PART I

ITEM 1. BUSINESS

General

Unisys Corporation is a global information technology (IT) company. We work with many of the world's largest companies and government organizations to solve their most pressing IT and business challenges. We specialize in providing integrated, leading-edge solutions to clients in the government, financial services and commercial markets. Our offerings include cloud and infrastructure services, application services, security solutions and high-end server technology. We have more than 20,000 employees serving clients around the world.

We operate in two business segments Services and Technology. Financial information concerning the two segments can be found in Note 15, Segment information, of the notes to our consolidated financial statements appearing in our annual report to stockholders for the year ended December 31, 2015 (the Unisys 2015 Annual Report to Stockholders), and such information is incorporated herein by reference.

Principal Products and Services

In our Services segment, we provide services to help our clients improve their competitiveness, security and cost efficiency. Our services include cloud and infrastructure services, application services and business process outsourcing services.

In cloud and infrastructure services, we help clients apply cloud and as-a-service delivery models to capitalize on business opportunities, make their end users more productive and more cost-effectively manage and secure their IT infrastructure and operations.

In application services, we help clients transform their business processes by providing advanced solutions for select industries, developing and managing new leading-edge applications and modernizing existing enterprise applications.

In business process outsourcing services, we assume management of critical processes and functions for clients in target industries, helping them improve performance and reduce costs.

In our Technology segment, we design and develop software, servers and related products to help clients reduce costs, improve security and flexibility, and improve the efficiency of their data center environments. As a pioneer in large-scale computing, Unisys offers deep experience and rich technological capabilities in transaction-intensive, mission-critical environments. We provide a range of data center, infrastructure management and cloud computing offerings to help clients virtualize and automate their data-center environments. Product offerings include enterprise-class servers, such as the ClearPath Forward family of fabric servers, the Unisys Stealth family of security software, and operating system software and middleware.

The primary vertical markets Unisys serves worldwide are government (comprising the U.S. federal government and other public sector organizations globally), commercial and financial services.

We market our products and services primarily through a direct sales force. In certain foreign countries, we market primarily through distributors. Complementing our direct sales force, we make use of a select group of resellers and alliance partners to market our services and product portfolio.

Materials

Unisys purchases components and supplies from a number of suppliers around the world. For certain technology products, we rely on a single or limited number of suppliers, although we make every effort to assure that alternative sources are available if the need arises. The failure of our suppliers to deliver components and supplies in sufficient quantities and in a timely manner could adversely affect our business.

Patents, Trademarks and Licenses

Unisys owns over 920 active U.S. patents and over 80 active patents granted in eleven non-U.S. jurisdictions. These patents cover systems and methods related to a wide variety of technologies, including, but not limited to, computing systems, relational database management, information storage, device/circuit manufacture and design, imaging, data compression and document recognition/handling. We have granted licenses covering both single patents, and particular groups of patents, to others. Likewise, we have active licensing agreements granting us rights under patents owned by other entities. However, our business is not materially dependent upon any single patent, patent license, or related group thereof.

Unisys also maintains 25 U.S. trademark and service mark registrations, and over 710 additional trademark and service mark registrations in over 100 non-U.S. jurisdictions. These marks are valuable assets used on or in connection with our products and services, and as such are actively monitored, policed and protected by Unisys and its agents.

Seasonality

Our revenue is affected by such factors as the introduction of new products and services, the length of sales cycles and the seasonality of purchases. Seasonality has generally resulted in higher fourth quarter revenues than in other quarters.

Customers

No single client accounts for more than 10% of our revenue. Sales of commercial products and services to various agencies of the U.S. government represented approximately 19% of total consolidated revenue in 2015. For more information on the risks associated with contracting with governmental entities, see "Factors that may affect future results" in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Unisys 2015 Annual Report to Stockholders which is incorporated herein by reference.

Backlog

In the Services segment, firm order backlog at December 31, 2015 was \$4.3 billion, compared to \$4.8 billion at December 31, 2014. Approximately \$1.8 billion (42%) of 2015 backlog is expected to be filled in 2016. Although we believe that this backlog is firm, we may, for commercial reasons, allow the orders to be cancelled, with or without penalty. In addition, funded government contracts included in this backlog are generally subject to termination, in whole or part, at the convenience of the government or if funding becomes unavailable. In such cases, we are generally entitled to receive payment for work completed plus allowable termination or cancellation costs.

Because of the relatively short cycle between order and shipment in our Technology segment, we believe that backlog information for this segment is not material to the understanding of our business.

Competition

Our business is affected by rapid change in technology in the information services and technology industries and aggressive competition from many domestic and foreign companies. Principal competitors

are systems integrators, consulting and other professional services firms, outsourcing providers, infrastructure services providers, computer hardware manufacturers and software providers. We compete primarily on the basis of service, product performance, technological innovation, and price. We believe that our continued focused investment in engineering and research and development, coupled with our sales and marketing capabilities, will have a favorable impact on our competitive position. For more information on the competitive risks we face, see *Factors that may affect future results* in *Management's Discussion and Analysis of Financial Condition and Results of Operations* in the Unisys 2015 Annual Report to Stockholders which is incorporated herein by reference.

Research and Development

Unisys-sponsored research and development costs were \$76.4 million in 2015, \$68.8 million in 2014, and \$69.5 million in 2013.

Environmental Matters

Our capital expenditures, earnings and competitive position have not been materially affected by compliance with federal, state and local laws regulating the protection of the environment. Capital expenditures for environmental control facilities are not expected to be material in 2016 and 2017.

Employees

At December 31, 2015, we employed approximately 23,000 employees serving clients around the world.

International and Domestic Operations

Financial information by geographic area is set forth in Note 15, *Segment information*, of the Notes to Consolidated Financial Statements appearing in the Unisys 2015 Annual Report to Stockholders, and such information is incorporated herein by reference. For more information on the risks of doing business internationally, see *Factors that may affect future results* in *Management's Discussion and Analysis of Financial Condition and Results of Operations* in the Unisys 2015 Annual Report to Stockholders which is incorporated herein by reference.

Available Information

Our Investor web site is located at www.unisys.com/investor. Through our web site, we make available, free of charge, our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as soon as reasonably practicable after this material is electronically filed with or furnished to the U.S. Securities and Exchange Commission (the "SEC"). We also make available on our web site our Guidelines on Significant Corporate Governance Issues, the charters of the Audit and Finance Committee, Compensation Committee, and Nominating and Corporate Governance Committee of our board of directors, and our Code of Ethics and Business Conduct. This information is also available in print to stockholders upon request. We do not intend for information on our web site to be part of this Annual Report on Form 10-K.

Prior to Remedy, he served as Chairman and Chief Executive Officer of Egypt National Post and Chief Executive Officer of the Technology Innovation and Entrepreneurship Center of Egypt (2008-2012). Other positions held by Mr. El-Sadany include Senior Vice President of Development and Head of Operations at Iris Financial Solutions (2006-2008), Vice President of Global Product Support Services at Oracle Corporation (2003-2005), and Founder, Chief Executive Officer and Chief Technology Officer of DatAcme Corporation (2001-2003). Mr. El-Sadany has been an officer since June 2015.

Ms. Haugen has been Senior Vice President and Chief Financial Officer since 2000. Prior to that time, she served as Vice President and Controller and Acting Chief Financial Officer (1999-2000) and Vice President and Controller (1996-1999). Ms. Haugen has been an officer since 1996.

Mr. Hutto has been Senior Vice President and President, Enterprise Solutions since September 2015, after joining Unisys in April 2015 as Vice President and General Manager, U.S. and Canada, Enterprise Solutions. Prior to joining Unisys, Mr. Hutto held senior leadership positions with Dell Services (a unit of Dell Inc.) (2006-2015), serving most recently as Global Vice President/General Manager, Infrastructure, Cloud and Consulting and Vice President/General Manager, Americas. Mr. Hutto has been an officer since September 2015.

Mr. Gissler has been Senior Vice President, Services since April 2015. Prior to joining Unisys, Mr. Gissler was with Accenture since 1987, serving most recently as the Global Technology Consulting lead (2013-2014) and as Managing Director, Technology Growth Platform, North America (2009-2012). Mr. Gissler has been an officer since April 2015. Mr. Gissler will be leaving Unisys effective March 31, 2016.

Mr. Kenney has been Senior Vice President, General Counsel and Secretary since 2013. Prior to joining Unisys, he had been with NEC Corporation of America, the North American subsidiary of global technology company NEC Corporation, since 1999, serving most recently as Senior Vice President, General Counsel and Corporate Secretary (2004-2013). Mr. Kenney has been an officer since 2013.

Mr. Loeser has been Senior Vice President, Worldwide Human Resources since 2013. Prior to joining Unisys, Mr. Loeser was Executive Vice President, Human Resources for Mitel, a global provider of business communications and collaboration software and services (2012-2013). Before Mitel, he held strategic management and human resources executive positions with several multinational companies including Hostess Foods, Celanese, Quaker State, PepsiCo, Continental Airlines, Chevron, and CompuCom. Mr. Loeser has been an officer since 2013.

Mr. Puvvada has been Senior Vice President and President, Federal Systems since February 2015. Mr. Puvvada had been serving as acting President of Federal Systems since 2014. Prior to that time, he served as group Vice President for Unisys federal civilian agency business since 2010. From 2005 to 2010, he was Managing Partner and Chief Technology Officer for Unisys Federal Systems. Previously, Mr. Puvvada held various management positions since joining Unisys in 1992. Mr. Puvvada has been an officer since February 2015.

Mr. Renzi has been Senior Vice President and President, Global Sales since 2014. Prior to joining Unisys, Mr. Renzi was Senior Vice President, Sales & Marketing, at Arise Virtual Solutions (2012-2013). From 2009 to 2012, Mr. Renzi held key sales and service management roles at Dell Corporation. From 2003 to 2009, Mr. Renzi served as Executive Vice President, Global Sales and Marketing, Alliances & Procurement, at Perot Systems. Prior to Perot Systems, he held a variety of sales leadership and individual sales contributor roles at Electronic Data Systems from 1989 to 2003. Mr. Renzi has been an officer since 2014.

Mr. Battersby has been Vice President and Treasurer since 2000. Prior to that time, he served as Vice President of Corporate Strategy and Development (1998-2000) and Vice President and Assistant Treasurer (1996-1998). Mr. Battersby has been an officer since 2000.

Mr. Thomson was elected Vice President and Corporate Controller in December 2015 after starting with Unisys in November 2015. Prior to joining Unisys, Mr. Thomson served as Controller of Towers Watson from 2010 until October 2015, and he previously held the same position at Towers Perrin from December 2007 until the consummation of the 2010 merger between Watson Wyatt and Towers Perrin. He also served as principal accounting officer of Towers Watson from 2012 until October 2015. Prior to that, Mr. Thomson worked for Towers Perrin as Director of Financial Systems from 2001 to 2004 and then

Assistant Controller from 2004 to 2007. Prior to joining Towers Perrin, Mr. Thomson was with RCN Corporation, where he served as Director of Financial Reporting & Financial Systems from 1997 to 2001. Mr. Thomson has been an officer since December 2015.

ITEM 1A. RISK FACTORS

Discussion of risk factors is set forth under the heading "Factors that may affect future results" in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Unisys 2015 Annual Report to Stockholders and is incorporated herein by reference.

CAUTIONARY STATEMENT PURSUANT TO THE U.S. PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

Risks and uncertainties that could cause our future results to differ materially from those expressed in our forward-looking statements include:

our ability to effectively anticipate and respond to volatility and rapid technological innovation in our industry;

our ability to improve margins in our services business;

our ability to sell new products while maintaining our installed base in our technology business;

our ability to access financing markets to refinance our outstanding debt;

our ability to realize anticipated cost savings and to successfully implement our cost reduction initiatives to drive efficiencies across all of our operations;

our significant pension obligations and requirements to make significant cash contributions to our defined benefit pension plans;

our ability to attract, motivate and retain experienced and knowledgeable personnel in key positions;

the risks of doing business internationally when a significant portion of our revenue is derived from international operations;

the potential adverse effects of aggressive competition in the information services and technology marketplace;

our ability to retain significant clients;

our contracts may not be as profitable as expected or provide the expected level of revenues;

cybersecurity breaches could result in significant costs and could harm our business and reputation;

a significant disruption in our IT systems could adversely affect our business and reputation;

we may face damage to our reputation or legal liability if our clients are not satisfied with our services or products;

the performance and capabilities of third parties with whom we have commercial relationships;

the adverse effects of global economic conditions, acts of war, terrorism or natural disasters;

contracts with U.S. governmental agencies may subject us to audits, criminal penalties, sanctions and other expenses and fines;

the potential for intellectual property infringement claims to be asserted against us or our clients;

the possibility that pending litigation could affect our results of operations or cash flow; and

the business and financial risk in implementing future dispositions or acquisitions.

Other factors discussed in this report, although not listed here, also could materially affect our future results.

ITEM 1B. UNRESOLVED STAFF COMMENTS

ITEM 2. PROPERTIES

As of December 31, 2015, we had nine major facilities in the United States with an aggregate floor space of approximately 1.4 million square feet, located primarily in Minnesota, Pennsylvania, Virginia, Utah, California and Texas. We owned one of these facilities, with aggregate floor space of approximately 0.3 million square feet; eight of these facilities, with approximately 1.1 million square feet of floor space, were leased to us. Approximately 1.1 million square feet of the U.S. facilities were in current operation and approximately 0.3 million square feet were subleased to others.

As of December 31, 2015, we had ten major facilities outside the United States with an aggregate floor space of approximately 1.1 million square feet, located primarily in the United Kingdom, India, Australia, Brazil, Hungary and New Zealand. We owned one of these facilities, with approximately 0.2 million square feet of floor space; nine of these facilities, with approximately 0.9 million square feet of floor space, were leased to us. Approximately 0.8 million square feet of the facilities outside the United States were in current operation and approximately 0.3 million square feet were subleased to others.

Our major facilities include offices, data centers, call centers, engineering centers and sales centers. We believe that our facilities are suitable and adequate for current and presently projected needs. We continuously review our anticipated requirements for facilities and will from time to time acquire additional facilities, expand existing facilities, and dispose of existing facilities or parts thereof, as necessary.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

Not applicable.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this Annual Report, management performed, with the participation of the Chief Executive Officer (CEO) and the Chief Financial Officer (CFO), an evaluation of the effectiveness of the company s disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 (the Exchange Act). In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. Based upon that evaluation, the CEO and the CFO concluded that, as of December 31, 2015, the company s disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified by the SEC, and that such information is accumulated and communicated to management, including the CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Report of Management on Internal Control Over Financial Reporting

The management of the company is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. The company s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles. Internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements in accordance with U.S. generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

Management assessed the effectiveness of the company s internal control over financial reporting as of December 31, 2015, based on criteria established in Internal Control Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, we concluded that the company maintained effective internal control over financial reporting as of December 31, 2015, based on the specified criteria.

KPMG LLP, an independent registered public accounting firm, has audited the company s internal control over financial reporting as of December 31, 2015, as stated in its report that appears in the Unisys 2015 Annual Report to Stockholders, and such report is incorporated herein by reference.

Changes in Internal Control over Financial Reporting

There have been no changes in the company s internal control over financial reporting during the most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, the company s internal control over financial reporting.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders

Unisys Corporation:

Under date of February 29, 2016, we reported on the consolidated balance sheets of Unisys Corporation and subsidiaries as of December 31, 2015 and 2014, and the related consolidated statements of income, comprehensive income, deficit and cash flows for each of the years in the three year period ended December 31, 2015, as contained in the Annual Report to Stockholders for the year ended December 31, 2015 incorporated in this Form 10-K. In connection with our audits of the aforementioned consolidated financial statements, we also audited the related consolidated financial statement schedule referred to in Item 15(2) in this Form 10-K. This financial statement schedule is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement schedule based on our audits.

In our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.
