Proxy Statement
for
2014 Annual Meeting of Shareholders
to be held on October 24, 2014

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

**Why am I receiving this
proxy statement?**

We are making this proxy statement available to you over the Internet or delivering paper copies of this proxy statement to you by mail in connection with the solicitation of proxies by the Board of Directors (the Board) of Harris Corporation (which we refer to as Harris, Company, we, our or us) and the solicitation of voting instructions by the Harris Corporation Retirement Plan Trustee, in each case for use at the 2014 Annual Meeting of Shareholders to be held on October 24, 2014, and at any adjournments or postponements thereof.

On September 11, 2014, we will commence mailing the Notice of Internet Availability of Proxy Materials to most of our shareholders, and we will also commence mailing to some of our shareholders, and make available electronically over the Internet to all of our shareholders: (1) the Notice of 2014 Annual Meeting of Shareholders and this proxy statement, and (2) a copy of our 2014 Annual Report to Shareholders, which includes our Annual Report on Form 10-K for the fiscal year ended June 27, 2014 and our audited financial statements. If you receive a paper copy of our proxy materials by mail, a proxy/voting instruction card will be included.

What is a proxy?

A proxy is your legal designation of another person to vote the shares you own. That other person is called a proxy. If you designate someone as your proxy, the document in which you make that designation is also called a proxy.

What is a proxy statement?

This document is a proxy statement. It is a document that we are required by law to provide to you when we ask you to name a proxy to vote your shares. We encourage you to read this proxy statement carefully.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a paper copy of the proxy materials?

The rules of the Securities and Exchange Commission (the SEC) permit us to furnish proxy materials over the Internet. As a result, we are mailing to most of our shareholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy materials. All shareholders receiving the Notice of Internet Availability of Proxy Materials will have the ability to access our proxy materials over the Internet and, if desired, to request to receive a paper copy of our proxy materials by mail. Instructions on how to access our proxy materials over the

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

Internet or to request a paper copy may be found in the Notice of Internet Availability of Proxy Materials. In addition, the Notice of Internet Availability of Proxy Materials contains instructions on how you may elect to receive future proxy materials electronically on an ongoing basis.

**Why didn't I receive a notice in
the mail about the Internet availability of
the proxy materials?**

We are providing some of our shareholders, including shareholders who have previously requested to receive paper copies of our proxy

Table of Contents

materials, with paper copies of our proxy materials instead of a Notice of Internet Availability of Proxy Materials.

In addition, we are providing notice of the availability of our proxy materials by e-mail to those shareholders who have previously elected to receive proxy materials electronically. Those shareholders should have received an e-mail containing instructions and links to the website where our proxy materials are available and to the proxy voting website.

How can I access the proxy

materials over the Internet?

Your Notice of Internet Availability of Proxy Materials or proxy/voting instruction card contains instructions on how to (1) view our proxy materials for the 2014 Annual Meeting of Shareholders over the Internet and (2) elect to receive future proxy materials electronically by e-mail. Our proxy materials are also available on our website at *harris.com/proxy*.

Electing to receive future proxy materials electronically will help us conserve natural resources and reduce the cost of delivering our proxy materials. If you elect to receive future proxy materials electronically, you will receive an e-mail containing instructions and links to the website where our proxy materials are available and to the proxy voting website. Your election to receive proxy materials electronically by e-mail will remain in effect until you terminate it.

How may I obtain a paper copy of

the proxy materials?

If you receive a Notice of Internet Availability of Proxy Materials, you will find instructions about how to obtain a paper copy of our proxy materials on the Notice of Internet Availability of Proxy Materials. If you receive notice of the availability of our proxy materials by e-mail, you will find instructions about how to obtain a paper copy of our proxy materials included in that e-mail. Shareholders who do not receive a Notice of Internet Availability of Proxy Materials or an e-mail regarding the availability of our proxy materials will receive a paper copy of our proxy materials by mail.

What is the purpose of the meeting?

The purpose of the 2014 Annual Meeting of Shareholders is to obtain shareholder action on the

matters outlined in the notice of meeting included with this proxy statement. These matters include: (1) election of the 12 nominees for director named in this proxy statement for a one-year term expiring at the 2015 Annual Meeting of Shareholders; (2) an advisory vote to approve the compensation of our named executive officers as disclosed in this proxy statement; and (3) ratification of the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2015. This proxy statement provides detailed information about each of these matters. In addition, at the 2014 Annual Meeting, our management will report on our operations and future plans and respond to questions from shareholders.

What is a record date and

who is entitled to vote at the meeting?

A record date is the date, as of the close of business on which, shareholders of record are entitled to notice of and to vote at a meeting of shareholders. The record date for the 2014 Annual Meeting is August 29, 2014. The record date was established by our Board as required under the laws of Delaware, our state of incorporation. Thus, owners of record of shares of Harris common stock as of the close of business on August 29, 2014 are entitled to receive notice of and to vote at the 2014 Annual Meeting and at any adjournments or postponements thereof.

How many shares can be voted and

what is a quorum?

You are entitled to one vote for each share of Harris common stock that you owned as of the close of business on August 29, 2014, and you may vote all of those shares. Only our common stock has voting rights. On the record date, there were 104,487,001 shares of our common stock

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

outstanding and entitled to vote at the 2014 Annual Meeting and approximately 4,972 holders of record.

A quorum is the minimum number of shares that must be represented in person or by proxy for us to conduct the 2014 Annual Meeting. The attendance in person or by proxy of holders of a majority of the shares of common stock entitled to vote at the 2014 Annual Meeting, or 52,243,501 shares of our common stock based on the record date of August 29, 2014, will constitute a quorum to hold the 2014 Annual Meeting. If you grant your proxy over the Internet, by telephone or by your proxy/voting instruction card, your shares will be considered

Table of Contents

present at the 2014 Annual Meeting and counted toward the quorum.

What different methods can I

use to vote my shares?

You have a choice of voting your shares:

- Over the Internet;
- By telephone;
- By mail; or
- In person at the Annual Meeting.

Even if you plan to attend the Annual Meeting, we encourage you to vote your shares over the Internet, by telephone or by mail. Please carefully read the instructions below on how to vote your shares. Because the instructions vary depending on how you own your shares and the method you use to vote your shares, it is important that you follow the instructions that apply to your particular situation.

If you vote your shares over the Internet or by telephone, you should not return a proxy/voting instruction card.

What is the difference between a

record holder and a beneficial owner holding shares in street name ?

You are a record holder if your shares are registered in your name, in which case you either hold a stock certificate or have an account directly with our transfer agent, Computershare Shareowner Services. Your shares are held in street name if your shares are registered or held in the name of your broker, bank or other nominee, in which case you are considered the beneficial owner of such shares.

How do I vote my shares if I am a

record holder (my shares are registered in my name)?

Voting over the Internet

Voting over the Internet is easy, fast and available 24 hours a day. If you receive a Notice of Internet Availability of Proxy Materials by mail, you may vote over the Internet by following the instructions on the Notice of Internet Availability of Proxy Materials. If you receive notice of the availability of our proxy materials by e-mail, you may submit your proxy/voting instruction over the Internet by following the instructions included in that e-mail. If you receive a paper copy of a proxy/voting instruction card by mail, you may submit your proxy/voting instruction over the Internet by following the

instructions on the proxy/voting instruction card. You will be able to confirm that the Internet voting system has properly recorded your vote, which will be counted immediately, and there is no need to return a proxy/voting instruction card.

Voting by telephone

Voting by telephone is also easy, fast and available 24 hours a day. If you live in the United States or Canada, you may vote by telephone by calling toll-free 1-800-690-6903. If you receive a Notice of Internet Availability of Proxy Materials by mail, you must have the control number that appears on the notice available when voting. If you receive notice of the availability of our proxy materials by e-mail, you must have the control number included in that e-mail when voting. If you receive a paper copy of a proxy/voting instruction card by mail, you must have the control number that appears on the proxy/voting instruction card available when voting. You will be able to confirm that the telephone voting system has properly recorded your vote, which will be counted immediately, and there is no need to return a proxy/voting instruction card.

Voting by mail

You can save us expense by voting over the Internet or by telephone. Alternatively, if you received a paper copy of a proxy/voting instruction card, you can vote by mail by completing, signing, dating and promptly mailing your proxy/voting instruction card in the accompanying postage-paid return envelope.

Voting in person at the meeting

If you plan to attend the Annual Meeting, you can vote in person. To vote in person at the Annual Meeting, you will need to bring with you to present at the Annual Meeting evidence of your share ownership and a valid, government-issued photo identification, such as a driver's license or passport.

How do I vote my shares

if I am a beneficial owner holding

my shares in street name ?

Voting over the Internet, by telephone or by mail

If your shares are registered or held in the name of your broker, bank or other nominee (street name), you have the right to direct your broker, bank or other nominee on how to vote your shares by

Table of Contents

using the method specified by your broker, bank or other nominee. In addition to voting by mail, a large number of brokerage firms and banks are participating in Internet or telephone voting programs. These programs provide eligible street name shareholders the opportunity to vote over the Internet or by telephone. Voting forms will provide instructions for shareholders whose brokerage firms or banks are participating in these programs.

Voting in person at the meeting

If your shares are registered or held in the name of your broker, bank or other nominee and you plan to attend the Annual Meeting to vote in person, you should contact your broker, bank or other nominee to obtain a broker's proxy and bring it with you to the Annual Meeting, together with a valid, government-issued photo identification, such as a driver's license or passport, and your account statement or other evidence of your share ownership.

Can I revoke my proxy or change my vote?

If your shares are registered in your name (record holder), you may revoke your proxy or change your vote at any time before your shares are voted at the Annual Meeting. There are several ways you can do this:

By sending a written notice of revocation to our Secretary at Harris Corporation, 1025 West NASA Boulevard, Melbourne, Florida 32919;

By duly signing and delivering a proxy/voting instruction card that bears a later date;

By subsequently voting over the Internet or by telephone as described above; or

By attending the Annual Meeting and voting in person by ballot.

If your shares are held in street name, you may revoke your proxy or change your vote by submitting new voting instructions to your broker, bank or other nominee.

What are my voting choices and what is the required vote on the matters proposed?

By giving us your proxy, you authorize our management to vote your shares at the 2014 Annual

Meeting or at any adjournments or postponements thereof in the manner you indicate in your voting instructions.

Proposal 1: Election of Directors

With respect to the proposal to elect the 12 nominees for director named in this proxy statement for a one-year term expiring at the 2015 Annual Meeting of Shareholders, you may:

Vote For the election of one or more of the nominees for director named in this proxy statement;

Vote Against the election of one or more of the nominees for director named in this proxy statement; or

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

Abstain from voting as to the election of one or more of the nominees for director named in this proxy statement. Pursuant to our By-Laws and Corporate Governance Guidelines, the voting standard for the election of our directors is a majority voting standard in uncontested elections and a plurality voting standard in contested elections. We have nominated 12 directors for election at the 2014 Annual Meeting, and because we did not receive advance notice under our By-Laws of any shareholder nominees for director, the 2014 election of directors is an uncontested election. To be elected in an uncontested election under a majority voting standard, a director nominee must receive more For votes than Against votes. Abstentions and any broker non-votes will have no effect on the election of directors because only votes cast For or Against a nominee will be counted. If an incumbent director nominee does not receive a greater number of For votes than Against votes, he or she must promptly offer to tender his or her resignation following certification of the vote. Our Corporate Governance Committee shall make a recommendation to our Board regarding action to be taken with respect to such offer to resign. If our Board does not accept the resignation, the nominee will continue to serve as a director until the next Annual Meeting and until his or her successor shall be duly elected and qualified, or until his or her prior death, resignation, retirement or removal from office. For additional information regarding the majority voting standard, see Majority Voting for Directors beginning on page 27.

Table of Contents

Proposal 2: An Advisory Vote to Approve the Compensation of our Named Executive Officers

With respect to the advisory vote to approve the compensation of our named executive officers as disclosed in this proxy statement, you may:

Vote For approval of the compensation of our named executive officers;

Vote Against approval of the compensation of our named executive officers; or

Abstain from voting on this proposal.

The affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote on this proposal will be required to approve, on an advisory basis, the compensation of our named executive officers. Abstaining from voting on this proposal will have the effect of a vote against approval of the compensation of our named executive officers. Any broker non-votes will have no effect on the approval of the compensation of our named executive officers.

The vote on this proposal is advisory, and the result of the vote on this proposal is not binding on Harris, our Management Development and Compensation Committee or our Board. However, our Management Development and Compensation Committee and our Board will consider the voting results when making future decisions regarding compensation for our named executive officers.

Proposal 3: Ratification of the Appointment of Independent Registered Public Accounting Firm

With respect to the proposal to ratify the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2015, you may:

Vote For ratification;

Vote Against ratification; or

Abstain from voting on this proposal.

The affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote on this proposal will be required to ratify our Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2015. Abstaining from

voting on this proposal will have the effect of a vote against ratification of the appointment of our independent registered public accounting firm. Because brokers, banks or other nominees are permitted under New York Stock Exchange (NYSE) rules to vote on this proposal even if such broker, bank or other nominee does not receive voting instructions, we do not expect broker non-votes on this proposal.

How do I vote my shares held in

the Harris Retirement Plan?

If you are a participant in the Harris Corporation Retirement Plan (Retirement Plan) and you own shares of Harris common stock through the Retirement Plan, your voting instruction covers the shares of Harris common stock you own through the Retirement Plan. You may provide voting instructions for those shares to the trustee of the Retirement Plan over the Internet, by telephone or by mail as described above. If you do not provide voting instructions for those shares, then as directed by the terms of the Retirement Plan, those shares will be voted by the trustee in the same proportion as the shares for which other participants have timely provided voting instructions.

**How do I vote my shares held in
the Harris Dividend Reinvestment Plan?**

If you are a participant in the Harris Dividend Reinvestment Plan (DRIP) administered by Computershare Trust Company, N.A., your voting instruction covers the shares of Harris common stock held in your DRIP account. Computershare Trust Company, N.A., as the DRIP administrator, is the shareholder of record of Harris common stock owned through the DRIP and will not vote those shares unless you provide it with voting instructions, which you may do over the Internet, by telephone or by mail as described above.

What are the Harris Board s voting recommendations and what happens if I return an unmarked proxy/voting instruction card?

If you properly execute and return a proxy/voting instruction card with no votes marked, your shares will be voted as recommended by our Board. Our Board s recommendations are set forth together with the description of each proposal in this proxy

Table of Contents

statement. In summary, our Board unanimously recommends a vote:

FOR the election of all 12 of the nominees for director named in this proxy statement for a one-year term expiring at the 2015 Annual Meeting of Shareholders (*see Proposal 1*);

FOR approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement (*see Proposal 2*); and

FOR the ratification of the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2015 (*see Proposal 3*).

Could other matters be decided

at the meeting?

At the date of this proxy statement, our Board did not know of any matters to be raised at the Annual Meeting other than those referred to in this proxy statement and did not intend to bring before the Annual Meeting any matter other than the proposals described in this proxy statement. With respect to other matters that may properly be brought before the Annual Meeting or any adjournments or postponements thereof, your shares will be voted at the discretion of the proxy holders.

How will my shares be voted if I do not

provide instructions to my broker?

It is possible for a proxy to indicate that some of the shares represented are not being voted with respect to certain proposals. This occurs, for example, when a broker, bank or other nominee does not have discretion under NYSE rules to vote on a matter without instructions from the beneficial owner of the shares and has not received such instructions. In these cases, non-voted shares will not be considered present and entitled to vote with respect to that matter, although they may be considered present and entitled to vote for other purposes and will be counted in determining the presence of a quorum. Under NYSE rules, brokers, banks or other nominees have discretionary voting power to vote without receiving voting instructions from the beneficial owner on routine matters, but not on non-routine matters. Under NYSE rules as currently in effect, routine matters include, among other things, the ratification of the appointment of an independent registered public accounting firm. The proposal to

ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm is the only proposal set forth in this proxy statement that is considered routine under NYSE rules. This means that if you hold your shares through a broker, bank or other nominee, and you do not provide voting instructions by the 10th day before the Annual Meeting, your broker, bank or other nominee has the discretion to vote your shares on the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2015. Under NYSE rules, the proposal to elect the 12 nominees for director named in this proxy statement and the proposal to approve, on an advisory basis, the compensation of our named executive officers are not routine and your broker, bank or other nominee will not have the discretion to vote your shares on such proposals.

What does it mean if I receive more

than one Notice of Internet Availability of

Proxy Materials or more than one

proxy/voting instruction card?

If you receive more than one Notice of Internet Availability of Proxy Materials or more than one proxy/voting instruction card, you own shares of Harris common stock in multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you

contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare Shareowner Services, which may be reached by telephone at 1-888-261-6777 or over the Internet at www.computershare.com/investor.

Who pays for the solicitation of proxies?

We actively solicit proxy participation by Internet, by telephone, by mail or in person. We will bear the cost of soliciting proxies, including the cost of preparation, assembly, printing and mailing. In addition to this proxy statement, we request and encourage brokers, custodians, nominees and others to make available or supply proxy materials to our shareholders, and, upon request, we will reimburse them for their expenses. Our officers, directors and employees may, by letter, telephone or e-mail, or in person, make additional requests for the return of proxies, although we do not reimburse our own officers, directors or employees for soliciting proxies. We also have engaged Georgeson Inc. to assist in the

Table of Contents

solicitation of proxies for a fee of \$10,000 plus reimbursement of out-of-pocket expenses. We also will reimburse brokers and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to our shareholders in accordance with the fee schedule approved by the NYSE.

**Will there be a webcast of the
Annual Meeting of Shareholders?**

Our 2014 Annual Meeting of Shareholders will be webcast live on October 24, 2014. You may visit the Investor Relations section of our website at harris.com/investors to access the webcast of the Annual Meeting. The webcast will enable you to listen only. You will not be able to ask questions or vote your shares via the webcast. A replay of the webcast also will be available on our website through November 24, 2014. The information contained on our website is not incorporated by reference into this proxy statement.

Who will tabulate and oversee the vote?

Representatives of Broadridge Investor Communication Solutions, Inc. will tabulate and oversee the vote.

**Do I need an admission ticket to
attend the Annual Meeting?**

All shareholders are welcome to attend the Annual Meeting. No ticket is required for admission to the Annual Meeting. Because seating is limited, admission to the meeting will be on a first-come, first-served basis. If you attend, please note that you may be asked to present evidence of your share ownership and a valid, government-issued photo identification, such as a driver's license or passport. For the safety of attendees, all packages, boxes, handbags, briefcases and other items are subject to inspection.

**Where can I find the voting results
of the Annual Meeting?**

We intend to announce the preliminary voting results at the Annual Meeting and to disclose final results in a current report on Form 8-K, which we will file with the SEC and make available through the Investor Relations section of our website at harris.com/investors within four business days of the Annual Meeting (or if final results are not available at that time, within four business days of the date on which final results become available).

PROPOSAL 1: ELECTION OF DIRECTORS

Our Restated Certificate of Incorporation provides that our Board shall consist of not less than eight or more than 13 directors, the exact number of directors to be determined from time to time by our Board. The authorized number of directors is presently fixed at 13. Twelve of our 13 directors are standing for election for a new one-year term expiring at the 2015 Annual Meeting of Shareholders. Mr. Stephen P. Director Independence

Our Corporate Governance Guidelines require us to have a board of directors with at least two-thirds of independent directors. Our Board is, and has been for many years, comprised of at least two-thirds of independent directors. Our Board has adopted Director Independence Standards to assist in the evaluation of the independence of each of our directors. Our Board assesses the independence of our directors and examines the nature and extent of any relationships between us and our directors, their families and their affiliates. A copy of our Director Independence Standards is available on the Corporate Governance section of our website at harris.com/corporate_governance/.

For a director to be considered independent, our Board must affirmatively determine that a director does not have any direct or indirect material relationship with us, other than as a director. A director will not be considered independent if, within the preceding three years:

The director was an employee, or an immediate family member of the director was employed as an executive officer, of Harris; or

The director, or an immediate family member of the director, received more than \$120,000 during any 12-month period in direct compensation from Harris, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service with Harris); except that compensation received by an immediate family member of the director for services as a non-executive employee of Harris need not be considered in determining independence under this test; or

The director was a partner with or employed by a present or former internal or external auditor of Harris, or an immediate family member of the director is a current partner of such a firm, or the director has an immediate family member who is a current employee of such a firm and personally worked on the Harris audit within the last three years; or

Table of Contents

The director, or an immediate family member of the director, was employed as an executive officer of another company where any of Harris' present executives at the same time served on that company's compensation committee; or

The director currently is an executive officer of or employed by another company, or an immediate family member of the director currently is employed as an executive officer of such other company, that has made payments to, or received payments from, Harris for property or services (not including charitable contributions) in an amount which, in any single fiscal year, exceeds the greater of (a) \$1 million or (b) 2% of such other company's consolidated gross revenues.

Our Board has determined that the following relationships will not be considered to be material relationships that would impair a director's independence:

If a director of Harris is an executive officer or an employee, or an immediate family member of a director of Harris is an executive officer, of another company that makes payments to, or receives payments from, Harris for property or services in an amount which, in any single fiscal year, does not exceed the greater of (a) \$1 million or (b) 2% of the consolidated gross annual revenues of such other company, as applicable; or

If a director of Harris or an immediate family member of a director of Harris is an executive officer of another company that is indebted to Harris, or to which Harris is indebted, and the total amount of the borrower company's indebtedness to the other company is less than 2% of the consolidated assets of the company wherein the director or immediate family member serves as an executive officer; or

If a director of Harris is an executive officer of another company in which Harris owns an equity interest, and the amount of the equity interest is less than 5% of the total equity of such other company; or

If a director of Harris, or the spouse of a director of Harris, serves as a director, officer or trustee of a charitable organization, and within the preceding three years, Harris' discretionary contributions to the organization in any single fiscal year are less than the greater of (a) \$1 million or (b) 2% of that organization's consolidated gross annual revenues; or

If a director or a director's immediate family members own Harris shares.

Pursuant to our Corporate Governance Guidelines, the Board undertook a review of director independence in August 2014, which included a review of the responses of the directors to questions regarding each director's commercial, industrial, banking, consulting, legal, accounting, charitable and family relationships, and discussions with the directors. Based upon the NYSE listing standards and our Director Independence Standards, our Board has affirmatively determined in its business judgment that all of our directors (including each nominee for election), with the exception of Mr. Brown, our Chairman of the Board, President and Chief Executive Officer, are independent and have no direct or indirect material relationship with Harris, other than as a director, that will impair the director's independence.

Related Person Transaction Policy

Our Board has adopted a written policy and procedures for the review, approval and ratification of transactions among Harris and our directors, executive officers and their related interests. This policy supplements the conflicts of interest policies set forth in our Code of Conduct and our other internal policies and procedures. Under the policy, all related person transactions (as defined in the policy) are to be reviewed by our Corporate Governance Committee. Our Corporate Governance Committee may approve or ratify related person transactions if, in its business judgment, it determines that the transaction is in, or is not inconsistent with, the best interests of Harris and our shareholders. This may include situations where we provide or receive products or services to or from related persons on an arm's-length basis on terms comparable to those provided to or received from unrelated third parties. Any director who participates in or is the subject of an existing or potential related person transaction may not participate in the approval or ratification decision-making process of our Corporate Governance Committee.

Table of Contents

Under the policy, and consistent with SEC rules, a related person transaction is any transaction, arrangement or relationship in which Harris was, is or will be a participant, where the amount involved exceeds \$120,000 and in which a related person had, has or will have a direct or indirect material interest. A related person includes any of our directors, nominees for director or executive officers, any person who is known to be the beneficial owner of more than 5% of any class of our common stock, an immediate family member of any person described above and any firm, corporation or other entity controlled by any person described above. The policy requires that each director and executive officer annually complete a questionnaire to identify their related interests and persons, and to notify us of changes in that information. Before entering into a proposed related person transaction, the related person or involved business area of Harris is requested to notify our Secretary of the facts and circumstances of the potential transaction. If the Secretary determines that the proposed transaction is a related person transaction, it shall be submitted to our Corporate Governance Committee for review and consideration. A related person transaction entered into without our Corporate Governance Committee's prior approval will not violate this policy or be unenforceable, so long as the transaction is brought to our Corporate Governance Committee promptly after it is entered into or after it becomes apparent that the transaction is covered by this policy and is ratified by our Corporate Governance Committee.

Rowe Price Associates, Inc. or Allianz Global Investors U.S. Holdings LLC. In addition, we believe that the agreements represent standard terms and conditions for asset management services. In accordance with our related persons transaction policy, our Corporate Governance Committee reviewed, ratified and approved such services.

Board Leadership Structure and

Lead Independent Director

Board Leadership Structure. Our Board's leadership is currently structured as follows: a combined position of Chairman of the Board (Chairman) and CEO; a Lead Independent Director with well-defined duties that support our Board's oversight responsibilities; a robust standing committee structure comprised solely of independent directors; and engaged and independent Board members who conduct candid and constructive discussions and deliberations. Our Board elects a Chairman from among the directors. Our Board combines or separates the positions of Chairman and CEO based on what its members believe best serves the needs of Harris and our shareholders at any particular time based on the then-existing facts and circumstances. Although our Board has generally combined the positions of Chairman and CEO and designated a Lead Independent Director, our Board determined to separate the positions of Chairman and CEO in connection with the CEO transition to Mr. Brown in November 2011 and appointed Mr. Dattilo as non-executive Chairman, effective January 1, 2012, to provide the Board with independent leadership during the CEO transition and enable Mr. Brown as incoming CEO to concentrate on our business operations. In April 2014, our Board determined to adopt its current structure by re-combining the positions of Chairman and CEO and electing Mr. Brown as Chairman and CEO, and designating Mr. Dattilo as Lead Independent

Table of Contents

Director. Our Board believes that adopting its current leadership structure provides independent board leadership and oversight while also benefiting from having Mr. Brown also serve as Chairman following his transition as incoming CEO, during which he demonstrated the strong leadership and vision necessary to drive Harris' strategies and achieve Harris' objectives. Our independent directors believe Mr. Brown's in-depth knowledge of our businesses and their challenges and opportunities, as well as his extensive understanding of our day-to-day operations and his ability to provide insight and direction on important strategic initiatives, make him well positioned to chair regular Board meetings and to bring key business and stakeholder issues to our Board's attention. The independence of our Board, together with the Lead Independent Director structure, the ability of independent directors to participate in the agenda-setting process for our Board and committee meetings, regularly scheduled executive sessions of independent directors and our directors' access to management, provide appropriate opportunities for oversight, discussion and evaluation of Harris' decisions and direction. The actions by our Board in changing its leadership structure in connection with the CEO transition process, without a mandated separation of the Chairman and CEO positions or a requirement for an independent Chairman, evidence our Board's proactive commitment to strong corporate governance and appropriate independent oversight of management. Our Board believes it is fundamentally wrong, however, to permanently and inflexibly separate or combine the positions of Chairman and CEO and remove our Board's ability to evaluate and change the structure of our Chairman and CEO positions, as and when appropriate, to best serve the needs of Harris and our shareholders based on the then-existing facts and circumstances. Our Board believes that its members possess considerable experience and unique knowledge of the challenges and opportunities Harris faces, and therefore, are in the best position to evaluate the needs of Harris and how best to organize the capabilities of our directors and senior management to meet those needs.

Lead Independent Director. At all times while our Chairman is not independent, our independent directors, by the affirmative vote of a majority of all independent directors, will designate one of our independent Board members to serve as Lead

Independent Director. The responsibilities and authority of our Lead Independent Director include:

Presiding at all meetings of our Board at which our Chairman is not present, including executive sessions of our independent directors;

Serving as liaison between our Chairman and our independent directors;

Approving the information sent to our Board and the meeting agendas for our Board;

Approving meeting schedules for the Board to assure there is sufficient time for discussion of all agenda items;

Calling meetings of our independent directors;

If requested by major shareholders, ensuring that he or she is available for consultation and direct communication consistent with our policies regarding shareholder communications;

Providing timely feedback from executive sessions of our independent directors to our CEO or other members of senior management;

Together with the Chairperson of our Management Development and Compensation Committee (or the Chairperson of the Corporate Governance Committee if the same individual is serving as Lead Independent Director and Chairperson of the Management Development and Compensation Committee), playing a key role in the annual CEO evaluation process;

Together with the Chairperson of our Corporate Governance Committee (or the Chairperson of the Management Development and Compensation Committee if the same individual is serving as Lead Independent Director and Chairperson of the Corporate Governance Committee), playing a key role in our Board's annual self-evaluation process and related matters;

When appropriate, assisting with the recruitment of director candidates;

When appropriate, serving as the spokesperson for the Board, it being understood that the CEO is the primary spokesperson for us and our Board; and

Table of Contents

Such other responsibilities and authority as our Board may determine from time to time. The designation of a Lead Independent Director is not intended to inhibit communications among our directors or between any of them and our Chairman. Our Lead Independent Director will serve a two-year term. Unless our independent directors shall determine otherwise due to particular circumstances, no independent director will serve as Lead Independent Director for more than two consecutive two-year terms. Our Lead Independent Director may be removed from the position by the affirmative vote of a majority of all independent directors.

The position of Lead Independent Director is currently held by Mr. Dattilo, as noted above.

Board Meetings and Attendance

General. In fiscal 2014, our Board held 6 meetings, and the committees of our Board held a total of 28 meetings. Each director attended at least 80% of the meetings of our Board and committees on which he or she served. All of the directors taken together attended an average of 98% of such meetings of our Board and committees on which they served. In addition to meetings at our corporate headquarters, our Board periodically holds meetings at other facilities and locations.

Attendance at Annual Meetings of Shareholders. We typically schedule a Board meeting in conjunction with our Annual Meeting of Shareholders. In the absence of unavoidable conflict, all Board members are expected to attend each Annual Meeting of Shareholders. All 13 of our Board members attended our 2013 Annual Meeting of Shareholders.

Executive Sessions of Independent Directors

Our Board and its standing committees meet throughout the year on a set schedule and also hold special meetings and may act by written consent from time to time as appropriate. Executive sessions of independent directors are provided for in the agenda for each regularly scheduled Board meeting. Our Lead Independent Director chairs these executive sessions of independent directors. Executive sessions of independent directors are also provided for in the agenda for each regularly scheduled standing committee meeting (other than quarterly earnings review meetings of our Audit Committee).

Our Board currently has 5 standing committees to assist in the discharge of its responsibilities. These committees are our Audit Committee, our Business Conduct and Corporate Responsibility Committee, our Corporate Governance Committee, our Finance Committee and our Management Development and Compensation Committee. The Board's Role in Risk Oversight

The responsibility for the day-to-day management of risk lies with our management, and our management continually monitors the material risks facing Harris, including strategic risk, financial risk, operational risk, and legal and compliance risk. We have in place an enterprise risk management (ERM) process that, among other things, is designed to identify material risks across Harris with input from each business unit and function. Under our ERM process, which is coordinated through a cross-functional management committee, various material business risks are regularly identified, assessed and prioritized. The top risks to Harris, and any mitigation plans associated with those risks, are reported to our Board. In addition, in order to ensure dissemination of information about identified risks to management and throughout Harris, our management ERM committee regularly provides reports to our senior executives. Our ERM process has been reviewed by our Board and is the subject of oversight and regular review by our Audit Committee. We also manage risk through numerous controls and processes embedded in our operations, and such controls and processes are reviewed from time to time with our Board and/or its relevant committees.

Risk considerations also are raised in the context of a range of matters that are reported by management to our Board or one of its committees for review. For example, elements of risk are discussed by our full Board in presentations concerning Company-wide and business unit annual operating plans, three-year strategic plans, merger and acquisition opportunities, market environment updates, regular operations updates and other strategic discussions. Elements of risk related to financial reporting, internal audit, internal control over financial reporting, auditor independence and related areas of accounting, taxation, law and regulation are regularly reviewed by our Audit Committee. Elements of risk related to various aspects of U.S. and international regulatory compliance, business conduct, social responsibility,

environmental matters and export/import controls are regularly reviewed by our Business Conduct and Corporate Responsibility Committee. Elements of risk related to governance issues are regularly reviewed by our Corporate Governance Committee. Elements of risk related to liquidity, financial arrangements, capital structure and our ability to access the capital markets are regularly reviewed by

our Finance Committee. Our Finance Committee also reviews risks related to our retirement plans and their related investments. Elements of risk related to compensation policies and practices and talent management and succession planning are regularly reviewed by our Management Development and Compensation Committee. Each committee also regularly provides reports to our full Board.

Director Retirement

We do not impose term limits for directors. It is our policy that a director who would be age 72 or older at the time of election shall not stand for re-election. A director also is expected to offer to tender automatically his or her resignation in the event of retirement or other significant change in employment position or employer, and our Board then will determine whether such director's continued Board membership under the new circumstances is in the best interests of Harris and our shareholders, free from conflicts of interest and otherwise appropriate. Mr. Kaufman, 72, is retiring from our Board effective upon the 2014 Annual Meeting of Shareholders and is not standing for election for a new one-year term, in accordance with our policy.

Communications with Members of our

Board of Directors

General. Shareholders and other interested persons who wish to communicate with a member or members of our Board, including our Chairman, our Lead Independent Director, if one has been designated, the chairperson of any standing committee of our Board or the independent directors as a group, may do so by sending an e-mail message to the intended recipient(s) c/o Secretary at *corporate.secretary@harris.com*. Shareholders and others also may write to the intended recipient(s), c/o Secretary, Harris Corporation, 1025 West NASA Boulevard, Melbourne, Florida 32919. Our Secretary will review each such communication, and if it is related to the duties and responsibilities of our Board

and its committees, it will be forwarded to the appropriate recipient(s). Our Board has instructed our Secretary not to forward communications the Secretary deems unduly hostile, threatening, illegal or similarly inappropriate (such as surveys, spam, junk mail, resumes, service or product inquiries or complaints, solicitations or advertisements). Our Secretary will periodically provide our Board a summary of all communications received that were not forwarded to the intended recipient(s) (other than surveys, spam, junk mail, resumes, service or product inquiries or complaints, solicitations or advertisements) and will make those communications available to any director upon request. Our Chairman, our Lead Independent Director, if one has been designated, or other director in receipt of a communication for which he or she was the intended recipient will determine whether it will be sent to our full Board or a committee. If a communication is determined to be a complaint or concern pertaining to accounting, internal control or auditing matters, it will be handled in accordance with the procedures discussed below under Accounting, Internal Control, Auditing and Certain Other Matters.

Accounting, Internal Control, Auditing and Certain Other Matters. Our Audit Committee has established procedures for the receipt, retention and treatment of complaints and concerns regarding accounting, internal accounting controls or auditing matters, financial reporting or disclosure matters, and other matters relating to actual or alleged violations or potential violations of any law, rule or regulation relating to securities or to fraud against shareholders. Any of our employees may communicate concerns about any of these matters to such employee's supervisor, manager or ethics advisor, or to the Vice President, Internal Audit and Compliance or the Director of Business Conduct or certain other individuals, or on a confidential and anonymous basis by way of e-mail or our toll-free hotline numbers listed on our website and in our Code of Conduct. Other persons with such complaints or concerns may contact our Vice President, Internal Audit and Compliance or Director of Business Conduct at 1025 West NASA Boulevard, Melbourne, Florida 32919. Upon receipt of a complaint or concern, a determination will be made whether it pertains to accounting, internal control, auditing, financial reporting or disclosure matters, and if it does, it will be handled in accordance with the procedures established by our Audit Committee. A copy of these

procedures is available on the Corporate Governance section of our website at harris.com/corporate_governance/.

All Harris directors and employees, including our CEO, Chief Financial Officer, Principal Accounting Officer and other senior officers, are required to abide by the Harris Code of Conduct, originally adopted as the Harris Standards of Business Conduct in 1987, to help ensure that our business is conducted in a consistently ethical and legal manner. **Director Nomination Process and Criteria,
and Board Diversity**

Our Board is responsible for approving nominees to stand for election as directors. Our Corporate Governance Committee assists our Board in this process and identifies individuals it believes to be qualified to become Board members and recommends nominees.

It is a long-standing policy of our Board to consider director nominees recommended by shareholders. A shareholder who wishes to recommend a nominee for our Corporate Governance Committee's consideration must include at least the following information about the proposed nominee: name, age, business or residence address, principal occupation or employment, and the written consent of the nominee to be named in the proxy statement as a nominee and to serve as a director if elected. The required information should be sent to our Secretary at 1025 West NASA Boulevard, Melbourne, Florida 32919. Our Secretary will forward properly submitted shareholder-recommended nominations to the Chairperson of our Corporate Governance Committee for consideration at a future Corporate Governance Committee meeting. Individuals recommended by shareholders in accordance with these procedures will be evaluated and considered by our Corporate Governance Committee in the same manner as it evaluates other proposed nominees.

In addition to recommending nominees for consideration to our Corporate Governance Committee, shareholders also may directly propose nominees for consideration at an annual meeting of our shareholders. The requirements and procedures to be followed by shareholders for directly nominating directors are discussed beginning on page 84 under Shareholder Proposals for the 2015 Annual Meeting of Shareholders.

Our Corporate Governance Committee also has a process for considering, reviewing and evaluating incumbent directors as potential nominees for re-election. Pursuant to this process, prior to the annual meeting, each current director discusses participation on our Board and its committees and other relevant matters with our Chairman or Lead Independent Director, if one has been designated. Each current director is also requested to discuss any concerns or issues regarding continued membership on our Board with the Chairperson of our Corporate Governance Committee. In addition, our Corporate Governance Committee reviews each current director's

experience, qualifications, attributes, skills, tenure, contributions, other directorships, meeting attendance record, any changes in employment status and other information it deems helpful in considering and evaluating the director for nomination.

Our Corporate Governance Guidelines contain Board membership criteria that apply to all nominees for a position on our Board. Our Board, based on the recommendation of our Corporate Governance Committee (which will be based on the criteria set forth below, regardless of whether the nominee is recommended by shareholders or is identified by our Corporate Governance Committee or otherwise), will select nominees considering the following criteria:

Demonstrated ability and sound judgment that usually will be based on broad experience;

Personal qualities and characteristics, accomplishments and reputation in the business community, professional integrity, educational background, business experience and related experience;

Willingness to objectively appraise management performance;

Current knowledge and contacts in the businesses in which we participate and in our industry or other industries relevant to our businesses, giving due consideration to potential conflicts of interest;

Ability and willingness to commit adequate time to Board and committee matters, including attendance at Board, committee and annual shareholder meetings;

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

The number of other boards on which the individual serves;

Compatibility of the individual's experience, qualifications, attributes, skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of Harris and the interests of our shareholders; and

Diversity of viewpoints, background, experience, gender, race, ethnicity and similar demographics.

Our Board values diversity as a factor in selecting nominees to serve on our Board. Although we have adopted no specific policy on diversity, our Corporate Governance Committee considers the Board membership criteria in selecting nominees for

Table of Contents

directors, including diversity of viewpoints, background, experience, gender, race, ethnicity and similar demographics. Such considerations may also include personal characteristics, functional background, executive or professional experience, and international experience. As a general matter, our Board considers diversity in the context of our Board as a whole and takes into account the personal characteristics and experience of current and prospective directors to facilitate Board deliberations and decisions that reflect a broad range of perspectives.

Our Corporate Governance Committee has as a general matter retained a third-party search firm to assist in identifying and evaluating potential nominees, and all of our current independent directors have been identified and/or evaluated using this process.

Majority Voting for Directors

Pursuant to our By-Laws and Corporate Governance Guidelines, the voting standard applicable for the election of our directors in uncontested elections is a majority voting standard. An uncontested election of directors is an election in which the number of properly nominated nominees does not exceed the number of director positions to be filled. In contested director elections, the plurality voting standard will apply, which means the nominees receiving the greatest numbers of votes will be elected to serve as directors.

To be elected in an uncontested election under the majority voting standard, a director nominee must receive more For votes than Against votes. Abstentions and any broker non-votes will have no effect in an uncontested election of directors because only votes cast For or Against a nominee will be counted. If an incumbent director nominee does not receive a greater number of For votes than Against votes, he or she must promptly offer to tender his or her resignation following certification of the vote. Our Corporate Governance Committee shall consider the resignation offer and shall recommend to our Board the action to be taken. Our Board shall take action within 90 days following certification of the vote, unless such action would cause us to fail to comply with NYSE independence or other legal requirements, in which event our Board shall take action as promptly as practicable while continuing to meet such requirements. Our Board also will promptly publicly disclose its decision and the

reasons therefor. If our Board does not accept the resignation, the nominee will continue to serve as a director until the next annual meeting and until his or her successor shall be duly elected and qualified, or until his or her prior death, retirement, resignation or removal from office. If our Board accepts the resignation, then our Board, in its sole discretion, may fill any resulting vacancy or may choose not to fill the vacancy and to decrease the size of our Board.

The election of directors at the 2014 Annual Meeting of Shareholders is an uncontested election and thus the majority voting standard applies.

DIRECTOR COMPENSATION AND BENEFITS

Our Board compensation program is intended to attract and retain directors with demonstrated ability, integrity, judgment and experience to fulfill their responsibility to oversee management and to develop and oversee the implementation of strategies aimed at creating sustainable, long-term value for our shareholders. The program is also intended to recognize the time commitments and potential liability associated with serving on the board of a public company.

The form and amount of director compensation is periodically reviewed and assessed by our Corporate Governance Committee. Our Corporate Governance Committee reviews our compensation comparison group data and broad survey data concerning director compensation practices, levels and trends for companies comparable to us in revenue, businesses and complexity, which data is requested by or on behalf of our Corporate Governance Committee from compensation consultants, including Pearl Meyer & Partners. Changes to director compensation, if any, are recommended by our Corporate Governance Committee to our Board for action. Employee directors are not separately compensated for service as a director.

Retainer and Attendance Fees

Directors who are not employees of Harris currently receive the following fees, as applicable, for their service on our Board:

\$55,000 annual cash retainer, payable on a quarterly basis, for service as a member of our Board;

\$150,000 annual cash retainer, payable on a quarterly basis, for service as non-executive Chairman of the Board;

Table of Contents

\$25,000 annual cash retainer, payable on a quarterly basis, for service as Lead Independent Director;

\$20,000 annual cash retainer, payable on a quarterly basis, for service as Chairperson of our Audit Committee;

\$15,000 annual cash retainer, payable on a quarterly basis, for service as Chairperson of each committee of our Board other than our Audit Committee; and

\$2,000 cash attendance fee for each meeting or telephonic meeting of our Board or of each committee of our Board or for attendance at any other meeting or event for or on our behalf.

Each cash retainer payable for a quarter is pro-rated, based on period of service, if a director does not serve on our Board or as Chairperson of a committee or as non-executive Chairman of the Board or as Lead Independent Director for the entire quarter. Independent directors may not receive, directly or indirectly, any consulting, advisory or other compensatory fees from us.

Equity Awards and Deferred Compensation

We maintain the Harris Corporation 2005 Directors' Deferred Compensation Plan, as amended and restated and as further amended (the Directors' Deferred Compensation Plan), an unfunded, non-qualified deferred compensation plan for the benefit of our non-employee directors. Under the Directors' Deferred Compensation Plan, quarterly on January 1, April 1, July 1 and October 1 of each year, we credit each non-employee director's account with a number of Harris stock equivalent units (each unit is equivalent in value to one share of our common stock) having an aggregate fair market value equal to \$31,250 (for an annual rate of \$125,000), which amount may be changed from time to time by our Board. The number of Harris stock equivalent units credited to a non-employee director's account for a quarter is pro-rated, based on period of service, if the director does not serve on our Board for the entire quarter.

In addition, under the Directors' Deferred Compensation Plan, prior to the commencement of a calendar year, each non-employee director may make an irrevocable election to defer all or a portion of his or her cash director compensation for the subsequent year or years. The Directors' Deferred Compensation Plan replaced the Harris Corporation 1997 Directors'

Deferred Compensation and Annual Stock Unit Award Plan (the 1997 Directors' Plan). Effective December 31, 2004, no further deferrals of director compensation were permitted and no further annual awards of Harris stock equivalent units were made under the 1997 Directors' Plan.

Amounts deferred at the election of a non-employee director under such plans are deemed to be invested, at the non-employee director's discretion, in investment alternatives that mirror those available under our Retirement Plan or in Harris stock equivalent units based on the fair market value of Harris common stock on the date the deferral is credited to the non-employee director's plan account. A non-employee director may not transfer or reallocate deferred amounts invested in other investments into Harris stock equivalent units, but may reallocate (provided director minimum stock ownership guidelines are satisfied) deferred amounts invested in Harris stock equivalent units into any other investment alternatives. Each Harris stock equivalent unit is credited with dividend equivalents equal to the dividends paid on our common stock, which are deemed reinvested in additional Harris stock equivalent units on the dividend payment date. Amounts invested in Harris stock equivalent units shall be appropriately adjusted in the event of any stock dividend or split, recapitalization, merger, spin-off, extraordinary dividends or other similar events.

A non-employee director may elect to receive deferred amounts either in a cash lump sum on a date certain within five years after his or her resignation or retirement, or in annual substantially equal cash installments over a designated number of years beginning on a date certain within five years after his or her resignation or retirement, provided that all amounts are fully paid within 10 years of resignation or retirement.

Within 90 days following a non-employee director's death, a lump sum cash payment equal to the then-remaining balance in his or her account will be made to his or her beneficiary.

Within 90 days following a change in control (as defined in the director deferred compensation plans) and to the extent permitted by Federal tax laws, each non-employee director (or former non-employee director) will receive a lump sum cash payment equal to the then-remaining balance in his or her account. If payment within 90 days following a change in control is not permitted by Federal tax laws, then payment will be made at the time and in the form that

Table of Contents

payment would have been made if a change in control had not occurred.

Amounts credited to non-employee directors' accounts under the director deferred compensation plans may be partially or fully funded by a grantor trust, also known as a rabbi trust. Upon a change in control, we are required to fund such rabbi trust in an amount equal to the amounts credited to the directors' accounts, as well as anticipated trust and trustee fees and expenses. In all cases, the assets in such trust are subject to the claims of our creditors, and directors are treated as our unsecured general creditors.

Reimbursement, Insurance and Charitable Gift Matching

We pay or reimburse each non-employee director for travel and out-of-pocket expenses incurred in connection with attendance at Board and committee meetings and other meetings on our behalf and for the costs and expenses of attending director education programs. Spouses or guests are invited

occasionally to accompany directors to Board-related events, for which we pay or reimburse travel and related expenses. In addition, we provide each non-employee director with accidental death and dismemberment insurance in the amount of up to \$200,000 and business travel insurance of up to an additional \$200,000 in the event that he or she is involved in an accident while traveling on business relating to our affairs. We pay the premiums for such insurance, and the premiums for coverage for all non-employee directors during fiscal 2014 was \$133. We also provide liability insurance coverage for all of our directors and officers.

Non-employee directors may participate in the Harris Foundation charitable gift matching program available to all employees, under which the Harris Foundation matches contributions to eligible post-secondary educational institutions and charitable organizations up to an annual maximum of \$10,000 per director and per employee.

(1) Amounts shown in the Fees Earned or Paid in Cash column reflect total cash compensation earned by each director in fiscal 2014 for Board, committee, committee Chairperson, non-executive Chairman of the Board and Lead Independent Director retainers and meeting attendance fees, and include amounts that may have been deferred at the director's election and credited to such director's account under our Directors' Deferred Compensation Plan as described above.

Table of Contents

(2) Amounts shown under the "Stock Awards" column reflect the aggregate grant date fair value computed in accordance with the Financial Accounting Standards Board's Accounting Standards Codification Topic 718, Compensation - Stock Compensation (ASC 718), with respect to the Harris stock equivalent units awarded to each director in fiscal 2014 and credited to such director's account under our Directors' Deferred Compensation Plan as described above. Under ASC 718, the fair value of these awards is determined as of the grant date using the closing market price of Harris common stock on the grant date. The grant date fair value of each of these awards credited on each of October 1, 2013 (pro-rated in the case of Mr. Joshi to reflect his Board membership effective September 1, 2013), January 1, 2014, April 1, 2014 and July 1, 2014 was \$31,250. These amounts reflect our accounting for these awards and do not necessarily correspond to the actual values that may be realized by the directors.

As of June 27, 2014, our non-employee directors had the following aggregate number of Harris stock equivalent units accumulated in their deferred accounts for all years of service as a director, from deferrals of cash compensation and awards of Harris stock equivalent units, including additional Harris stock equivalent units credited as a result of dividend equivalents earned with respect to such Harris stock equivalent units: Peter W. Chiarelli 4,086 units; Thomas A. Dattilo 39,144 units; Terry D. Growcock 24,292 units; Lewis Hay III 36,895 units; Vyomesh I. Joshi 1,467 units; Karen Katen 80,475 units; Stephen P. Kaufman 19,090 units; Leslie F. Kenne 25,726 units; David B. Rickard 63,477 units; Dr. James C. Stoffel 28,253 units; Gregory T. Swinton 73,358 units; and Hansel E. Tookes II 24,596 units.

(3) The use of stock options as an element of compensation for our non-employee directors was discontinued in December 2004. Options previously awarded to our non-employee directors are nonqualified for tax purposes, were priced using the closing market price of our common stock on the grant date, became fully vested in accordance with their terms on or prior to October 22, 2007 and expire no later than 10 years after the grant date. As of June 27, 2014, David B. Rickard held 4,228 stock options.

(4) There were no above-market or preferential earnings in our director deferred compensation plans.

(5) As noted above, non-employee directors may participate in our charitable gift matching program up to an annual maximum of \$10,000 per director. Although our directors participate on the same basis as our employees, SEC rules require disclosure of the amount of a director's participation in a charitable matching program. The amounts shown for Messrs. Growcock, Hay and Kaufman represent the amount of charitable gift matching payments made during fiscal 2014 with respect to our non-employee directors.

Stock Ownership Guidelines for

Non-Employee Directors

To further align the interests of members of our Board and shareholders, our Board has adopted stock ownership guidelines for our non-employee directors. Our non-employee directors are expected to own, within five years after election or appointment to our Board, Harris stock or stock equivalent units having a minimum value of \$500,000. As of September 1, 2014, all of our non-employee directors met the stock ownership guidelines or were on track to achieve such ownership within the applicable compliance timeframe.

Indemnification

We have entered into indemnification agreements with each of our directors and Board-elected officers, including the executive officers named in the Summary Compensation Table on

page 55. These agreements require us to indemnify these directors and officers with respect to their activities as a director, officer or employee of Harris, or when serving at our request as a director, officer or in any other capacity for another corporation, joint venture, trust or other enterprise, against expenses (including attorneys' fees, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by them in connection with any threatened, pending or completed action, suit or other proceeding, whether civil, criminal, administrative or investigative, to which they were, are or are threatened to be made parties as a result of their service to us.

Under the indemnification agreements, each director or officer will continue to be so indemnified with respect to his or her service to or for us, even after ceasing to occupy a position as an officer, director, employee or agent of Harris.

The focus of this Compensation Discussion and Analysis is to provide background and information that is relevant regarding the decisions of our Management Development and Compensation Committee (our Compensation Committee) and Board about compensation for such named executive officers. Our named executive officers for fiscal 2014 were:

Executive Summary

Overall Objective and Guiding Principles of Our Executive Compensation Program

The overall objective of our executive compensation program is to encourage and reward the creation of sustainable, long-term shareholder value. The following guiding principles provide a framework for our executive compensation program:

Alignment with Shareholders' Interests We believe executives' interests are more directly aligned with our shareholders' interests when compensation programs emphasize an appropriate balance of both short- and long-term financial performance, are impacted by our stock price performance and require meaningful ownership of our stock.

Competitiveness We believe an executive's total compensation should be competitive at the target performance level in order to attract qualified executives, motivate performance and retain, develop and reward executives with the abilities and skills needed to build

long-term shareholder value.

Motivate Achievement of Financial Goals and Strategic Objectives We believe an effective way to create long-term shareholder value is to make a significant portion of an executive's overall compensation dependent on the achievement of our short- and long-term financial goals and strategic objectives and on the value of our stock.

Align Realized Pay with Performance We believe that although an executive's total compensation should be tied to achievement of financial goals and strategic objectives and should be competitive at the target performance level, performance that exceeds target should be appropriately rewarded. We also believe there should be downside risk of below-target compensation if our financial performance is below target and if we do not achieve our financial goals and strategic objectives.

Key Aspects of Our Executive Compensation Program

Our executive compensation and governance practices reflect the overall objective and guiding principles of our executive compensation program, and the following summarizes key aspects of what we do and what we don't do in order to encourage

Table of Contents

and reward the creation of sustainable, long-term shareholder value:

What We Do

Our executive compensation decisions are made by the independent members of our Board or by our Compensation Committee, which is made up exclusively of independent members;

Our Compensation Committee has retained an independent executive compensation consulting firm to provide objective analysis, advice and information and to provide no other services to us;

Our Compensation Committee periodically reviews the composition of our compensation comparison group and makes changes it determines are appropriate;

We address each element of our executive compensation program in the context of competitive practices. We generally target an executive officer's target direct annual compensation (the total of base salary, target annual cash incentives and target long-term equity incentive compensation) to be within 10% below to 10% above the median for comparable positions at companies in our compensation comparison group, with realized compensation dependent on our performance;

We make a significant portion of each executive's overall compensation dependent on our performance as measured against pre-determined short- and long-term financial performance measures and targets. We believe our financial performance targets are challenging yet achievable;

We have designed our incentive programs to drive annual operating performance as well as sustained profitable growth over the longer term. Our Annual Incentive Plan is aligned with our annual operating plan's key measures of annual financial performance such as revenue, operating income and free cash flow, and the related targets. Our long-term incentive compensation uses a balanced portfolio of compensation elements, including stock options, performance share units and in more limited circumstances, restricted stock units, and our long-term incentive compensation financial measures and targets are aligned with our long-term strategic plan;

We provide a significant portion of each executive's overall compensation opportunity in the form of equity to establish a strong relationship between an executive's compensation and our stock price performance;

We have further aligned performance share unit award payouts with our stock price performance by including a relative total shareholder return adjustment metric;

We have meaningful stock ownership guidelines that maintain alignment of executives' interests with those of our shareholders;

We review and evaluate plans for our management development and succession;

We pay cash severance payments under executive change in control severance agreements only on a double trigger basis (i.e., only on both a change in control and a qualifying termination of employment); and

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

We have a clawback policy that entitles us to recover cash and equity incentive payments from executives in the event of a restatement of our financial statements as a result of errors, omissions or fraud.

What We Don't Do

We do not provide excessive perquisites, and in recent years, have eliminated virtually all executive perquisites;

We do not permit repricing or back-dating of options;

We do not provide excise tax gross-ups under executive change in control severance agreements;

We do not pay dividend equivalents on performance share unit awards unless the performance share unit award ultimately is earned at the end of the performance period;

We do not permit executives (or directors or other employees) to engage in short sales with respect to Harris stock or enter into hedging,

Table of Contents

puts, calls or other derivative transactions with respect to our securities; and

We do not permit executives (or directors) to hold or purchase Harris stock on margin or in a margin account or otherwise pledge Harris stock as collateral for margin accounts, loans or any other purpose.

Business Environment

Harris is an international communications and information technology company serving government and commercial markets in more than 125 countries. We are dedicated to developing best-in-class *assured communications*[®] products, systems and services for global markets, including RF communications, integrated network solutions and government communications systems. We serve both domestic and international customers with products, systems and services that have defense and civil government applications, as well as commercial applications, with our largest customers being agencies of the U.S. Government. In fiscal 2014, our sales to U.S. Government customers, including the Department of Defense and intelligence and civilian agencies, as well as foreign military sales funded through the U.S. Government, whether directly or through prime contractors, were 67% of our total sales. We have approximately 14,000 employees, including 6,000 engineers and scientists. Our common stock is listed on the New York Stock Exchange.

While opportunities for growth in many of our businesses continued to be impacted by constrained U.S. Government budgets, fiscal 2014 was another year of solid overall financial results for us. Despite a challenging business environment, we continued to invest in our future while delivering shareholder value.

Our key fiscal 2014 financial results include:

Revenue of \$5.01 billion, a modest decrease from \$5.11 billion in fiscal 2013;

Income from continuing operations per diluted common share of \$5.00, compared with \$4.16 in fiscal 2013 (we incurred charges of \$126.7 million, or \$.74 per diluted common share, related to Company-wide restructuring and other actions in fiscal 2013);

A significant increase in our Company-sponsored research and development \$264 million in fiscal 2014 compared with \$254 million in fiscal 2013 (including an \$18 million write-off of capitalized software in our Integrated Network Solutions segment) and \$219 million in fiscal 2012;

Free cash flow of \$647.9 million (\$849.2 million of operating cash flow less \$201.3 million of net capital expenditures), a slight decrease from \$654.8 million in fiscal 2013 (\$833.0 million of operating cash flow less \$178.2 million of net capital expenditures). We believe free cash flow, which we use to measure operating performance and for some management compensation purposes, is useful to investors in understanding period-over-period operating results and analyzing trends in our business;

We used \$300 million of cash to repurchase 4,560,802 shares of our common stock in fiscal 2014; and

We increased our quarterly cash dividend from \$.37 per share to \$.42 per share in the first quarter of fiscal 2014, resulting in an annualized cash dividend rate of \$1.68 per share, and paid \$180 million in total dividends to our shareholders in fiscal 2014. Further, effective for the first quarter of fiscal 2015, our Board increased our quarterly cash dividend rate from \$.42 per share to \$.47 per share, resulting in an annualized cash dividend rate of \$1.88 per share.

We established a relatively high percentage for the performance-based, at-risk (tied to our performance) portion of fiscal 2014 total target direct compensation (consisting of base salary, annual cash incentive target, performance share units and stock options, but excluding retention, make-whole or transition compensation or other benefits): 85% for Mr. Brown and 75% for our other named executive officers on average;

We entered into an offer letter agreement with Mr. Lopez in the third quarter of fiscal 2014 to become our Senior Vice President and Chief Financial Officer, which included a one-time initial equity grant;

We eliminated the provisions for tax gross-ups for excise taxes under executive change in control severance agreements with the few remaining corporate officers whose agreements included those provisions;

We amended our corporate governance guidelines and insider trading policy to formally prohibit our executives and directors from purchasing Harris stock on margin, holding Harris stock in a margin account or otherwise pledging Harris stock as collateral for margin accounts, loans or any other purpose;

We paid out an above-target fiscal 2014 annual cash incentive to each of Messrs. Brown, Lopez and Duffy because our consolidated free cash flow performance was above the consolidated free cash flow performance target set early in our fiscal year. The payouts for

Messrs. Brown and Duffy were also increased based upon achievement of individual objectives. We paid out an above-target fiscal 2014 annual cash incentive to Mr. Fox because our Government Communications Systems segment financial performance was above the segment revenue, operating income and free cash flow performance targets set early in our fiscal year and because our consolidated free cash flow performance was above the consolidated free cash flow performance target set early in our fiscal year. The payout for Mr. Fox was also increased based upon achievement of his individual objectives. We paid out a below-

target fiscal 2014 annual cash incentive to Mr. Mehnert because our RF Communications segment financial performance was below the segment revenue, operating income and free cash flow performance targets set early in our fiscal year;

We paid out a below-target performance share unit award for the three-year performance period of fiscal 2012-2014 to each of Messrs. Fox, Mehnert and McArthur: at 80.7% of target for Messrs. Fox and Mehnert and at 67.4% of target for Mr. McArthur. These payouts were below target because our three-year cumulative operating income performance was below our target set early in such period; and

We paid out an above-target performance share unit award to Mr. Brown for the three-year performance period of fiscal 2012-2014 (a portion of which was granted to Mr. Brown as part of his transition-related compensation under his employment agreement): at 117.6% of target because our average annual return on invested capital (ROIC) performance exceeded our target set early in such period and because our total shareholder return for such period was in the second quintile of our fiscal 2012-2014 performance share unit award total shareholder return peer group (the Standard & Poor's 500 Industrials Sector and Information Technology Sector, excluding the semiconductor and semiconductor equipment industries, such peer group hereinafter referred to as our Fiscal 2012-2014 TSR Peer Group), resulting in a 15% upward adjustment in the payout calculation.

Our Executive Compensation Process

The philosophy, objectives, elements, policies and practices of compensation for our executive officers are set by our Compensation Committee. In approving compensation levels and targets, individual objectives and financial performance measure targets for our named executive officers, our Compensation Committee reviews the relationship between our executive compensation program and the achievement of our financial goals and strategic objectives, with an emphasis on creating a "pay for profitable growth" environment.

Our Compensation Committee has the authority to retain compensation consultants and other advisors

to assist in fulfilling its duties and responsibilities. In recent years, our Compensation Committee has directly retained Pearl Meyer & Partners, a nationally recognized independent executive compensation consulting firm, to provide objective analysis, plan design recommendations, advice and information, including competitive market data, to our Compensation Committee related to our CEO compensation and the compensation of our other executive officers. Pearl Meyer & Partners performs services at the direction and under the supervision of our Compensation Committee and does not provide any other services for, or receive other fees from, Harris. Our Compensation Committee has the sole authority to modify or approve Pearl Meyer & Partners' compensation, determine the nature and scope of its services, evaluate its performance, terminate the engagement and engage a replacement or additional consultant at any time. Our Compensation Committee has also assessed the independence of Pearl Meyer & Partners and whether its work raised any conflicts of interest, taking into consideration the independence factors set forth in the NYSE listing standards and SEC rules. Based on that assessment, our Compensation Committee determined that Pearl Meyer & Partners was independent and that its work did not raise any conflicts of interest.

Our Compensation Committee considers recommendations from our CEO in making decisions regarding our executive compensation program and the compensation of our other executive officers. As part of the annual compensation planning process, our CEO recommends targets for our incentive compensation programs. Following an annual performance review process, which includes an assessment of each executive officer's performance of individual objectives, our CEO recommends specific compensation for our executive officers, including base salary adjustments and cash incentive and equity awards. Our CEO also presents to our Compensation Committee his evaluation of each such executive officer's contributions during the previous year, including strengths and development needs, and reviews succession plans for each of the executive positions.

After input from our CEO, as well as from Pearl Meyer & Partners, and following the assessment of compensation trends and competitive market data, our Compensation Committee determines what changes, if any, should be made to the executive compensation program and sets the level of

Table of Contents

compensation for our executive officers, other than our CEO. As part of this process, our Compensation Committee reviews each executive officer's three-year compensation history, including base salary, annual cash incentive and equity awards, and also reviews the types and levels of other benefits, such as change in control severance agreements. In the case of our CEO, the review and final compensation decisions are made by the independent directors of our Board.

In setting the levels of compensation early in the fiscal year, our Compensation Committee also establishes the short- and long-term financial measures, weighting and targets for performance-based, at-risk elements of compensation. For our CEO, such measures, weighting and targets are established by the independent directors of our Board. The specific financial measures, weighting and targets are intended to encourage and reward the creation of sustainable, long-term value for our shareholders and are aligned with our Board-approved annual operating plan and long-term strategic plan.

At the end of each fiscal year, the independent directors of our Board meet in executive session without our CEO or other members of management present under the leadership of the Chairperson of our Compensation Committee to conduct a performance review of our CEO. During such review, the independent directors evaluate our CEO's achievement of agreed-upon objectives established early in the fiscal year, our overall performance, our CEO's personal self-evaluation of his performance over the past fiscal year and our CEO's other accomplishments. Also at the end of each fiscal year, our Compensation Committee receives a specific compensation recommendation from our CEO for our other executive officers, which recommendation is based on an assessment of each executive's performance, achievement of objectives established early in the fiscal year for the executive and his or her business unit or organization within our Company, contribution to our performance and other accomplishments.

Although compensation levels may differ among our named executive officers based on competitive factors and the role, responsibilities and performance of each named executive officer, there are no material differences in our compensation policies or the manner in which total target direct compensation is determined for any of our named executive officers. The material elements of our

executive compensation program applicable to our named executive officers also apply to our other executive officers.

Information regarding consideration of elements of our risk related to our compensation policies and practices is set forth below in the Relationship Between Compensation Plans and Risk section of this proxy statement beginning on page 53.

Consideration of Advisory Say-on-Pay and Say-on-Frequency Voting Results

At our 2013 Annual Meeting of Shareholders, we presented our shareholders with a proposal to approve on an advisory basis the compensation of our named executive officers as disclosed in our 2013 proxy statement. Approximately 94% of the shares voted on this proposal were cast in support of our 2013 executive compensation and related disclosures. Our Compensation Committee viewed the results of this vote as general broad shareholder support for our executive compensation program. Our Compensation Committee did not make changes to our executive compensation program or policies as a result of the advisory vote. Our Compensation Committee and Board will continue to consider the outcome of shareholder advisory votes on executive compensation when making future decisions relating to the compensation of our named executive officers and our executive compensation program and policies.

At our 2011 Annual Meeting of Shareholders, our shareholders strongly supported a frequency of every year for holding future advisory votes to approve the compensation of our named executive officers, consistent with the recommendation of our Board. As a result, our Board decided to hold annual Say-on-Pay votes and we are presenting a separate proposal to our shareholders to approve on an advisory basis the compensation of our named executive officers as disclosed in this proxy statement. See Proposal 2 beginning on page 78 of this proxy statement.

Competitive Considerations

Each element of our executive compensation program is addressed in the context of competitive practices. In general, our Compensation Committee sets total target direct compensation for our CEO and other executives to be within 10% below to 10% above the median of total target direct compensation for comparable positions at companies in our

Table of Contents

compensation comparison group. Although our Compensation Committee reviews survey data, it uses discretion in setting an executive's compensation after considering experience, position, tenure and contributions. For fiscal 2014, our Human Resources Department performed a comprehensive assessment and benchmarking of the competitive compensation positioning of our CEO and other executive officers and the mix and elements of such compensation. While the primary focus of such assessment and benchmarking was our compensation comparison group, such analysis and benchmarking also included other broad compensation surveys to provide additional data points for our Compensation Committee. For fiscal 2014, the Compensation Committee also engaged Pearl Meyer & Partners to assess the composition of our compensation comparison group and to review, assess and validate our Human Resources Department's assessment and benchmarking of the median pay levels for our CEO and other executive officers, the competitive position of the compensation for our CEO and other executive officers and the mix and elements of such compensation. The compensation comparison group used for our CEO and other executive officers consists of companies with one or more of the following attributes: business operations and business models in the markets in which we participate; similar revenue and market capitalization; and businesses that compete with us for executive talent. For fiscal 2014, the compensation comparison group consisted of the following 16 companies:

Alliant Techsystems Inc.

AMETEK, Inc.

Amphenol Corporation

Exelis Inc.

Garmin Ltd.

Juniper Networks, Inc.

L-3 Communications Holdings, Inc.

Molex Incorporated
Motorola Solutions, Inc.

NetApp Inc.

Rockwell Automation, Inc.

Rockwell Collins, Inc.

SAIC, Inc.

Spirit AeroSystems Holdings, Inc.

TE Connectivity Ltd.

Triumph Group, Inc.

Our Compensation Committee periodically reviews the composition of the comparison group used for assessing the compensation for our CEO and other executive officers and makes changes it determines are appropriate based on changes to the attributes of each such company and whether it continues to make its compensation data available. Pearl Meyer & Partners, our CEO and management provide input to our Compensation Committee as to changes to the attributes of companies in the compensation

comparison group. For fiscal 2014, our Compensation Committee did not make any changes to the compensation comparison group used in fiscal 2013.

CEO Employment Agreement

On October 8, 2011, we entered into an employment agreement with Mr. Brown pursuant to which he became our President and Chief Executive Officer effective November 1, 2011. Mr. Brown's compensation arrangement under his employment agreement was the result of arm's-length negotiation. In negotiating such arrangement our Compensation Committee received information, analysis and advice from Pearl Meyer & Partners, from independent legal counsel and from the national executive search firm retained by our Board's CEO Search Committee. In developing the compensation arrangement for Mr. Brown, our Compensation Committee and Board also considered the same executive compensation objectives and competitive positioning used for our other executives and also took into consideration the substantial amount of long-term compensation that he would forfeit to join us. As a result, Mr. Brown's compensation arrangement addressed both ongoing compensation as well as transition compensation. Elements of Mr. Brown's ongoing compensation provided under his employment agreement that continued in fiscal 2014 included: (i) base salary; (ii) annual cash incentive opportunity under our Annual Incentive Plan; (iii) eligibility for grants of equity-based long-term incentives, which for each of fiscal 2013 and 2014, were required to have a target value of at least 375% of his then-current base salary; and (iv) eligibility to participate in our retirement and employee welfare and benefit plans in accordance with their terms.

A description of the material terms of Mr. Brown's employment agreement, including payments and benefits to be provided to Mr. Brown in the event his employment is terminated by us without cause or by Mr. Brown as a result of a constructive termination is set forth in the Potential Payments Upon Termination or a Change in Control section of this proxy statement beginning on page 67. We also entered into an Executive Change in Control Severance Agreement with Mr. Brown, which is described in the Executive Change in Control Severance Agreements section of this proxy statement beginning on page 69.

Fiscal 2014 Appointment of Miguel A. Lopez as Senior Vice President and Chief Financial Officer

On February 4, 2014, we entered into an offer letter agreement with Mr. Lopez pursuant to which he became our Senior Vice President and Chief Financial Officer effective February 10, 2014. Mr. Lopez's compensation arrangement under his offer letter agreement was the result of arm's-length negotiation. In developing the compensation arrangement for Mr. Lopez, our Compensation Committee considered the same executive compensation objectives and competitive positioning used for our other executives. Mr. Lopez's compensation arrangement addressed both ongoing compensation as well as transition compensation.

Mr. Lopez's offer letter agreement provides for the following compensation and benefits: (i) base salary at the annual rate of \$525,000; (ii) a fiscal 2014 annual cash incentive under our Annual Incentive Plan with a target value of 75% of his base salary at not less than a pro-rated at target payment; (iii) a grant of 12,500 restricted stock units (which units will vest on the third anniversary of the grant date); (iv) relocation benefits to assist with his move to our headquarters area in Melbourne, Florida; and (v) eligibility to participate in our Retirement Plan, Supplemental Executive Retirement Plan, Performance Reward Plan and health and welfare benefit plans in accordance with their terms, on the same basis as such plans are generally made available to our senior executives. For more information regarding the elements of Mr. Lopez's ongoing compensation and transition compensation, see the Summary Compensation Table on page 55 and the related footnotes.

We also entered into an Executive Change in Control Severance Agreement with Mr. Lopez. A

description of the material terms of Mr. Lopez's offer letter agreement and Executive Change in Control Severance Agreement is set forth in the Potential Payments Upon Termination or a Change in Control section of this proxy statement beginning on page 67.

Elements of Our Executive Compensation Program

During fiscal 2014, the compensation program for our executive officers consisted of the following elements:

base salary;

annual cash incentive award compensation;

equity-based long-term incentives, including stock options, performance share units and in certain limited instances, restricted stock units;

health, welfare and other personal benefits; and

change in control, severance, retirement and other post-employment pay and benefits.

Our Compensation Committee believes that the elements of our executive compensation program more directly align the interests of our executives and shareholders, are competitive, motivate achievement of our short- and long-term financial goals and strategic objectives and align realized pay with performance, in furtherance of our overall objective of encouraging and rewarding the creation of sustainable, long-term shareholder value. We do not have a formal policy relating to the mix among the various elements of our compensation program. However, we believe the greater an executive's responsibility level and ability to influence results, the greater the portion of the executive's overall compensation that should be performance-based, at-risk compensation.

Table of Contents

Named Executive Officer Fiscal 2014 Target Direct Compensation Mix

The following charts set forth, for Mr. Brown and for our other named executive officers on average, respectively, the percentage of fiscal 2014 total target direct compensation represented by each major element of target direct compensation, indicating the percentage of fiscal 2014 total target direct compensation that was at risk in the form of performance-based cash incentive and equity awards. Total target direct compensation does not include retirement benefits, severance benefits or health, welfare or other personal benefits. For Mr. Lopez, total target direct compensation does not include his one-time transition-related restricted stock unit grant or his other transition or relocation benefits. The percentages are based on fiscal 2014 base salary (annualized), annual cash incentive awards for achievement of financial goals at target and the target value of equity awards at the time of approval. A description of the valuation and how each major element is determined is discussed below.

Base Salary and How Base Salary is Determined

General Considerations

We provide executives with a base salary for services rendered during the year. Our Compensation Committee reviews executive base salaries on an annual basis as well as any time there is a substantial change in an executive's responsibilities or in market conditions. Our Compensation Committee generally targets an executive officer's base salary to be within 10% below to 10% above the median of the market for base salaries for comparable positions at companies in our compensation comparison group. However, the specific base salary for an executive also is influenced by the executive's experience, position, changes in responsibilities, tenure and

contributions, and individual performance, and by current market conditions and our outlook. Base salary reflects a fixed portion of the overall compensation package and generally is the base amount from which other compensation elements are determined, such as target annual cash incentive awards and target value of long-term equity incentive awards at the time of approval. Base salary represents a relatively small percentage of total target direct compensation. In general, executive officers with higher levels of responsibility and ability to influence results have a lower percentage of compensation fixed as base salary and a higher percentage of performance-based, at-risk compensation.

Table of Contents**2014 Base Salary for Named Executive Officers**

In August 2013, our Compensation Committee conducted its annual base salary review for our CEO and other named executive officers then employed by us. Our Compensation Committee, and in the case of our CEO, the independent directors of our Board, approved increases for fiscal 2014 base salaries for our CEO and other named executive officers then employed by us from fiscal 2013 base salaries as follows:

	Fiscal 2013		Fiscal 2014
	Base Salary	% Increase	Base Salary
Mr. Brown	\$ 900,000	2.8%	\$ 925,000
Mr. Duffy	\$ 400,000	10.0%	\$ 440,000
Mr. Fox	\$ 415,000	6.0%	\$ 440,000
Mr. Mehnert	\$ 485,000	2.0%	\$ 494,700
Mr. McArthur	\$ 575,000	1.7%	\$ 585,000

For Messrs. Brown, Mehnert and McArthur, the increase was for merit. For Messrs. Duffy and Fox, the increase was for merit and a market adjustment.

Base salary increases were effective August 24, 2013. Fiscal 2014 base salary for Mr. Lopez of \$525,000 was established pursuant to the terms of his offer letter agreement discussed elsewhere in this proxy statement. Information regarding base salaries for fiscal 2014 is set forth in the Summary Compensation Table on page 55 under the Salary column.

Annual Cash Incentive Pay and How Annual**Cash Incentive Pay is Determined****Annual Incentive Plan**

Under the Harris Corporation Annual Incentive Plan, which was approved by our shareholders in October 2010, early in each fiscal year our Compensation Committee sets an annual cash incentive compensation target for each executive officer other than our CEO and recommends to the independent directors of our Board the target to set for our CEO. Our Compensation Committee and the independent directors of our Board, as applicable, also establish specific financial performance measures and targets early in each fiscal year, including the relative weighting and thresholds, as well as individual performance objectives for each executive officer, against which performance is measured and payouts are determined under our Annual Incentive Plan. In certain instances, financial performance targets and our actual results are adjusted by our Compensation Committee, and in the case of our CEO, by the independent directors of our

Board, to take into account items that occur during the fiscal year that are determined not to be reflective of normal, ongoing business operations. Our Compensation Committee believes the annual cash incentive motivates our executives to focus on achieving or exceeding the fiscal year financial performance targets and individual objectives.

Determination of Participant Incentive Compensation Targets We set annual cash incentive compensation targets for our named executive officers early in each fiscal year using our compensation comparison group data as a reference point where available for a comparable position, or broad survey data. Annual cash incentive awards provide executives the potential to achieve above-target payouts if our financial performance is above target. However, there is downside risk of below-target payouts if our financial performance is below target. Payouts can range from 0% to 200% of annual cash incentive compensation targets depending on our financial performance and named executive officer performance against individual objectives.

Financial Performance Measures, Targets and Weighting For Messrs. Brown, Lopez, Duffy and McArthur, the financial performance measures for annual cash incentives for fiscal 2014 were Harris consolidated revenue, operating income and free cash flow (defined as cash flow from operations less net capital expenditures), weighted 30%, 40% and 30%, respectively. For Messrs. Fox and Mehnert, the financial performance measures for annual cash incentives for fiscal 2014 were (a) for 80% of the overall annual cash incentive award their respective operating segment's revenue, operating income and free cash flow, weighted 30%, 40% and 30%, respectively; and (b) for 20% of the overall annual cash incentive award Harris consolidated revenue, operating income and free cash flow, weighted

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

30%, 40% and 30%, respectively. As a general principle, we seek to establish financial performance targets that are aligned with our annual operating plan and are challenging yet achievable. Targets are set at levels we believe require significant effort on the part of the executives, yet also represent a reasonable expectation of performance based on prior-year performance, existing business conditions, the markets in which we participate and our outlook.

Table of Contents

For each financial performance measure, we make no payout for performance below the threshold. For fiscal 2014, the threshold for each of the revenue, operating income and free cash flow performance measures was 80% of target financial performance. Payout percentages resulting from results as a percentage of target for each performance measure were based on the following table, which was established early in fiscal 2014:

% of Target Financial Performance	Revenue	Operating	Free Cash
	Payout %	Income Payout %	Flow Payout %
Below 80%	0%	0%	0%
80%	50%	50%	50%
95%	90%	90%	90%
100%	100%	100%	100%
105%	110%	110%	110%
120% and above	200%	200%	200%

2014 Annual Cash Incentive Awards for Named Executive Officers

In August 2013, our Compensation Committee reviewed the annual cash incentive targets for our CEO and other named executive officers then employed by us. Our Compensation Committee, and in the case of our CEO, the independent directors of our Board, approved increases for fiscal 2014 annual cash incentive targets for our CEO and other named executive officers then employed by us from fiscal 2013 targets as follows:

	Fiscal 2013 Cash Incentive Target	% Increase	Fiscal 2014 Cash Incentive Target
Mr. Brown	\$ 1,080,000	1.9%	\$ 1,100,000
Mr. Duffy	\$ 260,000	18.8%	\$ 309,000
Mr. Fox	\$ 300,000	6.0%	\$ 318,000
Mr. Mehnert	\$ 330,000	2.1%	\$ 337,000
Mr. McArthur	\$ 410,000	1.7%	\$ 417,000

For Messrs. Brown, Mehnert and McArthur, the increase was for merit. For Messrs. Duffy and Fox, the increase was for merit and a market adjustment.

Mr. Lopez's annual cash incentive target for fiscal 2014 was established pursuant to the terms of his offer letter agreement which provided his fiscal 2014 annual cash incentive target would be 75% of his \$525,000 base salary and his fiscal 2014 annual cash incentive payout would not be less than target, pro-rated for the portion of fiscal 2014 that he was not employed by us.

Fiscal 2014 approved financial performance measures and weighting, targets, GAAP results, resulting payout as a percentage of financial target and the weighted financial performance measure achievement under our Annual Incentive Plan were as follows:

These financial performance measures and targets represent internal measurements of performance, and although the calculations are based on our financial results calculated in accordance with generally accepted accounting principles in the United States (GAAP), our actual GAAP results may be adjusted by our Compensation Committee, and in the case of our CEO, by the independent directors of our Board, to take into account items that occurred during a fiscal year that are determined not to be reflective of normal, ongoing business operations. Our Compensation Committee has adopted guidelines in making specific decisions for these purposes on which items to include or exclude from our financial results, including that any adjustment must be objectively measurable under GAAP. For fiscal 2014, no adjustments were made to our actual results.

Fiscal 2014 approved weighted financial measure achievement under our Annual Incentive Plan, named executive officer Annual Incentive Plan compensation targets, approved payouts and approved payouts as a percentage of incentive compensation target for our named executive officers were as follows:

Named Executive Officer	Organization	Weighted Financial Measure		Participant s Annual Incentive Plan		Actual Payout as a % of Target
		Achievement Under Annual Incentive Plan	Target	Actual Annual Incentive Plan Payout	Target	
William M. Brown Chairman, President and Chief Executive Officer	Harris	127.0%		\$ 1,100,000	\$ 1,513,000	137.5%

* Mr. Lopez's offer letter agreement provided that his annual incentive payout for fiscal 2014 would not be less than target, pro-rated for the portion of fiscal 2014 that he was not employed by us. The amount shown as his Annual Incentive Plan target is his pro-rated target.

** Mr. McArthur left Harris effective February 28, 2014. His Annual Incentive Plan target was initially set at \$417,000. Mr. McArthur's separation agreement provided we will pay him an amount equal to his annual incentive compensation for fiscal 2014 at target and not pro-rated for the portion of fiscal 2014 that he was not employed by us.

Payouts under our Annual Incentive Plan were subject to an upward or downward adjustment for individual performance of the pre-established individual objectives as well as the individual's contribution to our overall results. Pursuant to the terms of our Annual Incentive Plan, annual cash incentive payouts for participants may not exceed 200% of the participant's annual cash incentive target. For fiscal 2014, payouts under our Annual Incentive Plan for our other named executive officers, excluding Mr. McArthur, as calculated based on the weighted financial measure

achievement under our Annual Incentive Plan, were adjusted from

0% to 8.9% higher based on achievement of individual objectives and contribution to our overall results. The adjustments for our other named executive officers were approved by our Compensation Committee based on our CEO's recommendation as a result of his assessment of individual performance of the pre-established individual objectives.

The payouts under our Annual Incentive Plan for fiscal 2014 are also set forth in the note to the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 55.

Table of Contents**Broad-Based Performance Reward Plan**

We maintain broad-based annual cash incentive plans, available to most of our U.S.-based employees. Our executive officers participate in our broad-based Performance Reward Plan starting after the officer has been credited with one year of company service. Pursuant to our Performance Reward Plan in effect in fiscal 2014, for corporate headquarters employees and corporate officers (including our executive officers), we will make a cash payment to each such employee from 0% up to a maximum of 4% of such employee's eligible compensation based on our performance against financial targets set early in fiscal 2014. For amounts of such employee's eligible compensation above the Social Security wage base, the payment is increased up to an additional 4% of such eligible compensation above the Social Security wage base. For fiscal 2014 the target payout was 2% of such employee's eligible compensation if we achieved operating income of \$897 million. We achieved operating income of \$881.9 million for fiscal 2014, and as a result, a payout of 1.92% of such employee's eligible compensation plus an additional 1.92% of such eligible compensation above the Social Security wage base was approved for fiscal 2014 under our Performance Reward Plan. The amounts earned by our named executive officers under our Performance Reward Plan for fiscal 2014 are set forth in the note to the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 55.

Long-Term Compensation**Equity Incentives and How Long-Term****Compensation is Determined**

We provide long-term incentive compensation to our executive officers through a combination of stock options and performance share unit awards. As part of long-term compensation, as discussed below, we also may grant restricted stock unit awards primarily to facilitate recruitment, retention and succession planning. The long-term compensation elements of our executive compensation program are designed to motivate our executives to focus on achievement of our long-term financial goals and strategic objectives. Our Compensation Committee awards different types of equity compensation because it believes that each type incentivizes and rewards shareholder value creation in a different way. Although the value of all forms of equity-based compensation is directly impacted by both increases and decreases in the price of our common stock,

performance share unit grants motivate our executives to achieve our multi-year financial and operating goals because the number of shares ultimately earned depends on the level of our performance against internal and external financial measures, generally over a three-year period. Under such grants, each new fiscal year begins a new three-year performance cycle for which our Compensation Committee establishes financial performance measures and targets and long-term incentive compensation targets. Stock option grants motivate our executives to increase shareholder value because the options only have value to the extent the price of our common stock on the date of exercise exceeds the stock price on the grant date, and thus compensation is realized only if our stock price increases over the term of the award and the option is exercised by the executive. Equity awards also are intended to retain executives, encourage share ownership and maintain a direct link between our executive compensation program and the value and appreciation in value of our stock.

Equity Compensation Mix

In determining the appropriate mix of equity compensation elements, our Compensation Committee, and with respect to our CEO, the independent directors of our Board, considers the mix of such elements for our compensation comparison group, the retention value of each element and other factors important to us, including tax and accounting treatment, and the recommendation of Pearl Meyer & Partners, our Compensation Committee's independent compensation consultant. The total value of long-term incentive compensation for each of our executive officers is typically set by reference to a multiple of such executive officer's base salary, which multiple is assessed using our compensation comparison group. For fiscal 2014, our Compensation Committee, and with respect to our CEO, the independent directors of our Board, targeted that 50% of the value of long-term equity incentive compensation (excluding restricted stock units and other retention-based awards) at the time of award would be allocated as stock options and 50% of the value would be allocated as performance share units. This is the same long-term equity incentive compensation target mix approved by our Compensation Committee the past several fiscal years. The number of stock options and performance share units granted to the named executive officers in fiscal 2014 was determined based on the 60-day

Table of Contents

average closing market price of our common stock ending August 1, 2013 (prior to the grant date), which valuation methodology differs from the grant date fair value method required for the calculation of amounts presented for fiscal 2014 in the Stock Awards and Option Awards columns of the Summary Compensation Table on page 55.

Stock Options

Stock options granted to our named executive officers and other employees during fiscal 2014 were made pursuant to our Harris Corporation 2005 Equity Incentive Plan (As Amended and Restated Effective August 27, 2010), which our shareholders initially approved in October 2005 and re-approved in October 2010. Stock option grants made in fiscal 2014 have the following terms:

An exercise price equal to or greater than the closing price of our stock on the grant date;

Vest in equal installments of one-third each on the first, second and third anniversary of the grant date;

Expire 10 years from the grant date; and

Accelerated vesting upon a change in control or other events as discussed below.

A listing of the stock options granted to our named executive officers in fiscal 2014 and information relating to the terms and conditions of such stock options appears in the Grants of Plan-Based Awards in Fiscal 2014 Table on page 59 and the related notes. For additional information relating to the terms and conditions of stock options, see the notes to the Outstanding Equity Awards at 2014 Fiscal Year End Table on page 61.

Without prior approval of our shareholders, stock options granted by us may not be repriced, replaced, regranted through cancellation or modified by us if the effect thereof would be to reduce the exercise price of such stock options, other than in connection with a change in our capitalization, including spin-offs.

Performance Share Unit Awards

Fiscal 2014 Grants for Fiscal 2014-2016 Performance Period

Financial performance measures for performance share units granted in fiscal 2014 covering the three-year performance period of fiscal

2014-2016 include the achievement of targets, weighted equally, for three-year cumulative operating income for the fiscal 2014-2016 performance period and average annual ROIC for each fiscal year of such period, subject to possible adjustment upward or downward by as much as 33% based on our quintile ranking for our total shareholder return performance over the fiscal 2014-2016 performance period compared with companies in the Standard & Poor's 500. The actual performance share unit award payout with respect to fiscal 2014 grants will be made in shares of our common stock and can range from 0% to 200% of the target number of performance share units awarded. Our Compensation Committee believes that the operating income, ROIC and total shareholder return measures motivate financial performance that management can influence directly, should improve earnings and capital management over the long term and create long-term shareholder value. For additional information relating to the terms and conditions of performance share units, see the notes to the Grants of Plan-Based Awards in Fiscal 2014 Table on page 59 and the notes to the Outstanding Equity Awards at 2014 Fiscal Year End Table on page 61.

For fiscal 2014, our Compensation Committee, and with respect to Mr. Brown, the independent directors of our Board, approved the grant of performance share units to our named executive officers as set forth in the Grants of Plan-Based Awards in Fiscal 2014 Table on page 59 and related notes.

Payouts for Fiscal 2012-2014 Performance Period Awards Granted in Fiscal 2012

In fiscal 2012, our Compensation Committee, and with respect to Mr. Brown, the independent directors of our Board, granted performance share units covering the three-year performance period of fiscal 2012-2014 to executive officers then employed by us, including Messrs. Brown, Fox,

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

Mehnert and McArthur. Financial performance measures for awards granted in fiscal 2012 for the fiscal 2012-2014 performance period were three-year cumulative operating income and average annual ROIC for each fiscal year of such period. Such measures were equally weighted and subject to possible adjustment upward or downward by as much as 33% based on our quintile ranking for total shareholder return performance over the fiscal 2012-2014 performance period compared with our Fiscal 2012-2014 TSR Peer Group.

Table of Contents

For each financial performance measure, we make no payout for performance below the threshold. For the fiscal 2012-2014 performance period, the threshold for three-year cumulative operating income was 80% of target and the threshold for average annual ROIC was 9%. Payout percentages resulting from adjusted results as a percentage of target for each performance measure were based on the following table, which was established early in the fiscal 2012-2014 performance period:

3-Year Cumulative					
% of Target	Operating Income		Average Annual ROIC		
		Payout %	ROIC		Payout %
<80%		0%	<9%		0%
80%		50%	9%		50%
90%		75%	11%		70%
100%		100%	12%		80%
110%		125%	14%		100%
³ 120%		150%	16%		120%
			³ 19%		150%

For the fiscal 2012-2014 performance period, the possible total shareholder return performance adjustment to the calculation for the performance share unit award payout, based on achievement of financial performance measure targets, was dependent on the quintile ranking of our total shareholder return compared with our Fiscal 2012-

2014 TSR Peer Group, based on the following table, which was established early in the fiscal 2012-2014 performance period:

Total Shareholder Return Payout Adjustment	
Quintile	Payout Adjustment
Top	+33%
2nd	+15%
3rd	0%
4th	-15%
Bottom	-33%

Our total shareholder return for the three-year performance period of fiscal 2012-2014 was in the second quintile of our Fiscal 2012-2014 TSR Peer Group and resulted in an upward payout adjustment of 15%.

In determining the performance share unit award payouts for the fiscal 2012-2014 performance period, the financial performance targets and our actual results were adjusted by our Compensation Committee as set forth in the notes to the table below. These adjustments were made in accordance with the same guidelines for adjusting annual cash incentive compensation award targets and actual results adopted by our Compensation Committee as discussed above.

For performance share unit awards granted in fiscal 2012 for the fiscal 2012-2014 performance period, approved financial performance measures and weighting, initial targets, adjusted targets, GAAP results, adjusted results, adjusted results as a percentage of adjusted targets, resulting payout percentages, total shareholder return adjustments, resulting total shareholder return adjusted payout percentages and weighted adjusted payout percentages were as follows:

* Our cumulative operating income target set early in fiscal 2012 was decreased by the operating income for fiscal 2013 and 2014 of \$250.5 million originally included in the target for operations discontinued in fiscal 2012 (our Broadcast Communications business and Cyber Integrated Solutions operation).

** For Mr. Brown, our GAAP cumulative operating income on a continuing operations basis, for purposes of such results and calculating our average annual ROIC results, was increased by (a) adding \$95.9 million of operating income to equal the operating income target for fiscal 2012 because the strategy and events related to our fiscal 2012 results largely occurred prior to Mr. Brown's joining us, consistent with our rationale for the annual cash incentive payout we approved for Mr. Brown for fiscal 2012 under our Annual Incentive Plan and

Table of Contents

for the payout to Mr. Brown for performance share units granted to him in fiscal 2012 for the fiscal 2012-2013 performance period, and (b) excluding charges of \$39.1 million in fiscal 2013 in connection with Company-wide restructuring and other actions; and for purposes of calculating our average annual ROIC results, our invested capital for fiscal 2012 excluded the \$394 million impact of impairments related to discontinued operations.

For Messrs. Fox and Mehnert, our GAAP cumulative operating income on a continuing operations basis, for purposes of such results and calculating our average annual ROIC results, was (a) increased by excluding charges of \$58.2 million in fiscal 2012 for integration and other costs associated with acquisitions; (b) decreased by including the fiscal 2012 operating loss of \$627.2 million for discontinued operations; (c) increased by excluding the \$457.5 million impact of impairments in fiscal 2012 related to discontinued operations; and (d) increased by excluding charges of \$39.1 million in fiscal 2013 in connection with Company-wide restructuring and other actions; and for purposes of calculating our average annual ROIC results, our invested capital for fiscal 2012 excluded the \$394 million impact of impairments related to discontinued operations. The discontinued operations were formerly part of our Integrated Network Solutions segment and unrelated to our Government Communications Systems and RF Communications segments, Messrs. Fox and Mehnert's respective operating segments.

For Mr. McArthur, our GAAP cumulative operating income on a continuing operations basis, for purposes of such results and calculating our average annual ROIC results, was: (a) increased by excluding charges of \$58.2 million in fiscal 2012 for integration and other costs associated with acquisitions; (b) decreased by including the fiscal 2012 operating loss of \$627.2 million for discontinued operations; and (c) increased by excluding charges of \$39.1 million in fiscal 2013 in connection with Company-wide restructuring and other actions.

The following table shows the performance share unit awards granted in fiscal 2012 for the fiscal 2012-2014 performance period and the fiscal 2014 payout in respect of such performance share unit awards as approved by the independent members of our Board for Mr. Brown and by our Compensation Committee for Messrs. Fox, Mehnert and McArthur:

Named Executive Officer	Performance Share Units Granted	Weighted Total	
		Shareholder	
		Return	Shares Paid
		Adjusted Payout %	Out
William M. Brown Chairman, President and Chief Executive Officer	82,910	117.6%	97,502
Sheldon J. Fox Group President, Government Communications Systems	8,400	80.7%	6,779
Dana A. Mehnert Group President, RF Communications	12,400	80.7%	10,007
Gary L. McArthur Former Senior Vice President and Chief Financial Officer	14,434*	67.4%	9,729

* Mr. McArthur left Harris effective February 28, 2014. The number of performance share units granted gives effect to pro-ratio for the portion of the fiscal 2012-2014 performance period that he was not employed by us.

See the Option Exercises and Stock Vested in Fiscal 2014 Table on page 64 and related notes for additional information regarding these payouts for Messrs. Brown, Fox, Mehnert and McArthur.

Restricted Stock and Restricted Stock Units

As part of long-term incentive compensation, we also may grant shares of restricted stock or restricted stock units primarily to facilitate retention and succession planning and as a recruitment mechanism to replace the value of equity awards that may have been forfeited as a result of leaving a former employer. The restrictions typically expire at the end of a three-year period. The restrictions provide that the shares or units may not be sold or otherwise transferred, and the shares or units will be immediately forfeited in the event of the recipient's termination of employment for any reason other than involuntary termination, death, disability or retirement.

In fiscal 2014, the independent members of our Board approved the grant of 3,500 restricted stock units to Mr. Brown in recognition of his performance, and our Compensation Committee approved the grant of 12,500 restricted stock units to Mr. Lopez pursuant to the terms of his offer letter agreement. For further information related to restricted stock units granted to our named executive officers, see the Grants of

Plan-Based Awards in Fiscal 2014 Table on page 59 and related notes and the Outstanding Equity Awards at 2014 Fiscal Year End Table on page 61 and related notes.

Recovery of Executive Compensation

(Clawback)

Our executive compensation program permits us to recover all or a portion of any performance-based compensation, both cash and equity, if our financial statements are restated as a result of errors, omissions or fraud. The amount that may be recovered shall be

Table of Contents

the amount by which the affected compensation exceeded the amount that would have been payable had the financial statements been initially filed as restated, or any greater or lesser amount that our Compensation Committee or the independent members of our Board shall determine. In no case shall the amount to be recovered by us be less than the amount required to be repaid or recovered as a matter of law. Recovery of such amounts by us would be in addition to any actions imposed by law, enforcement agencies, regulators or other authorities. We will review the terms of our recovery policy in light of the requirements under the Dodd-Frank Act and will make any necessary changes to be in compliance with those requirements once final regulations have been issued.

Treatment of Incentive Awards Upon

Change in Control

Under our Annual Incentive Plan and equity incentive plans, upon a change in control and irrespective of employment status:

Annual cash incentive awards are fully earned and to be paid out promptly following the change in control or, in certain instances, following the end of the fiscal year, in each case at not less than the target level;

All unvested options immediately vest and become exercisable until their regularly scheduled expiration date;

All performance share units are deemed fully earned and fully vested immediately and will be paid at the end of the applicable performance period at not less than the target level, subject to accelerated payout or forfeiture in certain circumstances;

All restricted shares immediately vest; and

All restricted stock units immediately vest and are to be paid as soon as practicable but not later than 60 days following the change in control, or in certain events, promptly following the expiration of the initial restriction period.

Information regarding severance payments and obligations to our named executive officers for termination of employment following a change in control is set forth below in the *Change in Control Severance Agreements* section of this Compensation Discussion and Analysis and the *Potential Payments*

Upon Termination or a Change in Control section of this proxy statement beginning on page 67.

Post-Employment Compensation

Severance Arrangements

As a general matter, most of our employees are employees at-will and only a limited number of our executive officers have contracts requiring us to pay amounts to them upon termination of employment. Mr. Brown's employment and payments upon termination of employment are governed by his employment agreement discussed elsewhere in this proxy statement. Pursuant to Mr. Lopez's offer letter agreement, if his employment is terminated within 24 months of his start date by us without cause (as defined in the offer letter agreement) or by Mr. Lopez as a result of constructive termination (as defined in the offer letter agreement), subject to his execution and delivery of a general release of claims against us, he is entitled to receive a severance payment equal to the product of (i) two and (ii) the aggregate of his then-current annual base salary and annual cash incentive compensation under the Annual Incentive Plan at target.

While Messrs. Duffy, Fox and Mehnert do not have severance agreements, we have a long-standing practice of providing severance compensation for terminating an executive's employment without cause. The specific amount will be based on the relevant circumstances, including the reason for termination, length of employment and other factors.

We also have a severance plan for all full-time, U.S.-based employees who are terminated as a result of a reduction in force. Amounts payable under this plan are based on length of service.

Employment Agreement with our CEO

As discussed above, we are party to an employment agreement with Mr. Brown. The agreement provides for his continued employment as our President and Chief Executive Officer and provides for certain benefits if Mr. Brown's employment is terminated by us without cause or by Mr. Brown as a result of a constructive termination (as defined in the agreement). Obligations in the event of a termination following a change in control will be governed by Mr. Brown's change in control severance agreement. Our Compensation Committee and the independent directors of our Board approved Mr. Brown's

Table of Contents

employment agreement in the belief that such agreement was critical to Mr. Brown's decision to accept employment with us and assists in retaining Mr. Brown's valued service. In addition, his employment agreement also binds Mr. Brown to certain non-compete and non-solicitation undertakings that are valuable to us.

Change in Control Severance Agreements

Each of our Board-elected corporate officers, including our named executive officers currently employed by us, is party to a change in control severance agreement with us. We believe that these agreements align the interests of our officers and shareholders during the period of an actual or rumored change in control and also are necessary in some cases to attract and retain executives. Under these agreements, an executive is provided with severance benefits in the event the executive's employment is terminated without cause, or by the executive for good reason, within two years following a change in control. These agreements are designed with a double trigger, so that benefits are provided only if there is both a change in control and a termination of employment. Such severance benefits are designed to preserve the focus and productivity of our executive officers, avoid disruption and prevent attrition during a period of uncertainty. We also believe these agreements facilitate the objectiveness of an executive's assessment of a potential transaction that may be in our shareholders' best interests notwithstanding the potential negative impact of a transaction on an executive's future employment.

If triggered, the lump-sum severance benefit payable under the change in control severance agreement equals the sum of: (a) the executive's unpaid base salary through the date of termination, a pro-rated annual bonus (as determined under the change in control severance agreement), any unpaid accrued vacation pay and, to the extent permitted under Section 409A of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), any other benefits or awards that have been earned or become payable pursuant to the terms of any compensation plan but which have not been paid to the executive; and (b) two times the executive's highest annual rate of base salary during the 12-month period prior to the date of termination plus two times the greatest of the executive's highest annual bonus in the three fiscal years prior to the change in control, the executive's target bonus for the year during which the

change in control occurs or the executive's target bonus for the year in which the executive's employment is terminated. Change in control severance agreements entered into with executive officers following April 22, 2010, including the agreements entered into with Messrs. Brown, Lopez and Duffy, do not provide for any tax gross-ups for excise taxes to the executive in the event that payout of any benefits is subject to excise taxes imposed by the IRS under Section 4999 of the Internal Revenue Code. In addition, during fiscal 2014 we eliminated the provision for tax gross-ups for excise taxes under change in control severance agreements with the few remaining corporate officers whose agreements included those provisions, including Messrs. Fox and Mehnert. As a result, we no longer provide tax gross-ups for excise taxes in any of our change in control severance agreements. Our Compensation Committee has determined, in its business judgment, that the substantive terms of these change in control severance agreements are competitive and reasonable.

A description of the material terms of the change in control severance agreements, Mr. Brown's employment agreement and Mr. Lopez's offer letter agreement, as well as a summary of potential payments upon termination or a change in control for our named executive officers, is set forth in the Potential Payments Upon Termination or a Change in Control section of this proxy statement beginning on page 67.

Retirement Programs***Retirement Plan***

We maintain a Retirement Plan, which is a tax-qualified, defined contribution retirement plan available to most of our U.S.-based employees, including our named executive officers. Subject to applicable Internal Revenue Code limits, employees may generally contribute up to 25% of eligible compensation, with our named executive officers and certain other highly compensated employees limited to contributing 12% of eligible compensation. After one year of service we will make a matching contribution of up to 6% of eligible compensation.

Supplemental Executive Retirement Plan

To the extent contributions to our Retirement Plan are subject to certain limitations under the Internal Revenue Code, certain of our salaried

Table of Contents

employees, including our named executive officers, may elect to participate in our nonqualified SERP, which is an unfunded, non-qualified defined contribution plan. In addition, our Compensation Committee may, in its discretion, provide for the deferral of other compensation under our SERP, including equity awards.

The value of our contributions credited to our named executive officers' accounts under our Retirement Plan and SERP is set forth in the Summary Compensation Table on page 55 under the All Other Compensation column and related notes. Additional information regarding our SERP and credits to accounts under our SERP is set forth in the Nonqualified Deferred Compensation section of this proxy statement beginning on page 65.

Health, Welfare and Other Benefits

We maintain health, welfare and other benefit programs for our U.S.-based employees, including medical and prescription coverage, dental and vision programs, short-term disability insurance, basic life insurance, supplemental life insurance, dependent life insurance, accidental death and dismemberment insurance and business travel insurance as well as customary paid time-off, leave of absence and other similar policies. Our executive officers are eligible to participate in these programs on the same basis as our other salaried employees. We also offer a long-term disability plan to our U.S.-based employees. The plan is fully insured and provides a benefit of 60% of eligible compensation before offsets for Social Security and certain other Company- or government- provided disability or other benefits. Eligible compensation for purposes of the long-term disability plan is currently limited to \$400,000 per year. For executives with annual eligible compensation in excess of \$400,000, we provide a Company-paid supplemental long-term disability benefit of 50% of eligible compensation above \$400,000 up to \$800,000, for a maximum annual supplemental disability benefit of up to \$200,000. We also provide liability insurance coverage to our officers and offer our executive officers the ability to participate in a group excess liability umbrella policy at the executive's cost.

Perquisites

We have eliminated virtually all perquisites for executives. Currently, we provide eligibility for annual physical examinations for Board-elected officers. We believe this practice is in the best interest of our Company because the health of an executive officer is critical to his or her performance. For our CEO, we also provide limited personal use of Company-owned aircraft. In very limited instances as approved by our CEO, we may also provide limited personal use of Company-owned aircraft for other executives. We do not provide tax reimbursement or gross-up payments with respect to any perquisites provided to executive officers. Tax gross-up payments made pursuant to a plan, policy or arrangement applicable to a broad base of management employees, such as a relocation or tax equalization policy, are permitted.

In consideration of the time demands on our CEO and to minimize and more effectively utilize his travel time, our Compensation Committee has authorized the personal use of Company-owned aircraft by our CEO and his family and guests. Such personal use is subject to limits on the number of hours which are set by our Compensation Committee and reviewed annually. In fiscal 2014, Mr. Brown's personal use of Company-owned aircraft was below the limits set by our Compensation Committee. Our CEO is responsible for paying the tax on income imputed for such personal use of aircraft.

Perquisites provided in fiscal 2014, namely annual physical examinations and limited personal use of Company-owned aircraft, represent a small portion of the total compensation of each named executive officer. The dollar values ascribed to these perquisites in fiscal 2014 are set forth in the Summary Compensation Table on page 55 under the All Other Compensation column and related notes.

Policies Relating to Our Common Stock

Stock Ownership Guidelines

To further promote ownership of shares by management and to more closely align management and shareholder interests, our Compensation Committee has established stock ownership guidelines for our Board-elected officers. Executives are expected to own Harris stock having a minimum value, denominated as a multiple of their annual base salaries, which can be accumulated over a five-year period from the date of hire or promotion into a covered position. Our Compensation Committee annually reviews the stock ownership guidelines, including reviewing the stock ownership guidelines of our compensation comparison group.

Table of Contents

The current stock ownership guidelines are as follows:

CEO five times base salary;

Senior Corporate Officers and Group Presidents (including the other named executive officers) three times base salary; and

Other corporate officers two times base salary.

Shares that count toward the stock ownership guidelines include shares owned outright or jointly by the executive, shares credited in our Retirement Plan, share equivalents represented by amounts deferred in the Harris stock fund account of our SERP, and restricted stock and restricted stock unit awards (on an after-tax basis). Stock options and unearned performance share units do not count for the purpose of measuring compliance with the ownership guidelines. Executives age 62 or older are not subject to the guidelines. An annual review is conducted by our Compensation Committee to assess compliance with the guidelines. As of September 1, 2014, our named executive officers currently employed by us met their applicable ownership guidelines, or were on track to achieve their ownership guidelines within the applicable compliance timeframe.

Our Equity-Based Compensation Award Practices

As described above, our annual cycle for grants to executive officers of stock option and other equity awards typically occurs at the same time as decisions relating to base salary increases and annual cash incentive awards. This occurs early in the fiscal year, typically in late August, following the release of our financial results for the preceding fiscal year and the completion of the audit of our financial statements. The dates for the meetings at which such grants are typically made are set well in advance of such meetings, typically one year or more. We typically make annual equity grants to our other eligible employees on the same date as the grants to executive officers. Our Compensation Committee may also make grants of equity awards to executive officers at other times during the year due to special circumstances, such as new hires or promotions or for retention or recognition. We have not repriced options and if our stock price declined after the grant date, we have not replaced options. The exercise price of stock options is the closing market price of our common stock on the grant date or, if the grant is

made on a weekend or holiday, the closing market price of our common stock on the prior business day. Our Compensation Committee or Board also has the discretion to set the exercise price of stock options higher than the closing market price of our common stock on the grant date.

Pursuant to our policy on equity grant practices previously adopted by our Compensation Committee, the grant date of equity awards made outside of the annual grant cycle, whether for new hires, promotions, retention or recognition, shall be the first trading day of the month following the new hire date or promotion, retention or recognition, provided if such trading day is during a quiet period under our insider trading policy, the grant will be made on the first trading day following the end of such period. We do not time equity grants to take advantage of information, either positive or negative, about Harris that has not been publicly disclosed.

As permitted by the terms of our 2005 Equity Incentive Plan, our Board has delegated to our CEO the authority to make equity grants to employees who are not executive officers. Such grants are subject to our equity grant policy. The maximum number of shares and options that can be awarded pursuant to this delegation is set by our Compensation Committee, which reviews these awards annually.

Insider Trading Policy and Policy Against Hedging and Pledging

Our insider trading policy prohibits directors, employees and certain of their family members from purchasing or selling any type of security, whether issued by us or another company, while such person is aware of material non-public information relating to the issuer of the security (except pursuant to an approved 10b-5 trading plan) or from providing such material non-public information to any person who may trade while aware of such information. This policy also prohibits directors and employees from engaging in short sales with respect to our securities, and from entering into hedging, puts, calls or other derivative transactions with respect to our securities. Our policies also prohibit directors and executives from purchasing Harris stock on margin, holding Harris stock in a margin account or otherwise pledging our stock as collateral for margin accounts, loans or any other purpose. Use of cashless exercise procedures to exercise stock options granted by us is permitted by this policy if such exercise complies with our insider trading and other relevant policies. None of our directors or executive

Table of Contents

officers pledged our stock during fiscal 2014. We also have procedures that require trades by directors and executive officers to be pre-cleared by our General Counsel or his staff.

Tax and Accounting Considerations

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally prohibits a public company from deducting compensation paid in any year in excess of \$1 million to the company's CEO or any of the company's three other most highly compensated executive officers (other than the chief financial officer) as of the end of the year. Certain compensation is specifically exempt from the deduction limit to the extent it is performance-based. In evaluating whether to structure executive compensation components as performance-based and thus, exempt from the deduction limit, our Compensation Committee considers the net cost to us, and its ability to effectively administer executive compensation in the long-term interest of shareholders. Stock option grants and performance share or performance share unit awards made to executive officers under our equity incentive plans, and cash payments under our Annual Incentive Plan, are structured generally to be deductible under Section 162(m). Our Compensation Committee believes, however, that it is important to preserve flexibility in administering compensation programs in a manner designed to promote corporate goals. Accordingly, our Compensation Committee from time to time has approved elements of compensation that were consistent with the objectives of our executive compensation program, but that may not be fully deductible. For example, sign-on bonuses and grants of restricted stock or restricted stock units are not performance-based under Section 162(m) and, in certain instances, deductibility of such compensation may be limited.

Nonqualified Deferred Compensation

Section 409A of the Internal Revenue Code requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the law with respect to the timing of deferral elections, timing of payments and certain other matters. If such requirements are not complied with, amounts that are deferred under compensation arrangements that are subject to Section 409A will be currently includable in income to the employee and subject to an excise tax to be

assessed on the employee. In general, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees so that they are either exempt from, or satisfy the requirements of, Section 409A.

Accounting for Share-Based Compensation

Before we grant share-based compensation awards, we consider the accounting impact of the award as structured and other scenarios in order to analyze the expected impact of the award.

RELATIONSHIP BETWEEN COMPENSATION

PLANS AND RISK

In fiscal 2011, our Compensation Committee and management, with the assistance of Aon Hewitt Associates LLC, conducted a review of our compensation strategy, plans, programs, policies and practices, including executive compensation and

Table of Contents

major broad-based compensation programs in which salaried and hourly employees at various levels of our organization participate. The goal of this review was to assess whether any of our compensation strategy, plans, programs, policies or practices, either individually or in the aggregate, would encourage executives or employees to undertake unnecessary or excessive risks that were reasonably likely to have a material adverse impact on Harris.

We reviewed our variable pay, sales commission and other compensation plans and considered the number of participants in each plan, the participants' levels within the organization, the target and maximum payment potential and the performance criteria under each plan, and the type of plan. Management and our Compensation Committee also applied a risk assessment to those plans that were identified as having the potential to deliver a material amount of compensation, which were the annual and long-term incentive plans that are described in the Compensation Discussion and Analysis section of this proxy statement. In fiscal 2012, 2013 and 2014, our Compensation Committee and management, with the assistance of Aon Hewitt, again conducted a review of such compensation strategy, plans, programs, policies and practices, with a focus on those that changed since fiscal 2011. Management and our Compensation Committee again concluded that our executive compensation strategy, plans, programs, policies and practices do not pose material risk due to a variety of mitigating factors. These factors include:

An emphasis on long-term compensation that utilizes a balanced portfolio of compensation elements, such as cash and equity and delivers rewards based on sustained performance over time;

Our Compensation Committee's power to set short- and long-term performance objectives for our incentive plans, which we believe are appropriately correlated with shareholder value and which use multiple financial metrics to measure performance;

Our performance share awards and performance share unit awards focus on cumulative operating income and average annual ROIC over overlapping three-year performance periods. This creates a focus on driving sustained performance over multiple performance periods, which mitigates the potential for executives to take excessive risks to drive one-time, short-term performance spikes in any one performance period;

The use of equity awards with vesting periods to foster retention and align our executives' interests with those of our shareholders;

Capping the potential payouts under both short- and long-term incentive plans to eliminate the potential for any windfalls;

A clawback policy that allows us to recover all or a portion of any performance-based compensation if our financial statements are restated as a result of errors, omissions or fraud;

Share ownership guidelines; and

A broad array of competitive benefit programs that offer employees and executives an opportunity to build meaningful retirement assets and benefit protections throughout their careers.

As a result of this review, both management and our Compensation Committee concluded that our compensation strategy, plans, programs, policies and practices are not reasonably likely to have a material adverse effect on Harris.

Table of Contents**SUMMARY COMPENSATION TABLE**

(1) The Salary column reflects the base salary for each of our named executive officers for the fiscal year. The amounts shown include any portion of base salary deferred and contributed by our named executive officers to our Retirement Plan or our SERP. See the Nonqualified Deferred Compensation Table on page 66 and related notes for information regarding contributions by our named executive officers to our SERP.

(2) The amount shown under the Bonus column (a) for fiscal 2013 for Mr. Duffy represents a one-time cash sign-on bonus paid under the terms of his offer letter agreement; and (b) for fiscal 2012 for Mr. Brown represents a one-time cash make-whole, sign-on bonus paid under the terms of his employment agreement intended to replace a portion of the compensation he forfeited from his prior employer in order to join us.

(3) Amounts shown under the Stock Awards column reflect the aggregate grant date fair value computed in accordance with ASC 718 for fiscal 2014, 2013 and 2012, respectively, with respect to performance share units and restricted stock units granted to our named executive officers. Amounts reflect our accounting for these awards and do not necessarily correspond to the actual values that may be realized by our named executive officers. The fair value of performance

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

share units granted in fiscal 2014 and 2013 was calculated in accordance with ASC 718 based on a multifactor Monte Carlo valuation model that simulates our stock price and total shareholder return relative to the other companies in our applicable total shareholder return peer group. The fair value of performance share units granted in fiscal 2012 and restricted stock units granted in fiscal 2014, 2013 and 2012 was determined as of the grant date using the closing market price of our common stock on the grant date (or date of modification). The fiscal 2014 amount for Mr. McArthur also reflects the incremental fair value of \$413,909 as a result of the modification to his outstanding restricted stock unit award as provided in his separation agreement, computed as of the February 28, 2014 modification date in accordance with ASC 718.

The assumptions used for the valuations are set forth in Note 14 to our audited consolidated financial statements in our Annual Report on Form 10-K for the respective fiscal year end. Pursuant to SEC rules, we disregarded the estimates of forfeitures related to service-based vesting conditions. The valuations reflect the following discounts per share, because dividends are not paid on performance share units during the performance period: (a) \$5.35 per share for the fiscal 2014 performance share units granted to our named executive officers in August 2013; (b) \$3.97 per share for the fiscal 2013 performance share units granted to our named executive officers in August 2012; (c) \$3.70 per share for the fiscal 2012 performance share units granted to our named executive officers in August 2011 (other than Mr. Brown, in the case of the fiscal 2012 performance share units granted to Mr. Brown); and (d) \$2.35 per share for the fiscal 2012 performance share units granted to Mr. Brown that vested in fiscal 2013 and \$3.70 per share for the fiscal 2012 performance share units granted to Mr. Brown that vested in fiscal 2014. The grant date fair values of performance share units included in this column were

Table of Contents

computed based on the probable outcome of the performance conditions as of the grant date of such awards, which is at target. See the Grants of Plan-Based Awards in Fiscal 2014 Table on page 59 and related notes and the Compensation Discussion and Analysis section of this proxy statement for information with respect to stock awards made in fiscal 2014 and the Outstanding Equity Awards at 2014 Fiscal Year End Table on page 61 and related notes for information with respect to stock awards made prior to fiscal 2014.

The respective grant date fair values of the performance share units granted in fiscal 2014, 2013 or 2012, as applicable, assuming at such grant date the maximum payment of 200% of target, are as follows: Mr. Brown \$4,695,760, \$4,373,490 and \$9,243,648; Mr. Duffy \$1,058,032 and \$813,450; Mr. Fox \$1,355,232; Mr. Mehnert \$1,355,232, \$1,291,950 and \$842,952; and Mr. McArthur \$1,759,424, \$1,665,180 and \$1,101,276.

Each performance share unit earned at the end of the applicable multi-year performance period and paid out receives accrued dividend equivalents in an amount equal to the cash dividends or other distributions, if any, which are paid with respect to issued and outstanding shares of our common stock during the performance period. Payment of such dividend equivalents will be made in cash at the time of the actual payout of performance share units ultimately earned as determined after completion of the performance period. Dividends declared with respect to issued and outstanding shares of our common stock were \$1.68, \$1.48 and \$1.22 per share in fiscal 2014, 2013 and 2012, respectively. The dollar value of dividend equivalents on vested performance share units will be included in the All Other Compensation column.

(4) Amounts shown under the Option Awards column reflect the aggregate grant date fair value computed in accordance with ASC 718 for fiscal 2014, 2013 and 2012, respectively, with respect to stock options granted to our named executive officers. Amounts reflect our accounting for these stock option grants and do not necessarily correspond to the actual values that may be realized by our named executive officers. The grant date fair value of each stock option grant was calculated at the grant date using the Black-Scholes-Merton option-pricing model. The grant date fair values per share of our common stock underlying each option were as follows: (a) \$12.39 per share for fiscal 2014 option grants to Messrs. Brown, Duffy, Fox, Mehnert and McArthur in August 2013; (b) \$10.33 per share for fiscal 2013 option grants to Messrs. Brown, Mehnert and McArthur in August 2012; (c) \$9.34 per share for the initial fiscal 2013 option grant to Mr. Duffy on August 2, 2012 for 17,000 shares following his July 23, 2012 start date and \$10.33 per share for the fiscal 2013 option grant to Mr. Duffy on August 24, 2012 for 33,600 shares; (d) \$9.49 per share for fiscal 2012 option grants to Messrs. Mehnert and McArthur in August 2011; and (e) \$9.20 per share for the fiscal 2012 option grant to Mr. Brown on his November 1, 2011 start date. The assumptions used for the valuations are set forth in Note 14 to our audited consolidated financial statements in our Annual Report on Form 10-K for the respective fiscal year end. Pursuant to SEC rules, we disregarded the estimates of forfeitures related to service-based vesting conditions. See the Grants of Plan-Based Awards in Fiscal 2014 Table on page 59 and related notes and the Compensation Discussion and Analysis section of this proxy statement for information with respect to stock options granted in fiscal 2014 and the Outstanding Equity Awards at 2014 Fiscal Year End Table on page 61 and related notes for information with respect to stock options granted prior to fiscal 2014.

(5) Amounts shown under the Non-Equity Incentive Plan Compensation column reflect payouts of (a) cash amounts earned under our Annual Incentive Plan for services performed in fiscal 2014, 2013 and 2012, respectively, and (b) cash amounts earned under our Performance Reward Plan in fiscal 2014, 2013 and 2012, respectively. Payouts were determined by our independent directors, in the case of Mr. Brown, and our Compensation Committee, in the case of our other named executive officers, in August 2014, August 2013 and August 2012, respectively, and paid shortly thereafter. The amounts shown include any portion of such payments deferred and contributed by our named executive officers to our Retirement Plan or our SERP. See the Nonqualified Deferred Compensation Table on page 66 and related notes for information regarding contributions by our named executive officers to our SERP. The amounts shown for fiscal 2014 are comprised of the following amounts: Mr. Brown \$1,513,000 under our Annual Incentive Plan and \$91,252 under our Performance Reward Plan; Mr. Lopez \$190,000 under our Annual Incentive Plan; Mr. Duffy \$425,000 under our Annual Incentive Plan and \$29,556 under our Performance Reward Plan; Mr. Fox \$460,000 under our Annual Incentive Plan and \$32,192 under our Performance Reward Plan; Mr. Mehnert \$307,000 under our Annual Incentive Plan and \$28,531 under our Performance Reward Plan; and Mr. McArthur \$32,764 under our Performance Reward Plan. For additional information about our Annual Incentive Plan and Performance Reward Plan and these payouts, see the Compensation Discussion and Analysis section of this proxy statement and the Grants of Plan-Based Awards in Fiscal 2014 Table on page 59 and related notes.

The amounts shown for fiscal 2013 are comprised of the following amounts: Mr. Brown \$956,000 under our Annual Incentive Plan and \$62,346 under our Performance Reward Plan; Mr. Duffy \$276,000 under our Annual Incentive Plan; Mr. Mehnert \$256,000 under our Annual Incentive Plan and \$27,323 under our Performance Reward Plan; and Mr. McArthur \$363,000 under our Annual Incentive Plan and \$35,241 under our Performance Reward Plan.

(a) Amounts shown reflect the dollar value of the premiums paid by us on life insurance for our named executive officers under our broad-based group basic life insurance benefit.

(b) Amounts shown reflect Harris contributions under our Retirement Plan, which is a tax-qualified, defined contribution plan. Mr. Lopez did not receive a contribution because he had not yet met the one-year service requirement.

(c) Amounts shown reflect Harris credits under our SERP, which is an unfunded, nonqualified defined contribution retirement plan. For additional information regarding our SERP, see the Nonqualified Deferred Compensation Table on page 66 and related notes. Mr. Lopez did not receive a credit because he had not yet met the one-year service requirement.

(d) Perquisites and other personal benefits for Messrs. Fox, Mehnert and McArthur are not reported for fiscal 2014 because the total incremental cost to us per individual was less than \$10,000. Perquisites and other personal benefits provided to Mr. Brown for fiscal 2014 consisted of personal use of Harris-owned aircraft. Perquisites and other personal benefits provided to Mr. Lopez for fiscal 2014 consisted of: (i) payment or reimbursement of relocation, commuting and related temporary living expenses and allowance of \$110,032; and (ii) payment of \$9,929 for legal services related to the negotiation of his offer letter agreement. Perquisites and other personal benefits provided to Mr. Duffy for fiscal 2014 consisted of payment or reimbursement of relocation and related expenses.

The incremental cost to Harris of personal use of Harris-owned aircraft is calculated based on the average variable operating costs to Harris. Variable operating costs include fuel, maintenance, weather-monitoring, on-board catering, trip-related hangar/parking, landing/ramp fees and other miscellaneous variable costs. The total annual variable costs are divided by the annual number of miles the Harris aircraft flew to derive an average variable cost per mile. This average variable cost per mile is then multiplied by the miles flown for personal use to derive the incremental cost. The methodology excludes fixed costs that do not change based on usage, such as pilots and other employees salaries, purchase costs of the aircraft and non-trip related hangar expenses. The taxable benefit associated with personal use of Harris-owned aircraft is imputed to our named executive officers at Standard Industry Level rates and named executive officers do not receive any gross-up for payment of taxes for such imputed income. The amount related to the loss of tax deduction to us due to the personal use of Harris-owned aircraft under the Internal Revenue Code is not included.

As noted above, we also offer an additional long-term disability benefit to employees with eligible compensation in excess of \$400,000. No premiums are payable by us for this benefit and there is no incremental cost reflected for our named executive officers.

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

Additionally, as noted above, we also offer our executives the ability to participate in a group excess liability umbrella policy. No premiums are payable by us for this benefit and there is no incremental cost reflected for our named executive officers.

Certain Harris-related events may include meetings and receptions with our customers, executive management or Board attended by the named executive officer and a spouse or guest. If the Harris-owned aircraft is used and a spouse or guest travels with the named executive officer, no amounts are included because there is no incremental cost to Harris. We also have Harris-purchased tickets to athletic or other events generally for business purposes. In limited instances, executives, including our named executive officers, may have personal use of Harris-purchased event tickets. No amounts are included because there is no incremental cost to Harris of such personal use. For a discussion of perquisites and other personal benefits provided to our named executive officers, see the Compensation Discussion and Analysis section of this proxy statement.

- (e) Amounts shown represent reimbursement for taxes on imputed income associated with the relocation-related benefits provided to Messrs. Lopez and Duffy. This reimbursement is in accordance with our relocation policies for salaried employees.

- (f) Amounts shown reflect the dollar value of dividend equivalents paid in cash to Messrs. Brown, Fox, Mehnert and McArthur with respect to performance share units ultimately earned for the fiscal 2012-2014 three-year performance period. The value of such dividend equivalents was not factored into the grant date fair value of such performance share units.

- (g) For Mr. McArthur, the Other column includes separation-related payments comprised of: (i) an amount equal to his annual base salary of \$585,000; (ii) an amount equal to his annual incentive compensation for fiscal 2014 at target of \$417,000 (in lieu of a pro-rated payout subject to our financial results and Mr. McArthur's individual performance against established goals); (iii) \$112,500 for unused accrued vacation time; (iv) \$33,750 for services performed from his last day as our Chief Financial Officer through his February 28, 2014 separation date; (v) \$25,000 to cover incidental expenses related to his separation; and (vi) the payment by us of up to \$18,142 for premium costs for the continuation of medical, dental and vision care plans for a period of up to 12 months following his separation date. Additional information regarding the terms of Mr. McArthur's separation agreement is set forth in the Potential Payments Upon Termination or Change in Control section of this proxy statement, beginning on page 67.

In connection with his separation, Mr. McArthur forfeited all of such options and performance share units. In connection with Mr. McArthur's separation, we modified Mr. McArthur's outstanding restricted stock units granted on November 1, 2011 to enable them to remain outstanding and eligible to vest as if he had remained employed by us to November 1, 2014, rather than being paid out on a pro-rated basis. This modification enabled an additional 5,607 restricted stock units to vest and resulted in incremental fair value under ASC 718 of \$413,909. Amounts reflect our accounting for these awards and do not correspond to the actual values that may be realized by Mr. McArthur.

(1) The Estimated Possible Payouts Under Non-Equity Incentive Plan Awards column shows the range of cash payouts that were possible in respect of awards under our Annual Incentive Plan and our Performance Reward Plan in respect of fiscal 2014 performance (for performance below threshold, no amount is paid). Amounts actually earned for fiscal 2014 were determined by our independent directors, in the case of Mr. Brown, and our Compensation Committee, in the case of our other named executive officers, in August 2014 and paid shortly thereafter and are reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table on page 55. For additional information related to our Annual Incentive Plan and our Performance Reward Plan, including performance measures, targets and weighting, see the Compensation Discussion and Analysis section of this proxy statement.

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

- (2) The Estimated Future Payouts Under Equity Incentive Plan Awards column shows the range of performance share units that may be earned in respect of performance share units granted under our 2005 Equity Incentive Plan in fiscal 2014 for the three-year performance period of fiscal 2014-2016. The number of shares that may be earned by each named executive officer (other than Mr. McArthur) will range from 0% to a maximum of 200% of the target number of performance share units and will be based on the extent of weighted achievement of targets for cumulative operating income for the performance period and average annual ROIC for the same period, subject to possible adjustment based on our total shareholder return compared with companies in the Standard & Poor's 500. In connection with his separation, Mr. McArthur forfeited all performance share units granted to him in fiscal 2014. For additional information related to the performance measures, targets and weighting, see the Compensation Discussion and Analysis section of this proxy statement. Cash dividend equivalents are not paid during the performance period on performance share units. The performance share units granted in fiscal 2014 provide that each performance share unit earned and paid out will receive accrued dividend equivalents in an amount per share equal to the cash dividends or other distributions, if any, which are paid with respect to an issued and outstanding share of our common stock during the performance period, and that payment of such dividend equivalents will be made in cash at the time of the actual payout of performance share units ultimately earned as determined after completion of the performance period. For performance share units granted in fiscal 2014, an executive officer must remain employed with us through the last day of the performance period to earn an award, although, subject to a minimum holding period ending on the last day of the first fiscal year of the three-year performance period, a pro-rata portion of the award will be earned if employment terminates as a result of death, disability or retirement after age 55 with 10 or more years of full-time service, or involuntary termination of the executive other than for misconduct. See the Potential Payments Upon Termination or a Change in Control section of this proxy statement beginning on page 67 for the treatment of performance share units in these situations and upon a change in control.
- (3) The All Other Stock Awards: Number of Shares of Stock or Units column shows restricted stock units granted in fiscal 2014 to Messrs. Brown and Lopez, and for Mr. McArthur, shows the incremental number of restricted stock units that were permitted to vest as a result of the modification of the terms and conditions of the restricted stock units granted to him in November 2011. Dividend equivalents are paid on these restricted stock units in an amount equal to dividends paid on our common stock. In the case of death or disability, subject to a

Table of Contents

minimum one-year holding period, or upon a change in control, restricted stock units granted in fiscal 2014 will immediately vest. Subject to a minimum one-year holding period, in the case of retirement after age 55 with 10 or more years of full-time service, or involuntary termination of employment other than for misconduct, restricted stock units granted in fiscal 2014 will vest and be pro-rated. For additional information related to the terms and conditions of the restricted stock units granted by us, see the Outstanding Equity Awards at 2014 Fiscal Year End Table on page 61 and related notes.

- (4) The **All Other Option Awards: Number of Securities Underlying Options** column shows the number of shares of our common stock underlying stock options granted in fiscal 2014. These options vest in equal installments of one-third each on the first, second and third anniversary of the grant date. In the case of death or disability, subject to a minimum one-year holding period, or in the case of a change in control, options granted in fiscal 2014 will immediately vest and become exercisable. These stock options expire no later than 10 years from the grant date. For additional information related to the terms and conditions of the stock options granted by us, see the Outstanding Equity Awards at 2014 Fiscal Year End Table on page 61 and related notes. In connection with his separation, Mr. McArthur forfeited all stock options granted to him in fiscal 2014.
- (5) The **Exercise or Base Price of Option Awards** column shows the exercise price per share for the stock options at the time of grant, which was the closing market price per share of our common stock on the grant date or, if the grant is made on a weekend or holiday, the closing market price of our common stock on the prior business day.
- (6) The **Grant Date Fair Value of Stock and Option Awards** column shows the aggregate grant date fair value computed in accordance with ASC 718 of the performance share units (at target), restricted stock units and stock options granted in fiscal 2014. In accordance with SEC rules, the amounts in this column reflect the grant date fair value without reduction for estimates of forfeitures related to service-based vesting conditions. The grant date fair value of each stock option grant was calculated at the grant date using the Black-Scholes-Merton option-pricing model. The grant date fair value per share of our common stock underlying each option granted to our named executive officers in fiscal 2014 was \$12.39 per share.

The grant date fair value of performance share units shown in this column is computed based on the probable outcome of the performance conditions as of the grant date of such awards, which is at target. The grant date fair value of performance share units granted in fiscal 2014 was calculated in accordance with ASC 718 based on a multifactor Monte Carlo valuation model that simulates our stock price and total shareholder return relative to the other companies in the Standard & Poor's 500. The grant date fair value of performance share units granted to our named executive officers in fiscal 2014 based on such Monte Carlo simulation was \$64.79 less a discount of \$5.35 per share, because dividends are not paid on performance share units during the performance period, for a grant date fair value of \$59.44 per share. The grant date fair value of restricted stock units granted in fiscal 2014 to Messrs. Brown and Lopez was determined as of the grant date using the closing market price of our common stock on the grant date. The assumptions used for the valuations are set forth in Note 14 to our audited consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended June 27, 2014. These amounts reflect our accounting for these grants and do not necessarily correspond to the actual values that may be realized by our named executive officers. In accordance with SEC requirements, the amounts disclosed for Mr. McArthur are the grant date fair values of the performance share units and stock options granted to him in fiscal 2014, even though he forfeited such performance share units and stock options in connection with his separation from Harris effective February 28, 2014.

- (7) For Mr. McArthur, the amounts shown under the **Estimated Possible Payouts Under Non-Equity Incentive Plan Awards** column reflect the initial range of possible cash payouts to Mr. McArthur under our Annual Incentive Plan and our Performance Reward Plan in respect of fiscal 2014 performance. Under his separation agreement, Mr. McArthur is entitled to receive a cash payment of his annual incentive compensation at target of \$417,000 (in lieu of a pro-rated payout subject to our financial results and Mr. McArthur's individual performance against established goals).

Under his separation agreement, the terms and conditions of the restricted stock units granted to Mr. McArthur on November 1, 2011 were modified to permit them to remain outstanding and eligible to vest as if he had remained employed by us to the November 1, 2014 vesting date, rather than being paid out on a pro-rated basis. The amount shown for the grant with a date of February 28, 2014 reflects the effective date of the modification of such restricted stock unit award and the amounts shown under the **Grant Date Fair Value of Stock and Option Awards** column also reflects incremental fair value, computed as of the modification date (February 28, 2014) in accordance with ASC 718, with respect to such modified restricted stock unit award.

(1) All options granted are nonqualified stock options. The exercise price at the time of grant for all stock option grants is the closing market price of a share of our common stock on the grant date except that the grant made to Mr. Brown by the independent directors of the Board on August 25, 2012 was an annual grant made on a Saturday using the closing market price on the prior business day in accordance with the terms of our equity incentive plan. The exercise price may be paid in cash and/or shares of our common stock, or an option holder may use broker assisted cashless exercise procedures. In the event of death while employed, subject to a minimum one-year vesting period in the case of options granted after June 29, 2013, unvested options shall immediately become fully vested and all options shall be exercisable for up to 12 months following the date of death but not later than the regularly scheduled expiration date. In the event of disability while employed, options granted prior to July 4, 2009 shall continue to vest in accordance with the vesting schedule and be exercisable until the regularly scheduled expiration date and options granted on or after July 4, 2009 but prior to June 29, 2013 shall immediately fully vest and be exercisable until the regularly scheduled expiration date and, subject to a minimum one-year vesting period in the case of options granted after June 29, 2013, immediately fully vest and shall be exercisable until the regularly scheduled expiration date. In the event of retirement after age 62 with 10 or more years of full-time service, subject to a minimum one-year vesting period in the case of options granted after June 29, 2013, options shall continue to vest in accordance with the vesting schedule and be exercisable until the regularly scheduled expiration date. In the event of retirement before age 62, but after age 55 with 10 or more years of full-time service, subject to a minimum one-year vesting period in the case of options granted after June 29, 2013, options shall cease vesting and options exercisable at the time of such retirement will continue to be exercisable until the regularly scheduled expiration date, but unvested options are forfeited. In the event of termination of employment of an option holder by us other than for misconduct, unvested options are forfeited and, subject to a minimum one-year vesting period in the case of options granted after June 29, 2013, vested options may be exercised until the sooner of 90 days following such involuntary termination or the regularly scheduled expiration date. If an option holder's employment is terminated by us for misconduct, all vested and unvested options are automatically forfeited. In the event of resignation or voluntary termination of employment by the option holder, unvested options are automatically forfeited and, subject to a minimum one-year vesting period in the case of options granted after June 29, 2013, vested options may be exercised until the sooner of

30 days following such resignation or voluntary termination or the regularly scheduled expiration date. In the event of a change in control, outstanding unvested options immediately vest and become exercisable until the regularly scheduled expiration date. As described in the Potential Payments Upon Termination or a Change in Control Employment Agreement William M. Brown section of this proxy statement, a portion of the options granted to Mr. Brown on November 1, 2011 will continue to vest following a termination of his employment by us without cause or by Mr. Brown for constructive termination and a portion will fully vest.

(2) The following table details the regular vesting schedule for all unvested stock option grants for each named executive officer. In general, options granted on or after August 27, 2004, but prior to August 28, 2009, expire seven years from the grant date and options granted on or after August 28, 2009 expire 10 years from the grant date.

(3) These are restricted stock units and, in the case of Mr. Brown, consist of (a) 29,683 performance share units earned in fiscal 2013 for the fiscal 2012-2013 performance period, but which did not vest until July 1, 2014, and (b) 3,500 restricted stock units granted on August 23, 2013 that will vest on August 23, 2016 if Mr. Brown is employed by us on such date. We granted Mr. Lopez 12,500 restricted stock units on March 3, 2014 that will vest on March 3, 2017 if Mr. Lopez is employed by us on such date. We granted Mr. Duffy 4,300 restricted stock units on August 2, 2012 of which one-third (1,434) vested on August 2, 2013, one-third (1,433) vested on August 2, 2014 and the remaining one-third (1,433) will vest on August 2, 2015 if Mr. Duffy is employed by us on such date. We granted Mr. Mehnert 25,000 restricted stock units on November 1, 2011 that will vest on November 1, 2014 if Mr. Mehnert is employed by us on such date. We granted Mr. McArthur 25,000 restricted stock units on November 1, 2011 that will vest on November 1, 2014 as set forth in his separation agreement. During the restricted period of restricted stock units, the holder may not vote, sell, exchange, assign, transfer, pledge or otherwise dispose of such units. Dividend equivalents are paid on restricted stock units in an amount equal to the dividends paid on our common stock. In the event of involuntary termination other than for misconduct or retirement after age 55 with 10 or more years of full-time service prior to full vesting, subject to a minimum one-year holding period in the case of restricted stock units granted after June 29, 2013, awards of restricted stock units will be pro-rated based on the period worked during the restricted period and (a) for restricted stock units granted prior to June 30, 2012, paid out at the end of the relevant restricted period, and (b) for restricted stock units granted after June 30, 2012, paid out promptly (but subject to any delay required by Federal tax law). In the event of death or disability prior to full vesting, subject to a minimum one-year holding period in the case of restricted stock units granted after June 29, 2013, restricted stock units will immediately vest. Upon a change in control, restricted stock units will immediately vest and will be paid as soon as reasonably practicable, but not later than 60 days following the change in control, or in certain events, promptly following the expiration of the initial restriction period.

Table of Contents

- (5) These are performance share units granted in (a) fiscal 2013 for the three-year performance period of fiscal 2013-2015 and (b) fiscal 2014 for the three-year performance period of fiscal 2014-2016. For Mr. McArthur, these are performance share units granted in fiscal 2013, pro-rated to reflect his forfeiture of a portion of the number of units originally granted to him in fiscal 2013 as a result of his separation from Harris. Mr. McArthur forfeited all performance share units granted to him in fiscal 2014 as a result of his separation from Harris. For all of our named executive officers, the numbers of performance share units and related values as of June 27, 2014 represent the maximum possible payouts of the performance share units (200% of the target award), rather than payouts of the performance share units at target, in accordance with SEC rules requiring reporting of these amounts in this manner because our performance exceeded target during the last completed fiscal year or years over which performance is measured. Actual results may cause our named executive officers to earn from 0% to 200% of the target award for such performance share units. The performance share units granted in fiscal 2013 and 2014 provide that each performance share unit earned and paid out will receive accrued dividend equivalents in an amount per share equal to the cash dividends or other distributions, if any, which are paid with respect to an issued and outstanding share of our common stock during the performance period, and that payment of such dividend equivalents will be made at the time of the actual payout of performance share units ultimately earned as determined after completion of the performance period. In the event of involuntary termination other than for misconduct, retirement after age 55 with 10 or more years of full-time service prior to vesting, or death or disability, subject to a minimum holding period ending on the last day of the first fiscal year of the three-year performance period in the case of performance share units granted after June 29, 2013, awards of performance share units will be pro-rated based on the period worked during the performance period, with such units paid at the end of the performance period based on our performance. Upon a change in control, performance share units are deemed fully earned and vested immediately and will be paid at the end of the three-year performance period at not less than the target level, subject to accelerated payout or forfeiture in certain circumstances. For more information regarding performance share units, see the Grants of Plan-Based Awards in Fiscal 2014 Table on page 59 and related notes and the Compensation Discussion and Analysis section of this proxy statement. This Outstanding Equity Awards at 2014 Fiscal Year End Table does not include the performance share units granted to Messrs. Brown, Fox, Mehnert and McArthur in fiscal 2012 for the three-year performance period of fiscal 2012-2014, because these performance share units became fully vested at the end of the performance period on June 27, 2014 and consequently are included in the Option Exercises and Stock Vested in Fiscal 2014 Table on page 64 under the Stock Awards column.
- (6) The market value shown was determined by multiplying the number of unearned performance share units (at maximum) by the \$75.98 closing market price per share of our common stock on June 27, 2014, the last trading day of our fiscal 2014.
