- (2) Estimated solely for the purpose of computing the registration fee in accordance with Rule 457(c) under the Securities Act based upon the average of the high and low sale prices for the common stock of the registrant reported by the NASDAQ Global Select Market on April 28, 2015.
- (3) Such registration fee was previously paid in connection with the registration of certain shares of the registrant's common stock (the "Previously Registered Shares") under the Registration Statement on Form S-1 (File No. 333-194862) originally filed with the Securities and Exchange Commission on March 28, 2014 and amended by the pre-effective amendment thereto on May 8, 2014 (as amended, the "Prior Registration Statement"). Furthermore, since 1832, we have published trade and reference materials, including adult and children's fiction and non-fiction books that have won industry awards such as the Pulitzer Prize, Newbery and Caldecott medals and National Book Award, all of which we believe are widely known.

Table of Contents

RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the following risks, together with all of the other information set forth in this prospectus or incorporated herein by reference, before deciding whether to invest in our common stock. In addition to those listed below and elsewhere in this prospectus, you should also consider the risks, uncertainties and assumptions discussed under the caption Risk Factors included in our Annual Report on Form 10-K for the year ended December 31, 2014, which is incorporated by reference in this prospectus. If any of these risks actually occurs, our business, financial condition or results of operations would likely suffer. In such case, the trading price of our common stock would likely decline due to any of these risks, and you may lose all or part of your investment.

Risks Related to Our Common Stock

Our stock price may be volatile or may decline regardless of our operating performance, and you may not be able to resell your shares at or above the offering price.

The market price for our common stock may be volatile and may fluctuate significantly in response to a number of factors, most of which we cannot control, including, among others:

changes in economic trends or the continuation of current economic conditions;

changes in state and local education funding and/or related programs, legislation and procurement processes;

changes in schools curriculum programs in various states;

changes in consumer demand for, and acceptance of, our publications;

industry cycles and trends;

changes in laws or regulations governing our business and operations;

changes in technology and the digitalization of content;

the sustainability of an active trading market for our common stock; and

future sales of our common stock by our stockholders.

These and other factors may lower the market price of our common stock, regardless of our actual operating performance. In the event of a drop in the market price of our common stock, you could lose a substantial part or all of

your investment in our common stock.

In addition, the stock markets have experienced extreme price and volume fluctuations that have affected and continue to affect the market prices of equity securities of many companies, including other publishing and education companies. In the past, stockholders have instituted securities class action litigation following periods of market volatility. If we were to become involved in securities litigation, we could incur substantial costs and our resources and the attention of management could be diverted from our business.

If securities or industry analysts cease to publish research or publish inaccurate or unfavorable research about us or our business, our share price and trading volume could decline.

The trading market for our common stock depends in part on the research and reports that securities or industry analysts publish about us or our business. If one or more of the analysts who cover us downgrades our common stock or publishes inaccurate or unfavorable research about us or our business, our share price would likely decline. If one or more of these analysts cease coverage of us or fail to publish reports on us regularly, demand for our common stock could decrease, which could cause our share price and trading volume to decline.

Table of Contents

We do not expect to pay any cash dividends for the foreseeable future.

We currently expect to retain all our future earnings for use in the operation and expansion of our business and do not anticipate paying any cash dividends on our common stock for the foreseeable future. The declaration and payment of future dividends to holders of our common stock will be at the discretion of our board of directors and will depend upon many factors, including our financial condition, earnings, legal requirements, restrictions in our debt agreements, including the credit agreements governing our term loan facility and revolving credit facility, and other factors deemed relevant by our board of directors. As a holding company, our ability to pay dividends depends on our receipt of cash dividends from our operating subsidiaries, which may further restrict our ability to pay dividends as a result of the laws of their respective jurisdictions of organization, agreements of our subsidiaries or covenants under future indebtedness that we or they may incur. In addition, Delaware law may impose requirements that may restrict our ability to pay dividends to holders of our common stock. Investors seeking cash dividends in the foreseeable future should not purchase our common stock.

We incur increased costs as a result of being a publicly traded corporation.

We have a limited history operating as a publicly traded corporation. We incur significant additional legal, accounting, reporting and other expenses as a result of having publicly traded common stock, including, but not limited to, increased costs related to auditor fees, legal fees, directors' fees, directors and officers insurance, investor relations and various other costs. We also incur costs associated with corporate governance requirements, including requirements under the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), as well as rules implemented by the Securities and Exchange Commission (the "SEC") and NASDAQ. Moreover, the additional demands associated with being a public company may disrupt regular operations of our business by diverting the attention of some of our senior management team away from revenue producing activities.

Failure to maintain adequate financial and management processes and controls could lead to errors in our financial reporting, which could harm our business and cause a decline in the price of our common stock.

Maintaining effective internal control over financial reporting is necessary for us to produce reliable financial reports and is important in helping to prevent financial fraud. If we are unable to maintain adequate internal controls, our business and operating results could be harmed. The requirements of Section 404 of the Sarbanes-Oxley Act and the related rules of the SEC require, among other things, our management to assess annually the effectiveness of our internal control over financial reporting. In addition to our report on internal control over financial reporting, our independent registered public accounting firm is required to issue a report on our internal control over financial reporting in connection with our Annual Reports on Form 10-K. In the future, we may identify deficiencies that we may be unable to remedy before the requisite deadline for those reports. Any failure to remediate material weaknesses noted by us or our independent registered public accounting firm or to implement required new or improved controls or difficulties encountered in their implementation could cause us to fail to meet our reporting obligation or result in material misstatements in our financial statements. If our management or our independent registered public accounting firm were to conclude in their reports that our internal control over financial reporting was not effective, investors could lose confidence in our reported financial information, and the trading price of our common stock could decrease significantly. Failure to comply with Section 404 of the Sarbanes-Oxley Act could potentially subject us to sanctions or investigations by the SEC, the Financial Industry Regulatory Authority, Inc. ("FINRA") or other regulatory authorities. The accompanying loss of public confidence could harm our business and cause a decline in the price of our common stock.

As a holding company, our only material assets will be our equity interests in our operating subsidiaries, and our principal source of revenue and cash flow will be distributions from such subsidiaries, which may be limited by law

and/or contract in making such distributions.

As a holding company, our principal source of revenue and cash flow will be distributions from our subsidiaries. Therefore, our ability to carry out our business plan, to fund and conduct our business, service our debt and pay dividends (if any) in the future will depend on the ability of our subsidiaries to generate sufficient

Table of Contents

net income and cash flows to make upstream cash distributions to us. Our subsidiaries are separate legal entities, and although they may be wholly owned or controlled by us, they have no obligation to make any funds available to us, whether in the form of loans, dividends or otherwise. The ability of our subsidiaries to distribute cash to us may also be subject to, among other things, future restrictions that are contained in our subsidiaries' agreements (as entered into from time to time), availability of sufficient funds in such subsidiaries and applicable laws and regulatory restrictions. Claims of creditors of our subsidiaries generally will have priority as to the assets of such subsidiaries over our claims and claims of our creditors and stockholders. To the extent the ability of our subsidiaries to distribute dividends or other payments to us could be limited in any way, this could materially limit our ability to fund and conduct our business, service our debt and pay dividends (if any).

Provisions in our organizational documents may delay or prevent our acquisition by a third party.

Our amended and restated certificate of incorporation and our amended and restated by-laws contain several provisions that may make it more difficult or expensive for a third party to acquire control of us without the approval of our board of directors. These provisions also may delay, prevent or deter a merger, acquisition, tender offer, proxy contest or other transaction that might otherwise result in our stockholders receiving a premium over the market price for their common stock. These provisions include, among others:

our board of directors' ability to issue, from time to time, one or more classes of preferred stock and, with respect to each such class, to fix the terms thereof by resolution;

provisions relating to the appointment of directors upon an increase in the number of directors or vacancy on our board of directors;

provisions requiring stockholders to hold at least 50.1% of our outstanding common stock in the aggregate to request special meetings and restricting the ability of stockholders to bring proposals before meetings;

provisions that provide that the doctrine of corporate opportunity will not apply with respect to the Company, to any of our stockholders or directors, other than any stockholder or director that is an employee, consultant or officer of ours; and

provisions that set forth advance notice procedures for stockholders' nominations of directors and proposals for consideration at meetings of stockholders.

These provisions of our amended and restated certificate of incorporation and amended and restated by-laws could discourage potential takeover attempts and reduce the price that investors might be willing to pay for our common stock in the future, which could reduce the market price of our common stock. For more information, see Description of Capital Stock.

Our amended and restated certificate of incorporation provides that the doctrine of corporate opportunity will not apply to us or to any of our stockholders or directors, except in limited circumstances, which may adversely affect our business or prospects.

Our amended and restated certificate of incorporation provides that the doctrine of corporate opportunity will not apply with respect to the Company, to any of our stockholders or directors, other than any stockholder or director that is an employee, consultant or officer of ours. The doctrine of corporate opportunity generally provides that a corporate fiduciary may not develop an opportunity using corporate resources, acquire an interest adverse to that of the corporation or acquire property that is reasonably incident to the present or prospective business of the corporation or in which the corporation has a present or expectancy interest, unless that opportunity is first presented to the corporation and the corporation chooses not to pursue that opportunity. The doctrine of corporate opportunity is intended to preclude officers or directors from personally benefiting from opportunities that belong to the corporation. The Company has renounced any prospective corporate opportunity so that our stockholders and directors, other than those that are employees, consultants or officers of ours, and their respective representatives have no duty to communicate or present corporate opportunities to us and have

Table of Contents

the right to either hold any corporate opportunity for its (and its representatives) own account and benefit or to recommend, assign or otherwise transfer such corporate opportunity to persons other than the Company. As a result, our stockholders, directors and their respective affiliates will not be prohibited from investing in competing businesses or doing business with our customers. Therefore, we may be in competition with our stockholders, directors or their respective affiliates, and we may not have knowledge of, or be able to pursue, a transaction that could potentially be beneficial to us. Accordingly, we may lose a corporate opportunity or suffer competitive harm, which could negatively impact our business or prospects.

Any offering may cause or contribute to an ownership change of the Company for U.S. federal income tax purposes, which may result in limitations on the Company's use of certain tax attributes.

The sale of shares of our common stock in any offering may cause or contribute to an ownership change of the Company for U.S. federal income tax purposes. If the Company undergoes an ownership change, the Company may be limited in its ability to use certain tax attributes, including its net operating losses, under Section 382 of the Internal Revenue Code of 1986, as amended (the Code). The Company has certain significant tax attributes (other than net operating losses) and expects that these tax attributes will not be subject to any limitation as a result of any potential ownership change.

We derive many of our forward-looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and, of course, it is impossible for us to anticipate all factors that could affect our actual results. In addition, even if our results of operations, financial condition and liquidity and the development of the industry in which we operate are consistent with the forward-looking statements contained in or incorporated by reference into this prospectus, those results or developments may not be indicative of results or developments in subsequent periods. Important factors that could cause our results to vary from expectations include, but are not limited to:

changes in state and local education funding and/or related programs, legislation and procurement processes;

adverse or worsening economic trends or the continuation of current economic conditions;

provisions in our organizational documents may delay or prevent our acquisition by a third party; and

any offering may cause or contribute to an ownership change of the Company for U.S. federal income tax purposes, which may result in limitations on the Company's use of certain tax attributes.

We caution you that the foregoing list of important factors may not contain all of the material factors that are important to you. We urge you to read this entire prospectus carefully, including the information incorporated herein by reference to our Annual Report on Form 10-K for the year ended December 31, 2014, for a more complete discussion of the factors that could affect our future performance and the industry in which we operate. In light of these risks, uncertainties and assumptions, the forward-looking events described in this prospectus or incorporated herein by reference may not occur.

We undertake no obligation, and do not expect, to publicly update or publicly revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by law. All subsequent written and oral forward-looking statements attributable to us or to persons acting on our behalf are expressly qualified in their entirety by the cautionary statements referred to above and contained elsewhere in or incorporated by reference into this prospectus.

Relationships with Selling Stockholders

Director Nomination Agreement

We are party to Amended and Restated Director Nomination Agreement, dated as of August 2, 2013 (the Director Nomination Agreement) with Paulson. Under the Director Nomination Agreement, Paulson has the right to nominate a director to our Board (the Holder Director). Paulson's right to nominate the Holder Director to our Board will continue so long as Paulson holds at least 15% of our issued and outstanding common stock. The current Holder Director is Mr. Sheru Chowdhry.

Under the Director Nomination Agreement, we have agreed to take all actions reasonably necessary to ensure that Paulson's nominee is included in the Board's slate of nominees for each election of directors, the nominee is included in our proxy statement for each stockholder meeting to elect directors and each replacement nominee is elected by our Board to fill a vacancy created by the Holder Director or as a replacement. If requested by Paulson, we have also agreed to cause the Holder Director to be designated as a member of each committee of our Board unless the designation would violate legal restrictions or the rules and regulations of the national securities exchange on which our common stock is listed. If the Holder Director is not Mr. Chowdhry, the nominee must be selected in consultation with our Nominating, Ethics and Governance Committee. Under the Director Nomination Agreement, if Paulson transfers at least 15% of our issued and outstanding common stock to a transferee, the nominating rights with respect to the Holder Director (and any successor in the event of a vacancy) may be assigned to that transferee, subject to our consent (which may not be unreasonably withheld) but may not be assigned to any subsequent transferees.

Investor Rights Agreement

In connection with our restructuring, on June 22, 2012, we entered into the Investor Rights Agreement with our new stockholders. The Investor Rights Agreement contains, among others, provisions granting our stockholders party thereto from time to time certain registration rights as described in further detail below and provisions related to confidentiality, holdback agreements and our public reporting obligations.

The Investor Rights Agreement provides our stockholders party thereto from time to time with certain registration rights.

Under the Investor Rights Agreement, we are required to use commercially reasonable efforts to file and cause to become effective, a shelf registration statement (on Form S-3 if permitted) for the benefit of all stockholders party to the Investor Rights Agreement, and any individual holder or holders of 15% or more of our outstanding common stock can demand an unlimited number of shelf takedowns, so long as the total offering size is reasonably expected to exceed \$100 million.

Each holder or group of holders who owns at least 15% of our outstanding common stock has: (i) one Form S-1 demand registration right per annum, which may be conducted in an underwritten offering, as long as the total offering size is reasonably expected to exceed \$100 million; and (ii) unlimited Form S-3 demand registration rights, which may be conducted in underwritten offerings, as long as the total offering size is reasonably expected to exceed \$100 million, each subject to customary cutback provisions.

Each stockholder party to the Investor Rights Agreement has unlimited piggyback registration rights with respect to underwritten offerings, subject to certain exceptions and limitations.

The foregoing registration rights are subject to certain cutback provisions and customary suspension/blackout provisions. We have agreed to pay all registration expenses under the Investor Rights Agreement, except that the selling stockholders may be responsible for their pro rata shares of underwriters' fees, commissions and discounts (subject to the exception described below), stock transfer and certain legal expenses. We are required to pay certain expenses of the selling stockholders, including one firm of legal counsel for the selling stockholders, for any shelf takedown under the shelf registration statement. Under the Investor Rights Agreement, we have agreed to pay all underwriting discounts and commissions applicable to the sale of the common stock in connection with the first underwritten demand registration or shelf takedown by stockholders under the shelf registration statement.

Table of Contents

In connection with the registrations described above, we have agreed to indemnify the stockholders against certain liabilities. The Investor Rights Agreement also contains certain holdback agreements that apply to each stockholder party to the Investor Rights Agreement. Generally, without our prior consent and subject to limited exceptions, the stockholders party to the Investor Rights Agreement have agreed that, if participating in a future shelf takedown or other underwritten public offering, they shall not publicly sell or distribute our equity securities during: (i) the seven-day period prior to the pricing of such offering; and (ii) for the 90-day period beginning on such pricing date.

The registration statement, of which this prospectus is a part, has been filed pursuant to the terms of the Investor Rights Agreement.

Broker-Dealers and Underwriters

Each selling stockholder that is a broker-dealer or an affiliate of a broker-dealer acquired its shares of common stock in the ordinary course of its business and, at the time of acquisition, had no agreements or understandings, directly or indirectly, with any person to distribute the shares.

Each of Barclays Capital Inc., Credit Suisse Securities (USA), LLC, and Morgan Stanley & Co. LLC is a registered broker-dealer and a selling stockholder. Each registered broker-dealer is an underwriter with respect to its shares of common stock to be sold from time to time pursuant to this prospectus.

Certain of the selling stockholders or their affiliates acted as underwriters in connection with our initial public offering.

Debt-for-Equity Exchange

Upon our emergence from Chapter 11 bankruptcy proceedings on June 22, 2012, holders of our prior term loan, revolving loan, and 10.5% Senior Notes were issued post-emergence shares of new common stock pursuant to the final plan of emergence on a pro rata basis. Certain of these holders of our prior term loan, revolving loan, and 10.5% Senior Notes were also equity holders prior to the consummation of the Plan and are selling stockholders under this prospectus. The amount of the gain attributable to the debt-to-equity conversion, net of elimination of fees and other charges, of \$1,010.3 million, which is associated to the holders of the prior term loan, revolving loan, and 10.5% Senior Notes that were also equity holders prior to the consummation of the plan of emergence, was charged to capital in excess of par value.

DESCRIPTION OF CAPITAL STOCK

Capital Stock

Our amended and restated certificate of incorporation has an authorized capital stock consisting of 380,000,000 shares of common stock, par value \$0.01 per share, and 20,000,000 shares of preferred stock, par value \$0.01 per share. As of April 24, 2015, we had 143,329,477 shares of common stock and no shares of preferred stock outstanding. Summarized below are material provisions of our amended and restated certificate of incorporation and amended and restated by-laws, as well as relevant sections of the Delaware General Corporation Law (the "DGCL"). The following summary is qualified in its entirety by the provisions of our amended and restated certificate of incorporation and amended and restated by-laws, copies of which have been filed as exhibits to the registration statement of which this prospectus is a part, and by the applicable provisions of the DGCL.

Common stock

The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of stockholders, including the election of directors. Holders of the common stock do not have any preemptive rights or cumulative voting rights, which means that the holders of a majority of the outstanding common stock voting for the election of directors can elect all directors then being elected. The holders of our common stock are entitled to receive dividends when, as, and if declared by our board of directors out of legally available funds. Upon our liquidation or dissolution, the holders of common stock will be entitled to share ratably in those of our assets that are legally available for distribution to stockholders after payment of liabilities and subject to the prior rights of any holders of preferred stock then outstanding. The rights, preferences and privileges of holders of common stock are subject to the rights of the holders of shares of any series of preferred stock that may be issued in the future.

Preferred stock

We are authorized to issue up to 20,000,000 shares of preferred stock. Our board of directors is authorized, subject to limitations prescribed by the DGCL and our amended and restated certificate of incorporation, to determine the terms and conditions of the preferred stock, including whether the shares of preferred stock will be issued in one or more series, the number of shares to be included in each series and the powers, designations, preferences and rights of the shares. Our board of directors is also authorized to designate any qualifications, limitations or restrictions on the shares without any further vote or action by the stockholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of our Company and may adversely affect the voting and other rights of the holders of our common stock, which could have an adverse impact on the market price of our common stock. We have no current plan to issue any shares of preferred stock.

Corporate opportunity

Our amended and restated certificate of incorporation provides that the doctrine of corporate opportunity will not apply with respect to the Company, to any of our existing stockholders or any directors of the Company who are not employees, consultants or officers of ours in a manner that would prohibit them from investing in competing businesses or doing business with our customers.

Certain certificate of incorporation, by-law and statutory provisions

The provisions of our amended and restated certificate of incorporation and amended and restated by-laws and of the DGCL summarized below may have an anti-takeover effect and may delay, deter or prevent a tender offer or takeover

attempt that you might consider in your best interest, including an attempt that might result in your receipt of a premium over the market price for your shares.

Directors liability; Indemnification of directors and officers

Section 145 of the DGCL authorizes a court to award, or a corporation's board of directors to grant, indemnity to directors and officers in terms sufficiently broad to permit such indemnification under certain circumstances for liabilities, including reimbursements for expenses incurred arising under the Securities Act.

Our amended and restated certificate of incorporation provides that a director will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except:

for any breach of the duty of loyalty;

for acts or omissions not in good faith or which involve intentional misconduct or knowing violations of law;

for liability under Section 174 of the DGCL (relating to unlawful dividends, stock repurchases or stock redemptions); or

for any transaction from which the director derived any improper personal benefit.

The effect of this provision is to eliminate our rights, and our stockholders' rights, to recover monetary damages against a director for breach of a fiduciary duty of care as a director. This provision does not limit or eliminate our rights or those of any stockholder to seek non-monetary relief such as an injunction or rescission in the event of a breach of a director's duty of care. The provisions will not alter the liability of directors under federal securities laws. In addition, our amended and restated certificate of incorporation provides that we indemnify each director and the officers, employees and agents determined by our board of directors to the fullest extent provided by the laws of the State of Delaware. Our amended and restated certificate of incorporation also requires us to advance expenses, including attorneys' fees, to our directors and officers in connection with legal proceedings, subject to very limited exceptions.

Any amendment to or repeal of these provisions will not adversely affect any right or protection of our directors in respect of any act or failure to act that occurred prior to any amendment to or repeal of such provisions or the adoption of an inconsistent provision. If the DGCL is amended to provide further limitation on the personal liability of directors of corporations, then the personal liability of our directors will be further limited to the greatest extent permitted by the DGCL. In addition, we have entered into separate indemnification agreements with each of our directors and executive officers. We also maintain director and officer liability insurance.

Special meetings of stockholders

Our amended and restated by-laws provide that special meetings of stockholders may be called only by the chairman, by a majority of the members of our board of directors or at the request of holders of 50.1% or more of our outstanding common stock. Stockholders requesting a special meeting must provide a notice to us with the proposed date, time and place of the meeting (which may not be earlier than 60 days after the date the notice is delivered to us (or 90 days in the case of special meetings called to elect one or more directors)) and the purposes for which the special meeting is being called. The stockholders requesting the special meeting must also comply with the requirements that would be applicable if the stockholders were proposing to nominate a candidate for election as a

director at an annual meeting or proposing a topic for consideration at an annual meeting. Except as described above, stockholders are not permitted to call a special meeting of stockholders, to require that the chairman call such a special meeting or to require that our board request the calling of a special meeting of stockholders. These provisions, taken together, will prevent stockholders from forcing consideration by the stockholders of stockholder proposals over the opposition of the board, except at an annual meeting or under the circumstances described above.

Table of Contents

Stockholder action; Advance notice requirements for stockholder proposals and director nominations

Our amended and restated by-laws provide that stockholders may take action by written consent if the consent is signed by holders of our outstanding shares having the number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and the stockholders seeking to take the action provide us with the same information that would have been required to be provided if they were proposing to take the action at a special meeting of stockholders.

In addition, our amended and restated by-laws establish advance notice procedures for:

stockholders to nominate candidates for election as a director; and

stockholders to propose topics for consideration at stockholders' meetings.

Stockholders must notify our corporate secretary in writing prior to the meeting at which the matters are to be acted upon or directors are to be elected. The notice must contain the information specified in our amended and restated by-laws, including, but not limited to, information with respect to the beneficial ownership of our common stock or derivative securities that have a value associated with our common stock held by the proposing stockholder and its associates and any voting or similar agreement the proposing stockholder has entered into with respect to our common stock. To be timely, the notice must be received at our corporate headquarters not less than 90 days nor more than 120 days prior to the first anniversary of the date of the prior year's annual meeting of stockholders. If the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the anniversary of the preceding year's annual meeting, or if no annual meeting was held in the preceding year or for the first annual meeting following our initial public offering, notice by the stockholder, to be timely, must be received not earlier than the 120th day prior to the annual meeting and not later than the later of the 90th day prior to the annual meeting or the 10th day following the day on which we notify stockholders of the date of the annual meeting, either by mail or other public disclosure. In the case of a special meeting of stockholders called to elect directors, the stockholder notice must be received not earlier than 120 days prior to the special meeting and not later than the later of the 90th day prior to the special meeting or 10th day following the day on which we notify stockholders of the date of the special meeting, either by mail or other public disclosure. Notwithstanding the above, in the event that the number of directors to be elected to the board at an annual meeting is increased and we do not make any public announcement naming the nominees for the additional directorships at least 100 days before the first anniversary of the preceding year's annual meeting, a stockholder notice of nomination shall also be considered timely, but only with respect to nominees for the additional directorships, if it is delivered not later than the close of business on the 10th day following the day on which such public announcement is first made. These provisions may preclude some stockholders from bringing matters before the stockholders at an annual or special meeting or from nominating candidates for director at an annual or special meeting.

Directors

Our board of directors currently has nine members. Each of our directors will serve for a term of one year. Directors hold office until the annual meeting of stockholders and until their successors have been duly elected and qualified. Our board of directors may elect a director to fill a vacancy, including vacancies created by the expansion of the board of directors, upon the affirmative vote of a majority of the remaining directors then in office.

Our amended and restated certificate of incorporation and amended and restated by-laws do not provide for cumulative voting in the election of directors.

Business combinations with interested stockholders

In general, section 203 of the DGCL prevents an interested stockholder (which is defined generally as a person owning 15% or more of the corporation's outstanding voting stock) of a Delaware corporation from

Table of Contents

engaging in a business combination (as defined therein) for three years following the date that person became an interested stockholder unless various conditions are satisfied. We have elected to opt out of the provisions of section 203. Accordingly, we will not be subject to the anti-takeover effects of section 203.

Forum for adjudication of disputes

Our amended and restated by-laws provide that unless the Company consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for any derivative action or proceeding brought on behalf of the Company, any action asserting breach of a fiduciary duty owed by any director, officer or other employee of the Company, any action asserting a claim arising pursuant to the DGCL or any action asserting a claim governed by the internal affairs doctrine. Although we have included a choice of forum provision in our amended and restated by-laws, it is possible that a court could rule that such provision is inapplicable or unenforceable. In addition, this provision would not affect the ability of our stockholders to seek remedies under the federal securities laws.

PLAN OF DISTRIBUTION

We are registering common stock covered by this prospectus to permit the selling stockholders to conduct public secondary trading of these shares from time to time after the date of this prospectus. We will not receive any of the proceeds of the sale of the common stock offered by this prospectus. The aggregate proceeds to the selling stockholders from the sale of the common stock will be the purchase price of the common stock less any discounts and commissions. We have agreed to pay certain expenses of the selling stockholders incurred in connection with the sale of common stock from time to time pursuant to this prospectus, including the underwriters' discounts and commissions for the first underwritten demand registration or shelf takedown by stockholders under this prospectus, as well as other offering expenses payable by us.

Each selling stockholder reserves the right to accept and, together with its agents, to reject, any proposed purchases of common stock to be made directly or through agents. If any pledgee, donee, transferee or other successor to the selling stockholders named in this prospectus wishes to sell under this prospectus, we will file a prospectus supplement identifying such successors as selling stockholders.

The shares of common stock offered by this prospectus may be sold from time to time to purchasers:

directly by the selling stockholders and their successors, which includes their donees, pledgees or transferees or their successors-in-interest; or

through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, commissions or agent's commissions from the selling stockholders or the purchasers of the common stock. These discounts, concessions, or commissions may be in excess of those customary in the types of transaction involved.

The common stock may be sold in one or more transactions at:

fixed prices;

prevailing market prices at the time of sale;

prices related to such prevailing market prices;

varying prices determined at the time of sale; or

negotiated prices.

These sales may be effected in one or more transactions:

on any national securities exchange or quotation service on which our common stock may be listed or quoted at the time of sale, including NASDAQ;

in the over-the-counter market;

in transactions otherwise than on such exchanges or services or in the over-the-counter market;

through the writing of options (including the issuance by the selling stockholders of derivative securities), whether the options or such other derivative securities are listed on an options exchange or otherwise;

through the settlement of short sales; or

through any combination of the foregoing.

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as an agent on both sides of the trade. In connection with the sales of our common stock, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions that, in turn, may:

engage in short sales of the common stock in the course of hedging their positions;

Table of Contents

sell the common stock short and deliver the common stock to close out short positions;

loan or pledge the common stock to broker-dealers or other financial institutions that in turn may sell the common stock;

enter into option or other transactions with broker-dealers or other financial institutions that require the delivery to the broker-dealer or other financial institution of the common stock, which the broker-dealer or other financial institution may resell; or

enter into transactions in which a broker-dealer makes purchases as a principal for resale for its own account or through other types of transactions.

A short sale of common stock by a broker-dealer, financial institution or selling stockholder would involve the sale of such common stock that is not owned, and therefore must be borrowed, in order to make delivery of the security in connection with such sale. In connection with a short sale of common stock, a broker-dealer, financial institution or selling stockholder may purchase shares on the open market to cover positions created by short sales. In determining the source of the common stock to close out such short positions, the broker-dealer, financial institution or selling stockholders may consider, among other things, the price of shares available for purchase in the open market.

At the time a particular offering of the shares is made, a prospectus supplement, if required, will be distributed, which will set forth the names of the selling stockholders, the aggregate amount of shares being offered and the terms of the offering, including, to the extent required, (1) the name or names of any underwriters, broker-dealers or agents, (2) any discounts, commissions and other terms constituting compensation from the selling stockholders and (3) any discounts, commissions or concessions allowed or reallocated to be paid to broker-dealers.

The common stock is listed on NASDAQ under the symbol HMHC.

There can be no assurance that any selling stockholder will sell any or all of the common stock under this prospectus. Further, we cannot assure you that any such selling stockholder will not transfer, devise or gift the common stock by other means not described in this prospectus. In addition, any common stock covered by this prospectus that qualifies for sale under Rule 144 of the Securities Act may be sold under Rule 144 rather than under this prospectus. The common stock may be sold in some states only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification is available and complied with.

The selling stockholders and any other person participating in the sale of the common stock will be subject to the Exchange Act. The Exchange Act rules include, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the common stock by the selling stockholders and any other person. In addition, Regulation M may restrict the ability of any person engaged in the distribution of the common stock to engage in market-making activities with respect to the particular common stock being distributed. This may affect the marketability of the common stock and the ability of any person or entity to engage in market-making activities with respect to the common stock.

In the Investor Rights Agreement, we have agreed to indemnify or provide contribution to the selling stockholders against certain liabilities, including certain liabilities under the Securities Act and the Exchange Act. In addition, we have agreed to pay substantially all of the expenses incidental to the registration of the common stock, including the

payment of federal securities law and state blue sky registration fees, and, except for the first underwritten demand registration or shelf takedown by stockholders under this prospectus, we will not bear any underwriting discounts or commissions or transfer taxes relating to the sale of common stock.

Section 145(a) of the Delaware General Corporation Law provides, in general, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the corporation, because the person is or was a director or officer of the corporation. Such indemnity may be against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding, if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and if, with respect to any criminal action or proceeding, the person did not have reasonable cause to believe the person's conduct was unlawful.

Section 145(b) of the Delaware General Corporation Law provides, in general, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor because the person is or was a director or officer of the corporation, against any expenses (including attorneys' fees) actually and reasonably

Section 145(g) of the Delaware General Corporation Law provides, in general, that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against the person in any such capacity, or arising out of the person's status as such, whether or not the corporation would have the power to indemnify the person against such

The foregoing statements are subject to the detailed provisions of Section 145 of the Delaware General Corporation Law and our amended and restated certificate of incorporation and amended and restated by-laws.

Section 102 of the Delaware General Corporation Law permits the limitation of directors' personal liability to the corporation or its stockholders for monetary damages for breach of fiduciary duties as a director except for (i) any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law, (iii) breaches under Section 174 of the Delaware General Corporation Law, which relates to unlawful payments of dividends or unlawful stock repurchase or redemptions, and (iv) any transaction from which the director derived an improper personal benefit.

Reference is made to Item 17 for our undertakings with respect to indemnification for liabilities arising under the Securities Act.

We maintain directors' and officers' liability insurance for our officers and directors.

We have entered into an indemnification agreement with each of our executive officers and directors that provides, in general, that we will indemnify them to the fullest extent permitted by law in connection with their service to us or on our behalf.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) to include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

provided, however, that the undertakings set forth in paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser: each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after

effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Table of Contents

- (6) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

Table of Contents**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Boston, Commonwealth of Massachusetts, on the 30th day of April, 2015.
