PROXY STATEMENT

Solicitation by the Board of Directors of Proxies from

May 20, 2015

GENERAL INFORMATION

The Board of Directors of PrimeEnergy Corporation, a Delaware corporation, (hereinafter called the Company) solicits your proxy in the enclosed form which, if you do not plan to attend the Annual Meeting of Stockholders of the Company on Wednesday, May 20, 2015, you are requested to fill out, sign as indicated and return to the Company in the enclosed self-addressed envelope, which requires no postage if mailed in the United States. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is exercised by notice (i) in person by the stockholder's oral revocation at the Annual Meeting or (2) in writing to the Company at One Landmark Square, Stamford, Connecticut 06901 (Attention: Corporate Secretary), if the proxy was executed and returned. The approximate date on which the proxy statement and form of proxy will be sent to security holders is April 22, 2015.

Proxies are being solicited by mail and all expenses of solicitation have been or will be borne by the Company. In addition, arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to their principals and the Company will reimburse them for their expenses in so doing.

Only stockholders of record at the close of business on April 14, 2015 (the Record Date), are entitled to vote at the 2015 Annual Meeting and any adjournment thereof. There were 2,316,344 shares of common stock (Common Stock) outstanding on the Record Date. Each holder of Common Stock is entitled to vote on the proposal presented in this Proxy Statement for each share held, each share entitling the record holder thereof to one vote.

Matters to be Voted on at the Annual Meeting

The only matter that is scheduled to be voted on at the Annual Meeting is the election of seven (7) Directors named herein to the Board of Directors of the Company.

Vote Required

All shares of the Company represented by proxies received in time and in proper form and condition and not revoked will be voted as specified in the proxy; or in the absence of specific direction, the proxy will be voted by the person designated therein:

FOR the election as Directors of the Company of the seven (7) nominees named herein, to hold office until the next annual meeting of stockholders and until their respective successors shall be duly elected.

In the event any of the nominees should become unable to serve as a Director, it is intended that, pursuant to the accompanying form of proxy, votes will be cast for a substitute nominee designated by the Board of Directors.

The election of Directors will require the affirmative votes of a plurality of the shares of the Common Stock voting in person or by proxy at the Annual Meeting. The Company's transfer agent will tabulate all votes that are received prior to the date of the Annual Meeting. The Company will appoint two inspectors of election, who may

be officers or employees, to receive the transfer agent's tabulation, to tabulate all other votes, and to certify the results of the elections. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting (i.e., for quorum purposes), but shall not be counted for the purposes of the election of Directors.

The management knows of no matters to be submitted to the 2015 Annual Meeting with respect to which the stockholders are entitled to vote other than the election of Directors, but if procedural matters do properly come before the Meeting, the persons named in the proxy will vote according to their best judgment.

CORPORATE GOVERNANCE

Board Independence and Composition

The core responsibility of the Board of Directors is to provide objective, independent judgment in its management oversight function and the Board's composition reflects that principle. The Board is composed of a majority of independent directors. A director's independence is determined in accordance with the definition set forth in National Association of Securities Dealers (NASDAQ) listing standards and other pertinent and applicable legal and regulatory standards. The Board of Directors annually reviews the relationships between directors or members of their immediate families and the Company, in order to make recommendations to the full Board for its determination regarding the independence of each director. As a result of this review, the Board has determined that H. Gifford Fong, Thomas S.T. Gimbel, Jan K. Smeets and Ebersole Gaines Wehrle are independent directors.

Table of Contents

Board Leadership

The Board of Directors, in its discretion, may elect a Chairman of the Board. The Chairman leads the Board and presides at all Board meetings, and is responsible for delivery of information for the Board's informed decision-making.

Based upon the structure that best serves the interests of the Company, the Board determines whether the role of the Chairman of the Board and the Chief Executive Officer should be held by one individual or should be separated. Currently, the Board believes that the positions of Chairman of the Board and Chief Executive Officer should be held by the same person because this combination has served the Company well in the past and continues to work well today, by providing unified leadership and direction. The Directors have also determined that it is not necessary to appoint a lead independent director at this time.

The Board's Role in Risk Oversight

The Company's risk management efforts are the responsibility of the Board of Directors. The Company's Chief Executive Officer and the Chief Financial Officer review with the Board areas of material operational, financial and regulatory risks and the likelihood of the risks coming to fruition, to enable the Board to understand the relative magnitude of such risks and the management and mitigation strategies undertaken by the Company.

Board Meetings

The Board of Directors met three times in 2014. Each director attended 75% or more of the aggregate number of meetings of the Board of Directors and the committee or committees thereof on which such director served during 2014.

Board Attendance at Annual Meeting

The Company does not have a policy that requires members of the Board of Directors to attend the Annual Meeting. All members of the Board of Directors are encouraged to attend the Annual Meeting. All of the members of the Board of Directors attended the Annual Meeting of the Company held in May 2014 in person.

Committees of the Board

The Board of Directors has an Executive Committee, an Audit Committee and a Compensation Committee.

Executive Committee

The Executive Committee, composed of Messrs. Drimal, Jr., Hurt, Smeets and Ms. Cummings, is authorized to exercise all the authority of the Board in the business and affairs of the Company, except as limited by applicable law. The Executive Committee met three times during 2014, and informally, by telephone conference on a regular basis, usually weekly, during the year.

Audit Committee

The Audit Committee, composed of Messrs. Wehrle, Gimbel and Smeets, met once in 2014. All members of the Audit Committee were independent under NASDAQ listing standards and other pertinent legal and regulatory standards. Mr. Wehrle, as the beneficial owner of more than 10% of the outstanding stock of the Company, falls outside of the

safe harbor provisions of SEC Rule 10A-3(e)(1)(ii). The Board of Directors has determined that Mr. Smeets meets the qualifications of an audit committee financial expert within the meaning of the regulations of the Securities and Exchange Commission and NASDAQ listing standards. The Committee selects and engages independent auditors to audit the books, records and accounts of the Company, determines the scope of such audits, and reviews the financial policies and control procedures of the Company. The report of

Table of Contents

the Audit Committee is included in this Proxy Statement on pages 10 -11. The Board of Directors and the Audit Committee have adopted a written charter for the Audit Committee, a copy of which was attached as Exhibit A to the Company's 2014 Proxy Statement.

Compensation Committee

The Compensation Committee, composed of Messrs. Gimbel and Smeets, met once in 2014. All members of the Compensation Committee were independent under NASDAQ listing standards and other pertinent legal and regulatory standards. The charter of the Compensation Committee also requires that members of the Committee also qualify as outside directors within the meaning of Section 162(m) of the Internal Revenue and as non-employee directors within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended. The Committee annually reviews and evaluates the Company's compensation policies and establishes salaries, bonuses and other compensation for the Company's executive officers and directors. Mr. Drimal and Ms. Cummings participate in discussions with the Compensation Committee and make recommendations to the Committee with respect to the compensation of executive officers and directors. Neither Mr. Drimal nor Ms. Cummings participates in the deliberations or approval of the Committee concerning their respective compensation. Although the Compensation Committee has the authority, it has not engaged any outside compensation consultants to assist the Committee in determining the compensation policies of the Company, and no such outside consultants have been engaged by the Company or the Board of Directors. The Compensation Committee charter was amended by the Board of Directors in May 2013. The purpose of the amendments was to change the number of directors on the Committee to two, to clarify if the Committee retains the services of an outside consultant for guidance, it is permitted to do so at the Company's expense, and to reflect that the Chief Executive Officer and senior executives of the Company are not to be present during the Committee's deliberations or voting on their compensation. A copy of the Compensation Committee charter, as amended, was attached as Exhibit B to the Company's 2014 Proxy Statement.

The Board as Nominating Committee

The Company does not have a standing nominating committee. The Board of Directors acts as the nominating committee, with Mr. Drimal and Ms. Cummings abstaining. The majority of the Directors of the Company, Messrs. Fong, Gimbel, Smeets and Wehrle, who function as a nominating committee, are believed to satisfy applicable regulatory requirements for independence. Those Directors are responsible for collecting and analyzing information with regard to directors' independence as defined by NASDAQ listing standards and other pertinent legal and/or regulatory standards in effect at the time. They are also responsible for making recommendations concerning committee membership and ensuring that committee members satisfy the criteria for membership on a particular committee for independence and have the skills to effectively participate on a particular committee. The Directors who function as the nominating committee are also responsible for identifying and evaluating prospective nominees for vacancies on the Board of Directors. The Board of Directors will consider meritorious director candidates submitted to it by members of the Board and by stockholders of the Company, without regard to race, religion, gender, national origin or disability. The Board does not have a formal policy with regard to considering diversity in its consideration of director nominations. Candidates for election must be willing to devote the time necessary to serve as a director and must possess the level of education, experience, and expertise, both with respect to financial matters and the oil and gas industry in general, required to perform the duties of a member of the board of directors of a public company, and in particular of the Company. The Board of Directors strive to recommend candidates that further its objective of having a board that encompasses a broad range of talents and expertise and reflects a diversity of background, experience and viewpoints. The procedure to be followed by a shareholder to submit a nominee to the Committee is set forth in "Stockholder Proposals and Nominations" in this Proxy Statement.

The Board of Directors believes that this procedure is adequate in the process of selecting persons for elections as Directors of the Company. All of the Directors of the Company currently serving as Directors are designated as nominees for re-election at the 2015 Annual Meeting of Stockholders. There were no nominations proposed by any stockholder or group.

Table of Contents**EXECUTIVE AND DIRECTOR COMPENSATION**

Compensation Overview

The Company has been guided by its Chief Executive Officer, Charles E. Drimal, Jr., and Chief Financial Officer, Beverly A. Cummings since 1987. The Board of Directors attributes much of the success of the Company to Mr. Drimal's and Ms. Cummings' leadership, skills and dedication to the Company and its shareholders. In order to retain such highly skilled and experienced professionals for its senior management team, the Board of Directors must offer highly competitive compensation packages. At the same time, the Board of Directors is mindful that the primary goal of the Company is to build long-term shareholder value.

There are three elements of the compensation paid to the senior management team, to wit: (i) base salary; (ii) bonus (cash incentive) compensation, and (iii) equity awards. The base salaries that were provided to the senior management team were based upon a number of considerations including each executive officer's level of responsibility, changes in their responsibilities from year to year, experience, skills and leadership ability. Additionally, the Compensation Committee gave consideration to the executive officer's ability to be awarded additional compensation in the form of a bonus which compensation was more directly tied to the Company's performance. After discussing all of those considerations, the Compensation Committee recommended the same percentage increase in each of the executive officer's salary. The base salary paid to each executive officer in 2014 is set forth in the Salary column of the Summary Compensation Table set forth in this proxy statement.

The cash incentive bonus compensation awarded to each executive officer is intended to correlate to the Company's performance. The Compensation Committee focused on performance measures such as the increase in oil and gas reserves, cash flow, debt level, growth in the Company's well servicing subsidiaries and growth in the Company's oil and gas operations. The Compensation Committee believes this combination of metric categories represents the important measurements necessary for increasing shareholder value and growing the Company. As a result, the Compensation Committee awarded each of the executive officer's a cash incentive bonus. The cash bonus paid to each executive officer in 2014 is set forth in the Bonus column of the Summary Compensation Table set forth in this proxy statement.

The Company awarded options to purchase shares of the Company's common stock to the executive officers in May 1989. The objective of the award was to retain high level officers and to motivate them to continue their relationship with the Company and thereby align their interests with the long term interests of its shareholders. The options that were awarded have been fully exercisable by the executive officers since May 1994. The Compensation Committee believes the options awarded to the executive officers represent a significant stake in the Company and determined not to award any more options or other types of equity compensation to the executive officers in 2014.

At the Annual Meeting held in 2013, the shareholders voted to hold an advisory, non-binding vote to approve executive compensation once every 3 years. The next say on pay vote will occur at the Annual Meeting in 2016.
