**QUESTIONS AND ANSWERS ABOUT THE EXCHANGE OFFER**

*Below are some of the questions that you as a holder of Alcatel Lucent Securities may have regarding the Exchange Offer and answers to those questions. The answers to these questions do not contain all information relevant to your decision whether to tender your Alcatel Lucent Securities. To better understand the Exchange Offer, Nokia (also referred to as we, us, or our) urges you to read carefully the remainder of this exchange offer/prospectus and the accompanying letter of transmittal.*

**Why am I receiving this exchange offer/prospectus?**

Nokia, a Finnish corporation, is offering, upon the terms and subject to the Conditions set forth in this exchange offer/prospectus and the French Offer Documentation, to acquire all of the Alcatel Lucent Securities through the Exchange Offer whereby Alcatel Lucent Securities will be exchanged for Nokia Shares or Nokia ADSs, as described below. The Exchange Offer is comprised of the U.S. Offer and the French Offer. The U.S. Offer is being made pursuant to this exchange offer/prospectus to all U.S. holders of outstanding Alcatel Lucent Shares, all U.S. holders of outstanding OCEANEs and all holders of outstanding Alcatel Lucent ADSs, wherever located. Holders of Alcatel Lucent ADSs located outside of the United States may participate in the U.S. Offer only to the extent the local laws and regulations applicable to those holders permit them to participate in the U.S. Offer.

**What is the purpose of the Exchange Offer?**

The purpose of the Exchange Offer is for Nokia to acquire all of the Alcatel Lucent Securities in order to combine the businesses of Nokia and Alcatel Lucent.

**What will I receive if the Exchange Offer is completed?**

Following the completion of the Exchange Offer, you will receive:

0.55 Nokia Share for every Alcatel Lucent Share you validly tender into, and do not withdraw from, the U.S. Offer,

0.55 Nokia ADS for every Alcatel Lucent ADS you validly tender into, and do not withdraw from, the U.S. Offer, and

Nokia Share for every 2018 OCEANE, Nokia Share for every 2019 OCEANE and Nokia Share for every 2020 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer.

The French Offer comprises an offer to exchange 0.55 Nokia Share for every Alcatel Lucent Share, Nokia Share for every 2018 OCEANE, Nokia Share for every 2019 OCEANE and Nokia Share for every 2020 OCEANE, made pursuant to separate French Offer Documentation available to holders of Alcatel Lucent Shares and OCEANEs located in France (holders of Alcatel Lucent Shares and OCEANEs located outside of France may not participate in the French Offer except if, pursuant to the local laws and regulations applicable to those holders, they are permitted to participate in the French Offer).

No fractional Nokia Shares or fractional Nokia ADSs will be issued. Holders of Alcatel Lucent Securities tendering into the U.S. Offer or the French Offer will receive cash in lieu of any fractional Nokia Shares or Nokia ADSs to which such holders may otherwise be entitled, following the implementation of a mechanism to resell such fractional Nokia Shares or Nokia ADSs.

**Table of Contents****What options are available to the holders of the OCEANES in connection with the Exchange Offer?**

In connection with the Exchange Offer, holders of the OCEANES may elect to take any of the following steps with respect to their OCEANES:

***Tender the OCEANES into the Exchange Offer.*** The Exchange Offer is being made to all holders of the OCEANES issued and outstanding and such holders may accept the Exchange Offer by tendering their OCEANES into the U.S. Offer or the French Offer, as applicable. For every 2018 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share, for every 2019 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share and for every 2020 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share.

***Convert the OCEANES into or exchange the OCEANES for Alcatel Lucent Shares at the change of control conversion/exchange ratio.*** Prior to the opening of the Exchange Offer the conversion/exchange ratio was 1.06 Alcatel Lucent Share for every 2018 OCEANE, 1.00 Alcatel Lucent Share for every 2019 OCEANE and 1.00 Alcatel Lucent Share for every 2020 OCEANE. The opening of the Exchange Offer has resulted in a temporary adjustment to the conversion/exchange ratios applicable to each series of OCEANES. The adjusted conversion/exchange ratios resulting from the Exchange Offer are Alcatel Lucent Shares for every 2018 OCEANE, Alcatel Lucent Shares for every 2019 OCEANE and Alcatel Lucent Shares for every 2020 OCEANE. The right of OCEANES holders to obtain Alcatel Lucent Shares on the basis of the adjusted conversion/exchange ratios will expire, (x) if the AMF declares that the French Offer is successful, on the date that is 15 French business days after the publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer), which is currently expected to be , or, if there is a subsequent offering period, the date that is 15 French business days after the end of the subsequent offering period of the French Offer; (y) if the AMF declares that the French Offer (taking into account the results of the U.S. Offer) is unsuccessful, the date of publication by the AMF of the result of the French Offer; or (z) if Nokia withdraws the Exchange Offer, the date on which such withdrawal is published. If the holders of the OCEANES choose to convert their OCEANES into or exchange their OCEANES for Alcatel Lucent Shares, they may then be able to tender such Alcatel Lucent Shares into the Exchange Offer in accordance with its terms and Conditions.

***After the completion of the Exchange Offer, request an early redemption of their OCEANES.*** If the Exchange Offer is successful (resulting in a change of control of Alcatel Lucent under the terms of the OCEANES), each holder of the OCEANES who did not tender their OCEANES into the Exchange Offer may request that Alcatel Lucent redeem their OCEANES for cash at par plus, as applicable, accrued interest from the last interest payment date for each series of the OCEANES until the early redemption date.

***Early redemption decided by the general meeting of the holders of any series of OCEANES.*** In the event the Alcatel Lucent Shares cease to be listed on Euronext Paris and are not listed on any other regulated market within the European Union within the meaning of the European Union Directive 2004/39/EC, and the Alcatel Lucent ADSs or the Alcatel Lucent Shares cease to be listed on a regulated market in the United States, the representative of the body for each type of OCEANE (*le représentant de la masse*) may, upon decision of the general meeting of the holders of such OCEANES, other than Nokia if it holds more than 10% of the relevant series of OCEANES, make all of such OCEANES redeemable by Alcatel Lucent at a price in cash equal to par plus, as applicable, accrued interest from the last interest payment date for each of the OCEANES until the early redemption date.

## **Table of Contents**

In addition to the foregoing and in accordance with the terms of the OCEANEs, if the Exchange Offer is successful and subject to applicable law, Nokia reserves the right to cause Alcatel Lucent to redeem for cash at par value plus, as applicable, accrued interest, any series of the OCEANEs if less than 15% of the issued OCEANEs of any such series remain outstanding at any time.

Holders of OCEANEs that remain outstanding after the events described above will remain creditors of Alcatel Lucent with the ability to convert their OCEANEs into or exchange their OCEANEs for Alcatel Lucent Shares at the then applicable conversion/exchange ratio.

As promptly as possible following completion of the Exchange Offer and subject to applicable law and stock exchange rules, Nokia intends to request Euronext Paris to delist Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext Paris and seek to delist Alcatel Lucent ADSs from the NYSE.

For the avoidance of doubt, Nokia does not intend to arrange for any of the OCEANEs to become convertible into Nokia convertible bonds whether as a part of the Exchange Offer or otherwise.

### **If OCEANEs are converted into or exchanged for Alcatel Lucent Shares during the Exchange Offer and the Exchange Offer is unsuccessful, will former holders of OCEANEs have to surrender their Alcatel Lucent Shares?**

No. After conversion/exchange has taken place, the OCEANEs are no longer outstanding and the relevant Alcatel Lucent Shares will not have to be surrendered if the Exchange Offer is not successful.

### **Can holders of Alcatel Lucent Stock Options and Performance Shares participate in the Exchange Offer?**

Holders of options to acquire Alcatel Lucent Shares who wish to tender into the Exchange Offer or the subsequent offering period, if any, must exercise their Alcatel Lucent Stock Options, and Alcatel Lucent Shares must be issued to such holders prior to the Expiration Date or the expiration of the subsequent offering period, as applicable.

Pursuant to the Memorandum of Understanding, Alcatel Lucent agreed to accelerate or waive certain terms of the Alcatel Lucent Stock Options, subject to certain conditions.

Alcatel Lucent Performance Shares granted by Alcatel Lucent cannot be tendered in the Exchange Offer or the subsequent offering period, if any, unless such Alcatel Lucent Performance Shares have vested and are transferable prior to the Expiration Date or the expiration of the subsequent offering period, as applicable.

Pursuant to the Memorandum of Understanding, Nokia and Alcatel Lucent agreed to implement a mechanism with respect to unvested Performance Shares granted before April 15, 2015 pursuant to which the beneficiaries may waive their rights to receive Performance Shares in exchange for Alcatel Lucent Shares, subject to certain conditions.

### **What percentage of Nokia will holders of Alcatel Lucent Securities own after the Exchange Offer?**

After completion of the Exchange Offer and assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any, former holders of Alcatel Lucent Securities are expected to own approximately 33.5% of the issued and outstanding Nokia Shares on a fully diluted basis.

### **What are the Conditions to the U.S. Offer?**

Nokia's obligation to accept, and to exchange, any Alcatel Lucent Securities validly tendered into the U.S. Offer is subject only to:

the Minimum Tender Condition; and

the Nokia Shareholder Approval.

Subject to applicable SEC and AMF rules and regulations, Nokia reserves the right, in its sole discretion, to waive the Minimum Tender Condition to any level at or above the Mandatory Minimum Acceptance Threshold.

### **How does the Nokia shareholders' vote impact the deal?**

Nokia's obligation to accept, and to exchange, any Alcatel Lucent Securities validly tendered into the Exchange Offer will be subject to, among other Conditions, the Nokia Shareholder Approval.

Nokia's extraordinary general meeting of shareholders has been convened for [redacted] to consider and vote on the resolution contemplated by the Nokia Shareholder Approval. Proxy materials for such meeting were separately distributed by Nokia prior to the date of this exchange offer/prospectus. The resolution must be approved by shareholders representing at least two-thirds of the votes cast and Nokia Shares represented at such extraordinary general meeting of Nokia's shareholders.

### **What happens if less than 100% of Alcatel Lucent Securities have been purchased following the completion of the Exchange Offer or the subsequent offering period, if any?**

If, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the share capital and voting rights of Alcatel Lucent (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining outstanding Alcatel Lucent Shares for cash consideration. In addition, if, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the sum of the outstanding Alcatel Lucent Shares and the Alcatel Lucent Shares issuable upon conversion of all of the OCEANEs then outstanding (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining OCEANEs for cash consideration.

In accordance with French law and the AMF General Regulation, in such a squeeze-out, Nokia intends, prior to the implementation of the squeeze-out for cash consideration, to propose to the holders of Alcatel Lucent Securities as an alternative to cash consideration, an option to exchange their Alcatel Lucent Securities for Nokia Shares and/or Nokia ADSs, as applicable, at the same exchange ratios offered in the context of the Exchange Offer (the Exchange Option). The holders of Alcatel Lucent Securities may opt for the Exchange Option for all or part of their Alcatel Lucent Securities within a time period to be determined at a later date. The Alcatel Lucent Securities not tendered into the Exchange option will be subject to the squeeze-out for cash consideration.

If Nokia owns less than 95% of the share capital and voting rights of Alcatel Lucent immediately after the completion of the subsequent offering period, then Nokia reserves the right, subject to applicable law, to (i) commence a buy-out offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to the AMF General Regulation if at any time thereafter it owns 95% or more of the voting rights of Alcatel

Lucent; (ii) commence at any time a simplified offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 233-1 et seq. of the AMF General Regulation; (iii) cause Alcatel Lucent to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its subsidiaries with, or undertake other reorganizations of, Alcatel Lucent; or (iv) take any other steps to consolidate its ownership of Alcatel Lucent. We do not currently intend to structure any of the foregoing steps so that it would result in the OCEANEs becoming convertible bonds of Nokia Corporation, becoming debt obligations of Nokia Corporation or otherwise convertible into Nokia Shares or Nokia ADSs.

In addition, Nokia reserves the right, subject to applicable law, at any time after the completion of the Exchange Offer or the subsequent offering period, as applicable, to cause Alcatel Lucent to redeem at par value, plus, as applicable, accrued interest from the date the interest was last paid, to the date set for the early redemption all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding.

### **Why is there a separate French Offer?**

As Alcatel Lucent is a French *société anonyme* with a listing on Euronext Paris, a French Offer is required pursuant to French laws and regulations and is being conducted in accordance with French law and the AMF General Regulation.

### **What are the differences between the U.S. Offer and the French Offer?**

The terms and conditions of the U.S. Offer and the French Offer are substantially the same. As a result of differences in law and market practice between the United States and France, however, the procedures for accepting the Exchange Offer and tendering Alcatel Lucent Securities, and some of the rights of tendering holders of Alcatel Lucent Securities, under the U.S. Offer and the French Offer, are not identical. The primary difference between the U.S. Offer and the French Offer is that the U.S. Offer is available to U.S. holders of Alcatel Lucent Shares and OCEANEs and to holders of Alcatel Lucent ADSs, wherever located, while the French Offer is available to holders of Alcatel Lucent Shares and OCEANEs located in France (holders of Alcatel Lucent Shares and OCEANEs located outside of France may not participate in the French Offer except if, pursuant to the local laws and regulations applicable to those holders, they are permitted to participate in the French Offer). Holders of Alcatel Lucent ADSs located outside of the United States may participate in the U.S. Offer only to the extent the local laws and regulations applicable to those holders permit them to participate in the U.S. Offer.

### **How do I validly tender my Alcatel Lucent ADSs into the U.S. Offer?**

The steps you must take to validly tender your Alcatel Lucent ADSs will depend on whether you hold your Alcatel Lucent ADSs directly or indirectly through a broker, dealer, commercial bank, trust company or other nominee.

If you hold Alcatel Lucent ADSs directly and would like to tender them into the Exchange Offer, you must tender them to the U.S. exchange agent prior to the ADS Tender Deadline, which is 5:00 P.M., New York time, on the U.S. business day immediately preceding the Expiration Date, which is \_\_\_\_\_, unless the U.S. Offer is extended. In order to validly tender your directly-held Alcatel Lucent ADSs, you must take the following actions:

if you hold your Alcatel Lucent ADSs in certificated form, you must complete and sign the letter of transmittal included with this exchange offer/prospectus and return it together with your Alcatel Lucent ADS certificates and any required documentation to the U.S. exchange agent at the appropriate address specified on the back cover page of this exchange offer/prospectus;

---

**Table of Contents**

if you hold your Alcatel Lucent ADSs in uncertificated form on the register of the Alcatel Lucent depository (in direct registration form), you must complete and sign the letter of transmittal included with this exchange offer/prospectus and return it with any required documentation to the U.S. exchange agent at the appropriate address specified on the back cover page of this exchange offer/prospectus; and

if you hold your Alcatel Lucent ADSs in book-entry form indirectly through DTC, you must tender your Alcatel Lucent ADSs to the U.S. exchange agent by using the ATOP system.

If you hold your Alcatel Lucent ADSs indirectly through a broker, dealer, commercial bank, trust company or other nominee, you should not complete and sign the letter of transmittal included with this exchange offer/prospectus. Instead, you should instruct your broker, dealer, commercial bank, trust company or other nominee to validly tender your Alcatel Lucent ADSs to the U.S. exchange agent on your behalf.

The U.S. exchange agent has established an additional means for registered holders of uncertificated Alcatel Lucent ADSs to complete and deliver letters of transmittal via the internet, by signing onto a secure website established and maintained by the U.S. exchange agent and filling in the applicable information online. Detailed instructions for completing and delivering the letter of transmittal via the internet (including the applicable password) are set forth in the letter of transmittal being delivered to holders of uncertificated Alcatel Lucent ADSs together with this exchange offer/prospectus.

If your Alcatel Lucent ADSs are not immediately available, you may also follow the guaranteed delivery procedures described in this exchange offer/prospectus.

**How do I validly tender my Alcatel Lucent Shares or OCEANEs into the U.S. Offer?**

You do not need to complete a letter of transmittal to tender your Alcatel Lucent Shares or OCEANEs into the U.S. Offer.

If you hold Alcatel Lucent Shares or OCEANEs through a custodian that is not a French financial intermediary, your custodian should either forward to you the transmittal materials and instructions sent by the French financial intermediary that holds the Alcatel Lucent Shares or OCEANEs on behalf of the custodian as record owner or send you a separate form prepared by the custodian. If you have not yet received instructions from your custodian, please contact your custodian directly.

If you hold Alcatel Lucent Shares or OCEANEs through a French financial intermediary, your French financial intermediary should send you transmittal materials and instructions for accepting the U.S. Offer before the last day of the offer. If you have not yet received instructions from your French financial intermediary, please contact your French financial intermediary directly.

If your Alcatel Lucent Shares or OCEANEs are held in pure registered form (*nominatif pur*), you must first request that your Alcatel Lucent Shares or OCEANEs be converted to administered registered form (*nominatif administré*) or to bearer form (*au porteur*).

**How much time do I have to decide whether to tender?**

You may tender your Alcatel Lucent Shares and OCEANEs into the U.S. Offer at any time prior to the Expiration Date (which is currently 11:00 A.M., New York City time (5:00 P.M. Paris time), on \_\_\_\_\_, but will change if the U.S. Offer is extended). You may tender your Alcatel Lucent ADSs into the U.S. Offer at any time prior to the ADS Tender Deadline (which is currently 5:00 P.M., New York City time, on the U.S. business day immediately preceding the Expiration Date, which is currently \_\_\_\_\_, unless the U.S. Offer is extended).

---

## **Table of Contents**

### **Can the Exchange Offer be extended?**

Yes. Subject to the applicable rules and regulations of the AMF and the SEC, the Expiration Date and the ADS Tender Deadline may be extended.

Only the AMF has the authority to set or to extend the expiration date of the French Offer. If the French Offer is extended, the AMF will issue a notice of extension on its website <http://www.amf-france.org>. In addition, Nokia will post a notice of any extension of the French Offer or the U.S. Offer on its website [www.nokia.com](http://www.nokia.com), and will issue a public announcement. The information on Nokia's or the AMF's website is not a part of this exchange offer/prospectus and is not incorporated by reference herein.

Pursuant to the Memorandum of Understanding, Nokia agreed to ensure that, subject to applicable law, the period during which the U.S. Offer is open corresponds to the period during which the French Offer is open (including any extensions or subsequent offering periods in relation to the French Offer), and Nokia expressly reserves the right to extend the U.S. Offer either to match any extension of the French Offer or otherwise. Furthermore, Nokia may be required by the U.S. federal securities laws (including Rule 14e-1 under the Exchange Act) to extend the duration of the U.S. Offer if Nokia makes a material change to the terms of the U.S. Offer.

### **Will there be a subsequent offering period?**

Pursuant to the Memorandum of Understanding and according to the AMF General Regulation, if at the successful completion of the Exchange Offer Nokia owns more than 50% but less than 95% of Alcatel Lucent share capital and voting rights, Nokia agreed to conduct a subsequent offering period after the date of announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) (subject to the satisfaction or waiver of the Minimum Tender Condition and the receipt of the Nokia Shareholder Approval). The subsequent offering period would be conducted on the same terms as the Exchange Offer, but the Alcatel Lucent Securities properly tendered during the subsequent offering period will not be permitted to be withdrawn and will be accepted without any minimum condition.

### **Can I withdraw Alcatel Lucent Securities that I have tendered into the U.S. Offer?**

Yes. You may withdraw any Alcatel Lucent Shares and OCEANEs tendered into the U.S. Offer at any time prior to the Expiration Date, and you may withdraw any Alcatel Lucent ADSs tendered into the U.S. Offer at any time prior to the ADS Tender Deadline. In addition, in accordance with U.S. securities laws, you may generally withdraw your tendered Alcatel Lucent Securities tendered into the U.S. Offer if they have not been accepted for exchange within 60 days after the beginning of the offer period. However, these withdrawal rights will not be available following the Expiration Date, in the case of Alcatel Lucent Shares and OCEANEs, or the ADS Tender Deadline, in the case of Alcatel Lucent ADSs, and prior to the commencement of the subsequent offering period, if any. Also, subject to satisfaction of all Conditions other than the Minimum Tender Condition, these withdrawal rights will not be available during the period that the securities tendered into the Exchange Offer are being counted. Pursuant to Rule 14d-7(a)(2) under the Exchange Act, no withdrawal rights will apply to Alcatel Lucent Securities tendered during a subsequent offering period, if any.

### **How do I withdraw Alcatel Lucent Securities previously tendered into the U.S. Offer?**

To withdraw previously tendered Alcatel Lucent ADSs, the U.S. exchange agent must receive a timely written or facsimile transmission notice of withdrawal. Any such notice must specify the name of the person who tendered the Alcatel Lucent ADSs being withdrawn, the number of Alcatel Lucent ADSs being withdrawn and the name of the registered holder if different from that of the person who tendered such Alcatel Lucent ADSs. To withdraw previously tendered Alcatel Lucent Shares or OCEANEs, you

## **Table of Contents**

should contact your French or non-French financial intermediary or nominee through whom you tendered the Alcatel Lucent Shares or OCEANEs regarding their withdrawal procedures to validly withdraw tendered Alcatel Lucent Shares or OCEANEs in the U.S. Offer.

### **Will I have to pay any fees or commissions for tendering my Alcatel Lucent Securities?**

If your Alcatel Lucent Securities are tendered into the U.S. Offer by your broker, dealer, commercial bank, trust company or other nominee, you will be responsible for any fees or commissions they may charge you in connection with such tender. No commission will be paid by Nokia to any intermediary of Alcatel Lucent Security holders or any person soliciting the contribution of Alcatel Lucent Securities into the Exchange Offer.

You will also be responsible for all governmental charges and taxes payable in connection with tendering your Alcatel Lucent Securities.

### **Will tendered Alcatel Lucent Securities be subject to proration?**

No. Subject to the terms and Conditions, Nokia will acquire any and all Alcatel Lucent Securities validly tendered into, and not withdrawn from, the U.S. Offer.

### **Can I tender less than all the Alcatel Lucent Securities that I own into the Exchange Offer?**

Yes. You may elect to tender all or a portion of the Alcatel Lucent Securities that you own into the U.S. Offer.

### **If I decide not to tender, how will the Exchange Offer affect my Alcatel Lucent Securities?**

The completion of the Exchange Offer is conditioned, among other things, upon the satisfaction or waiver of the Minimum Tender Condition.

If the Exchange Offer is successful, the acquisition by Nokia of Alcatel Lucent Securities in the Exchange Offer will reduce the number of Alcatel Lucent Securities that might otherwise trade publicly and may reduce the number of holders of Alcatel Lucent Securities, which could adversely affect the liquidity and market value of the Alcatel Lucent Securities not acquired in the Exchange Offer.

On opening of the first U.S. business day following the ADS Tender Deadline, the NYSE may suspend trading in the Alcatel Lucent ADSs pending public announcement of the results of the Exchange Offer. Because the AMF may not announce the results of the French Offer (taking into account the results of the U.S. Offer) until up to nine French trading days after the Expiration Date (although we expect the announcement to be made approximately four to five French trading days after the Expiration Date), holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the U.S. Offer may be unable to trade Alcatel Lucent ADSs on the NYSE during this period. Further, if fewer than 600 000 Alcatel Lucent ADSs would remain outstanding following completion of the Exchange Offer, the NYSE may not resume trading in the Alcatel Lucent ADSs even after the publication of the results of the Exchange Offer. Holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the Exchange Offer may therefore be unable to trade their Alcatel Lucent ADSs on the NYSE at any point following the Expiration Date.

As promptly as practicable following completion of the Exchange Offer and subject to applicable law and Euronext Paris rules, Nokia intends to request Euronext Paris to delist the Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext Paris. Nokia also intends, subject to applicable law, to cause Alcatel Lucent to terminate the Alcatel Lucent deposit agreement and seek to delist the Alcatel Lucent ADSs from the NYSE and, when possible, to deregister the Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act.

## **Table of Contents**

### **Will I have appraisal rights in connection with the Exchange Offer?**

No. There are no appraisal or similar rights available to holders of Alcatel Lucent Securities in connection with the Exchange Offer.

### **What are the tax consequences if I participate or do not participate in the Exchange Offer?**

For information on certain French, Finnish, and U.S. tax consequences of the Exchange Offer, see the "Tax Considerations" section of this exchange offer/prospectus. You should consult your own tax advisor on the tax consequences to you of tendering your Alcatel Lucent Securities in the Exchange Offer.

### **How and where will the outcome of the Exchange Offer be announced?**

The AMF is expected to announce the results of the French Offer taking into account the results of the U.S. Offer approximately four to five and in any event no later than nine French trading days following the Expiration Date and, if applicable, the ending of the subsequent offering period. In addition, Nokia will post a notice of the results of the Exchange Offer on [www.nokia.com](http://www.nokia.com), and will issue a public announcement. The information on Nokia's website is not a part of this exchange offer/prospectus and is not incorporated by reference herein.

### **When will I receive my Nokia Shares or Nokia ADSs?**

You will receive the Nokia Shares or Nokia ADSs you are entitled to receive pursuant to the U.S. Offer approximately five French trading days following the announcement of the results of the French Offer (taking into account the results of the U.S. Offer) by the AMF and, if applicable, of the subsequent offering period. #### The Companies

##### *Nokia (page 115)*

Nokia is a Finnish Corporation, established in 1865 and organized under the laws of the Republic of Finland. The company is registered with the Finnish Trade Register under the business identity code 0112038-9. Under its articles of association in effect on the date of this exchange offer/prospectus, Nokia's corporate purpose is to engage in the telecommunications industry and other sectors of the electronics industry as well as the related service businesses, including the development, manufacture, marketing and sales of mobile devices, other electronic products and telecommunications systems and equipment as well as related mobile, Internet and network infrastructure services and other consumer and enterprise services. Nokia may also create, acquire and license intellectual property and software as well as engage in other industrial and commercial operations. Further, Nokia may engage in securities trading and other investment activities.

Nokia is currently focused on three businesses: network infrastructure software, hardware and services, which is offered through Nokia Networks; mapping and location intelligence, which is provided through HERE; and advanced technology development and licensing, which is pursued through Nokia Technologies. Through its three businesses, Nokia has a global presence, with operations and research and development ( R&D ) facilities in Europe, North America and Asia, sales in approximately 140 countries, and employs approximately 62 000 people. Nokia is also a major investor in R&D, with expenditure through its three businesses exceeding EUR 2.5 billion in 2014.

On August 3, 2015, Nokia announced an agreement to sell its HERE digital mapping and location services business to a consortium of leading automotive companies, comprising AUDI AG, BMW Group and Daimler AG. The transaction values HERE at an enterprise value of EUR 2.8 billion with a normalized level of working capital and is expected to close in the first quarter of 2016, subject to customary closing conditions and regulatory approvals. Upon closing, Nokia estimates that it will receive net proceeds of slightly above EUR 2.5 billion, as the purchaser would be compensated for certain defined liabilities of HERE currently expected to be slightly below EUR 300 million as part of the transaction. Upon closing of the HERE transaction, which does not affect the exchange ratio of this Exchange Offer, and assuming that the Exchange Offer has not yet been completed, Nokia will consist of two businesses: Nokia Networks and Nokia Technologies.

It is currently expected that after the Completion of the Exchange Offer, Networks business would be conducted through four business groups: Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. The business group leaders would report directly to Nokia's President and Chief Executive Officer:

**Mobile Networks (MN)** would include Nokia's and Alcatel Lucent's comprehensive Radio portfolios and most of their converged Core network portfolios including IMS/VoLTE and Subscriber Data Management, as well as the associated mobile networks-related Global Services business. This unit would also include Alcatel Lucent's Microwave business and all of the combined company's end-to-end Managed Services business.

---

## Table of Contents

**Fixed Networks (FN)** would comprise the current Alcatel Lucent Fixed Networks business, whose cutting-edge innovation and market position would be further supported through strong collaboration with the other business groups.

**Applications & Analytics (A&A)** would combine the Software and Data Analytics-related operations of both companies. This comprehensive applications portfolio would include Customer Experience Management, OSS as distinct from network management such as service fulfilment and assurance, Policy and Charging, services, Cloud Stacks, management and orchestration, communication and collaboration, Security Solutions, network intelligence and analytics, device management and Internet of Things connectivity management platforms. CloudBand would also be housed in this business group, which would drive innovation to meet the needs of a convergent, Cloud-centric future.

**IP/Optical Networks (ION)** would combine the current Alcatel Lucent IP Routing, Optical Transport and IP video businesses, as well as the software defined networking (SDN) start-up, Nuage, plus Nokia's IP partner and Packet Core portfolio.

Along side these four business groups of Networks, Nokia Technologies would continue to operate as a separate business group with a clear focus on licensing and the incubation of new technologies.

Nokia's registered office and its principal executive office is Karaportti 3, FI-02610 Espoo, Finland, and the telephone number is +358 (0) 10-448-8000.

Nokia Shares are traded on the Nasdaq Helsinki under the symbol NOKIA and Nokia ADSs are traded on the NYSE under the symbol NOK. In addition, application has been made for Admission of the Nokia Shares to Euronext Paris. Nokia expects to request that the Admission be approved to take effect prior to the completion of the Exchange Offer. As of June 30, 2015, 3 678 328 858 Nokia Shares were outstanding (including 54 326 556 Nokia Shares owned by Nokia group companies and 477 477 741 Nokia Shares represented by Nokia ADSs).

In October 2012, Nokia issued the Convertible Bond. If the Convertible Bond is converted into Nokia Shares in its entirety, which would occur by November 17, 2015 because of Nokia's prior announcement that it will exercise its option to redeem the Convertible Bonds on November 26, 2015, at the current conversion price of EUR 2.39 per Nokia Share, approximately 313 723 849 Nokia Shares (assuming full conversion) would be issued, representing approximately 5.2% of the issued and outstanding Nokia Shares after completion of the Exchange Offer (assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any).

With respect to the subsequent offering period, if any, Nokia will accept for exchange and will exchange all Alcatel Lucent Securities that have been validly tendered into the Exchange Offer during the subsequent offering period and Nokia will issue and deliver the Nokia Shares and will cause its depository to promptly issue and deliver Nokia ADSs through the U.S. exchange agent approximately five French trading days following the announcement of the results of the subsequent offering period by the AMF, in accordance with applicable French and U.S. rules and regulations.

### **Treatment of Alcatel Lucent Stock Options and Performance Shares (page 103)**

Holders of Alcatel Lucent Stock Options who wish to tender in the Exchange Offer or the subsequent offering period, if any, must exercise their Alcatel Lucent Stock Options and Alcatel Lucent Shares must be issued to such holders prior to the Expiration Date or the expiration of the subsequent offering period, as applicable. Pursuant to the Memorandum of Understanding, Alcatel Lucent agreed to accelerate or waive certain terms of the Alcatel Lucent Stock Options, subject to certain conditions.

Alcatel Lucent Performance Shares cannot be tendered in the Exchange Offer or the subsequent offering period, if any, unless such Performance Shares have vested and are transferable prior to the Expiration Date or the expiration of the subsequent offering period, as applicable. Pursuant to the Memorandum of Understanding, Nokia and Alcatel Lucent agreed to implement a mechanism with respect to the unvested Performance Shares granted before April 15, 2015 pursuant to which the beneficiaries may waive their rights to receive Performance Shares in exchange for Alcatel Lucent Shares, subject to certain conditions.

### **Reasons for the Exchange Offer (page 47)**

We believe that the combination of Nokia's and Alcatel Lucent's businesses will create significant value for stakeholders of both companies. Following the completion of the Exchange Offer, Nokia will be well-positioned to create the foundation of seamless connectivity for people and things wherever they are. We believe that this foundation is essential for enabling the next wave of technological change, including the Internet of Things and transition to the cloud.

The strategic rationale for combining the two companies includes:

creation of end-to-end portfolio scope and scale player with leading global positions across products, software and services to meet changing industry paradigms;

complementary offerings, customers and geographic footprint;

enhanced research and development capabilities creating an innovation powerhouse with significant combined R&D resources;

the recent execution track-record on both sides and common vision for the future;

the opportunity to realize significant cost savings and other synergies; and

the development of a robust capital structure and strong balance sheet.

## **Table of Contents**

### ***End-to-end portfolio scope and scale player with leading global positions across products, software and services to meet changing industry paradigms***

Combining Nokia with Alcatel Lucent will bring together the complementary capabilities of both companies with an end-to-end portfolio of software, services and products, which will be weighted towards next-generation technologies enabling us to provide better solutions to customers and access new opportunities in an expanded, addressable market.

Following the completion of the Exchange Offer, the combined company is expected to be a leader in technologies such as fixed broadband, LTE, IP routing, cloud applications and advanced analytics, positioning the company as either the number one or two player in most key business areas. We expect to have the scale to service the very largest global multinational customers with a broader range of products, software and services across a wider geographic footprint, which we believe will make us the strategic partner of choice for the long term.

### ***Complementary offerings, customers and geographic footprint***

The Exchange Offer brings together two businesses which we believe have highly complementary portfolios and geographies, bringing together the best of fixed and mobile, IP routing, core networks, cloud applications and services. Together, Nokia and Alcatel Lucent will have particular strength in the United States, China, Europe and Asia-Pacific. We believe that the combined company will be positioned to target a larger addressable market, and we estimate, based on our internal data, that the combined company would have an improved growth profile.

### ***Enhanced research and development capabilities creating an innovation powerhouse with significant combined R&D resources***

The combined company will have significant innovation capabilities, with Alcatel Lucent's Bell Labs and Nokia's FutureWorks, as well as Nokia Technologies. The latter is expected to stay as a separate entity with a clear focus on licensing and the incubation of new technologies.

### ***The recent execution track-record on both sides and common vision for the future***

We believe that both companies are in a far better position to combine at this point in time and the combination is being conducted from a position of strength. Both companies have recently improved their operational efficiency and agility through significant restructurings, Nokia has purchased Siemens share of Nokia Siemens Network, divested substantially all of its Devices & Services business to Microsoft and has announced the pending disposal of its HERE digital mapping and location services business while Alcatel Lucent is coming to the end of the Shift plan.

### ***The opportunity to realize significant cost savings and other synergies***

The combined company would target approximately EUR 900 million of operating cost synergies to be achieved on a full year basis in 2019, assuming completion of the Exchange Offer no later than the end of the first half of 2016.

### ***The development of a robust capital structure and strong balance sheet***

The combined company will benefit from enhanced financial resources for growth and investment purposes. The combined company is expected to have a strong balance sheet, which will support our ambition to re-establish our long-term investment-grade rating. Assuming conversion of all OCEANES

and completion of the sale of our HERE business, the pro forma net cash position of the combined company at June 30, 2015 would have been EUR 8.1 billion and pro forma cash and cash equivalents of the combined company at June 30, 2015 would have been EUR 10.5 billion. Net cash is a non-IFRS financial measure. Refer to Selected Unaudited Pro Forma Combined Financial Information for a description of how we define and calculate net cash. Following the completion of the Exchange Offer, Nokia intends to evaluate the resumption of a capital structure optimization program for the combined group, and remains committed to having an efficient capital structure.

**Integration and Reorganization (page 57)**

The strategic direction of Alcatel Lucent will be to continue to offer leading solutions in Alcatel Lucent's business lines by taking advantage of the increased customer base attributable to the combination of Nokia and Alcatel Lucent. Nokia intends to integrate Alcatel Lucent into the Nokia group as soon as possible if the Exchange Offer is successful. In addition, Nokia intends to propose changes to the composition of Alcatel Lucent's board of directors if the Exchange Offer is successful. The composition of the Alcatel Lucent board of directors will take into account the new share ownership structure of Alcatel Lucent and in particular, the ownership level of Nokia. Also refer to the Certain Consequences of the Exchange Offer section below for a description of certain consequences of the Exchange Offer on Alcatel Lucent Securities.

**Squeeze-out (page 54)**

If, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the share capital and voting rights of Alcatel Lucent (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining outstanding Alcatel Lucent Shares for cash consideration. In addition, if, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the sum of the outstanding Alcatel Lucent Shares and the Alcatel Lucent Shares issuable upon conversion of all of the OCEANes then outstanding (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining OCEANes for cash consideration.

In accordance with French law and the AMF General Regulation, in such a squeeze-out, Nokia intends, prior to the implementation of the squeeze-out for cash consideration, to propose the Exchange Option to the holders of Alcatel Lucent Securities. The holders of Alcatel Lucent Securities may opt for the Exchange Option for all or part of their Alcatel Lucent Securities within a time period to be determined at a later date. The Alcatel Lucent Securities not tendered into the Exchange Option will be subject to the squeeze-out for cash consideration. We believe that the Exchange Option conducted in accordance with the French law and the AMF General Regulation would constitute a tender offer for U.S. securities law purposes. If it qualifies for a Tier I exemption from the U.S. tender offer rules, the Exchange Option may be conducted primarily in accordance with French law. Furthermore in such case, any Nokia Shares and Nokia ADSs forming part of the consideration offered in any the Exchange Option may be exempt from registration pursuant to Rule 802 promulgated under the Securities Act.

If Nokia owns less than 95% of the share capital and voting rights of Alcatel Lucent immediately after the completion of the subsequent offering period, then Nokia reserves the right, subject to applicable law, to (i) commence a buy-out offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to the AMF General Regulation if at any time thereafter it owns 95% or more of the

## **Table of Contents**

voting rights of Alcatel Lucent; (ii) commence at any time a simplified offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 233-1 et seq. of the AMF General Regulation; (iii) cause Alcatel Lucent to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its subsidiaries with, or undertake other reorganizations of, Alcatel Lucent; or (iv) take any other steps to consolidate its ownership of Alcatel Lucent. We do not currently intend to structure any of the foregoing steps so that it would result in the OCEANEs becoming convertible bonds of Nokia Corporation, becoming debt obligations of Nokia Corporation or otherwise convertible into Nokia Shares or Nokia ADSs.

In addition, Nokia reserves the right, subject to applicable law, at any time after the completion of the Exchange Offer or the subsequent offering period, as applicable, to cause Alcatel Lucent to redeem at par value, plus, as applicable, accrued interest from the date the interest was last paid, to the date set for the early redemption of all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding.

The unaudited pro forma condensed combined financial statements reflect the application of pro forma adjustments that are preliminary and are based upon available information and certain assumptions, described in the accompanying notes thereto, that management believes are reasonable under the circumstances. Actual results may differ materially from the assumptions within the accompanying unaudited pro forma condensed combined financial information. The unaudited pro forma condensed combined financial information has been prepared by management for illustrative purposes only and are not necessarily indicative of the financial position or results of operations that would have been realized had the completion of the Exchange Offer and the sale of our HERE business occurred as of the dates indicated above, nor is it meant to be indicative of any anticipated financial position or future results of operations that we will experience going forward. In addition, the accompanying unaudited pro forma condensed combined income statements does not reflect any expected cost savings, synergies, restructuring actions, non-recurring items or one-time transaction related costs that we expect to incur or generate.

- (1) Net cash is a non-IFRS financial measure and should not be considered as an alternative to cash and cash equivalents or other financial measure derived in accordance with the IFRS. We present net cash because we believe that it is a useful tool for investors to assess Nokia's liquidity and capital structure. Net cash is defined as total cash and other liquid assets less interest-bearing liabilities. Total cash and other liquid assets is defined as the sum of Investments at fair value through profit and loss, liquid, Available-for-sale investments, liquid assets and Cash and cash equivalents. Interest-bearing liabilities is defined as the sum of Long-term interest bearing liabilities, Current portion of long-term interest-bearing liabilities and Short-term borrowings. Each component of net cash is presented within Nokia's Statement of Financial Position. Net cash has limitations as an analytical tool and should not be considered in isolation or as a substitute for analysis of our liquidity position as reported under IFRS. Some of these limitations include: although we include only liquid assets in the calculation, not all assets included in the calculation constitute cash or cash equivalents; the calculation does not reflect all of our liabilities; and the calculation does not distinguish the maturity of our indebtedness included in the calculation. The following table sets forth the calculation of pro forma combined net cash:

**Table of Contents***Range of possible offer acceptance levels*

The unaudited pro forma financial information presented above has been prepared assuming that Nokia acquires 100% of Alcatel Lucent through the Exchange Offer and that a squeeze-out is not effected.

The following sensitivity analysis provides a range of potential outcomes, assuming the minimum ownership interest in Alcatel Lucent of 51%, the ownership at the midpoint of the range of 75% and the impact of the squeeze-out assuming 95% of the outstanding shares are tendered in the Exchange Offer. In the 51% and 75% scenarios, 49% and 25%, respectively, of the carrying amount of OCEANE convertible bonds were assumed to remain outstanding. In the 95% scenario, Nokia has assumed that the remaining 5% is purchased in cash to illustrate the cash consideration alternative and OCEANE convertible bonds fully convert. The adjustments to be made to Pro forma adjustments column in the unaudited pro forma condensed combined statement of financial position as of June 30, 2015 and the unaudited pro forma condensed combined income statements for the six months ended June 30, 2015 and the year ended December 31, 2014 would be as follows:

**Table of Contents****RISK FACTORS**

*An investment in Nokia Shares or Nokia ADSs involves risks, some (but not all) of which are related to the Exchange Offer. In considering whether or not to tender your Alcatel Lucent Securities in the U.S. Offer, you should carefully consider the information set forth under this section of this exchange offer/prospectus, the risk factors contained in the Alcatel Lucent 2014 Form 20-F (which is incorporated by reference into this exchange offer/prospectus), the risk factors contained in the Nokia 2014 Form 20-F (which is incorporated by reference into this exchange offer/prospectus) and the other information included or incorporated by reference into this exchange offer/prospectus. Each of the matters described in these risk factors could have a material adverse effect on the businesses, financial condition and/or results of operations of Nokia and Alcatel Lucent (together with their respective subsidiaries) individually or as a combined company and on the market price of the Nokia Shares, the Nokia ADSs and the Alcatel Lucent Securities.*

**Risk Factors Relating to the Exchange Offer and the Squeeze-out**

*The exchange ratio of the Exchange Offer is fixed and will not be adjusted in case of any changes in the price of the relevant securities. Because the market price of Nokia Shares and Nokia ADSs fluctuates, holders of Alcatel Lucent Securities cannot be certain of the market value of the Nokia Shares or Nokia ADSs that will be issued in connection with the Exchange Offer.*

Following the completion of the Exchange Offer, you will receive (i) 0.55 Nokia Share for every Alcatel Lucent Share you validly tender into the Exchange Offer, (ii) 0.55 Nokia ADS for every Alcatel Lucent ADS you validly tender into the Exchange Offer and (iii) Nokia Share for every 2018 OCEANE, Nokia Share for every 2019 OCEANE and Nokia Share for every 2020 OCEANE you validly tender into the Exchange Offer. These exchange ratios are fixed and will not be adjusted in case of any changes in the price of Nokia Shares, Nokia ADSs or Alcatel Lucent Securities. If the price of Nokia Shares or Nokia ADSs decreases, which may occur as the result of a number of reasons (many of which are out of our control), including as a result of the risks described herein, holders of Alcatel Lucent Securities will receive less value for their Alcatel Lucent Securities than the value calculated pursuant to the exchange ratio on the date the Exchange Offer was announced. Because the Exchange Offer may not be completed until the Conditions have been satisfied or waived (please see the section of this exchange offer/prospectus entitled *The Exchange Offer Terms of the Exchange Offer Conditions to the Exchange Offer*), a significant period of time may pass between the commencement of the Exchange Offer and the time that we accept Alcatel Lucent Securities for exchange. Therefore, at the time you tender your Alcatel Lucent Securities pursuant to the U.S. Offer, you will not know the exact market value of the Nokia Shares or Nokia ADSs that will be issued if we accept the Alcatel Lucent Securities for exchange. However, tendered Alcatel Lucent Securities may be withdrawn at any time prior to the time they are accepted for exchange pursuant to the Exchange Offer (except during any subsequent offering period or any period during which the tendered Alcatel Lucent Securities are being counted).

Holders of Alcatel Lucent Securities are urged to obtain current market quotations for Nokia Shares, Nokia ADSs and the relevant Alcatel Lucent Securities when they consider whether to tender their Alcatel Lucent Securities pursuant to the Exchange Offer.

*The value of the Nokia Shares and the Nokia ADSs may decrease.*

It is likely that the price of the Nokia Shares and the Nokia ADSs will fluctuate, even significantly from time to time, and may not always accurately reflect the value of Nokia and its subsidiaries. The value of the Nokia Shares and the Nokia ADSs may decrease. The prices that investors may realize for their

---

**Table of Contents**

holdings of Nokia Shares and Nokia ADSs, when they are able to do so, may be influenced by a large number of factors, including factors beyond our control. In addition, stock markets have in the recent past experienced extreme price and volume fluctuations, which, as well as general economic and political conditions, could have a material adverse effect on the market price of the Nokia Shares or the Nokia ADSs.

*The issuance of Nokia Shares pursuant to the Exchange Offer could lead to the share price of Nokia Shares being adversely affected.*

In connection with the completion of the Exchange Offer, Nokia expects to issue approximately \_\_\_\_\_ Nokia Shares. The issuance of these new Nokia Shares could depress the market price of the existing Nokia Shares and Nokia ADSs.

*Following the Exchange Offer, Nokia may be unable to successfully implement its business plans or successfully integrate Alcatel Lucent's business or achieve the targeted synergies and other efficiencies.*

Nokia and Alcatel Lucent currently operate as independent public companies. After the Exchange Offer, Nokia will be required to allocate significant resources, including management attention, to integrating Alcatel Lucent's business and implementing its post-acquisition business plans. Achieving the anticipated benefits of the Alcatel Lucent acquisition will depend largely on the timely and efficient integration of the business operations of Nokia and Alcatel Lucent and our ability to successfully implement our post-acquisition business plans. The process of integrating Alcatel Lucent into Nokia's existing business involves certain risks and uncertainties, and there can be no assurances that Nokia will be able to integrate the two businesses in the manner or within the timeframe currently anticipated. Potential challenges that Nokia may encounter during the integration process include the following:

the complexities associated with integrating Alcatel Lucent, while simultaneously continuing to provide Nokia's high quality products and services on a consistent basis;

the complexities of integrating Alcatel Lucent, which is a company with different products, services, markets and customers as well as conducting the business that includes areas that are new to Nokia;

the challenges relating to the consolidation of corporate, financial, control and administrative functions, including cash management, foreign exchange/hedging operations, internal and other financing, insurance, financial control and reporting, information technology, communications, compliance and other administrative functions;

the challenges relating to the coordination of research and development, marketing and other support functions;

the inability to retain or motivate key employees of the combined company and recruit needed resources;

disruptions caused for instance by company reorganizations triggered by the acquisition that may result in inefficiency in the organization;

the inability to achieve the targeted organizational changes, efficiencies or synergies in the targeted time or extent or the costs associated with implementing such changes;

possible contractual issues with customers, vendors, licensees or other contractual parties, including, for instance, claims regarding ceasing or renegotiation of existing contracts;

the inability to rationalize as required product lines or retire legacy products and related after-sales services as a result of pre-existing customer commitments;

**Table of Contents**

loss of, or lower volume of business from, key customers, or the inability to renew agreements with existing customers or achieve new customer relationships, including limitations linked to customer policies as regards to aggregate vendor share or supplier diversity policy;

integration and implementation costs resulting from the acquisition of Alcatel Lucent;

conditions imposed by laws, regulators or industry standards on our businesses or adverse regulatory or industry developments or litigation affecting the combined company, as a result of the Exchange Offer or otherwise;

higher than anticipated costs associated with the transaction, including transaction costs;

potential unknown or larger than estimated liabilities including those related to compliance issues and pension liabilities and unforeseen increased expenses, delays or regulatory conditions associated with the integration and Nokia's ability to mitigate anticipated and contingent liabilities;

potential deterioration of Nokia's and Alcatel Lucent's brands; and

performance shortfalls as a result of the diversion of management's attention caused by completing the Exchange Offer and integrating Alcatel Lucent.

For these reasons, among others, you should be aware that it is possible that the integration process following the Exchange Offer could result in the distraction of Nokia's management, the disruption of Nokia's ongoing business or inconsistencies in its services, standards, controls, procedures and policies, any of which could adversely affect the ability of Nokia to maintain relationships with customers, vendors and employees or could otherwise have a material adverse effect on the business, financial conditions and/or results of operations of Nokia.

***Nokia's anticipated benefits from acquiring Alcatel Lucent are based on estimates that are dependent on external factors, and may not be achieved within the envisioned timeframe or at all.***

There can be no assurance that Nokia will achieve any of the anticipated benefits of acquiring Alcatel Lucent, including business growth opportunities, cost synergy benefits, increased profitability and other synergy benefits described elsewhere in this exchange offer/prospectus within the timeframe currently estimated by Nokia, or that any such benefits can be achieved at all. The anticipated benefits of acquiring Alcatel Lucent depend, in part, on the efficiency improvement measures that both Nokia and Alcatel Lucent have individually taken in recent years, and are expected to continue to undertake in the near future. While some of these measures have already generated cost savings and operational efficiencies, the full intended benefits of these measures, or any additional initiatives that Nokia or the combined company may take in the future, may not be realized (see Nokia's and Alcatel Lucent's annual reports on Form 20-F for more information about the efficiency improvement measures). Furthermore, there can be no assurance that adverse developments in general economic conditions will not limit, eliminate or delay Nokia's or the combined company's ability to realize anticipated benefits, which could have a material adverse effect on the business, financial condition and/or results of operations of Nokia or Alcatel Lucent.

In addition, the anticipated cost reductions and other benefits expected to arise from acquiring Alcatel Lucent and the integration of Alcatel Lucent into Nokia's existing business as well as related costs to implement such measures are derived from the estimates of Nokia and such estimates are inherently uncertain. The estimates included in this exchange offer/prospectus are based on a number of assumptions made in reliance on the information available to Nokia and management's judgments based on such information, including, without limitation, information relating to the business operations, financial condition and results of operations of Alcatel Lucent. While Nokia believes these estimated

**Table of Contents**

synergy benefits and related costs are reasonable, the underlying assumptions are inherently uncertain and are subject to a wide variety of significant business, economic, and competitive factors, risks and uncertainties that could cause the actual results to differ materially from those contained in the synergy benefit and related cost estimates.

***The completion of the Exchange Offer would constitute a change of control of Alcatel Lucent which would give rise to an obligation to redeem some of Alcatel Lucent's existing indebtedness.***

Alcatel Lucent had approximately EUR 3.6 billion aggregate principal amount of outstanding senior notes as of June 30, 2015, of which EUR 2.1 billion contain a change of control provision. Completion of the Exchange Offer would constitute a change of control under the terms of some of Alcatel Lucent's senior notes. Within 30 days following the change of control, Alcatel Lucent must give notice to each holder of such senior notes and offer to repurchase the relevant notes in cash equal to 101% of the aggregate principal amount of the notes repurchased plus accrued and unpaid interest on a date specified in the notice, which must be no earlier than 30 days and no later than 60 days following the day such notice is distributed. Alcatel Lucent may also make a change of control offer in advance of the change of control conditioned on the consummation of the change of control on the basis that a definitive agreement for the change of control is in place. Alcatel Lucent may not be able to obtain sufficient capital to repurchase or refinance Alcatel Lucent's outstanding notes in these circumstances. Failure to repurchase the notes as required would result in an event of default under the terms of the notes, which could put Alcatel Lucent in default under agreements governing its other indebtedness, including the acceleration of the payment of any borrowings thereunder, and may have an adverse effect on the value of Alcatel Lucent Securities and, indirectly, on the value of the Nokia Shares.

***The completion of the transactions contemplated by the Exchange Offer would constitute a change of control of Alcatel Lucent which would give rise to an obligation to redeem all of the OCEANES.***

If the Exchange Offer is successful (resulting in a change of control of Alcatel Lucent under the terms of the OCEANES), each holder of the OCEANES who did not tender their OCEANES into the Exchange Offer may request that Alcatel Lucent redeem their OCEANES for cash at par plus, as applicable, accrued interest from the last interest payment date for each series of the OCEANES until the early redemption date. Alcatel Lucent may not be able to obtain sufficient capital to repurchase or refinance the OCEANES in these circumstances. Failure to repurchase the OCEANES as required may result in an event of default under the terms of such series of the OCEANES, which could put Alcatel Lucent in default under agreements governing its other indebtedness, including the acceleration of the payment of any borrowings thereunder, and may have an adverse effect on the value of Alcatel Lucent Securities and, indirectly, on the value of the Nokia Shares.

***The Exchange Offer will trigger certain provisions contained in certain Alcatel Lucent agreements that may require Alcatel Lucent to make change of control payments or permit a counterparty to an agreement with Alcatel Lucent to terminate that agreement.***

Alcatel Lucent is a party to various agreements with third parties, including joint venture agreements, certain financing facilities, pension funds agreements, contracts for the performance of engineering and related work/services, IT contracts, technology and intellectual property rights licenses as well as employment agreements that contain change of control provisions that will be triggered upon the completion of the Exchange Offer. Agreements with change of control provisions typically provide for or permit the termination of the agreement upon the occurrence of a change of control of one of the parties, which can be waived by the relevant counterparties. If Nokia and Alcatel Lucent determine that one or more of such waivers are necessary, Alcatel Lucent will make reasonable efforts to seek and

## **Table of Contents**

obtain these waivers. Although Nokia and Alcatel Lucent believe the likelihood of a material consent being withheld is low, there can be no assurance that such consents will be obtained at all or on favorable terms. The inability to obtain waivers from more than one relevant counterparty could have a material adverse effect on the business, financial condition and/or results of operations at Nokia and Alcatel Lucent.

***We have not verified the reliability of the Alcatel Lucent information included in, or incorporated by reference into, this exchange offer/prospectus and, as a result, our estimates of the impact of completion of the Exchange Offer on the pro forma financial information in this exchange offer/prospectus may be incorrect.***

In respect of information relating to Alcatel Lucent presented in, or incorporated by reference into, this exchange offer/prospectus, including all Alcatel Lucent financial information, we have relied exclusively upon publicly available information, including information publicly filed by Alcatel Lucent with securities regulatory authorities. Although we have no knowledge that would indicate that any statements contained in this exchange offer/prospectus based upon such reports and documents are inaccurate, incomplete or untrue, we were not involved in the preparation of such information and statements and, therefore, cannot verify the accuracy, completeness or truth of such information or any failure by Alcatel Lucent to disclose events that may have occurred, but that are unknown to us, that may affect the significance or accuracy of any such information. Alcatel Lucent has not provided representatives of Nokia with access to Alcatel Lucent's accounting records, and, therefore, we have not independently verified certain adjustments and assumptions with respect to Alcatel Lucent's financial information in preparing the pro forma financial information presented in this exchange offer/prospectus. Any financial information regarding Alcatel Lucent that may be detrimental to the combined entity and that has not been publicly disclosed by Alcatel Lucent, or errors in our estimates, may have an adverse effect on the benefits we expect to achieve through the Exchange Offer and may result in material inaccuracies in the pro forma financial information included in this exchange offer/prospectus.

***The unaudited pro forma condensed combined financial information in this exchange offer/prospectus is presented for illustrative purposes only and may differ materially from the operating results and financial condition of the combined company following completion of the pro forma events.***

The unaudited pro forma condensed combined financial information in this exchange offer/prospectus is presented for illustrative purposes only and is not necessarily indicative of what the combined company's actual financial position or results of operations would have been had the pro forma events been completed on the dates indicated. In addition, the unaudited pro forma condensed combined financial information does not purport to project the future financial position or operating results of the combined company. The preparation of the pro forma condensed combined financial information is based upon available information and certain assumptions and estimates that Nokia and Alcatel Lucent currently believe are reasonable. The unaudited pro forma condensed combined financial information reflects adjustments, which are based upon preliminary estimates, to allocate the purchase price to Alcatel Lucent's net assets. The purchase price allocation reflected in this exchange offer/prospectus is preliminary, and the final allocation of the purchase price will be based upon the actual purchase price and the fair value of the assets and liabilities of Alcatel Lucent as of completion of the Exchange Offer. In addition, subsequent to the completion of the Exchange Offer, there may be further refinements of the purchase price allocation as additional information becomes available. Accordingly, the final purchase accounting adjustments may differ materially from the pro forma adjustments reflected in this exchange offer/prospectus. See the section entitled "Unaudited Pro Forma Condensed Combined Financial Information."

**Table of Contents**

***The Exchange Offer will affect the trading markets for any Alcatel Lucent Securities not acquired by Nokia and, as a result, their liquidity and market value could be adversely affected.***

The completion of the Exchange Offer is conditioned, among others, upon the satisfaction of the Minimum Tender Condition or, if waived by Nokia in its sole discretion, the crossing of the Mandatory Minimum Acceptance Threshold. Nokia's acquisition of Alcatel Lucent Securities below the squeeze-out threshold would decrease both the number of Alcatel Lucent Securities that might otherwise trade publicly and the number of holders of Alcatel Lucent Securities, which could, in turn, also adversely affect the liquidity and market value of the Alcatel Lucent Securities not acquired in the Exchange Offer. In addition, as promptly as practicable following completion of the Exchange Offer and subject to applicable law and Euronext Paris rules, Nokia intends to request Euronext Paris to delist the Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext Paris. Nokia also intends, subject to applicable law, to cause Alcatel Lucent to terminate the Alcatel Lucent deposit agreement and intends to seek to delist the Alcatel Lucent ADSs from the NYSE and, when possible, to deregister the Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act. This could, in turn, also adversely affect the liquidity and market value of the Alcatel Lucent Securities not acquired in the Exchange Offer.

On opening of the first U.S. business day following the ADS Tender Deadline, the NYSE may suspend trading in the Alcatel Lucent ADSs pending public announcement of the results of the Exchange Offer. Because the results of the Exchange Offer are not expected to be announced up to nine French trading days after the Expiration Date (although we expect the announcement to be made approximately four to five French trading days after the Expiration Date), holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the Exchange Offer may be unable to trade Alcatel Lucent ADSs on the NYSE during this period. Further, if fewer than 600 000 Alcatel Lucent ADSs would remain outstanding following completion of the Exchange Offer, the NYSE may not resume trading in the Alcatel Lucent ADSs even after the announcement of the results of the Exchange Offer. Holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the U.S. Offer may therefore be unable to trade their Alcatel Lucent ADSs on the NYSE at any point following expiration of the Exchange Offer.

***Alcatel Lucent shareholders will have a reduced ownership and voting interest in the combined company.***

Alcatel Lucent shareholders currently have the right to vote in the election of directors of Alcatel Lucent and on certain other matters affecting Alcatel Lucent. Following the Exchange Offer, each Alcatel Lucent shareholder who tendered his or her Alcatel Lucent Shares or Alcatel Lucent ADSs into the Exchange Offer will become a shareholder of Nokia with a percentage ownership of the combined company that is much smaller than the shareholder's percentage ownership of Alcatel Lucent. After completion of the Exchange Offer and assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any, former holders of Alcatel Lucent Securities are expected to own approximately 33.5% of the issued and outstanding Nokia Shares on a fully diluted basis. Because of this, Alcatel Lucent's shareholders, as a group, will have substantially less influence on the management and policies of Nokia than they currently have, as a group, with respect to the management and policies of Alcatel Lucent.

***The issuance of additional Nokia Shares may dilute all other shareholdings.***

Future issuances of Nokia Shares or other securities may dilute the holdings of shareholders and could materially and adversely affect the price of the Nokia Shares, including the Nokia Shares offered in the Exchange Offer. Nokia may issue additional Nokia Shares or securities convertible into Nokia Shares through directed offerings without pre-emptive rights for existing holders in connection with future

---

**Table of Contents**

acquisitions, any share incentive or share option plan or otherwise. Any such additional offering could reduce the proportionate ownership and voting interests of holders of Nokia shares, as well as the earnings per share and the net asset value per share.

*Listing of Nokia Shares on Euronext Paris may not succeed as expected or the listing may not take place at all.*

In conjunction with the Exchange Offer, Nokia has applied for the Nokia Shares (including the Nokia Shares to be issued in connection with the Exchange Offer) to be listed on Euronext Paris. Nokia expects to request that Admission be approved to take effect prior to the completion of the Exchange Offer. However, the Admission may be delayed or may not be approved in all respects or at all. Failure to list the Nokia Shares on Euronext Paris in the manner expected by Nokia's management, including a delay in such listing, may have a material adverse effect on the completion of the transactions contemplated by the Exchange Offer and on Nokia's and Alcatel Lucent's respective businesses, financial conditions and results of operations. In addition, as a consequence of the listing of the Nokia Shares on Euronext Paris, Nokia will be expected to comply with the requirements applicable to issuers whose shares are listed on Euronext Paris. Compliance with said requirements may give rise to increased administrative work and costs, which may have an adverse effect on the financial position and results of operations of Nokia. Moreover, Nokia cannot predict the extent to which liquidity will develop on Euronext Paris, especially given the existing listing of the Nokia Shares on Nasdaq Helsinki and Nokia ADSs on the NYSE. This could reduce the value of your Nokia Shares and impair your ability to sell your Nokia Shares at the time or price at which you wish to sell them. A lack of liquidity on Euronext Paris may also impair Nokia's ability to raise capital by selling Nokia Shares and may impair Nokia's ability to acquire or invest in other companies, products or technologies by using Nokia Shares as consideration.

*Some of Alcatel Lucent's directors and executive officers may have financial interests in the Exchange Offer that are different from or are in addition to those of holders of Alcatel Lucent Securities.*

Certain members of the board of directors and management of Alcatel Lucent participated in determining the terms of the Exchange Offer. These individuals may have certain interests in the Exchange Offer that are different from, or in addition to, the interests of holders of Alcatel Lucent Securities generally and that may have caused them to view the proposed transaction more favorably and/or differently than you might.

The Alcatel Lucent board of directors was aware of these interests when it considered the Exchange Offer at its meeting of \_\_\_\_\_ and determined that \_\_\_\_\_.

Information on the interests of executive officers and directors of Alcatel Lucent in the Exchange Offer is described in Alcatel Lucent's Solicitation/Recommendation Statement on Schedule 14D-9, which is being distributed to the holders of Alcatel Lucent Securities together with this exchange offer/prospectus and is incorporated herein by reference.

*Holders of Nokia ADSs may not be able to exercise voting rights or receive distributions as readily as holders of Nokia Shares.*

Holders of Nokia Shares and Nokia ADSs may have to provide certain beneficial ownership information in order to be able to exercise voting rights in respect of their Nokia Shares and to exercise the voting rights of the Nokia Shares underlying their Nokia ADSs. In addition, holders of Nokia ADSs who would like to vote with their underlying Nokia Shares at general meetings of Nokia's shareholders must instruct the Nokia depositary on how to vote these underlying Nokia Shares. Neither Nokia nor the

**Table of Contents**

Nokia depository can guarantee that you will receive the notice for any general meeting or any voting materials provided by the Nokia depository in time to ensure that you are able to instruct the Nokia depository to vote the Nokia Shares represented by your Nokia ADSs. Furthermore, the Nokia depository and its agents are not responsible for failure to carry out voting instructions or for the manner of carrying out voting instructions. Therefore, there is a risk that your vote may not be carried out in the manner intended and, in such instance, there would be no recourse available to you. You also may not receive the distributions that Nokia makes on the Nokia Shares or any value for them if it is illegal or impracticable for the Nokia depository to make them available to you.

***Upon your receipt of Nokia Shares in the U.S. Offer, you will become a shareholder in Nokia, a Finnish corporation, which may change certain shareholder rights and privileges you hold as a shareholder of Alcatel Lucent, a French corporation.***

Nokia is a Finnish corporation and is governed by the laws of the Republic of Finland, its articles of association and the rules and regulations applicable to it as a result of the listing of the Nokia Shares on relevant markets from time to time, such as the rules of the Nasdaq Helsinki and the NYSE. Finnish law extends to shareholders certain rights and privileges that may not exist under French law and, conversely, may not extend certain rights and privileges that you currently have as a shareholder of Alcatel Lucent, which is governed by the laws of the French Republic and Alcatel Lucent's articles of association. For a detailed comparison of the rights of Nokia shareholders with the rights of Alcatel Lucent shareholders, please see the section entitled "Comparison of Rights of Holders of Nokia Shares and Alcatel Lucent Shares."

***You may be forced to transfer your Alcatel Lucent Securities to Nokia if Nokia conducts a squeeze-out under French law or takes other steps to consolidate its ownership of Alcatel Lucent.***

If, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the share capital and voting rights of Alcatel Lucent (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining outstanding Alcatel Lucent Shares. In addition, if, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the sum of the outstanding Alcatel Lucent Shares and the Alcatel Lucent Shares issuable upon conversion of all of the OCEANEs then outstanding (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining OCEANEs.

If Nokia owns less than 95% of the share capital and voting rights of Alcatel Lucent immediately after the completion of the subsequent offering period, then Nokia reserves the right, subject to applicable law, to (i) commence a buy-out offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 236-3 of the AMF General Regulation if at any time after the completion of the Exchange Offer it owns 95% or more of the voting rights of Alcatel Lucent; (ii) commence at any time a simplified offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 233-1 et seq. of the AMF General Regulation; (iii) cause Alcatel Lucent to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its subsidiaries with, or undertake other reorganizations of, Alcatel Lucent; or (iv) take any other steps to consolidate its ownership of Alcatel Lucent. We do not currently intend to structure any of the foregoing steps so that it would result in the OCEANEs becoming convertible bonds of Nokia Corporation, becoming debt obligations of Nokia Corporation or otherwise convertible into Nokia Shares or Nokia ADSs.

In addition, Nokia reserves the right, at any time after the completion of the Exchange Offer or the subsequent offering period, as applicable, and subject to applicable law, to cause Alcatel Lucent to redeem at par value plus accrued interest from the date the interest was last paid, to the date set for the early redemption all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding.

As a result of some of the foregoing steps, you may be forced to transfer your Alcatel Lucent Securities to Nokia by operation of law or otherwise.

***Any failure by Nokia to promptly complete the squeeze-out of the remaining outstanding Alcatel Lucent Securities could adversely affect the market value of the Nokia Shares and the Nokia ADSs, and Nokia may be unable to fully realize the anticipated benefits of the Exchange Offer.***

The completion of the Exchange Offer is conditioned upon the satisfaction of the Minimum Tender Condition or, if waived by Nokia in its sole discretion, the crossing of the Mandatory Minimum Acceptance Threshold. Thus, at the completion of the Exchange Offer, Nokia may own more than 50% but less than 95% of the share capital and voting rights of Alcatel Lucent Shares. Pursuant to the AMF General Regulation, Nokia must own 95% or more of the share capital and voting rights of Alcatel Lucent to implement a squeeze-out of the remaining outstanding Alcatel Lucent Shares, and 95% or more of the sum of the outstanding Alcatel Lucent Shares and the Alcatel Lucent Shares issuable upon conversion of all of the OCEANEs to implement a squeeze-out of the remaining outstanding OCEANEs (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation). In addition, under French law, a squeeze-out must be implemented within three months after the expiration of a public offer period or the subsequent offering period, if any, for Alcatel Lucent Securities, such as the Exchange Offer.

Any temporary or permanent delay in acquiring all Alcatel Lucent Securities could adversely affect Nokia's ability to integrate Alcatel Lucent's business, including achieving targeted business benefits and synergies, as well as the market value of the Nokia Shares and Nokia ADSs and Nokia's access to capital and other sources of funding on acceptable terms.

If the Alcatel Lucent Shares remain listed on Euronext Paris for a significant period of time following completion of the Exchange Offer, AMF may not allow a squeeze-out of the remaining outstanding Alcatel Lucent Securities or Euronext Paris may refuse to delist Alcatel Lucent Shares, which would adversely affect Nokia's ability to integrate Alcatel Lucent's business into the Nokia group. In addition, Nokia may be unable to delist Alcatel Lucent ADSs from the NYSE or deregister Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act, which would result in more onerous regulatory compliance obligations for the combined company and affect Nokia's ability to fully integrate Alcatel Lucent's business into Nokia group.

***Consummation of the Exchange Offer may result in adverse tax consequences to Nokia resulting from a change of ownership of Alcatel Lucent.***

We have not had access to certain information concerning Alcatel Lucent's tax situation. It is possible that the completion of the Exchange Offer may result in adverse tax consequences arising from a change of ownership of Alcatel Lucent. The tax consequences of a change of ownership of a corporation can lead to an inability to carry-over certain tax attributes, including, but not limited to, tax losses, tax credits and/or tax basis of assets. In addition, the change of ownership may result in other tax costs not normally associated with the ordinary course of business. Such other tax costs include, but are not limited to, stamp duties, land transfer taxes, franchise taxes and other levies. The fact that Nokia is unaware of information relevant to a determination of the potential tax consequences and related costs represents an additional transaction risk.

### ***Certain shareholders may be unable to exercise their pre-emptive rights.***

Certain holders of Nokia Shares or Nokia ADSs resident in, or with a registered address in, certain jurisdictions other than Finland, France, or the United States, may not be able to exercise their pre-emptive rights in respect of the Nokia Shares, including the Nokia Shares offered in the Exchange Offer, in any future offerings unless a registration statement, or the equivalent thereof under the applicable laws of their respective jurisdictions, is effective with respect to such Nokia Shares or an exemption from any registration or similar requirements under the applicable laws of their respective jurisdictions is available. In such cases, holders of Nokia Shares or Nokia ADSs who cannot exercise their pre-emptive rights may experience dilution in their holdings in Nokia. Further, if the number of holders of Nokia Shares or Nokia ADSs who cannot exercise their pre-emptive rights is large and the subscription rights of holders of Nokia Shares or Nokia ADSs are sold on the market, this could have an adverse effect on the price of the subscription rights.

### ***Future sales of Nokia Shares may depress the price of the Nokia Shares.***

The market price of the Nokia Shares, including the Nokia Shares offered through the Exchange Offer, could decline as a result of sales of a large number of Nokia Shares in the market after the Exchange Offer or the perception that these sales could occur. These sales, or the possibility that these sales may occur, could also make it more difficult for Nokia to sell equity securities in the future at a time and price that it deems appropriate.

### ***The amount of dividend and equity return distributed to shareholders for each financial period is uncertain.***

Nokia cannot assure that it will pay dividends or equity return on the shares issued by it, nor is there any assurance as to the amount of any dividend or return of equity it might pay. The payment and the amount of any dividend or return of equity will be subject to the discretion of Nokia's board of directors and, ultimately, the general meeting of Nokia's shareholders and will depend on available cash balances, retained earnings, anticipated cash needs, the results of Nokia's operations, its financial condition and any loan agreement restrictions binding Nokia as well as other relevant factors. See sections *The Transaction*, *Intentions of Nokia over the next twelve month period*, *Dividend Policy* and *Description of the Nokia American Depositary Shares*, *Dividends and Distributions*.

## **Risk Factors Relating to Nokia's Business and Financing**

### ***Should the current uncertain market conditions continue or deteriorate, Nokia or the combined company may not be able to receive sufficient financing.***

General uncertainty as well as adverse developments in the financial market and general economic conditions, in particular, effects of the continued uncertainty or worsening of the current economic and financial situation, for instance in Greece and Puerto Rico, could have a material adverse effect on Nokia's ability to obtain sufficient financing needed by Nokia to carry out its business after completion of the Exchange Offer. The uncertain market conditions may mean that the price of the financing needed by Nokia will increase and that it will be less readily available. Nokia could, at any given point in time, encounter difficulties in raising funds and, as a result, lack the access to liquidity it needs, which in turn may have a material adverse effect on the business, financial condition and/or results of operations of Nokia and Alcatel Lucent.

Nokia's or the combined company's ability to make scheduled payments on its debt is subject to general economic, financial, competitive, market, regulatory and other factors that may be beyond its control. There can be no assurance that Nokia's or the combined company's operations will continue to generate sufficient cash flow to allow it to service its debt, to fund its working capital, pension

programs, capital expenditure and research and development requirement and to engage in future acquisitions. Failure to do so could have a material adverse effect on the business, financial condition and/or results of operations of Nokia and Alcatel Lucent.

*Nokia's or the combined company's credit ratings may not reflect all risks and may not improve in the future.*

Moody's and Standard & Poor's have assigned credit ratings to Nokia. These ratings may not reflect the potential impact of all risks relating to Nokia's business or the potential impact of the combination with Alcatel Lucent. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Should Nokia's credit rating be downgraded, this could increase the financial costs of Nokia and thereby have a material adverse effect on the business, financial condition and/or results of operations of Nokia and Alcatel Lucent.

Nokia has set a goal of re-establishing its investment grade credit rating. Although Moody's and Standard & Poor's upgraded Nokia's credit rating in 2014 with a positive outlook, there can be no assurance that Nokia or the combined company may in the future achieve an investment grade credit rating at the targeted time or at all. Failure to obtain an investment grade credit rating may have a material adverse effect on the business, financial condition and/or results of operations of Nokia and Alcatel Lucent.

In addition to the risks described herein, you should read and consider risk factors specific to Nokia's businesses that will also affect the combined company after the Exchange Offer, described in the Nokia 2014 Form 20-F or in Nokia's Report on Form 6-K, furnished to the SEC on August 14, 2015 and all of which are incorporated by reference into this exchange offer/prospectus.

### **Risk Factors Relating to Alcatel Lucent's Business**

In addition to the risks described herein, you should read and consider risk factors specific to Alcatel Lucent's businesses that will also affect the combined company after the Exchange Offer, described in the Alcatel Lucent 2014 Form 20-F or in Alcatel Lucent's Report on Form 6-K, furnished to the SEC on August 5, 2015 and all of which are incorporated by reference into this exchange offer/prospectus (other than the constant currency statements in the segment and division discussion).

### **Risk Factors Relating to the Proposed Sale of our HERE business**

*The proposed sale of Nokia's HERE business may not be completed in a timely manner, or at all.*

The outcome, transaction timeline and closing of the proposed sale of Nokia's HERE business may not materialize as expected, or at all. The conditions precedent for the sale of the HERE business, including regulatory conditions, may fail to be satisfied, and thus the transaction may fail to close. In addition, in connection with the sale of Nokia's HERE business, the intellectual property portfolio of HERE is transferred to the buyers of the business and Nokia would no longer benefit from its use.

Furthermore, in connection with the sale of Nokia's HERE business, Nokia has committed to indemnify the buyers with respect to certain losses that may be suffered by the buyers. Significant indemnification claims by the buyers with respect to the sale of the HERE business could have a material adverse effect on Nokia's financial condition.

Also, if Nokia fails to sell its HERE business following the public announcement of the proposed sale, it may have an adverse effect on HERE's brand, customer and supplier relationships and its reputation. This is particularly the case given that Nokia proposes to sell HERE to a consortium comprising some of HERE's top key automotive customers.

**Table of Contents**

If the proposed sale of the HERE business fails to complete, it could have a material adverse effect on the business, financial condition and/or results of operations of Nokia, or on the combined results of operation of Nokia and Alcatel Lucent following Completion of the Exchange Offer.

*The proposed sale of our HERE business may be time-consuming and divert management attention.*

The proposed sale of our HERE business may be time-consuming and divert the efforts and focus of our management and other key employees from their day-to-day business responsibilities.

**THE TRANSACTION**

**Background of the Exchange Offer**

*The following summarizes the material events (but only those material events) that led to the signing of the Memorandum of Understanding and the commencement of the Exchange Offer and does not purport to catalogue every conversation or meeting among representatives of Nokia and Alcatel Lucent.*

In the ordinary course of business, Nokia and Alcatel Lucent each periodically reviews and evaluates industry developments and strategic options to enhance its respective shareholder value, including assessing potential strategic options and business acquisitions and combinations and engaging in preliminary discussions with other industry participants.

On July 19, 2013, Stephen Elop, the then President and Chief Executive Officer of Nokia, and Michel Combes, Chief Executive Officer of Alcatel Lucent, met in Brussels, Belgium, to discuss various strategic options involving Nokia and Alcatel Lucent, including a potential combination of Nokia Solutions and Networks with Alcatel Lucent, or a potential combination of Nokia Solutions and Networks and Alcatel Lucent's wireless business.

In August and September 2013, following the initial discussions between the Chief Executive Officers of Nokia and Alcatel Lucent, further meetings and telephone conversations were held involving Timo Ihamuotila, Executive Vice President and Chief Financial Officer, from Nokia and Jesper Ovesen, the then Executive Chairman of Nokia Solutions and Networks, and Philippe Camus, Chairman of Alcatel Lucent, Michel Combes and Jean Raby, Chief Financial and Legal Officer, from Alcatel Lucent. These discussions focused on high level issues with respect to a potential combination of Nokia Solutions and Networks and Alcatel Lucent, including various scenarios for the structuring of any such combination. The Nokia board of directors was updated on these discussions in its meetings on September 17 and 29, 2013.

On October 2, 2013, Risto Siilasmaa, Chairman of the Nokia board of directors and Timo Ihamuotila met with Philippe Camus and Michel Combes in London, England, at the offices of Sullivan & Cromwell LLP (Sullivan & Cromwell), external legal advisor to Alcatel Lucent, with Philippe Camus participating via a video conference link from New York to discuss the potential combination of Nokia Solutions and Networks and Alcatel Lucent at a conceptual level. At this meeting, Nokia representatives indicated that timing of any discussions was not optimal from Nokia's perspective given the then ongoing sale of Nokia's Devices and Services business to Microsoft.

Between October 2013 and March 2014, the Nokia board of directors received updates on the discussions with Alcatel Lucent representatives and discussed various strategic options available for Nokia Solutions and Networks in its meetings.

Between October 2013 and May 2014, Nokia and Alcatel Lucent engaged in periodic contacts to assess willingness to reengage on discussions of a potential strategic transaction and continued high level discussions on possible transaction terms and structures during this period.

On April 30, 2014, Nokia's board of directors met and reviewed in detail different strategic options for Nokia's networks business. It was concluded that assets of Alcatel Lucent—either the wireless business or the entire Alcatel Lucent—constituted the best strategic fit for Nokia. Representatives of Nokia subsequently contacted representatives of Alcatel Lucent to re-engage on discussions of a potential strategic transaction.

## **Table of Contents**

In the summer of 2014, substantive discussions between Nokia and Alcatel Lucent resumed following a call between Timo Ihamuotila and Jean Raby, where Alcatel Lucent proposed to contribute its wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks. The scope of the contribution excluded legacy pension liabilities in the United States, which would have remained with Alcatel Lucent. There were no further discussions on a combination of Nokia Solutions and Networks and Alcatel Lucent.

On July 29, 2014, a Nokia team led by Samih Elhage, Executive Vice President and Chief Financial and Operating Officer of Nokia Networks met with Alcatel Lucent representatives, including Jean Raby, Remi Thomas, Senior Vice President Mergers & Acquisitions of Alcatel Lucent, and Philippe Keryer, Chief Strategy and Innovation Officer of Alcatel Lucent, in Paris, France, to discuss at a high level the potential contribution of Alcatel Lucent's wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks.

On August 6, 2014, Timo Ihamuotila and Samih Elhage had a telephone conversation with Jean Raby concerning a potential contribution of Alcatel Lucent's wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks. The discussion focused on the strategic rationale for such transaction and the potential structuring matters.

Throughout August 2014, there were a series of telephone discussions involving representatives of Nokia, including Timo Ihamuotila and Samih Elhage, and representatives of Alcatel Lucent, including Jean Raby and Philippe Keryer, regarding the potential contribution of Alcatel Lucent's wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks, particularly around the scope of the assets to be contributed, the terms of any non-compete and a strategic partnership in IP routing. Nokia and Alcatel Lucent concluded that it was not possible to arrive at satisfactory terms for the potential contribution of Alcatel Lucent's wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks, largely as a result of remaining overlap in the businesses and the potential conflicts created by Alcatel Lucent holding a minority interest in the enlarged Nokia Solutions and Networks business. Nokia and Alcatel Lucent agreed they would continue to explore other possible strategic transactions that would not raise similar concerns, including a sale of Alcatel Lucent's wireless business to Nokia.

On September 4, 2014, Nokia and Alcatel Lucent agreed to actively discuss a possible sale of Alcatel Lucent's wireless business to Nokia and entered into a non-disclosure agreement.

On September 15, 2014, Nokia representatives, including Timo Ihamuotila, Maria Varsellona, Executive Vice President and Chief Legal Officer of Nokia and Samih Elhage met in London, England, with Jean Raby, Remi Thomas and Philippe Keryer, to discuss a potential sale of Alcatel Lucent's wireless business to Nokia and the mechanics for a potential carve out of Alcatel Lucent's wireless business from the rest of Alcatel Lucent.

Between September 15, 2014 and September 22, 2014, representatives of Nokia and Alcatel Lucent engaged in several telephonic discussions and exchanged emails with respect to a potential acquisition of Alcatel Lucent's wireless business by Nokia. The discussions focused on the carve out of Alcatel Lucent's wireless business from the rest of Alcatel Lucent and matters related to the treatment of Alcatel-Lucent Shanghai Bell, Co. Ltd. ( ASB ), a joint venture between Alcatel Lucent and China Huaxin Post and Telecommunication Economy Development Center, in connection with a potential transaction between Nokia and Alcatel Lucent.

On September 22, 2014, Nokia representatives, including Samih Elhage, together with representatives of J.P. Morgan Limited ( J.P. Morgan ), financial advisor to Nokia, and Skadden, Arps, Slate,

Meagher & Flom LLP ( Skadden Arps ), external legal advisor to Nokia, participated in an Alcatel Lucent management presentation in Chicago, Illinois, U.S., with respect to Alcatel Lucent's wireless business. The presentation was led by Dave Geary, Alcatel Lucent President of Wireless, Steven Sherman, Chief Financial Officer of Wireless, and Remi Thomas, and was also attended by the representatives of Zaoui & Co. Ltd. ( Zaoui ), financial advisor to Alcatel Lucent, and Sullivan & Cromwell.

On September 28, 2014, Rajeev Suri, President and Chief Executive Officer of Nokia, called Michel Combes and indicated that, subject to the approval of the Nokia board of directors and other customary conditions, including completion of due diligence, Nokia would be prepared to submit a non-binding offer to purchase Alcatel Lucent's wireless business for approximately EUR 600 million. Mr. Combes advised Mr. Suri that a purchase price of EUR 600 million would be insufficient for management to recommend the transaction to Alcatel Lucent's board of directors, but that Alcatel Lucent would continue to negotiate and conduct due diligence exercises with a view to improving the terms of the transaction. Following further negotiations and due diligence, Nokia indicated that it would be prepared to offer up to EUR 1.1 billion for the purchase of Alcatel Lucent's wireless business, subject to the approval of the Nokia board of directors and other customary conditions, including completion of due diligence.

On October 6, 2014, Nokia representatives, including Timo Ihamuotila and Samih Elhage, together with representatives of J.P. Morgan and Skadden Arps, participated in an Alcatel Lucent management presentation in Paris, France, at the offices of Sullivan & Cromwell focusing on the carve-out of Alcatel Lucent's wireless business. The presentation was led by Dave Geary and Remi Thomas, and was also attended by Jean Raby and the representatives of Zaoui and Sullivan & Cromwell.

On October 13, 2014, the Nokia board of directors held a conference call meeting, where it resolved to authorize the management of Nokia to make a non-binding offer to acquire Alcatel Lucent's wireless business.

On October 15, 2014, Nokia sent a letter to Alcatel Lucent with a non-binding indicative offer for the acquisition of Alcatel Lucent's wireless business. The letter offered to acquire Alcatel Lucent's wireless business (with such scope as identified in the letter and including Alcatel Lucent's interest in the wireless business of ASB, but excluding Alcatel Lucent's interest in the non-wireless business of ASB) for EUR 1.15 billion cash payable at closing of the transaction plus EUR 250 million cash payable post-closing, subject to Nokia's ability to repatriate certain cash funds held by Alcatel Lucent's wireless business. The letter included several assumptions and numerous conditions, including performance of a due diligence review of Alcatel Lucent's wireless business to Nokia's satisfaction, the delivery to Nokia of a comprehensive plan for the carve out of Alcatel Lucent's wireless business from Alcatel Lucent, completion of the carve out in all material respects before closing of the transaction, negotiation of definitive documentation to implement the transaction, and closing conditions (including Nokia's request to condition the transaction on obtaining consent from key customers of Alcatel Lucent).

Between October 19, 2014 and November 3, 2014, representatives of Nokia, including Timo Ihamuotila and Maria Varsellona, representatives of Alcatel Lucent, including Jean Raby and Remi Thomas, and the representatives of J.P. Morgan, Zaoui, Skadden Arps and Sullivan & Cromwell participated in a series of conference calls, discussing Nokia's non-binding indicative offer letter and its terms and conditions. The discussions focused on Nokia's indicative price, the process for carving out Alcatel Lucent's wireless business from the rest of the company, the scope of and responsibility for regulatory conditions, and other closing conditions (including Nokia's request to condition the transaction on obtaining consent from key customers of Alcatel Lucent). The discussion also focused on the process for carving out the wireless business of ASB from the rest of ASB, which would have required the consent of Alcatel Lucent's joint venture partner in ASB.

On November 13, 2014, representatives of Sullivan & Cromwell sent to representatives of Skadden Arps the initial draft term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia.

On November 13, 2014, representatives of Nokia, J.P. Morgan and Skadden Arps met with the representatives of Alcatel Lucent, Zaoui and Sullivan & Cromwell in London, England, at the offices of Sullivan & Cromwell to discuss the initial draft term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia. The discussion focused on the conditions precedent for the signing of definitive documentation and closing of the transaction (including Nokia's request to condition the transaction on obtaining consents from key customers of Alcatel Lucent) and termination rights that may be available to either party, as well as the process for carving out Alcatel Lucent's wireless business from the rest of the company and the process for carving out the wireless business of ASB from the rest of ASB.

On November 16, 2014, the Nokia board of directors held a conference call meeting, during which Nokia management briefed the board of directors on the progress in the negotiations to acquire the Alcatel Lucent wireless business. On November 17, 2014, Rajeev Suri and Timo Ihamuotila met with Michel Combes and Jean Raby in Helsinki, Finland to discuss the material aspects of the draft term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia. The discussion focused on the purchase price adjustment mechanism, logistics of carving out the wireless business from Alcatel Lucent, the transaction timeline and transaction termination fees. Alcatel Lucent also proposed that the parties consider discussions on a potential full combination of the businesses of Nokia and Alcatel Lucent, but no substantive discussions on this potential combination occurred at this time. After this meeting, the management of Nokia began exploring with its outside advisors the possibility of an acquisition of Alcatel Lucent by Nokia. Nokia's management reported its findings to Nokia's board of directors at a meeting held on December 2, 2014.

On November 21, 2014, representatives of J.P. Morgan and Skadden Arps met in London, England, at the offices of Zaoui with the representatives of Zaoui and Sullivan & Cromwell to discuss the term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia. The discussion focused on the inclusion of a non-compete provision into a potential transaction as well as a standstill provision, regulatory conditions and a potential fiduciary out provision for Alcatel Lucent in connection with a superior proposal.

On November 21, 2014, representatives of Skadden Arps sent to representatives of Sullivan & Cromwell a revised draft of the term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia, which reflected significant outstanding differences on key transaction terms, including purchase price, purchase price adjustment mechanism, reorganization steps, closing conditions (including Nokia's request to condition the transaction on obtaining consents from key customers of Alcatel Lucent), allocation of regulatory risk, termination rights, transaction termination fees, carve-out issues and timing and treatment of ASB.

reorganization steps, closing conditions (including Nokia's request to condition the transaction on obtaining consents from key customers of Alcatel Lucent), allocation of regulatory risk, termination rights, transaction termination fees, carve-out issues and timing and treatment of ASB.

On December 2, 2014, the Nokia board of directors held a meeting in London, England. The board of directors was updated by management on the progress of the negotiations with Alcatel Lucent and key aspects of those negotiations, including potential issues that may arise in connection with such transaction. At that meeting, the Nokia board of directors resolved to authorize Nokia management to continue to engage with the representatives of Alcatel Lucent with respect to a potential acquisition of Alcatel Lucent's wireless business, and also to explore, in parallel, together with Nokia's outside advisors, a potential acquisition of Alcatel Lucent by Nokia and the benefits and potential issues of such combination.

During December 2014, representatives of Nokia and Alcatel Lucent engaged in several telephonic discussions and exchanged emails with respect to the term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia. The discussions focused on key terms, including the purchase price, purchase price adjustment mechanism, closing conditions (including Nokia's request to condition the transaction on obtaining consent from key customers of Alcatel Lucent), allocation of regulatory risk, termination rights, transaction termination fees, carve-out issues and timing and treatment of ASB.

On January 5, 2015, representatives of Sullivan & Cromwell sent to representatives of Skadden Arps a revised draft of the term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia, which reflected continuing discussions on key terms, including purchase price, purchase price adjustment mechanism, closing conditions (including Nokia's request to condition the transaction on obtaining consents from key customers of Alcatel Lucent), allocation of regulatory risk, termination rights, transaction termination fees, carve-out issues and timing and treatment of ASB.

Between February 13, 2015 and February 17, 2015, representatives of Nokia and Alcatel Lucent held a series of telephone conversations, discussing the term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia. At the conclusion of these discussions, a number of material issues set forth in the draft term sheet remained outstanding and unresolved, including closing conditions (including Nokia's request to condition the transaction on obtaining consents from key customers of Alcatel Lucent) and the timeline and conditions for the planned carve out and related possible price implications. As a result of the negotiations and discussions to date, Nokia and Alcatel Lucent also viewed a potential acquisition of Alcatel Lucent's wireless business by Nokia as having significant obstacles to execution associated with the process for carving out Alcatel Lucent's wireless business from the rest of the company, the process for carving out the wireless business of ASB from the rest of ASB and the response of customers and other stakeholders to a carve-out transaction, and that a full combination of the businesses of Nokia and Alcatel Lucent could be comparatively advantageous from both a strategic and a value creation standpoint. In particular, certain customers of Alcatel Lucent had proactively expressed concerns about the potential disruption to business that a sale of Alcatel Lucent's wireless business would entail, given the long period needed to separate the wireless business from the other businesses of Alcatel Lucent. Nokia and Alcatel Lucent also recognized that a combination would be consistent with market preference for large vendors with scale and scope, particularly in 5G. ## **Table of Contents**

Nokia considers that apart from the publicly available information or the information contained in this exchange offer/prospectus, it has not received specific information relating to, directly or indirectly, Alcatel Lucent and its subsidiaries and which would be likely, if made public, to have a significant influence on the share price of Alcatel Lucent Securities.

### **Reasons for the Exchange Offer**

We believe that the combination of Nokia's and Alcatel Lucent's businesses will create significant value for stakeholders of both companies. Following the completion of the Exchange Offer, Nokia will be well-positioned to create the foundation of seamless connectivity for people and things wherever they are. We believe that this foundation is essential for enabling the next wave of technological change, including the Internet of Things and transition to the cloud.

The strategic rationale for combining the two companies includes:

creation of end-to-end portfolio scope and scale player with leading global positions across products, software and services to meet changing industry paradigms;

complementary offerings, customers and geographic footprint;

enhanced research and development capabilities creating an innovation powerhouse with significant combined R&D resources;

the recent execution track-record on both sides and common vision for the future;

the opportunity to realize significant cost savings and other synergies; and

the development of a robust capital structure and strong balance sheet.

### ***End-to-end portfolio scope and scale player with leading global positions across products, software and services to meet changing industry paradigms***

The driver of the changes we are seeing in the world around us and the demands being placed on the networks of the future are increasingly complex. Demand for seamless and ubiquitous access is combining with ever-increasing requirements for network analytics and network intelligence. We believe that this is requiring broader, deeper, and more sophisticated end-to-end capabilities, which very few companies can offer.

The growing complexity of product demands are set against a number of other shifting industry paradigms. Customer consolidation has been ongoing for a number of years now and has created fewer, larger players with broader global needs. Convergence is happening rapidly across both fixed and mobile, as well as IP and cloud. Virtualization is leading to increased network efficiency and scalability. Furthermore, web scale companies and certain large enterprise verticals are growing as a customer base for carrier-grade technologies

Combining Nokia with Alcatel Lucent will bring together the complementary capabilities of both companies with an end-to-end portfolio of software, services and products, which will be weighted towards next-generation technologies enabling us to provide better solutions to customers and access new opportunities in an expanded, addressable market.

Following the completion of the Exchange Offer, the combined company is expected to be a leader in technologies such as fixed broadband, LTE, IP routing, cloud applications and advanced analytics, positioning the company as either the number one or two player in most key business areas. We expect to have the scale to service the very largest global multinational customers with a broader range of products, software and services across a wider geographic footprint, which we believe will

## **Table of Contents**

make us the strategic partner of choice for the long term. We believe that the Exchange Offer provides a very compelling path to achieving and accelerating the long term strategies vision that Nokia has laid out in its 10-year strategy to be a global technology leader in the programmable world.

### ***Complementary offerings, customers and geographic footprint***

The Exchange Offer brings together two businesses which we believe have highly complementary portfolios and geographies, bringing together the best of fixed and mobile, IP routing, core networks, cloud applications and services. Together, Nokia and Alcatel Lucent will have particular strength in the United States, China, Europe and Asia-Pacific. We believe that the combined company will be positioned to target a larger addressable market with an improved growth profile. Based on our estimates, the addressable market of the combined company in 2014 was approximately 50% larger than the current addressable networks market for Nokia alone, increasing from approximately EUR 84 billion to approximately EUR 130 billion. Based on Nokia's internal estimates, the combined company is expected to have a stronger growth profile than Nokia's current addressable market, and we estimate, based on our internal data, that the addressable market of the combined company would enjoy a Compound Annual Growth Rate ( CAGR ) of approximately 3.5% for 2014-2019.

### ***Enhanced research and development capabilities creating an innovation powerhouse with significant combined R&D resources***

The combined company will have significant innovation capabilities, with Alcatel Lucent's Bell Labs and Nokia's FutureWorks, as well as Nokia Technologies. The latter is expected to stay as a separate entity with a clear focus on licensing and the incubation of new technologies.

With more than 40 000 research and development employees, of which over 30 000 are software engineers, and combined 2014 research and development spending of EUR 4.7 billion, the combined company will be well positioned to accelerate development of future technologies including 5G, IP and software-defined networking, cloud and analytics, as well as digital health and digital media, bringing significant benefits to its customers.

### ***The recent execution track-record on both sides and common vision for the future***

We believe that both companies are in a far better position to combine at this point in time and the combination is being conducted from a position of strength. Both companies have recently improved their operational efficiency and agility through significant restructurings, Nokia has purchased Siemens share of Nokia Siemens Network, divested substantially all of its Devices & Services business to Microsoft and has announced the pending disposal of our HERE digital mapping and location services business, while Alcatel Lucent is coming to the end of the Shift plan.

Through its restructuring program, Nokia became a leader in Mobile Broadband while strengthening its financial position and having achieved one of the industry-leading profitabilities. Similarly, Alcatel Lucent has rebuilt its capital base through refinancings and divestments and refocused on IP Networking, Cloud and Ultra Broadband, leading to Alcatel Lucent's improvement in profitability and free cash flow. We expect to build on these learnings to make the expected integration of Nokia and Alcatel Lucent as seamless as possible.

Both companies share a common vision for the future, and believe that this transaction is the next logical step of our successful transformations and at the right time for both companies. Following the completion of the Exchange Offer, Nokia is expected to be well positioned to create the foundation of seamless connectivity which we believe is essential for enabling the next wave of technological change in our industry.

### ***The opportunity to realize significant cost savings and other synergies***

The combined company would target approximately EUR 900 million of operating cost synergies to be achieved on a full year basis in 2019, assuming completion of the Exchange Offer no later than the end of the first half of 2016. The operating cost synergies are expected to create a long-term structural cost advantage, coming from a wide range of areas, including:

organizational streamlining, rationalization of overlapping products and services, central functions, and regional and sales organizations;

reduction of various overhead costs in real estate, manufacturing and supply-chain, information technology and overall general and administrative expenses, including redundant public company costs;

procurement given expanded purchasing requirements of the combined company; and

R&D efficiencies, particularly in wireless.

The combined company would also target approximately EUR 200 million of reductions in interest expenses to be achieved on a full-year basis in 2017. The transaction is expected to be accretive to Nokia earnings on a non-IFRS basis (excluding restructuring charges and amortization of intangibles) in 2017. These targets both assume completion of the Exchange Offer no later than the end of the first half of 2016.

### ***The development of a robust capital structure and strong balance sheet***

The combined company will benefit from enhanced financial resources for growth and investment purposes. The combined company is expected to have a strong balance sheet, which will support our ambition to re-establish our long-term investment-grade rating. Assuming conversion of all OCEANES and completion of the sale of our HERE business, the pro forma net cash position of the combined company at June 30, 2015 would have been EUR 8.1 billion and pro forma cash and cash equivalents of the combined company at June 30, 2015 would have been EUR 10.5 billion. Net cash is a non-IFRS financial measure. Refer to Selected Unaudited Pro Forma Combined Financial Information for a description of how we define and calculate net cash. Following the completion of the Exchange Offer, Nokia intends to evaluate the resumption of a capital structure optimization program for the combined group, and remains committed to having an efficient capital structure.

There have been no material transactions during the last three fiscal years to which any director nominee, or any relative or spouse of any director nominee, was a party. There is no significant outstanding indebtedness owed to Nokia by any director nominee.

**Intentions of Nokia over the next twelve months**

The following information sets out Nokia's intention with respect to Alcatel Lucent over the twelve month period immediately after a successful completion of the Exchange Offer or the subsequent offering period, if any.

Following a completion of the subsequent offering period, if any, for so long as Nokia owns less than 100% of the Alcatel Lucent Securities, its ability to implement its intentions described in this section may be limited by the applicable provisions of French corporate law. In particular, pursuant to French corporate law, any transaction between Alcatel Lucent and Nokia which is neither in the ordinary course nor on an arm's-length basis would be subject to the prior approval of Alcatel Lucent's board of directors (with the Nokia-nominated directors unable to vote on the resolution) and would also need to be subsequently ratified by Alcatel Lucent's shareholders' meeting (with Nokia unable to vote on the resolution and Alcatel Lucent Shares held by Nokia excluded from the quorum). However, Nokia, as an Alcatel Lucent shareholder, would be allowed to vote its Alcatel Lucent Shares with respect to any shareholder resolution to merge Alcatel Lucent and Nokia or any of its subsidiaries. Nokia does not currently anticipate that any such limitations would have a significant effect on its ability to implement its intentions over the twelve-month period immediately after the successful completion of the subsequent offering period, as outlined below.

*Industrial, commercial and financial strategy and policy*

If the Exchange Offer is successful, it is expected to create an innovation leader in next generation technology and services for an IP-connected world. The headquarters of the combined company would be in Finland with strategic business locations and major R&D centers in France, as well as other countries including Germany, the United States and China. The strategic goal of the combination is to create a combined company with an end-to-end portfolio scope and scale and leading global positions across next generation network technologies and services.

## **Table of Contents**

We believe that Nokia and Alcatel Lucent have highly complementary assets, technologies and portfolios, bringing together fixed and mobile broadband, IP routing, core networks, cloud applications and services, as well as complementary geographical exposures, with particular strength in the United States, China, Europe and Asia-Pacific.

The combination is expected to create access to an expanded addressable market. In addition, together the companies are expected to be better equipped to meet the increasingly complex needs of customers globally given the industry trends: global Telco consolidation and convergence; expansion to quad-play offerings and delivering seamless experiences across multiple screens and applications; timing of the 5G investment cycle; and transition to the cloud.

The combined company would also utilize its unique innovation capabilities and is expected to be in a position to accelerate development of future technologies including 5G, IP and software-defined networking, cloud and analytics.

Also, Nokia expects to maintain its long term financial target to return to an investment grade credit rating and intends to manage the capital structure of the combined company accordingly, including by retaining adequate gross and net cash positions and by proactively reducing indebtedness. Nokia's intention to optimize its capital structure includes intention to maintain an efficient capital structure and intention to continue annual dividend payments following the completion of the Exchange Offer. Nokia also intends to evaluate the resumption of a capital structure optimization program for the combined group following the completion of the Exchange Offer.

The combined company would target approximately EUR 900 million of operating cost synergies in 2019 in addition to the remaining reduction targets under Alcatel Lucent's current Shift Plan. These synergies are expected to be derived from four main areas:

organizational streamlining, including support functions and regional and sales organizations;

infrastructure costs, including reduction of various overhead costs in real estate, manufacturing and supply-chain infrastructure, information technology, and overall general and administrative expenses, including redundant public company costs;

procurement, given expanded purchasing requirements of the combined company; and

R&D, particularly in wireless.

In addition, the combined company would target approximately EUR 200 million of reductions in interest expenses in 2017 by reducing outstanding indebtedness.

The transaction is structured as an acquisition of Alcatel Lucent by Nokia, with a clear governance structure for the execution of the integration.

We have appointed an Integration Planning Head, who reports directly to Rajeev Suri, President and Chief Executive Officer of Nokia.

Integration planning is done separately from our day-to-day operations, in order to minimize disruption to the ongoing business and to allow our employees to continue to focus on delivering successful business results, as well as comply with applicable competition laws and regulations.

We will dedicate our integration efforts to business areas with highest impact for example wireless infrastructure, sales and channel operations and support functions to ensure maximum competitiveness and innovation once we start the combined operations.

### ***Management of Nokia and Alcatel Lucent***

It is contemplated that following the completion of the Exchange Offer, Nokia's corporate governance structure will include the following:

Chairman of the board of directors: Risto Siilasmaa.

President and Chief Executive Officer: Rajeev Suri.

Nokia's board of directors having nine or ten members, including \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_, who have been nominated jointly by the Corporate Governance & Nomination committee of the Nokia board of directors and by Alcatel Lucent, one of whom is expected to serve as Vice Chairman of Nokia.

Leadership team built on strengths of both Nokia and Alcatel Lucent.

In addition, on October 7, 2015 Nokia announced the planned leadership and organizational structure for the combined company. However, no resolution regarding the composition of the Nokia Leadership team following the completion of the Exchange Offer has been made.

Concerning Alcatel Lucent, in the case of success of the Exchange Offer Nokia intends to change the composition of Alcatel Lucent's board of directors in order to reflect the percentage of Alcatel Lucent Shares held by Nokia and intends to obtain the majority of Alcatel Lucent's board of directors as soon as possible following the Exchange Offer.

### ***Intentions of Nokia with respect to employment in France***

In the context of the proposed combination with Alcatel Lucent and subject to its consummation, the commitments of Nokia in France relating to employment are the following:

Follow the Shift plan commitments regarding the level of employment in France, for a period of at least two years after the Completion of the Exchange Offer. The base comprises Alcatel Lucent France/International (ALUI) operational heads (excluding branches), Bell Labs France, RFS (Radio Frequency Systems) and excluding ASN (Alcatel-Lucent Submarine Networks) and Eu factory (Landing point of the reference perimeter is 4200 Headcount and excluding RFS unit). Nokia will maintain resources from its French operations throughout the reference period to support its customers in France;

Strengthen the operations and activity levels for the long term at the two major technology sites of Villarceaux (Essonne) and Lannion (Cotes d'Armor) following the Completion of the Exchange Offer, with a focus on augmenting existing activities, functions, and advanced research work;

Increase significantly and sustainably the R&D presence in France scaling up 5G, IP network management platforms (incl. Software Defined Networking) and cyber-security with employment evolving from 2000 people to 2500 people including the recruiting of at least 300 newly graduated talents over the coming three years. The R&D employment level will be maintained for a period of at least four years after the Completion of the Exchange Offer;

## Edgar Filing: NOKIA CORP - Form F-4/A

Localize in France worldwide technology centers of expertise following the Completion of the Exchange Offer, including in the areas of:

IP management platforms (incl. Software Defined Networking);

Cyber Security (research, product development and platforms) while continuing to leverage the partnership established by Alcatel Lucent with Thalès;

Bell Labs; and

Wireless Transmission;

A major worldwide corporate organization in charge of strategic innovation including networks research and Bell Labs will be led from France and will comprise key staff members;

Local support services;

Local pre- and post-sales resources for France and selected European & African countries;

Take all necessary measures to find sustainable solutions for the French employees who could be impacted by the rationalization of corporate activities between Nokia and Alcatel Lucent.

***Synergies***

The combined company would target approximately EUR 900 million of operating cost synergies to be achieved on a full-year basis in 2019, assuming completion of the Exchange Offer no later than the end of the first half of 2016. The operating cost synergies are expected to create a long-term structural cost advantage, coming from a wide-range of areas, including:

organizational streamlining, rationalization of overlapping products and services, central functions, and regional and sales organizations;

reduction of various overhead costs in real estate, manufacturing and supply-chain, information technology and overall general and administrative expenses, including redundant public company costs;

procurement given expanded purchasing requirements of the combined company; and

R&D efficiencies, particularly in wireless.

The combined company would also target approximately EUR 200 million of reductions in interest expenses to be achieved on a full-year basis in 2017. The transaction is expected to be accretive to Nokia earnings on a non-IFRS basis (excluding restructuring charges and amortization of intangibles) in 2017. These targets both assume completion of the Exchange Offer no later than the end of the first half of 2016.

*Dividend Policy*

Nokia does not have a quantitative distribution policy but it does generally view annual dividends as an important mechanism to return value to its shareholders. The proposals for dividend distribution of Nokia and, until the squeeze-out, if any, is implemented, Alcatel Lucent will continue to be determined by their respective managing bodies as regards their distribution capabilities, financial situation and the needs for the companies.

Alcatel Lucent has not distributed any dividends in the last 6 fiscal years.

***Squeeze-out***

If, at the completion of the Exchange Offer or the subsequent offering period, as the case may be, Nokia owns 95% or more of the share capital and voting rights of Alcatel Lucent (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining outstanding Alcatel Lucent Shares.

If, at the completion of the Exchange Offer or, if applicable, the subsequent offering period Nokia owns 95% or more of the sum of the outstanding Alcatel Lucent Shares and Alcatel Lucent Shares issuable upon conversion of all of the OCEANES (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining OCEANES.

To implement any of the foregoing squeeze-out processes, Nokia will file with the AMF a new offer document, which must be cleared by the AMF. The AMF clearance will depend, among other things, on the evaluation of Alcatel Lucent Securities provided by Nokia and the fairness report of the independent expert which will be appointed by Alcatel Lucent's board of directors in accordance with the AMF General Regulation. In accordance with French law and regulations, in such a squeeze-out process, Nokia intends, prior to the implementation of the squeeze-out for cash consideration, to offer the holders of Alcatel Lucent Securities as an alternative to cash consideration, the Exchange Option. The holders of Alcatel Lucent Securities may opt for the Exchange Option for all or part of their Alcatel Lucent Securities within a time period to be determined at a later date. The Alcatel Lucent Securities not tendered into the Exchange Option will be subject to the squeeze-out for cash consideration.

Pursuant to French law and the AMF General Regulation, the cash consideration offered in a squeeze-out will be determined through a valuation of the relevant Alcatel Lucent Securities, using objective methods applied in the context of asset sales taking into account the value of Alcatel Lucent's assets, its past earnings, its market value, its subsidiaries and its business prospects and ascribing a value and a weight in each case.

The amount of cash consideration offered in the squeeze-out would be assessed against the valuation of the Alcatel Lucent Securities by Nokia's presenting bank for the squeeze-out. In addition, Alcatel Lucent's independent expert would make a determination whether the amount of cash consideration offered by Nokia is fair to holders of Alcatel Lucent Securities. Finally, the amount of the cash consideration offered by Nokia would be subject to the review of the AMF.

We believe that the Exchange Option conducted pursuant to and in accordance with French law and AMF General Regulation would constitute a tender offer for U.S. securities law purposes. Accordingly, when implementing the Exchange Option, we intend to assess whether or not the Exchange Option may be made in reliance on a Tier I or Tier II exemption from the U.S. tender offer rules pursuant to Regulation 14D under the Exchange Act. Following that assessment, we intend to extend the Exchange Option to all U.S. holders of Alcatel Lucent Securities in accordance with the applicable exemption under, or otherwise in accordance with, the U.S. securities laws.

If the Exchange Option qualifies for a Tier I exemption, it could be conducted primarily in accordance with French law. In addition, in such case, any Nokia Shares (including Nokia Shares represented by Nokia ADSs) offered in the Exchange Option would be exempt from the registration requirements of the Securities Act pursuant to Rule 802 promulgated under the Securities Act.

In addition, Nokia reserves the right, subject to applicable law, at any time after the completion of the Exchange Offer or the subsequent offering period, as applicable, to cause Alcatel Lucent to redeem at

---

**Table of Contents**

par value plus accrued interests from the date the interest was last paid, to the date set for the early redemption all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding.

If Nokia owns less than 95% of the share capital and voting rights of Alcatel Lucent immediately after the completion of the Exchange Offer or, if applicable, the subsequent offering period for the Exchange Offer, then Nokia reserves the right, subject to applicable law, to (i) commence a buy-out offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 236-3 of the AMF General Regulation if at any time after the completion of the Exchange Offer it owns 95% or more of the voting rights of Alcatel Lucent, (ii) commence at any time a simplified offer for the Alcatel Lucent securities it does not own on the relevant date pursuant to Article 233-1 et seq. of the AMF General Regulation, (iii) cause Alcatel Lucent to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its subsidiaries with, or undertake other reorganizations of, Alcatel Lucent. In addition, Nokia intends to request to delist Alcatel Lucent Shares and OCEANEs from Euronext Paris and to seek to delist Alcatel Lucent ADSs from the NYSE, whether or not Alcatel Lucent Shares have been delisted from Euronext Paris, and, when possible, to deregister Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act or (iv) take any other steps to consolidate its ownership of Alcatel Lucent.

Nokia currently does not intend to structure any such steps so that it would result in the Alcatel Lucent convertible bonds becoming convertible bonds of Nokia, becoming debt obligations of Nokia or otherwise becoming convertible into Nokia Shares or Nokia ADSs after the Completion of the Exchange Offer.

As of the date of this exchange offer/prospectus, Nokia does not have any current definitive plans to take any of the actions identified in paragraph (iii) or (iv) above. Should any such plans develop, Nokia will disclose them in due course and in accordance with applicable law.

Pursuant to French law and the AMF General Regulation, a buy-out offer is a public tender offer filed with the AMF by a shareholder holding, alone or in concert, at least 95% of the share capital and voting rights of a listed company and made for all the remaining outstanding securities of the company. The primary differences between an Exchange Offer and a buy-out offer are that in the buy-out offer Nokia and Alcatel Lucent would file a joint offer document with the AMF, the period of time during which the shareholders may tender their securities generally would be 10 French trading days (instead of 25 French trading days), and the squeeze-out would be implemented immediately after the buy-out offer if the 95% share capital and voting rights threshold is met.

Pursuant to French law and the AMF General Regulation, the consideration offered in a buy-out offer may be shares or cash. The consideration in a buy-out offer would be determined in the same manner as in a squeeze out (see above).

We believe that a buy-out offer conducted pursuant to Article 236-3 of the AMF General Regulation would constitute a tender offer for the purposes of the U.S. securities laws. Accordingly, we would structure any such offer in accordance with the applicable U.S. securities laws and regulations or any available exemption. We would assess and seek to reconcile (including by seeking any available regulatory relief) any difference between French law practice and the U.S. law and practice in each case applicable to the buy-out offer at that time.

Pursuant to French law and the AMF General Regulation, a simplified offer is a public tender offer filed with the AMF by a shareholder holding, directly or indirectly, alone or in concert, at least 50% of the share capital and voting rights of a listed company and made for all the remaining outstanding securities of such company. The primary differences between the Exchange Offer and a simplified offer are that in the simplified offer, the period of time during which the shareholders may tender their

---

**Table of Contents**

securities generally would be 10 French trading days (instead of 25 French trading days), and the tender of securities is irrevocable during the offer period and any subsequent offering period.

Pursuant to French law and the AMF General Regulation, the consideration offered in a simplified tender offer may be shares and/or cash. However, if in the twelve-month period before the offer is filed, the bidder, acting alone or in concert, has purchased for cash securities giving it more than 5% of the share capital or voting rights of the target company, the offer must include a cash alternative. The amount of the consideration is determined by the bidder and may not be lower than the volume weighted average share price over the 60 trading days preceding the filing or, as applicable, the announcement of the offer.

We believe that a simplified offer conducted pursuant to Article 233-1 et seq. of the AMF General Regulation would constitute a tender offer for the purposes of the U.S. securities laws. Accordingly, we would structure any such offer in accordance with the applicable U.S. securities laws and regulations or any available exemption. We would assess and seek to reconcile (including by seeking any available regulatory relief) any difference between French law practice and the U.S. law and practice in each case applicable to the simplified offer at that time.

***Ownership of more than 50% but less than 95% of Alcatel Lucent post completion of the Exchange Offer***

If, at the completion of the Exchange Offer and the subsequent offering period, Nokia owns more than 50% but less than 95% of the share capital and voting rights of Alcatel Lucent, Nokia reserves the right to take any of the actions described above to consolidate its ownership of Alcatel Lucent.

For so long as Nokia continues to own less than 100% of Alcatel Lucent (including while it implements any of the actions to consolidate its ownership or if such steps are not entirely successful), Alcatel Lucent Securities not acquired by Nokia would remain outstanding and may continue to trade on the applicable securities exchange(s) and may remain registered with the SEC, unless Nokia is successful in its efforts to delist and deregister such Alcatel Lucent Securities as described elsewhere in this exchange offer/prospectus.

Holders of any Alcatel Lucent Securities not owned by Nokia will continue to have rights under French law described in *Comparison of Rights of Holders of Nokia Shares and Alcatel Lucent Shares* section of this exchange offer/prospectus. In addition, depending on Nokia's level of ownership of the Alcatel Lucent Shares, it would be able to implement any transaction requiring majority and may be able to implement any transaction requiring a two-thirds vote of the Alcatel Lucent Shares, as described in *Comparison of Rights of Holders of Nokia Shares and Alcatel Lucent Shares* section of this exchange offer/prospectus.

Also, for so long as Nokia owns less than 100% of the Alcatel Lucent Securities, its ability to integrate Alcatel Lucent's operations with Nokia may be limited by the applicable provisions of French corporate law. In particular, pursuant to French corporate law, any transaction between Alcatel Lucent and Nokia which is neither in the ordinary course nor on an arm's-length basis would be subject to the prior approval of Alcatel Lucent's board of directors (with the Nokia-nominated directors unable to vote on the resolution) and would also need to be subsequently ratified by Alcatel Lucent's shareholders' meeting (with Nokia unable to vote on the resolution and Alcatel Lucent Shares held by Nokia excluded from the quorum). However, Nokia, as an Alcatel Lucent shareholder, would be allowed to vote its Alcatel Lucent Shares with respect to any shareholder resolution to merge Alcatel Lucent and Nokia or any of its subsidiaries. Nokia does not anticipate that any such limitations would have a significant effect on its ability to implement its intentions over the twelve-month period immediately after the successful completion of the subsequent offering period, as outlined in this section.

### ***Integration and Reorganization***

The strategic direction of Alcatel Lucent will be to continue to offer leading solutions in Alcatel Lucent's business lines by taking advantage of the increased customer base attributable to the combination of Nokia and Alcatel Lucent. Nokia intends to integrate Alcatel Lucent into the Nokia group as soon as possible if the Exchange Offer is successful. In addition, if the Exchange Offer is successful, Nokia intends to propose changes to the composition of the Alcatel Lucent board of directors. The composition of the Alcatel Lucent board of directors will take into account the new share ownership structure of Alcatel Lucent and in particular, the ownership level of Nokia.

It is currently expected that after the Completion of the Exchange Offer, Networks business would be conducted through four business groups: Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. These business groups would provide an end-to-end portfolio of products, software and services to enable the combined company to deliver the next generation of leading networks solutions and services to customers. Alongside these, Nokia Technologies would continue to operate as a separate business group with a clear focus on licensing and the incubation of new technologies. Nokia Technologies would continue to have its own innovation, product development and go-to-market operations. Each business group would have strategic, operational and financial responsibility for its portfolio and would be fully accountable for meeting its targets. The four Networks business groups would have a common Integration and Transformation Office to drive synergies and to lead integration activities. The business group leaders would report directly to Nokia's President and Chief Executive Officer:

**Mobile Networks (MN)** would include Nokia's and Alcatel Lucent's comprehensive Radio portfolios and most of their converged Core network portfolios including IMS/VoLTE and Subscriber Data Management, as well as the associated mobile networks-related Global Services business. This unit would also include Alcatel Lucent's Microwave business and all of the combined company's end-to-end Managed Services business. Through the combination of these assets, Mobile Networks would provide leading end-to-end mobile networks solutions for existing and new platforms, as well as a full suite of professional services and product-attached services.

**Fixed Networks (FN)** would comprise the current Alcatel Lucent Fixed Networks business, whose cutting-edge innovation and market position would be further supported through strong collaboration with the other business groups. This business group would provide copper and fiber access products and services to offer customers ultra-broadband end-to-end solutions to transform their networks, deploying fiber to the most economical point.

**Applications & Analytics (A&A)** would combine the Software and Data Analytics-related operations of both companies. This comprehensive applications portfolio would include Customer Experience Management, OSS as distinct from network management such as service fulfillment and assurance, Policy and Charging, services, Cloud Stacks, management and orchestration, communication and collaboration, Security Solutions, network intelligence and analytics, device management and Internet of Things connectivity management platforms. CloudBand would also be housed in this business group, which would drive innovation to meet the needs of a convergent, Cloud-centric future.

**IP/Optical Networks (ION)** would combine the current Alcatel Lucent IP Routing, Optical Transport and IP video businesses, as well as the software defined networking (SDN) start-up, Nuage, plus Nokia's IP partner and Packet Core portfolio. IP/Optical Networks would continue to drive Alcatel-Lucent's technology leadership, building large scale IP/Optical infrastructures for both service providers and, increasingly, web-scale and tech-centric enterprise customers.

**Table of Contents**

**Nokia Technologies (TECH)** would remain as a separate entity with a clear focus on licensing and the incubation of new technologies. Nokia Technologies would continue to have its own innovation, product development and go-to-market operations. We expect to align our financial reporting under two key areas: Nokia Technologies and the Networks business. The Networks business would comprise the business groups of Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. We also expect to provide selective financial data separately for each of the four Networks business groups to ensure transparency for investors over the performance of each of them.

***Nokia ADS Conversion***

Nokia has agreed with Citibank, N.A., Nokia's ADS depository, that, if the Exchange Offer is successful, Citibank will not charge any ADS issuance fees for the issuance of new Nokia ADSs upon deposit of Nokia Shares for a period of thirty calendar days beginning on the U.S. business day following the settlement of the subsequent offering period or, if there is no subsequent offering period, the settlement of the Exchange Offer. Pursuant to this arrangement, existing and new holders of Nokia Shares would, subject to compliance with the terms of the Nokia ADS deposit agreement, be able to convert their Nokia Shares into Nokia ADSs during such period without any ADS issuance fees.

### **Conduct of the Business Pending the Exchange Offer**

During the same time period, each of Nokia and Alcatel Lucent has agreed (subject to certain exceptions) not to (i) make any material amendment to its organizational documents; (ii) split, combine or reclassify its outstanding shares; (iii) declare, set aside or pay any type of dividend, whether payable in cash, share or property, in respect of its shares; or (iv) launch any repurchase program with respect to its shares not publicly announced as of the date of the Memorandum of Understanding.

**No Solicitation of Alternate Proposals**

The Memorandum of Understanding provides that, during the term of the Memorandum of Understanding, Alcatel Lucent undertakes:

- (a) not to and to cause its subsidiaries not to and to use its reasonable best efforts to cause its and its subsidiaries senior officers, directors or representatives not to:
  - (i) initiate, solicit, induce, or take any action with a view to facilitate or encourage, any inquiries, proposals or offers that constitute, or would reasonably be expected to lead to, an Alternate Proposal (as defined below);

**Table of Contents**

- (ii) engage or otherwise participate in any discussions or negotiations (including by way of furnishing non-public information or granting access to any of the properties or assets of Alcatel Lucent or its subsidiaries) with any person relating to any inquiries, proposals or offers that constitute, or would reasonably be expected to lead to, an Alternate Proposal;
- (iii) accept, approve, endorse or recommend any Alternate Proposal;
- (iv) approve or recommend or execute or enter into, any letter of intent, agreement in principle, memorandum of understanding, tender offer agreement, merger agreement, acquisition agreement, business combination agreement, joint venture agreement, option agreement or other similar agreement in respect of any Alternate Proposal; or
- (v) propose publicly or agree to do any of the foregoing related to any Alternate Proposal; and

- (b) to promptly after becoming aware of a receipt of an Alternate Proposal or of any request for non-public information or inquiry relating to Alcatel Lucent by any person or a group of persons who has or would reasonably be expected to make any Alternate Proposal, provide Nokia with notice of the terms and conditions of such Alternate Proposal, request or inquiry.

Notwithstanding the foregoing, if at any time Alcatel Lucent receives a bona fide written Alternate Proposal or any written request for non-public information or inquiry relating to Alcatel Lucent by any person or group of persons who has or is expected to make any bona fide written Alternate Proposal, in each case that the Alcatel Lucent board of directors determines in good faith constitutes or is reasonably likely to lead to a Superior Proposal, Alcatel Lucent may engage in any of the actions described in paragraph (a)(ii) above provided that (i) the person or group of persons making such Alternate Proposal or request, as applicable, for non-public information or inquiry has signed a confidentiality agreement with Alcatel Lucent on terms not less restrictive in any material respect on such person or group of persons than the confidentiality agreement between Nokia and Alcatel Lucent and containing (A) no exclusivity provision or provision (unless waived by such person) inconsistent with the terms of the no solicitation provision of the Memorandum of Understanding and (B) a standstill provision of a duration of at least one year (subject to customary exceptions), and (ii) all information which is provided to such person or group of persons but was not previously provided to Nokia must be provided to Nokia as promptly as practicable.

Alternate Proposal with respect to Alcatel Lucent means any offer or proposal for, or any indication of interest in by any person or group of persons, in one or a series of related transactions (other than the Exchange Offer) involving (i) any direct or indirect acquisition or purchase of (A) the Alcatel Lucent Securities that would result in any person or a group of persons owning 15% or more of the Alcatel Lucent Shares (either directly or after conversion or exercise of such Alcatel Lucent Securities) or (B) assets of Alcatel Lucent or any of its subsidiaries, including by way of the acquisition or purchase of, or subscription to, any class of equity securities or voting rights of any of its subsidiaries, that represent (or generate) 15% or more of the consolidated gross revenue, consolidated EBITDA or consolidated gross assets of Alcatel Lucent, as presented in the most recent audited annual consolidated financial statements of Alcatel Lucent; or (ii) any merger, reorganization, restructuring, contribution, share exchange, consolidation, business combination, joint venture, recapitalization, liquidation, dissolution or similar transaction involving Alcatel Lucent or any of its subsidiaries or any of their respective assets meeting the tests set forth in prong (i)(B) of this definition, but with the exception of (x) intra-group reorganizations and transactions or (y) any transfer, sale, disposition, exchange or distribution of all or part of Alcatel Lucent's interest in Alcatel Lucent Submarine Networks in accordance with the terms of the Memorandum of Understanding, provided that such transfer, sale, disposition, exchange or distribution does not involve or require the issuance of any Alcatel Lucent Shares.

Superior Proposal means any bona fide written Alternate Proposal from any person or group of persons (provided that, for the purpose of this definition, all references to 15% in the definition of Alternate Proposal are replaced by 30% with respect to prong (i)(A) of the Alternate Proposal definition and are replaced by 50% with respect to prong (i)(B) of the Alternate Proposal definition) that the Alcatel Lucent Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) (i) to be more favorable to Alcatel Lucent, the holders of the Alcatel Lucent Securities and the other stakeholders of Alcatel Lucent than the Exchange Offer, taking into account, among other things, (x) all legal, financial, regulatory, timing, financing and other aspects of the Alternate Proposal, the Memorandum of Understanding and the Exchange Offer on the terms described in the Memorandum of Understanding (including the respective conditions to and the respective expected timing and risks of consummation), (y) any improved terms that Nokia may have offered pursuant to and in accordance with the Memorandum of Understanding (as described further below), and (z) the corporate interest (*intérêt social*) of Alcatel Lucent and (ii) the Alcatel Lucent Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) that failure to pursue such Alternate Proposal would be inconsistent with its fiduciary duties under applicable law.

### **Change in Alcatel Lucent Board Recommendation**

Except as described below, after the date of this exchange offer/prospectus Alcatel Lucent agreed not to make a Change in Alcatel Lucent Board Recommendation (as defined below). Alcatel Lucent is permitted to:

- (a) at any time make a Change in Alcatel Lucent Board Recommendation in response to the receipt of any bona fide written Alternate Proposal that the Alcatel Lucent Board determines in good faith constitutes a Superior Proposal. Unless such Superior Proposal is in the form of a formal offer filed and cleared with the AMF, prior to the Alcatel Lucent Board making such a Change in Alcatel Lucent Board Recommendation, Alcatel Lucent agreed to send a written notice thereof to Nokia. Upon receipt of such notice by Nokia, Alcatel Lucent agreed, upon the request of Nokia in its sole discretion, to negotiate in good faith with Nokia during a period of five MoU Business Days from the date on which Nokia received such notice with respect to any changes to the terms of Memorandum of Understanding or the Exchange Offer irrevocably offered by Nokia. If the Alcatel Lucent Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute), after giving effect to such changes as are irrevocably offered by Nokia, that such Alternate Proposal (i) continues to constitute a Superior Proposal and (ii) the failure to make a Change in Alcatel Lucent Board Recommendation in response to such Superior Proposal would be inconsistent with its fiduciary duties under applicable law, then Alcatel Lucent may make a Change in Alcatel Lucent Board Recommendation in response to such Superior Proposal; and
- (b) at any time following reasonable notice to Nokia, make a Change in Alcatel Lucent Board Recommendation in response to a material adverse effect with respect to Nokia, if the Alcatel Lucent Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) that its failure to do so would be inconsistent with its fiduciary duties under applicable law.

Change in Alcatel Lucent Board Recommendation means, at any time following the issuance of the Alcatel Lucent Board Recommendation, Alcatel Lucent (through the Alcatel Lucent Chief Executive Officer or the Chairman of the Alcatel Lucent Board) or the Alcatel Lucent Board (i) withdrawing, amending, qualifying or modifying, or publicly proposing to withdraw, amend, qualify or modify, the Alcatel Lucent Board Recommendation in a manner materially adverse to Nokia, (ii) approving or recommending any Alternate Proposal, including by making any public statements that expressly and

**Table of Contents**

unequivocally support any Alternate Proposal, or (iii) failing, upon the request of Nokia, to recommend against any publicly announced bona fide and credible Alternate Proposal within ten MoU Business Days after the initial public announcement thereof, provided that any material change in price or any other material term of such Alternate Proposal shall be deemed to be a new Alternate Proposal for purposes of this clause (iii); and provided further that, with respect to any action or inaction of the Alcatel Lucent Chief Executive Officer or the Chairman of the Alcatel Lucent Board (without the consent of the Alcatel Lucent Board), none of clauses (i), (ii) or (iii) constitute a Change in Alcatel Lucent Board Recommendation if the Alcatel Lucent Board, within two MoU Business Days of the relevant action or inaction, issues a statement expressly and unequivocally rejecting such action or inaction and re-issuing the Alcatel Lucent Board Recommendation.

**Nokia Board Recommendation**

On \_\_\_\_\_, the Nokia board of directors determined, subject to its fiduciary duties under applicable law and the terms and conditions of the Memorandum of Understanding, to recommend that the Nokia shareholders vote in favor of the resolution presented to them to approve the authorization for the Nokia board of directors to issue such number of new Nokia Shares as may be necessary for delivering the Nokia Shares offered in consideration for the Alcatel Lucent Securities tendered into the Exchange Offer and the appointment of the three members of the Nokia board of directors identified jointly by the Corporate Governance & Nomination committee of the Nokia board of directors and by Alcatel Lucent, in each case subject to the completion of the Exchange Offer.

**Change in Nokia Board Recommendation**

Except as set forth below, the Nokia board of directors agreed not to make a Change in Nokia Board Recommendation (as defined below). Notwithstanding the foregoing, at any time prior to the Nokia shareholder vote with respect to the Nokia Shareholder Approval, the Nokia board of directors may make a Change in Nokia Board Recommendation in response to a Nokia Intervening Event (as defined below) if it determines in good faith that its failure to do so would be inconsistent with its fiduciary duties under applicable law, after giving effect to such changes as are offered by Alcatel Lucent within ten MoU Business Days after receiving the notice thereof to address such Nokia Intervening Event. Prior to the Nokia board of directors making a Change in Nokia Board Recommendation, Nokia agreed to send a written notice to Alcatel Lucent that Nokia intends to take such action. Upon receipt of such notice by Alcatel Lucent, Nokia agreed, upon the request of Alcatel Lucent in its sole discretion, to negotiate in good faith with Alcatel Lucent during a period of ten MoU Business Days from the date on which Alcatel Lucent received such notice with respect to any changes to the terms of the Memorandum of Understanding or the Exchange Offer irrevocably offered by Alcatel Lucent. If the Nokia board of directors determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute), after giving effect to such changes as are irrevocably offered by Alcatel Lucent, that its failure to make a Change in Nokia Board Recommendation in connection with such Nokia Intervening Event continues to be inconsistent with its fiduciary duties under applicable law, then Nokia may make a Change in Nokia Board Recommendation in connection with such Nokia Intervening Event.

Change in Nokia Board Recommendation means Nokia (through the Nokia President & Chief Executive Officer or the Chairman of the Nokia board of directors) or the Nokia board of directors (i) at any time withdrawing, amending, qualifying or modifying, or publicly proposing to withdraw, amend, qualify or modify, the Nokia Board Recommendation in a manner materially adverse to Alcatel Lucent or the holders of the Alcatel Lucent Securities provided that, with respect to any action or inaction of the Nokia President & Chief Executive Officer or the Chairman of the Nokia board of directors (without the consent of the Nokia board of directors), none of the foregoing shall constitute a Change in Nokia Board Recommendation if the Nokia board of directors, within two MoU Business Days of the relevant

action or inaction, issues a statement expressly and unequivocally rejecting such action or inaction and re-issuing the Nokia Board Recommendation or (ii) at the time Nokia convenes or holds the Nokia general meeting, the Nokia board of directors failing to reiterate the Nokia Board Recommendation.

**Nokia Intervening Event** means any change, condition, effect, event or occurrence that is unknown to and not reasonably foreseeable by the Nokia board of directors on the date of the Memorandum of Understanding, which change, condition, effect, event or occurrence becomes known to the Nokia board of directors prior to obtaining the Nokia Shareholder Approval; provided, however, that none of the following (or the consequences thereof) will constitute a Nokia Intervening Event: (i) any action taken by any party pursuant to the Memorandum of Understanding or in connection with the transactions contemplated by the Memorandum of Understanding; (ii) any changes in the market price or trading volume of the Alcatel Lucent Securities or the Nokia Shares or the respective credit ratings of Alcatel Lucent or Nokia; (iii) the receipt, existence of or terms of any proposal by a third party to acquire (directly or indirectly) an interest, assets, securities or enter into an arrangement (including any merger, reorganization, restructuring, contribution, share exchange, consolidation, business combination, joint venture, recapitalization, liquidation, dissolution or similar transaction) in respect of Nokia or any of Nokia's subsidiaries or any inquiry relating thereto, or the implementation of any such arrangements; (iv) any change, condition, effect, event or occurrence relating to the transactions contemplated by the Memorandum of Understanding; or (v) any change, condition, effect, event or occurrence referred to in clauses (i) through (ix) of the definition of **Material Adverse Effect** (as set forth in the Memorandum of Understanding).

### **Indemnification and D&O Insurance**

Subject to the completion of the Exchange Offer and for six years following the completion of the Exchange Offer, Nokia agreed to cause Alcatel Lucent or its subsidiaries to indemnify and provide advancement of expenses to all past and present directors and senior officers of Alcatel Lucent on terms not less favorable to such director or senior officer than those provided to him or her by Alcatel Lucent or its subsidiaries on the date of the Memorandum of Understanding. The preceding indemnity provision will be deemed satisfied if Alcatel Lucent or Nokia purchase a six-year tail prepaid policy on the relevant terms.

### **Conditions to the Filing of the French Offer**

Pursuant to the Memorandum of Understanding, the filing of the French Offer with the AMF was subject to certain customary conditions precedent, including the following:

absence of injunction or law in effect immediately prior to the filing of the French Offer making illegal, restraining, enjoining or otherwise prohibiting the Exchange Offer;

receipt of competition approvals including (i) expiration or termination of the waiting period pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, (ii) approval pursuant to Council Regulation (EC) No. 139/2004, and (iii) approval pursuant to the merger control laws in the following countries: Brazil, Canada, China, India, Japan, Taiwan and Russia;

the authorization of the Ministry of Economy and Finance of the French Republic and the receipt of the required approval of the Committee on Foreign Investment in the United States;

accuracy of the representations and warranties of Alcatel Lucent, subject to a materiality standard;

reiteration or issuance of the Alcatel Lucent Board Recommendation; and

absence of a continuing Material Adverse Effect (as defined in the Memorandum of Understanding) with respect to Alcatel Lucent. All of the foregoing conditions were satisfied or waived prior to the filing of the French Offer with the AMF on \_\_\_\_\_, 2015.

### **Termination of the Memorandum of Understanding**

The Memorandum of Understanding may be terminated by mutual agreement of Nokia and Alcatel Lucent.

After the commencement of the U.S. Offer, the Memorandum of Understanding may be terminated either by Nokia or Alcatel Lucent with a written notice to the other party (subject to certain exceptions):

- (a) if, pursuant to Article 232-11 of the AMF General Regulation, the French Offer has been withdrawn by Nokia, or the AMF has published a notice that the French Offer was not successful;
- (b) if any relevant governmental authority of competent jurisdiction shall have (i) denied in writing any regulatory consent required under the Memorandum of Understanding or (ii) enacted, issued, promulgated or granted any restricting law prohibiting the transaction contemplated by the Memorandum of Understanding;
- (c) if the Alcatel Lucent board of directors withdraws its support for the Exchange Offer in connection with a Superior Proposal; or
- (d) prior to the completion of the Exchange Offer if the resolution related to the Nokia Shareholder Approval has been submitted at the Nokia extraordinary general meeting and the Nokia Shareholder Approval shall not have been validly obtained.

After the commencement of the Exchange Offer, the Memorandum of Understanding may be terminated by Nokia with a written notice to Alcatel Lucent (subject to certain exceptions) for any reason other than in connection with a Superior Proposal or in response to a material adverse effect with respect to Nokia if the Alcatel Lucent board of directors withdraws its support for the Exchange Offer.

After the commencement of the Exchange Offer, the Memorandum of Understanding may be terminated by Alcatel Lucent with a written notice to Nokia (subject to certain exceptions) if the Nokia board of directors makes a Change in Nokia Board Recommendation.

The Memorandum of Understanding contains certain other termination provisions that have expired prior to commencement of the U.S. Offer.

Even if the Memorandum of Understanding was terminated, such a termination would not automatically result in the withdrawal of the French Offer. According to Article 232-11 of the AMF General Regulation, an offeror may only withdraw its offer in limited circumstances.

### **Termination Fees**

After the commencement of the Exchange Offer, Nokia may be obligated to pay to Alcatel Lucent:

- (a) EUR 150 million if the Memorandum of Understanding is terminated due to a failure to obtain Nokia Shareholder Approval;
- (b) EUR 300 million if the Memorandum of Understanding is terminated due to (i) Change in Nokia Board Recommendation or (ii) material breach by Nokia of the Memorandum of Understanding and Nokia's board of directors having taken deliberate action to frustrate the obtaining of the Nokia Shareholder Approval; or
- (c) EUR 400 million if the Memorandum of Understanding is terminated due to a relevant authority of competent jurisdiction having enacted or otherwise issued an injunction or a restricting law with respect to the Exchange Offer.

After the commencement of the Exchange Offer, Alcatel Lucent may be obligated to pay to Nokia:

- (a) EUR 300 million if the Memorandum of Understanding is terminated due to (i) Alcatel Lucent board of directors decision or measure leading to withdrawal of the French Offer pursuant to Article 232-11 of the AMF General Regulation or (ii) change in Alcatel Lucent Board Recommendation; or
- (b) EUR 300 million if (i) a certain type of an Alternate Proposal is publicly announced or otherwise communicated to Alcatel Lucent, (ii) Alcatel Lucent does not make a Change in Alcatel Lucent Board Recommendation, (iii) the Exchange Offer is terminated due to failure to satisfy the Minimum Tender Condition and (iv) within 12 months of such termination, Alcatel Lucent enters into and consummates an agreement with respect to such Alternate Proposal with the person making such Alternate Proposal.

The Memorandum of Understanding contains certain other termination fee provisions that expired prior to commencement of the U.S. Offer.

### **Standstill**

Nokia and Alcatel Lucent agreed to reciprocal standstill periods, subject to customary exceptions, with respect to the other party's securities following certain events of termination of the Memorandum of Understanding. The standstill periods would last until the longer of the 12-month anniversary of the termination date of the Memorandum of Understanding and the 18-month anniversary of the date of the Memorandum of Understanding.

### **Exchange Ratio Adjustment Mechanism**

According to the Memorandum of Understanding, if between the date of the Memorandum of Understanding (i.e., April 15, 2015) and the settlement date of the Exchange Offer or, if any, the subsequent offering period (or the relevant settlement date with respect to any additional acceleration mechanism of the Alcatel Lucent Stock Options and Performance Shares plans), (i) the outstanding Alcatel Lucent Shares or Nokia Shares are changed into a different number of shares or a different class by reason of any share dividend, subdivision, reclassification, split, reverse split, combination or exchange of shares, or (ii) Alcatel Lucent or Nokia resolve to pay any dividend (other than, with respect to Nokia, the ordinary dividend of 0.14 euros announced prior to the date of the Memorandum of Understanding, on January 29, 2015 and paid on May 21, 2015. It is specified that Nokia may,

**Table of Contents**

pursuant to the Memorandum of Understanding, pay other ordinary course cash dividends consistent with past practices or a special cash dividend in an amount up to one billion euros without the prior consent of Alcatel Lucent, but which would give rise to an adjustment, or (iii) Alcatel Lucent or Nokia make any other distribution to its security holders or shareholders in each case with a record date before the settlement of the Exchange Offer or, if any, the subsequent offering period (or the relevant settlement date with respect to any additional acceleration mechanism of the Alcatel Lucent Stock Options and Performance Shares plans), then the consideration offered to the holders of Alcatel Lucent Securities after such event pursuant to the Exchange Offer will be appropriately adjusted to provide to the holders of such Alcatel Lucent Securities the same economic effect as contemplated by the Memorandum of Understanding prior to such event.

**THE EXCHANGE OFFER**

**Terms of the Exchange Offer**

Nokia, a Finnish corporation, is offering, upon the terms and subject to the Conditions set out in this exchange offer/prospectus and the French Offer Documentation to acquire all of the Alcatel Lucent Securities through the Exchange Offer whereby Alcatel Lucent Securities will be exchanged for Nokia Shares or Nokia ADSs, as described below.

As of the opening of the Exchange Offer, Nokia does not own, directly or indirectly, acting alone or in concert, any Alcatel Lucent Securities. As of the date of this exchange offer/prospectus, Nokia has not entered into any agreements to acquire Alcatel Lucent Securities outside of the Exchange Offer.

The Exchange Offer is comprised of the U.S. Offer and the French Offer. The U.S. Offer is being made pursuant to this exchange offer/prospectus to:

all U.S. holders of outstanding Alcatel Lucent Shares,

all holders of outstanding Alcatel Lucent ADSs, wherever located, and

all U.S. holders of outstanding OCEANES.

For every Alcatel Lucent Share you validly tender into, and do not withdraw from, the U.S. Offer, you will receive 0.55 Nokia Share. For every Alcatel Lucent ADS you validly tender into, and do not withdraw from, the U.S. Offer, you will receive 0.55 Nokia ADS. For every 2018 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive                      Nokia Share, for every 2019 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive                      Nokia Share and for every 2020 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive                      Nokia Share. Holders of Alcatel Lucent ADSs located outside of the United States may participate in the U.S. Offer only to the extent the local laws and regulations applicable to those holders permit them to participate in the U.S. Offer.

The French Offer to exchange 0.55 Nokia Share for every Alcatel Lucent Share,                      Nokia Share for every 2018 OCEANE,                      Nokia Share for every 2019 OCEANE, and                      Nokia Share for every 2020 OCEANE, is being made pursuant to the French Offer Documentation available to holders of Alcatel Lucent Shares and OCEANES who are located in France (holders of Alcatel Lucent Shares and OCEANES who are located outside of France may not participate in the French Offer except if, pursuant to the local laws and regulations applicable to those holders, they are permitted to participate in the French Offer).

After completion of the Exchange Offer and assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any, former holders of Alcatel Lucent Securities are expected to own approximately 33.5% of the issued and outstanding Nokia Shares on a fully diluted basis.

Nokia's obligation to exchange Nokia Shares for Alcatel Lucent Securities pursuant to the Exchange Offer is subject to the Conditions described under      Conditions to the Exchange Offer.

Holders of Alcatel Lucent Securities who tender their securities for Nokia Shares or Nokia ADSs pursuant to the Exchange Offer will not be obligated to pay any charges or expenses of the U.S. exchange agent, of the Nokia depository or of the Alcatel Lucent depository.

Holders whose Alcatel Lucent Securities are tendered for Nokia Shares or Nokia ADSs pursuant to the Exchange Offer by a broker, dealer, commercial bank, trust company or other nominee will be

responsible for any fees or commissions such nominees may charge in connection with such tender. No commission will be paid by Nokia to any intermediary of Alcatel Lucent Security holders or any person soliciting the contribution of Alcatel Lucent Securities into the Exchange Offer. Holders of Alcatel Lucent Securities who tender their securities pursuant to the Exchange Offer will also be responsible for all governmental charges and taxes payable in connection with such tender.

***Offer Period***

The U.S. Offer commenced on \_\_\_\_\_ following Nokia's filing of the Schedule TO with the SEC. The U.S. Offer and withdrawal rights for tenders of Alcatel Lucent Shares and OCEANEs into the U.S. Offer will expire at the Expiration Date (which is 11:00 A.M., New York City time (5:00 P.M., Paris time) on \_\_\_\_\_ unless the U.S. Offer is extended). The ADS Tender Deadline for validly tendering and withdrawing Alcatel Lucent ADSs in the U.S. Offer will expire at 5:00 P.M., New York City time, on the U.S. business day immediately preceding the Expiration Date, which will be \_\_\_\_\_ unless the U.S. Offer is extended.

***Extension, Termination and Amendment***

Pursuant to the Memorandum of Understanding, Nokia has agreed to ensure that, subject to applicable law, the period during which the U.S. Offer is open (which will be at least 20 U.S. business days) corresponds to the period during which the French Offer is open (including any extensions or subsequent offering periods in relation to the French Offer). According to Article 231-34 of the AMF General Regulation, during the offer period, only the AMF can extend the French Offer. The AMF may extend the French Offer period in certain circumstances, including if a competing offer is filed, if the terms of the French Offer are improved, if the AMF's decision to clear the French Offer is being appealed, or in case it requires the amendment of the French Offer Documentation relating, in particular, to the legal, financial and accounting characteristics of Nokia or Alcatel Lucent, due to an omission or inaccuracy. Subject to the U.S. federal securities laws and the Memorandum of Understanding, Nokia expressly reserves the right to extend the U.S. Offer either to match the extension of the French Offer or otherwise.

Furthermore, Nokia may be required by the U.S. federal securities laws (including Rule 14e-1 under the Exchange Act) to extend the U.S. Offer, if Nokia makes a material change to the terms of the U.S. Offer. For example, if Nokia changes the percentage of Alcatel Lucent Securities sought in the U.S. Offer or the exchange ratio applicable to the U.S. Offer within ten U.S. business days prior to the then-scheduled Expiration Date, the U.S. Offer will be extended so that it will expire no less than ten U.S. business days after the change is first published, sent or given to holders of Alcatel Lucent Securities in order to allow adequate dissemination and investor response to the change. If Nokia makes any other material change to the terms of the U.S. Offer or in the information concerning the U.S. Offer, or waives a material condition of the U.S. Offer, Nokia will extend the U.S. Offer, if required by applicable law, for a period sufficient to allow you to consider the amended terms of the U.S. Offer. Nokia will comply with Rule 14d-4(d)(2) under the Exchange Act in connection with material changes to the terms of the U.S. Offer. If Nokia is required to extend the U.S. Offer pursuant to the SEC rules and regulations, it intends to seek AMF's consent to a corresponding extension of the French Offer. There is no guarantee that AMF would grant such consent, which may lead to different offering periods for the French Offer and the U.S. Offer.

To the extent permitted by applicable rules and regulations of the AMF and the SEC and subject to the Memorandum of Understanding, Nokia expressly reserves the right to, at any time and from time to time:

terminate or amend the U.S. Offer (and not accept at expiration of the offer period any Alcatel Lucent Securities) upon the failure of any of the Conditions described in this exchange offer/prospectus below under "Conditions to the Exchange Offer";

---

**Table of Contents**

prior to the expiration of the offer period of the French Offer, revoke the French Offer in accordance with the AMF General Regulation with the prior approval of the AMF if (i) the Exchange Offer becomes without purpose, or (ii) (A) Alcatel Lucent adopted measures which modify its substance during the offer period or in case the Exchange Offer is successful, or (B) the measures taken by Alcatel Lucent render the continuation of the Exchange Offer particularly onerous. The French Offer may be revoked until the expiration of the French Offer. The AMF General Regulation does not define under which circumstances an offer becomes without purpose or is substantially modified or is particularly onerous. The assessment is made by the AMF on a case-by-case basis. Revocation of the French Offer would likely have a material adverse effect on the U.S. Offer, including the likely failure of the Minimum Tender Condition; and

waive any Condition or otherwise amend the Exchange Offer in any respect, provided that, under the AMF General Regulation, Nokia may not amend the terms of the French Offer in a manner adverse to the shareholders and any amendment must be made no later than five French trading days prior to the expiration of the French Offer period and requires the prior approval of the AMF. A waiver of a material condition or any other material change to the U.S. Offer, if that waiver or change occurs ten or five U.S. business days, as applicable, prior to the date the U.S. Offer is scheduled to expire, may also require the extension of the U.S. Offer as described above. Under the AMF General Regulation, the Minimum Tender Condition is waived by Nokia, the Exchange Offer will lapse if Nokia fails to cross the Mandatory Minimum Acceptance Threshold. In addition, pursuant to the Memorandum of Understanding, Nokia cannot, without the prior written consent of Alcatel Lucent, amend, modify, supplement or waive any term of the Exchange Offer or Condition, other than the Minimum Tender Condition, in a manner materially adverse to Alcatel Lucent or the holders of Alcatel Lucent Securities.

In addition, as described further in Conditions to the Exchange Offer, we may waive the Minimum Tender Condition to any level above the Mandatory Minimum Acceptance Threshold at the time of announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) without extending the Exchange Offer period.

To extend, terminate, waive a Condition to or amend the U.S. Offer, Nokia will notify the U.S. exchange agent by written notice or oral notice confirmed in writing. If Nokia determines to extend, terminate, waive a Condition to or amend the Exchange Offer, it will seek any required approval of the AMF and, upon such approval, or if such approval is not required, no later than 9:00 A.M., New York City time, on the next U.S. business day after such extension, termination, waiver or amendment, it will make public announcement thereof. Subject to applicable law (including Rule 14d-4(d)(1) under the Exchange Act, which requires that any material change in the information published, sent or given to shareholders in connection with the U.S. Offer be promptly disseminated to security holders in a manner reasonably designed to inform security holders of that change) and without limiting the manner in which Nokia may choose to make any public announcement, Nokia does not assume any obligation to publish, advertise or otherwise communicate any public announcement of this type, as explained below, other than by issuing a public announcement. In addition, Nokia will post notice of any public announcement of this type on Nokia's website at [www.nokia.com](http://www.nokia.com). The information on such website is not a part of this exchange offer/prospectus and is not incorporated by reference herein.

If Nokia extends the period of time during which the U.S. Offer is open, the U.S. Offer will expire at the latest time and date to which Nokia extends the Expiration Date or ADS Tender Deadline, as applicable. During any such extension, all Alcatel Lucent Securities validly tendered into, and not withdrawn from, the U.S. Offer prior to that date will remain subject to your right to withdraw your Alcatel Lucent Securities, except during the subsequent offering period, as discussed below. You should read the discussion under Withdrawal Rights for more information about your ability to withdraw tendered Alcatel Lucent Securities.

---

**Table of Contents*****Subsequent Offering Period***

A subsequent offering period is an additional period of time after Nokia has acquired Alcatel Lucent Securities in the Exchange Offer during which holders may tender, but not withdraw, Alcatel Lucent Securities and receive the Exchange Offer consideration. Pursuant to the Memorandum of Understanding, and according to Article 232-4 of the AMF General Regulation, if more than 50% but less than 95% of the share capital and voting rights of Alcatel Lucent have been tendered in and not withdrawn from the Exchange Offer, there will be a subsequent offering period for the French Offer. Under the AMF General Regulation, the subsequent offering period for the French Offer will begin no later than ten French trading days following the publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer) and must last at least ten French trading days. Pursuant to the Memorandum of Understanding, Nokia has agreed to ensure that, subject to applicable law, the period during which the U.S. Offer is open corresponds to the period during which the French Offer is open (including subsequent offering periods in relation to the French Offer). If a subsequent offering period is provided, Nokia will publicly announce the results of the Exchange Offer, including the approximate number and percentage of Alcatel Lucent Securities tendered to date, no later than nine French trading days after the expiration of the Exchange Offer period and will thereafter begin the subsequent offering period in accordance with AMF General Regulation. Nokia expressly reserves the right in its sole discretion to conduct a subsequent offering period for the U.S. Offer either to match the subsequent offering period of the French Offer or otherwise. Nokia also expressly reserves the right, in its sole discretion, to extend the subsequent offering period for the U.S. Offer by giving oral or written notice to the U.S. exchange agent.

**Pursuant to Rule 14d-7(a)(2) under the Exchange Act, no withdrawal rights apply to Alcatel Lucent Securities tendered during a subsequent offering period and no withdrawal rights apply during the subsequent offering period with respect to the Alcatel Lucent Securities previously tendered in the U.S. Offer and accepted for exchange. The same consideration will be received by Alcatel Lucent Security holders tendering in the Exchange Offer or in a subsequent offering period. Please see the section of this exchange offer/prospectus entitled **Withdrawal Rights**.**

***Withdrawal Rights***

Alcatel Lucent ADSs tendered into the U.S. Offer can be withdrawn at any time prior to the ADS Tender Deadline. However, these withdrawal rights will not be available following the expiration of the U.S. Offer and prior to the commencement of the subsequent offering period, if any. In addition, subject to satisfaction of all Conditions other than the Minimum Tender Condition, these withdrawal rights will not be available during the period that the securities tendered into the Exchange Offer are being counted. For your withdrawal of your Alcatel Lucent ADSs to be effective, the U.S. exchange agent must receive a timely written notice of withdrawal. Any such notice must specify the name of the person who tendered the Alcatel Lucent ADSs being withdrawn, the number of Alcatel Lucent ADSs being withdrawn and the name of the registered holder if different from that of the person who tendered such Alcatel Lucent ADSs.

If certificates evidencing Alcatel Lucent ADSs being withdrawn have been delivered or otherwise identified to the U.S. exchange agent, then, prior to the physical release of such certificates, (1) the U.S. exchange agent also must receive the name of the registered holder and the serial numbers of the particular certificate evidencing the Alcatel Lucent ADSs and (2) the signature(s) on the notice of withdrawal must be guaranteed by an eligible institution unless such Alcatel Lucent ADSs have been tendered for the account of an eligible institution. If Alcatel Lucent ADSs have been tendered pursuant to the procedure for book-entry transfer, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawal of the securities.

**Table of Contents**

Alcatel Lucent Shares or OCEANEs tendered for exchange may be withdrawn at any time prior to the Expiration Date. However, these withdrawal rights will not be available following the expiration of the offer period and prior to the commencement of the subsequent offering period, if any. In addition, subject to satisfaction of all Conditions other than the Minimum Tender Condition, these withdrawal rights will not be available during the period that the securities tendered into the Exchange Offer are being counted. To withdraw previously tendered Alcatel Lucent Shares or OCEANEs, you should contact the French or non-French financial intermediary or nominee through whom you tendered regarding their withdrawal procedures. If you wish to withdraw your Alcatel Lucent Shares or OCEANEs, it is your responsibility to ensure that the financial intermediary that has been instructed to tender your Alcatel Lucent Shares or OCEANEs receives proper instruction to withdraw the tender of those Alcatel Lucent Shares or OCEANEs sufficiently in advance of the Expiration Date.

In addition, in accordance with U.S. securities laws, tendered Alcatel Lucent Securities may generally be withdrawn if they have not been accepted for exchange within 60 days after commencement of the U.S. Offer.

During any subsequent offering period no withdrawal rights will apply to Alcatel Lucent Securities tendered during such subsequent offering period, pursuant to Rule 14d-7(a)(2) under the Exchange Act.

Nokia will decide all questions as to the form and validity (including time of receipt) of any notice of withdrawal in its sole discretion, and its decision will be final and binding. None of Nokia, the U.S. exchange agent, the information agent nor any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any such notification.

Any Alcatel Lucent Securities properly withdrawn will be deemed not to have been validly tendered for purposes of the Exchange Offer. However, you may retender withdrawn Alcatel Lucent Securities by following one of the procedures discussed in the section of this exchange offer/prospectus entitled Procedure for Tendering at any time prior to the Expiration Date or the ADS Tender Deadline, as applicable, or during any subsequent offering period.

***Conditions to the Exchange Offer***

Nokia's obligation to accept, and to exchange, any Alcatel Lucent Securities validly tendered into the Exchange Offer will be subject only to:

the satisfaction of the Minimum Tender Condition or, if waived by Nokia in its sole discretion, the crossing of the Mandatory Minimum Acceptance Threshold; and

the receipt of the Nokia Shareholder Approval.

For purposes of the Minimum Tender Condition, the fully diluted Alcatel Lucent Shares will be calculated as follows: (i) in the numerator, the sum of (A) all Alcatel Lucent Shares (including Alcatel Lucent Shares represented by ADSs) validly tendered into the Exchange Offer as of the Expiration Date and (B) all Alcatel Lucent Shares issuable upon conversion of the OCEANEs validly tendered into the Exchange Offer as of the Expiration Date taking into account the relevant OCEANEs conversion ratio applicable on the Expiration Date; and (ii) in the denominator, the sum of (A) all Alcatel Lucent Shares issued and outstanding (including Alcatel Lucent Shares represented by ADSs) as of the Expiration Date and (B) all Alcatel Lucent Shares issuable at any time prior to, on or after the Expiration Date upon the exercise of any outstanding options, warrants, convertible securities or rights to purchase, subscribe or be allocated, newly issued Alcatel Lucent Shares, including upon conversion of the OCEANEs (taking into account the relevant OCEANEs conversion ratio applicable on the Expiration Date, exercise of Alcatel Lucent Stock Options or realization of Alcatel Lucent Performance Shares.

**Table of Contents**

Nokia, Alcatel Lucent and the holders of Alcatel Lucent Securities will not know whether the Minimum Tender Condition is satisfied before the publication by the AMF of the final results of the French Offer (taking into account the results of the U.S. Offer). At such time, Nokia shall determine, in its sole discretion, whether to waive the Minimum Tender Condition to any level at or above the Mandatory Minimum Acceptance Threshold.

Under the AMF General Regulation, Nokia may waive the Minimum Tender Condition until the date of publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer). If Nokia waives the Minimum Tender Condition, set forth in provisions of Article 231-9 (II) of the AMF General Regulation, the Exchange Offer will lapse if, on the date of the expiration of the Exchange Offer period, Nokia does not hold a number of Alcatel Lucent Shares representing at least the Mandatory Minimum Acceptance Threshold.

If necessary to reach the Mandatory Minimum Acceptance Threshold, Nokia undertakes to convert a sufficient number of OCEANEs tendered into the Exchange Offer so that Nokia holds sufficient number of Alcatel Lucent Shares to cross the Mandatory Minimum Acceptance Threshold. The conversion of such OCEANEs will be deemed to have retroactive effect to the date of expiration of the Exchange Offer period for the purpose of calculating the Mandatory Minimum Acceptance Threshold.

The Mandatory Minimum Acceptance Threshold would be calculated as follows:

the numerator being the sum of (i) all Alcatel Lucent Shares validly tendered into the Exchange Offer (including Alcatel Lucent Shares represented by Alcatel Lucent ADSs) as of the expiration date of the Exchange Offer period and (ii) all Alcatel Lucent Shares issuable upon conversion of the OCEANEs validly tendered into the Exchange Offer as of the expiration date of the Exchange Offer period, taking into account the relevant OCEANE s conversion/exchange ratio applicable on the expiration date of such Exchange Offer, and (iii) all Alcatel Lucent Shares held in treasury by Alcatel Lucent as well as Alcatel Lucent Shares held by its subsidiaries; and

the denominator being the sum of (i) all Alcatel Lucent Shares issued and outstanding (including Alcatel Lucent Shares represented by Alcatel Lucent ADSs) as of the expiration date of the Exchange Offer period and (ii) all Alcatel Lucent Shares issuable upon conversion of the OCEANEs validly tendered into the Exchange Offer as of the Expiration Date taking into account the relevant OCEANE s conversion/exchange ratio applicable on the expiration date of the Exchange Offer.

As far as Nokia is aware, as of the date of this exchange offer/prospectus, the Mandatory Minimum Acceptance Threshold corresponds to Nokia receiving Alcatel Lucent Shares or % of the voting right of Alcatel Lucent (on the basis of a total number of Alcatel Lucent Shares and voting rights issued) in the Exchange Offer.

Nokia, Alcatel Lucent and the holders of Alcatel Lucent Securities will not know whether the Mandatory Minimum Acceptance Threshold has been reached until the publication by the AMF of the final results of the French Offer (taking into account the results of the U.S. Offer).

Subject to the SEC rules and regulation (including the SEC rules that require that material changes of a condition be promptly disseminated to shareholders in a manner reasonably designed to inform them of such changes), Nokia expressly reserves the right, at any time, and from time to time, to waive the Minimum Tender Condition, by giving oral or written notice of the waiver to the U.S. exchange agent and by making a public announcement in accordance with the procedures outlined in Extension, Termination and Amendment above. If the Minimum Tender Condition is waived by Nokia, the Exchange Offer will lapse if Nokia fails to cross the Mandatory Minimum Acceptance Threshold.

## **Table of Contents**

If the Mandatory Minimum Acceptance Threshold is not met, the Alcatel Lucent Securities tendered in the Exchange Offer will be returned to their owner, within three French trading days after the publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer), without interest, compensation or any other payment which may be owed to the owners by Nokia.

In addition, in accordance with the French law and AMF General Regulation, Nokia may waive the Minimum Tender Condition to any level above the Mandatory Minimum Acceptance Threshold no later than five French trading days before the Expiration Date, in accordance with the process outlined in Article 232-7 of the AMF General Regulation.

If Nokia elects to waive the Minimum Tender Condition at the time of announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer), Nokia would do each of the following:

announce that we may waive or reduce the Minimum Tender Condition at least five U.S. business days before the Expiration Date;

disseminate such announcement through a press release and other methods reasonably calculated to inform U.S. holders of the Alcatel Lucent Securities of the possibility of a waiver or reduction;

the press release would state that the Minimum Tender Condition may be waived to 50% of the Alcatel Lucent share capital or voting rights (taking into account OCEANES tendered into the Exchange Offer) on the date of the announcement of the results of the French Offer (taking into account the results of the U.S. Offer) in accordance with Article 231-9 of the AMF General Regulation;

during the five U.S. business day period after the announcement of a possible waiver or reduction, withdrawal rights would be provided in accordance with the terms of the U.S. Offer;

the announcement would advise Alcatel Lucent Security holders to withdraw tendered Alcatel Lucent Securities immediately if their willingness to tender into the U.S. Offer would be affected by the reduction or waiver of the Minimum Tender Condition;

a subsequent offering period of not less than five U.S. business days would be provided with respect to the U.S. Offer after the announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) (and a simultaneous waiver or reduction of the Minimum Tender Condition); and

all conditions of the Exchange Offer, other than the Minimum Tender Condition, would be satisfied or waived after the Expiration Date (at which time, the withdrawal rights would be terminated).

If we waive the Minimum Tender Condition in accordance with the foregoing provisions at the time of announcement of the results of the French Offer (taking into account the results of the U.S. Offer), the Exchange Offer would be successful and, upon settlement, Nokia would own Alcatel Lucent Securities at a level above the Mandatory Acceptance Threshold but below the Minimum Tender Condition. In accordance with French law, at the Mandatory Minimum Acceptance Threshold, Nokia would control Alcatel Lucent.

In addition, following such waiver, we would, in accordance with the AMF General Regulation, provide a subsequent offering period of not less than ten French trading days with respect to the French Offer. We would provide a subsequent offering period with respect to the U.S. Offer to match the subsequent offering period of the French Offer, with such subsequent offering period being not less than five U.S.

business days. Holders of Alcatel Lucent Securities that did not tender their Alcatel Lucent Securities into the Exchange Offer prior to the Expiration Date, would be able to tender their Alcatel Lucent Securities into the subsequent offering period in accordance with the terms thereof.

Nokia's obligation to file the French Offer with the AMF under the Memorandum of Understanding was subject to certain other conditions precedent, including receipt of certain regulatory approvals, accuracy of representations and warranties, compliance with covenants and absence of a material adverse effect. All these conditions were satisfied or waived prior to filing of the French Offer with the AMF. Refer to the Memorandum of Understanding included in Annex A to this exchange offer/prospectus for a description of such conditions.

### **Procedure for Tendering**

You must follow the procedures described below in a timely manner in order to tender your Alcatel Lucent Securities.

The steps you must take to validly tender into the Exchange Offer will depend on whether you hold Alcatel Lucent Shares, Alcatel Lucent ADSs or OCEANES and whether you hold such Alcatel Lucent Shares, Alcatel Lucent ADSs or OCEANES directly or indirectly through a broker, dealer, commercial bank, trust company or other nominee.

No commission will be paid by Nokia to any intermediary of Alcatel Lucent Security holders or any person soliciting the contribution of Alcatel Lucent Securities into the Exchange Offer.

### ***Holders of Alcatel Lucent ADSs***

If you hold Alcatel Lucent ADSs, you may tender your Alcatel Lucent ADSs into the U.S. Offer through the U.S. exchange agent, who will receive and hold tendered Alcatel Lucent ADSs for exchange on behalf of Nokia and, following completion of the Exchange Offer or the subsequent offering period, as applicable, will exchange such Alcatel Lucent ADSs for Nokia ADSs. While you could withdraw the Alcatel Lucent Shares represented by your Alcatel Lucent ADSs and tender those Alcatel Lucent Shares into the U.S. Offer, it may not be in your best interests to do so because you will have to pay a withdrawal fee to the Alcatel Lucent depository in an amount equal to USD 5.00 or less per 100 Alcatel Lucent ADSs (or portion thereof) surrendered to the Alcatel Lucent depository in exchange for withdrawal of Alcatel Lucent Shares. The Alcatel Lucent ADS depository receipt facility will be closed to deposits and withdrawals for four U.S. business days prior to the ADS Tender Deadline. Alcatel Lucent ADSs may not be tendered into the French Offer.

In tendering your Alcatel Lucent ADSs into the U.S. Offer, you should consider the following:

you will receive Nokia ADSs;

you will not have to pay any Nokia ADS issuance fee to the Nokia depository;

you will not have to pay any Alcatel Lucent ADS cancellation fee to the Alcatel Lucent depository; and

you will not have to pay any fee to the U.S. exchange agent to tender your Alcatel Lucent ADSs.

If you hold Alcatel Lucent ADSs and would like to tender them into the U.S. Offer, you should follow the procedures described below. Nokia has retained Citibank, N.A. to act as the U.S. exchange agent in connection with the U.S. Offer.

Please note that, in accordance with Finnish law, Finnish citizens that own Nokia Shares must be registered directly on the Nokia shareholder register and thus cannot hold Nokia ADSs.

**You must follow the procedures described below in a timely manner in order to tender your Alcatel Lucent ADSs into the U.S. Offer.**

**THE METHOD OF DELIVERY OF ADS CERTIFICATES, THE LETTER OF TRANSMITTAL AND ALL OTHER REQUIRED DOCUMENTS, INCLUDING DELIVERY THROUGH DTC, IS AT YOUR ELECTION AND RISK. ALCATEL LUCENT ADSs WILL BE DEEMED DELIVERED ONLY WHEN ACTUALLY RECEIVED BY THE U.S. EXCHANGE AGENT (INCLUDING, IN THE CASE OF A BOOK-ENTRY TRANSFER, BY BOOK-ENTRY CONFIRMATION). IF DELIVERY IS BY MAIL, NOKIA RECOMMENDS THAT YOU USE PROPERLY INSURED REGISTERED MAIL WITH RETURN RECEIPT REQUESTED. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ENSURE TIMELY DELIVERY.**

If you hold your Alcatel Lucent ADSs directly in certificated form and you would like to tender them in the U.S. Offer, you must complete and sign the enclosed letter of transmittal and return it together with your Alcatel Lucent ADS certificates and all other required documentation to the U.S. exchange agent at the appropriate address specified on the back cover page of this exchange offer/prospectus no later than the ADS Tender Deadline, which is 5:00 P.M., New York City time on the U.S. business day immediately preceding the Expiration Date, which will be \_\_\_\_\_, unless the U.S. Offer is extended. The time involved in tendering Alcatel Lucent ADSs held directly in certificated form will vary depending on the time it takes you to complete the letter of transmittal and deliver it, your Alcatel Lucent ADS certificates and any other required documentation by registered mail to the U.S. exchange agent. If your Alcatel Lucent ADS certificates are not available, you may still tender your Alcatel Lucent ADSs in accordance with the guaranteed delivery procedures set forth under \_\_\_\_\_ Guaranteed Delivery \_\_\_\_\_.

If you hold your Alcatel Lucent ADSs in uncertificated form on the register of the Alcatel Lucent depository (in direct registration form), you must complete and sign the letter of transmittal included with this exchange offer/prospectus and return it with any required documentation to the U.S. exchange agent at the appropriate address specified on the back cover page of this exchange offer/prospectus no later than the ADS Tender Deadline, which is 5:00 P.M., New York City time on \_\_\_\_\_, unless the U.S. Offer is extended. The time involved in tendering your Alcatel Lucent ADSs held directly in uncertificated form will vary depending on the time it takes you to complete the letter of transmittal and deliver it and any other required documentation by registered mail to the U.S. exchange agent.

If you hold your Alcatel Lucent ADSs directly in book-entry form through DTC and you would like to tender them in the U.S. Offer, you must tender your Alcatel Lucent ADSs by book-entry transfer using the ATOP system no later than the ADS Tender Deadline, which is 5:00 P.M., New York City time on the U.S. business day immediately preceding the Expiration Date, which will be \_\_\_\_\_, unless the U.S. Offer is extended.

If you hold your Alcatel Lucent ADSs indirectly through a broker, dealer, commercial bank, trust company or other nominee, you should not complete and sign the letter of transmittal included with this exchange offer/prospectus. Instead, you should instruct your broker, dealer, commercial bank, trust company or other nominee to validly tender your Alcatel Lucent ADSs in the U.S. Offer through the U.S. exchange agent on your behalf sufficiently in advance of the ADS Tender Deadline so that the broker, dealer, commercial bank, trust company or other nominee can effect such tender through the U.S. exchange agent on your behalf prior to the ADS Tender Deadline. If you hold Alcatel Lucent ADSs indirectly through a broker, dealer, commercial bank, trust company or other nominee, the time involved to validly tender your \_\_\_\_\_

**Table of Contents**

Alcatel Lucent ADSs will vary depending on the time it takes you to instruct your broker, dealer, commercial bank, trust company or other nominee to validly tender your Alcatel Lucent ADSs in the U.S. Offer through the U.S. exchange agent and (i) if your Alcatel Lucent ADSs are evidenced by ADS certificates, the time it takes your broker, dealer, commercial bank, trust company or other nominee to complete the letter of transmittal on your behalf and deliver it and your Alcatel Lucent ADS certificates and any other required documentation by registered mail to the U.S. exchange agent or (ii) if you hold Alcatel Lucent ADSs in book-entry form through DTC, the time it takes your broker, dealer, commercial bank, trust company or other nominee to validly tender your Alcatel Lucent ADSs by book-entry transfer.

The U.S. exchange agent has established an additional means for registered holders of uncertificated Alcatel Lucent ADSs to complete and deliver letters of transmittal via the internet, by signing onto a secure website established and maintained by the U.S. exchange agent and filling in the applicable information online. Detailed instructions for completing and delivering the letter of transmittal via the internet (including the applicable password) are set forth in the letter of transmittal being distributed to holders of uncertificated Alcatel Lucent ADSs.

The U.S. exchange agent will receive and hold all tendered Alcatel Lucent ADSs for the benefit of Nokia. If all the Conditions have been satisfied or waived by Nokia, then the Alcatel Lucent ADSs will be accepted for exchange in the Exchange Offer.

Delivery of documents to DTC will not constitute delivery to the U.S. exchange agent.

If the certificates for Alcatel Lucent ADSs are registered in the name of a person other than the signer of the letter of transmittal, or if consideration is to be delivered or certificates for Alcatel Lucent ADSs not validly tendered or not accepted for payment are to be returned to a person other than the registered holder of the certificates surrendered, then the validly tendered certificates must be endorsed or accompanied by appropriate stock powers, in either case signed exactly as the name or names of the registered holders or owners appear on the certificates, with the signatures on the certificates or stock powers guaranteed by an eligible institution as described above.

No alternative, conditional or contingent tenders of Alcatel Lucent ADSs will be accepted, and no fractional Alcatel Lucent ADSs will be purchased. By delivering the letter of transmittal, you waive any right to receive any notice of the acceptance of your Alcatel Lucent ADSs for exchange.

All properly completed and duly executed letters of transmittal, Alcatel Lucent ADS certificates and any other required documents or, in the case of delivery of the letters of transmittal via internet, all letters of transmittal delivered via the U.S. exchange agent's designated website or, in the case of a book-entry transfer, all agent's messages, delivered to the U.S. exchange agent by you or on your behalf will be deemed, without any further action by the U.S. exchange agent, to constitute acceptance by you of the U.S. Offer with respect to your Alcatel Lucent ADSs validly tendered in the U.S. Offer upon the terms and subject to the conditions set forth in this exchange offer/prospectus and the accompanying letter of transmittal.

If your Alcatel Lucent ADSs are not accepted for exchange for any reason, your Alcatel Lucent ADS certificates or your Alcatel Lucent ADSs in book-entry form will be returned promptly after the expiration or termination of the U.S. Offer or your proper withdrawal of the Alcatel Lucent ADSs from the U.S. Offer, as applicable. In the case of Alcatel Lucent ADSs in book-entry form, such return will be effected by crediting such Alcatel Lucent ADSs to the account at DTC from which they were transferred. In the case of certificated ADSs, the return will be effected by mailing the applicable certificated ADSs to the address on the books and records of the Alcatel Lucent depository.

## **Table of Contents**

Alcatel Lucent ADSs in respect of which a valid tender has been made will be held subject to the control of, or in an account controlled by, the U.S. exchange agent, and consequently you will not be able to sell, assign, transfer or otherwise dispose of such securities until such time as (i) you withdraw your Alcatel Lucent ADSs from the U.S. Offer, (ii) your Alcatel Lucent ADSs have been exchanged for Nokia ADSs (in which case you will only be able to sell, assign, transfer or otherwise dispose of the Nokia ADSs received in respect of your Alcatel Lucent ADSs) or (iii) your Alcatel Lucent ADSs have been returned to you if the U.S. Offer expires or is terminated or because they were not accepted for exchange.

### ***Guaranteed Delivery***

If you wish to tender Alcatel Lucent ADSs pursuant to the U.S. Offer and your Alcatel Lucent ADSs are not immediately available or you otherwise cannot deliver the Alcatel Lucent ADS certificates (the Alcatel Lucent ADRs ) and all other required documents to the U.S. exchange agent prior to the ADS Tender Deadline, you may nevertheless tender such Alcatel Lucent ADSs into the U.S. Offer provided that all of the following conditions are satisfied:

the tender is made by or through a financial institution (including most banks, savings and loan associations and brokerage houses) that is a participant in good standing in the Securities Transfer Agents Medallion Program, the NYSE Medallion Signature Program or the Stock Exchanges Medallion Program, or is otherwise an Eligible Guarantor Institution (as defined in Rule 17Ad-15 under the Exchange Act) (referred to collectively as Eligible Institutions );

a properly completed and duly executed notice of guaranteed delivery, substantially in the form made available by us, is received by the U.S. exchange agent as provided below on or prior to the ADS Tender Deadline; and

within three U.S. business days after the date of execution of such notice of guaranteed delivery, you deliver to the U.S. exchange agent, either:

your Alcatel Lucent ADRs, in proper form for transfer, together with a properly completed and duly executed letter of transmittal, with any required signature guarantee, or

a confirmation of a book-entry transfer of your Alcatel Lucent ADSs into the account of the U.S. exchange agent at DTC as described above, together with a properly completed and duly executed letter of transmittal, with any required signature guarantee or an agent's message.

**The notice of guaranteed delivery may be delivered by hand or transmitted by facsimile transmission mailed to the U.S. exchange agent, or may be delivered by agent's message in DTC's ATOP system. The notice of guaranteed delivery must in all cases include a guarantee by an Eligible Institution in the form set forth in such notice. Delivery of documents to DTC in accordance with its procedures does not constitute delivery to the U.S. exchange agent.**

### ***Holders of Alcatel Lucent Shares***

If you hold Alcatel Lucent Shares, there are two possible ways to validly tender them into the U.S. Offer:

you can tender your Alcatel Lucent Shares in exchange for Nokia Shares; or

you can deposit your Alcatel Lucent Shares into the Alcatel Lucent ADS program, receive Alcatel Lucent ADSs representing your deposited Alcatel Lucent Shares and tender those Alcatel Lucent ADSs in exchange for Nokia ADSs in which case you will have to pay the Alcatel Lucent ADS issuance fee to the Alcatel Lucent depository of \$5.00 (or less) per

100 Alcatel Lucent ADSs issued. The Alcatel Lucent ADS program will be closed to deposits and withdrawals for four U.S. business days prior to the ADS Tender Deadline.

In deciding which method you should use to validly tender your Alcatel Lucent Shares into the U.S. Offer, you should consider the following:

If you validly tender your Alcatel Lucent Shares:

you will receive Nokia Shares;

your Nokia Shares will be in uncertificated form and, at your election, may be deposited into either (i) the same account in which you held your Alcatel Lucent Shares or (ii) your personal book-entry account with a Finnish book-entry operator, into your account with a financial intermediary or your broker's, dealer's, commercial bank's, trust company's or other nominee's book-entry account with a Finnish book-entry operator or a financial intermediary. If you fail to make an election, or your election instruction is determined, in our sole discretion, to be deficient, your Nokia Shares will be deposited into the same account in which you held your Alcatel Lucent Shares; and

you will not have to pay any fee to the U.S. exchange agent to tender your Alcatel Lucent Shares.

If you hold Alcatel Lucent Shares and would like to deposit them in the Alcatel Lucent ADS program, receive Alcatel Lucent ADSs representing your deposited Alcatel Lucent Shares and tender those Alcatel Lucent ADSs into the U.S. Offer through the U.S. exchange agent, you should tender the Alcatel Lucent ADSs representing your deposited Alcatel Lucent ADSs by following the procedures described above in Holders of Alcatel Lucent ADSs. It may, however, not be in your best interests to do so because you will have to pay an issuance fee to the Alcatel Lucent depository in an amount equal to USD 5.00 or less per 100 Alcatel Lucent ADSs (or portion thereof) issued by the Alcatel Lucent depository in exchange for the Alcatel Lucent Shares deposited. The Alcatel Lucent ADS program will be closed to deposits and withdrawals for four U.S. business days prior to the ADS Tender Deadline.

Also, if you hold Alcatel Lucent Shares and would like to hold Nokia ADSs after Completion of the Exchange Offer, please note that Nokia has agreed with Citibank, N.A., Nokia's ADS depository, that, if the Exchange Offer is successful, Citibank will not charge any ADS issuance fees for the issuance of new Nokia ADSs upon deposit of Nokia Shares for a period of thirty calendar days beginning on the U.S. business day following the settlement of the subsequent offering period or, if there is no subsequent offering period, the settlement of the Exchange Offer. Thus, you can convert any Nokia Shares you receive in the Exchange Offer for Nokia ADSs without any ADS issuance fees during the relevant period.

**You must follow the procedures described below in a timely manner in order to tender your Alcatel Lucent Shares into the U.S. Offer.**

**THE METHOD OF DELIVERY OF ANY AND ALL REQUIRED DOCUMENTS IS AT YOUR ELECTION AND RISK. ALCATEL LUCENT SHARES WILL BE DEEMED DELIVERED ONLY WHEN THE TENDERING FORMALITIES SET OUT BELOW HAVE BEEN DULY COMPLETED.**

If you hold your Alcatel Lucent Shares through a French financial intermediary, you should not complete the letter of transmittal. Instead, your French financial intermediary should send you transmittal materials and instructions for participating in the U.S. Offer. If you have not yet received instructions from your French financial intermediary, please contact your French financial intermediary directly.

**Table of Contents**

If you hold your Alcatel Lucent Shares through a custodian that is not a French financial intermediary, you should not complete the letter of transmittal. Instead, your custodian should either forward you the transmittal materials and instructions sent by the French financial intermediary that holds the Alcatel Lucent Shares on behalf of your custodian as record owner or send a separate form prepared by your custodian. If you have not yet received instructions from your custodian, please contact your custodian directly.

If the Alcatel Lucent Shares you hold are registered in direct nominative form (*nominatif pur*) in the Alcatel Lucent shareholders register and you wish to tender your Alcatel Lucent Shares into the U.S. Offer, you must register them in administrated nominative form (*nominatif administré*) with a licensed financial intermediary of your choice, unless you have previously requested their conversion into bearer form. Nokia draws your attention to the fact that if you request the conversion of your Alcatel Lucent Shares into bearer form, you forfeit any benefits related to the holding of shares in nominative form if the Exchange Offer is not successful.

***Holders of OCEANES***

If you hold OCEANES, there are two possible ways to validly tender them into the U.S. Offer:

you can tender your OCEANES in exchange for Nokia Shares; or

you can convert your OCEANES into or exchange your OCEANES for Alcatel Lucent Shares at the change of control conversion/exchange ratio and tender the resulting Alcatel Lucent Shares.

In deciding which method you should use to validly tender your OCEANES into the U.S. Offer, you should consider the following:

If you validly tender your OCEANES:

you will receive Nokia Shares for every 2018 OCEANE, Nokia Shares for every 2019 OCEANE and Nokia Shares for every 2020 OCEANE tendered;

your Nokia Shares will be in uncertificated form and, at your election, may be deposited into either (i) the same account in which you hold your OCEANES or (ii) your personal book-entry account with a Finnish book-entry operator, into your account with a financial intermediary or your broker s, dealer s, commercial bank s, trust company s or other nominee s book-entry account with a Finnish book-entry operator or a financial intermediary;

if you fail to make an election, or your election instruction is determined, in our sole discretion, to be deficient, your Nokia Shares will be deposited into the same account in which you held your OCEANES; and

you will not have to pay any fee to the U.S. exchange agent to tender your OCEANES.

If you elect to convert your OCEANES into or exchange your OCEANES for Alcatel Lucent Shares at the change of control conversion/exchange ratio and tender the resulting Alcatel Lucent Shares:

upon conversion/exchange, you will receive Alcatel Lucent Shares for every 2018 OCEANE, Alcatel Lucent Shares for every 2019 OCEANE and Alcatel Lucent Shares for every 2020 OCEANE that you convert/exchange; and

Edgar Filing: NOKIA CORP - Form F-4/A

you may tender the resulting Alcatel Lucent Shares in accordance with the procedures outlined in Holders of Alcatel Lucent Shares above.

Thus, you can convert any Nokia Shares you receive in the Exchange Offer to Nokia ADSs without any ADS issuance fees during the relevant period.

**You must follow the procedures described below in a timely manner in order to tender your OCEANEs into the U.S. Offer.**

Instead, your custodian should either forward you the transmittal materials and instructions sent by the French financial intermediary that holds the OCEANEs on behalf of your custodian as record owner or send a separate form prepared by your custodian. If you have not yet received instructions from your custodian, please contact your custodian directly.

If the OCEANEs you hold are registered in direct nominative form (*nominatif pur*) in the Alcatel Lucent shareholders register and you wish to tender your OCEANEs into the U.S. Offer, you must register them in administrated nominative form (*nominatif administré*) with a licensed financial intermediary of your choice, unless you have previously requested their conversion into bearer form. Nokia draws your attention to the fact that if you request the conversion of your OCEANEs into bearer form, you forfeit any benefits related to the holding of OCEANEs in nominative form if the Exchange Offer is not successful.

### ***Other Requirements***

If the letter of transmittal, notice of guaranteed delivery or any certificates or stock powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or other persons acting in a fiduciary or representative capacity, such persons should so indicate when signing. Proper evidence of authority to act must be submitted by such persons, although we may waive this requirement.

If any Alcatel Lucent Share or OCEANE or other evidence of ownership has been mutilated, destroyed, lost or stolen, you must:

furnish to your French financial intermediary or U.S. custodian satisfactory evidence of ownership and of the destruction, loss or theft or such document;

indemnify your French financial intermediary or U.S. custodian against loss; and

comply with any other reasonable requirements.

If any Alcatel Lucent ADR has been mutilated, destroyed, lost or stolen, you must contact the Alcatel Lucent ADS depository and comply with the requirements under the deposit agreement to obtain a replacement Alcatel Lucent ADR before you will be able to tender those Alcatel Lucent ADSs in this U.S. Offer.

**Your tender of Alcatel Lucent Securities pursuant to any of the procedures described above in Holders of Alcatel Lucent ADSs , Holder of Alcatel Lucent Shares and Holders of OCEANes will constitute your binding agreement with us to the terms of the U.S. Offer and Conditions.**

### **Validity of Tenders**

Nokia will determine questions as to the validity, form, eligibility, including time of receipt, and acceptance for exchange of any tender of Alcatel Lucent Securities, in Nokia's sole discretion, and Nokia's determination shall be final and binding. Nokia reserves the absolute right to reject any and all tenders of Alcatel Lucent Securities that Nokia determines are not in proper form or the acceptance of or exchange for which may be unlawful. Nokia also reserves the absolute right to waive any defect or irregularity in the tender of any Alcatel Lucent Securities of any particular holder, whether or not similar defects or irregularities are waived in the case of other holders. No tender of Alcatel Lucent Securities will be deemed to have been validly made until all defects and irregularities in tenders of Alcatel Lucent Securities have been cured or waived. None of Nokia, the U.S. exchange agent nor any other person will be under any duty to give notification of any defects or irregularities in the tender of any Alcatel Lucent Securities, and none of them will incur any liability for failure to give any such notification. Nokia's interpretation of the terms of the Exchange Offer and Conditions, including the letter of transmittal and instructions thereto, will be final and binding.

### **Announcement of Results**

The AMF is expected to announce the results of the French Offer, taking into account the results of the U.S. Offer, four to five and in any event no later than nine French trading days following the expiration of the French Offer period and, if applicable, the expiration of the subsequent offering period. In addition, Nokia will also announce the results of the Exchange Offer and, if applicable, the subsequent offering period by means of a public announcement to be issued on the date of announcement of the results by the AMF. In addition, notice will be posted on Nokia's website at [www.nokia.com](http://www.nokia.com). The information on Nokia's website is not a part of this exchange offer/prospectus and is not incorporated by reference herein.

### **Settlement and Delivery of Securities**

If the Conditions have been satisfied or, if applicable, waived, Nokia will accept for exchange and will exchange all Alcatel Lucent Securities that have been validly tendered into, and not withdrawn from, the Exchange Offer and Nokia will issue and deliver the Nokia Shares, and will cause its depository to issue and deliver Nokia ADSs through the U.S. exchange agent, approximately five French trading days following the announcement of the results of the French Offer by the AMF, in accordance with applicable Finnish, French and U.S. rules and regulations. With respect to the subsequent offering period, if any, in accordance with the AMF General Regulation, Nokia will accept for exchange and will exchange all Alcatel Lucent Securities that have been validly tendered into the Exchange Offer during the subsequent offering period and Nokia will issue and deliver the Nokia Shares and will cause its depository to issue and deliver Nokia ADSs through the U.S. exchange agent approximately five French trading days following the announcement of the results of the French Offer by the AMF during the subsequent offering period, in accordance with applicable Finnish, French and U.S. rules and regulations.

If you validly tender Alcatel Lucent ADSs to the U.S. exchange agent, Nokia will deposit the Nokia Shares issuable in respect of the Alcatel Lucent ADSs accepted for exchange in the U.S. Offer with the custodian of the Nokia depository. The Nokia depository will then issue Nokia ADSs representing such Nokia Shares. The U.S. exchange agent will distribute such Nokia ADSs to the holders of Alcatel Lucent ADSs acquired in the U.S. Offer as follows:

if you hold your Alcatel Lucent ADSs directly in certificated or uncertificated form and you or your nominee validly tendered your Alcatel Lucent ADSs in the U.S. Offer by means of delivery of a letter of transmittal, the U.S. exchange agent will register the applicable number of uncertificated Nokia ADSs in your name and mail to you a confirmation of such registration; or

if you hold your Alcatel Lucent ADSs in book-entry form through DTC and such Alcatel Lucent ADSs were delivered to the U.S. exchange agent by book-entry transfer using the ATOP system, the U.S. exchange agent will deliver the applicable number of Nokia ADSs to DTC for forwarding to the account of your nominee at DTC.

Please note that, in accordance with Finnish law, Finnish citizens that own Nokia Shares must be registered directly on the Nokia shareholder register and thus can only hold Nokia Shares in their book entry account with a Finnish book-entry operator.

If you validly tender Alcatel Lucent Shares or OCEANEs in the U.S. Offer, Nokia will issue uncertificated Nokia Shares in respect of the Alcatel Lucent Shares or OCEANEs accepted for exchange in the U.S. Offer and, at your election, will deposit them into either (i) the same account in which you held your Alcatel Lucent Shares or OCEANEs or (ii) your personal book-entry account with a Finnish book-entry operator, into your account with a financial intermediary or your broker s, dealer s, commercial bank s, trust company s or other nominee s book-entry account with a Finnish book-entry operator or a financial intermediary. If you fail to make an election or if your election instruction is determined, in our sole discretion, deficient, your Nokia Shares will be deposited into the same account in which you held your Alcatel Lucent Shares or OCEANEs. You will be able to deposit these Nokia Shares with the custodian of the Nokia depository for issuance of Nokia ADSs representing such Nokia Shares.

Under no circumstances will interest be paid on the exchange of Alcatel Lucent Securities, regardless of any delay in making the exchange or any extension of the Exchange Offer.

We expect that Nokia ADSs to be issued in connection with the Exchange Offer or the subsequent offering period, if any, will begin trading on the NYSE on a when-issued basis before the completion of the Exchange Offer or the subsequent offering period, if any, which is expected to occur approximately five French trading days after the announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) or the subsequent offering period, if any. When-issued trading of Nokia ADSs will continue until the completion of the Exchange Offer or the subsequent offering period, if any. The when-issued trades of Nokia ADSs are expected to settle after issuance of the newly issued Nokia ADSs pursuant to the Exchange Offer or the subsequent offering period, as applicable.

**Treatment of Fractional Nokia Shares or Nokia ADSs**

No fractional Nokia Shares or Nokia ADSs will be issued by Nokia in the context of the Exchange Offer, including during the subsequent offering period. Holders of Alcatel Lucent Securities who tender in the Exchange Offer, including during the subsequent offering period, a number of Alcatel Lucent Securities which does not entitle them to a whole number of new Nokia Shares or Nokia ADSs, will be considered as having expressly agreed to participate in the mechanism to resell new fractional Nokia Shares or ADSs described below for the fractional Nokia Shares or Nokia ADSs to which they are entitled.

***Resale Mechanism for Nokia ADSs***

Promptly after the completion of the Exchange Offer or subsequent offering period, if necessary, the U.S. exchange agent will aggregate all fractional entitlements to new Nokia ADSs in order to obtain a whole number of new Nokia ADSs (their number being rounded down to the next whole number of ADSs) and will sell them on the open market for the account of the applicable tendering holders of Alcatel Lucent Securities participating in this resale mechanism promptly after receipt of the applicable Nokia Shares from Nokia. The cash amount (with respect to Nokia ADSs, in U.S. dollars, rounded to the nearest U.S. cent, it being noted that 0.50 U.S. cents will be rounded to one U.S. cent) will be paid to the applicable tendering holders of Alcatel Lucent Securities as soon as possible following such date. The holders of Alcatel Lucent Securities who participate in this mechanism to resell fractional Nokia ADS entitlements will receive the net proceeds of sales pro rata to their participation in this mechanism, it being specified that Nokia will cover the broker fees as well as any other fees which may be related to the settlement of the resale mechanism.

***Resale Mechanism for Nokia Shares***

Promptly after the completion of the Exchange Offer or subsequent offering period, if necessary Euronext Paris will aggregate all fractional entitlements to new Nokia Shares (their number being rounded up to the highest unit) in order to obtain a whole number of new Nokia Shares and will transfer them to Société Générale who will sell them on the open market for the account of the applicable tendering holders of Alcatel Lucent Securities participating in this resale mechanism promptly and no later than ten French trading days following the completion of the Exchange Offer or if necessary any subsequent offering period after receipt of the applicable Nokia Shares from Nokia. The cash amount (with respect to Nokia Shares, in U.S. dollars, rounded to the nearest U.S. cent, it being noted that 0.50 U.S. cents will be rounded to one U.S. cent) will be paid to the applicable tendering holders of Alcatel Lucent Securities as soon as possible following such date. The holders of Alcatel Lucent Securities who participate in this mechanism to resell fractional Nokia Share entitlements will receive the net proceeds of sales pro rata to their participation in this mechanism, it being specified that Nokia will cover the broker fees as well as any other fees which may be related to the setting up of this resale mechanism.

However, under no circumstances will any interest be paid on the cash amount to be received by a holder of Alcatel Lucent Securities in return for a fractional Nokia Share or Nokia ADS, even in the event of late payment of this amount.

At the end of any subsequent offering period, the same mechanism to resell fractional Nokia Shares or Nokia ADSs will be implemented in order to treat any fractional Nokia Shares or Nokia ADSs generated during the subsequent offering period.

**Share Issuance and Power of Attorney**

The Nokia Shares (including the Nokia Shares represented by Nokia ADSs) to be issued in the U.S. Offer will be created by means of an issuance of new ordinary shares of Nokia. In order to settle the Exchange Offer, it is contemplated that the general meeting of shareholders of Nokia will resolve to authorize the Nokia board of directors to issue new Nokia Shares in deviation from the shareholders' pre-emptive rights as consideration to the holders of Alcatel Lucent Securities who have tendered their Alcatel Lucent Securities into the Exchange Offer, and that the Nokia board of directors will make a resolution to issue new Nokia Shares based on the authorization by the general meeting of shareholders (and register such issuance of new shares with the Finnish Trade Register on settlement). See Description of the Nokia Shares and Articles of Incorporation Shares and Share Capital of Nokia. This issuance of shares will be effected by way of contribution-in-kind of Alcatel

Lucent Securities by the U.S. exchange agent acting in its own name, but for the account of the shareholders who have validly tendered their Alcatel Lucent Securities in the U.S. Offer.

On the basis of a maximum total number of Alcatel Lucent Shares targeted by the Exchange Offer (including Alcatel Lucent Shares issuable upon the conversion of OCEANEs or the exercise of Stock Options) and Alcatel Lucent ADSs, if the participation in the Exchange Offer is 100%, a maximum number of million Nokia Shares may be issued in the Exchange Offer. The exact number of Nokia Shares to be issued will depend on the number of Alcatel Lucent Securities tendered in the Exchange Offer and into any subsequent offering period, as applicable, and will be determined after the publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer).

The new Nokia Shares would be ordinary shares representing the share capital of Nokia, from the same category, entirely paid-up, with voting rights and without nominal value. They will have the same rights and benefits as all existing ordinary shares, including the right to any future dividend, as from the registration of the new shares in accordance with the Finnish Companies Act. The transferability of the Nokia Shares offered in the Exchange Offer for Alcatel Lucent Securities will not be limited by any provision of the Nokia Articles of Association, Finnish law or Nasdaq Helsinki and NYSE Euronext regulations.

For a more detailed description of the Nokia Shares refer to the section entitled Description of the Nokia Shares and Articles of Association Shares and Share Capital of Nokia .

If you tender your Alcatel Lucent ADSs in the U.S. Offer, you will be deemed to accept that, in connection with the share issuance described above, the U.S. exchange agent will undertake to contribute your Alcatel Lucent ADSs or the Alcatel Lucent ADSs in its own name, but for your account. In addition, by tendering the Alcatel Lucent ADSs you will authorize the U.S. exchange agent and, if applicable, the Alcatel Lucent depositary, to take the following actions for your account if the Exchange Offer is successful:

Execute a subscription commitment and enter into a contribution-in-kind agreement with Nokia pursuant to which Nokia will issue to the U.S. exchange agent for your account 0.55 Nokia Share in exchange of each Alcatel Lucent ADS you have validly tendered in, and not withdrawn from, the U.S. Offer; and

Upon issuance of the Nokia Shares for your account: instruct (a) the U.S. exchange agent to deposit the Nokia Shares issued for your account with the custodian for the Nokia ADS program and (b) the Nokia depositary to issue and deliver Nokia ADSs representing the deposited shares to you or your nominee.

Nokia shall not have the rights specified in clauses (d) or (f) above until it has irrevocably accepted those Alcatel Lucent ADSs tendered in the U.S. Offer. Upon acceptance by Nokia of tendered Alcatel Lucent ADSs in the U.S. Offer, the tendering holder of Alcatel Lucent ADSs shall have no further rights with respect to those Alcatel Lucent ADSs, except that the holder shall have a right to receive from Nokia the Nokia ADSs subject to and in accordance with the terms and conditions of the U.S. Offer;

irrevocably appoint each designee of Nokia as the attorney-in-fact and proxy of the tendering holder, each with full power of substitution, to exercise all voting and other rights of the tendering holder in such manner as each such attorney and proxy or his substitute shall, in his sole discretion, deem proper and otherwise act (by written consent or otherwise), with respect to all of the Alcatel Lucent ADSs tendered (and any associated Distributions) that have been accepted for payment by Nokia prior to the time of any vote or other action (and any and all other Alcatel Lucent Shares or other securities or rights issued or issuable in respect of such Alcatel Lucent ADSs) at any meeting of securityholders of Alcatel Lucent (whether annual or special and whether or not an adjourned or postponed meeting), any actions by written consent in lieu of any such meeting or otherwise. This proxy and power of attorney is coupled with an interest in the tendered Alcatel Lucent ADSs, is irrevocable and is granted in consideration of, and is effective upon, the acceptance for payment of the Alcatel Lucent ADSs by Nokia in accordance with the terms and conditions of the U.S. Offer. Such acceptance for payment shall

revoke any other proxy or written consent granted by the tendering holder at any time with respect to such Alcatel Lucent ADSs (and all such other Alcatel Lucent Shares or other securities or rights), and no subsequent proxies will be given or written consents will be executed by the tendering holder (and if given or executed, will not be deemed effective). The tendering holder understands that, in order for the Alcatel Lucent ADSs to be deemed validly tendered, immediately upon Nokia's acceptance of such Alcatel Lucent ADSs, Nokia or its designee must be able to exercise full voting, consent and other rights with respect to such Alcatel Lucent ADSs (and any associated distributions), including, the right to instruct the Alcatel Lucent depository with respect to voting at any meeting of Alcatel Lucent's stockholders;

represent and warrant that it has full power and authority to accept the U.S. Offer and to tender, exchange, sell, assign and transfer the Alcatel Lucent ADSs (and any associated Distributions) tendered by the letter of transmittal (and any and all other Alcatel Lucent Shares or other securities or rights issued or issuable in respect of such Alcatel Lucent ADSs), and that when the same are accepted for payment by Nokia, Nokia will acquire good, marketable and unencumbered title thereto and to all Distributions, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claims; and

All authority conferred or agreed to be conferred pursuant to these representations and covenants shall not be affected by, and shall survive, the death or incapacity of and any obligation of the tendering holder shall be binding upon the heirs, personal representatives, successors and assigns of the tendering holder.

***Representations and Covenants of Tendering Holders of Alcatel Lucent Shares and OCEANES***

Upon tendering the Alcatel Lucent Shares or OCEANES in the U.S. Offer, the tendering holder of such Alcatel Lucent Shares or OCEANES is deemed to:

on the terms and subject to the conditions of the U.S. Offer (including, if the U.S. Offer is extended or amended, the terms and conditions of such extension or amendment), and subject to, and effective upon, acceptance for exchange of, and exchange for, the Alcatel Lucent Shares and OCEANES tendered in accordance with the terms of the U.S. Offer, sell, assign and transfer to, or upon the order of, Nokia, all right, title and interest in and to all of the Alcatel Lucent Shares and OCEANES being tendered and any and all dividends, distributions (including, without limitation, distributions of additional Alcatel Lucent Shares or OCEANES), rights or other securities issued or issuable in respect of such Alcatel Lucent Shares and OCEANES on or after the completion of the U.S. Offer, and appoints Nokia the true and lawful agent and attorney-in-fact of such holder with respect to such Alcatel Lucent Shares and OCEANES (and any Distributions) with full power of substitution (such power of attorney being deemed to be an irrevocable power coupled with an interest) to the fullest extent of such holder's rights with respect to such Alcatel Lucent Shares and OCEANES (and any Distributions) (a) to transfer ownership of such Alcatel Lucent Shares and OCEANES (and any Distributions) on the account books of Alcatel Lucent, together in either such case with all accompanying evidences of transfer and authenticity, to or upon the order of Nokia, (b) to present such Alcatel Lucent Shares and OCEANES (and any Distributions) for transfer on the books of Alcatel Lucent and (c) to receive all benefits and otherwise exercise all rights of beneficial ownership of such Alcatel Lucent Shares and OCEANES (and any Distributions), all

in accordance with the terms and the conditions of the U.S. Offer. The tendering holder is deemed to instruct the financial intermediary to tender, or to cause to be tendered, the Alcatel Lucent Shares and OCEANEs as part of the French centralizing procedures;

irrevocably appoint the designees of Nokia, and each of them, the attorneys-in-fact and proxies, each with full power of substitution, to the full extent of such holder's rights with respect to the Alcatel Lucent Shares and OCEANEs tendered which have been accepted for exchange by Nokia and with respect to any Distributions. Subject to applicable law, the designees of Nokia will, with respect to the Alcatel Lucent Shares and OCEANEs (and any associated Distributions) for which the appointment is effective, be empowered to exercise all voting, consent and any other similar rights of such holder, as they, in their sole discretion, may deem proper at any ordinary, extraordinary or adjourned meeting of Alcatel Lucent's shareholders or bondholders, by written consent in lieu of any such meeting or otherwise. This proxy and power of attorney shall be irrevocable and coupled with an interest in the tendered Alcatel Lucent Shares and OCEANEs. Such appointment is effective upon the acceptance by Nokia of the Alcatel Lucent Shares and OCEANEs tendered. If the U.S. Offer is successful, Nokia will be deemed to have accepted for exchange Alcatel Lucent Shares and OCEANEs validly tendered and not withdrawn on the Expiration Date, as set forth in the final results of the French Offer (taking into account the results of the U.S. Offer) published by the AMF. Upon the effectiveness of such appointment, without further action, all prior powers of attorney, proxies and consents given with respect to such Alcatel Lucent Shares and OCEANEs (and any associated Distributions) will be revoked, and no subsequent powers of attorney, proxies, consents or revocations may be given (and, if given, will not be deemed effective). Nokia reserves the right to require that, in order for Alcatel Lucent Shares and OCEANEs to be deemed validly tendered, immediately upon Nokia's exchange of such Alcatel Lucent Shares and OCEANEs, subject to applicable law, Nokia must be able to exercise full voting or consent rights with respect to such Alcatel Lucent Shares and OCEANEs (and any associated Distributions), including voting at any meeting of shareholders or bondholders; and

represent and warrant that the tendering holder has full power and authority to tender, sell, assign and transfer the Alcatel Lucent Shares and OCEANEs (and any Distributions) and, when the same are accepted for exchange by Nokia, Nokia will acquire good, marketable and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances, and the same will not be subject to any adverse claim. The tendering holder will be deemed to agree to, upon request, execute and deliver any additional documents deemed by the financial intermediary or Nokia to be necessary or desirable to complete the sale, assignment and transfer of the Alcatel Lucent Shares and OCEANEs (and any Distributions) tendered. In addition, the tendering holder will be deemed to agree to promptly remit and transfer to the financial intermediary for the account of Nokia any and all Distributions in respect of the Alcatel Lucent Shares and OCEANEs tendered, accompanied by appropriate documentation of transfer; and, pending such remittance or appropriate assurance thereof, Nokia shall be entitled to all rights and privileges as owner of any such Distributions and may withhold the entire consideration offered pursuant to the Exchange Offer or deduct from such consideration offered the amount or value thereof, as determined by Nokia in its sole discretion.

All authority conferred or agreed to be conferred pursuant to these representations and covenants shall not be affected by, and shall survive, the death or incapacity of and any obligation of the tendering holder shall be binding upon the heirs, personal representatives, successors and assigns of the tendering holder.

### **Certain Consequences of the Exchange Offer**

After a successful completion of the Exchange Offer, Nokia is expected to own between 50% and 100% of Alcatel Lucent. As a result, Nokia will be in a position to exert influence over the strategic, operating and financial policies of Alcatel Lucent. If the squeeze-out is implemented, Nokia's ownership of Alcatel Lucent would increase to 100% and Nokia would be entitled to all benefits resulting from that ownership, including all income generated by Alcatel Lucent's operations and any future increase in Alcatel Lucent's value and the right to elect all members of the Alcatel Lucent board of directors. Similarly, Nokia would also bear the risk of losses generated by Alcatel Lucent's operations and any decrease in the value of Alcatel Lucent after such an acquisition.

### ***Trading in Alcatel Lucent Securities During and After the Exchange Offer Period***

During the Exchange Offer period, Alcatel Lucent Shares and OCEANEs not validly tendered into the Exchange Offer will continue to trade on Euronext Paris and Alcatel Lucent ADSs not validly tendered into the U.S. Offer will continue to trade on the NYSE.

On opening of the first U.S. business day following the ADS Tender Deadline, the NYSE may suspend trading in the Alcatel Lucent ADSs pending public announcement of the results of the Exchange Offer. Because the results of the Exchange Offer may not be announced until up to nine French trading days after the Expiration Date (although we expect the announcement to be made approximately four to five French trading days after the Expiration Date), holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the Exchange Offer may be unable to trade Alcatel Lucent ADSs on the NYSE during this period.

Trading in Alcatel Lucent Shares, Alcatel Lucent ADSs and OCEANEs may continue on Euronext Paris and the NYSE, as applicable, after the completion of the Exchange Offer, depending on the number of such Alcatel Lucent Securities not acquired in the Exchange Offer. However, following the completion of the Exchange Offer and depending on the number of remaining Alcatel Lucent Shares outstanding, Nokia intends, subject to applicable law and securities exchange regulations, to (i) request from Euronext Paris the delisting of the Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext Paris and (ii) seek to delist the Alcatel Lucent ADSs from the NYSE (as discussed below in this section under **Reduced Liquidity of Alcatel Lucent Securities**).

### ***Listings of the Nokia Shares***

Nokia has applied for the Nokia Shares (including the Nokia Shares to be issued in connection with the Exchange Offer) to be admitted for listing to Euronext Paris. Nokia expects that Admission will take effect prior to the completion of the Exchange Offer. Nokia will apply for a listing of the Nokia Shares and Nokia ADSs to be issued in connection with the Exchange Offer on the Nasdaq Helsinki and the NYSE, respectively. We expect that Nokia ADSs to be issued in connection with the Exchange Offer or the subsequent offering period, if any, will begin trading on the NYSE on a **when-issued** basis before the completion of the Exchange Offer or the subsequent offering period, if any, which is expected to occur approximately five French trading days after the announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) or the results of the subsequent offering period, if any.

### ***Reduced Liquidity of Alcatel Lucent Securities***

After completion of the Exchange Offer, and as applicable, after any subsequent offering period, Nokia intends, subject to applicable law and securities exchange regulations, to (i) request from Euronext Paris the delisting of the Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext

---

## **Table of Contents**

Paris and (ii) seek to delist the Alcatel Lucent ADSs from the NYSE and, when possible, to deregister the Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act.

A delisting from Euronext Paris may occur in accordance with the Euronext Paris rules if Nokia (i) completes the squeeze-out or (ii) holds at least 90% of the voting rights of Alcatel Lucent following a simplified public offer and over the last 12 months before the delisting application the total value of Alcatel Lucent Shares traded on Euronext Paris represents less than 0.5% of Alcatel Lucent's market capitalization. Pursuant to Articles 6905/1 *et. seq.* of the Euronext Rule Book, Euronext Paris may delist shares listed on its markets upon a written request of the issuer, which must indicate the reasons of such request. Euronext Paris may decide not to proceed with the delisting of the shares as requested by the issuer if such a delisting affects the equitable, organized and efficient functioning of the market. Euronext Paris may also subject the delisting of the Alcatel Lucent Shares to any additional conditions which it deems appropriate.

If any of these delistings or the deregistration were to occur, there may be no publicly traded Alcatel Lucent Shares, OCEANEs or Alcatel Lucent ADSs, which would likely reduce their respective liquidity and market value. Even if such delistings or the deregistration do not occur, the Exchange Offer will reduce the number of Alcatel Lucent Shares, OCEANEs and Alcatel Lucent ADSs that might otherwise trade publicly and will reduce the number of holders of Alcatel Lucent Shares, OCEANEs and Alcatel Lucent ADSs which could, in turn, also adversely affect the liquidity and market value of the Alcatel Lucent Shares, OCEANEs and Alcatel Lucent ADSs not acquired in the Exchange Offer.

On opening of the first U.S. business day following the ADS Tender Deadline, the NYSE may suspend trading in the Alcatel Lucent ADSs pending public announcement of the results of the Exchange Offer. Because the AMF may not announce the results of the French Offer (taking into account the results of the U.S. Offer) until up to nine French trading days after the Expiration Date (although we expect the announcement to be made approximately four to five French trading days after the Expiration Date), holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the U.S. Offer may be unable to trade Alcatel Lucent ADSs on the NYSE during this period. Further, if fewer than 600 000 Alcatel Lucent ADSs remain outstanding following completion of the Exchange Offer, the NYSE may not resume trading in the Alcatel Lucent ADSs after the publication of the results of the Exchange Offer. Accordingly, holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the U.S. Offer may be unable to trade their Alcatel Lucent ADSs on the NYSE at any point following the ADS Tender Deadline. As of June 30, 2015, there were 499 863 626 Alcatel Lucent ADSs outstanding.

Quotations of the Alcatel Lucent Securities might still be available from another source. The extent of the market for the Alcatel Lucent Securities and the availability of such quotations would, however, depend upon the number of holders of these securities remaining at such time, the interest in maintaining a market in the Alcatel Lucent Securities on the part of securities firms and other factors.

### ***Termination of the Alcatel Lucent Deposit Agreement***

As promptly as practicable after completion of the Exchange Offer or the subsequent offering period, if any, Nokia intends, subject to applicable law, to cause Alcatel Lucent to terminate the Alcatel Lucent deposit agreement. Following such termination, the Alcatel Lucent depository would perform no further acts under the Alcatel Lucent deposit agreement, except to receive and hold (or sell) distributions on the deposited securities and deliver the deposited securities being withdrawn.

Following the termination of the deposit agreement, the Alcatel Lucent depository may do either of the following:

instruct its custodian to register all Alcatel Lucent Shares underlying the remaining Alcatel Lucent ADSs with Alcatel Lucent in registered form (*nominatif pur*) and provide Alcatel Lucent

with a copy of the ADR register. Upon receipt of such instructions, Alcatel Lucent would register in registered form (*nominatif pur*) the Alcatel Lucent Shares represented by the Alcatel Lucent ADSs reflected on the register in each such holder's name; or

sell Alcatel Lucent Shares underlying the remaining Alcatel Lucent ADSs and (as long as it may lawfully do so) would hold in a segregated account the net proceeds of such sales, together with any other cash then held by it under the Alcatel Lucent deposit agreement, without liability for interest, in trust for the pro rata benefit of the holders of Alcatel Lucent ADSs not theretofore surrendered.

**Status as Margin Securities**

The Alcatel Lucent Shares and Alcatel Lucent ADSs are currently margin securities, as such term is defined under the rules of the Board of Governors of the Federal Reserve System (the Federal Reserve Board), which has the effect, among other things, of allowing brokers to extend credit on the collateral of these securities. Following completion of the Exchange Offer, Nokia intends to seek to

delist the Alcatel Lucent ADSs from the NYSE. This delisting would cause the Alcatel Lucent Shares and Alcatel Lucent ADSs to cease being margin securities for the purposes of the margin regulations of the Federal Reserve Board, in which event these securities could no longer be used as collateral for loans made by brokers.

### **Statutory Exemption from Certain U.S. Tender Offer Requirements**

The Exchange Offer qualifies as a Tier II offer in accordance with Rule 14d-1(d) under the Exchange Act and is, as a result, exempt from certain provisions of otherwise applicable U.S. statutes and rules relating to tender offers. In separating our offers into the U.S. Offer and the French Offer we are relying on the Tier II exemption from Rule 14d-10 under the Exchange Act. In addition, we intend to rely on the Tier II exemption from Rule 14d-11(c) and Rule 14d-11(d) on the conditions for the provision of a subsequent offering period, Rule 14e-1(c) on prompt payment and Rule 14e-1(d) on the procedures for giving notices of any extensions of the length of the tender offer, where we will follow French law and practice.

We may rely on other Tier II exemptions and may need to request additional relief from the SEC if the implementation of the French tender offer law and practice is inconsistent with the U.S. tender offer rules and practice. If we are unable to obtain such additional relief, we may have to amend the U.S. Offer to the extent we are permitted to do so as a matter of French law and regulations. While we do not anticipate that any amendment will be required that would be prohibited by French law, if such conflict arises we may be unable to complete the Exchange Offer.

***Conversion/Exchange of OCEANE Bonds in the Event of a Tender Offer***

Under the terms of each of the OCEANES, since the Exchange Offer may lead to a Change of Control (as defined below) of Alcatel Lucent, the opening of the Exchange Offer resulted in adjustment of the conversion/exchange ratio for the duration of the Adjustment Period (as defined below) in accordance with the following formula:

$$\text{NCER} = \text{CER} \times (1 + \text{OCEANE Issue Premium} \times (\text{D}/\text{DT}))$$

where:

NCER means the OCEANES new conversion/exchange ratio applicable during the Adjustment Period;

CER means the conversion/exchange ratio in effect before the Exchange Offer opening date, such conversion/exchange ratio being 1.06 Alcatel Lucent Share for every 2018 OCEANE, one Alcatel Lucent Share for every 2019 OCEANE, and one Alcatel Lucent Share for every 2020 OCEANE;

OCEANE Issue Premium means the premium, expressed as a percentage, determined by comparing the par value per unit of the OCEANES to the reference price of the Alcatel Lucent's Shares used at the time the final terms of the OCEANES were determined, such premium being 36.8% for the 2018 OCEANES, 40.2% for the 2019 OCEANES and 37.1% for the 2020 OCEANES;

D means the number of days between the Exchange Offer opening date (inclusive) and the OCEANE maturity date (exclusive), with the maturity date being July 1, 2018 for the 2018 OCEANES, January 30, 2019 for the 2019 OCEANES and January 30, 2020 for the 2020 OCEANES; and

DT means the number of days between the issuance date of the OCEANES (inclusive) (such date being July 3, 2013 for the 2018 OCEANES and June 10, 2014 for the 2019 OCEANES and 2020 OCEANES) and the maturity date of the OCEANES (exclusive) (such number of days being 1 824 days for the 2018 OCEANES, 1 695 days for the 2019 OCEANES and 2 060 days for the 2020 OCEANES).

As a result of the Exchange Offer, the adjusted conversion/exchange ratios (or the NCERs) are \_\_\_\_\_ for the 2018 OCEANES, \_\_\_\_\_ for the 2019 OCEANES and \_\_\_\_\_ for the 2020 OCEANES.

The adjustment of the conversion/exchange ratio discussed above will, pursuant to the terms of the respective securities notes of the OCEANES, benefit only those holders of OCEANES who will exercise their conversion/exchange right, between (and including):

- (a) the opening date of the Exchange Offer (which is \_\_\_\_\_), and
- (b) (i) (x) if the AMF declares that the French Offer is successful, the date that is 15 French business days after the publication by the AMF of the results of the French Offer (taking into \_\_\_\_\_)

---

**Table of Contents**

account the results of the U.S. Offer), which is currently expected to be \_\_\_\_\_, or, if there is a subsequent offering period, the date that is 15 French business days after the end of the subsequent offering period of the French Offer, or (y) if the AMF declares that the French Offer (taking into account the results of the U.S. Offer) is unsuccessful, the date of publication by the AMF of the results of the French Offer; or

(ii) if Nokia withdraws the Exchange Offer, the date on which such withdrawal is published.

This period is referred to as the Adjustment Period.

For the purpose of the OCEANEs, the term Change of Control means acquisition by one or more individual(s) or legal entity or entities, acting alone or in concert, of the control of Alcatel Lucent, with control meaning the holding (directly or indirectly through the intermediary of companies themselves controlled by the individual(s) or entity or entities concerned) (x) the majority of voting rights attached to the Alcatel Lucent Shares or (y) more than 40% of these voting rights if no other Alcatel Lucent shareholder, acting alone or in concert, holds (directly or indirectly through the intermediary of companies controlled by this or these shareholders) a higher percentage of voting rights.

In the event of the conversion/exchange of the OCEANEs during the Adjustment Period, the corresponding Alcatel Lucent Shares will be delivered within a maximum of three French business days of the OCEANEs conversion/exchange request date.

In the event of an adjustment, Alcatel Lucent is obligated to notify the holders of OCEANEs of such adjustment, at the latest within five French business days following the entry into force of the new adjustment, by means of a notice published in a financial newspaper with general distribution in France. Such adjustment shall also be subject to a notice issued by Euronext Paris with the same details.

***Early Redemption in the Event of a Change of Control***

In the case of the occurrence of a Change of Control (as would be the case if the Exchange Offer is successful), any holder of OCEANEs may, at its option, request the early redemption in cash the OCEANEs owned by such holder at par plus, as applicable, accrued interest from the last interest payment date for each series of the OCEANEs until the early redemption date, pursuant to the terms of the prospectus relating to the issue of such OCEANEs.

If the Exchange Offer is successful, Alcatel Lucent is expected to inform the holders of OCEANEs of any Change of Control by means of a notice distributed by Alcatel Lucent and posted on its website ([www.alcatel-lucent.com](http://www.alcatel-lucent.com)) as well as in a notice to be issued by Euronext Paris at the latest within 30 calendar days following the effective Change of Control. These notices are expected to remind the holders of OCEANEs that they have the right to request the early redemption of their OCEANEs and to indicate (i) the early redemption date which would be between the 25th and the 30th French business day following the distribution date of the notice by Alcatel Lucent, (ii) the redemption amount and (iii) the period, of at least 15 French business days following the distribution date of the notice by Alcatel Lucent, during which the early redemption requests for the OCEANEs must be received by the centralizing agent.

To obtain early redemption of the OCEANEs, holders of OCEANEs must file a request with the financial intermediary holding their OCEANEs in a securities account. Any such demand may not be revoked once it is received by the relevant financial intermediary.

Requests for early redemption and the corresponding OCEANEs must be received by the centralizing agent no later than the fifth French business day before the early redemption date.

---

## **Table of Contents**

In such case, the OCEANEs, where an early redemption was requested, will be redeemed at a price equal to par plus, and regarding the 2018 OCEANEs and 2020 OCEANEs, accrued interests from the date the interest was last paid preceding the date of early redemption, to the date set for the early redemption.

### ***Early Redemption in the Event of Delisting of the Alcatel Lucent Shares***

Pursuant to the terms of the securities notes relating to the issue of each of the OCEANEs, the representative of the body (*Masse*) of the OCEANEs (*Représentant de la Masse*) may, upon decision of the general meeting of the holders of OCEANEs of one series (of that series Nokia will not vote with regard to OCEANEs if it holds more than 10% of the relevant series of OCEANEs), acting under conditions of quorum and majority provided for by law, by written notice sent to Alcatel Lucent, with a copy to the centralizing agent, request the early redemption of such series of the OCEANEs redeemable at a price equal to par plus, regarding the 2018 OCEANEs and the 2020 OCEANEs, accrued interests from the last interest payment date for each of the OCEANEs until the early redemption date, if (i) Alcatel Lucent's Shares cease to be listed on Euronext Paris and are not listed on any other regulated market within the European Union and (ii) the Alcatel Lucent ADSs or Alcatel Lucent Shares cease to be listed on a regulated market in the United States.

As a consequence, such early redemption right may be triggered in connection with the Exchange Offer in the event of implementation of a squeeze-out for Alcatel Lucent Shares, or of delisting of Alcatel Lucent Shares on Euronext Paris and the Alcatel Lucent ADSs on the NYSE.

### ***Early Redemption of a Series of OCEANEs If the Outstanding OCEANEs of Such Series Represent Less Than 15% of the Issued OCEANEs of any Such Series***

Pursuant to the terms of the prospectus relating to the issue of each of the OCEANEs, Alcatel Lucent may, at its option and at any time, subject to advance notice of at least 30 calendar days, redeem at par value plus, regarding the 2018 OCEANEs and the 2020 OCEANEs, accrued interests from the date the interest was last paid, to the date set for the early redemption all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding. If the Exchange Offer is successful, Nokia expressly reserves the right, to cause Alcatel Lucent to effect such redemption at any relevant time.

The holders of OCEANEs will retain the ability to exercise their OCEANEs conversion/exchange right up to and including the seventh French business day immediately preceding the early redemption date.

## **Legal Matters; Regulatory Approvals**

### ***General***

We are not aware of any governmental license or regulatory permit that appears to be material to Alcatel Lucent's business that might be adversely affected by Nokia's acquisition of Alcatel Lucent Securities pursuant to the Exchange Offer or, except as described below, of any approval or other action by any government or governmental administrative or regulatory authority or agency, domestic or foreign, that would be required for Nokia's acquisition or ownership of Alcatel Lucent Securities pursuant to the Exchange Offer. Should any of these approvals or other actions be required, Nokia currently contemplates that these approvals or other actions will be sought. There can be no assurance that any of these approvals or other actions, if needed, will be obtained (with or without substantial conditions) or that if these approvals were not obtained or these other actions were not taken adverse consequences might not result to Alcatel Lucent's or our business.

***Regulatory Approvals for the Exchange Offer***

Pursuant to the Memorandum of Understanding, the filing of the French Offer with the AMF was conditional on the receipt of approvals (or expiration of the relevant waiting periods) from antitrust or similar authorities in nine jurisdictions identified below. In addition, the filing of the French Offer with the AMF was subject to the authorization of the Ministry of Economy and Finance of the French Republic and the receipt of the required approval of the Committee on Foreign Investment in the United States.

*Antitrust Approvals*

*United States.* Under the Hart-Scott-Rodino Act of 1976 (the "HSR"), the Exchange Offer may not be consummated until HSR notifications have been made and the applicable waiting period has expired or been terminated. Nokia and Alcatel Lucent filed their respective HSR notifications for the transaction on May 18, 2015. On June 16, 2015, the United States Department of Justice granted early termination of the HSR waiting period.

*European Union.* Under the Council Regulation (EC) No. 139/2004 of the Council of the European Union, the Exchange Offer requires notification to and prior approval by the European Commission. Nokia received the European Commission's approval for the Exchange Offer on July 24, 2015.

*People's Republic of China.* Under the Chinese Anti-Monopoly Law of 2008, the Exchange Offer cannot be completed until it is reviewed and approved by the Ministry of Commerce of the People's Republic of China ("MOFCOM"). On October 19, 2015, Nokia received clearance from MOFCOM for the proposed acquisition of Alcatel Lucent.

*Other jurisdictions.* The filing of the French Offer with the AMF was also subject to approval or expiration of the relevant waiting periods with respect to the antitrust regulations in Brazil, Canada, India, Japan, Russia and Taiwan. The last of these approvals was received on August 21, 2015.

*Other Regulatory Approvals*

*Exon-Florio/CFIUS.* Pursuant to the Exon-Florio Amendment to the Defense Production Act of 1950, 50 U.S.C. App. §2170, as amended, on September 14, 2014, the Committee on Foreign Investment in the United States ("CFIUS") notified Nokia and Alcatel Lucent that there were no unresolved national security concerns regarding the Exchange Offer and its implications for the U.S. operations of Nokia and Alcatel Lucent.

*Ministry of Economy, Industry and Digital Sector of the French Republic.* In accordance with the French laws and regulations on foreign investments in France (Articles L. 151-1 et al. and R. 153-1 et al. of the French Financial and Monetary Code), Nokia filed an authorization request letter with the Ministry of Economy, Industry and Digital Sector of the French Republic (the "MINEFI") on May 18, 2015. Nokia received MINEFI approval for the Exchange Offer on October 21, 2015.

In its discussions with the French government, Nokia has confirmed that France will play a leading role in the combined company's R&D operations. Nokia will build on the strong competencies in the country within key technology areas, on the existing presence of Alcatel Lucent and its strong engagement in the technology ecosystem in France, and on the excellent new technical talent available from French universities.

In addition to the employed-related commitments described in the section "The Transaction Intentions of Nokia over the next twelve months Intentions of Nokia with respect to employment in France," Nokia made a certain number of commitments in the context, and subject to, the proposed combination with Alcatel Lucent.

## **Table of Contents**

Alcatel Lucent will be represented by three board members in the combined company. Nokia will be also listed on Euronext Paris. The combined company will establish or keep the adequate legal entities in France and comply with French regulations related to sensitive contracts.

Nokia expects to benefit from becoming a deeply embedded part of France, tapping into and helping develop the technology ecosystem of the country. Nokia will invest further in the digital innovation ecosystem in France following the Completion of the Exchange Offer, primarily through the establishment of a long-term investment fund in the range of EUR 100 million. This fund will mainly target the Internet of Things, cyber-security and software platform enablers for next generation networks.

Nokia intends to support the development of the overall telecom ecosystem in France and to ensure continuity of Alcatel Lucent's current initiatives. This involves playing an active role in the government's Industry of the Future program, funding academic tuition, programs and chairs, situating technology experts within France (such as within Bell Labs France), and continuing Alcatel Lucent's involvement in major initiatives such as Pôles de compétitivité Systematic, Cap Digital, and Images and Réseaux. Nokia will also develop three industrial platforms and networks prototypes in France within the fields of 5G, Industrial Internet/Internet of Things connectivity and cyber-security.

Following the Completion of the Exchange Offer, Nokia, which will remain headquartered in Finland, intends to leverage the combined strengths of the companies' strategic business locations and major R&D centers in other countries, including Finland, Germany, the United States and China.

Nokia has committed, upon Completion of the Exchange Offer, to providing regular updates to the French government as the integration of the two companies progresses.

### ***Banking and Insurance Supervisory Authorities***

Pursuant to the AMF General Regulation, prior to the opening of the French Offer with the AMF, Nokia was required to obtain approvals (or expiration of the relevant waiting periods) from the banking and/or insurance supervisory authorities in Europe (European Central Bank), Luxembourg (*Commissariat aux Assurances*), and Vermont (United States) (Vermont Department of Financial Regulation), as a result of the indirect change of control, if the Exchange Offer is successful, of the French banking company Electro Banque and the Luxembourg reinsurance company Electro Re, both directly wholly-owned subsidiaries of Alcatel Lucent, as well as the Luxembourg insurance company Electro Assurance and the U.S. insurance company First Beacon Insurance Company, both directly wholly-owned subsidiaries of Electro Re. Nokia obtained the approvals of the Vermont Department of Financial Regulation on July 9, 2015, the *Commissariat aux Assurances* on August 14, 2015, and the European Central Bank on October 20, 2015.

### ***AMF Regulation of the French Offer***

On [redacted], Société Générale, acting on Nokia's behalf as presenting bank (*banque présentatrice*) for the French Offer, filed with the AMF a letter containing the material terms of the French Offer and a draft of the French Offer Documentation with respect to the French Offer.

Pursuant to Article 231-13 of the AMF General Regulation, Société Générale, acting as presenting bank (*banque présentatrice*) for the French Offer, guarantees the content and the irrevocable nature of the undertakings made by Nokia in the context of the French Offer.

Following the filing of the French Offer with the AMF, the AMF published on the same day on its website ([www.amf-france.org](http://www.amf-france.org)) the material terms of the French Offer in an official notice.

## **Table of Contents**

According to Article 231-16 of the AMF General Regulation, the draft French Offer Documentation has been made available to the public for free at the registered office of Nokia and at Société Générale and has been published on the websites of the AMF ([www.amf-France.org](http://www.amf-France.org)) and Nokia ([www.nokia.com](http://www.nokia.com)). In addition, a public announcement relating to the terms of the French Offer has been issued by Nokia on the date of filing of the French Offer with the AMF.

A draft response document (*projet de note en réponse*) has also been filed on \_\_\_\_\_ by Alcatel Lucent with the AMF. Such draft response document contains in particular the report of the independent expert appointed by Alcatel Lucent board of directors in the context of the French Offer, the reasoned opinion of Alcatel Lucent's board of directors on the Exchange Offer and the opinion of Alcatel Lucent's French Group Committee on the Exchange Offer.

On \_\_\_\_\_, 2015, the AMF declared the French Offer compliant with applicable laws and regulations and granted its visa with respect to the French Offer Documentation and Alcatel Lucent's draft response document.

The French Offer Documentation and Alcatel Lucent's response document having received the visa of the AMF, and Nokia's and Alcatel Lucent's French document relating, in particular, to its legal, financial and accounting characteristics having been made freely available to the public no later than the day before the opening of the French Offer, the French Offer commenced on \_\_\_\_\_. These documents are also made available on the website of the AMF. Prior to the opening of the Exchange Offer, the AMF published an opening notice announcing the opening of the French Offer, and Euronext Paris published a notice announcing the calendar and the terms and conditions of the French Offer. A public announcement detailing the terms of provision of these documents has also been published on \_\_\_\_\_.

The French Offer will remain open for a period of 25 French trading days, unless it is extended or terminated earlier in accordance with the AMF General Regulation.

Following the expiration of the French Offer period, the AMF will announce the results of the French Offer (taking into account the results of the U.S. Offer) by a notice which will be published no later than nine French trading days following the expiration of the French Offer period and Euronext Paris will indicate in a notice the date of settlement of the French Offer.

According to Article 232-4 of the AMF General Regulation, if the Exchange Offer is successful and if Nokia holds less than 95% of the share capital and voting rights of Alcatel Lucent, the subsequent offering period will commence in connection with the French Offer within ten French trading days following the publication of the results of the French Offer (taking into account the results of the U.S. Offer) by the AMF, for a period of at least ten French trading days. Prior to the commencement of the subsequent offering period, the AMF will publish a reopening notice.

Following the expiration of the subsequent offering period, the AMF will announce the results of the French Offer (taking into account the results of the U.S. Offer) by a notice which will be published no later than nine French trading days following the expiration date of the subsequent offering period of the French Offer and Euronext Paris will indicate in a notice the date of settlement of the subsequent offering period of the French Offer.

### **Certain Relationships with Alcatel Lucent and Interests of Nokia in the Exchange Offer**

Except as set forth in this exchange offer/prospectus, neither Nokia nor, after due inquiry and to the best of Nokia's knowledge and belief, any of its directors, executive officers or other affiliates has any contract, arrangement, understanding or relationship with any other person with respect to any securities of Alcatel Lucent, including any contract, arrangement, understanding or relationship

concerning the transfer or the voting of any securities, joint ventures, loan or option arrangements, puts or calls, guaranties of loans, guaranties against loss or the giving or withholding of proxies. Except as otherwise described in this exchange offer/prospectus, there have been no contacts, negotiations or transactions since April 15, 2015, between Nokia, any of Nokia's subsidiaries or, after due inquiry and to the best knowledge and belief of Nokia, any of the persons listed on Schedule I to this exchange offer/prospectus, and Alcatel Lucent or its affiliates, on the other hand, concerning a merger, consolidation or acquisition, an exchange offer or other acquisition of securities, an election of directors, or a sale or other transfer of a material amount of assets.

The name, citizenship, business address, business telephone number, principal occupation or employment, and five-year employment history for each of the directors and executive officers of Nokia and certain other information are set forth in Schedule I to this exchange offer/prospectus. Except as described in this exchange offer/prospectus and in Schedule I hereto, none of Nokia or, after due inquiry and to the best knowledge and belief of Nokia, any of the persons listed on Schedule I to this exchange offer/prospectus, has during the last ten years (i) been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) been a party to any judicial or administrative proceeding (except for matters that were dismissed without sanction or settlement) that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to, federal or state securities laws or finding any violation of such laws. Except as set forth in this exchange offer/prospectus, to Nokia's knowledge, after reasonable inquiry, none of the persons listed on Schedule I hereto, nor any of their respective associates or majority owned subsidiaries, beneficially owns or has the right to acquire any securities of Alcatel Lucent or has effected any transaction in securities of Alcatel Lucent during the past 60 days.

Other than as described below, Nokia does not believe that the Exchange Offer and the squeeze-out will result in a change of control under any of Nokia's stock option plans or any change in control agreement between Nokia and any of its employees. As a result, no other options or equity grants held by such persons will vest as a result of the Exchange Offer or the squeeze-out, if any.

In 2015, Nokia reimbursed Alcatel Lucent EUR 20 000 for the costs of performing a shareholder analysis in accordance with Rule 14d-1 under the Exchange Act, in connection with the Exchange Offer. In 2015, Nokia also reimbursed Alcatel Lucent EUR 8 000 for the cost of performing a shareholder analysis in connection with the Exchange Offer for jurisdictions outside the United States. In addition, pursuant to Rule 14d-5 under the Exchange Act, Nokia paid Alcatel Lucent USD \_\_\_\_\_ in 2015 for the approximate cost of mailing materials related to the Exchange Offer.

In addition to disclosures made in the Nokia 2014 Form 20-F the following arrangements may be triggered by the acquisition of Alcatel Lucent by Nokia.

As described in Nokia 2014 Form 20-F, the service contract of Rajeev Suri, President and Chief Executive Officer, includes a limited termination event that applies until June 30, 2016 subject to specified circumstances. If Mr. Suri's employment with Nokia is terminated by Nokia within six months of the completion of the Exchange Offer (and at or prior to June 30, 2016), and other specified circumstances of the limited termination event are fulfilled, he would be entitled to, in addition to normal severance payment payable upon his termination by Nokia for reasons other than cause, to a pro rated value of unvested equity awards under the Nokia Networks Equity Incentive Plan (the "EIP"). Subject to this limited time treatment of unvested equity awards under the EIP, all of Mr. Suri's other unvested equity will be forfeited.

In addition, in connection with the Exchange Offer, Nokia entered into personal agreements with certain senior management participants in EIP, including Samih Elhage, Executive Vice President and Chief Financial and Operating Officer of Nokia Networks, pursuant to which, if their respective

employment with Nokia is terminated (other than for cause) by Nokia within 12 months of completion of the Exchange Offer they would be entitled to, in addition to normal severance payment payable upon their termination by Nokia for reasons other than cause, to pro-rata settlement of the value of their EIP options. Further, such participants have the right to trigger termination and pro-rata settlement of their respective EIP options after the completion of the Exchange Offer if they are offered a role within Nokia with materially less responsibility or less total target cash compensation.

### **Interests of Executive Officers and Directors of Alcatel Lucent in the Exchange Offer**

Certain members of the board of directors and management of Alcatel Lucent participated in determining the terms of the Exchange Offer. These individuals may have certain interests in the Exchange Offer that are different from, or in addition to, the interests of holders of Alcatel Lucent Securities generally and that may have caused them to view the proposed transaction more favorably and/or differently than you might.

The Alcatel Lucent board of directors was aware of these interests when it considered the Exchange Offer at its meeting of \_\_\_\_\_ and determined that \_\_\_\_\_.

**Information on the interests of executive officers and directors of Alcatel Lucent in the Exchange Offer is described in Alcatel Lucent's Solicitation/Recommendation Statement on Schedule 14D-9, which is being distributed to holders of Alcatel Lucent Securities together with this exchange offer/prospectus and is incorporated herein by reference.**

### **Treatment of Alcatel Lucent Stock Options and Performance Shares**

#### *Alcatel Lucent Stock Options*

Holders of Alcatel Lucent Stock Options who wish to tender in the Exchange Offer or the subsequent offering period, if any, must exercise their Alcatel Lucent Stock Options, and Alcatel Lucent Shares must be issued to such holders prior to the Expiration Date or the expiration of the subsequent offering period, as applicable.

Pursuant to the Memorandum of Understanding, Alcatel Lucent agreed to accelerate or waive certain terms of the Alcatel Lucent Stock Options, subject to certain conditions. In respect of holders of Alcatel Lucent Stock Options who elect not to accept the acceleration, the terms and conditions of their Alcatel Lucent Stock Options will remain unchanged, including the performance and presence conditions.

#### *Alcatel Lucent Performance Shares*

Alcatel Lucent Performance Shares cannot be tendered in the Exchange Offer or the subsequent offering period, if any, unless such Performance Shares have vested and are transferable prior to the Expiration Date or the expiration of the subsequent offering period, as applicable. Pursuant to the Memorandum of Understanding, Nokia and Alcatel Lucent agreed to implement a mechanism with respect to the unvested Performance Shares granted before April 15, 2015 pursuant to which the beneficiaries may waive their rights to receive Performance Shares in exchange for Alcatel Lucent Shares, subject to certain conditions.

The number of Alcatel Lucent Shares delivered in exchange for the beneficiary's waiver of rights to receive Performance Shares would be equal to the total number of Performance Shares which would be granted to the relevant beneficiary if all presence conditions and performance conditions were fulfilled, minus, in the relevant countries, the number of Alcatel Lucent Shares which have to be sold in

## **Table of Contents**

order to cover payable tax charges. However, in respect of performance conditions relating to periods ending prior to the date of acceleration, the Alcatel Lucent Shares will be delivered only to the extent such conditions have been fulfilled in accordance with their terms.

In respect of beneficiaries who elect not to accept the acceleration, the terms and conditions of their Performance Shares will remain unchanged, including the performance conditions and the presence conditions. Nokia and Alcatel Lucent agreed however to adjust the performance conditions attached to any such Performance Shares as a result of the closing of the Exchange Offer and Alcatel Lucent amended the terms and conditions of the applicable Performance Share plans correspondingly.

### ***Liquidity Mechanism***

Pursuant to the Memorandum of Understanding, Nokia and Alcatel Lucent have agreed to enter into a liquidity agreement with the holders of Alcatel Lucent Performance Shares allocated after April 15, 2015, pursuant to which, in case of (i) delisting of the Alcatel Lucent Shares, (ii) holding by Nokia, directly or indirectly, of more than 85% of the Alcatel Lucent Shares, or (iii) average daily trading volume of Alcatel Lucent Shares on Euronext Paris falling below five million (5 000 000) Alcatel Lucent Shares for twenty consecutive French trading days, in each case, at the date of expiration of the applicable legal, tax, regulatory or governance constraints or holding periods (the Lock-Up Period), all Alcatel Lucent Performance Shares would be automatically exchanged by Nokia into Nokia Shares on the next French trading day after the end of the Lock-Up Period.

The exchange ratio offered in the liquidity agreement would correspond to the exchange ratio of the Exchange Offer, subject to certain adjustments, in case of financial transactions of Nokia or Alcatel Lucent.

Under French law and the AMF General Regulation, the French Offer Documentation (specifically the *note d'information*) must include a description of the financial terms of the French Offer using a multi-criteria financial analysis. **TAX CONSIDERATIONS**

**France Income Tax Consequences**

According to Article 244 bis B and C of the French Tax Code, subject to the provisions of applicable international tax treaties, any capital gain realized from the transfer of Alcatel Lucent Securities in the context of the Exchange Offer by persons (i) who are not tax residents of France within the meaning of Article 4 B of the French Tax Code (i.e., natural persons who do not have their home or their main place of residence in France; who do not carry on in France, as their main professional activity, either as a self-employed person or as an employee, and who do not have the center of their main interests in France), or (ii) whose registered office is located outside France, will not be, in principle, subject to French tax unless either (A) they carry on a professional activity in France through a permanent establishment or a fixed base in France to which their Alcatel Lucent Securities are related, or (B) they have held, at any time during the five years preceding the transfer, directly or indirectly, alone or with related individuals, more than 25% of the shares or voting rights in Alcatel Lucent.

However, capital gains of persons or entities who are resident, established or incorporated outside France and in Non Cooperative States or Territories ( NCST ) within the meaning of Article 238-0 A of the French Tax Code, will be taxed at a flat rate of 75%, regardless of the percentage of shares or voting rights they hold in Alcatel Lucent. A list of the NCST is published in a French Ministerial Decree and updated annually.

Everyone should consult their own tax advisor about French income tax consequences.

**United States Federal Income Tax Consequences**

The following is a general discussion of the principal U.S. federal income tax consequences to U.S. holders (as defined below) of (i) the exchange of Alcatel Lucent Securities for Nokia Shares and Nokia ADSs (together Nokia Securities ) pursuant to the Exchange Offer, (ii) the squeeze-out of outstanding Alcatel Lucent Securities, and (iii) the ownership of Nokia Securities received in the Exchange Offer or the squeeze-out of Alcatel Lucent Securities. The following discussion is based on the Internal Revenue Code, as amended (the Code ), the U.S. Treasury regulations promulgated thereunder, and judicial and administrative authorities, rulings and decisions, all as in effect as of the date of this offer to exchange. These authorities may change, possibly with retroactive effect, and any such change could affect the accuracy of the statements and conclusions set forth in this discussion. This discussion does not address the 3.8% Medicare tax, any state or local tax consequences, nor does it address any U.S. federal tax considerations other than those pertaining to the U.S. federal income tax.

The following discussion applies only to U.S. holders of Alcatel Lucent Securities that (i) participate in the Exchange Offer, the Exchange Option or the squeeze-out of Alcatel Lucent Securities, and (ii) hold Alcatel Lucent Securities and will hold Nokia Securities as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment). Further, this discussion does not purport to consider all aspects of U.S. federal income taxation that might be relevant to U.S. holders in light of their particular circumstances and does not apply to holders subject to special treatment under the U.S. federal income tax laws, such as:

dealers or brokers in securities, commodities or foreign currencies;

traders in securities that elect to apply a mark-to-market method of accounting;

banks and certain other financial institutions;

insurance companies;

mutual funds;

tax-exempt organizations;

holders liable for the alternative minimum tax;

partnerships or other pass-through entities or investors in partnerships or such other pass-through entities;

regulated investment companies;

real estate investment trusts;

former citizens or residents of the United States;

U.S. expatriates;

holders whose functional currency is not the U.S. dollar;

holders who hold Alcatel Lucent Securities or Nokia Securities as part of a hedge, straddle, constructive sale or conversion transaction or other integrated investment;

a person who owns or has owned directly, indirectly or constructively, 10% or more of the voting stock of Alcatel Lucent prior to the Exchange Offer;

holders who acquired Alcatel Lucent Securities or Nokia Securities pursuant to the exercise of employee stock options, through a tax qualified retirement plan or otherwise as compensation; or

holders who exercise appraisal rights.

This discussion is based in part upon the representations of the Alcatel Lucent depositary and the Nokia depositary and the assumption that each obligation in the Alcatel Lucent deposit agreement (and any related agreement) and the Nokia deposit agreement (and any related agreement) will be performed in accordance with its terms, and that the representations contained in each deposit agreement are true. For U.S. federal income tax purposes, a holder of Nokia ADSs or Alcatel Lucent ADSs, as applicable, will be treated as the holder of the underlying Nokia Shares or Alcatel Lucent Shares, as applicable, represented by those ADSs. Accordingly, the following discussion, except where otherwise expressly noted, applies equally to U.S. holders of Nokia or Alcatel Lucent ADSs, on the one hand, and Alcatel Lucent or Nokia Shares on the other.

For purposes of this discussion, the term "U.S. holder" means a beneficial owner of Alcatel Lucent Securities or Nokia Securities, as the case might be, that is:

a citizen or individual resident of the United States;

## Edgar Filing: NOKIA CORP - Form F-4/A

a corporation (or any other entity or arrangement treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States, any state thereof, or the District of Columbia;

a trust (A) the administration of which is subject to the primary supervision of a United States court and which has one or more U.S. persons, within the meaning of Section 7701(a)(3)) of the Code, who have the authority to control all substantial decisions of the trust, or (B) that otherwise has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person; or

an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source.

If an entity treated as a partnership for U.S. federal income tax purposes holds Alcatel Lucent Securities or Nokia Securities, the tax treatment of a partner will generally depend upon the status of

the partner and the activities of the partnership. Each such partner having an interest in Alcatel Lucent Securities or Nokia Securities is urged to consult its own tax advisor.

U.S. holders should consult their own tax advisors regarding the U.S. federal, state, local and other tax consequences of the Exchange Offer, the Exchange Option and squeeze-out of Alcatel Lucent Securities, and of holding and disposing of Nokia Securities in their particular circumstances. Currently, reciprocal tax treaties, with protocols thereto, are in effect between the United States and Finland, and the United States and France. U.S. holders should consult their tax advisors with respect to the effect of such treaties (and their respective protocols) on the Exchange Offer, the Exchange Option and squeeze-out of Alcatel Lucent Securities, and the owning and disposing of Nokia Securities in their particular circumstances. Any reference to a squeeze-out in this section includes the applicable Exchange Option, where appropriate.

***U.S. Federal Income Tax Consequences of Exchanging Alcatel Lucent Securities Pursuant to the Exchange Offer and the Squeeze-out of Alcatel Lucent Securities******Possible Characterizations of the Exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs and the Squeeze-out of Alcatel Lucent Shares and Alcatel Lucent ADSs***

The receipt of Nokia Securities by U.S. holders in exchange for Alcatel Lucent Shares or Alcatel Lucent ADSs pursuant to the Exchange Offer or the squeeze-out of Alcatel Lucent Shares and Alcatel Lucent ADSs is expected to be a taxable transaction for U.S. federal income tax purposes, and is not expected to qualify as a tax-free reorganization under any provision of the Code. If any U.S. holders receive cash in exchange for Alcatel Lucent Shares or Alcatel Lucent ADSs pursuant to the squeeze-out of Alcatel Lucent Shares or Alcatel Lucent ADSs (other than cash received pursuant to the mechanism put in place to sell fractional Nokia Shares or Nokia ADSs), such exchange also is expected to be a taxable transaction for U.S. federal income tax purposes.

The tax consequences to U.S. holders will depend, in part, on whether the exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer and the subsequent squeeze-out of Alcatel Lucent Shares or Alcatel Lucent ADSs are treated as a single integrated transaction for U.S. federal income tax purposes. If the transactions are so treated, and any holders of Alcatel Lucent Shares or Alcatel Lucent ADSs receive cash in the squeeze-out in exchange for such Alcatel Lucent Shares or Alcatel Lucent ADSs (other than cash received pursuant to the mechanism put in place to sell fractional Nokia Shares or Nokia ADSs), then the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs pursuant to the Exchange Offer and the subsequent squeeze-out of Alcatel Lucent Shares or Alcatel Lucent ADSs will be taxable to all U.S. holders, regardless of whether such holders receive solely Nokia Securities in exchange for their Alcatel Lucent Shares or Alcatel Lucent ADSs (whether pursuant to the Exchange Offer or the squeeze-out). It is possible, however, that either (i) all holders of Alcatel Lucent Shares and Alcatel Lucent ADSs participate in the Exchange Offer (and thus receive solely Nokia Securities in exchange for their Alcatel Lucent Shares or Alcatel Lucent ADSs), or (ii) no holder of Alcatel Lucent Shares or Alcatel Lucent ADSs receives cash in exchange for such Alcatel Lucent Shares or Alcatel Lucent ADSs in the squeeze-out (other than cash received pursuant to the mechanism put in place to sell fractional Nokia Shares or Nokia ADSs) (although cash is the default consideration, such holder may elect to receive Nokia Securities in the squeeze-out). In either such event, the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs for Nokia Securities (whether pursuant to the Exchange Offer or the squeeze-out) would be tax-free.

Alternatively, if the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer and the squeeze-out of Alcatel Lucent Shares and Alcatel Lucent ADSs were treated as separate transactions for U.S. federal income tax purposes, then (i) if Nokia acquires Alcatel Lucent Shares and Alcatel Lucent ADSs constituting control (i.e., at least 80% of the combined amount of Alcatel Lucent Shares and Alcatel Lucent ADSs) pursuant to the Exchange Offer, then the exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to

**Table of Contents**

the Exchange Offer would be tax-free to U.S. holders, or (ii) if Nokia does not acquire Alcatel Lucent Shares or Alcatel Lucent ADSs constituting control pursuant to the Exchange Offer, then the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer would be a taxable transaction. The exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs in the squeeze-out (whether in exchange for cash or Nokia Securities) would in any case be a taxable transaction if any holder of Alcatel Lucent Shares or Alcatel Lucent ADSs received cash.

***Possible Characterizations of the Exchange of OCEANEs and the Squeeze-out of OCEANEs***

In both of the scenarios discussed above, if the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs for Nokia Securities (whether pursuant to the Exchange Offer or in the squeeze-out) were tax-free, the treatment of the exchange of OCEANEs would depend on whether the OCEANEs are considered securities for U.S. federal income tax purposes. There is no precise definition under U.S. federal income tax law of the term security, and all facts and circumstances pertaining to a debt instrument must be considered in determining whether it constitutes a security for U.S. federal income tax purposes. Generally, corporate debt obligations with original terms to maturity of less than five years do not constitute securities and corporate debt obligations with original terms to maturity of ten years or more do constitute securities for U.S. federal income tax purposes. Based on the terms of the OCEANEs, it is likely that the OCEANEs would not be treated as securities for U.S. federal income tax purposes. Accordingly, even if the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs (whether pursuant to the Exchange Offer or in the squeeze-out) were tax-free, the exchange of OCEANEs (whether for Nokia Securities pursuant to the Exchange Offer or for Nokia Securities or cash in the squeeze-out) would be a taxable transaction.

***Possible Alternative Transactions***

As described in The Transaction Intentions of Nokia over the next twelve months Squeeze-out, if Nokia acquires less than 95% of the Alcatel Lucent Securities pursuant to the Exchange Offer, Nokia reserves the right to enter into certain transactions to acquire the remaining Alcatel Lucent Securities, one of which would be to cause Alcatel Lucent to be merged into Nokia or an affiliate thereof. It is possible, depending on the terms of the transaction and the consideration paid, that such transaction may qualify as tax-free for U.S. federal income tax purposes, whether or not any such transaction were integrated with the exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer. If such transaction is integrated with the exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer and takes certain forms (including, potentially, the merger of Alcatel Lucent with and into certain affiliates of Nokia), it may cause the exchange by U.S. holders of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer to be tax-free. Because the existence and terms of any such transaction cannot be known as of the completion of the Exchange Offer, U.S. holders are urged to consult their tax advisors regarding the consequences that any such transaction may have.

***Intended Characterization of the Exchange of Alcatel Lucent Securities and the Squeeze-out of Alcatel Lucent Securities***

Nokia and Alcatel Lucent intend to take the position that the exchanges of Alcatel Lucent Securities for Nokia Securities pursuant to the Exchange Offer and the squeeze-out are treated as part of a single integrated transaction for U.S. federal income tax purposes and expect that such exchanges will be taxable. The remainder of this discussion assumes such treatment. Nevertheless, such position is not binding on the IRS or the courts, and the taxable nature of the transactions depends, in part, on facts that cannot be known as of the completion of the Exchange Offer. Accordingly, U.S. holders are urged to consult their tax advisors regarding the consequences of the exchange of Alcatel Lucent Securities for Nokia Securities pursuant to the Exchange Offer or the receipt of cash or Nokia Securities in the squeeze-out of Alcatel Lucent Securities.

---

**Table of Contents**

***U.S. Federal Income Tax Consequences of a Taxable Transaction***

U.S. holders of Alcatel Lucent Securities generally will recognize gain or loss equal to the difference, if any, between (1) (i) the sum of the fair market value of Nokia Securities received by such U.S. holder in the Exchange Offer and any cash received in lieu of any fractional Nokia Securities to which such holder may otherwise be entitled, or (ii) the sum of the cash and fair market value of Nokia Securities (including any cash received in lieu of any fractional Nokia Securities to which such holder may otherwise be entitled) received by such U.S. holder in the squeeze-out of Alcatel Lucent Securities, as applicable, and (2) such U.S. holder's adjusted tax basis in the Alcatel Lucent Securities surrendered in exchange therefor. For this purpose, U.S. holders of Alcatel Lucent Securities must calculate gain or loss separately for each identified block of Alcatel Lucent Securities exchanged (that is, Alcatel Lucent Securities acquired at the same cost in a single transaction).

A U.S. holder's gain or loss in Alcatel Lucent Securities generally will be capital gain or loss. Non-corporate U.S. holders, including individuals, who have held the Alcatel Lucent Securities for more than one year will be eligible for reduced tax rates. The deductibility of capital losses is subject to limitations. Any such gain or loss generally will be treated as U.S. source income or loss for foreign tax credit limitation purposes.

For U.S. federal income tax purposes, a U.S. holder's aggregate tax basis in the Nokia Securities received pursuant to the offer will be equal to the fair market value of the Nokia Securities received by such U.S. holder on the date Alcatel Lucent Securities are exchanged pursuant to the exchange offer, and a U.S. holder's holding period with respect to such Nokia Securities will begin on the day following the date such U.S. holder's Alcatel Lucent Securities are exchanged pursuant to the Exchange Offer.

U.S. federal income tax law does not specifically identify how U.S. holders should determine the fair market value of the Nokia Securities on the date of exchange. Fair market value generally is the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the facts. There are several possible methods of measuring such value, including: (i) the opening trading price of Nokia Securities quoted on NYSE or the Nasdaq Helsinki Ltd. on the first regular trading day after the exchange; (ii) the average of the high and low trading price of Nokia Securities quoted on NYSE or the Nasdaq Helsinki Ltd. on the first regular trading day after the exchange; and (iii) the closing trading price of Nokia Securities quoted on NYSE or the Nasdaq Helsinki Ltd. on the first regular trading day after the exchange. U.S. holders should consult their tax advisors with respect to the determination of the fair market value of the Nokia Securities as of the date of the exchange.

U.S. holders of Alcatel Lucent Securities should consult their tax advisors as to the specific tax consequences of the receipt of Nokia Securities in exchange for Alcatel Lucent Securities pursuant to the Exchange Offer, and the receipt of cash and/or Nokia Securities pursuant to the squeeze-out of Alcatel Lucent Securities, in each case, including the applicability and effect of the alternative minimum tax and any state, local, foreign and other tax laws.

The discussion in this section assumes that Alcatel Lucent is not, and has not been at any time during the holding period of a U.S. holder that disposes of Alcatel Lucent Securities pursuant to the Exchange Offer or the squeeze-out, a passive foreign investment company ( PFIC ) for U.S. federal income tax purpose. If Alcatel Lucent were a PFIC or had been a PFIC at any time during the holding period of a U.S. holder that disposes of Alcatel Lucent Securities pursuant to the Exchange Offer or the squeeze-out, the U.S. federal income tax consequences to such holder would be different from those described above. U.S. holders are urged to consult their own tax advisors regarding whether Alcatel Lucent is or has been, during such U.S. holders' holding period of their Alcatel Lucent Securities, a PFIC and regarding the tax consequences to them of such status of Alcatel Lucent.

**Table of Contents****U.S. Federal Income Tax Consequences of Ownership of Nokia Securities*****Taxation of Dividends and Other Distributions on Nokia Securities***

Subject to the PFIC rules discussed below, the gross amount of distributions made to a U.S. holder with respect to Nokia Securities generally will be included in such U.S. holder's gross income as ordinary dividend income on the date of actual or constructive receipt by the depository, in the case of Nokia ADSs, or by a U.S. holder, in the case of Nokia Shares, but only to the extent that the distribution is paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Because we do not maintain records of earnings and profits in accordance with U.S. Federal income tax principles, U.S. holders should expect that the full amount of any distribution will be reported as dividend. Dividends will not be eligible for the dividends-received deduction allowed to corporations.

Under the Finnish Income Tax Act and the Act on Taxation of Non-residents' Income, non-residents of Finland are generally subject to a withholding tax at a rate of 30% for non-corporate taxpayers, and 20% for corporate taxpayers, payable on dividends paid by a Finnish resident company. However, pursuant to the Convention between the Government of the United States of America and the Government of the Republic of Finland for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income and on Capital, as amended (the "U.S.-Finland Treaty"), dividends paid to U.S. holders generally will be subject to Finnish withholding tax at a reduced rate of 15% of the gross amount of the dividend (see "Tax Considerations - Finnish Income Tax Consequences of Ownership and Disposal of Nokia Securities").

Provided that certain holding period and other requirements are met, certain non-corporate U.S. holders are eligible for reduced rates of U.S. federal income tax at a maximum rate of 20% in respect of qualified dividend income. Dividends paid with respect to Nokia Securities generally will be qualified dividend income if we were not, in the year prior to the year in which the dividend was paid, and are not, in the year in which the dividend is paid, a PFIC. We currently believe that dividends paid with respect to Nokia Securities will constitute qualified dividend income for U.S. federal income tax purposes; however, this is a factual matter and is subject to change. U.S. holders of Nokia Securities are urged to consult their own tax advisors regarding the availability to them of the reduced dividend tax rate.

For U.S. foreign tax credit purposes, dividends will generally be treated as income from foreign sources and will constitute passive category income. Depending on a U.S. holder's particular facts and circumstances, a U.S. holder may be eligible to claim a foreign tax credit in respect of Finnish income taxes withheld with respect to dividends received on Nokia Securities. If a U.S. holder does not elect to claim a foreign tax credit for foreign taxes withheld, such U.S. holder may be permitted instead to claim a deduction in respect of such withholding taxes, but only for a year in which such U.S. holder elects to do so for all creditable foreign income taxes. The rules governing the foreign tax credit are complex and their outcome depends in large part on each U.S. holder's particular facts and circumstances. Accordingly, U.S. holders should consult their own tax advisors regarding the availability and computation of the foreign tax credit in light of their own particular circumstances.

Dividends paid in euros will be included in a U.S. holder's income on the date of such U.S. holder's (or in the case of ADSs, the depository's) receipt of the dividend in an amount equal to the U.S. dollar value of the dividends paid (determined at the spot euro/U.S. dollar rate on the date the dividend distribution is includible in the U.S. Holder's income), regardless of whether the payment is in fact converted into U.S. dollars at that time. Generally, any gain or loss resulting from currency exchange rate fluctuations during the period between the time such payment is received and the date the dividend payment is converted into U.S. dollars will be treated as U.S. source ordinary income or loss to a U.S. holder.

### ***Sale or Other Disposition of Nokia Securities***

Subject to the PFIC rules discussed below, U.S. holders will recognize taxable gain or loss on any sale, exchange or other taxable disposition (a Disposition ) of Nokia Securities equal to the difference, if any, between the amount realized on the Disposition of Nokia Securities and a U.S. holder's tax basis in such Nokia Securities (determined as discussed above in U.S. Federal Income Tax Consequences of the Exchange Offer and the Squeeze-out of Alcatel Lucent Securities ). Such gain or loss generally will be capital gain or loss. Non-corporate U.S. holders, including individuals, who have held the Nokia Securities for more than one year as of the date of Disposition will be eligible for reduced tax rates. The deductibility of capital losses is subject to limitations. Any such gain or loss generally will be treated as U.S. source income or loss for foreign tax credit limitation purposes.

### ***Passive Foreign Investment Company Rules***

We believe that we were not classified as a PFIC for U.S. federal income tax purposes for our taxable year ended December 31, 2014 and we do not expect to be classified as a PFIC for our current taxable year or in the foreseeable future. U.S. holders are advised, however, that this conclusion is a factual determination that must be made annually and thus may be subject to change.

If we were a PFIC, a U.S. holder of Nokia Securities generally may be subject to imputed interest charges and other disadvantageous tax treatment with respect to any gain from the sale or exchange of Nokia Securities and certain distributions with respect to Nokia Securities.

If we were a PFIC, certain information reporting consequences would apply and certain elections (including a mark-to-market election) may be available to U.S. holders with respect to Nokia Securities that may mitigate some of the adverse tax consequences resulting from PFIC treatment. U.S. holders should consult their tax advisers regarding the application of the PFIC rules to an investment in Nokia Securities.

### ***Foreign Asset Reporting***

Certain U.S. holders who are individuals are required to report information relating to an interest in Nokia Securities, subject to certain exceptions (including an exception for securities held in accounts maintained by financial institutions), by filing IRS Form 8938 (Statement of Specified Foreign Financial Assets) with their federal income tax return. U.S. holders are urged to consult their tax advisors regarding their information reporting obligations, if any, with respect to their ownership and disposition of Nokia Securities.

### ***Finland***

The following is a general discussion of the Finnish tax consequences to U.S. holders of Alcatel Lucent Securities exchanged for Nokia Securities pursuant to this Exchange Offer. The description below is applicable to holders non-resident in Finland for the purposes of Finnish domestic tax legislation, and resident in the United States for the purposes of the U.S.-Finland Treaty.

The following description does not address tax considerations applicable to the holders of the Nokia Shares that may be subject to special tax rules, including, among others, controlled foreign corporations, income tax-exempt entities and general or limited partnerships.

This description is based on:

The Finnish Income Tax Act (1535/1992), as amended;

The Finnish Act on Taxation of Non-residents' Income (627/1978), as amended;

---

**Table of Contents**

The Finnish Transfer Tax Act (931/1996), as amended; and

U.S.-Finland Treaty.

In addition, relevant Finnish case law as well as decisions and statements made by the Finnish tax authorities in effect and available on the date of this exchange offer/prospectus have been taken into account.

All of the foregoing is subject to change, which could apply retroactively and could affect the tax consequences described below.

**Finnish Income Tax Consequences of Ownership and Disposal of Nokia Securities**

***Taxation of Dividends and Other Distributions on Nokia Securities***

As of tax year 2014, distributions of funds from reserves of unrestricted equity (as defined in the Finnish Companies Act, Chapter 13, Section 1, point 1) by a publicly listed company (as defined in the Finnish Income Tax Act, Section 33 a, Sub-section 2, a Listed Company ) are taxed as distributions of dividends. Therefore, references to the taxation of dividends in the following also apply to distributions of funds from reserves of unrestricted equity.

Under the Finnish Income Tax Act and the Finnish Act on Taxation of Non-residents Income, dividends paid by a Finnish Listed Company to non-resident shareholders are subject to Finnish withholding tax. The withholding tax as a final tax at source is withheld by the company distributing the dividend at the time of the dividend payment. Unless otherwise set forth in an applicable tax treaty, the withholding tax rate for a dividend received by a non-resident individual shareholder is 30%, and the withholding tax rate for a dividend received by a non-resident company is 20%.

Under the U.S.-Finland Treaty the withholding tax rate on dividends paid to persons entitled to the benefits under the treaty is reduced. In general, the Finnish withholding tax rate on dividend distributions regarding portfolio shares is reduced to 15%, and a further reduction to 5% is available to corporate shareholders for dividend distributions on qualifying holdings (direct ownership of at least 10% of the voting rights of the distributing company). The reduced withholding tax rate will be available if the recipient of the dividend has provided the payer of the dividend the necessary details on the applicability of the tax treaty. The details needed to benefit from the lower rates set out in the tax treaty, are i) recipient's name, ii) date of birth or identity code number, iii) any other official identification code, iv) recipient's address in the U.S. and v) a certificate confirming the recipient's tax residency in the U.S.

Further, where Nokia Shares, including Nokia Shares held through Nokia ADSs, are held through a nominee account, the withholding tax rate on the dividend is 15% provided that the payer (the dividend distributing company or the Finnish custodian bank) with adequate diligence has ensured that the provisions of the U.S.-Finland Treaty are applicable to the beneficial owner. In effect, the foreign custodian must be registered in the custodian register maintained by the Finnish Tax Administration and resident in a country with which Finland has a tax treaty. Further, the foreign custodian must have an agreement with the Finnish account operator with regard to the custody of the shares, whereby, *inter alia*, the foreign custodian commits to provide to the account operator information regarding the state of residence of the beneficial owner as well as the applicability of the U.S.-Finland Treaty to such beneficial owner. Should the beneficial owner of the dividend, by virtue of the U.S.-Finland Treaty, be entitled to a withholding tax rate lower than 15%, the application of such rate is subject to the provision of more detailed information regarding the identity of the beneficial owner (as further defined in the Act on Taxation of Non-residents Income and guidelines of the Finnish Tax Administration). In case the required information is not provided, a withholding tax of 30% will be imposed on dividends paid in respect of Nokia Shares held through a nominee account.

### ***Sale or Other Disposition of Nokia Shares***

Under the Finnish Income Tax Act and the Finnish Act on Taxation of Non-residents Income, non-residents who are not subject to unlimited tax liability in Finland are not subject to Finnish tax on capital gains realized on the sale or other disposition of the Nokia Securities, unless the non-resident tax payer is deemed to have a permanent establishment for income tax purposes in Finland and the Nokia Securities are considered assets of such permanent establishment.

### **Finnish Transfer Tax**

A transfer tax of 1.6% is generally applicable to transfers of shares issued by an entity organized in Finland (and certain other Finnish securities), subject to several exceptions. For example, Finnish transfer tax is generally not applicable to transfers where both parties are non-residents or to the issuance / subscription of new shares. The exchange of Alcatel Lucent Securities for Nokia Securities is not subject to Finnish transfer tax, as the Nokia Shares issued as consideration will be newly issued Nokia Shares.

Furthermore, subsequent transfers of Nokia Securities generally should not be subject to transfer tax, as the transfer tax is generally not payable on the transfer of shares subject to public trading against a fixed cash consideration. The exemption is applicable provided that (i) an investment service company or a foreign investment service company or another investment service provider, as defined in the Finnish Act on Investment Services (747/2012), is brokering or serving as a party to the transaction, or (ii) the transferee has been approved as a trading party in the market where the transfer is executed. If the broker or other party to the transfer is not a Finnish investment firm, Finnish credit institution or Finnish branch or office of a foreign investment firm or credit institution, the transfer will be exempt from transfer tax provided that the transferee (liable for the tax) notifies the Finnish tax authorities of the transfer within two months thereof or the broker submits an annual declaration concerning the transfer to the Finnish Tax Administration as set forth in the Act on Assessment Procedure. The tax exemption does not apply to transfers executed as equity investments (for example as contribution in kind) or distributions of funds (for example shares paid as dividends), transfers in which consideration comprises in full or in part of work performed, or to certain other transfers set out in the Finnish Transfer Tax Act.

**Table of Contents****THE COMPANIES****Nokia**

Nokia is a Finnish Corporation, established in 1865 and organized under the laws of the Republic of Finland. The company is registered with the Finnish Trade Register under the business identity code 0112038-9. Under its articles of association in effect on the date of this exchange offer/prospectus, Nokia's corporate purpose is to engage in the telecommunications industry and other sectors of the electronics industry as well as the related service businesses, including the development, manufacture, marketing and sales of mobile devices, other electronic products and telecommunications systems and equipment as well as related mobile, Internet and network infrastructure services and other consumer and enterprise services. Nokia may also create, acquire and license intellectual property and software as well as engage in other industrial and commercial operations. Further, Nokia may engage in securities trading and other investment activities.

Nokia is currently focused on three businesses: network infrastructure software, hardware and services, which is offered through Nokia Networks; mapping and location intelligence, which is provided through HERE; and advanced technology development and licensing, which is pursued through Nokia Technologies. Through its three businesses, Nokia has a global presence, with operations and research and development ( R&D ) facilities in Europe, North America and Asia, sales in approximately 140 countries, and employs approximately 62 000 people. Nokia is also a major investor in R&D, with expenditure through its three businesses exceeding EUR 2.5 billion in 2014.

On August 3, 2015, Nokia announced an agreement to sell its HERE digital mapping and location services business to a consortium of leading automotive companies, comprising AUDI AG, BMW Group and Daimler AG. The transaction values HERE at an enterprise value of EUR 2.8 billion with a normalized level of working capital and is expected to close in the first quarter of 2016, subject to customary closing conditions and regulatory approvals. Upon closing, Nokia estimates that it will receive net proceeds of slightly above EUR 2.5 billion, as the purchaser would be compensated for certain defined liabilities of HERE currently expected to be slightly below EUR 300 million as part of the transaction. Upon closing of the HERE transaction, which does not affect the exchange ratio of this Exchange Offer, and assuming that the Exchange Offer has not yet been completed, Nokia will consist of two businesses: Nokia Networks and Nokia Technologies.

It is currently expected that after the Completion of the Exchange Offer, Networks business would be conducted through four business groups: Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. These business groups would provide an end-to-end portfolio of products, software and services to enable the combined company to deliver the next generation of leading networks solutions and services to customers. Alongside these, Nokia Technologies would continue to operate as a separate business group. Each business group would have strategic, operational and financial responsibility for its portfolio and would be fully accountable for meeting its targets. The four Networks business groups would have a common Integration and Transformation Office to drive synergies and to lead integration activities. The business group leaders would report directly to Nokia's President and Chief Executive Officer:

**Mobile Networks (MN)** would include Nokia's and Alcatel Lucent's comprehensive Radio portfolios and most of their converged Core network portfolios including IMS/VoLTE and Subscriber Data Management, as well as the associated mobile networks-related Global Services business. This unit would also include Alcatel Lucent's Microwave business and all of the combined company's end-to-end Managed Services business. Through the combination of these assets, Mobile Networks would provide leading end-to-end mobile networks solutions for existing and new platforms, as well as a full suite of professional services and product-attached services.

**Table of Contents**

**Fixed Networks (FN)** would comprise the current Alcatel Lucent Fixed Networks business, whose cutting-edge innovation and market position would be further supported through strong collaboration with the other business groups. This business group would provide copper and fiber access products and services to offer customers ultra-broadband end-to-end solutions to transform their networks, deploying fiber to the most economical point.

**Applications & Analytics (A&A)** would combine the Software and Data Analytics-related operations of both companies. This comprehensive applications portfolio would include Customer Experience Management, OSS as distinct from network management such as service fulfillment and assurance, Policy and Charging, services, Cloud Stacks, management and orchestration, communication and collaboration, Security Solutions, network intelligence and analytics, device management and Internet of Things connectivity management platforms. CloudBand would also be housed in this business group, which would drive innovation to meet the needs of a convergent, Cloud-centric future.

**IP/Optical Networks (ION)** would combine the current Alcatel Lucent IP Routing, Optical Transport and IP video businesses, as well as the software defined networking (SDN) start-up, Nuage, plus Nokia's IP partner and Packet Core portfolio. IP/Optical Networks would continue to drive Alcatel-Lucent's technology leadership, building large scale IP/Optical infrastructures for both service providers and, increasingly, web-scale and tech-centric enterprise customers.

**Nokia Technologies (TECH)** would remain as a separate entity with a clear focus on licensing and the incubation of new technologies. Nokia Technologies would continue to have its own innovation, product development and go-to-market operations. We expect to align our financial reporting under two key areas: Nokia Technologies and the Networks business. The Networks business would comprise the business groups of Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. We also expect to provide selective financial data separately for each of the four Networks business groups to ensure transparency for investors over the performance of each of them.

Nokia's registered office and its principal executive office is Karaportti 3, FI-02610 Espoo, Finland, and the telephone number is +358 (0) 10-448-8000.

Nokia Shares are traded on the Nasdaq Helsinki under the symbol NOKIA and Nokia ADSs are traded on the NYSE under the symbol NOK. In addition, application has been made for Admission of the Nokia Shares to Euronext Paris. Subject to the completion of the Exchange Offer, Nokia expects to request that the Admission be approved to take effect following the completion of the Exchange Offer. As of June 30, 2015, 3 678 328 858 Nokia Shares were outstanding (including 54 326 556 Nokia Shares owned by Nokia group companies and 477 477 741 Nokia Shares represented by Nokia ADSs).

The terms of the Convertible Bond allow Nokia to redeem the bond at any time after November 25, 2015 for cash at its principle amount, together with accrued but unpaid interest until the redemption date. The redemption is conditional on the volume weighted average price of the Nokia Shares during a specified period immediately prior to the date of the notice of redemption being equal to or exceeding 150% of the conversion price for the Convertible Bond. On October 8, 2015, Nokia announced that it had decided to exercise its option to redeem the Convertible Bond on November 26, 2015. It is expected that the notice of redemption of the Convertible Bond will result in the full conversion of the bond into Nokia Shares by the holders of the bonds which at the conversion price of EUR 2.39 per Nokia Share would result in the issuance of 313 723 849 Nokia Shares (assuming full conversion) and would, represent approximately 5.2% of the issued and outstanding Nokia Shares after completion of the Exchange Offer and assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any.
