**Item 3. Source and Amount of Funds or Other Consideration**

On July 7, 2015, the Issuer completed its initial public offering (the **IPO**) of 5,000,000 Common Units at a price to the public of \$15.00 per Common Unit (\$14.10 per Common Unit, net of the underwriting discount) pursuant to a Registration Statement on Form S-1, as amended (File No. 333-203165), initially filed by the Issuer with the U.S. Securities and Exchange Commission (the **Commission**) on April 1, 2015 (the **Registration Statement**) pursuant to the Securities Act of 1933, as amended (the **Securities Act**).

Concurrently with the completion of the IPO, the Issuer completed a private placement (the **Private Placement**) of 5,000,000 Common Units at a price of \$15.00 per Common Unit (for an aggregate offering price of \$75.0 million) pursuant to a Common Unit Purchase Agreement, dated June 25, 2015 (the **Original Private Placement Purchase Agreement** and, as amended by the Amendment to the Common Unit Purchase Agreement, dated June 30, 2015 (the **Private Placement Amendment**), the **Private Placement Purchase Agreement**), with certain funds (each a **Private Placement Purchaser** and, collectively, the **Private Placement Purchasers**) managed by Greenlight Capital, Inc. and/or its affiliates (**Greenlight Capital**). The Private Placement Amendment amended the Original Private Placement Purchase Agreement by adding three additional funds managed by Greenlight Capital that were Purchasers under the Private Placement Purchase Agreement. The material terms of the Private Placement are described in the Registration Statement. The Common Units were issued to the Private Placement Purchasers in the Private Placement pursuant to the Private Placement Purchase Agreement in a transaction exempt from registration under Section 4(a)(2) of the Securities Act.

Prior to the IPO and the Private Placement, the Reporting Person owned 100% of the limited partner interests of the Issuer. On July 7, 2015, in connection with the closing of the IPO and Private Placement, the Issuer entered into a Contribution, Conveyance and Assumption Agreement (the **IPO Contribution Agreement**) with the Reporting Person, the General Partner and CNX Operating LLC (the **Operating Company**). The Operating Company wholly owns CNX Thermal Holdings LLC (**CNX Thermal**), which owned a 20% undivided interest in and to the Pennsylvania Mine Complex. Immediately prior to the closing of the IPO, the Reporting Person contributed to the Issuer all of its interest in the Operating Company in exchange for 861,067 Common Units and 11,611,067 Subordinated Units and the right to receive (i) any remaining Common Units not purchased by the underwriters pursuant to their option at the expiration of the option period, (ii) a cash distribution of approximately \$66.0 million from the net proceeds of the IPO, (iii) a cash distribution of approximately \$68.0 million from the proceeds of the Private Placement and (iv) a cash distribution of approximately \$197.0 million from the Issuer's net borrowings under the Issuer's revolving credit facility. Additionally, the General Partner received a continuation of its 2% general partner interest and all of the incentive distribution rights of the Issuer. These transactions, among others, were made in a series of steps outlined in the IPO Contribution Agreement, which is an exhibit to the Registration Statement. On July 31, 2015, upon the expiration of the underwriters' option period described above, the Issuer issued to the Reporting Person an additional 188,933 Common Units that were not purchased by the underwriters.

On September 30, 2016, the Issuer and CNX Thermal entered into a Contribution Agreement (the **First Drop Down Contribution Agreement**) with the Reporting Person, Consol Pennsylvania Coal Company LLC (**CPCC**) and Conrhein Coal Company (**Conrhein** and together with CPCC, the **First Drop Down Contributing Parties**), under which CNX Thermal acquired an undivided 6.25% of the Contributing Parties' right, title and interest in and to the Pennsylvania Mine Complex (which represents an aggregate 5% undivided interest in and to the Pennsylvania Mine Complex) (the **First Drop Down**), in exchange for (i) cash consideration in the amount of \$21.5 million and (ii) the Issuer's issuance of 3,956,496 Class A Preferred Units representing limited partner interests in the Issuer at an issue price of \$17.01 per Class A Preferred Unit (the **Class A Preferred Unit Issue Price**), or an aggregate \$67.3 million in equity consideration, to the Reporting Person. The Class A Preferred Unit Issue Price was calculated as the volume-weighted average trading price of the Issuer's Common Units over the trailing 15-day trading period ending on September 29, 2016 (or \$14.79), plus a 15% premium. Following the First Drop Down and including interests it held previously thereto, CNX Thermal holds an aggregate 25% undivided interest in and to the Pennsylvania Mine Complex.

Concurrently with the completion of the First Drop Down, the General Partner adopted the Partnership Agreement to, among other things, authorize and establish the terms of the Class A Preferred Units. Pursuant to the Partnership Agreement, the Class A Preferred Units will rank senior to the Common Units with respect to the payment of distributions and distribution of assets upon liquidation, dissolution and winding up. The Class A Preferred Units have no stated maturity and are not subject to any sinking fund and will remain outstanding indefinitely unless converted into Common Units at the election of either the holder of the Class A Preferred Units or the Issuer, in each case after certain requirements have been met.

Holders of the Class A Preferred Units will receive, on a cumulative basis and if and when declared by the General Partner, a quarterly distribution, payable in cash or in additional Class A Preferred Units, subject to certain adjustments, equal to an annual rate of 11% on the Class A Preferred Unit Issue Price. If the Issuer fails to pay in full any Class A Preferred Unit distribution (a Class A Preferred Unit Payment Default ), then the amount of such Class A Preferred Unit arrearage will be increased at an annual rate of 11.0%, compounded quarterly, from the first day of the quarter immediately following the quarter in respect of which such Class A Preferred Unit distribution was to be paid until the Class A Preferred Unit cumulative arrearage has been paid in full.

Class A Preferred Units are convertible, at the election of the holder thereof, into Common Units on a one-for-one basis (i) at any time after September 30, 2017 (the first anniversary of the First Drop Down), (ii) with respect to any dissolution or liquidation of the Issuer pursuant to the Partnership Agreement occurring prior to September 30, 2017, as of the business day immediately prior to the effective date of such dissolution or liquidation and (iii) with respect to a Class A Preferred Unit Change of Control (as defined below), as of the business day immediately prior to the record date or effective date, as applicable, of such Class A Preferred Unit Change of Control.

Class A Preferred Unit Change of Control means the occurrence of any of the following events: (i) the Reporting Person has ceased to directly or indirectly own at least 50% of the voting securities of the General Partner, measured by voting power rather than number of units (other than in connection with a qualified initial public offering of the General Partner); (ii) the Common Units are no longer listed or admitted to trading on the New York Stock Exchange or another national securities exchange; (iii) the sale, lease, transfer, conveyance or other disposition (including by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of the Issuer and its subsidiaries taken as a whole to any person individually or two or more persons acting as a partnership, limited partnership, syndicate or other group for the purpose of acquiring, holding or disposing of securities of the issuer; (iv) the General Partner withdraws or is removed by the limited partners pursuant to the Partnership Agreement; (v) the dissolution or liquidation of the Partnership or the General Partner (other than in connection with a bankruptcy proceeding or statutory winding up), (vi) any transaction pursuant to which the General Partner or any of its affiliates exercises its rights to purchase all of the Common Units pursuant to the Partnership Agreement and (vii) any transaction or event that constitutes a change of control under any of the Partnership's Funded Indebtedness (as defined below) in excess of \$20 million in the aggregate for such indebtedness that permits or causes the acceleration of such indebtedness or the termination of any commitment to lend. Funded Indebtedness means all indebtedness for borrowed money that by its terms or by the terms of any instrument or agreement relating thereto matures, or which is otherwise payable or unpaid, one year or more from, or is directly or indirectly renewable or extendible at the option of the obligor in respect thereof to a date one year or more (including, without limitation, an option of such obligor under a revolving credit or similar agreement obligating the lender or lenders to extend credit over a period of one year or more) from, the date of the creation thereof.

All, but not less than all, of the outstanding Class A Preferred Units are convertible, at the election of the Issuer, into Common Units on a one-for-one basis, on or after September 30, 2019 (the third anniversary of the closing of the First Drop Down); provided, that (i) no Class A Preferred Unit Payment Default has occurred and is continuing; (ii) the volume-weighted average trading price of the Common Units on the national securities exchange on which the Common Units are then listed, quoted or admitted to trading over the 15-day trading period ending on the trading day immediately prior to the date of the Class A Preferred Unit conversion notice is equal to or greater than 140% of the Class A Preferred Unit Issue Price; and (iii) the average daily trading volume of the Common Units on the national securities exchange on which the Common Units are then listed, quoted or admitted to trading is at least 35,000 Common Units (subject to customary anti-dilution adjustments) with respect to any 20 trading days within the 30-trading day period ending on the trading day immediately prior to the date of the Class A Preferred Unit conversion notice.

The Reporting Person, as holder of the Class A Preferred Units, has such voting rights pursuant to the Partnership Agreement as if all the Class A Preferred Units outstanding on the relevant record date were converted, on a

one-for-one basis, into Common Units and will vote together with the holders of Common Units as a single class on an as if converted on the relevant record date basis. Holders of Class A Preferred Units will be entitled to vote as a separate class on any matter that adversely affects the rights, privileges or preferences of the Class A Preferred Units in any material respect or as required by applicable law or regulation.

The summaries contained herein of the Partnership Agreement, IPO Contribution Agreement, Original Private Placement Purchase Agreement, Private Placement Amendment, First Drop Down Contribution Agreement and

Registration Rights Agreement do not purport to be complete and are qualified in their entirety by reference to the full text of such documents, which are included as Exhibits A through F, respectively, to this Schedule 13D and are incorporated herein by reference.

**Item 4. Purpose of Transaction**

The Reporting Person acquired the Common Units, Subordinated Units and Class A Preferred Units reported herein for investment purposes, and the Reporting Person intends to review its investments in the Issuer on a continuing basis. Any actions the Reporting Person might undertake will be dependent upon the Reporting Person's review of numerous factors, including, but not limited to: an ongoing evaluation of the Issuer's business, financial condition, operations and prospects; price levels of the Issuer's securities; general market, industry and economic conditions; the relative attractiveness of alternative business and investment opportunities; and other future developments.

The Reporting Person may, at any time and from time to time, acquire additional securities of the Issuer, or retain or sell all or a portion of the securities then held, in the open market or in privately negotiated transactions.

In addition, the Reporting Person owns the Issuer's General Partner and appoints the General Partner's board of directors and may engage in discussions with management, the board of directors, and unitholders of the Issuer and other relevant parties or encourage such persons to consider or explore extraordinary corporate transactions, such as: a merger; sales or acquisitions of assets or businesses; changes to the capitalization or distribution policy of the Issuer; or other material changes to the Issuer's business or legal structure.

(a) The Subordinated Units owned of record by the Reporting Person are convertible into Common Units on a one-for-one basis upon the termination of the subordination period as set forth in the Partnership Agreement. The General Partner may grant restricted units, phantom units, distribution equivalent rights, unit options, unit appreciation rights, unit awards, profits interest units and other unit-based awards to officers, directors and employees of the General Partner and its affiliates pursuant to the CNX Coal Resources LP 2015 Long-Term Incentive Plan (the "LTIP"). The Class A Preferred Units owned of record by the Reporting Person are convertible into Common Units at the election of the Reporting Person, and upon certain events by the Issuer, each on a one-for-one basis upon the satisfaction certain requirements as set forth in the Partnership Agreement. The General Partner may elect to pay the quarterly distribution on the Class A Preferred Units in additional Class A Preferred Units.

(b) None.

(c) None.

(d) The General Partner has sole responsibility for conducting the Issuer's business and managing its operations and is ultimately controlled by the Reporting Person. Some of the Reporting Person's executive officers and directors also serve as executive officers or directors of the General Partner. Neither the General Partner nor its board of directors will be elected by the Issuer's unitholders. The Reporting Person has the ability to elect all the members of the board of directors of the General Partner and may change the board composition from time to time in its discretion.

(e) Subject to the restrictions contained in the Partnership Agreement, the Reporting Person, as the direct owner of the General Partner of the Issuer, exercises control over the amount of distributions declared by the Issuer and may cause the Issuer to change its capitalization, through the issuance of debt or equity securities, from time to time in the future. The Reporting Person has no current intention of changing the present capitalization or distribution policy of the Issuer.

**Item 5. Interest in Securities of the Issuer**

- (a) After giving effect to the IPO and the First Drop Down, the Reporting Person owns 1,050,000 Common Units, representing 9.04% of the outstanding Common Units of the Issuer (without giving effect to the conversion of any of the Subordinated Units or Class Preferred Units), 11,611,067 Subordinated Units, representing 100% of the Subordinated Units of the Issuer, and 3,956,496 Class A Preferred Units, representing 100% of the Class A Preferred Units of the Issuer.
