(i) 100% of the aggregate principal amount of the notes to be redeemed, and

(ii) an amount equal to sum of the present value of the remaining scheduled payments of principal of and interest on the notes to be redeemed (excluding accrued and unpaid interest to the redemption date and subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date) discounted from their scheduled date of payment to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Treasury Rate plus 50 basis points

plus, in each of the above cases, accrued and unpaid interest, if any, to such redemption date.

Accordingly, purchasers who wish to trade notes prior to the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially settle in T+7, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to their date of delivery hereunder should consult their advisors.
