Explanatory Note

Visteon Corporation (Visteon or the Company) filed its Annual Report on Form 10-K for the year ended December 31, 2014 (the Annual Report) with the Securities and Exchange Commission (the SEC) on February 26, 2015. Pursuant to General Instruction G(3) to Form 10-K, we incorporated by reference the information required by Part III of Form 10-K from our definitive proxy statement for the 2015 Annual Meeting of Shareholders. Because of late developments relating to a shareholders proposal, the definitive proxy statement will not be filed with the Commission within 120 days after our fiscal year end, and we are filing this Amendment No. 1 to the Annual Report (the Form 10-K/A) to provide the additional information required by Part III of Form 10-K. In addition, pursuant to the rules of the SEC, Item 15 of Part IV of the Annual Report also has been amended to include the certifications from the Company s Chief Executive Officer and Chief Financial Officer, as required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002. The certifications of the Company s Chief Executive Officer and Chief Financial Officer are attached to this Form 10-K/A as Exhibits 31.1, 31.2, 32.1 and 32.2. This Form 10-K/A does not otherwise change or update the previously reported financial statements or any of the other disclosures contained in Part I, Part II or Part IV or any exhibits as originally filed and does not otherwise reflect events occurring after the original filing date of the Annual Report. Accordingly, this Form 10-K/A should be read in conjunction with our filings with the SEC subsequent to the filing of the Annual Report.

Committees of the Board of Directors

The Board has established four standing committees. The principal functions of each committee are briefly described on the following pages.

Audit Committee

The Board has a standing Audit Committee, currently consisting of Duncan H. Cocroft (Chair), Robert J. Manzo and David L. Treadwell, all of whom are considered independent under the rules and regulations of the Securities and Exchange Commission, the New York Stock Exchange listing standards and the Visteon Director Independence Guidelines. The Board has determined that each of the current members of the Audit Committee has accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange, and Messrs. Cocroft and Manzo are qualified as an audit committee financial expert within the meaning of the rules and regulations of the Securities and Exchange Commission. During 2014, the Audit Committee held eight regularly scheduled and special meetings. The duties of the Audit Committee are generally:

to select and evaluate the independent registered public accounting firm;

to approve all audit and non-audit engagement fees and terms;

to review the activities and the reports of the Company's independent registered public accounting firm;

to review internal controls, accounting practices, financial structure and financial reporting, including the results of the annual audit and review of interim financial statements;

to review and monitor compliance procedures; and

to report the results of its review to the Board.

The charter of the Audit Committee, as well as any future revisions to such charter, is available on the Company's website at www.visteon.com/investors.

Organization and Compensation Committee

The Board also has a standing Organization and Compensation Committee, consisting of David L. Treadwell (Chair), Duncan H. Cocroft, Jeffrey D. Jones and Harry J. Wilson, all of whom are considered independent under the New York Stock Exchange listing standards and the Visteon Director Independence Guidelines. During 2014, the Organization and Compensation Committee held ten regularly scheduled and special meetings, and took action by written consent once. The Organization and Compensation Committee oversees the Company's programs for compensating executive officers and other key management employees, including the administration of the Company's stock-based compensation plans, and approves the salaries, bonuses and other awards to executive officers. Other duties of the Organization and Compensation Committee are generally:

to review and approve corporate goals and objectives relative to the compensation of the Chief Executive Officer, evaluate the Chief Executive Officer's performance and set the Chief Executive Officer's compensation level based on this evaluation;

to review and approve executive compensation and incentive plans;

to approve the payment of cash performance bonuses and the granting of stock-based awards to the Company's employees, including officers; and

to review and recommend management development and succession planning.

The charter of the Organization and Compensation Committee, as well as any future revisions to such charter, is available on the Company's website at www.visteon.com/investors.

The Chief Executive Officer of the Company, with the consultation of the Vice President, Human Resources, provides recommendations to the committee on the amount and forms of executive compensation, and assists in the preparation of Committee meeting agendas. Pursuant to the Company's 2010 Incentive Plan, the Committee may delegate its power and duties under such plan to a committee consisting of two or more officers of the Company except in respect of individuals subject to the reporting or liability provisions of Section 16 of the Securities Exchange Act of 1934, as amended. The Committee has authorized the Vice President, Human Resources, together with the concurrence of either of the Chief Financial Officer or the General Counsel, to approve awards of up to 30,000 stock options and/or stock appreciation rights (subject to an annual limit of 300,000 stock options and/or stock appreciation rights) and up to 15,000 shares of restricted stock and/or restricted stock units (subject to an annual limit of 150,000 shares of restricted stock and/or restricted stock units) to individuals the Company desires to hire or retain, except any individual who is or upon commencing employment will be subject to the liability provisions of Section 16 of the Securities Exchange Act of 1934, as amended.

The Committee has the authority to retain, approve the fees and other terms of, and terminate any compensation consultant, outside counsel or other advisors to assist the committee in fulfilling its duties. During 2014, the Committee retained the firm of Frederic W. Cook & Co., Inc., an executive compensation consulting firm, to advise the Committee on competitive market practices and trends as well as on specific executive and director compensation matters as requested by the Committee or the Board. The Company maintains no other significant direct or indirect business relationships with this firm, and no conflict of interest with respect to such firm was identified. In addition, the Company utilizes Towers Watson and Pay Governance to provide broad-based benchmarking data for executive pay.

Corporate Governance and Nominating Committee

The Board also has a standing Corporate Governance and Nominating Committee, consisting of Robert J. Manzo (Chair), Joanne M. Maguire, Rouzbeh Yassini-Fard and Kam Ho George Yuen, all of whom are considered independent under the New York Stock Exchange listing standards and the Visteon Director Independence Guidelines. During 2014, the Corporate Governance and Nominating Committee held five regularly scheduled and special meetings. The duties of the Corporate Governance and Nominating Committee are generally:

to develop corporate governance principles and monitor compliance therewith;

to review the performance of the Board as a whole;

to review and recommend to the Board compensation for outside directors;

to develop criteria for Board membership;

to identify, review and recommend director candidates; and

to review and monitor certain environmental, safety and health matters.

The charter of the Corporate Governance and Nominating Committee, as well as any future revisions to such charter, is available on the Company's website at www.visteon.com/investors.

The Corporate Governance and Nominating Committee has the authority to retain consultants to assist the Committee in fulfilling its duties with director recruitment and compensation matters. During 2014, the Corporate Governance and Nominating Committee retained the firm of Frederic W. Cook & Co., Inc., to advise the Committee on competitive market practices and trends for outside director compensation.

Finance and Corporate Strategy Committee

The Board has a standing Finance and Corporate Strategy Committee, consisting of Harry J. Wilson (Chair), Jeffrey D. Jones, Robert J. Manzo, David L. Treadwell and Kam Ho George Yuen, all of whom are considered independent under the Visteon

Director Independence Guidelines. During 2014, the Finance and Corporate Strategy Committee held eleven regularly scheduled and special meetings. The duties of the Finance and Corporate Strategy Committee generally are:

to review and make recommendations to the Board regarding the Company's cash flow, capital expenditures and financing requirements;

to review the Company's policies with respect to financial risk assessment and management including investment strategies and guidelines;

to review and make recommendations on mergers, acquisitions and other major financial transactions requiring Board approval;

to consider and recommend to the Board stock sales, repurchases or splits, as appropriate, and any changes in dividend policy; and

to evaluate bona fide proposals in respect of major acquisitions, dispositions, mergers and other transactions for recommendation to the Board.

The charter of the Finance and Corporate Strategy Committee, as well as any future revisions to such charter, is available on the Company's website at www.visteon.com/investors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers, directors and greater than 10% stockholders to file certain reports (Section 16 Reports) with respect to their beneficial ownership of the Company's equity securities. Based solely on a review of copies of reports furnished to the Company, or written representations that no reports were required, the Company believes that all Section 16 Reports that were required to be filed were filed on a timely basis except for one Form 4 report for Martin Thall related to the vesting of a restricted stock unit award that was filed one day late due to an administrative error.

Code of Ethics

The Company has adopted a code of ethics, as such phrase is defined in Item 406 of Regulation S-K that applies to all directors, officers and employees of the Company and its subsidiaries, including the Chief Executive Officer, the Executive Vice President and Chief Financial Officer and the Senior Vice President and Chief Accounting Officer. The code, entitled Ethics and Integrity Policy, is available on the Company's website at www.visteon.com.

Communications with the Board of Directors

Stockholders and other persons interested in communicating directly with the Chairman of the Board, a committee chairperson or with the non-management directors as a group may do so as described on the Company's website (www.visteon.com/investors), or by writing to the chairperson or non-management directors of Visteon Corporation c/o of the Corporate Secretary, One Village Center Drive, Van Buren Township, Michigan 48111.

The Corporate Governance and Nominating Committee also welcomes stockholder recommendations of director candidates. Stockholders may suggest candidates for the consideration of the committee by submitting their suggestions in writing to the Company's Secretary, including the agreement of the nominee to serve as a director. In addition, the Company's Bylaws contain a procedure for the direct nomination of director candidates by stockholders, and any such nomination will also be automatically submitted to the Corporate Governance and Nominating Committee for consideration.

Item 11. Executive Compensation

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis presents information about the compensation of the following executive officers named in the Summary Compensation Table below (the **Named Executive Officers** or **NEOs**), including:

Timothy D. Leuliette, President and Chief Executive Officer (CEO);

Jeffrey M. Stafeil, Executive Vice President and Chief Financial Officer (CFO);

Martin T. Thall, Executive Vice President and President, Electronics Product Group;

Peter M. Ziparo, Vice President and General Counsel, effective April 2014; and

Michael J. Widgren, Senior Vice President, Corporate Controller and Chief Accounting Officer.

Executive Summary

The executive team's primary focus remains on optimizing the business portfolio in order to deliver profits and generate cash, maximizing shareholder value. During 2014, we implemented changes and entered into significant agreements to unlock shareholder value and strongly position the new Visteon for future growth. Specifically, as we enter 2015, we are positioning the Company to become a pure-play, world-class Cockpit Electronics Ecosystems Enterprise (**Electronics business**) that is a leader in innovation.

Highlights of these key actions and other 2014 financial and strategic achievements are summarized below.

2014 Adjusted EBITDA of \$702 million, up 17% from 2013;

2014 Adjusted Free Cash Flow of \$111 million;

Completing the acquisition of the JCI Electronics business, which, when combined with our existing capabilities, is expected to enhance Visteon's competitive position in the fast-growing vehicle cockpit electronics segment by strengthening its global scale, manufacturing and engineering footprint, product portfolio and customer penetration. On a combined basis, the Company's Electronics business is expected to have approximately \$3 billion in annual revenue with a No. 2 global position in driver information and above-average growth rates for the cockpit electronics segment, supplying nine of the world's ten largest vehicle manufacturers;

Winning a record \$1.3 billion of new and re-win Electronics business during 2014;

Strengthening our balance sheet by transferring approximately \$350 million of U.S. pension assets to Prudential Insurance Company of America in settlement of approximately \$350 million of U.S. pension obligation, which substantially reduces the related risk of economic volatility associated with the pension assets and obligation;

Acquiring the thermal and emissions product line of Cooper Standard, which was added to our Halla Visteon Climate Control Corporation (HVCC) business;

Completing the divestiture of the majority of the Interiors business, which allows the Company to focus on its market-leading position in the Electronics business;

Entering into a Share Purchase Agreement in December 2014 with Hahn & Co. Auto Holdings Co., Ltd. and Hankook Tire Co., Ltd. to sell all of our outstanding shares in HVCC for approximately \$3.6 billion or KRW 52,000 per share. The agreement, subject to regulatory reviews, shareholder approval and other conditions, is expected to be completed in the first half of 2015; and

Returning approximately \$500 million in cash to shareholders through share repurchases in 2014.

Our recent total shareholder returns (TSR) have been strong, as shown below, with 2014 at +30% and the three-year TSR (2012 to 2014) at +114%.

2014 Named Executive Officer Annualized Target Compensation Opportunity Is Primarily Performance-based

The vast majority of the annualized target compensation opportunity (including long-term incentives awarded in 2012) is performance-based with the amounts realized, if any, based on our financial results or stock price performance. In 2014, 83% of the CEO's annualized target compensation was provided through annual and long-term incentive award opportunities.

Base Salary 17% of the target compensation mix

Annual Incentive award opportunity 20%

Long-Term Incentive award opportunity 63%

Our Strong 2014 Performance Results Are Reflected in 2014 Compensation

The 2014 compensation for our Named Executive Officers is commensurate with the Company's 2014 performance and the goals of our executive compensation program. The mix of award types and incentive plan performance measures was selected to align with our business strategy, talent needs, and market practices. Actual pay realized by the executive officers was based primarily on the Company's financial and stock price performance results. A minority of pay was based on fixed elements (base salaries, perquisites, and retirement benefit contributions on base salaries), given our focus on performance-based pay elements (annual and long-term incentives).

The Company's Adjusted EBITDA performance for 2014 far exceed our targeted Adjusted EBITDA metric for our Annual Incentive award opportunity. The Company also generated total shareholder return of +30% for 2014.

No New Long-Term Incentive Compensation Awards for Longer Serving NEOs

In 2012, the Organization and Compensation Committee (the Committee) granted long-term incentive awards to certain Named Executive Officers that were designed to cover awards that would have been made in each of 2013, 2014 and 2015. As a result, the CEO and other Named Executive Officers hired/in the role before 2014 did not receive an annual grant of long-term incentive awards in 2014. The 2012 awards are tied to long-term value creation, as

measured by total shareholder return and sustained stock price appreciation. The Organization and Compensation Committee designed the executive officer long-term incentive structure to align management with the ultimate measure of the Company's success by our shareholders' long-term stock price performance. Mr. Thall, who joined the Company in November 2013, was awarded a long-term incentive opportunity that is based on increasing the value of the Company's Electronics business. Executives who participated in the Late 2012 Three-Year award (covering 2013 to 2015) did not participate in the 2014 Long-Term Incentive (LTI) award. Mr. Ziparo's late 2012 award was a one year award covering 2013, as such he was the only NEO to receive an LTI award in 2014.

2014 Say-on-Pay Advisory Vote Outcome

In 2014, our executive compensation program received 88.8% approval from our shareholders. This strong level of shareholder support was an improvement on the 72.4% approval received in 2013. Our goal is to continue to meet the approval of our shareholders and remain responsive to their concerns. As such, we regularly have discussions with shareholders to ensure they

understand our officer pay program and to address any questions. During 2014 these discussions did not identify any issues, which further confirmed that, overall, our officer pay program is well aligned to shareholder value creation. As detailed throughout this Compensation Discussion & Analysis, we believe the officer compensation program is strongly aligned with shareholder value creation, and reflects strong corporate governance practices.

Executive Compensation Program Design and Governance Practices

Our executive compensation program is designed to provide strong alignment between executive pay and Company performance, and incorporates best practices. Here are some of the compensation practices we follow and those that we avoid.

Executive Compensation Program Administration

The Committee is primarily responsible for administering the Company's executive compensation program. The Committee reviews and approves all elements of the executive compensation program that cover the Named Executive Officers. In fulfilling its responsibilities, the Committee is assisted by its independent compensation consultant and takes into account recommendations from the CEO. The primary roles of each party are summarized below.

Party:	Primary Roles:
Organization and Compensation Committee (comprised solely of independent directors)	Oversee all aspects of the executive compensation program Approve officer compensation levels, incentive plan goals, and award payouts Approve specific goals and objectives, as well as corresponding compensation, for the CEO Ensure the executive compensation program best achieves the Company's objectives, considering the business strategy, talent needs, and market trends
Senior Management (CEO, CFO, VP HR, and General Counsel)	Make recommendations regarding the potential structure of the executive compensation program, including input on key business strategies and objectives Make recommendations regarding the pay levels of the officer team (excluding the CEO) Provide any other information requested by the Committee
Compensation Consultant (Frederic W. Cook & Co., Inc.)	Advise the Committee on competitive market practices and trends Provide proxy pay data for our compensation peer group Present information and benchmarking regarding specific executive compensation matters, as requested by the Committee Review management proposals and provide recommendations regarding CEO pay

Additional information about the role and processes of the Committee is presented above under Committees of the Board of Directors Organization & Compensation Committee.

Executive Compensation Program Philosophy

The primary objectives of the Company's executive compensation program are to recruit, motivate, and retain highly-qualified executives who are key to our long-term success and will focus on maximizing shareholder value. As such, the Company's executive compensation program is structured to accomplish the following:

Drive achievement of the Company's strategic plans and objectives;

Create strong alignment of the interests of executives with the creation of shareholder value, particularly as measured by total shareholder return/stock price appreciation;

Provide a market competitive total compensation package customized to fit our business and talent needs; and

Be cost-effective and straightforward to understand and communicate.

For each element of compensation and in total, the Company generally targets annualized compensation to be within a competitive range of market median, considering an individual's experience, performance, and business impact, as well as our organizational structure and cost implications. The target compensation mix is set based on position responsibilities, individual considerations, and market competitive practices. The proportion of variable, or at risk, compensation, provided through incentive programs, increases as an employee's level of responsibility increases commensurate with the position's impact on the business. The actual pay earned, if any, for annual and long-term incentives reflects Company and individual performance.

Market Compensation Practices

As one of the inputs in determining executive compensation each year, the Company reviews survey and proxy compensation data regarding market practices. In 2014, the Company reviewed NEO base salaries, target annual and long-term incentive award opportunities, as well as selected pay program design practices. In conducting this review, the Committee selected 16 companies in similar industries (the Compensation Peer Group) with median annual revenues of approximately \$7 billion (range of \$2 to \$16 billion), and general industry as comparators. We believe the Compensation Peer Group represents a reasonable comparator group of direct automotive supplier peers and other related companies with which we currently compete for executive talent. When general industry compensation data are used, the Company is not aware of the specific participant companies in the analysis. The Compensation Peer Group, which is unchanged from 2013, is listed below.

American Axle & Manufacturing Autoliv, Inc.	Flowserve Corp. ITT	Oshkosh Corporation Rockwell Automation Inc.

Executive Compensation Program Description of Primary Elements

An overview of the primary elements of the executive compensation program is presented below. Consistent with our emphasis on aligning pay and performance, the largest portion of the target compensation opportunity is provided through annual and long-term incentive programs.

Each primary element of the executive compensation program is described below.

Base Salary

Base salaries, combined with medical, life and disability benefits, provide basic security for our employees at levels necessary to attract and retain a highly qualified and effective salaried workforce. Base salaries are determined taking into account market data as well as an individual's position, responsibilities, experience, and value to the Company. During 2014 three of the Named Executive Officers received base salary increases. Effective April 1, 2014, Messrs. Stafeil and Widgren received merit-based salary increases of 3% to \$689,585 and \$422,300, respectively and, coinciding with his promotion, Mr. Ziparo received a market- and merit-based increase resulting in an annualized salary of \$350,000. The actual salaries paid to each Named Executive Officer for 2014 are presented in the Summary Compensation Table.

Annual Incentive Awards

The Company's Annual Incentive (AI) program provides key salaried employees the opportunity to earn an annual cash bonus based on specified individual, financial, operational and/or strategic goals. This program is designed to motivate executives to achieve key short-term financial and operational goals of the Company. The target incentive opportunities are expressed as a percentage of base salary, which are set by the Committee considering the potential impact on the business of each role, the relationships among the roles and market competitive levels for the positions. The target annual incentive opportunities, as a percentage of base salary as of December 31, 2014, are: Mr. Leuliette 125%, Messrs. Stafeil and Thall 80%, Mr. Ziparo 50% and Mr. Widgren 60%. Actual awards earned can range from 0% to 200% of target based on Company, business unit and individual performance.

Edgar Filing: VISTEON CORP - Form 10-K/A

On February 26, 2014, the Committee approved 2014 AI award opportunities for approximately 1,500 global salaried employees, including the Named Executive Officers. The Committee determined that the maximum amount an executive officer would be eligible for under the 2014 AI would be based upon the Company's achievement of Adjusted EBITDA in 2014, which serves as a single umbrella performance measure. The Committee would then exercise its negative discretion from these maximum amounts based on assessment of individual, product group and Company performance with respect to relevant financial and operational goals.

Specific threshold, target, and maximum goals for the 2014 AI are set forth below, as well as the percentage of the target award earned and 2014 actual results.

Measure (\$ in millions)	2014 Threshold			2014 Actual	Resulting Award	
	(0%)	(100%)	(200%)		as	% of Target
Adjusted EBITDA	<\$ 340	\$ 340	\$ 580	\$ 702		200%

Adjusted EBITDA was defined as net income (loss) attributable to the Company, plus net interest expense, provision for income taxes, depreciation and amortization and net income attributable to non-controlling interests, as further adjusted to eliminate the impact of asset impairments, gains or losses on divestitures, discontinued operations, net restructuring expenses and other reimbursable costs, non-cash stock-based compensation expense, certain non-recurring employee charges and benefits, reorganization items, other non-operating gains and losses, and equity in net income of non-consolidated affiliates.

In its exercise of negative discretion from these maximum amounts, the Committee reduced the awards payable to all NEOs under the umbrella arrangement and determined their actual AI awards based on their individual performance and the degree of achievement of the general financial performance, new business wins and quality goals used in determining the funding of AI awards for employees other than executive officers. The total funding available for Corporate and Electronics participants was based on achieved Adjusted EBITDA results of \$702 million and \$208 million, respectively, for 2014.

The Committee considered the following factors in determining the amount of the final awards:

Individual performance factors, including strategic transactions, leadership and balance sheet improvement;

Adjusted Free Cash Flow performance;

New Business Wins; and

Quality.

As a result of the foregoing, the executives' 2014 incentive awards were paid at approximately the following rates: 145% of target for Mr. Thall reflecting the Electronics group performance, 113% of target for Mr. Leuliette, 125% of target for Mr. Stafeil, 136% of target for Mr. Ziparo and 103% of target for Mr. Widgren. The payouts for the executives reflect their leadership and significant contributions to our strong 2014 performance, including the electronics acquisition, interiors divestiture, overall financial results and TSR of +30% as detailed in the Executive Summary. The amounts paid to the Named Executive Officers are set forth in the Summary Compensation Table under the column Non-Equity Incentive Plan Compensation.

Long-Term Incentive Awards

The Company's Long-Term Incentive program is designed to reward executives for the achievement of specified multi-year goals that are linked to the Company's long-term financial performance, to align the delivery of incentive value with increases in the Company's stock price and to retain key employees. Typically awards are granted each year with a vesting or performance period of three years; however, in some situations, such as the recruitment of new executives or to focus on objectives with a different duration, the Company may use a shorter or longer period. The annualized total targeted long-term incentive award opportunity, expressed as a percentage of base salary, is typically determined by organization level.

2014 Long-Term Incentive Grants to Mr. Ziparo

On March 27, 2014, Mr. Ziparo, who did not participate in the Late 2012 Three-Year Awards (discussed below), received regular long-term incentive grants with a grant date value, in total, equal to 105% of base salary. The grant

mix was performance stock units, stock options and restricted stock units, as described below.

Award Type and Weighting	Primary Role	Design Features
<i>Performance Stock Units (50% of the total LTI award)</i>	Reward the achievement of total shareholder return (TSR) results over 2014 to 2016 relative to returns of 17 similar companies	<p>Performance stock units (PSU) provide executives the opportunity to earn shares based on the Company's three-year total shareholder return (TSR) relative to 17 automotive sector peer companies (listed below)</p> <p>The awards are divided among three periods with all earned awards paid at the end of the three-year cycle (paid in early 2017)</p> <p>2014 TSR performance (25% of award opportunity)</p> <p>2014 to 2015 TSR performance (25% of award opportunity)</p> <p>2014 to 2016 TSR performance (50% of award opportunity)</p> <p>The awards for the first and second performance periods will be increased to reflect the performance over the entire three-year cycle, if greater. Long-Term Incentive Grants Awarded in Late 2012 (Three-Year Award) to Cover 2013-2015

In support of the Company's business strategy and to ensure the executive officer team's potential awards are aligned to the achievement of specific levels of shareholder value creation, equity grants were made in the fourth quarter of 2012 in lieu of additional regular annual grants through 2015. Consistent with our focus on shareholder value creation, a majority of the award opportunity (75% of the grant date value) was provided through performance-based stock units and the remainder in time-based restricted stock units. The terms of the performance-based stock units and restricted stock units, which were made under the Visteon Corporation 2010 Incentive Plan, are substantially the same for all participating Named Executive Officers (excluding Mr. Thall, who was hired during 2013), and are intended to be in lieu of future potential awards under the Company's long-term incentive program for 2013, 2014, and 2015. The number of stock units awarded to the three participating NEOs in late 2012 is as follows: Mr. Leuliette 431,170, Mr. Stafeil 149,176 and Mr. Widgren 37,293. Mr. Ziparo received an equity grant of 7,260 stock units in the fourth quarter of 2012 in lieu of a grant in 2013.

The performance-based stock units will be earned, subject to continued employment, based on TSR for the period between the grant date and December 31, 2015. Vesting requires both stock price achievement and continued employment. TSR, which is stock price plus cash dividend payments, of at least \$70.00 must be achieved to vest in all of the shares, which represents appreciation of approximately 60% from the date of grant. Upon achievement of the TSR goal, which was achieved during 2013, all of the performance-based stock units were earned, but do not vest (are not paid) until the end of the performance period on December 31, 2015 assuming continued employment (or earlier for certain types of termination of employment).

The time-based restricted stock units will vest in three equal annual installments beginning one year after the date of grant based on continued employment.

Mr. Thall's Long-Term Incentive Compensation

Mr. Thall was hired on November 19, 2013, to lead and grow the value of our Electronics business. In order to induce Mr. Thall to join the Company, he received a cash bonus of \$300,000 (paid in January 2014) and a restricted stock unit award of 16,000 units, which vest annually, in one third increments, on the anniversary of the grant date.

In order to best align the long-term award opportunity with his role, Mr. Thall's long-term incentive award opportunity is based on the growth in the valuation of the Electronics business unit over three to five years. Specifically, he is eligible to receive 2.2% of the incremental value created relative to the base valuation as of December 31, 2013, subject to a minimum compound annual growth rate of 5.0%. An annual valuation of the business unit will be conducted, as of year-end, by an independent appraisal firm selected by the Committee. Subject to continued employment and achieving the minimum annual growth goal, the award will become vested in three equal annual installments on each of December 31st 2016, 2017, and 2018.

Other Compensation Elements

Stock Ownership Guidelines

The Company has adopted stock ownership goals for all elected officers of the Company. The goal for these officers is to own common stock worth a multiple of salary, ranging from one times salary up to six times salary for the CEO, within five years from their date of hire or election, if later. All of the Named Executive Officers employed by the Company as an officer for five years or more are in compliance with the stock ownership guidelines. For the purpose of determining compliance with the stock ownership guidelines, the calculation includes stock owned directly, restricted stock, and restricted stock units (but excludes unexercised stock options and stock appreciation rights, and unearned performance stock units). The stock ownership guidelines are as follows:

Chief Executive Officer six times base salary;

Executive and Senior Vice Presidents and Product Group Presidents three times base salary; and

All other officers one times base salary.

Executive Perquisites and International Service Employee Program

The Company provides the Named Executive Officers with a flexible perquisite allowance program to provide basic competitive benefits. The flexible perquisite allowance is a fixed amount that is paid to each eligible executive and is designed to cover his or her expenses related to legal and financial counseling, excess liability insurance premiums, tax preparation, and airfare for spouse or partner accompanying employee on business travel, among other items. For Named Executive Officers, the amount of the

allowance varies by management level, with a current range of \$15,000 to \$60,000 per year and is not grossed up. The amount paid to the Named Executive Officers in 2014 pursuant to the flexible perquisite allowance program is set forth in the All Other Compensation column of the Summary Compensation Table. The Company also maintains an Executive Security Program that permits the CEO to use corporate provided aircraft for personal and business travel, and provides the benefit of various personal health and safety protections. The CEO does not receive a tax gross-up for personal use of corporate provided aircraft. There was no personal use of corporate provided aircraft during 2014.

As a global organization, senior executives of the Company are located in key business centers around the world. To facilitate the assignment of experienced employees to support the business, the Company has an International Long Term Assignment Policy to address incremental costs incurred by assignees as a result of their international assignments. The policy provides for the reimbursement of incremental housing, cost of living, education and other costs incurred in conjunction with international assignments as well as the tax costs associated with these payments. The Company provides tax equalization to employees on international assignment. The tax equalization policy is intended to ensure that the employee bears a tax burden that would be comparable to the home country tax burden on income that is not related to the international assignment. It is the objective of the Company's International Long Term Assignment Policy that the employee not be financially disadvantaged as a result of the international assignment nor that the employee experience windfall gains. Mr. Thall began an international assignment in January 2015 and is now based in Kerpen, Germany.

Retirement Benefits Overview

The Named Executive Officers participate in the Company's qualified retirement and savings plans in their respective home countries on the same basis as other similarly situated employees. Over the last several years, the Company has made changes to the type of retirement plans and the level of benefits provided under such plans, based on an assessment of the Company's business and talent needs, costs, market practices, and other factors. Effective December 31, 2011, the U.S. defined benefit pension plan was frozen for all participants. All of the NEOs participate in U.S.-based plans.

The Named Executive Officers, as well as most U.S. salaried employees, are entitled to participate in the Visteon Investment Plan, Visteon's 401(k) investment and savings plan. The Company's match is 100% of the employee's eligible contributions up to 6% of eligible pay (subject to IRS limits), which was designed to attract and retain employees in light of the Company's freezing of other retirement benefit plans. Amounts deferred for each Named Executive Officer are reflected in the Salary column of the Summary Compensation Table. The Company also maintains a Savings Parity Plan, which provides eligible participants with Company contributions of 6% of eligible pay that are restricted due to IRS limits under the broad-based, qualified 401(k) plan. The Company's Supplemental Executive Retirement Plan (SERP) provides eligible participants annual Company contributions of 6%, 9% (Executive and Senior Vice Presidents), or 14.5% (CEO) of pay in place of the prior defined benefit formulas in the plan for service after January 1, 2012. The SERP is closed to new entrants other than elected Company officers. Company contributions to these plans on behalf of the NEOs are included in the All Other Compensation column of the Summary Compensation Table.

Additional details about the Company's prior and current retirement plans are presented in a later section, under Retirement Benefits.

Severance and Change in Control Benefits

The Company has entered into change in control agreements with all of its executive officers, including the Named Executive Officers. These agreements, which were last revised in October 2012, provide for certain benefits if a qualifying termination occurs following a change in control of the Company. For the Named Executive Officers, change in control cash severance benefits are provided as a multiple of 1.5, 2.0 (EVPs), or 2.5 (CEO) times the

officer's sum of annual base salary and target annual incentive. In addition, the agreements provide for other severance benefits, such as the continuation of medical benefits and outplacement assistance. The agreements have a "double trigger" provision, which would require that the executive's employment terminate following a change in control in order to receive benefits under the agreement. No excise tax gross-up provisions are contained in the change in control severance arrangements.

Upon the involuntary termination of employment by the Company (other than for specified reasons, including disability, availability of other severance benefits, and inappropriate conduct), executive officers are entitled to severance benefits under the 2010 Visteon Executive Severance Plan, which was revised effective October 2012. Under this Plan, a specific and consistent level of severance benefits are provided with a cash severance payment of 1.0 (VPs) or 1.5 (SVPs, EVPs and CEO) times the sum of an executive's annual base salary and target annual incentive. Executives would also be entitled to the reimbursement of medical coverage premiums under COBRA for up to eighteen months following termination, the provision of outplacement services for up to twelve months, and the payment of a pro-rated portion of any outstanding annual incentive bonus based on actual Company performance during the performance period.

The severance plan and change in control agreements provide that outstanding stock-based awards vest only in accordance with the applicable terms and conditions of such awards. For additional details about the change in control agreements, the severance plan, the terms and conditions of awards, and the estimated value of these potential payouts, see the section "Potential Payments Upon Termination." The terms of Mr. Leuliette's compensation package, including potential severance and change in control benefits, are detailed in his employment agreement, see the section "Employment Agreement with Mr. Leuliette."

Other Executive Compensation Policies

Stock Awards Granting Policy. In 2014 the Company granted regular stock awards to one of its Named Executive Officers (Mr. Ziparo). Stock awards made to executives and key employees at the time they become employees or officers of the Company (such as for Mr. Thall, who joined the Company in 2013) have a grant date on the later of the date employment commences or the date the Committee approves the awards. In all cases, the exercise price of stock options and stock appreciation rights is the average of the high and low trading price on the grant date. Stock price is not a factor in selecting the timing of equity-based awards.

Securities Trading and Anti-Hedging/Anti-Pledging Policy. The Company maintains a Policy Regarding Purchases and Sales of Company Stock that imposes specific standards on directors and officers of the Company. The policy is intended not only to forbid such persons from trading in Company stock on the basis of inside information, but to avoid even the appearance of improper conduct on the part of such persons. In addition to the specific restrictions set forth in the policy, the policy requires that all transactions in Company stock by such persons and by others in their households be pre-cleared by the General Counsel. The only exception to the pre-clearance requirement is regular, ongoing acquisition of Company stock resulting from continued participation in employee benefit plans that the Company or its agents may administer. The policy also expressly prohibits directors and officers from engaging in hedging transactions involving the Company's stock or pledging the Company's stock.

Pay Clawbacks. In April 2013, the Company adopted a compensation recovery policy, which requires each executive officer of the Company to repay or forfeit a portion or all of any annual incentive, performance stock units or other performance-based compensation granted to him or her on or after September 29, 2012 if:

the payment, grant, or vesting of such compensation was based on the achievement of financial results that were subsequently the subject of a restatement of the Company's financial statements filed with the Securities and Exchange Commission;

the amount of the compensation that would have been received by the executive officer had the financial results been properly reported would have been lower than the amount actually received; and

the Board determines in its sole discretion that it is in the best interests of the Company and its stockholders for the executive officer to repay or forfeit all or any portion of the compensation.

Tax Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), limits the Company's federal income tax deduction to \$1 million per year for compensation to its CEO and certain other highly compensated executive officers. Qualified performance-based compensation for the CEO and certain covered officers is not, however, subject to the deduction limit, provided certain requirements of Section 162(m) are satisfied. We consider the impact of this rule when developing and implementing our executive compensation program. Annual Incentive awards, performance-based stock units, and stock options (and stock appreciation rights) generally are designed to meet the deductibility requirements. We also believe that it is important to preserve flexibility in administering compensation programs in a manner designed to promote varying business and talent goals. Accordingly, we have not adopted a policy that all compensation must qualify as deductible under Section 162(m).

Statement Regarding Compensation Risk Assessment

The Company believes that its compensation programs, policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Specifically, as detailed previously, the Company maintains a market competitive, balanced executive compensation program with varying incentive award types, performance metrics, performance/vesting periods and includes governance features that mitigate potential risk (including Committee oversight, maximum potential payouts are set under incentive plans, stock ownership guidelines, and a pay clawback policy).

Summary Compensation Table

The following table summarizes the compensation that was earned by, or paid or awarded to, the Named Executive Officers. The Named Executive Officers are the Company's Chief Executive Officer, the Company's Chief Financial Officer and the three other most highly compensated executive officers serving as such as of December 31, 2014, determined based on the individual's total compensation for the year ended December 31, 2014 as reported in the table below, other than amounts reported as above-market earnings on deferred compensation and the actuarial increase in pension benefit accruals.

- (1) This column is comprised of sign-on bonus payments to Messrs. Leuliette and Stafeil in 2012 and Mr. Thall in 2013.
- (2) The amounts shown in this column represent the grant date fair values for performance stock units, restricted common stock and restricted stock unit awards in 2014, 2013 and 2012. The grant date fair values have been determined based on the assumptions and methodologies set forth in Note 16 *Stock-Based Compensation* to the consolidated financial statements included in Item 8 *Financial Statements and Supplementary Data* of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (the *2014 10-K*).
- (3) The amounts shown in this column represent the grant date fair values for stock options and stock appreciation rights granted in 2014 and 2012. The grant date fair values have been determined based on the assumptions and methodologies set forth in Note 16 *Stock-Based Compensation* to the consolidated financial statements included in Item 8 *Financial Statements and Supplementary Data* of the Company's 2014 10-K. No stock options or stock appreciation rights were granted to the Named Executive Officers during 2013.
- (4) For 2014, this column is comprised of the amounts payable to each of the Named Executive Officers under the 2014 annual incentive performance bonus program, as further described in the *Compensation Discussion and Analysis*, above. There were no earnings on non-equity incentive plan compensation earned or paid to the Named Executive Officers in or for 2014.
- (5) This column reflects an estimate of the aggregate change in actuarial present value of each Named Executive Officers' accumulated benefit under all defined benefit and actuarial pension plans from the measurement dates for such plans used for financial statement purposes. See *Retirement Benefits - Defined Benefit Plans*, below. None of the Named Executive Officers received or earned any above-market or preferential earnings on deferred compensation.
- (6) For 2014, this column includes the following benefits paid to, or on behalf of, the Named Executive Officers:

life insurance premiums paid by the Company on behalf of all of the Named Executive Officers;

Company-contributions to the Company's 401(k) defined contribution plan, DC SERP and Savings Parity Plan on behalf of Mr. Leuliette (\$825,596), Mr. Stafeil (\$263,666), Mr. Thall (\$102,642), Mr. Ziparo (\$66,207) and Mr. Widgren (\$129,710);

tax payments and reimbursements on behalf of Mr. Leuliette (\$381), Mr. Stafeil (\$670) and Mr. Thall (\$287,387); and

perquisites and other personal benefits, which included: (A) the cost of personal health and safety protection equipment and services under the Executive Security Program for Mr. Leuliette (\$114,850); (B) payments under the executive flexible perquisite account program to Mr. Leuliette (\$60,000), Mr. Stafeil (\$40,000), Mr. Thall (\$40,000), Mr. Ziparo (\$15,000), and Mr. Widgren (\$25,000); and (C) the payment of expenses to or on behalf of Mr. Thall (\$345,428) under the Company's international service employee program, which provides allowances and payments to address the incremental costs of housing, relocation, education, cost of living, taxes and other costs associated with international assignments.

- (7) Mr. Ziparo was appointed Vice President and General Counsel effective April 1, 2014.

The following table summarizes all incentive plan awards that were made to the Named Executive Officers during 2014.

The ultimate value of stock-based awards, if any, will depend on the future value of the common stock and the holder's investment decisions, neither of which can be accurately predicted.

Visteon Corporation 2010 Incentive Plan

The Visteon Corporation 2010 Incentive Plan permits grants of stock options, stock appreciation rights, performance stock units, restricted stock, restricted stock units and other rights relating to our common stock, as well as

performance and time-based cash bonuses. In 2014, the Company implemented an annual incentive cash bonus program for eligible employees, including the Named Executive Officers and a long-term equity-based incentive program for eligible employees, including Mr. Ziparo, who did not participate in the late 2012 Three-Year equity-based incentive program designed to cover long-term incentive awards in 2013, 2014 and 2015. In 2012, the Company implemented two long-term equity-based incentive programs one for the 2012-2014 performance period and one designed to cover long-term incentive awards that would have been made in each of 2013, 2014 and 2015, for eligible employees, including the Named Executive Officers. These programs are discussed further under

Compensation Discussion and Analysis, above. Except under certain circumstances such as retirement or involuntary termination, an executive must be employed in good standing with the Company at the conclusion of a performance period to be entitled to a bonus payment. The Committee retains discretion under the 2010 Incentive Plan to modify or adjust any award at any time.

The stock options awarded under the 2014 long-term incentive program vest ratably over three years from the date of grant. The exercise price of the stock options is the average of the high and low selling prices of our common stock on the New York Stock Exchange on the date of grant, unless otherwise approved by the Organization and Compensation Committee. Any unexercised stock options will expire after seven years. If a holder of a stock option retires, becomes disabled, or dies, his or her stock options continue to be exercisable up to the normal expiration date. See Potential Payments Upon Termination or Change-in-Control, below. The stock options are subject to certain conditions, including not engaging in competitive activity, and generally cannot be transferred. The restricted stock units awarded under the 2014 long-term incentive program vest ratably over three years from the date of grant and will be paid in cash based on the average of the high and low selling prices of our common stock on the New York Stock Exchange on such vesting date or common stock, at the election of the Company. The performance stock units awarded under the 2014 long-term incentive program vest on January 31, 2017 based on the achievement of certain relative total shareholder return metrics and will be paid in cash based on the average of the high and low selling prices of our common stock on the New York Stock Exchange on such vesting date or common stock, at the election of the Company. Holders of restricted stock units and performance stock units (to the extent earned) may receive the same cash dividends or dividend equivalents as other stockholders owning common stock. No dividends were paid in 2014.

Employment Agreement with Mr. Leuliette

The Company and Mr. Leuliette entered into an employment agreement as of September 30, 2012. Under the terms of the employment agreement, Mr. Leuliette serves as the Chief Executive Officer and President of the Company, with an initial term of three years and three months through December 31, 2015. Pursuant to the Employment Agreement, Mr. Leuliette received an initial annualized base salary of \$1.15 million, with a target annual cash bonus opportunity of 120% of his base salary, and a cash sign-on payment of \$500,000, subject to clawback if Mr. Leuliette is terminated for cause (as defined in the employment agreement) or voluntarily terminates his employment without good reason (as defined in the employment agreement) before December 31, 2014. The employment agreement replaces a letter agreement that the Company and Mr. Leuliette entered into as of August 10, 2012 in connection with his appointment as Interim Chairman of the Board, Interim Chief Executive Officer and Interim President, during which time he received a signing bonus of \$500,000 in cash in addition to the approximate \$96,000 monthly base salary.

In June 2014, Mr. Leuliette's employment agreement was amended to extend the term through December 31, 2017. This amended agreement increased the target annual cash bonus opportunity to 125% of base salary beginning in 2014 and, effective in 2016, eliminated the perquisite payment of \$60,000 and increased base salary by \$30,000.

Subsequent to the announcement of the pending sale of Halla Visteon Climate Control Corporation, in March 2015, the Company announced that Mr. Leuliette's employment as CEO will terminate following the appointment of his successor. With the pending sale of HVCC and the divestiture of the majority of the Interiors business including Yanfeng Visteon Automotive Trim Systems Co., Ltd., Mr. Leuliette has accomplished the goals established by the Board more quickly than anticipated at the time of his contract extension. In connection with his anticipated departure, the Company expects to provide Mr. Leuliette with separation benefits consistent with an involuntary termination as discussed further below and in the section titled "Potential Payments Upon Termination."

If Mr. Leuliette is terminated without cause or his employment is voluntarily terminated for good reason, he will receive (i) a cash payment equal to 1.5 times the sum of his annual base salary and bonus, (ii) a pro rata annual bonus for the year of termination based on corporate achievement levels for the entire year, (iii) outplacement services reimbursement of up to \$50,000 and (iv) up to 18 months of health benefits. Mr. Leuliette will be entitled to participate in the Company's standard benefits and perquisites on the same basis as other senior executives of the Company, as well as receive reimbursement of up to \$25,000 of professional fees incurred in connection with finalizing the employment agreement and related agreements. The employment agreement includes a clawback provision whereby Mr. Leuliette may be required, upon certain triggering events, to repay all or a portion of his incentive compensation, pursuant to any clawback policy adopted by or applicable to the Company under the Dodd-Frank Wall Street Reform and Consumer Protection Act. The employment agreement also contains customary confidentiality, ownership of works and non-disparagement provisions, as well as standard non-competition and non-solicitation provisions.

The following table sets forth information on outstanding stock options and stock units held by the Named Executive Officers at December 31, 2014, including the number of shares underlying both exercisable and unexercisable portions of each stock option as well as the exercise price and expiration date of each outstanding option. - (9) 572 shares of restricted stock that vest on February 28, 2015.
- (10) 2,423 restricted stock units that vest on October 29, 2015.
- (11) Performance stock units granted as part of the 2012 special long term incentive. Vesting occurs as of December 31, 2015 (conditioned upon the participant remaining in the employ of the Company through such date) based on the Highest 20-day Average Closing Price of the Company's common stock (plus the value of cash dividends, if any) achieved through December 31, 2015.
- (12) Performance stock units granted as part of the 2012 annual long term incentive. Vesting occurred as of February 28, 2015 based on the Company's relative total shareholder return (TSR) measured against a peer group of companies over a three-year period which ended on December 31, 2014. Approximately 56% of the target number of units were awarded when the results were approved in February 2015.
- (13) Performance stock units granted as part of the 2014 annual long term incentive. Vesting occurs as of January 31, 2017 based on the Company's relative total shareholder return (TSR) measured against a peer group of companies over a three-year period which ends on December 31, 2016.

The following table sets forth information regarding the exercising of vested stock options and the vesting of restricted stock and/or restricted stock units during 2014 for each of the Named Executive Officers on an aggregated basis.

- (2) These values were determined by using the average of the high and low prices of our common stock on The New York Stock Exchange on such vesting dates, without regard to cash or shares withheld for income tax purposes.

Retirement Benefits

Defined Benefit Plans

The following table sets forth the actuarial present value of each Named Executive Officer's accumulated benefit under each defined benefit plan, assuming benefits are paid at normal retirement age. The table also shows the number of years of credited service under each such plan, computed as of the same pension plan measurement date used in the Company's audited financial statements for the year ended December 31, 2014. The table also reports any pension benefits paid to each Named Executive Officer during the year.

- (1) The present value of the accumulated benefits was determined using the discount rate, mortality assumptions, interest crediting rate and measurement date (December 31, 2014) used by the Company for financial reporting purposes as further described in Note 15 Employee Benefit Plans to the consolidated financial statements included in Item 8 Financial Statements and Supplementary Data of the Company's 2014 Form 10-K. The benefits were assumed to be payable at normal retirement ages or such earlier ages at which the executives could commence an unreduced retirement benefit.

The Company froze compensation and service in its defined benefit pension plan for U.S. employees effective December 31, 2011. The frozen plan, the Visteon Pension Plan (the "Qualified Pension Plan"), is a defined benefit plan qualified under Section 401(a) of the Internal Revenue Code (the "Code"). Visteon provides additional pension benefits to its U.S. executives under the following nonqualified supplemental pension arrangements: the 2010 Supplemental Executive Retirement Plan ("SERP"); and the 2010 Pension Parity Plan ("Pension Parity Plan"). The defined benefit component of the SERP and the Pension Parity Plan were also frozen on December 31, 2011.

In order to reduce the costs and volatility of these benefits to permit the Company to compete on a global basis, Visteon has made a number of modifications to its retirement programs over time. As a result, participation in these plans, and certain features of the plans, depend on when each executive was hired by the Company.

U.S. Executives Hired on or After January 1, 2002 and prior to January 1, 2012 Messrs. Ziparo and Widgren

Qualified Pension Plan

Salaried employees hired on or after January 1, 2002 and prior to January 1, 2012 participate in the BalancePlus Program, a feature of the Qualified Pension Plan. The monthly benefit payable from the BalancePlus Program is based on the greater of the Cash Balance benefit or the Pension Equity benefit attributable to service prior to July 1, 2006, and a Cash Balance benefit for service thereafter through December 31, 2011. The Cash Balance benefit is based on a hypothetical account which grows with 4% pay credits through December 31, 2011 and interest credits based on the 30-year Treasury bond rate continuing until commencement of benefit payments. The Pension Equity benefit is based on a hypothetical account at age 65 equal to 12.5% of Final Average Monthly Salary times credited service. At retirement, these account balances may be paid as a lump sum (for benefits commencing after December 31, 2012) or converted into a monthly benefit payable in the form of a life annuity. Credited service earned under the Pension Equity feature of the plan ceased to accrue as of June 30, 2006, although changes in base pay continued to be recognized for purposes of determining the Final Average Monthly Salary through December 31, 2011. The benefit payable from the BalancePlus Program is reduced for early commencement if payment begins before age 65.

Nonqualified Pension Plans

Since the Qualified Pension Plan is a qualified plan, it is subject to the rules of the Code. The Code limits the amount of benefits that may be paid by a qualified plan and it limits the amount of salary that may be recognized in computing plan benefits. The maximum accrued benefit for 2014 is \$210,000 and the maximum annual salary the plan may recognize for 2011, the year the plan was frozen is \$245,000. The Pension Parity Plan, an unfunded, nonqualified pension plan, restores any benefits lost due to the limitations on benefits and compensation imposed by the Code. The changes to the Qualified Pension Plan that took effect on July 1, 2006 and December 31, 2011 also apply to the Pension Parity Plan.

Eligible executives hired on or after January 1, 2002 and prior to January 1, 2012 participate in the BalancePlus SERP feature of the SERP. The BalancePlus SERP provides an additional monthly benefit based upon a hypothetical account balance that is in excess of the amount calculated under the Qualified Pension Plan BalancePlus Program and the Pension Parity Plan. The account balance from the BalancePlus SERP before offset is calculated under the formulas in the BalancePlus Program with the following modifications: 1) Annual Salary is calculated without regard to the Code compensation limit; 2) Final Average Monthly Salary is increased by the average of the three highest consecutive Annual Incentive amounts; and 3) a 15% benefit multiplier is used under the Pension Equity formula in lieu of the 12.5% benefit multiplier. The Pension Equity account under the BalancePlus SERP has its own early retirement reduction factors, which are applied at early retirement before offsetting the amount calculated under the BalancePlus Program and the Pension Parity Plan. Unlike the Qualified and Pension Parity Plans, the service under the Pension Equity formula was not frozen in 2006, but continued to be recognized through December 31, 2011.

The Pension Parity Plan, Savings Parity Plan and SERP provide for automatic payment in the form of a single lump sum distribution for benefits commencing on and after January 1, 2007. The actuarial conversion factors used to determine the single lump distribution are the same as those used to value the Company's pension obligations in the audited financial statements.

Defined Contribution Qualified Plan

The Named Executive Officers, as well as most U.S. salaried employees, are also entitled to participate in the Visteon Investment Plan, Visteon's investment and savings plan. The amounts that may be deferred are limited by the Code. From January 1, 2012, the Company matched employee contributions of up to 6% of pay at a rate of 100% of the employee's eligible contributions. Amounts deferred for each Named Executive Officer are reflected in the Salary column of the above Summary Compensation Table.

Savings Parity and Amended SERP Plans

Effective January 1, 2012, the Company adopted a new Savings Parity Plan that restores company matching contributions under the Visteon Investment Plan lost due to Code limitations, and amended the SERP to provide benefits through a defined contribution approach: eligible employees will receive credits equal to 6%, 9%, or 14.5% of base compensation and annual incentive, dependent upon their organizational levels. The account balances in both the Savings Parity Plan and the amended SERP will be increased or reduced to reflect earnings and losses on hypothetical investments designated by the employee.

2014 Nonqualified Deferred Compensation

The following table provides information about the nonqualified defined contribution deferred compensation plans in which our NEOs participate. Our NEOs participate in the Savings Parity Plan and the Defined Contribution SERP (DC SERP) Plan, both of which became effective on January 1, 2012. The Savings Parity Plan restores company matching contributions under the Visteon Investment Plan, Visteon's investment and savings plan, lost due to IRS Code limitations. The DC SERP plan provides benefits through a defined contribution approach where eligible employees receive credits equal to 6%, 9% or 14.5% of base compensation and annual incentive, dependent upon their organizational levels. Account balances in both the Savings Parity Plan and DC SERP will be increased or reduced to reflect earnings and losses on hypothetical investments designated by the employee.

(1) The Savings Parity Plan was adopted effective January 1, 2012. The Company contributions noted in this Table represent accrued contributions to be credited to each participant's account for the fiscal year reported. The

aggregate earnings, aggregate gains/losses, and aggregate withdrawals/distributions made to the participants accounts during fiscal year 2014 is also presented.

- (2) The Defined Contribution SERP (DC SERP) was adopted effective January 1, 2012. This Table reflects Company contributions, aggregate earnings, aggregate gains/losses, and aggregate withdrawals/distributions made to the participants accounts during fiscal year 2014.
- (3) Company contributions to these plans on behalf of the NEOs are included in the All Other Compensation column of the Summary Compensation Table.

Potential Payments Upon Termination

Set forth below are estimated accelerated payments and benefits that would be provided to the Named Executive Officers upon their termination of employment (or that would be accelerated upon a change in control) under specified circumstances assuming that the relevant triggering event occurred at December 31, 2014. These disclosed amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officers, which would only be known at the time that they become eligible for payment and would only be payable if any of the triggering events were to occur.

Accrued amounts (other than the accelerated vesting of retirement benefits noted below) under the Company's pension and defined contribution plans are not included in this table.

- (1) All unvested stock options would be accelerated in the event of a change of control.
- (2) Assumes that the 2012 Special LTI RSUs and the 2012 Special LTI PSUs (as defined below) are converted or assumed by an acquirer in the event of a change in control, and, thus, such awards do not accelerate upon a change in control.
- (3) Represents the unvested values payable under each scenario for the participant's accounts in the DC SERP and Savings Parity Plan, nonqualified deferred compensation plans.
- (4) The estimated cost of continuing health and welfare benefits is based on current insurance premiums.
- (5) The amount of covered or reimbursed services was assumed to be the maximum amount allowable under change in control agreements and the severance plan, as described further below. The amounts to be reimbursed will be only for those expenses actually incurred by the executive, and may be significantly less than the amount presented in the table.
- (6) This amount represents the estimated cash payment in regard to Mr. Thall's Electronics Special Award discussed below.

Potential Payments Upon Change in Control

The 2010 Incentive Plan provides for accelerated vesting or payout of equity and incentive awards upon a change in control, even if the executive does not terminate employment, unless modified by applicable award agreements or terms and conditions at the time of grant. The benefits are designed to retain and motivate employees during the uncertain process that precedes a change in control transaction, and include:

any awards under the plan that relate to performance periods that have been completed as of the date of the change in control, but that have not yet been paid, are paid in accordance with the terms of such awards;

any awards under the plan that relate to performance periods that have not been completed as of the date of the change in control, and that are not then vested, become fully vested if vesting is based solely upon the length of the employment relationship as opposed to the satisfaction of one or more performance goals; and

any other awards that relate to performance periods that have not been completed as of the date of the change in control, and that are not then vested, will be treated as vested and earned pro rata, as if the performance goals at target levels are attained as of the effective date of the change in control (based on the number of full months that have elapsed from the beginning of the performance period to the date of the change in control compared to the total number of months in the original performance period).

However, certain equity awards made in 2012, 2013 and 2014 are subject to terms and conditions that modify the vesting provisions described above in the event of a change in contr
