Our Executive Compensation Programs Incorporate Strong Governance Features

Compensation Committee assesses the pay and performance alignment of our incentive plans

Long-term and short-term awards are performance-based

No single-trigger cash payments on change of control and equity awards require a qualified termination after the change of control to vest, unless assumed or replaced
Clawback policy in place for all NEOs

Stock ownership guidelines for NEOs and independent directors

The Compensation Committee has engaged an independent compensation consultant

Limited perquisites

No excise tax or income tax gross-ups

The Company received strong shareholder support for the executive compensation program in place during the fiscal year ended January 31, 2015 (Fiscal 2015) with 98.5% of votes cast approving our advisory resolution in June 2015. As in prior years, the Committee considered this input from our shareholders as well as input from other stakeholders as part of its annual review of the executive compensation program. Following this review and based on the Committee's assessment of the program, the Compensation Committee continued to apply the same principles in determining the amounts and types of executive compensation for Fiscal 2016.

Table of Contents**Proposal 2: Appointment of Independent Auditor** *(Item 2 on the Proxy Card)*

Proposal 2 is to appoint KPMG LLP (KPMG) as independent auditor to the Company until the end of the next Annual Meeting of Shareholders and to authorize the Audit Committee of the Board to determine its compensation.

The Audit Committee has recommended KPMG, the US member firm of KPMG International, as the independent registered public accounting firm to audit the Company's financial statements and effectiveness of internal control over financial reporting of the Company until the end of the Company's Annual Meeting of Shareholders in 2017. While the Shareholders are required to appoint the independent auditor pursuant to Bermuda law, the Audit Committee is responsible for recommending which independent auditors should be appointed.

A representative of KPMG will be in attendance at the Annual Meeting of Shareholders to respond to appropriate questions raised by Shareholders and will be afforded the opportunity to make a statement at the Meeting, if he or she desires to do so.

FEES AND SERVICES OF KPMG

The Audit Committee has adopted a policy requiring advance approval of the Company's independent registered public accounting firm's fees and services by the Audit Committee. The Audit Committee reviews all approved services and fees at subsequent meetings. This policy also prohibits the Company's independent registered public accounting firm from performing certain non-audit services for the Company including: (i) bookkeeping, (ii) systems design and implementation, (iii) appraisals or valuations, (iv) actuarial services, (v) internal audit, (vi) management or human resources services, (vii) investment advice or investment banking, (viii) legal services and (ix) expert services unrelated to the audit. consolidated financial statements and the effectiveness of internal control over financial reporting for Fiscal 2016 and Fiscal 2015, and for their respective reviews of the Company's unaudited condensed consolidated interim financial statements. Proposal 3: Vote to Approve, on a Non-Binding Advisory Basis, the Compensation of Named Executive Officers as Disclosed in the Proxy Statement *(Item 3 on the Proxy Card)*

Shareholders are being asked to vote, on a non-binding advisory basis, on the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis (CDA), the Fiscal 2016 Summary Compensation Table and related tables and narrative discussion contained in this Proxy Statement.

EXPLANATION

Our Board of Directors recognizes the interest our Shareholders have in the compensation of our executives. In recognition of that interest and as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), we are providing our Shareholders with the opportunity to cast a vote, on a non-binding advisory basis, on the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC as set forth in this Proxy Statement (also referred to as Say-on-Pay).

As described in our CDA, Signet s compensation philosophy is to deliver competitive total compensation for achieving annual and long-term financial goals that will attract, motivate and retain leaders who will drive the creation of Shareholder value. Total compensation is targeted at approximately the median of a custom group of comparator companies.

The Compensation Committee believes that our executive compensation programs, executive officer pay levels and individual pay actions approved for our executive officers, including our named executive officers, directly align with our executive compensation philosophy, fully support its goals and provide an appropriate balance between risk and incentives. (Shareholders are urged to read the CDA section of this Proxy Statement, which discusses in greater detail how our compensation policies and procedures implement

our executive compensation philosophy, as well as the compensation tables and narrative discussion.)

We are asking our Shareholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we ask our Shareholders to vote FOR the following resolution at the Annual Meeting of Shareholders:

RESOLVED, that the compensation paid to Signet s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Shareholders should note that the vote is advisory and not binding on the Company and its Board of Directors or Compensation Committee. Our Board of Directors and Compensation Committee value the opinion of our Shareholders, and to the extent there is any significant vote against the named executive officer compensation as disclosed in our Proxy Statement, we will consider our Shareholders concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL, ON A NON-BINDING, ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

SEPARATE AND INDEPENDENT CHAIRMAN

The Company has a Chairman of the Board who is separate from its Chief Executive Officer and whom the Board has determined to be independent under the NYSE Listing Standards. The Board considers it to be important for its effectiveness and efficiency to maintain a clear division of responsibilities between the leadership of the Board and the executive responsible for the day to day operations of the Company's business; therefore the Board has determined that separating roles of Chairman and Chief Executive Officer is in the best interests of the Company at the present time.

The division of responsibilities between the Chairman and the Chief Executive Officer has been specifically determined by the Board.

At those meetings, the Chairman of the Nomination and Corporate Governance Committee presides.

Table of Contents

INDEPENDENT DIRECTORS CONSTITUTE A MAJORITY OF THE BOARD

The Board currently comprises one executive Director and nine independent Directors including the Chairman. The Board has affirmatively determined that each of the following Directors is independent under the NYSE Listing Standards: Todd Stitzer, Virginia Drosos, Dale Hilpert, Helen McCluskey, Marianne Miller Parrs, Thomas Plaskett, Robert Stack, Eugenia Ulasewicz and Russell Walls. In considering independence the Board considers any commercial, consulting, legal, accounting, charitable or any other business or non-business relationships that a Director or his or her immediate family may have with the Company. No such relationship exists for any of the independent Directors.

BOARD DIVERSITY POLICY

The Board Diversity Policy provides that in reviewing and assessing Board composition, the Nomination and Corporate Governance Committee will consider diversity of skills, industrial experience, background, ethnicity, gender and other qualities in order to maintain an appropriate range and balance of skills, experience and background on the Board. The Nomination and Corporate Governance Committee will monitor and review the Board Diversity Policy and its effectiveness on an annual basis and report to the Board with respect to any proposed amendments. The Board Diversity Policy may be downloaded from www.signetjewelers.com.

DIRECTOR TENURE POLICY

The Board adopted a Director Tenure Policy, pursuant to which each Independent Director must not stand for re-election to the Board at the next annual meeting of Shareholders following the earlier of his or her: (i) fifteenth anniversary of service on the Board, or (ii) seventy-fifth birthday, unless the Board in its absolute discretion determines that it is in the best interests of the Company and its shareholders to nominate the Director for election to serve for an additional period of time. The Director Tenure Policy may be downloaded from www.signetjewelers.com.

BOARD SELF-EVALUATION

The Corporate Governance Guidelines provide that the Directors will conduct an annual evaluation of the workings and efficiency of the Board, its committees and individual Directors to ensure that each Director

continues to contribute effectively and demonstrates commitment to his or her responsibilities as a Director, and to help assess the future development needs of the Board and the Directors. As part of the annual Board self-evaluation, the Chairman of the Board will consider the balance of skills, experience, independence and knowledge of the Board, while ensuring diverse representation as described in the Board Diversity Policy.

DIRECTOR ATTENDANCE AT THE ANNUAL MEETING OF SHAREHOLDERS

All of the Directors are required to attend the Annual Meeting of Shareholders. The Board schedules a Board meeting on the date of the Annual Meeting of Shareholders to facilitate attendance at the Annual Meeting of Shareholders by the Directors. All of the Directors who were in office at the time attended the Annual Meeting of Shareholders held in June 2015.

direct or indirect material interest. In determining whether to approve or ratify any such transaction, the Board, on the recommendation of the Nomination and Corporate Governance Committee and/or the Audit Committee (dependent upon the nature of the transaction), would consider whether, based on the specific facts and circumstances of the transaction, such a transaction would be in the best interests of the Company. Any transaction considered to jeopardize the independence of the Director, be contrary to law or regulation, or potentially create or give the appearance of a conflict of interest (also required to be avoided pursuant to the Code of Ethics for Senior Officers and the Code of Conduct) would be prohibited.

Since the beginning of Fiscal 2016, the Company has not participated in any transaction or currently proposed transaction in which a related person had or will have a direct or indirect material interest.

RISK MANAGEMENT AND ROLE OF THE BOARD IN RISK OVERSIGHT

The identification of major business risks is carried out in conjunction with operational management and appropriate steps are taken to monitor and mitigate risks. The Signet Senior Vice President, Internal Audit & Enterprise Risk Management (SVPIA) co-ordinates the collection of risk management information and is responsible for assessing Signet s day to day risk management processes and internal control structure, ensuring such processes satisfy the applicable standards at both business function and corporate levels. The findings are reported to the Audit Committee.

The Risk Committee (the RC), which is chaired by the SVPIA has a written charter approved by the Board; its members include the Chief Executive Officer, Chief Financial Officer, the Signet Controller, Chief Legal, Risk & Corporate Affairs Officer, the Chief Strategy Officer, the Executive Vice President of Finance, UK Finance Director and the Senior Vice President, Finance. The RC meets at least four times a year and reviews Signet s risk management processes, the consolidated principal risks identified by the Company, emerging issues and new regulations. The SVPIA and the Chair of the Audit Committee meet periodically to discuss key matters arising from Signet s risk management process and as

appropriate, reports are made to the Board. Risk and control committees also have been established at both business function and corporate levels. The risk and control committees at the operational level are chaired by the Chief Operating Officer or the Managing Director for the UK business, respectively, and the risk and control committee at the corporate level is chaired by the Chief Financial Officer. The RC and each risk and control committee has a written charter and requires participation by the executive management teams. The SVPIA attends all business function and corporate risk and control committee meetings to provide a consistent approach and additional review.

In its role in providing oversight of risk management, the Board will: annually agree on the prioritized risks impacting the Company and the Board s associated responsibilities reviewing them on a quarterly basis; periodically invite business heads, to present to the Board their prioritized risks impacting the Company and strategies for risk mitigation; and review Signet s internal controls and risk governance framework and developments thereof. In addition, on a periodic basis, the Board reviews risk and internal audit updates provided by the Chair of the Audit Committee and on a quarterly basis, it reviews and discusses reports provided by the SVPIA, on functional risk management activity.

COMPENSATION POLICIES AND RISK TAKING

Policies and Risk Taking

The Compensation Committee has evaluated the Company s policies and practices of compensating its employees and has determined that they are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee has reached this conclusion based in part on a review conducted by its independent consultant that analyzed the Company s compensation policies and practices for all employees, including executive officers. The Compensation Committee noted several aspects of the compensation programs that reduce the likelihood of excessive risk-taking:

Compensation for the executive officers is a mix of fixed and variable awards, with share-based compensation that vests in accordance with both time and performance-based criteria;

Table of Contents

The executive officer annual incentive program is predominantly based on adjusted operating income, which the Committee believes is closely tied to the creation of long-term shareholder value. Performance targets for executive officers, which are reviewed and approved by the Compensation Committee, are set in advance and potential payouts are stress tested to ensure a reasonable sharing of value created between management and Shareholders. Financial performance is audited by Signet's external auditors before amounts are paid out under the annual incentive program;

The combination of annually granted restricted stock and performance restricted share units (performance RSUs) that vest over 3-year overlapping vesting periods. This approach addresses longer tail risks as participants remain exposed to the risks associated with their decisions through their ongoing unvested awards;

Awarding long-term incentives in the form of whole share awards (instead of options) drives long-term share value creation, rather than rewards share price volatility;

The Chief Executive Officer and other executive officers, including all named executive officers are subject to share ownership requirements;

The Company prohibits hedging of, and speculation in, Signet shares by employees or Directors;

The Company has a clawback policy that applies to all employees who receive incentive awards and to all short-and long-term incentives. Certain repayment obligations may be triggered if there is a material restatement of the financial statements. Similarly in the interest of fairness, should a restatement result in an under payment of incentive compensation, the Company will make up any difference; and

The Compensation Committee is comprised entirely of independent Directors and has engaged an independent consultant to review the risks associated with its compensation programs; it reviews the payouts under the annual incentive program, and it regularly benchmarks executive compensation against a carefully constructed and regularly reviewed peer group.

INTERNAL CONTROLS

The internal control system is designed to safeguard Shareholders' investments and Signet's assets, both tangible and intangible, including the reputation of Signet with its various stakeholders. Procedures are in place to ensure the maintenance of proper accounting records, the reliability of the financial information used within the business or for publication and the determination of disclosure obligations. These procedures also cover public disclosure on a timely basis of certain information to the investment markets. Signet's internal controls are designed to manage rather than wholly eliminate certain risks of failure to achieve business objectives and can provide only reasonable, not absolute, assurance against material misstatement or loss.

Signet's disclosure controls and procedures are designed to help ensure that processes and procedures for information management are in place at all levels of Signet and are designed to enable Signet to make timely, appropriate and accurate public disclosures. The disclosure controls and procedures aim to provide reasonable assurance that any information disclosed by Signet is recorded, processed, summarized and reported appropriately and on a consistent basis. The procedures are also designed to provide reasonable assurance that information is accumulated and communicated to management as appropriate to allow timely decisions to be made regarding required disclosure. Signet's Disclosure Control Committee has a written charter and consults with Signet's external advisers and auditor, as necessary. The activities and findings of the Disclosure Control Committee are reported to the Audit Committee and are subject to periodic internal audit review.

Key procedures designed to provide effective internal controls are:

Control environment control is exercised through an organizational structure with clearly defined levels of responsibility and authority together with appropriate reporting procedures, particularly with respect to financial information, capital expenditure, investment, granting of guarantees and the use of treasury products, as well as health, safety, environmental and customer service issues;

Reporting and information systems Signet has a comprehensive budgeting system with an annual budget and strategic plan approved by the Board. Reported monthly financial results and balance sheets include the corresponding figures for the budget or revised forecast and for the previous year. Any significant variances are examined by operating management and discussed with senior management, with action being taken as appropriate. The senior executives regularly report to the Board on the development of the business, the competitive environment and any material breaches of procedure. These mechanisms, are designed to continually monitor Signet's performance, identify risks in a timely manner, and evaluate the implications of the information;

Control procedures Signet maintains documented financial and operating controls as well as procedures appropriate to its own business environment and in conformity with Company guidelines. Signet has an internal audit function which primarily reviews the processes in the store operations but also reviews central service functions. The work of internal audit is monitored by senior executives, and/or Signet management, the RC and the Audit Committee. The SVPIA reports to the Audit Committee and Signet's Chief Legal, Risk & Corporate Affairs Officer; and

Reviews of effectiveness the Board, in addition to receiving summaries of the RC reports, annually reviews the effectiveness of the internal controls system on the basis of a report from, and the recommendation of, the Audit Committee. Signet's Disclosure Control Committee reports to the Audit Committee on a quarterly basis as to the effectiveness of the disclosure controls and procedures.

The compensation of the independent Directors is determined by the full Board on the basis of recommendations made by the Compensation Committee after consultation with the Chairman, the Chief Executive Officer and the Committee's independent compensation consultant. Such recommendations will be made after consideration of, among other factors, external comparisons, the time commitment and the responsibilities of the independent Directors.

The Compensation Committee met five times in Fiscal 2016.

The Compensation Committee has retained the services of an independent compensation consultant, Meridian Compensation Partners (Meridian). Meridian provides services to the Compensation Committee in connection with its review of executive and non-employee director compensation practices, including the competitiveness of executive and director pay levels, executive incentive design issues, market trends in executive and director compensation and technical considerations. Meridian's services to the Company are limited to advising the Compensation Committee on executive and director compensation; Meridian does no other work for the Company. The Compensation Committee reviews and evaluates the independence of its consultant each year and has the final authority to hire and terminate the consultant. In considering Meridian's independence, numerous factors were reviewed relating to Meridian and the individuals employed by Meridian who provided services to Signet, including those factors required to be considered pursuant to SEC and NYSE rules. Based on a review of these factors, the Compensation Committee has determined that Meridian is independent and that its engagement has not raised any conflict of interest.

This Compensation Discussion and Analysis (CDA) describes the objectives and the role of the Compensation Committee and discusses the philosophy upon which the Compensation Committee bases its decisions in its endeavors to meet these objectives. The CDA also describes the Company's executive compensation policies and the material elements of compensation awarded to, earned by, or paid to the named executive officers (each, sometimes referred to as an NEO).

EXECUTIVE SUMMARY

The Compensation Committee considers Signet's business results, among other factors, when evaluating the executive compensation program and incentive payouts. As a result of continued strong financial performance and successfully executing strategic business initiatives, Signet recognized another year of growth in Fiscal 2016. These results have delivered positive returns to shareholders over the last five years. Performance results are summarized on the following pages.

The Company's performance directly impacted compensation paid to the NEOs in Fiscal 2016. The Company's annual incentive plan paid above target (ranging from 122.1% to 200.0% based on strong operating profit and comparable store sales performance). In addition, the Integration Incentive Plan Window 2 awards granted in Fiscal 2015, comprised of performance-based restricted stock units vested at maximum or 200% based on Signet's achievement of operating income synergy goals and team goals. However, the performance-based restricted stock units, granted in Fiscal 2014 vested at 19% based upon the Company's cumulative adjusted operating income performance and return on capital employed for Fiscal 2014 through Fiscal 2016. More information with respect to these elements of our compensation program is provided on page 32.

COMPENSATION PHILOSOPHY

Signet's compensation program is designed to attract, incentivize and retain executive talent needed to achieve Signet's business objective of consistently outperforming the specialty retail jewelry market segment and delivering superior returns to shareholders.

We must employ, motivate and retain superior management to accomplish our corporate goals. Therefore, we target total compensation at approximately the median of a custom group of comparator companies. Those companies have been chosen to reflect various attributes similar to ours and also because they may attempt to attract our executives if compensation is not competitive. Executives are paid in a range around the median that is dependent upon, among other things, the executive's experience, internal equity considerations and proven ability to consistently deliver superior performance.

The total aggregate compensation at target performance for the named executive officers for Fiscal 2016 fell below the comparator company median as many of our NEOs are relatively new in their roles.

The principles underlying our executive compensation decisions are as follows:

1. The compensation program must align the interests of senior management with those of Shareholders. This is achieved by delivering a significant portion of total compensation for NEOs as incentives dependent on factors that should reflect long-term growth in shareholder value.
2. The only element of guaranteed pay is base salary. The percentage of at risk compensation increases in line with the responsibility and experience of each executive.
3. Elements of compensation that are at risk should reward annual and multi-year exceptional performance.
4. Compensation should include a retention component to encourage high performing executives to remain with the Company.
5. The compensation program should be constructed so that the NEOs understand and are motivated to achieve the performance required to receive various levels of payments.
6. The compensation program should encourage all executive officers to build a substantial holding of the Company's shares.

CONSIDERATION OF SAY ON PAY VOTE

The Compensation Committee considered the result of the 2015 non-binding shareholder vote regarding NEO compensation when evaluating the Company's Fiscal 2015 executive compensation program. In light of the fact that 98.5% of votes cast approved the NEO compensation described in the Company's Proxy Statement last year, the Compensation Committee continued to apply the same principles in determining the amounts and types of executive compensation for Fiscal 2016.

Table of Contents

TARGET NEO PAY MIX

The following charts illustrate the target total compensation mix for our current Chief Executive Officer and the average target compensation mix for our other current NEOs, but does not reflect actual compensation mix for Fiscal 2016, as discussed below. These charts illustrate that the Company aligns pay levels for its NEOs with the Company's performance. Approximately 84% of the CEO's target total compensation, and approximately 66% of the average target total compensation of our other NEOs, is based on performance and/or alignment with Shareholder interests over the short-term or long-term.

THE ROLE OF THE COMPENSATION COMMITTEE

The Compensation Committee's role is to set the compensation for Signet's NEOs to motivate them to achieve Signet's business objectives and ensure that they are fairly rewarded for their individual contributions to Signet's performance. In carrying out this role, the Compensation Committee considers the interests of Shareholders, the financial and commercial health of the business and pay and other conditions throughout Signet. The Compensation Committee also ensures that Signet's compensation remains competitive as discussed above.

THE ROLE OF COMPENSATION CONSULTANTS

The Compensation Committee regularly uses external independent advice. Meridian performs the following services on behalf of the Compensation Committee:

THE ROLE OF EXECUTIVES

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

Our Chief Executive Officer provides the Compensation Committee with a performance assessment for each of the other NEOs and makes recommendations for their target compensation levels, including salaries, target bonus levels, and equity awards. The Compensation Committee uses these assessments, along with other information, to determine final NEO compensation. Our Chief Financial Officer and Chief Human Resources Officer regularly attend Compensation Committee meetings at the request of the Committee, but are not present for the executive sessions or for any discussion of their own compensation.

COMPETITIVE BENCHMARKING ANALYSIS

When analyzing the market data provided by Meridian, the Compensation Committee focuses on a peer group of companies for benchmarking purposes where possible. The Compensation Committee annually reviews the composition of the peer group to assess its continued appropriateness. The Fiscal 2016 peer group had the following characteristics:

Retailers with international operations;

Retailers headquartered in North America and traded on a North American stock exchange;

Overall median sales approximated those of Signet's; and

Most peer companies have revenue that ranges from half to twice the Company's revenue.

The Fiscal 2016 group consisted of:

Abercrombie & Fitch Co., American Eagle Outfitters Inc., Coach Inc., Dick's Sporting Goods Inc., Foot Locker Inc., Hudson's Bay Company, L Brands Inc., Michael Kors Holdings Limited, Nordstrom Inc., PVH Corp., Ralph Lauren Corp., Tiffany & Co., Urban Outfitters Inc., V.F. Corporation, and Williams-Sonoma, Inc.

This peer group was the primary source of market data for the NEOs, with the exception of the Chief Human Resources Officer. A broader group of retail companies with revenues between \$4 and \$8 billion was used for the Chief Human Resources Officer to provide a more robust benchmark for the position. Neither the Compensation Committee nor management has any input into the companies included in this broader group of retail companies.

DETERMINING EXECUTIVE COMPENSATION

The Compensation Committee's objective is to deliver and maintain competitive executive compensation in accordance with its compensation principles.

The Compensation Committee believes that the greater the responsibility and direct influence over the Company's performance an executive officer has, the more his or her total compensation should be weighted toward incentive payments. The Compensation Committee considers the annual compensation benchmarking data described earlier, along with other factors such as an executive officer's level of experience, the Company's desire to retain the executive, the availability of replacement personnel, as well as the individual's responsibilities and actual performance when setting target compensation levels.

The Compensation Committee also reviews tally sheets covering all elements of compensation and contingent payments upon all termination events.

COMPENSATION OVERVIEW, OBJECTIVES AND KEY FEATURES

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

The Compensation Committee has established an executive compensation plan that contains the following key components:

Component	Objective	Key Features
Base salary	Provides a fixed level of pay that is not at risk and reflects individual experience and ongoing contribution and performance.	Designed to retain key executive officers by being competitive but is not considered to be the primary means of incentivizing or recognizing performance.
Annual bonus	Motivate and reward achievement of annual financial results against established annual goals of the Company.	Cash payments are dependent on the degree of achievement against annual performance targets. This element is payable just after the end of the fiscal year in which it was earned.
Long-term incentives (time-based restricted shares and performance-based restricted share units)	Align management with long-term Shareholder interests; retain executive officers; motivate and reward achievement of sustainable earnings growth and returns.	Time-based restricted share awards vest upon the continuance of service; performance-based restricted share units require achievement of Company financial goals over a three-year performance period and require continued service.

Table of Contents

The Compensation Committee has also implemented the Integration Incentive Plan in connection with the acquisition of Zale Corporation, which is discussed below under the heading *Integration Incentive Plan*.

An additional component of the compensation program is the benefits package, which includes a deferred compensation plan, retirement benefits and health and life insurance. The objective of the benefit package is to retain executive officers over the course of their careers.

ELEMENTS OF NAMED EXECUTIVE OFFICER COMPENSATION**(a) Base salary**

Each named executive officer receives a fixed level of base salary as compensation for services rendered

during the fiscal year. The Chief Executive Officer recommends base salaries for the NEOs, other than himself, which are subject to approval by the Compensation Committee. The Compensation Committee establishes the Chief Executive Officer's base salary. Base salaries are monitored to support the executive compensation program's objectives of attracting and retaining management.

For Fiscal 2016, the Compensation Committee made the following adjustments to the base salary level for several NEOs. These increases were made to more closely reflect market practice as well as recognize growth in the role and the increase in responsibilities.

Named Executive Officer	Fiscal 2016 Salary ⁽¹⁾	Fiscal 2015 Salary
Mark Light	\$ 1,100,000	\$ 1,050,000
Michele Santana	\$ 635,000	\$ 535,000
Edward Hrabak	\$ 659,200	\$ 640,000
George Murray	\$ 618,000	\$ 600,000
Steven Becker	\$ 500,000	\$ 500,000

⁽¹⁾ The actual salary received by each NEO during Fiscal 2016 is set forth in the Summary Compensation Table on page 38. The amounts reflected in the table above are slightly higher than actual salaries earned in Fiscal 2016 because they reflect only the portion of the salary increase from April 1, 2015, the date of the increase, and through to the end of Fiscal 2016.

(b) Annual bonus

Annual bonus performance targets and actual bonuses paid in light of Signet's performance are reviewed and approved by the Compensation Committee each year. The Compensation Committee reviews and approves any changes to target bonus levels recommended by the Chief Executive Officer for the NEOs other than himself. The Compensation Committee reviews and approves the Chief Executive Officer's bonus target.

In determining the performance target at the start of each year, the Compensation Committee considers relevant market data, including the relative positioning of the Company's performance in its sector, as well as its current business plans. There is a maximum bonus payout level set each year on such awards, which is twice the target level. The Committee also sets a threshold performance level, below which no payments are made.

This incentive program focuses management on achieving each year's performance objectives. The annual bonus is based on a pre-determined formula either on a divisional basis or Company-wide basis, depending upon the named executive officer's particular responsibilities. The Company's performance formula measures each division's performance and consolidated company targets. The annual incentives for Mr. Light, Ms. Santana and Mr. Becker were based upon Company performance, while the annual incentive for Mr. Hrabak was based 50% on the performance of the Sterling Jewelers Division and 50% on Company-wide goals. The annual incentive for Mr. Murray was based 50% on performance of the Zale Division and 50% on Company-wide goals.

30 [Notice of Annual General Meeting of Shareholders and 2016 Proxy Statement](#)

Table of Contents**Annual Bonus Fiscal 2016**

In setting the performance criteria for Fiscal 2016, the Compensation Committee agreed the annual bonus (STIP) would be based on operating income (80% weighting) and comparable store sales (20% weighting), adjusted for the impact of purchase accounting and transactions and integration related expenses associated with the Zale acquisition held at constant currency, to focus on revenue growth and driving profit. In measuring Fiscal 2016 performance achievement, the Compensation Committee exercised negative discretion to reduce the attainment level for other operational and non-recurring items that were not anticipated when targets were set, which resulted in a reduction to operating income used to measure STIP achievement. These adjustments primarily related to severance paid in lieu of annual bonuses and immaterial accounting alignment changes.

The bonus targets and potential maximum bonus as a percentage of base salary as of the end of Fiscal 2016 were set as follows:

Executive	Position	Target Bonus as a percentage of Base Salary ⁽¹⁾	Maximum Bonus as a percentage of Base Salary
Mark Light	Chief Executive Officer	150%	300%
Michele Santana	Chief Financial Officer	75%	150%
Edward Hrabak	Chief Operating Officer	75%	150%
George Murray	Chief Merchandising & Marketing Officer	75%	150%
Steven Becker	Chief Human Resources Officer	75%	150%

⁽¹⁾ These bonus targets are the same as Fiscal 2015, with the exception of Mark Light s, whose bonus target was increased from 125% to reflect growth in his role as CEO.

At threshold performance levels, nothing is paid to executives. Performance must exceed threshold goals to earn any bonus payout, which is paid on a linear basis from zero to 100% of the target bonus. Performance in excess of the target up to the maximum results in a bonus paid on a linear basis from 100% to 200% of the target bonus.

Performance targets for each measure were set at the beginning of the performance period and were

weighted 80% on Adjusted STIP Operating Income and 20% on Comparable Store Sales based on consolidated Signet-wide targets and, for some NEOs, also on specific division targets, depending on the NEOs responsibilities. The threshold (the level at which bonus will start to accrue), target, maximum and actual numbers for Fiscal 2016 were as follows:

	Adjusted STIP Operating Income			Actual Achieved
	Threshold	Target	Max	
Sterling Jewelers Division Criteria	\$ 620,300,000	\$ 672,000,000	\$ 724,000,000	\$ 711,600,000
Zale Division Criteria ⁽¹⁾	78,200,000	83,200,000	91,500,000	84,600,000
Signet Jewelers Criteria	\$ 691,100,000	\$ 766,800,000	\$ 850,700,000	\$ 799,000,000

Zale division criteria and actual amounts achieved are expressed as the summation of local currency amounts to exclude impact of foreign exchange rate fluctuations.

Sterling Jewelers Division Criteria	3.0%	4.0%	5.0%	3.7%

After reviewing the actual performance achieved against the criteria set at the beginning of Fiscal 2016, the Committee approved the performance noted above

as part of the Fiscal 2016 year-end process resulting in the actual bonus payments as shown below:

Executive	Total Percentage of Target	
	Total Bonus Earned for Fiscal 2016	Bonus Achieved for Fiscal 2016
Mark Light	\$ 2,170,084	133%
Michele Santana	\$ 612,752	133%

(c) Long-Term Incentive Plans

The Compensation Committee believes that long-term share based incentives are appropriate and necessary to properly focus the executive officers on long term results and align their interests with those of Shareholders.

Long-Term Incentive Grants in Fiscal 2016

Long-term incentive compensation granted in Fiscal 2016 was split equally between time-based restricted share grants and performance-based restricted share units granted under the Signet Jewelers Limited Omnibus Incentive Plan (the Omnibus Plan).

Generally long-term incentive grants are made at the same time as the annual compensation reviews. The value delivered through long-term incentives is determined holistically in the context of total compensation levels. This process, as described above, considers benchmarking data, retention needs, level of responsibility, and individual performance. The number of long term time-based restricted shares and performance-based restricted share units granted to NEOs in Fiscal 2016 was based upon an award methodology using a share price calculated by averaging the closing price of a Common Share on the NYSE for the 20 trading days commencing on March 27, 2015, the day after the Fiscal 2015 results announcement. The grant date was April 27, 2015. The number of time-based restricted shares and performance-based restricted share units granted to executive officers in Fiscal 2016 using this award methodology are set forth in the Grants of Plan-Based Awards table and are discussed in more detail below.

Performance-Based Restricted Share Units

The Committee determined the restricted share unit performance targets for Fiscal 2016 grants would cover

a three-year performance period and that the award should have an 80% weighting on cumulative adjusted operating income and a 20% weighting on return on capital employed (ROCE). ROCE is a non-GAAP measure calculated as being the adjusted annual operating income divided by the single point, year-end capital employed balance, using a constant currencies exchange rate, per the Company s consolidated balance sheet. These measures were chosen because the Compensation Committee believes that the appropriate combination of growth and return drive long-term shareholder value. NEOs can earn between 0% and 200% of their share award depending on performance results over the three-year period, subject to continued service with the Company during such period.

For grants made in Fiscal 2016, the level of achievement for adjusted operating income between approximately 92% and 105% of three-year cumulative performance target (Fiscal 2016 to Fiscal 2018) will determine the amount vesting for this portion of the award. The Committee

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

believes the target requires stretch performance since it requires compounded annual growth in excess of 20% at target and 23% at maximum. The performance target and actual performance as measured against the target will be disclosed at the end of the three-year performance period.

The second goal for the Fiscal 2016 grant is achievement of target ROCE over the performance period of 24.1%, with a minimum threshold of 22.2% and maximum of 25.3%.

Time-Based Restricted Shares

The time-based restricted share grants for Fiscal 2016 cliff vest at the end of the three-year period based on continued service with the Company.

Table of Contents

Beginning in Fiscal 2013, time-based restricted stock awards have been granted under an award pool formula established by the Compensation Committee based on Company performance in the prior fiscal year. This award pool formula is intended to comply with the qualified performance-based compensation requirements under section 162(m) of the Internal

Revenue Code. For time-based restricted stock awards granted in Fiscal 2016, the pool was based on attaining an adjusted operating income performance hurdle for Fiscal 2015. The actual share awards granted from the pool were determined using the process described above under Long-Term Incentive Grants in Fiscal 2016 .

Determinations Related to Vesting of Previously Granted Performance-Based Long-Term Awards

In March 2016, the Committee concluded that the pre-determined conditions relating to the performance-based long-term incentive awards (LTIP) made in Fiscal 2014 covering the performance period of Fiscal 2014 through Fiscal 2016 had vested slightly above threshold level. With a weighting of 80% on adjusted operating income and 20% on ROCE, both metrics held at constant currency, the shares vested at 19.16% of target. In measuring performance achievement of the Fiscal 2014 LTIP the Compensation Committee exercised negative discretion to reduce the attainment level for other operational and non-recurring items that were not anticipated when targets were set, which resulted in a reduction to operating income used to measure LTIP achievement. These adjustments primarily related to severance paid in lieu of annual bonuses and immaterial accounting alignment changes.

	3-Year Cumulative Threshold	3-Year Cumulative Target	3-Year Cumulative Maximum
Adjusted LTIP Operating Income	\$ 1,928m	\$ 2,004m	\$ 2,080m

	3-Year Cumulative Actual	Share Award Vesting
Adjusted LTIP Operating Income	\$ 1,946m	23.9%

	Threshold	Target	Maximum
Adjusted Return on Capital Employed	25.0%	26.0%	27.0%

	Actual	Share Award Vesting
Adjusted Return on Capital Employed	24.9%	0%

(d) Integration Incentive Plan

The Compensation Committee approved the Integration Incentive Plan (the IIP) after the completion of the Zale transaction in Fiscal 2015. The purpose of the IIP was to align and support the integration of Zale and Signet, retain and motivate executives critical to the integration, and importantly to drive the early realization of a portion of initially estimated synergies. Each of the NEOs was involved in the integration of the

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

two companies and participated in the IIP, along with several other executive officers and employees. The IIP for the NEOs measured both financial and operational performance. The achievement of adjusted quantitative operating income synergy goals was weighted 80% and the achievement

of functional Integration Team objectives was weighted 20%. The synergy goals, as well as the functional Integration Team objectives, were established shortly after the Zale transaction closed and were therefore based upon an initial estimate of synergy.

The IIP covered two separate performance periods. The first integration performance period (Window 1) began in May 2014 and ended on the last day of Fiscal 2015. Achievement levels for Window 1 were reported in the Proxy Statement for Fiscal Year 2015.

The second performance period (Window 2) aligned with Fiscal 2016 integration performance. Window 2 awards comprised of performance-based restricted stock units that vested only if certain performance

Table of Contents

conditions were met and the employee remained employed through to the end of Window 2 (unless there had been a change of control in Fiscal 2016). The threshold (the level at which payments start to accrue), target and maximum operating income synergies for

Window 2 were set based upon the achievement of 20% of the three-year gross synergy target of between \$150m and \$175m in operating income contribution by the end of Fiscal 2016, which target has since been revised upwards.

Upon review of actual performance achieved for Window 2 against the criteria that was set, the Compensation Committee determined that the operating income synergy and Integration Team goals were achieved at maximum levels. Below are further details of this vesting:

	Operating Income Synergies			Actual Achievement
	Threshold	Target	Max	
Window 2 Goals	\$ 19m gross	\$ 39m gross	\$ 58m gross	\$ 60m net ⁽¹⁾

⁽¹⁾ The performance targets for the Window 2 goals of the IIP were set in terms of *gross* Operating Income Synergies. Actual achievement has been reflected here in terms of *net* synergies in line with the guidance we provided to the market and is further explained in the text below.

The gross synergy target was significantly exceeded. It was even exceeded when measuring synergies on a net basis (as reflected above). The net achievement of synergies reflects operating income growth after taking into account re-investment in the business. Additionally, the \$60 million net synergies far exceeded the market guidance range of \$30 to \$35 million net synergies for fiscal 2016.

The expanded and accumulated level of contribution from the extensive pipeline of initiatives now identified has led to the recent increase in the published guidance on the net synergy target to an expected range of \$225 million-\$250 million from the previously expected range of \$150 million-\$175 million as measured cumulatively over the three-year period from February 1, 2015 to January 31, 2018. This increased range includes a material acceleration and expansion of synergies over the next two years.

As a result of these significant achievements the Committee exercised its discretion and approved a special payment of \$50,000 to each of the NEOs as well as other members of senior management. This payment is reflected in the Bonus Column of the Summary Compensation Table on page 38.

(e) Retirement & Deferred Compensation

The Company provides retirement and deferred compensation benefits to named executive officers and employees, both as a retention mechanism and as a

means to provide a degree of financial security post retirement.

In the US, there are two defined contribution savings vehicles. The primary retirement vehicle is the company sponsored Sterling Jewelers Inc. 401(k) Retirement Savings Plan (the 401(k) Plan), which is a qualified plan under Federal guidelines.

Currently the Company matches 50% of an employee s elective salary deferral up to a maximum of 6% of the employee s eligible compensation in order to be market competitive. The annual elective salary deferral for each employee is subject to certain maximum statutory limitations.

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

Under Federal guidelines, the 401(k) Plan contributions by senior management may be reduced based on the participation levels of lower paid employees. Therefore, a supplemental plan, the Deferred Compensation Plan (the "DCP"), an unfunded, non-qualified plan under Federal guidelines, was established for senior management to assist with pre-tax retirement savings in addition to the 401(k) Plan. The Company provides a discretionary 50% matching contribution under the DCP for each participant's annual deferral, up to 10% of the participant's annual eligible compensation. Although the DCP also permits additional employer discretionary contributions, the Company did not make any additional discretionary contribution in Fiscal 2016.

Table of Contents

Messrs. Light, Hrabak, Murray, Becker and Ms. Santana have benefits provided via the 401(k) Plan and the DCP.

(f) Health & Welfare

NEOs participate in various health and welfare programs, as well as life insurance and long-term disability plans, which are generally available to other executive officers of the Company.

(g) Perquisites

The Company does not provide perquisites to our executives other than the benefits described above, as well as relocation benefits where applicable. However, in limited circumstances, where it is appropriate that spouses attend business related functions, Signet reimburses NEOs for the travel expenses of spouses. The Company does not provide any tax gross-up payments for any perquisites other than for relocation benefits where applicable.

(h) Employment Agreements

During Fiscal 2015 the Company entered into termination protection agreements with each of our named executive officers. The termination protection agreements include similar terms and conditions as those that were included in the prior employment agreements of each of our named executive officers. The termination protection agreements in effect may all be terminated upon at least 360 days advance written notice for a termination by the Company without cause or resignation by a named executive officer without good reason (each as defined in the termination protection agreements). The principal terms of the termination protection agreements with the NEOs are set forth under "Employment Agreements" below on page 43.

(i) Termination for Cause and Violation of Non-Compete and Non-Solicitation Covenants

Share options outstanding under the Company's previous employee incentive plans may not be exercised after a termination for cause. Performance-based restricted share units and time-based restricted shares will not vest if termination for cause occurs before the conclusion of the three-year performance or vesting period. All NEOs employment agreements contain a non-competition covenant that has between a 12-month post-employment term, as well as a non-solicitation covenant that has between a 12-month and

2-year post-employment term. In addition, the performance-based restricted stock units granted pursuant to the IIP include non-competition and non-solicitation covenants, each with a 12-month post-employment term. Violation of the non-competes covenants will result in potential litigation and the Company's ability to seek injunctive relief and damages. For more information concerning the NEO employment agreements, see "Employment Agreements" below beginning on page 43.

(j) Limitation under Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally denies a federal income tax deduction to the Company for compensation in excess of \$1 million per year paid to the principal executive officer and the next three most highly compensated officers (other than the principal financial officer). This denial of deduction is subject to an exception for "qualified performance-based compensation". Although the Compensation Committee has designed the executive compensation program with tax considerations in mind, the Compensation Committee retains the flexibility to authorize compensation that may not be deductible if the Committee believes doing so is in the best interests of the Company.

(k) Clawback Policy

Recognizing that the SEC has yet to finalize regulations on clawback policies as mandated by the Dodd-Frank Act, the Compensation Committee considered it to be appropriate to adopt a clawback policy in the interim. The policy provides that in the event of a material restatement of the Company's financial results, the Compensation Committee will recalculate incentive compensation based on the restated results. In the event of an overpayment, the Company may seek to recover the difference. Similarly in the interest of fairness, should a restatement result in an under payment of incentive compensation, the Company will make up any difference.

(l) Share Ownership Policy

Edgar Filing: SIGNET JEWELERS LTD - Form DEF 14A

It is the Company's policy that Signet's executive officers build a holding of Common Shares. The guidelines for these holdings were recently increased for NEOs below the CEO and are currently set as follows:

Five times annual base salary Signet Chief Executive Officer

[Notice of Annual General Meeting of Shareholders and 2016 Proxy Statement](#) 35

Table of Contents

Three times annual base salary Signet Chief Financial Officer, Signet Chief Merchandising & Marketing Officer, Signet Chief Operating Officer; and

Two times annual base salary other executive officers.

All executives are expected to build their holding within five years from a specified date. All executives are required to hold 50% of net after-tax shares received upon vesting or payout until these requirements are met. Once achieved at any given share price, the requirement is considered to have been met notwithstanding any subsequent change in share price. Once achieved, the holding is to be maintained while the individual remains an officer of the Company.

Currently, all NEOs are in compliance with the Share Ownership Policy. All NEOs as well as the other executive officers have, subject to the Company's Code of Transactions in Securities, committed to use a portion of their Fiscal 2016 annual cash bonus to acquire shares in the Company.

(m) Anti-Hedging and Pledging Policies

It is the Company's policy to prohibit hedging or monetization transactions that would allow an officer, director or employee who is a security holder to engage in transactions that would separate the risks and rewards of ownership of Company securities from actual ownership of those securities. In addition, the Company prohibits any pledging of Company stock by any officer, director or employee of the Company.
