fund if Stockholders vote to eliminate the Policy.

Overview of Policy

In February 2003, the Board of Directors approved the Policy, subject to Stockholder approval. Stockholders of the Fund subsequently approved the Policy at a special meeting of Stockholders held on April 30, 2003. As an interval fund, the Fund makes periodic repurchase offers at NAV (less a 2% repurchase fee) to all Fund Stockholders. The percentage of outstanding shares that the Fund can repurchase in each offer is established by the Fund's Board of Directors shortly before the commencement of each offer, and is between 5% and 25% of the Fund's then outstanding shares. In order to participate in a repurchase offer, Stockholders are asked to comply with the requirements in the offer to repurchase related to the offer.

The Policy, as adopted by the Fund, is as follows:

The Fund will make offers to repurchase its shares at semi-annual intervals pursuant to Rule 23c-3 under the Investment Company Act of 1940, as amended ("Offers"). The Board of Directors may place such conditions and limitations to the Offers as may be permitted under Rule 23c-3.

14 days prior to the last Friday of the Fund's first and third fiscal quarters, or the next business day if such Friday is not a business day, will be the deadline (the "Repurchase Request Deadline") by which the Fund must receive repurchase requests submitted by Stockholders in response to the most recent Offer.

The date on which the repurchase price for shares is to be determined (the "Repurchase Pricing Date") shall occur no later than the last Friday of the Fund's first and third fiscal quarters, or the next business day if such day is not a business day.

Repurchase offers may be suspended or postponed under certain circumstances, as provided for in Rule 23c-3 of the 1940 Act.

Proposed Introduction of a More Comprehensive and Flexible Discount Control Mechanism to Replace the Existing Policy

In the view of the Board of Directors, the existing Policy is:

No longer as effective in achieving its intended purpose of addressing the discount to NAV.

Potentially contrary to Stockholders' interests by mandating a semi-annual repurchase offer at a fixed discount to NAV irrespective of the current market price, which may be at a smaller discount or potentially at a premium to NAV.

Contributing to the shrinkage of Fund assets.

Reducing trading volume and liquidity in the Fund's stock.

Increasing the relative operating costs of the Fund.

Restricting the Fund's ability to effect share repurchase transactions in the best manner and at an optimal frequency to address the Fund's discount.

Causing significant expenses to be incurred by the Fund which would not otherwise be incurred if it were able to use the resources expended in conducting the semi-annual repurchase offers to engage in certain other actions.

Elimination of the Policy would allow the Board of Directors:

Greater opportunity and flexibility to address widening discounts in a timely and more effective manner by permitting actions that better suit the prevailing market conditions, including, but not limited to, share repurchases at wider discounts to NAV and considering a variety of potential actions at sustained, wide discounts to NAV.

To consider ceasing repurchases at narrow discounts to NAV and potentially issue shares that are accretive to NAV if the market price trades at a premium to NAV.

More freedom to effect transactions in response to market conditions, rather than at predetermined times.

If the proposal is not approved, the Board of Directors believes it will be less likely to be able to minimize the size of the discount to NAV and that the semi-annual repurchases pursuant to the Policy will continue to reduce the size of the Fund, which may adversely impact Stockholders by increasing the relative costs of operating the Fund and the liquidity of shares trading in the market. The Board of Directors does not intend to authorize the conditional tender offer described below if Stockholders do not approve the elimination of the Policy.

The Board intends to direct the Fund to take actions described below as part of a comprehensive strategy to reduce the stock price discount. The purpose of the proposed actions is to strengthen the commitment by the Fund and the Board to seek to reduce the stock price discount.

Conditional Tender Offer

If Stockholders approve the proposal, the Board of Directors expects to authorize a cash tender offer to acquire up to 15% of the Fund's outstanding shares at a price of 98% of the Fund's NAV. In the event that the Special Meeting is postponed and Stockholders have not approved the elimination of the Policy by February 14, 2014 (the date on which the Fund is required to prepare for the commencement of the next semi-annual repurchase), the Board of Directors intends to authorize a cash tender offer in such an amount so that the cash tender in combination with the periodic interval repurchase commencing in February 2014, amounts to 15% of the Fund's outstanding shares. If Stockholders approve the elimination of the Policy, the Fund expects to file a tender offer statement with the SEC. **STOCKHOLDERS OF THE FUND SHOULD READ THESE DOCUMENTS BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION.** Documents filed with the SEC are available to investors for free at the SEC's website (<http://www.sec.gov>). Stockholders can also obtain copies of these documents, when available, free of charge, by contacting Aberdeen Asset Management Inc., 1735 Market Street, 32nd Floor, Philadelphia, PA 19103, by calling 1-866-839-5205 toll-free or on the Internet at www.aberdeenifn.com.

Targeted Discount Policy and Open-Market Repurchases

In addition, if Stockholders approve the proposal, the Board of Directors expects to extend a targeted discount policy to seek to manage the Fund's discount, under which the Fund expects to buy back shares of common stock in the open market at times when the Fund's shares trade at a discount of 10% or more to NAV. The targeted discount of a 10% volume-weighted average would be reviewed by the Board after a two-year period from the completion date of the conditional tender described above. If the 10% volume-weighted average discount is not attained over the two-year period, the Board of Directors may, but shall not be obligated to, consider other actions that, in its judgment, may be effective to address the discount. There is no guarantee that the targeted discount policy described above, alone or in combination with other actions, will achieve its intended purpose of eliminating the Fund's discount to NAV or maintaining the discount to NAV at less than 10% or will do so on more than a temporary basis.

VOTE FOR THE PROPOSAL TO ELIMINATE THE POLICY

The Board of Directors believes that the elimination of the Policy, which requires share repurchases to be made irrespective of the Fund's discount or premium to NAV or prevailing market conditions, will allow the Board of Directors greater opportunity and flexibility when evaluating and pursuing other measures to address the discount and is therefore in the best interests of the Fund and its Stockholders.

If the proposal is approved by the Stockholders, the Board of Directors expects to:

- 1) Initiate a tender offer for up to 15% of the outstanding common stock.
- 2) Extend a targeted discount policy whereby the Fund intends to buy back shares of common stock in the open market at times when the Fund's shares trade at a discount of 10% or more to NAV.

3) Review the targeted discount of not more than 10% volume-weighted average after a two-year period commencing from the completion date of the conditional tender.

4) Potentially consider, although it is not obligated to, other actions that, in its judgment, may be effective to address the discount if a 10% volume-weighted average discount is not attained over the two-year period from the completion date of the conditional tender. If approved by Stockholders, the elimination of the Policy would become effective as soon as reasonably practicable thereafter.

The Board of Directors, including all of the Independent Directors, unanimously recommends that you vote FOR the elimination of the Policy.

Vote Required

The presence in person or by proxy of the holders of record of a majority of the outstanding shares of common stock of the Fund entitled to vote is required to constitute a quorum at the Special Meeting. The elimination of the fundamental policy governing the Fund's semi-annual repurchase offers will require the affirmative vote of (i) 67% or more of the voting securities present at the Special Meeting, if the holders of more than 50% of the outstanding voting securities are present or represented by proxy, or (ii) more than 50% of the outstanding voting securities, whichever is less.

Other Business

The Fund's Board of Directors does not know of any other matter that may come before the Special Meeting. If any other matter properly comes before the Special Meeting, it is the intention of the persons named in the proxy to vote the proxies in accordance with their judgment on that matter.

Stockholder Proposals

All proposals by Stockholders of the Fund that are intended to be presented at the Fund's next Annual Meeting of Stockholders, to be held in 2014, must be received by the Fund (addressed to The India Fund, Inc., 1735 Market Street, 32nd Floor, Philadelphia, PA 19103) for inclusion in the Fund's proxy statement and proxy relating to that meeting no later than December 13, 2013. Any Stockholder who desires to bring a proposal for consideration at the Fund's year 2014 Annual Meeting of Stockholders without including such proposal in the Fund's proxy statement must deliver written notice thereof to the Secretary of the Fund (addressed to The India Fund, Inc., 1735 Market Street, 32nd Floor, Philadelphia, PA 19103) during the period from January 17, 2014 to February 16, 2014. However, if the Fund's 2014 Annual Meeting of Stockholders is held earlier than April 17, 2014 or later than July 16, 2014, such written notice must be delivered to the Secretary of the Fund no earlier than 120 days before the date of the 2014 Annual Meeting of Stockholders and no later than the later of 90 days before the date of the 2014 Annual Meeting of Stockholders or 10 days following the public announcement of the date of the 2014 Annual Meeting of Stockholders.

Any Stockholder proposal, including any accompanying supporting statement, may not exceed 500 words. A Stockholder desiring to submit a proposal must be a record or beneficial owner of shares with a market value of \$2,000 and must have held such shares for at least one year. Further, the Stockholder must continue to hold such shares through the date on which the Annual Meeting is held. Documentary support regarding the foregoing must be provided along with the proposal. There are additional requirements regarding proposals of Stockholders, and a Stockholder contemplating submission of a proposal is referred

to Rule 14a-8 promulgated under the Securities Exchange Act of 1934 and Section 4(b) of the By-Laws of the Fund. The timely submission of a proposal does not guarantee its inclusion in a Fund's proxy materials.

Stockholder Communications with the Board of Directors

The Fund has adopted procedures by which Fund Stockholders may send communications to the Board of Directors. Stockholders may mail written communications to the Board of Directors to the attention of the Board of Directors of The India Fund, Inc., c/o the Fund's Chief Legal Officer, 1735 Market Street, 32nd Floor, Philadelphia, PA 19103. Stockholder communications must (i) be in writing and be signed by the Stockholder and (ii) identify the number of shares held by the Stockholder. The Chief Legal Officer of the Fund is responsible for reviewing properly submitted Stockholder communications. The Chief Legal Officer shall either (i) provide a copy of each properly submitted Stockholder communication to the Board of Directors at its next regularly scheduled board meeting or (ii) if the Chief Legal Officer determines that the communication requires more immediate attention, forward the communication to the Directors promptly after receipt. The Chief Legal Officer may, in good faith, determine that a Stockholder communication should not be provided to the Board of Directors because it does not reasonably relate to the Fund or its operations, management, activities, policies, service providers, Board of Directors, officers, Stockholders or other matters relating to an investment in the Fund or is otherwise ministerial in nature. These procedures shall not apply to (i) any communication from an officer or Director of the Fund, (ii) any communication from an employee or agent of the Fund, unless such communication is made solely in such employee's or agent's capacity as a Stockholder of the Fund, or (iii) any Stockholder proposal submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, or any communication made in connection with such a proposal.

Expenses of Proxy Solicitation

The costs of preparing, printing, assembling and mailing material in connection with this solicitation of proxies will be borne by the Fund, even if the proposals are not successful, as will all of the other costs in connection with the Special Meeting. **Proxies may also be solicited personally by Directors and officers of the Fund and by regular employees of AAMAL, its respective affiliates or other representatives of the Fund, and may be accomplished by telephone in addition to the use of mails.** Brokerage houses, banks and other fiduciaries may be requested to forward proxy solicitation material to their principals to obtain authorization for the execution of proxies, and they will be reimbursed by the Fund for out-of-pocket expenses so incurred.

Proxies will be solicited by mail and may be solicited in person or by telephone by officers of the Fund or personnel of Aberdeen Asset Management Inc. The Fund has retained AST Fund Solutions, LLC (AST) to assist in the proxy solicitation. The anticipated solicitation cost for the Fund is \$40,000 to \$100,000. The expenses connected with the solicitation of these proxies and with any further proxies which may be solicited by the Fund's officers or agents in person or by telephone will be borne by the Fund.

AST may call Stockholders to ask if they would be willing to have their votes recorded by telephone. The telephone voting procedure is designed to authenticate Stockholders' identities, to allow Stockholders

to authorize the voting of their shares in accordance with their instructions and to confirm that their instructions have been recorded properly. A Stockholder voting by telephone would be asked for his or her social security number or other identifying information and would be given an opportunity to authorize proxies to vote his or her shares in accordance with his or her instructions. To ensure that the Stockholder's instructions have been recorded correctly, he or she will receive a confirmation of such instructions in the mail. The confirmation is a replica of the proxy card, but with marks indicating how the Stockholder voted, along with a special toll-free number which will be available in the event the Stockholder wishes to change or revoke the vote. Although a Stockholder's vote may be taken by telephone, each Stockholder will receive a copy of this proxy statement and may vote by mailing the enclosed proxy card. If you have any questions or need assistance in voting, please contact AST at its toll-free number 866-406-2283 (or 201-806-2222 for calls outside of the United States).

Please vote promptly by signing and dating the enclosed proxy card and returning it in the accompanying postage-paid return envelope or by following the instructions on the enclosed proxy card for voting by telephone or over the Internet.
