Item 7.01. Regulation FD Disclosure.

We are providing a status update regarding our efforts to obtain full reimbursement of the Affordable Care Act (ACA) annual fee. The Company currently expects to recognize revenue in connection with the reimbursement of the ACA annual fee, including a gross-up payment for the associated tax effects, for the second quarter of 2014 in a manner consistent with the Company's first quarter of 2014. The table attached hereto and furnished as Exhibit 99.1 summarizes the current status of our efforts to obtain contractual commitments to full reimbursement from the state Medicaid agencies in which we operate our health plans. While we continue to expect that we will ultimately be reimbursed for the ACA annual fee and the associated tax effects, the current lack of contractual commitments from the majority of states in which we operate our health plans could have a material adverse effect on our second quarter operating results.

The information in this Form 8-K current report and the exhibits attached hereto shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934 or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except as expressly set forth by specific reference in such a filing.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995: This report contains forward-looking statements regarding the status of the Company's efforts to obtain full reimbursement of the ACA annual fee, including a gross-up payment for the associated tax effects. All of the Company's forward-looking statements are based on our current expectations and assumptions that are subject to numerous known and unknown risks, uncertainties, and other factors that could cause actual results to differ materially. Given these risks and uncertainties, we can give no assurances that our forward-looking statements will prove to be accurate, or that any results or events projected or contemplated by our forward-looking statements will in fact occur, and we caution investors not to place undue reliance on these statements. A discussion of the risk factors facing our Company can be found under Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2013, and in our other reports and filings with the Securities and Exchange Commission and available on its website at www.sec.gov. The Company disclaims any intent or obligation to update any forward-looking statement to conform the statement to actual results or changes in the Company's expectations.
