Overview

We are a diversified media and entertainment company with leading market positions in each of our operating segments: iHeartMedia (iHM), Americas Outdoor Advertising and International Outdoor Advertising.

iHM. Our iHM operations include radio broadcasting, online and mobile services and products, program syndication, entertainment, traffic and weather data distribution and music research services. Our radio stations and content can be heard on AM/FM stations, HD digital radio stations, satellite radio, at iHeartRadio.com and our radio stations websites, and through our iHeartRadio mobile application on smart phones and tablets, on gaming consoles, via in-home entertainment, in enhanced automotive platforms, as well as in-vehicle entertainment and navigation systems. As of December 31, 2014, we owned 858 domestic radio stations servicing more than 150 U.S. markets, including 44 of the top 50 markets and 84 of the top 100 markets. In addition, we provide programming and sell air time on one radio station owned by a third-party under a local marketing agreement. We are also the beneficiary of Aloha Station Trust, LLC, which owns and operates 16 radio stations, and the Brunswick Trust, which owns and operates 1 radio station, all of which we were required to divest in order to comply with Federal Communication Commission (FCC) media ownership rules, and which are being marketed for sale. In addition to our local radio programming, we also operate Premiere Networks (Premiere), a national radio network that produces, distributes or represents more than 90 syndicated radio programs and serves more than 5,500 radio station affiliates, reaching approximately 245 million listeners monthly. We also deliver real-time traffic information via navigation systems, radio and television broadcast media and wireless and Internet-based services through our traffic business, Total Traffic & Weather Network. We also promote, produce and curate special nationally recognized events for our listeners, including the iHeartRadio Music Festival, the iHeartRadio Ultimate Pool Party, the iHeartRadio Jingle Ball Concert Tour, the iHeartRadio Country Festival, the iHeartRadio Ultimate Valentine's Escape and the iHeartRadio Fiesta Latina. For each of the years ended December 31, 2014 and 2013, our iHM segment represented approximately 50% of our revenue. For the three months ended March 31, 2015 and 2014, our iHM segment represented approximately 52% and 50%, respectively, of our revenue.

Americas Outdoor Advertising. We are one of the largest outdoor advertising companies in the Americas (based on revenues), which includes the United States, Canada and Latin America. Approximately 89% of

our revenue in our Americas outdoor advertising segment was derived from the United States in each of the years ended December 31, 2014, 2013 and 2012. We own or operate approximately 114,000 display structures in our Americas outdoor segment with operations in 45 of the 50 largest markets in the United States, including all of the 20 largest markets. Our Americas outdoor assets consist of traditional and digital billboards, street furniture and transit displays, airport displays and wallscapes and other spectacles, which we own or operate under lease management agreements. Our Americas outdoor advertising business is focused on metropolitan areas with dense populations. For the years ended December 31, 2014 and 2013, our Americas Outdoor Advertising segment represented approximately 21% and 22%, respectively, of our revenue. For each of the three months ended March 31, 2015 and 2014, our Americas Outdoor Advertising segment represented approximately 22% of our revenue.

Table of Contents

International Outdoor Advertising. Our International outdoor business segment includes our operations in Asia, Australia and Europe, with approximately 35% of our revenue in this segment derived from France and the United Kingdom for each of the years ended December 31, 2014, 2013 and 2012. As of December 31, 2014, we owned or operated more than 529,000 displays across 22 countries. Our International outdoor assets consist of street furniture and transit displays, billboards, mall displays, Smartbike programs, wallscapes and other spectaculars, which we own or operate under lease agreements. Our International business is focused on metropolitan areas with dense populations. For each of the years ended December 31, 2014 and 2013, our International Outdoor Advertising segment represented approximately 25% of our revenue. For the three months ended March 31, 2015 and 2014, our International Outdoor Advertising segment represented approximately 24% and 26%, respectively, of our revenue.

Other. Our Other category includes our media representation firm, Katz Media, as well as other general support services and initiatives which are ancillary to our other businesses. Katz Media, a leading media representation firm in the U.S. for radio and television stations, sells national spot advertising time for clients in the radio and television industries throughout the United States. As of December 31, 2014, Katz Media represented more than 4,000 radio stations, approximately one-fifth of which are owned by us. Katz Media also represents more than 700 television and digital multicast stations. Katz Media generates revenue primarily through contractual commissions realized from the sale of national spot and online advertising. National spot advertising is commercial airtime sold to advertisers on behalf of radio and television stations. Katz Media represents its media clients pursuant to media representation contracts, which typically have terms of up to ten years in length. For each of the years ended December 31, 2014 and 2013 and the three months ended March 31, 2015 and 2014, our Other category represented approximately 3% of our revenue.

For the year ended December 31, 2014, we generated consolidated revenues of \$6,319 million, operating income of \$1,082 million and consolidated net loss of \$762 million. For the three months ended March 31, 2015, we generated consolidated revenues of \$1,345 million, operating income of \$93 million and consolidated net loss of \$385 million.

Our Strengths

Leading Positions in the U.S. Media and Entertainment and Global Outdoor Market. We are a leading global media and entertainment company.

We own the number one or number two ranked radio station clusters in nine of the top 10 and in 21 of the top 25 markets in the United States as of December 2014 and have a total weekly listening base of almost 139 million individuals based on NielsenAudio figures for the Fall 2014 ratings period.

In the United States outdoor market, we believe we hold the number one market share in eight of the top 10 markets and are either number one or number two in 16 of the top 20 markets. Internationally, we believe we hold one of the leading positions in France, the United Kingdom, Australia, Finland, Ireland, Switzerland, Sweden, Belgium, Italy and Norway. In addition, we hold positions in several countries where we have experienced strong growth, including Latin America, China and Singapore.

Global Scale in Media and Entertainment and Outdoor Advertising. As of December 31, 2014, we owned 858 domestic radio stations servicing more than 150 U.S. markets, including 44 of the top 50 markets and 84 of the top 100 markets. We also operated more than 640,000 outdoor advertising displays worldwide in metropolitan and

densely populated locations, providing advertisers with both a global and a local reach. We believe that our scale provides us with the flexibility and resources to introduce new products and solutions in a cost effective manner.

Our scale has enabled cost-effective investment in new technologies, such as digital billboards and streaming technology, which we believe will continue to support future growth. Digital billboards, for example, enable us to transition from selling space on a display to a single advertiser to selling time on that display to multiple advertisers, creating new revenue opportunities from both new and existing clients.

Table of Contents

Our large distribution platform in our iHM segment allows us to attract top talent and more effectively utilize programming, sharing the best and most compelling talent and programming across many stations throughout the United States.

We have sales people in local markets across the globe. Our scale has facilitated cost-effective investment in systems that allow us to maximize yield management and systems that improve the ability of our local salespeople to increase revenue. Additionally, our scale has allowed us to implement initiatives that we believe differentiate us from the rest of the media industry and position us to outperform our competitors across our markets.

Diversification Across Business Lines, Geographies, Markets and Format. Approximately half of our revenue is generated by our iHM segment, with the remaining half generated by our Americas Outdoor Advertising and International Outdoor Advertising segments, as well as other support services and initiatives. We offer advertisers a diverse platform of media assets across geographies, outdoor products and programming formats. Due to our multiple business units, we are not dependent upon any single source of revenue.

Strong Collection of Unique Assets. Through acquisitions and organic growth, we have aggregated a unique portfolio of assets. We believe the combination of our assets cannot be replicated.

Ownership and operation of radio broadcast stations is governed by the FCC's licensing process, which limits the number of radio licenses available in any market. Any party seeking to acquire or transfer radio licenses must go through a detailed review process with the FCC. Over several decades, we have aggregated multiple licenses in local market clusters across the United States. A cluster of multiple radio stations in a market allows us to provide listeners with more diverse programming and advertisers with a more efficient means to reach those listeners. In addition, we are able to increase our efficiency by operating in clusters, which allows us to eliminate duplicative operating expenses and realize economies of scale.

The domestic outdoor industry is regulated by the federal government as well as state and municipal governments. Statutes and regulations govern the construction, repair, maintenance, lighting, height, size, spacing and placement and permitting of outdoor advertising structures. Due to these regulations, it has become increasingly difficult to develop new outdoor advertising locations. Further, for many of our existing billboards, a competitor or landlord could not obtain a permit for replacement under existing laws and regulations due to their non-conforming status.

Attractive Businesses with High Margins and Low Capital Expenditure Requirements. Our global scale has enabled us to make productive and cost effective investments across our portfolio. As a result of our strong margins and low capital expenditure requirements, we have been able to convert a significant portion of our operating income into cash flow that can be utilized for debt service.

We have strong operating margins, driven by our significant scale and leading market share in both radio broadcasting and outdoor advertising. For the year ended December 31, 2014, our consolidated operating margin was 17% with strong operating margins in our iHM segment of 31%, and Americas Outdoor Advertising segment of 23%.

In addition, both our media and entertainment and our outdoor businesses are low capital intensity businesses. For the years ended December 31, 2014 and 2013, our total capital expenditures were 5% of total revenue.

Highly Effective Advertising Medium. We believe both our media and entertainment and our outdoor advertising businesses offer compelling value propositions to advertisers and valuable access to consumers when they are out of the home and therefore closer to purchase decisions. We also believe both industries are well positioned to benefit from the fragmentation of audiences of other media as they are able to reach mass audiences on a local market basis.

Radio broadcasting and outdoor media offer compelling value propositions to advertisers by providing cost effective media advertising outlets.

Our media and entertainment and our outdoor businesses reach potential consumers outside of the home, a valuable position as it is closer to the purchase decision. Today, consumers spend a significant portion of their day out-of-home, while out-of-home media (radio and outdoor) currently garner a disproportionately smaller share of media spending than in-home media. We believe this discrepancy represents an opportunity for growth.

Table of Contents

Additionally, radio programming reaches 91% of all consumers in the United States in a given week, with the average consumer listening for approximately 14 hours per week. On a weekly basis, this represents approximately 243 million unique listeners.

According to Nielsen's December 2014 Total Audience Report, consumers in the United States listen to a significant amount of radio per day. In 2013, broadcast radio captured 164 minutes of user consumption per day as compared to the Internet at 159 minutes according to comScore, Inc. and newspapers at 26 minutes according to eMarketer Inc.

According to Scarborough, in 2014, 91% of U.S. residents traveled in a car each month, with an average of 170 miles traveled per week. The captive in-car audience is protected from media fragmentation and is subject to increasing out-of-home advertiser exposure as time and distance of commutes increase.

According to a single-source advertising return on investment (ROI) study in the radio sector conducted by NielsenAudio and Nielsen Catalina Solutions in 2014, radio delivered a sales lift of more than \$6 per dollar spent on radio, an ROI which Advertising Age reported doubled that of even the best results from recent studies of digital or TV media, with one retail brand recording a sales lift of more than \$23 per dollar invested in radio.

Significant Operating Leverage with Flexibility to Manage Cost Base As Necessary. We benefit from significant operating leverage, which leads to operating margin increases in a growth environment. Conversely, we have demonstrated our flexibility to effectively manage our cost base in a low growth or recessionary environment.

Our Strategy

Our goal is to strengthen our position as a leading global media and entertainment company specializing in radio, digital, out-of-home, mobile and on-demand entertainment and information services for national audiences and local communities and providing premiere opportunities for advertisers. We plan to achieve this objective by capitalizing on our competitive strengths and pursuing the following strategies.

iHM

Our iHM strategy centers on delivering entertaining and informative content across multiple platforms, including broadcast, mobile and digital as well as events. We strive to serve our listeners by providing the content they desire on the platform they prefer, while supporting advertisers, strategic partners, music labels and artists with a diverse platform of creative marketing opportunities designed to effectively reach and engage target audiences. Our iHM strategy also focuses on continuing to improve the operations of our stations by providing valuable programming and promotions, as well as sharing best practices across our stations in marketing, distribution, sales and cost management.

Promote Broadcast Radio Media Spending. Given the attractive reach and metrics of both the broadcast radio industry in general and iHM in particular, as well as our depth and breadth of relationships with both media agencies and national and local advertisers, we believe we can drive broadcast radio's share of total media spending by using our dedicated national sales team to highlight the value of broadcast radio relative to other media. We have made and continue to make significant investments in research to enable our clients to better understand how our assets can successfully reach their target audiences and promote their advertising campaigns; broadened our national sales teams and initiatives to better develop, create and promote their advertising campaigns; invested in technology to enhance

our platform and capabilities; and continue to seek opportunities to deploy our iHeartRadio digital radio service across both existing and emerging devices and platforms. We are also working closely with advertisers, marketers and agencies to meet their needs through new products, events and services developed through optimization of our current portfolio of assets, as well as to develop tools to determine how effective broadcast radio is in reaching their desired audiences.

Table of Contents

Promote Local and National Advertising. We intend to grow our iHM businesses by continuing to develop effective programming, creating new solutions for our advertisers and agencies, fostering key relationships with advertisers and improving our local and national sales team. We intend to leverage our diverse collection of assets, our programming and creative strengths, and our consumer relationships to create special events, such as one-of-a-kind local and national promotions for our listeners, and develop new, innovative technologies and products to promote our advertisers. We seek to maximize revenue by closely managing our advertising opportunities and pricing to compete effectively in local markets. We operate price and yield information systems, which provide detailed inventory information. These systems enable our station managers and sales directors to adjust commercial inventory and pricing based on local market demand, as well as to manage and monitor different commercial durations (60 second, 30 second, 15 second and five second) in order to provide more effective advertising for our customers at what we believe are optimal prices given market conditions.

Continue to Enhance the Listener Experience. We intend to continue enhancing the listener experience by offering a wide variety of compelling content and methods of delivery. We will continue to provide the content our listeners desire on their preferred platforms. Our investments have created a collection of leading on-air talent. For example, Premiere offers more than 90 syndicated radio programs and services for more than 5,500 radio station affiliates across the United States, including popular programs such as Rush Limbaugh, Sean Hannity, Glenn Beck, Ryan Seacrest, Steve Harvey, Elvis Duran, Bobby Bones and Delilah. Our distribution capabilities allow us to attract top talent and more effectively utilize programming, sharing our best and most compelling content across many stations.

Deliver Content via Multiple Distribution Technologies. We continue to expand the choices for our listeners. We deliver music, news, talk, sports, traffic and other content using an array of distribution technologies, including broadcast radio and HD radio channels, satellite radio, digitally via iHeartRadio.com and our stations' websites, and through our iHeartRadio mobile application on smart phones and tablets, on gaming consoles, via in-home entertainment, in enhanced automotive platforms, as well as in-vehicle entertainment and navigation systems. Some examples of our recent initiatives are as follows:

Streaming. We provide streaming content via the Internet, mobile and other digital platforms. We rank among the top streaming networks in the U.S. with regards to Average Active Sessions (AAS), Session Starts (SS) and Average Time Spent Listening (ATSL). AAS and SS measure the level of activity while ATSL measures the ability to keep the audience engaged.

Websites and Mobile Applications. We have developed mobile and Internet applications such as the iHeartRadio smart phone application and website and websites for our stations and personalities. These mobile and Internet applications allow listeners to use their smart phones, tablets or other digital devices to interact directly with stations, find titles/artists, request songs and create custom and personalized stations while providing an additional method for advertisers to reach consumers. As of December 31, 2014, our iHeartRadio mobile application has been downloaded approximately 500 million times (including updates). iHeartRadio provides a unique digital music experience by offering access to more than 1,900 live broadcast and digital-only radio stations, plus user-created custom stations with broad social media integration and our on demand content from our premium talk partnerships and user generated talk shows. Through our digital platforms, we estimate that we had more than 81 million unique digital visitors for the month of December 2014.

Table of Contents

Outdoor

We seek to capitalize on our Americas outdoor network and diversified product mix to maximize revenue. In addition, by sharing best practices among our business segments, we believe we can quickly and effectively replicate our successes in our other markets. Our outdoor strategy focuses on leveraging our diversified product mix and long-standing presence in many of our existing markets, which provides us with the ability to launch new products and test new initiatives in a reliable and cost-effective manner.

Promote Overall Outdoor Media Spending. Given the attractive industry fundamentals of outdoor media and our depth and breadth of relationships with both local and national advertisers, we believe we can drive outdoor advertising's share of total media spending by using our dedicated national sales team to highlight the value of outdoor advertising relative to other media. Outdoor advertising only represented 4% of total dollars spent on advertising in the United States in 2014. We have made and continue to make significant investments in research tools that enable our clients to better understand how our displays can successfully reach their target audiences and promote their advertising campaigns. Also, we are working closely with clients, advertising agencies and other diversified media companies to develop more sophisticated systems that will provide improved audience metrics for outdoor advertising. For example, we have implemented the TAB Out of Home Ratings audience measurement system which: (1) separately reports audiences for billboards, posters, junior posters, transit shelters and phone kiosks, (2) reports for geographically sensitive reach and frequency, (3) provides granular detail, reporting individual out of home units in over 200 designated market areas, (4) provides detailed demographic data comparable to other media, and (5) provides true commercial ratings based on people who see the advertising.

Continue to Deploy Digital Displays. Digital outdoor advertising provides significant advantages over traditional outdoor media. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy on a large number of displays, allowing us to sell more advertising opportunities to advertisers. The ability to change copy by time of day and quickly change messaging based on advertisers' needs creates additional flexibility for our customers. Although digital displays require more capital to construct compared to traditional bulletins, the advantages of digital allow us to penetrate new accounts and categories of advertisers, as well as serve a broader set of needs for existing advertisers. Digital displays allow for high-frequency, 24-hour advertising changes in high-traffic locations and allow us to offer our clients optimal flexibility, distribution, circulation and visibility. We expect this trend to continue as we increase our quantity of digital inventory. As of December 31, 2014, we have deployed more than 1,100 digital billboards in 37 markets in the United States.

Capitalize on Product and Geographic Opportunities. We are also focused on growing our business internationally by working closely with our advertising customers and agencies in meeting their needs, and through new product offerings, optimization of our current display portfolio and selective investments targeting promising growth markets. We have continued to innovate and introduce new products in international markets based on local demands. Our core business is our street furniture business and that is where we plan to focus much of our investment. We plan to continue to evaluate municipal contracts that may come up for bid and will make prudent investments where we believe we can receive attractive returns. We will also continue to invest in markets such as China and Latin America where we believe there is high growth potential.

Exchange Offer

On February 26, 2015, we issued \$950,000,000 aggregate principal amount of outstanding notes. In connection therewith, we entered into a registration rights agreement with the initial purchasers (the Initial Purchasers) and for the benefit of the holders of such notes, in which we agreed, among other things, to file the registration statement of which this prospectus is a part. The following is a summary of the exchange offer. For more information, please see Exchange Offer.

The Outstanding Notes	We issued \$950,000,000 aggregate principal amount of outstanding notes on February 26, 2015 and the Initial Purchasers subsequently resold the outstanding notes (i) to qualified institutional buyers pursuant to Rule 144A under the Securities Act and (ii) outside the United States to non-U.S. persons in offshore transactions in reliance on Regulation S under the Securities Act.
Registration Rights Agreement	Simultaneously with the issuance of the outstanding notes, we entered into a registration rights agreement with the Initial Purchasers, pursuant to which we have agreed, among other things, to use commercially reasonable efforts to file with the SEC and cause to become effective a registration statement relating to an offer to exchange the outstanding notes for an issue of SEC-registered notes with terms identical to the outstanding notes. The exchange offer for the outstanding notes is intended to satisfy your rights under the registration rights agreement. After the exchange offer for the outstanding notes is completed, you will no longer be entitled to any exchange or registration rights with respect to your outstanding notes.
The Exchange Offer	We are offering to exchange the exchange notes, which have been registered under the Securities Act, for your outstanding notes, which were issued in the private offering. In order to be exchanged, outstanding notes must be properly tendered and accepted. All outstanding notes that are validly tendered and not validly withdrawn will be exchanged. We will issue the exchange notes promptly after the expiration of the exchange offer.
Resales	Based on interpretations by the staff of the SEC set forth in no-action letters issued to unrelated parties, we believe that the exchange notes issued in the exchange offer may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act provided that: the exchange notes are being acquired in the ordinary course of your business;

you are not participating, do not intend to participate, and have no arrangement or understanding with any person to participate, in the distribution of the exchange notes issued to you in the exchange offer; and

you are not an affiliate of ours.

If any of these conditions are not satisfied and you transfer any exchange notes issued to you in the exchange offer without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your exchange notes from these requirements, you may incur liability under the Securities Act. We will not assume, nor will we indemnify you against, any such liability.

Each broker-dealer that is issued exchange notes in the exchange offer for its own account in exchange for outstanding notes that were acquired by that broker-dealer as a result of market-making or other trading activities, must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes. A broker-dealer may use this prospectus for an offer to resell, resale or other retransfer of the exchange notes issued to it in the exchange offer.

Expiration Date	The exchange offer will expire at 5:00 p.m., New York City time, August 5, 2015 unless we decide to extend it.
Conditions to the Exchange Offer	The exchange offer is not subject to any condition, other than that the exchange offer does not violate applicable law or any applicable interpretation of the staff of the SEC.
Special Procedures for Beneficial Owners	If you are the beneficial owner of book-entry interests and your name does not appear on a security position listing of DTC as the holder of the book-entry interests or if you are a beneficial owner of outstanding notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender the book-entry interest or outstanding notes in the exchange offer, you should contact the person in whose name your book-entry interests or outstanding notes are registered promptly and instruct that person to tender on your behalf.
Withdrawal Rights	You may withdraw the tender of your outstanding notes from the exchange offer at any time prior to the expiration date.
U.S. Federal Income Tax Consequences	We believe that the exchange of outstanding notes should not be a taxable event for United States federal income tax purposes.
Use of Proceeds; Fees and Expenses	We will not receive any proceeds from the issuance of exchange notes pursuant to the exchange offer. We will pay all of our expenses incident to the exchange offer.
Exchange Agent	U.S. Bank National Association is serving as the exchange agent in connection with the exchange offer.

indebtedness that is by its terms expressly subordinated in right of

payment to the exchange notes;

not a guarantor of the exchange notes.

As of March 31, 2015, we had approximately \$20.5 billion of total indebtedness outstanding, net of unamortized discounts. As of March 31, 2015, our nonguarantor subsidiaries held approximately 51% of our consolidated assets and had \$4.9 billion in outstanding indebtedness, excluding intercompany obligations. Each guarantee will be structurally subordinated in right of payment to all existing and future indebtedness and other liabilities of any subsidiary of the applicable guarantor that is not also a guarantor of the exchange notes.

Security

Initially, our obligations under the exchange notes and the guarantors obligations under the guarantees will be secured, subject to prior liens permitted by the indenture governing the legacy notes, by (1) a lien on (a) the capital stock of iHeartCommunications and (b) certain property and related assets that do not constitute principal property (as defined in the indenture governing the legacy notes), in each case equal in priority to the liens securing the obligations under our senior secured credit facilities and our priority guarantee notes (collectively, certain collateral securing our senior secured credit facilities and our priority guarantee notes) and (2) a lien on the accounts receivable and related assets securing our receivables based credit facility junior in priority to the lien securing our obligations under such receivables based credit facility (the receivables-based collateral and, together with certain collateral securing our senior secured credit facilities and our priority guarantee notes, the collateral). The collateral will also include (x) 100% of the capital stock of our wholly-owned domestic restricted subsidiaries and intercompany loans between iHeartCommunications and its restricted subsidiaries or between any restricted subsidiaries and (y) our assets that constitute principal property under the indenture governing the legacy notes if (A) the aggregate amount of legacy notes outstanding is \$500 million or less, (B) the indenture governing the legacy notes has been amended or otherwise modified to remove or limit the applicability of the negative pledge covenant set forth in the indenture governing the legacy notes, (C) any legacy notes are secured or become required to be secured by a lien on any collateral with respect to the springing lien or (D) our senior secured credit facilities and our priority guarantee notes are secured by a lien on the assets described in this sentence (other than certain liens securing our senior secured credit facilities permitted under the indenture governing the legacy notes in effect on the issue date). See Description of the Exchange Notes Security. The value of the collateral at any time will depend on market and other economic conditions, including the availability of suitable buyers for the collateral. See Risk Factors Risks Related to the Notes.

Intercreditor Agreements

The notes are subject to (i) an intercreditor agreement that establishes the relative priority of the liens securing our senior secured credit facilities, our priority guarantee notes and the notes and (ii) an intercreditor agreement that establishes the relative rights of the lenders under our

senior secured credit facilities, our receivables based credit facility, our priority guarantee notes and the notes in the collateral securing our receivables based credit facility. See Description of the Exchange Notes Intercreditor Agreements.

Optional Redemption

The notes will be redeemable, in whole or in part, at any time on or after March 15, 2018, at the redemption prices specified under Description of the Exchange Notes Optional Redemption. At any time prior to March 15, 2018, we may redeem up to 40% of the aggregate principal amount of the notes with the net cash proceeds from certain equity offerings at a price equal to 110.625% of the principal amount thereof, together with accrued and unpaid interest, if any, to the redemption date. In addition, at any time prior to March 15, 2018, we may redeem the notes, in whole or in part, at a price equal to 100% of the principal amount of the notes plus a make-whole premium, together with accrued and unpaid interest, if any, to the redemption date.

Mandatory Repurchase Offers

If we or our restricted subsidiaries engage in asset sales or sales of collateral under certain circumstances and do not use the proceeds for certain specified purposes, we must use all or a portion of such proceeds to offer to repurchase the notes at 100% of their principal amount, plus accrued and unpaid interest, if any, to the date of purchase.

Additionally, upon the occurrence of a change of control, we must offer to purchase the notes at 101% of their principal amount, plus accrued and unpaid interest, if any, thereon. For more details, you should read Description of the Exchange Notes Repurchase of the Option of Holders Change of Control.

Certain Covenants

pay dividends on, or make distributions in respect of, their capital stock

or repurchase their capital stock;

make certain investments or other restricted payments;

sell certain assets;

RISK FACTORS

You should carefully consider the following risk factors as well as the other information and data included in this prospectus before participating in the exchange offer. Any of the following risks related to our business could materially and adversely affect our business, cash flows, financial condition or results of operations. In such a case, you may lose all or part of your original investment in your notes.

Risk Factors Related to the Exchange Offer

Because there is no public market for the exchange notes, you may not be able to resell your exchange notes

The exchange notes will be registered under the Securities Act, but will constitute new issues of securities with no established trading market, and there can be no assurance as to:

the liquidity of any trading market that may develop;

the ability of holders to sell their exchange notes; or

the price at which the holders would be able to sell their exchange notes.

If a trading market were to develop, the exchange notes might trade at higher or lower prices than their respective principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar securities and our financial performance.

Your outstanding notes will not be accepted for exchange if you fail to follow the exchange offer procedures

We will not accept your outstanding notes for exchange in the exchange offer if you do not follow the exchange offer procedures. We will issue exchange notes as part of the exchange offer only after a timely receipt of your outstanding notes and all other required documents. Therefore, if you want to tender your outstanding notes, please allow sufficient time to ensure timely delivery. If we do not receive your outstanding notes and other required documents by the expiration date of the exchange offer, we will not accept your outstanding notes for exchange. We are under no duty to give notification of defects or irregularities with respect to the tenders of outstanding notes for exchange. If there are defects or irregularities with respect to your tender of outstanding notes, we may not accept your outstanding notes for exchange. For more information, see Exchange Offer.

In addition, any holder of outstanding notes who tenders in the exchange offer for the purpose of participating in a distribution of the exchange notes may be deemed to have received restricted securities, and if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. For a description of these requirements, see Exchange Offer.

If you do not exchange your outstanding notes, your outstanding notes will continue to be subject to the existing transfer restrictions and you may not be able to sell your outstanding notes

We did not register the outstanding notes, nor do we intend to do so following the exchange offer. Outstanding notes that are not tendered will therefore continue to be subject to the existing transfer restrictions and may be transferred

only in limited circumstances under the securities laws. If you do not exchange your outstanding notes, you will lose your right to have your outstanding notes registered under the federal securities laws. As a result, if you hold outstanding notes after the exchange offer, you may not be able to sell your outstanding notes.

Risks Related to Our Business

Our results have been in the past, and could be in the future, adversely affected by economic uncertainty or deteriorations in economic conditions

We derive revenues from the sale of advertising. Expenditures by advertisers tend to be cyclical, reflecting economic conditions and budgeting and buying patterns. Periods of a slowing economy or recession, or periods of economic uncertainty, may be accompanied by a decrease in advertising. For example, the global economic downturn that began in 2008 resulted in a decline in advertising and marketing by our customers, which resulted in a decline in advertising revenues across our businesses. This reduction in advertising revenues had an adverse effect on our revenue, profit margins, cash flow and liquidity. Global economic conditions have been slow to recover and remain uncertain. If economic conditions do not continue to improve, economic uncertainty increases or economic conditions deteriorate again, global economic conditions may once again adversely impact our revenue, profit margins,

Table of Contents

cash flow and liquidity. Furthermore, because a significant portion of our revenue is derived from local advertisers, our ability to generate revenues in specific markets is directly affected by local and regional conditions, and unfavorable regional economic conditions also may adversely impact our results. In addition, even in the absence of a downturn in general economic conditions, an individual business sector or market may experience a downturn, causing it to reduce its advertising expenditures, which also may adversely impact our results.

We performed impairment tests on our goodwill and other intangible assets during the fourth quarter of 2014, 2013 and 2012 and recorded non-cash impairment charges of \$19.2 million, \$17.0 million and \$37.7 million, respectively. Although we believe we have made reasonable estimates and used appropriate assumptions to calculate the fair value of our licenses, billboard permits and reporting units, it is possible a material change could occur. If actual market conditions and operational performance for the respective reporting units underlying the intangible assets were to deteriorate, or if facts and circumstances change that would more likely than not reduce the estimated fair value of the indefinite-lived assets or goodwill for these reporting units below their adjusted carrying amounts, we may also be required to recognize additional impairment charges in future periods, which could have a material impact on our financial condition and results of operations.

To service our debt obligations and to fund capital expenditures, we will require a significant amount of cash to meet our needs, which depends on many factors beyond our control

Our ability to service our debt obligations and to fund capital expenditures will require a significant amount of cash. Our primary source of liquidity is cash on hand, cash flow from operations and borrowing capacity under our receivables based credit facility, subject to certain limitations contained in our material financing agreements. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flow from operations, borrowing capacity under our receivables based credit facility and cash flow from other liquidity-generating transactions will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next twelve months. However, our ability to fund our working capital, capital expenditures, debt service and other obligations, and to comply with the financial covenant under our financing agreements, depends on our future operating performance and cash from operations and other liquidity-generating transactions, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. If our future operating performance does not meet our expectation or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. In addition, the purchase price of possible acquisitions, capital expenditures for deployment of digital billboards and/or other strategic initiatives could require additional indebtedness or equity financing on our part. Adverse securities and credit market conditions could significantly affect the availability of equity or debt financing. In connection with our financing transactions completed during 2014, the average interest rate on our outstanding debt has increased. We anticipate paying cash interest of approximately \$1.7 billion during 2015. Future financing transactions may further increase interest expense, which could in turn reduce our financial flexibility and our ability to fund other activities and make us more vulnerable to changes in operating performance or economic downturns generally. There can be no assurance that additional financing, if permitted under the terms of our financing agreements, will be available on terms acceptable to us or at all. The inability to generate sufficient cash or obtain additional financing could have a material adverse effect on our financial condition and on our ability to meet our obligations or pursue strategic initiatives.

Our financial performance may be adversely affected by many factors beyond our control

Certain factors that could adversely affect our financial performance by, among other things, decreasing overall revenues, the numbers of advertising customers, advertising fees or profit margins include:

unfavorable economic conditions, which may cause companies to reduce their expenditures on advertising;

an increased level of competition for advertising dollars, which may lead to lower advertising rates as we attempt to retain customers or which may cause us to lose customers to our competitors who offer lower rates that we are unable or unwilling to match;

unfavorable fluctuations in operating costs, which we may be unwilling or unable to pass through to our customers;

technological changes and innovations that we are unable to successfully adopt or are late in adopting that offer more attractive advertising or listening alternatives than what we offer, which may lead to a loss of advertising customers or to lower advertising rates;

the impact of potential new royalties charged for terrestrial radio broadcasting, which could materially increase our expenses;

other changes in governmental regulations and policies and actions of regulatory bodies, which could increase our taxes or other costs, reduce our outdoor advertising inventory, restrict the advertising media that we employ or restrict some or all of our customers that operate in regulated areas from using certain advertising media or from advertising at all;

Table of Contents

unfavorable shifts in population and other demographics, which may cause us to lose advertising customers as people migrate to markets where we have a smaller presence or which may cause advertisers to be willing to pay less in advertising fees if the general population shifts into a less desirable age or geographical demographic from an advertising perspective; and

unfavorable changes in labor conditions, which may impair our ability to operate or require us to spend more to retain and attract key employees.

We face intense competition in our media and entertainment and our outdoor advertising businesses

We operate in a highly competitive industry, and we may not be able to maintain or increase our current audience ratings and advertising and sales revenues. Our iHeartMedia and our outdoor advertising businesses compete for audiences and advertising revenues with other iHeartMedia businesses and outdoor advertising businesses, as well as with other media, such as newspapers, magazines, television, direct mail, portable digital audio players, mobile devices, satellite radio, Internet-based services and live entertainment, within their respective markets. Audience ratings and market shares are subject to change, which could have the effect of reducing our revenues in that market. Our competitors may develop technology, services or advertising media that are equal or superior to those we provide or that achieve greater market acceptance and brand recognition than we achieve. It also is possible that new competitors may emerge and rapidly acquire significant market share in any of our business segments. An increased level of competition for advertising dollars may lead to lower advertising rates as we attempt to retain customers or may cause us to lose customers to our competitors who offer lower rates that we are unable or unwilling to match.

Alternative media platforms and technologies may continue to increase competition with our broadcasting operations

Our terrestrial radio broadcasting operations face increasing competition from alternative media platforms and technologies, such as broadband wireless, satellite radio, audio broadcasting by cable television systems and Internet-based audio music services, as well as consumer products, such as portable digital audio players and other mobile devices. These technologies and alternative media platforms, including those used by us, compete with our radio stations for audience share and advertising revenues. We are unable to predict the effect that such technologies and related services and products will have on our broadcasting operations. The capital expenditures necessary to implement these or other technologies could be substantial and we cannot assure you that we will continue to have the resources to acquire new technologies or to introduce new services to compete with other new technologies or services, or that our investments in new technologies or services will provide the desired returns. Other companies employing new technologies or services could more successfully implement such new technologies or services or otherwise increase competition with our businesses.

Our iHeartMedia business is dependent upon the performance of on-air talent and program hosts

We employ or independently contract with many on-air personalities and hosts of syndicated radio programs with significant loyal audiences in their respective markets. Although we have entered into long-term agreements with some of our key on-air talent and program hosts to protect our interests in those relationships, we can give no assurance that all or any of these persons will remain with us or will retain their audiences. Competition for these individuals is intense and many of these individuals are under no legal obligation to remain with us. Our competitors may choose to extend offers to any of these individuals on terms which we may be unwilling to meet. Furthermore, the popularity and audience loyalty of our key on-air talent and program hosts is highly sensitive to rapidly changing public tastes. A loss of such popularity or audience loyalty is beyond our control and could have a material adverse effect on our ability to attract local and/or national advertisers and on our revenue and/or ratings, and could result in

increased expenses.

Our business is dependent on our management team and other key individuals

Our business is dependent upon the performance of our management team and other key individuals. A number of key individuals have joined us or assumed increased responsibilities over the past several years, including Robert W. Pittman, who became our Chief Executive Officer on October 2, 2011, Scott Wells, who became the Chief Executive Officer of our Outdoors Americas segment on March 2, 2015, and Richard J. Bressler, who became our President and Chief Financial Officer on July 29, 2013. Effective January 2014, Mr. Pittman and Mr. Bressler assumed direct management responsibility for our iHeartMedia division in addition to their existing roles, and effective February 2015, Mr. Bressler also assumed the title of Chief Operating Officer of iHeartMedia, Inc. to better reflect his actual role and responsibilities. Although we have entered into agreements with some members of our management team and certain other key individuals, we can give no assurance that all or any of our management team and other key individuals will remain with us, or that we won't continue to make changes to the composition of, and the roles and responsibilities of, our management team. Competition for these individuals is intense and many of our key employees are at-will employees who are under no legal obligation to remain with us, and may decide to leave for a variety of personal or other reasons beyond our control. We are currently contemplating modifying certain roles and responsibilities of specified members of our management team to more align with their recent operational focus. If members of our management or key individuals decide to leave us in the future, if we decide to make further changes to the composition of, or the roles and responsibilities of, these individuals, or if we are not successful in attracting, motivating and retaining other key employees, our business could be adversely affected.

Table of Contents**Extensive current government regulation, and future regulation, may limit our radio broadcasting and other media and entertainment operations or adversely affect our business and financial results**

Congress and several federal agencies, including the FCC, extensively regulate the domestic radio industry. For example, the FCC could impact our profitability by imposing large fines on us if, in response to pending complaints, it finds that we broadcast indecent programming or committed other violations of FCC regulations. We could face significant fines, for instance, as a result of pending FCC investigations into the allegedly inappropriate broadcast of emergency alert signals by several of our stations. Additionally, we cannot be sure that the FCC will approve renewal of the licenses we must have in order to operate our stations. Nor can we be assured that our licenses will be renewed without conditions and for a full term. The non-renewal, or conditioned renewal, of a substantial number of our FCC licenses, could have a materially adverse impact on our operations. Furthermore, possible changes in interference protections, spectrum allocations and other technical rules may negatively affect the operation of our stations. For example, in January 2011, a law that eliminates certain minimum distance separation requirements between full-power and low-power FM radio stations was enacted, which could lead to increased interference between our stations and low-power FM stations. In March 2011, the FCC adopted policies which, in certain circumstances, could make it more difficult for radio stations to relocate to increase their population coverage. In addition, Congress, the FCC and other regulatory agencies have considered, and may in the future consider and adopt, new laws, regulations and policies that could, directly or indirectly, have an adverse effect on our business operations and financial performance. For example, Congress may consider and adopt legislation that would impose an obligation upon all U.S. broadcasters to pay performing artists a royalty for the on-air broadcast of their sound recordings (this would be in addition to payments already made by broadcasters to owners of musical work rights, such as songwriters, composers and publishers). Moreover, it is possible that our license fees and negotiating costs associated with obtaining rights to use musical compositions and sound recordings in our programming content could sharply increase as a result of private negotiations, one or more regulatory rate-setting processes, or administrative and court decisions. We cannot predict whether such increases will occur. Such legislation and/or increased royalty rates and negotiating costs could have a material impact on our operations and financial results. Finally, various regulatory matters relating to our iHeartMedia business are now, or may become, the subject of court litigation, and we cannot predict the outcome of any such litigation or its impact on our business.

Regulations and consumer concerns regarding privacy and data protection, or any failure to comply with these regulations, could hinder our operations

We collect and utilize demographic and other information, including personally identifiable information, from and about our listeners, consumers, business partners and advertisers as they interact with us. For example: (1) our broadcast radio station websites and our iHeartRadio digital platform collect personal information as users register for our services, fill out their listener profiles, post comments, use our social networking features, participate in polls and contests and sign-up to receive email newsletters; (2) we use tracking technologies, such as cookies, to manage and track our listeners' interactions with us so that we can deliver relevant music content and advertising; and (3) we collect credit card or debit card information from consumers, business partners and advertisers who use our services.

We are subject to numerous federal, state and foreign laws and regulations relating to consumer protection, information security, data protection and privacy, among other things. Many of these laws are still evolving, new laws may be enacted and any of these laws could be amended or interpreted in ways that could harm our business. In addition, changes in consumer expectations and demands regarding privacy and data protection could restrict our ability to collect, use, disclose and derive economic value from demographic and other information related to our listeners, consumers, business partners and advertisers. Such restrictions could limit our ability to provide customized music content to our listeners, interact directly with our listeners and consumers and offer targeted advertising opportunities to our business partners and advertisers. Although we have implemented policies and procedures

designed to comply with these laws and regulations, any failure or perceived failure by us to comply with our policies or applicable regulatory requirements related to consumer protection, information security, data protection and privacy could result in a loss of confidence in us, damage to our brands, the loss of listeners, consumers, business partners and advertisers, as well as proceedings against us by governmental authorities or others, which could hinder our operations and adversely affect our business.

If our security measures are breached, we may face liability and public perception of our services could be diminished, which would negatively impact our ability to attract listeners, business partners and advertisers

Although we have implemented physical and electronic security measures to protect against the loss, misuse and alteration of our websites, digital assets and proprietary business information as well as listener, consumer, business partner and advertiser personally identifiable information, no security measures are perfect and impenetrable and we may be unable to anticipate or prevent unauthorized access. A security breach could occur due to the actions of outside parties, employee error, malfeasance or a combination of these or other actions. If an actual or perceived breach of our security occurs, we could lose competitively sensitive business information or suffer disruptions to our business operations, information processes or internal controls. In addition, the public perception of the effectiveness of our security measures or services could be harmed, we could lose listeners, consumers, business partners and advertisers. In the event of a security breach, we could suffer financial exposure in connection with remediation efforts, investigations and legal proceedings and changes in our security and system protection measures.

Government regulation of outdoor advertising may restrict our outdoor advertising operations

U.S. federal, state and local regulations have a significant impact on the outdoor advertising industry and our business. One of the seminal laws is the Highway Beautification Act (HBA), which regulates outdoor advertising on controlled roads in the United States. The HBA regulates the size and location of billboards, mandates a state compliance program, requires the development of state standards, promotes the expeditious removal of illegal signs and requires just compensation for takings. Construction, repair, maintenance, lighting, upgrading, height, size, spacing, the location and permitting of billboards and the use of new technologies for changing displays, such as digital displays, are regulated by federal, state and local governments. From time to time, states and municipalities have prohibited or significantly limited the construction of new outdoor advertising structures. Changes in laws and regulations affecting outdoor advertising, or changes in the interpretation of those laws and regulations, at any level of government, including the foreign jurisdictions in which we operate, could have a significant financial impact on us by requiring us to make significant expenditures or otherwise limiting or restricting some of our operations. Due to such regulations, it has become increasingly difficult to develop new outdoor advertising locations.

From time to time, certain state and local governments and third parties have attempted to force the removal of our displays under various state and local laws, including zoning ordinances, permit enforcement, condemnation and amortization. Similar risks also arise in certain of our international jurisdictions. Amortization is the attempted forced removal of legal non-conforming billboards (billboards which conformed with applicable laws and regulations when built, but which do not conform to current laws and regulations) or the commercial advertising placed on such billboards after a period of years. Pursuant to this concept, the governmental body asserts that just compensation is earned by continued operation of the billboard over time. Although amortization is prohibited along all controlled roads and generally prohibited along non-controlled roads, amortization has been upheld along non-controlled roads in limited instances where provided by state and local law. Other regulations limit our ability to rebuild, replace, repair, maintain and upgrade non-conforming displays. In addition, from time to time third parties or local governments assert that we own or operate displays that either are not properly permitted or otherwise are not in strict compliance with applicable law. If we are increasingly unable to resolve such allegations or obtain acceptable arrangements in circumstances in which our displays are subject to removal, modification or amortization, or if there occurs an increase in such regulations or their enforcement, our operating results could suffer.

A number of state and local governments have implemented or initiated taxes, fees and registration requirements in an effort to decrease or restrict the number of outdoor signs and/or to raise revenue. From time to time, legislation also has been introduced in international jurisdictions attempting to impose taxes on revenue from outdoor advertising or for the right to use outdoor advertising assets. In addition, a number of jurisdictions have implemented legislation or interpreted existing legislation to restrict or prohibit the installation of digital billboards, and we expect these efforts to continue. The increased imposition of these measures, and our inability to overcome any such measures, could reduce our operating income if those outcomes require removal or restrictions on the use of preexisting displays or limit growth of digital displays. In addition, if we are unable to pass on the cost of these items to our clients, our operating income could be adversely affected.

International regulation of the outdoor advertising industry can vary by municipality, region and country, but generally limits the size, placement, nature and density of out-of-home displays. Other regulations limit the subject matter and language of out-of-home displays. Our failure to comply with these or any future international regulations could have an adverse impact on the effectiveness of our displays or their attractiveness to clients as an advertising medium and may require us to make significant expenditures to ensure compliance. As a result, we may experience a significant impact on our operations, revenue, international client base and overall financial condition.

Additional restrictions on outdoor advertising of tobacco, alcohol and other products may further restrict the categories of clients that can advertise using our products

Out-of-court settlements between the major U.S. tobacco companies and all 50 states, the District of Columbia, the Commonwealth of Puerto Rico and other U.S. territories include a ban on the outdoor advertising of tobacco products. Other products and services may be targeted in the U.S. in the future, including alcohol products. Most European Union countries, among other nations, also have banned outdoor advertisements for tobacco products and regulate alcohol advertising. Regulations vary across the countries in which we conduct business. Any significant reduction in alcohol-related advertising or advertising of other products due to content-related restrictions could cause a reduction in our direct revenues from such advertisements and an increase in the available space on the existing inventory of billboards in the outdoor advertising industry.

Environmental, health, safety and land use laws and regulations may limit or restrict some of our operations

As the owner or operator of various real properties and facilities, especially in our outdoor advertising operations, we must comply with various foreign, federal, state and local environmental, health, safety and land use laws and regulations. We and our properties are subject to such laws and regulations relating to the use, storage, disposal, emission and release of hazardous and non-hazardous substances and employee health and safety as well as zoning restrictions. Historically, we have not incurred significant expenditures to comply with these laws. However, additional laws which may be passed in the future, or a finding of a violation of or liability under existing laws, could require us to make significant expenditures and otherwise limit or restrict some of our operations.

Doing business in foreign countries exposes us to certain risks not found when doing business in the United States

Doing business in foreign countries carries with it certain risks that are not found when doing business in the United States. These risks could result in losses against which we are not insured. Examples of these risks include:

potential adverse changes in the diplomatic relations of foreign countries with the United States;

hostility from local populations;

the adverse effect of foreign exchange controls;

government policies against businesses owned by foreigners;

investment restrictions or requirements;

expropriations of property without adequate compensation;

the potential instability of foreign governments;

the risk of insurrections;

risks of renegotiation or modification of existing agreements with governmental authorities;

difficulties collecting receivables and otherwise enforcing contracts with governmental agencies and others in some foreign legal systems;

withholding and other taxes on remittances and other payments by subsidiaries;

changes in tax structure and level; and

changes in laws or regulations or the interpretation or application of laws or regulations.

In addition, because we own assets in foreign countries and derive revenues from our International operations, we may incur currency translation losses due to changes in the values of foreign currencies and in the value of the U.S. dollar.

We cannot predict the effect of exchange rate fluctuations upon future operating results.

Our International operations involve contracts with, and regulation by, foreign governments. We operate in many parts of the world that experience corruption to some degree. Although we have policies and procedures in place that are designed to promote legal and regulatory compliance (including with respect to the U.S. Foreign Corrupt Practices Act and the United Kingdom Bribery Act), our employees, subcontractors and agents could take actions that violate applicable anticorruption laws or regulations. Violations of these laws, or allegations of such violations, could have a material adverse effect on our business, financial position and results of operations.

The success of our street furniture and transit products businesses is dependent on our obtaining key municipal concessions, which we may not be able to obtain on favorable terms

Our street furniture and transit products businesses require us to obtain and renew contracts with municipalities and other governmental entities. Many of these contracts, which require us to participate in competitive bidding processes at each renewal, typically have terms ranging from three to 20 years and have revenue share and/or fixed payment components. Our inability to successfully negotiate, renew or complete these contracts due to governmental demands and delay and the highly competitive bidding processes for these contracts could affect our ability to offer these products to our clients, or to offer them to our clients at rates that are competitive to other forms of advertising, without adversely affecting our financial results.

Future acquisitions and other strategic transactions could pose risks

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material. Our acquisition strategy involves numerous risks, including:

our acquisitions may prove unprofitable and fail to generate anticipated cash flows;

to successfully manage our large portfolio of iHeartMedia, outdoor advertising and other businesses, we may need to:

recruit additional senior management as we cannot be assured that senior management of acquired businesses will continue to work for us and we cannot be certain that our recruiting efforts will succeed, and

Table of Contents

expand corporate infrastructure to facilitate the integration of our operations with those of acquired businesses, because failure to do so may cause us to lose the benefits of any expansion that we decide to undertake by leading to disruptions in our ongoing businesses or by distracting our management;

we may enter into markets and geographic areas where we have limited or no experience;

we may encounter difficulties in the integration of operations and systems; and

our management's attention may be diverted from other business concerns.

Additional acquisitions by us of media and entertainment businesses and outdoor advertising businesses may require antitrust review by U.S. federal antitrust agencies and may require review by foreign antitrust agencies under the antitrust laws of foreign jurisdictions. We can give no assurances that the DOJ, the FTC or foreign antitrust agencies will not seek to bar us from acquiring additional media and entertainment businesses or outdoor advertising businesses in any market where we already have a significant position. Further, radio acquisitions by us are subject to FCC approval. Such acquisitions must comply with the Communications Act and FCC regulatory requirements and policies, including with respect to the number of broadcast facilities in which a person or entity may have an ownership or attributable interest in a given local market and the level of interest that may be held by a foreign individual or entity. The FCC's media ownership rules remain subject to ongoing agency and court proceedings. Future changes could restrict our ability to acquire new radio assets or businesses.

Significant equity investors control us and may have conflicts of interest with us in the future

Private equity funds sponsored by or co-investors with Bain Capital and THL indirectly own a majority of our outstanding equity interests and will exercise control over matters requiring approval of our member and board of managers. The managers appointed by Bain Capital and THL will have significant authority to make decisions affecting us, including change of control transactions and the incurrence of additional indebtedness.

In addition, affiliates of Bain Capital and THL are lenders under our Term Loan credit facilities and holders of our priority guarantee notes due 2019. It is possible that their interests in some circumstances may conflict with our interests.

Additionally, Bain Capital and THL are in the business of making investments in companies and may acquire and hold interests in businesses that compete directly or indirectly with us. One or more of the entities advised by or affiliated with Bain Capital and/or THL may also pursue acquisition opportunities that may be complementary to our business and, as a result, those acquisition opportunities may not be available to us. So long as entities advised by or affiliated with Bain Capital and THL directly or indirectly own a significant amount of the voting power of our outstanding equity interests, even if such amount is less than 50%, Bain Capital and THL will continue to be able to strongly influence or effectively control our decisions.

Risks Related to the Notes

The substantial amount of our indebtedness as well as that of our subsidiaries, may adversely affect our cash flows and our ability to operate our business and make us more vulnerable to changes in the economy or our industry

We have a substantial amount of indebtedness. At March 31, 2015, we had \$20.5 billion of total indebtedness outstanding, net of unamortized discounts, including: (1) \$5.0 billion aggregate principal amount outstanding under our Term Loan credit facilities, which mature in January 2019, and \$1.3 billion aggregate principal amount outstanding under our Term Loan credit facilities, which mature in July 2019; (2) \$120.0 million aggregate principal amount outstanding under our Receivables Based Credit facility, which matures in December 2017; (3) \$2.0 billion aggregate principal amount outstanding of our 9.0% priority guarantee notes due 2019, which mature in December 2019; (4) \$1.7 billion aggregate principal amount outstanding of our 9.0% priority guarantee notes due 2021, net of \$33.2 million of unamortized discounts, which mature in March 2021; (5) \$575.0 million aggregate principal amount of our outstanding 11.25% priority guarantee notes due 2021, which mature in March 2021; (6) \$1.0 billion aggregate principal amount outstanding of our 9.0% priority guarantee notes due 2022, net of \$2.4 million of unamortized premiums, which mature in September 2022; (7) \$950.0 million aggregate principal amount outstanding of our 10.625% priority guarantee notes due 2023, which mature in March 2023; (8) \$16.7 million aggregate principal amount of other secured debt; (9) \$1.7 billion aggregate principal amount outstanding of our 14.0% senior notes due 2021, net of \$15.2 million of unamortized discounts, (net of \$427.6 million held by a subsidiary of ours), which mature in February 2021; (10) \$492.7 million aggregate principal amount outstanding of our legacy notes, net of unamortized purchase accounting discounts of \$175.2 million (net of \$57.1 million held by a subsidiary of ours), which mature at various dates from 2016 through 2027; (11) \$730.0 million aggregate principal amount outstanding

Table of Contents

of our 10.0% senior notes due 2018 (net of \$120.0 million held by a subsidiary of ours), which mature in January 2018; (12) \$2.7 billion aggregate principal amount outstanding of subsidiary senior notes, net of unamortized discounts of \$6.0 million, which mature in November 2022; (13) \$2.2 billion aggregate principal amount outstanding of subsidiary senior subordinated notes, which mature in March 2020; and (14) other obligations of less than \$1.0 million. This large amount of indebtedness could have negative consequences for us, including, without limitation:

requiring us to dedicate a substantial portion of our cash flow to the payment of principal and interest on indebtedness, thereby reducing cash available for other purposes, including to fund operations and capital expenditures, invest in new technology and pursue other business opportunities;

limiting our liquidity and operational flexibility and limiting our ability to obtain additional financing for working capital, capital expenditures, debt service requirements, acquisitions and general corporate or other purposes;

limiting our ability to adjust to changing economic, business and competitive conditions;

requiring us to defer planned capital expenditures, reduce discretionary spending, sell assets, restructure existing indebtedness or defer acquisitions or other strategic opportunities;

limiting our ability to refinance any of the indebtedness or increasing the cost of any such financing;

making us more vulnerable to an increase in interest rates, a downturn in our operating performance, a decline in general economic or industry conditions or a disruption in the credit markets; and

making us more susceptible to negative changes in credit ratings, which could impact our ability to obtain financing in the future and increase the cost of such financing.

If compliance with the debt obligations materially hinders our ability to operate our business and adapt to changing industry conditions, we may lose market share, our revenue may decline and our operating results may suffer. The terms of our credit facilities and the other indebtedness allow us, under certain conditions, to incur further indebtedness, including secured indebtedness, which heightens the foregoing risks.

We and our subsidiaries may not be able to generate sufficient cash to service all of their indebtedness, may not be able to refinance all of their indebtedness before it becomes due and may be forced to take other actions to satisfy their obligations under their indebtedness, which may not be successful

Our and our subsidiaries' ability to make scheduled payments on their respective debt obligations depends on their financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond their or our control. In addition, because we derive a substantial portion of our operating income from our subsidiaries, our ability to repay our debt depends upon the

performance of our subsidiaries, their ability to dividend or distribute funds to us and our receipt of funds under our cash management arrangement with our subsidiary, CCOH.

We and our subsidiaries may not generate cash flow from operations in an amount sufficient to fund our liquidity needs. We anticipate cash interest requirements of approximately \$1.7 billion during 2015. At March 31, 2015, we had debt maturities totaling \$195.5 million (net of \$57.1 million due to a subsidiary), \$126.8 million and \$909.3 million in 2016, 2017, and 2018, respectively. We are currently exploring, and expect to continue to explore, a variety of transactions to provide us with additional liquidity. We cannot assure you that we will enter into or consummate any such liquidity-generating transactions, or that such transactions will provide sufficient cash to satisfy our liquidity needs, and we cannot currently predict the impact that any such transaction, if consummated, would have on us.

If our and our subsidiaries' cash flows from operations, refinancing sources and other liquidity-generating transactions are insufficient to fund their respective debt service obligations, we may be forced to reduce or delay capital expenditures, sell material assets or operations, or seek additional capital. We may not be able to take any of these actions, and these actions may not be successful or permit us or our subsidiaries to meet the scheduled debt service obligations. Furthermore, these actions may not be permitted under the terms of existing or future debt agreements.

The ability to refinance the debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of the debt could be at higher interest rates and increase debt service obligations and may require us and our subsidiaries to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. These alternative measures may not be successful and may not permit us or our subsidiaries to meet scheduled debt service obligations. If we or our subsidiaries cannot make scheduled payments on indebtedness, we or our subsidiaries, as applicable, will be in default under one or more of the debt agreements and, as a result we could be forced into bankruptcy or liquidation.

Table of Contents

Our substantial debt service obligations have increased as a result of our financing transactions and may continue to do so, which could adversely affect our liquidity and prevent us from fulfilling our obligations

In 2014 and during the three months ended March 31, 2015, our debt service obligations increased. Future financing transactions may further increase our interest expense. The increase in our debt service obligations could adversely affect our liquidity and could have important consequences, including the following:

it may make it more difficult for us to satisfy our obligations under our indebtedness and our contractual and commercial commitments; and

it may otherwise further limit us in the ways summarized above under The substantial amount of our indebtedness as well as that of our subsidiaries, may adversely affect our cash flows and our ability to operate our business and make us more vulnerable to changes in the economy or our industry, including by reducing our cash available for operations, debt service obligations, future business opportunities, acquisitions and capital expenditures.

Our ability to make payments with respect to our debt obligations will depend on our future operating performance and our ability to continue to refinance its indebtedness, which will be affected by prevailing economic and credit market conditions and financial, business and other factors, many of which are beyond our control.

Because we derive a substantial portion of operating income from our subsidiaries, our ability to repay our debt depends upon the performance of our subsidiaries and their ability to dividend or distribute funds to us

We derive a substantial portion of operating income from our subsidiaries. As a result, our cash flow and the ability to service our indebtedness, including our ability to pay the interest and principal amount of the notes when due, depend on the performance of our subsidiaries and the ability of those entities to distribute funds to us. We cannot assure you that our subsidiaries will be able to, or be permitted to, pay to us the amounts necessary to service the notes. Because only some of our subsidiaries guarantee the notes, the ability of our non-guarantor subsidiaries to distribute funds to us is the only mechanism for the noteholders to benefit from the performance of these subsidiaries. None of the subsidiaries in our Americas Outdoor Advertising or International Outdoor Advertising business segments will guarantee the notes.

Accordingly, repayment of our indebtedness, including the notes, depends on the generation of cash flow by our subsidiaries and (if they are not guarantors of the notes) their ability to make such cash available to us, by dividend, debt repayment or otherwise. For the years ended December 31, 2013 and 2014 and the three months end March 31, 2014 and 2015 approximately 47%, 47%, 47% and 46%, respectively, of our consolidated net revenue was generated by our Americas Outdoor Advertising and our International Outdoor Advertising business segments, which are part of CCOH, which will not be a guarantor of the notes. CCOH is subject to limitations on its ability to pay dividends or otherwise make distributions to us. Those limitations are set forth in the indentures governing certain series of the outstanding notes of CCWH, and we would not anticipate that CCOH could meet the requirements necessary to pay a dividend or otherwise distribute money to us, subject to only certain specified exceptions. In addition, the Adjusted EBITDA of CCOH is included in the calculation of our Adjusted EBITDA for purposes of calculating our consolidated leverage ratio under the notes. The financial performance of CCOH may be taken into account to enable us to incur additional debt, pay dividends or make other restricted payments that we could not otherwise incur, pay or make without such results, even though CCOH's ability to pay us dividends or make distributions to us is subject to limitations. Accordingly, investors should not place undue reliance on our outdoor advertising business as a means for

repayment of the notes. Unless they are guarantors of the notes, our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to make distributions to enable us to make payments in respect of our indebtedness, including the notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. While the indenture governing the notes will limit the ability of our subsidiaries to incur consensual restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions. In the event that we do not receive distributions from our non-guarantor subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the notes.

In addition, any payment of interest, dividends, distributions, loans or advances by our subsidiaries to us could be subject to restrictions on dividends or repatriation of distributions under applicable local law, monetary transfer restrictions and foreign currency exchange regulations in the jurisdictions in which the subsidiaries operate or under arrangements with local partners.

Table of Contents**If we default on our obligations to pay our other indebtedness, holders of such indebtedness may declare all the funds borrowed thereunder immediately due and payable, which may cause us to be unable to make payments on the notes**

Any default under the agreements governing our indebtedness, including a default under our senior secured credit facilities that is not waived by the required lenders thereunder, and the remedies sought by the holders of such indebtedness, could substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, or interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness (including our senior secured credit facilities), we could be in default under the terms of the agreements governing such indebtedness. In the event of any such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest. More specifically, the lenders under our receivables based credit facility could elect to terminate their commitments, cease making further loans, require us to cash collateralize amounts outstanding under the existing letter of credit obligations and the lenders under our senior secured credit facilities and receivables based credit facility could institute foreclosure proceedings against our assets, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may in the future need to seek waivers from the required lenders under our senior secured credit facilities and our receivables based credit facility to avoid being in default. If we breach our covenants under our senior secured credit facilities or our receivables based credit facility and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under our senior secured credit facilities or our receivables based credit facility, the lenders could exercise their rights as described above, and we could be forced into bankruptcy or liquidation. See Description of Certain Other Indebtedness and Description of the Exchange Notes.

The notes are structurally subordinated to all of the debt and liabilities of our non-guarantor subsidiaries

Some of our wholly owned subsidiaries do not guarantee the notes and none of our non-wholly owned subsidiaries, including CCOH and its subsidiaries, guarantee the notes. As of March 31, 2015, our non-guarantor subsidiaries held approximately 51% of our consolidated assets and had \$4.9 billion in outstanding indebtedness, excluding intercompany obligations. For the year ended December 31, 2014 and the three months ended March 31, 2015, our non-guarantor subsidiaries generated 47% and 46%, respectively, of our revenue and 26% and (3)%, respectively, of our operating income. As of December 31, 2014 and March 31, 2015, CCOH and its subsidiaries, which do not guarantee the notes, had \$6.4 billion and \$6.2 billion, respectively, of total assets and \$6.5 billion and \$6.4 billion, respectively, in total liabilities. Generally, claims of creditors (both secured and unsecured) of a non-guarantor subsidiary, including trade creditors and claims of preference shareholders (if any) of the non-guarantor subsidiary (or the equivalent of any of the foregoing under local law), will have priority with respect to the assets and cash flow of the non-guarantor subsidiary over the claims of creditors of its parent entity. Accordingly, those claims, including those related to CCWH's senior notes and senior subordinated notes, will have priority with respect to the assets and cash flow of CCOH and its subsidiaries. As of March 31, 2015, there was \$2.7 billion aggregate principal amount of CCWH senior notes outstanding and \$2.2 billion of CCWH senior subordinated notes outstanding. In the event of a bankruptcy, liquidation or reorganization or other bankruptcy or insolvency proceeding of any of these non-guarantor subsidiaries (or the equivalent of any of the foregoing under local law), holders of the notes will participate with all other holders of our indebtedness in the assets remaining and divided or otherwise paid to iHeartCommunications after the non-guarantor subsidiaries involved in such proceedings have paid all of their debts and liabilities. In any of these cases, the relevant subsidiaries may not have sufficient funds to make payments to us, and holders of the notes may receive less, ratably, than the holders of debt of such non-guarantor subsidiaries, including CCOH and its subsidiaries.

The notes are effectively subordinated in right of payment to all of our existing and future indebtedness that is secured by assets that are not part of the collateral securing the notes, to the extent of the value of such assets

Holders of our secured indebtedness that is secured by assets that are not part of the collateral securing the notes, including our receivables based credit facility, will have claims that are prior to the claims of the holders of the notes to the extent of the value of the collateral securing such other indebtedness. In the event of any distribution or payment of our assets in any foreclosure, liquidation or reorganization or other bankruptcy or insolvency proceeding, holders of secured indebtedness will have a prior claim to those of our assets that constitute their collateral. Holders of the notes will participate ratably with all holders of our secured indebtedness that is secured by assets that are part of the collateral securing the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of the notes may receive less, ratably, than holders of other secured indebtedness.

The documents governing our indebtedness contain restrictions that limit our flexibility in operating our business

Our material financing agreements, including its credit agreements and indentures, contain various covenants restricting, among other things, our ability to:

- make acquisitions or investments;
- make loans or otherwise extend credit to others;
- incur indebtedness or issue shares or guarantees;
- create liens;
- enter into transactions with affiliates;
- sell, lease, transfer or dispose of assets;
- merge or consolidate with other companies; and

make a substantial change to the general nature of our business.

In addition, under our senior secured credit facilities, we are required to comply with certain affirmative covenants and certain specified financial covenants and ratios. For instance, our senior secured credit facilities require us to comply on a quarterly basis with a financial covenant limiting the ratio of our consolidated secured debt, net of cash and cash equivalents, to our consolidated EBITDA (as defined under the terms of the senior secured credit facilities) for the preceding four quarters. The maximum ratio under this financial covenant was 8.75 to 1 for each of the four quarters ended March 31, 2015 and December 31, 2014.

The restrictions contained in our credit agreements and indentures could affect our ability to operate our business and may limit our ability to react to market conditions or take advantage of potential business opportunities as they arise. For example, such restrictions could adversely affect our ability to finance our operations, make strategic acquisitions, investments or alliances, restructure our organization or finance our capital needs. Additionally, the ability to comply with these covenants and restrictions may be affected by events beyond our control. These include prevailing economic, financial and industry conditions. If any of these covenants or restrictions is breached, we could be in default under the agreements governing our indebtedness and, as a result, we would be forced into bankruptcy or liquidation.

U.S. federal and state fraudulent transfer laws permit a court to void the notes and the guarantees and security interests, and, if that occurs, you may not receive any payments on the notes or may be required to return

payments made on the notes

The issuance of the notes, the guarantees and the security interests may be subject to review under U.S. federal and state fraudulent transfer and conveyance statutes if a bankruptcy, liquidation or reorganization case or a lawsuit, including under circumstances in which bankruptcy is not involved, were commenced at some future date by us, by the guarantors or on behalf of our unpaid creditors or the unpaid creditors of a guarantor. While the relevant laws may vary from state to state, under such laws the payment of consideration in certain transactions could be considered a fraudulent conveyance if (1) the consideration was paid with the intent of hindering, delaying or defrauding creditors or (2) we or any of our guarantors, as applicable, received less than reasonably equivalent value or fair consideration in return for issuing notes, a guarantee or a security interest and, in the case of (2) only, one of the following is also true:

we or any of our guarantors were or was insolvent or rendered insolvent by reason of issuing notes or the guarantees;

payment of the consideration left us or any of our guarantors with an unreasonably small amount of capital to carry on our or its business; or

we or any of our guarantors intended to, or believed that we or it would, incur debts beyond our or its ability to pay as they mature.

If a court were to find that the issuance of the notes or a guarantee was a fraudulent conveyance, the court could void the payment obligations under the notes, the guarantees or the related security agreements, further subordinate the notes or the payment obligations under such guarantee or security agreement to existing and future indebtedness of ours or such guarantor or require the holders of the notes to repay any amounts received with respect to the notes or such guarantee. In the event of a finding that a fraudulent conveyance occurred, you may not receive any repayment on the notes. Further, the voidance of the notes could result in

Table of Contents

an event of default with respect to our other debt and that of our guarantors that could result in acceleration of such debt. The measures of insolvency for purposes of fraudulent conveyance laws vary depending upon the laws of the jurisdiction that is being applied. Generally, an entity would be considered insolvent if, at the time it incurred indebtedness:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts and liabilities, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

We cannot be certain as to the standards a court would use to determine whether or not we or the guarantors were solvent at the relevant time, or regardless of the standard that a court uses, that the issuance of the notes and the guarantees would not be subordinated to our or any guarantors' other debt.

If the guarantees were legally challenged, any guarantee could be subject to the finding of a court that, since the guarantee was incurred for our benefit, and only indirectly for the benefit of the guarantor, the obligations of the applicable guarantor were incurred for less than fair consideration. A court could thus void the obligations under the guarantees and related security agreements, subordinate them to the applicable guarantor's other debt or take other action detrimental to the holders of the notes.

The amount of our obligations under our senior secured credit facilities, our priority guarantee notes and the notes substantially exceeds the value of the collateral securing the notes

The collateral securing the notes initially consists of (1) a lien on (i) 100% of the capital stock of iHeartCommunications and (ii) certain property and related assets that do not constitute principal property as defined in the indenture governing our legacy notes, in each case, that is equal in priority to the liens on such collateral securing the obligations under our senior secured credit facilities and our priority guarantee notes and (2) a lien on the accounts receivable and related assets pledged to secure our receivables based credit facility (the receivables-based collateral) that is junior in priority to the liens of the secured lenders under such receivables based credit facility and equal in priority to the liens of the lenders under our senior secured credit facilities and the holders of our priority guarantee notes on such collateral. Liens for the benefit of the notes are also, in the case of (1) and (2), subject to other liens permitted by the indenture that will govern the notes. On the issue date of the outstanding notes, we did not pledge any of the capital stock of our subsidiaries as collateral securing the notes and we do not expect to pledge such capital stock, and the property and related assets that constitute principal property under the indenture governing the legacy notes will not secure the notes, unless certain conditions are satisfied. See Description of the Exchange Notes Security and Description of the Exchange Notes Security Limitations on Capital Stock Collateral. The property and related assets that constitute principal property under the indenture governing the legacy notes consist of our assets related to the operation of our radio broadcasting, television broadcasting, outdoor advertising and live entertainment properties, other than those determined by our board of directors to be, in the aggregate, immaterial to us and our subsidiaries as an entirety. Substantially all of our properties constitute principal properties and the value of such assets is significantly more than our assets that constitute the collateral securing the notes.

All of the assets securing the notes also secure, on an equal priority basis, our obligations under our senior secured credit facilities and our priority guarantee notes. Therefore, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding against us, the proceeds from the sale of any collateral securing the notes will be used to pay, on a pari passu basis, our senior secured credit facilities, our priority guarantee notes and the notes and any other indebtedness with a lien on such collateral that is equal in priority to that of the notes. In addition, the proceeds of the receivables-based collateral (if any remain after satisfying claims of lenders under our receivables based credit facility) will be used to pay, on a pari passu basis, our senior secured credit facilities, our priority guarantee notes, the notes and any other indebtedness with an equal priority lien on the receivables-based collateral. After the proceeds of the collateral securing the notes have been used to satisfy our senior secured credit facilities, the priority guarantee notes, the notes and any other indebtedness with an equal priority lien on the collateral securing the notes, and the proceeds of the receivables-based collateral (if any remain after satisfying claims of lenders under our receivables based credit facility) have been used to satisfy our senior secured credit facilities, our priority guarantee notes, the notes and any other indebtedness with an equal priority lien on the receivables-based collateral, any obligations in respect of the notes that remain outstanding will be general unsecured claims that will be equal in right of payment with both (1) our and the guarantors' indebtedness secured by an equal or junior priority lien and (2) our and the guarantors' unsecured unsubordinated indebtedness, including our legacy notes (the unsecured senior debt).

Table of Contents

As of March 31, 2015, we had \$13.6 billion of total assets, of which \$4.2 billion was attributable to goodwill and \$2.6 billion was attributable to property, plant and equipment net, only a small portion of which will constitute the collateral. Of the \$13.6 billion of total assets, \$6.2 billion (including a portion of the above amounts attributable to goodwill and property, plant and equipment net) was attributable to CCOH, our 90% owned subsidiary that will not guarantee the notes and whose assets will not secure the notes. We also had \$1.2 billion of accounts receivable, net, a significant portion of which constitutes receivables-based collateral or is otherwise not part of the collateral securing the notes. As a result, the book value of the collateral securing the notes is significantly less than the aggregate principal amount of the notes and our other secured obligations. As of March 31, 2015, we had \$12,694.8 million of indebtedness secured by the collateral securing the notes.

No appraisal of the value of the collateral securing the notes has been made in connection with this offering, and the fair market value of the collateral is subject to fluctuations and downward movement, based on factors that include, among others, general economic conditions and similar factors. The amount to be received upon a sale of the collateral would be dependent on numerous factors, including, but not limited to, the actual fair market value of the collateral at such time, the timing and the manner of the sale and the availability of buyers. By its nature, a substantial majority of the collateral is illiquid, is subject to regulatory limits on transfer and may have no readily ascertainable market value. The value of the assets pledged as collateral for the notes could be impaired in the future as a result of changing economic conditions in multiple jurisdictions, changing legal regimes, our failure to implement our business strategy, competition and other future trends. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, the collateral may not be sold in a timely or orderly manner and the proceeds from any sale or liquidation of the collateral may not be sufficient to pay our obligations under the notes in full.

In addition, upon the occurrence of certain future events, the notes may receive the benefit of a pledge of the stock and other securities of certain of our subsidiaries held by us or the guarantors. See Description of the Exchange Notes Security General Credit Facility Collateral. However, any such future pledge will be released to the extent that separate financial statements pursuant to Rule 3-16 of Regulation S-X would be required in connection with the filing of a registration statement related to the notes. See Rights of holders of the notes in the collateral may be adversely affected by the failure to perfect security interests in certain collateral acquired in the future, and any future pledge of the securities of any subsidiary securing the notes will automatically be released to the extent and for so long as that pledge would require the filing of separate financial statements with the SEC for that subsidiary. In addition, any such future pledge or any other future pledge of collateral, including pursuant to security documents delivered after the date of the indenture governing the notes and including in connection with the springing lien, would be avoidable as a preference by the pledgor (as debtor-in-possession) or by its trustee in bankruptcy within 90 days (or, in certain circumstances, a longer period) after such grant if we were insolvent at the time of the grant or if certain other events or circumstances exist or occur. Such events or circumstances may include, among others, if the pledge permits the holders of the notes to receive a greater recovery than if the pledge had not been given and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days (or, in certain circumstances, a longer period) following the pledge.

In addition to borrowings under our senior secured credit facilities and our priority guarantee notes, the indenture governing the notes allows and the indenture governing our priority guarantee notes allows a significant amount of other indebtedness and other obligations to be secured by a senior priority lien on the collateral for the notes or secured by a lien on such collateral on an equal and ratable basis with the notes, provided that, in each case, such indebtedness or other obligation could be incurred under the debt incurrence covenants contained in the indenture governing the notes and the indenture governing our priority guarantee notes. Any additional obligations secured by a senior or equal priority lien on the collateral for the notes will adversely affect the relative position of the holders of the notes with respect to such collateral.

The lenders under our senior secured credit facilities and holders of our priority guarantee notes due 2019 may benefit from a more expansive security package than the notes

The lenders under our senior secured credit facilities may benefit from a more expansive security package than the notes. Lenders under our senior secured credit facilities have been granted a security interest in certain assets that constitute principal properties under the indenture governing our legacy notes, including certain radio broadcasting, television broadcasting, outdoor advertising and live entertainment properties. Until the springing lien trigger date, which may not occur until December 2016 (or, under certain circumstances, as many as 60 days thereafter), if at all, the notes will not benefit from a security interest in any of our principal properties, which are substantially all of our properties. See Description of the Exchange Notes Security General Credit Facility Collateral. Furthermore, the agent under our senior secured credit facilities and the trustee under the priority guarantee notes due 2019 have agreed to share recoveries in a manner whereby the holders of the priority guarantee notes due 2019, in any insolvency

Table of Contents

proceeding, would receive substantially-equivalent recoveries to those that they would receive if such principal properties were part of the collateral securing the priority guarantee notes due 2019, and the lenders would receive the economic benefit of any recoveries related to the principal properties that would otherwise be received by the holders of the priority guarantee notes due 2019 if their claims were not reduced by the sharing of collateral. Accordingly, the notes offered hereby are effectively junior in right of payment to the senior secured credit facilities and our priority guarantee notes due 2019 to the extent of the value of such principal property collateral, if any. In addition, there will not be any requirement that the obligations under the senior secured credit facilities and our priority guarantee notes due 2019 first be satisfied using proceeds from the assets that do not secure the notes, which means the noteholders may recover less on a ratable basis than lenders under the senior secured credit facilities and the holders of our priority guarantee notes due 2019.

In addition, although the assets of iHeartCommunications that are not deemed to be principal property as of the issue date of the notes were not subject to the limitations described in the foregoing paragraph, any of those assets may be designated as principal property by our board of directors at any time in the future, upon which designation the value of the security interest of holders of the notes in such assets would be subject to the limitations described in the foregoing paragraph.

Additionally, the lenders under our senior secured credit facilities have certain rights with respect to amendments, waiver or modifications to our cash management arrangements with CCOH that the holders of the notes do not have.

The notes will mature after a substantial portion of our existing indebtedness

The notes will mature on March 15, 2023. A substantial portion of our existing indebtedness will mature prior to the maturity of the notes. See Description of Certain Other Indebtedness. Therefore, we will be required to repay many of our other creditors, including holders of unsecured and unguaranteed indebtedness, before we are required to repay a portion of the interest due on, and the principal of, the notes. As a result, we may not have sufficient cash to repay all amounts owing on the notes at maturity. There can be no assurance that we will have the ability to borrow or otherwise raise the amounts necessary to repay such amounts.

Because each guarantor's liability under its guarantee or security may be reduced to zero, avoided or released under certain circumstances, you may not receive any payments from some or all of the guarantors

Noteholders have the benefit of the guarantees of certain of our subsidiaries. However, the guarantees are limited to the maximum amount that the guarantors are permitted to guarantee under applicable law. As a result, a guarantor's liability under its guarantee could be reduced to zero, depending on the amount of other obligations of such guarantor. Furthermore, under the circumstances discussed more fully above, a court under applicable fraudulent conveyance and transfer statutes could void the obligations under a guarantee or further subordinate it to all other obligations of the guarantor. In addition, you will lose the benefit of a particular guarantee and security if it is released under certain circumstances described under Description of the Exchange Notes Security Releases of Collateral.

As a result, a guarantor's liability under its guarantee could be materially reduced or eliminated depending upon the amounts of its other obligations and upon applicable laws. In particular, in certain jurisdictions, a guarantee issued by a company that is not in the company's corporate interests, the burden of which exceeds the benefit to the company or which is entered into within a certain period prior to insolvency or bankruptcy, may not be valid and enforceable. It is possible that a guarantor, a creditor of a guarantor or the insolvency administrator in the case of an insolvency of a guarantor may contest the validity and enforceability of the guarantee and that the applicable court may determine the guarantee should be limited or voided. In the event that any guarantees are deemed invalid or unenforceable, in whole or in part, or to the extent that agreed limitations on the guarantee obligation apply, the notes would be effectively

subordinated to all liabilities of the applicable guarantor, including trade payables of such guarantor.

The value of the collateral may not be sufficient to secure post-petition interest and in the event of a bankruptcy of iHeartCommunications or any of the guarantors, the holders of the notes will be deemed to have an unsecured claim to the extent that our obligations in respect of the notes exceed the fair market value of the collateral securing the notes

In the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding against the guarantors located in the United States, holders of the notes will only be entitled to post-petition interest under the U.S. bankruptcy code to the extent that the value of their security interest in the collateral securing the notes is greater than their pre-bankruptcy claim. In such event, holders of the notes may be deemed to have an unsecured claim to the extent that our obligations in respect of the notes exceed the fair market value of the collateral. No appraisal of the fair market value of the collateral has been prepared in connection with this offering and we therefore cannot assure you that the value of the holders of the notes' interest in the collateral equals or exceeds the

Table of Contents

principal amount of the notes. As a result, holders of the notes that have a security interest in collateral with a value equal or less than their pre-bankruptcy claim will not be entitled to post-petition interest under the bankruptcy code. In addition, it is possible that the bankruptcy trustee, the debtor-in-possession or competing creditors will assert that the fair market value of the collateral with respect to the notes on the date of the bankruptcy filing was less than the then current principal amount of the notes. Upon a finding by a bankruptcy court that the notes are under-collateralized, the claims in the bankruptcy proceeding with respect to the notes would be bifurcated between a secured claim and an unsecured claim, and the unsecured claim would not be entitled to the benefits of security in the collateral. Other consequences of a finding of under-collateralization would be, among other things, a lack of entitlement on the part of the holders of the notes to receive post-petition interest and a lack of entitlement on the part of the unsecured portion of the notes to receive other adequate protection under U.S. federal bankruptcy laws. In addition, if any payments of post-petition interest had been made at the time of such a finding of under-collateralization, those payments could be recharacterized by the bankruptcy court as a reduction of the principal amount of the secured claim with respect to the notes. No appraisal of the fair market value of the collateral has been prepared in connection with this offering and we therefore cannot assure you that the value of the holders of the notes' interest in the collateral equals or exceeds the principal amount of the notes. See The amount of our obligations under our senior secured credit facilities, our priority guarantee notes and the notes substantially exceeds the value of the collateral securing the notes.

There are circumstances other than repayment or discharge of the notes under which the collateral and related guarantees will be released automatically, without the consent of the holders of the notes or the trustee under the indenture that will govern the notes

All or some of the liens on the property and other assets included in the collateral securing the notes may be released under various circumstances, including the following:

- (1) to enable the sale, transfer or other disposal of such collateral in a transaction not prohibited under the indenture governing the notes, including the sale of any entity in its entirety that owns or holds such collateral; and
- (2) with respect to collateral held by a guarantor, (A) upon the release of such guarantor from its guarantee and (B) upon the sale of such guarantor in a transaction not prohibited by the indenture governing the notes.

The indenture governing the notes also permits us to designate one or more of our restricted subsidiaries that is a guarantor of the notes as an unrestricted subsidiary. If we designate a subsidiary guarantor as an unrestricted subsidiary, all of the liens on any collateral owned by such subsidiary or any of its subsidiaries and any guarantees of the notes by such subsidiary or any of its subsidiaries will be released under the indenture governing the notes. Designation of an unrestricted subsidiary will reduce the aggregate value of the collateral securing the notes to the extent that liens on the assets of the unrestricted subsidiary and its subsidiaries are released. In addition, the creditors of the unrestricted subsidiary and its subsidiaries will have a senior claim on the assets of such unrestricted subsidiary and its subsidiaries.

Holders of the notes will not control certain decisions regarding the collateral securing our senior secured credit facilities

The trustee, as representative for the holders of the notes and as representative of the holders of our priority guarantee notes, and the authorized representative of the lenders under our senior secured credit facility, has entered into the credit agreement intercreditor agreement (the Credit Agreement Intercreditor Agreement). See Description of the Exchange Notes Intercreditor Agreements Credit Agreement Intercreditor Agreement. The Credit Agreement Intercreditor Agreement provides, among other things, that the lenders under our senior secured credit facilities, and their authorized representative acting on their behalf, will control substantially all matters related to the collateral

securing the notes and the lenders under our senior secured credit facilities may foreclose on or take other actions with respect to such collateral with which holders of the notes may disagree or that may be contrary to the interests of holders of the notes. In addition, the Credit Agreement Intercreditor Agreement provides that, to the extent any collateral is released to satisfy such creditor's claims in connection with such a foreclosure, the liens on such collateral will also automatically be released without any further action by the trustee or the holders of the notes and the holders of the notes will agree to waive certain of their rights relating to such collateral in connection with a bankruptcy or insolvency proceeding involving us or any guarantor of the notes. The Credit Agreement Intercreditor Agreement also provides that, while our senior secured credit facilities are outstanding, the collateral agent with respect thereto will control all decisions regarding the collateral securing our senior secured credit facilities at all times, unless, at such time, (i) a series of obligations secured on an equal priority basis has a greater principal amount outstanding than the then outstanding amount of the obligations under our senior secured credit facilities and (ii) the collateral agent under our senior secured credit facilities is not diligently pursuing enforcement actions with respect thereto for at least 90 days.

Table of Contents

Following such time, the authorized representative for the largest then-outstanding series of obligations party to the Credit Agreement Intercreditor Agreement would control all decisions regarding the collateral securing the notes at all times and holders of the notes would only be permitted to take enforcement action with respect to such collateral if the notes are the largest then-outstanding series of obligations party to the Credit Agreement Intercreditor Agreement. As of March 31, 2015 the aggregate principal amount of the obligations under our senior secured credit facilities was \$6,300.0 million and the aggregate principal amount of priority guarantee notes was \$6,274.8 million.

After the discharge of the obligations with respect to our senior secured credit facilities, at which time the parties to our senior secured credit facilities will no longer have the right to direct the actions with respect to the collateral securing the notes pursuant to the Credit Agreement Intercreditor Agreement, that right passes to the authorized representative of holders of the next largest outstanding principal amount of indebtedness secured by a lien on the collateral equal in priority to the lien securing our obligations with respect to our senior secured credit facilities, prior to their discharge. If we have issued or if we issue additional indebtedness that is equal in priority to the lien securing our senior secured credit facilities in a greater principal amount than the notes, then the authorized representative for such additional indebtedness would be next in line to exercise rights under the Credit Agreement Intercreditor Agreement, rather than the trustee as the collateral agent for the notes. Accordingly, the trustee under the indenture governing the notes and the indenture governing our priority guarantee notes may never have the right to control remedies and take other actions with respect to the collateral.

Furthermore, the security documents generally allow us and our subsidiaries to remain in possession of, retain exclusive control over, to freely operate and to collect, invest and dispose of any income from the collateral securing the notes. In addition, to the extent we sell any assets that constitute collateral, the proceeds from such sale will be subject to the lien securing the notes only to the extent such proceeds would otherwise constitute collateral securing the notes under the security documents. To the extent the proceeds from any such sale of collateral do not constitute collateral under the security documents, the pool of assets securing the notes would be reduced and the notes would not be secured by such proceeds. If such proceeds constitute collateral under the receivables based credit facility, the notes would be secured by such collateral on a junior priority basis to the lenders under our receivables based credit facility. For example, the collateral under our senior secured credit facilities does not include a security interest in cash, including cash proceeds from a sale of assets that constituted collateral under our senior secured credit facilities. However, the definition of collateral under the receivables based credit facility includes accounts receivable and other accounts and cash, and any assets acquired with such collateral or otherwise constituting proceeds of collateral under the receivables based credit facility. Accordingly, if assets that constitute collateral under our senior secured credit facilities are sold, the cash proceeds and anything purchased with those proceeds may constitute collateral under the receivables based credit facility and our senior secured credit facilities. In such a case, the holders of notes may not be able to take any enforcement action with respect to such collateral or to receive any proceeds from the sale of such collateral in an enforcement action until our obligations under the receivables based credit facility are paid off in full. Maximum commitments under our receivables based credit facility are \$535.0 million, subject to a borrowing base equal to 90% of iHeartCommunications, and certain of iHeartCommunications subsidiaries, accounts receivable. As of March 31, 2015, we had \$120.0 million aggregate principal amount outstanding under the receivables based credit facility.

In addition, in most cases, the collateral securing the notes will be taken in the name of the authorized representative of the lenders under our senior secured credit facility for the benefit of the holders of the notes and our priority guarantee notes and the trustee. As a result, the authorized representative of the lenders under our senior secured credit facility may effectively control actions with respect to collateral securing the notes, which may impair the rights that a noteholder would otherwise have as a secured creditor. The authorized representative of the lenders under our senior secured credit facility may take actions that a noteholder disagrees with or fail to take actions that a noteholder wishes to pursue. Furthermore, the authorized representative of the lenders under our senior secured credit facility under the

Credit Agreement Intercreditor Agreement may fail to act in a timely manner which could impair the recovery of holders of the notes.

Indebtedness under our receivables based credit facility will be senior to the notes to the extent of the value of the collateral securing our receivables based credit facility

Our receivables based credit facility provides revolving credit commitments in a maximum amount equal to \$535.0 million, subject to a borrowing base. The receivables based credit facility is guaranteed by, subject to certain exceptions, the guarantors of our senior secured credit facilities. All obligations under the receivables based credit facility, and the guarantees of those obligations, are secured by a perfected first priority security interest in all of our and all of the guarantors' accounts receivable and related assets and proceeds thereof. Obligations under the notes, on the other hand, will be secured, subject to prior liens permitted by the indenture

Table of Contents

governing the legacy notes, by a lien on the accounts receivable and related assets securing our receivables based credit facility that is junior in priority to the lien securing our obligations under such credit facility. Any rights to payment and claims by the holders of the notes are, therefore, junior to any rights of payment or claims by our creditors under our receivables based credit facility to the extent of the value of the receivables based collateral. Upon the satisfaction of our obligations to the lenders under our receivables based credit facility, the remaining proceeds of the receivables-based collateral, if any, will be used to pay, on a pari passu basis, our senior secured credit facilities, our priority guarantee notes, the notes and any other indebtedness with an equal priority lien on the receivables-based collateral. See The amount of our obligations under our senior secured credit facilities, our priority guarantee notes and the notes substantially exceeds the value of the collateral securing the notes.

The rights of holders of the notes with respect to the receivables based collateral will be substantially limited by the terms of the ABL Intercreditor Agreement

The rights of holders of the notes with respect to the receivables based collateral will be substantially limited by the ABL intercreditor agreement that exists between lenders under our senior secured credit facilities and holders of our priority guarantee notes (including the notes) (the ABL Intercreditor Agreement). Under the terms of the ABL Intercreditor Agreement, at any time that obligations that have the benefit of the senior priority liens on the receivables based collateral remain outstanding, any actions that may be taken in respect of the receivables based collateral, including the ability to cause the commencement of enforcement proceedings against the receivables based collateral and to control the conduct of such proceedings, and the approval of amendments to, releases of receivables based collateral from the lien of, and waivers of past defaults under, the security documents, will be at the direction of the holders of the obligations secured by the senior priority liens and neither the trustee nor the collateral agent, on behalf of the holders of the notes, will have the ability to control or direct such actions, even if the rights of the holders of the notes are adversely affected, subject to certain exceptions. Under the terms of the ABL Intercreditor Agreement, at any time that obligations that have the benefit of the senior priority liens on the receivables based collateral are outstanding, if the holders of such indebtedness release the receivables based collateral for any reason whatsoever (other than any such release granted following the discharge of obligations with respect to our receivables based credit facility), including, without limitation, in connection with any sale of assets, the junior priority security interest in such receivables based collateral securing the notes will be automatically and simultaneously released without any consent or action by the holders of the notes, subject to certain exceptions. The receivables based collateral so released will no longer secure our and the guarantors obligations under the notes. In addition, because the holders of the indebtedness secured by senior priority liens in the receivables based collateral control the disposition of the receivables based collateral, such holders could decide not to proceed against the receivables based collateral, regardless of whether there is a default under the documents governing such indebtedness or under the indenture governing the notes. In such event, the only remedy available to the holders of the notes would be to sue for payment on the notes and the related guarantees. In addition, the ABL Intercreditor Agreement will give the holders of senior priority liens on the receivables based collateral the right to access and use the collateral that secures the notes to allow those holders to protect the receivables based collateral and to process, store and dispose of the receivables based collateral.

In the event that either the Credit Agreement Intercreditor Agreement or the ABL Intercreditor Agreement is found to be invalid or unenforceable, the liens in favor of the notes will not rank pari passu with the liens in favor of the senior secured credit facilities and the priority guarantee notes with respect to the collateral securing the notes

The Credit Agreement Intercreditor Agreement establishes the relative priorities of the lenders under the senior secured credit facilities and holders of the priority guarantee notes and the notes with respect to the collateral securing the notes. The Credit Agreement Intercreditor Agreement provides that the security interest of the holders of notes

will be equal in priority to that of the lenders under the senior secured credit facilities and the holders of the priority guarantee notes. In addition, the ABL Intercreditor Agreement establishes the relative priorities of the lenders under the receivables based credit facility, the lenders under the senior secured credit facilities and holders of the priority guarantee notes and the notes with respect to the receivables based collateral. The ABL Intercreditor Agreement provides that the security interest of the holders of the notes will be junior in priority to that of the lenders under the receivables based credit facility and equal in priority to that of the lenders under our senior secured credit facilities and the holders of our priority guarantee notes.

However, if either the Credit Agreement Intercreditor Agreement or the ABL Intercreditor Agreement is found to be invalid or unenforceable, the priority of these liens will be subject to state law governing perfection and security interests. As a result, because the security interests in the collateral securing our senior secured credit facilities, our priority guarantee notes and the receivables based collateral of the lenders under the senior secured credit facilities were perfected, in each case, at a date prior to

Table of Contents

those of the holders of notes, the security interests of the lenders under the senior secured credit facilities and the holders of the priority guarantee notes will be senior to those of the holders of notes. Therefore, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding against us, the proceeds of collateral securing our senior secured credit facilities and our priority guarantee notes and the receivables based collateral would be applied to satisfy our obligations under the senior secured credit facilities and the priority guarantee notes before it was applied to satisfy our obligations under the notes. Moreover, in the event that the ABL Intercreditor Agreement is found to be invalid or unenforceable, the lenders under our receivables based credit facility will remain senior in priority to holders of the notes with respect to the receivables based collateral.

The waiver of rights of marshaling may adversely affect the recovery rates of holders of the notes in a bankruptcy or foreclosure scenario

The notes and the related guarantees will be secured by the collateral on a pari passu basis with our senior secured credit facilities, our priority guarantee notes and other related obligations. The ABL Intercreditor Agreement provides that, at any time that obligations under the receivables based credit facility are outstanding, the holders of the notes, the trustee under the indenture governing the notes and the collateral agent may not assert or enforce any right of marshaling as against the lenders under the receivables based credit facility. See Description of the Exchange Notes Intercreditor Agreements ABL Intercreditor Agreement. Without this waiver of the right of marshaling, holders of such indebtedness would likely be required to liquidate collateral on which the notes did not have a lien, if any, prior to liquidating the collateral securing the notes, thereby maximizing the proceeds of the collateral that would be available to repay our obligations under the notes. As a result of this waiver, the proceeds of sales of the collateral securing the notes could be applied to repay the receivables based credit facility before applying proceeds of other collateral securing other indebtedness, and the holders of the notes may recover less than they would have if such proceeds were applied in the order most favorable to the holders of the notes.

The imposition of certain permitted liens could adversely affect the value of the collateral

The collateral securing the notes is subject to liens permitted under the terms of the indenture governing the notes, whether arising on or after the date the notes are issued. The existence of any permitted liens could adversely affect the value of the collateral as well as the ability to realize or foreclose on such collateral. The collateral also secures our obligations under our senior secured credit facilities and our priority guarantee notes and may also secure future indebtedness and other obligations of the company and the guarantors to the extent permitted by the indenture governing the notes and the security documents. In addition, a portion of the collateral also secures our receivables based credit facility, and the holders of notes are junior in priority to lenders under our receivables based credit facility with respect to such collateral. As a result, your rights to the collateral would be diluted by any increase in the indebtedness secured by the receivables based collateral. To the extent we incur any permitted liens, the liens of holders of the notes may be junior in priority to such permitted liens.

There are certain categories of property that are excluded from the collateral

Certain categories of assets are excluded from the collateral. These assets include any fee owned real property and all leasehold rights and interests in real property, general intangibles (other than licenses, permits and other authorizations issued by the FCC), investment property and intellectual property (as such terms are defined in the Uniform Commercial Code) where the grant of a security interest therein would adversely affect our rights in such property, including trademark rights; assets in which the grant of a security interest is prohibited by law; margin stock; assets in which we are contractually obligated not to create a security interest; assets in which the taking of a security interest would be unduly burdensome or costly to us; assets that are held for sale; and certain assets identified as exclusions from the collateral by the administrative agent under our senior secured credit facilities.

In addition, the equity interests of our restricted subsidiaries under the legacy notes indenture and the property and related assets that constitute principal property under the indenture governing the legacy notes, will, in each case, be excluded from the collateral unless and until the notes receive the benefit of a springing lien in such collateral, which would occur as a result of \$500 million or less aggregate principal amount of the legacy notes remaining outstanding or the legacy notes becoming secured on an equal and ratable basis with the notes offered hereby. See Description of the Exchange Notes Security General Credit Facility Collateral.

The rights of holders of the notes with respect to such excluded property will be equal to the rights of our and the guarantors general unsecured creditors in the event of any bankruptcy filed by or against us or the guarantors under applicable U.S. federal bankruptcy laws.

Table of Contents**Rights of holders of the notes in the collateral may be adversely affected by the failure to perfect security interests in certain collateral acquired in the future, and any future pledge of the securities of any subsidiary securing the notes will automatically be released to the extent and for so long as that pledge would require the filing of separate financial statements with the SEC for that subsidiary**

The security interest in the collateral securing the notes includes certain assets, both tangible and intangible, whether now owned or acquired or arising in the future. In addition, the notes may in the future become secured by certain equity interests, including equity interests of our restricted subsidiaries under the legacy notes indenture, and the property and related assets that constitute principal property under the indenture governing the legacy notes. See

Description of the Exchange Notes Security General Credit Facility Collateral. Applicable law requires that certain property and rights acquired after the grant of a general security interest can only be perfected at the time such property and rights are acquired and identified. There can be no assurance that the trustee or the collateral agent will monitor, or that we will inform the trustee or the collateral agent of, the future acquisition of property and rights that constitute collateral, and that the necessary action will be taken to properly perfect the security interest in such after-acquired collateral. Such failure may result in the loss of the security interest therein or the priority of the security interest in favor of the notes against third parties.

Under the SEC regulations in effect as of the issue date of the notes, if the par value, book value as carried by us or market value (whichever is greatest) of the capital stock, other securities or similar items of a subsidiary pledged as part of the collateral is greater than or equal to 20% of the aggregate principal amount of the notes then outstanding, such a subsidiary would be required to provide separate financial statements to the SEC. The indenture governing the notes provides that any capital stock and other securities of any of our subsidiaries will be excluded from the collateral for so long as the pledge of such capital stock or other securities to secure the notes would cause such subsidiary to be required to file separate financial statements with the SEC pursuant to Rule 3-16 of Regulation S-X or another similar rule. As a result, if in the future the notes become secured by a pledge of the stock and other securities of any of our subsidiaries held by us or the guarantors, holders of the notes could lose a portion or all of their security interest in such stock or other securities of those subsidiaries during that period. It may be more difficult, costly and time-consuming for holders of the notes to foreclose on the assets of a subsidiary than to foreclose on its capital stock or other securities, so the proceeds realized upon any such foreclosure could be significantly less than those that would have been received upon any sale of the capital stock or other securities of such subsidiary. The lenders under our senior secured credit facilities and the holders of our other priority guarantee notes are subject to the same limitations.

Rights of holders of the notes in the U.S. collateral may be adversely affected by bankruptcy proceedings in the United States

The right of the collateral agent to repossess and dispose of the collateral securing the notes upon acceleration is likely to be significantly impaired by U.S. federal bankruptcy law if bankruptcy proceedings are commenced by or against us prior to or possibly even after the security agent has repossessed and disposed the collateral. Under the U.S. bankruptcy code, a secured creditor, such as the collateral agent, is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security repossessed from a debtor, without bankruptcy court approval. Moreover, U.S. bankruptcy law permits the debtor to continue to retain and to use collateral, and the proceeds, products, rents or profits of the collateral, even though the debtor is in default under the applicable debt instruments, provided that the secured creditor is given adequate protection. The meaning of the term adequate protection may vary according to circumstances, but it is intended in general to protect the value of the secured creditor's interest in the collateral and may include cash payments or the granting of additional security, if and at such time as the court in its discretion determines, for any diminution in the value of the collateral as a result of the stay of repossession or disposition or any use of the collateral by the debtor during the pendency of the bankruptcy case. In view of the broad discretionary powers of a bankruptcy court, it is impossible to predict how long payments under the

notes could be delayed following commencement of a bankruptcy case, whether or when the security agent would repossess or dispose of the collateral, or whether or to what extent holders of the notes would be compensated for any delay in payment of loss of value of the collateral through the requirements of adequate protection. Furthermore, in the event the bankruptcy court determines that the value of the collateral is not sufficient to repay all amounts due on the notes, the holders of the notes would have undersecured claims as to the difference. U.S. federal bankruptcy laws do not permit the payment or accrual of interest, costs and attorneys' fees for undersecured claims during the debtor's bankruptcy case.

The collateral is subject to casualty risk

Even if we maintain insurance, there are certain losses that may be either uninsurable or not economically insurable, in whole or part. Insurance proceeds may not compensate us fully for our losses. If there is a complete or partial loss of any collateral securing the notes, the insurance proceeds may not be sufficient to satisfy all of our obligations, including the notes and related guarantees.

Any future pledge of collateral might be avoidable by a trustee in bankruptcy

The notes may, upon the occurrence of certain future events, receive the benefit of a pledge of the equity interests of our restricted subsidiaries under the indenture governing the legacy notes and the property and related assets that constitute principal property under such indenture. See Description of the Exchange Notes Security General Credit Facility Collateral. This or any other future pledge of collateral in favor of the collateral agent, including pursuant to security documents delivered after the date of the indenture governing the notes and the indenture governing our priority guarantee notes, might be avoidable by the pledgor (as debtor-in-possession) or by its trustee in bankruptcy if certain events or circumstances exist or occur, including, among others, if the pledgor is insolvent at the time of the pledge, the pledge permits the holders of the notes to receive a greater recovery than if the pledge had not been given and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days following the pledge (or, in certain circumstances, a longer period).

We may not be able to repurchase the notes upon a change of control and holders of the notes may not be able to determine when a change of control giving rise to their right to have the notes repurchased has occurred following a sale of substantially all of our assets

Upon the occurrence of specific kinds of change of control events, we will be required to offer to repurchase all notes at 101% of their principal amount plus accrued and unpaid interest. The change of control provisions may not protect you if we undergo a highly leveraged transaction, reorganization, restructuring, acquisition or similar transaction that may adversely affect you unless the transaction is included within the definition of a change of control.

Our senior secured credit facilities and our receivables based credit facility provide that the occurrence of certain events that would constitute a change of control for the purposes of the indenture governing the notes would constitute a default under our senior secured credit facilities and our receivables based credit facility. If an event of default occurs, the lenders under our senior secured credit facilities and our receivables based credit facility will be entitled to take various actions, including the acceleration of all amounts due under our senior secured credit facilities and our receivables based credit facility and all actions permitted to be taken by a secured creditor. Much of our other debt, including our priority guarantee notes, the senior notes due 2021 and the senior notes due 2018 also requires us to repurchase such debt upon an event that would constitute a change of control for the purposes of the notes. Any of our future debt agreements may contain prohibitions of events that would constitute a change of control or would require such debt to be repurchased upon a change of control. The source of funds for any purchase of the notes will be our available cash or cash generated from our and our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. We may not be able to repurchase the notes upon a change of control because we may not have sufficient financial resources to purchase all of the notes that are tendered upon a change of control. Further, we are contractually restricted under the terms of our senior secured credit facilities from repurchasing the notes tendered by holders upon a change of control. Accordingly, we may not be able to satisfy our obligations to purchase the notes unless we are able to refinance or obtain waivers under our senior secured credit facilities. Our failure to repurchase the notes upon a change of control would cause a default under the indenture governing the notes. Such a default would, in turn, constitute a default under our senior secured credit facilities.

The definition of change of control in the indenture governing the notes includes a phrase relating to the sale of all or substantially all of our assets. There is no precise established definition of the phrase substantially all under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale of less than all our assets to another person is uncertain.

Ratings of the notes may cause their trading price to fall and affect the marketability of the notes

The notes have been rated by Moody's Investors Service, Inc. and Standard & Poor's Rating Services. A rating agency's rating of the notes is not a recommendation to purchase, sell or hold any particular security, including the notes. Such ratings are limited in scope and do not comment as to material risks relating to an investment in the notes. An explanation of the significance of such rating may be obtained from such rating agency. There is no assurance that such credit ratings will be issued or remain in effect for any given period of time. Rating agencies also may lower, suspend or withdraw ratings on the notes or our other debt in the future. Noteholders will have no recourse against us or any other parties in the event of a change in or suspension or withdrawal of such ratings. Any lowering, suspension or withdrawal of such ratings may have an adverse effect on the market prices or marketability of the notes.

EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

Simultaneously with the issuance of the outstanding notes on February 26, 2015, we entered into a registration rights agreement with the Initial Purchasers, pursuant to which we have agreed that we will use commercially reasonable efforts to take the following actions, at our expense, for the benefit of the holders of such notes:

no later than 210 days after the closing date of the offering of such notes, file an exchange offer registration statement with the SEC with respect to a registered offer to exchange such notes for exchange notes, which will have terms identical in all material respects to such notes, except that additional interest will not be payable in respect of the exchange notes and the exchange notes will not be entitled to registration rights under the registration rights agreement and will not be subject to the transfer restrictions,

cause the exchange offer registration statement to be declared effective by the SEC no later than 270 days after the closing date of the issuance of such notes,

commence the exchange offer promptly (but no later than 10 business days) after the registration statement is declared effective, and

keep the exchange offer open for at least 20 business days after the date we mail notice of such exchange offer to holders of such notes.

For each outstanding note surrendered to us pursuant to the exchange offer, the holder of such outstanding note will receive an exchange note having a principal amount at maturity equal to that of the surrendered note.

Under existing SEC interpretations set forth in no-action letters to third parties, the exchange notes will in general be freely transferable after the exchange offer without further registration under the Securities Act; provided that, in the case of broker-dealers, a prospectus meeting the requirements of the Securities Act is delivered as required. We have agreed for a period of 180 days after consummation of the exchange offer to make available a prospectus meeting the requirements of the Securities Act to any broker-dealer for use in connection with any resale of any such exchange notes acquired as described below. A broker-dealer which delivers such a prospectus to purchasers in connection with such resales will be subject to certain of the civil liability provisions under the Securities Act, and will be bound by the provisions of the applicable exchange and registration rights agreement, including certain indemnification rights and obligations.

If you wish to participate in the exchange offer, you will be required to represent to us, among other things, that, at the time of the consummation of the exchange offer:

any exchange notes received by you will be acquired in the ordinary course of business,

you have no arrangement or understanding with any person to participate in the distribution of the exchange notes within the meaning of the Securities Act,

you are not our affiliate, as defined in Rule 405 of the Securities Act,

if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, the distribution of the exchange notes within the meaning of the Securities Act, and

if you are a broker-dealer, you will receive exchange notes in exchange for outstanding notes that were acquired for your own account as a result of market-making activities or other trading activities and that you will be required to acknowledge that you will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such exchange notes.

Any holder that is not able to make these representations or certain similar representations will not be entitled to participate in the exchange offer or to exchange their outstanding notes for exchange notes.

Table of Contents

If, (i) applicable law or the interpretations of the staff of the SEC do not permit us to effect an exchange offer, (ii) an exchange offer for any other reason is not completed within the time frame described above (as applicable) or (iii) any holder notifies us within 20 business days following the exchange offer that, for certain reasons, it was unable to participate in the exchange offer, we will, no later than 30 days after such event (but no earlier than September 24, 2015), file a shelf registration statement relating to resales of the applicable outstanding notes and use commercially reasonable efforts to cause it to become effective within 90 days after filing (but no earlier than November 23, 2015) and keep that shelf registration statement effective until the expiration of two years from the closing date of the issuance of the outstanding notes, as applicable, or such shorter time period that will terminate when all notes covered by the shelf registration statement have been sold pursuant to the shelf registration statement. We will, in the event of such a shelf registration, provide to each holder of the notes copies of a prospectus, notify each such holder of notes when the shelf registration statement has become effective and take certain other actions to permit resales of the notes. A holder of notes that sells notes under a shelf registration statement generally will be required to be named as a selling securityholder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with those sales and will be bound by the provisions of the applicable exchange and registration rights agreement that are applicable to such a holder (including certain indemnification obligations).

If we fail to comply in a timely fashion with the requirements outlined above regarding the completion of the exchange offer (or, if required, a shelf registration statement), and in certain other limited circumstances, the annual interest rate borne by the relevant notes will be increased by 0.25% per annum and an additional 0.25% per annum every 90 days thereafter, up to a maximum additional cash interest of 0.50% per annum, until the exchange offer is completed, the shelf registration statement is declared effective or, with respect to any particular note, such note ceases to be outstanding or is actually sold by the holder thereof pursuant to Rule 144 under circumstances in which any legend borne by such note relating to restrictions on transferability thereof, under the Securities Act or otherwise, is removed by us or pursuant to the indenture.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept any and all outstanding notes validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer. You may tender all or any portion of your outstanding notes; however, exchange notes will only be issued in denominations of \$2,000 and integral multiples of \$1,000.

The form and terms of the exchange notes are the same as the form and terms of the outstanding notes, except that:

- (1) the exchange notes each bear a different CUSIP Number from the outstanding notes;
- (2) the exchange notes have been registered under the Securities Act and hence will not bear legends restricting the transfer thereof; and
- (3) the holders of the exchange notes will not be entitled to certain rights under the applicable exchange and registration rights agreement, including the provisions providing for an increase in the interest rate on the outstanding notes in certain circumstances relating to the timing of the exchange offer, all of which rights will terminate when the exchange offer is terminated.

We will be deemed to have accepted validly tendered outstanding notes when, as and if we have given oral or written notice (if oral, to be promptly confirmed in writing) thereof to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the exchange notes from us.

If any tendered outstanding notes are not accepted for exchange because of an invalid tender, the occurrence of specified other events set forth in this prospectus or otherwise, the certificates for any unaccepted outstanding notes will be returned, without expense, to the tendering holder thereof as promptly as practicable after the expiration date of the exchange offer.

Holders who tender outstanding notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes pursuant to the exchange offer. We will pay all charges and expenses, other than transfer taxes in certain circumstances, in connection with the exchange offer. See Fees and Expenses.

Table of Contents

Expiration Date; Extensions; Amendments

The term **expiration date** means 5:00 p.m., New York City time, on August 5, 2015, unless we, in our sole discretion, extend the exchange offer, in which case the term **expiration date** will mean the latest date and time to which the exchange offer is extended.

In order to extend the exchange offer we will promptly make a press release or other public announcement and notify the exchange agent of any extension by oral or written notice, prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion, (1) to delay accepting any outstanding notes, to extend the exchange offer or to terminate the exchange offer if any of the conditions set forth below under **Conditions** have not been satisfied, by giving oral or written notice of any delay, extension or termination to the exchange agent or (2) to amend the terms of the exchange offer in any manner. Such decision will also be communicated in a press release or other public announcement prior to 9:00 a.m., New York City time, on the next business day following such decision. Any announcement of delay in acceptance, extension, termination or amendment will be followed promptly by oral or written notice thereof to the registered holders.

Interest on the Exchange Notes

The exchange notes will bear interest from their issuance date. The holders of outstanding notes that are accepted for exchange will receive, in cash, accrued interest on those outstanding notes through, but not including, the issuance date of the exchange notes. This interest will be paid with the first interest payment on the exchange notes. Interest on the outstanding notes accepted for exchange will cease to accrue upon issuance of the exchange notes.

Interest on the exchange notes is payable semi-annually in arrears on March 15 and September 15 of each year, commencing on September 15, 2015.

Procedures for Tendering

Only a holder of outstanding notes may tender outstanding notes in the exchange offer. To tender in the exchange offer, a holder must complete, sign and date the letter of transmittal, or a facsimile thereof, have the signatures thereon guaranteed if required by the letter of transmittal or transmit an agent's message in connection with a book-entry transfer, and, unless transmitting an agent's message in connection with a book-entry transfer, mail or otherwise deliver the letter of transmittal or the facsimile, together with the outstanding notes and any other required documents, to the exchange agent prior to 5:00 p.m., New York City time, on the expiration date. To be tendered effectively, the outstanding notes, letter of transmittal or an agent's message and other required documents must be completed and received by the exchange agent at the address set forth below under **Exchange Agent** prior to 5:00 p.m., New York City time, on the expiration date. Delivery of the outstanding notes may be made by book-entry transfer in accordance with the procedures described below. Confirmation of the book-entry transfer must be received by the exchange agent prior to the expiration date.

The term **agent's message** means a message, transmitted by a book-entry transfer facility to, and received by, the exchange agent forming a part of a confirmation of a book-entry, which states that the book-entry transfer facility has received an express acknowledgement from the participant in the book-entry transfer facility tendering the outstanding notes that the participant has received and agrees: (1) to participate in ATOP; (2) to be bound by the terms of the letter of transmittal; and (3) that we may enforce the agreement against the participant.

By executing the letter of transmittal, each holder will make to us the representations set forth above in the fourth paragraph under the heading Purpose and Effect of the Exchange Offer.

The tender by a holder and our acceptance thereof will constitute agreement between the holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal or agent's message.

The method of delivery of outstanding notes and the letter of transmittal or agent's message and all other required documents to the exchange agent is at the election and sole risk of the holder. As an alternative to delivery by mail, holders may wish to consider overnight or hand delivery service. In all cases, sufficient time should be allowed to assure delivery to the exchange agent before the expiration date. No letter of transmittal or outstanding notes should be sent to us. Holders may request their respective brokers, dealers, commercial banks, trust companies or nominees to effect the above transactions for them.

Table of Contents

Any beneficial owner whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct the registered holder to tender on the beneficial owner's behalf. See "Instructions to Letter of Transmittal" included with the letter of transmittal.

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member of the Medallion System unless the outstanding notes tendered pursuant to the letter of transmittal are tendered (1) by a registered holder who has not completed the box entitled "Special Issuance Instructions" on the letter of transmittal or (2) for the account of a member firm of the Medallion System. In the event that signatures on a letter of transmittal or a notice of withdrawal, as the case may be, are required to be guaranteed, the guarantee must be by a member firm of the Medallion System.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed in this prospectus, the outstanding notes must be endorsed or accompanied by a properly completed bond power, signed by the registered holder as the registered holder's name appears on the outstanding notes with the signature thereon guaranteed by a member firm of the Medallion System.

If the letter of transmittal or any outstanding notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, the person signing should so indicate when signing, and evidence satisfactory to us of its authority to so act must be submitted with the letter of transmittal.

We understand that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the outstanding notes at DTC for the purpose of facilitating the exchange offer, and subject to the establishment thereof, any financial institution that is a participant in DTC's system may make book-entry delivery of outstanding notes by causing DTC to transfer the outstanding notes into the exchange agent's account with respect to the outstanding notes in accordance with DTC's procedures for the transfer. Although delivery of the outstanding notes may be effected through book-entry transfer into the exchange agent's account at DTC, unless an agent's message is received by the exchange agent in compliance with ATOP, an appropriate letter of transmittal properly completed and duly executed with any required signature guarantee and all other required documents must in each case be transmitted to and received or confirmed by the exchange agent at its address set forth below on or prior to the expiration date. Delivery of documents to DTC does not constitute delivery to the exchange agent.

All questions as to the validity, form and eligibility, including time of receipt, of the acceptance of tendered outstanding notes and the withdrawal of tendered outstanding notes will be determined by us in our sole discretion, which determination will be final and binding on all parties. We reserve the absolute right to reject any and all outstanding notes not properly tendered or any outstanding notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right in our sole discretion to waive any defects, irregularities or conditions of tender as to particular outstanding notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of outstanding notes must be cured within the time we determine. Although we intend to notify holders of defects or irregularities with respect to tenders of outstanding notes, neither we, the exchange agent nor any other person will incur any liability for failure to give the notification. Tendere of outstanding notes will not be deemed to have been made until the defects or irregularities have been cured or waived. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the exchange agent to the tendering holders, unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

No Guaranteed Delivery Procedures

There are no guaranteed delivery procedures provided by us in connection with the exchange offer. As only registered holders are authorized to tender outstanding notes through DTC, beneficial owners of outstanding notes that are held in the name of a custodial entity must contact such entity sufficiently in advance of the expiration date if they wish to tender outstanding notes and be eligible to receive the exchange notes.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, tenders of outstanding notes may be withdrawn at any time prior to 5:00 p.m., New York City time, on the expiration date.

Table of Contents

To withdraw a tender of outstanding notes in the exchange offer, a letter or facsimile transmission notice of withdrawal must be received by the exchange agent at its address set forth in this prospectus prior to 5:00 p.m., New York City time, on the expiration date. Any notice of withdrawal must:

- (1) specify the name of the person having deposited the outstanding notes to be withdrawn;
- (2) identify the outstanding notes to be withdrawn, including the certificate number(s) and principal amount of the outstanding notes, or, in the case of outstanding notes transferred by book-entry transfer, the name and number of the account at DTC to be credited;
- (3) be signed by the holder in the same manner as the original signature on the letter of transmittal by which the outstanding notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer sufficient to have the trustee with respect to the outstanding notes register the transfer of the outstanding notes into the name of the person withdrawing the tender; and
- (4) specify the name in which any outstanding notes are to be registered, if different from that of the person depositing the outstanding notes to be withdrawn.

All questions as to the validity, form and eligibility, including time of receipt, of the notices will be determined by us in our sole discretion, which determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for purposes of the exchange offer and no exchange notes will be issued with respect thereto unless the outstanding notes so withdrawn are validly retendered. Any outstanding notes which have been tendered but which are not accepted for exchange will be returned to the holder thereof without cost to the holder as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be retendered by following one of the procedures described above under **Procedures for Tendering** at any time prior to the expiration date.

Conditions

We intend to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC thereunder. Notwithstanding any other term of the exchange offer, we will not be required to accept for exchange, or exchange notes for, any outstanding notes, and may, prior to the expiration of the exchange offer, terminate or amend the exchange offer as provided in this prospectus before the acceptance of the outstanding notes, if:

- (1) any action or proceeding is instituted or threatened in any court or by or before any governmental agency with respect to the exchange offer which we reasonably believe might materially impair our ability to proceed with the exchange offer or any material adverse development has occurred in any existing action or proceeding with respect to us or any of our subsidiaries; or
- (2)

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. Consequences of Failure to Exchange

The outstanding notes that are not exchanged for exchange notes pursuant to the exchange offer will remain restricted securities. Accordingly, the outstanding notes may be resold only:

- (1) to us upon redemption thereof or otherwise;
- (2) so long as the outstanding notes are eligible for resale pursuant to Rule 144A, to a person inside the United States whom the seller reasonably believes is a qualified institutional buyer within the meaning of Rule 144A under the Securities Act in a transaction meeting the requirements of Rule 144A, in accordance with Rule 144 under the Securities Act, or pursuant to another exemption from the registration requirements of the Securities Act, which other exemption is based upon an opinion of counsel reasonably acceptable to us if we so request;
- (3) outside the United States to a foreign person in a transaction meeting the requirements of Rule 904 under the Securities Act; or
- (4) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable securities laws of any state of the United States.

Resale of the Exchange Notes

With respect to resales of exchange notes, based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that a holder or other person who receives exchange notes, whether or not the person is the holder, other than a person that is our affiliate within the meaning of Rule 405 under the Securities Act, in exchange for outstanding notes in the ordinary course of business and who is not participating, does not intend to participate, and has no arrangement or understanding with any person to participate, in the distribution of the exchange notes, will be allowed to resell the exchange notes to the public without further registration under the Securities Act and without delivering to the purchasers of the exchange notes a prospectus that satisfies the requirements of Section 10 of the Securities Act. However, if any holder acquires exchange notes in the exchange offer for the purpose of distributing or participating in a distribution of the exchange notes, the holder cannot rely on the position of the staff of the SEC expressed in the no-action letters or any similar interpretive letters, and must comply with the registration and prospectus

Further, each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the outstanding notes were acquired by the broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. OVERVIEW**Format of Presentation**

On September 16, 2014, CC Media Holdings, Inc., the parent company of iHeartMedia Capital I, LLC issued a press release that announced a change of its name to iHeartMedia, Inc. and a change to the names of certain of its affiliates, including the following:

Old Name:

Clear Channel Capital I, LLC
 Clear Channel Capital II, LLC
 Clear Channel Communications, Inc.
 Clear Channel Management Services, Inc.
 Clear Channel Broadcasting, Inc.
 Clear Channel Identity, Inc.
 Clear Channel Satellite Services Inc.
 Clear Channel Outdoor Holdings, Inc., an indirect subsidiary of the Company, retained its existing name.

New Name:

iHeartMedia Capital I, LLC
 iHeartMedia Capital II, LLC
 iHeartCommunications, Inc.
 iHeartMedia Management Services, Inc.
 iHeartMedia + Entertainment, Inc.
 iHM Identity, Inc.
 iHeartMedia Satellite Services, Inc.

Management's discussion and analysis of our financial condition and results of operations ("MD&A") should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. Our reportable segments are iHeartMedia ("iHM"), Americas outdoor advertising ("Americas outdoor" or "Americas outdoor advertising"), and International outdoor advertising ("International outdoor" or "International outdoor advertising"). Our iHM segment provides media and entertainment services via broadcast and digital delivery and also includes our national syndication business. Our Americas outdoor and International outdoor segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types. Included in the "Other" category are our media representation business, Katz Media Group, as well as other general support services and initiatives, which are ancillary to our other businesses.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Other operating income (expense), net Interest expense, Gain on marketable securities, Equity in earnings of nonconsolidated affiliates, Gain (loss) on extinguishment of debt, Other income (expense), net and Income tax benefit (expense) are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Certain prior period amounts have been reclassified to conform to the first quarter of 2015 presentation.

Effective during the first quarter of 2015, and in connection with certain changes in senior management at Clear Channel Outdoor Holdings, Inc., an indirect wholly owned subsidiary of the Company, we reevaluated our segment reporting and determined that the Latin American operations were more appropriately aligned with the operations of the Americas Outdoor segment. As a result, the operations of Latin America are no longer reflected within the Company's International Outdoor segment and are currently included in the results of its Americas Outdoor segment. In addition, the Company reorganized a portion of its national representation business such that the cost of sales personnel for iHM radio stations are now included in the iHM segment and the national representation business no longer charges iHM for intercompany cost allocations. These changes have been reflected in the Company's segment reporting beginning in the first quarter of 2015. Accordingly, the Company has recast the corresponding segment disclosures for prior periods presented.

iHM

Our revenue is derived primarily from selling advertising time, or spots, on our radio stations, with advertising contracts typically less than one year in duration. The programming formats of our radio stations are designed to reach audiences with targeted demographic characteristics that appeal to our advertisers. We also provide streaming content via the Internet, mobile and other digital platforms which reach national, regional and local audiences and derive revenues primarily from selling advertising time with advertising contracts similar to those used by our radio stations.

iHM management monitors average advertising rates, which are principally based on the length of the spot and how many people in a targeted audience listen to our stations, as measured by an independent ratings service. Also, our advertising rates are influenced by the time of day the advertisement airs, with morning and evening drive-time hours typically priced the highest. Management monitors yield per available minute in addition to average rates because yield allows management to track revenue performance across our inventory. Yield is measured by management in a variety of ways, including revenue earned divided by minutes of advertising sold.

Table of Contents

Management monitors macro-level indicators to assess our iHM operations' performance. Due to the geographic diversity and autonomy of our markets, we have a multitude of market-specific advertising rates and audience demographics. Therefore, management reviews average unit rates across each of our stations.

Management looks at our iHM operations' overall revenue as well as the revenue from each type of advertising, including local advertising, which is sold predominately in a station's local market, and national advertising, which is sold across multiple markets. Local advertising is sold by each radio station's sales staff while national advertising is sold by our national sales team and through our national representation firm. Local advertising, which is our largest source of advertising revenue, and national advertising revenues are tracked separately because these revenue streams have different sales forces and respond differently to changes in the economic environment. We periodically review and refine our selling structures in all markets in an effort to maximize the value of our offering to advertisers and, therefore, our revenue.

Management also looks at iHM revenue by market size. Typically, larger markets can reach larger audiences with wider demographics than smaller markets. Additionally, management reviews our share of iHM advertising revenues in markets where such information is available, as well as our share of target demographics listening in an average quarter hour. This metric gauges how well our formats are attracting and retaining listeners.

A portion of our iHM segment's expenses vary in connection with changes in revenue. These variable expenses primarily relate to costs in our sales department, such as commissions, and bad debt. Our programming and general and administrative departments incur most of our fixed costs, such as utilities and office salaries. We incur discretionary costs in our marketing and promotions, which we primarily use in an effort to maintain and/or increase our audience share. Lastly, we have incentive systems in each of our departments which provide for bonus payments based on specific performance metrics, including ratings, sales levels, pricing and overall profitability.

Outdoor Advertising

Our outdoor advertising revenue is derived from selling advertising space on the displays we own or operate in key markets worldwide, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy for our outdoor advertising businesses is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as additions to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets, both domestically and internationally.

Management typically monitors our outdoor advertising business by reviewing the average rates, average revenue per display, occupancy, and inventory levels of each of our display types by market.

We own the majority of our advertising displays, which typically are located on sites that we either lease or own or for which we have acquired permanent easements. Our advertising contracts with clients typically outline the number of displays reserved, the duration of the advertising campaign and the unit price per display.

The significant expenses associated with our operations include direct production, maintenance and installation expenses as well as site lease expenses for land under our displays including revenue-sharing or minimum guaranteed amounts payable under our billboard, street furniture and transit display contracts. Our direct production, maintenance and installation expenses include costs for printing, transporting and changing the advertising copy on our displays, the related labor costs, the vinyl and paper costs, electricity costs and the costs for cleaning and maintaining our displays. Vinyl and paper costs vary according to the complexity of the advertising copy and the quantity of displays. Our site lease expenses include lease payments for use of the land under our displays, as well as any revenue-sharing arrangements or minimum guaranteed amounts payable that we may have with the landlords. The terms of our site

leases and revenue-sharing or minimum guaranteed contracts generally range from one to 20 years.

Americas Outdoor Advertising

Our advertising rates are based on a number of different factors including location, competition, type and size of display, illumination, market and gross ratings points. Gross ratings points are the total number of impressions delivered by a display or group of displays, expressed as a percentage of a market population. The number of impressions delivered by a display is measured by the number of people passing the site during a defined period of time. For all of our billboards in the United States, we use independent, third-party auditing companies to verify the number of impressions delivered by a display.

Client contract terms typically range from four weeks to one year for the majority of our display inventory in the United States. Generally, we own the street furniture structures and are responsible for their construction and maintenance. Contracts for the right to place our street furniture and transit displays and sell advertising space on them are awarded by municipal and transit authorities in competitive bidding processes governed by local law or are negotiated with private transit operators. Generally, these contracts have terms ranging from 10 to 20 years.

Table of Contents

International Outdoor Advertising

Similar to our Americas outdoor business, advertising rates generally are based on the gross ratings points of a display or group of displays. The number of impressions delivered by a display, in some countries, is weighted to account for such factors as illumination, proximity to other displays and the speed and viewing angle of approaching traffic. In addition, because our International outdoor advertising operations are conducted in foreign markets, including Europe, Asia and Australia, management reviews the operating results from our foreign operations on a constant dollar basis. A constant dollar basis allows for comparison of operations independent of foreign exchange movements.

Our International display inventory is typically sold to clients through network packages, with client contract terms typically ranging from one to two weeks with terms of up to one year available as well. Internationally, contracts with municipal and transit authorities for the right to place our street furniture and transit displays typically provide for terms ranging from three to 15 years. The major difference between our International and Americas street furniture businesses is in the nature of the municipal contracts. In our International outdoor business, these contracts typically require us to provide the municipality with a broader range of metropolitan amenities in exchange for which we are authorized to sell advertising space on certain sections of the structures we erect in the public domain. A different regulatory environment for billboards and competitive bidding for street furniture and transit display contracts, which constitute a larger portion of our business internationally, may result in higher site lease costs in our International business. As a result, our margins are typically lower in our International business than in our Americas outdoor business.

Macroeconomic Indicators

Our advertising revenue for all of our segments is highly correlated to changes in gross domestic product (GDP) as advertising spending has historically trended in line with GDP, both domestically and internationally. According to the U.S. Department of Commerce, estimated U.S. GDP growth for 2014 was 2.4%. Internationally, our results are impacted by fluctuations in foreign currency exchange rates as well as the economic conditions in the foreign markets in which we have operations.

Executive Summary

The key developments in our business for the three months ended March 31, 2015 are summarized below:

Consolidated revenue increased \$2.0 million during the three months ended March 31, 2015 compared to the same period of 2014. Excluding the \$53.8 million impact from movements in foreign exchange rates, consolidated revenue increased \$55.8 million during the three months ended March 31, 2015 compared to the same period of 2014.

iHM revenue increased \$27.5 million during the three months ended March 31, 2015 compared to the same period of 2014 driven primarily by our traffic and weather and syndication businesses and events.

Americas outdoor revenue increased \$5.3 million during the three months ended March 31, 2015 compared to the same period of 2014. Excluding the \$3.7 million impact from movements in foreign

exchange rates, Americas outdoor revenue increased \$9.0 million during the three months ended March 31, 2015 compared to the same period of 2014 primarily driven by higher revenues from digital billboards and Times Square spectaculars.

International outdoor revenue decreased \$25.5 million during the three months ended March 31, 2015 compared to the same period of 2014. Excluding the \$50.1 million impact from movements in foreign exchange rates, International outdoor revenue increased \$24.6 million during the three months ended March 31, 2015 compared to the same period of 2014 primarily driven by growth in Europe, Australia and China.

Other revenues decreased \$6.0 million during the three months ended March 31, 2015 compared to the same period of 2014 primarily as a result of lower political revenues from our media representation business.

We spent \$10.4 million on strategic revenue and efficiency initiatives during Q1 2015 to realign and improve our on-going business operations a decrease of \$2.8 million compared to Q1 2014.

In February 2015, iHeartCommunications issued \$950.0 million of 10.625% Priority Guarantee Notes due 2023 and used the net proceeds primarily to prepay at par \$916.1 million of the loans outstanding under its Term Loan B facility and \$15.2 million of the loans outstanding under its Term Loan C asset sale facility.

On April 3, 2015, Parent and certain of our subsidiaries completed the first closing of our previously-announced agreement with an affiliate of Vertical Bridge Holdings, LLC, for the sale of 411 of the company's broadcast communications tower sites and related assets for up to \$400 million. In connection with the first closing, we sold 367 tower sites in exchange for \$369 million of proceeds. Simultaneous with the first closing, we entered into lease agreements for the continued use of the towers.

We spent \$70.6 million on strategic revenue and cost-saving initiatives during 2014 to realign and improve our on-going business operations an increase of \$12.7 million compared to 2013.

On December 11, 2014, our Parent announced that its subsidiary had entered into an agreement with Vertical Bridge Acquisitions, LLC (Buyer), for the sale of 411 of our broadcast communications tower sites and related assets for up to \$400.0 million (the Tower Portfolio). The acquisition of the Tower Portfolio may occur in one or more closings, and the transaction is subject to due diligence and other customary closing conditions. The Buyer is required to acquire at least 85% of the Tower Portfolio. Simultaneous with each closing of the sale of the towers, we will enter into lease agreements for the continued use of the subject towers. The initial term of each lease will be fifteen years followed by three option periods of five years each, subject to exclusions and limitations. If Buyer acquires the entire Tower Portfolio, we will have annual lease payments of approximately \$22.7 million, a loss of annual tenant revenues of approximately \$11.6 million and an annual reduction of direct operating expenses of approximately \$3.8 million. On April 3, 2015, our Parent and certain of its subsidiaries completed the first closing and 367 of its tower sites and related assets in exchange for approximately \$369 million of proceeds. Simultaneous with the first closing, the Company entered into lease agreements for the continued use of the towers, pursuant to which the Company will have annual lease payments of approximately \$20.8 million. This will result in a loss of annual tenant revenue of approximately \$10.7 million, a reduction of direct operating expenses of approximately \$3.3 million annually and an annual cash impact of \$28.2 million.

Consolidated SG&A expenses during 2014 increased \$41.7 million, including a decrease of \$4.5 million from movements in foreign exchange compared to 2013. Excluding the impact of foreign exchange movements, consolidated SG&A expenses increased \$46.2 million. Our iHM SG&A expenses increased \$34.2 million primarily due to higher compensation expense, including commissions. SG&A expenses decreased \$9.8 million in our Americas outdoor segment including a decrease of \$1.9 million from movements in foreign exchange compared to 2013. Excluding the impact of foreign exchange movements, SG&A expenses in our Americas outdoor segment decreased \$7.9 million primarily due to lower commission expense in connection with lower revenues and property tax refunds. Our International outdoor SG&A expenses increased \$14.8 million compared to 2013, including a \$2.7 million decrease due to the effects of movements in foreign exchange. Excluding the impact of foreign exchange movements, SG&A expenses in our International outdoor segment increased \$17.5 million primarily due to higher compensation expense, including commissions, in connection with higher revenues, as well as higher litigation expenses.

Corporate Expenses

Corporate expenses increased \$6.8 million compared to 2013, primarily due to increased employee benefits costs, higher strategic revenue and efficiency costs and higher compensation expenses related to our variable compensation plans, partially offset by an \$8.5 million credit for the realization of an insurance recovery related to litigation filed by stockholders of Clear Channel Outdoor Holdings, Inc. (CCOH), an indirect non-wholly owned subsidiary of ours, and lower legal costs related to this litigation.

Revenue and Efficiency Initiatives

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$70.6 million incurred in connection with our strategic revenue and efficiency initiatives. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consolidation of locations and positions, severance related to workforce initiatives, consulting expenses, and other costs incurred in connection with streamlining our businesses.

Of the strategic revenue and efficiency costs, \$13.0 million are reported within direct operating expenses, \$23.6 million are reported within SG&A and \$34.0 million are reported within corporate expense. In 2013, such costs totaled \$15.1 million, \$22.3 million, and \$20.5 million, respectively.

Depreciation and Amortization

Depreciation and amortization decreased \$19.9 million during 2014 compared to 2013, primarily due to intangible assets becoming fully amortized.

Other Operating Income (Expense), Net

Other operating income of \$40.0 million in 2014 primarily related to a non-cash gain of \$43.5 million recognized on the sale of non-core radio stations in exchange for a portfolio of 29 stations in five markets.

Other operating income of \$23.0 million in 2013 primarily related to the gain on the sale of certain outdoor assets in our Americas outdoor segment.

Interest Expense

Interest expense increased \$92.1 million during 2014 compared to 2013 primarily due to the weighted average cost of debt increasing as a result of debt refinancings that occurred since 2013. Please refer to Sources of Capital for additional discussion of debt issuances and exchanges. Our weighted average cost of debt during 2014 and 2013 was 8.1% and 7.6%, respectively.

Equity in Earnings (Loss) of Nonconsolidated Affiliates

Equity in loss of nonconsolidated affiliates of \$9.4 million for 2014 primarily related to the \$4.5 million gain on the sale of our 50% interest in Buspak in the third quarter, offset by the first quarter 2014 sale of our 50% interest in Australian Radio Network Pty Ltd (ARN), which included a loss on the sale of \$2.4 million and \$11.5 million of foreign exchange losses that were reclassified from accumulated other comprehensive income at the date of the sale.

Equity in loss of nonconsolidated affiliates of \$77.7 million for 2013 primarily included the loss from our investments in Australia Radio Network and New Zealand Radio Network. On February 18, 2014, a subsidiary of the Company sold its 50% interest in ARN. As of December 31, 2013 the book value of our investment in ARN exceeded the estimated selling price. Accordingly, we recorded an impairment charge of \$95.4 million during the fourth quarter of 2013 to write down the investment to its estimated fair value.

Income Tax Benefit (Expense)

The effective tax rate for the year ended December 31, 2014 was (8.3%) compared to 17.3% for the year ended December 31, 2013. The effective tax rate for 2014 was impacted by the \$339.8 million valuation allowance recorded against the Company's current period federal and state net operating losses due to the uncertainty of the ability to utilize those losses in future periods. This expense was partially offset by \$28.9 million in net tax benefits associated with a decrease in unrecognized tax benefits resulting from the expiration of statutes of limitations to assess taxes in the United Kingdom and several state jurisdictions.

The effective tax rate for the year ended December 31, 2013 was 17.3% and was primarily impacted by the \$143.5 million valuation allowance recorded during the period as additional deferred tax expense. The valuation allowance was recorded against a portion of the U.S. Federal and State net operating losses due to the uncertainty of the ability to utilize those losses in future periods. This expense was partially offset by tax benefits recorded during the period due to the settlement of our U.S. Federal and certain State tax examinations during the year. Pursuant to the settlements, we recorded a reduction to income tax expense of approximately \$20.2 million to reflect the net tax benefits of the settlements.

Consolidated Revenue

Our consolidated revenue decreased \$3.8 million including the increase of \$3.5 million from the impact of movements in foreign exchange compared to 2012. Excluding the impact of foreign exchange movements and \$20.4 million impact of our divestiture of our international neon business during 2012, revenue increased \$13.1 million. iHM revenue increased \$46.8 million, driven by growth from national advertising including telecommunications, retail, and entertainment, and higher advertising revenues from our digital services primarily as a result of increased demand as listening hours have increased. Americas outdoor revenue increased \$18.1 million, driven primarily by bulletin revenue growth as a result of increases in occupancy, capacity and rates in our traditional and digital product lines. International outdoor revenue decreased \$18.8 million including the impact of favorable movements in foreign exchange of \$8.6 million compared to 2012. Excluding the impact of foreign exchange movements and the \$20.4 million impact of our divestiture of our international neon business during 2012, International outdoor revenue decreased \$7.0 million. Declines in certain countries as a result of weakened macroeconomic conditions were partially offset by growth in street furniture and billboard revenue in other countries. Revenue in our Other category declined \$49.7 million as a result of decreased political advertising through our media representation business.

Consolidated Direct Operating Expenses

Direct operating expenses increased \$60.5 million including an increase of \$3.6 million due to the effects of movements in foreign exchange compared to 2012 and the impact of our divestiture of our international neon business of \$13.0 million during 2012. iHM direct operating expenses increased \$64.7 million, primarily due to higher promotional and sponsorship costs for events such as the iHeartRadio Music Festival and Jingle Balls and an increase in digital expenses related to our iHeartRadio digital platform including higher digital streaming fees due to increased listening hours, as well as music licensing fees, partially offset by a decline in traffic expenses. Americas outdoor direct operating expenses decreased \$15.1 million, primarily due to decreased site lease expense associated with declining revenues of some of our lower-margin product lines. Direct operating expenses in our International outdoor segment increased \$6.3 million, including a \$6.4 million increase due to the effects of movements in foreign exchange.

Consolidated SG&A Expenses

SG&A expenses decreased \$21.4 million including an increase of \$1.7 million due to the effects of movements in foreign exchange compared to 2012. iHM SG&A expenses increased \$25.5 million primarily due to compensation expenses and amounts related to our variable compensation plans including commissions, which were higher for the 2013 period in connection with increasing national and digital revenues. SG&A expenses in our Americas outdoor segment decreased \$19.2 million primarily due to certain expenses during the 2012 period related to legal and other costs in Brazil that did not recur during 2013. Our International outdoor SG&A expenses decreased \$11.9 million including a \$3.1 million increase due to the effects of movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$4.2 million impact of our divestiture of our international neon business during 2012, SG&A expenses decreased \$10.8 million due to lower expenses as a result of cost saving initiatives.

Table of Contents

Corporate Expenses

Corporate expenses increased \$20.3 million during 2013 compared to 2012. This increase was primarily driven by increases in compensation expenses including amounts related to our variable compensation plans and strategic initiatives as well as \$7.8 million in executive transition costs and legal costs related to stockholder litigation.

Revenue and Efficiency Initiatives

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$57.9 million incurred in connection with our strategic revenue and efficiency initiatives. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consulting expenses, consolidation of locations and positions, severance related to workforce initiatives and other costs incurred in connection with streamlining our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized. Of these costs, \$15.1 million are reported within direct operating expenses, \$22.3 million are reported within SG&A and \$20.5 million are reported within corporate expense. In 2012, such costs totaled \$13.8 million, \$47.2 million, and \$15.2 million, respectively.

Depreciation and Amortization

Depreciation and amortization increased \$1.5 million during 2013 compared to 2012, primarily due to fixed asset additions primarily consisting of digital assets and software, which are depreciated over shorter useful lives partially offset by various assets becoming fully depreciated in 2013.

Impairment Charges

We performed our annual impairment tests as of October 1, 2013 and 2012 on our goodwill, FCC licenses, billboard permits, and other intangible assets and recorded impairment charges of \$17.0 million and \$37.7 million, respectively. During 2013, we recognized a \$10.7 million goodwill impairment charge in our International outdoor segment related to a decline in the estimated fair value of one market.

Other Operating Income, Net

Other operating income of \$23.0 million in 2013 primarily related to the gain on the sale of certain outdoor assets in our Americas outdoor segment.

Other operating income of \$48.1 million in 2012 primarily related to the gain on the sale of our international neon business in the third quarter of 2012.

Interest Expense

Interest expense increased \$100.4 million during 2013 compared to 2012 primarily as a result of interest expense associated with the impact of refinancing transactions resulting in higher interest rates. Please refer to [Sources of Capital](#) for additional discussion of debt issuances and exchanges. Our weighted average cost of debt during 2013 and 2012 was 7.6% and 6.7%, respectively.

Gain (Loss) on Marketable Securities

The gain on marketable securities of \$130.9 million during 2013 resulted from the sale of the shares we held in Sirius XM Radio, Inc.

The loss on marketable securities of \$4.6 million during 2012 primarily related to the impairment of our investment in Independent News & Media PLC (INM) during 2012 and the impairment of a cost-basis investment during 2012. The fair value of INM was below cost for an extended period of time and recovery of the value was not probable. As a result, we considered the guidance in ASC 320-10-S99 and reviewed the length of the time and the extent to which the market value was less than cost, the financial condition and the near-term prospects of the issuer. After this assessment, we concluded that the impairment at each date was other than temporary and recorded non-cash impairment charges to our investment in INM, as noted above. We obtained the financial information for our cost-basis investment and noted continued doubt of the investment's ability to continue as a going concern. After evaluating the financial condition of the investment, we concluded that the investment was other than temporarily impaired and recorded a non-cash impairment charge to that investment.

Table of Contents*Equity in Earnings (Loss) of Nonconsolidated Affiliates*

Equity in loss of nonconsolidated affiliates of \$77.7 million for 2013 primarily included the loss from our investments in ARN and New Zealand Radio Network. On February 18, 2014, a subsidiary of the Company sold its 50% interest in ARN. As of December 31, 2013 the book value of our investment in ARN exceeded the estimated selling price. Accordingly, we recorded an impairment charge of \$95.4 million during the fourth quarter of 2013 to write down the investment to its estimated fair value.

Equity in earnings of nonconsolidated affiliates of \$18.6 million for 2012 primarily included earnings from our investments in ARN.

Loss on Extinguishment of Debt

We recognized a loss of \$84.0 million due to a debt exchange during the fourth quarter of 2013 related to our 10.75% Senior Cash Pay Notes due 2016 and 11.00%/11.75% Senior Toggle Notes due 2016 into 14.0% Senior Notes due 2021. In addition, we recognized a loss of \$3.9 million due to the write-off of deferred loan costs in connection with the prepayment of Term Loan A of our senior secured credit facilities.

In connection with the refinancing of Clear Channel Worldwide Holdings, Inc. (CCWH) Series A Senior Notes and Series B Senior Notes due 2017 with an interest rate of 9.25% (the Existing CCWH Senior Notes) with the CCWH Series A Senior Notes and Series B Senior Notes due 2022 with a stated interest rate of 6.5% (the CCWH Senior Notes) during the fourth quarter of 2012, CCWH paid existing note holders a tender premium of 7.4% of face value on the \$1,724.7 million of Existing CCWH Senior Notes that were tendered in the tender offer and a call premium of 6.9% on the \$775.3 million of Existing CCWH Senior Notes that were redeemed following the tender offer. The tender premium of \$128.3 million and the call premium of \$53.8 million are included in the loss on extinguishment of debt. In addition, we recognized a loss of \$39.0 million due to the write-off of deferred loan costs in connection with the call of the Existing CCWH Senior Notes, and recognized losses of \$33.7 million in connection with a prepayment during the first quarter of 2012 and a debt exchange during the fourth quarter of 2012 related to our senior secured credit facilities as discussed elsewhere in this Management's Discussion and Analysis.

Other Income (Expense), Net

In connection with the June 2013 exchange offer of a portion of 10.75% Senior Cash Pay Notes due 2016 and 11.00%/11.75% Senior Toggle Notes due 2016 for newly-issued 14.0% Senior Notes due 2021 and in connection with the senior secured credit facility amendments discussed elsewhere in the Management's Discussion and Analysis, all of which were accounted for as modifications of existing debt, we incurred expenses of \$23.6 million partially offset by \$1.8 million in foreign exchange gains on short-term intercompany accounts.

Other income of \$0.3 million for 2012 primarily related to miscellaneous dividend and other income of \$3.2 million offset by \$3.0 million in foreign exchange losses on short-term intercompany accounts.

Income Tax Benefit

The effective tax rate for the year ended December 31, 2013 was 17.3% compared to 42.8% for the year ended December 31, 2012. The effective tax rate for 2013 was primarily impacted by the \$143.5 million valuation allowance recorded during the period as additional deferred tax expense. The valuation allowance was recorded against a portion of the U.S. Federal and State net operating losses due to the uncertainty of the ability to utilize those losses in future periods. This expense was partially offset by tax benefits recorded during the period due to the settlement of our U.S.

Federal and certain State tax examinations during the year. Pursuant to the settlements, we recorded a reduction to income tax expense of approximately \$20.2 million to reflect the net tax benefits of the settlements.

The effective tax rate for the year ended December 31, 2012 was 42.8% and was favorably impacted by our settlement of U.S. Federal and foreign tax examinations during the year. Pursuant to the settlements, we recorded a reduction to income tax expense of approximately \$60.6 million to reflect the net tax benefits of the settlements. This benefit was partially offset by additional tax recorded during 2012 related to the write-off of deferred tax assets associated with the vesting of certain equity awards.

Table of Contents**iHM Results of Operations**

Our iHM operating results were as follows:

<i>(In thousands)</i>	Year Ended December 31,		%
	2013	2012	Change
Revenue	\$ 3,131,595	\$ 3,084,780	2%
Direct operating expenses	953,577	888,914	7%
SG&A expenses	984,704	959,182	3%
Depreciation and amortization	262,136	262,409	0%
Operating income	\$ 931,178	\$ 974,275	(4%)

iHM revenue increased \$46.8 million during 2013 compared to 2012, primarily due to an increase in national advertising revenue across various markets and advertising categories, including telecommunications, retail, and entertainment, as well as growth in digital advertising revenue as a result of increased listenership on our iHeartRadio platform, with total listening hours increasing 29%. Promotional and sponsorship revenues were also higher driven by events, such as the iHeartRadio Music Festival, Jingle Balls, iHeartRadio Ultimate Pool Party, and album release events. These increases were partially offset by lower political revenues compared to 2012, as well as a decline in our traffic business as a result of integration activities and certain contract losses.

Direct operating expenses increased \$64.7 million during 2013 primarily from events, promotional cost, compensation, and higher streaming and performance royalty expenses during 2013 due to increased listenership on our iHeartRadio platform. In addition, we incurred higher music license fees after receiving a one-time \$20.7 million credit in 2012 from one of our performance rights organizations. These increases were partially offset by lower costs in our traffic business as a result of lower revenues and reduced spending on strategic revenue and cost initiatives. SG&A expenses increased \$25.5 million primarily on our variable compensation plans, including commissions, as a result of an increase in national and digital revenue. In addition, we also incurred higher legal fees and research expenses related to sales and programming activities in 2013.

Americas Outdoor Advertising Results of Operations

Our Americas outdoor advertising operating results were as follows:

<i>(In thousands)</i>	Year Ended December 31,		%
	2013	2012	Change
Revenue	\$ 1,385,757	\$ 1,367,669	1%
Direct operating expenses	610,750	625,852	(2%)
SG&A expenses	243,456	262,645	(7%)
Depreciation and amortization	206,031	200,372	3%
Operating income	\$ 325,520	\$ 278,800	17%

Our Americas outdoor revenue increased \$18.1 million during 2013 compared to 2012, driven primarily by increases in revenues from bulletins and posters. Traditional bulletins and posters had increases in occupancy and rates in connection with new contracts, while the increase for digital displays was driven by higher occupancy and capacity. The increase for digital displays was negatively impacted by lower revenues in our Los Angeles market as a result of the impact of litigation as discussed further in the Business section of this prospectus. Partially offsetting these increases were declines in specialty business revenues due primarily to a significant contract during 2012 that did not recur during 2013, and declines in our airport business driven primarily by the loss of certain of our U.S. airport contracts and other airport revenue.

Table of Contents

Direct operating expenses decreased \$15.1 million, primarily due to the benefits resulting from our previous strategic cost initiatives as well as reduced variable costs associated with site lease expenses due to reduced revenues on lower margin products. SG&A expenses decreased \$19.2 million primarily due to the absence in 2013 of \$22.7 million in expenses incurred during 2012 in connection with legal and other costs in Brazil as well as decreases in 2013 in strategic revenue and cost initiative expenses. This decrease was partially offset by higher legal costs, as well as compensation expenses including commissions and amounts related to our variable compensation plans, which were higher for the 2013 period in connection with increasing our revenues.

Depreciation and amortization increased \$5.7 million, primarily due to our continued deployment of digital billboards partially offset by assets becoming fully depreciated during 2013.

Excluding the impact of foreign exchange and the divestiture, revenues decreased \$7.0 million due to lower revenues in Europe as a result of weakened macroeconomic conditions.

Direct operating expenses increased \$6.3 million including an increase of \$6.4 million from movements in foreign exchange, and the divestiture of our international neon business during 2012 which had \$13.0 million in direct operating expenses during 2012. Excluding the impact of movements in foreign exchange and the divestiture, direct operating expenses increased \$12.9 million driven primarily by increases in variable costs in certain markets such as China and Norway resulting from increased revenues partially offset by declines in expenses in response to declining revenues in other countries in Europe. SG&A expenses decreased \$11.9 million including an increase of \$3.1 million from movements in foreign exchange and the divestiture of our international neon business during 2012, which had \$4.2 million in SG&A expenses during 2012.

Share-Based Compensation Expense

We do not have any compensation plans under which we grant stock awards to employees. Our employees receive equity awards from the equity incentive plans of our indirect parent, iHeartMedia, Inc. (Parent), and our subsidiary, CCOH.

As of December 31, 2014, there was \$22.4 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on service conditions. This cost is expected to be recognized over a weighted average period of approximately three years. In addition, as of December 31, 2014, there was \$24.7 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost will be recognized when it becomes probable that the performance condition will be satisfied.

Share-based compensation expenses are recorded in corporate expenses and were \$10.7 million, \$16.7 million and \$28.5 million for the years ended December 31, 2014, 2013 and 2012, respectively.

On October 22, 2012, Parent granted 1.8 million restricted shares of its Class A common stock (the Replacement Shares) in exchange for 2.0 million stock options granted under the Clear Channel 2008 Executive Incentive Plan pursuant to an option exchange program (the Program) that expired on November 19, 2012. In addition, on October 22, 2012, Parent granted 1.5 million fully-vested shares of its Class A common stock (the Additional Shares) pursuant to a tax assistance program offered in connection with the Program. Upon the expiration of the Program on November 19, 2012, Parent repurchased 0.9 million of the Additional Shares from the employees who elected to participate in the Program and timely delivered to us a properly completed election form under Internal Revenue Code Section 83(b) to fund tax withholdings in connection with the Program. Employees who ceased to be eligible, declined to participate in the Program or, in the case of the Additional Shares, declined to participate in the tax assistance program, forfeited their Replacement Shares and Additional Shares on November 19, 2012 and retained their stock options with no changes to the terms. We accounted for the exchange program as a modification of the existing awards under ASC 718 and will recognize incremental compensation expense of approximately \$1.7 million over the service period of the new awards. We recognized \$2.6 million of expense related to the Additional Shares granted in connection with the tax assistance program.

2012

The \$110.2 million increase in cash flows from operations to \$485.1 million in 2012 compared to \$374.9 million in 2011 was primarily driven by changes in working capital. *Financing Activities**2014*

Cash used for financing activities of \$398.0 million in 2014 primarily reflected payments on long-term debt and the payment by CCOH of a dividend to CCOH shareholders, partially offset by proceeds from the issuance of long-term debt. We received cash proceeds from the issuance by CCU Escrow Corporation of 10% Senior Notes due 2018 (\$850.0 million in aggregate principal amount), the sale by our subsidiary of 14% Senior Notes due 2021 to private purchasers (\$227.0 million in aggregate principal amount) and the issuance to private purchasers of 9% Priority Guarantee Notes due 2022 (\$1,000.0 million in aggregate principal amount). This was partially offset by the redemption of \$567.1 million principal amount outstanding of our 5.5% Senior Notes due 2014 (including \$158.5 million principal amount of the notes held by a subsidiary of ours) and \$241.0 million principal amount outstanding of our 4.9% Senior Notes due 2015, the repayment of the full \$247.0 million principal amount outstanding under our receivables-based credit facility, and the prepayment of \$974.9 million aggregate principal amount of the Term B facility due 2016 and \$16.1 million aggregate principal amount of the Term Loan C facility due 2016. In addition,

during 2014, CC Finco repurchased \$239.0 million aggregate principal amount of notes, for a total purchase price of \$222.4 million, including accrued interest.

Cash used for financing activities of \$595.9 million in 2013 primarily reflected payments on long-term debt. We repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount held by and repaid to a subsidiary) using cash on hand. We prepaid \$846.9 million outstanding under our Term Loan A under our senior secured credit facilities using the proceeds from the issuance of our 11.25% Priority Guarantee Notes, borrowings under our receivables based credit facility, and cash on hand. Other cash used for financing activities included payments to holders of 10.75% Senior Cash Pay Notes due 2016 and 11.00%/11.75% Senior Toggle Notes due 2016 in connection with exchange offers in June 2013 of \$32.5 million and in December 2013 of \$22.7 million, payment of an applicable high yield discount obligation to holders of 11.00%/11.75% Senior Toggle Notes due 2016 in August 2013 of \$25.3 million, payments to repurchase noncontrolling interests of \$61.1 million and \$91.9 million in payments for dividends and other payments to noncontrolling interests.

Table of Contents**2012**

Cash used for financing activities of \$95.3 million during 2012 primarily reflected (i) the issuance of \$2.2 billion of the CCWH Subordinated Notes by CCWH and the use of proceeds distributed to us in connection with a dividend declared by CCOH during 2012, in addition to cash on hand, to repay \$2.1 billion of indebtedness under our senior secured credit facilities, (ii) the issuance by CCWH of \$2.7 billion aggregate principal amount of the CCWH Senior Notes and the use of the proceeds to fund the tender offer for and redemption of the Existing CCWH Senior Notes, (iii) the repayment of our 5.0% senior notes at maturity for \$249.9 million (net of \$50.1 million principal amount held by and repaid to a subsidiary with respect to notes repurchased and held by such entity), using a portion of the proceeds from our June 2011 issuance of \$750.0 million aggregate principal amount of 9.0% Priority Guarantee Notes due 2021, along with available cash on hand and (iv) the exchange of \$2.0 billion aggregate principal amount of Term Loans under our senior secured credit facilities for \$2.0 billion aggregate principal amount of newly issued 9.0% Priority Guarantee Notes due 2019. Our financing activities also reflect a \$244.7 million reduction in noncontrolling interest as a result of the dividend paid by CCOH in connection with the CCWH Subordinated Notes issuance, which represents the portion paid to parties other than our subsidiaries that own CCOH common stock.

Anticipated Cash Requirements

Our primary source of liquidity is cash on hand, cash flow from operations and borrowing capacity under our domestic receivables based credit facility, subject to certain limitations contained in our material financing agreements. A significant amount of our cash requirements are for debt service obligations. We anticipate cash interest requirements of approximately \$1.7 billion during 2015. At December 31, 2014, we had debt maturities totaling \$3.6 million, \$1,126.9 million, and \$8.2 million in 2015, 2016, and 2017, respectively. At March 31, 2015, we had debt maturities totaling \$195.5 million, \$126.8 million and \$909.3 million in 2016, 2017, and 2018, respectively. At March 31, 2015, we had \$289.0 million of cash on our balance sheet, with \$196.1 million in consolidated cash balances held outside the U.S. by our subsidiaries, a portion of which is held by non-wholly owned subsidiaries or is otherwise subject to certain restrictions and not readily accessible to us. It is our policy to permanently reinvest the earnings of our non-U.S. subsidiaries as these earnings are generally redeployed in those jurisdictions for operating needs and continued functioning of their businesses. We have the ability and intent to indefinitely reinvest the undistributed earnings of consolidated subsidiaries based outside of the United States. If any excess cash held by our foreign subsidiaries were needed to fund operations in the United States, we could presently repatriate available funds without a requirement to accrue or pay U.S. taxes. This is a result of significant current and historic deficits in our foreign earnings and profits, which gives us flexibility to make future cash distributions as non-taxable returns of capital.

Our ability to fund our working capital, capital expenditures, debt service and other obligations, and to comply with the financial covenants under our financing agreements, depends on our future operating performance and cash from operations and our ability to generate cash from other liquidity-generating transactions, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. We are currently exploring, and expect to continue to explore, a variety of transactions to provide us with additional liquidity. We cannot assure you that we will enter into or consummate any such liquidity-generating transactions, or that such transactions will provide sufficient cash to satisfy our liquidity needs, and we cannot currently predict the impact that any such transaction, if consummated, would have on us. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may not be able to refinance the debt as currently contemplated. Our ability to refinance the debt will depend on the condition of the capital markets and our financial condition at the time. There can be no assurance that refinancing alternatives will be available on terms acceptable to us or at all. Even if refinancing alternatives are available to us, we may not find them suitable or at comparable interest rates to the indebtedness being refinanced. In addition, the terms of our existing or

future debt agreements may restrict us from securing a refinancing on terms that are available to us at that time. If we are unable to obtain sources of refinancing or generate sufficient cash through liquidity-generating transactions, we could face substantial liquidity problems, which could have a material adverse effect on our financial condition and on our ability to meet our obligations.

Our financing transactions during 2014 and the three months ended March 31, 2015 increased our annual interest expense. Our increased interest payment obligations will reduce our liquidity over time, which could in turn reduce our financial flexibility and make us more vulnerable to changes in operating performance and economic downturns generally, and could negatively affect our ability to obtain additional financing in the future.

Table of Contents

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue acquisitions or dispositions, which could be material. Our and our subsidiaries' significant amount of indebtedness may limit our ability to pursue acquisitions. The terms of our existing or future debt agreements may also restrict our ability to engage in these transactions.

Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flow from operations and borrowing capacity under our receivables based credit facility will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next 12 months. Significant assumptions underlie this belief, including, among other things, that we will continue to be successful in implementing our business strategy and that there will be no material adverse developments in our business, liquidity or capital requirements, and that we will be able to consummate liquidity-generating transactions in a timely manner and on terms acceptable to us. We cannot assure you that this will be the case. If our future cash flows from operations, financing sources and other liquidity-generating transactions are insufficient to pay our debt obligations as they mature or to fund our liquidity needs, we may be forced to reduce or delay our business activities and capital expenditures, sell material assets, seek additional capital or refinance our and our subsidiaries' debt. We cannot assure you that we would be able to accomplish any of these alternatives on a timely basis or on satisfactory terms, if at all.

We were in compliance with the covenants contained in our material financing agreements as of December 31, 2014 and March 31, 2015, including the maximum consolidated senior secured net debt to consolidated EBITDA limitation contained in our senior secured credit facilities. We believe our long-term plans, which include promoting spending by advertisers in our industries and capitalizing on our diverse geographic and product opportunities, including the continued investment in our media and entertainment initiatives and continued deployment of digital displays, will enable us to continue generating cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, our anticipated results are subject to significant uncertainty and there can be no assurance that we will be able to maintain compliance with these covenants. In addition, our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions. The breach of any covenants set forth in our financing agreements would result in a default thereunder. An event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. Moreover, the lenders under the receivables based credit facility under our senior secured credit facilities would have the option to terminate their commitments to make further extensions of credit thereunder. If we are unable to repay our obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. In addition, a default or acceleration under any of our material financing agreements could cause a default under other of our obligations that are subject to cross-default and cross-acceleration provisions. The threshold amount for a cross-default under the senior secured credit facilities is \$100.0 million.

Our subsidiaries have from time to time repurchased certain of our debt obligations and outstanding equity securities of Parent and CCOH, and may in the future, as part of various financing and investment strategies, purchase additional outstanding indebtedness of our Company or its subsidiaries or outstanding equity securities of Parent or CCOH, in tender offers, open market purchases, privately negotiated transactions or otherwise. We or our subsidiaries may also sell certain assets, securities, or properties. These purchases or sales, if any, could have a material positive or negative impact on our cash available to repay outstanding debt obligations or on our consolidated results of operations. These transactions could also require or result in amendments to the agreements governing outstanding debt obligations or changes in our leverage or other financial ratios, which could have a material positive or negative impact on our ability to comply with the covenants contained in our debt agreements. These transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

The senior secured credit facilities are guaranteed by us and each of our existing and future material wholly-owned domestic restricted subsidiaries, subject to certain exceptions.

Table of Contents

All obligations under the senior secured credit facilities, and the guarantees of those obligations, are secured, subject to permitted liens, including prior liens permitted by the indenture governing our senior notes, and other exceptions, by:

a lien on our capital stock;

100% of the capital stock of any future material wholly-owned domestic license subsidiary that is not a Restricted Subsidiary under the indenture governing our senior notes;

certain assets that do not constitute principal property (as defined in the indenture governing our senior notes);

a lien on the accounts receivable and related assets securing our receivables based credit facility that is junior to the lien securing our obligations under such credit facility.

Certain Covenants and Events of Default

The senior secured credit facilities require us to comply on a quarterly basis with a financial covenant limiting the ratio of consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by our senior secured credit facilities) for the preceding four quarters. Our secured debt consists of the senior secured credit facilities, the receivables-based credit facility, the priority guarantee notes and certain other secured subsidiary debt. As required by the definition of consolidated EBITDA in our senior secured credit facilities, our consolidated EBITDA for the preceding four quarters of \$1.9 billion is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense), net plus share-based compensation and is further adjusted for the following items: (i) costs incurred in connection with the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) extraordinary, non-recurring or unusual gains or losses or expenses and severance; (iii) non-cash charges; (iv) cash received from nonconsolidated affiliates; and (v) various other items.

Receivables Based Credit Facility

As of March 31, 2015 and December 31, 2014, there was \$120 million aggregate principal amount and no borrowings, respectively, outstanding under our receivables based credit facility.

The receivables based credit facility provides revolving credit commitments of \$535.0 million, subject to a borrowing base. The borrowing base at any time equals 90% of our eligible accounts receivable and that of certain of our subsidiaries. The receivables based credit facility includes a letter of credit sub-facility and a swingline loan sub-facility.

We and certain subsidiary borrowers are the borrowers under the receivables based credit facility. We have the ability to designate one or more of our restricted subsidiaries as borrowers under the receivables based credit facility. The receivables based credit facility loans are available in U.S. dollars and letters of credit are available in a variety of currencies including U.S. dollars, Euros, Pounds Sterling, and Canadian dollars.

Interest Rate and Fees

Borrowings under the receivables based credit facility bear interest at a rate per annum equal to an applicable margin plus, at our option, either (i) a base rate determined by reference to the highest of (a) the prime rate of Citibank, N.A. and (b) the Federal Funds rate plus 0.50% or (ii) a Eurocurrency rate determined by reference to the rate (adjusted for statutory reserve requirements for Eurocurrency liabilities) for Eurodollar deposits for the interest period relevant to such borrowing. The applicable margin for borrowings under the receivables based credit facility ranges from 1.50% to 2.00% for Eurocurrency borrowings and from 0.50% to 1.00% for base-rate borrowings, depending on average daily excess availability under the receivables based credit facility during the prior fiscal quarter.

In addition to paying interest on outstanding principal under the receivables based credit facility, we are required to pay a commitment fee to the lenders under the receivables based credit facility in respect of the unutilized commitments thereunder. The commitment fee rate ranges from 0.25% to 0.375% per annum dependent upon average unused commitments during the prior quarter. We must also pay customary letter of credit fees.

Table of Contents***Maturity***

Borrowings under the receivables based credit facility will mature, and lending commitments thereunder will terminate, on the fifth anniversary of the effectiveness of the receivables based credit facility (December 24, 2017), provided that, (a) the maturity date will be October 31, 2015 if on October 30, 2015, greater than \$500.0 million in aggregate principal amount is owing under certain of our Term Loan credit facilities, (b) the maturity date will be May 3, 2016 if on May 2, 2016 greater than \$500.0 million aggregate principal amount of our 10.75% senior cash pay notes due 2016 and 11.00%/11.75% senior toggle notes due 2016 are outstanding and (c) in the case of any debt under clauses (a) and (b) that is amended or refinanced in any manner that extends the maturity date of such debt to a date that is on or before the date that is five years after the effectiveness of the receivables based credit facility, the maturity date will be one day prior to the maturity date of such debt after giving effect to such amendment or refinancing if greater than \$500,000,000 in aggregate principal amount of such debt is outstanding.

Prepayments

If at any time the sum of the outstanding amounts under the receivables based credit facility exceeds the lesser of (i) the borrowing base and (ii) the aggregate commitments under the facility, we will be required to repay outstanding loans and cash collateralize letters of credit in an aggregate amount equal to such excess. We may voluntarily repay outstanding loans under the receivables based credit facility at any time without premium or penalty, other than customary breakage costs with respect to Eurocurrency rate loans. Any voluntary prepayments we make will not reduce our commitments under the receivables based credit facility.

Guarantees and Security

The facility is guaranteed by, subject to certain exceptions, the guarantors of our senior secured credit facilities. All obligations under the receivables based credit facility, and the guarantees of those obligations, are secured by a perfected security interest in all of our and all of the guarantors' accounts receivable and related assets and proceeds thereof that is senior to the security interest of our senior secured credit facilities in such accounts receivable and related assets and proceeds thereof, subject to permitted liens, including prior liens permitted by the indenture governing certain of our senior notes (the Legacy Notes), and certain exceptions.

Certain Covenants and Events of Default

If borrowing availability is less than the greater of (a) \$50.0 million and (b) 10% of the aggregate commitments under the receivables based credit facility, in each case, for five consecutive business days (a Liquidity Event), we will be required to comply with a minimum fixed charge coverage ratio of at least 1.00 to 1.00 for fiscal quarters ending on or after the occurrence of the Liquidity Event, and will be continued to comply with this minimum fixed charge coverage ratio until borrowing availability exceeds the greater of (x) \$50.0 million and (y) 10% of the aggregate commitments under the receivables based credit facility, in each case, for 30 consecutive calendar days, at which time the Liquidity Event shall no longer be deemed to be occurring. The notes repurchased by CC Finco were not cancelled and remain outstanding.

On September 29, 2014, we prepaid at par \$245.9 million of the loans outstanding under our Term Loan B facility and \$4.1 million of the loans outstanding under our Term Loan C asset sale facility, using the net proceeds of the Priority Guarantee Notes due 2022 issued on such date.

On June 6, 2014, using the proceeds from the issuance of the 10.0% Senior Notes due 2018, we redeemed \$567.1 million aggregate principal amount of our 5.5% Senior Notes due 2014 (including \$158.5 million principal amount of the notes held by a subsidiary of ours) and \$241.0 million aggregate principal amount of our 4.9% Senior Notes due 2015.

During March 2014, CC Finco repurchased, through open market purchases, a total of \$61.9 million aggregate principal amount of notes, comprised of \$52.9 million of our outstanding 5.5% Senior Notes due 2014 and \$9.0 million of our outstanding 4.9% Senior Notes due 2015, for a total purchase price of \$63.1 million, including accrued interest. CC Finco contributed the notes to a subsidiary of ours and we cancelled these notes subsequent to the purchase.

During February 2014, we repaid all principal amounts outstanding under our receivables based credit facility, using cash on hand. This voluntary repayment did not reduce the commitments under this facility and we have the ability to redraw amounts under this facility at any time.

2013

During August 2013, we made a \$25.3 million scheduled applicable high-yield discount obligation payment to the holders of the senior toggle notes.

During February 2013, using the proceeds from the issuance of the 11.25% Priority Guarantee Notes along with borrowings under the receivables based credit facility of \$269.5 million and cash on hand, we prepaid all \$846.9 million outstanding under our Term Loan A under our senior secured credit facilities. We recorded a loss of \$3.9 million in Loss on extinguishment of debt related to the accelerated expensing of loan fees.

During January 2013, we repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount repaid to a subsidiary with respect to notes repurchased and held by such entity), plus accrued interest, using cash on hand.

2012

During November 2012, CCWH repurchased \$1,724.7 million aggregate principal amount of the Existing CCWH Senior Notes in a tender offer for the Existing CCWH Senior Notes. Simultaneously with the early settlement of the tender offer, CCWH called for redemption all of the remaining \$775.3 million aggregate principal amount of Existing CCWH Senior Notes that were not purchased on the early settlement date of the tender offer. In connection with the redemption, CCWH satisfied and discharged its obligations under the Existing CCWH Senior Notes indentures by depositing with the trustee sufficient funds to pay the redemption price, plus accrued and unpaid interest on the remaining outstanding Existing CCWH Senior Notes to, but not including, the December 19, 2012 redemption date.

During October 2012, we consummated a private exchange offer of \$2.0 billion aggregate principal amount of Term Loans under our senior secured credit facilities for a like principal amount of newly issued Priority Guarantee Notes due 2019. The exchange offer was available only to eligible lenders under the senior secured credit facilities, and the Priority Guarantee Notes due 2019 were offered only in reliance on exemptions from registration under the Securities Act of 1933, as amended.

In connection with the issuance of the CCWH Subordinated Notes, CCOH paid a \$2,170.4 million dividend on March 15, 2012 to its Class A and Class B stockholders, consisting of \$1,925.7 million distributed to CC Holdings and CC Finco and \$244.7 million distributed to other stockholders. In connection with the Subordinated Notes issuance and CCOH dividend, we repaid indebtedness under our senior secured credit facilities in an amount equal to the aggregate amount of dividend proceeds distributed to CC Holdings and CC Finco, or \$1,925.7 million. Of this amount, a prepayment of \$1,918.1 million was applied to indebtedness outstanding under our revolving credit facility, thus permanently reducing the revolving credit commitments under our revolving credit facility to \$10.0 million. During the fourth quarter of 2012, the revolving credit facility was permanently paid off and terminated using available cash on hand. The remaining \$7.6 million prepayment was allocated on a pro rata basis to our Term Loan facilities.

In addition, on March 15, 2012, using cash on hand, we made voluntary prepayments under our senior secured credit facilities in an aggregate amount equal to \$170.5 million, as follows: (i) \$16.2 million under our Term Loan A due 2014, (ii) \$129.8 million under our Term Loan B due 2016, (iii) \$10.0 million under our Term Loan C due 2016 and (iv) \$14.5 million under our delayed draw Term Loans due 2016. In connection with the prepayments on our senior secured credit facilities, we recorded a loss of \$15.2 million in Loss on extinguishment of debt related to the accelerated expensing of loan fees.

During March 2012, we repaid our 5.0% senior notes at maturity for \$249.9 million (net of \$50.1 million principal amount repaid to a subsidiary with respect to notes repurchased and held by such entity), plus accrued interest, using a portion of the proceeds from the June 2011 offering of priority guarantee notes, along with cash on hand.

Dividends

We have not declared any dividend on our limited liability company interests since our formation. Our debt financing arrangements include restrictions on our ability to pay dividends as described in this MD&A, which in turn affects our ability to pay dividends.

Acquisitions

The Company is the beneficiary of Aloha Station Trust, LLC (the Aloha Trust), which owns and operates radio stations which the Aloha Trust is required to divest in order to comply with Federal Communication Commission (FCC) media ownership rules, and which are being marketed for sale. During 2014, the Aloha Trust completed a transaction in which it exchanged two radio stations for a portfolio of 29 radio stations. In this transaction the Company received 28 radio stations. One radio station was placed into the Brunswick Station Trust, LLC in order to comply with FCC media ownership rules where it is being marketed for sale, and the Company is the beneficiary of this trust. The exchange was accounted for at fair value in accordance with ASC 805, Business Combinations. The disposal of these radio stations resulted in a gain on sale of \$43.5 million, which is included in other operating income. This acquisition resulted in an aggregate increase in net assets of \$49.2 million, which includes \$13.8 million in indefinite-lived intangible assets, \$10.2 million in definite-lived intangibles, \$8.1 million in property, plant and equipment and \$0.8 million of assumed liabilities. In addition, the Company recognized \$17.9 million of goodwill.

Table of Contents

During 2012, we completed the acquisition of WOR-AM in New York City for \$30.0 million and WFNX in Boston for \$14.5 million. These acquisitions resulted in an aggregate increase of \$5.3 million to property plant and equipment, \$15.2 million to intangible assets and \$24.7 million to goodwill, in addition to \$0.7 million of assumed liabilities.

Stock Purchases

On August 9, 2010, we announced that our board of directors approved a stock purchase program under which we or our subsidiaries may purchase up to an aggregate of \$100.0 million of the Class A common stock of Parent and/or the Class A common stock of CCOH. The stock purchase program did not have a fixed expiration date and could be modified, suspended or terminated at any time at our discretion. In January 2015, CC Finco, our indirect wholly-owned subsidiary, purchased 2,000,000 shares of CCOH's Class A common stock for \$20.4 million. During 2014, CC Finco purchased 5,000,000 shares of CCOH's Class A common stock for approximately \$48.8 million. During 2012, CC Finco purchased 111,291 shares of Parent's Class A common stock for \$0.7 million. During 2011, CC Finco purchased 1,553,971 shares of CCOH's Class A common stock through open market purchases for approximately \$16.4 million. As of March 31, 2015, an aggregate \$13.8 million was available under the stock purchase program to purchase Class A common stock of Parent and/or the Class A common stock of CCOH.

On April 2, 2015, CC Finco purchased an additional 2,172,946 shares of CCOH's Class A common stock for \$22.2 million, increasing iHeartCommunications' collective holdings to represent slightly more than 90% of the outstanding shares of CCOH's common stock on a fully-diluted basis, assuming the conversion of all of CCOH's Class B common stock into Class A common stock. As a result of this purchase, the stock purchase program concluded. The purchase of shares in excess of the amount available under the stock purchase program was separately approved by the board of directors.

Certain Relationships with the Sponsors

We are party to a management agreement with certain affiliates of Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the Sponsors) and certain other parties pursuant to which such affiliates of the Sponsors will provide management and financial advisory services until 2018. These arrangements require management fees to be paid to such affiliates of the Sponsors for such services at a rate not greater than \$15.0 million per year, plus reimbursable expenses. During the years ended December 31, 2014, 2013 and 2012, we recognized management fees and reimbursable expenses of \$15.2 million, \$15.8 million and \$15.9 million, respectively. For the three months ended March 31, 2015 and 2014, we recognized management fees and reimbursable expenses of \$3.9 million and \$4.0 million, respectively.

CCOH Dividend

In connection with the cash management arrangements for CCOH, we maintain an intercompany revolving promissory note payable by us to CCOH (the Note), which consists of the net activities resulting from day-to-day cash management services provided by us to CCOH. As of March 31, 2015 and December 31, 2014, the balance of the Note was \$886.3 million and \$947.8 million, respectively, all of which is payable on demand. The Note is eliminated in consolidation in our consolidated financial statements.

The Note previously was the subject of litigation. Pursuant to the terms of the settlement of that litigation, CCOH's board of directors established a committee for the specific purpose of monitoring the Note. That committee has the non-exclusive authority, pursuant to the terms of its charter, to demand payments under the Note under certain specified circumstances tied to the Company's liquidity or the amount outstanding under the Due from Note as long as

CCOH makes a simultaneous dividend equal to the amount so demanded.

On August 11, 2014, in accordance with the terms of its charter, (i) that committee demanded repayment of \$175 million outstanding under the Note on such date and (ii) CCOH paid a special cash dividend in aggregate amount equal to \$175 million to CCOH's stockholders of record as of August 4, 2014. As the indirect parent of CCOH, we were entitled to approximately 88% of the proceeds from such dividend through our wholly-owned subsidiaries. The remaining approximately 12% of the proceeds from the dividend, or approximately \$21 million, was paid to the public stockholders of CCOH and is included in "Dividends and other payments to noncontrolling interests" in our consolidated statement of cash flows. We funded the net payment of this \$21 million with cash on hand, which reduced the amount of cash we have available to fund our working capital needs, debt service obligations and other obligations. Following satisfaction of the demand, the balance outstanding under the Note was reduced by \$175 million.

Table of Contents**Commitments, Contingencies and Guarantees**

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings.

Certain agreements relating to acquisitions provide for purchase price adjustments and other future contingent payments based on the financial performance of the acquired companies generally over a one to five-year period. The aggregate of these contingent payments, if performance targets are met, would not significantly impact our financial position or results of operations.

In addition to our scheduled maturities on our debt, we have future cash obligations under various types of contracts. We lease office space, certain broadcast facilities, equipment and the majority of the land occupied by our outdoor advertising structures under long-term operating leases. Some of our lease agreements contain renewal options and annual rental escalation clauses (generally tied to the consumer price index), as well as provisions for our payment of utilities and maintenance.

We have minimum franchise payments associated with non-cancelable contracts that enable us to display advertising on such media as buses, trains, bus shelters and terminals. The majority of these contracts contain rent provisions that are calculated as the greater of a percentage of the relevant advertising revenue or a specified guaranteed minimum annual payment. Also, we have non-cancelable contracts in our radio broadcasting operations related to program rights and music license fees.

In the normal course of business, our broadcasting operations have minimum future payments associated with employee and talent contracts. These contracts typically contain cancellation provisions that allow us to cancel the contract with good cause. The scheduled maturities of our senior secured credit facilities, receivables based facility, senior cash pay and senior toggle notes, other long-term debt outstanding, and our future minimum rental commitments under non-cancelable lease agreements, minimum payments under other non-cancelable contracts, payments under employment/talent contracts, capital expenditure commitments, priority guarantee notes and other long-term obligations as of December 31, 2014 are as follows:

<i>(In thousands)</i>	Contractual Obligations	Payments due by Period

- (1) Interest payments on the senior secured credit facilities assume the interest rate is held constant over the remaining term.
- (2) The non-current portion of the unrecognized tax benefits is included in the Thereafter column as we cannot reasonably estimate the timing or amounts of additional cash payments, if any, at this time.
- (3) Other long-term obligations consist of \$53.9 million related to asset retirement obligations recorded pursuant to ASC 410-20, which assumes the underlying assets will be removed at some period over the next 50 years. Also included are \$52.3 million of contract payments in our syndicated radio and media representation businesses and \$237.6 million of various other long-term obligations.

Table of Contents

SEASONALITY

Typically, our iHM, Americas outdoor and International outdoor segments experience their lowest financial performance in the first quarter of the calendar year, with International outdoor historically experiencing a loss from operations in that period. Our International outdoor segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future. Due to this seasonality and certain other factors, the results for the interim periods may not be indicative of results for the full year.

MARKET RISK

We are exposed to market risks arising from changes in market rates and prices, including movements in interest rates, foreign currency exchange rates and inflation.

Interest Rate Risk

A significant amount of our long-term debt bears interest at variable rates. Accordingly, our earnings will be affected by changes in interest rates. At March 31, 2015 and December 31, 2014, approximately 31% and 35%, respectively, of our aggregate principal amount of long-term debt bears interest at floating rates. Assuming the current level of borrowings and assuming a 100% change in LIBOR, it is estimated that our interest expense for the year ended December 31, 2014 would have changed by \$11.2 million and for the three months ended March 31, 2015 would have changed by \$2.8 million.

In the event of an adverse change in interest rates, management may take actions to mitigate our exposure. However, due to the uncertainty of the actions that would be taken and their possible effects, the preceding interest rate sensitivity analysis assumes no such actions. Further, the analysis does not consider the effects of the change in the level of overall economic activity that could exist in such an environment.

Foreign Currency Exchange Rate Risk

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported a net loss of \$2.4 million for the three months ended March 31, 2015 and net income of \$80.2 million for the year ended December 31, 2014. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have increased our net loss for the three months ended March 31, 2015 by \$0.2 million and net income for the year ended December 31, 2014 by \$8.0 million. A 10% decrease in the value of the U.S. dollar relative to foreign currencies during the three months ended March 31, 2015 and the year ended December 31, 2014 would have decreased our net income or loss by a corresponding amount.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

Inflation

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact

impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our broadcasting stations and outdoor display faces in our iHM, Americas outdoor, and International outdoor operations.

NEW ACCOUNTING PRONOUNCEMENTS

During the first quarter of 2014, we adopted the Financial Accounting Standards Board's (FASB) ASU No. 2013-04, *Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date*. This update provides guidance for the recognition, measurement and disclosure of obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date. The amendments are effective for fiscal years (and interim periods within) beginning after December 15, 2013 and are to be applied retrospectively to all prior periods presented for such obligations that exist at the beginning of an entity's fiscal year of adoption. The adoption of this guidance did not have a material effect on our consolidated financial statements.

Table of Contents

During the first quarter of 2014, we adopted the FASB's ASU No. 2013-05, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity of an Investment in a Foreign Entity*. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013 and provide clarification guidance for the release of the cumulative translation adjustment under current U.S. GAAP. The adoption of this guidance did not have a material effect on our consolidated financial statements.

During the first quarter of 2014, we adopted the FASB's ASU No. 2013-11, *Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists*. This update requires unrecognized tax benefits to be offset against a deferred tax asset for a net operating loss carryforward, similar tax loss or tax credit carryforward in certain situations. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013. The adoption of this guidance did not have a material effect on our consolidated financial statements.

During the second quarter of 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*. This new standard provides guidance for the recognition, measurement and disclosure of revenue resulting from contracts with customers and will supersede virtually all of the current revenue recognition guidance under U.S. GAAP. The standard is effective for the first interim period within annual reporting periods beginning after December 15, 2016. We are currently evaluating the impact of the provisions of this new standard on our financial position and results of operations.

During the third quarter of 2014, the FASB issued ASU No. 2014-09, *Revenue for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period*. This new standard clarifies that a performance target in a share-based compensation award that could be achieved after an employee completes the requisite service period should be treated as a performance condition that affects the vesting of the award. The standard is effective for annual periods and interim periods within those annual periods, beginning after December 15, 2015. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

During the first quarter of 2015, the Company adopted the Financial Accounting Standards Board's (FASB) ASU No. 2014-08, *Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360), Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity*. This update provides guidance for the recognition, measurement and disclosure of discontinued operations. The amendments were effective for fiscal years (and interim periods within) beginning after December 15, 2014 and were to be applied retrospectively to all prior periods presented for such obligations that existed at the beginning of an entity's fiscal year of adoption. The adoption of these standards did not have a material effect on the Company's consolidated financial statements.

During the first quarter of 2015, the FASB issued ASU No. 2015-02, *Consolidation (Topic 810), Amendments to the Consolidation Analysis*. This new standard eliminates the deferral of FAS 167, which has allowed entities with interest in certain investment funds to follow the previous consolidation guidance in FIN 46(R), and makes other changes to both the variable interest model and the voting model. The standard is effective for annual periods and interim periods within those annual periods, beginning after December 15, 2015. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

CRITICAL ACCOUNTING ESTIMATES

The preparation of our financial statements in conformity with U.S. GAAP requires management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of expenses during the reporting period. On an ongoing basis, we evaluate our estimates that are based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. The result of these evaluations forms the basis for making judgments about the carrying values of assets and liabilities and the reported amount of expenses that are not readily apparent from other sources. Because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such difference could be material. Our significant accounting policies are discussed in the notes to our consolidated financial statements included elsewhere in

Table of Contents

this prospectus. Management believes that the following accounting estimates are the most critical to aid in fully understanding and evaluating our reported financial results, and they require management's most difficult, subjective or complex judgments, resulting from the need to make estimates about the effect of matters that are inherently uncertain. The following narrative describes these critical accounting estimates, the judgments and assumptions and the effect if actual results differ from these assumptions.

Allowance for Doubtful Accounts

We evaluate the collectability of our accounts receivable based on a combination of factors. In circumstances where we are aware of a specific customer's inability to meet its financial obligations, we record a specific reserve to reduce the amounts recorded to what we believe will be collected. For all other customers, we recognize reserves for bad debt based on historical experience for each business unit, adjusted for relative improvements or deteriorations in the agings and changes in current economic conditions.

If our agings were to improve or deteriorate resulting in a 10% change in our allowance, we estimated that our bad debt expense for the year ended December 31, 2014 would have changed by approximately \$4.0 million.

Long-lived Assets

Long-lived assets, including structures and other property, plant and equipment and definite-lived intangibles, are reported at historical cost less accumulated depreciation and amortization. We estimate the useful lives for various types of advertising structures and other long-lived assets based on our historical experience and our plans regarding how we intend to use those assets. Advertising structures have different lives depending on their nature, with large format bulletins generally having longer depreciable lives and posters and other displays having shorter depreciable lives. Street furniture and transit displays are depreciated over their estimated useful lives or appropriate contractual periods, whichever is shorter. Our experience indicates that the estimated useful lives applied to our portfolio of assets have been reasonable, and we do not expect significant changes to the estimated useful lives of our long-lived assets in the future. When we determine that structures or other long-lived assets will be disposed of prior to the end of their useful lives, we estimate the revised useful lives and depreciate the assets over the revised period. We also review long-lived assets for impairment when events and circumstances indicate that depreciable and amortizable long-lived assets might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. When specific assets are determined to be unrecoverable, the cost basis of the asset is reduced to reflect the current fair market value.

We use various assumptions in determining the remaining useful lives of assets to be disposed of prior to the end of their useful lives and in determining the current fair market value of long-lived assets that are determined to be unrecoverable. Estimated useful lives and fair values are sensitive to factors including contractual commitments, regulatory requirements, future expected cash flows, industry growth rates and discount rates, as well as future salvage values. Our impairment loss calculations require management to apply judgment in estimating future cash flows, including forecasting useful lives of the assets and selecting the discount rate that reflects the risk inherent in future cash flows.

If actual results are not consistent with our assumptions and judgments used in estimating future cash flows and asset fair values, we may be exposed to future impairment losses that could be material to our results of operations.

Indefinite-lived Intangible Assets

In connection with the Merger Agreement pursuant to which Parent acquired us in 2008, we allocated the purchase price to all of our assets and liabilities at estimated fair values, including our FCC licenses and our billboard permits. Indefinite-lived intangible assets, such as our FCC licenses and our billboard permits, are reviewed annually for possible impairment using the direct valuation method as prescribed in ASC 805-20-S99. Under the direct valuation method, the estimated fair value of the indefinite-lived intangible assets was calculated at the market level as prescribed by ASC 350-30-35. Under the direct valuation method, it is assumed that rather than acquiring indefinite-lived intangible assets as a part of a going concern business, the buyer hypothetically obtains indefinite-lived intangible assets and builds a new operation with similar attributes from scratch. Thus, the buyer incurs start-up costs during the build-up phase which are normally associated with going concern value. Initial capital costs are deducted from the discounted cash flows model which results in value that is directly attributable to the indefinite-lived intangible assets.

Our key assumptions using the direct valuation method are market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up capital costs and losses incurred during the build-up period, the risk-adjusted discount rate and terminal values. This data is populated using industry normalized information representing an average asset within a market.

On October 1, 2014, we performed our annual impairment test in accordance with ASC 350-30-35 and recognized aggregate impairment charges of \$15.7 million related to FCC Licenses in our iHM business.

Table of Contents

In determining the fair value of our FCC licenses, the following key assumptions were used:

Revenue growth sales forecast and published by BIA Financial Network, Inc. (BIA), varying by market, were used for the initial four-year period;

2% revenue growth was assumed beyond the initial four-year period;

Revenue was grown proportionally over a build-up period, reaching market revenue forecast by year 3;

Operating margins of 12.5% in the first year gradually climb to the industry average margin in year 3 of up to 29.6%, depending on market size; and

Assumed discount rates of 9.5% for the 13 largest markets and 10.0% for all other markets.

In determining the fair value of our billboard permits, the following key assumptions were used:

Industry revenue growth forecast at 3.0% was used for the initial four-year period;

3% revenue growth was assumed beyond the initial four-year period;

Revenue was grown over a build-up period, reaching maturity by year 2;

Operating margins gradually climb to the industry average margin of up to 56%, depending on market size, by year 3; and

Assumed discount rate of 8.5%.

While we believe we have made reasonable estimates and utilized appropriate assumptions to calculate the fair value of our indefinite-lived intangible assets, it is possible a material change could occur. If future results are not consistent with our assumptions and estimates, we may be exposed to impairment charges in the future. The following table shows the change in the fair value of our indefinite-lived intangible assets that would result from a 100 basis point decline in our discrete and terminal period revenue growth rate and profit margin assumptions and a 100 basis point increase in our discount rate assumption:

(In thousands)

Revenue Growth Rate Profit Margin Discount Rates

Description						
FCC license	\$	387,466	\$	139,220	\$	414,736
Billboard permits	\$	803,300	\$	137,600	\$	807,000

The estimated fair value of our FCC licenses and billboard permits at October 1, 2014 and 2013 was \$5.5 billion and \$5.6 billion, respectively, while the carrying value was \$3.5 billion and \$3.5 billion, respectively.

Goodwill

Goodwill represents the excess of the purchase price over the fair value of identifiable net assets acquired in business combinations. We test goodwill at interim dates if events or changes in circumstances indicate that goodwill might be impaired. The fair value of our reporting units is used to apply value to the net assets of each reporting unit. To the extent that the carrying amount of net assets would exceed the fair value, an impairment charge may be required to be recorded.

The discounted cash flow approach we use for valuing goodwill as part of the two-step impairment testing approach involves estimating future cash flows expected to be generated from the related assets, discounted to their present value using a risk-adjusted discount rate. Terminal values are also estimated and discounted to their present value.

On October 1, 2014, we performed our annual impairment test in accordance with ASC 350-30-35, resulting in no goodwill impairment charge. In determining the fair value of our reporting units, we used the following assumptions:

Expected cash flows underlying our business plans for the periods 2014 through 2018. Our cash flow assumptions are based on detailed, multi-year forecasts performed by each of our operating segments, and reflect the advertising outlook across our businesses.

Cash flows beyond 2018 are projected to grow at a perpetual growth rate, which we estimated at 2% for our iHM segment, 3% for our Americas outdoor and International outdoor segments, and 2.0% for our Other segment.

In order to risk adjust the cash flow projections in determining fair value, we utilized a discount rate of approximately 8.5% to 12.0% for each of our reporting units.

Table of Contents

Based on our annual assessment using the assumptions described above, a hypothetical 25% reduction in the estimated fair value in each of our reporting units would not result in a material impairment condition.

While we believe we have made reasonable estimates and utilized appropriate assumptions to calculate the estimated fair value of our reporting units, it is possible a material change could occur. If future results are not consistent with our assumptions and estimates, we may be exposed to impairment charges in the future. The following table shows the decline in the fair value of each of our reportable segments that would result from a 100 basis point decline in our discrete and terminal period revenue growth rate and profit margin assumptions and a 100 basis point increase in our discount rate assumption:

(In thousands)

Description	Revenue Growth Rate	Profit Margin	Discount Rates
iHM	\$ 1,420,000	\$ 340,000	\$ 1,360,000
Americas Outdoor	\$ 853,200	\$ 172,800	\$ 799,200
International Outdoor	\$ 387,200	\$ 211,200	\$ 352,000

Tax Accruals

Our estimates of income taxes and the significant items giving rise to the deferred tax assets and liabilities are shown in the notes to our consolidated financial statements and reflect our assessment of actual future taxes to be paid on items reflected in the financial statements, giving consideration to both timing and probability of these estimates. Actual income taxes could vary from these estimates due to future changes in income tax law or results from the final review of our tax returns by federal, state or foreign tax authorities.

We use our judgment to determine whether it is more likely than not that our deferred tax assets will be realized. Deferred tax assets are reduced by valuation allowances if the Company believes it is more than likely than not that some portion or the entire asset will not be realized.

We use our judgment to determine whether it is more likely than not that we will sustain positions that we have taken on tax returns and, if so, the amount of benefit to initially recognize within our financial statements. We regularly review our uncertain tax positions and adjust our unrecognized tax benefits (UTBs) in light of changes in facts and circumstances, such as changes in tax law, interactions with taxing authorities and developments in case law. These adjustments to our UTBs may affect our income tax expense. Settlement of uncertain tax positions may require use of our cash.

Litigation Accruals

We are currently involved in certain legal proceedings. Based on current assumptions, we have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. Future results of operations could be materially affected by changes in these assumptions or the effectiveness of our strategies related to these proceedings.

Management's estimates used have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies.

Insurance Accruals

We are currently self-insured beyond certain retention amounts for various insurance coverages, including general liability and property and casualty. Accruals are recorded based on estimates of actual claims filed, historical payouts, existing insurance coverage and projected future development of costs related to existing claims. Our self-insured liabilities contain uncertainties because management must make assumptions and apply judgment to estimate the ultimate cost to settle reported claims and claims incurred but not reported as of December 31, 2014.

If actual results are not consistent with our assumptions and judgments, we may be exposed to gains or losses that could be material. A 10% change in our self-insurance liabilities at December 31, 2014 would have affected our net loss by approximately \$2.2 million for the year ended December 31, 2014.

Asset Retirement Obligations

ASC 410-20 requires us to estimate our obligation upon the termination or nonrenewal of a lease, to dismantle and remove our billboard structures from the leased land and to reclaim the site to its original condition.

Due to the high rate of lease renewals over a long period of time, our calculation assumes all related assets will be removed at some period over the next 50 years. An estimate of third-party cost information is used with respect to the dismantling of the structures and the reclamation of the site. The interest rate used to calculate the present value of such costs over the retirement period is based on an estimated risk-adjusted credit rate for the same period. If our assumption of the risk-adjusted credit rate used to discount current year additions to the asset retirement obligation decreased approximately 1%, our liability as of December 31, 2014 would not be materially impacted. Similarly, if our assumption of the risk-adjusted credit rate increased approximately 1%, our liability would not be materially impacted.

Share-Based Compensation

Under the fair value recognition provisions of ASC 718-10, share-based compensation cost is measured at the grant date based on the fair value of the award. Determining the fair value of share-based awards at the grant date requires assumptions and judgments about expected volatility and forfeiture rates, among other factors. If actual results differ significantly from these estimates, our results of operations could be materially impacted.

We are a diversified media and entertainment company with leading market positions in each of our operating segments: iHM, Americas Outdoor Advertising and International Outdoor Advertising.

iHM. Our iHM operations include radio broadcasting, online and mobile services and products, program syndication, entertainment, traffic and weather data distribution and music research services. In addition, we provide programming and sell air time on one radio station owned by a third-party under a local marketing agreement. We are also the beneficiary of Aloha Station Trust, LLC, which owns and operates 16 radio stations, and the Brunswick Trust, which owns and operates 1 radio station, all of which we were required to divest in order to comply with FCC media ownership rules, and which are being marketed for sale. In addition to our local radio programming, we also operate Premiere, a national radio network that produces, distributes or represents more than 90 syndicated radio programs and serves more than 5,500 radio station affiliates, reaching approximately 245 million listeners monthly. We also deliver real-time traffic information via navigation systems, radio and television broadcast media and wireless and Internet-based services through our traffic business, Total Traffic & Weather Network. We also promote, produce and curate special nationally recognized events for our listeners, including the iHeartRadio Music Festival, the iHeartRadio Ultimate Pool Party, the iHeartRadio Jingle Ball Concert Tour, the iHeartRadio Country Festival, the iHeartRadio Ultimate Valentine's Escape and the iHeartRadio Fiesta Latina. Americas Outdoor Advertising. We are one of the largest outdoor advertising companies in the Americas (based on revenues), which includes the United States, Canada and Latin America. Approximately 89% of our revenue in our Americas outdoor advertising segment was derived from the United States in each of the years ended December 31, 2014, 2013 and 2012. We own or operate approximately 114,000 display structures in our Americas outdoor segment with operations in 45 of the 50 largest markets in the United States, including all of the 20 largest markets. Our Americas outdoor assets consist of traditional and digital billboards, street furniture and transit displays, airport displays and wallsapes and other spectaculars, which we own or operate under lease management agreements. Our Americas outdoor advertising business is focused on metropolitan areas with dense populations. For the years ended December 31, 2014 and 2013, our Americas Outdoor Advertising segment represented approximately 21% and 22%, respectively, of our revenue. For each of the three months ended March 31, 2015 and 2014, our Americas Outdoor Advertising segment represented approximately 22% of our revenue.

International Outdoor Advertising. Our International outdoor business segment includes our operations in Asia, Australia and Europe, with approximately 35% of our revenue in this segment derived from France and the United Kingdom for each of the years ended December 31, 2014, 2013 and 2012. Other. Our Other category includes our media representation firm, Katz Media, as well as other general support services and initiatives which are ancillary to our other businesses. Katz Media, a leading media representation firm in the U.S. for radio and television stations, sells national spot advertising time for clients in the radio and television industries throughout the United States. As of December 31, 2014, Katz Media represented more than 4,000 radio stations, approximately one-fifth of which are owned by us. Katz Media also represents more than 700 television and digital multicast stations. Katz Media generates revenue primarily through contractual commissions realized from the sale of national spot and online advertising. National spot advertising is commercial airtime sold to advertisers on behalf of radio and television stations. Katz Media represents its media clients pursuant to media representation contracts, which typically have terms of up to ten years in length. For each of the years ended December 31, 2014 and 2013 and the three months ended March 31, 2015 and 2014, our Other category represented approximately 3% of our revenue.

For the year ended December 31, 2014, we generated consolidated revenues of \$6,319 million, operating income of \$1,082 million and consolidated net loss of \$762 million. For the three months ended March 31, 2015, we generated consolidated revenues of \$1,345 million, operating income of \$93 million and consolidated net loss of \$385 million.

Our Strengths

Leading Positions in the U.S. Media and Entertainment and Global Outdoor Market. We are a leading global media and entertainment company.

We own the number one or number two ranked radio station clusters in nine of the top 10 and in 21 of the top 25 markets in the United States as of December 2014 and have a total weekly listening base of almost 139 million individuals based on NielsenAudio figures for the Fall 2014 ratings period.

In the United States outdoor market, we believe we hold the number one market share in eight of the top 10 markets and are either number one or number two in 16 of the top 20 markets. Internationally, we believe we hold one of the leading positions in France, the United Kingdom, Australia, Finland, Ireland, Switzerland, Sweden, Belgium, Italy and Norway. In addition, we hold positions in several countries where we have experienced strong growth, including Latin America, China and Singapore.

Global Scale in Media and Entertainment and Outdoor Advertising. As of December 31, 2014, we owned 858 domestic radio stations servicing more than 150 U.S. markets, including 44 of the top 50 markets and 84 of the top 100 markets. We also operated more than 640,000 outdoor advertising displays worldwide in metropolitan and densely populated locations, providing advertisers with both a global and a local reach. We believe that our scale provides us with the flexibility and resources to introduce new products and solutions in a cost effective manner.

Our scale has enabled cost-effective investment in new technologies, such as digital billboards and streaming technology, which we believe will continue to support future growth. Digital billboards, for example, enable us to transition from selling space on a display to a single advertiser to selling time on that display to multiple advertisers, creating new revenue opportunities from both new and existing clients.

Our large distribution platform in our iHM segment allows us to attract top talent and more effectively utilize programming, sharing the best and most compelling talent and programming across many stations throughout the United States.

We have sales people in local markets across the globe. Our scale has facilitated cost-effective investment in systems that allow us to maximize yield management and systems that improve the ability of our local salespeople to increase revenue. Additionally, our scale has allowed us to implement initiatives that we believe differentiate us from the rest of the media industry and position us to outperform our competitors across our markets.

Table of Contents

Diversification Across Business Lines, Geographies, Markets and Format. Approximately half of our revenue is generated by our iHM segment, with the remaining half generated by our Americas Outdoor Advertising and International Outdoor Advertising segments, as well as other support services and initiatives. We offer advertisers a diverse platform of media assets across geographies, outdoor products and programming formats. Due to our multiple business units, we are not dependent upon any single source of revenue.

Strong Collection of Unique Assets. Through acquisitions and organic growth, we have aggregated a unique portfolio of assets. We believe the combination of our assets cannot be replicated.

Ownership and operation of radio broadcast stations is governed by the FCC's licensing process, which limits the number of radio licenses available in any market. Any party seeking to acquire or transfer radio licenses must go through a detailed review process with the FCC. Over several decades, we have aggregated multiple licenses in local market clusters across the United States. A cluster of multiple radio stations in a market allows us to provide listeners with more diverse programming and advertisers with a more efficient means to reach those listeners. In addition, we are able to increase our efficiency by operating in clusters, which allows us to eliminate duplicative operating expenses and realize economies of scale.

The domestic outdoor industry is regulated by the federal government as well as state and municipal governments. Statutes and regulations govern the construction, repair, maintenance, lighting, height, size, spacing and placement and permitting of outdoor advertising structures. Due to these regulations, it has become increasingly difficult to develop new outdoor advertising locations. Further, for many of our existing billboards, a competitor or landlord could not obtain a permit for replacement under existing laws and regulations due to their non-conforming status.

Attractive Businesses with High Margins and Low Capital Expenditure Requirements. Our global scale has enabled us to make productive and cost effective investments across our portfolio. As a result of our strong margins and low capital expenditure requirements, we have been able to convert a significant portion of our operating income into cash flow that can be utilized for debt service.

We have strong operating margins, driven by our significant scale and leading market share in both radio broadcasting and outdoor advertising. For the year ended December 31, 2014, our consolidated operating margin was 17% with strong operating margins in our iHM segment of 31%, and Americas Outdoor Advertising segment of 23%.

In addition, both our media and entertainment and our outdoor businesses are low capital intensity businesses. For the years ended December 31, 2014 and 2013, our total capital expenditures were 5% of total revenue.

Highly Effective Advertising Medium. We believe both our media and entertainment and our outdoor advertising businesses offer compelling value propositions to advertisers and valuable access to consumers when they are out of the home and therefore closer to purchase decisions. We also believe both industries are well positioned to benefit from the fragmentation of audiences of other media as they are able to reach mass audiences on a local market basis.

Radio broadcasting and outdoor media offer compelling value propositions to advertisers by providing cost effective media advertising outlets.

Our media and entertainment and our outdoor businesses reach potential consumers outside of the home, a valuable position as it is closer to the purchase decision. Today, consumers spend a significant portion of their day out-of-home, while out-of-home media (radio and outdoor) currently garner a disproportionately smaller share of media spending than in-home media. We believe this discrepancy represents an opportunity for growth.

Additionally, radio programming reaches 91% of all consumers in the United States in a given week, with the average consumer listening for approximately 14 hours per week. On a weekly basis, this represents approximately 243 million unique listeners.

Table of Contents

According to Nielsen's December 2014 Total Audience Report, consumers in the United States listen to a significant amount of radio per day. In 2013, broadcast radio captured 164 minutes of user consumption per day as compared to the Internet at 159 minutes according to comScore, Inc. and newspapers at 26 minutes according to eMarketer Inc.

According to Scarborough, in 2014, 91% of U.S. residents traveled in a car each month, with an average of 170 miles traveled per week. The captive in-car audience is protected from media fragmentation and is subject to increasing out-of-home advertiser exposure as time and distance of commutes increase.

According to a single-source advertising ROI study in the radio sector conducted by NielsenAudio and Nielsen Catalina Solutions in 2014, radio delivered a sales lift of more than \$6 per dollar spent on radio, an ROI which Advertising Age reported doubled that of even the best results from recent studies of digital or TV media, with one retail brand recording a sales lift of more than \$23 per dollar invested in radio.

Significant Operating Leverage with Flexibility to Manage Cost Base As Necessary. We benefit from significant operating leverage, which leads to operating margin increases in a growth environment. Conversely, we have demonstrated our flexibility to effectively manage our cost base in a low growth or recessionary environment.

Our Strategy

Our goal is to strengthen our position as a leading global media and entertainment company specializing in radio, digital, out-of-home, mobile and on-demand entertainment and information services for national audiences and local communities and providing premiere opportunities for advertisers. We plan to achieve this objective by capitalizing on our competitive strengths and pursuing the following strategies.

iHM

Our iHM strategy centers on delivering entertaining and informative content across multiple platforms, including broadcast, mobile and digital as well as events. We strive to serve our listeners by providing the content they desire on the platform they prefer, while supporting advertisers, strategic partners, music labels and artists with a diverse platform of creative marketing opportunities designed to effectively reach and engage target audiences. Our iHM strategy also focuses on continuing to improve the operations of our stations by providing valuable programming and promotions, as well as sharing best practices across our stations in marketing, distribution, sales and cost management.

Promote Broadcast Radio Media Spending. Given the attractive reach and metrics of both the broadcast radio industry in general and iHM in particular, as well as our depth and breadth of relationships with both media agencies and national and local advertisers, we believe we can drive broadcast radio's share of total media spending by using our dedicated national sales team to highlight the value of broadcast radio relative to other media. We have made and continue to make significant investments in research to enable our clients to better understand how our assets can successfully reach their target audiences and promote their advertising campaigns; broadened our national sales teams and initiatives to better develop, create and promote their advertising campaigns; invested in technology to enhance our platform and capabilities; and continue to seek opportunities to deploy our iHeartRadio digital radio service across both existing and emerging devices and platforms. We are also working closely with advertisers, marketers and agencies to meet their needs through new products, events and services developed through optimization of our current portfolio of assets, as well as to develop tools to determine how effective broadcast radio is in reaching their desired audiences.

Promote Local and National Advertising. We intend to grow our iHM businesses by continuing to develop effective programming, creating new solutions for our advertisers and agencies, fostering key relationships with advertisers and improving our local and national sales team. We intend to leverage our diverse collection of assets, our programming and creative strengths, and our consumer relationships to create special events, such as one-of-a-kind local and national promotions for our listeners, and develop new, innovative technologies and products to promote our advertisers. We seek to maximize revenue by closely managing our advertising opportunities and pricing to compete effectively in local markets. We operate price and yield information systems, which provide detailed inventory information. These systems enable our station managers and sales directors to adjust commercial inventory and pricing based on local market demand, as well as to manage and monitor different commercial durations (60 second, 30 second, 15 second and five second) in order to provide more effective advertising for our customers at what we believe are optimal prices given market conditions.

Table of Contents

Continue to Enhance the Listener Experience. We intend to continue enhancing the listener experience by offering a wide variety of compelling content and methods of delivery. We will continue to provide the content our listeners desire on their preferred platforms. Our investments have created a collection of leading on-air talent. For example, Premiere offers more than 90 syndicated radio programs and services for more than 5,500 radio station affiliates across the United States, including popular programs such as Rush Limbaugh, Sean Hannity, Glenn Beck, Ryan Seacrest, Steve Harvey, Elvis Duran, Bobby Bones and Delilah. Our distribution capabilities allow us to attract top talent and more effectively utilize programming, sharing our best and most compelling content across many stations.

Deliver Content via Multiple Distribution Technologies. We continue to expand the choices for our listeners. We deliver music, news, talk, sports, traffic and other content using an array of distribution technologies, including broadcast radio and HD radio channels, satellite radio, digitally via iHeartRadio.com and our stations' websites, and through our iHeartRadio mobile application on smart phones and tablets, on gaming consoles, via in-home entertainment, in enhanced automotive platforms, as well as in-vehicle entertainment and navigation systems. Some examples of our recent initiatives are as follows:

Streaming. We provide streaming content via the Internet, mobile and other digital platforms. We rank among the top streaming networks in the U.S. with regards to AAS, SS and ATSL. AAS and SS measure the level of activity while ATSL measures the ability to keep the audience engaged.

Websites and Mobile Applications. We have developed mobile and Internet applications such as the iHeartRadio smart phone application and website and websites for our stations and personalities. These mobile and Internet applications allow listeners to use their smart phones, tablets or other digital devices to interact directly with stations, find titles/artists, request songs and create custom and personalized stations while providing an additional method for advertisers to reach consumers. As of December 31, 2014, our iHeartRadio mobile application has been downloaded approximately 500 million times (including updates). iHeartRadio provides a unique digital music experience by offering access to more than 1,900 live broadcast and digital-only radio stations, plus user-created custom stations with broad social media integration and our on demand content from our premium talk partnerships and user generated talk shows. Through our digital platforms, we estimate that we had more than 81 million unique digital visitors for the month of December 2014.

Outdoor

We seek to capitalize on our Americas outdoor network and diversified product mix to maximize revenue. In addition, by sharing best practices among our business segments, we believe we can quickly and effectively replicate our successes in our other markets. Our outdoor strategy focuses on leveraging our diversified product mix and long-standing presence in many of our existing markets, which provides us with the ability to launch new products and test new initiatives in a reliable and cost-effective manner.

Promote Overall Outdoor Media Spending. Given the attractive industry fundamentals of outdoor media and our depth and breadth of relationships with both local and national advertisers, we believe we can drive outdoor advertising's share of total media spending by using our dedicated national sales team to highlight the value of outdoor advertising relative to other media. Outdoor advertising only represented 4% of total dollars spent on advertising in the United States in 2014. We have made and continue to make significant investments in research tools that enable our clients to better understand how our displays can successfully reach their target audiences and promote their advertising campaigns. Also, we are working closely with clients, advertising agencies and other diversified media

companies to develop more sophisticated systems that will provide improved audience metrics for outdoor advertising. For example, we have implemented the TAB Out of Home Ratings audience measurement system which: (1) separately reports audiences for billboards, posters, junior posters, transit shelters and phone kiosks, (2) reports for geographically sensitive reach and frequency, (3) provides granular detail, reporting individual out of home units in over 200 designated market areas, (4) provides detailed demographic data comparable to other media, and (5) provides true commercial ratings based on people who see the advertising.

Continue to Deploy Digital Displays. Digital outdoor advertising provides significant advantages over traditional outdoor media. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy on a large number of displays, allowing us to sell more advertising opportunities to advertisers. The ability to change copy by time of day and quickly change messaging based on advertisers' needs creates additional flexibility for our customers. Although digital displays require more capital to construct compared to traditional bulletins, the advantages of digital allow us to penetrate new accounts and categories of advertisers, as well as serve a broader set of needs for existing advertisers. Digital displays allow for high-frequency, 24-hour advertising changes in high-traffic locations and allow us to offer our clients optimal flexibility, distribution, circulation and visibility. We expect this trend to continue as we increase our quantity of digital inventory. As of December 31, 2014, we have deployed more than 1,100 digital billboards in 37 markets in the United States.

Table of Contents

Capitalize on Product and Geographic Opportunities. We are also focused on growing our business internationally by working closely with our advertising customers and agencies in meeting their needs, and through new product offerings, optimization of our current display portfolio and selective investments targeting promising growth markets. We have continued to innovate and introduce new products in international markets based on local demands. Our core business is our street furniture business and that is where we plan to focus much of our investment. We plan to continue to evaluate municipal contracts that may come up for bid and will make prudent investments where we believe we can receive attractive returns. We will also continue to invest in markets such as China and Latin America where we believe there is high growth potential.

iHM

Sources of Revenue

Our iHM segment generated 50% of our revenue for each of the years ended December 31, 2014 and 2013 and 52% and 50% of our revenue for the three months ended March 31, 2015 and 2014, respectively. The primary source of revenue in our iHM segment is the sale of commercials on our radio stations for local and national advertising. Our iHeartRadio mobile application and website, our station websites, national live events and Total Traffic & Weather Network also provide additional means for our advertisers to reach consumers.

Our advertisers cover a wide range of categories, including consumer services, retailers, entertainment, health and beauty products, telecommunications, automotive, media and political. Our contracts with our advertisers range from less than one year to multi-year terms. We also generate revenues from network compensation, our online services, our traffic business, events and other miscellaneous transactions. These other sources of revenue supplement our traditional advertising revenue without increasing on-air commercial time.

Each radio station's local sales staff solicits advertising directly from local advertisers or indirectly through advertising agencies. Our ability to produce commercials that respond to the specific needs of our advertisers helps to build local direct advertising relationships. To generate national advertising sales, we leverage national sales teams and engage our Katz Media unit, which specializes in soliciting radio advertising sales on a national level for us and other radio and television companies. National sales representatives such as Katz Media obtain advertising principally from advertising agencies located outside the station's market and receive commissions based on advertising sold.

Advertising rates are principally based on the length of the spot and how many people in a targeted audience listen to our stations, as measured by independent ratings services. A station's format can be important in determining the size and characteristics of its listening audience, and advertising rates are influenced by the station's ability to attract and target audiences that advertisers aim to reach. The size of the market influences rates as well, with larger markets typically receiving higher rates than smaller markets. Rates are generally highest during morning and evening commuting periods.

As of December 31, 2014, we owned 858 radio stations, including 246 AM and 612 FM domestic radio stations, of which 148 stations were in the top 25 markets. No one property is material to our overall operations. We believe that our properties are in good condition and suitable for our operations.

Radio broadcasting is subject to the jurisdiction of the FCC under the Communications Act of 1934, as amended (the Communications Act). (2) Included in the total are stations that were placed in a trust in order to bring the merger into compliance with the FCC's media ownership rules. We have divested certain of these stations in the past and will continue to divest these stations as required.

Premiere Networks

We operate Premiere, a national radio network that produces, distributes or represents more than 90 syndicated radio programs and services for more than 5,500 radio station affiliates, reaching approximately 245 million listeners

monthly. Our broad distribution capabilities enable us to attract and retain top programming talent. Some of our more popular syndicated programs include Rush Limbaugh, Sean Hannity, Glenn Beck, Ryan Seacrest, Steve Harvey, Elvis Duran, Bobby Bones and Delilah. We believe recruiting and retaining top talent is an important component of the success of our radio networks.

Total Traffic & Weather Network

Total Traffic & Weather Network delivers real-time local traffic flow and incident information along with weather updates to more than 1,900 radio and approximately 180 television affiliates, as well as through Internet and mobile partnerships, reaching nearly 200 million consumers each month. Total Traffic & Weather Network services more than 200 markets in the United States, Canada and Mexico. It operates the largest broadcast traffic navigation network in North America and has expanded its offerings to include news and sports content.

Competition

Our broadcast radio stations, as well as our mobile and digital applications and our traffic business, compete for listeners and advertising revenues directly with other radio stations within their respective markets, as well as with other advertising media, including broadcast and cable television, online, print media, outdoor advertising, satellite radio, direct mail and other forms of advertisement. In addition, the radio broadcasting industry is subject to competition from services that use media technologies such as Internet-based media, mobile applications and satellite-based digital radio services. Such services reach national and local audiences with multi-channel, multi-format, digital radio services.

Our broadcast radio stations compete for listeners primarily on the basis of program content that appeals to a particular demographic group. Our targeted listener base of specific demographic groups in each of our markets allows us to attract advertisers seeking to reach those listeners.

Americas Outdoor Advertising

We are one of the largest outdoor advertising companies in the Americas (based on revenues), which includes the United States, Canada and Latin America. Approximately 89% of our revenue in our Americas outdoor advertising segment was derived from the United States in each of the years ended December 31, 2014, 2013 and 2012. We own or operate approximately 103,000 display structures in our Americas outdoor segment with operations in 45 of the 50 largest markets in the United States, including all of the 20 largest markets.

Our Americas outdoor assets consist of traditional and digital billboards, street furniture and transit displays, airport displays and wallscapes and other spectaculars, which we own or operate under lease management agreements. Our Americas outdoor advertising business is focused on metropolitan areas with dense populations.

Strategy

We seek to capitalize on our Americas outdoor network and diversified product mix to maximize revenue. In addition, by sharing best practices among our business segments, we believe we can quickly and effectively replicate our successes in our other markets. Our outdoor strategy focuses on leveraging our diversified product mix and long-standing presence in many of our existing markets, which provides us with the ability to launch new products and test new initiatives in a reliable and cost-effective manner.

Promote Outdoor Media Spending. Given the attractive industry fundamentals of outdoor media and our depth and breadth of relationships with both local and national advertisers, we believe we can drive outdoor advertising's share of total media spending by using our dedicated national sales team to highlight the value of outdoor advertising relative to other media. Outdoor advertising only represented 4% of total dollars spent on advertising in the United States in 2014. We have made and continue to make significant investments in research tools that enable our clients to better understand how our displays can successfully reach their target audiences and promote their advertising campaigns. Also, we are working closely with clients, advertising agencies and other diversified media companies to develop more sophisticated systems that will provide improved audience metrics for outdoor advertising. For example, we have implemented the TAB Out of Home Ratings audience measurement system which (1) separately reports audiences for billboards, posters, junior posters, transit shelters and phone kiosks, (2) reports for geographically sensitive reach and frequency, (3) provides granular detail, reporting individual out of home units in over 200 designated market areas, (4) provides detailed demographic data comparable to other media, and (5) provides true commercial ratings based on people who see the advertising.

Continue to Deploy Digital Displays. Digital outdoor advertising provides significant advantages over traditional outdoor media. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy on a large number of displays, allowing us to sell more advertising opportunities to advertisers. The ability to change copy by time of day and quickly change messaging based on advertisers' needs creates additional flexibility for our customers. Although digital displays require more capital to construct compared to traditional bulletins, the advantages of digital displays allow us to penetrate new accounts and categories of advertisers, as well as serve a broader set of needs for existing advertisers. Digital displays allow for high-frequency, 24-hour advertising changes in high-traffic locations and allow us to offer our clients optimal flexibility, distribution, circulation and visibility. We expect this trend to continue as we increase our quantity of digital inventory. As of December 31, 2014, we had deployed more than 1,100 digital billboards in 37 markets in the United States.

Table of Contents***Sources of Revenue***

Americas outdoor generated approximately 22% of our revenue for each of the three months ended March 31, 2015 and 2014 and approximately 21%, 22% and 22% of our revenue in the years ended December 31, 2014, 2013 and 2012, respectively. Americas outdoor revenue is derived from the sale of advertising copy placed on our traditional and digital displays. Our display inventory consists primarily of billboards, street furniture displays and transit displays. The margins on our billboard contracts, including those related to digital billboards, tend to be higher than those on contracts for other displays, due to their greater size, impact and location along major roadways that are highly trafficked. Billboards comprise approximately two-thirds of our display revenues. The following table shows the approximate percentage of revenue derived from each category for our Americas outdoor inventory:

	Three Months Ended March 31,		Year Ended December 31,		
	2015	2014	2014	2013	2012

Our Americas outdoor segment generates revenues from local and national sales. Our advertising rates are based on a number of different factors including location, competition, size of display, illumination, market and gross ratings points. Gross ratings points are the total number of impressions delivered, expressed as a percentage of a market population, of a display or group of displays. The number of impressions delivered by a display is measured by the number of people passing the site during a defined period of time. For all of our billboards in the United States, we use independent, third-party auditing companies to verify the number of impressions delivered by a display. Reach is the percent of a target audience exposed to an advertising message at least once during a specified period of time, typically during a period of four weeks. Frequency is the average number of exposures an individual has to an advertising message during a specified period of time. Out-of-home frequency is typically measured over a four-week period.

While location, price and availability of displays are important competitive factors, we believe that providing quality customer service and establishing strong client relationships are also critical components of sales. In addition, we have long-standing relationships with a diversified group of advertising brands and agencies that allow us to diversify client accounts and establish continuing revenue streams.

Billboards

Our billboard inventory primarily includes bulletins and posters.

Bulletins. Bulletins vary in size, with the most common size being 14 feet high by 48 feet wide. Digital bulletins display static messages that resemble standard printed bulletins when viewed, but also allow advertisers to change messages throughout the course of a day, and may display advertisements for multiple customers. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy as needed. Because of their greater size, impact, high-frequency and 24-hour advertising changes, we typically receive our highest rates for digital bulletins. Almost all of the advertising copy displayed on traditional bulletins is computer printed on vinyl and transported to the bulletin where it is secured to the display surface. Bulletins generally are located along major expressways, primary commuting routes and main intersections that are highly visible and heavily trafficked. Our clients may contract for individual bulletins or a network of bulletins, meaning the clients' advertisements are rotated among bulletins to increase the reach of the campaign. Our client contracts for bulletins, either traditional or digital, generally have terms ranging from four weeks to one year.

Table of Contents

Posters. Digital posters are available in addition to the traditional poster size and junior poster size displays. Similar to digital bulletins, digital posters display static messages that resemble standard printed posters when viewed, and are linked through centralized computer systems to instantaneously and simultaneously change messages throughout the course of a day. Traditional posters are approximately 11 feet high by 23 feet wide, and the traditional junior posters are approximately 5 feet high by 11 feet wide. Advertising copy for traditional posters is digitally printed on a single piece of polyethylene material that is then transported and secured to the poster surfaces. Advertising copy for traditional junior posters is printed using silk screen, lithographic or digital process to transfer the designs onto paper that is then transported and secured to the poster surfaces. Posters generally are located in commercial areas on primary and secondary routes near point-of-purchase locations, facilitating advertising campaigns with greater demographic targeting than those displayed on bulletins. Our poster rates typically are less than our bulletin rates, and our client contracts for posters generally have terms ranging from four weeks to one year. Premiere displays, which consist of premiere panels and squares, are innovative hybrids between bulletins and posters that we developed to provide our clients with an alternative for their targeted marketing campaigns. The premiere displays use one or more poster panels, but with vinyl advertising stretched over the panels similar to bulletins. Our intent is to combine the creative impact of bulletins with the additional reach and frequency of posters.

Street Furniture Displays.

Our street furniture displays include advertising surfaces on bus shelters, information kiosks, freestanding units and other public structures, are available in both traditional and digital formats, and are primarily located in major metropolitan areas and along major commuting routes. Generally, we own the street furniture structures and are responsible for their construction and maintenance. Contracts for the right to place our street furniture displays in the public domain and sell advertising space on them are awarded by municipal and transit authorities in competitive bidding processes governed by local law. Generally, these contracts have terms ranging from 10 to 20 years. As compensation for the right to sell advertising space on our street furniture structures, we pay the municipality or transit authority a fee or revenue share that is either a fixed amount or a percentage of the revenue derived from the street furniture displays. Typically, these revenue sharing arrangements include payments by us of minimum guaranteed amounts. Client contracts for street furniture displays typically have terms ranging from four weeks to one year, and are typically for network packages of multiple street furniture displays.

Transit Displays

Our transit displays are advertising surfaces on various types of vehicles or within transit systems, including on the interior and exterior sides of buses, trains, trams, and within the common areas of rail stations and airports, and are available in both traditional and digital formats. Similar to street furniture, contracts for the right to place our displays on such vehicles or within such transit systems and to sell advertising space on them generally are awarded by public transit authorities in competitive bidding processes or are negotiated with private transit operators. Generally, these contracts have terms ranging from five to ten years. Our client contracts for transit displays generally have terms ranging from four weeks to one year.

Other Displays

The balance of our display inventory consists of spectaculars and wallscapes. Spectaculars are customized display structures that often incorporate video, multidimensional lettering and figures, mechanical devices and moving parts and other embellishments to create special effects. The majority of our spectaculars are located in Times Square in New York City, the Gardiner Expressway in Toronto, and the Fashion Show Mall and Miracle Mile Shops in Las Vegas. Client contracts for spectaculars typically have terms of one year or longer. A wallscape is a display that

drapes over or is suspended from the sides of buildings or other structures. Generally, wallscapes are located in high-profile areas where other types of outdoor advertising displays are limited or unavailable. Clients typically contract for individual wallscapes for extended terms.

Advertising Inventory and Markets

As of December 31, 2014, we owned or operated approximately 114,000 display structures in our Americas outdoor advertising segment with operations in 45 of the 50 largest markets in the United States, including all of the 20 largest markets. No one property is material to our overall operations. We believe that our properties are in good condition and suitable for our operations.

Table of Contents

Our displays are located on owned land, leased land or land for which we have acquired permanent easements. The majority of the advertising structures on which our displays are mounted require permits. Permits are granted for the right to operate an advertising structure as long the structure is used in compliance with the laws and regulations of the applicable jurisdiction.

Competition

The outdoor advertising industry in the Americas is fragmented, consisting of several large companies involved in outdoor advertising, such as OUTFRONT Media, Inc. and Lamar Advertising Company, as well as numerous smaller and local companies operating a limited number of displays in a single market or a few local markets. We also compete with other advertising media in our respective markets, including broadcast and cable television, radio, print media, direct mail, online and other forms of advertisement. Outdoor advertising companies compete primarily based on ability to reach consumers, which is driven by location of the display.

International Outdoor Advertising

Our International outdoor business segment includes our operations in Asia, Australia and Europe, with approximately 35% of our revenue in this segment derived from France and the United Kingdom for each of the years ended December 31, 2014, 2013 and 2012. As of December 31, 2014, we owned or operated more than 529,000 displays across 22 countries.

Our International outdoor assets consist of street furniture and transit displays, billboards, mall displays, Smartbike programs, wallsapes and other spectaculars, which we own or operate under lease agreements. Our International business is focused on metropolitan areas with dense populations.

Strategy

Similar to our Americas outdoor advertising business, we believe our International outdoor advertising business has attractive industry fundamentals including a broad audience reach and a highly cost effective media for advertisers as measured by cost per thousand persons reached compared to other traditional media. Our International business focuses on the following strategies:

Promote Overall Outdoor Media Spending. Our strategy is to promote growth in outdoor advertising's share of total media spending by leveraging our international scale and local reach. We are focusing on developing and implementing better and improved outdoor audience delivery measurement systems to provide advertisers with tools to determine how effectively their message is reaching the desired audience.

Capitalize on Product and Geographic Opportunities. We are also focused on growing our business internationally by working closely with our advertising customers and agencies in meeting their needs, and through new product offerings, optimization of our current display portfolio and selective investments targeting promising growth markets. We have continued to innovate and introduce new products in international markets based on local demands. Our core business is our street furniture business and that is where we plan to focus much of our investment. We plan to continue to evaluate municipal contracts that may come up for bid and will make prudent investments where we believe we can receive attractive returns. We will also continue to invest in markets such as China and Latin America where we believe there is high growth potential.

Continue to Deploy Digital Display Networks. Internationally, digital out-of-home displays are a dynamic medium which enables our customers to engage in real-time, tactical, topical and flexible advertising. We will continue our

focused and dedicated digital strategy as we remain committed to the digital development of out-of-home communication solutions internationally. Through our international digital brand, Clear Channel Play, we are able to offer networks of digital displays in multiple formats and multiple environments including bus shelters, airports, transit, malls and flagship locations. We seek to achieve greater consumer engagement and flexibility by delivering powerful, flexible and interactive campaigns that open up new possibilities for advertisers to engage with their target audiences. We had more than 4,600 digital displays in 16 countries across Europe and Asia as of December 31, 2014.

Table of Contents***Sources of Revenue***

Our International outdoor segment generated approximately 24% and 26% of our revenue for the three months ended March 31, 2015 and 2014, respectively, and approximately 25% of our revenue in each of the years ended December 31, 2014, 2013 and 2012. International outdoor advertising revenue is derived from the sale of traditional advertising copy placed on our display inventory and electronic displays which are part of our network of digital displays. Our International outdoor display inventory consists primarily of street furniture displays, billboards, transit displays and other out-of-home advertising displays. The following table shows the approximate percentage of revenue derived from each inventory category of our International outdoor segment:

	Three Months Ended March 31,		Year Ended December 31,		
	2015	2014	2014	2013	2012
Street furniture displays	67%	66%	67%	63%	59%
Billboards	16%	17%	17%	17%	19%
Transit displays	9%	10%	9%	14%	14%
Other(1)	8%	7%	7%	6%	8%
Total	100%	100%	100%	100%	100%

- (1) Includes advertising revenue from mall displays, other small displays, and non-advertising revenue from sales of street furniture equipment, cleaning and maintenance services, operation of Smartbike programs and production revenue.

Our International outdoor segment generates revenues worldwide from local, regional and national sales. Similar to our Americas outdoor business, advertising rates generally are based on the gross ratings points of a display or group of displays. The number of impressions delivered by a display, in some countries, is weighted to account for such factors as illumination, proximity to other displays and the speed and viewing angle of approaching traffic.

While location, price and availability of displays are important competitive factors, we believe that providing quality customer service and establishing strong client relationships are also critical components of sales. Our entrepreneurial culture allows local management to operate their markets as separate profit centers, encouraging customer cultivation and service.

Street Furniture Displays

Our International street furniture displays, available in traditional and digital formats, are substantially similar to their Americas street furniture counterparts, and include bus shelters, freestanding units, various types of kiosks, benches and other public structures. Internationally, contracts with municipal and transit authorities for the right to place our street furniture in the public domain and sell advertising on such street furniture typically provide for terms ranging from 10 to 15 years. The major difference between our International and Americas street furniture businesses is in the nature of the municipal contracts. In our International outdoor business, these contracts typically require us to provide the municipality with a broader range of metropolitan amenities such as bus shelters with or without advertising panels, information kiosks and public wastebaskets, as well as space for the municipality to display maps or other

public information. In exchange for providing such metropolitan amenities and display space, we are authorized to sell advertising space on certain sections of the structures we erect in the public domain. Our International street furniture is typically sold to clients as network packages of multiple street furniture displays, with contract terms ranging from one to two weeks. Client contracts are also available with terms of up to one year.

Billboards

The sizes of our International billboards are not standardized. The billboards vary in both format and size across our networks, with the majority of our International billboards being similar in size to our posters used in our Americas outdoor business. Our International billboards are sold to clients as network packages with contract terms typically ranging from one to two weeks. Long-term client contracts are also available and typically have terms of up to one year. We lease the majority of our billboard sites from private landowners. Billboards include posters and are available in traditional and digital formats.

Transit Displays

Our International transit display contracts are substantially similar to their Americas transit display counterparts, and typically require us to make only a minimal initial investment and few ongoing maintenance expenditures. Contracts with public transit authorities or private transit operators typically have terms ranging from three to seven years. Our client contracts for transit displays, either traditional or digital, generally have terms ranging from one week to one year, or longer.

Table of Contents

Other International Displays and Services

The balance of our revenue from our International outdoor segment consists primarily of advertising revenue from mall displays, other small displays and non-advertising revenue from sales of street furniture equipment, cleaning and maintenance services and production revenue. Internationally, our contracts with mall operators generally have terms ranging from five to ten years and client contracts for mall displays generally have terms ranging from one to two weeks, but are available for periods up to six months. Our International inventory includes other small displays that are counted as separate displays since they form a substantial part of our network and International outdoor advertising revenue. We also have a Smartbike bicycle rental program which provides bicycles for rent to the general public in several municipalities. In exchange for providing the bike rental program, we generally derive revenue from advertising rights to the bikes, bike stations, additional street furniture displays, or fees from the local municipalities. In several of our International markets, we sell equipment or provide cleaning and maintenance services as part of a billboard or street furniture contract with a municipality.

Other

Our Other category includes our media representation firm, Katz Media, as well as other general support services and initiatives which are ancillary to our other businesses.

Katz Media, a leading media representation firm in the U.S. for radio and television stations, sells national spot advertising time for clients in the radio and television industries throughout the United States. As of December 31, 2014, Katz Media represented more than 4,000 radio stations, approximately one-fifth of which are owned by us. Katz Media also represents more than 700 television and digital multicast stations.

Katz Media generates revenue primarily through contractual commissions realized from the sale of national spot and online advertising. National spot advertising is commercial airtime sold to advertisers on behalf of radio and television stations. Katz Media represents its media clients pursuant to media representation contracts, which typically have terms of up to ten years in length.

Employees

As of March 31, 2015, we had approximately 14,500 domestic employees and approximately 4,800 international employees, of which approximately 17,700 were in direct operations and 1,500 were in administrative or corporate related activities. Approximately 800 of our employees are subject to collective bargaining agreements in their respective countries. We are a party to numerous collective bargaining agreements, none of which represent a significant number of employees. We believe that our relationship with our employees is good.

Regulation of our iHeartMedia Business

General

The following is a brief summary of certain statutes, regulations, policies and proposals affecting our iHeartMedia business. Radio broadcasting is subject to the jurisdiction of the FCC under the Communications Act. The Communications Act permits the operation of a radio broadcast station only under a license issued by the FCC upon a finding that grant of the license would serve the public interest, convenience and necessity. Among other things, the Communications Act empowers the FCC to issue, renew, revoke and modify broadcasting licenses; assign frequency bands for broadcasting; determine stations' frequencies, locations, power and other technical parameters; impose penalties for violation of its regulations, including monetary forfeitures and, in extreme cases, license revocation;

impose annual regulatory and application processing fees; and adopt and implement regulations and policies affecting the ownership, program content, employment practices and many other aspects of the operation of broadcast stations.

This summary does not comprehensively cover all current and proposed statutes, regulations and policies affecting our iHeartMedia business. Reference should be made to the Communications Act and other relevant statutes, regulations, policies and proceedings for further information concerning the nature and extent of regulation of our iHeartMedia business. Finally, several of the following matters are now, or may become, the subject of court litigation, and we cannot predict the outcome of any such litigation or its impact on our iHeartMedia business.

License Assignments

The Communications Act prohibits the assignment of a license or the transfer of control of an FCC licensee without prior FCC approval. Applications for license assignments or transfers involving a substantial change in ownership are subject to a 30-day period for public comment, during which petitions to deny the application may be filed and considered by the FCC.

Table of Contents***License Renewal***

The FCC grants broadcast licenses for a term of up to eight years. The FCC will renew a license for an additional eight-year term if, after consideration of the renewal application and any objections thereto, it finds that the station has served the public interest, convenience and necessity and that, with respect to the station seeking renewal, there have been no serious violations of either the Communications Act or the FCC's rules and regulations by the licensee and no other such violations which, taken together, constitute a pattern of abuse. The FCC may grant the license renewal application with or without conditions, including renewal for a term less than eight years. The vast majority of radio licenses are renewed by the FCC for the full eight-year term. While we cannot guarantee the grant of any future renewal application, our stations' licenses historically have been renewed for the full eight-year term.

Ownership Regulation

FCC rules and policies define the interests of individuals and entities, known as attributable interests, which implicate FCC rules governing ownership of broadcast stations and other specified mass media entities. Under these rules, attributable interests generally include (1) officers and directors of a licensee or of its direct or indirect parent; (2) general partners; (3) limited partners and limited liability company members, unless properly insulated from management activities; (4) a 5% or more direct or indirect voting stock interest in a corporate licensee or parent, except that, for a narrowly defined class of passive investors, the attribution threshold is a 20% or more voting stock interest; and (5) combined equity and debt interests in excess of 33% of a licensee's total asset value, if the interest holder provides over 15% of the licensee station's total weekly programming, or has an attributable broadcast or newspaper interest in the same market (the EDP Rule). An entity that owns one or more radio stations in a market and programs more than 15% of the broadcast time, or sells more than 15% per week of the advertising time, on a radio station in the same market is generally deemed to have an attributable interest in that station.

Debt instruments, non-voting corporate stock, minority voting stock interests in corporations having a single majority stockholder, and properly insulated limited partnership and limited liability company interests generally are not subject to attribution unless such interests implicate the EDP Rule. To the best of our knowledge, none of our officers, directors or 5% or greater shareholders holds an interest in another television station, radio station or daily newspaper that is inconsistent with the FCC's ownership rules.

The FCC is required to conduct periodic reviews of its media ownership rules. In 2003, the FCC, among other actions, modified the radio ownership rules and adopted new cross-media ownership limits. The U.S. Court of Appeals for the Third Circuit initially stayed implementation of the new rules, but later lifted the stay as to the radio ownership rules, allowing the modified rules to go into effect. It retained the stay on the cross-media ownership limits and remanded them to the FCC for further justification (leaving in effect separate pre-existing FCC rules governing newspaper-broadcast and radio-television cross-ownership). In 2007, the FCC adopted a decision that revised the newspaper-broadcast cross-ownership rule but made no changes to the radio ownership or radio-television cross-ownership rules. In 2011, the U.S. Court of Appeals for the Third Circuit vacated the FCC's revisions to the newspaper-broadcast cross-ownership rule and otherwise upheld the FCC's decision to retain the current radio ownership and radio-television cross-ownership rules. The U.S. Supreme Court denied review of the Third Circuit's decision. The FCC began a periodic review of its media ownership rules in 2010 and issued a notice of proposed rulemaking, but did not complete the proceeding. The FCC has commenced its 2014 periodic review and has incorporated the record of the 2010 review proceeding with a further notice of proposed rulemaking. We cannot predict the outcome of the FCC's media ownership proceedings or their effects on our business in the future.

Irrespective of the FCC's radio ownership rules, the Antitrust Division of the U.S. Department of Justice (DOJ) and the U.S. Federal Trade Commission (FTC) have the authority to determine that a particular transaction presents antitrust

concerns. In particular, where the proposed purchaser already owns one or more radio stations in a particular market and seeks to acquire additional radio stations in that market, the DOJ has, in some cases, obtained consent decrees requiring radio station divestitures.

The current FCC ownership rules relevant to our business are summarized below.

Local Radio Ownership Rule. The maximum allowable number of radio stations that may be commonly owned in a market is based on the size of the market. In markets with 45 or more stations, one entity may have an attributable interest in up to eight stations, of which no more than five are in the same service (AM or FM). In markets with 30-44 stations, one entity may have an attributable interest in up to seven stations, of which no more than four are in the same service. In markets with 15-29 stations, one entity may have an attributable interest in up to six stations, of which no more than four are in the same service. In markets with 14 or fewer stations, one entity may have an attributable interest in up to five stations, of which no more than three are in the same service, so long as the entity does not have an interest in more than 50% of all stations in the market. To apply these ownership tiers, the FCC relies on Arbitron Metro Survey Areas, where they exist, and a signal contour-overlap methodology where they do not exist. An FCC rulemaking is pending to determine how to define radio markets for stations located outside Arbitron Metro Survey Areas.

Table of Contents

Newspaper-Broadcast Cross-Ownership Rule. FCC rules generally prohibit an individual or entity from having an attributable interest in either a radio or television station and a daily newspaper located in the same market.

Radio-Television Cross-Ownership Rule. FCC rules permit the common ownership of one television and up to seven same-market radio stations, or up to two television and six same-market radio stations, depending on the number of independent media voices in the market and on whether the television and radio components of the combination comply with the television and radio ownership limits, respectively.

Alien Ownership Restrictions

The Communications Act restricts foreign entities or individuals from owning or voting more than 20% of the equity of a broadcast licensee directly. It also restricts foreign entities or individuals from owning or voting more than 25% of a licensee's equity indirectly (i.e., through a parent company), unless the FCC has made a finding that greater indirect foreign ownership is in the public interest. Since we serve as a holding company for FCC licensee subsidiaries, we are effectively restricted from having more than one-fourth of our stock owned or voted directly or indirectly by foreign entities or individuals. In November 2013, the FCC clarified that it would entertain and authorize, on a case-by-case basis and upon sufficient public interest, proposals to exceed the 25% foreign ownership limit in broadcasting holding companies.

Indecency Regulation

Federal law regulates the broadcast of obscene, indecent or profane material. Legislation enacted by Congress provides the FCC with authority to impose fines of up to \$325,000 per utterance with a cap of \$3.0 million for any violation arising from a single act. In June 2012, the U.S. Supreme Court ruled on the appeals of several FCC indecency enforcement actions. While setting aside the particular FCC actions under review on narrow due process grounds, the Supreme Court declined to rule on the constitutionality of the FCC's indecency policies, and the FCC has since solicited public comment on those policies. We have received, and may receive in the future, letters of inquiry and other notifications from the FCC concerning complaints that programming aired on our stations contains indecent or profane language. We cannot predict the outcome of our outstanding letters of inquiry and notifications from the FCC or the nature or extent of future FCC indecency enforcement actions.

Equal Employment Opportunity

The FCC's rules require broadcasters to engage in broad equal employment opportunity recruitment efforts, to retain data concerning such efforts and to report much of this data to the FCC and to the public via periodic reports filed with the FCC or placed in stations' public files and websites. Broadcasters could be sanctioned for noncompliance.

Technical Rules

Numerous FCC rules govern the technical operating parameters of radio stations, including permissible operating frequency, power and antenna height and interference protections between stations. Changes to these rules could negatively affect the operation of our stations. For example, in January 2011 a law that eliminates certain minimum distance separation requirements between full-power and low-power FM radio stations was enacted, which could lead to increased interference between our stations and low-power FM stations. In March 2011, the FCC adopted policies which, in certain circumstances, could make it more difficult for radio stations to relocate to increase their population coverage.

Content, Licenses and Royalties

We must pay royalties to copyright owners of musical compositions (typically, songwriters and publishers) whenever we broadcast or stream musical compositions. Copyright owners of musical compositions most often rely on intermediaries known as performing rights organizations (PROs) to negotiate licenses with copyright users for the public performance of their compositions, collect royalties under such licenses and distribute them to copyright owners. We have obtained public performance licenses from, and pay license fees to, the three major PROs in the United States, which are the American Society of Composers, Authors and Publishers (ASCAP), Broadcast Music, Inc. (BMI), and SESAC, Inc. (SESAC). There is no guarantee that a given songwriter or publisher will remain associated with ASCAP, BMI or SESAC or that additional PROs will not emerge. For example, a new PRO has reportedly been formed to seek premium royalty rates for certain high-value copyright owners, and a major music publisher has announced that it is considering withdrawing all of its rights from ASCAP and BMI. The withdrawal of a significant number of musical composition copyright owners from the three established PROs, and/or the emergence of one or more additional PROs, could increase our royalty rates and negotiation costs.

Table of Contents

To secure the rights to stream music content over the Internet, we also must obtain performance rights licenses and pay public performance royalties to copyright owners of sound recordings (typically, performing artists and record companies). Under Federal statutory licenses, we are permitted to stream any lawfully released sound recordings and to make ephemeral reproductions of these recordings on our computer servers without having to separately negotiate and obtain direct licenses with each individual copyright owner as long as we operate in compliance with the rules of those statutory licenses and pay the applicable royalty rates to SoundExchange, the organization designated by the Copyright Royalty Board to collect and distribute royalties under these statutory licenses. Federal law governs copyrights for sound recordings fixed on or after February 15, 1972. Sound recording copyright owners have asserted that state law requires payments for digital audio transmissions services for unauthorized public performances and reproductions of recordings fixed before that date (pre-72 recordings). Sound recording copyright owners have sued digital audio transmission services for unauthorized public performances and reproductions of pre-72 recordings under various state laws, and courts in two states have issued decisions favorable to the copyright owners. If one or more of these decisions is upheld on appeal and held to apply to radio broadcasting or Internet simulcasting, it could impede our ability to broadcast or stream pre-72 recordings and/or increase our licensing and negotiating costs of doing so.

The rates at which we pay royalties to copyright owners are privately negotiated or set pursuant to a regulatory process. In addition, we have business arrangements directly with some copyright owners to receive deliveries of and, in some cases, to directly license their sound recordings for use in our Internet operations. There is no guarantee that the licenses and associated royalty rates that currently are available to us will be available to us in the future. Congress may consider and adopt legislation that would require us to pay royalties to sound recording copyright owners for the broadcast of those recordings on our terrestrial radio stations. In addition, proceedings before the Copyright Royalty Board have commenced to establish copyright royalty rates for the public performance and ephemeral reproduction of sound recordings by various noninteractive webcasters, including radio broadcasters that simulcast their terrestrial programming online, to apply to the period from January 1, 2016 through December 31, 2020. Increased royalty rates could significantly increase our expenses, which could adversely affect our business.

Privacy and Data Protection

We collect certain types of information from users of our technology platforms, including, without limitation, our websites, web pages, interactive features, applications, Twitter and Facebook pages, and mobile application (Platforms), in accordance with the privacy policies and terms of use posted on the applicable Platform. We collect personally identifiable information directly from Platform users in several ways, including when a user purchases our products or services, registers to use our services, fills out a listener profile, posts comments, uses our social networking features, participates in polls and contests and signs up to receive email newsletters. We also may obtain information about our listeners from other listeners and third parties. We use the information we collect about and from Platform users for a variety of business purposes.

As a company conducting business on the Internet, we are subject to a number of laws and regulations relating to consumer protection, information security, data protection and privacy, among other things. Many of these laws and regulations are still evolving and could be interpreted in ways that could harm our business. In the area of information security and data protection, the laws in several states require companies to implement specific information security controls to protect certain types of personally identifiable information. Likewise, all but a few states have laws in place requiring companies to notify users if there is a security breach that compromises certain categories of their personally identifiable information. Any failure on our part to comply with these laws may subject us to significant liabilities.

We have implemented commercially reasonable physical and electronic security measures to protect our proprietary business information and to protect against the loss, misuse, and alteration of our listeners' personally identifiable

information. However, no security measures are perfect or impenetrable, and we may be unable to anticipate or prevent unauthorized access to such information. Any failure or perceived failure by us to protect our information or information about our listeners or to comply with our policies or applicable regulatory requirements could result in damage to our business and loss of confidence in us, damage to our brands, the loss of listeners, consumers, business partners and advertisers, as well as proceedings against us by governmental authorities or others, which could harm our business.

Other

Congress, the FCC and other government agencies and regulatory bodies may in the future adopt new laws, regulations and policies that could affect, directly or indirectly, the operation, profitability and ownership of our broadcast stations and Internet-based audio music services. In addition to the regulations and other arrangements noted above, such matters may include, for example: proposals to impose spectrum use or other fees on FCC licensees; changes to the political broadcasting rules, including the adoption of proposals to provide free air time to candidates; restrictions on the advertising of certain products, such as beer and wine; frequency allocation, spectrum reallocations and changes in technical rules; and the adoption of significant new programming and operational requirements designed to increase local community-responsive programming and enhance public interest reporting requirements.

Regulation of our Americas and International Outdoor Advertising Businesses

The outdoor advertising industry in the United States is subject to governmental regulation at the federal, state and local levels. These regulations may include, among others, restrictions on the construction, repair, maintenance, lighting, upgrading, height, size, spacing and location and permitting of and, in some instances, content of advertising copy being displayed on outdoor advertising structures. In addition, international regulations have a significant impact on the outdoor advertising industry. International regulation of the outdoor advertising industry can vary by municipality, region and country, but generally limits the size, placement, nature and density of out-of-home displays. Other regulations may limit the subject matter and language of out-of-home displays.

From time to time, legislation has been introduced in both the United States and foreign jurisdictions attempting to impose taxes on revenue from outdoor advertising or for the right to use outdoor advertising assets. Several jurisdictions have imposed such taxes as a percentage of our outdoor advertising revenue generated in that jurisdiction. In addition, some jurisdictions have taxed our personal property and leasehold interests in advertising locations using various valuation methodologies. We expect U.S. and foreign jurisdictions to continue to try to impose such taxes as a way of increasing revenue. In recent years, outdoor advertising also has become the subject of targeted taxes and fees. These laws may affect prevailing competitive conditions in our markets in a variety of ways. Such laws may reduce our expansion opportunities or may increase or reduce competitive pressure from other members of the outdoor advertising industry. No assurance can be given that existing or future laws or regulations, and the enforcement thereof, will not materially and adversely affect the outdoor advertising industry. However, we contest laws and regulations that we believe unlawfully restrict our constitutional or other legal rights and may adversely impact the growth of our outdoor advertising business.

In the United States, federal law, principally the HBA, regulates outdoor advertising on Federal-aid primary highway system and the Interstate and National Highway Systems roads within the United States (controlled roads). The HBA regulates the size and placement of billboards, requires the development of state standards, mandates a state s compliance program, promotes the expeditious removal of illegal signs and requires just compensation for takings.

To satisfy the HBA s requirements, all states have passed billboard control statutes and regulations that regulate, among other things, construction, repair, maintenance, lighting, height, size, spacing and the placement and permitting of outdoor advertising structures. We are not aware of any state that has passed control statutes and regulations less restrictive than the prevailing federal requirements on the federal highway system, including the requirement that an owner remove any non-grandfathered, non-compliant signs along the controlled roads, at the owner s expense and without compensation. Local governments generally also include billboard control as part of their zoning laws and building codes regulating those items described above and include similar provisions regarding the removal of non-grandfathered structures that do not comply with certain of the local requirements. Some local governments have initiated code enforcement and permit reviews of billboards within their jurisdiction. In some instances we have had to remove billboards as a result of such reviews.

As part of their billboard control laws, state and local governments regulate the construction of new signs. Some jurisdictions prohibit new construction, some jurisdictions allow new construction only to replace or relocate existing structures and some jurisdictions allow new construction subject to the various restrictions discussed above. In certain jurisdictions, restrictive regulations also limit our ability to relocate, rebuild, repair, maintain, upgrade, modify or replace existing legal non-conforming billboards.

U.S. federal law neither requires nor prohibits the removal of existing lawful billboards, but it does mandate the payment of compensation if a state or political subdivision compels the removal of a lawful billboard along the controlled roads. In the past, state governments have purchased and removed existing lawful billboards for

beautification purposes using federal funding for transportation enhancement programs, and these jurisdictions may continue to do so in the future. From time to time, state and local government authorities use the power of eminent domain and amortization to remove billboards. Thus far, we have been able to obtain satisfactory compensation for, or relocation of, our billboards purchased or removed as a result of these types of governmental action, although there is no assurance that this will continue to be the case in the future.

We have introduced and intend to expand the deployment of digital billboards that display static digital advertising copy from various advertisers that change up to several times per minute. We have encountered some existing regulations in the U.S. and across some international jurisdictions that restrict or prohibit these types of digital displays. However, since digital technology for changing static copy has only recently been developed and introduced into the market on a large scale, and is in the process of being introduced more broadly in our international markets, existing regulations that currently do not apply to digital technology by their terms could be revised to impose greater restrictions. These regulations, or actions by third parties, may impose greater restrictions on digital billboards due to alleged concerns over aesthetics or driver safety.

Properties

Corporate

Our corporate headquarters are located in San Antonio, Texas, where we lease space in an executive office building and a data and administrative service center. In addition, certain of our executive and other operations are located in New York, New York, Phoenix, Arizona, and London, England.

iHM

The types of properties required to support each of our radio stations include offices, studios, transmitter sites and antenna sites. We either own or lease our transmitter and antenna sites. These leases generally have expiration dates that range from five to fifteen years. A radio station's studios are generally housed with its offices in downtown or business districts. A radio station's transmitter sites and antenna sites are generally located in a manner that provides maximum market coverage.

Americas Outdoor and International Outdoor Advertising

The types of properties required to support each of our outdoor advertising branches include offices, production facilities and structure sites. An outdoor branch and production facility is generally located in an industrial or warehouse district.

With respect to each of the Americas outdoor and International outdoor segments, we primarily lease our outdoor display sites and own or have acquired permanent easements for relatively few parcels of real property that serve as the sites for our outdoor displays. Our leases generally range from month-to-month to year-to-year and can be for terms of ten years or longer, and many provide for renewal options.

There is no significant concentration of displays under any one lease or subject to negotiation with any one landlord. We believe that an important part of our management activity is to negotiate suitable lease renewals and extensions.

Consolidated

The studios and offices of our radio stations and outdoor advertising branches are located in leased or owned facilities. These leases generally have expiration dates that range from one to 40 years. We do not anticipate any difficulties in renewing those leases that expire within the next several years or in leasing other space, if required. We own substantially all of the equipment used in our iHM and outdoor advertising businesses.

Legal Proceedings

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of operations.

Although we are involved in a variety of legal proceedings in the ordinary course of business, a large portion of our litigation arises from commercial disputes, defamation matters, employment and benefits related claims, governmental fines, intellectual property claims and tax disputes.

Los Angeles Litigation

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles (the "City"), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties and pursuant to which Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays. In 2009 the Los Angeles Superior Court ruled that the settlement agreement constituted an ultra vires act of the City, and nullified its existence. After further proceedings, on April 12, 2013 the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. (77 of which displays were operating at the time of the ruling), and Clear Channel Outdoor, Inc. was required to turn off the electrical power to all affected digital displays on April 15, 2013. The digital display structures remain intact but digital displays are currently prohibited in the City. Clear Channel Outdoor, Inc. is seeking permits under the existing City sign code to either wrap the LED faces with vinyl or convert the LED faces to traditional static signs, and has obtained a number of such permits. Clear Channel Outdoor, Inc. is also pursuing a new ordinance to permit digital signage in the City.

Board of Directors

iHeartCommunications Capital and iHeartCommunications are wholly-owned subsidiaries of Parent. Parent's board, which currently consists of 12 members, is responsible for overseeing the direction of Parent and for establishing

broad corporate policies. However, in accordance with corporate legal principles, it is not involved in day-to-day operating details. Members of the board of directors of Parent are kept informed of Parent's business through discussions with the Chief Executive Officer, the Chief Financial Officer and other executive officers, by reviewing analyses and reports sent to them, by receiving updates from board committees and by otherwise participating in board and committee meetings.

Composition of the Board of Directors

Holders of Parent's Class A common stock, voting as a separate class, are entitled to elect two members of Parent's board of directors (the "public directors"). For the election of the other members of Parent's board, the holders of Class A common stock and Class B common stock will vote together as a single class. However, since several entities controlled by the Sponsors hold a majority of the outstanding capital stock and voting power of Parent, the holders of Parent's Class A common stock do not have the voting power to elect the remaining members of Parent's board of directors. Pursuant to an amended and restated voting agreement (the "Voting Agreement") entered into among B Triple Crown Finco, LLC, T Triple Crown Finco, LLC, BT Triple Crown Merger Co., Inc., Parent, Highfields Capital I LP, Highfields Capital II LP, Highfields Capital III L.P. and Highfields Capital Management LP (collectively, with Highfields Capital I LP, Highfields Capital II LP and Highfields Capital III L.P., "Highfields") on May 13, 2008, of the two members of Parent's board of directors to be elected by holders of Parent's Class A common stock, the parties to the Voting Agreement initially agreed that:

one of the directors, who was selected by Highfields Capital Management LP, would be Jonathon S. Jacobson, and Mr. Jacobson was named to the Nominating and Corporate Governance Committee of Parent's board of directors; and

the other director, who was selected by the Nominating and Corporate Governance Committee after consultation with Highfields Capital Management LP, would be David C. Abrams.

Until the date that Highfields owns less than five percent of the Class A common stock of Parent, Parent will nominate two candidates for election by the holders of Class A common stock, of which one candidate (who initially was Mr. Jacobson) will be selected by Highfields Capital Management LP, and one candidate (who initially was Mr. Abrams) will be selected by

the Nominating and Corporate Governance Committee after consultation with Highfields Capital Management LP. Parent also has agreed that until the termination of the Voting Agreement and subject to the fiduciary duties of its board of directors, Parent will cause at least one of the public directors to be appointed to each of the primary standing committees of the board of directors and, if such public director shall cease to serve as a director of Parent or otherwise is unable to fulfill his or her duties on any such committee, Parent shall cause the director to be succeeded by another public director.

Board Committees

The three primary standing committees of the board of directors of Parent are the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each committee has a written charter, which guides its operations. The written charters are available on Parent's Internet website at www.iheartmedia.com.

The board of directors of Parent also has an Operating Committee, which currently is composed of James C. Carlisle, John P. Connaughton, Blair E. Hendrix and Scott M. Sperling. The purpose of the Operating Committee is to actively engage with management on strategy and execution of corporate and financial plans and goals, as well as such other responsibilities and duties as may be established by the board of directors from time to time.

Independence of Directors

The board of directors of Parent has adopted the listing standards of the NASDAQ Stock Market LLC (NASDAQ) for determining the independence of its members. To be considered independent under NASDAQ rules, a director may not be employed by Parent or engage in certain types of business dealings with Parent. As required, the board of directors of Parent has made a determination as to each independent director that no relationship exists which, in the opinion of the board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

The board of directors of Parent has previously affirmatively determined that David C. Abrams and Jonathon S. Jacobson are independent directors under the listing standards of NASDAQ. In making these determinations, the board of directors reviewed information provided by the directors and by Parent with regard to the directors' business and personal activities as they relate to Parent and its affiliates. In the ordinary course of business during 2014, we entered into various transactions with certain entities affiliated with members of the Parent board of directors. Parent's board of directors considered the following transactions and relationships in making their independence determinations with respect to Messrs. Abrams and Jacobson:

One charity for which Mr. Abrams serves as a trustee paid us and our affiliates approximately \$1,500 in the aggregate during 2014 for outdoor advertising services. In addition, in 2014 our affiliates donated to the charity outdoor advertising services (less than \$5,000 aggregate value).

A charity for which an immediate family member of Mr. Jacobson serves as a director paid us and our affiliates less than \$26,000 during 2014 for radio and outdoor advertising services. Our affiliates also donated to the charity radio and outdoor public service announcements (less than \$52,000 in aggregate value).

Funds affiliated with Mr. Abrams and Mr. Jacobson also own certain of iHeartCommunications Term Loans and other debt securities, as described in Certain Relationships and Related Party Transactions Commercial Transactions.

The transactions described above are arms-length, ordinary course of business commercial, charitable or financing transactions that occurred during 2014 and we generally expect transactions of a similar nature to occur during 2015. In each case, the Parent board of directors concluded that the transaction or relationship did not impair the independence of the director.

Compensation Committee Interlocks and Insider Participation

There were no interlocks among any of the directors who served as members of our Compensation Committee and any of our executive officers during 2014 and as of the date of this offering circular. During 2014, no member of the Compensation Committee simultaneously served as an executive officer of Parent. Mr. Bressler ceased being a member of the Compensation Committee when he was appointed as our President and Chief Executive Officer on July 29, 2013. For relationships between members of the Compensation Committee and Parent requiring disclosure under the SEC's rules governing disclosure of transactions with related persons, see Certain Relationships and Related Party Transactions.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The following Compensation Discussion and Analysis contains statements regarding company and individual performance measures and other goals. These goals are disclosed in the limited context of Parent's executive compensation program and should not be understood to be statements of management's expectations or estimates of results or other guidance. Further, Parent's performance measures used for purposes of executive compensation, as described more fully below, differ from segment results reported in our financial statements. Segment results are used to measure the overall financial performance of Parent's segments, while the performance measures used for compensation purposes are used in connection with assessing the performance of executives. Parent specifically cautions investors not to apply the following discussion to other contexts.

OVERVIEW AND OBJECTIVES OF PARENT'S COMPENSATION PROGRAM

Parent believes that compensation of Parent's named executive officers should be directly and materially linked to operating performance. The fundamental objective of Parent's compensation program is to attract, retain and motivate top quality executives through compensation and incentives which are competitive within the various labor markets and industries in which we compete for talent and which align the interests of our executives with the interests of our stockholders.

Overall, Parent has designed Parent's compensation program to:

support Parent's business strategy and business plan by clearly communicating what is expected of executives with respect to goals and results and by rewarding achievement;

recruit, motivate and retain executive talent; and

align executive performance with stockholder interests.

Parent seeks to achieve these objectives through a variety of compensation elements, as summarized below:

	Element	Form	Purpose
Base salary		Cash	Provide a competitive level of base compensation in recognition of responsibilities, value to the Company and individual performance
Bonus		Cash	Through annual incentive bonuses, discretionary bonuses and additional bonus opportunities, recognize and provide an incentive for performance that achieves

		specific corporate and/or individual goals intended to correlate closely with the growth of long-term stockholder value
Long-Term Incentive Compensation	Generally stock options, restricted stock, restricted stock units or other equity-based compensation	Incentivize achievement of long-term goals, enable retention and/or recognize achievements and promotions in each case aligning compensation over a multi-year period directly with the interests of stockholders by creating an equity stake
Other benefits and prerequisites	Retirement plans, health and welfare plans and certain perquisites (such as club dues, relocation benefits and payment of legal fees in connection with promotions/new hires, personal use of aircraft, transportation and other services)	Provide tools for employees to pursue financial security through retirement benefits, promote the health and welfare of all employees and provide other specific benefits of value to individual executive officers
Severance	Varies by circumstances of separation	Facilitate an orderly transition in the event of management changes

Table of Contents

In May 2014, Parent held a stockholder advisory vote on the compensation of Parent's named executive officers. Approximately 98% of the votes cast on the matter approved the compensation of Parent's named executive officers as disclosed in Parent's 2014 proxy statement. Accordingly, Parent made no significant changes to the objectives or structure of Parent's executive compensation program.

COMPENSATION PRACTICES

Parent's named executive officers for fiscal year 2014 are as follows:

Robert W. Pittman, Parent's Chairman and Chief Executive Officer (Principal Executive Officer);

Richard J. Bressler, Parent's President, Chief Operating Officer and Chief Financial Officer (Principal Financial Officer);

C. William Eccleshare, Parent's Chief Executive Officer Outdoor (overseeing both Parent's Americas and International outdoor divisions as Chief Executive Officer of Parent's subsidiary, CCOH) and, as of March 2, 2015, Chairman and Chief Executive Officer of CCOH's Clear Channel International division;

Robert H. Walls, Jr., Parent's Executive Vice President, General Counsel and Secretary;

Steven J. Macri, Parent's Senior Vice President Corporate Finance as of September 9, 2014; and

John E. Hogan, who served as Parent's Chairman and Chief Executive Officer iHeartMedia & Entertainment until January 13, 2014.

Parent's Compensation Committee typically determines total compensation, as well as the individual components of such compensation, of Parent's named executive officers on an annual basis. However, because Mr. Eccleshare's responsibilities relate to Parent's Outdoor divisions, Parent's Compensation Committee only reviews his compensation, with final determination and approval of his compensation made by the Compensation Committee of the board of directors of Parent's subsidiary, CCOH. For purposes of this Compensation Discussion and Analysis, Parent sometimes refers to Parent's Compensation Committee and CCOH's Compensation Committee collectively as the Compensation Committee. All compensation decisions are made within the scope of each named executive officer's employment agreement.

In making decisions with respect to each element of executive compensation, the applicable Compensation Committee considers the total compensation that may be awarded to the executive, including salary, annual incentive bonus and long-term incentive compensation. Multiple factors are considered in determining the amount of total compensation awarded to the named executive officers, including:

the terms of Parent's named executive officers' employment agreements;

the Chief Executive Officer's recommendations (other than for himself);

the value of previous equity awards;

internal pay equity considerations; and

broad trends in executive compensation generally.

The goal is to award compensation that is reasonable when all elements of potential compensation are considered.

ELEMENTS OF COMPENSATION

As described above, Parent believes that a combination of various elements of compensation best serves the interests of Parent and its stockholders. Having a variety of compensation elements enables Parent to meet the requirements of the highly competitive environment in which Parent operates while ensuring that Parent's named executive officers are compensated in a way that advances the interests of all stockholders. Under this approach, executive compensation generally involves a significant portion of pay that is at risk, namely, the annual incentive bonus. The annual incentive bonus is based entirely on financial performance, individual performance or a combination of both. In conjunction with the annual incentive bonus awards, the applicable Compensation Committee also may provide annual discretionary bonuses or additional bonus opportunities to our named executive officers, which also would be based on financial performance, individual performance or a combination of both. Equity awards constitute a significant portion of long-term remuneration that is tied directly to stock price appreciation, which benefits all stockholders.

Table of Contents

Parent's practices with respect to each of the elements of executive compensation are set forth below, followed by a discussion of the specific factors relevant to the named executive officers.

Base Salary

Administration. Base salaries for executive officers typically are reviewed on an annual basis and at the time of promotion or other change in responsibilities. In general, any increases in salary will be based on the subjective evaluation of factors such as the level of responsibility, individual performance, level of pay both of the executive in question and other similarly situated executives and competitive pay practices. All decisions regarding increasing or decreasing an executive officer's base salary are made within the scope of the executive's respective employment agreement. In the case of Parent's named executive officers, each of their employment agreements contains a minimum level of base salary, as described below under "Executive Compensation Employment Agreements with the Named Executive Officers."

In reviewing base salaries, the applicable Compensation Committee considers the importance of linking a significant proportion of the named executive officer's compensation to performance in the form of the annual incentive bonus (plus any annual discretionary bonuses or additional bonus opportunities), which is tied to financial performance measures, individual performance, or a combination of both, as well as long-term incentive compensation.

Analysis. Parent's named executive officers are eligible for annual raises commensurate with Company policy.

Mr. Pittman became Parent's Chief Executive Officer on October 2, 2011, after serving as our Chairman of Media and Entertainment Platforms pursuant to a consulting agreement since November 15, 2010. Under his October 2, 2011 employment agreement, Mr. Pittman was provided an initial base salary of \$1,000,000. As described under "Executive Compensation Employment Agreements with the Named Executive Officers," on January 13, 2014, Parent and Mr. Pittman amended and restated his employment agreement, extending the initial term of his service until January 13, 2019. In connection with the amended and restated employment agreement, on January 13, 2014, Mr. Pittman's base salary increased to \$1,200,000. Parent's Compensation Committee felt that this base salary, together with the restricted stock and other benefits and perquisites provided to Mr. Pittman under his amended and restated employment agreement, represented a competitive compensation package for Mr. Pittman.

Mr. Bressler became our President and Chief Financial Officer on July 29, 2013 and our Chief Operating Officer on February 18, 2015. Under his July 29, 2013 employment agreement, Mr. Bressler was provided with an initial base salary of \$1,200,000. Our Compensation Committee felt that this base salary, together with the restricted stock and other benefits and perquisites provided to Mr. Bressler under his employment agreement, represented a competitive compensation package for Mr. Bressler.

Mr. Eccleshare's base salary increased from £486,577 (or \$801,100 using the average exchange rate of £1=\$1.6464 for the year ended December 31, 2014) to \$1,000,000 in connection with his promotion to serve as Parent's Chief Executive Officer Outdoor and Chief Executive Officer of Parent's subsidiary, CCOH, on January 24, 2012. Mr. Eccleshare's base salary remained at that level for 2014.

At the beginning of 2010, Parent hired Mr. Walls. Under his employment agreement, Mr. Walls was provided an initial base salary of \$550,000, consistent with Parent's view of market rates for his position at the time. In November 2011 the Compensation Committee approved an increase in the annual base salary of Mr. Walls from \$550,000 to \$750,000, effective as of October 1, 2011, in recognition of his continued contribution and value to the organization. Mr. Wall's base salary remained at that level for 2014.

In October 2013, Parent hired Mr. Macri as Executive Vice President and Chief Financial Officer iHeartMedia. Mr. Macri was named Parent's Senior Vice President Corporate Finance on September 9, 2014. Under his employment agreement, Mr. Macri was provided an initial base salary of \$640,000, consistent with Parent's view of market rates for his position at the time. Mr. Macri's base salary remained at that level for 2014.

In November 2010, we amended and restated the employment agreement of Mr. Hogan. Pursuant to his amended and restated employment agreement, Mr. Hogan received an annual base salary increase in November 2010 from \$800,000 to \$1,000,000 in recognition of his continued contribution and value to the organization, and his annual base salary remained at that level for 2012. In connection with Mr. Hogan's relocation from San Antonio to New York City, Mr. Hogan's base salary increased from \$1,000,000 to \$1,125,000 on June 3, 2013. Mr. Hogan retired from his position as Chairman and Chief Executive Officer iHeartMedia on January 13, 2014.

For a more detailed description of the employment agreements for Parent's named executive officers, please refer to Executive Compensation Employment Agreements with the Named Executive Officers.

Table of Contents**Annual Incentive Bonus**

Administration. Messrs. Pittman, Bressler, Hogan, Macri and Walls and other key executives of Parent participate in the Parent's 2008 Annual Incentive Plan. Mr. Eccleshare and other key executives of CCOH participate in the CCOH Amended and Restated 2006 Annual Incentive Plan.

In July 2008, Parent's sole stockholder at that time, CC IV, approved the Parent's 2008 Annual Incentive Plan (the Parent Annual Incentive Plan). In May 2012, CCOH's stockholders approved the CCOH Amended and Restated 2006 Annual Incentive Plan (which was originally approved by CCOH's stockholders in April 2007) (the CCOH Annual Incentive Plan). The Parent Annual Incentive Plan is administered by Parent's Compensation Committee and the CCOH Annual Incentive Plan is administered by CCOH's Compensation Committee (collectively, both plans are referred to in this Compensation Discussion and Analysis as the Annual Incentive Plan). The Annual Incentive Plan is intended to provide an incentive to the named executive officers and other selected key executives to contribute to the growth, profitability and increased stockholder value and to retain such executives. Under the Annual Incentive Plan, participants are eligible for performance-based awards, which represent the conditional right to receive cash or other property based upon the achievement of pre-established performance goals within a specified performance period. No single participant may receive more than \$15,000,000 in awards in any calendar year. The CCOH Annual Incentive Plan is designed to allow awards to qualify for the performance-based compensation exception under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The performance goals for each named executive officer (other than Mr. Eccleshare) are set pursuant to an extensive annual operating plan developed by the Chief Executive Officer of Parent in consultation with Parent's Board, the President, Chief Operating Officer and Chief Financial Officer of Parent and other senior executive officers of Parent within any parameters specified within each executive's employment agreement. The Chief Executive Officer of Parent makes recommendations as to the compensation levels and performance goals of Parent's named executive officers (other than his own and Mr. Eccleshare's) to Parent's Compensation Committee for its review, consideration and approval. Parent's Compensation Committee has complete discretion to accept, reject or modify the recommendations of the Chief Executive Officer of Parent. CCOH's Compensation Committee determines the compensation levels and performance goals of Mr. Eccleshare, which are reviewed by Parent's Compensation Committee.

The 2014 annual incentive bonuses were based on the following performance goals (as further described below): (1) the performance goals for Messrs. Pittman, Bressler and Walls were based on achievement of a targeted OIBDAN¹ level on a Company-wide basis and certain qualitative performance objectives, which were directly relevant to their respective positions and responsibilities; (2) Messrs. Macri and Hogan's performance goals were based upon achievement of a targeted OIBDAN level for our Media & Entertainment division and certain qualitative performance objectives, which contributed to divisional performance, and Mr. Hogan's annual incentive bonus payment for 2014 was determined as part of his severance and general release; and (3) Mr. Eccleshare's performance goals were based upon achievement of a targeted OIBDAN level for CCOH and certain qualitative performance objectives, which contributed to CCOH's performance. For 2014, Messrs. Eccleshare, Bressler and Macri also were provided with additional bonus opportunities based on achievement of certain qualitative performance objectives directly relevant to their respective positions and responsibilities.

The annual incentive bonuses for 2014 and the payments made to Messrs. Bressler, Macri and Eccleshare in 2015 under the additional bonus opportunities are reflected in the Non-Equity Incentive Compensation Plan column of the Summary Compensation Table. The annual incentive bonus amounts are determined according to the level of achievement of the objective OIBDAN-based performance goals and the individual qualitative performance goals. No award is earned under the objective performance goal below a minimum threshold of performance (90% of the

applicable target OIBDAN for each individual) and a maximum amount is earned under the objective performance goal for performance at or above a maximum level (115% of the applicable target OIBDAN for each individual). The applicable Compensation Committee may, in its discretion, reduce the awards earned pursuant to either the objective or individual qualitative performance goals, as applicable.

The Compensation Committee follows the process set forth below to determine the annual incentive bonuses and the additional bonus opportunities for the named executive officers:

at the outset of the fiscal year:

set performance goals for the year for Parent, CCOH and the operating divisions;

- ¹ We define EBITDA as net income (loss) before interest expense, income tax benefit (expense), depreciation and amortization, impairment charges and gain (loss) on marketable securities; we define OIBDAN as EBITDA excluding non-cash compensation expense and amortization of deferred system implementation costs as well as the following line items presented in our Statement of Operations: other operating income (expense) net; equity in earnings (loss) of nonconsolidated affiliates, loss on extinguishment of debt, and other income (expense) net.

Table of Contents

set individual performance goals for each participant; and
 set a target and maximum annual incentive bonus and a maximum additional bonus opportunity for each applicable participant; and
 after the end of the fiscal year, determine the earned amounts by measuring actual performance against the predetermined goals of Parent, CCOH and the operating divisions, as well as any individual performance goals.

For 2014, Parent's OIBDAN performance was negatively impacted by the macroeconomic environment. As a result, Parent and its operating divisions did not meet their OIBDAN targets and the annual incentive bonus awards were paid below the target bonus levels. Taking into account revenues, OIBDAN, operating efficiencies and other operational strategic and financing achievements during 2014, Parent's Compensation Committee awarded discretionary bonuses to Messrs. Pittman, Bressler and Macri. The discretionary bonus awards for 2014 were paid in cash at the same time as the annual incentive bonus awards, and are included in the Bonus column of the Summary Compensation Table. In addition, Parent's Compensation Committee awarded additional bonus opportunities for Messrs. Bressler and Macri and CCOH's Compensation Committee awarded an additional bonus opportunity for Mr. Eccleshare. The entire additional bonus amounts earned by Messrs. Bressler and Macri and a significant portion of the earned additional bonus for Mr. Eccleshare will be paid at a later date subject to continued employment, which the Compensation Committee of each of Parent and CCOH believed would enhance the retention value of these awards.

Analysis. In determining whether the 2014 financial performance goals were met, the Compensation Committee considered the financial results of Parent, CCOH and the operating divisions from January 1, 2014 to December 31, 2014. For 2014, the performance-based goals applicable to the named executive officers are set forth below.

Robert W. Pittman

Pursuant to his January 13, 2014 employment agreement, Mr. Pittman's target bonus for 2014 was \$1,795,068 with 70% based on the achievement of a Company-wide OIBDAN of \$2.100 billion and 30% based on the achievement of the other qualitative performance objectives described below. His maximum bonus was set at \$3,590,136. For purposes of calculating Mr. Pittman's bonus, OIBDAN was calculated as the Company's reportable OIBDAN before restructuring charges, which is defined as consolidated net income (loss) adjusted to exclude the following items: non-cash compensation expense; income tax benefit (expense); other income (expense)-net; equity in earnings (loss) of nonconsolidated affiliates; gain (loss) on marketable securities; gain (loss) on extinguishment of debt; interest expense; other operating income (expense)-net; depreciation and amortization; impairment charges; restructuring charges; the impact of foreign currency and other items. Mr. Pittman's individual qualitative performance objectives for 2014 consisted of: (1) developing and communicating a strategy to bring new advertising revenue to and maximize sales in the iHeartMedia and Outdoor sectors; (2) monetizing the Company's brands and franchises to strengthen consumer relationships; (3) improving operating efficiency and reducing expenses; and (4) increasing employee engagement, leadership capability and performance capability of the Company. Our achieved OIBDAN for 2014 was approximately \$1.905 billion, which was below the OIBDAN target but above the OIBDAN minimum. Based on Mr. Pittman's level of achievement of his qualitative performance objectives described above, Mr. Pittman received an annual incentive bonus of \$1,213,291. In addition, based on the subjective review of Mr. Pittman's performance by Parent's Compensation Committee, Mr. Pittman received an additional \$286,709 discretionary bonus, for an aggregate 2014 bonus of \$1,500,000.

Richard J. Bressler

Pursuant to his employment agreement, Mr. Bressler's target bonus for 2014 was set at \$1,800,000, with 70% based on the achievement of a Company-wide OIBDAN of \$2.100 billion and 30% based on the achievement of the other

qualitative performance objectives described below. His maximum bonus for 2014 was set at \$3,600,000. For purposes of calculating Mr. Bressler's bonus, OIBDAN was calculated in the manner described above for Mr. Pittman. Mr. Bressler's individual qualitative performance objectives for 2014 consisted of: (1) developing and communicating a strategy to bring new advertising revenue to and maximize sales in the iHeartMedia and Outdoor sectors; (2) improving operating efficiency and reducing expenses; (3) managing capital and improving current receivable and payable policies and practices; (4) monitoring liquidity risk profile and pursuing any necessary financing alternatives and liquidity initiatives; (5) expanding investor relations outreach and developing relationships with the analyst community; (6) monetizing the Company's brands and franchises to strengthen consumer relationships; and (7) increasing employee engagement, leadership capability and performance capability of the Company. Our achieved OIBDAN for 2014 was approximately \$1.905 billion, which was below the OIBDAN target but above the OIBDAN minimum. Based on Mr. Bressler's level of achievement of his qualitative performance objectives described above, Mr. Bressler received an annual incentive bonus of \$1,216,624. In addition, based on the subjective review of Mr. Bressler's performance by Parent's Compensation Committee, Mr. Bressler received an additional \$283,376 discretionary bonus, for an aggregate 2014 bonus of \$1,500,000.

Pursuant to an additional bonus opportunity approved for Mr. Bressler by Parent's Compensation Committee with respect to 2014 performance, Mr. Bressler also earned an additional \$400,000 supplemental bonus based on achieving the following additional

performance objectives established by Parent's Compensation Committee for Mr. Bressler: (1) increase ratings over prior year and increase share and digital listening hours; (2) grow political revenue; (3) grow revenue of KATZ, RCS, PRN and TTWN; and (4) establish, grow and monetize unique national network platforms. The supplemental bonus will be paid at the same time as annual incentive bonuses are paid in 2017, if Mr. Bressler remains employed on the payment date.

C. William Eccleshare

Pursuant to his employment agreement, Mr. Eccleshare's target bonus for 2014 was set at \$1,000,000, with 70% based on the achievement of OIBDAN at CCOH of \$807.4 million and 30% based on the achievement of the other qualitative performance objectives described below. His maximum bonus for 2014 was set at \$2,000,000. For purposes of calculating Mr. Eccleshare's bonus, OIBDAN was calculated as CCOH's reportable OIBDAN before restructuring charges, which is defined as consolidated net income (loss) adjusted to exclude the following items: non-cash compensation expense; income tax benefit (expense); other income (expense)-net; equity in earnings (loss) of nonconsolidated affiliates; gain (loss) on marketable securities; gain (loss) on extinguishment of debt; interest expense; other operating income (expense)-net; depreciation and amortization; impairment charges; restructuring charges; the impact of foreign currency and other items. Mr. Eccleshare's individual qualitative performance objectives for 2014 consisted of: (1) achieving growth for CCOH; (2) optimizing capital deployment across the Outdoor businesses (3); continuing to drive the re-appraisal of the outdoor advertising industry; (4) continuing to shift CCOH's sales approach; and (5) driving employee performance and engagement and developing a culture of accountability. The 2014 CCOH OIBDAN was approximately \$749.2 million, which was below the OIBDAN target but above the OIBDAN minimum. Based on the achieved OIBDAN level, together with Mr. Eccleshare's level of achievement of his qualitative performance objectives described above, Mr. Eccleshare received an annual incentive bonus of \$687,937.

Pursuant to an additional bonus opportunity approved for Mr. Eccleshare by Parent's Compensation Committee with respect to 2014 performance, Mr. Eccleshare also earned an additional \$255,000 supplemental bonus based on achieving the following additional performance objectives established by CCOH's Compensation Committee for Mr. Eccleshare with respect to the Outdoor business: (1) developing CCOH's long-term global retail value proposition; (2) collaborating with the Americas outdoor leadership to drive a turnaround within the national sales group; and (3) executing cost reductions and cost actions. Of the \$255,000 supplemental bonus earned with respect to 2014 performance, \$85,000 was paid at the end of February 2015, and the remaining \$170,000 will be paid in equal installments of \$85,000 each at the same time as the annual incentive bonus payments in 2016 and 2017 if Mr. Eccleshare remains employed on the applicable payment dates. In addition, at the end of February 2015, Mr. Eccleshare was paid the third of three \$99,000 installments earned pursuant to his additional bonus with respect to 2012 performance. He was also paid the second of three \$84,000 installments pursuant to his additional bonus with respect to 2013 performance. The final \$84,000 installment of the 2013 additional bonus will be paid at the same time as the annual incentive bonus payments are paid generally in 2016 if Mr. Eccleshare remains employed on the payment date.

Robert H. Walls, Jr.

Pursuant to his employment agreement, Mr. Walls' target bonus for 2014 was set at \$750,000, with 50% based on the achievement of a Company-wide OIBDAN target of \$2.100 billion and 50% based on the achievement of the other qualitative performance objectives described below. His maximum bonus was set at \$1,500,000. For purposes of calculating Mr. Walls' bonus, OIBDAN was calculated in the manner described above for Mr. Pittman. Mr. Walls' individual qualitative performance objectives for 2014 consisted of: (1) continuing to develop legal strategies to support the Corporate, iHeartMedia and CCOH divisions; (2) continuing to expand the impact of the government affairs function; (3) continuing to implement initiatives in connection with the Company's compliance and enterprise

risk management program; and (4) focusing on the continued development of the legal department. Our achieved OIBDAN for 2014 was approximately \$1.905 billion, which was below the OIBDAN target but above the OIBDAN minimum. Based on Mr. Walls' level of achievement of his qualitative performance objectives described above, Mr. Walls received an annual incentive bonus of \$557,626.

Steven J. Macri

Pursuant to his employment agreement, Mr. Macri's target bonus for 2014 was set at \$640,000, with 70% based on the achievement of an OIBDAN for iHM of \$1.371 billion and 30% based on the achievement of the other qualitative performance objectives described below. His maximum bonus for 2014 was set at \$1,280,000. For purposes of calculating Mr. Macri's bonus, OIBDAN was calculated in the manner described above for Mr. Pittman, but with respect to iHM. Mr. Macri's individual qualitative performance objectives for 2014 consisted of: (1) improving working capital; (2) reducing operating expenses by providing strategic and operational expertise; (3) re-designing the iHM finance organizational structure; (4) standardizing reporting for iHM and assisting business unit leaders with understanding their business; and (5) increasing employee engagement, leadership capability and performance capability of the Company. iHM's achieved OIBDAN for 2014 was approximately \$1.239 billion, which was below the OIBDAN target and above the OIBDAN minimum. Based on Mr. Macri's level of achievement of his qualitative performance

Table of Contents

objectives described above, Mr. Macri received an annual incentive bonus of \$416,211. In addition, based on the subjective review of Mr. Macri's performance by Parent's Compensation Committee, Mr. Macri received an additional \$143,789 discretionary bonus, for an aggregate 2014 bonus of \$560,000.

Pursuant to an additional bonus opportunity approved for Mr. Macri by Parent's Compensation Committee with respect to 2014 performance, Mr. Macri also earned an additional \$320,000 supplemental bonus based on achieving the following additional performance objectives established by iHeartMedia's Compensation Committee for Mr. Macri: (1) improve working capital through incremental cash collection; and (2) reduce iHeartMedia operating expenses run rate versus prior year by providing strategic and operational expertise. The supplemental bonus will be paid at the same time as annual incentive bonuses are paid in 2017, if Mr. Macri remains employed on the payment date.

John E. Hogan

Pursuant to his severance agreement, Mr. Hogan's target bonus for 2014 was set at \$48,950, with 70% based on the achievement of target OIBDAN of \$1.371 billion for iHM and 30% based on the achievement of other qualitative performance objectives. For purposes of calculating Mr. Hogan's bonus, OIBDAN was calculated in the manner described above for Mr. Macri. The iHM OIBDAN for 2014 was approximately \$1.239 billion, which was below the OIBDAN target and above the OIBDAN minimum. Based on Mr. Hogan's level of achievement and the iHM OIBDAN achievement, Mr. Hogan received an annual incentive bonus of \$17,883. Pursuant to his January 13, 2014 severance agreement and general release, Mr. Hogan was paid the \$900,000 that he previously earned with respect to 2012 performance pursuant to the additional bonus opportunity. He did not earn an amount with respect to performance pursuant to his 2013 additional bonus opportunity.

Long-Term Incentive Compensation

Administration. Parent's named executive officers participate in the 2008 EIP and/or CCOH's 2012 Stock Incentive Plan or CCOH's previous 2005 Stock Incentive Plan (collectively, the CCOH 2005 Stock Incentive Plan and the CCOH 2012 Stock Incentive Plan are referred to as the "CCOH Stock Incentive Plan"), which allow for the issuance of incentive and non-statutory stock options, restricted stock and other equity awards. The 2008 EIP is administered by Parent's Board of Directors. The CCOH Stock Incentive Plan is administered by CCOH's Compensation Committee. See "Executive Compensation - Grants of Plan-Based Awards" for a more detailed description of the 2008 EIP and the CCOH Stock Incentive Plan. As of December 31, 2014, there were 226 employees holding outstanding stock incentive awards under the 2008 EIP and 337 employees holding outstanding stock incentive awards under the CCOH Stock Incentive Plan. In general, the level of long-term incentive compensation is determined based on an evaluation of competitive factors in conjunction with total compensation provided to the executive officers and the overall goals of the compensation program described above. Long-term incentive compensation historically has been paid in stock options and/or restricted stock or restricted stock units with time-vesting conditions and/or vesting conditions tied to predetermined performance goals. Equity ownership is important for purposes of executive retention and alignment of interests with stockholders.

Stock Options, Restricted Stock and Restricted Stock Units. Long-term incentive compensation may be granted to Parent's named executive officers in the form of stock options, with exercise prices of not less than fair market value of iHeartMedia or CCOH stock, as applicable, on the date of grant. Parent typically defines fair market value as the closing price on the date of grant; however, in certain cases, the Parent Board has determined an alternative fair market value in excess of the closing price of iHeartMedia stock on the date of grant. Long-term incentive compensation also may be granted to Parent's named executive officers in the form of restricted stock or restricted stock unit awards. Vesting schedules are set by the Parent's Board of Directors or the CCOH Compensation

Committee, as applicable, in their discretion and vary on a case by case basis. All vesting is contingent on continued employment, with rare exceptions made by the applicable Board or Compensation Committee. See Executive Compensation Potential Post-Employment Payments for a description of the treatment of the named executive officers equity awards upon termination or change in control. All decisions to award the named executive officers stock options, restricted stock or restricted stock units are in the sole discretion of the Parent's Board of Directors or the CCOH Compensation Committee, as applicable.

Analysis. In connection with his employment agreement, Parent's Board of Directors granted Mr. Pittman an award of 350,000 shares of restricted stock on January 13, 2014, 100,000 shares of which vest based on time and 250,000 shares of which vest upon satisfaction of performance conditions. Similarly, on January 13, 2014, CCOH's Compensation Committee granted Mr. Pittman an award of 271,739 shares of restricted stock, which vest based on time. Also on January 13, 2014, Parent's Board of Directors cancelled Mr. Pittman's stock options to purchase 200,000 shares of iHeartMedia's Class A common stock at \$36 per share. See Executive Compensation Grants of Plan-Based Awards below for a description of the vesting of Mr. Pittman's awards.

On July 8, 2014, Parent's Board of Directors granted Mr. Macri an award of 25,000 shares of restricted stock, 50% of which vest based on time and 50% of which vest upon satisfaction of performance conditions.

Table of Contents

On February 24, 2015, CCOH's Compensation Committee granted Messrs. Pittman and Bressler awards of 85,197 and 31,948 shares of restricted stock, respectively, which vest based on time. These awards are not included in the Summary Compensation Table herein as they were recognized as 2015 compensation and will be included in the 2015 Summary Compensation Table.

As mentioned above, Parent's Board of Directors and CCOH's Compensation Committee typically consider internal pay equity when determining the amount of long-term incentive compensation to grant to our named executive officers. However, they do so broadly and do not have a specific policy, or seek to follow established guidelines or formulas, to maintain a particular ratio of long-term incentive compensation among the named executive officers or other executives. For further information about the 2014 long-term incentive awards, please refer to the "Grants of Plan-Based Awards" and the "Employment Agreements with the Named Executive Officers" sections appearing later under the "Executive Compensation" heading.

Equity Award Grant Timing Practices

Employee New Hires/Promotions Grant Dates. Grants of stock options and other equity awards, if any, to newly-hired or newly promoted employees generally are made at the time of hire or promotion or at the regularly scheduled meeting of the applicable Board of Directors or Compensation Committee immediately following the hire or promotion. However, timing may vary as provided in a particular employee's agreement or to accommodate the Board of Directors or Compensation Committee.

Equity Awards for Directors. Due to the ownership structure of Parent and the representation on the Board of designees of the Sponsors and two other large stockholders, Parent historically has not provided compensation, including any equity awards, to any members of the Board for their service as directors.

Timing of Equity Awards. Parent does not have a formal policy on the timing of equity awards in connection with the release of material non-public information to affect the value of compensation. In the event that material non-public information becomes known to the applicable Board or Compensation Committee prior to granting equity awards, the Board or Compensation Committee will take the existence of such information under advisement and make an assessment in its business judgment regarding whether to delay the grant of the equity award in order to avoid any potential impropriety.

Executive Benefits and Perquisites

Each of the named executive officers is entitled to participate in all pension, profit sharing and other retirement plans, and all group health, hospitalization, disability and other insurance and employee welfare benefit plans in which other similarly situated employees may participate. Mr. Eccleshare, who is a citizen of the United Kingdom, also is provided with private medical insurance and we contribute a portion of his salary to a private pension scheme in which he participates in the United Kingdom (or provide the cash benefits to him as salary in lieu of such contribution). We also provide certain other perquisites to the named executive officers.

Aircraft Benefits. From time to time, our officers use Company aircraft for personal air travel, pursuant to the Company's Aircraft Policy. In addition, during the term of his employment, iHeartMedia agreed to make an aircraft available to Mr. Pittman for his business and personal use (including flights on which Mr. Pittman is not present) and will pay all costs associated with the provision of the aircraft. Parent currently leases an airplane for Mr. Pittman's use, as described in "Certain Relationships and Related Party Transactions."

Club Dues, Automotive Benefits and Other Services. Parent also has agreed to make a car and driver available for Mr. Pittman's business and personal use in and around the New York area as well as anywhere else on Parent's business. Mr. Eccleshare receives an automobile allowance and a leased car in the United Kingdom and we have agreed to make a car service available for his business use in the United States. In addition, Mr. Eccleshare is reimbursed for the annual dues for memberships in certain clubs and we provide supplemental life insurance benefits to Mr. Eccleshare.

Relocation, Housing, Tax and Legal Review Benefits. Since 2009, we have recruited and hired several new executive officers and have promoted and relocated executive officers, as well as other officers and key employees. As part of this process, the Parent and CCOH Compensation Committees considered the benefits that would be appropriate to provide to facilitate and/or accelerate their relocation to our corporate locations. After experience recruiting and hiring several new executive officers and other key personnel since 2009, in October 2010 the Parent and CCOH Compensation Committees adopted new Company-wide tiered relocation policies reflecting these types of relocation benefits. The new relocation policies apply only in the case of a Company-requested relocation and provide different levels of benefits based on the employee's level within the organization. In connection with his promotion to serve as the Chief Executive Officer of CCOH, Mr. Eccleshare relocated from our offices in London to our offices in New York City. Through the negotiation of his employment agreement, CCOH agreed to provide Mr. Eccleshare with certain additional benefits in consideration of his international relocation. Similarly, in connection with Mr. Hogan's relocation from our offices in San Antonio to

Table of Contents

our offices in New York City and in connection with the negotiation of an amendment to his employment agreement, we agreed to provide Mr. Hogan with certain additional relocation benefits. See Executive Compensation Employment Agreements with the Named Executive Officers for a description of these additional benefits.

Parent's Compensation Committee believes that the above benefits provide a more tangible incentive than an equivalent amount of cash compensation. In determining the named executive officers' total compensation, the Compensation Committee will consider these benefits. However, as these benefits and perquisites represent a relatively small portion of the named executive officers' total compensation (or, in the case of benefits such as relocation benefits, are not intended to occur frequently for each named executive officer), it is unlikely that they will materially influence the Compensation Committee's decision in setting such named executive officers' total compensation. For further discussion of these benefits and perquisites, including the methodology for computing their costs, please refer to the Summary Compensation Table included in this prospectus, as well as the All Other Compensation table included in footnote (d) to the Summary Compensation Table. For further information about other benefits provided to the named executive officers, please refer to Executive Compensation Employment Agreements with the Named Executive Officers.

Severance Arrangements

Pursuant to their respective employment agreements, each of Parent's named executive officers is entitled to certain payments and benefits in certain termination situations or upon a change in control. In addition, in connection with Mr. Hogan's January 13, 2014 retirement, we entered into a severance agreement and general release with Mr. Hogan. Parent believes that the severance arrangements facilitate an orderly transition in the event of changes in management. For further discussion of severance payments and benefits, see Executive Compensation Potential Post-Employment Payments set forth below in this prospectus.

Roles and Responsibilities

Role of the Compensation Committee. As described above, Parent's Compensation Committee primarily is responsible for conducting reviews of Parent's executive compensation policies and strategies, overseeing and evaluating Parent's overall compensation structure and programs, setting executive compensation and setting performance goals and evaluating the performance of executive officers against those goals, with the full Board approving equity awards. With respect to executive officers who are employed exclusively by our Outdoor divisions, Parent's Compensation Committee reviews compensation; however, CCOH's Compensation Committee has the responsibility for conducting reviews of CCOH's executive compensation policies and strategies, overseeing and evaluating CCOH's overall compensation structure and programs, setting executive compensation, setting performance goals and evaluating the performance of executive officers against those goals and approving equity awards. The responsibilities of Parent's Compensation Committee are described above under The Board of Directors Committees of the Board.

Role of Executive Officers. Parent's Chief Executive Officer provides reviews and recommendations regarding Parent's executive compensation programs, policies and governance for Parent's Compensation Committee's consideration. In the case of Parent's Outdoor divisions, his recommendations incorporate the recommendations from CCOH's Chief Executive Officer (other than for himself). Parent's Chief Executive Officer's responsibilities include, but are not limited to:

providing an ongoing review of the effectiveness of the compensation programs, including their level of competitiveness and their alignment with Parent's objectives;

recommending changes and new programs, if necessary, to ensure achievement of all program objectives; and

recommending pay levels, payout and awards for the named executive officers other than himself.

Use of Compensation Consultants. During 2014, management engaged Mercer (US) Inc. to provide, using its existing sources of data, market competitive compensation data for the Chief Financial Officer and Chief Operating Officer positions at companies similar to Parent. Mercer (US) Inc. is affiliated with Marsh & McLennan Companies (together with its affiliated companies, MMC). During 2014, MMC was retained by management to provide services unrelated to executive or director compensation, including: an equity plan overhang analysis, testing and investment consulting services with respect to defined contribution plans, leasing services, as well as insurance, brokerage, actuarial and employee benefit services. MMC's fees during 2014 with respect to its review of Chief Financial Officer and Chief Operating Officer compensation were \$19,342, and the aggregate fees for the other services provided by MMC during 2014 were approximately \$2.2 million.

Parent requested and received responses from MMC addressing its independence, including the following factors: (1) other services provided to Parent and its subsidiaries by MMC; (2) fees paid by Parent and its subsidiaries as a percentage of MMC's total revenue; (3) policies or procedures maintained by MMC that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagements and a member of the Compensation Committee; (5) any Parent or CCOH stock owned by the individual consultants involved in the engagements; and (6) any business or personal relationships between our executive officers and MMC or the individual consultants involved in the engagements. The Compensation Committee discussed these considerations and concluded that MMC's work does not raise any conflict of interest.

TAX AND ACCOUNTING TREATMENT

Deductibility of Executive Compensation

Section 162(m) of the Code places a limit of \$1,000,000 on the amount of compensation a publicly held corporation may deduct for Federal income tax purposes in any one year with respect to certain senior executives. In 2014, Parent became a publicly held corporation within the meaning of applicable provisions of Section 162(m) of the Code and Treasury regulations. Therefore, Parent's Compensation Committee considers the anticipated tax treatment to Parent and to senior executives covered by these rules of various payments and benefits and considers various alternatives to preserving the deductibility of compensation and benefits to the extent reasonably practicable and consistent with its other compensation objectives.

Accounting for Stock-Based Compensation

Parent accounts for stock-based payments, including awards under the 2008 EIP and the CCOH Stock Incentive Plan, in accordance with the requirements of ASC 718 (formerly Statement of Financial Accounting Standards No. 123(R)).

CORPORATE SERVICES AGREEMENT

In connection with CCOH's initial public offering, CCOH entered into a corporate services agreement (the "Corporate Services Agreement") with Clear Channel Management Services, L.P., now known as iHeartMedia Management Services, Inc. ("iHMMS"), an indirect subsidiary of Parent. Under the terms of the agreement, iHMMS provides, among other things, certain executive officer services to CCOH. These executive officer services are allocated to CCOH based on CCOH's OIBDAN as a percentage of iHeartCommunications' total OIBDAN for the prior year, each as reported in connection with year-end financial results. For purposes of these allocations, OIBDAN is defined as: consolidated net income (loss) adjusted to exclude non-cash compensation expense and the following line items presented in the Statement of Operations: income tax benefit (expense); other income (expense) net; equity in earnings (loss) of nonconsolidated affiliates; gain (loss) on marketable securities; gain (loss) on extinguishment of debt; interest expense; other operating income (expense) net; depreciation & amortization; and impairment charges.

For 2014, CCOH was allocated 39.67% of certain personnel costs for Messrs. Bressler, Macri and Hamilton for the portions of the year during which they respectively served as Chief Financial Officer, Senior Vice President Corporate Finance and Chief Accounting Officer of CCOH. Parent and CCOH considered these allocations to be a reflection of the utilization of services provided based on 2014 OIBDAN. Please refer to footnote (g) to the Summary Compensation Table for the allocations for 2014, 2013 and 2012. For additional information regarding the Corporate Services Agreement, see "Certain Relationships and Related Party Transactions" Corporate Services Agreement.

(b) **Parent Stock Awards.** On January 13, 2014, Mr. Pittman received a restricted stock award with respect to 350,000 shares of Parent's Class A common stock, 100,000 shares of which contain time-vesting provisions and 250,000 shares of which contain performance-based vesting conditions. The amount shown in the Stock Awards column for Mr. Pittman for 2014 included \$700,000 as the full grant date fair value of the time vesting portion of his January 13, 2014 restricted stock award based on the closing price of Parent's Class A common stock on the date of grant, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based portion of his January 13, 2014 restricted stock award, the grant date fair value of the performance-based portion of his restricted stock award would have been \$1,750,000. However, on the date of grant, the actual fair market value of the performance-based portion of the restricted stock award was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable, and accordingly, no amount is reflected for the performance-based portion of the restricted stock award in the Stock Awards column.

On July 8, 2014, Mr. Macri received a restricted stock award with respect to 25,000 shares of Parent's Class A common stock, 12,500 shares of which contain time-vesting provisions and 12,500 shares of which contain performance-based vesting conditions. The amount shown in the Stock Awards column for Mr. Macri for 2014 included \$101,875 as the full grant date fair value of the time vesting portion of his July 8, 2014 restricted stock award based on the closing price of Parent's Class A common stock on the date of grant, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based portion of his July 8, 2014 restricted stock award, the grant date fair value of the performance-based portion of his restricted stock award would have been \$101,875. However, on the date of grant, the actual fair market value of the performance-based portion of the restricted stock award was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable, and accordingly, no amount is reflected for the performance-based portion of the restricted stock award in the Stock Awards column.

On July 29, 2013, Mr. Bressler received a restricted stock award with respect to 910,000 shares of Parent's Class A common stock, 250,000 shares of which contain time-vesting provisions and 660,000 shares of which contain performance-based vesting conditions. The amount shown in the Stock Awards column for Mr. Bressler for 2013 includes \$1,245,000 as the full grant date fair value of the time-vesting portion of his July 29, 2013 restricted stock award based on the closing price of Parent's Class A common stock on the date of grant, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based portion of his July 29, 2013 restricted stock award, the grant date fair value of the performance-based portion of his restricted stock award would have been \$3,286,800. However, on the date of grant, the actual fair market value of the performance-based portion of the restricted stock award was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for the performance-based portion of the restricted stock award in the Stock Awards column.

On October 15, 2012, Messrs. Pittman and Walls received restricted stock awards with respect to 200,000 shares and 60,000 shares of Parent's Class A common stock, respectively, 50% of which contain performance-based vesting conditions and 50% of which contain time-vesting provisions. The amounts shown in the Stock Awards column for Messrs. Pittman and Walls for 2012 include \$260,000 and \$78,000, respectively, as the full grant date fair value of the time-vesting portion of the October 15, 2012 restricted stock awards based on the closing price of Parent's Class A common stock on the date of grant, computed in accordance with the requirements of ASC Topic 718, but excluding

any impact of estimated forfeiture rates as required by SEC regulations. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based restricted stock awards that Messrs. Pittman and Walls received on October 15, 2012, the grant date fair value of those performance-based restricted stock awards would have been \$260,000 and \$78,000, respectively. However, on the date of grant, the actual fair market value of those performance-based restricted stock awards was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for those performance-based restricted stock awards in the Stock Awards column.

On October 22, 2012, Parent commenced an offer to exchange (the 2012 Exchange Program), pursuant to which Parent offered to exchange certain outstanding options to purchase shares of Parent's Class A common stock granted under the 2008 EIP that had a per share exercise price equal to \$10.00 for restricted replacement shares (the Replacement Shares) of Parent's Class A common stock in an amount equal to 90.0% of the number of shares of Class A common stock underlying such person's eligible options. In addition, on October 22, 2012, Parent granted additional fully-vested stock (the Additional Shares) pursuant to a tax assistance program offered in connection with the 2012 Exchange Program. The Replacement Shares and Additional Shares were granted on October 22, 2012, the date of the commencement of the offer. If an individual participated in the 2012 Exchange Program, that person was required to tender his or her eligible options prior to November 19, 2012, the expiration date of the offer, in order to retain his or her Replacement Shares. If participants in the

Table of Contents

2012 Exchange Program timely delivered a properly completed election form under Code Section 83(b), Parent repurchased a portion of their Additional Shares with a value sufficient to fund a portion of the tax withholdings in connection with the award of the Replacement Shares, subject to an aggregate maximum amount. Additional Shares that were not repurchased were forfeited at the expiration of the offer on November 19, 2012. If an individual declined to participate in the 2012 Exchange Program, that person's Replacement Shares and Additional Shares were forfeited on November 19, 2012, the date of the expiration of the offer, and that person retained his or her eligible options.

Because the Replacement Shares and the Additional Shares were granted at the commencement of the offer, subject to forfeiture, \$804,602 and \$344,987 included in the Stock Awards column for 2012 for Messrs. Hogan and Walls, respectively, represents the incremental fair value of their time-vesting Replacement Shares and all of their Additional Shares (including those forfeited as described below) based on the closing price of Parent's Class A common stock on the date of grant, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based Replacement Shares that Mr. Hogan received on October 22, 2012, the grant date fair value of those performance-based Replacement Shares would have been \$110,016. However, on the date of grant, the actual fair market value of those performance-based Replacement Shares was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for those performance-based Replacement Shares in the Stock Awards column.

Mr. Hogan received 226,101 Replacement Shares and 163,295 Additional Shares at the commencement of the offer. Mr. Hogan participated in the 2012 Exchange Program and exchanged his eligible options for the 226,101 Replacement Shares. In addition, 124,187 of Mr. Hogan's Additional Shares were repurchased pursuant to the tax assistance program and the remaining 39,108 of Mr. Hogan's Additional Shares were forfeited. As a result, \$117,715 of the grant date fair value in respect of his Additional Shares included in the Stock Awards column for 2012 was forfeited.

Mr. Walls received 90,000 Replacement Shares and 65,000 Additional Shares at the commencement of the offer. Mr. Walls participated in the 2012 Exchange Program and exchanged his eligible options for the 90,000 Replacement Shares. In addition, 30,994 of Mr. Walls' Additional Shares were repurchased pursuant to the tax assistance program and the remaining 34,006 of Mr. Walls' Additional Shares were forfeited. As a result, \$102,358 of the grant date fair value in respect of his Additional Shares included in the Stock Awards column for 2012 was forfeited.

CCOH Stock Awards. The amounts shown in the Stock Awards column for Mr. Pittman for 2014, Mr. Bressler for 2013 and for Mr. Walls for 2012 include \$2,701,086, \$1,999,999 and \$1,999,996, respectively, as the full grant date fair value of time-vesting restricted stock or restricted stock units awarded to them by CCOH on January 13, 2014, July 29, 2013 and March 26, 2012, respectively, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. For time-vesting restricted stock or restricted stock unit awards, the grant date fair value is based on the closing price of CCOH's Class A common stock on the date of grant.

On July 26, 2012, Mr. Eccleshare was awarded a restricted stock unit award with respect to (1) 126,582 shares of CCOH's Class A common stock that contain performance-based vesting conditions and (2) 379,747 shares of CCOH's Class A common stock that contain time-vesting provisions. The amount shown in the Stock Awards column for Mr. Eccleshare for 2012 includes \$1,860,760 as the full grant date fair value of the time-vesting restricted stock units based on the closing price of CCOH's Class A common stock on the date of grant, as described above. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based restricted stock units that Mr. Eccleshare received, the grant date fair value of those performance-based restricted stock units

would have been \$620,252. However, on the date of grant, the actual fair market value of those performance-based restricted stock units was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for the performance-based restricted stock units in the Stock Awards column.

CCOH Option Awards. The amount shown in the Option Awards column for 2012 for Mr. Eccleshare reflects the full grant date fair value of time-vesting stock options awarded to Mr. Eccleshare by CCOH in 2012 computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations.

(c) The amounts reflect:

The remaining \$84,000 of the additional bonus opportunity with respect to 2013 will be paid in 2016 and the remaining \$170,000 of the additional bonus opportunity with respect to 2014 will be paid in equal installments in 2016 and 2017, in each case if Mr. Eccleshare remains employed on the payment dates.

Mr. Hogan also earned an additional \$900,000 pursuant to additional bonus opportunities based on pre-established performance goals with respect to 2012. These amounts were not reflected in the Non-Equity Incentive Plan Compensation column with respect to 2012 because they were to be paid 36 months after the performance goals were established if they remained employed through the payment date. Pursuant to Mr. Hogan's severance agreement and general release, his \$900,000 additional bonus opportunity was paid during 2014 in connection with his January 13, 2014 termination of employment as described in Potential Post-Employment Payments.

Except as described below with respect to aircraft usage, the value of all benefits included in the All Other Compensation column is based on Parent's actual costs.

As a result of Parent's high public profile and due in part to threats against Parent, its operations and management, iHeartMedia engaged an outside security consultant to assess security risks to Parent's physical plant and operations, as well as Messrs. Pittman and Bressler. Based upon the findings and recommendation of this security consultant, Parent's management and Board of Directors implemented, and Parent's management and Board intend to continue the implementation of, numerous security measures for Parent's operations and Messrs. Pittman and Bressler.

Pursuant to his employment agreement, for security purposes and at the direction of the Board, during the term of his employment, Parent agreed to make an aircraft available to Mr. Pittman for his business and personal use (including flights on which Mr. Pittman is not present) and will pay all costs associated with the provision of the aircraft. Parent currently leases an airplane for Mr. Pittman's use, as described in Certain Relationships and Related Party Transactions. Pursuant to the security assessment and at the direction of the Board, Mr. Pittman's spouse and dependents also travel by private aircraft for all personal and business travel. From time to time, our other officers also use the Company aircraft for personal air travel, pursuant to the Company's Aircraft Policy.

The value of personal aircraft usage reported above is based on Parent's direct variable operating costs. This methodology calculates an average variable cost per hour of flight. Parent applies the same methodology to aircraft that are covered by contracts with an outside aircraft management company under which Parent reimburses the aircraft management company for costs that would otherwise be incurred directly by Parent (including crew salaries, insurance, fuel and hangar rent) and pays them a monthly management fee for the oversight and administrative services that would otherwise have to be provided by Parent. On certain occasions, an executive's spouse or other family members and guests may accompany the executive on a flight and the additional direct operating cost incurred in such situations is included under the foregoing methodology.

Mr. Pittman is reimbursed for car service use for commuting and other personal purposes.

Pursuant to his employment agreement and in connection with his relocation to the United States, Mr. Eccleshare also received certain housing, tax and other services. Pursuant to his employment agreement and in connection with his relocation to New York City, Mr. Hogan received certain relocation, housing and tax benefits. For a description of these services and the other items reflected in the table above, see Employment Agreements with the Named Executive Officers below.

Mr. Hogan's severance payments reflected in the table above consist of: (1) \$900,000 earned under an additional bonus opportunity with respect to 2012 performance; (2) the final \$333,000 payment earned under an additional bonus opportunity with respect to 2011 performance; (3) an equity value preservation payment of \$1,027,355 pursuant to his employment agreement; (4) severance of \$1,995,248; (5) equipment retained by Mr. Hogan with a value of \$2,500; (6) \$20,000 for outplacement services fees; and (7) a lump sum of \$595,960 with respect to the repurchase of vested restricted shares. See Potential Post-Employment Payments for a summary of Mr. Hogan's severance agreement and general release.

entirety by the employment agreements. For further discussion of the amounts of salary and bonus and other forms of compensation, see Compensation Discussion and Analysis above. Robert W. Pittman

On October 2, 2011, Parent entered into an employment agreement with Robert W. Pittman, pursuant to which he serves as Chief Executive Officer of Parent and served as Executive Chairman of the Board of Directors of CCOH. On March 2, 2015, Mr. Pittman became the Chairman and Chief Executive Officer of CCOH. The October 2, 2011 employment agreement superseded the consulting agreement that Mr. Pittman previously entered into with Parent and Pilot Group Manager LLC, dated November 15, 2010, and had an initial term ending on December 31, 2016, with automatic 12-month extensions thereafter unless either party provided prior notice electing not to extend the employment agreement. On January 13, 2014, Parent entered into an amended and restated employment agreement with Mr. Pittman. The amended and restated employment agreement has an initial five-year term ending on January 13, 2019, with automatic 12-month extensions thereafter unless either party gives prior notice electing not to extend the agreement.

Pursuant to his amended and restated employment agreement, Mr. Pittman's minimum base salary increased from \$1,000,000 per year under his previous employment agreement to \$1,200,000 per year. His base salary may be increased at the discretion of Parent's Board or its compensation committee. Mr. Pittman also has the opportunity to earn an annual performance bonus for the achievement of reasonable performance goals established annually by Parent's Board or its compensation committee after consultation with Mr. Pittman. Under Mr. Pittman's previous employment agreement, his aggregate target annual bonus that could be earned upon achievement of all of his performance objectives was not less than \$1,650,000. Under the amended and restated employment agreement, beginning in 2014, Mr. Pittman's aggregate target annual performance bonus is 150% of his annual base salary. For 2014, Mr. Pittman received an annual incentive bonus of \$1,500,000, including a discretionary bonus of \$286,709. See Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus.

Mr. Pittman is entitled to participate in all pension, profit sharing and other retirement plans, all incentive compensation plans, all group health, hospitalization and disability or other insurance plans, paid vacation, sick leave and other employee welfare benefit plans in which other similarly situated employees of Parent may participate. In addition, during the term of his employment, Parent will make an aircraft (which, to the extent available, will be a Dassault-Breguet Mystere Falcon 900) available to Mr. Pittman for his business and personal use and will pay all costs associated with the provision of the aircraft. Parent leases this aircraft from a company controlled by Mr. Pittman. See Certain Relationships and Related Party Transactions Commercial Transactions. If a company aircraft is not available due to service or maintenance issues, Parent will charter a comparable aircraft for Mr. Pittman's business and personal use. Parent also will make a car and driver available for Mr. Pittman's business and personal use in and around the New York area as well as anywhere else on company business. During 2014, iHeartMedia reimbursed Mr. Pittman for legal fees incurred by Mr. Pittman in connection with the negotiation of the amended and restated employment agreement.

Pursuant to his previous employment agreement, on October 2, 2011, Mr. Pittman was granted a stock option to purchase 830,000 shares of Parent's Class A common stock. See Outstanding Equity Awards at Fiscal Year-End below. In connection with the amended and restated employment agreement, on January 13, 2014, Parent and Mr. Pittman amended his stock option to terminate and forfeit 200,000 of the options. The termination and forfeiture

applied ratably such that, effective January 13, 2014, 252,000 of the options were vested and 378,000 of the options vest ratably on the third, fourth and fifth anniversary of the October 2, 2011 grant date.

Pursuant to the amended and restated employment agreement, on January 13, 2014, Parent granted Mr. Pittman 350,000 restricted shares of Parent's Class A common stock. Mr. Pittman's Parent restricted stock award is divided into two tranches consisting of: (1) 100,000 shares (the Tranche 1 Shares) and (2) 250,000 shares (the Tranche 2 Shares). The Tranche 1 Shares vest in two equal parts on each of December 31, 2017 and December 31, 2018. The Tranche 2 Shares vest only if the Sponsors receive a 100% return on their investment in Parent in the form of cash returns. In addition, as provided in the amended and restated employment agreement, on January 13, 2014, CCOH granted Mr. Pittman 271,739 restricted shares of CCOH's Class A common stock. Mr. Pittman's CCOH restricted stock award vests in two equal parts on each of December 31, 2016 and December 31, 2017.

Mr. Pittman's amended and restated employment agreement contains a 280G gross-up provision that applies in certain circumstances in which any payments (the Company Payments) received by Mr. Pittman are deemed to be excess parachute payments subject to excise taxes under Section 4999 of the Code. If, at the time any such excise tax is imposed, the stockholder approval rules of Q&A 6 in the applicable Section 280G regulations (the Cleansing Vote Rules) are applicable and Mr. Pittman declines to submit such excess parachute payments for approval by Parent's stockholders, Parent will pay to Mr. Pittman an amount equal to the excise tax imposed by Section 4999 of the Code. If, at the time any excise tax is imposed, the Cleansing Vote Rules are

Table of Contents

not applicable, Mr. Pittman will be entitled to a gross-up payment equal to (1) the excise tax and (2) any U.S. Federal, state and local income or payroll tax imposed on the gross-up payment (excluding any U.S. Federal, state and local income or payroll taxes otherwise imposed on the Company Payments); provided that if the Company Payments are found to be equal to or less than 110% of the safe harbor amount referenced in the amended and restated employment agreement, the Company Payments will be reduced to equal the safe harbor amount, such that no excise tax will be imposed by Section 4999 of the Code.

Under the employment agreement, Mr. Pittman is required to protect the secrecy of the confidential information of Parent, CCOH and the subsidiaries of each (the Company Group). He also is prohibited by the agreement from engaging in certain activities that compete with the Company Group during employment and for 18 months after his employment terminates, and he is prohibited from soliciting employees or customers of the Company Group during employment and for 18 months after termination of employment. Parent agreed to defend and indemnify Mr. Pittman for acts committed in the course and scope of his employment.

Richard J. Bressler

On July 29, 2013, Parent entered into an employment agreement with Mr. Bressler. The employment agreement has an initial term ending on December 31, 2018, with automatic 12-month extensions beginning on January 1, 2019 unless either party gives prior notice electing not to extend the employment agreement.

Under the employment agreement, Mr. Bressler receives a base salary at a rate no less than \$1,200,000 per year, subject to increase at the discretion of Parent's Board or its compensation committee. Mr. Bressler also has the opportunity to earn an annual performance bonus for the achievement of reasonable performance goals established annually by Parent's Board or its compensation committee after consultation with Mr. Bressler. The annual target performance bonus that may be earned when all of Mr. Bressler's performance objectives are achieved will be not less than 150% of Mr. Bressler's base salary amount. In addition to the annual bonus, Mr. Bressler is also eligible for an additional annual bonus opportunity of up to \$500,000, based on Parent's achievement of one or more annual performance goals determined by Parent's chief executive officer and approved by Parent's Board or a committee thereof. Any additional bonus amounts will be paid during the quarter that follows the third anniversary of the beginning of the applicable performance period and will be contingent in each case upon Mr. Bressler's continued employment through the applicable payment date. For 2014, Mr. Bressler received an annual bonus of \$1,500,000, including a discretionary bonus of \$283,376. Mr. Bressler also earned an additional bonus of \$400,000 which will be paid when performance bonuses are generally paid in 2017 if he remains employed on the payment date. Mr. Bressler also is entitled to participate in all pension, profit sharing and other retirement plans, all incentive compensation plans, all group health, hospitalization and disability or other insurance plans, paid vacation, sick leave and other employee welfare benefit plans in which other similarly situated employees of Parent may participate.

During the term of his employment, Parent will make a car service available for Mr. Bressler's business use.

Mr. Bressler's employment agreement contains a 280G gross-up provision that applies in certain circumstances in which any Company Payments received by Mr. Bressler are deemed to be excess parachute payments subject to excise taxes under Section 4999 of the Code. If, at the time any such excise tax is imposed, the Cleansing Vote Rules are applicable and Mr. Bressler declines to submit the excess parachute payments for approval by Parent's stockholders, Parent will pay to Mr. Bressler an amount equal to the excise tax imposed by Section 4999 of the Code. If, at the time any excise tax is imposed, the Cleansing Vote Rules are not applicable, Mr. Bressler will be entitled to a gross-up payment equal to (1) the excise tax and (2) any U.S. Federal, state and local income or payroll tax imposed on such gross-up payment (excluding any U.S. Federal, state and local income or payroll taxes otherwise imposed on the Company Payments); provided that if the Company Payments are found to be equal to or less than 110% of the safe

harbor amount referenced in Mr. Bressler's employment agreement, the Company Payments will be reduced to equal the safe harbor amount, such that no excise tax will be imposed by Section 4999 of the Code.

Pursuant to Mr. Bressler's employment agreement, on July 29, 2013, Parent granted Mr. Bressler 910,000 restricted shares of Parent's Class A common stock. In addition, as provided in the employment agreement, on July 29, 2013, CCOH granted Mr. Bressler 271,739 restricted shares of the Class A common stock of CCOH. See Outstanding Equity Awards at Fiscal Year-End below.

Under the employment agreement, Mr. Bressler is required to protect the secrecy of the confidential information of the Company Group. He also is prohibited by the agreement from engaging in certain activities that compete with the Company Group during employment and for 18 months after his employment terminates, and he is prohibited from soliciting employees or customers of the Company Group during employment and for 18 months after termination of employment. Parent agreed to defend and indemnify Mr. Bressler for acts committed in the course and scope of his employment.

Table of Contents**C. William Eccleshare**

The agreement had no specified term, but generally could be terminated by Clear Channel Outdoor Ltd. without cause upon 12 months prior written notice or by Mr. Eccleshare without cause upon six months prior written notice.

The agreement set Mr. Eccleshare's initial base salary at £402,685 (or \$662,981 using the average exchange rate of £1=\$1.6464 for the year ended December 31, 2014), subject to additional annual raises at the sole discretion of Clear Channel Outdoor Ltd. As described below, in connection with his promotion to Chief Executive Officer of CCOH, Mr. Eccleshare's annual base salary was increased to \$1,000,000. Mr. Eccleshare also received a car allowance, was eligible to receive a performance bonus and was entitled to certain other employee benefits.

In addition, pursuant to his employment agreement, Mr. Eccleshare was entitled to have Clear Channel Outdoor Ltd. contribute a portion of his annual base salary to a personal pension plan (not sponsored by Clear Channel Outdoor Ltd.) registered under Chapter 2, Part 4 of the Finance Act of 2004 in the United Kingdom. Mr. Eccleshare's employment agreement also contained non-compete and non-solicitation provisions, each with a nine-month term, and a confidentiality provision with a perpetual term.

January 24, 2012 Employment Agreement. On January 24, 2012, Mr. Eccleshare was promoted to serve as Chief Executive Officer of CCOH, overseeing both our Americas and International outdoor divisions. In connection with his promotion, CCOH and Mr. Eccleshare entered into a new employment agreement. Mr. Eccleshare's employment agreement has an initial term beginning on January 24, 2012 and continuing until December 31, 2014, with automatic 12-month extensions thereafter, beginning on January 1, 2015, unless either CCOH or Mr. Eccleshare gives prior notice electing not to extend the employment agreement. The employment agreement replaces Mr. Eccleshare's Contract of Employment dated August 31, 2009.

As Chief Executive Officer of CCOH, Mr. Eccleshare relocated from CCOH's offices in London to CCOH's offices in New York City in 2012. In his position as Chief Executive Officer of CCOH and in his current position as Chairman and Chief Executive Officer of CCOH's International division, Mr. Eccleshare receives an annual base salary from CCOH of \$1,000,000. His salary will be reviewed at least annually for possible increase by the CCOH Board. During the term of the employment agreement, Mr. Eccleshare is eligible to receive an annual performance bonus from CCOH with a target of not less than \$1,000,000 and the opportunity to earn up to 200% of the target amount based on the achievement of the performance goals specified in his employment agreement for 2012 and the performance goals to be set by CCOH's Compensation Committee for years after 2012. In addition to the annual bonus, Mr. Eccleshare is eligible to receive an additional annual bonus from CCOH of up to \$300,000, based on the achievement of one or more annual performance goals determined by CCOH's Board of Directors or a subcommittee thereof. Any bonus earned under the additional bonus opportunity will be paid by CCOH in equal cash installments on or about the first, second and third anniversary of the beginning of the applicable performance period and will be contingent in each case upon his continued employment through the applicable payment date. For 2014, Mr. Eccleshare received an annual bonus of \$687,937. Mr. Eccleshare also (1) received an additional bonus payment of \$99,000 provided pursuant to his additional bonus opportunity earned with respect to 2012 performance, (2) received an additional bonus payment of \$84,000 provided pursuant to his additional bonus opportunity earned with respect to 2013 performance and (3) earned an additional bonus of \$255,000 with respect to his additional bonus opportunity with respect to 2014 performance, \$85,000 of which was paid in February 2015 and \$170,000 of which will be paid in equal installments in 2016 and 2017 when performance bonuses are generally paid if he remains employed on the applicable payment dates. See Compensation Discussion and Analysis Elements of Compensation Annual Incentive

Bonus.

CCOH continues to contribute to Mr. Eccleshare's personal pension plan registered under Chapter 2, Part 4 of the Finance Act of 2004 in the United Kingdom, as provided in his previous Contract of Employment. CCOH also agreed to reimburse Mr. Eccleshare for the reasonable costs and expenses (not to exceed \$25,000 annually, fully grossed-up for applicable taxes) associated with filing his U.S. and U.K. personal income tax returns, as applicable. If Mr. Eccleshare's actual U.S. and U.K. income tax and Social Security/National Insurance in a given year exceeds the tax obligations that he would have incurred on the same income (excluding all taxable income not paid by CCOH or a subsidiary or affiliate) had he remained subject only to U.K. income tax and National Insurance over the same period, CCOH will reimburse this excess tax on a fully-grossed up basis for applicable taxes. CCOH also agreed to make a car service available for Mr. Eccleshare's business use and paid all fees associated with the immigration applications for Mr. Eccleshare and his spouse. Mr. Eccleshare is eligible to receive health, medical, welfare and life insurance benefits and paid vacation on a basis no less favorable than provided to similarly-situated senior executives of CCOH; provided, however, that his life insurance benefit shall be for an amount equal to four times his annual base salary.

In connection with Mr. Eccleshare's relocation to New York City in 2012, CCOH reimbursed Mr. Eccleshare for all reasonable expenses associated with his relocation to New York City pursuant to CCOH's relocation policy. In addition, CCOH agreed to: (1) pay Mr. Eccleshare an additional \$200,000 (less applicable taxes) for relocation-related expenses not otherwise covered

by CCOH's relocation policy; (2) provide a reasonable number of flights during the first 12 months after Mr. Eccleshare's permanent relocation for his family to visit New York City; and (3) reimburse Mr. Eccleshare up to \$20,000 per month, fully grossed-up for applicable taxes, for housing in New York City during any portion of his employment period in which he is based in New York City.

As provided in the employment agreement, Mr. Eccleshare was awarded 506,329 CCOH restricted stock units on July 26, 2012 in connection with his promotion. See Outstanding Equity Awards at Fiscal Year-End below.

During Mr. Eccleshare's employment with CCOH and for 18 months thereafter, Mr. Eccleshare is subject to non-competition, non-interference and non-solicitation covenants substantially consistent with other senior executives of CCOH. Mr. Eccleshare also is subject to customary confidentiality, work product and trade secret provisions. During the term of the employment agreement, Mr. Eccleshare may continue to perform non-executive services with Hays plc. Upon his service with Hays plc ceasing, Mr. Eccleshare will be permitted to perform another non-executive role at any time with a business that does not compete with CCOH or its affiliates, subject to CCOH's prior written consent that will not be unreasonably withheld.

March 2, 2015 Amendment to January 24, 2012 Employment Agreement. Effective March 2, 2015, Mr. Eccleshare and CCOH entered into an amendment (the Eccleshare Amendment) to Mr. Eccleshare's employment agreement dated January 24, 2012 (the Prior Employment Agreement). Pursuant to the terms of the Eccleshare Amendment, (1) Mr. Eccleshare's title was amended to be Chairman and Chief Executive Officer of CCOH's International division, (2) the definition of Good Reason was amended to provide that Mr. Eccleshare may not trigger Good Reason as a result of the change in position and duties related to the Eccleshare Amendment for a period of one (1) year after the effective date of the Eccleshare Amendment, after which Mr. Eccleshare can exercise the right to trigger Good Reason as a result of the change in position and duties related to the Eccleshare Amendment for thirty (30) days as provided for and in accordance with the terms of his Prior Employment Agreement, (3) CCOH agreed to continue to reimburse Mr. Eccleshare for the reasonable costs and expenses (not to exceed \$25,000 annually, fully grossed-up for applicable taxes) associated with filing his U.S. and U.K. personal income tax returns, as applicable, both during the remainder of his employment with CCOH and for a period of twelve (12) months thereafter, and (4) CCOH agreed to reimburse Mr. Eccleshare for certain relocation costs associated with the relocation of Mr. Eccleshare and his family from New York City to London in connection with a termination due to death, disability, by CCOH without cause or by Mr. Eccleshare for Good Reason (as such terms are defined in the Prior Employment Agreement), whether such costs are incurred during his employment with CCOH or during the 12-month period thereafter (previously, Mr. Eccleshare would only be entitled to such reimbursement if the relevant costs were incurred during the 12-month period following termination of his employment with CCOH).

Robert H. Walls, Jr.

Effective January 1, 2010, Robert H. Walls, Jr. entered into an employment agreement with iHMMS. Pursuant to his agreement, Mr. Walls will serve as Executive Vice President, General Counsel and Secretary until his agreement is terminated by either party as permitted in the agreement.

Under his agreement, Mr. Walls receives compensation consisting of a base salary, incentive awards and other benefits and perquisites. Mr. Walls' annual base salary initially was set at \$550,000, with eligibility for additional annual raises commensurate with company policy. Mr. Walls' current annual base salary is \$750,000. During 2010, Mr. Walls received a \$500,000 signing bonus, a prorated portion of which he would have been required to reimburse if he terminated his employment without good reason within the first 12 months of his employment or iHMMS terminated his employment for cause during that period. No later than March 15 of each calendar year, Mr. Walls is eligible to receive a performance bonus. For 2010, Mr. Walls' target bonus was \$1,000,000, with the criteria being

50% EBITDA-based and 50% MBO-based. For purposes of his agreement, (1) EBITDA-based means performance criteria selected by the Board with respect to the annual bonus and with target performance determined on the same basis as determined for other similarly situated employees of iHMMS and its affiliates and (2) MBO-based means the subjective performance criteria agreed to on an annual basis between the Chief Executive Officer and Mr. Walls at about the same time as established for other similarly situated employees. For 2011, Mr. Walls' target bonus was required to be no less than 100% of his base salary for 2011, with the criteria being 50% EBITDA-based and 50% MBO-based. For 2012 and thereafter, Mr. Walls' target bonus will be no less than his base salary for the year to which the bonus relates and the criteria will be set by management in consultation with Mr. Walls. For 2014, Mr. Walls received an annual bonus of \$557,626. See Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus. He is entitled to participate in all employee benefit plans and perquisites in which other similarly situated employees may participate.

Mr. Walls also received certain other benefits, including reimbursement of legal expenses in connection with the negotiation of his employment agreement and certain relocation benefits in connection with his relocation to San Antonio, such as reimbursement of living expenses and commuting expenses until September 1, 2010, reimbursement of taxes associated with the relocation benefits as well as other relocation benefits in accordance with company policy.

Additionally, pursuant to his employment agreement, on December 31, 2010, Mr. Walls was granted a stock option to purchase 100,000 shares of Parent's Class A common stock, which Mr. Walls exchanged for shares of restricted stock in the 2012 Exchange Program described in footnote (b) to the Summary Compensation Table.

Under the employment agreement, Mr. Walls is required to protect the secrecy of confidential information of iHMMS and its affiliates and to assign certain intellectual property rights. He also is prohibited by the agreement from engaging in certain activities that compete with iHMMS and its affiliates during employment and for 12 months after his employment terminates, and he is prohibited from soliciting employees for employment during employment and for 12 months after termination of employment. iHMMS agreed to defend and indemnify Mr. Walls for acts committed in the course and scope of his employment.

Steven J. Macri

Effective October 7, 2013, Steven J. Macri entered into an employment agreement with Parent. Pursuant to his agreement, Mr. Macri will serve as Executive Vice President and Chief Financial Officer of iHeartMedia + Entertainment, Inc. (formerly known as Clear Channel Broadcasting, Inc.) (iHM), a wholly owned subsidiary of Parent, until October 6, 2017, after which time such employment period will be automatically extended from year to year unless either party gives notice of non-renewal as permitted in the agreement. On September 9, 2014, Mr. Macri became Senior Vice President - Corporate Finance of Parent as well.

Under his agreement, Mr. Macri receives compensation consisting of a base salary, incentive awards and other benefits and perquisites. Mr. Macri's current annual base salary is \$640,000. During 2013, Mr. Macri received a \$60,000 signing bonus. No later than March 15 of each calendar year, Mr. Macri is eligible to receive a performance bonus. For 2013, Mr. Macri's target bonus was \$375,000, with \$187,500 of such amount guaranteed and \$187,500 of such amount MBO-based. For purposes of his agreement, MBO-based means the subjective performance criteria agreed to on an annual basis between the President, Chief Operating Officer and Chief Financial Officer of iHeartMedia and Mr. Macri at about the same time as established for other similarly situated employees. For 2014 and thereafter, Mr. Macri's target bonus will be no less than his base salary for the year to which the bonus relates and the criteria will be set by management in consultation with Mr. Macri. For 2014, Mr. Macri received an annual bonus of \$560,000 including a discretionary bonus of \$143,789. Mr. Macri also earned an additional bonus of \$320,000 pursuant to his additional bonus opportunity with respect to 2014 performance, which will be paid when performance bonuses are generally paid in 2017 if he remains employed on the payment date. See Compensation Discussion and Analysis - Elements of Compensation - Annual Incentive Bonus. He is entitled to participate in all employee benefit plans and perquisites in which other similarly situated employees may participate.

Additionally, pursuant to his employment agreement, on October 7, 2013, Mr. Macri received a one-time long term incentive grant of 100,000 restricted stock.

Under the employment agreement, Mr. Macri is required to protect the secrecy of confidential information of Parent and its affiliates and to assign certain intellectual property rights. He also is prohibited by the agreement from engaging in certain activities that compete with Parent and its affiliates during employment and for 12 months after his employment terminates, and he is prohibited from soliciting employees for employment during employment and for 12 months after termination of employment. Parent agreed to defend and indemnify Mr. Macri for acts committed in the course and scope of his employment.

John E. Hogan

Prior to his retirement, effective June 29, 2008, John E. Hogan entered into an employment agreement with iHM, a wholly owned subsidiary of Parent, with such employment agreement amending and restating in its entirety his previous employment agreement with iHM. On November 15, 2010, Mr. Hogan entered into a new amended and restated employment agreement, pursuant to which he would have served as President and Chief Executive Officer of our Media & Entertainment division through December 31, 2013, with automatic extensions from year to year thereafter unless either party provided prior notice of non-renewal. Mr. Hogan and iHM further amended his amended and restated employment agreement on February 23, 2012, pursuant to which he would have served as Chairman and Chief Executive Officer of our Media & Entertainment division through December 31, 2015, with automatic extensions from year to year thereafter unless either party provided prior notice of non-renewal. In connection with the 2012 Exchange Program described in footnote (b) to the Summary Compensation Table, the guaranteed value provisions of his February 2012 amendment were amended on November 15, 2012 to reflect the exchange of his stock options for restricted stock in the 2012 Exchange Program so that, as described below, the guaranteed value provisions are offset by the value of the restricted stock received in the 2012 Exchange Program rather than the stock option awards, which no longer exist after the closing of the 2012 Exchange Program. In connection with Mr. Hogan's relocation from the offices in San Antonio to the offices in New York City, Mr. Hogan's employment agreement was amended effective June 3, 2013 to increase Mr. Hogan's compensation and provide for certain relocation benefits, as described below. On January 13, 2014, Mr. Hogan retired and entered into a severance agreement and general release with iHM. See [Potential Post-Employment Payments](#) for a description of Mr. Hogan's severance arrangements.

Table of Contents

Under Mr. Hogan's employment agreement, he received compensation consisting of a base salary, incentive awards and other benefits and perquisites. Pursuant to his November 2010 amended and restated employment agreement with iHM, Mr. Hogan's annual base salary initially was set at \$1,000,000, with eligibility for additional annual raises commensurate with company policy. In connection with his relocation from San Antonio to New York City, his base salary increased to \$1,125,000 effective June 3, 2013. In connection with his relocation, Parent also agreed to pay Mr. Hogan a housing allowance of \$25,000 per month (fully grossed-up for certain applicable taxes) for a period of 18 months and \$100,000 for relocation-related expenses. Pursuant to his employment agreement, Mr. Hogan was eligible to receive a performance bonus of not less than 120% of his annual base salary no later than March 15 of each calendar year if all of his performance objectives were achieved for the year. For 2013, the amount of his target performance bonus was increased to \$1,375,000 (with the new target performance bonus amount prorated for the portion of 2013 beginning on June 3, 2013). Pursuant to the February 2012 amendment to his agreement, Mr. Hogan was eligible to earn an additional bonus with a target of \$900,000, based upon criteria approved by the Compensation Committee, in addition to his annual performance bonus. In connection with his January 13, 2014 severance agreement and general release, iHM and Mr. Hogan agreed that he would receive an annual bonus of \$77,250 for 2013 as part of his severance. In addition, pursuant to his January 13, 2014 severance agreement and general release, Mr. Hogan was paid the \$900,000 that he previously earned with respect to 2012 performance pursuant to the additional bonus opportunity. See "Compensation Discussion and Analysis—Elements of Compensation—Annual Incentive Bonus" for a description of Mr. Hogan's bonus and "Potential Post-Employment Payments" for a description of Mr. Hogan's severance arrangements. During his employment, Mr. Hogan also was entitled to participate in all pension, profit sharing and other retirement plans, all incentive compensation plans, all group health, hospitalization and disability or other insurance plans, paid vacation, sick leave and other employee welfare benefit plans in which other similarly situated employees may participate. He also was reimbursed for his legal expenses in connection with the negotiation of his November 2010 amended and restated employment agreement and the February 2012 amendment thereto.

Under the employment agreement, Mr. Hogan remains required to protect the secrecy of iHM's confidential information and to assign certain intellectual property rights to iHM. Under his employment agreement, Mr. Hogan is prohibited from activities that compete with iHM or its affiliates for 12 months after leaving iHM, and he is prohibited from soliciting iHM's employees for employment for 12 months after termination regardless of the reason for termination of employment. The January 13, 2014 severance agreement and general release extended such 12 month periods to 24 months. However, pursuant to the terms of his employment agreement, upon receiving written permission from the Board, Mr. Hogan is permitted to engage in competing activities that would otherwise be prohibited by his employment agreement if such activities are determined in the sole discretion of the Board in good faith to be immaterial to the operations of iHM, or any subsidiary or affiliate thereof, in the location in question. Mr. Hogan also is prohibited from using iHM's confidential information at any time following the termination of his employment in competing, directly or indirectly, with iHM.

Mr. Hogan is entitled to reimbursement of reasonable attorneys' fees and expenses and full indemnification from any losses related to any proceeding to which he may be made a party by reason of his being or having been an officer of iHM or any of its subsidiaries (other than any dispute, claim or controversy arising under or relating to his employment agreement).

GRANTS OF PLAN-BASED AWARDS

Stock Incentive Plans

2008 Executive Incentive Plan. Parent grants equity incentive awards to named executive officers and other eligible participants under the 2008 EIP adopted in connection with, and prior to, the consummation of the Merger. The 2008

EIP is intended to advance the interests of Parent and its affiliates by providing for the grant of stock-based and other incentive awards to the key employees and directors of, and consultants and advisors to, Parent or its affiliates who are in a position to make a significant contribution to the success of Parent and its affiliates.

The 2008 EIP allows for the issuance of restricted stock, restricted stock units, incentive and non-statutory stock options, cash awards and stock appreciation rights to eligible participants, who include the key employees of Parent and its subsidiaries in the case of incentive stock options, and the key employees and directors of, and consultants and advisors to, Parent or any of its affiliates in the case of other awards.

The 2008 EIP is administered by the Board. The Board determines which eligible persons receive an award and the types of awards to be granted as well as the amounts, terms and conditions of each award including, if relevant, the exercise price, the form of payment of the exercise price, the number of shares, cash or other consideration subject to the award and the vesting schedule. These terms and conditions will be set forth in the award agreement furnished to each participant at the time an award is granted to him or her under the 2008 EIP. The Board also makes other determinations and interpretations necessary to carry out the purposes of the 2008 EIP. For a description of the treatment of awards upon a participant's termination of employment or change in control, see Potential Post-Employment Payments.

Table of Contents

Certain key participants who receive equity awards under the 2008 EIP are subject to additional restrictions on their ability to transfer the shares they receive pursuant to awards granted under the 2008 EIP. In addition, all participants in the 2008 EIP would be required to enter into a lock up or similar agreement with respect to the shares they receive pursuant to awards granted under the 2008 EIP in connection with a public offering of Parent's shares on terms and conditions requested by Parent or its underwriters.

CCOH Stock Incentive Plans. CCOH grants equity incentive awards to named executive officers in our outdoor businesses and other eligible participants under the 2012 Stock Incentive Plan and, prior to obtaining stockholder approval of the 2012 Stock Incentive Plan on May 18, 2012, the 2005 Stock Incentive Plan (collectively, the CCOH Stock Incentive Plan). The CCOH Stock Incentive Plan is intended to facilitate the ability of CCOH to attract, motivate and retain employees, directors and other personnel through the use of equity-based and other incentive compensation opportunities.

The CCOH Stock Incentive Plan allows for the issuance of restricted stock, incentive and non-statutory stock options, stock appreciation rights, director shares, deferred stock rights and other types of stock-based and/or performance-based awards to any present or future director, officer, employee, consultant or advisor of or to CCOH or its subsidiaries.

The CCOH Stock Incentive Plan is administered by CCOH's Compensation Committee, except that the entire CCOH Board has sole authority for granting and administering awards to CCOH's non-employee directors. The CCOH Compensation Committee determines which eligible persons receive an award and the types of awards to be granted as well as the amounts, terms and conditions of each award including, if relevant, the exercise price, the form of payment of the exercise price, the number of shares, cash or other consideration subject to the award and the vesting schedule. These terms and conditions will be set forth in the award agreement furnished to each participant at the time an award is granted to him or her under the CCOH Stock Incentive Plan. The CCOH Compensation Committee also makes other determinations and interpretations necessary to carry out the purposes of the CCOH Stock Incentive Plan. For a description of the treatment of awards upon a participant's termination of employment or change in control, see Potential Post-Employment Payments.

PENSION BENEFITS

Parent, iHeartCommunications and CCOH do not have any pension plans in which the named executive officers participate.

NONQUALIFIED DEFERRED COMPENSATION PLANS

Parent historically has offered a nonqualified deferred compensation plan for its highly compensated executives, pursuant to which participants could make an annual election to defer up to 50% of their annual salary and up to 80% of their bonus before taxes. Any matching credits on amounts deferred would be made in Parent's sole discretion and Parent retains ownership of all assets until distributed. Participants in the plan could allocate their deferrals and any Parent matching credits among different investment options, the performance of which would be used to determine the amounts to be paid to participants under the plan.

The committee that administers the nonqualified deferred compensation plan decided to suspend all salary and bonus deferral contributions and company matching contributions for the 2010 plan year and all succeeding plan years until reinstated by such committee.

Payments under the plan must begin upon separation from service, death, disability or change in control; however, key employees generally must wait six months after separation from service for distributions to begin. Payments will be made in accordance with the participant's elections if the participant reaches retirement under the plan (age 65, or age 55 and 10 years of service) and has an account balance of \$25,000 or more. If a participant terminates employment and does not meet both of these criteria, the participant's account balance will be distributed on the 10th of the month on or following 60 days after termination. Distributions due to financial hardship (as determined by Parent's Compensation Committee) are permitted, but other unscheduled withdrawals are not allowed. In the event of a change in control, all deferral account balances will be distributed in a lump sum as soon as administratively feasible. None of the named executive officers currently participates in the plan.

POTENTIAL POST-EMPLOYMENT PAYMENTS

The following narrative and table describe the potential payments or benefits upon termination, change in control or other post-employment scenarios for each of our named executive officers (other than Mr. Hogan), using an assumed December 31, 2014 trigger event for each scenario. In the case of Mr. Hogan, the narrative and table describe the actual payments and benefits provided to Mr. Hogan in connection with his retirement on January 13, 2014.

Robert W. Pittman

Termination by Parent for Cause, by Mr. Pittman without Good Cause or Upon Non-Renewal of the Agreement by Mr. Pittman. Robert W. Pittman's employment agreement provides for the following payments and benefits upon termination by us for Cause, by Mr. Pittman without Good Cause or due to the non-renewal of the agreement by Mr. Pittman.

Under the agreement, Cause is defined as: (1) conduct by Mr. Pittman constituting a material act of willful misconduct in connection with the performance of his duties; (2) continued, willful and deliberate non-performance by Mr. Pittman of his duties under the agreement (other than by reason of physical or mental illness, incapacity or disability) where such non-performance has continued for more than 15 business days after written notice; (3) Mr. Pittman's refusal or failure to follow lawful directives consistent with his job responsibilities where such refusal or failure has continued for more than 15 business days after written notice; (4) a criminal conviction of, or

plea of nolo contendere by, Mr. Pittman for a felony or material violation of any securities law including, without limitation, a conviction of fraud, theft or embezzlement or a crime involving moral turpitude; (5) a material breach of the agreement by Mr. Pittman; or (6) a material violation by Mr. Pittman of Parent's employment policies regarding harassment. In the case of (1), (3), (5) or (6), those acts will not constitute Cause unless Mr. Pittman has been given written notice specifying the conduct qualifying for Cause and Mr. Pittman fails to cure within 15 business days after receipt of the notice.

The term "Good Cause" includes, subject to certain exceptions: (1) a repeated willful failure by Parent to comply with a material term of the agreement after written notice by Mr. Pittman specifying the alleged failure; (2) a substantial and adverse change in Mr. Pittman's position, material duties, responsibilities or authority; or (3) a material reduction in Mr. Pittman's base salary, performance bonus opportunity or additional bonus opportunity. To terminate for Good Cause, Mr. Pittman must provide Parent with 30 days notice, after which Parent has 15 days to cure.

Table of Contents

If Parent terminates Mr. Pittman's employment for Cause, Parent will pay Mr. Pittman a lump sum cash payment equal to Mr. Pittman's accrued and unpaid base salary through the date of termination and any payments to which he may be entitled under applicable employee benefit plans (Accrued Amounts). If Mr. Pittman terminates his employment without Good Cause or elects not to renew his employment agreement, Parent will pay Mr. Pittman a lump sum cash payment equal to his Accrued Amounts and any earned but unpaid annual bonus with respect to a previous year (Earned Prior Year Annual Bonus).

Termination by Parent without Cause, by Mr. Pittman for Good Cause, Upon Non-Renewal of the Agreement by Parent or Upon Change in Control. If Parent terminates Mr. Pittman's employment without Cause, if Mr. Pittman terminates his employment for Good Cause or if Parent gives Mr. Pittman a notice of non-renewal, Mr. Pittman will receive a lump-sum cash payment equal to his Accrued Amounts and any Earned Prior Year Annual Bonus. In addition, provided he signs and returns a release of claims in the time period required, Parent will: (1) pay Mr. Pittman, over a period of two years, an amount equal to two times the sum of his base salary and target bonus; (2) reimburse Mr. Pittman for all COBRA premium payments paid by Mr. Pittman for continuation of healthcare coverage during the 18-month period following the date of Mr. Pittman's termination; and (3) pay Mr. Pittman a prorated annual bonus with respect to the days he was employed in the year that includes the termination, calculated as if he had remained employed through the normal payment date (Prorated Annual Bonus). Mr. Pittman's employment agreement does not provide for payments or benefits upon a change in control. Accordingly, if he is terminated without Cause after a change in control, Mr. Pittman will be entitled to the benefits described for a termination without Cause.

Termination due to Death or Disability. If Mr. Pittman is unable to perform his duties under the agreement on a full-time basis for more than 180 days in any 12-month period, Parent may terminate his employment. If Mr. Pittman's employment is terminated due to death or disability, Parent will pay to Mr. Pittman or his designee or estate: (1) a lump sum cash payment equal to his Accrued Amounts; (2) any Earned Prior Year Annual Bonus; and (3) a Prorated Annual Bonus. If a release of claims is signed and returned in the time period required, Parent will reimburse Mr. Pittman or his estate for all COBRA premium payments paid by Mr. Pittman or his estate for continuation of healthcare coverage during the 18-month period following Mr. Pittman's date of termination.

Impact of Termination on October 2, 2011 and October 15, 2012 Equity Awards. Except as described below, upon termination of Mr. Pittman's employment, all of his outstanding and unvested Parent stock options granted on October 2, 2011 and restricted stock granted on October 15, 2012 will be cancelled. If Mr. Pittman's employment is terminated by Parent without Cause or by Mr. Pittman for Good Cause within 12 months after a change of control of Parent where the Sponsors do not receive cash as a direct result of such transaction in an amount equal to at least 75% of their equity interest in Parent immediately prior to the transaction, his unvested options will vest and become immediately exercisable. If Mr. Pittman's employment is terminated by Parent without Cause or by Mr. Pittman for Good Cause (in circumstances other than as described in the previous sentence), the portion of his unvested options that would have vested within 12 months after the date of termination will vest on the date of termination and become immediately exercisable. Upon termination of his employment due to death or disability, Mr. Pittman's vested stock options will continue to be exercisable for the shorter of one year or the remaining 10-year term of the options. In the case of any termination of employment for a reason other than death or disability, Mr. Pittman's vested stock options will continue to be exercisable for the shorter of six months or the remaining 10-year term of the options. If both of the following conditions occur during the six-month period after termination of Mr. Pittman's employment, the period in which to exercise a vested option will be extended by an additional six months (in no event beyond the 10-year term of the options): (1) the average closing value of the Dow Jones Industrial Average for the 10 consecutive trading days immediately prior to the date the options would otherwise expire pursuant to the previous two sentences (the Exercise Measurement Period) is at least 20% less than for the 10 consecutive trading days ending on the date Mr. Pittman's employment terminated (the Base Measurement Period) and (2) the average closing price of the Class A

common stock as reported on the principle exchange on which it is listed for trading during the Exercise Measurement Period is at least 25% less than the average closing price of the Class A common stock reported on such exchange for the Base Measurement Period. If Mr. Pittman's employment is terminated by Parent without Cause within 12 months after a change of control, his time-vesting Parent restricted stock granted on October 15, 2012 will vest.

On January 13, 2014, Mr. Pittman and Parent amended and restated Mr. Pittman's employment agreement, providing certain additional benefits to Mr. Pittman, as described below.

Impact of Termination on Equity Awards Granted on January 13, 2014. In connection with Mr. Pittman's amended and restated employment agreement, he was granted awards of restricted stock by Parent and CCOH on January 13, 2014.

The Parent restricted stock award granted on January 13, 2014 is divided into the Tranche 1 Shares and the Tranche 2 Shares. The Tranche 1 Shares will: (1) continue to vest in accordance with the terms of the award agreement upon a Change in Control (as defined in the award agreement); (2) vest with respect to 50,000 shares in the event Mr. Pittman's employment is terminated by Parent without Cause, because Parent does not renew his employment agreement or because of Mr. Pittman's death or disability (each, a Good Leaver Termination); and (3) vest with respect to 100% of any unvested shares if a Good Leaver Termination occurs within 90 days of a Change in Control. The Tranche 2 Shares will: (1) in the case of a Good Leaver Termination, be subject to continued

Table of Contents

vesting for the six-month period following such termination in accordance with the Qualifying Return to Investor metrics set forth in the award agreement; (2) in the case of a Standalone CIC (defined as a Change in Control that the Board determines is not effected by an entity with material operating assets and after which the business and assets of Parent continue on a standalone basis materially consistent with immediately prior to the Change in Control), be converted to a dollar vesting schedule such that the Tranche 2 Shares will vest, if at all, at 100% on the date that the Fair Market Value (as defined in the award agreement) of one share of Parent's Class A common stock reaches \$36; (3) in the case of a Good Leaver Termination that occurs during the 18-month period following a Standalone CIC, vest as to 75% of any unvested Tranche 2 Shares if such Standalone CIC takes place prior to the first anniversary of the grant date; vest as to 50% of any unvested Tranche 2 Shares if such Standalone CIC takes place on or after the first anniversary of the grant date but prior to the second anniversary of the grant date; and vest as to 25% of any unvested Tranche 2 if such Standalone CIC takes place on or after the second anniversary of the grant date but prior to the fifth anniversary of the grant date; and (4) in the case of a Change of Control that is not a Standalone CIC, vest as to 75% of any unvested Tranche 2 Shares if such Change in Control takes place prior to the first anniversary of the grant date; vest as to 50% of any unvested Tranche 2 Shares if such Change in Control takes place on or after the first anniversary of the grant date but prior to the second anniversary of the grant date; and vest as to 25% of any unvested Tranche 2 Shares if such Change in Control takes place on or after the second anniversary of the grant date but prior to the third anniversary of the grant date. Any unvested shares that do not vest as described above will terminate on the date his employment terminates.

With respect to the CCOH restricted stock, in the event that Mr. Pittman's employment with Parent and its subsidiaries is terminated by Parent for a reason other than Cause or by Mr. Pittman for Good Cause, 50% of any shares of CCOH restricted stock that would otherwise vest within 12 months after such termination will remain outstanding and vest on the date such shares would otherwise have vested, except that if such termination occurs during the 90-day period prior to or the 12-month period following a Change in Control (as defined in the award agreement), 100% of any unvested CCOH restricted stock will vest upon the consummation of such Change in Control (or on the termination date in the case of a termination following a Change in Control). If Mr. Pittman ceases to be Executive Chairman of the Board of CCOH but continues to be employed by Parent, all unvested shares of CCOH restricted stock outstanding as of such termination will be converted into a number of shares of restricted stock of iHeartMedia having an aggregate Fair Market Value (as defined in Parent's Stock Incentive Plan) equal to the aggregate Fair Market Value of such unvested shares, in each case, as of the date of such termination, with such Parent restricted stock vesting on the terms and conditions as are set forth in the CCOH award agreement (substituting Parent for CCOH). In the event of Mr. Pittman's termination of employment or service from Parent for any other reason, then all unvested shares of CCOH restricted stock will be immediately forfeited.

Gross-Up Provisions under Mr. Pittman's January 13, 2014 Amended and Restated Employment Agreement.

Mr. Pittman's amended and restated employment agreement contains a 280G gross-up provision that applies in certain circumstances in which any Company Payments received by Mr. Pittman are deemed to be excess parachute payments subject to excise taxes under Section 4999 of the Code. If, at the time any excise tax is imposed, the Cleansing Vote Rules are applicable and Mr. Pittman declines to submit such excess parachute payments for approval by Parent's stockholders, Parent will pay to Mr. Pittman an amount equal to the excise tax imposed by Section 4999 of the Code. If, at the time any excise tax is imposed, the Cleansing Vote Rules are not applicable, Mr. Pittman will be entitled to a gross-up payment equal to (1) the excise tax and (2) any U.S. Federal, state and local income or payroll tax imposed on the gross-up payment (excluding any U.S. Federal, state and local income or payroll taxes otherwise imposed on the Company Payments); provided that if the Company Payments are found to be equal to or less than 110% of the safe harbor amount referenced in Mr. Pittman's employment agreement, the Company Payments will be reduced to equal the safe harbor amount, such that no excise tax will be imposed by Section 4999 of the Code.

In the event that Mr. Pittman's employment is terminated due to his death, disability or retirement, Parent will pay him a lump sum amount equal to any taxes paid by Mr. Pittman in accordance with Section 83(b) of the Code with respect to the Parent restricted stock awarded on January 13, 2014 that, at the time of such death, disability or retirement, remains unvested. For purposes of Mr. Pittman's employment agreement, retirement is deemed to occur if, for the 12-month period following Mr. Pittman's termination by reason of non-renewal of the employment agreement by either party (excluding termination by Parent for Cause or due to disability) or by Mr. Pittman without Good Cause, Mr. Pittman does not commence employment with or provide significant services as an advisor or consultant to Parent or any unaffiliated companies.

Richard J. Bressler

Termination by Parent for Cause, by Mr. Bressler without Good Cause or Upon Non-Renewal of the Agreement by Mr. Bressler. Richard J. Bressler's employment agreement provides for the following payments and benefits upon termination by us for Cause, by Mr. Bressler without Good Cause or due to the non-renewal of the agreement by Mr. Bressler.

Under the agreement, Cause is defined as: (1) conduct by Mr. Bressler constituting a material act of willful misconduct in connection with the performance of his duties; (2) continued, willful and deliberate non-performance by Mr. Bressler of his duties

Table of Contents

under the agreement (other than by reason of physical or mental illness, incapacity or disability) where such non-performance has continued for more than 15 business days after written notice; (3) Mr. Bressler's refusal or failure to follow lawful directives consistent with his job responsibilities where such refusal or failure has continued for more than 15 business days after written notice; (4) a criminal conviction of, or plea of nolo contendere by, Mr. Bressler for a felony or material violation of any securities law including, without limitation, a conviction of fraud, theft or embezzlement or a crime involving moral turpitude; (5) a material breach of the agreement by Mr. Bressler; or (6) a material violation by Mr. Bressler of Parent's employment policies regarding harassment. In the case of (1), (3), (5) or (6), those acts will not constitute Cause unless Mr. Bressler has been given written notice specifying the conduct qualifying for Cause and Mr. Bressler fails to cure within 15 business days after receipt of the notice.

The term "Good Cause" includes, subject to certain exceptions: (1) a repeated willful failure by Parent to comply with a material term of the agreement after written notice by Mr. Bressler specifying the alleged failure; (2) a substantial and adverse change in Mr. Bressler's position, material duties, responsibilities or authority; or (3) a material reduction in Mr. Bressler's base salary, performance bonus opportunity or additional bonus opportunity. The removal of Mr. Bressler from the position of Chief Financial Officer of CCOH will not constitute Good Cause. To terminate for Good Cause, Mr. Bressler must provide Parent with 30 days notice, after which Parent has 30 days to cure.

If Parent terminates Mr. Bressler's employment for Cause, Parent will pay Mr. Bressler a lump sum cash payment equal to Mr. Bressler's Accrued Amounts. If Mr. Bressler terminates his employment without Good Cause or elects not to renew his employment agreement, Parent will pay Mr. Bressler a lump sum cash payment equal to his Accrued Amounts and any earned but unpaid annual bonus and additional bonus opportunity with respect to a previous year ("Earned Prior Year Annual and Additional Bonus").

Termination by Parent without Cause, by Mr. Bressler for Good Cause, Upon Non-Renewal of the Agreement by Parent or Upon Change in Control. If Parent terminates Mr. Bressler's employment without Cause, if Mr. Bressler terminates his employment for Good Cause or if Mr. Bressler's employment is terminated following Parent's notice of non-renewal after the initial term of the employment agreement, Parent will pay to Mr. Bressler a lump sum amount equal to: (1) Mr. Bressler's Accrued Amounts; and (2) any Earned Prior Year Annual and Additional Bonus. In addition, provided he signs and returns a release of claims in the time period required, Parent will: (1) pay to Mr. Bressler, in periodic ratable installment payments twice per month over a period of 18 months following the date of termination, an aggregate amount equal to 1.5 times the sum of Mr. Bressler's base salary and target annual bonus; (2) reimburse Mr. Bressler for all COBRA premium payments paid by Mr. Bressler for continuation of healthcare coverage during the 18-month period following the date of Mr. Bressler's termination; (3) pay to Mr. Bressler a Prorated Annual Bonus; and (4) pay to Mr. Bressler a prorated bonus under his additional bonus opportunity, based on actual results for such year (the "Prorated Additional Bonus").

Termination due to Death or Disability. If Mr. Bressler is unable to perform his duties under the agreement on a full-time basis for more than 180 days in any 12 month period, Parent may terminate his employment. If Mr. Bressler's employment is terminated due to death or disability, Parent will pay to Mr. Bressler or to his designee or estate: (1) a lump sum equal to Mr. Bressler's Accrued Amounts; (2) any Earned Prior Year Annual and Additional Bonus; (3) Mr. Bressler's Prorated Annual Bonus; and (4) Mr. Bressler's Prorated Additional Bonus. If a release of claims is signed and returned in the time period required, Parent will reimburse Mr. Bressler or his estate for all COBRA premium payments paid by Mr. Bressler or his estate for continuation of healthcare coverage during the 18-month period following Mr. Bressler's date of termination.

Gross-Up Provisions. Mr. Bressler's employment agreement contains a 280G gross-up provision that applies in certain circumstances in which any Company Payments received by Mr. Bressler are deemed to be "excess parachute payments" subject to excise taxes under Section 4999 of the Code. If, at the time any excise tax is imposed, the

Cleansing Vote Rules are applicable and Mr. Bressler declines to submit the excess parachute payments for approval by Parent's stockholders, Parent will pay to Mr. Bressler an amount equal to the excise tax imposed by Section 4999 of the Code. If, at the time any excise tax is imposed, the Cleansing Vote Rules are not applicable, Mr. Bressler will be entitled to a gross-up payment equal to (1) the excise tax and (2) any U.S. Federal, state and local income or payroll tax imposed on the gross-up payment (excluding any U.S. Federal, state and local income or payroll taxes otherwise imposed on the Company Payments); provided that if the Company Payments are found to be equal to or less than 110% of the safe harbor amount referenced in Mr. Bressler's employment agreement, the Company Payments will be reduced to equal the safe harbor amount, such that no excise tax will be imposed by Section 4999 of the Code.

Impact of Termination on Equity Awards. In connection with Mr. Bressler's employment agreement, he was granted awards of restricted stock by Parent and CCOH on July 29, 2013.

The Parent award of 910,000 restricted shares of Parent's Class A common stock is divided into three tranches consisting of: (1) 250,000 shares (the Bressler Tranche 1 Shares); (2) 360,000 shares (the Bressler Tranche 2 Shares); and 300,000 shares (the Bressler Tranche 3 Shares). The Bressler Tranche 1 Shares will: (1) continue to vest in accordance with the terms of the award

agreement upon a Change in Control (as defined in the award agreement); (2) vest with respect to 50,000 shares in the event of a Good Leaver Termination; and (3) vest with respect to 100% of any unvested shares if a Good Leaver Termination occurs within the 90-day period prior to a Change in Control or following a Change in Control. The Bressler Tranche 2 Shares and Bressler Tranche 3 Shares will: (1) in the case of a Good Leaver Termination, be subject to continued vesting for the six-month period following such termination in accordance with the Qualifying Return to Investor metrics set forth in the award agreement; (2) in the case of a Standalone CIC, be converted to a dollar vesting schedule such that the Bressler Tranche 2 Shares will vest, if at all, at 100% on the date that the Fair Market Value (as defined in the award agreement) of one share of Parent's Class A common stock reaches \$36, and the Bressler Tranche 3 Shares will vest, if at all, on a pro rated basis (using straight line linear interpolation) upon the achievement, if any, of a Fair Market Value of Parent Class A common stock of between \$72 and \$100.08; (3) in the case of a Good Leaver Termination that occurs during the 18-month period following a Standalone CIC, vest as to 75% of any unvested Bressler Tranche 2 Shares and Bressler Tranche 3 Shares if such Standalone CIC takes place prior to the first anniversary of the grant date; vest as to 50% of any unvested Bressler Tranche 2 Shares and Bressler Tranche 3 Shares if such Standalone CIC takes place on or after the first anniversary of the grant date but prior to the second anniversary of the grant date; and vest as to 25% of any unvested Bressler Tranche 2 Shares and Bressler Tranche 3 Shares if such Standalone CIC takes place on or after the second anniversary of the grant date but prior to the fifth anniversary of the grant date; and (4) in the case of a Change of Control that is not a Standalone CIC, vest as to 75% of any unvested Bressler Tranche 2 Shares and Bressler Tranche 3 Shares if such Change in Control takes place prior to the first anniversary of the grant date; vest as to 50% of any unvested Bressler Tranche 2 Shares and Bressler Tranche 3 Shares if such Change in Control takes place on or after the first anniversary of the grant date but prior to the second anniversary of the grant date; and vest as to 25% of any unvested Bressler Tranche 2 Shares and Bressler Tranche 3 Shares if such Change in Control takes place on or after the second anniversary of the grant date but prior to the third anniversary of the grant date. Any unvested shares that do not vest as described above will terminate on the date his employment terminates.

On July 29, 2013, CCOH granted Mr. Bressler 271,739 restricted shares of Class A common stock of CCOH. In the event of Mr. Bressler's termination of employment or service for any reason, then, except as otherwise provided in the award agreement, all unvested shares of CCOH restricted stock will be immediately forfeited. In the event that Mr. Bressler's employment with Parent, CCOH and its subsidiaries is terminated by Parent or CCOH for a reason other than Cause or by Mr. Bressler for Good Cause, 50% of any shares of CCOH restricted stock that would otherwise vest within 12 months after such termination will remain outstanding and vest on the date such shares would otherwise have vested, except that if such termination occurs during the 90-day period prior to or the 12-month period following a Change in Control (as defined in the award agreement), 100% of any unvested CCOH restricted stock will vest upon the consummation of such Change in Control (or on the termination date in the case of a termination following a Change in Control). If Mr. Bressler ceases to be employed by CCOH and its subsidiaries by reason of termination by CCOH with or without Cause or at the written request of Parent but continues to be employed by Parent, all unvested shares of CCOH restricted stock outstanding as of such termination will be converted into a number of shares of restricted stock of Parent having an aggregate Fair Market Value (as defined in the 2008 EIP) equal to the aggregate Fair Market Value of such unvested shares, in each case, as of the date of such termination, with such Parent restricted stock vesting on the terms and conditions as are set forth in the CCOH award agreement (substituting Parent for CCOH).

C. William Eccleshare

Termination by CCOH for Cause or by Mr. Eccleshare without Good Reason. Mr. Eccleshare's employment agreement provides for the following payments and benefits upon termination by CCOH for Cause or by Mr. Eccleshare without Good Reason.

Under the agreement, Cause is defined as: (1) conduct by Mr. Eccleshare constituting a material act of willful misconduct in connection with the performance of his duties; (2) continued, willful and deliberate non-performance by Mr. Eccleshare of his duties (other than by reason of physical or mental illness, incapacity or disability) where such non-performance has continued for more than 15 business days following written notice of such non-performance; (3) Mr. Eccleshare's refusal or failure to follow lawful and reasonable directives consistent with his job responsibilities where such refusal or failure has continued for more than 15 business days following written notice of such refusal or failure; (4) a criminal conviction of, or a plea of nolo contendere by, Mr. Eccleshare for a felony or material violation of any securities law including, without limitation, conviction of fraud, theft or embezzlement or a crime involving moral turpitude; (5) a material breach by Mr. Eccleshare of any of the provisions of his employment agreement; or (6) a material violation by Mr. Eccleshare of CCOH's employment policies regarding harassment; provided, however, that Cause shall not exist under clauses (1), (2), (3), (5) or (6) unless Mr. Eccleshare has been given written notice specifying the act, omission or circumstances alleged to constitute Cause and he fails to cure or remedy such act, omission or circumstances within 15 business days after receipt of such notice.

The term Good Reason includes: (1) a change in Mr. Eccleshare's reporting line; (2) a material change in his titles, duties or authorities (other than if, after a restructuring or reorganization of CCOH or a sale or spinoff of all or a portion of CCOH's operations, Mr. Eccleshare continues as Chairman and Chief Executive Officer Clear Channel International of CCOH or Clear Channel International (or either of their respective

successors)); (3) a reduction in Mr. Eccleshare's base salary or target bonus, other than an across-the-board reduction applicable to all senior executive officers of CCOH; (4) a required relocation within the domestic United States of more than 50 miles of his primary place of employment; or (5) a material breach by CCOH of the terms of the employment agreement. To terminate for Good Reason, Mr. Eccleshare must provide CCOH with 30 days notice, after which CCOH has 30 days to cure. Pursuant to the Eccleshare Amendment, Mr. Eccleshare may not trigger Good Reason as a result of the change in position and duties related to the Eccleshare Amendment for a period of one (1) year after the effective date of the Eccleshare Amendment, after which Mr. Eccleshare can exercise the right to trigger Good Reason as a result of the change in position and duties related to the Eccleshare Amendment for thirty (30) days as provided for and in accordance with the terms of his Prior Employment Agreement.

If Mr. Eccleshare's employment is terminated by CCOH for Cause or by Mr. Eccleshare without Good Reason, CCOH will pay to Mr. Eccleshare his Accrued Amounts. In addition, if Mr. Eccleshare terminates his employment without Good Reason and he signs and returns a release of claims in the time period required, CCOH will pay to Mr. Eccleshare any Earned Prior Year Annual and Additional Bonus and, if CCOH terminates Mr. Eccleshare's employment after receipt of Mr. Eccleshare's notice of termination, CCOH will pay any base salary for the remaining portion of the 90-day advance notice period.

If Mr. Eccleshare is terminated for Cause, his CCOH stock options will be cancelled and any unvested CCOH restricted stock units will be forfeited. If Mr. Eccleshare terminates his employment without Good Reason, any unvested CCOH stock options will be cancelled, he will have three months to exercise any vested CCOH stock options and any unvested CCOH restricted stock units will be forfeited. If his employment is terminated due to retirement (resignation from employment when the sum of his full years of age and full years of service equals at least 70, and he is at least 60 years of age with five full years of service at the time), all of his issued CCOH stock options will continue to vest for the shorter of five years or the remainder of their original 10-year terms, and any unvested CCOH restricted stock units will continue to vest as if he were employed.

Termination by CCOH without Cause, by Mr. Eccleshare for Good Reason, Upon Non-Renewal of the Agreement by CCOH or Upon Change in Control. If CCOH terminates Mr. Eccleshare's employment without Cause (and not by reason of disability), if CCOH does not renew the initial term or any subsequent renewal terms of the employment agreement or if Mr. Eccleshare terminates his employment for Good Reason, CCOH will pay to Mr. Eccleshare any Accrued Amounts. In addition, if Mr. Eccleshare signs and returns a release of claims in the time period required, CCOH will: (1) pay to Mr. Eccleshare a severance payment in an amount equal to 120% of his then-applicable base salary and 100% of his then-applicable target annual bonus in respect of the year of termination (the Severance Payment), with such Severance Payment to be paid in equal monthly installments for a period of 12 months after such termination; (2) reimburse his family's reasonable relocation expenses from New York City to London that are incurred within 12 months after his termination, including reimbursement of the New York City apartment lease breakage fee (the Relocation Fee); (3) pay to Mr. Eccleshare any Earned Prior Year Annual and Additional Bonus; (4) pay to Mr. Eccleshare a Prorated Annual Bonus; and (5) provide for him and his dependents continued participation in CCOH's group health plan that covers Mr. Eccleshare at CCOH's expense for a period of three months as long as he timely elects continued coverage and continues to pay copayment premiums at the same level and cost as Mr. Eccleshare paid immediately prior to the termination (the COBRA Coverage Benefit). If Mr. Eccleshare violates the non-competition, non-interference or non-solicitation covenants contained in the employment agreement (after being provided a 10-day cure opportunity to the extent such violation is curable), Mr. Eccleshare will forfeit any right to the pro rata portion of the Severance Payment for the number of months remaining in the 18-month non-compete period after termination. In addition, no Relocation Fee or COBRA Coverage Benefit will be paid in the event of a violation of the non-competition, non-interference or non-solicitation covenants contained in the employment agreement (after being provided a 10-day cure opportunity to the extent such violation is curable) and Mr. Eccleshare will reimburse CCOH for any Relocation Fee and/or COBRA Coverage Benefit already paid.

Furthermore, in the event that Mr. Eccleshare's employment is terminated by CCOH without Cause or by Mr. Eccleshare for Good Reason, his unvested CCOH restricted stock units awarded on July 26, 2012 will vest, his unvested CCOH stock options will be cancelled and his vested CCOH stock options will continue to be exercisable for three months. Mr. Eccleshare's employment agreement does not provide for payments or benefits upon a change in control. Accordingly, if he is terminated without Cause after a change in control, Mr. Eccleshare will be entitled to the benefits described for a termination without Cause. Mr. Eccleshare's unvested CCOH stock options and CCOH restricted stock units will vest upon a change in control, with or without termination.

Termination due to Disability. If Mr. Eccleshare is unable to perform the essential functions of his full-time position for more than 180 consecutive days in any 12 month period, CCOH may terminate his employment. If Mr. Eccleshare's employment is terminated, CCOH will pay to Mr. Eccleshare or his designee any Accrued Amounts and the Relocation Fee for Mr. Eccleshare and his family. In addition, if Mr. Eccleshare signs and returns a release of claims in the time period required, CCOH will pay to Mr. Eccleshare or his designee any Earned Prior Year Annual and Additional Bonus, Prorated Annual Bonus and the COBRA Coverage Benefit. If his employment is terminated due to disability, his unvested CCOH stock options will continue to vest for the shorter of five years or the remainder of their original 10-year terms, and any unvested CCOH restricted stock units will continue to vest as if he were employed.

Table of Contents

Termination due to Death. If Mr. Eccleshare's employment is terminated by his death, CCOH will pay to his designee or estate: (1) the Accrued Amounts; (2) the Earned Prior Year Annual and Additional Bonus; (3) the Prorated Annual Bonus; and (4) the Relocation Fee. In addition, if Mr. Eccleshare's employment is terminated due to his death, CCOH will provide the COBRA Coverage Benefit. If Mr. Eccleshare is terminated due to his death, his unvested CCOH stock options will vest and continue to be exercisable for the shorter of one year or the remainder of the original 10-year term and his unvested CCOH restricted stock units will vest.

Robert H. Walls, Jr.

Termination by iHMMS for Cause or by Mr. Walls without Good Cause. Mr. Walls' employment agreement provides for the following payments and benefits upon termination by iHMMS for Cause or by Mr. Walls without Good Cause.

Under the agreement, Cause is defined as Mr. Walls: (1) willful and material misconduct that causes material and demonstrable injury, monetarily or otherwise, to iHMMS or its affiliates; (2) willful and material nonperformance of his duties (other than due to disability), willful and material failure to follow lawful directives consistent with his obligations under the agreement or other willful and material breach of the agreement, in each case after written notice specifying the failure; (3) conviction of, or plea of nolo contendere to, a felony or misdemeanor involving moral turpitude; or (4) fraud, embezzlement, theft or other act of dishonesty that causes material and demonstrable injury, monetarily or otherwise, to iHMMS or its affiliates. In the case of (1) or (2), unless the action by its nature is not curable or is a recurrence of a previously cured act with respect to which Mr. Walls has previously been provided notice, those acts will not constitute Cause unless Mr. Walls is provided with 10 days to cure after written notice and has an opportunity to address the Board upon his written request during the cure period.

The term Good Cause includes, subject to certain exceptions: (1) iHMMS' material breach of the agreement after written notice from Mr. Walls specifying the alleged failure; (2) a material diminution in Mr. Walls' base compensation; (3) a material diminution in his authority, duties or responsibilities; (4) a material diminution in the authority, duties or responsibilities of the Chief Executive Officer; or (5) a change in the place of Mr. Walls performance of more than 50 miles. To terminate for Good Cause, Mr. Walls must provide iHMMS with 30 days notice, after which iHMMS has 30 days to cure.

If Mr. Walls is terminated for Cause, he will receive a lump-sum cash payment equal to his Accrued Amounts. If Mr. Walls resigns without Good Cause, he will receive his base salary for the 60-day notice period and any Accrued Amounts and Earned Prior Year Annual Bonus. If he is terminated with Cause or if he resigns without Good Cause, his unvested Parent restricted stock and his unvested CCOH restricted stock units will be forfeited. If Mr. Walls' employment is terminated due to retirement (resignation from employment when the sum of his full years of age and full years of service equals at least 70, and he is at least 60 years of age with five full years of service at the time), his unvested CCOH restricted stock units will continue to vest as if he were employed.

Termination by iHMMS without Cause, by Mr. Walls for Good Cause or Upon Change in Control. If Mr. Walls is terminated by iHMMS without Cause or if Mr. Walls resigns for Good Cause: (1) he will receive a lump-sum cash payment equal to his Accrued Amounts and Earned Prior Year Annual Bonus; and (2) provided he signs and returns a release of claims in the time period required, he will receive a lump sum cash payment equal to (a) 1.5 times the sum of his annual rate of base salary on the date of termination plus his target bonus for the year of termination and (b) a Prorated Annual Bonus. However, if Mr. Walls violates the non-compete provisions of his agreement, he will forfeit a prorata portion of the amount described in (a) above for the amount of time remaining under the non-compete provisions.

In the event that Mr. Walls' employment is terminated by iHMMS without Cause or he terminates his employment for Good Cause, his unvested Parent restricted stock and his unvested CCOH restricted stock units will be forfeited. Mr. Walls' employment agreement does not provide for payments or benefits upon a change in control. Accordingly, if he is terminated without Cause after a change in control, Mr. Walls will be entitled to the benefits described for a termination without Cause. Mr. Walls' time-vesting Parent restricted stock will vest if he is terminated within 12 months after a change in control. His unvested CCOH restricted stock units will vest upon a change in control, with or without termination.

Termination due to Disability. If Mr. Walls is unable to perform the essential functions of his full-time position for more than 180 days in any 12 month period, iHMMS may terminate his employment. If Mr. Walls' employment is terminated, he will receive: (1) a lump-sum cash payment equal to his Accrued Amounts; (2) a lump sum cash payment equal to any Earned Prior Year Annual Bonus; and (3) provided he signs and returns a release of claims in the time period required, a Prorated Annual Bonus. In addition, Mr. Walls' unvested CCOH restricted stock units will continue to vest as if he were employed if his employment is terminated due to disability. His unvested Parent restricted stock will be forfeited.

Termination due to Death. If Mr. Walls' employment is terminated by his death, iHMMS will pay in a lump sum to his designee or, if no designee, to his estate: (1) his Accrued Amounts; (2) any Earned Prior Year Annual Bonus; and (3) a Prorated Annual Bonus. In addition, his unvested CCOH restricted stock units will vest if his employment is terminated due to death. His unvested Parent restricted stock will be forfeited.

Limitation on Benefits. To the extent that any of the payments and benefits under the agreement or otherwise would be subject to an excise tax under Section 4999 of the Code, then the payments will be payable either in full or as to such lesser amounts as would result in no portion of the payments being subject to an excise tax, whichever amount results in Mr. Walls receiving the greatest after-tax amount.

Steven J. Macri

Termination by Parent for Cause or by Mr. Macri without Good Cause. Mr. Macri's employment agreement provides for the following payments and benefits upon termination by Parent for Cause or by Mr. Macri without Good Cause.

Under the agreement, Cause is defined as Mr. Macri's: (1) willful misconduct; (2) non-performance of his duties (other than due to disability); (3) failure to follow lawful directives; (4) felony conviction, a plea of nolo contendere, or other conduct that has or would result in material injury to Parent's reputation; (5) a material breach of his employment agreement; or (6) a material violation of Parent's employment and management policies. In the case of (2), (3), (5), or (6) unless the action by its nature is not curable or is a recurrence of a previously cured act with respect to which Mr. Macri has previously been provided notice, those acts will not constitute Cause unless Mr. Macri is provided with 10 days to cure after written notice.

The term Good Cause includes, subject to certain exceptions: (1) Parent's material breach of the agreement after written notice from Mr. Macri specifying the alleged failure; (2) a substantial and unusual increase in responsibilities and authority without an offer of additional reasonable compensation; (3) a substantial and unusual reduction in responsibilities or authority; (4) if Mr. Macri's responsibilities and authority in a finance-related capacity have not been expanded within the first 12 months of his employment; or (5) a change in the place of Mr. Macri's performance of more than 50 miles. To terminate for Good Cause, Mr. Macri must provide Parent with 30 days written notice, after which Parent has 30 days to cure.

If Mr. Macri is terminated with Cause or he resigns without Good Cause, he will receive a lump-sum cash payment equal to his Accrued Amounts.

Termination by Parent without Cause or by Mr. Macri for Good Cause. If Mr. Macri is terminated by Parent without Cause or if Mr. Macri resigns for Good Cause: (1) he will receive a lump-sum cash payment equal to his Accrued Amounts; and (2) provided he signs and returns a release of claims in the time period required, he will receive (a) in periodic payments in accordance with ordinary payroll practices and deductions, his base salary on the date of termination for 12 months plus his target bonus for the year of termination and (b) a Prorated Annual Bonus.

Termination due to Disability. If Mr. Macri is unable to perform the essential functions of his full-time position for more than 180 days in any 12 month period, Parent may terminate his employment. If Mr. Macri's employment is terminated, he will receive: (1) a lump-sum cash payment equal to his Accrued Amounts and (2) the Prorated Annual Bonus.

Termination due to Death. If Mr. Macri's employment is terminated by his death, Parent will pay in a lump sum to his designee or, if no designee, to his estate: (1) his Accrued Amounts and (2) the Prorated Annual Bonus.

John E. Hogan retired from his position as Chairman and Chief Executive Officer of iHM on January 13, 2014.

In connection with Mr. Hogan's retirement, on January 13, 2014, iHM and Mr. Hogan entered into a severance agreement and general release pursuant to which iHM agreed to pay Mr. Hogan: (1) \$900,000, representing the amount previously earned by Mr. Hogan pursuant to an additional bonus opportunity with respect to 2012 performance; (2) an annual bonus of \$77,250 for performance during 2013; and (3) a prorated annual bonus with respect to the days he was employed during 2014, calculated as provided in his employment agreement dated November 15, 2010, as amended. Additionally, in exchange for the agreement, Mr. Hogan's release of claims and the extension of certain restrictive covenants applicable to him, iHM agreed to pay Mr. Hogan: (a) \$333,000, representing the remaining amount earned by Mr. Hogan pursuant to an additional bonus opportunity with respect to 2011 performance; (b) an equity value preservation payment equal to \$1,027,355, paid in a lump sum payment; (c) a lump sum severance payment equal to (x) \$1,538,000 minus (y) the Repurchase Amount; (d) a severance payment equal to \$3,297,000, paid over 36 months; and (e) a

payment of \$1,000,000, paid over 12 months, beginning on the first anniversary of the date of separation. However, if Mr. Hogan violates the restrictive covenants contained in Sections 4, 5 or 6 of his previous employment agreement, Mr. Hogan will be required to promptly repay amounts already received. Mr. Hogan also is entitled to receive continued healthcare coverage for 36 months, continued secretarial services for 6 months, \$20,000 in outplacement services, and a housing allowance of \$25,000 per month for up to 9 months, which amount is grossed up for applicable Federal, state and local taxes with respect to the housing allowance; provided, that the housing allowance payments will stop if Mr. Hogan ceases to have obligations under the terms of his current lease agreement. iHM also agreed to pay up to \$25,000 for Mr. Hogan's reasonable legal fees incurred in connection with the negotiation of the severance agreement and general release. In addition, Mr. Hogan was permitted to retain certain electronic equipment previously provided to Mr. Hogan by iHM.

Post-Employment Table

With respect to Mr. Hogan, the following table reflects the actual payments to Mr. Hogan in connection with his retirement on January 13, 2014. With respect to all other named executive officers, the following table describes the potential payments or benefits upon termination, other post-employment scenarios or change in control for each of those named executive officers, as if the triggering event occurred on December 31, 2014. The amounts in the table below show only the value of amounts payable or benefits due to enhancements in connection with each scenario, and do not reflect amounts otherwise payable or benefits otherwise due as a result of employment. In addition, the table does not include amounts payable pursuant to plans that are available generally to all salaried employees. The actual amounts to be paid out can only be determined at the time of such change in control or such executive officer's termination of service.

- (b) Amounts reflected in the **Change in Control without Termination** column were calculated assuming that no termination occurred after the change in control. The values of any benefits to the named executive officers that would arise only if a termination were to occur after a change in control are disclosed in the footnotes to the **Change in Control with Termination** or other applicable columns.
- (c) Represents (1) two times the sum of Mr. Pittman's base salary at termination and annual bonus target for the year ended December 31, 2014 and (2) a prorated annual bonus for the year ended December 31, 2014.
- (d) Represents a prorated annual bonus for the year ended December 31, 2014 pursuant to Pittman's employment agreement.
- (e) The values associated with the continued provision of health benefits are based on the 2014 premiums for insurance multiplied by the amount of time Messrs. Pittman, Bressler, Eccleshare and Hogan are entitled to those benefits pursuant to their respective employment agreements.
- (f) Amounts reflect the value of unvested Parent equity awards held by the respective named executive officers on December 31, 2014 that would be subject to accelerated vesting. This value is based upon the closing price of Parent's Class A common stock on December 31, 2014 of \$7.35, but it excludes stock options with an exercise price exceeding the closing price of Parent's Class A common stock on December 31, 2014. Also, in the case of Messrs. Pittman, Bressler, Eccleshare and Walls, the amounts reflect the value of unvested CCOH equity awards on December 31, 2014, based upon the closing price of CCOH's Class A common stock on December 31, 2014 of \$10.59 and excluding any stock options with an exercise price exceeding the closing price of CCOH's Class A common stock on December 31, 2014. The value of vested equity awards and equity awards that continue to vest and/or remain exercisable following termination (but vesting is not accelerated) are not included in this table.
- (g) If Mr. Pittman's employment had been terminated on December 31, 2014, in connection with the change of control transactions described in the table below, his restricted stock with the values set forth below at December 31, 2014, would have vested:

Event	Value of Restricted Stock at 12/31/14
Pittman 2014 Tranche 1 of Parent restricted stock vests 100% if a Good Leaver Termination occurs within 90 days before a change in control or after a change in control	\$735,000
Pittman 2014 Tranche 2 of Parent restricted stock vest 75% if a Good Leaver Termination occurs within 18 months after a Standalone Change in Control	\$1,378,125
Pittman 2012 Tranche 1 of Parent restricted stock vest 100% if Termination occurs within 12 months after a change of control	\$735,000
CCOH restricted stock vests 100% along with accumulated dividends if a termination occurs within 90 days before or 12 months after a change in control	\$3,010,053

Mr. Pittman was also granted stock options for Parent in 2011. However, as of the change in control date, the options were underwater. Therefore no value for the options was included in this table. See Robert W. Pittman for further information regarding the vesting of Mr. Pittman's equity awards.

- (h) In certain circumstances described under Robert W. Pittman and Richard J. Bressler above, Messrs. Pittman and Bressler would be eligible to receive an excise tax gross-up payment under the terms of their employment agreement. For purposes of calculating the gross-up amount shown in the table, the Company has assumed the termination and change in control scenario that would generate the largest gross-up payment for Messrs. Pittman and Bressler if they were terminated on December 31, 2014, which would be a Good Leaver Termination that occurs within 90 days after a change in control that also constitutes a Standalone Change in Control under their agreements.
- (i) Amounts reflected in the table represent the entire portion of post-employment payments for Mr. Bressler. Pursuant to the Corporate Services Agreement, a percentage of payments made to Mr. Bressler, other than payments with respect to the vesting of any Parent equity awards, would be allocated to CCOH. For 2014, this allocation is based on CCOH's 2013 OIBDAN as a percentage of iHeartCommunications' 2013 OIBDAN. For a further discussion of the Corporate Services Agreement, please refer to Compensation Discussion and Analysis Corporate Services Agreement or Certain Relationships and Related Party Transactions Corporate Services Agreement.

Table of Contents**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS****The Merger and the Management Agreement**

In connection with the merger by which Parent acquired us, we became party to a management agreement with the Sponsors and certain other parties thereto, pursuant to which the Sponsors provide management and financial advisory services to us and our wholly owned subsidiaries until 2018, at a rate not greater than \$15.0 million per year, plus reimbursable expenses. Stockholders Agreements

We are party to a stockholders agreement with CC IV, CC V, Mark P. Mays, Randall T. Mays, L. Lowry Mays and certain other parties. The stockholders agreement, among other things: (1) specifies how the parties vote in elections to Parent's board of directors; (2) restricts the transfer of shares subject to the agreement; (3) includes the ability of CC IV to compel the parties to sell their shares in a change of control transaction or participate in a recapitalization of Parent; (4) gives the parties the right to subscribe for their pro rata share of proposed future issuances of equity securities by Parent or its subsidiaries to the Sponsors or their affiliates; (5) requires the parties to agree to customary lock-up agreements in connection with underwritten public offerings; and (6) provides the parties with customary demand and piggy-back registration rights. We, CC IV and CC V also entered into a separate agreement with Mark P. Mays, Randall T. Mays, L. Lowry Mays and certain other parties that set forth terms and conditions under which certain of their shares of Parent's common stock would be repurchased by us following the termination of their employment (through the exercise of a call option by us or a put option by Mark P. Mays, Randall T. Mays and L. Lowry Mays, as applicable). Any shares of our common stock that Mark P. Mays, Randall T. Mays, L. Lowry Mays or their estate-planning entities acquired pursuant to stock elections are not subject to the stockholders agreement.

Affiliate Transaction Agreement

Parent, the Sponsors and iHeartCommunications are party to an agreement under which Parent agreed that neither it nor any of its subsidiaries will enter into or effect any affiliate transaction between Parent or one of its subsidiaries, on the one hand, and any Sponsor or any other private investment fund under common control with either Sponsor (collectively, the principal investors), on the other hand, without the prior approval of either a majority of the independent directors of Parent or a majority of the then-outstanding shares of Parent's Class A common stock (excluding for purposes of such calculation from both (1) the votes cast and (2) the outstanding shares of Class A common stock, all shares held at that time by any principal investor, any affiliate of a principal investor, or members of management and directors of Parent whose beneficial ownership information is required to be disclosed in filings with the SEC pursuant to Item 403 of Regulation S-K (the public shares)). That agreement expires upon the earlier of (1) an underwritten public offering and sale of Parent's common stock which results in aggregate proceeds in excess of \$250 million to us and after which Parent's common stock is listed on NASDAQ's National Market System or another national securities exchange (a qualified public offering) and (2) the consummation of a certain transaction resulting in a change of control (as defined in the agreement and summarized below) of Parent.

The following are not deemed to be affiliate transactions for purposes of the affiliate transaction agreement: (1) any commercial transaction between Parent or any of its subsidiaries, on the one hand, and any portfolio company in which any principal investor or any affiliate of a principal investor has a direct or indirect equity interest, on the other, so long as such transaction was entered into on an arms-length basis; (2) any purchase of bank debt or securities by a principal investor or an affiliate of a principal investor or any transaction between a principal investor or affiliate of a principal investor on the one hand, and Parent or one of its subsidiaries, on the other hand, related to the ownership of

bank debt or securities, provided such purchase or transaction is on terms (except with respect to relief from all or part of any underwriting or placement fee applicable thereto) comparable to those consummated within an offering made to unaffiliated third parties; (3) the payment by Parent or one of its subsidiaries of up to \$87.5 million in transaction fees to the principal investors or their affiliates in connection with the transactions contemplated by the Merger Agreement; (4) any payment of management, transaction, monitoring, or any other fees to the principal investors or their affiliates pursuant to an arrangement or structure whereby the holders of public shares of Parent are made whole for the portion of such fees paid by Parent that would otherwise be proportionate to their shareholdings; and (5) any transaction to which a principal investor or an affiliate thereof is a party in its capacity as a stockholder of Parent that is offered generally to other stockholders of Parent (including the holders of shares of Class A common stock) on comparable or more favorable terms.

A change of control of Parent will be deemed to have occurred upon the occurrence of any of the following: (1) any consolidation or merger of Parent with or into any other corporation or other entity, or any other corporate reorganization or transaction (including the acquisition of stock of Parent), in which the direct and indirect stockholders of Parent immediately prior to such consolidation, merger, reorganization, or transaction, own stock either representing less than 50% of the economic interests in and less than 50% of the voting power of Parent or other surviving entity immediately after such consolidation, merger, reorganization, or transaction or that does not have, through the ownership of voting securities, by agreement or otherwise, the power to elect a majority of the entire board of directors of Parent or other surviving entity immediately after such consolidation, merger, reorganization, or transaction, excluding any bona fide primary or secondary public offering; (2) any stock sale or other transaction or series of related transactions, after giving effect to which in excess of 50% of Parent's voting power is owned by any person or entity

and its affiliates or associates (as such terms are defined in the rules adopted by the SEC under the Securities Exchange Act), other than the principal investors and their respective affiliates, excluding any bona fide primary or secondary public offering; or (3) a sale, lease, or other disposition of all or substantially all of the assets of Parent.

The agreement described above terminates upon the earlier of a qualified public offering and the consummation of a change of control (as defined therein). Other than as described in the prior sentence, the agreement may not be terminated, amended, supplemented, or otherwise modified without the prior written approval of either (1) a majority of the independent directors of Parent elected by the holders of Class A common stock of Parent or (2) a majority of the then-outstanding public shares.

Corporate Services Agreement

iHeartMedia Management Services, Inc. has entered into a Corporate Services Agreement with CCOH to provide CCOH certain administrative and support services and other assistance. Pursuant to the Corporate Services Agreement, as long as iHeartCommunications continues to own greater than 50% of the total voting power of CCOH's common stock, iHeartMedia Management Services, Inc. will provide CCOH with such services and other assistance, which CCOH must accept. These include, among other things, the following:

treasury, payroll and other financial related services;

certain executive officer services;

human resources and employee benefits;

legal and related services;

information systems, network and related services;

investment services;

corporate services; and

procurement and sourcing support.

The charges for the corporate services generally are intended to allow iHeartMedia Management Services, Inc. to fully recover the allocated direct costs of providing the services, plus all out-of-pocket costs and expenses, generally without profit. The allocation of cost is based on various measures depending on the service provided, which measures include relative revenue, employee headcount or number of users of a service.

Under the Corporate Services Agreement, iHeartMedia Management Services, Inc. and CCOH each have the right to purchase goods or services, use intellectual property licensed from third parties and realize other benefits and rights under the other party's agreements with third-party vendors to the extent allowed by such vendor agreements. The agreement also provides for the lease or sublease of certain facilities used in the operation of our respective businesses and for access to each other's computing and telecommunications systems to the extent necessary to perform or receive the corporate services.

The Corporate Services Agreement provides that certain executive officers of iHeartCommunications will be made available to CCOH, and CCOH will be obligated to utilize those executive officers to serve as CCOH's executive officers. The Corporate Services Agreement may be terminated by mutual agreement or, after the date iHeartCommunications owns shares of CCOH's common stock representing less than 50% of the total voting power of CCOH's common stock, upon six months written notice by CCOH. iHeartMedia Management Services, Inc. charges an allocable portion of the compensation and benefits costs of such persons based on a ratio of CCOH's financial performance to the financial performance of iHeartCommunications. The compensation and benefits costs allocated to CCOH include such executives' base salary, bonus and other standard employee benefits, but exclude equity based compensation. For the year ended December 31, 2014, charges for the corporate and executive services provided to CCOH under the Corporate Services Agreement totaled \$31.2 million.

Commercial Transactions

As described elsewhere in this prospectus, entities controlled by the Sponsors hold all of the shares of Parent's Class B common stock and Class C common stock, representing a majority (whether measured by voting power or economic interest) of Parent's equity. Sperling) are affiliated with the Sponsors. Prior to becoming our President and Chief Financial Officer on July 29, 2013, Richard Bressler was a managing director at THL. In addition, director David C. Abrams is the managing member of the investment firm Abrams Capital, which beneficially owned 23.4% of Parent's outstanding Class A common stock as of March 25, 2015, and director Jonathon S. We are a leading global media and entertainment company specializing in radio, digital, out-of-home, mobile and on-demand entertainment and information services for national audiences and local communities and provide premiere opportunities for advertisers. We operate in more than 40 countries across five continents. The Sponsors are private equity firms and Mr. Abrams and Mr. Jacobson are affiliated with investment firms, each of which has investments in many companies. As a result of our worldwide reach, the nature of our business and the breadth of investments by the Sponsors and the investment firms affiliated with Mr. Abrams and Mr. Jacobson, it is not unusual for us to engage in ordinary course of business transactions with entities in which one of our directors, executive officers, greater than 5% stockholders or an immediate family member of any of them, may also be a director, executive officer, partner or investor or have some other direct or indirect interest.

During 2014, we provided ordinary course of business advertising and other services and/or received ordinary course of business services related to our media and entertainment and outdoor businesses exceeding \$120,000 in value with respect to 16 companies in which one or both of the Sponsors directly or indirectly owned a greater than 10% equity interest. Mr. Bressler was a Board observer for one of these companies during 2014. These transactions were negotiated on an arms-length basis and, in the aggregate, we were paid \$32.4 million by these entities and we paid \$13.9 million to these entities with respect to these 2014 transactions. In addition, an entity in which THL directly or indirectly owns a greater than 10% equity interest provided us with commercial credit card processing services pursuant to an arms-length agreement at competitive market rates, for which the fees paid by us did not exceed \$120,000.

From time to time the Sponsors or their affiliates or the investment firms affiliated with Mr. Abrams and Mr. Jacobson may acquire debt or debt securities issued by us either directly from us, in open market transactions or through loan syndications. As of December 31, 2014, the Sponsors collectively owned approximately \$1.6 billion principal amount and the investment firms affiliated with Mr. Abrams and Mr. Jacobson collectively owned approximately \$168.1 million principal amount of our Term Loans under our senior secured credit facilities and other debt securities (collectively, the Debt Securities). During 2014, we also paid an aggregate of approximately \$125.5 million in interest and an aggregate of approximately \$4.8 million in principal on the Debt Securities owned by the Sponsors and an aggregate of approximately \$12.0 million in interest and an aggregate of approximately \$1.4 million in principal on the Debt Securities owned by the investment firms affiliated with Mr. Abrams and Mr. Jacobson. The largest principal amount of the Debt Securities owned by the Sponsors collectively and owned by the investment firms affiliated with Mr. Abrams and Mr. Jacobson collectively was approximately \$1.8 billion and \$168.3 million, respectively, during 2014. As of December 31, 2014, the Term Loans owned by the Sponsors and the investment firm affiliated with Mr. Jacobson bear interest at various rates between LIBOR + 3.65% and LIBOR + 7.50%. The other Debt Securities owned by the Sponsors bear interest at 9.0% and the other Debt Securities owned by the investment firms affiliated with Mr. Abrams and Mr. Jacobson bear interest at 14.0% and 9.0%, respectively.

During 2012, we offered eligible lenders under our senior secured credit facility the opportunity to exchange certain outstanding Term Loans for newly issued 9.0% Priority Guarantee Notes due 2019. As part of that transaction, the Sponsors and investment firms affiliated with Mr. Abrams and Mr. Jacobson exchanged Term Loans held by them for the same principal amount of our Priority Guarantee Notes. Similarly, during 2013, we offered to eligible holders of its outstanding 10.75% Senior Cash Pay Notes due 2016 and 11.00%/11.75% Senior Toggle Notes due 2016 (collectively, the Outstanding Senior Notes) the opportunity to exchange Outstanding Senior Notes for newly issued senior notes due 2021 (the New Senior Notes). Investment firms affiliated with Mr. Abrams exchanged Outstanding Senior Notes for New Senior Notes as part of that transaction. Because these entities are affiliates of ours, they were not eligible to participate in the A/B exchange offers with respect to the Priority Guarantee Notes and the New Senior Notes that were required by the registration rights agreements relating to such notes. Under the terms of the registration rights agreements relating to the Priority Guarantee Notes and the new senior notes, these affiliates holding the unregistered Priority Guarantee Notes had the right to require us to file a shelf registration statement for

the resale of their Priority Guarantee Notes by giving notice by August 2013 and investment firms affiliated with Mr. Abrams had the right to require us to file a shelf registration statement for the resale of their New Senior Notes by giving notice by March 2014. In exchange for the agreement of these affiliates still holding unregistered Priority Guarantee Notes or unregistered New Senior Notes not to trigger the requirement to file a shelf registration statement by the applicable deadlines and waive their existing rights, in August 2013 we agreed to extend the time period that these affiliates may trigger their rights to require us to file a shelf registration statement for the Priority Guarantee Notes and in March 2014 we agreed to extend the time period that the investment firms affiliated with Mr. Abrams may trigger their rights to require us to file a shelf registration statement for the New Senior Notes. To date, none of these affiliates has triggered these rights.

As part of the employment agreement for Robert W. Pittman, who became our Chief Executive Officer and a member of our Board on October 2, 2011, we agreed to provide him with an aircraft for his personal and business use during the term of his employment. For a description of Mr. Pittman's employment agreement, see Executive Compensation Employment Agreements with the Named Executive Officers. Subsequently, one of our subsidiaries entered into a six-year aircraft lease with Yet Again Inc., a company controlled by Mr. Pittman, to lease an airplane for his use in exchange for a one-time upfront lease payment of \$3.0 million during 2011. Our subsidiary also is responsible for all related taxes, insurance and maintenance costs during the lease term (other than discretionary upgrades, capital improvements or refurbishment). We paid Yet Again Inc. \$1,828 during 2013 related to taxes and legal fees associated with the aircraft. On December 13, 2013 we terminated the lease agreement with Yet Again Inc. Pursuant to the terms

of the original lease. Yet Again Inc. refunded to us \$1,953,427 of the one-time upfront lease payment, based upon the period remaining in the term. On December 23, 2013, one of our subsidiaries entered into an aircraft lease with FalconAgain, Inc., a company controlled by Mr. Pittman, to lease an airplane for his use in exchange for a one-time payment of \$1,953,427, which our subsidiary paid in 2013. Our subsidiary also is responsible for all related taxes, insurance and maintenance costs during the lease term (other than discretionary upgrades, capital improvements or refurbishment). In addition, we paid Mr. Pittman \$14,445 during 2014 as reimbursement for Mr. Pittman's business use of a helicopter. We also entered into a sublease during 2014 with North American Membership Group, Inc., a portfolio company of Pilot Group Manager, LLC, an entity that Mr. Pittman is a member of and an investor in (Pilot Group), for the use of approximately 5,000 square feet in one of our office leases. Fixed rent is approximately \$400,000 annually plus a proportionate share of building expenses. The sublease will terminate on August 31, 2017. We also entered into a sublease, which is now expired by its terms, with Pilot Group to rent space in Rockefeller Plaza in New York City through July 29, 2014 for use by employees of Parent and its subsidiaries, including Mr. Pittman, in the operation of our businesses (the iHeartCommunications Sublease). Fixed rent was approximately \$560,000 annually plus a proportionate share of building expenses. We paid \$384,297 to Pilot Group for the use of its office space in Rockefeller Plaza in New York City and our share of related office expenses during 2014. In 2013, in exchange for use of additional space under the iHeartCommunications Sublease, our subsidiary offered rent abatement to Pilot Group in connection with a sublease with Pilot Group for the use of our office space at another New York City location through December 31, 2014 (the Pilot Group Sublease). Pilot Group reimbursed us \$6,491 for expenses associated with the Pilot Group Sublease in 2014. Pilot Group has three one-year renewal options under the Pilot Group Sublease which, if exercised, would provide for fixed rent of approximately \$158,000 annually plus a proportionate share of building expenses. In addition, on November 15, 2010, we issued and sold 706,215 shares of our Class A common stock to Pittman CC LLC, a Delaware limited liability company controlled by Mr. Pittman, for \$5,000,000 in cash, pursuant to a Stock Purchase Agreement dated November 15, 2010 by and among Pittman CC LLC, CC IV and CC V. Fifty percent of the shares were vested upon issuance and the remaining shares will vest upon certain liquidity transactions initiated by the Sponsors.

Until our annual meeting held on May 15, 2015, Mark P. Mays served as a member of our Board and until July 31, 2013, was an employee of ours. During 2013, subsidiaries of ours entered into various transactions with L. Lowry Mays, the father of Mark and Randall Mays, and other entities affiliated with the Mays family. On May 31, 2013, a subsidiary of ours sold a company-owned airplane (the Airplane) to L. Lowry Mays for \$12.2 million. Each party hired an appraiser to determine the value of the Airplane and the purchase price was based on the average of those two appraised values, adjusted for the value of the remaining rights under Mark and Randall Mays' employment agreements to use the Airplane and certain other costs related to the cost of the hangar. In connection with the sale of the Airplane, a subsidiary of ours assigned to an entity owned by L. Lowry Mays its right to lease the hangar housing the Airplane from the City of San Antonio. On May 31, 2013, in connection with the sale of the Airplane, a subsidiary of ours also entered into agreements with an entity owned by L. Lowry Mays for that entity to store another company-owned airplane in the hangar for \$10,000 per month and provide support services for that company-owned airplane stored in the hangar for \$15,000 per month. The storage and service agreements had initial terms of 180 days, with automatic 30 day renewals, and will terminate on February 25, 2015. In addition, on May 31, 2013, a subsidiary of ours leased space in our corporate headquarters in San Antonio to an entity owned indirectly by the Mays family for \$7,000 per month for a term expiring on August 31, 2014. A subsidiary of ours leases other office space in San Antonio for certain of its radio operations from an entity that is majority owned by Mark and Randall Mays and their sibling for a term expiring on December 31, 2015. Our subsidiary paid rent of \$242,280 for the leased office space during 2014.

Policy on Review, Approval or Ratification of Transactions with Related Persons

Parent has adopted formal written policies and procedures for the review, approval, or ratification of certain related party transactions involving us and one of our executive officers, directors or nominees for director, or owner of more than 5% of any class of Parent's voting securities, and which may be required to be reported under the SEC disclosure rules. Such transactions must be pre-approved by the Audit Committee of Parent's board of directors (other than the directors involved, if any) or by a majority of disinterested directors, except that no such pre-approval shall be required for an agreement, or series of related agreements, providing solely for ordinary course of business transactions made on standard terms and conditions where the aggregate amount to be paid to us is less than \$20 million or the aggregate amount paid by us is less than \$500,000. In addition, if our management, in consultation with our Chief Executive Officer or Chief Financial Officer, determines that it is not practicable to wait until the next Audit Committee meeting to approve or ratify a particular transaction, then the board of directors has delegated authority to the Chairman of the Audit Committee to approve or ratify such transactions. The Chairman of the Audit Committee reports to the Audit Committee any transactions reviewed by him or her pursuant to this delegated authority at the next Audit Committee meeting. The primary consideration with respect to the approval of related party transactions is the overall fairness of the terms of the transaction to us. The related person transactions described above in this prospectus were ratified or approved by the Audit Committee or board of directors pursuant to these policies and procedures, to the extent required. We generally expect transactions of a similar nature to occur during 2015.

Collateral and Guarantees

The senior secured credit facilities are guaranteed by us and each of our existing and future material wholly-owned domestic restricted subsidiaries, subject to certain exceptions.

Table of Contents

All obligations under the senior secured credit facilities, and the guarantees of those obligations, are secured, subject to permitted liens, including prior liens permitted by the indenture governing our senior notes, and other exceptions, by:

a lien on our capital stock;

100% of the capital stock of any future material wholly-owned domestic license subsidiary that is not a Restricted Subsidiary under the indenture governing our senior notes;

certain assets that do not constitute principal property (as defined in the indenture governing our senior notes);

certain of our specified assets and those of the guarantors that constitute principal property (as defined in the indenture governing our senior notes) securing obligations under the senior secured credit facilities up to the maximum amount permitted to be secured by such assets without requiring equal and ratable security under the indenture governing our senior notes; and

a lien on the accounts receivable and related assets securing our receivables based credit facility that is junior to the lien securing our obligations under such credit facility.

Certain Covenants and Events of Default

The senior secured credit facilities require us to comply on a quarterly basis with a financial covenant limiting the ratio of consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by our senior secured credit facilities) for the preceding four quarters. Our secured debt consists of the senior secured credit facilities, the receivables-based credit facility, the priority guarantee notes and certain other secured subsidiary debt. As required by the definition of consolidated EBITDA in our senior secured credit facilities, our consolidated EBITDA for the preceding four quarters of \$1.9 billion is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense), net plus share-based compensation and is further adjusted for the following items: (i) costs incurred in connection with the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) extraordinary, non-recurring or unusual gains or losses or expenses and severance; (iii) non-cash charges; (iv) cash received from nonconsolidated affiliates; and (v) various other items.

Receivables Based Credit Facility

As of March 31, 2015, there was \$120.0 million aggregate principal amount outstanding under our receivables based credit facility.

The receivables based credit facility provides revolving credit commitments of \$535.0 million, subject to a borrowing base. The borrowing base at any time equals 90% of our eligible accounts receivable and that of certain of our subsidiaries. The receivables based credit facility includes a letter of credit sub-facility and a swingline loan sub-facility.

We and certain subsidiary borrowers are the borrowers under the receivables based credit facility. We have the ability to designate one or more of our restricted subsidiaries as borrowers under the receivables based credit facility. The receivables based credit facility loans are available in U.S. dollars and letters of credit are available in a variety of currencies including U.S. dollars, Euros, Pounds Sterling, and Canadian dollars.

Interest Rate and Fees

Borrowings under the receivables based credit facility bear interest at a rate per annum equal to an applicable margin plus, at our option, either (i) a base rate determined by reference to the highest of (a) the prime rate of Citibank, N.A. and (b) the Federal Funds rate plus 0.50% or (ii) a Eurocurrency rate determined by reference to the rate (adjusted for statutory reserve requirements for Eurocurrency liabilities) for Eurodollar deposits for the interest period relevant to such borrowing. The applicable margin for borrowings under the receivables based credit facility ranges from 1.50% to 2.00% for Eurocurrency borrowings and from 0.50% to 1.00% for base-rate borrowings, depending on average daily excess availability under the receivables based credit facility during the prior fiscal quarter.

In addition to paying interest on outstanding principal under the receivables based credit facility, we are required to pay a commitment fee to the lenders under the receivables based credit facility in respect of the unutilized commitments thereunder. The commitment fee rate ranges from 0.25% to 0.375% per annum dependent upon average unused commitments during the prior quarter. We must also pay customary letter of credit fees.

Maturity

Borrowings under the receivables based credit facility will mature, and lending commitments thereunder will terminate, on the fifth anniversary of the effectiveness of the receivables based credit facility (December 24, 2017), provided that, (a) the maturity date will be October 31, 2015 if on October 30, 2015, greater than \$500.0 million in aggregate principal amount is owing under certain of our Term Loan credit facilities, (b) the maturity date will be May 3, 2016 if on May 2, 2016 greater than \$500.0 million aggregate principal amount of our 10.75% senior cash pay notes due 2016 and 11.00%/11.75% senior toggle notes due 2016 are outstanding and

Table of Contents

(c) in the case of any debt under clauses (a) and (b) that is amended or refinanced in any manner that extends the maturity date of such debt to a date that is on or before the date that is five years after the effectiveness of the receivables based credit facility, the maturity date will be one day prior to the maturity date of such debt after giving effect to such amendment or refinancing if greater than \$500,000,000 in aggregate principal amount of such debt is outstanding.

Prepayments

If at any time the sum of the outstanding amounts under the receivables based credit facility exceeds the lesser of (i) the borrowing base and (ii) the aggregate commitments under the facility, we will be required to repay outstanding loans and cash collateralize letters of credit in an aggregate amount equal to such excess. We may voluntarily repay outstanding loans under the receivables based credit facility at any time without premium or penalty, other than customary breakage costs with respect to Eurocurrency rate loans. Any voluntary prepayments we make will not reduce our commitments under the receivables based credit facility.

Guarantees and Security

The facility is guaranteed by, subject to certain exceptions, the guarantors of our senior secured credit facilities. All obligations under the receivables based credit facility, and the guarantees of those obligations, are secured by a perfected security interest in all of our and all of the guarantors' accounts receivable and related assets and proceeds thereof that is senior to the security interest of our senior secured credit facilities in such accounts receivable and related assets and proceeds thereof, subject to permitted liens, including prior liens permitted by the indenture governing certain of our senior notes (the Legacy Notes), and certain exceptions.

Certain Covenants and Events of Default

If borrowing availability is less than the greater of (a) \$50.0 million and (b) 10% of the aggregate commitments under the receivables based credit facility, in each case, for five consecutive business days (a Liquidity Event), we will be required to comply with a minimum fixed charge coverage ratio of at least 1.00 to 1.00 for fiscal quarters ending on or after the occurrence of the Liquidity Event, and will be continued to comply with this minimum fixed charge coverage ratio until borrowing availability exceeds the greater of (x) \$50.0 million and (y) 10% of the aggregate commitments under the receivables based credit facility, in each case, for 30 consecutive calendar days, at which time the Liquidity Event shall no longer be deemed to be occurring. In addition, the receivables based credit facility includes negative covenants that, subject to significant exceptions, limit our ability and the ability of our restricted subsidiaries to, among other things:

incur additional indebtedness;

create liens on assets;

engage in mergers, consolidations, liquidations and dissolutions;

sell assets;

pay dividends and distributions or repurchase capital stock;

make investments, loans, or advances;

prepay certain junior indebtedness;

engage in certain transactions with affiliates;

amend material agreements governing certain junior indebtedness; and

change lines of business.

The receivables based credit facility includes certain customary representations and warranties, affirmative covenants and events of default, including payment defaults, breach of representations and warranties, covenant defaults, cross-defaults to certain indebtedness, certain events of bankruptcy, certain events under ERISA, material judgments and a change of control. If an event of default occurs, the lenders under the receivables based credit facility will be entitled to take various actions, including the acceleration of all amounts due under our receivables based credit facility and all actions permitted to be taken by a secured creditor.

In order to incur (i) additional indebtedness under this test, CCOH's debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively, and (ii) additional indebtedness that is subordinated to the CCWH Senior Notes under this test, CCOH's debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1 for total debt. The indentures contain certain other exceptions that allow CCOH to incur additional indebtedness. The Series B CCWH Senior Notes indenture also permits CCOH to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if its debt to adjusted EBITDA ratios (as defined by the indentures) are lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively. The Series A CCWH Senior Notes indenture does not limit CCOH's ability to pay dividends. The Series B CCWH Senior

Notes indenture contains certain exceptions that allow CCOH to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by CCOH of amounts outstanding under the revolving promissory note issued by us to CCOH.

CCWH Senior Subordinated Notes

As of March 31, 2015, CCWH Subordinated Notes represented \$2.2 billion of aggregate principal amount of indebtedness outstanding, which consist of \$275.0 million aggregate principal amount of 7.625% Series A Senior Subordinated Notes due 2020 (the Series A CCWH Subordinated Notes) and \$1,925.0 million aggregate principal amount of 7.625% Series B Senior Subordinated Notes due 2020 (the Series B CCWH Subordinated Notes). Interest on the CCWH Subordinated Notes is payable to the trustee weekly in arrears and to the noteholders on March 15 and September 15 of each year, which began on September 15, 2012.

The CCWH Subordinated Notes are CCWH's senior subordinated obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior subordinated basis by CCOH, CCOI and certain of CCOH's other domestic subsidiaries. The CCWH Subordinated Notes are unsecured senior subordinated obligations that rank junior to all of CCWH's existing and future senior debt, including the CCWH Senior Notes, equally with any of CCWH's existing and future senior subordinated debt and ahead of all of CCWH's existing and future debt that expressly provides that it is subordinated to the CCWH Subordinated Notes. The guarantees of the CCWH Subordinated Notes rank junior to each guarantor's existing and future senior debt, including the CCWH Senior Notes, equally with each guarantor's existing and future senior subordinated debt and ahead of each guarantor's existing and future debt that expressly provides that it is subordinated to the guarantees of the CCWH Subordinated Notes.

At any time prior to March 15, 2015, CCWH were permitted to redeem the CCWH Subordinated Notes, in whole or in part, at a price equal to 100% of the principal amount of the CCWH Subordinated Notes plus a make-whole premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the CCWH Subordinated Notes, in whole or in part, on or after March 15, 2015, at the redemption prices set forth in the applicable indenture governing the CCWH Subordinated Notes plus accrued and unpaid interest to the redemption date. At any time on or before March 15, 2015, CCWH were permitted to elect to redeem up to 40% of the then outstanding aggregate principal amount of the CCWH Subordinated Notes at a redemption price equal

Table of Contents

to 107.625% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings, subject to certain restrictions. Notwithstanding the foregoing, neither CCOH nor any of its subsidiaries is permitted to make any purchase of, or otherwise effectively cancel or retire any Series A CCWH Subordinated Notes or Series B CCWH Subordinated Notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other addition with respect to any Series B CCWH Subordinated Notes or Series A CCWH Subordinated Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A CCWH Subordinated Notes to (b) the outstanding aggregate principal amount of the Series B CCWH Subordinated Notes shall be greater than 0.25, subject to certain exceptions.

The indenture governing the Series A CCWH Subordinated Notes contains covenants that limit CCOH and its restricted subsidiaries ability to, among other things:

incur or guarantee additional debt to persons other than us and our subsidiaries (other than CCOH) or issue certain preferred stock;

create restrictions on the payment of dividends or other amounts to CCOH from its restricted subsidiaries that are not guarantors of the notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of CCOH's assets; and

sell certain assets, including capital stock of CCOH's subsidiaries, to persons other than us and our subsidiaries (other than CCOH).

In addition, the indenture governing the Series A CCWH Subordinated Notes provides that if CCWH (i) makes an optional redemption of the Series B CCWH Subordinated Notes or purchases or makes an offer to purchase the Series B CCWH Subordinated Notes at or above 100% of the principal amount thereof, then CCWH shall apply a pro rata amount to make an optional redemption or purchase a pro rata amount of the Series A CCWH Subordinated Notes or (ii) makes an asset sale offer under the indenture governing the Series B CCWH Subordinated Notes, then CCWH shall apply a pro rata amount to make an offer to purchase a pro rata amount of Series A CCWH Subordinated Notes.

The indenture governing the Series A CCWH Subordinated Notes does not include limitations on dividends, distributions, investments or asset sales.

The indenture governing the Series B CCWH Subordinated Notes contains covenants that limit CCOH and its restricted subsidiaries ability to, among other things:

incur or guarantee additional debt or issue certain preferred stock;

make certain investments;

create restrictions on the payment of dividends or other amounts to CCOH from its restricted subsidiaries that are not guarantors of the notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of CCOH's assets;

sell certain assets, including capital stock of CCOH's subsidiaries;

designate CCOH's subsidiaries as unrestricted subsidiaries; and

pay dividends, redeem or repurchase capital stock or make other restricted payments.

The Series A CCWH Subordinated Notes indenture and Series B CCWH Subordinated Notes indenture restrict CCOH's ability to incur additional indebtedness but permit CCOH to incur additional indebtedness based on an incurrence test. In order to incur additional indebtedness under this test, CCOH's debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow CCOH to incur additional indebtedness. The Series B CCWH Subordinated Notes indenture also permits CCOH to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if its debt to adjusted EBITDA ratios (as defined by the indentures) is lower than 7.0:1. The Series A CCWH Senior Subordinated Notes indenture does not limit CCOH's ability to pay dividends. The Series B CCWH Subordinated Notes indenture contains certain exceptions that allow CCOH to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by CCOH of amounts outstanding under the revolving promissory note issued by us to CCOH.

(f/k/a Clear Channel Communications, Inc.), and not to any of its Subsidiaries, (ii) the terms *we*, *our* and *us* each refer to the Issuer and its consolidated Subsidiaries, (iii) the term *Holdings* refers to iHeartMedia Capital I, LLC (f/k/a Clear Channel Capital I, LLC), and not to any of its Subsidiaries and (iv) the term *Indenture* means the indenture dated as of February 26, 2015, as supplemented, among the Issuer, U.S. Bank National Association, as trustee (the *Trustee*), paying agent (the *Paying Agent*), registrar (the *Registrar*) and transfer agent, the Guarantors and Deutsche Bank Trust Company Americas, as collateral agent (the *Notes Collateral Agent*).

We issued \$950,000,000 aggregate principal amount of outstanding 10.625% priority guarantee notes due 2023 under the Indenture on February 26, 2015. The exchange notes will also be issued under the Indenture. Any outstanding note that remains outstanding after completion of the exchange offer, together with the exchange notes issued in connection with the exchange offer, will be treated as a single class of securities under the Indenture. The outstanding 10.625% priority guarantee notes due 2023 that remain outstanding after the completion of the exchange offer and exchange notes issued in the exchange offer are collectively referred to in this section as the *Notes*.

The following description is only a summary of the material provisions of the Indenture, the Notes, the Intercreditor Agreements and the other Security Documents and does not purport to be complete and is qualified in its entirety by reference to the provisions of those agreements, including the definitions therein of certain terms used in this

Description of the Exchange Notes. We urge you to read the Indenture, the Notes, the Intercreditor Agreements, and the other Security Documents because those agreements, not this description, define your rights as Holders of the Notes. Copies of the Indenture, Intercreditor Agreements and the other Security Documents may be obtained from the Issuer.

Brief Description of the Exchange Notes

The Notes:

are senior obligations of the Issuer;

rank *pari passu* in right of payment with respect to all existing and future unsubordinated indebtedness of the Issuer, including the Senior Credit Facilities, the Existing Priority Guarantee Notes and the Existing Senior Notes;

are secured by certain of the General Credit Facility Collateral of the Issuer on a *pari passu* lien basis with the General Credit Facilities and the Existing Priority Guarantee Notes, and are secured by the ABL Collateral of the Issuer on a junior priority basis *pari passu* with the lenders under the General Credit Facilities and holders of the Existing Priority Guarantee Notes, in each case subject to other prior liens permitted by the Indenture, exceptions described below under *Security Excluded Assets* and the limitations described below under *Security Limitations on Capital Stock Collateral* ;

are effectively subordinated to all indebtedness outstanding under the ABL Credit Facility to the extent of the value of the ABL Collateral;

are senior in right of payment to all Indebtedness of the Issuer which is by its terms subordinated in right of payment to the Notes;

are initially guaranteed by Holdings and each of the Issuer's Restricted Subsidiaries that guarantee the General Credit Facilities on a *pari passu* basis with respect to such Guarantor's guarantee of the General Credit Facilities;

are structurally subordinated to all existing and future obligations of any existing or future Subsidiaries of the Issuer that do not guarantee the Notes, including the obligations of CCO and its Subsidiaries; and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

The Guarantee of each Guarantor of the Notes:

are a senior obligation of such Guarantor;

rank *pari passu* in right of payment with respect to all existing and future unsubordinated Indebtedness of such Guarantor, including such Guarantor's guarantee of the Senior Credit Facilities and the Existing Priority Guarantee Notes;

Table of Contents

constitute Designated Senior Indebtedness for purposes of the Subordinated Guarantee Notes Indenture, and are senior in right of payment to such Guarantor's guarantee of the Subordinated Guarantee Notes;

are secured by certain of the General Credit Facility Collateral of such Guarantor on a *pari passu* lien basis with the General Credit Facilities and the Existing Priority Guarantee Notes, and are secured by the ABL Collateral of such Guarantor on a junior priority basis *pari passu* with the lenders under the General Credit Facilities and holders of the Existing Priority Guarantee Notes, in each case subject to other prior liens permitted by the Indenture, exceptions described below under Security Excluded Assets and the limitations described below under Security Limitations on Capital Stock Collateral ; and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

The Notes and the Guarantees will also have the benefit of a Lien in the Springing Lien Collateral if the Springing Lien Trigger Date occurs as described below.

Guarantees

The Guarantors, as primary obligors and not merely as sureties, jointly and severally irrevocably and unconditionally guarantee, in each case, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the Indenture and the Notes, whether for payment of principal of or interest on the Notes, expenses, indemnification or otherwise, on the terms set forth in the Indenture by executing the Indenture or a supplemental indenture.

Holdings and each Restricted Subsidiary that is a Domestic Subsidiary that guarantees any of the Senior Credit Facilities guarantee the Notes, subject to release as provided below. Each Guarantor's Guarantee of the Notes is a senior obligation of such Guarantor and is secured by the Collateral as described below under Security. The Guarantee of each Guarantor constitutes Designated Senior Indebtedness for purposes of the Subordinated Guarantee Notes. Most of the covenants described under Certain Covenants in the Indenture do not apply to Holdings. The Notes are structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Issuer that do not guarantee the Notes, including CCO and its subsidiaries.

Not all of the Issuer's Subsidiaries guarantee the Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute or contribute, as the case may be, any of their assets to a Guarantor or the Issuer. The non-guarantor Subsidiaries accounted for \$621.7 million, or 46%, of our revenue, approximately (\$2.9) million, or (3%), of our operating income, in each case, for the three months ended March 31, 2015 and \$2,988.8 million, or 47%, of our revenue, approximately \$284.6, or 26%, of our operating income, in each case, for the year ended December 31, 2014. Our non-guarantor Subsidiaries accounted for approximately \$7.0 billion, or 51%, of our total assets as of March 31, 2015 and approximately \$7.2 billion, or 51%, of our total assets as of December 31, 2014. As of March 31, 2015 and December 31, 2014, our non-guarantor Subsidiaries had \$6.4 billion and \$6.5 billion, respectively of total liabilities (including trade payables) to which the Notes would have been structurally subordinated.

For a description of the Collateral, lien priority and intercreditor arrangements, see Security below.

The obligations of each Restricted Guarantor under its Guarantee are limited as necessary to prevent such Guarantee from constituting a fraudulent conveyance under applicable law. Any Guarantor that makes a payment under its

Guarantee will be entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment (such net assets determined in accordance with GAAP).

If a Guarantee was rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees of the Subordinated Guarantee Notes and other obligations and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero.

Except as provided below, each Guarantee by a Restricted Guarantor provides by its terms that it shall be automatically and unconditionally released and discharged upon:

(1) (a) any sale, exchange or transfer (by merger or otherwise) of (i) the Capital Stock of such Restricted Guarantor (including any sale, exchange or transfer) after which the applicable Restricted Guarantor is no longer a Restricted Subsidiary or (ii) all or substantially all of the assets of such Restricted Guarantor, which sale, exchange or transfer is made in a manner in compliance with the applicable provisions of the Indenture; *provided, however*, that, in each case, if such Restricted Guarantor, immediately prior thereto, was a guarantor of any First Priority Lien Obligation and continues after such sale, exchange or transfer to be a guarantor of any First Priority Lien Obligation, no such release shall occur;

(b) the release or discharge of the guarantee by such Restricted Guarantor of the General Credit Facilities or the guarantee of any other Indebtedness which resulted in the creation of such Guarantee, except a discharge or release (i) by or as a result of payment under such other guarantee or (ii) in connection with a replacement, refunding or refinancing of the General Credit Facilities or such other Indebtedness if Indebtedness or other obligations under such replacement, refunding or refinancing will

Table of Contents

be guaranteed by such Restricted Guarantor; *provided, however*, that if such Restricted Guarantor, immediately prior thereto, was a guarantor of any Indebtedness of the Issuer or any other Guarantor and continues after such designation to be a guarantor of any such Indebtedness, no such release shall occur;

(c) the designation of any Restricted Subsidiary that is a Restricted Guarantor as an Unrestricted Subsidiary in accordance with the covenant described under Certain Covenants in the Indenture Limitation on Restricted Payments and the definition of Unrestricted Subsidiary ; *provided, however*, that if such Restricted Guarantor, immediately prior thereto, was a guarantor of any First Priority Lien Obligation and continues after such designation to be a guarantor of any First Priority Lien Obligation, no such release shall occur;

(d) the Issuer exercising its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the Issuer's obligations under the Indenture being discharged in a manner not in violation of the terms of the Indenture; and

(e) such Restricted Guarantor ceasing to be a Restricted Subsidiary as a result of any other transaction or designation permitted hereunder; *provided, however*, that if such Restricted Guarantor, immediately prior thereto, was a guarantor of any First Priority Lien Obligation and continues after such cessation to be a guarantor of any First Priority Lien Obligation, no such release shall occur; and

(2) such Restricted Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

The Guarantee by Holdings provides by its terms that it shall be automatically and unconditionally released and discharged upon (1) any sale, exchange or transfer (by merger or otherwise) of all or substantially all of the assets of Holdings, which sale, exchange or transfer is made in a manner in compliance with the applicable provisions of the Indenture; *provided, however*, that if Holdings immediately prior thereto was a guarantor of other Indebtedness of the Issuer or another Guarantor and continues after such sale, exchange or transfer to be a guarantor of such other Indebtedness of the Issuer or another Guarantor, no such release shall occur, (2) the Issuer exercising its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or (3) the Issuer's obligations under the Indenture being discharged in a manner in accordance with the terms of the Indenture.

If a Restricted Subsidiary has incurred any Indebtedness or issued any Disqualified Stock or Preferred Stock in reliance on its status as a Guarantor under the covenant Certain Covenants in the Indenture Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, then its Guarantee shall only be released and discharged if its obligations under such Indebtedness, Disqualified Stock or Preferred Stock, as the case may be, so incurred in reliance on its status as a Guarantor are satisfied in full and discharged or are otherwise permitted under the covenant described under Certain Covenants in the Indenture Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock (other than clause (13) of the second paragraph thereof).

Security

The Notes and the Guarantees, with certain exceptions, subject to prior Liens and subject to the limitations described below under Limitations on Capital Stock Collateral, are secured by Liens on the Collateral owned by the Issuer and each Guarantor, which will consist of (i) the General Credit Facility Collateral described below, as to which the Holders of the Notes have a security interest that is equal to the lien in favor of the lenders under the General Credit Facilities and the Existing Priority Guarantee Notes, and (ii) the ABL Collateral, as to which the lenders under the ABL Facility have a senior-priority security interest and the Holders of the Notes, the holders of obligations under the

General Credit Facilities and the holders of the Existing Priority Guarantee Notes have a junior-priority security interest. We refer to any entity that pledges Collateral hereunder as a Pledgor. The terms Contract, Fixtures, General Intangibles, Instrument, Investment Property, License and Security Interest, as used herein, shall have the meaning given to such terms in the Uniform Commercial Code.

The Collateral does not and will not comprise all or substantially all of the assets of the Pledgors. As described below under General Credit Facility Collateral, there are significant limitations on our ability to pledge assets as Collateral for the benefit of the Notes, and as described below under Excluded Assets, there are a number of assets that will not constitute Collateral for the benefit of the Notes. See Risks Related to the Notes. The lenders under our senior secured credit facilities and holders of our priority guarantee notes due 2019 may benefit from a more expansive security package than the notes.

General Credit Facility Collateral

As of the date of this prospectus, the General Credit Facility Collateral consisted of a lien on (1) 100% of the Capital Stock of the Issuer and (2) certain property and related assets that do not constitute Principal Property. The General Credit Facility Collateral shall not include any Principal Property until the Springing Lien Trigger Date. This means that assets that constituted General Credit Facility Collateral on the Issue Date may not constitute General Credit Facility Collateral in the future. If the vesting of

Table of Contents

the Notes Collateral Agent's rights in any pledge of the General Credit Facility Collateral requires the approval of the FCC prior to the vesting of such rights, such rights will not vest in the Notes Collateral Agent until such approval has been obtained. For example in the event that the stock of one of our subsidiaries that holds an FCC license becomes part of the Collateral and the Notes Collateral Agent seeks to effect a foreclosure with respect to such stock, the transferee in the foreclosure process must comply with FCC ownership requirements and must formally seek FCC approval, which approval process would take at least 30 days and would involve the participation of that subsidiary. See Risk Factors Risks Related to the Notes The amount of our obligations under our senior secured credit facilities, our existing priority guarantee notes and the notes substantially exceeds the value of the collateral securing the notes. The Issuer will be required to use its commercially reasonable efforts to obtain any such approvals.

The General Credit Facilities (and by virtue of a collateral sharing agreement, the priority guarantee notes due 2019) may benefit from a more expansive security package than the Notes. The General Credit Facilities have been granted a security interest in certain of our Principal Properties based on a basket in the Legacy Notes Indenture that is determined by reference to 15% of the total consolidated stockholders' equity of the Issuer as shown on the Issuer's balance sheet in the most recent annual report to its stockholders (the *Principal Properties Basket*). In addition, pursuant to the terms of a collateral sharing agreement, among the administrative agent under our cash flow credit facility, the trustee under the priority guarantee notes due 2019 and the collateral agent under the priority guarantee notes due 2019, following the commencement of insolvency proceedings the administrative agent on behalf of the lenders under the senior secured credit facilities has agreed to turn over to the trustee under the priority guarantee notes due 2019, for the benefit of the noteholders of the priority guarantee notes due 2019, a pro rata share (based upon the outstanding principal amount of priority guarantee notes due 2019 and loans under the senior secured credit facilities) of any recovery received on account of our Principal Properties. In return, the trustee under the priority guarantee notes due 2019 and the collateral agent under the priority guarantee notes due 2019 will turn over to the administrative agent under our senior secured credit facilities a percentage of the recovery received on account of the principal amount of priority guarantee notes due 2019 (where the numerator is the value of the cash and other assets turned over to the trustee under the priority guarantee notes due 2019 by the administrative agent under our senior secured credit facilities, and the denominator is the total principal amount of the claims of the noteholders of the priority guarantee notes due 2019 in such insolvency proceeding). Based on the most recent annual report to the Issuer's stockholders, stockholders' equity is negative and therefore the basket is zero. As a result, as of the date of this prospectus and until the occurrence (if at all) of the Springing Lien Trigger Date, the Holders of Notes will not have the benefit of a Lien or any security interest in Principal Properties. The lenders under the General Credit Facilities would likely take the position that the size of such basket is based on the consolidated stockholders' equity of the Issuer in the Issuer's annual report prior to the date of grant of security interest for those obligations. To the extent such a position is found to be correct, then the lenders under the General Credit Facilities (and by virtue of the collateral sharing agreement, the priority guarantee notes due 2019) will have substantially more assets securing the obligations thereunder than secure the Notes. There will not be any requirement that the obligations under the General Credit Facilities first be satisfied using proceeds from the assets that do not secure the Notes, which means the Holders of Notes may recover less than they would have if lenders under the General Credit Facilities first proceeded against such assets that do not secure the Notes. Until the Springing Lien Trigger Date, the Holders of Notes will not benefit from any security interest in our Principal Properties or the pledge of stock of our subsidiaries or intercompany loans between us and our subsidiaries or between our subsidiaries.

In the event that (1) the aggregate principal amount of the Legacy Notes outstanding is \$500 million or less, (2) the Legacy Notes Indenture has been amended or otherwise modified to remove or limit the applicability of the negative pledge covenant set forth in the Legacy Notes Indenture, (3) any Legacy Notes are secured or become required to be secured by a Lien on any Springing Lien Collateral or (4) the General Credit Facilities are secured by a Lien on any Springing Lien Collateral (other than any such Lien securing the General Credit Facilities permitted under the Legacy Notes Indenture solely pursuant to the Principal Properties Basket under the Legacy Notes Indenture as the Legacy

Notes Indenture was in effect on the Issue Date), then, on the date of the earliest to occur of such events (such date, the *Springing Lien Trigger Date*), the General Credit Facility Collateral will include all the Springing Lien Collateral (or, if only the events in clauses (3) and (4) above have occurred, only such of the Springing Lien Collateral as is subject to such Lien securing any Legacy Notes or the General Credit Facilities, as applicable). For purposes hereof, *Springing Lien Collateral* means (A) 100% of the Capital Stock of our wholly-owned domestic Restricted Subsidiaries and intercompany loans between the Issuer and its Restricted Subsidiaries or between any Restricted Subsidiaries and (B) our assets that constitute a Principal Property. We will be required to provide a perfected security interest in any Springing Lien Collateral not later than the earlier of the date on which the Lien in such Springing Lien Collateral is granted for the benefit of the General Credit Facilities or 60 days after the Springing Lien Trigger Date. Based solely on the current maturity schedule of our Legacy Notes, without giving effect to any voluntary repurchases or redemptions of our Legacy Notes, we would have less than \$500 million aggregate principal amount of Legacy Notes outstanding after December 15, 2016, when our 5.5% Senior Notes due 2016 mature.

As of the date of this prospectus, all of our wholly owned domestic license subsidiaries were Restricted Subsidiaries under the Legacy Notes Indenture; accordingly, as of the date of this prospectus, we did not provide any pledges of subsidiary stock or intercompany loans between the Issuer and its Restricted Subsidiaries or between any Restricted Subsidiaries as part of the General Credit Facility Collateral. Historically, we have not designated any of our wholly owned domestic license subsidiaries as unrestricted within the meaning of the Legacy Notes Indenture and do not intend to do so in the future. As a result, until the Springing Lien Trigger Date, the Holders of Notes will not have the benefit of any subsidiary stock pledges or pledges of intercompany loans between the Issuer and its Restricted Subsidiaries or between any Restricted Subsidiaries of our subsidiaries to secure the Notes. After the Springing Lien Trigger Date, any pledges of stock or other securities of our subsidiaries will be limited as described above and below.

Table of Contents

The Issuer and the Restricted Guarantors are required to provide a first-priority perfected security interest, subject to Permitted Liens which may have senior lien priority, in After-Pledged Property. Holdings will not be required to provide any security interest in After-Pledged Property.

Pledges of assets for the benefit of the Notes in the future may be subject to avoidance in a bankruptcy under certain circumstances. Because most of the assets that may be pledged for the Notes will occur in the future, if at all, there is a greater risk that a substantial portion of the Collateral could be subject to avoidance. See Risk Factors Risks Related to the Notes The amount of our obligations under our senior secured credit facilities, our existing priority guarantee notes and the notes substantially exceeds the value of the collateral securing the notes. and Risk Factors Risks Related to the Notes Any future pledge of collateral might be avoidable by a trustee in bankruptcy.

Excluded Assets

In addition to the limitations described herein, including the limitation described below under Limitations on Capital Stock Collateral, the following assets will not be included in the General Credit Facility Collateral, including after the Springing Lien Trigger Date:

- (a) any fee owned real property and all leasehold rights and interests in real property, other than, in each case, any fixtures (other than fixtures relating to mortgaged properties);
- (b) any General Intangible (other than FCC Authorizations, which are addressed in subsection (f) below), Investment Property, Intellectual Property or other property or rights of a Pledgor arising under or evidenced by any contract, lease, instrument, license or other document if (but only to the extent that) the grant of a security interest therein would (x) constitute a violation of a valid and enforceable restriction in respect of, or result in the abandonment, invalidation or unenforceability of, such General Intangible, Investment Property, Intellectual Property or other property or rights in favor of a third party or under any law, regulation, permit, order or decree of any governmental authority, unless and until all required consents shall have been obtained (the restrictions described herein shall not include negative pledges or similar undertakings in favor of a lender or other financial counterparty) or (y) expressly give any other party (other than another Pledgor or its Affiliates) in respect of any such contract, lease, instrument, license or other document, the right to terminate its obligations thereunder; *provided, however*, that the limitation set forth in this clause (b) shall not affect, limit, restrict or impair the grant by a Pledgor of a security interest pursuant to the Indenture in any such Collateral to the extent that an otherwise applicable prohibition or restriction on such grant is rendered ineffective by any applicable law, including the UCC; *provided, further*, that, at such time as the condition causing the conditions in subclauses (x) and (y) of this clause (b) shall be remedied, whether by contract, change of law or otherwise, the contract, lease, instrument, license or other documents shall immediately cease to be an excluded asset, and any security interest that would otherwise be granted herein shall attach immediately to such contract, lease, instrument, license or other document, or to the extent severable, to any portion thereof that does not result in any of the conditions in subclauses (x) or (y) above;
- (c) any assets to the extent and for so long as the pledge of such assets is prohibited by law and such prohibition is not overridden by the UCC or other applicable law;
- (d) Excluded Stock Collateral or debt securities of any Affiliate of the Issuer to the extent and for so long as a pledge of such Excluded Stock Collateral or debt securities to secure the Notes would result in additional financial reporting requirements under Rule 3-16 under Regulation S-X promulgated under the Exchange Act;
- (e) margin stock (within the meaning of Regulation U of the Federal Reserve Board);

(f) any FCC Authorizations to the extent (but only to the extent) that at such time the Notes Collateral Agent may not validly possess a security interest therein pursuant to applicable communications laws, but the Collateral shall include, to the maximum extent permitted by law, all rights incident or appurtenant to the FCC Authorizations (except to the extent requiring approval of any governmental authority, including the FCC) and the right to receive all proceeds derived from or in connection with the sale, assignment or transfer of the FCC Authorizations;

(g) any Intellectual Property to the extent that the attachment of the security interest of the Security Documents thereto, or any assignment thereof, would result in the forfeiture, invalidation or unenforceability of the Pledgors rights in such property including any Trademark applications filed in the USPTO on the basis of such Pledgors intent-to-use such Trademark, unless and until acceptable evidence of use of such Trademark has been filed with the USPTO pursuant to Section 1(c) or Section 1(d) of the Lanham Act (15 U.S.C. 1051, et seq.), to the extent that granting a lien in such Trademark application prior to such filing would adversely affect the enforceability or validity of such Trademark application;

(h) any particular assets if, in the reasonable judgment of the Administrative Agent under the General Credit Facilities, determined in consultation with the Issuer and evidenced in writing, the burden, cost or consequences (including any material adverse tax consequences) to the Issuer or its Subsidiaries of creating or perfecting a pledge or security interest in such assets for the benefit of the secured parties under the General Credit Facilities or obtaining title insurance or taking other actions in respect of such assets is excessive in relation to the benefits to be obtained therefrom by the secured parties under the General Credit Facilities; and

Table of Contents

(i) any assets of a Pledgor that are held for sale and identified to the Administrative Agent under the General Credit Facilities prior to the Issue Date.

In the event any asset described in clauses (a) (i) (other than clause (d)) above is pledged for the benefit of any First Priority Lien Obligation, such asset shall constitute General Credit Facility Collateral and shall be pledged as After-Pledged Property with respect to the Notes.

ABL Collateral

The ABL Collateral consists of the accounts receivable and related assets pledged to secure the ABL Credit Facility. The ABL Collateral does not consist of all of the accounts receivable and related assets of the Issuer and the other Pledgors.

The Pledgors will be able to incur additional Indebtedness in the future which could share in the Collateral on a priority basis, on an equal and ratable basis or on a junior priority basis. The amount of all such additional Indebtedness will be limited by the covenants disclosed under Certain Covenants in the Indenture Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants in the Indenture Liens, but under certain circumstances the amount of such additional secured Indebtedness could be significant. The Collateral will be further limited to the extent described below under Limitations on Capital Stock Collateral, and subject to the other limitations described herein.

The Holders of Notes will not be permitted to take enforcement action with respect to the Collateral except under limited circumstances as provided in the Intercreditor Agreements. For a description of those limitations and the other material terms of the Intercreditor Agreements, see Intercreditor Agreements below.

Releases of Collateral

Liens on the property and other assets included in the Collateral securing the Notes will be released automatically under any one or more of the following circumstances:

- (1) to enable us to consummate the disposition of property or assets to the extent not prohibited and otherwise in accordance with the covenant described under Repurchase at the Option of Holders Asset Sales ; *provided, however*, that if such property or assets, immediately prior thereto, were subject to any Lien securing any First Priority Lien Obligation and such property or assets continue after such disposition to be subject to a Lien securing any First Priority Lien Obligation, no such release shall occur with respect to such property or assets;
- (2) in respect of the property and assets of a Restricted Guarantor, upon the designation of such Restricted Guarantor as an Unrestricted Subsidiary in accordance with the covenant described under Certain Covenants in the Indenture Limitation on Restricted Payments and the definition of Unrestricted Subsidiary ; *provided, however*, that if any property or assets of such Restricted Guarantor, immediately prior thereto, was subject to any Lien securing any First Priority Lien Obligation and such property or assets continue after such designation to be subject to a Lien securing any First Priority Lien Obligation, no such release shall occur;
- (3) in the case of the property and assets of a Restricted Guarantor, upon the release of such Restricted Guarantor from its Guarantee of the Notes;
- (4) as described under Intercreditor Agreements below; and

(5) as described under Amendment, Supplement and Waiver below.

The security interests in all Collateral securing the Notes also will be released upon payment in full of the principal of, together with accrued and unpaid interest on, the Notes and all other Obligations under the Indenture, the Notes, the Guarantees and the Security Documents that are due and payable at or prior to the time such principal, together with accrued and unpaid interest are paid or upon a legal defeasance or covenant defeasance under the Indenture as described below under Legal Defeasance and Covenant Defeasance.

Limitations on Capital Stock Collateral

As of the date of this prospectus, none of the Capital Stock of any of our Subsidiaries constitutes Collateral. We do not expect this to change unless and until the Springing Lien Trigger Date occurs, if at all. If, however, we do pledge Capital Stock as Collateral, that pledge will be limited as described below. The Capital Stock and securities of any Subsidiary of the Issuer will constitute Collateral only to the extent that the securing of the Notes with such Capital Stock and securities would not require the financial statements of such Subsidiary to be separately filed with the SEC under Rule 3-16 of Regulation S-X under the Exchange Act (or any other law, rule or regulation). The foregoing limitation will not apply to the pledge of Capital Stock of any Subsidiary that otherwise files its financial statements with the SEC. In the event that Rule 3-16 of Regulation S-X under the Exchange Act requires or is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation that would require) the

Table of Contents

filing with the SEC of separate financial statements of any Subsidiary of the Issuer due to the fact that such Subsidiary's Capital Stock and securities secure the Notes or any Guarantee, then the Capital Stock and securities of such Subsidiary shall automatically be deemed not to be part of the Collateral (but only to the extent necessary for such Subsidiary to not be subject to such requirement to provide separate financial statements) and such excluded portion of the Capital Stock and securities is referred to as the *Excluded Stock Collateral*. In such event, the Security Documents may be amended, modified or supplemented, without the consent of any Holder, to the extent necessary to release the security interests on the Excluded Stock Collateral. The limitations of Rule 3-16 of Regulation S-X do not apply to unregistered debt securities or debt that is not a security. Accordingly, although the limitations described herein apply as a contractual matter to the General Credit Facilities in existence on the Issue Date, those limitations only apply to the extent providing such Collateral would require the Issuer to cause subsidiaries to file additional financial statements with the SEC, and we may in the future enter into Credit Facilities and other indebtedness that we may incur in the future that do not have those limitations and the holders of those obligations will have a security interest in more assets than the Notes Collateral Agent for the Holders of Notes. There will not be any requirement that the holders of obligations secured by a *pari passu* lien seek to realize on the value of assets not securing the Notes before they realize on the Collateral and therefore the Holders of Notes may recover less than holders of other debt with a *pari passu* lien.

In the event that Rule 3-16 of Regulation S-X under the Securities Act is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation that would permit) any Subsidiary's Excluded Stock Collateral to secure the Notes in excess of the amount then pledged without the filing with the SEC of separate financial statements of such Subsidiary, then the Capital Stock and securities of such Subsidiary shall automatically be deemed to be a part of the Collateral (but only to the extent possible without such Subsidiary becoming subject to any such filing requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder, to the extent necessary to subject to the Liens under the Security Documents such additional Capital Stock and securities.

In accordance with the limitations set forth in the two immediately preceding paragraphs, on the date the Issuer files a registration statement with the Commission related to the Notes or on the date that we pledge Capital Stock, if later, the Collateral will include shares of Capital Stock of the Subsidiaries only to the extent that the applicable value of such Capital Stock (on an entity-by-entity basis) is less than 20% of the aggregate principal amount of the outstanding Notes. As of the date of this prospectus, certain of the Subsidiaries whose Capital Stock would be required to be pledged following the occurrence of the Springing Lien Trigger Date have Capital Stock valued at or in excess of 20% of the aggregate principal amount of the outstanding Notes; accordingly, if we pledged Capital Stock and Rule 3-16 of Regulation S-X under the Securities Act were applicable to the Notes on such date, each such pledge of such stock as Collateral would be deemed to be limited to stock with a value that is less than 20% of the aggregate principal amount of the outstanding Notes pursuant to these provisions. If we pledge Capital Stock in the future (we currently do not expect to do so), we anticipate that such pledges will be subject to such limitations and will be deemed to be limited to stock with a value that is less than 20% of the aggregate principal amount of the outstanding Notes. If the applicable value of 100% of the Capital Stock of any pledged entity becomes less than 20% of the aggregate principal amount of the Notes outstanding and the pledge of such Capital Stock has been deemed limited in accordance with this paragraph prior to such date, the pledge of such Capital Stock shall automatically be deemed to be 100% thereof. Accordingly, if we pledge Capital Stock at some future date, the portion of the Capital Stock of the Subsidiary of the Issuer constituting Collateral may decrease or increase as described above.

Intercreditor Agreements**Credit Agreement Intercreditor Agreement**

Overview

On the Issue Date, the Notes Collateral Agent entered into a joinder agreement to the First Lien Intercreditor Agreement (as the same may be amended from time to time, the *Credit Agreement Intercreditor Agreement*) with the collateral agent under the General Credit Facilities (the *CF Collateral Agent*) and the authorized representative of the holders of General Credit Facility Obligations (the *CF Authorized Representative*) with respect to the Shared Collateral, as such term is defined below, which may be amended from time to time without the consent of the Holders of the Notes to add other parties holding First Priority Lien Obligations (together with Obligations under the Notes, the *Additional First Priority Lien Obligations*) permitted to be incurred under the Indenture, the General Credit Facilities and the Credit Agreement Intercreditor Agreement. Generally, *Shared Collateral* means, at any time, collateral in which the holders of two or more Series of First Priority Lien Obligations (or their respective representatives) hold a valid and perfected security interest. The Credit Agreement Intercreditor Agreement provides for the priorities and other relative rights among the Holders of Notes, the holders of the obligations under the General Credit Facilities and the holders of any other First Priority Lien Obligations secured by an interest in the Shared Collateral, including, among other things, that:

(1) notwithstanding the date, time, method, manner or order of grant, attachment or perfection of any Lien on the Shared Collateral, the valid and perfected Liens securing all such Indebtedness shall be of equal priority as among the parties to the Credit Agreement Intercreditor Agreement; and

Table of Contents

(2) if an event of default has occurred and is continuing under any First Priority Lien Obligations, and the Controlling Collateral Agent or any Authorized Representative for, or holder of, such First Priority Lien Obligations is taking action to enforce rights or exercise remedies in respect of any Shared Collateral, or receives any payment with respect to the Shared Collateral under any other intercreditor agreement, or any distribution is made with respect to any Shared Collateral in any insolvency or liquidation proceeding of the Issuer or any Guarantor, then the proceeds of any sale, collection or other liquidation of any such Shared Collateral by the Controlling Collateral Agent, such Authorized Representative or any holder of such First Priority Lien Obligations, as the case may be, will be applied (i) first to the payment of all amounts owing to each applicable Collateral Agent (in its capacity as such) pursuant to the terms of any applicable documents governing First Priority Lien Obligations, (ii) second, on a ratable basis, to amounts owing to (a) holders of the obligations under the General Credit Facilities, (b) the Holders of Notes (for allocation in accordance with the terms of the Indenture) and (c) the holders of any other First Priority Lien Obligations and (iii) third, after payment in full of all First Priority Lien Obligations, allocated to the Company and the Guarantors or as a court of competent jurisdiction may direct (the *Application of Proceeds*).

Under the Credit Agreement Intercreditor Agreement, only the Controlling Collateral Agent will have the right to act or refrain from acting with respect to any Shared Collateral. The Controlling Collateral Agent will initially be the CF Collateral Agent and will remain the CF Authorized Representative until the earlier of (1) the Discharge of General Credit Facility Obligations and (2) the Non-Controlling Authorized Representative Enforcement Date (such earlier date, the *Controlling Collateral Agent Change Date*). After the Controlling Collateral Agent Change Date, the Controlling Collateral Agent is the Collateral Agent for that Series of First Priority Lien Obligations that constitutes the largest outstanding principal amount of any then outstanding Series of First Priority Lien Obligations (including the General Credit Facility Obligations) with respect to the Shared Collateral (the *Major Non-Controlling Authorized Representative*). Accordingly, Holders of the Notes and the Notes Collateral Agent will not have any right to take enforcement action with respect to the collateral even if the CF Collateral Agent is not diligently pursuing enforcement actions with respect thereto unless the principal amount of the Notes is greater than the amount of the General Credit Facility Obligations and each other Series of First Priority Lien Obligations.

At any time when the CF Collateral Agent is the Controlling Collateral Agent, no Additional First Lien Secured Party shall, or shall instruct any collateral agent to, and neither the Notes Collateral Agent nor any other Authorized Representative shall, commence any judicial or nonjudicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its security interest in or realize upon, or take any other action available to it in respect of, any Shared Collateral.

The *Non-Controlling Authorized Representative Enforcement Date* is the date that is 90 days (throughout which 90-day period the applicable Authorized Representative was the Major Non-Controlling Authorized Representative) after the occurrence of both (a) an event of default, as defined in the Indenture or other applicable indenture or credit facility for the applicable Series of First Priority Lien Obligations, and (b) the Controlling Collateral Agent s, the Applicable Authorized Representative s and each other Authorized Representative s receipt of written notice from the Authorized Representative for the applicable Series of First Priority Lien Obligations certifying that (i) such Authorized Representative is the Major Non-Controlling Authorized Representative and that an event of default, as defined in the Indenture or other applicable indenture or credit facility for that Series of First Priority Lien Obligations has occurred and is continuing and (ii) the First Priority Lien Obligations of that Series are currently due and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the Indenture or other applicable indenture or credit facility for that Series of First Priority Lien Obligations; *provided* that the Non-Controlling Authorized Representative Enforcement Date will be stayed and will not occur and will be deemed not to have occurred with respect to the Shared Collateral (1) at any time the Applicable Authorized Representative or the Controlling Collateral Agent has commenced and is diligently pursuing any enforcement action with respect to such

Shared Collateral or (2) at any time the Issuer or the Guarantor that has granted a security interest in such Shared Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

At any time when the CF Collateral Agent is not the Controlling Collateral Agent, the Controlling Collateral Agent will only act or refrain from acting with respect to the Shared Collateral upon the instruction of the Applicable Authorized Representative, and will not follow any instructions with respect to such Shared Collateral from any representative of any Non-Controlling Secured Party or other First Lien Secured Party (other than the Applicable Authorized Representative), and no Authorized Representative of any Non-Controlling Secured Party or other First Lien Secured Party (other than the Applicable Authorized Representative) will be entitled to instruct the Controlling Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, the Shared Collateral.

Notwithstanding the equal priority of the Liens, the Controlling Collateral Agent (acting on the instructions of the Applicable Authorized Representative if it is not the CF Collateral Agent) may deal with the Shared Collateral as if the Controlling Collateral Agent had a senior Lien on such Collateral. No representative of any Non-Controlling Secured Party may contest, protest or

object to any foreclosure proceeding or action brought by the Controlling Collateral Agent, Applicable Authorized Representative or any Controlling Secured Party. Each of the First Lien Secured Parties also will agree that it will not contest or support any other person in contesting, in any proceeding (including any insolvency or liquidation proceeding), the perfection, priority, validity or enforceability of a Lien held by or on behalf of any of the First Lien Secured Parties in all or any part of the Shared Collateral, or the provisions of the Credit Agreement Intercreditor Agreement.

If a First Lien Event of Default has occurred and is continuing and the Controlling Collateral Agent is taking action to enforce rights in respect of any Shared Collateral, or any distribution is made with respect to any Shared Collateral in any bankruptcy case of the Issuer or any Guarantor, or any First Lien Secured Party receives any payment pursuant to any intercreditor agreement (other than the Credit Agreement Intercreditor Agreement) with respect to any Shared Collateral, the proceeds of any sale, collection or other liquidation of any such Shared Collateral by the Controlling Collateral Agent or any other First Lien Secured Party (or received pursuant to any other intercreditor agreement) on account of such enforcement of rights or exercise of remedies, as applicable, and proceeds of any such distribution (subject, in the case of any such distribution, to the paragraph immediately following) to which the First Priority Lien Obligations are entitled under any other intercreditor agreement shall be applied in accordance with the Credit Agreement Intercreditor Agreement.

Notwithstanding the foregoing, with respect to any Shared Collateral for which a third party (other than a First Lien Secured Party) has a lien or security interest that is junior in priority to the security interest of any Series of First Priority Lien Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the security interest of any other Series of First Priority Lien Obligations (such third party, an *Intervening Creditor*), the value of any Shared Collateral or proceeds which are allocated to such Intervening Creditor shall be deducted on a ratable basis solely from the Shared Collateral or proceeds to be distributed in respect of the Series of First Priority Lien Obligations with respect to which such impairment exists.

None of the First Lien Secured Parties may institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against the Controlling Collateral Agent or any other First Lien Secured Party seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Shared Collateral. In addition, none of the First Lien Secured Parties may seek to have any Shared Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Shared Collateral. If any First Lien Secured Party obtains possession of any Shared Collateral or realizes any proceeds or payment in respect thereof, at any time prior to the discharge of each of the First Priority Lien Obligations, then it must hold such Shared Collateral, proceeds or payment in trust for the other First Lien Secured Parties and promptly transfer such Shared Collateral, proceeds or payment to the Controlling Collateral Agent to be distributed in accordance with the Credit Agreement Intercreditor Agreement.

If, at any time the Controlling Collateral Agent forecloses upon or otherwise exercises remedies against any Shared Collateral resulting in a sale or disposition thereof, then (whether or not any insolvency or liquidation proceeding is pending at the time) the Liens in favor of each other collateral agent for the benefit of each Series of First Lien Secured Parties upon such Shared Collateral will automatically be released and discharged as and when, but only to the extent, such Liens of the Controlling Collateral Agent on such Shared Collateral are released and discharged; *provided* that any proceeds of any Shared Collateral realized therefrom shall be allocated and applied pursuant to the Credit Agreement Intercreditor Agreement. Each collateral agent and Authorized Representative agrees to execute and deliver (at the sole cost and expense of the Grantors set forth in the Credit Agreement Intercreditor Agreement) all such authorizations and other instruments as shall reasonably be requested by the Controlling Collateral Agent to evidence and confirm any release of Shared Collateral provided for in the Credit Agreement Intercreditor Agreement.

If the Issuer or any Guarantor becomes subject to any bankruptcy case, the Credit Agreement Intercreditor Agreement provides that if the Issuer or any Guarantor shall, as debtor(s)-in-possession, move for approval of financing (the *DIP Financing*) to be provided by one or more lenders (the *DIP Lenders*) under Section 364 of the Bankruptcy Code or the use of cash collateral under Section 363 of the Bankruptcy Code, each Non-Controlling Secured Party will agree not to object to any such financing or to the Liens on the Shared Collateral securing the same (the *DIP Financing Liens*) or to any use of cash collateral that constitutes Shared Collateral, unless the Controlling Collateral Agent (acting on the instructions of the Applicable Authorized Representative if it is not the CF Collateral Agent) with respect to such Shared Collateral opposes or objects to such DIP Financing or such DIP Financing Liens or use of cash collateral (and (i) to the extent that such DIP Financing Liens are senior to the Liens on any such Shared Collateral for the benefit of the Controlling Secured Parties, each Non-Controlling Secured Party will subordinate its Liens with respect to such Shared Collateral on the same terms as the Liens of the Controlling Secured Parties (other than any Liens of any First Lien Secured Parties constituting DIP Financing Liens) are subordinated thereto, and (ii) to the extent that such DIP Financing Liens rank *pari passu* with the Liens on any such Shared Collateral granted to secure the First Priority Lien Obligations of the Controlling Secured Parties, each Non-Controlling Secured Party will confirm the priorities with respect to such Shared Collateral as set forth in the Credit Agreement Intercreditor Agreement), in each case so long as:

(A) the First Lien Secured Parties of each Series retain the benefit of their Liens on all such Shared Collateral pledged to the DIP Lenders, including proceeds thereof arising after the commencement of such proceeding, with the same priority vis-a-vis all the other First Lien Secured Parties (other than any Liens of the First Lien Secured Parties constituting DIP Financing Liens) as existed prior to the commencement of the bankruptcy case;

Table of Contents

(B) the First Lien Secured Parties of each Series are granted Liens on any additional collateral pledged to any First Lien Secured Parties as adequate protection or otherwise in connection with such DIP Financing or use of cash collateral, with the same priority vis-a-vis the First Lien Secured Parties as set forth in the Credit Agreement Intercreditor Agreement;

(C) if any amount of such DIP Financing or cash collateral is applied to repay any of the First Priority Lien Obligations, such amount is applied pursuant to the Credit Agreement Intercreditor Agreement; and

(D) if any First Lien Secured Parties are granted adequate protection, including in the form of periodic payments, in connection with such DIP Financing or use of cash collateral, the proceeds of such adequate protection are applied pursuant to the Credit Agreement Intercreditor Agreement;

provided that the First Lien Secured Parties of each Series will have a right to object to the grant of a Lien to secure the DIP Financing over any Collateral subject to Liens in favor of the First Lien Secured Parties of such Series or its representative that do not constitute Shared Collateral; and *provided, further*, that the First Lien Secured Parties receiving adequate protection shall not object to any other First Lien Secured Party receiving adequate protection comparable to any adequate protection granted to such First Lien Secured Parties in connection with a DIP Financing or use of cash collateral.

The First Lien Secured Parties acknowledge that the First Priority Lien Obligations of any Series may, subject to the limitations set forth in the other First Lien Documents, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the priorities set forth in the Credit Agreement Intercreditor Agreement defining the relative rights of the First Lien Secured Parties of any Series.

In connection with any refinancing of First Priority Lien Obligations of any Series, or the incurrence of Additional First Priority Lien Obligations of any Series, the collateral agents and the Authorized Representatives then party to the Credit Agreement Intercreditor Agreement may enter (without the consent of any other First Lien Secured Party), at the request of any Collateral Agent, any Authorized Representative or the Issuer, into such amendments or modifications of the Credit Agreement Intercreditor Agreement as are reasonably necessary to reflect such refinancing or such incurrence and are reasonably satisfactory to each such Collateral Agent and each such Authorized Representative.

ABL Intercreditor Agreement***Overview***

The ABL Collateral Agent and the CF Collateral Agent for the lenders under the General Credit Facilities (such lenders, together with the Holders of Notes, with respect to their claim on the ABL Collateral, the *Junior Lien Secured Parties*) have entered into an Intercreditor Agreement dated as of July 30, 2008. The Notes Collateral Agent (the Notes Collateral Agent, together with the CF Collateral Agent, the *Junior Lien Collateral Agents*) became a party to this agreement on the Issue Date, pursuant to a joinder agreement. The ABL Intercreditor Agreement may be further amended from time to time without the consent of Holders of Notes to add other parties holding Obligations secured by a junior-priority lien on the ABL Collateral (all such Obligations, the *Junior Lien Obligations*). Although the Holders of Notes are not party to the ABL Intercreditor Agreement, by their acceptance of the Notes they will agree to be bound thereby. The ABL Intercreditor Agreement provides for the priorities and other relative rights among the lenders under the ABL Facility (the *ABL Lenders*) and the Junior Lien Secured Parties, including, among other things, that:

(1) notwithstanding the date, time, method, manner or order of grant, attachment or perfection of any Lien in respect of all or any portion of the ABL Collateral held by or on behalf of any Junior Lien Collateral Agent or any Junior Lien Secured Party that secures all or any portion of the Junior Lien Obligations shall in all respects be junior and subordinate to all Liens granted to the ABL Collateral Agent and the ABL Lenders on the ABL Collateral; and

(2) any Lien in respect of all or any portion of the ABL Collateral held by or on behalf of the ABL Collateral Agent or any ABL Lender that secures all or any portion of the ABL Obligations shall in all respects be senior and prior to all Liens granted to any Junior Lien Collateral Agent or any Junior Lien Secured Party on the ABL Collateral (together with (1), the *ABL Lien Priority*).

Waiver of Right to Contest Liens

Each Junior Lien Collateral Agent, for and on behalf of itself and the applicable Junior Lien Secured Parties, has agreed that it will not, and will waive any right to, take any action to contest or challenge (or assist or support any other person in contesting or challenging), directly or indirectly, whether or not in any proceeding (including in any Insolvency Proceeding), the validity, priority, enforceability, or perfection of the Liens of the ABL Collateral Agent and the ABL Lenders (together with the CF Lenders, the *Secured Lenders*) in respect of ABL Collateral or the provisions of the ABL Intercreditor Agreement. Except to the extent expressly set forth in the ABL Intercreditor Agreement, each Junior Lien Collateral Agent, for and on behalf of itself and the applicable Junior Lien Secured Parties, has agreed that it will not take any action that would interfere with any exercise of Secured Creditor Remedies (as defined below) undertaken by the ABL Collateral Agent or any ABL Lender under the ABL Credit Facility and related Security Documents (collectively, the *ABL Documents*) with respect to the ABL Collateral. Except to the extent expressly set forth in the ABL Intercreditor Agreement, each Junior Lien Collateral Agent, on behalf of itself and the applicable Junior Lien Secured Party, will waive any and all rights it may have as a junior lien creditor or otherwise to contest, protest, object to, or interfere with the manner in which the ABL Collateral Agent or any ABL Lender seeks to enforce its Liens in any ABL Collateral.

The ABL Collateral Agent, for and on behalf of itself and the ABL Lenders, has agreed that it will not, and will waive any right to, take any action to contest or challenge (or assist or support any other person in contesting or challenging), directly or indirectly, whether or not in any proceeding (including in any Insolvency Proceeding), the validity, priority, enforceability, or perfection of the respective Liens of any Junior Lien Collateral Agents or Junior Lien Secured Party in respect of the ABL Collateral or the provisions of the ABL Intercreditor Agreement.

Remedies Standstill

Under the ABL Intercreditor Agreement, until the discharge of the ABL Facility Obligations, no Junior Lien Collateral Agent, on behalf of itself or any Junior Lien Secured Party, will:

- (i) (A) take any action to enforce or realize upon any Lien on the ABL Collateral, including the institution of any foreclosure proceedings or the noticing of any public or private sale pursuant to Article 9 of the Uniform Commercial Code;
- (B) exercise any right or remedy provided to a secured creditor on account of a Lien on the ABL Collateral under any Security Document, under applicable law, in an Insolvency Proceeding or otherwise, including the election to retain any of the ABL Collateral in satisfaction of a Lien;
- (C) take any action or exercise any right or remedy in respect of the collection on, set-off against, marshaling of, injunction respecting or foreclosure on (i) the ABL Collateral, (ii) the proceeds of such collateral (as defined in Article 9 of the Uniform Commercial Code) or (iii) whatever is recoverable or recovered when any ABL Collateral is sold, exchanged, collected, or disposed whether voluntarily or involuntarily ((ii) and (iii) together, the *Proceeds*);
- (D) appoint a receiver, receiver and manager or interim receiver of all or part of the ABL Collateral;
- (E) sell, lease, license, or otherwise dispose of all or any portion of the ABL Collateral by private or public sale conducted by a Junior Lien Secured Party or any other means at the direction of a Junior Lien Secured Party permissible under applicable law; or
- (F) exercise any other right of a secured creditor under Part 6 of Article 9 of the Uniform Commercial Code in respect of the ABL Collateral ((A) through (G) collectively, the *Secured Creditor Remedies*), in each case without the prior written consent of the ABL Collateral Agent; or
- (ii) take, receive or accept any Proceeds of ABL Collateral.

However, the ABL Intercreditor Agreement authorizes the Junior Lien Collateral Agents, on behalf of themselves or the Junior Lien Secured Parties, to exercise such remedies without the prior written consent of the ABL Collateral Agent beginning on the date which is 180 days after the occurrence of both (i) a continuing Event of Default (under the General Credit Facilities, the Indenture or any document governing any other Junior Lien Obligation) and (ii) the ABL Collateral Agent's receipt of a written notice delivered by a Junior Lien Collateral Agent to the ABL Collateral Agent announcing the commencement of an exercise of any Secured Creditor Remedy (the *Enforcement Date*), unless (A) the ABL Collateral Agent or the ABL Lenders have commenced and are diligently pursuing any enforcement action against the ABL Collateral, (B) any Pledgor is then a debtor under or with respect to (or otherwise subject to) any Insolvency Proceeding, or (C) if each Event of Default under the General Credit Facilities, the Indenture or such other document governing any other Junior Lien Obligation is waived or cured in accordance with the terms thereof.

Notwithstanding the foregoing, the ABL Intercreditor Agreement does not prevent the ABL Collateral Agent, the ABL Lenders, the Junior Lien Collateral Agents or the Junior Lien Secured Parties from (i) filing a claim or statement of interest with respect to the ABL Facility Obligations or the Junior Lien Obligations, owed to it in any Insolvency Proceeding commenced by or against any Pledgor, (ii) taking any action (not adverse to the priority status of the Liens of any of the other parties on the ABL Collateral in which such party has a priority Lien or the rights of any party to exercise remedies in respect thereof) in order to create, perfect, preserve or protect (but not enforce) its Lien on any ABL Collateral, (iii) filing any necessary or responsive pleadings in opposition to any motion, adversary proceeding or other pleading filed by any person objecting to or otherwise seeking disallowance of the claim or Lien of such ABL Collateral Agent, ABL Lender, the Junior Lien Collateral Agent or Junior Lien Secured Party, (iv) filing any pleadings, objections, motions, or agreements which assert rights available to unsecured creditors of any Pledgor arising under any Insolvency Proceeding or applicable non-bankruptcy law, (v) voting on any plan of reorganization or filing any proof of claim in any Insolvency Proceeding of any Pledgor or, or (vi) objecting to the proposed retention of collateral by, as the case may be, the ABL Collateral Agent, the ABL Lenders, the Junior Lien Collateral Agents or the Junior Lien Secured Parties, in full or partial satisfaction of any ABL Facility Obligations or the Junior Lien Obligations to, as the case may be, the ABL Collateral Agent, the ABL Lenders, the Junior Lien Collateral Agents or the Junior Lien Secured Parties, in each case (i) through (vi) above, to the extent not inconsistent with, or could not result in a resolution inconsistent with, the ABL Intercreditor Agreement.

Table of Contents

Subject to the foregoing paragraph, (i) the Junior Lien Collateral Agents and the Junior Lien Secured Parties have agreed not to take any action that would hinder any exercise of remedies undertaken by the ABL Collateral Agent or the ABL Lenders with respect to the ABL Collateral, including any sale, lease, exchange, transfer or other disposition of ABL Collateral, whether by foreclosure or otherwise, and (ii) the Junior Lien Collateral Agents and the Junior Lien Secured Parties have waived any and all rights they may have as junior lien creditors or otherwise to object to the manner in which the ABL Collateral Agent or the ABL Lenders seek to enforce or collect the ABL Facility Obligations or the Liens granted in any of the ABL Collateral, regardless of whether any action or failure to act by or on behalf of the ABL Collateral Agent or ABL Lenders is adverse to the interests of the Junior Lien Secured Parties. The General Credit Facility Collateral does not include any security interest in cash, including cash proceeds from a sale of assets that constituted General Credit Facility Collateral. The ABL Collateral includes accounts receivable or other accounts and cash, and any assets acquired with ABL Collateral or otherwise constituting proceeds of ABL Collateral. Accordingly, if assets that constitute General Credit Facility Collateral are sold, the cash proceeds and anything purchased with those proceeds may constitute both ABL Collateral and General Credit Facility Collateral. In such a case, the Holders of the Notes may not be able to take any enforcement action with respect to such collateral or to receive any proceeds from the sale of such collateral in an enforcement action until the ABL Facility Obligations are paid in full. Maximum commitments under the ABL Facility are \$535.0 million on the Issue Date, subject to a borrowing base equal to 90% of the Issuer's and certain of its subsidiaries' eligible accounts receivable. As of March 31, 2015, there were \$52.3 million letters of credit issued under the ABL Facility.

The Junior Lien Collateral Agents and the Junior Lien Secured Parties acknowledged and agreed that no covenant, agreement or restriction contained in the Indenture governing the Notes will be deemed to restrict in any way the rights and remedies of the ABL Collateral Agent or the ABL Lenders with respect to the ABL Collateral as set forth in the ABL Intercreditor Agreement and the ABL Documents.

Each of the Junior Lien Collateral Agents and the Junior Lien Secured Parties have agreed that unless and until the discharge of ABL Facility Obligations has occurred, it will not commence, or join with any person (other than the ABL Lenders and the ABL Collateral Agent upon the request thereof) in commencing, any enforcement, collection, execution, levy or foreclosure action or proceeding with respect to any Lien held by it in the ABL Collateral.

The standstill provisions outlined in the foregoing three paragraphs will not apply to the Junior Lien Collateral Agents or the Junior Lien Secured Parties from and after the occurrence of the Enforcement Date or the discharge of ABL Facility Obligations.

Exercise of Rights

Except as otherwise expressly set forth in the ABL Intercreditor Agreement, each of the Junior Lien Collateral Agents and the Junior Lien Secured Parties are permitted to exercise rights and remedies as an unsecured creditor and as a secured creditor with respect to any collateral that is not ABL Collateral (the *Non-ABL Collateral*) against the Issuer or any of its Subsidiaries that has guaranteed the Junior Lien Obligations in accordance with the terms of the General Credit Facilities and the Indenture and applicable laws. The ABL Intercreditor Agreement does not prohibit the receipt by the Junior Lien Collateral Agents and the Junior Lien Secured Parties of the required payments of interest and principal so long as such receipt is not the direct or indirect result of the exercise by any of the Junior Lien Collateral Agents or the Junior Lien Secured Parties of rights or remedies as a secured creditor in respect of ABL Collateral or enforcement in contravention of the ABL Intercreditor Agreement of any lien on the ABL Collateral in respect of the Junior Lien Obligations held by any of them or in any Insolvency Proceeding. In the event that any of the Junior Lien Collateral Agents or the Junior Lien Secured Parties becomes a judgment lien creditor or other secured creditor in respect of ABL Collateral as a result of its enforcement of its rights as an unsecured creditor in respect of the Junior Lien Obligations or otherwise, such judgment or other lien on ABL Collateral will be subordinated to the liens

securing the ABL Facility Obligations on the same basis as the other liens securing the Junior Lien Obligations are so subordinated to such liens securing ABL Facility Obligations under the ABL Intercreditor Agreement. Nothing in the ABL Intercreditor Agreement impairs or otherwise adversely affects any rights or remedies the ABL Collateral Agent or the ABL Lenders may have with respect to the ABL Collateral nor, subject to the statements contained in

Intercreditor Agreements ABL Intercreditor Agreement Inspection and Access Rights, restricts any right any Junior Lien Secured Party may have (secured or otherwise) in any property or asset of the Issuer or any Guarantor that does not constitute ABL Collateral.

Waiver of Marshalling

Pursuant to the ABL Intercreditor Agreement, each Junior Lien Collateral Agent, on behalf of itself and the applicable Junior Lien Secured Parties, until the discharge of the ABL Facility Obligations, has agreed not to assert and will waive, to the fullest extent permitted by law, any right to demand, request, plead or otherwise assert or otherwise claim the benefit of, any marshalling, appraisal, valuation or other similar right that may otherwise be available under applicable law with respect to the ABL Collateral or any other similar rights a junior secured creditor may have under applicable law.

Certain Actions Permitted

Each of the ABL Collateral Agent and the Junior Lien Collateral Agents may make such demands or file such claims in respect of the ABL Facility Obligations or the Junior Lien Obligations, as applicable, as are necessary to prevent the waiver or bar of

Table of Contents

such claims under applicable statutes of limitations or other statutes, court orders, or rules of procedure at any time. Except as otherwise provided therein, the ABL Intercreditor Agreement does not prohibit the receipt by the Junior Lien Collateral Agents or the Junior Lien Secured Parties of the required payments of interest, principal and other amounts owed in respect of the Junior Lien Obligations, so long as such receipt is not the direct or indirect result of the exercise by any Junior Lien Collateral Agent or Junior Lien Secured Party of rights or remedies as a secured creditor with respect to the ABL Collateral (including set-off with respect to the ABL Collateral) or enforcement in contravention of this Agreement of any lien held by any of them on the ABL Collateral.

Agent for Perfection

The Junior Lien Collateral Agents have appointed the ABL Collateral Agent, and the ABL Collateral Agent has expressly accepted such appointment, to act as agent (the *Agent*) of the Junior Lien Collateral Agents and Junior Lien Secured Parties under each control agreement with respect to all ABL Controlled Accounts for the purpose of perfecting the respective security interests granted under the Security Documents entered into in connection with the General Credit Facilities and the Notes. None of the ABL Collateral Agent, any ABL Lender, the Junior Lien Collateral Agents or any Junior Lien Secured Party, as applicable, has any obligation whatsoever to the others to assure that the ABL Collateral is genuine or owned by the Issuer, any other Pledgor or any other person or to preserve rights or benefits of any person. Such duties or responsibilities of the ABL Collateral Agent as described above are limited solely to holding or maintaining control of the ABL Collateral as agent for the Junior Lien Secured Parties for purposes of perfecting the respective liens held by the Junior Lien Secured Parties. The ABL Collateral Agent will not be deemed to be a fiduciary of any kind for the Junior Lien Collateral Agent or the Junior Lien Secured Parties, or any other person. No Junior Lien Collateral Agent will be deemed to be a fiduciary of any kind for any other Agent or ABL Secured Party, or any other Person. Prior to the discharge of ABL Facility Obligations, in the event that the Junior Lien Collateral Agents or any Junior Lien Secured Party receives any ABL Collateral or Proceeds of ABL Collateral in violation of the terms of the ABL Intercreditor Agreement, then such Junior Lien Collateral Agent or Junior Lien Secured Party, as the case may be, will be required to promptly pay over such Proceeds or ABL Collateral to the ABL Collateral Agent in the same form as received with any necessary endorsements, for application in accordance with the procedures set forth in *Application of Proceeds*.

Amendments

In the event that the ABL Collateral Agent or the ABL Lenders enter into any amendment, waiver or consent in respect of the security documents related to the ABL Credit Facility for the purpose of adding to, or deleting from, or waiving or consenting to any departures from any provisions of, any such security document or changing in any manner the rights of the ABL Collateral Agent, the ABL Lenders, the Issuer or any other Pledgor thereunder (excluding the release of any Liens in ABL Collateral except in accordance with the ABL Intercreditor Agreement), then such amendment, waiver or consent, to the extent related to ABL Collateral, shall apply automatically to any comparable provision (but only to the extent as such provision relates to ABL Collateral) of each comparable security document related to the Junior Lien Obligations without the consent of any Junior Lien Collateral Agent or Junior Lien Secured Party and without any action by any Junior Lien Collateral Agent, Junior Lien Secured Party, the Issuer or any other Pledgor; *provided, however*, that such amendment, waiver or consent does not materially adversely affect the rights of any Junior Lien Collateral Agent or Junior Lien Secured Party or the interests of any Junior Lien Secured Parties in the ABL Collateral in a manner materially different from that affecting the rights of the ABL Lenders thereunder or therein. The ABL Collateral Agent shall give written notice of such amendment, waiver or consent (along with a copy thereof) to each Junior Lien Collateral Agent; *provided, however*, that the failure to give such notice shall not affect the effectiveness of such amendment, waiver or consent with respect to the provisions of any security document related to the Junior Lien Obligations as set forth in the ABL Intercreditor Agreement. For the avoidance of doubt, no such amendment, modification or waiver shall apply to or otherwise affect (a) any non-ABL

Collateral or (b) any document, agreement or instrument which neither grants nor purports to grant a Lien on, nor governs nor purports to govern any rights or remedies in respect of, ABL Collateral.

Inspection and Access Rights

In the event of any liquidation of any ABL Collateral (or any other exercise of Secured Creditor Remedies by the ABL Collateral Agent) and whether or not any Junior Lien Collateral Agent or Junior Lien Secured Parties have commenced and are continuing to exercise any Secured Creditor Remedies, the ABL Collateral Agent will have the right (a) during normal business hours on any business day, to access ABL Collateral that is stored or located in or on Non-ABL Collateral, and (b) to reasonably use the Non-ABL Collateral (including, without limitation, equipment, computers, software, intellectual property, real property and books and records) in order to inspect, copy or download information stored on, take actions to perfect its Lien on, or otherwise deal with the ABL Collateral in each case without notice to, the involvement of or interference by any Junior Lien Collateral Agent or Junior Lien Secured Party and without liability to any Junior Lien Secured Party. However, if any Junior Lien Collateral Agent takes actual possession of any Non-ABL Collateral in contemplation of a sale of such Non-ABL Collateral or is otherwise exercising a remedy with respect to Non-ABL Collateral, such Junior Lien Collateral Agent will give the ABL Collateral Agent reasonable opportunity (of reasonable duration and with reasonable advance notice) prior to the Junior Lien Collateral Agent's sale of any such Non-ABL Collateral to access ABL Collateral as set forth in (a) and (b) above.

Table of Contents*Insurance*

Proceeds of ABL Collateral include insurance proceeds and, therefore, the ABL Lien Priority will govern the ultimate disposition of insurance proceeds to the extent such insurance insures ABL Collateral. Prior to the discharge of the ABL Facility Obligations, the ABL Collateral Agent shall have the sole and exclusive right, as against any Junior Lien Collateral Agent, to the extent permitted by the ABL Documents and subject to the rights of the Issuer and other Pledgors thereunder, to adjust settlement of insurance claims to the extent such insurance insures ABL Collateral in the event of any covered loss, theft or destruction of ABL Collateral.

Set-Off and Tracing of and Priorities in Proceeds

Each Junior Lien Collateral Agent, on behalf of itself and the applicable Junior Lien Secured Party, have agreed that, to the extent that it exercises its rights of set-off against the Issuer's or any other Pledgor's Deposit Accounts (as defined in the Uniform Commercial Code) or Securities Accounts (as defined in the Uniform Commercial Code) to the extent constituting or containing ABL Collateral or Proceeds thereof, the amount of such set-off shall be deemed to be ABL Collateral to be held and distributed pursuant to the provisions described in Application of Proceeds. In addition, the Junior Lien Collateral Agents and the Junior Lien Secured Parties will consent to the application, of cash or other Proceeds of ABL Collateral, deposited under control agreements to the repayment of the ABL Facility Obligations pursuant to the ABL Documents, unless and until the ABL Facility Obligations are discharged.

Release of Liens

If, at any time any Pledgor or any ABL Lender delivers notice to each Junior Lien Collateral Agent with respect to any specified ABL Collateral that (a) such specified ABL Collateral is sold, transferred or otherwise disposed of by the owner of such ABL Collateral in a transaction permitted under the ABL Facility and the documents governing Junior Lien Obligations; or (b) the ABL Lenders are releasing or have released their Liens on such ABL Collateral in connection with a disposition in connection with an exercise of any Secured Creditor Remedy with respect to such ABL Collateral, then the Liens upon such ABL Collateral securing Junior Lien Obligations will automatically be released and discharged as and when, but only to the extent, such Liens on such ABL Collateral securing ABL Facility Obligations are released and discharged (*provided* that any proceeds thereof not applied to repay ABL Facility Obligations shall, to the extent constituting ABL Collateral, be subject to the respective Liens securing any Junior Lien Obligations and shall be applied as described under Application of Proceeds). Upon delivery to the Junior Lien Collateral Agents of a notice from the ABL Collateral Agent stating that any such release of Liens securing or supporting the ABL Facility Obligations has become effective (or shall become effective upon the Junior Lien Collateral Agents releasing each of their Liens on such ABL Collateral), the Junior Lien Collateral Agents shall, at the Issuer's expense, promptly execute and deliver such instruments, releases, termination statements or other documents confirming such release on customary terms, which instruments, releases and termination statements shall be substantially identical to the comparable instruments, releases and termination statements executed by the ABL Collateral Agent in connection with such release. In the ABL Intercreditor Agreement, each Junior Lien Collateral Agent appoints the ABL Collateral Agent and any officer or duly authorized person of the ABL Collateral Agent, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power of attorney in the place and stead of such Junior Lien Collateral Agent and in the name of such Junior Lien Collateral Agent or in the ABL Collateral Agent's own name, from time to time, in the ABL Collateral Agent's sole discretion, for the purposes of carrying out the terms of this paragraph, to take any and all appropriate action and to execute and deliver any and all documents and instruments as may be necessary or desirable to accomplish the purposes of this paragraph, including any financing statements, endorsements, assignments, releases or other documents or instruments of transfer.

Application of Proceeds

Each Junior Lien Collateral Agent, on behalf of itself and the applicable Junior Lien Secured Party, has acknowledged and agreed that the ABL Credit Facility includes a revolving commitment, that in the ordinary course of business, the ABL Collateral Agent and the ABL Lenders will apply payments and make advances thereunder, and that no application of any ABL Collateral or the release of any lien by the ABL Collateral Agent upon any portion of the ABL Collateral in connection with a permitted disposition by the Issuer or any other Pledgor under the ABL Credit Agreement shall constitute an exercise of Secured Creditor Remedies. In addition, subject to certain limitations, the amount of ABL Facility Obligations that may be outstanding at any time or from time to time may be increased or reduced and subsequently reborrowed and the terms of the ABL Facility Obligations may be modified, extended or amended, from time to time, and the aggregate amount of the ABL Facility Obligations may be increased, replaced or refinanced, in each event, without notice to or consent by the Junior Lien Secured Parties. All ABL Collateral received by the ABL Collateral Agent may be applied, reversed, reapplied, credited, or reborrowed, in whole or in part, to the ABL Facility Obligations at any time. The ABL Lien Priority shall not be altered or otherwise affected by any such amendment, modification, supplement, extension, repayment, reborrowing, increase, replacement, renewal, restatement or refinancing of either the ABL Facility Obligations, the Junior Lien Obligations, or any portion thereof.

The ABL Collateral Agent and the Junior Lien Collateral Agents have agreed that all ABL Collateral and all Proceeds thereof, received by any of them in connection with any exercise of Secured Creditor Remedies with respect to the ABL Collateral will be applied, first, to the payment of costs and expenses of the ABL Collateral Agent in connection with such exercise of Secured Creditor Remedies, and second, to the payment of the ABL Facility Obligations in accordance with the ABL Documents until the ABL Facility Obligations have been discharged.

Table of Contents

Any ABL Collateral or Proceeds thereof received by any Junior Lien Collateral Agent or Junior Lien Secured Party in connection with the exercise of any right or remedy (including set-off or credit bid) or in any Insolvency Proceeding relating to the ABL Collateral prior to the discharge of the ABL Facility Obligations and not expressly permitted by the ABL Intercreditor Agreement, will be segregated and held in trust for the benefit of and forthwith paid over to the ABL Collateral Agent (and/or its designees) for the benefit of the ABL Lenders in the same form as received, with any necessary endorsements or as a court of competent jurisdiction may otherwise direct. The ABL Intercreditor Agreement authorizes the ABL Collateral Agent to make any such endorsements as agent for each of the Junior Lien Collateral Agents and Junior Lien Secured Parties. This authorization will be coupled with an interest and irrevocable.

In exercising remedies, whether as a secured creditor or otherwise, the ABL Collateral Agent will have no obligation or liability to the Junior Lien Collateral Agents or Junior Lien Secured Parties regarding the adequacy of any Proceeds realized on any collateral or for any action or omission, save and except solely for an action or omission that breaches the express obligations undertaken by each the parties pursuant to the terms of the ABL Intercreditor Agreement. Notwithstanding anything to the contrary contained in the ABL Intercreditor Agreement, no party will waive any claim that it may have against a Secured Party on the grounds that and sale, transfer or other disposition by the Secured Party was not commercially reasonable in every respect as required by the Uniform Commercial Code.

Upon the discharge of the ABL Facility Obligations, the ABL Collateral Agent will (a) notify each of the Junior Lien Collateral Agents in writing of the occurrence of such discharge and (b) at the expense of the Issuer, deliver to the Junior Lien Collateral Agents or execute such documents as necessary or as the Junior Lien Collateral Agents may reasonably request (including assignment of control agreements with respect to ABL Controlled Accounts) in order to affect a transfer of control to the Junior Lien Collateral Agents over any and all ABL Controlled Accounts in the same form as received with any necessary endorsements, or as a court of competent jurisdiction may otherwise direct.

Insolvency Proceedings

If the Issuer or any other Pledgor is subject to any Insolvency Proceeding at any time prior to the discharge of the ABL Facility Obligations, the Junior Lien Collateral Agents and the Junior Lien Secured Parties will agree that:

- (1) if the ABL Collateral Agent or the ABL Lenders seek to provide the Issuer or any other Pledgor with, or consent to a third party providing, any financing under Section 364 of the Bankruptcy Code or consent to any order for the use of cash collateral constituting ABL Collateral under Section 363 of the Bankruptcy Code (each, a *DIP Financing*), with such DIP Financing to be secured by all or any portion of the ABL Collateral (including assets that, but for the application of Section 552 of the Bankruptcy Code would be ABL Collateral) but not any other asset or any Non-ABL Collateral, then no Junior Lien Collateral Agent, on behalf of itself or a Junior Lien Secured Party, will raise an objection or support any objection to such DIP Financing or use of cash collateral or to the liens securing the same on the grounds of a failure to provide adequate protection for the liens of the Junior Lien Collateral Agents securing the Junior Lien Obligations or on any other grounds, subject to certain qualifications and exceptions;
- (2) all Liens granted to the ABL Collateral Agent or the Junior Lien Collateral Agents in any Insolvency Proceeding on ABL Collateral, whether as adequate protection or otherwise, will be subject to the ABL Lien Priority and the other terms and conditions of the ABL Intercreditor Agreement;
- (3) no Junior Lien Collateral Agent, on behalf of itself or the applicable Junior Lien Secured Party, will agree to seek relief from the automatic stay or any other stay in any Insolvency Proceeding in respect of any portion of the ABL Collateral without the ABL Collateral Agent's express written consent;

(4) no Junior Lien Collateral Agent, on behalf of itself or the applicable Junior Lien Secured Party, will contest (or support any other person contesting) (x) any request by the ABL Collateral Agent or any ABL Lender for adequate protection of its interest in the ABL Collateral, (y) any objection by the ABL Collateral Agent or any ABL Lender to any motion, relief, action, or proceeding based on a claim by the ABL Collateral Agent or any ABL Lender that its interests in the ABL Collateral are not adequately protected (or any other similar request under any law applicable to an Insolvency Proceeding), so long as any Liens granted to the ABL Collateral Agent as adequate protection of its interests are subject to the ABL Intercreditor Agreement or (z) any lawful exercise by the ABL Collateral Agent or any ABL Lender of the right to credit bid obligations under the ABL Credit Facility at any sale of ABL Collateral or Non-ABL Collateral; *provided, however*, that nothing contained in the ABL Intercreditor Agreement prohibits or restricts the Junior Lien Collateral Agents or Junior Lien Secured Parties from contesting or challenging (or support any other person contesting or challenging) any request by the ABL Collateral Agent or any ABL Lender for adequate protection (or the grant of any such adequate protection) to the extent such adequate protection is in the form of a Lien on any Non-ABL Collateral. Notwithstanding the foregoing, in any Insolvency Proceeding, if the ABL Lenders (or any subset thereof) are granted adequate protection with respect to ABL Collateral in the form of additional collateral (even if such collateral is not of a type which would otherwise have constituted ABL Collateral), then the ABL

Table of Contents

Collateral Agent, on behalf of itself and the ABL Lenders, agrees that each Junior Lien Collateral Agent, on behalf of itself or the applicable Junior Lien Secured Party, may seek or request (and the ABL Lenders will not oppose such request) adequate protection with respect to its interests in such ABL Collateral in the form of a Lien on the same additional collateral, which Lien will be subordinated to the Liens securing the ABL Facility Obligations on the same basis as the other Liens of the Junior Lien Collateral Agents on the ABL Collateral (it being understood that to the extent that any such additional collateral constituted Non-ABL Collateral at the time it was granted to the ABL Lenders, the Lien thereon in favor of the ABL Lenders shall be subordinate in all respects to the Liens thereon in favor of the Junior Lien Secured Parties);

(5) no Junior Lien Collateral Agent, on behalf of itself or the applicable Junior Lien Secured Party, will oppose any sale consented to by the ABL Collateral Agent of any ABL Collateral pursuant to Section 363(f) of the Bankruptcy Code (or any similar provision under the law applicable to any Insolvency Proceeding) so long as the Proceeds of such sale are applied in accordance with this Agreement.

After Discharge of the ABL Facility Obligations

Following the discharge of the ABL Obligations, the Junior Lien Secured Parties will retain their security interest in the ABL Collateral. A representative of the Junior Lien Secured Party (the *Authorized Representative*) determined in accordance with the Credit Agreement Intercreditor Agreement will determine time and method by which the security interests in the ABL Collateral will be enforced.

If such Authorized Representative or any Junior Lien Secured Party is taking action to enforce rights in respect of any ABL Collateral, or any distribution is made with respect to any ABL Collateral in any Insolvency Proceeding, or any Junior Lien Secured Party receives any payment pursuant to any intercreditor agreement with respect to any ABL Collateral, the Proceeds of any sale, collection or other liquidation of any such ABL Collateral by such Authorized Representative or any other Junior Lien Secured Party (or received pursuant to any other intercreditor agreement), as applicable, and the proceeds of any such distribution to which the Junior Lien Obligations are entitled under any other intercreditor agreement shall be applied, subject to specified exceptions, among the Junior Lien Obligations to the payment in full of the Junior Lien Obligations on a ratable basis.

Certain Definitions

Set forth below are certain defined terms used in the ABL Intercreditor Agreement.

ABL Controlled Accounts means (i) all Deposit Accounts and all Securities Accounts (as each such term is defined in the Uniform Commercial Code) and all accounts and sub-accounts relating to any of the foregoing accounts and (ii) all cash, funds, checks, notes, securities entitlements (as such terms are defined in the Uniform Commercial Code) and instruments from time to time on deposit in any of the accounts or sub-accounts described in clause (i) of this definition, in each case, of the Issuer or any other Pledgor and which are subject to a control agreement in favor of the ABL Collateral Agent.

Insolvency Proceeding means:

(1) any case commenced by or against the Issuer or another Pledgor under any Bankruptcy Law, any other proceeding for the reorganization, recapitalization or adjustment or marshalling of the assets or liabilities of the Issuer or any other Pledgor, any receivership or assignment for the benefit of creditors relating to the Issuer or any other Pledgor or any similar case or proceeding relative to the Issuer or any other Pledgor or its creditors, as such, in each case whether or not voluntary;

(2) any liquidation, dissolution, marshalling of assets or liabilities or other winding up of or relating to the Issuer or any other Pledgor, in each case whether or not voluntary and whether or not involving bankruptcy or insolvency; or

(3) any other proceeding of any type or nature in which substantially all claims of creditors of the Issuer or any other Pledgor are determined and any payment or distribution is or may be made on account of such claims.

Ranking

The payment of the principal of, premium, if any, and interest on the Notes by the Issuer ranks *pari passu* in right of payment to all unsubordinated Indebtedness of the Issuer, including the obligations of the Issuer under the Senior Credit Facilities, the Existing Priority Guarantee Notes and the Existing Senior Notes.

The payment of any Guarantee of the Notes ranks *pari passu* in right of payment to all unsubordinated indebtedness of the relevant Guarantor, including, the guarantee by such Guarantor of the Senior Credit Facilities and the Existing Priority Guarantee Notes.

At March 31, 2015:

(1) the Issuer and the Guarantors had \$12.7 billion of Secured Indebtedness outstanding (excluding an additional available borrowings under our receivables based facility equal to the lesser of \$535 million, the revolving credit commitment, or the borrowing base amount, as defined under the receivables based facility and subject to certain limitations contained in our material financing agreements);

Table of Contents

(2) the Issuer and the Guarantors had \$3.1 billion of unsecured Indebtedness outstanding (including the Existing Senior Notes); and

(3) the non-Guarantor Subsidiaries had \$4.9 billion of Indebtedness outstanding (including \$2.7 billion of senior notes and \$2.2 billion of senior subordinated notes issued by a subsidiary of CCO), \$11.8 million of which was Secured Indebtedness.

Although the Indenture limits the incurrence of Indebtedness by the Issuer and its Restricted Subsidiaries and the issuance of Disqualified Stock and Preferred Stock by the Restricted Subsidiaries, such limitations are subject to a number of significant qualifications and exceptions. Under certain circumstances, the Issuer and its Subsidiaries may be able to incur substantial amounts of Indebtedness and such Indebtedness may be Secured Indebtedness or structurally senior to the Notes. See Certain Covenants in the Indenture Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants in the Indenture Liens.

Substantially all of the operations of the Issuer are conducted through its Subsidiaries, some of which do not Guarantee the Notes. Unless a Subsidiary is a Guarantor, claims of creditors of such Subsidiary, including trade creditors, and claims of preferred stockholders (if any) of such Subsidiary generally will have priority with respect to the assets and earnings of such Subsidiary over the claims of creditors of the Issuer, including Holders. The Notes, therefore, are effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of the Issuer that are not Guarantors. Our non-guarantor Subsidiaries accounted for approximately \$7.0 billion, or 51%, of our total assets as of March 31, 2015 and approximately \$7.2 billion, or 51%, of our total assets as of December 31, 2014. As of March 31, 2015 and December 31, 2014, our non-guarantor Subsidiaries had \$6.4 billion and \$6.5 billion, respectively, of total liabilities (including trade payables) to which the Notes would have been structurally subordinated.

See Risk Factors Risks Related to the Notes.

Paying Agent and Registrar for the Notes

The Issuer will maintain one or more Paying Agents for the Notes. The initial Paying Agent for the Notes is U.S. Bank National Association.

The Issuer will also maintain a registrar in respect of the Notes, initially U.S. Bank National Association. If the Issuer fails to appoint a registrar, the Trustee will act as such. The registrar for the Notes will maintain a register reflecting ownership of the Notes outstanding from time to time and will make payments on and facilitate transfer of the Notes on behalf of the Issuer.

The Issuer may change the Paying Agents or the registrars without prior notice to the Holders. The Issuer, any Restricted Subsidiary or any Subsidiaries of a Restricted Subsidiary may act as a Paying Agent or Registrar.

Transfer and Exchange

A Holder may transfer or exchange Notes in accordance with the Indenture. Any registrar or the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or exchange any Note selected for redemption. Also, the Issuer will not be required to transfer or exchange any Note for a period of 15 days before the sending of a notice of redemption of Notes.

Principal, Maturity and Interest

The Issuer issued \$950,000,000 initial aggregate principal amount of Notes. The Notes will mature on March 15, 2023. Subject to compliance with the covenants described below under the caption Certain Covenants in the Indenture Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, and Certain Covenants in the Indenture Liens, the Issuer may issue additional Notes from time to time (such additional Notes, the *Additional Notes*). The Notes offered by the Issuer and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Holders of Additional Notes actually issued will share equally and ratably in the Collateral with the Holders of the Notes. Unless the context requires otherwise, for all purposes of the Indenture and this Description of the Exchange Notes, references to Note or Notes include any Additional Notes that are actually issued.

Interest accrues on the Notes from the Issue Date, or from the most recent date to which interest has been paid or provided for. Interest is payable semiannually using a 360-day year comprised of twelve 30-day months to Holders of record at the close of business on the March 1 or September 1 immediately preceding the interest payment date, on March 15 and September 15 of each year, commencing September 15, 2015. If a payment date is not on a Business Day at the place of payment, payment may be made at the place on the next succeeding Business Day and no interest will accrue for the intervening period.

Table of Contents

Interest on the Notes accrues at a rate of 10.625% per annum and will be payable in cash. The Issuer will pay interest on overdue principal at 1% per annum in excess of the interest otherwise payable by the Issuer and will pay interest on overdue installments due from the Issuer at such higher rate to the extent lawful.

Special Interest may accrue on the Notes in certain circumstances pursuant to the Registration Rights Agreement. All references in the Indenture and this Description of the Exchange Notes, in any context, to any interest or other amount payable on or with respect to the Notes shall be deemed to include any Special Interest pursuant to the Registration Rights Agreement for the Notes.

Principal of, premium, if any, and interest on the Notes will be payable at the office or agency of the Issuer maintained for such purpose or, at the option of the Issuer, may be made by check mailed to the Holders of the Notes at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Notes represented by one or more global notes registered in the name of or held by The Depository Trust Company (*DTC*) or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. The Issuer's office or agency will be the office of the Paying Agent maintained for such purpose.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Issuer is not required to make any sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Notes as described under the caption Repurchase at the Option of Holders. We and our affiliates may at any time and from time to time purchase Notes in the open market, in negotiated transactions or otherwise.

Optional Redemption

Except as set forth below, the Issuer shall not be permitted to redeem the Notes. The Notes will be payable at par in cash at maturity.

At any time prior to March 15, 2018, the Notes may be redeemed or purchased (by the Issuer or any other Person), in whole or in part, upon notice as described under Selection and Notice, at a redemption price equal to 100% of the principal amount of Notes redeemed plus the Applicable Premium calculated by the Issuer as of the date of redemption (the *Redemption Date*), and, without duplication, accrued and unpaid interest to the Redemption Date, subject to the rights of Holders of Notes on the relevant record date to receive interest due on the relevant interest payment date. The Issuer may provide in such notice that payment of the redemption price and performance of the Issuer's obligations with respect to such redemption or purchase may be performed by another Person and may, at the Issuer's discretion, be subject to one or more conditions precedent.

On and after March 15, 2018, the Notes may be redeemed or purchased (by the Issuer or any other Person), at the Issuer's option, in whole or in part, upon notice as described under Selection and Notice, at any time and from time to time at the redemption prices set forth below. The Issuer may provide in such notice that the payment of the redemption price and the performance of the Issuer's obligations with respect to such redemption may be performed by another Person and may, at the Issuer's discretion, be subject to one or more conditions precedent. The Notes will be redeemable at the redemption prices (expressed as percentages of principal amount of the Notes to be redeemed) set forth below plus accrued and unpaid interest thereon to the applicable Redemption Date, subject to the right of Holders of record of Notes on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on March 15 of each of the years indicated below:

Year	Percentage
2018	107.969
2019	105.313
2020	102.656
2021 and thereafter	100.000%

In addition, until March 15, 2018, the Issuer may, at its option, on one or more occasions, redeem up to 40% of the then outstanding aggregate principal amount of Notes at a redemption price equal to 110.625% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings to the extent such net cash proceeds are received by or contributed to the Issuer; *provided* that at least 50% of the sum of the aggregate principal amount of Notes originally issued under the Indenture and any Additional Notes issued under the Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further*, that each such redemption occurs within 180 days of the date of closing of each such Equity Offering.

The Issuer may provide in such notice that payment of the redemption price and performance of the Issuer's obligations with respect thereto may be performed by another Person. Notice of any redemption upon any Equity Offering may be given prior to the completion of the related Equity Offering, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of the related Equity Offering.

The Registrar or the Paying Agent shall select the Notes to be purchased in the manner described under Selection and Notice.

Repurchase at the Option of Holders***Change of Control***

The Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently sent a redemption notice with respect to all the outstanding Notes as described under Optional Redemption, the Issuer will make an offer to purchase all of the Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101.0% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer, with a copy to the Trustee, the Paying Agent and the Registrar, to each Holder of Notes to the address of such Holder appearing in the security register with a copy to the Trustee, or otherwise in accordance with the procedures of DTC, with the following information:

- (1) that a Change of Control Offer is being made pursuant to the covenant entitled Repurchase at the Option of Holders Change of Control, and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is sent (the *Change of Control Payment Date*);
- (3) that any Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless the Issuer defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled Option of Holder to Elect Purchase on the reverse of such Notes completed, to the Paying Agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) that Holders will be entitled to withdraw their tendered Notes and their election to require the Issuer to purchase such Notes, *provided* that the Paying Agent receives, not later than the close of business on the fifth Business Day preceding the Change of Control Payment Date a facsimile or electronic mail transmission (via pdf) or a letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;
- (7) that the Holders whose Notes are being repurchased only in part will be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered. The unpurchased portion of the Notes must be equal to a minimum of \$2,000 and an integral multiple of \$1,000 in principal amount;
- (8) if such notice is sent prior to the occurrence of a Change of Control, stating that the Change of Control Offer is conditional on the occurrence of such Change of Control; and

(9) the other instructions, as determined by the Issuer, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes by the Issuer pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law:

- (1) accept for payment all Notes or portions thereof properly tendered pursuant to the Change of Control Offer,
- (2) deposit with the Paying Agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered, and

Table of Contents

(3) deliver, or cause to be delivered, to the Trustee for cancellation (and delivery to the Paying Agent) the Notes so accepted together with an Officer's Certificate to the Trustee stating that such Notes or portions thereof have been tendered to and purchased by the Issuer.

The Senior Credit Facilities do, and future credit agreements or other agreements to which the Issuer may become a party may, provide that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the Indenture). If we experience a change of control that triggers a default under our Senior Credit Facilities, we could seek a waiver of such default or seek to refinance our Senior Credit Facilities. In the event we do not obtain such a waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under our Senior Credit Facilities being declared due and payable and cause a Receivables Facility to be wound down.

Our ability to pay cash to the Holders of Notes following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases. See Risk Factors Risks Related to the Notes We may not be able to repurchase the notes upon a change of control and holders of the notes may not be able to determine when a change of control giving rise to their right to have the notes repurchased has occurred following a sale of substantially all of our assets.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. As of the date of this prospectus, we had no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, dispositions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness (including Secured Indebtedness) are contained in the covenants described under Certain Covenants in the Indenture Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants in the Indenture Liens. Such restrictions in the Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture does not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction. These limitations are subject to a number of important exceptions, baskets and qualifications.

We will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of Change of Control includes a disposition of all or substantially all of the assets of the Issuer and its Restricted Subsidiaries to any Person. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the assets of the Issuer and its Restricted Subsidiaries. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above.

Except as described in clause (11) of the second paragraph under Amendment, Supplement and Waiver, the provisions in the Indenture relative to the Issuer's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified at any time with the written consent of the Holders of a majority in principal amount of the then outstanding Notes under the Indenture.

Asset Sales

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale, unless:

(1) the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of;

(2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:

(a) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Notes (or Guarantees) or that are owed to the Issuer or a Restricted Subsidiary, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing;

Table of Contents

(b) any securities, notes or other obligations or assets received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale; and

(c) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed \$300.0 million at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value, shall be deemed to be cash for purposes of this provision and for no other purpose; and

(3) if such Asset Sale involves the disposition of Collateral,

(a) such Asset Sale complies with the applicable provisions of the Security Documents; and

(b) to the extent required by the Security Documents, all consideration received in such Asset Sale shall be expressly made subject to Liens under the Security Documents.

Within 18 months after the receipt of any Net Proceeds of any Asset Sale by the Issuer or any Restricted Subsidiary, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale:

(1) to permanently reduce:

(a) Obligations constituting First Priority Lien Obligations under the General Credit Facilities (other than any General Credit Facilities that also constitute Public Debt) (and, if the Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto);

(b) until the ABL Date, Obligations under the ABL Facility (and to correspondingly reduce commitments with respect thereto) so long as the Net Proceeds of the Asset Sale are with respect to ABL Collateral;

(c) Obligations under the (i) Notes (to the extent such purchases are at or above 100% of the principal amount thereof) or (ii) any other First Priority Lien Obligations of the Issuer or a Restricted Guarantor (and to correspondingly reduce commitments with respect thereto) if and to the extent required by the terms of such Obligations; *provided* that the Issuer shall equally and ratably reduce Obligations under the Notes as provided under Optional Redemption, through open-market purchases (to the extent such purchases are at or above 100% of the principal amount thereof) or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders of Notes to purchase a pro rata amount of Notes at 100% of the principal amount thereof, plus accrued but unpaid interest; and

(d) Indebtedness of a Restricted Subsidiary that is not a Guarantor (and to correspondingly reduce commitments with respect thereto) so long as the Net Proceeds of the Asset Sale are with respect to assets owned by such Restricted Subsidiary that is not a Guarantor and the Net Proceeds of such Asset Sale are received by such Restricted Subsidiary as a result of an Asset Sale by such Restricted Subsidiary; or

(2) to (a) make an Investment in any one or more businesses; *provided, however*, that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or Restricted Subsidiary, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) acquire properties, (c) make capital expenditures or (d) acquire other assets that, in the case of each of clauses (a), (b), (c) and (d) either (x) are used or useful in a Similar Business or (y) replace the businesses, properties or assets that are the

subject of such Asset Sale;

provided, however, that, in the case of clause (2) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within the later of 18 months after receipt of such Net Proceeds and 180 days following such commitment; *provided further, however*, that if such commitment is cancelled or terminated after the later of such 18 month or 180 day period for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from any Asset Sale described in the preceding paragraph that are not invested or applied as provided and within the time period set forth in the preceding paragraph will be deemed to constitute *Excess Proceeds*, except the amount of Excess Proceeds will be reduced by an amount equal to the difference between (x) the principal amount of the Notes offered to be purchased in a bona fide offer pursuant to clause (1)(c) above and (y) the principal amount of the Notes that were purchased pursuant to such offer. When the aggregate amount of Excess Proceeds with respect to the Notes exceeds \$100.0 million, the Issuer shall make an offer to all Holders of the Notes and, if required by the terms of any other First Priority Lien Obligations, to the holder of such First Priority Lien Obligations (an *Asset Sale Offer*), to purchase the maximum aggregate principal amount of such Notes and the maximum aggregate principal amount (or accreted value, if less) of such First Priority Lien Obligations that is a minimum of \$2,000

Table of Contents

or an integral multiple of \$1,000 thereof (in aggregate principal amount) that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof (or accreted value, if applicable) plus accrued and unpaid interest to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$100.0 million by sending the notice required pursuant to the terms of the Indenture, with a copy to the Trustee or otherwise in accordance with the procedures of DTC. The Issuer, in its sole discretion, may satisfy the foregoing obligations with respect to any Net Proceeds from an Asset Sale by making an Asset Sale Offer with respect to such Net Proceeds prior to the expiration of the relevant 18 month period (or such longer period provided above) or with respect to Excess Proceeds of \$100.0 million or less.

To the extent that the aggregate principal amount of Notes and the aggregate principal amount (or accreted value, if applicable) of such First Priority Lien Obligations tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds with respect to the Notes, the Issuer may use any remaining Excess Proceeds for general corporate purposes, subject to the other covenants contained in the Indenture and the Security Documents. If the aggregate principal amount of Notes and the aggregate principal amount (or accreted value, if applicable) of the First Priority Lien Obligations surrendered in an Asset Sale Offer exceeds the amount of Excess Proceeds with respect to the Notes, the Registrar or the Paying Agent shall select the Notes and the Issuer or the agent for such First Priority Lien Obligations will select such other First Priority Lien Obligations to be purchased on a pro rata basis based on the principal amount of the Notes and the aggregate principal amount (or accreted value, if applicable) of such First Priority Lien Obligations tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility, including under any Senior Credit Facilities, or otherwise invest or apply such Net Proceeds in any manner not prohibited by the Indenture. The Notes Collateral Agent or its designated representative may not have control of, or a perfected security interest in, Net Proceeds of any Collateral, which could have the effect of diminishing the value of, and ability to collect with respect to, that Collateral.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

Except as described in clause (11) of the second paragraph under **Amendment, Supplement and Waiver**, the provisions under the Indenture relative to the Issuer's obligation to make an offer to repurchase the Notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the then outstanding Notes.

Selection and Notice

If the Issuer is redeeming less than all of the Notes at any time, the Trustee or the Paying Agent will select the Notes to be redeemed (a) if such Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which such Notes are listed or (b) on a pro rata basis to the extent practicable, or, if the pro rata basis is not practicable for any reason, by lot or by such other method as the Trustee or the Paying Agent shall deem appropriate and in accordance with the procedures of DTC.

Notices of purchase or redemption shall be sent at least 30 but not more than 60 days before the purchase or redemption date to (x) each Holder of Notes to be redeemed at such Holder's registered address, (y) to the Trustee and Registrar to forward to each Holder of Notes to be redeemed at such Holder's registered address, or (z) otherwise in accordance with the procedures of DTC, except that redemption notices may be sent more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the Holder upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Certain Covenants in the Indenture

Set forth below are summaries of certain of the principal covenants that will be contained in the Indenture.

(a) dividends or distributions payable solely in Equity Interests (other than Disqualified Stock) of the Issuer; or

(b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary of the Issuer, the Issuer or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries after the Existing Priority Guarantee Notes Issue Date (including Restricted Payments permitted by clauses (1), (2) (with respect to the payment of dividends on Refunding Capital Stock (as defined below) pursuant to clause (c) thereof only), (6)(c) and (8) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the sum of (without duplication):

(ii) debt of the Issuer or any Restricted Subsidiary that has been converted into or exchanged for such Equity Interests of the Issuer or a direct or indirect parent company of the Issuer;

(d) 100% of the aggregate amount of proceeds (including cash and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property) received by the Issuer or a Restricted Subsidiary by means of:

the cash proceeds actually contributed to the capital of the Issuer or any Restricted Subsidiary (in each case, other than any Disqualified Stock) (*Refunding Capital Stock*), (b) the declaration and payment of dividends on the Treasury Capital Stock out of the proceeds of the substantially concurrent sale (other than to the Issuer or any of its Restricted Subsidiaries) of the Refunding Capital Stock, and (c) if immediately prior to the retirement of Treasury Capital Stock, the declaration and payment of dividends thereon was permitted under clause (6)(a) or (b) of this paragraph, the declaration and payment of dividends on the Refunding Capital Stock (other than Refunding Capital Stock the proceeds of which were used to purchase, redeem, defease, repurchase, retire or otherwise acquire any Equity Interests of any direct or indirect parent company of the Issuer) in an aggregate amount per year no greater than the aggregate amount of dividends per annum that were declarable and payable on such Treasury Capital Stock immediately prior to such retirement;

(3) the purchase, redemption, defeasance, repurchase or other acquisition or retirement of Subordinated Indebtedness of the Issuer or a Restricted Subsidiary made by exchange for, or out of the proceeds of the substantially concurrent sale of, new Indebtedness of the Issuer or a Restricted Subsidiary, as the case may be, which is incurred in compliance with *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* so long as:

(a) the principal amount (or accreted value, if applicable) of such new Indebtedness does not exceed the principal amount of (or accreted value, if applicable), plus any accrued and unpaid interest on, the Subordinated Indebtedness being

so purchased, redeemed, defeased, repurchased, exchanged, acquired or retired for value, plus the amount of any premium required to be paid under the terms of the instrument governing the Subordinated Indebtedness being so purchased, redeemed, defeased, repurchased, exchanged, acquired or retired and any fees and expenses incurred in connection with such purchase, redemption, defeasance, repurchase, exchange, acquisition or retirement and the issuance of such new Indebtedness;

(b) such new Indebtedness is subordinated to the Notes or the applicable Guarantee at least to the same extent as such Subordinated Indebtedness so purchased, redeemed, defeased, repurchased, exchanged, acquired or retired for value;

The principal amount of any non-interest bearing Indebtedness or other discount security constituting Indebtedness at any date shall be the principal amount thereof that would be shown on a balance sheet of the Issuer dated such date prepared in accordance with GAAP.

The Issuer will not, and will not permit any Restricted Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is contractually subordinated or junior in right of payment to any Indebtedness of the Issuer or such Restricted Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Restricted Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated in right of payment to other Indebtedness of the Issuer or such Restricted Guarantor, as the case may be. The Indenture does not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured, (2) unsubordinated Indebtedness as subordinated or junior to any other unsubordinated Indebtedness merely because it has a junior priority with respect to the same collateral or (3) Indebtedness as subordinated or junior Indebtedness merely because it is structurally subordinated to other Indebtedness. All Indebtedness (other than the iHeartCommunications Mirror Note) owed to the Issuer by any Restricted Guarantor shall be unsecured and subordinated to the Obligations in respect of the Notes pursuant to an intercompany note.

Limitation on Modification of Existing Senior Notes

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, amend any of the Existing Senior Notes or any Existing Senior Notes Indenture, or any supplemental indenture in respect thereof, to create, incur or assume any Lien that secures any of the Existing Senior Notes other than to the extent permitted by the Senior Credit Facilities as in effect on the Issue Date.

Liens

Holdings and the Issuer will not, and will not permit any Restricted Guarantor to, directly or indirectly, create, incur, assume or suffer to exist any Lien that secures Obligations under any Indebtedness (other than a Permitted Lien) on any asset or property of Holdings, the Issuer or such Restricted Guarantor, or any income or profits therefrom or assign or convey any right to receive income therefrom.

At any time that any Restricted Subsidiary that is not a Restricted Guarantor incurs, assumes or suffers to exist any Lien that secures any First Priority Lien Obligation (other than the Obligations in respect of the Notes) on any asset or property of such Restricted Subsidiary, the Issuer shall cause such Restricted Subsidiary to secure the Obligations in respect of the Notes, on an equal and ratable basis, by the assets subject to such Liens.

The Indenture also provides that, notwithstanding the foregoing, Holdings and the Issuer will not, and the Issuer will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, Incur or suffer to exist any Lien (including Permitted Liens) on any asset or property of Holdings, the Issuer or such Restricted Subsidiary that secures Obligations under Indebtedness that is contractually senior in priority (without regard to control of remedies) to any security interest at any time granted to secure the Notes or the Guarantees and is also contractually junior in priority (without regard to control of remedies) to any security interest at any time granted to secure any other Indebtedness.

Table of Contents***Impairment of Security Interest***

Holdings and the Issuer shall not, and shall not permit any Restricted Subsidiary to, take or knowingly or negligently omit to take, any action which action or omission might reasonably or would (in the good faith determination of the Issuer), have the result of materially impairing the value of the security interests taken as a whole (including the lien priority with respect thereto) with respect to the Collateral for the benefit of the Notes Collateral Agent and the Holders of the Notes (including materially impairing the lien priority of the Notes with respect thereto) (it being understood that any release described under Security Release of Collateral and the incurrence of Permitted Liens shall not be deemed to so materially impair the security interests with respect to the Collateral).

The Indenture provides that, at the direction of the Issuer and without the consent of the Holders, the Notes Collateral Agent (or its agent or designee) shall from time to time enter into one or more amendments, extensions, renewals, restatements, supplements or other modifications or replacements to or of the Security Documents to (i) cure any ambiguity, omission, defect or inconsistency therein that does not materially adversely affect the interests of the Holders, (ii) provide for Permitted Liens, (iii) add to the Collateral or (iv) make any other change thereto that does not adversely affect the Holders in any material respect.

After-Pledged Property

With respect to After-Pledged Property of the Issuer or any Restricted Guarantor, the Issuer or such Restricted Guarantor shall execute and deliver such mortgages, deeds of trust, security instruments, financing statements and certificates and opinions of counsel as shall be reasonably necessary to vest in the Notes Collateral Agent a perfected first-priority security interest, subject only to Permitted Liens, in such After-Pledged Property and to have such After-Pledged Property added to the Collateral, and thereupon all provisions of the Indenture relating to the Collateral shall be deemed to relate to such After-Pledged Property to the same extent and with the same force and effect.

The Indenture will provide that the Issuer and the Guarantors shall, on a date that is not later than the earlier of the date on which the Lien in any Springing Lien Collateral is granted for the benefit of the General Credit Facilities or 60 days after the Springing Lien Trigger Date, execute and deliver such mortgages, deeds of trust, security instruments, financing statements and certificates and opinions of counsel as shall be reasonably necessary to vest in the Notes Collateral Agent a perfected first-priority security interest, subject only to Permitted Liens, in such Springing Lien Collateral.

Merger, Consolidation or Sale of All or Substantially All Assets

The Issuer may not consolidate or merge with or into or wind up into (whether or not the Issuer is the surviving corporation), nor may the Issuer sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the properties or assets of the Issuer and its Restricted Subsidiaries, taken as a whole, in one or more related transactions, to (X) any Person (other than Holdings) unless:

(1) the Issuer is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or the Person to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is organized or existing under the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (the Issuer or such Person, as the case may be, being herein called the *Successor Company*); provided that in the case where the Successor Company is not a corporation, a co-obligor of the Notes is a corporation;

- (2) the Successor Company, if other than the Issuer, expressly assumes all the obligations of the Issuer under the Indenture, the Notes and the Security Documents pursuant to a supplemental indenture or other documents or instruments in form reasonably satisfactory to the Trustee;
- (3) immediately after such transaction, no Default exists;
- (4) immediately after giving *pro forma* effect to such transaction and any related financing transactions, as if such transactions had occurred at the beginning of the applicable four-quarter period, (a) the Successor Company would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Leverage Ratio test set forth in the first paragraph of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, or (b) the Consolidated Leverage Ratio for the Successor Company and its Restricted Subsidiaries would be equal to or less than such Consolidated Leverage Ratio immediately prior to such consolidation or merger;
- (5) each Restricted Guarantor, unless it is the other party to the transactions described above, in which case clause (1)(b) of the second succeeding paragraph shall apply, shall have by supplemental indenture confirmed that its Guarantee and security interest under the Security Documents shall apply to such Person's obligations under the Indenture, the Guarantee, the Notes and the Security Documents; and
- (6) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Indenture;
- or (Y) Holdings.

(2) the Issuer may merge with an Affiliate of the Issuer (other than Holdings) solely for the purpose of reorganizing the Issuer in the United States, any state thereof, the District of Columbia or any territory thereof so long as the amount of Indebtedness of the Issuer and its Restricted Subsidiaries is not increased thereby.

Subject to certain limitations described in the Indenture governing release of a Guarantee upon the sale, disposition or transfer of a guarantor, no Restricted Guarantor will, and the Issuer will not permit any Restricted Guarantor to, consolidate or merge with or into or wind up into (whether or not the Issuer or such Restricted Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(1)(a) such Restricted Guarantor is the surviving Person or the Person formed by or surviving any such consolidation or merger (if other than such Restricted Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is organized or existing under the laws of the jurisdiction of organization of such Restricted Guarantor, as the case may be, or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Restricted Guarantor or such Person, as the case may be, being herein called the *Successor Person*);

(c) immediately after such transaction, no Default exists; and

(d) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Indenture; or

(2) the transaction complies with clauses (1) and (2) of the first paragraph of the covenant described under **Repurchase at the Option of Holders** **Asset Sales**.

In the case of clause (1) of the immediately preceding paragraph, the Successor Person will succeed to, and be substituted for, such Restricted Guarantor under the Indenture, such Restricted Guarantor's Guarantee and such Restricted Guarantor's obligations under the Security Documents. Notwithstanding the foregoing, any Restricted Guarantor may (1) merge or consolidate with or into or wind up into or transfer all or part of its properties and assets to another Restricted Guarantor or the Issuer, (2) merge with an Affiliate of the Issuer solely for the purpose of reincorporating the Guarantor in the United States, any state thereof, the District of Columbia or any territory thereof or (3) convert into (which may be effected by merger with a Restricted Subsidiary that has substantially no assets and liabilities) a corporation, partnership, limited partnership, limited liability corporation or trust organized or existing under the laws of the jurisdiction of organization of such Restricted Guarantor (which may be effected by merger so long as the survivor thereof is a Restricted Guarantor).

Subject to certain limitations described in the Indenture governing release of a Guarantee upon the sale, exchange or transfer (by merger or otherwise) of all or substantially all of the assets of Holdings, Holdings will not consolidate or merge with or into or wind up into (whether or not Holdings is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to (X) any Person unless:

(b) the Successor Person, if other than Holdings, expressly assumes all the obligations of Holdings under the Indenture, Holdings related Guarantee and Holdings obligations related to the Security Documents, pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(c) immediately after such transaction, no Default exists; and

(d) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Indenture; or

(2) the transaction complies with clauses (1) and (2) of the first paragraph of the covenant described under Repurchase at the Option of Holders Asset Sales ; or (Y) the Issuer or any direct or indirect subsidiary of the Issuer.

(1) pay (a) dividends or make any other distributions to the Issuer or any of its Restricted Subsidiaries on its Capital Stock or with respect to any other interest or participation in, or measured by, its profits or

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

The Issuer will not permit any Restricted Subsidiary of the Issuer, other than a Restricted Guarantor or a Foreign Subsidiary guaranteeing not more than \$50 million in aggregate principal amount of Indebtedness of the Issuer or any Guarantor, to guarantee the payment of any Indebtedness of the Issuer or any Guarantor unless:

(1) such Restricted Subsidiary within 30 days executes and delivers (i) a supplemental indenture to the Indenture providing for a Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Issuer or any Restricted Guarantor, if such Indebtedness is by its express terms subordinated in right of payment to the Notes or a related Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the Notes or such Restricted Guarantor's related Guarantee, and (ii) supplements to each then existing Security Document and/or one or more additional Security Documents pursuant to which such Restricted Subsidiary shall grant to the Notes Collateral Agent a security interest in, and a Lien on, all of its title, rights and interest in, to and under assets that are of the type and kind constituting Collateral; and

Status as Designated Senior Indebtedness

Holdings, the Issuer and each Restricted Guarantor have designated the Guarantee of each of such Guarantor as Designated Senior Indebtedness for all purposes under the Subordinated Guarantee Notes Indenture and the Trustee is the Representative of the Notes as such term is used in the Subordinated Guarantee Notes Indenture.

Designation of Credit Facilities Indebtedness under the Credit Agreement Intercreditor Agreement

With respect to any Indebtedness of the Issuer or a Restricted Guarantor outstanding under Credit Facilities, or any extension, refunding, refinancing or renewal thereof, that constitutes First Priority Lien Obligations under the Credit Agreement Intercreditor Agreement but is not Public Debt, the Issuer has caused the administrative agent or similar agent or representative under such Indebtedness to designate the obligations thereunder as the Credit Agreement for purposes of the Credit Agreement Intercreditor Agreement.

Reports and Other Information

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Indenture requires the Issuer to file with the SEC from and after the Issue Date no later than 15 days after the periods set forth below:

- (1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;
- (2) within 45 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-Q by a non-accelerated filer) after the end of each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q containing all quarterly information that would be required to be contained in Form 10-Q, or any successor or comparable form;
- (3) promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and

Table of Contents

(4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case, in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Notes, in addition to providing such information to the Trustee and the Holders of the Notes, in each case within 5 days after the time the Issuer would have been required to file such information with the SEC as required pursuant to the first sentence of this paragraph. To the extent any such information is not furnished within the time periods specified above and such information is subsequently furnished (including upon becoming publicly available, by filing such information with the SEC), the Issuer will be deemed to have satisfied its obligations with respect thereto at such time and any Default with respect thereto shall be deemed to have been cured; *provided* that such cure shall not otherwise affect the rights of the Holders under Events of Default and Remedies if Holders of at least 25% in principal amount of the then total outstanding Notes have declared the principal, premium, if any, interest and any other monetary obligations on all the then outstanding Notes to be due and payable immediately and such declaration shall not have been rescinded or cancelled prior to such cure. In addition, to the extent not satisfied by the foregoing, the Issuer agrees that, for so long as any Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

For so long as Holdings or any other direct or indirect parent company of the Issuer is a guarantor of the Notes, the Indenture permits the Issuer to satisfy its obligations in this covenant with respect to financial information relating to the Issuer by furnishing financial information relating to such parent; provided that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Issuer and its Restricted Subsidiaries on a standalone basis, on the other hand.

In connection with the filings with the SEC required pursuant to clauses (1) and (2) above, in connection therewith, the Issuer shall provide notice of, and host, a conference call open to the public to discuss the results for the applicable period.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement by the filing with the SEC of the exchange offer registration statement or shelf registration statement in accordance with the terms of the Registration Rights Agreement, and any amendments thereto, with such financial information that satisfies Regulation S-X of the Securities Act.

Reports filed by the Company with the SEC via the EDGAR system will be deemed to be filed with the Trustee as of the time such reports are filed via EDGAR.

Events of Default and Remedies

The Indenture provides that each of the following is an Event of Default with respect to the Notes:

(1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Notes;

(2) default for 30 days or more in the payment when due of interest on or with respect to the Notes;

(3) failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less than 25% in principal amount of the then outstanding Notes (with a copy to the Trustee) to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above and clause (9) below) contained in the Indenture, the Security Documents or the Notes;

(4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Notes, if both:

(a) such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated final maturity; and

(b) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$100.0 million or more at any one time outstanding;

(5) failure by the Issuer or any other Significant Party to pay final non-appealable judgments aggregating in excess of \$100.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 90 days after such judgments become final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

Table of Contents

(6) certain events of bankruptcy or insolvency with respect to the Issuer or any other Significant Party;

(7) failure of any Person required by the terms of the Indenture to be a Guarantor as of the Issue Date to execute a supplemental indenture to the Indenture within five Business Days following the Issue Date;

(8) the Guarantee of any Significant Party shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Party, as the case may be, denies in writing that it has any further liability under its Guarantee or gives written notice to such effect, other than by reason of the termination of the Indenture or the release of any such Guarantee in accordance with the Indenture; or

(9) the security interest in the Collateral created under any Security Document shall, at any time, cease to be in full force and effect and constitute a valid and perfected Lien with the priority required by the Indenture for any reason other than the satisfaction in full of all obligations under the Indenture and discharge of the Indenture or in accordance with the terms of the Intercreditor Agreements or as provided under Security Releases of Collateral above or any security interest created under any Security Document shall be invalid or unenforceable, in each case, on any material portion of the Collateral purported to be covered thereby, or the Issuer or any Guarantor required to grant a security interest in Collateral shall assert, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable and in each case such failure or such assertion shall have continued uncured or unrescinded for a period of 30 days.

If any Event of Default (other than of a type specified in clause (6) above with respect to the Issuer) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 25% in principal amount of the then total outstanding Notes may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding Notes to be due and payable immediately.

Upon the effectiveness of such declaration, such principal and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section with respect to the Issuer, all outstanding Notes will become due and payable without further action or notice. The Indenture provides that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the Notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of the Notes.

The Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding Notes under the Indenture by notice to the Trustee may, on behalf of the Holders of all of the Notes, waive any existing Default and its consequences under the Indenture (except a continuing Default in the payment of interest on, premium, if any, or the principal of any Note held by a non-consenting Holder) and rescind any acceleration with respect to the Notes and its consequences (except if such rescission would conflict with any judgment of a court of competent jurisdiction). In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

(1) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged; or

(2) Holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or

(3) the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders of the Notes outstanding thereunder unless the Holders have offered to the Trustee indemnity or security satisfactory to the Trustee against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

(1) such Holder has previously given the Trustee notice that an Event of Default is continuing;

(2) Holders of at least 25% in principal amount of the total outstanding Notes have requested the Trustee to pursue the remedy;

(3) Holders of the Notes have offered the Trustee security or indemnity satisfactory to the Trustee against any loss, liability or expense;

(4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

Table of Contents

(5) Holders of a majority in principal amount of the total outstanding Notes thereunder have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the Indenture the Holders of a majority in principal amount of the then total outstanding Notes thereunder are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note or that would involve the Trustee in personal liability.

The Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Issuer is required, within five Business Days after becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No past, present or future director, officer, employee, incorporator, member, partner or stockholder of the Issuer or any Guarantor or any of their direct or indirect parent companies shall have any liability for any obligations of the Issuer or the Guarantors under the Notes, the Guarantees or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The obligations of the Issuer and the Guarantors under the Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the Notes issued thereunder. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the Notes and have each Guarantor's obligations discharged with respect to its Guarantee (*Legal Defeasance*) and cure all then existing Events of Default except for:

- (1) the rights of Holders of Notes to receive payments in respect of the principal of, premium, if any, and interest on the Notes when such payments are due solely out of the trust created pursuant to the Indenture for those Notes;
- (2) the Issuer's obligations with respect to Notes concerning issuing temporary Notes, registration of such Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to substantially all of the restrictive covenants in the Indenture (*Covenant Defeasance*) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to those Notes. If the Issuer exercises either its Legal Defeasance or Covenant

Defeasance option with respect to the Notes, the Guarantees of Holdings and the Restricted Guarantors will be released and each of Holdings and the Restricted Guarantors will be released from all of its obligations with respect to the Notes and the Security Documents.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the Notes:

(1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal amount of, premium, if any, and interest due on the Notes on the stated maturity date or on the redemption date, as the case may be, of such principal amount, premium, if any, or interest on such Notes, and the Issuer must specify whether such Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,

(a) the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or

(b) since the issuance of the Notes, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to such other Indebtedness, and in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under any Senior Credit Facility or any other material agreement or instrument governing Indebtedness (other than the Indenture) to which, the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from any borrowing of funds to be applied to make the deposit required to effect such Legal Defeasance or Covenant Defeasance and any similar and simultaneous deposit relating to other Indebtedness, and, in each case, the granting of Liens in connection therewith);

(6) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder and the Security Documents and pledges thereunder will be released, when either:

(1) all Notes theretofore authenticated and delivered, except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2) (a) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or are to be called for redemption and redeemed within one year under arrangements satisfactory to the Trustee, the Registrar and the Paying Agent for the giving of notice of redemption by the Trustee, the Registrar or the Paying Agent in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Paying Agent as trust funds in trust solely for the benefit of the Holders of the Notes cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the Notes not theretofore delivered to the Trustee for

cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption thereof, as the case may be;

(b) no Default (other than that resulting from borrowing funds to be applied to make such deposit or any similar and simultaneous deposit relating to other Indebtedness and in each case, the granting of Liens in connection therewith) with respect to the Indenture or the Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under any Senior Credit Facilities or any other material agreement or instrument governing Indebtedness (other than the Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than resulting from any borrowing of funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(c) the Issuer has paid or caused to be paid all sums payable by it under the Indenture; and

(d) the Issuer has delivered irrevocable instructions to the Trustee, the Registrar and the Paying Agent to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture, any Guarantee, the Notes and the Security Documents may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding, other than Notes beneficially owned by the Issuer or any of its Affiliates, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes, and any existing Default or Event of Default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes, other than Notes beneficially owned by the Issuer or any of its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the Notes).

The Indenture provides that, without the consent of each affected Holder of Notes, an amendment or waiver may not, with respect to any Notes held by a non-consenting Holder:

- (1) reduce the principal amount of such Notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal amount of or change the fixed final maturity of any such Note or alter or waive the provisions with respect to the redemption of such Notes (other than provisions relating to the covenants described above under Repurchase at the Option of Holders);
- (3) reduce the rate of or change the time for payment of interest on any Note;
- (4) waive a Default in the payment of principal of or premium, if any, or interest on the Notes (except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration) or in respect of a covenant or provision contained in the Indenture or any Guarantee which cannot be amended or modified without the consent of all affected Holders;
- (5) make any Note payable in money other than that stated therein;
- (6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of Holders to receive payments of principal of or premium, if any, or interest on the Notes;
- (7) make any change in these amendment and waiver provisions;
- (8) impair the right of any Holder to receive payment of principal of, or interest on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Notes;
- (9) (a) make any change to the ranking of the Notes or (b) make any change to any provisions in the Security Documents or the Intercreditor Agreements or the Indenture dealing with the application of proceeds of Collateral, in each case that would adversely affect the Holders of the Notes;
- (10) except as expressly permitted by the Indenture, modify the Guarantees of any Significant Party in any manner adverse to the Holders of the Notes; or
- (11) after the Issuer's obligation to purchase Notes arises thereunder, amend, change or modify in any respect materially adverse to the Holders of the Notes the obligations of the Issuer to make and consummate a Change of Control Offer in the event of a Change of Control or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated or, after such Change or Control has occurred or such Asset Sale has been

consummated, modify any of the provisions or definitions with respect thereto in a manner that is materially adverse to the Holders of the Notes.

Notwithstanding the foregoing, the Issuer and the Trustee may amend or supplement the Indenture and the Notes, the Issuer, the Trustee and the Guarantors may amend or supplement any Guarantee issued under the Indenture, and the Issuer, the other Pledgors and the Notes Collateral Agent may amend the Security Documents, in each case, without the consent of any Holder:

- (1) to cure any ambiguity, omission, mistake, defect or inconsistency that does not materially adversely affect the interests of the Holders;
- (2) to provide for uncertificated Notes in addition to or in place of certificated Notes;
- (3) to comply with the covenant relating to mergers, consolidations and sales of assets;
- (4) to provide for the assumption of the Issuer's or any Guarantor's obligations to the Holders;
- (5) to make any change that would provide any additional rights or benefits to the Holders or that does not materially adversely affect the legal rights under the Indenture of any such Holder;
- (6) to add covenants for the benefit of the Holders or to surrender any right or power conferred upon the Issuer or any Guarantor;
- (7) to comply with requirements of the SEC in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;

Table of Contents

(8) to evidence and provide for the acceptance and appointment under the Indenture of a successor Trustee thereunder pursuant to the requirements thereof;

(9) to add a Guarantor under the Indenture or to add to, or remove a limitation on, the Collateral;

(10) to conform the text of the Indenture or the Guarantees or the Notes issued thereunder to any provision of this Description of the Exchange Notes to the extent that such provision in this Description of the Exchange Notes was intended to be a verbatim recitation of a provision of the Indenture, Guarantee or Notes, as provided in an Officer's Certificate;

(11) to provide for the issuance of Additional Notes, Exchange Notes or private exchange notes, which are identical to Exchange Notes except that they are not freely transferable;

(12) to release the security interests on the Excluded Stock Collateral of a Restricted Subsidiary to the extent necessary, but only to the extent necessary, for such Restricted Subsidiary to not be subject to such requirement to provide separate financial statements;

(13) to provide for Permitted Liens;

(14) (a) as described under Security, Certain Covenants in the Indenture Impairment of Security Interest or Intercreditor Agreements or (b) to make any other change to any Security Document that does not adversely affect the holders of the Notes in any material respect; or

(15) to make any amendment to the provisions of the Indenture relating to the transfer and legending of Notes as permitted by the Indenture, including to facilitate the issuance and administration of the Notes; *provided, however*, that (i) compliance with the Indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of Holders to transfer Notes.

However, no amendment or supplement to the Indenture or the Notes that modifies or waives the specific rights or obligations of the Paying Agent, registrar or transfer agent may be made without the consent of such agent (it being understood that the Trustee's execution of any such amendment or supplement will constitute such consent if the Trustee is then also acting as such agent).

The Trustee and the Notes Collateral Agent are authorized to enter into intercreditor agreements with respect to Liens with junior priority to the Liens securing the Notes so long as the terms of such intercreditor agreements are no less favorable to the Holders of the Notes than such terms are to the lenders under the General Credit Facilities. The Applicable Authorized Representative will control all decisions related to the relationship with holders of Obligations secured by such junior priority Liens at all times unless the Notes are the largest series of then-outstanding First Priority Lien Obligations and the Applicable Authorized Representative at such time is not diligently pursuing enforcement actions with respect to the assets secured by such Liens.

The consent of the Holders is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Notices

Notices given by publication will be deemed given on the first date on which publication is made and notices given by first-class mail, postage prepaid, will be deemed given five calendar days after mailing (or, the case of Notes in global form, on date the notice is sent pursuant to the applicable procedures of DTC).

Concerning the Trustee

The Indenture contains certain limitations on the rights of the Trustee thereunder, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Indenture provides that the Holders of a majority in principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of Notes, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

The Indenture, the Notes, the Security Documents and any Guarantee will be governed by and construed in accordance with the laws of the State of New York (or, to the extent required, the law of the jurisdiction in which the Collateral is located), without regard to conflicts of laws principles thereof.

The certificates representing the exchange notes will be issued in fully registered form without interest coupons. Except as set forth below, notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Each series of exchange notes initially will be represented by one or more notes in registered global form without interest coupons (the Global Notes). The Global Note will be deposited upon issuance with the trustee, as custodian for The Depository Trust Company (DTC), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

The Global Notes

We expect that, pursuant to procedures established by DTC, (i) upon the issuance of the Global Notes, DTC or its custodian will credit, on its internal system, the principal amount at maturity of the individual beneficial interests represented by such Global Notes to the respective accounts of persons who have accounts with such depository (participants) and (ii) ownership of beneficial interests in the Global Notes will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). Such accounts initially will be designated by or on behalf of holders of outstanding notes and ownership of beneficial interests in the Global Notes will be limited to participants or persons who hold interests through participants. Holders may hold their interests in the Global Notes directly through DTC if they are participants in such system, or indirectly through organizations that are participants in such system.

So long as DTC or its nominee is the registered owner or holder of the notes, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such Global Notes for all purposes under the applicable indenture. No beneficial owner of an interest in the Global Notes will be able to transfer that interest except in accordance with DTC's procedures, in addition to those provided for under the applicable indenture with respect to the notes.

Payments of the principal of, and premium (if any) and interest (including additional interest, if any) on, the Global Notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. None of the issuer, any trustee or any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interest.

We expect that DTC or its nominee, upon receipt of any payment of principal of, and premium (if any) and interest (including additional interest, if any) on the Global Notes, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the Global Notes as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the Global Notes held through such participants will be governed by standing instructions and customary practice, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in the ordinary way through DTC's same-day funds system in accordance with DTC rules and will be settled in same-day funds.

DTC has advised us that it will take any action permitted to be taken by a holder of notes (including the presentation of notes for exchange as described below) only at the direction of one or more participants to whose account the DTC

interests in the Global Notes are credited and only in respect of such portion of the aggregate principal amount of notes as to which such participant or participants has or have given such direction.

DTC has advised us as follows: DTC is a limited-purpose trust company organized under New York banking law, a banking organization within the meaning of the New York banking law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for issues of U.S. and non-U.S. equity, corporate and municipal debt issues that participants deposit with DTC. DTC also facilitates the post-trade settlement among participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between participants' accounts. This eliminates the need for physical movement of securities certificates. Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to the DTC system is also available to indirect participants such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Notes among participants of DTC, it is under no obligation to perform such procedures, and such procedures may be discontinued at any time. None of us, any trustee or any paying agent will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

there shall have occurred and be continuing an event of default with respect to the notes under the applicable indenture and DTC shall have requested the issuance of Certificated Securities.

United States federal gift tax, estate tax or alternative minimum tax consequences, if any; or

any state, local or non-United States tax consequences.

The discussion below is based upon the provisions of the United States Internal Revenue Code of 1986, as amended, existing and proposed Treasury regulations promulgated thereunder, and rulings, judicial decisions and administrative interpretations thereunder, as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in United States federal income tax consequences different from those discussed below.

Consequences of Tendering Outstanding Notes

The exchange of your outstanding notes for exchange notes in the exchange offer should not constitute an exchange for United States federal income tax purposes because the exchange notes should not be considered to differ materially in kind or extent from the outstanding notes. Accordingly, the exchange offer should have no United States federal income tax consequences to you if you exchange your outstanding notes for exchange notes. For example, there should be no change in your tax basis and your holding period should carry over to the exchange notes. In addition, the United States federal income tax consequences of holding and disposing of your exchange notes should be the same as those applicable to your outstanding notes.

The preceding discussion of certain United States federal income tax considerations of the exchange offer is for general information only and is not tax advice. Accordingly, each investor should consult its own tax advisor as to particular tax consequences to it of exchanging outstanding notes for exchange notes, including the

applicability and effect of any state, local or foreign tax laws, and of any proposed changes in applicable laws.

PLAN OF DISTRIBUTION

Each participating broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a participating broker-dealer in connection with resales of exchange notes received by it in exchange for outstanding notes where such outstanding notes were acquired as a result of market-making activities or other trading activities.

We will not receive any proceeds from any sales of the exchange notes by participating broker-dealers. Exchange notes received by participating broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such participating broker-dealer and/or the purchasers of any such exchange notes. Any participating broker-dealer that resells the exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a participating broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of 180 days after the expiration date we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any participating broker-dealer that requests such documents in the letter of transmittal.

Table of Contents**CERTAIN CONSIDERATIONS APPLICABLE TO U.S. RETIREMENT PLANS AND ARRANGEMENTS****General Fiduciary Matters**

The U.S. Employee Retirement Income Security Act of 1974, as amended (ERISA), imposes certain requirements on employee benefit plans subject to Title I of ERISA and on entities that are deemed to hold the plan assets of such plans (collectively, ERISA Plans), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA s general fiduciary requirements, including, but not limited to, the requirement of investment prudence and diversification and the requirement that an ERISA Plan s investments be made in accordance with the documents governing the ERISA Plan.

Non-U.S. plans, U.S. governmental plans and certain U.S. church plans, while not subject to the fiduciary responsibility provisions of ERISA or the prohibited transaction provisions of ERISA and Section 4975 of the Code (as discussed below), may nevertheless be subject to non-U.S., state, local or other federal laws or regulations that are substantially similar to the foregoing provisions of ERISA and the Code (Similar Law). Fiduciaries of any such plans should consult with their counsel before exchanging outstanding notes to determine the suitability of the exchange notes for such plan and the need for, and the availability, if necessary, of any exemptive relief under any such laws or regulations.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the Code), prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, Plans)) and certain persons (referred to as parties in interest or disqualified persons) having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code.

Any Plan fiduciary which proposes to cause a Plan to exchange outstanding notes for exchange notes should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 of the Code to such an investment, and to confirm that such an exchange and holding is in accordance with the documents and instruments governing the Plan and will not constitute or result in a non-exempt prohibited transaction or any other violation of an applicable requirement of ERISA or Section 4975 of the Code.

The fiduciary of a Plan that proposes to exchange its outstanding notes for exchange notes should consider, among other things, whether such exchange and holding may involve a prohibited transaction, including without limitation (i) the direct or indirect extension of credit between a Plan and a party in interest or a disqualified person, (ii) the sale or exchange of any property between a Plan and a party in interest or a disqualified person, or (iii) the transfer to, or use by or for the benefit of, a party in interest or disqualified person, of any Plan assets. Exchange and/or holding of the exchange notes by a Plan with respect to which the issuer, any guarantor, Bain Capital, THL, the trustee, or the exchange agent, among others, is or becomes a party in interest or disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, unless the exchange notes are acquired and held in accordance with an applicable exemption.

Certain exemptions from the prohibited transaction rules could be applicable to the exchange of the outstanding notes for exchange notes and the holding of exchange notes by a Plan, depending on the type and circumstances of the fiduciary making the decision to participate in such exchange and the relationship of the party in interest or

disqualified person to the Plan. Included among these exemptions are Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code for certain transactions between a Plan and non-fiduciary service providers to the Plan. In addition, the U.S. Department of Labor has issued certain administrative prohibited transaction exemptions that may apply to the exchange of outstanding notes for exchange notes and the holding of exchange notes, including Prohibited Transaction Class Exemption (PTCE) 84-14 (relating to transactions effected by a qualified professional asset manager), PTCE 90-1 (relating to investments by insurance company pooled separate accounts), PTCE 91-38 (relating to investments by bank collective investment funds), PTCE 95-60 (relating to investments by insurance company general accounts) or PTCE 96-23 (relating to transactions directed by an in-house asset manager) (collectively, the Class Exemptions).

Each of these exemptions contains conditions and limitations on its application, and there can be no assurance that any Class Exemption or any other exemption will be available with respect to the exchange of outstanding notes for exchange notes or the holding of exchange notes.

Table of Contents

Consultation with Counsel

The foregoing discussion is general in nature and is not intended to be comprehensive; by its offer of the exchange notes, the issuer makes no representation that the exchange of outstanding notes for exchange notes or the holding of exchange notes meets the relevant legal requirements with respect to any particular investor. The complexity of these rules, and the severity of potential penalties, make it particularly important that fiduciaries or other persons considering an exchange of outstanding notes for exchange notes on behalf of or with the plan assets of any Plan, or plan subject to Similar Law, consult with its counsel regarding the suitability of such exchange in light of such prospective participant's particular circumstances.

Deemed Representation

By its acceptance of any exchange note or any interest therein, the exchanging party will be deemed to have represented, warranted and covenanted that either:

- (1) no assets of a Plan or non-U.S., governmental or church plan have been used to tender an outstanding note for such exchange note or an interest therein; or
- (2) the tender of an outstanding note for an exchange note or an interest therein by such person does not and will not constitute or result in a non-exempt prohibited transaction under ERISA or Section 4975 of the Code or any violation of Similar Law.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****(UNAUDITED)****NOTE 1 BASIS OF PRESENTATION****Preparation of Interim Financial Statements**

iHeartMedia Capital I, LLC (the Company) is the direct parent of iHeartCommunications, Inc., a Texas corporation (iHeartCommunications or the Subsidiary Issuer). The Company and certain of iHeartCommunications' direct and indirect wholly-owned domestic subsidiaries fully and unconditionally guarantee on a joint and several basis certain of iHeartCommunications' outstanding indebtedness. As permitted by the rules and regulations of the Securities and Exchange Commission (the SEC), the Company's unaudited financial statements and related footnotes included in Item 1 of Part I of this Quarterly Report on Form 10-Q contain certain footnote disclosures regarding the financial information of the Company, iHeartCommunications and iHeartCommunications' domestic wholly-owned subsidiaries that guarantee certain of iHeartCommunications' outstanding indebtedness. All references in this Quarterly Report on Form 10-Q to we, us and our refer to iHeartMedia Capital I, LLC and its consolidated subsidiaries. Our reportable segments are iHeartMedia (iHM), Americas outdoor advertising (Americas outdoor or Americas outdoor advertising) and International outdoor advertising (International outdoor or International outdoor advertising).

The accompanying consolidated financial statements were prepared by the Company pursuant to the rules and regulations of the SEC and, in the opinion of management, include all normal and recurring adjustments necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods may not be indicative of results for the full year. The financial statements contained herein should be read in conjunction with the Company's consolidated financial statements and notes thereto included in the Company's 2014 Annual Report on Form 10-K.

The consolidated financial statements include the accounts of the Company and its subsidiaries. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the Company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process. Certain prior-period amounts have been reclassified to conform to the 2015 presentation.

During the first quarter of 2015, in connection with the appointment of the new chief executive officer for Clear Channel Outdoor Holdings, Inc. (CCOH) and a new chief executive officer for the Americas outdoor business, the Company reevaluated its segment reporting and determined that its Latin American operations should be managed by its Americas outdoor leadership team. As a result, the operations of Latin America are no longer reflected within the Company's International outdoor segment and are included in the results of its Americas outdoor segment. In addition, the Company reorganized a portion of its national representation business such that the cost of sales personnel for iHM radio stations are now included in the iHM segment and its national representation business no longer charges iHM for intercompany cost allocations. Accordingly, the Company has recast the corresponding segment disclosures for prior periods to include Latin America within the Americas outdoor segment and has also recast the corresponding

segment disclosures to reflect internal representation services as direct expenses of iHM.

The Company is a limited liability company organized under Delaware law, with all of its interests being held by iHeartMedia Capital II, LLC, a direct, wholly-owned subsidiary of iHeartMedia, Inc. (Parent). Parent was formed in May 2007 by private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the Sponsors) for the purpose of acquiring the business of iHeartCommunications.

Omission of Per Share Information

Net loss per share information is not presented as iHeartMedia Capital II, LLC is the sole member of the Company and owns 100% of the limited liability company interests. The Company does not have any publicly traded common stock.

New Accounting Pronouncements

During the first quarter of 2015, the Company adopted the Financial Accounting Standards Board's (FASB) ASU No. 2014-08, *Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360), Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity*. This update provides guidance for the recognition,

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)**

measurement and disclosure of discontinued operations. The amendments were effective for fiscal years (and interim periods within) beginning after December 15, 2014 and were to be applied retrospectively to all prior periods presented for such obligations that existed at the beginning of an entity's fiscal year of adoption. The adoption of these standards did not have a material effect on the Company's consolidated financial statements.

During the first quarter of 2015, the FASB issued ASU No. 2015-02, *Consolidation (Topic 810), Amendments to the Consolidation Analysis*. This new standard eliminates the deferral of FAS 167, which has allowed entities with interest in certain investment funds to follow the previous consolidation guidance in FIN 46(R), and makes other changes to both the variable interest model and the voting model. The standard is effective for annual periods and interim periods within those annual periods, beginning after December 15, 2015. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

NOTE 2 PROPERTY, PLANT AND EQUIPMENT, INTANGIBLE ASSETS AND GOODWILL**Dispositions**

During the first quarter 2015, the Company sold its executive office building and data and administrative service center located in San Antonio, TX in exchange for proceeds of \$34.3 million. Concurrently with the sale of these properties, the Company entered into lease agreements for the continued use of the buildings, pursuant to which the Company will have annual lease payments of \$2.6 million. The Company recognized a loss of \$0.2 million on the sale of the executive office building, which was recognized on the date of sale and a gain of \$8.1 million on the sale of the data and administrative service center, which will be recognized over the term of the lease.

On April 3, 2015, the Company's Parent and certain of the Company's subsidiaries completed the first closing of the previously-announced agreement with an affiliate of Vertical Bridge Holdings, LLC, for the sale of 411 of the Company's broadcast communications tower sites and related assets for up to \$400 million. In connection with the first closing, the Company sold 367 of its tower sites and related assets in exchange for \$369 million of proceeds. Simultaneous with the first closing, the Company entered into lease agreements for the continued use of the towers.

Property, Plant and Equipment

The Company's property, plant and equipment consisted of the following classes of assets at March 31, 2015 and December 31, 2014, respectively:

<i>(In thousands)</i>	March 31, 2015	December 31, 2014

Indefinite-lived Intangible Assets

The Company's indefinite-lived intangible assets consist of Federal Communications Commission (FCC) broadcast licenses in its iHM segment and billboard permits in its Americas outdoor advertising segment. Due to significant differences in both business practices and regulations, billboards in the International outdoor advertising segment and in Latin America are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International outdoor advertising segment.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)****Other Intangible Assets**

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets include primarily transit and street furniture contracts, talent and representation contracts, customer and advertiser relationships, and site-leases, all of which are amortized over the respective lives of the agreements, or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost.

The following table presents the gross carrying amount and accumulated amortization for each major class of other intangible assets at March 31, 2015 and December 31, 2014, respectively:

NOTE 4 COMMITMENTS AND CONTINGENCIES

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of the Company's strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of the Company's litigation arises in the following contexts: commercial disputes; defamation matters; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

Los Angeles Litigation

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles (the City), Clear Channel Outdoor, Inc. and OUTFRONT Media Inc. (formerly CBS Outdoor Americas Inc.) in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties and pursuant to which Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays. In 2009 the Los Angeles Superior Court ruled that the settlement agreement constituted an ultra vires act of the City, and nullified its existence. After further proceedings, on April 12, 2013 the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. (77 of which displays were operating at the time of the ruling), and Clear Channel Outdoor, Inc. was required to turn off the electrical power to all affected digital displays on April 15, 2013.

The digital display structures remain intact but digital displays are currently prohibited in the City. Clear Channel Outdoor, Inc. is seeking permits under the existing City sign code to either wrap the LED faces with vinyl or convert the LED faces to traditional static signs, and has obtained a number of such permits. Clear Channel Outdoor, Inc. is also pursuing a new ordinance to permit digital signage in the City.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

iHeartMedia Capital I, LLC (the Company) is the direct parent of iHeartCommunications, Inc., a Texas corporation (iHeartCommunications or the Subsidiary Issuer). The Company and certain of iHeartCommunications' direct and indirect wholly-owned domestic subsidiaries fully and unconditionally guarantee on a joint and several basis certain of iHeartCommunications' outstanding indebtedness. As permitted by the rules and regulations of the Securities and Exchange Commission (the SEC), the Company's financial statements and related footnotes included throughout this prospectus contain certain footnote disclosures regarding the financial information of the Company, iHeartMedia, Inc. and iHeartCommunications' domestic wholly-owned subsidiaries that guarantee certain of iHeartCommunications' outstanding indebtedness.

Nature of Business

The Company is a limited liability company organized under Delaware law, with all of its interests being held by iHeartMedia Capital II, LLC, a direct, wholly owned subsidiary of iHeartMedia, Inc. (Parent). Parent was formed in May 2007 by private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the Sponsors) for the purpose of acquiring the business of iHeartCommunications. The acquisition was completed on July 30, 2008 pursuant to the Agreement and Plan of Merger, dated November 16, 2006, as amended on April 18, 2007, May 17, 2007 and May 13, 2008 (the Merger Agreement).

iHeartCommunications is a wholly-owned subsidiary of the Company. Upon the consummation of the merger, Parent became a public company and iHeart was no longer a public company. Prior to the acquisition, the Company had not conducted any activities, other than activities incident to its formation and in connection with the acquisition, and did not have any assets or liabilities, other than as related to the acquisition. Subsequent to the acquisition, iHeartCommunications became a direct, wholly-owned subsidiary of the Company and the business of the Company became that of iHeartCommunications and its subsidiaries. As a result, all of the operations of the Company are conducted by iHeartCommunications.

The Company's reportable operating segments are iHeartMedia (iHM), Americas outdoor advertising (Americas outdoor), and International outdoor advertising (International outdoor). The iHM segment provides media and entertainment services via broadcast and digital delivery. The Americas outdoor and International outdoor segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types. Included in the Other category are the Company's media representation business, Katz Media Group, as well as other general support services and initiatives, which are ancillary to its other businesses.

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates, judgments, and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes including, but not limited to, legal, tax and insurance accruals. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the Company are accounted for using the equity method of accounting. All significant intercompany accounts have been eliminated in consolidation.

Certain prior period amounts have been reclassified to conform to the 2014 presentation.

The Company is the beneficiary of two trusts created to comply with Federal Communications Commission (FCC) ownership rules. The radio stations owned by the trusts are managed by independent trustees. The trustees are marketing these stations for sale, and the stations will have to be sold unless any stations may be owned by the Company under then-current FCC rules, in which case the trusts will be terminated with respect to such stations. The trust agreements stipulate that the Company must fund any operating shortfalls of the trust activities, and any excess cash flow generated by the trusts is distributed to the Company. The Company is also the beneficiary of proceeds from the sale of stations held in the trusts. The Company consolidates the trusts in accordance with ASC 810-10, which requires an enterprise involved with variable interest entities to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in the variable interest entity, as the trusts were determined to be a variable interest entity and the Company is the primary beneficiary under the trusts.

IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid investments with an original maturity of three months or less.

Accounts Receivable

Accounts receivable are recorded at the invoiced amount, net of reserves for sales returns and allowances, and allowances for doubtful accounts. The Company evaluates the collectability of its accounts receivable based on a combination of factors. In circumstances where it is aware of a specific customer's inability to meet its financial obligations, it records a specific reserve to reduce the amounts recorded to what it believes will be collected. For all other customers, it recognizes reserves for bad debt based on historical experience of bad debts as a percent of revenue for each business unit, adjusted for relative improvements or deteriorations in the agings and changes in current economic conditions. The Company believes its concentration of credit risk is limited due to the large number and the geographic diversification of its customers.

Business Combinations

The Company accounts for its business combinations under the acquisition method of accounting. The total cost of an acquisition is allocated to the underlying identifiable net assets, based on their respective estimated fair values. The excess of the purchase price over the estimated fair values of the net assets acquired is recorded as goodwill. Determining the fair value of assets acquired and liabilities assumed requires management's judgment and often involves the use of significant estimates and assumptions, including assumptions with respect to future cash inflows and outflows, discount rates, asset lives and market multiples, among other items. Various acquisition agreements may include contingent purchase consideration based on performance requirements of the investee. The Company accounts for these payments in conformity with the provisions of ASC 805-20-30, which establish the requirements related to recognition of certain assets and liabilities arising from contingencies.

Property, Plant and Equipment

Property, plant and equipment are stated at cost. Depreciation is computed using the straight-line method at rates that, in the opinion of management, are adequate to allocate the cost of such assets over their estimated useful lives, which are as follows:

Buildings and improvements 10 to 39 years

Structures 5 to 15 years

Towers, transmitters and studio equipment 7 to 20 years

Furniture and other equipment 3 to 20 years

Leasehold improvements shorter of economic life or lease term assuming renewal periods, if appropriate

For assets associated with a lease or contract, the assets are depreciated at the shorter of the economic life or the lease or contract term, assuming renewal periods, if appropriate. Expenditures for maintenance and repairs are charged to operations as incurred, whereas expenditures for renewal and betterments are capitalized.

The Company tests for possible impairment of property, plant, and equipment whenever events and circumstances indicate that depreciable assets might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. When specific assets are determined to be unrecoverable, the cost basis of the asset is reduced to reflect the current fair market value.

Land Leases

Most of the Company's outdoor advertising structures are located on leased land. Americas outdoor land leases are typically paid in advance for periods ranging from one to 12 months. International outdoor land leases are paid both in advance and in arrears, for periods ranging from one to 12 months. Most international street furniture display faces are operated through contracts with municipalities for up to 20 years. The leased land and street furniture contracts often include a percent of revenue to be paid along with a base rent payment. Prepaid land leases are recorded as an asset and expensed ratably over the related rental term and rent payments in arrears are recorded as an accrued liability.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****Intangible Assets**

The Company's indefinite-lived intangible assets include FCC broadcast licenses in its iHM segment and billboard permits in its Americas outdoor advertising segment. The Company's indefinite-lived intangible assets are not subject to amortization, but are tested for impairment at least annually. The Company tests for possible impairment of indefinite-lived intangible assets whenever events or changes in circumstances, such as a significant reduction in operating cash flow or a dramatic change in the manner for which the asset is intended to be used indicate that the carrying amount of the asset may not be recoverable.

The Company performs its annual impairment test for its FCC licenses and permits using a direct valuation technique as prescribed in ASC 805-20-S99. The Company engages Mesirow Financial Consulting LLC (Mesirow Financial), a third party valuation firm, to assist the Company in the development of these assumptions and the Company's determination of the fair value of its FCC licenses and permits.

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets include primarily transit and street furniture contracts, talent and representation contracts, customer and advertiser relationships, and site-leases, all of which are amortized over the respective lives of the agreements, or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company.

The Company tests for possible impairment of other intangible assets whenever events and circumstances indicate that they might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. When specific assets are determined to be unrecoverable, the cost basis of the asset is reduced to reflect the current fair market value.

Goodwill

At least annually, the Company performs its impairment test for each reporting unit's goodwill. The Company uses a discounted cash flow model to determine if the carrying value of the reporting unit, including goodwill, is less than the fair value of the reporting unit. The Company identified its reporting units in accordance with ASC 350-20-55. The U.S. radio markets are aggregated into a single reporting unit and the Company's U.S. outdoor advertising markets are aggregated into a single reporting unit for purposes of the goodwill impairment test. The Company also determined that within its Americas outdoor segment, Canada constitutes a separate reporting unit and each country in its International outdoor segment constitutes a separate reporting unit. The Company had no impairment of goodwill in 2014. The Company recognized a non-cash impairment charge to goodwill of \$10.7 million based on declining future cash flows expected in one country in the International outdoor segment for 2013. The Company had no impairment of goodwill for 2012.

Nonconsolidated Affiliates

In general, investments in which the Company owns 20 percent to 50 percent of the common stock or otherwise exercises significant influence over the investee are accounted for under the equity method. The Company does not recognize gains or losses upon the issuance of securities by any of its equity method investees. The Company reviews the value of equity method investments and records impairment charges in the statement of operations as a component of Equity in earnings (loss) of nonconsolidated affiliates for any decline in value that is determined to be other-than-temporary.

Other Investments

Other investments are composed primarily of equity securities. These securities are classified as available-for-sale or trading and are carried at fair value based on quoted market prices. Securities are carried at historical value when quoted market prices are unavailable. The net unrealized gains or losses on the available-for-sale securities, net of tax, are reported in accumulated other comprehensive loss as a component of member's deficit. In addition, the Company holds investments that do not have quoted market prices. The Company periodically assesses the value of available-for-sale and non-marketable securities and records impairment charges in the statement of comprehensive loss for any decline in value that is determined to be other-than-temporary. The average cost method is used to compute the realized gains and losses on sales of equity securities.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

The Company periodically assesses the value of its available-for-sale securities. Based on these assessments, there were no impairments during the years ended December 31, 2014 and 2013. The Company concluded that other-than-temporary impairments existed at December 31, 2012 and recorded a noncash impairment charge of \$4.6 million during the year ended December 31, 2012. Such charge is recorded on the statement of comprehensive loss in Gain (Loss) on marketable securities .

Derivative Instruments and Hedging Activities

Prior to the expiration of the Company's interest rate swap agreement on September 30, 2013, the provisions of ASC 815-10 required the Company to recognize it as either an asset or liability in the consolidated balance sheet at fair value. The accounting for changes in the fair value of a derivative instrument depends on whether it has been designated and qualifies as part of a hedging relationship, and further, on the type of hedging relationship. The interest rate swap was designated and qualified as a hedging instrument, and was characterized as a cash flow hedge. The Company formally documented all relationships between hedging instruments and hedged items, as well as its risk management objectives and strategies for undertaking various hedge transactions. The Company formally assessed, both at inception and at least quarterly thereafter prior to expiration, whether the derivatives that were used in hedging transactions were highly effective in offsetting changes in either the fair value or cash flows of the hedged item.

Financial Instruments

Due to their short maturity, the carrying amounts of accounts and notes receivable, accounts payable, accrued liabilities, and short-term borrowings approximated their fair values at December 31, 2014 and 2013.

Income Taxes

The Company accounts for income taxes using the liability method. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not that some portion or the entire asset will not be realized. Generally all earnings from the Company's foreign operations are permanently reinvested and not distributed. The Company has not provided U.S. federal income taxes for temporary differences with respect to investments in foreign subsidiaries, which at December 31, 2014 currently result in tax basis amounts greater than the financial reporting basis. It is not apparent that these unrecognized deferred tax assets will reverse in the foreseeable future. If any excess cash held by our foreign subsidiaries were needed to fund operations in the United States, we could presently repatriate available funds without a requirement to accrue or pay U.S. taxes. This is a result of significant current and historic deficits in our foreign earnings and profits, which gives us flexibility to make future cash distributions as non-taxable returns of capital. We regularly review our tax liabilities on amounts that may be distributed in future periods and provide for foreign withholding and other current and deferred taxes on any such amounts. The determination of the amount of federal income taxes, if any, that might become due in the event that our foreign earnings are distributed is not practicable.

Revenue Recognition

iHM revenue is recognized as advertisements or programs are broadcast and is generally billed monthly. Outdoor advertising contracts typically cover periods of a few weeks up to one year and are generally billed monthly. Revenue for outdoor advertising space rental is recognized ratably over the term of the contract. Advertising revenue is reported net of agency commissions. Agency commissions are calculated based on a stated percentage applied to gross billing revenue for the Company's media and entertainment and outdoor operations. Payments received in advance of being earned are recorded as deferred income. Revenue arrangements may contain multiple products and services and revenues are allocated based on the relative fair value of each delivered item and recognized in accordance with the applicable revenue recognition criteria for the specific unit of accounting.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

Barter transactions represent the exchange of advertising spots or display space for merchandise, services or other assets. These transactions are recorded at the estimated fair market value of the advertising spots or display space or the fair value of the merchandise or services received, whichever is most readily determinable. Revenue is recognized on barter and trade transactions when the advertisements are broadcasted or displayed. Expenses are recorded ratably over a period that estimates when the merchandise, service or other assets received is utilized, or when the event occurs. Barter and trade revenues and expenses from continuing operations are included in consolidated revenue and selling, general and administrative expenses, respectively. Barter and trade revenues and expenses from continuing operations were as follows:

Advertising Expense			

The Company records advertising expense as it is incurred. Advertising expenses were \$103.0 million, \$133.7 million and \$113.4 million for the years ended December 31, 2014, 2013 and 2012, respectively.

Share-Based Compensation

Under the fair value recognition provisions of ASC 718-10, share-based compensation cost is measured at the grant date based on the fair value of the award. For awards that vest based on service conditions, this cost is recognized as expense on a straight-line basis over the vesting period. For awards that will vest based on market or performance conditions, this cost will be recognized when it becomes probable that the performance conditions will be satisfied. Determining the fair value of share-based awards at the grant date requires assumptions and judgments about expected volatility and forfeiture rates, among other factors.

The Company does not have any equity incentive plans under which it grants stock awards to employees. Employees of subsidiaries of the Company receive equity awards from Parent's equity incentive plan or CCOH's equity incentive plan.

Foreign Currency

Results of operations for foreign subsidiaries and foreign equity investees are translated into U.S. dollars using the average exchange rates during the year. The assets and liabilities of those subsidiaries and investees are translated into U.S. dollars using the exchange rates at the balance sheet date. The related translation adjustments are recorded in a separate component of member's deficit, Accumulated other comprehensive loss. Foreign currency transaction gains and losses are included in operations.

Recent Developments

The Company reevaluated its segment reporting and determined that its Latin American operations should be managed by its Americas outdoor leadership team. As a result, the operations of Latin America are no longer reflected within the Company's International outdoor segment and are included in the results of its Americas outdoor segment. In addition, the Company reorganized a portion of its national representation business such that the cost of sales personnel for iHM radio stations are now included in the iHM segment and its national representation business no longer charges iHM for intercompany cost allocations. Accordingly, the Company has recast the corresponding segment disclosures for prior periods to include Latin America within the Americas outdoor segment and has also recast the corresponding segment disclosures to reflect internal representation services as direct expenses of iHM.

New Accounting Pronouncements

During the first quarter of 2014, the Company adopted the Financial Accounting Standards Board's (FASB) ASU No. 2013-04, *Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date*. This update provides guidance for the recognition, measurement and disclosure of obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date. The amendments were effective for fiscal years (and interim periods within) beginning after December 15, 2013 and were to be applied retrospectively to all prior periods presented for such obligations that existed at the beginning of an entity's fiscal year of adoption. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the first quarter of 2014, the Company adopted the FASB's ASU No. 2013-05, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity of an Investment in a Foreign Entity*. The amendments were effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013 and provide clarification guidance for the release of the cumulative translation adjustment under current U.S. GAAP. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the first quarter of 2014, the Company adopted the FASB's ASU No. 2013-11, *Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists*. This update requires unrecognized tax benefits to be offset against a deferred tax asset for a net operating loss carryforward, similar tax loss or tax credit carryforward in certain situations. The amendments were effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the second quarter of 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*. This new standard provides guidance for the recognition, measurement and disclosure of revenue resulting from contracts with customers and will supersede virtually all of the current revenue recognition guidance under U.S. GAAP. The standard is effective for the first interim period within annual reporting periods beginning after December 15, 2016. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

During the third quarter of 2014, the FASB issued ASU No. 2014-12, *Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period*. This new standard clarifies that a performance target in a share-based compensation award that could be achieved after an employee completes the requisite service period should be treated as a performance condition that affects the vesting of the award. The standard is effective for annual periods and interim periods within those annual periods, beginning after December 15, 2015. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

NOTE 2 PROPERTY, PLANT AND EQUIPMENT, INTANGIBLE ASSETS AND GOODWILL**Acquisitions**

The Company is the beneficiary of Aloha Station Trust, LLC (the "Aloha Trust"), which owns and operates radio stations which the Aloha Trust is required to divest in order to comply with Federal Communication Commission ("FCC") media ownership rules, and which are being marketed for sale. During 2014, the Aloha Trust completed a transaction in which it exchanged two radio stations for a portfolio of 29 radio stations. In this transaction the Company received 28 radio stations. One radio station was placed into the Brunswick Station Trust, LLC in order to comply with FCC media ownership rules where it is being marketed for sale, and the Company is the beneficiary of this trust. The exchange was accounted for at fair value in accordance with ASC 805, Business Combinations. The disposal of these radio stations resulted in a gain on sale of \$43.5 million, which is included in other operating income, net. This acquisition resulted in an aggregate increase in net assets of \$49.2 million, which includes \$13.8 million in

indefinite-lived intangible assets, \$10.2 million in definite-lived intangibles, \$8.1 million in property, plant and equipment and \$0.8 million of assumed liabilities. In addition, the Company recognized \$17.9 million of goodwill.

During 2012, a wholly owned subsidiary of the Company completed the acquisition of WOR-AM in New York City for \$30.0 million and WFNX-FM in Boston for \$14.5 million. These acquisitions resulted in an aggregate increase of \$5.3 million to property plant and equipment, \$15.2 million to intangible assets and \$24.7 million to goodwill, in addition to \$0.7 million of assumed liabilities. Purchase accounting adjustments were finalized during 2013.

Dispositions

During 2013, the Company's Americas outdoor segment divested certain outdoor advertising assets in Times Square for approximately \$18.7 million resulting in a gain of \$12.2 million. In addition, iHM exercised a put option to sell five radio stations in the Green Bay market for approximately \$17.6 million, resulting in a gain of \$0.5 million. These net gains are included in Other operating income, net.

During 2012, the Company's International outdoor segment sold its international neon business and its outdoor advertising business in Romania, resulting in an aggregate gain of \$39.7 million included in Other operating income, net.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****Property, Plant and Equipment**

The Company's property, plant and equipment consisted of the following classes of assets at December 31, 2014 and 2013, respectively.

<i>(In thousands)</i>	December 31, 2014	December 31, 2013

Less: accumulated depreciation	2,117,413	1,885,211
Property, plant and equipment, net	\$ 2,699,064	\$ 2,897,630

The Company recorded an impairment charge related to property of \$4.5 million during 2014. The Company recorded an impairment charge related to radio broadcast equipment in one market of \$1.3 million based on a sales agreement entered into during the fourth quarter of 2013. The Company recognized an impairment charge for outdoor advertising structures in its Americas outdoor segment of \$1.7 million during 2012.

Indefinite-lived Intangible Assets

The Company's indefinite-lived intangible assets consist of FCC broadcast licenses and billboard permits. FCC broadcast licenses are granted to radio stations for up to eight years under the Telecommunications Act of 1996 (the Act). The Act requires the FCC to renew a broadcast license if the FCC finds that the station has served the public interest, convenience and necessity, there have been no serious violations of either the Communications Act of 1934 or the FCC's rules and regulations by the licensee, and there have been no other serious violations which taken together constitute a pattern of abuse. The licenses may be renewed indefinitely at little or no cost. The Company does not believe that the technology of wireless broadcasting will be replaced in the foreseeable future.

The Company's billboard permits are granted for the right to operate an advertising structure at the specified location as long as the structure is in compliance with the laws and regulations of each jurisdiction. The Company's permits are located on owned land, leased land or land for which we have acquired permanent easements. In cases where the Company's permits are located on leased land, the leases typically have initial terms of between 10 and 20 years and renew indefinitely, with rental payments generally escalating at an inflation-based index. If the Company loses its lease, the Company will typically obtain permission to relocate the permit or bank it with the municipality for future use. Due to significant differences in both business practices and regulations, billboards in the International outdoor

segment are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International outdoor segment.

The impairment tests for indefinite-lived intangible assets consist of a comparison between the fair value of the indefinite-lived intangible asset at the market level with its carrying amount. If the carrying amount of the indefinite-lived intangible asset exceeds its fair value, an impairment loss is recognized equal to that excess. After an impairment loss is recognized, the adjusted carrying amount of the indefinite-lived asset is its new accounting basis. The fair value of the indefinite-lived asset is determined using the direct valuation method as prescribed in ASC 805-20-S99. Under the direct valuation method, the fair value of the indefinite-lived assets is calculated at the market level as prescribed by ASC 350-30-35. The Company engaged Mesirow Financial, a third-party valuation firm, to assist it in the development of the assumptions and the Company's determination of the fair value of its indefinite-lived intangible assets.

The application of the direct valuation method attempts to isolate the income that is properly attributable to the indefinite-lived intangible asset alone (that is, apart from tangible and identified intangible assets and goodwill). It is based upon modeling a hypothetical "greenfield" build-up to a "normalized" enterprise that, by design, lacks inherent goodwill and whose only other assets have essentially been paid for (or added) as part of the build-up process. The Company forecasts revenue, expenses, and cash flows over a ten-year period for each of its markets in its application of the direct valuation method. The Company also calculates a "normalized" residual year which represents the perpetual cash flows of each market. The residual year cash flow was capitalized to arrive at the terminal value of the licenses in each market.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

Under the direct valuation method, it is assumed that rather than acquiring indefinite-lived intangible assets as part of a going concern business, the buyer hypothetically develops indefinite-lived intangible assets and builds a new operation with similar attributes from scratch. Thus, the buyer incurs start-up costs during the build-up phase which are normally associated with going concern value. Initial capital costs are deducted from the discounted cash flow model which results in value that is directly attributable to the indefinite-lived intangible assets.

The key assumptions using the direct valuation method are market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up capital costs and losses incurred during the build-up period, the risk-adjusted discount rate and terminal values. This data is populated using industry normalized information representing an average FCC license or billboard permit within a market.

Annual Impairment Test to FCC Licenses and Billboard Permits

The Company performs its annual impairment test on October 1 of each year.

During 2014, the Company recognized a \$15.7 million impairment charge related to FCC licenses in eleven markets due to changes in the revenue growth forecasts and margins for those markets. During 2013, the Company recognized a \$2.0 million impairment charge related to FCC licenses in two markets due to changes in the discount rates and weight-average cost of capital for those markets. In addition, the Company recognized a \$2.5 million impairment charge related to billboard permits in a certain market due to increased start-up costs for that market exceeding market value. During 2012, the Company recognized a \$35.9 million impairment charge related to billboard permits in certain markets due to a change in the Company's forecast of revenue growth within the markets. There was no impairment of FCC licenses during 2012.

Other Intangible Assets

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets include primarily transit and street furniture contracts, talent and representation contracts, customer and advertiser relationships, and site-leases, all of which are amortized over the respective lives of the agreements, or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. During 2014, the Company recognized a \$3.4 million impairment charge to easements in three markets primarily due to declining revenue forecasts. There were no impairments of other intangible assets for the years ended December 31, 2013 and 2012.

The following table presents the gross carrying amount and accumulated amortization for each major class of other intangible assets at December 31, 2014 and 2013, respectively:

Annual Impairment Test to Goodwill

The Company performs its annual impairment test on October 1 of each year. Each of the Company's U.S. radio markets and outdoor advertising markets are components. The U.S. radio markets are aggregated into a single reporting unit and the U.S. outdoor advertising markets are aggregated into a single reporting unit for purposes of the goodwill impairment test using the guidance in ASC 350-20-55. The Company also determined that within its Americas outdoor and International outdoor segments each country constitutes a separate reporting unit.

The goodwill impairment test is a two-step process. The first step, used to screen for potential impairment, compares the fair value of the reporting unit with its carrying amount, including goodwill. If applicable, the second step, used to measure the amount of the impairment loss, compares the implied fair value of the reporting unit goodwill with the carrying amount of that goodwill.

Each of the Company's reporting units is valued using a discounted cash flow model which requires estimating future cash flows expected to be generated from the reporting unit, discounted to their present value using a risk-adjusted discount rate. Terminal values were also estimated and discounted to their present value. Assessing the recoverability of goodwill requires the Company to make estimates and assumptions about sales, operating margins, growth rates and discount rates based on its budgets, business plans, economic projections, anticipated future cash flows and marketplace data. There are inherent uncertainties related to these factors and management's judgment in applying these factors.

In 2014, the Company concluded no goodwill impairment was required. In 2013, the Company concluded no goodwill impairment was required for iHM and Americas outdoor. Based on declining future cash flows expected in one country in the International outdoor segment, the Company recognized a non-cash impairment charge to goodwill of \$10.7 million. The Company recognized no goodwill impairment for the year ended December 31, 2012.

The following table presents the changes in the carrying amount of goodwill in each of the Company's reportable segments:

On February 18, 2014, a subsidiary of the Company sold its 50% interest in ARN, recognizing a loss on the sale of \$2.4 million and \$11.5 million of foreign exchange losses that were reclassified from accumulated other comprehensive income at the date of the sale.

The Company's interests in their operations are recorded in the statement of comprehensive loss as Equity in earnings (loss) of nonconsolidated affiliates.

NOTE 4 ASSET RETIREMENT OBLIGATION

The Company's asset retirement obligation is reported in Other long-term liabilities with the current portion recorded in Accrued liabilities and relates to its obligation to dismantle and remove outdoor advertising displays and radio broadcasting towers from leased land and to reclaim the site to its original condition upon the termination or non-renewal of a lease or contract. When the liability is recorded, the cost is capitalized as part of the related long-lived assets carrying value. Due to the high rate of lease renewals over a long period of time, the calculation assumes that all related assets will be removed at some period over the next 50 years. An estimate of third-party cost information is used with respect to the dismantling of the structures and the reclamation of the site. The interest rate used to calculate the present value of such costs over the retirement period is based on an estimated risk adjusted credit rate for the same period.

Receivables Based Credit Facility

As of December 31, 2014, there were no borrowings outstanding under iHeartCommunications' receivables based credit facility.

The receivables based credit facility provides revolving credit commitments of \$535.0 million, subject to a borrowing base. The borrowing base at any time equals 90% of the eligible accounts receivable of iHeartCommunications and certain of its subsidiaries. The receivables based credit facility includes a letter of credit sub-facility and a swingline loan sub-facility.

iHeartCommunications and certain subsidiary borrowers are the borrowers under the receivables based credit facility. iHeartCommunications has the ability to designate one or more of its restricted subsidiaries as borrowers under the receivables based credit facility. The receivables based credit facility loans are available in U.S. dollars and letters of credit are available in a variety of currencies including U.S. dollars, Euros, Pounds Sterling, and Canadian dollars.

Interest Rate and Fees

Borrowings under the receivables based credit facility bear interest at a rate per annum equal to an applicable margin plus, at iHeartCommunications' option, either (i) a base rate determined by reference to the highest of (a) the prime rate of Citibank, N.A. and (b) the Federal Funds rate plus 0.50% or (ii) a Eurocurrency rate determined by reference to the rate (adjusted for statutory reserve requirements for Eurocurrency liabilities) for Eurodollar deposits for the interest period relevant to such borrowing. The applicable margin for borrowings under the receivables based credit facility ranges from 1.50% to 2.00% for Eurocurrency borrowings and from 0.50% to 1.00% for base-rate borrowings, depending on average daily excess availability under the receivables based credit facility during the prior fiscal quarter.

In addition to paying interest on outstanding principal under the receivables based credit facility, iHeartCommunications is required to pay a commitment fee to the lenders under the receivables based credit facility in respect of the unutilized commitments thereunder. The commitment fee rate ranges from 0.25% to 0.375% per

annum dependent upon average unused commitments during the prior quarter. iHeartCommunications must also pay customary letter of credit fees.

Maturity

Borrowings under the receivables based credit facility will mature, and lending commitments thereunder will terminate, on the fifth anniversary of the effectiveness of the receivables based credit facility (December 24, 2017), provided that, (a) the maturity date will be October 31, 2015 if on October 30, 2015, greater than \$500.0 million in aggregate principal amount is owing under certain of iHeartCommunications term loan credit facilities, (b) the maturity date will be May 3, 2016 if on May 2, 2016 greater than \$500.0 million aggregate principal amount of iHeartCommunications 10.75% senior cash pay notes due 2016 and 11.00%/11.75% senior toggle notes due 2016 are outstanding and (c) in the case of any debt under clauses (a) and (b) that is amended or refinanced in any manner that extends the maturity date of such debt to a date that is on or before the date that is five years after the effectiveness of the receivables based credit facility, the maturity date will be one day prior to the maturity date of such debt after giving effect to such amendment or refinancing if greater than \$500,000,000 in aggregate principal amount of such debt is outstanding.

Guarantees and Security

The facility is guaranteed by, subject to certain exceptions, the guarantors of iHeartCommunications senior secured credit facilities. All obligations under the receivables based credit facility, and the guarantees of those obligations, are secured by a perfected security interest in all of iHeartCommunications and all of the guarantors accounts receivable and related assets and proceeds thereof that is senior to the security interest of iHeartCommunications senior secured credit facilities in such accounts receivable and related assets and proceeds thereof, subject to permitted liens, including prior liens permitted by the indenture governing certain of iHeartCommunications Legacy Notes, and certain exceptions.

NOTE 6 FAIR VALUE MEASUREMENTS

ASC 820-10-35 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Marketable Equity Securities

The Company's marketable equity securities are measured at fair value on each reporting date.

The marketable equity securities are measured at fair value using quoted prices in active markets. Due to the fact that the inputs used to measure the marketable equity securities at fair value are observable, the Company has categorized the fair value measurements of the securities as Level 1.

In connection with the sale of shares of Sirius XM Radio, Inc., a realized gain of \$130.9 million and income tax expense of \$48.6 million were reclassified out of accumulated other comprehensive loss into Gain on marketable securities and Income tax benefit, respectively. The net difference of \$82.3 million is reported as a reduction of Other comprehensive income (loss).

Other cost investments include various investments in companies for which there is no readily determinable market value. The Company recognized other-than-temporary impairments of \$2.0 million on a cost investment for the year ended December 31, 2012, which was a non-cash impairment charge recorded in Loss on marketable securities.

NOTE 7 COMMITMENTS AND CONTINGENCIES

The Company accounts for its rentals that include renewal options, annual rent escalation clauses, minimum franchise payments and maintenance related to displays under the guidance in ASC 840.

The Company considers its non-cancelable contracts that enable it to display advertising on buses, bus shelters, trains, etc. to be leases in accordance with the guidance in ASC 840-10. These contracts may contain minimum annual franchise payments which generally escalate each year. The Company accounts for these minimum franchise payments on a straight-line basis. If the rental increases are not scheduled in the lease, such as an increase based on subsequent changes in the index or rate, those rents are considered contingent rentals and are recorded as expense when accruable. Other contracts may contain a variable rent component based on revenue. The Company accounts for these variable components as contingent rentals and records these payments as expense when accruable. No single contract or lease is material to the Company's operations.

The Company accounts for annual rent escalation clauses included in the lease term on a straight-line basis under the guidance in ASC 840-20-25. The Company considers renewal periods in determining its lease terms if at inception of the lease there is reasonable assurance the lease will be renewed. Expenditures for maintenance are charged to operations as incurred, whereas expenditures for renewal and betterments are capitalized.

The Company leases office space, certain broadcasting facilities, equipment and the majority of the land occupied by its outdoor advertising structures under long-term operating leases. The Company accounts for these leases in accordance with the policies described above.

The Company's contracts with municipal bodies or private companies relating to street furniture, billboards, transit and malls generally require the Company to build bus stops, kiosks and other public amenities or advertising structures during the term of the contract. The Company owns these structures and is generally allowed to advertise on them for the remaining term of the contract. Once the Company has built the structure, the cost is capitalized and expensed over the shorter of the economic life of the asset or the remaining life of the contract.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

In addition, the Company has commitments relating to required purchases of property, plant and equipment under certain street furniture contracts. Certain of the Company's contracts contain penalties for not fulfilling its commitments related to its obligations to build bus stops, kiosks and other public amenities or advertising structures. Historically, any such penalties have not materially impacted the Company's financial position or results of operations.

Certain acquisition agreements include deferred consideration payments based on performance requirements by the seller typically involving the completion of a development or obtaining appropriate permits that enable the Company to construct additional advertising displays. At December 31, 2014, the Company believes its maximum aggregate contingency, which is subject to performance requirements by the seller, is approximately \$30.0 million. As the contingencies have not been met or resolved as of December 31, 2014, these amounts are not recorded.

As of December 31, 2014, the Company's future minimum rental commitments under non-cancelable operating lease agreements with terms in excess of one year, minimum payments under non-cancelable contracts in excess of one year, capital expenditure commitments and employment/talent contracts consist of the following:

<i>(In thousands)</i>	Non-Cancelable		Capital	
	Operating Leases	Contracts	Expenditure Commitments	Employment/Talent Contracts
2015	\$ 435,118	\$ 593,123	\$ 55,968	\$ 80,442

Total	\$ 2,923,445	\$ 2,040,323	\$ 209,487	\$ 198,944

Rent expense charged to operations for the years ended December 31, 2014, 2013 and 2012 was \$1.17 billion, \$1.16 billion and \$1.14 billion, respectively.

In various areas in which the Company operates, outdoor advertising is the object of restrictive and, in some cases, prohibitive zoning and other regulatory provisions, either enacted or proposed. The impact to the Company of loss of displays due to governmental action has been somewhat mitigated by Federal and state laws mandating compensation for such loss and constitutional restraints.

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and

settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of its litigation arises in the following contexts: commercial disputes; defamation matters; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles (the City), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties and pursuant to which Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays. In 2009 the Los Angeles Superior Court ruled that the settlement agreement constituted an ultra vires act of the City, and nullified its existence. After further proceedings, on April 12, 2013 the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. (77 of which displays were operating at the time of the ruling), and Clear Channel Outdoor, Inc. was required to turn off the electrical power to all affected digital displays on April 15, 2013. The digital display structures remain intact but digital displays are currently prohibited in the City. Clear Channel Outdoor, Inc. is seeking permits under the existing City sign code to either wrap the LED faces with vinyl or convert the LED faces to traditional static signs, and has obtained a number of such permits. Clear Channel Outdoor, Inc. is also pursuing a new ordinance to permit digital signage in the City.

NOTE 8 GUARANTEES

As of December 31, 2014, iHeartCommunications had outstanding surety bonds and commercial standby letters of credit of \$47.7 million and \$113.9 million, respectively, of which no letters of credit were cash secured. These letters of credit and surety bonds relate to various operational matters including insurance, bid, concession and performance bonds as well as other items.

As of December 31, 2014, iHeartCommunications had outstanding bank guarantees of \$55.1 million. Bank guarantees in the amount of \$15.2 million are backed by cash collateral.

NOTE 9 INCOME TAXES

Significant components of the provision for income tax benefit (expense) are as follows:

<i>(In thousands)</i>	Years Ended December 31,		
	2014	2013	2012

Income tax benefit (expense)	\$ (58,489)	\$ 121,817	\$ 308,279

Current tax expense of \$24.6 million was recorded for 2014 as compared to a current tax expense of \$36.4 million for 2013. The change in current tax was primarily due to a reduction in unrecognized tax benefits during 2014, which resulted from the expiration of statutes of limitations to assess taxes in the United Kingdom and several state jurisdictions. This decrease in unrecognized tax benefits resulted in a reduction to current tax expense of \$35.4 million during 2014.

Current tax expense of \$36.4 million was recorded for 2013 as compared to a current tax benefit of \$3.7 million for 2012. The change in current tax was primarily due to the Company's settlement of U.S. federal and foreign tax examinations during 2012. Pursuant to the settlements, the Company recorded a reduction to current income tax expense of approximately \$67.3 million during 2012 to reflect the net current tax benefits of the settlements.

Deferred tax expense of \$33.9 million was recorded for 2014 compared with deferred tax benefit of \$158.2 million for 2013. The change in deferred tax is primarily due to the valuation allowance of \$339.8 million recorded against the Company's current period federal and state net operating losses during 2014.

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

Deferred tax benefit of \$158.2 million for 2013 primarily relates to cancellation of debt income recognized during the year as a result of certain debt restructuring transactions, and is lower when compared with the deferred tax benefit of \$304.6 million for 2012. The decrease in deferred tax benefit in 2013 is primarily due to the valuation allowance of \$143.5 million recorded against a portion of the Company's federal and state net operating losses.

Significant components of the Company's deferred tax liabilities and assets as of December 31, 2014 and 2013 are as follows:

<i>(In thousands)</i>	2014	2013
Deferred tax liabilities:		
Intangibles and fixed assets	\$ 2,335,584	\$ 2,402,168

Total deferred tax assets	944,929	1,113,344
Net deferred tax liabilities	\$ 1,526,095	\$ 1,485,853

Included in the Company's net deferred tax liabilities are \$37.8 million and \$52.0 million of current net deferred tax assets for 2014 and 2013, respectively. The Company presents these assets in "Other current assets" on its consolidated balance sheets. The remaining \$1.6 billion and \$1.5 billion of net deferred tax liabilities for 2014 and 2013, respectively, are presented in "Deferred tax liabilities" on the consolidated balance sheets.

The Company's net foreign deferred tax liabilities were \$13.6 million and \$19.8 million for the periods ended December 31, 2014 and December 31, 2013, respectively.

The deferred tax liability related to intangibles and fixed assets primarily relates to the difference in book and tax basis of acquired FCC licenses, billboard permits and tax deductible goodwill created from the Company's various stock acquisitions. In accordance with ASC 350-10, *Intangibles - Goodwill and Other*, the Company does not amortize FCC licenses and billboard permits. As a result, this deferred tax liability will not reverse over time unless the Company recognizes future impairment charges related to its FCC licenses, permits and tax deductible goodwill or sells its FCC licenses or permits. As the Company continues to amortize its tax basis in its FCC licenses, permits and tax deductible goodwill, the deferred tax liability will increase over time.

At December 31, 2014, the Company had recorded net operating loss carryforwards (tax effected) for federal and state income tax purposes of approximately \$1.3 billion, expiring in various amounts through 2034. The Company expects to realize the benefits of a portion of its deferred tax assets attributable to federal and state net operating losses based upon expected future taxable income from deferred tax liabilities that reverse in the relevant federal and state jurisdictions and carryforward periods. As of December 31, 2014, the Company has recorded a partial valuation allowance of \$487.1 million against these deferred tax assets attributable to federal and state net operating losses. In addition, the Company had recorded deferred tax assets for foreign net operating loss carryforwards (tax effected) of approximately \$153.0 million which are offset in part by an associated valuation allowance of \$146.4 million. Additional deferred tax valuation allowance of \$22.1 million offsets other foreign deferred tax assets that are not expected to be realized. Realization of these foreign deferred tax assets is dependent upon the Company's ability to generate future taxable income in appropriate tax jurisdictions and carryforward periods. Due to the Company's evaluation of negative factors including particular

Table of Contents**IHEARTMEDIA CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

negative evidence of cumulative losses in these jurisdictions, the Company continues to record valuation allowances on the foreign deferred tax assets that are not expected to be realized. The Company expects to realize its remaining gross deferred tax assets based upon its assessment of deferred tax liabilities that will reverse in the same carryforward period and jurisdiction and are of the same character as the net operating loss carryforwards and temporary differences that give rise to the deferred tax assets. Any deferred tax liabilities associated with acquired FCC licenses, billboard permits and tax-deductible goodwill intangible assets are not relied upon as a source of future taxable income, as these intangible assets have an indefinite life.

At December 31, 2014, net deferred tax liabilities include a deferred tax asset of \$28.9 million relating to stock-based compensation expense under ASC 718-10, *Compensation Stock Compensation*. Full realization of this deferred tax asset requires stock options to be exercised at a price equaling or exceeding the sum of the grant price plus the fair value of the option at the grant date and restricted stock to vest at a price equaling or exceeding the fair market value at the grant date. Accordingly, there can be no assurance that the stock price of the Company's common stock will rise to levels sufficient to realize the entire deferred tax benefit currently reflected in its balance sheet.

The Company's effective tax rate for the year ended December 31, 2014 is (8%). The effective tax rate for 2014 was impacted by the \$339.8 million valuation allowance recorded during the period as additional deferred tax expense. The valuation allowance was recorded against the Company's current period federal and state net operating losses due to the uncertainty of the ability to utilize those losses in future periods. This expense was partially offset by \$28.9 million in net tax benefits associated with a decrease in unrecognized tax benefits resulting from the expiration of statute of limitations to assess taxes in the United Kingdom and several state jurisdictions. Foreign income before

income taxes was approximately \$97.2 million for 2014, and it should be noted that with limited exceptions, tax rates in our foreign jurisdictions are lower than that of the U.S. federal statutory rate.

A tax benefit was recorded for the year ended December 31, 2013 of 17%. The effective tax rate for 2013 was impacted by the \$143.5 million valuation allowance recorded during the period as additional deferred tax expense. The valuation allowance was recorded against a portion of the federal and state net operating losses due to the uncertainty of the ability to utilize those losses in future periods. This expense was partially offset by \$20.2 million in net tax benefits recorded during the period due to the settlement of certain U.S. federal and state tax examinations during the year. Foreign income before income taxes was approximately \$48.3 million for 2013.

A tax benefit was recorded for the year ended December 31, 2012 of 43%. The effective tax rate for 2012 was impacted by the Company's settlement of U.S. federal and foreign tax examinations during the year. Pursuant to the settlements, the Company recorded a reduction to income tax expense of approximately \$60.6 million to reflect the net tax benefits of the settlements. This benefit was partially offset by additional tax recorded during 2012 related to the write-off of deferred tax assets associated with the vesting of certain equity awards. Foreign income before income taxes was approximately \$84.0 million for 2012.

The Company continues to record interest and penalties related to unrecognized tax benefits in current income tax expense. The total amount of interest accrued at December 31, 2014 and 2013 was \$40.8 million and \$49.4 million, respectively. The total amount of unrecognized tax benefits and accrued interest and penalties at December 31, 2014 and 2013 was \$147.7 million and \$178.8 million,

respectively, of which \$110.4 million and \$131.0 million is included in Other long-term liabilities, and \$2.3 million and \$11.6 million is included in Accrued Expenses on the Company's consolidated balance sheets, respectively. In addition, \$35.0 million and \$36.1 million of unrecognized tax benefits are recorded net with the Company's deferred tax assets for its net operating losses as opposed to being recorded in Other long-term liabilities at December 31, 2014 and 2013, respectively. The total amount of unrecognized tax benefits at December 31, 2014 and 2013 that, if recognized, would impact the effective income tax rate is \$68.8 million and \$100.1 million, respectively.

The Company and its subsidiaries file income tax returns in the United States federal jurisdiction and various state and foreign jurisdictions. During 2014, the statute of limitations for certain tax years expired in the United Kingdom and several state jurisdictions resulting in a reduction to unrecognized tax benefits of \$24.4 million, excluding interest. Also during 2014, the Company settled certain U.S. federal and state examinations with taxing authorities, resulting in decreases in unrecognized tax benefits relating to cash tax payments of \$8.2 million. All federal income tax matters through 2008 are closed and the Company has effectively settled the 2009 and 2010 examinations with the IRS and is awaiting final approval of the settlement from the Joint Committee on Taxation. The IRS is currently auditing the Company's tax returns for the 2011 and 2012 periods. Substantially all material state, local, and foreign income tax matters have been concluded for years through 2005.

Dividends

The Company has not paid cash dividends since its formation and its ability to pay dividends is subject to restrictions should it seek to do so in the future. iHeart's debt financing arrangements include restrictions on its ability to pay dividends thereby limiting the Company's ability to pay dividends.

Share-Based Compensation

Stock Options

The Company does not have any compensation plans under which it grants stock awards to employees. Prior to the merger, iHeartCommunications granted options to purchase its common stock to its employees and directors and its affiliates under its various equity incentive plans typically at no less than the fair value of the underlying stock on the date of grant. These options were granted for a term not exceeding ten years and were forfeited, except in certain circumstances, in the event the employee or director terminated his or her employment or relationship with iHeartCommunications or one of its affiliates. Prior to acceleration, if any, in connection with the merger, these options vested over a period of up to five years. All equity incentive plans contained anti-dilutive provisions that permitted an adjustment of the number of shares of iHeartCommunications' common stock represented by each option for any change in capitalization.

Parent has granted options to purchase its shares of Class A common stock to certain key executives under its equity incentive plan at no less than the fair value of the underlying stock on the date of grant. These options are granted for a term not to exceed ten years and are forfeited, except in certain circumstances, in the event the executive terminates his or her employment or relationship with Parent or one of its affiliates. Approximately three-fourths of the options outstanding at December 31, 2014 vest based solely on continued service over a period of up to five years with the remainder becoming eligible to vest over a period of up to five years if certain predetermined performance targets are met. The equity incentive plan contains antidilutive provisions that permit an adjustment of the number of shares of Parent's common stock represented by each option for any change in capitalization.

The Company accounts for its share-based payments using the fair value recognition provisions of ASC 718-10. The fair value of the portion of options that vest based on continued service is estimated on the grant date using a Black-Scholes option-pricing model and the fair value of the remaining options which contain vesting provisions subject to service, market and performance conditions is estimated on the grant date using a Monte Carlo model. Expected volatilities were based on historical volatility of peer companies' stock, including Parent, over the expected life of the options. The expected life of the options granted represents the period of time that the options granted are expected to be outstanding. The Company used historical data to estimate option exercises and employee terminations within the valuation model. The Company includes estimated forfeitures in its compensation cost and updates the estimated forfeiture rate through the final vesting date of awards. The risk free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant for periods equal to the expected life of the option. No options were granted during the years ended December 31, 2014 and 2013. The following assumptions were used to calculate the fair value of the options granted during the year ended December 31, 2012:

The Company's subsidiary, CCOH, has granted options to purchase shares of its Class A common stock to employees and directors of CCOH and its affiliates under its equity incentive plan at no less than the fair market value of the underlying stock on the date of grant. These options are granted for a term not exceeding ten years and are forfeited, except in certain circumstances, in the event the employee or director terminates his or her employment or relationship with CCOH or one of its affiliates. These options vest solely on continued service over a period of up to five years. The equity incentive stock plan contains anti-dilutive provisions that permit an adjustment of the number of shares of CCOH's common stock represented by each option for any change in capitalization. CCOH determined that the CCOH dividend discussed in Note 5 was considered a change in capitalization and therefore adjusted outstanding options as of March 15, 2012. No incremental compensation cost was recognized in connection with the adjustment.

The fair value of each option awarded on CCOH common stock is estimated on the date of grant using a Black-Scholes option-pricing model. Expected volatilities are based on historical volatility of CCOH's stock over the expected life of the options. The expected life of options granted represents the period of time that options granted are expected to be outstanding. CCOH uses historical data to estimate option exercises and employee terminations within the valuation model. CCOH includes estimated forfeitures in its compensation cost and updates the estimated forfeiture rate through the final vesting date of awards. The risk free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant for periods equal to the expected life of the option. CCOH Restricted Stock Awards

CCOH has also granted both restricted stock and restricted stock unit awards to its employees and affiliates under its equity incentive plan. The restricted stock awards represent shares of Class A common stock that hold a legend which restricts their transferability for a term of up to five years. The restricted stock units represent the right to receive shares upon vesting, which is generally over a period of up to five years. Both restricted stock awards and restricted stock units are forfeited, except in certain circumstances, in the event the employee terminates his or her employment or relationship with CCOH prior to the lapse of the restriction.

The following table presents a summary of CCOH's restricted stock and restricted stock units outstanding at and activity during the year ended December 31, 2014 (Price reflects the weighted average share price at the date of grant):

Share-Based Compensation Cost

The share-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense on a straight-line basis over the vesting period. Share-based compensation payments are recorded in corporate expenses and were \$10.7 million, \$16.7 million and \$28.5 million, during the years ended December 31, 2014, 2013 and 2012, respectively.

The tax benefit related to the share-based compensation expense for the years ended December 31, 2014, 2013 and 2012 was \$4.1 million, \$6.3 million and \$10.8 million, respectively.

As of December 31, 2014, there was \$22.4 million of unrecognized compensation cost related to unvested share-based compensation arrangements that will vest based on service conditions. This cost is expected to be recognized over a weighted average period of approximately three years. In addition, as of December 31, 2014, there was \$24.7 million of unrecognized compensation cost related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost will be recognized when it becomes probable that the performance condition will be satisfied.

Parent completed a voluntary stock option exchange program on November 19, 2012 and exchanged 2.0 million stock options granted under the Clear Channel 2008 Executive Incentive Plan for 1.8 million replacement restricted share awards with different service and performance conditions. Parent accounted for the exchange program as a modification of the existing awards under ASC 718 and will recognize incremental compensation expense of approximately \$1.7 million over the service period of the new awards. In connection with the exchange program, Parent granted an additional 1.5 million restricted stock awards pursuant to a tax assistance program offered to employees participating in the exchange. Of the total 1.5 million restricted stock awards granted, 0.9 million were repurchased by Parent upon expiration of the exchange program while the remaining 0.6 million awards were forfeited. Parent recognized \$2.6 million of expense related to the awards granted in connection with the tax assistance program.

iHeartCommunications has various 401(k) savings and other plans for the purpose of providing retirement benefits for substantially all employees. Under these plans, an employee can make pre-tax contributions and iHeartCommunications will match a portion of such an employee's contribution. Employees vest in these iHeartCommunications matching contributions based upon their years of service to iHeartCommunications. Contributions of \$27.6 million, \$26.6 million and \$29.5 million to these plans for the years ended December 31, 2014, 2013 and 2012, respectively, were expensed.

iHeartCommunications offers a non-qualified deferred compensation plan for a select group of management or highly compensated employees, under which such employees were able to make an annual election to defer up to 50% of their annual salary and up to 80% of their bonus before taxes. iHeartCommunications suspended all salary and bonus deferrals and company matching contributions to the deferred compensation plan on January 1, 2010.

iHeartCommunications accounts for the plan in accordance with the provisions of ASC 710-10. Matching credits on amounts deferred may be made in iHeartCommunications' sole discretion and iHeartCommunications retains ownership of all assets until distributed. Participants in the plan have the opportunity to allocate their deferrals and any iHeartCommunications matching credits among different investment options, the performance of which is used to determine the amounts to be paid to participants under the plan. In accordance with the provisions of ASC 710-10, the assets and liabilities of the non-qualified deferred compensation plan are presented in Other assets and Other long-term liabilities in the accompanying consolidated balance sheets, respectively. The asset and liability under the deferred compensation plan at December 31, 2014 was approximately \$11.6 million recorded in Other assets and \$11.6 million recorded in Other long-term liabilities, respectively. - (1) During 2012, 2013 and 2014, the Company recorded valuation allowances on deferred tax assets attributable to net operating losses in certain foreign jurisdictions. In addition, during 2013 and 2014 the Company recorded a valuation allowance of \$143.5 million and \$339.8 million, respectively, on a portion of its deferred tax assets attributable to federal and state net operating loss carryforwards due to the uncertainty of the ability to utilize those losses in future periods.
- (2) During 2012, 2013 and 2014, the Company realized the tax benefits associated with certain foreign deferred tax assets, primarily related to foreign loss carryforwards, on which a valuation allowance was previously recorded. The associated valuation allowance was reversed in the period in which, based on the weight of available evidence, it is more-likely-than-not that the deferred tax asset will be realized.
- (3) During 2012, 2013 and 2014, the Company adjusted certain valuation allowances as a result of changes in tax rates in certain jurisdictions and as a result of the expiration of carryforward periods for net operating loss carryforwards.
